What You Need To Know About Franchising *Generally*

Continuing responsibility to pay fees. You may have to pay royalties and other fees even if you are losing money.

Business model can change. The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

Supplier restrictions. You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

Operating restrictions. The franchise agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

Competition from franchisor. Even if the franchise agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

Renewal. Your franchise agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

When your franchise ends. The franchise agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

Some States Require Registration

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends the franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use the agency information in Exhibit A.

Your state also may have laws that require special disclosures or amendments be made to your franchise agreement. If so, you should check the State Specific Addenda. See the Table of Contents for the location of the State Specific Addenda.

Special Risks to Consider About *This Franchise*

Certain states require that the following risk(s) be highlighted:

1. **Out-of-State Dispute Resolution.** The franchise agreement requires you to resolve disputes with the franchisor by arbitration or litigation only in Nevada. Out-of-state arbitration or litigation may force you to accept a less favorable settlement for disputes. It may also cost more to arbitrate or litigate with the franchisor in Nevada than in your own state.
2. **Mandatory Minimum Payments.** You must make minimum royalty or advertising fund payments, regardless of your sales levels. Your inability to make the payments may result in termination of your franchise and loss of your investment.

Certain states may require other risks to be highlighted. Check the “State Specific Addenda” (if any) to see whether your state requires other risks to be highlighted.

**(THE FOLLOWING APPLIES TO TRANSACTIONS GOVERNED BY
THE MICHIGAN FRANCHISE INVESTMENT LAW ONLY)**

The state of Michigan prohibits certain unfair provisions that are sometimes in franchise documents. If any of the following provisions are in these franchise documents, the provisions are void and cannot be enforced against you.

Each of the following provisions is void and unenforceable if contained in any documents relating to a franchise:

- (a) A prohibition on the right of a franchisee to join an association of franchisees.
- (b) A requirement that a franchisee assent to a release, assignment, novation, waiver, or estoppel which deprives a franchisee of rights and protection provided in this act. This shall not preclude a franchisee, after entering into a franchise agreement, from settling any and all claims.
- (c) A provision that permits a franchisor to terminate a franchise prior to the expiration of its term except for good cause. Good cause shall include the failure of the franchisee to comply with any lawful provision of the franchise agreement and to cure such failure after being given written notice thereof and a reasonable opportunity, which in no event need be more than 30 days, to cure such failure.
- (d) A provision that permits a franchisor to refuse to renew a franchise without fairly compensating the franchisee by repurchase or other means for the fair market value at the time of expiration of the franchisee's inventory, supplies, equipment, fixtures, and furnishings. Personalized materials which have no value to the franchisor and inventory, supplies, equipment, fixtures, and furnishings not reasonably required in the conduct of the franchise business are not subject to compensation. This subsection applies only if: (i) the term of the franchise is less than 5 years and (ii) the franchisee is prohibited by the franchise or other agreement from continuing to conduct substantially the same business under another trademark, service mark, trade name, logotype, advertising, or other commercial symbol in the same area subsequent to the expiration of the franchise or the franchisee does not receive at least 6 months advance notice of franchisor's intent not to renew the franchise.
- (e) A provision that permits the franchisor to refuse to renew a franchise on terms generally available to other franchisees of the same class or type under similar circumstances. This section does not require a renewal provision.
- (f) A provision requiring that arbitration or litigation be conducted outside this state. This shall not preclude the franchisee from entering into an agreement, at the time of arbitration, to conduct arbitration at a location outside this state.
- (g) A provision which permits a franchisor to refuse to permit a transfer of ownership of a franchise, except for good cause. This subdivision does not prevent a franchisor from exercising a right of first refusal to purchase the franchise. Good cause shall include, but is not limited to:

- (i) The failure of the proposed transferee to meet the franchisor's then-current reasonable qualifications or standards.
- (ii) The fact that the proposed transferee is a competitor of the franchisor or sub-franchisor.
- (iii) The unwillingness of the proposed transferee to agree in writing to comply with all lawful obligations.
- (iv) The failure of the franchisee or proposed transferee to pay any sums owing to the franchisor or to cure any default in the franchise agreement existing at the time of the proposed transfer.

(h) A provision that requires the franchisee to resell to the franchisor items that are not uniquely identified with the franchisor. This subdivision does not prohibit a provision that grants to a franchisor a right of first refusal to purchase the assets of a franchise on the same terms and conditions as a bona fide third party willing and able to purchase those assets, nor does this subdivision prohibit a provision that grants the franchisor the right to acquire the assets of a franchise for the market or appraised value of such assets if the franchisee has breached the lawful provisions of the franchise agreement and has failed to cure the breach in the manner provided in subdivision (c).

(i) A provision which permits the franchisor to directly or indirectly convey, assign, or otherwise transfer its obligations to fulfill contractual obligations to the franchisee unless provision has been made for providing the required contractual services.

If the franchisor's most recent financial statements are unaudited and show a net worth of less than \$100,000, the franchisee may request the franchisor to arrange for the escrow of initial investment and other funds paid by the franchisee until the obligations, if any, of the franchisor to provide real estate, improvements, equipment, inventory, training or other items included in the franchise offering are fulfilled. At the option of the franchisor, a surety bond may be provided in place of escrow.

The fact that there is a notice of this offering on file with the attorney general does not constitute approval, recommendation, or endorsement by the attorney general.

Item 1

THE FRANCHISOR AND ANY PARENTS, PREDECESSORS, AND AFFILIATES

In this disclosure document, “we”, “us,” or “our” refers to Signal Health Group Franchise, Inc. (but not to our officers, directors, agents, employees, affiliates, parents, or subsidiaries). “You” means the person to whom we grant a franchise. If you are a corporation, limited liability company, or other entity, each owner of the franchise entity must sign our Guaranty and Non-Compete Agreement, which means that all of the franchise agreement’s provisions also will apply to your owners.

Us, Any Parents, and Certain Affiliates

Our name is Signal Health Group Franchise, Inc. Our principal business address is 3753 Howard Hughes Parkway, Suite 200, Las Vegas, Nevada 89169. We do not have any parent entities. We do not have any affiliates that offer franchises in any line of business or provide products or services to our franchisees.

Our Predecessors

Our predecessor, Signal Health Group Franchise, LLC was formed on May 16, 2018 and offered franchises for sale from that date until September 30, 2019. Signal Health Group Franchise, LLC no longer offers franchises in this or any other line of business.

Our Business Name

We use the names “Signal Health Group Franchise, Inc.” and “Signal Health Group”. We do not intend to use any other names to conduct business.

Agent for Service of Process

Our agent for service of process in Nevada is Hahn March, at 3753 Howard Hughes Parkway #200, Las Vegas, Nevada 89183. Our agents for service of process in other states are disclosed in Exhibit A.

Business Organization

We are a Nevada corporation. We were formed on October 8, 2019.

Information About Our Business and the Franchises Offered

We do not operate businesses of the type being franchised.

We do not have any other business activities. We have not offered franchises in other lines of business.

As a Signal Health Group franchisee, you will operate one of four home-based medical or non-medical service-based businesses, including medical/hospice, medical/home health, non-medical/wellness and mental health, and non-medical/personal support and personal care services.

The services are often offered to aging and/or disabled clients. Some of our franchisees may offer supplemental healthcare staffing services to institutional clients, such as hospitals, retirement facilities, and clinics.

We developed methods for providing nonmedical, personal care and companionship services, and wellness and mental health services (collectively “Non-Medical Services”) to clients. These are broken down into two separate businesses, those that provide wellness and mental health services (“Wellness Services”) and those provide personal care and companionship services including providing personal support (activities of daily living) and companionship to your clients (“Personal Care Services”).

Wellness Services include mental health services, fitness and exercise courses and training, and nutrition services (including meal-ready food preparation). Wellness may be provided in studio, virtually through an app or online, or in a customer’s home.

Personal Care Services are designed to foster client independence and may include meal preparation, light homemaking, transportation, bathing, dressing, toileting, medication management, grocery shopping, errands, and dementia care. Personal Care Services are generally provided to persons with special needs as a result of physical or mental handicap, sickness, and/or old age.

We have also developed methods of providing medical care services (“Medical Services, and collectively with Non-Medical Services referred to as “Care Services”) to clients who have special needs as a result of physical or mental handicap, sickness, and/or old age.

We also developed ways for franchisees to provide Care Services to institutional clients. Together, these methods form a critical part of the Signal Health Group franchise system (the “System”).

Under each franchise agreement, you will provide either Non-Medical Services or Medical Services; you will not provide both.

In addition, if you provide Medical Services, you will either provide hospice services or home health services, depending on your particular license; however, you will not provide both. And, if you provide Non-Medical Services, you will either provide Wellness Services or Personal Care Services; however, you will not provide both. Your particular services will be indicated in your franchise agreement.

Whether a Non-Medical Services Franchised Business or a Medical Services Franchised Business (each of which is a “Franchised Business”), prior to opening, you must operate as a business entity, (e.g., a corporation, limited liability company or partnership). The entity you form may not engage in any other business activities other than the Signal Health Group Franchised Business without our prior written consent.

If we provide you with any confidential information prior to executing a franchise agreement (for example, in connection with a discovery day or upon your request), we reserve the

right to require you to execute a Confidentiality and Noncompete Agreement (attached as Exhibit L to this disclosure document) prior to receiving such confidential information.

Non-Medical Services Franchised Business

As a franchisee who provides Non-Medical Services, you will be required to provide either Wellness Services or Personal Care Services. You can begin operating your Franchised Business once you have completed training and qualify and conform to all non-medical licensing requirements and regulations in your state. It is your responsibility to obtain any required non-medical licenses to operate your Franchised Business.

Each homecare client will have a record of care as required by Signal Health Group record management standards and state regulations. Each homecare client will have a customized care plan designed after their needs have been assessed and matched with a qualified pre-screened caregiver who is compatible with their needs.

You will be providing non-medical services to your clients and therefore will not be permitted to directly bill Medicare for Services.

Medical Services Franchised Business

As a franchisee who provides Medical Services, you will provide medical services to your clients, either as hospice services or as home health services, depending on your license. Medical Services are services offered by physicians, registered nurses, occupational therapists, and certified nursing assistants. Medical Services may also include some bathing and dressing services provided by licensed home health aides but only if prescribed by a physician or registered nurse and only if such bathing and dressing services are being offered in connection with training the client to be able to provide to those services to himself or herself after the training period. Medical Services generally are not offered to clients for more than 60 consecutive days; however, this period can be renewed by the appropriate provider.

You can begin operating your Franchised Business once you have completed training and qualify and conform to all medical licensing requirements and regulations in your state. It is your responsibility to obtain any required medical licenses to operate your Franchised Business.

Multi-Unit Development Agreement

If you sign a Multi-Unit Development Agreement (attached as Exhibit D to this disclosure document), you will develop multiple Signal Health Group outlets, on an agreed-upon schedule. Along with the Multi-Unit Development Agreement, you would sign the Franchise Agreement (attached as Exhibit B to this disclosure document) for your first unit outlet. For each future unit franchise, we will require you to sign our then-current form of franchise agreement, which may be different from the form of franchise agreement included in this disclosure document.

The general market for the services your franchise is well developed and continues to evolve. Changes in local and national economic conditions and population density may affect your business. We are unable to predict if these conditions will have an impact on us, our industry, or

you, specifically. Our services are not limited to any particular group and we do not anticipate the business to be dependent on seasonal changes. You will generally face competition from homecare agencies and/or medical providers which range from independent companies to national corporations, including those operated by healthcare systems and other franchised systems. You may encounter competition from other Signal Health Group franchisees or company-owned businesses. Sales are not seasonal.

Laws and Regulations

You must comply with all local, state, and federal laws that apply to your Franchised Business, including those pertaining to the healthcare industry, sanitation, insurance, data privacy, EEOC, OSHA, non-discrimination, employment, and sexual harassment, as applicable. Certain services rendered by your Franchised Business may be governed by the federal Health Insurance Portability and Accountability Act (commonly referred to as “HIPAA”) and you and your employees must comply with it. You must obtain and maintain any employment related permits, licenses, certifications or other approvals necessary for the operation of the Franchised Business, including employment agency licenses.

Licensing

Most states and localities have licensing requirements for medical service providers as well as for non-medical entities that provide non-medical homecare or mental health services, and employment agencies. You must identify all applicable licensing requirements in the location where you plan to operate the Franchised Business, and you must determine whether you meet all applicable licensing requirements necessary to lawfully operate the Franchised Business. You are required to obtain and maintain all applicable licenses, permits, registrations, and certifications. There may be conditions for licensure. For example, certain jurisdictions may mandate that your principal owner, administrator or alternate administrator have a minimum level of education, hold a certain license, or have related work experience; certain jurisdictions may require payment of a fee; in some jurisdictions, you may also be required to obtain a certificate of need prior to applying for licensure and have a full-time registered nurse on staff, even if you are only providing Non-Medical Services (if you will be providing Medical Services, you should have personal licensed to provide such Medical Services).

If you offer Wellness Services and chose to provide meal-ready food preparation, there may be food labelling requirements, and you may need to obtain additional licenses or certificates related to the food preparation portions of your business. For example, the U.S. Food and Drug Administration, the U.S. Department of Agriculture, and various state and local health departments administer and enforce laws and regulations that govern food preparation and service, waste disposal, and sanitary conditions. State and local agencies inspect food preparation facilities for compliance with these requirements. Certain provisions of these laws impose limits on emissions resulting from commercial food preparation.

You are responsible for determining all licensing requirements for the territory under consideration prior to execution of the franchise agreement and you must comply with all applicable licensing requirements. Signal Health Group will support you in determining state

licensing requirements to the best of our ability, but this remains your responsibility and we do not assume any liability.

In addition to the licensing requirements applicable to you, the staff of the Franchised Business may need to be licensed, registered and/or certified to perform certain services (“professional licensing”). Many states impose screening requirements for the hiring of health care workers, have regulations concerning employee and client health and safety, and have specific record-keeping requirements (“health care industry requirements”). You are responsible for determining and complying with all applicable professional licensing requirements and health care industry requirements, including, but not limited to, background checks, tuberculosis testing, drug testing and finger printing. Some jurisdictions may also require a certificate of need. We may require you to obtain a particular permit or license if we deem it necessary or advantageous. Failure to obtain and maintain a required license or certificate may result in fines from the issuing authority of said licenses and/or certificates and may result in termination of your franchise agreement.

Federal and State Laws to Prevent Fraud and Abuse

There are federal anti-kickback and practitioner self-referral laws with which you must comply. In addition, some states also have enacted state-specific anti-kickback laws that prohibit payment for referrals and other similar arrangements (“state anti-kickback laws”), and/or state-specific laws prohibiting practitioner self-referrals (“state practitioner self-referral laws”). You must comply with all applicable state and federal anti-kickback and practitioner self-referral laws.

Some states may also have laws that prohibit licensed professionals and/or licensed/certified professional business entities from splitting fees with non-licensed individuals or entities (“fee-splitting” prohibition). You are responsible for investigating and complying with all state-specific requirements regarding fee-splitting.

There are also federal and state laws that prohibit presenting, or causing to be presented, false or fraudulent claims for payment for certain health care items and services. You must comply with all applicable state and federal laws that pertain to billing and reimbursement for health care items and services, including without limitation false claims act requirements.

Corporate Structure, Corporate Name, and Office

Some states may require home health agencies to be organized using a particular type of business entity structure or may require your entity to enter into “management agreements” covering the providers of services. You are responsible for investigating and complying with all state-specific requirements regarding which business entities may provide home health services.

You must make an assumed name filing to legally use the name Signal Health Group. Some jurisdictions restrict the use of the word “nurse” in a corporate name or assumed name. You must investigate whether such a restriction is applicable to you and whether you will, upon becoming properly licensed, permitted, registered, or certified, be able to use the name Signal Health Group.

You will need to have an office to operate your business. In some jurisdictions, you may be able to operate from a residential setting (however, we require you to have an office if you have a Medical Services Franchised Business); however, in others, you may be required to obtain commercial or professional space. You must verify that local zoning laws permit the Franchised Business to be run from your location. In any setting, you must ensure that you are HIPAA compliant, and there may be signage requirements applicable to your Franchised Business.

HIPAA and Health Information Privacy Laws

You must comply with the applicable HIPAA provisions as amended from time to time, including all regulations implementing HIPAA. Many states have also implemented state-specific laws protecting the privacy and confidentiality of various types of health information. You must identify and comply with all applicable state health information privacy laws.

Additional Laws Applicable to Medical Services Franchised Business

If you operate a Medical Services Franchised Business, there may be additional laws, rules, or regulations applicable to your business.

You must provide skilled Medical Services performed by licensed staff, including—as applicable—registered nurses (“RNs”), licensed practical nurses (“LPNs/LVNs”), physical therapists (“PTs”), physical therapy assistants (“PTAs”), occupational therapists (“OTs”), certified occupational therapy assistants (“COTAs”), speech therapists (“STs”), medical social workers (“MSWs”), home health aides (“HHAs”), and certified nursing assistants (“CNAs”). All services provided must follow written orders and a plan of care signed by a physician or other approved medical provider.

The Centers for Medicare & Medicaid Services (“CMS”) has additional requirements that you must meet, including:

- You must receive an approved CMS 855A enrollment or certification, as well as other potential additional certification, licensure, and accreditation requirements.
- You will need to have a full-time administrator and a full-time or part time clinical manager. Under CMS conditions of participation, there are certain education, experience, and licensing requirements for an individual to be approved as an administrator or clinical manager, and we require that you have an administrator or clinical manager that is an RN.
- You must meet enrollment and capitalization requirements and provide skilled home health services to a minimum of number of patients.
- You must meet additional information collection and transmission requirements.

Health Law Compliance Generally

We do not provide assistance in determining which specific state laws apply to your Franchised Business and you are solely responsible for investigating, understanding, and complying with the laws, regulations, and requirements applicable to you and your Franchised Business.

We highly recommend that you consult with local counsel, experienced in the above areas of the law, and with one of our preferred suppliers of state homecare licensing services, before becoming a franchise partner. You should also consult with counsel during the term of the franchise agreement because these laws and regulations may change.

Other Laws and Regulations

You are also subject to employment laws such as the Fair Labor Standards Act and various state laws governing such matters as minimum wages, overtime, and working conditions. You will also be subject to other laws or regulations that are not specific to the industry, but applicable to businesses generally, including labor laws, insurance requirements, business licensing laws and tax regulations, and the Americans with Disabilities Act.

You alone are responsible for investigating and complying with all applicable laws and regulations. You should consult with a legal advisor about legal requirements that may apply to your Franchised Business, including any permits and licenses necessary to operate in your market.

For a Medical Services franchise agreement, you pay us \$69,500 as the initial franchise fee for a Base Territory.

The Initial Franchise Fee is payable on execution of the franchise agreement.

If (1) you fail to complete the initial training program to our satisfaction, (2) we conclude, no more than 10 days after you complete the initial training program, that you do not have the ability to satisfactorily operate your franchise, or (3) you are unable to open your business because you cannot obtain any licenses required to open the business (despite your best reasonable efforts to obtain such licenses), then we have the right to terminate your franchise agreement. If we do so, we will refund your franchise fee less any out-of-pocket costs we have incurred, subject to your signing a general release of our liability. Otherwise, the franchise fee is not refundable. In addition, if you or your affiliate signs a Multi-Unit Development Agreement, as defined below, in no event will any portion of your initial franchise fees be refundable.

Over the past fiscal year, the range of initial franchise fees we charged was \$29,500.

License Assistance Fee

If you want us to assist you with your license, we charge a license assistance fee (“License Assistance Fee”) which covers our assistance in working with preferred suppliers for state homecare licensing services that assist you in obtaining a license applicable for your business. Our current fee is \$2,500 for a Non-Medical Services Franchised Business and \$4,500 for a Medical Services Franchised Business. In addition, you will reimburse us for any state fees or other third-party fees or costs we incur in connection with this assistance.

If you request our license assistance, one License Assistance Fee is payable upon execution of the franchise agreement. As with the initial franchise fee, if (1) you fail to complete the initial training program to our satisfaction, or (2) we conclude, no more than 10 days after you complete the initial training program, that you do not have the ability to satisfactorily operate your franchise, then we have the right to terminate your franchise agreement. If we do so, we will refund your license assistance fee less any out-of-pocket costs we have incurred, subject to your signing a general release of our liability. Otherwise, the license assistance fee is not refundable.

Except as otherwise provided in this Item, the initial fees are uniform to all franchisees in the System.

Multi-Unit Development

If you and we agree that you will develop multiple franchises (whether that be a Medical Services or Non-Medical Services franchise, within the same geographical territory then you will sign our Multi-Unit Development Agreement (“MUDA”) in the form of Exhibit D to this disclosure document. Your franchise fees will be reduced as follows:

- If you agree to enter into a Non-Medical Personal Care Services agreement and a Medical Home Health Services agreement, the total initial franchise fees would be \$80,000 for a Base Territory.
- If you agree to enter into a Non-Medical Personal Care Services agreement, a Medical Home Health Services agreement, and a Medical Hospice Services agreement, the total initial franchise fees would be \$120,000 for a Base Territory.

Under either scenario, every franchise agreement would still require a separate License Assistance Fee.

All fees under a MUDA are non-refundable.

Notes

1. "Gross Sales" is defined in our franchise agreement as the total dollar amount of all sales generated through your business for a given period, including, but not limited to, payment for any services or products sold by you, whether for cash or credit. Gross Sales does not include (i) bona fide refunds to customers, (ii) sales taxes collected, or (iii) sales of prepaid cards, vouchers,

or similar products (but the redemption of any such card, voucher, or product will be included in Gross Sales).

2. You must report your gross sales to us each month. If you fail to report your gross sales, we will withdraw estimated royalty fees and Brand Development Fund contributions based on 125% of the most recent gross sales you reported in addition to charging non-compliance and other applicable fees). We will true-up the actual fees after you report gross sales.

3. We currently require you to pay royalty fees and other amounts due to us by pre-authorized bank draft. However, we can require an alternative payment method. If we permit you to pay by credit card or any other method which causes us to incur a processing fee, you will be responsible for the amount of the processing fee.

4. We require you to use certain software as described in Item 11. The current fees range from \$250 to \$750 per month for a Non-Medical Services Franchised Business, and between \$750 and \$2,000 per month for a Medical Services Franchised Business. Currently, you pay subscription fees directly to the software supplier, and not to us. We provide improved remote technology support for systems, such as phone, domain and email addresses, reducing the requirements for external technology support. The monthly fee amount, which is paid to a third party, varies depending on how many patients you provide services to. We may require you to pay technology fees to us.

5. Any fee expressed as a fixed dollar amount is subject to adjustment based on changes to the Consumer Price Index ("CPI") in the United States. We may periodically review and increase these fees based on changes to the CPI (in addition to any other increase), but only if the increase to the CPI is more than 5% higher than the corresponding CPI in effect on: (a) the effective date of your Franchise Agreement (for the initial fee adjustments); or (b) the date we implemented the last fee adjustment (for subsequent fee adjustments). We will notify you of any CPI adjustment at least 60 days before the fee adjustment becomes effective. We will implement no more than one CPI-related fee adjustment during any calendar year.

Notes

1. Your lease security deposit and utility deposits will usually be refundable unless you owe money to the landlord or utility provider. None of the other expenditures in this table will be refundable, except that the initial franchise fee and license assistance fee are refundable, less any out-of-pocket costs we have incurred, if (1) you fail to complete the initial training program to our satisfaction, (2) we conclude, no more than 10 days after you complete the initial training program, that you do not have the ability to satisfactorily operate your franchise, or (3) you are unable to open your business because you cannot obtain any licenses required to open the business (despite your best reasonable efforts to obtain such licenses), and we terminate your franchise agreement. Neither we nor any affiliate finances any part of your initial investment.

2. The low estimate assumes that you are purchasing a Non-Medical Franchised Business with a Base Territory. The high estimate assumes that you are purchasing a Non-Medical Franchised Business with a Base Territory.

3. This line does not include any state fees or other third-party fees or expenses we incur, for which you must reimburse us. The low estimate (zero) assumes that you do not request our license assistance services. Our estimate of those fees and expenses are covered by Note 10, below.

4. If you have a Non-Medical Services Franchised Business and if permitted by State regulations and local zoning rules and ordinances, you can operate the Non-Medical Franchised Business from your home. Some states may not allow you to operate the Franchised Business in a home office. You may operate the Franchised Business from a small, rented space of approximately 500 square feet. If you must lease a space, your lease costs can vary based on variance in square footage, cost per square foot and required maintenance costs. It is difficult to estimate lease acquisition costs because of the wide variation in these costs between various locations.

5. The low-end estimate assumes that you will be the office manager. The high-end estimate covers 3 months' worth of salary and benefits for this person, if not you.

6. The low-end estimate assume that you already have the hardware that is needed for your business. See Item 11 for more details.

7. See Item 8 for more information. The price of insurance coverage has varied widely in recent years, but we estimate the annual premium cost to be between a low of approximately \$1,800 and a high of approximately \$2,800 annually for commercial general liability insurance,

workers compensation and crime coverage insurance. Employer's liability insurance is extra and you should obtain prices from your state agencies or your insurance agent or broker for these. Factors that may affect your cost of insurance include the size and location of the Franchised Business, value of the leasehold improvements, equipment, number of employees and other factors. We require you to use our approved insurance brokers and those insurance companies we designate. Worker's compensation insurance and crime insurance will vary per state and the amount of your payroll. The amounts represented are estimates for the initial 3 months of operation and are expected to increase with the growth of the Franchised Business.

8. Requirements to obtain bonds in connection with a home health care business vary by state. If your state requires bonding, the amounts represented are estimates of what you will spend on state bonds during the initial 3 months of operation. The low estimate (zero) assumes your state does not require bonding.

9. If you will be using an automobile for business purposes or to assist your clients, you may be required to have a vehicle. We may require you to wrap the vehicle with the Signal Health Group brand after you have been in business for more than 6 months. The estimated cost to wrap the vehicle is \$2,500 to \$5,000. Your vehicle must meet the specifications in our manuals, which includes that the vehicle be no older than 5 years at the time the vehicle is wrapped. You may use a vehicle that you already own provided that it meets our specifications. If you are using your own vehicle, your vehicle acquisition cost may be zero. If you lease the vehicle, your vehicle acquisition cost may be as high as indicated in the chart. The amounts you pay for a vehicle are typically non-refundable. Lease terms are provided, on approved credit terms, directly by the vehicle dealer or leasing company. If you will not be using an automobile for business purposes, or to assist your clients, your costs will be zero.

10. In addition to the license assistance fee that you will pay to us if you request our license assistance services, if necessary, you will acquire a Home Health Agency licensure or other licenses necessary to operate your business and to provide the full scope of services that you are required to provide. State rules vary on the required licenses. Licensing fees are paid with the submission of an application or upon renewal and are non-refundable. Licenses must be renewed annually. State and local government agencies typically charge fees for operating licenses, registration, and certification. Your actual costs may vary from the estimates based on the requirements of state and local government agencies. Any fees paid to us are non-refundable. You should inquire about the cancellation and refund policy of the agencies at or before the time of payment.

11. See Item 8 for more details.

12. We recommend that you employ a lawyer or accountant to review this document. If you choose not to do so, your estimated costs will be zero.

12. You are required to have working capital in the form of cash or other liquid assets to begin operations which should be approximately \$7,000 to \$20,000 for a Non-Medical Services Franchised Business (of these figures, at least 75% should consist of cash with no more than 25% being other liquid assets) for operating expenses, including initial salaries. We estimate the start-

up phase to be 3 months from the date you open your business. This is our best estimate of the working capital necessary to open your business and includes money required to pay suppliers and employees, which may include the hiring of a full or part-time sales employee, in the event that you are doing less than the minimum number of sales calls per week. In formulating the amount required for additional funds, we relied on the following factors, basis, and experience: the development of Signal Health Group businesses by our affiliate, development of Signal Health Group businesses by our franchisees, and our general knowledge of the industry

5. Medical Services Franchised Businesses must have an administrator and clinical manager. The low-end estimate assumes that you personally satisfy the requirements. The high-end estimate covers 3 months' worth of salary and benefits for this person.

6. The low-end estimate assume that you already have the hardware that is needed for your business. See Item 11 for more details.

7. See Item 8 for more information. 11. If you have a Medical Services Franchised Business you will be required to purchase medical equipment and supplies. See Item 8 for more details.

12. Some states require that you obtain accreditation prior to licensure. This may extend the amount of time it takes you to open the Franchised Business. If your state does not require accreditation, your costs will be zero.

13. We recommend that you employ a lawyer or accountant to review this document. If you choose not to do so, your estimated costs will be zero.

14. Once you begin looking for your 6 - 8 non-billable patients to admit, CHAP requires a 90-day window for the Medicare survey to take place. You should be prepared to provide care for as long as 90 days. All patients need to be diagnosed by a Medical Doctor. By the time the survey takes place, you are allowed to have as many as 6-8 patients discharged. The estimated cost for providing care is \$3,000 - \$4,000 Per Patient

15. If you have a Medical Services Franchised Business, in some locations you may be required to maintain an initial capital reserve for some amount of time. You are required to have working capital in the form of cash or other liquid assets to begin operations which should be approximately \$50,000 to \$100,000 for a Medical Services Franchised Business (of these figures, at least 75% should consist of cash with no more than 25% being other liquid assets) for operating expenses, including initial salaries. We estimate the start-up phase to be 3 months from the date you open your business. Your initial may be reduced for the second and each additional franchise if you commit to opening a Non-Medical Personal Care Services Franchised Business and one or two Medical Services Franchised Businesses. You will pay all initial franchise fees upon signing the MUDA. The low-end estimate assumes that you will open two Non-Medical Personal Care Services Franchised Business in the same Base Territory. Generally

We have the right to require you to purchase or lease all goods, services, supplies, fixtures, equipment, inventory, computer hardware and software, real estate, or comparable items related to establishing or operating your business (1) either from us or our designee, or from suppliers approved by us, or (2) according to our specifications. If we make changes to these specifications, we will notify you in writing (which may be electronic) and such modifications will be based on our reasonable judgment.

Specific Obligations

The following are our current specific obligations for purchases and leases:

A. Real Estate. Your business location is subject to our approval and must meet our specifications. If you have a Medical Services Franchised Business, you must have office space; however, otherwise, you may start your Franchised Business from your home, subject to applicable laws. If you choose to secure or are required to secure office space, you will need sufficient space to operate computer and telephone equipment and maintain records. We estimate that you will need a minimum of 500 square feet.

B. Insurance. You must obtain insurance as described in the Franchise Agreement and in our Brand Standards Manual, which includes:

General Liability Insurance Minimums	
Professional Liability (per occurrence)	\$1,000,000
Professional Liability (aggregate)	\$3,000,000
Commercial General Liability (per occurrence)	\$1,000,000
Commercial General Liability (aggregated)	\$3,000,000
Cyber Liability	\$250,000
Sexual Misconduct and Physical Abuse	\$1,000,000
Tenant Legal Liability (if applicable)	\$50,000
Employee Benefits Liability	\$1,000,000
Owned and non-owned Auto Liability	\$2,000,000
Medical Expenses	\$5,000
Worker's Compensation	Coverage A – Statutory Workers Compensation Coverage B – Employers Liability Limit Bodily Injury \$100,000 Each
Business Interruption	
Additional Insured for Mortgagees, Lenders, clients (when applicable or required)	Include in General Liability
Crime (employee theft with first- and third-party coverage)	\$50,000 \$2,500 max deductible
State Bonds (if applicable)	Per State, City and/or County

Your policies (other than Workers Compensation) must list us and our affiliates as an additional insured, must include a waiver of subrogation in favor of us and our affiliates, must be primary and non-contributing with any insurance carried by us or our affiliates, and must stipulate that we receive 30 days' prior written notice of cancellation.

C. Point-of-sale software and hardware, and related software and hardware. You must purchase (or lease) the point-of-sale software and hardware, and related software and hardware, that we specify. See Item 11 for more details.

D. Licensing Services. If you pay us a Licensing Assistance Fee, we will provide you with the licensing assistance services covered by the fee (see Item 5 for more details). This is a fee for us to work with our preferred suppliers for state homecare licensing services.

E. Scheduling software. You must use the scheduling software that we designate.

F. Accounting Software. You must use the accounting software that we designate unless you obtain our approval for another software service.

G. Medical Equipment and Supplies. If you have a Medical Services Franchised Business, you must purchase the medical equipment and supplies as we direct in our Manual or otherwise. This equipment includes health monitoring equipment (like blood pressure cuffs, thermometers, stethoscopes, and pulse oximeters), personal protective equipment (including

gloves, surgical masks, N95 masks, face shields, eye goggles, gowns, and foot covers), infection control supplies (including hand sanitizer, alcohol swabs, wipes), and an appropriate visit supply bag. Other routine disposable items should be available such as medical tape, gauze pads, saline, lab collection tubes, urine specimen containers, sharps containers, syringes, Coban, IV start kits, catheters and catheter insertion kits, irrigation trays, and other customary supplies. The corporate practice of medical doctrine restricts layperson-franchisees from determining the medical equipment and supplies to be used in the operation of the franchised business.

H. Advertising and Marketing. Except as otherwise provided in the Brand Standards Manual and advertising or marketing materials that we furnish to you, you must submit all advertising and marketing materials to us for our written approval before use. You must ensure that all advertising or marketing materials that you use are clear, factual, ethical, and not misleading; comply with our brand standards; and comply with all laws. We can establish and control all digital marketing.

Us or our Affiliates as Supplier

Neither we nor any affiliate is currently a supplier of any good or service that you must purchase (except for the services covered by the licensing assistance fee), although we can be a supplier (or the sole supplier) of a good or service in the future.

Ownership of Suppliers

None of our officers owns an interest in any supplier to our franchisees.

Alternative Suppliers

If you want to use a supplier that is not on our list of approved suppliers, you must request our approval in writing. We have the sole discretion to approve or reject an alternative supplier. We may condition our approval on criteria we deem appropriate, such as evaluations of the supplier's capacity, quality, financial stability, reputation, and reliability; inspections; product testing, and performance reviews. Our criteria for approving suppliers are not available to you. We permit you to contract with alternative suppliers who meet our criteria only if you request our approval in writing, and we grant approval. There is no fee for us to review or approve an alternate supplier. We will provide you with written notification of the approval or disapproval of any supplier you propose within 30 days after receipt of your request. We may grant approvals of new suppliers or revoke past approvals of suppliers on written notice to you, or by updating our Manual.

Issuing Specifications and Standards

We issue specifications and standards to you for applicable aspects of the franchise in our Manual and/or in written directives. We may issue new specifications and standards for any aspect of our brand system, or modify existing specifications and standards, at any time by revising our Manual and/or issuing new written directives (which may be communicated to you by any method we choose). We will generally (but are not obligated to) issue new or revised specifications only after evaluation of the intended changes.

We may also conduct market research and testing in one or more outlets to determine consumer trends and salability of new products, materials and services. You must cooperate by participating in our market research programs, test marketing new products and services, and providing timely reports and other relevant information regarding marketing research. In connection with such test marketing, you may be required to purchase a reasonable quantity of products to be tested and effectively promote and make a reasonable effort to sell such products, materials and services.

We may establish strategic alliances or preferred vendor programs with suppliers that are willing to supply some products or services to some or all franchises in our franchise system. If we do establish those types of alliances or programs, we may limit the number of approved suppliers with whom you may deal, we may designate sources that you must use for some or all products and services, and we may refuse to approve proposals from franchisees to add new suppliers if we believe that refusal would be in the best interests of the franchise system or the network of franchises.

Revenue to Us and Our Affiliates

We currently do not derive revenue from the required purchases and leases by franchisees. However, the franchise agreement does not prohibit us from doing so.

Proportion of Required Purchases and Leases

We estimate that the required purchases and leases to establish your Franchised Business are 40% to 60% of your total purchases and leases to establish your Franchised Business.

We estimate that the required purchases and leases of goods and services to operate your Franchised Business are 25% to 45% of your total purchases and leases of goods and services to operate your Franchised Business.

Payments by Designated Suppliers to Us

We do not currently receive payments from any designated suppliers based on purchases by you or other franchisees. However, the franchise agreement does not prohibit us from doing so. We have the right to earn a profit from any product we supply or from designated suppliers. We are not required to give you an accounting of any payments we receive from designated suppliers, nor are we required to share any benefits of supplier payments with you or with any other franchisee.

Purchasing or Distribution Cooperatives

No purchasing or distribution cooperative currently exists.

Negotiated Arrangements

We have negotiated lead discount prices with caring.com for our franchisees. Franchisees are not required to utilize those services. However, if they do, we are currently offering to

reimburse new franchisees on a matching basis for up to 10 leads per month for the first 6 months of their operations if franchisees do opt to purchase these leads from caring.com.

Other than this, we do not negotiate purchase arrangements with suppliers, including price terms, for the benefit of franchisees. However, we may do so in the future.

Benefits Provided to You for Purchases

Other than as set forth in this item, we do not provide any material benefit to you based on your purchase of particular goods or services, or your use of particular suppliers.

Item 11 FRANCHISOR'S ASSISTANCE, ADVERTISING, COMPUTER SYSTEMS, AND TRAINING

Except as listed below, we are not required to provide you with any assistance.

Our Pre-Opening Obligations

Before you open your business:

A. *Your site.* We are not obligated to further assist you in locating a site or negotiating the purchase or lease of the site.

- (i) We generally do not own your premises and lease it to you.
- (ii) We do not select your site (although we reserve the right to approve your location if you have a Medical Services Franchised Business or if you have a Non-Medical Services Franchised Business and you move the location to a site other than the primary residence of the Principal Executive). If we have the right to approve your

location, you must find a potential site and submit your site to us for approval, together with all information and documents about the site that we request.

- (iii) If you must obtain our permission for your site, we will provide our approval or disapproval within 60 days of you providing us with all information we request. The factors we consider in approving sites are general location and neighborhood, competition, trade area demographics, traffic patterns, parking, size, physical characteristics of existing buildings, and lease terms. If we do not approve of a site and you are not able to open the business by the required opening date, then we can terminate the franchise agreement.
- (iv) We are not obligated to assist you in conforming the premises of your site to local ordinances and building codes and obtaining any required permits. This will be your responsibility.

B. *Hiring and training employees.* All hiring decisions and conditions of employment are your sole responsibility. (Section 7.5)

C. *Necessary equipment, signs, fixtures, opening inventory, and supplies.* We will provide you a list of our specifications and approved suppliers for equipment, signs, fixtures, opening inventory, and supplies necessary to open your Franchised Business. (Section 5.2) We do not provide these items directly; we only provide the names of approved suppliers. We do not deliver or install these items.

D. *Brand Standards Manual.* We will give you access to our Brand Standards Manual in such format as we deem appropriate. (Section 5.1).

E. *Initial Training Program.* We will conduct our initial training program. (Section 5.2). The current initial training program is described below.

F. *Business plan review.* If you request, we will review your pre-opening business plan and financial projections. (Section 5.2)

G. *Market introduction plan.* We will advise you regarding the planning and execution of your market introduction plan. (Section 5.2)

H. *On-site opening support.* We will have a representative provide on-site support for at least 2-3 days in connection with your business opening, at our expense. (Section 5.2).

I. *Licensing Assistance.* If you pay us a Licensing Assistance Fee, we will provide you with licensing assistance services (Section 5.2).

Length of Time to Open

The typical length of time between signing the franchise agreement and the opening of your Franchised Business is 3 to 12 months, but it may take significantly longer in some states due to the length of time it takes to obtain licensure; you should investigate the length of time required for licensure in your state before signing the franchise agreement. Factors affecting the length of

time between signing and operating include your ability to obtain a lease, develop your location, obtain permits, and licenses, and hire employees. Other factors include how quickly you become accredited (where applicable) and acquire the certificates or licenses required to operate the Franchised Business. If your state allows you to begin operations without a license, or the time it takes to obtain a license is short, you may begin operations sooner than others who are required to wait to obtain state licenses.

Our Post-Opening Obligations

After you open your business:

A. *Developing products or services you will offer to your customers.* Although it is our intent to refine and develop products or services that you will offer to your customers, the franchise agreement does not obligate us to do so.

B. *Hiring and training employees.* All hiring decisions and conditions of employment are your sole responsibility. (Section 7.5)

C. *Improving and developing your business; resolving operating problems you encounter.* If you request, we will provide advice to you (by telephone or electronic communication) regarding improving and developing your Franchised Business, and resolving operating problems you encounter, to the extent we deem reasonable. If we provide in-person support in response to your request, we may charge a fee (currently \$600 per day) plus any out-of-pocket expenses (such as travel, lodging, and meals for our employees providing onsite support). (Section 5.3)

D. *Establishing prices.* Upon your request, we will provide recommended prices for products and services. (Section 5.3). For national accounts (including accounts which we expect to be served by multiple franchisees), we reserve the right to set pricing. Otherwise, you retain the discretion to determine prices you charge.

E. *Establishing and using administrative, bookkeeping, accounting, and inventory control procedures.* To the extent we determine, we will provide you our recommended procedures for administration, bookkeeping, accounting, and inventory control (Section 5.3). We may make any such procedures part of required (and not merely recommended) procedures for our system.

F. *Brand Development Fund.* We will administer the Brand Development Fund once it is established (Section 5.3). We will prepare an unaudited annual financial statement of the Brand Development Fund within 120 days of the close of our fiscal year and will provide the financial statement to you upon written request. (Section 9.3)

G. *Website.* We will maintain a website for the Signal Health Group brand, which will include your Franchised Business's information and telephone number. (Section 5.3)

Advertising

Our obligation. Once established, we will use the Brand Development Fund for marketing and related purposes and costs. We may use the Brand Development Fund for local, regional, or

national advertising; promotions and promotional materials; public and consumer relations; website development; and search engine optimization; the development of technology for the franchise system; and any other purpose to promote the Signal Health Group brand. We may reimburse ourselves, our authorized representatives, or our affiliates from the Brand Development Fund for administrative costs; collections; audits; reasonable accounting, bookkeeping, reporting, and legal expenses; taxes; and all other direct or indirect expenses associated with the programs or materials funded by the Brand Development Fund. We use outside vendors and consultants to produce advertising and promotional materials. We are not required to spend any amount of advertising in the area or territory where any particular franchisee is located, and we are not required to ensure that Brand Development Fund contributions directly benefit you or any other franchisees. We will maintain the brand website (which may be paid for by the Brand Development Fund). We have no other obligation to conduct advertising.

Your own advertising material. You may use your own advertising or marketing material only with our approval. To obtain our approval, you must submit any proposed advertising or marketing material at least 14 days prior to use. If we do not respond, the material is deemed rejected. If you develop any advertising or marketing materials, we may use those materials for any purpose, without any payment to you. We have the right to establish and control all social media accounts and other digital marketing. You must ensure that all advertising or marketing materials that you use are clear, factual, ethical, and not misleading; comply with our brand standards; and comply with all laws.

Franchise Advisory council. We currently have a franchise advisory council composed of members of the Signal Health Group leadership team. To sit on the council, one must meet the eligibility requirements of the council's bylaws. To be a member of the council, a franchisee must have operated for at least one full year. The purpose of the council is to discuss matters of importance to the future and growth of the System, and the council serves in an advisory capacity only. We have the right to form, change, merge or dissolve the council at any time.

Local or Regional Advertising Cooperatives. We do not currently have any local or regional advertising cooperatives. We have the right to require you to participate in a local or regional advertising cooperative. We will define the area of the cooperative based on media markets, or other geographic criteria that we deem appropriate. Each franchisee in the area would have one vote per outlet (unless the franchisee is in default under its franchise agreement). The amount you must contribute to the cooperative will be determined by vote of the members, but not less than 1% and not more than 5% of gross sales. If our own outlets are members of a cooperative, they must contribute to the cooperative on the same basis as franchisees, and they will vote on the same basis as other members. We administer the cooperative, but we have the right to delegate responsibility for administration to an outside company such as an advertising agency or accounting firm, or to the franchisee members of the cooperative. We have the right to require the cooperative to operate from written bylaws or other governing documents that we determine. The documents are not currently available for you to review. Cooperatives will prepare annual financial statements which will be made available for review only by us and by the members of the cooperative. We have the power to require cooperatives to be formed, changed, dissolved, or merged.

Brand Development Fund. You and all other franchisees must contribute to our Brand Development Fund once it is established. Your contribution is 1% of gross sales per month. Other franchisees contribute a different amount or at a different rate. Outlets that we or our affiliates own are not obligated to contribute to the Brand Development Fund. We administer the fund. The fund is not audited. We will make unaudited annual financial statements available to you upon written request.

We did not spend any money from the Brand Development Fund in our most recently concluded fiscal year.

If less than all brand funds are spent in the fiscal year in which they accrue, the money will remain in the Brand Development Fund to be spent in the next year. The Brand Development Fund may spend more money than collected by the Brand Development Fund in any given year, and the fund may borrow money to cover deficits.

No money from the Brand Development Fund is spent principally to solicit new franchise sales; however, as part of any materials produced by or for the Brand Development Fund, we do have the right to include a notation in any advertisement indicating “Franchises Available” (or similar phrasing), and we have the right include information regarding acquiring a franchise on or as a part of such materials.

Market introduction plan. You must develop a market introduction plan and obtain our approval of the plan at least 30 days before the projected opening date of your business.

Required spending. After you open, you must spend the greater of \$1,000 or 2% of gross sales each month on marketing your Franchised Business. This amount is only a minimum requirement, and we do not represent that it is the optimal amount of money for you to spend on marketing.

Point of Sale and Computer Systems

You must purchase, install, and maintain a computer system that meets the functional requirements for utilizing the software we require scheduling software and QuickBooks accounting software, including all further updates, supplements, and modifications we require (the “Computer System”).

The Computer System includes Generation software for Non-Medical Services Franchised Businesses and Axxess software for Medical Services Franchised Businesses.

There are no substitutes for the scheduling software, the Generation software, or Axxess software. There are no substitutes for QuickBooks accounting software, except if you use different accounting software for your existing business, you may also use it for the Franchised Business if we grant you approval to do so. If you use different accounting software, we will have no obligation to support you in the implementation, use, or compatibility of such alternate software, and you will bear all costs associated with the implementation, use or customization of the alternate software to ensure compatibility with our existing systems. We regularly evaluate our software functionality and may upgrade software and other technology to support efficiency within the

system. We are currently evaluating our scheduling software and may move to a different software platform. You may incur costs if we make this move.

We require you purchase a laptop, printer, fax or scanner and a personal digital assistant (i.e., iPhone, Android) as well as any other computer supplies you may need. We also require that you have a designated business administration phone line.

We estimate the cost of the required computers and peripherals to be between \$0 (assuming that you have a laptop, printer, fax or scanner and a personal digital assistant (i.e., iPhone, Android) and related items that you need and that these items can be used with the required software) and \$2,000.

You are wholly responsible for all hardware and computer network maintenance and maintenance and upgrades of other software which must be done in a timely manner. The cost for such periodic computer maintenance and upgrades will depend on the type of systems and software you purchase as well as any maintenance contracts you choose to enter into. Generally, we estimate the cost will range from \$250 to \$750 per month for Non-Medical Services Franchised Businesses and \$750 to \$2,000 per month for Medical Services Franchised Business (with the range depending on the size of your territory and number of clients you service). We may specify different hardware and software systems in the future, including proprietary software that we develop exclusively for the Franchised Business, and you must upgrade or update any portions of your computer or point-of-sale system as we require. There is no contractual limitation on the frequency and cost of the obligation.

Except for annual maintenance, we are not responsible for any maintenance or upgrades to your computer hardware, network connectivity, or software. There are no contractual limits on the frequency and cost of your obligation to maintain, upgrade and update the computer hardware and software in conformance with our directives.

You must give us independent access to the information that will be generated or stored in your computer and point-of-sale systems. The information that we may access will include sales, customer data, and reports. There is no contractual limitation on our right to access the information. Client health-related issues may be protected by privacy laws such as HIPAA.

Brand Standards Manual

See Exhibit G for the table of contents of our Brand Standards Manual as of the date this disclosure document, with the number of pages devoted to each subject. The Manual has 171 pages.

Training Program

Prior to the opening of the Franchised Business, we will provide you an Initial Training Program, components of which may be conducted online and consists of a training course of 5-6 days (for a Non-Medical Franchised Business) or 6-7 days (for a Medical Franchised Business) duration at our corporate office in Las Vegas, Nevada or another location designated by us, covering all aspects of the Franchised Business. All training will be under the direction of Nicole

Farmer. Nicole has 3 years of experience with the company and 8 years of experience in the subject taught. The training materials that we use are a PowerPoint presentation and handouts corresponding to the various topics covered in the PowerPoint presentation.

Attendance is mandatory at the Initial Training Program and it must be completed within 12 weeks of signing the Franchise Agreement. There is currently no charge for attendance at Initial Training Program by you. You are responsible for all travel and living expenses for your principal owner and any additional trainees and all wages payable to any trainee; no wages will be payable by us to any such trainee for any service rendered during the course of such training. We generally offer training every 4 to 8 weeks. Following the completion of our franchise opener (see below) and the Initial Training Program to our satisfaction, you must commence operations of the Franchised Business within 30 days, unless otherwise agreed to in writing by us. If, in our opinion, you demonstrate an inability to effectively manage a Signal Health Group franchise and do not complete the training program to our satisfaction, then we may terminate the Franchise Agreement.

There is no fee for up to 2 people to attend training. You must pay the travel and living expenses of people attending training.

Your principal executive and general manager must attend training. You may send any additional people to training that you want (up to the maximum described above). You must complete training to our satisfaction at least four weeks before opening your business.

Your business must at all times be under your on-site supervision or under the on-site supervision of a general manager who has completed our training program. If you need to send a new general manager to our training program, we will charge a fee, which is currently \$500 to \$2,000 per day. Otherwise, we do not currently require additional training programs or refresher courses, but we have the right to do so.

We may also require you or your employees to attend and complete any additional or refresher training we require, which may include continuing educational seminars or courses.

Item 12 TERRITORY

Your Location

If you have a Medical Services Franchised Business, we require that you manage the business from a small office. If you have a Non-Medical Services Franchised Business, we anticipate that you will manage from your home or from a small office setting. Your primary office must be located in your territory.

Territory

Upon execution of the Franchise Agreement, we will assign you a protected, nonexclusive territory ("Territory"). The Territory will be identified in the Franchise Agreement's Data Sheet. You will not receive an exclusive territory. You may face competition from other franchisees, from outlets we own, from other channels of distribution or competitive brands that we control. Unless we mutually agree otherwise, we will use our best efforts to grant you a Territory that will have at least 60,000 resident senior citizens (as determined by the most current United States census data available, compiled in software provided to us by Tetrad Computer Applications Inc.). However, because we assign territories based on U.S. Census data, we cannot guarantee that your Territory will have 60,000 resident senior citizens.

The boundaries of your Territory will not change, even if the population within your Territory increases or decreases. We will not grant another franchisee a territory within your Territory based on an increase of the resident senior citizens population.

You may not solicit or accept clients or conduct marketing/advertising outside your Territory unless (1) the client(s) do not belong to the Territory of another System franchisee, or (2) we direct otherwise.

Limited Protections

We offer certain limited protections in your Territory depending on the type of Franchised Business that you purchase:

- If you purchase a Medical Services hospice franchise, we will not establish, either as a company or as an affiliate owned business or franchise, another Medical Services Franchised Business within your Territory that provides hospice services; however, we may establish, either as a company or as an affiliate owned business or as a franchise, a Non-Medical Services Franchised Business or a Medical Services Franchised Business that that provides home health services within all of part of your Territory.
- If you purchase a Medical Services home health services franchise, we will not establish, either as a company or as an affiliate owned business or franchise, another Medical Services Franchised Business within your Territory that provides home health services; however, we may establish, either as a company or as an affiliate owned business or as a franchise, a Non-Medical Services Franchised Business or a Medical Services Franchised Business that that provides hospice services within all of part of your Territory.
- If you purchase a Non-Medical Services Wellness Services franchise, we will not establish, either as a company or as an affiliate owned business or franchise, another Non-Medical Services Franchised Business that provides Wellness Services within your Territory; however, we may establish, either as a company or as an affiliate owned business or as a franchise, a Medical Services Franchised Business or a Non-Medical Services Franchised Business that that provides Personal Care Services within all of part of your Territory.
- If you purchase a Non-Medical Services Personal Care Services franchise, we will not establish, either as a company or as an affiliate owned business or franchise, another Non-Medical Services Franchised Business that provides Personal Care Services within your Territory; however, we may establish, either as a company or as an affiliate owned business or as a franchise, a Medical Services Franchised Business or a Non-Medical Services Franchised Business that that provides Wellness Services within all of part of your Territory

We have no proximity policy. We may establish franchisor-owned locations, other franchises, or sub-franchises at any location outside your Territory, regardless of proximity to the boundaries of your Territory.

Relocation

If you have a Non-Medical Franchised Business and you operate the Franchised Business from your primary residence, you are not required to obtain our prior approval to move the Franchised Business within your Territory if such move is a result of a relocation of your primary residence. If you operate from your primary residence and want to move to commercial office space or you want to change your existing commercial office space, you will need to obtain our prior written approval. Such approval will be based on the same criteria we require for obtaining

the original location as more particularly described in Item 11. We have no obligation to approve a move outside of your Territory.

If you have a Medical Franchised Business or you operate from a location other than your primary residence, you may relocate the Franchised Business only with our prior written approval.

Option to Acquire Additional Franchises

You do not receive any options, rights of first refusal, or similar rights to acquire additional franchises.

Restrictions on Us from Soliciting or Accepting Orders in Your Territory; Alternative Services

Although we agree not to distribute your existing services within your Territory, certain other products or services from our affiliates, whether currently existing, in research and development, or developed in the future, may be distributed in your Territory by us or our affiliates, or our franchisees, licensees or designees, in such manner and through such channels of distribution as we, in our sole discretion, will determine. We reserve the right, among others, to any service arrangements relating to our sale of products and services through alternative channels of distribution. We also reserve the right to serve (or authorize other franchisees to serve) customers in your Territory if: (i) you are in default of your agreement, (ii) you are incapable of meeting customer demand in your Territory (in our reasonable opinion); (iii) if you are incapable of properly serving a particular customer in your Territory (in our reasonable opinion). The Franchise Agreement grants you no rights: (i) to distribute the services as described in this paragraph; or (ii) to share in any of the proceeds from our activities through alternate channels of distribution.

National and/or Regional Accounts

We may enter into and service national or regional account contracts with businesses that have locations within your Territory upon providing you with written notice, regardless of whether you have previously serviced such a customer in the past. You will be given the option to service the national account clients located within your Territory (provided they are for services covered by your franchise agreement and the services are performed in accordance with and under the terms and conditions of our agreement and with the national account). We are not otherwise required to compensate you for any sales we make within that Territory.

Competition by Us Under Different Trademarks

Neither we nor any affiliates, operates, franchises, or has plans to operate or franchise a business under a different mark selling goods or services similar to those you will offer. However, the franchise agreement allows us to do so.

Item 13 TRADEMARKS

Principal Trademarks

The following are the principal trademarks that we license to you. These trademarks are owned by us. They are registered on the Principal Register of the United States Patent and Trademark Office.

MARK	REGISTRATION NUMBER	REGISTRATION DATE
Signal Health Group	5831346	August 13, 2019
	5831349	August 13, 2019

Because the federal trademark registrations are less than six years old, no affidavits are required at this time, and no required affidavits have been filed. The registration has not yet been renewed.

Determinations

There are no currently effective material determinations of the United States Patent and Trademark Office, the Trademark Trial and Appeal Board, or any state trademark administrator or court. There are no pending infringement, opposition, or cancellation proceedings.

Litigation

There is no pending material federal or state court litigation regarding our use or ownership rights in a trademark.

Agreements

There are no currently effective agreements that significantly limit our rights to use or license the use of trademarks listed above in a manner material to the franchise.

Protection of Rights

We protect your right to use the principal trademarks listed in this Item, and we protect you against claims of infringement or unfair competition arising out of your use of the trademarks, to the extent described in this section.

The franchise agreement obligates you to notify us of the use of, or claims of rights to, a trademark identical to or confusingly similar to a trademark licensed to you. The franchise agreement does not require us to take affirmative action when notified of these uses or claims. We have the right to control any administrative proceedings or litigation involving a trademark licensed by us to you.

If you use our trademarks in accordance with the franchise agreement, then (i) we will defend you (at our expense) against any legal action by a third party alleging infringement by your use of the trademark, and (ii) we will indemnify you for expenses and damages if the legal action is resolved unfavorably to you.

Under the franchise agreement, we may require you to modify or discontinue using a trademark, at your expense. You will have a reasonable period of time to comply with the change, not to exceed 90 days. After such period, you would no longer have the right to use the unmodified or discontinued trademark. Your rights under the franchise agreement do not change, other than the modification or discontinuation of the trademark.

Superior Prior Rights and Infringing Uses

We do not know of either superior prior rights or infringing uses that could materially affect your use of the principal trademarks. You should understand that there could be other businesses using trademarks, trade names or other symbols similar to our Marks with superior rights to our rights. Before starting your business, you should research this possibility, using telephone directories, trade directories, Internet directories, or otherwise in order to avoid the possibility of having to change your business name.

Item 14 PATENTS, COPYRIGHTS AND PROPRIETARY INFORMATION

Patents

We do not own rights in, or licenses to, patents that are material to the franchise. We do not have any pending patent applications.

Copyrights

All of our original works of authorship fixed in a tangible medium of expression are automatically protected under the U.S. Copyright Act, whether or not we have obtained registrations. This includes our Brand Standards Manual as well as all other sales, training, management and other materials and software that we have created or will create. You may use these copyrighted materials during the term of the franchise, in a manner consistent with our ownership rights, solely for your Franchised Business.

We do not have any registered copyrights. There are no pending copyright applications for our copyrighted materials. There are no currently effective determinations of the U.S. Copyright Office (Library of Congress) or any court regarding any copyright.

There are no agreements currently in effect that limit our right to use or license the use of our copyrighted materials.

We have no obligation to protect any of our copyrights or to defend you against claims arising from your use of copyrighted items. The franchise agreement does not require us to take affirmative action when notified of copyright infringement. We control any copyright litigation. We are not required to participate in the defense of a franchisee or indemnify a franchisee for expenses or damages in a proceeding involving a copyright licensed to the franchisee. We may require you to modify or discontinue using the subject matter covered by any of our copyrights, at your expense.

We do not know of any copyright infringement that could materially affect you.

Proprietary Information

We have a proprietary, confidential Brand Standards Manual and related materials that include guidelines, standards and policies for the development and operation of your Franchised Business. We also claim proprietary rights in other confidential information or trade secrets that include all methods for developing and operating the business, and all non-public plans, data, financial information, processes, vendor pricing, supply systems, marketing systems, formulas, techniques, designs, layouts, operating procedures, customer data, information and know-how.

All customer data and point-of-sale data generated by your Franchised Business is confidential information and is exclusively owned by us. We license such data back to you without charge solely for your use in connection with your Signal Health Group business.

You (and your owners, when the franchise is owned by an entity) must protect the confidentiality of our Brand Standards Manual and other proprietary information, and you must use our confidential information only for your franchised business. We may require your managers and key employees to sign confidentiality agreements.

You must disclose to us all ideas, plans, improvements, concepts, methods, and techniques relating to your Signal Health Group business that you conceive or develop. We will automatically own all such innovations, and we will have the right to incorporate any innovations into our system for use by all franchisees, without any compensation to you.

Item 15 OBLIGATION TO PARTICIPATE IN THE ACTUAL OPERATION OF THE FRANCHISE BUSINESS

Your Participation

You are required to participate personally in the direct operation of your business and must devote substantial time and attention to the business.

If you are the sole owner of the business, then you are deemed the “Principal Executive”. If the business is a partnership or is owned through a corporation, limited liability company, or

other entity, you must designate one person as your “Principal Executive”. The Principal Executive is the executive primarily responsible for your business and has decision-making authority on behalf of the business. The Principal Executive must own at least 10% of the business. The Principal Executive must complete our initial training program. The Principal Executive must complete any post-opening training programs that we develop in the future. The Principal Executive must make reasonable efforts to attend all in-person meetings and remote meetings (such as telephone or video conference calls), including regional or national brand conferences, that we require. The Principal Executive cannot fail to attend more than three consecutive required meetings.

At such time that your business is owned by an entity, all owners of the business must sign our Guaranty and Non-Compete Agreement which is Attachment 2 to the Franchise Agreement (see Exhibit B and Exhibit C as applicable).

“On-Premises” Supervision

When your business performs services for a customer, you are not required to personally conduct “on-premises” supervision of your business. However, we recommend on-premises supervision by you. There is no limit on who you can hire as an on-premises supervisor, except as provided in this Item. The general manager of your business (whether that is you or a hired person) must successfully complete our training program.

We do not require that the general manager own any equity in the entity.

Restrictions on Your Manager

There is no limit on who you can hire as a general manager, except that the general manager of your Franchised Business (whether that is you or a hired person) must successfully complete our training program and have obtained our approval to act as general manager.

In addition, if we request, you must have your general manager (and other key employees that we reasonably designate) sign a confidentiality and non-compete agreement. We will not require you to enter into a confidentiality and non-compete agreement that violates applicable state law or that prohibits a person from being employed by another Signal Health Group outlet. We do not require you to place any other restrictions on your manager.

Other Restrictions

Your Franchised Business must at all times be staffed with at least one individual who has successfully completed our initial training program. In the event that you operate more than one Franchised Business, you will have a properly trained general manager who has been approved by us at each location. You will keep us informed at all times of the identity of any employees acting as general manager, as well as others employed by your Franchised Business, and any change in their employment status. All persons providing Care Services must be employed by you and may not work as independent contractors (unless required by applicable law).

In addition, you and all of your employees must (a) undergo a criminal background check, which you must pass to our satisfaction; and (b) provide at least two (2) references meeting our

satisfaction. You and your employees must routinely undergo criminal background rescreening. Any employee failing to meet our criteria for a clean criminal background check must be terminated immediately.

- (viii) Franchisee and its Owners execute Signal Health Group Franchising's then-current standard form of franchise agreement and related documents (including personal guaranty), which may be materially different than this form (including, without limitation, higher and/or different fees), except that the form of the franchise agreement will be amended to provide that (A) Franchisee will not pay another initial franchise fee, (B) Franchisee will not receive more renewal or successor terms than originally granted to Franchisee, and (C) the Territory will not be changed;
- (ix) Franchisee pays a renewal fee equal to 20% of our then-current initial franchise fee based on your Territory; and

Franchisee agrees that if it has not complied with each of the foregoing conditions, Signal Health Group Franchising is not required to permit Franchisee to enter into a successor agreement as originally provided hereunder.

ARTICLE 4. FEES

4.1 Initial Franchise Fee. Upon signing this Agreement, Franchisee shall pay an initial franchise fee in the amount stated on the Summary Page. This initial franchise fee is not refundable, except as provided in Section 6.4 and Section 6.5.

4.2 License Assistance Fee. Upon signing this Agreement, Franchisee shall pay the license assistance fee in the amount stated on the Summary Page. This license assistance fee is not refundable, except as provided in Section 6.4. In addition, Franchisee shall reimburse Signal Health Group Franchising for any state fees or other third-party fees or costs that Signal Health Group Franchising incurs in connection with assisting Franchisee in obtaining any applicable licenses.

4.3 Royalty Fee. Franchisee shall pay Signal Health Group Franchising a monthly royalty fee (the "Royalty Fee") equal to 5% of Gross Sales. Franchisee shall pay the Royalty Fee for any given month so that it is received by Signal Health Group Franchising on the on or before the 15th day of the following month.

4.4 Marketing Contributions.

(a) Brand Development Fund Contribution. Franchisee shall pay Signal Health Group Franchising a contribution to the Brand Development Fund (the "Brand Development Fund Contribution") equal to 1% of Franchisee's Gross Sales (or such lesser amount as Signal Health Group Franchising determines), at the same time as the Royalty Fee.

(b) Market Cooperative Contribution. If the Business participates in a Market Cooperative, then Franchisee shall contribute to the Market Cooperative a percentage of Gross Sales (or other amount) determined by the Market Cooperative, not to exceed 5%.

4.5 Replacement / Additional Training Fee. If Franchisee sends an employee to Signal Health Group Franchising's training program after opening or if Franchisee requests additional training, Signal Health Group Franchising may charge its then-current training fee. As of the date of this Agreement, the training fee is \$500 to \$2,000 per day.

4.6 Non-Compliance Fee. Signal Health Group Franchising may charge Franchisee \$500 for any instance of non-compliance with the System Standards or this Agreement (other than Franchisee's non-payment of a fee owed to Signal Health Group Franchising) which Franchisee fails to cure after 30 days' notice. Thereafter, Signal Health Group Franchising may charge Franchisee \$250 per week until Franchisee ceases such non-compliance. This fee is a reasonable estimate of Signal Health Group Franchising's internal cost of personnel time attributable to addressing the non-compliance, and it is not a penalty or estimate of all damages arising from Franchisee's breach. The non-compliance fee is in addition to all of Signal Health Group Franchising's other rights and remedies (including default and termination under Section 14.2).

4.7 Reimbursement. Signal Health Group Franchising may (but is never obligated to) pay on Franchisee's behalf any amount that Franchisee owes to a supplier or other third party. If Signal Health Group Franchising does so or intends to do so, Franchisee shall pay such amount plus a 10% administrative charge to Signal Health Group Franchising within 15 days after invoice by Signal Health Group Franchising accompanied by reasonable documentation.

4.8 Technology Fee. Signal Health Group Franchising reserves the right to charge Franchisee a commercially-reasonable fee (the "Technology Fee") in exchange for software and other technology-related services and products provided by Signal Health Group Franchising. Signal Health Group Franchising has no liability or obligation to Franchisee with respect any third-party software that Signal Health Group Franchising provides to Franchisee. The Technology Fee for a given month is due and payable at the same time as the Royalty Fee, unless Signal Health Group Franchising determines otherwise. Any partial month will be pro-rated. Signal Health Group Franchising may add, remove, or alter the software or technology products or services that it provides. Signal Health Group Franchising may change Technology Fee. Signal Health Group Franchising does not guarantee that the Technology Fee is solely a pass-through of Signal Health Group Franchising's costs.

4.9 Shared Fees. Signal Health Group Franchising reserves the right to have suppliers bill Signal Health Group Franchising or one of its affiliates for goods or services that benefit the Signal Health Group franchisees. Franchisee agrees to pay its pro rata share of these goods and service costs and fees to Signal Health Group Franchising.

4.10 Payment Terms.

(a) Method of Payment. Franchisee shall pay the Royalty Fee, Brand Development Fund Contribution, Technology Fee, and any other amounts owed to Signal Health Group Franchising by pre-authorized bank draft or in such other manner as Signal Health Group

Franchising may require. Franchisee shall comply with Signal Health Group Franchising's payment instructions, including executing all documents reasonably required by Signal Health Group Franchising. If Signal Health Group Franchising permits Franchisee to pay by credit card or other method which causes Signal Health Group Franchising to incur a processing fee, Franchisee shall be responsible for the amount of the processing fee.

(b) Calculation of Fees. Franchisee shall report monthly Gross Sales to Signal Health Group Franchising by the 15th day of the following month. If Franchisee fails to report monthly Gross Sales, then Signal Health Group Franchising may withdraw estimated Royalty Fees and Brand Development Fund Contributions calculated based on 125% of the last Gross Sales reported to Signal Health Group Franchising, and the parties will true-up the actual fees after Franchisee reports Gross Sales. Franchisee acknowledges that Signal Health Group Franchising has the right to remotely access Franchisee's point-of-sale system to calculate Gross Sales.

(c) Late Fees and Interest. If Franchisee does not make a payment on time, Franchisee shall pay a \$100 "late fee" plus interest on the unpaid amount at a rate equal to 18% per year (or, if such payment exceeds the maximum allowed by law, then interest at the highest rate allowed by law).

(d) Insufficient Funds. Signal Health Group Franchising may charge \$30 for any payment returned for insufficient funds (or, if such amount exceeds the maximum allowed by law, then the fee allowed by law).

(e) Costs of Collection and Enforcement. Franchisee shall repay any costs incurred by Signal Health Group Franchising in attempting to collect payments owed by Franchisee or to enforce any other provision of this Agreement (including, without limitation, reasonable attorney fees, accounting fees, and other professional costs).

(f) Application. Signal Health Group Franchising may apply any payment received from Franchisee to any obligation and in any order as Signal Health Group Franchising may determine, regardless of any designation by Franchisee.

(g) Obligations Independent; No Set-Off. The obligations of Franchisee to pay to Signal Health Group Franchising any fees or amounts described in this Agreement are not dependent on Signal Health Group Franchising's performance and are independent covenants by Franchisee. Franchisee shall make all such payments without offset or deduction.

(h) Taxes. Franchisee will be responsible for (and shall immediately remit to Signal Health Group Franchising upon demand) all sales taxes, use taxes, and other taxes imposed on the fees payable by Franchisee to Signal Health Group Franchising or its affiliates and on services or goods furnished to Franchisee by Signal Health Group Franchising or its affiliates, unless the tax is an income tax assessed on Signal Health Group Franchising or its affiliate for doing business in the state where the Business is located.

(i) CPI. Any fee expressed as a fixed dollar amount in this Agreement is subject to adjustment based on changes to the Consumer Price Index ("CPI") in the United States. Signal Health Group Franchising may periodically review and increase these fees based on changes to the CPI (in addition to any other increase), but only if the increase to the CPI is more than 5%

higher than the corresponding CPI in effect on: (a) the Effective Date (for the initial fee adjustments); or (b) the date Signal Health Group Franchising implemented the last fee adjustment (for subsequent fee adjustments). Signal Health Group Franchising will notify Franchisee of any CPI adjustment at least 60 days before the fee adjustment becomes effective. Signal Health Group Franchising will implement no more than one CPI-related fee adjustment during any calendar year.

Such assistance may include, if applicable, reviewing, completing, and submitting required state and local legal documents and managing the process for obtaining applicable licenses. Signal Health Group Franchising's assistance is not a representation, warranty, or guarantee that Franchisee will succeed in obtaining any licenses as a result of any assistance that Signal Health Group Franchising provides.

If Signal Health Group Franchising conducts an evaluation because of a governmental report, customer complaint or other customer feedback, or a default or non-compliance with any System Standard by Franchisee (including following up a previous failed evaluation), then Signal Health Group Franchising may charge all out-of-pocket expenses plus its then-current evaluation fee to Franchisee.

11.3 Signal Health Group Franchising's Right to Cure. If Franchisee breaches or defaults under any provision of this Agreement, Signal Health Group Franchising may (but has no obligation to) take any action to cure the default on behalf of Franchisee, without any liability to Franchisee. Such rights of Signal Health Group Franchising are in addition to any other right or remedy available to Signal Health Group Franchising.

Franchisee is not entitled to the same variation or waiver.

11.12 Temporary Public Safety Closure. If Signal Health Group Franchising discovers or becomes aware of any aspect of the Business which, in Signal Health Group Franchising's opinion, constitutes an imminent danger to the health or safety of any person, then immediately upon Signal Health Group Franchising's order, Franchisee must temporarily cease operations of the Business and remedy the dangerous condition. 13.2 Covenants Not to Compete.

(a) Restriction – In Term. or the territory of any other Signal Health Group business operating on the date of expiration, termination, or transfer, as applicable.

(c) Interpretation. The parties agree that each of the foregoing covenants is independent of any other covenant or provision of this Agreement. If all or any portion of the covenants in this Section is held to be unenforceable or unreasonable by any arbitrator or court, then the parties intend that the arbitrator or court shall be permitted to modify such restriction to the extent reasonably necessary to protect the legitimate business interests of Signal Health Group Franchising. Franchisee agrees that the existence of any claim it may have against Signal Health Group Franchising shall not constitute a defense to the enforcement by Signal Health Group Franchising of the covenants of this Section. If a Restricted Party fails to comply with the obligations under this Section during the restrictive period, then the restrictive period will be extended an additional day for each day of noncompliance.

13.3 General Manager and Key Employees. If requested by Signal Health Group Franchising, Franchisee shall cause its general manager and other key employees reasonably designated by Signal Health Group Franchising to sign Signal Health Group Franchising's then-current form of confidentiality and non-compete agreement (unless prohibited by applicable law).

ARTICLE 14. DEFAULT AND TERMINATION

14.1 Termination by Franchisee. Franchisee may terminate this Agreement only if Signal Health Group Franchising violates a material provision of this Agreement and fails to cure or to make substantial progress toward curing the violation within 30 days after receiving written notice from Franchisee detailing the alleged default. Termination by Franchisee is effective 10 days after Signal Health Group Franchising receives written notice of termination.

14.2 Termination by Signal Health Group Franchising.

(a) Subject to 10-Day Cure Period. Signal Health Group Franchising may terminate this Agreement if Franchisee does not make any payment to Signal Health Group Franchising when due, or if Franchisee does not have sufficient funds in its account when Signal Health Group Franchising attempts an electronic funds withdrawal, and Franchisee fails to cure such non-payment within 10 days after Signal Health Group Franchising gives notice to Franchisee of such breach.

- (iv) Franchisee fails to open for business by the date specified on the Summary Page;
- (v) Franchisee or any Owner commits a material violation of Section 7.2 (compliance with laws) or Section 13.1 (confidentiality), violates Section 7.24 (business practices and values), Section 13.2 (non-compete), or Article 15 (transfer), or commits any other violation of this Agreement which by its nature cannot be cured;
- (vi) Franchisee ceases operation of the Business for more than five consecutive days, Franchisee informs Signal Health Group Franchising that Franchisee is going to permanently close the Business prior to the end of the term of this Agreement, or Signal Health Group Franchising reasonably concludes that Franchisee has ceased operation of the Business;

- (ix) the Business is operated in a manner which, in Signal Health Group Franchising's reasonable judgment, constitutes a significant danger to the health or safety of any person, and Franchisee fails to cure such danger within 48 hours after becoming aware of the danger (due to notice from Signal Health Group Franchising or otherwise);
- (x) Franchisee has received two or more notices of default and Franchisee commits another breach of this Agreement, all in the same 12-month period;
- (xi) Franchisee fails to meet any applicable health inspection standards described in Section 7.3 two or more times in any 36-month period;
- (xii) Signal Health Group Franchising (or any affiliate) terminates any other agreement with Franchisee (or any affiliate) due to the breach of such other agreement by Franchisee (or its affiliate) (provided that termination of a Multi-Unit Development

Agreement with Franchisee or its affiliate shall not give Signal Health Group Franchising the right to terminate this Agreement);

- (xiii) Franchisee or any Owner is charged with, pleads guilty or no-contest to, or is convicted of a felony; or
- (xiv) Franchisee or any Owner is accused by any governmental authority or third party of any act, or if Franchisee or any Owner commits any act or series of acts, that in Signal Health Group Franchising's opinion is reasonably likely to materially and unfavorably affect the Signal Health Group brand.

14.3 Effect of Termination. Upon termination or expiration of this Agreement, all obligations that by their terms or by reasonable implication survive termination, including those pertaining to non-competition, confidentiality, indemnity, and dispute resolution, will remain in effect, and Franchisee must:

- (i) pay—within 10 days of such termination or expiration—all amounts owed to Signal Health Group Franchising based on the operation of the Business through the effective date of termination or expiration;
- (ii) immediately return to Signal Health Group Franchising all copies of the Manual, Confidential Information and any and all other materials provided by Signal Health Group Franchising to Franchisee or created by a third party for Franchisee relating to the operation of the Business, and all items containing any Marks, copyrights, and other proprietary items; and delete all Confidential Information and proprietary materials from electronic devices;
- (iii) immediately take all action required (a) to cancel all assumed name or equivalent registrations relating to Franchisee's use of the Marks; and (b) to cancel or transfer to Signal Health Group Franchising or its designee all telephone numbers, post office boxes, directory listings, and Digital Marketing accounts used by Franchisee in connection with the Business or the Marks, including, without limitation, by providing login and password details and promptly signing all directions and authorizations necessary or appropriate to accomplish the foregoing. Franchisee hereby irrevocably appoints Signal Health Group Franchising, with full power of substitution, as its true and lawful attorney-in-fact, which appointment is coupled with an interest; to execute such directions and authorizations as may be necessary or appropriate to accomplish the foregoing. The telephone company, the postal service, registrars, Internet service providers and each listing agency may accept such direction by Signal Health Group Franchising pursuant to this Agreement as conclusive evidence of Signal Health Group Franchising's exclusive rights in such accounts and its authority to direct their transfer; and
- (iv) immediately cease doing business under any of the Marks.

14.4 Remove Identification. Within 30 days after termination or expiration, Franchisee shall at its own expense "de-identify" the Location so that it no longer contains the Marks, signage, or any trade dress of a Signal Health Group business, to the reasonable satisfaction of Signal Health

Group Franchising. Franchisee shall comply with any reasonable instructions and procedures of Signal Health Group Franchising for de-identification. If Franchisee fails to do so within 30 days after this Agreement expires or is terminated, Signal Health Group Franchising may enter the Location to remove the Marks and de-identify the Location. In this event, Signal Health Group Franchising will not be charged with trespass nor be accountable or required to pay for any assets removed or altered, or for any damage caused by Signal Health Group Franchising.

14.5 Liquidated Damages. If Signal Health Group Franchising terminates this Agreement based upon Franchisee's default (or if Franchisee purports to terminate this Agreement except as permitted under Section 14.1), then within 10 days thereafter Franchisee shall pay to Signal Health Group Franchising a lump sum (as liquidated damages and not as a penalty) calculated as follows: (x) the average monthly Royalty Fees and Brand Development Fund Contributions that Franchisee owed to Signal Health Group Franchising under this Agreement for the last 12 full months that Franchisee operated the Business (disregarding any fee waivers or reductions granted to Franchisee); multiplied by (y) the lesser of (1) 24 or (2) the number of months remaining in the then-current term of this Agreement. If Franchisee had not operated the Business for at least 12 full months, then (x) will equal the average monthly Royalty Fees and Brand Development Fund Contributions that Franchisee owed to Signal Health Group Franchising during the period that Franchisee operated the Business. The "average Royalty Fees and Brand Development Fund Contributions that Franchisee owed to Signal Health Group Franchising" shall not be discounted or adjusted due to any deferred or reduced Royalty Fees and Brand Development Fund Contributions set forth in an addendum to this Agreement, unless this Section 14.5 is specifically amended in such addendum. Franchisee acknowledges that a precise calculation of the full extent of Signal Health Group Franchising's damages under these circumstances is difficult to determine and the method of calculation of such damages as set forth in this Section is reasonable. Franchisee's payment to Signal Health Group Franchising under this Section will be in lieu of any direct monetary damages that Signal Health Group Franchising may incur as a result of Signal Health Group Franchising's loss of Royalty Fees and Brand Development Fund Contributions that would have been owed to Signal Health Group Franchising after the date of termination; however, such payment shall be in addition to all damages and other amounts arising under Section 14.3 and Section 14.4, Signal Health Group Franchising's right to injunctive relief for enforcement of Article 13, and any attorneys' fees and other costs and expenses to which Signal Health Group Franchising is entitled under this Agreement. Except as provided in this Section, Franchisee's payment of this lump sum shall be in addition to any other right or remedy that Signal Health Group Franchising may have under this Agreement or otherwise. If liquidated damages are prohibited by applicable law or are otherwise deemed unenforceable for any reason, then Franchisee shall be liable for Signal Health Group Franchising's actual damages (including, without limitation, lost future profits) instead of liquidated damages.

14.6 Purchase Option.

(a) Option. When this Agreement expires or is terminated, Signal Health Group Franchising will have the option (but not the obligation) to purchase any or all of the assets related to the Business, and/or to require Franchisee to assign its lease or sublease to Signal Health Group Franchising. To exercise this option, Signal Health Group Franchising must notify Franchisee no later than 30 days after this Agreement expires or is terminated.

(b) Price. The purchase price for all assets that Signal Health Group Franchising elects to purchase will be the lower of (i) the book value of such assets as declared on Franchisee's last filed tax returns or (ii) the fair market value of the assets. If the parties cannot agree on fair market value within 20 days after the exercise notice, the fair market value will be determined by an independent appraiser reasonably acceptable to both parties. The parties will equally share the cost of the appraisal. Signal Health Group Franchising's purchase will be of assets only (free and clear of all liens), and the purchase will not include any liabilities of Franchisee. The purchase price for assets will not include any factor or increment for any trademark or other commercial symbol used in the business, the value of any intangible assets, or any goodwill or "going concern" value for the Business.

(c) Due Diligence. For a period of 30 days following the determination of the fair market value (the "Due Diligence Period") whether by agreement or by the determination by the appraiser as provided herein, Signal Health Group Franchising shall have the right to conduct a due diligence investigation of the assets related to the Business. Franchisee must give Signal Health Group Franchising reasonable access to Franchisee's facilities, books, and records during the Due Diligence Period. Signal Health Group Franchising shall have the right to require Franchisee to continue to operate the Business during the Due Diligence Period, and Signal Health Group Franchising shall also have the right to operate the Business during the Due Diligence Period in accordance with Section 11.13. Signal Health Group Franchising is under no obligation to continue with due diligence or to exercise its purchase option, and Signal Health Group Franchising may withdraw its exercise of the purchase option at any time before it pays for the assets.

(d) Closing. Franchisee will sign a bill of sale for the purchased assets and any other transfer documents reasonably requested by Signal Health Group Franchising. Signal Health Group Franchising will be entitled to all customary warranties and representations in connection with this asset purchase, including, representations and warranties as to ownership and condition of and title to assets, as to liens and encumbrances, validity of contracts, and liabilities affecting the assets. If Signal Health Group Franchising exercises the purchase option, Signal Health Group Franchising may deduct from the purchase price: (i) all amounts due from Franchisee; (ii) Franchisee's portion of the cost of any appraisal conducted hereunder; and (iii) amounts paid or to be paid by Signal Health Group Franchising to cure defaults under Franchisee's lease and/or amounts owed by Franchisee to third parties. If any of the assets are subject to a lien, Signal Health Group Franchising may pay a portion of the purchase price directly to the lienholder to pay off such lien. Signal Health Group Franchising may withhold 25% of the purchase price for 90 days to ensure that all of Franchisee's taxes and other liabilities are paid.

(e) Assignment. Signal Health Group Franchising may assign this purchase option to an affiliate or a third party.

ARTICLE 15. TRANSFERS

15.1 By Signal Health Group Franchising. Signal Health Group Franchising may transfer or assign this Agreement, or any of its rights or obligations under this Agreement, to any person or entity, and Signal Health Group Franchising may undergo a change in ownership and/or control, without the consent of Franchisee.

15.2 By Franchisee. Franchisee acknowledges that the rights and duties set forth in this Agreement are personal to Franchisee and that Signal Health Group Franchising entered into this Agreement in reliance on Franchisee's business skill, financial capacity, personal character, experience, and business ability. Accordingly, Franchisee shall not conduct or undergo a Transfer without providing Signal Health Group Franchising at least 60 days prior notice of the proposed Transfer, and without obtaining Signal Health Group Franchising's consent. In granting any such consent, Signal Health Group Franchising may impose conditions, including, without limitation, the following:

- (i) Signal Health Group Franchising receives a transfer fee equal to \$15,000 (of which a non-refundable \$1,500 is due when Franchisee notifies Signal Health Group Franchising or asks Signal Health Group Franchising to consider a Transfer, and the balance is due when the Transfer is effective) plus any broker fees and other out-of-pocket costs incurred by Signal Health Group Franchising (however, if the transfer is to an existing franchisee, the transfer fee will be equal to \$7,500 plus any broker fees and other out-of-pocket costs incurred by Signal Health Group Franchising);
- (ii) the proposed Transferee and its owners have completed Signal Health Group Franchising's franchise application processes, meet Signal Health Group Franchising's then-applicable standards for new franchisees, and have been approved by Signal Health Group Franchising as franchisees;
- (iii) the proposed Transferee is not a Competitor;
- (iv) the proposed Transferee executes Signal Health Group Franchising's then-current form of franchise agreement and any related documents, which form may contain materially different provisions than this Agreement (provided, however, that the form will be amended to provide that the proposed Transferee will not be required to pay an initial franchise fee);
- (v) all owners of the proposed Transferee provide a guaranty in accordance with Section 2.5;
- (vi) Franchisee has paid all monetary obligations to Signal Health Group Franchising and its affiliates, and to any lessor, vendor, supplier, or lender to the Business, and Franchisee is not otherwise in default or breach of this Agreement or of any other obligation owed to Signal Health Group Franchising or its affiliates;
- (vii) the proposed Transferee and its owners and employees undergo such training as Signal Health Group Franchising may require;
- (viii) Franchisee, its Owners, and the Transferee and its owners execute a general release of Signal Health Group Franchising in a form satisfactory to Signal Health Group Franchising; and
- (ix) the Business fully complies with all of Signal Health Group Franchising's most recent System Standards.

15.3 Transfer for Convenience of Ownership. If Franchisee is an individual, Franchisee may Transfer this Agreement to a corporation or limited liability company formed for the convenience of ownership after at least 15 days' notice to Signal Health Group Franchising, if, prior to the Transfer: (1) the transferee provides the information required by Section 2.3; (2) Franchisee provides copies of the entity's charter documents, by-laws (or operating agreement) and similar documents, if requested by Signal Health Group Franchising, (3) Franchisee owns all voting securities of the corporation or limited liability company, and (4) Franchisee provides a guaranty in accordance with Section 2.5.

15.4 Transfer upon Death or Incapacity. Upon the death or incapacity of Franchisee (or, if Franchisee is an entity, the Owner with the largest ownership interest in Franchisee), the executor, administrator, or personal representative of that person must Transfer the Business to a third party approved by Signal Health Group Franchising (or to another person who was an Owner at the time of death or incapacity of the largest Owner) within nine months after death or incapacity. Such transfer must comply with Section 15.2.

15.5 Signal Health Group Franchising's Right of First Refusal. Before Franchisee (or any Owner) engages in a Transfer (except under Section 15.3, to a co-Owner, or to a spouse, sibling, or child of an Owner), Signal Health Group Franchising will have a right of first refusal, as set forth in this Section. Franchisee (or its Owners) shall provide to Signal Health Group Franchising a copy of the terms and conditions of any Transfer. For a period of 30 days from the date of Signal Health Group Franchising's receipt of such copy, Signal Health Group Franchising will have the right, exercisable by notice to Franchisee, to purchase the assets subject of the proposed Transfer for the same price and on the same terms and conditions (except that if some or all of the purchase price is not payable in cash, Signal Health Group Franchising may pay the equivalent value in cash for the purchase price). If Signal Health Group Franchising does not exercise its right of first refusal, Franchisee may proceed with the Transfer, subject to the other terms and conditions of this Article.

15.6 No Sublicense. Franchisee has no right to sublicense the Marks or any of Franchisee's rights under this Agreement.

15.7 No Lien on Agreement. Franchisee shall not grant a security interest in this Agreement to any person or entity. If Franchisee grants an "all assets" security interest to any lender or other secured party, Franchisee shall cause the secured party to expressly exempt this Agreement from the security interest.

ARTICLE 16. INDEMNITY

16.1 Indemnity. Franchisee shall indemnify and defend (with counsel reasonably acceptable to Signal Health Group Franchising) Signal Health Group Franchising, its parent entities, subsidiaries and affiliates, and their respective owners, directors, officers, employees, agents, successors and assignees (collectively, "Indemnitees") against all Losses in any Action by or against Signal Health Group Franchising and/or any Indemnatee directly or indirectly related to, or alleged to arise out of, the development or operation of the Business (including any Data Security Event), or the acts or omissions of Franchisee or any of Franchisee's Owners, officers, directors, employees, or agents. Notwithstanding the foregoing, Franchisee shall not be obligated to indemnify an

Indemnatee from Actions which Franchisee proves arose solely as a result of any Indemnatee's intentional misconduct or gross negligence. Any delay or failure by an Indemnatee to notify Franchisee of an Action shall not relieve Franchisee of its indemnity obligation except to the extent (if any) that such delay or failure materially prejudices Franchisee. Franchisee shall not settle an Action without the consent of the Indemnatee. This indemnity will continue in effect after this Agreement ends.

16.2 Assumption. An Indemnatee may elect to assume the defense of any Action subject to this indemnification, and control all aspects of defending the Action, including negotiations and settlement, at Franchisee's expense. Such an undertaking shall not diminish Franchisee's obligation to indemnify the Indemnitees.

ARTICLE 17. DISPUTE RESOLUTION

17.1 Arbitration.

(a) Disputes Subject to Arbitration. Except as expressly provided in subsections (c) and (d), any controversy or claim between the parties (including any controversy or claim arising out of or relating to this Agreement or its formation and including any question of arbitrability) shall be resolved by arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules, including the Optional Rules for Emergency Measures of Protection. Judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction.

(b) Location. The place of arbitration shall be the city and state where Signal Health Group Franchising's headquarters are located.

(c) Injunctive Relief. Either party may apply to the arbitrator seeking injunctive relief until the arbitration award is rendered or the controversy is otherwise resolved. Either party also may, without waiving any remedy or right to arbitrate under this Agreement, seek from any court having jurisdiction any interim or provisional injunctive relief.

(d) Intellectual Property Claims. Either party may bring a claim involving an alleged infringement of any of Signal Health Group Franchising's intellectual property rights in a court authorized to hear such claims under Section 17.5 of this Agreement.

(e) Confidentiality. All documents, information, and results pertaining to any arbitration or lawsuit will be confidential, except as required by law or as required for Signal Health Group Franchising to comply with laws and regulations applicable to the sale of franchises.

(f) Performance During Arbitration or Litigation. Unless this Agreement has been terminated, Signal Health Group Franchising and Franchisee will comply with this Agreement and perform their respective obligations under this Agreement during the arbitration or litigation process.

17.2 Damages. In any controversy or claim arising out of or relating to this Agreement, each party waives any right to punitive or other monetary damages not measured by the prevailing

party's actual damages, except damages expressly authorized by federal statute and damages expressly authorized by this Agreement.

17.3 Waiver of Class Actions. The parties agree that any claims will be arbitrated, litigated, or otherwise resolved on an individual basis, and waive any right to act on a class-wide basis.

17.4 Time Limitation. Any arbitration or other legal action arising from or related to this Agreement must be instituted within two years from the date of the conduct or event that forms the basis of the arbitration or other legal action. The foregoing time limit does not apply to claims (i) by Signal Health Group Franchising related to non-payment of Royalty Fees and other amounts owed by Franchisee, (ii) for indemnity under Article 16, or (iii) related to unauthorized use of Confidential Information or the Marks.

17.5 Venue Other Than Arbitration. For any legal proceeding not required to be submitted to arbitration, the parties agree that such proceeding will be brought in the United States District Court where Signal Health Group Franchising's headquarters is then located. If there is no federal jurisdiction over the dispute, the parties agree that any such legal proceeding will be brought in the court of record of the state and county where Signal Health Group Franchising's headquarters is then located. Each party consents to the jurisdiction of such courts and waives any objection that it, he or she may have to the laying of venue of any proceeding in any of these courts.

17.6 Legal Costs. In any legal proceeding (including arbitration) related to this Agreement or any guaranty, the non-prevailing party shall pay the prevailing party's attorney fees, costs and other expenses of the legal proceeding. "Prevailing party" means the party, if any, which prevailed upon the central litigated issues and obtained substantial relief.

17.7 Franchisor Personnel. The provisions of this Article 17 will apply to any Action by Franchisee or its Owners against Signal Health Group Franchising's officers, directors, shareholders, members, employees, and/or agents. Nothing in this Agreement authorizes any Action against Signal Health Group Franchising's officers, directors, shareholders, members, employees, and/or agents or makes those persons liable for Signal Health Group Franchising's conduct.

ARTICLE 18. MISCELLANEOUS

18.1 Relationship of the Parties. The parties are independent contractors, and neither is the agent, partner, joint venturer, or employee of the other. Signal Health Group Franchising is not a fiduciary of Franchisee. Signal Health Group Franchising does not control or have the right to control Franchisee or its Business. Any required specifications and standards in this Agreement and in the System Standards exist to protect Signal Health Group Franchising's interest in the System and the Marks, and the goodwill established in them, and not for the purpose of establishing any control, or duty to take control, over the Business. Signal Health Group Franchising has no liability for Franchisee's obligations to any third party whatsoever.

18.2 No Third-Party Beneficiaries. Except as stated in Article 16 or Article 17, this Agreement does not confer any rights or remedies upon any person or entity other than Franchisee, Signal Health Group Franchising, and Signal Health Group Franchising's affiliates.

18.3 Entire Agreement. This Agreement constitutes the entire agreement of the parties and supersedes all prior negotiations and representations. Nothing in this Agreement or in any related agreement is intended to disclaim the representations made by Signal Health Group Franchising in its franchise disclosure document.

18.4 Modification. No modification or amendment of this Agreement will be effective unless it is in writing and signed by both parties. This provision does not limit Signal Health Group Franchising's rights to modify the Manual or System Standards.

18.5 Consent; Waiver. No consent under this Agreement, and no waiver of satisfaction of a condition or nonperformance of an obligation under this Agreement will be effective unless it is in writing and signed by the party granting the consent or waiver. No waiver by a party of any right will affect the party's rights as to any subsequent exercise of that right or any other right. No delay, forbearance or omission by a party to exercise any right will constitute a waiver of such right.

18.6 Cumulative Remedies. The rights of the parties are cumulative, and no exercise or enforcement by a party of any right or remedy under this Agreement shall preclude the exercise or enforcement by that party of any other right or remedy in this Agreement, or to which it is entitled by applicable law.

18.7 Severability. The parties intend that (i) if any provision of this Agreement is held by an arbitrator or court to be unenforceable, then that provision be modified to the minimum extent necessary to make it enforceable, unless that modification is not permitted by law, in which case that provision will be disregarded, and (ii) if an unenforceable provision is modified or disregarded, then the rest of this Agreement will remain in effect as written.

18.8 Governing Law. The laws of the state of Nevada (without giving effect to its principles of conflicts of law) govern all adversarial proceedings between the parties. The parties agree that any Nevada law for the protection of franchisees or business opportunity purchasers will not apply unless its jurisdictional requirements are met independently without reference to this Section 18.8.

18.9 Notices. Any notice will be effective under this Agreement only if made in writing and delivered as set forth in this Section to: (A) if to Franchisee, addressed to Franchisee at the notice address set forth in the Summary Page; and (B) if to Signal Health Group Franchising, addressed to 3753 Howard Hughes Parkway, Suite 200, Las Vegas, Nevada 89169. Any party may designate a new address for notices by giving notice of the new address pursuant to this Section. Notices must be: (1) delivered personally; (2) sent by registered or certified U.S. mail with return receipt requested; or (3) sent via overnight courier. Notices will be effective upon the earlier of: (i) receipt by the recipient, (ii) first rejection by the recipient, (iii) three business days after mailing if sent via registered or certified mail; or (iv) the next business day after mailing if sent via overnight courier. Notwithstanding the foregoing, Signal Health Group Franchising may amend the Manual, give binding notice of changes to System Standards, and deliver notices of default by electronic mail or other electronic communication, in which case notice would be effective on Franchisee upon the delivery of the electronic mail or other electronic communication.

18.10 Force Majeure. If either party is unable to perform an obligation due to riots, terrorist act, war, disaster (such as an earthquake, hurricane, or tornado), health emergency (such as epidemics, pandemic, and quarantines), or any other act of God or nature beyond the reasonable control of such party (a “Force Majeure”), such party’s performance of the obligation shall be excused for so long as the Force Majeure exists, but not longer than 180 days. This section shall not excuse a party’s obligation to make a payment owed under this Agreement.

18.11 Holdover. If Franchisee continues operating the Business after the expiration of the term without a renewal agreement or successor franchise agreement executed by the parties in accordance with Section 3.2, then at any time (regardless of any communication or course of dealing by Signal Health Group Franchising), Signal Health Group Franchising may determine that (a) this Agreement expired as of the date of expiration with Franchisee then operating the Business without a license to do so and in violation of Signal Health Group Franchising’s rights or (b) this Agreement continues on an interim basis until 30 days after one party notifies the other party of termination (the “Interim Period”), in which case all of Franchisee’s obligations hereunder remain in full force and effect during the Interim Period as if this Agreement had not expired, and all obligations and restrictions imposed at the expiration of this Agreement will take effect upon termination of the Interim Period.

18.12 Joint and Several Liability. If two or more people sign this Agreement as “Franchisee”, each will have joint and several liability.

18.13 No Offer and Acceptance. Delivery of a draft of this Agreement to Franchisee by Signal Health Group Franchising does not constitute an offer. This Agreement shall not be effective unless and until it is executed by both Franchisee and Signal Health Group Franchising.

GUARANTY AND NON-COMPETE AGREEMENT

This Guaranty and Non-Compete Agreement (this “Guaranty”) is executed by the undersigned person(s) (each, a “Guarantor”) in favor of Signal Health Group Franchise, Inc., a Nevada corporation (“Signal Health Group Franchising”).

Background Statement: _____ (“Franchisee”) desires to enter into a Franchise Agreement with Signal Health Group Franchising for the franchise of a Signal Health Group business (the “Franchise Agreement”; capitalized terms used but not defined in this Guaranty have the meanings given in the Franchise Agreement). Guarantor owns an equity interest in Franchisee. Guarantor is executing this Guaranty in order to induce Signal Health Group Franchising to enter into the Franchise Agreement.

Guarantor agrees as follows:

1. Guaranty. Guarantor hereby unconditionally guarantees to Signal Health Group Franchising and its affiliates that Franchisee shall pay and perform every undertaking, agreement and covenant set forth in the Franchise Agreement and further guarantees every other liability and obligation of Franchisee to Signal Health Group Franchising and its affiliates, whether or not contained in the Franchise Agreement. Guarantor shall render any payment or performance required under the Franchise Agreement or any other agreement between Franchisee and Signal Health Group Franchising or its affiliates upon demand from Signal Health Group Franchising. Guarantor waives (a) acceptance and notice of acceptance by Signal Health Group Franchising of this Guaranty; (b) notice of demand for payment of any indebtedness or nonperformance of any obligations of Franchisee; (c) protest and notice of default to any party with respect to the indebtedness or nonperformance of any obligations hereby guaranteed; (d) any right Guarantor may have to require that an action be brought against Franchisee or any other person or entity as a condition of liability hereunder; (e) all rights to payments and claims for reimbursement or subrogation which any of the undersigned may have against Franchisee arising as a result of the execution of and performance under this Guaranty by the undersigned; (f) any law which requires that Signal Health Group Franchising make demand upon, assert claims against or collect from Franchisee or any other person or entity (including any other guarantor), foreclose any security interest, sell collateral, exhaust any remedies or take any other action against Franchisee or any other person or entity (including any other guarantor) prior to making any demand upon, collecting from or taking any action against the undersigned with respect to this Guaranty; and (g) any and all other notices and legal or equitable defenses to which Guarantor may be entitled.

2. Confidential Information. With respect to all Confidential Information, Guarantor shall (a) adhere to all security procedures prescribed by Signal Health Group Franchising for maintaining confidentiality, (b) disclose such information to its employees only to the extent necessary for the operation of the Business, (c) not use any such information in any other business or in any manner not specifically authorized or approved in writing by Signal Health Group Franchising, (d) exercise the highest degree of diligence and make every effort to maintain the confidentiality of all such information during and after the term of the Franchise Agreement, (e) not copy or otherwise reproduce any Confidential Information, and (f) promptly report any

unauthorized disclosure or use of Confidential Information. Guarantor acknowledges that all customer data collected or generated by the Business and all data collected or generated by the primary software system (other than data regarding employees) is Confidential Information belonging to Signal Health Group Franchising. This Section will survive the termination or expiration of the Franchise Agreement indefinitely. Nothing in this Section or elsewhere in this Guaranty or the Franchise Agreement shall be deemed to limit or prohibit Guarantor from communicating about potential law violations with the Federal Trade Commission or other government agency acting within its statutory mandate.

3. Covenants Not to Compete.

(a) Restriction - In Term. During the term of the Franchise Agreement, Guarantor shall not directly or indirectly have any ownership interest in, lend money or provide financial assistance to, provide any services to, or be employed by, any Competitor.

(b) Restriction – Post Term. For two years after the Franchise Agreement expires or is terminated for any reason (or, if applicable, for two years after a Transfer by Guarantor), Guarantor shall not directly or indirectly have any ownership interest in, lend money or provide financial assistance to, provide any services to, or be employed by, any Competitor within twenty miles of Franchisee's Territory or the territory of any other Signal Health Group business operating on the date of expiration, termination, or transfer, as applicable.

(c) Interpretation. Guarantor agrees that each of the foregoing covenants is independent of any other covenant or provision of this Guaranty or the Franchise Agreement. If all or any portion of the covenants in this Section is held to be unenforceable or unreasonable by any court or arbitrator, then the parties intend that the court or arbitrator modify such restriction to the extent reasonably necessary to protect the legitimate business interests of Signal Health Group Franchising. Guarantor agrees that the existence of any claim it or Franchisee may have against Signal Health Group Franchising shall not constitute a defense to the enforcement by Signal Health Group Franchising of the covenants of this Section. If Guarantor fails to comply with the obligations under this Section during the restrictive period, then the restrictive period will be extended an additional day for each day of noncompliance.

4. Modification. Guarantor also agrees that no modification, extension, or indulgence granted to Franchisee (including any amendment or modification of the Franchise Agreement) shall release Guarantor from or otherwise affect this Guaranty, and that this Guaranty shall continue in full force and effect as to any renewal, extension, amendment, or modification of the Franchise Agreement. In addition, Guarantor agrees that Guarantor's liability hereunder shall not be diminished, relieved, or otherwise affected by any extension of time, credit, or other indulgence which Signal Health Group Franchising may from time-to-time grant to Franchisee or to any other person or entity, or by the acceptance of any partial payment or performance or the compromise or release of any claims.

5. Governing Law; Dispute Resolution. This Guaranty shall be governed by and construed in accordance with the laws of the state of Nevada (without giving effect to its principles of conflicts of law). The parties agree that any Nevada law for the protection of franchisees or business opportunity purchasers will not apply unless its jurisdictional requirements are met

independently without reference to this Section 5. The provisions of Article 17 (Dispute Resolution) of the Franchise Agreement apply to and are incorporated into this Guaranty as if fully set forth herein. Guarantor shall pay to Signal Health Group Franchising and its affiliates all costs incurred by Signal Health Group Franchising or its affiliates (including reasonable attorney fees) in enforcing this Guaranty. If multiple Guarantors sign this Guaranty, each will have joint and several liability.

Franchisee agrees that the existence of any claim it may have against Signal Health

Group Franchising shall not constitute a defense to the enforcement by Signal Health Group Franchising of the covenants of this Section. If a Restricted Party fails to comply with the obligations under this Section during the restrictive period, then the restrictive period will be extended an additional day for each day of noncompliance.

13.3 General Manager and Key Employees. - (x) Franchisee has received two or more notices of default and Franchisee commits another breach of this Agreement, all in the same 12-month period;
- (xi) Signal Health Group Franchising (or any affiliate) terminates any other agreement with Franchisee (or any affiliate) due to the breach of such other agreement by Franchisee (or its affiliate) (provided that termination of a Multi-Unit Development Agreement with Franchisee or its affiliate shall not give Signal Health Group Franchising the right to terminate this Agreement);
- (xii) Franchisee or any Owner is charged with, pleads guilty or no-contest to, or is convicted of a felony; or
- (xiii) Franchisee or any Owner is accused by any governmental authority or third party of any act, or if Franchisee or any Owner commits any act or series of acts, that in Signal Health Group Franchising's opinion is reasonably likely to materially and unfavorably affect the Signal Health Group brand.

Upon termination or expiration of this Agreement, all obligations that by their terms or by reasonable implication survive termination, including those pertaining to non-competition, confidentiality, indemnity, and dispute resolution, will remain in effect, and Franchisee must:

- (i) pay—within 10 days of such termination or expiration—all amounts owed to Signal Health Group Franchising based on the operation of the Business through the effective date of termination or expiration;
- (ii) immediately return to Signal Health Group Franchising all copies of the Manual, Confidential Information and any and all other materials provided by Signal Health Group Franchising to Franchisee or created by a third party for Franchisee relating to the operation of the Business, and all items containing any Marks, copyrights, and other proprietary items; and delete all Confidential Information and proprietary materials from electronic devices;

Franchisee hereby irrevocably appoints Signal Health Group Franchising, with full power of substitution, as its true and lawful attorney-in-fact, which appointment is coupled with an interest; to execute such directions and authorizations as may be necessary or appropriate to accomplish the foregoing. The telephone company, the postal service, registrars, Internet service providers and each listing agency may accept such direction by Signal Health Group Franchising pursuant to this Agreement as conclusive evidence of Signal Health Group Franchising’s exclusive rights in such accounts and its authority to direct their transfer; and
- (iv) immediately cease doing business under any of the Marks.

14.4 Remove Identification. Within 30 days after termination or expiration, Franchisee shall at its own expense “de-identify” the Location so that it no longer contains the Marks, signage, or any trade dress of a Signal Health Group business, to the reasonable satisfaction of Signal Health Group Franchising. Franchisee shall comply with any reasonable instructions and procedures of Signal Health Group Franchising for de-identification. If Franchisee fails to do so within 30 days after this Agreement expires or is terminated, Signal Health Group Franchising may enter the Location to remove the Marks and de-identify the Location. In this event, Signal Health Group Franchising will not be charged with trespass nor be accountable or required to pay for any assets removed or altered, or for any damage caused by Signal Health Group Franchising.

14.5 Liquidated Damages. If Signal Health Group Franchising terminates this Agreement based upon Franchisee’s default (or if Franchisee purports to terminate this Agreement except as permitted under Section 14.1), then within 10 days thereafter Franchisee shall pay to Signal Health

Group Franchising a lump sum (as liquidated damages and not as a penalty) calculated as follows: (x) the average monthly Royalty Fees and Brand Development Fund Contributions that Franchisee owed to Signal Health Group Franchising under this Agreement for the last 12 full months that Franchisee operated the Business (disregarding any fee waivers or reductions granted to Franchisee); multiplied by (y) the lesser of (1) 24 or (2) the number of months remaining in the then-current term of this Agreement. If Franchisee had not operated the Business for at least 12 full months, then (x) will equal the average monthly Royalty Fees and Brand Development Fund Contributions that Franchisee owed to Signal Health Group Franchising during the period that Franchisee operated the Business. The “average Royalty Fees and Brand Development Fund Contributions that Franchisee owed to Signal Health Group Franchising” shall not be discounted or adjusted due to any deferred or reduced Royalty Fees and Brand Development Fund Contributions set forth in an addendum to this Agreement, unless this Section 14.5 is specifically amended in such addendum. Franchisee acknowledges that a precise calculation of the full extent of Signal Health Group Franchising’s damages under these circumstances is difficult to determine and the method of calculation of such damages as set forth in this Section is reasonable. Franchisee’s payment to Signal Health Group Franchising under this Section will be in lieu of any direct monetary damages that Signal Health Group Franchising may incur as a result of Signal Health Group Franchising’s loss of Royalty Fees and Brand Development Fund Contributions that would have been owed to Signal Health Group Franchising after the date of termination; however, such payment shall be in addition to all damages and other amounts arising under Section 14.3 and Section 14.4, Signal Health Group Franchising’s right to injunctive relief for enforcement of Article 13, and any attorneys’ fees and other costs and expenses to which Signal Health Group Franchising is entitled under this Agreement. Except as provided in this Section, Franchisee’s payment of this lump sum shall be in addition to any other right or remedy that Signal Health Group Franchising may have under this Agreement or otherwise. If liquidated damages are prohibited by applicable law or are otherwise deemed unenforceable for any reason, then Franchisee shall be liable for Signal Health Group Franchising’s actual damages (including, without limitation, lost future profits) instead of liquidated damages.

14.6 Purchase Option.

(a) Option. When this Agreement expires or is terminated, Signal Health Group Franchising will have the option (but not the obligation) to purchase any or all of the assets related to the Business, and/or to require Franchisee to assign its lease or sublease to Signal Health Group Franchising. To exercise this option, Signal Health Group Franchising must notify Franchisee no later than 30 days after this Agreement expires or is terminated.

(b) Price. The purchase price for all assets that Signal Health Group Franchising elects to purchase will be the lower of (i) the book value of such assets as declared on Franchisee’s last filed tax returns or (ii) the fair market value of the assets. If the parties cannot agree on fair market value within 20 days after the exercise notice, the fair market value will be determined by an independent appraiser reasonably acceptable to both parties. The parties will equally share the cost of the appraisal. Signal Health Group Franchising’s purchase will be of assets only (free and clear of all liens), and the purchase will not include any liabilities of Franchisee. The purchase price for assets will not include any factor or increment for any trademark or other commercial symbol used in the business, the value of any intangible assets, or any goodwill or “going concern” value for the Business.

(c) Due Diligence. For a period of 30 days following the determination of the fair market value (the “Due Diligence Period”) whether by agreement or by the determination by the appraiser as provided herein, Signal Health Group Franchising shall have the right to conduct a due diligence investigation of the assets related to the Business. Franchisee must give Signal Health Group Franchising reasonable access to Franchisee’s facilities, books, and records during the Due Diligence Period. Signal Health Group Franchising shall have the right to require Franchisee to continue to operate the Business during the Due Diligence Period, and Signal Health Group Franchising shall also have the right to operate the Business during the Due Diligence Period in accordance with Section 11.13. Signal Health Group Franchising is under no obligation to continue with due diligence or to exercise its purchase option, and Signal Health Group Franchising may withdraw its exercise of the purchase option at any time before it pays for the assets.

(d) Closing. Franchisee will sign a bill of sale for the purchased assets and any other transfer documents reasonably requested by Signal Health Group Franchising. Signal Health Group Franchising will be entitled to all customary warranties and representations in connection with this asset purchase, including, representations and warranties as to ownership and condition of and title to assets, as to liens and encumbrances, validity of contracts, and liabilities affecting the assets. If Signal Health Group Franchising exercises the purchase option, Signal Health Group Franchising may deduct from the purchase price: (i) all amounts due from Franchisee; (ii) Franchisee’s portion of the cost of any appraisal conducted hereunder; and (iii) amounts paid or to be paid by Signal Health Group Franchising to cure defaults under Franchisee’s lease and/or amounts owed by Franchisee to third parties. If any of the assets are subject to a lien, Signal Health Group Franchising may pay a portion of the purchase price directly to the lienholder to pay off such lien. Signal Health Group Franchising may withhold 25% of the purchase price for 90 days to ensure that all of Franchisee’s taxes and other liabilities are paid.

(e) Assignment. Signal Health Group Franchising may assign this purchase option to an affiliate or a third party.

ARTICLE 15. TRANSFERS

15.1 By Signal Health Group Franchising. Signal Health Group Franchising may transfer or assign this Agreement, or any of its rights or obligations under this Agreement, to any person or entity, and Signal Health Group Franchising may undergo a change in ownership and/or control, without the consent of Franchisee.

15.2 By Franchisee. Franchisee acknowledges that the rights and duties set forth in this Agreement are personal to Franchisee and that Signal Health Group Franchising entered into this Agreement in reliance on Franchisee’s business skill, financial capacity, personal character, experience, and business ability. Accordingly, Franchisee shall not conduct or undergo a Transfer without providing Signal Health Group Franchising at least 60 days prior notice of the proposed Transfer, and without obtaining Signal Health Group Franchising’s consent. In granting any such consent, Signal Health Group Franchising may impose conditions, including, without limitation, the following:

- (i) Signal Health Group Franchising receives a transfer fee equal to \$15,000 (of which a non-refundable \$1,500 is due when Franchisee notifies Signal Health Group Franchising or asks Signal Health Group Franchising to consider a Transfer, and the balance is due when the Transfer is effective) plus any broker fees and other out-of-pocket costs incurred by Signal Health Group Franchising (however, if the transfer is to an existing franchisee, the transfer fee will be equal to \$7,500 plus any broker fees and other out-of-pocket costs incurred by Signal Health Group Franchising);
- (ii) the proposed Transferee and its owners have completed Signal Health Group Franchising's franchise application processes, meet Signal Health Group Franchising's then-applicable standards for new franchisees, and have been approved by Signal Health Group Franchising as franchisees;
- (iii) the proposed Transferee is not a Competitor;
- (iv) the proposed Transferee executes Signal Health Group Franchising's then-current form of franchise agreement and any related documents, which form may contain materially different provisions than this Agreement (provided, however, that the form will be amended to provide that the proposed Transferee will not be required to pay an initial franchise fee);
- (v) all owners of the proposed Transferee provide a guaranty in accordance with Section 2.5;
- (vi) Franchisee has paid all monetary obligations to Signal Health Group Franchising and its affiliates, and to any lessor, vendor, supplier, or lender to the Business, and Franchisee is not otherwise in default or breach of this Agreement or of any other obligation owed to Signal Health Group Franchising or its affiliates;
- (vii) the proposed Transferee and its owners and employees undergo such training as Signal Health Group Franchising may require;
- (viii) Franchisee, its Owners, and the Transferee and its owners execute a general release of Signal Health Group Franchising in a form satisfactory to Signal Health Group Franchising; and
- (ix) the Business fully complies with all of Signal Health Group Franchising's most recent System Standards.

15.3 Transfer for Convenience of Ownership. If Franchisee is an individual, Franchisee may Transfer this Agreement to a corporation or limited liability company formed for the convenience of ownership after at least 15 days' notice to Signal Health Group Franchising, if, prior to the Transfer: (1) the transferee provides the information required by Section 2.3; (2) Franchisee provides copies of the entity's charter documents, by-laws (or operating agreement) and similar documents, if requested by Signal Health Group Franchising, (3) Franchisee owns all voting securities of the corporation or limited liability company, and (4) Franchisee provides a guaranty in accordance with Section 2.5.

15.4 Transfer upon Death or Incapacity. Upon the death or incapacity of Franchisee (or, if Franchisee is an entity, the Owner with the largest ownership interest in Franchisee), the executor, administrator, or personal representative of that person must Transfer the Business to a third party approved by Signal Health Group Franchising (or to another person who was an Owner at the time of death or incapacity of the largest Owner) within nine months after death or incapacity. Such transfer must comply with Section 15.2.

15.5 Signal Health Group Franchising's Right of First Refusal. Before Franchisee (or any Owner) engages in a Transfer (except under Section 15.3, to a co-Owner, or to a spouse, sibling, or child of an Owner), Signal Health Group Franchising will have a right of first refusal, as set forth in this Section. Franchisee (or its Owners) shall provide to Signal Health Group Franchising a copy of the terms and conditions of any Transfer. For a period of 30 days from the date of Signal Health Group Franchising's receipt of such copy, Signal Health Group Franchising will have the right, exercisable by notice to Franchisee, to purchase the assets subject of the proposed Transfer for the same price and on the same terms and conditions (except that if some or all of the purchase price is not payable in cash, Signal Health Group Franchising may pay the equivalent value in cash for the purchase price). If Signal Health Group Franchising does not exercise its right of first refusal, Franchisee may proceed with the Transfer, subject to the other terms and conditions of this Article.

15.6 No Sublicense. Franchisee has no right to sublicense the Marks or any of Franchisee's rights under this Agreement.

15.7 No Lien on Agreement. Franchisee shall not grant a security interest in this Agreement to any person or entity. If Franchisee grants an "all assets" security interest to any lender or other secured party, Franchisee shall cause the secured party to expressly exempt this Agreement from the security interest.

ARTICLE 16. INDEMNITY

16.1 Indemnity. Franchisee shall indemnify and defend (with counsel reasonably acceptable to Signal Health Group Franchising) Signal Health Group Franchising, its parent entities, subsidiaries and affiliates, and their respective owners, directors, officers, employees, agents, successors and assignees (collectively, "Indemnitees") against all Losses in any Action by or against Signal Health Group Franchising and/or any Indemnatee directly or indirectly related to, or alleged to arise out of, the development or operation of the Business (including any Data Security Event), or the acts or omissions of Franchisee or any of Franchisee's Owners, officers, directors, employees, or agents. Notwithstanding the foregoing, Franchisee shall not be obligated to indemnify an Indemnatee from Actions which Franchisee proves arose solely as a result of any Indemnatee's intentional misconduct or gross negligence. Any delay or failure by an Indemnatee to notify Franchisee of an Action shall not relieve Franchisee of its indemnity obligation except to the extent (if any) that such delay or failure materially prejudices Franchisee. Franchisee shall not settle an Action without the consent of the Indemnatee. This indemnity will continue in effect after this Agreement ends.

16.2 Assumption. An Indemnatee may elect to assume the defense of any Action subject to this indemnification, and control all aspects of defending the Action, including negotiations and

settlement, at Franchisee's expense. Such an undertaking shall not diminish Franchisee's obligation to indemnify the Indemnitees.

ARTICLE 17. DISPUTE RESOLUTION

17.1 Arbitration.

(a) Disputes Subject to Arbitration. Except as expressly provided in subsections (c) and (d), any controversy or claim between the parties (including any controversy or claim arising out of or relating to this Agreement or its formation and including any question of arbitrability) shall be resolved by arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules, including the Optional Rules for Emergency Measures of Protection. Judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction.

(b) Location. The place of arbitration shall be the city and state where Signal Health Group Franchising's headquarters are located.

(c) Injunctive Relief. Either party may apply to the arbitrator seeking injunctive relief until the arbitration award is rendered or the controversy is otherwise resolved. Either party also may, without waiving any remedy or right to arbitrate under this Agreement, seek from any court having jurisdiction any interim or provisional injunctive relief.

(d) Intellectual Property Claims. Either party may bring a claim involving an alleged infringement of any of Signal Health Group Franchising's intellectual property rights in a court authorized to hear such claims under Section 17.5 of this Agreement.

(e) Confidentiality. All documents, information, and results pertaining to any arbitration or lawsuit will be confidential, except as required by law or as required for Signal Health Group Franchising to comply with laws and regulations applicable to the sale of franchises.

(f) Performance During Arbitration or Litigation. Unless this Agreement has been terminated, Signal Health Group Franchising and Franchisee will comply with this Agreement and perform their respective obligations under this Agreement during the arbitration or litigation process.

17.2 Damages. In any controversy or claim arising out of or relating to this Agreement, each party waives any right to punitive or other monetary damages not measured by the prevailing party's actual damages, except damages expressly authorized by federal statute and damages expressly authorized by this Agreement.

17.3 Waiver of Class Actions. The parties agree that any claims will be arbitrated, litigated, or otherwise resolved on an individual basis, and waive any right to act on a class-wide basis.

17.4 Time Limitation. Any arbitration or other legal action arising from or related to this Agreement must be instituted within two years from the date of the conduct or event that forms the basis of the arbitration or other legal action. The foregoing time limit does not apply to claims (i) by Signal Health Group Franchising related to non-payment of Royalty Fees and other amounts

owed by Franchisee, (ii) for indemnity under Article 16, or (iii) related to unauthorized use of Confidential Information or the Marks.

17.5 Venue Other Than Arbitration. For any legal proceeding not required to be submitted to arbitration, the parties agree that such proceeding will be brought in the United States District Court where Signal Health Group Franchising's headquarters is then located. If there is no federal jurisdiction over the dispute, the parties agree that any such legal proceeding will be brought in the court of record of the state and county where Signal Health Group Franchising's headquarters is then located. Each party consents to the jurisdiction of such courts and waives any objection that it, he or she may have to the laying of venue of any proceeding in any of these courts.

17.6 Legal Costs. In any legal proceeding (including arbitration) related to this Agreement or any guaranty, the non-prevailing party shall pay the prevailing party's attorney fees, costs and other expenses of the legal proceeding. "Prevailing party" means the party, if any, which prevailed upon the central litigated issues and obtained substantial relief.

17.7 Franchisor Personnel. The provisions of this Article 17 will apply to any Action by Franchisee or its Owners against Signal Health Group Franchising's officers, directors, shareholders, members, employees, and/or agents. Nothing in this Agreement authorizes any Action against Signal Health Group Franchising's officers, directors, shareholders, members, employees, and/or agents or makes those persons liable for Signal Health Group Franchising's conduct.

ARTICLE 18. MISCELLANEOUS

18.1 Relationship of the Parties. The parties are independent contractors, and neither is the agent, partner, joint venturer, or employee of the other. Signal Health Group Franchising is not a fiduciary of Franchisee. Signal Health Group Franchising does not control or have the right to control Franchisee or its Business. Any required specifications and standards in this Agreement and in the System Standards exist to protect Signal Health Group Franchising's interest in the System and the Marks, and the goodwill established in them, and not for the purpose of establishing any control, or duty to take control, over the Business. Signal Health Group Franchising has no liability for Franchisee's obligations to any third party whatsoever.

18.2 No Third-Party Beneficiaries. Except as stated in Article 16 or Article 17, this Agreement does not confer any rights or remedies upon any person or entity other than Franchisee, Signal Health Group Franchising, and Signal Health Group Franchising's affiliates.

18.3 Entire Agreement. This Agreement constitutes the entire agreement of the parties and supersedes all prior negotiations and representations. Nothing in this Agreement or in any related agreement is intended to disclaim the representations made by Signal Health Group Franchising in its franchise disclosure document.

18.4 Modification. No modification or amendment of this Agreement will be effective unless it is in writing and signed by both parties. This provision does not limit Signal Health Group Franchising's rights to modify the Manual or System Standards.

18.5 Consent; Waiver. No consent under this Agreement, and no waiver of satisfaction of a condition or nonperformance of an obligation under this Agreement will be effective unless it is in writing and signed by the party granting the consent or waiver. No waiver by a party of any right will affect the party's rights as to any subsequent exercise of that right or any other right. No delay, forbearance or omission by a party to exercise any right will constitute a waiver of such right.

18.6 Cumulative Remedies. The rights of the parties are cumulative, and no exercise or enforcement by a party of any right or remedy under this Agreement shall preclude the exercise or enforcement by that party of any other right or remedy in this Agreement, or to which it is entitled by applicable law.

18.7 Severability. The parties intend that (i) if any provision of this Agreement is held by an arbitrator or court to be unenforceable, then that provision be modified to the minimum extent necessary to make it enforceable, unless that modification is not permitted by law, in which case that provision will be disregarded, and (ii) if an unenforceable provision is modified or disregarded, then the rest of this Agreement will remain in effect as written.

18.8 Governing Law. The laws of the state of Nevada (without giving effect to its principles of conflicts of law) govern all adversarial proceedings between the parties. The parties agree that any Nevada law for the protection of franchisees or business opportunity purchasers will not apply unless its jurisdictional requirements are met independently without reference to this Section 18.8.

18.9 Notices. Any notice will be effective under this Agreement only if made in writing and delivered as set forth in this Section to: (A) if to Franchisee, addressed to Franchisee at the notice address set forth in the Summary Page; and (B) if to Signal Health Group Franchising, addressed to 3753 Howard Hughes Parkway, Suite 200, Las Vegas, Nevada 89169. Any party may designate a new address for notices by giving notice of the new address pursuant to this Section. Notices must be: (1) delivered personally; (2) sent by registered or certified U.S. mail with return receipt requested; or (3) sent via overnight courier. Notices will be effective upon the earlier of: (i) receipt by the recipient, (ii) first rejection by the recipient, (iii) three business days after mailing if sent via registered or certified mail; or (iv) the next business day after mailing if sent via overnight courier. Notwithstanding the foregoing, Signal Health Group Franchising may amend the Manual, give binding notice of changes to System Standards, and deliver notices of default by electronic mail or other electronic communication, in which case notice would be effective on Franchisee upon the delivery of the electronic mail or other electronic communication.

18.10 Force Majeure. If either party is unable to perform an obligation due to riots, terrorist act, war, disaster (such as an earthquake, hurricane, or tornado), health emergency (such as epidemics, pandemic, and quarantines), or any other act of God or nature beyond the reasonable control of such party (a "Force Majeure"), such party's performance of the obligation shall be excused for so long as the Force Majeure exists, but not longer than 180 days. This section shall not excuse a party's obligation to make a payment owed under this Agreement.

18.11 Holdover. If Franchisee continues operating the Business after the expiration of the term without a renewal agreement or successor franchise agreement executed by the parties in accordance with Section 3.2, then at any time (regardless of any communication or course of

dealing by Signal Health Group Franchising), Signal Health Group Franchising may determine that (a) this Agreement expired as of the date of expiration with Franchisee then operating the Business without a license to do so and in violation of Signal Health Group Franchising's rights or (b) this Agreement continues on an interim basis until 30 days after one party notifies the other party of termination (the "Interim Period"), in which case all of Franchisee's obligations hereunder remain in full force and effect during the Interim Period as if this Agreement had not expired, and all obligations and restrictions imposed at the expiration of this Agreement will take effect upon termination of the Interim Period.

18.12 Joint and Several Liability. If two or more people sign this Agreement as "Franchisee", each will have joint and several liability.

18.13 No Offer and Acceptance. Delivery of a draft of this Agreement to Franchisee by Signal Health Group Franchising does not constitute an offer. This Agreement shall not be effective unless and until it is executed by both Franchisee and Signal Health Group Franchising.

GUARANTY AND NON-COMPETE AGREEMENT

This Guaranty and Non-Compete Agreement (this “Guaranty”) is executed by the undersigned person(s) (each, a “Guarantor”) in favor of Signal Health Group Franchise, Inc., a Nevada corporation (“Signal Health Group Franchising”).

Background Statement: _____ (“Franchisee”) desires to enter into a Franchise Agreement with Signal Health Group Franchising for the franchise of a Signal Health Group business (the “Franchise Agreement”; capitalized terms used but not defined in this Guaranty have the meanings given in the Franchise Agreement). Guarantor owns an equity interest in Franchisee. Guarantor is executing this Guaranty in order to induce Signal Health Group Franchising to enter into the Franchise Agreement.

Guarantor agrees as follows:

1. Guaranty. Guarantor hereby unconditionally guarantees to Signal Health Group Franchising and its affiliates that Franchisee shall pay and perform every undertaking, agreement and covenant set forth in the Franchise Agreement and further guarantees every other liability and obligation of Franchisee to Signal Health Group Franchising and its affiliates, whether or not contained in the Franchise Agreement. Guarantor shall render any payment or performance required under the Franchise Agreement or any other agreement between Franchisee and Signal Health Group Franchising or its affiliates upon demand from Signal Health Group Franchising. Guarantor waives (a) acceptance and notice of acceptance by Signal Health Group Franchising of this Guaranty; (b) notice of demand for payment of any indebtedness or nonperformance of any obligations of Franchisee; (c) protest and notice of default to any party with respect to the indebtedness or nonperformance of any obligations hereby guaranteed; (d) any right Guarantor may have to require that an action be brought against Franchisee or any other person or entity as a condition of liability hereunder; (e) all rights to payments and claims for reimbursement or subrogation which any of the undersigned may have against Franchisee arising as a result of the execution of and performance under this Guaranty by the undersigned; (f) any law which requires that Signal Health Group Franchising make demand upon, assert claims against or collect from Franchisee or any other person or entity (including any other guarantor), foreclose any security interest, sell collateral, exhaust any remedies or take any other action against Franchisee or any other person or entity (including any other guarantor) prior to making any demand upon, collecting from or taking any action against the undersigned with respect to this Guaranty; and (g) any and all other notices and legal or equitable defenses to which Guarantor may be entitled.

2. Confidential Information. With respect to all Confidential Information, Guarantor shall (a) adhere to all security procedures prescribed by Signal Health Group Franchising for maintaining confidentiality, (b) disclose such information to its employees only to the extent necessary for the operation of the Business, (c) not use any such information in any other business or in any manner not specifically authorized or approved in writing by Signal Health Group Franchising, (d) exercise the highest degree of diligence and make every effort to maintain the confidentiality of all such information during and after the term of the Franchise Agreement, (e) not copy or otherwise reproduce any Confidential Information, and (f) promptly report any

unauthorized disclosure or use of Confidential Information. Guarantor acknowledges that all customer data collected or generated by the Business and all data collected or generated by the primary software system (other than data regarding employees) is Confidential Information belonging to Signal Health Group Franchising. This Section will survive the termination or expiration of the Franchise Agreement indefinitely. Nothing in this Section or elsewhere in this Guaranty or the Franchise Agreement shall be deemed to limit or prohibit Guarantor from communicating about potential law violations with the Federal Trade Commission or other government agency acting within its statutory mandate.

3. Covenants Not to Compete.

(a) Restriction - In Term. During the term of the Franchise Agreement, Guarantor shall not directly or indirectly have any ownership interest in, lend money or provide financial assistance to, provide any services to, or be employed by, any Competitor.

(b) Restriction – Post Term. For two years after the Franchise Agreement expires or is terminated for any reason (or, if applicable, for two years after a Transfer by Guarantor), Guarantor shall not directly or indirectly have any ownership interest in, lend money or provide financial assistance to, provide any services to, or be employed by, any Competitor within twenty miles of Franchisee's Territory or the territory of any other Signal Health Group business operating on the date of expiration, termination, or transfer, as applicable.

(c) Interpretation. Guarantor agrees that each of the foregoing covenants is independent of any other covenant or provision of this Guaranty or the Franchise Agreement. If all or any portion of the covenants in this Section is held to be unenforceable or unreasonable by any court or arbitrator, then the parties intend that the court or arbitrator modify such restriction to the extent reasonably necessary to protect the legitimate business interests of Signal Health Group Franchising. Guarantor agrees that the existence of any claim it or Franchisee may have against Signal Health Group Franchising shall not constitute a defense to the enforcement by Signal Health Group Franchising of the covenants of this Section. If Guarantor fails to comply with the obligations under this Section during the restrictive period, then the restrictive period will be extended an additional day for each day of noncompliance.

4. Modification. Guarantor also agrees that no modification, extension, or indulgence granted to Franchisee (including any amendment or modification of the Franchise Agreement) shall release Guarantor from or otherwise affect this Guaranty, and that this Guaranty shall continue in full force and effect as to any renewal, extension, amendment, or modification of the Franchise Agreement. In addition, Guarantor agrees that Guarantor's liability hereunder shall not be diminished, relieved, or otherwise affected by any extension of time, credit, or other indulgence which Signal Health Group Franchising may from time-to-time grant to Franchisee or to any other person or entity, or by the acceptance of any partial payment or performance or the compromise or release of any claims.

5. Governing Law; Dispute Resolution. This Guaranty shall be governed by and construed in accordance with the laws of the state of Nevada (without giving effect to its principles of conflicts of law). The parties agree that any Nevada law for the protection of franchisees or business opportunity purchasers will not apply unless its jurisdictional requirements are met

independently without reference to this Section 5. The provisions of Article 17 (Dispute Resolution) of the Franchise Agreement apply to and are incorporated into this Guaranty as if fully set forth herein. Guarantor shall pay to Signal Health Group Franchising and its affiliates all costs incurred by Signal Health Group Franchising or its affiliates (including reasonable attorney fees) in enforcing this Guaranty. If multiple Guarantors sign this Guaranty, each will have joint and several liability.

To the Board of Directors and Members
Signal Health Group Franchise, Inc.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Signal Health Group Franchise, Inc., which comprise the balance sheet as of December 31, 2024, and the related statements of income and stockholder's equity, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Signal Health Group Franchise, Inc. as of December 31, 2024, and the results of its operations and its cashflow for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Signal Health Group Franchise, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Signal Health Group Franchise, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Signal Health Group Franchise, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt Signal Health Group Franchise, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**SIGNAL HEALTH GROUP FRANCHISE, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2024**

Note 1 - Summary of Significant Accounting Policies

Nature of Operations

Signal Health Group Franchise, Inc. (the Company) was formed to provide home based personal support and companionship services to aging and or disabled individuals. The Franchise also extends services to hospitals, retirement facilities and clinics.

Basis of Accounting

The Company's financial statements have been prepared on the accrual basis of accounting and are prepared in accordance with the accounting principles generally accepted in the United States of America.

Cash and Cash Equivalents

For purposes of the financial statements, The Company considers all assets with a maturity of three months or less to be cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with the Generally Accepted Accounting Principles (GAAP) which requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Fixed Assets

Fixed Assets are stated at cost. Depreciation is computed using the accelerated cost recovery and modified cost recovery methods allowable under the Internal Revenue Code. The recovery periods being used are 5 and 7 years for furniture, fixtures and equipment and 39 years for non-residential real estate.

Income Taxes

The Company accounts for income taxes under the asset and liability method. A deferred tax asset or liability is recognized whenever there are (1) future tax effects from temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and (2) operating loss, capital loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to the years in which those differences are expected to be recovered or settled. There were no deferred tax liability or asset at December 31, 2024.

**SIGNAL HEALTH GROUP FRANCHISE, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2024**

Note 1 - Summary of Significant Accounting Policies (Continued)

Revenue recognition

The Company has implemented the Financial Accounting Standards Board (FASB), Accounting Standards Update (ASU) No. 2014-09, which amended *Revenue from Contracts with Customers (Topic 606)* of the Accounting Standards Codification. The Franchise fee revenue is recognized when all material services or conditions relating to the sale of the franchise have been substantially performed or satisfied. The Company has substantially satisfied all of these conditions at the beginning of franchise operations. When franchise fees have been received but not all conditions have been substantially satisfied to be recognized as revenue, the franchise fee amount is included in deferred revenue. Continuing franchise royalties are based on a defined percentage of franchise revenues and are recognized when earned.

The Company determines revenue recognition through the following steps:

- *Identification of the contract or contracts with a customer;*
- *Identification of the performance obligations in the contract;*
- *Determination of the transaction price;*
- *Allocation of the transaction price to the performance obligations in the contract, and*
- *Recognition of revenue when or as the Company satisfies the performance obligations.*

The Company has two distinct revenue streams:

- Initial franchise fees
- Royalties

Franchise agreements have terms of ten years. These agreements convey renewal terms provided the franchisee is in good standing and meets all criteria stated in the franchise agreement.

The Company has elected to expense the incremental costs incurred to obtain a contract, as the amortization period is less than a year.

**SIGNAL HEALTH GROUP FRANCHISE, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2024**

Note 1 - Summary of Significant Accounting Policies (Continued)

Accounts receivables

Credit terms are extended to customers in the normal course of business. The Company performs ongoing credit evaluations of its customers' financial conditions and generally requires no collateral. Accounts receivable are recorded at their estimated net realizable value, net of an allowance for doubtful accounts. The Company's estimate of the allowance for doubtful accounts is based upon historical experience, its evaluation of the current status of receivables, and unusual circumstances, if any. Accounts are considered past due if payment is not made on a timely basis in accordance with the Company's credit terms. Accounts considered uncollectible are written off against the allowance. The Company has outstanding accounts receivable as of December 31, 2024 amounting to \$37,038.

Note 2 – Fair Value Measurements

The Company reports its fair value measures using a three-level hierarchy that prioritizes the inputs used to measure fair value. This hierarchy, established by GAAP, requires that entities maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs used to measure fair value are as follows:

- Level 1. Quoted prices for identical assets or liabilities in active markets to which the Company has access at measurement date.
- Level 2. Inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include:
 - I. quoted prices for similar assets or liabilities in active markets;
 - II. quoted prices for identical or similar assets in markets that are not active;
 - III. observable inputs other than quoted prices for asset or liability (for example, interest rates and yield curves); and
 - IV. inputs derived principally from, or corroborated by, observable market data by correlation or by other means.

Level 3. Unobservable inputs for asset or liability. Unobservable inputs should be used to measure the fair value to the extent that observable inputs are not available. When available the Company measures fair value using level 1 inputs because they generally provide the most reliable evidence of fair value. The primary use of fair value measures in the Company's financial statements is the initial measurement of cash and cash equivalents.

**SIGNAL HEALTH GROUP FRANCHISE, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2024**

Note 3 - Commitments and Contingencies

The Company records accruals for contingencies when it is possible that a liability will be incurred and the amount of loss can be reasonably estimated based on historical claim activity and loss development factors. There can be no assurance there will not be an increase in the scope of these matters or that any future or pending lawsuits, claims, proceedings, or investigations will not be material.

Note 5 - Related Party

Related Party transaction represents due to and from Owners and related companies affiliated with owner. At December 31, 2024, Due from Affiliates was \$214,991 and Due to Affiliates was \$0.

Note 6 - Subsequent Events

The Company did not have any other subsequent events through April 15, 2025, which is the date the financial statements were available to be issued for events requiring recording or disclosure in the financial statements for the year ended December 31, 2024.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Signal Health Group Franchise, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Signal Health Group Franchise, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt Signal Health Group Franchise, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

For purposes of the financial statements, The Company considers all assets with a maturity of three months or less to be cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with the Generally Accepted Accounting Principles (GAAP) which requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Fixed Assets

Fixed Assets are stated at cost. Depreciation is computed using the accelerated cost recovery and modified cost recovery methods allowable under the Internal Revenue Code. The recovery periods being used are 5 and 7 years for furniture, fixtures and equipment and 39 years for non-residential real estate.

Income Taxes

The Company accounts for income taxes under the asset and liability method. A deferred tax asset or liability is recognized whenever there are (1) future tax effects from temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and (2) operating loss, capital loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to the years in which those differences are expected to be recovered or settled. There were no deferred tax liability or asset at December 31, 2022.

Note 1 - Summary of Significant Accounting Policies (Continued)

Revenue recognition

The Company has implemented the Financial Accounting Standards Board (FASB), Accounting Standards Update (ASU) No. 2014-09, which amended *Revenue from Contracts with Customers (Topic 606)* of the Accounting Standards Codification. The Franchise fee revenue is recognized when all material services or conditions relating to the sale of the franchise have been substantially performed or satisfied. The Company has substantially satisfied all of these conditions at the beginning of franchise operations. When franchise fees have been received but not all conditions have been substantially satisfied to be recognized as revenue, the franchise fee amount is included in deferred revenue. Continuing franchise royalties are based on a defined percentage of franchise revenues and are recognized when earned.

The Company determines revenue recognition through the following steps:

- *Identification of the contract or contracts with a customer;*
- *Identification of the performance obligations in the contract;*
- *Determination of the transaction price;*
- *Allocation of the transaction price to the performance obligations in the contract, and*
- *Recognition of revenue when or as the Company satisfies the performance obligations.*

The Company has two distinct revenue streams:

- Initial franchise fees
- Royalties

Franchise agreements have terms of ten years. These agreements convey renewal terms provided the franchisee is in good standing and meets all criteria stated in the franchise agreement.

The Company has elected to expense the incremental costs incurred to obtain a contract, as the amortization period is less than a year.

Note 1 - Summary of Significant Accounting Policies (Continued)

Accounts receivables

Credit terms are extended to customers in the normal course of business. The Company performs ongoing credit evaluations of its customers' financial conditions and generally requires no collateral. Accounts receivable are recorded at their estimated net realizable value, net of an allowance for doubtful accounts. The Company's estimate of the allowance for doubtful accounts is based upon historical experience, its evaluation of the current status of receivables, and unusual circumstances, if any. Accounts are considered past due if payment is not made on a timely basis in accordance with the Company's credit terms. Accounts considered uncollectible are written off against the allowance. The Company has no outstanding accounts receivable as of December 31, 2022.

Note 2 – Fair Value Measurements

The Company reports its fair value measures using a three-level hierarchy that prioritizes the inputs used to measure fair value. This hierarchy, established by GAAP, requires that entities maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs used to measure fair value are as follows:

- Level 1. Quoted prices for identical assets or liabilities in active markets to which the Company has access at measurement date.
- Level 2. Inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include:
 - I. quoted prices for similar assets or liabilities in active markets;
 - II. quoted prices for identical or similar assets in markets that are not active;
 - III. observable inputs other than quoted prices for asset or liability (for example, interest rates and yield curves); and
 - IV. inputs derived principally from, or corroborated by, observable market data by correlation or by other means.

Level 3. Unobservable inputs for asset or liability. Unobservable inputs should be used to measure the fair value to the extent that observable inputs are not available. When available the Company measures fair value using level 1 inputs because they generally provide the most reliable evidence of fair value. The primary use of fair value measures in the Company's financial statements is the initial measurement of cash and cash equivalents.

Note 3 - Commitments and Contingencies

The Company records accruals for contingencies when it is possible that a liability will be incurred and the amount of loss can be reasonably estimated based on historical claim activity and loss development factors. There can be no assurance there will not be an increase in the scope of these matters or that any future or pending lawsuits, claims, proceedings, or investigations will not be material.

Note 4 – Rental and Lease Information

The Company leases certain office facilities and equipment. Rental expense for the year ended December 31, 2022 was \$8,045.

The following is a schedule of future minimum rental payments:

Year ending December 31:

2025		-
2026		-
2027		-
Thereafter		-
Total future minimum rental payments	\$	-

Note 5 - Related Party

Related Party transaction represents due to and from Owners and related companies affiliated with owner. At December 31, 2022, Due from Affiliates was 1,368,517 and Due to Affiliates was \$1,030,828.

Note 6 – Risks and Uncertainties

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Company, its performance, and its financial results.

STATE ADDENDA TO DISCLOSURE DOCUMENT

CALIFORNIA ADDENDUM TO DISCLOSURE DOCUMENT

California Corporations Code, Section 31125 requires the franchisor to give the franchisee a disclosure document, approved by the Department of Financial Protection and Innovation, prior to a solicitation of a proposed material modification of an existing franchise.

THE CALIFORNIA FRANCHISE INVESTMENT LAW REQUIRES THAT A COPY OF ALL PROPOSED AGREEMENTS RELATING TO THE SALE OF THE FRANCHISE BE DELIVERED TOGETHER WITH THE DISCLOSURE DOCUMENT 14 DAYS PRIOR TO EXECUTION OF AGREEMENT.

OUR WEBSITE, SIGNALHG.COM, HAS NOT BEEN REVIEWED OR APPROVED BY THE CALIFORNIA DEPARTMENT OF FINANCIAL PROTECTION AND INNOVATION. ANY COMPLAINTS CONCERNING THE CONTENT OF THIS WEBSITE MAY BE DIRECTED TO THE CALIFORNIA DEPARTMENT OF FINANCIAL PROTECTION AND INNOVATION AT WWW.DFPI.CA.GOV.

THESE FRANCHISES HAVE BEEN REGISTERED UNDER THE FRANCHISE INVESTMENT LAW OF THE STATE OF CALIFORNIA.

REGISTRATION OF THIS FRANCHISE OFFERING DOES NOT CONSTITUTE APPROVAL, RECOMMENDATION OR ENDORSEMENT BY THE COMMISSIONER OF THE DEPARTMENT OF FINANCIAL PROTECTION AND INNOVATION.

ALL THE OWNERS OF THE FRANCHISE WILL BE REQUIRED TO EXECUTE PERSONAL GUARANTEES. THIS REQUIREMENT PLACES THE MARITAL ASSETS OF THE SPOUSES DOMICILED IN COMMUNITY PROPERTY STATES – ARIZONA, CALIFORNIA, IDAHO, LOUISIANA, NEVADA, NEW MEXICO, TEXAS, WASHINGTON AND WISCONSIN AT RISK IF YOUR FRANCHISE FAILS.

1. The following paragraph is added to the end of Item 3 of the Disclosure Document:

Neither franchisor nor any person or franchise broker in Item 2 of this disclosure document is subject to any currently effective order of any national securities association or national securities exchange, as defined in the Securities Exchange Act of 1934, 15 U.S.C.A. 78a et seq., suspending or expelling such persons from membership in that association or exchange.

2. The following paragraph is added to the end of Item 6 of the Disclosure Document:

With respect to the Late Fee described in Item 6, this Item is amended to disclose that the maximum rate of interest permitted under California law is 10%.

3. The following paragraph is added at the end of Item 5 and Item 7:

The Department has determined that we, the franchisor, have not demonstrated that we are adequately capitalized and/or that we must rely on franchise fees to fund our operations. The Commission has imposed a fee deferral condition, which requires that we defer the

collection of all initial fees from California franchisees until we have completed all of our pre-opening obligations and you are open for business. For California franchisees who sign a multi-unit development agreement, the payment of the development and initial fees attributable to a specific unit in your development schedule is deferred until that unit is open.

4. The following paragraphs are added at the end of Item 17 of the Disclosure Document:

The Franchise Agreement requires franchisee to sign a general release of claims upon renewal or transfer of the Franchise Agreement. California Corporations Code Section 31512 provides that any condition, stipulation or provision purporting to bind any person acquiring a franchise to waive compliance with any provision of that law or any rule or order thereunder is void.

California Business and Professions Code Sections 20000 through 20043 provide rights to the franchisee concerning termination, transfer, or non-renewal of a franchise. If the Franchise Agreement contains a provision that is inconsistent with the law, the law will control.

The Franchise Agreement provides for termination upon bankruptcy. This provision may not be enforceable under federal bankruptcy law (11 U.S.C.A. Sec. 101 et seq.).

The Franchise Agreement contains a covenant not to compete which extends beyond the termination of the franchise. This provision may not be enforceable under California law.

The Franchise Agreement contains a liquidated damages clause. Under California Civil Code Section 1671, certain liquidated damages clauses are unenforceable.

In registering this franchise, the California Department of Financial Protection and Innovation has not reviewed, and makes no statements concerning, the franchisor's compliance with federal licensing and regulatory requirements relating to the practice of medicine. You should consult with your attorney concerning these laws, regulations and ordinances that may affect the operation of your business. If the California Medical Board, or any other agency overseeing the practice of medicine in this state, determines that the operation of the franchise fails to comply with state law, the franchisor may be required to cease operations of the franchised business in California. This may result in the termination of your franchise and loss of your investment.

You will not receive an exclusive territory. You may face competition from other franchisees, from outlets that we own, or from other channels of distribution or competitive brands that we control.

The Franchise Agreement requires binding arbitration. The arbitration will occur in Las Vegas, Nevada, with the costs being borne equally by Franchisor and Franchisee. Prospective franchisees are encouraged to consult private legal counsel to determine the applicability of California and federal laws (such as Business and Professions Code Section 20040.5, Code of Civil Procedure Section 1281, and the Federal Arbitration Act) to any

provisions of a franchise agreement restricting venue to a forum outside the State of California.

The Franchise Agreement requires application of the laws of Nevada. This provision may not be enforceable under California law.

No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.

California's Franchise Investment Law (Corporations Code sections 31512 and 31512.1) states that any provision of a franchise agreement or related document requiring the franchisee to waive specific provisions of the law is contrary to public policy and is void and unenforceable. The law also prohibits a franchisor from disclaiming or denying (i) representations it, its employees, or its agents make to you, (ii) your ability to rely on any representations it makes to you, or (iii) any violations of the law.

In the State of Minnesota only, this Disclosure Document is amended as follows:

However, to the extent required by applicable law, all rights you enjoy and any causes of action arising in your favor from the provisions of Article 33 of the General Business Law of the State of New York and the regulations issued thereunder shall remain in force; it being the intent of this proviso that the non-waiver provisions of General Business Law Sections 687.4 and 687.5 be satisfied.

INDIANA RIDER TO FRANCHISE AGREEMENT [*if applicable: AND MULTI-UNIT DEVELOPMENT AGREEMENT*]

This Rider amends the Franchise Agreement [*if applicable: and Multi-Unit Development Agreement*] _____ (the “Agreement”), between Signal Health Group Franchise, Inc., a Nevada corporation (“Signal Health Group Franchising”) and _____, a _____ (“Franchisee”).

1. Definitions. Capitalized terms used but not defined in this Rider have the meanings given in the Agreement. The “Indiana Acts” means the Indiana Franchise Act and the Indiana Deceptive Franchise Practices Act.

2. Certain Provisions Modified. Any provision of the Agreement which would have any of the following effects is hereby modified to the extent required for the Agreement to be in compliance with the Indiana Acts:

(1) Requiring goods, supplies, inventories, or services to be purchased exclusively from the franchisor or sources designated by the franchisor where such goods, supplies, inventories, or services of comparable quality are available from sources other than those designated by the franchisor. However, the publication by the franchisor of a list of approved suppliers of goods, supplies, inventories, or services or the requirement that such goods, supplies, inventories, or services comply with specifications and standards prescribed by the franchisor does not constitute designation of a source nor does a reasonable right of the franchisor to disapprove a supplier constitute a designation. This subdivision does not apply to the principal goods, supplies, inventories, or services manufactured or trademarked by the franchisor.

(2) Allowing the franchisor to establish a franchisor-owned outlet engaged in a substantially identical business to that of the franchisee within the exclusive territory granted the franchisee by the franchise agreement; or, if no exclusive territory is designated, permitting the franchisor to compete unfairly with the franchisee within a reasonable area.

(3) Allowing substantial modification of the franchise agreement by the franchisor without the consent in writing of the franchisee.

(4) Allowing the franchisor to obtain money, goods, services, or any other benefit from any other person with whom the franchisee does business, on account of, or in relation to, the transaction between the franchisee and the other person, other than for compensation for services rendered by the franchisor, unless the benefit is promptly accounted for, and transmitted to the franchisee.

(5) Requiring the franchisee to prospectively assent to a release, assignment, novation, waiver, or estoppel which purports to relieve any person from liability to be imposed by the Indiana Deceptive Franchise Practices Act or requiring any controversy between the franchisee and the franchisor to be referred to any person, if referral would be binding on the franchisee. This subsection (5) does not apply to arbitration before an independent arbitrator.

(6) Allowing for an increase in prices of goods provided by the franchisor which the franchisee had ordered for private retail consumers prior to the franchisee's receipt of an official price increase

notification. A sales contract signed by a private retail consumer shall constitute evidence of each order. Price changes applicable to new models of a product at the time of introduction of such new models shall not be considered a price increase. Price increases caused by conformity to a state or federal law, or the revaluation of the United States dollar in the case of foreign-made goods, are not subject to this subsection (6).

(7) Permitting unilateral termination of the franchise if such termination is without good cause or in bad faith. Good cause within the meaning of this subsection (7) includes any material violation of the franchise agreement.

(8) Permitting the franchisor to fail to renew a franchise without good cause or in bad faith. This chapter shall not prohibit a franchise agreement from providing that the agreement is not renewable upon expiration or that the agreement is renewable if the franchisee meets certain conditions specified in the agreement.

(9) Requiring a franchisee to covenant not to compete with the franchisor for a period longer than three years or in an area greater than the exclusive area granted by the franchise agreement or, in absence of such a provision in the agreement, an area of reasonable size, upon termination of or failure to renew the franchise.

(10) Limiting litigation brought for breach of the agreement in any manner whatsoever.

(11) Requiring the franchisee to participate in any (A) advertising campaign or contest; (B) promotional campaign; (C) promotional materials; or (D) display decorations or materials; at an expense to the franchisee that is indeterminate, determined by a third party, or determined by a formula, unless the franchise agreement specifies the maximum percentage of gross monthly sales or the maximum absolute sum that the franchisee may be required to pay.

1. Definitions. Capitalized terms used but not defined in this Rider have the meanings given in the Agreement. The “Maryland Franchise Registration and Disclosure Law” means the Maryland Franchise Registration and Disclosure Law, Business Regulation Article, §14-206, Annotated Code of Maryland.

2. Releases, Estoppels and Waivers of Liability. All representations requiring prospective franchisees to assent to a release, estoppel or waiver of liability are not intended to nor shall they act as a release, estoppel or waiver of any liability incurred under the Maryland Franchise Registration and Disclosure Law. The general release required as a condition of renewal shall not apply to any liability under the Maryland Franchise Registration and Disclosure Law.

MINNESOTA RIDER TO FRANCHISE AGREEMENT [*if applicable*: AND MULTI-UNIT DEVELOPMENT AGREEMENT]

This Rider amends the Franchise Agreement [*if applicable*: and Multi-Unit Development Agreement] dated _____ (the “Agreement”), between Signal Health Group Franchise, Inc., a Nevada corporation (“Signal Health Group Franchising”) and _____, a _____ (“Franchisee”).

1. Definitions. Capitalized terms used but not defined in this Rider have the meanings given in the Agreement. The “Minnesota Act” means Minnesota Statutes, Sections 80C.01 to 80C.22.

2. Amendments. The Agreement is amended to comply with the following:

Minnesota Statutes, Section 80C.21 and Minnesota Rules 2860.4400(J) prohibit the franchisor from requiring litigation to be conducted outside Minnesota, requiring waiver of a jury trial, or requiring the franchisee to consent to liquidated damages, termination penalties or judgment notes. In addition, nothing in the Franchise Disclosure Document or agreement(s) can abrogate or reduce (1) any of the franchisee’s rights as provided for in Minnesota Statutes, Chapter 80C or (2) franchisee’s rights to any procedure, forum, or remedies provided for by the laws of the jurisdiction.

With respect to franchises governed by Minnesota law, the franchisor will comply with Minnesota Statutes, Section 80C.14, Subd. 3-5, which require (except in certain specified cases) (1) that a franchisee be given 90 days’ notice of termination (with 60 days to cure) and 180 days’ notice for non-renewal of the franchise agreement and (2) that consent to the transfer of the franchise will not be unreasonably withheld.

The franchisor will protect the franchisee’s rights to use the trademarks, service marks, trade names, logotypes or other commercial symbols or indemnify the franchisee from any loss, costs or expenses arising out of any claim, suit or demand regarding the use of the name. Minnesota considers it unfair to not protect the franchisee’s right to use the trademarks. Refer to Minnesota Statutes, Section 80C.12, Subd. 1(g).

Minnesota Rules 2860.4400(D) prohibits a franchisor from requiring a franchisee to assent to a general release.

The franchisee cannot consent to the franchisor obtaining injunctive relief. The franchisor may seek injunctive relief. See Minn. Rules 2860.4400J. Also, a court will determine if a bond is required.

The Limitations of Claims section must comply with Minnesota Statutes, Section 80C.17, Subd. 5, and therefore the applicable provision of the Agreement is amended to state “No action may be commenced pursuant to Minnesota Statutes, Section 80C.17 more than three years after the cause of action accrues.”

Under Minnesota Statutes, Section 181.991 (a) no franchisor may restrict, restrain, or prohibit in any way a franchisee from soliciting or hiring an employee of a franchisee of the same franchisor,

and (b) No franchisor may restrict, restrain, or prohibit in any way a franchisee from soliciting or hiring an employee of the franchisor.

No statement, questionnaire, or acknowledgement signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including, fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed with the franchise.

3. Fee Deferral. Article 4 of the Franchise Agreement is amended to add the following: “All fees paid to franchisor by franchisee, including payments for goods and services before franchisee’s business opens, are deferred until franchisor has satisfied all of franchisor’s pre-opening obligations to franchisee and your franchise has opened for business.

**WASHINGTON ADDENDUM TO DISCLOSURE DOCUMENT
AND
RIDER TO FRANCHISE AGREEMENT [if applicable: AND MULTI-UNIT
DEVELOPMENT AGREEMENT]**

In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, Chapter 19.100 RCW will prevail.

RCW 19.100.180 may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise. There may also be court decisions which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise.

In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.

A release or waiver of rights executed by a franchisee may not include rights under the Washington Franchise Investment Protection Act or any rule or order thereunder except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel. Provisions such as those which unreasonably restrict or limit the statute of limitations period for claims under the Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.

Transfer fees are collectable to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.

Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provisions contained in the franchise agreement or elsewhere that conflict with these limitations are void and unenforceable in Washington.

RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington.

No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.

- 2. Noncompete.** Recipient shall not directly or indirectly have any ownership interest in, lend money or provide financial assistance to, develop, or invest in, own, acquire, advise, or be employed by a Competitor anywhere in the United States for a period of three years from the date of this Agreement. - 4. Disclaimer.** Signal Health Group Franchising makes no promise regarding its future business relationship with Recipient, and nothing herein obligates Signal Health Group Franchising to enter into a franchise agreement with Recipient.

5. Dispute Resolution.

(a) The laws of the state of Nevada (without giving effect to its principles of conflicts of law) govern all adversarial proceedings between the parties. The parties agree that any Nevada law for the protection of franchisees or business opportunity purchasers will not apply unless its jurisdictional requirements are met independently without reference to this Section 5.

(b) Unless Recipient and Signal Health Group Franchising enter into a franchise agreement—in which case the Dispute Resolution provisions of such franchise agreement will govern this Agreement—for any legal proceeding between the parties the parties, Recipient and Signal Health Group Franchising agree that such proceeding will be brought in the United States District Court where Signal Health Group Franchising's headquarters is then located. If there is no federal jurisdiction over the dispute, the parties agree that any such legal proceeding will be brought in the court of record of the state and county where Signal Health Group Franchising's headquarters is then located. Each party consents to the jurisdiction of such courts and waives any objection that it, he or she may have to the laying of venue of any proceeding in any of these courts.

6. Miscellaneous.
