WHAT YOU NEED TO KNOW ABOUT FRANCHISING *GENERALLY*

Continuing responsibility to pay fees. You may have to pay royalties and other fees even if you are losing money.

Business model can change. The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

Supplier restrictions. You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

Operating restrictions. The franchise agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

Competition from franchisor. Even if the franchise agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

Renewal. Your franchise agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

When your franchise ends. The franchise agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

SOME STATES REQUIRE REGISTRATION

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends the franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use the agency information in Exhibit A.

Your state also may have laws that require special disclosures or amendments be made to your franchise agreement. If so, you should check the State Specific Addenda. See the Table of Contents for the location of the State Specific Addenda.

SPECIAL RISKS TO CONSIDER ABOUT *THIS* FRANCHISE

Certain states require that the following risk(s) be highlighted:

1. **Out-of-State Dispute Resolution.** The Franchise License Agreement requires you to resolve disputes with the franchisor by arbitration and litigation only in Michigan. Out-of-state arbitration and litigation may force you to accept a less favorable settlement for disputes. It may also cost more to arbitrate and litigate with the franchisor in Michigan than in your own state.
2. **Minimum Royalty and Advertising Payments.** You must make minimum royalty or advertising fund payments, regardless of your sales levels. Your inability to make these payments may result in termination of your franchise and loss of your investment.
3. **Turnover Rate.** During the last 3 years, 71 outlets were terminated, not renewed, reacquired, or ceased operations for other reasons. This franchise could be a higher risk investment than a franchise in a system with a lower turnover rate..

Certain states may require other risks to be highlighted. Check the “State Specific Addenda” (if any) to see whether your state requires other risks to be highlighted.

ITEM 1

THE FRANCHISOR, AND ANY PARENTS, PREDECESSORS, AND AFFILIATES

The franchisor is 1073355 Ontario Limited, operating as SCHOOLEY MITCHELL® (“we”, “us”, or “our”). “You” or “your” means the person to whom we grant a franchise.

The Franchisor and its Business Form

We are an Ontario corporation that was incorporated on April 25, 1994. Our principal business address is 1073355 Ontario Limited, O/A SCHOOLEY MITCHELL, 1030 Erie Street, Stratford, Ontario, N4Z 0A1. We operate under our corporate name and the trademarks described in Item 13 (the “Marks”). We do not do business or intend to do business under any other names. If we have an agent in your state for service of process, we disclose that agent in Exhibit A.

We grant franchises for businesses under the SCHOOLEY MITCHELL® name and other Marks. (For reference purposes in this disclosure document, we call the locations in our system “SCHOOLEY MITCHELL® offices”; we call the SCHOOLEY MITCHELL® location that you will operate the “location”). SCHOOLEY MITCHELL® offices provide cost reduction consulting services in various expense categories (which may include telecommunication, merchant services, small package shipping, waste management, electronic logging devices, e-signature software, fuel, software as a service, facilities supplies, uniforms and linens, office supplies, packaging and shipping supplies, breakroom supplies, compressed gases, unified communications as a service and less than truckload shipping), and other consulting services and other related products and services, to business clients.

We began offering franchises for SCHOOLEY MITCHELL® locations in April of 2004. We have operated one SCHOOLEY MITCHELL® location at our head office address since April of 2004 and we may operate more locations in the future. We have no other business activities and have not offered Franchises in other lines of business.

The Franchisor’s Parents, Predecessors and Affiliates

We do not have any parents, predecessors or affiliates required to be disclosed in this Item.

The Franchisor’s Business and the Franchise to Be Offered

The standard SCHOOLEY MITCHELL® franchise which we offer is for a full-time professional consulting business. We also offer a SCHOOLEY MITCHELL® builder franchise, which is for part-time operation of a professional consulting business; and a SCHOOLEY MITCHELL® development franchise, which is for operation of a professional consulting business with up to 10 satellite offices in markets other than the location (each a “satellite location”).

The core service offered by SCHOOLEY MITCHELL® offices consists of a review of defined costs for certain specified services and equipment that a client incurs. We then prepare a report for the SCHOOLEY MITCHELL® office summarizing the client’s existing services and costs and

proposed solutions to reduce costs. The SCHOOLEY MITCHELL® office then uses the report to advise the client about how they can improve their system and/or reduce costs.

We offer a Franchise Agreement for the development and operation of a single office at a specified location, except that a development franchise may also have satellite locations. We do not offer to each franchisee a “Protected Territory”.

We do not conduct any business activities other than franchising and cost reduction consulting.

The Prior Business Experience of Franchisor and its Affiliates

We began offering franchises using the System (defined below), under the Marks in April of 2004. We have operated one SCHOOLEY MITCHELL® location at our head office address since April of 2004. We have never offered any franchises under any other line of business.

The SCHOOLEY MITCHELL® System

As a franchisee, you will operate an office under the SCHOOLEY MITCHELL® system, using the SCHOOLEY MITCHELL® trade dress, at a location that is approved by us. You will be obligated to operate your franchise in compliance with the SCHOOLEY MITCHELL® system.

The location offers services and is characterized by SCHOOLEY MITCHELL® brand identification materials, SCHOOLEY MITCHELL® brand client services, uniform operation guidelines; methods, forms and procedures for operations; procedures for quality control; training and ongoing operational assistance; advertising as well as marketing/promotional programs; all of which may be changed, improved, and further developed by us from time to time (the “System”).

The total System is identified by means of certain trade names, service marks, trademarks, slogans, logos, emblems, and indicia or origin, including, but not limited to, the mark SCHOOLEY MITCHELL®.

The Market and Competition

You will be selling cost reduction services to virtually all businesses. These consulting services are not subject to seasonal fluctuations.

The general market for the services SCHOOLEY MITHCELL® offices provide is well-developed and competitive. You will be competing with other franchise concepts and independent businesses that provide cost reduction services, such as other cost reduction consultants. Competition for cost reduction consulting is widespread in the United States. There are cost reduction consultants that specialize in certain service types, such as telecommunications.

Applicable Laws

There may be specific regulations in your state that apply to a business that provides consulting services. You will also be required to comply with all local, state and federal laws in the operation of your location. You are also subject to employment laws such as the Fair Labor Standards Act and various state laws covering such matters as minimum wages, overtime and working conditions.

Your location may be subject to other laws or regulations that are not specific to the industry but applicable to businesses generally. There may be other laws and codes applicable to your location and we urge you to make further inquiries about those laws and codes. Other than the laws that apply to businesses generally, we are unaware of any specific federal laws that apply to the provision of cost reduction consulting services. You will need to check at the state and local level to see if there are any applicable regulations in your area.

You must comply with any and all software licensing regulations in the operation of your location.

ITEM 3

LITIGATION

Claire Giroux and Mitchell Kennedy v. 1073355 Ontario Limited o/a Schooley Mitchell Telecom Consultants, Dennis Schooley and Elizabeth McMillan, Case No. C-685-16. On or about June 23, 2016, Plaintiffs, a former franchisee, filed a Statement of Claim against us in the Ontario Superior Court of Justice, alleging misrepresentation and failure to comply with the Arthur Wishart Act (Franchise Disclosure). Plaintiffs sought rescission of the franchise agreement and damages in the amount of \$180,000 plus costs of the action and interest. We denied the allegations and on or about September 13, 2016, filed a Statement of Defence and Counterclaim. On January 29, 2018, the Ontario Superior Court of Justice ordered that (1) the franchise agreement be rescinded, (2) our counterclaim be dismissed, (3) we pay damages to Plaintiffs to which they may be entitled, and (4) we pay to Plaintiffs costs in the amount of \$20,000 plus interest. On or about May 18, 2018, we entered into a settlement with Plaintiffs and agreed to pay Plaintiffs \$100,000 plus \$20,000 for costs. (All payments in Canadian dollars).

In the Matter of Investigation by Letitia James, Attorney General of the State of New York, of Schooley Mitchell and Elizabeth McMillan, AOD #20-033. In September 2019, the Attorney General of the State of New York (“OAG”) initiated an inquiry into our activities pursuant to the New York State Franchise Sales Act, specifically, whether we sold franchises from or in the State of New York without satisfying the pre-requisite of registering its franchise offering with OAG or having an exemption from franchise registration. OAG ultimately determined that we had in fact sold one franchise in New York while our registration had lapsed and were not otherwise exempt from franchise registration. We cooperated with OAG and entered into an Assurance of Discontinuance with OAG in which we agreed to cease and desist from offering or selling franchises in New York until re-registration had been achieved or qualification for an exemption had been met; to offer the affected franchisee rescission pursuant to New York GBL § 691(2); and to pay the State of New York a monetary penalty of \$12,000.

Other than the actions noted above, no other dispute resolution is required to be disclosed in this Item.

ITEM 4
BANKRUPTCY

No bankruptcy information is required to be disclosed in this Item.

1. The cost of the pre-opening training program, which you and your designees must attend, is paid for by us. However, the costs of transportation, accommodation, living expenses and salary incurred by you and your designees required to attend the training course are your sole responsibility. All training has been virtual since March, 2020.
2. If you don't already own one, you must obtain a computer, fax software, telephone line, and scanner and appropriate printer.
3. A Schooley Mitchell franchise may be operated from a home-based office. If you decide to operate from an office outside of your home, you may be responsible to pay the costs of office construction, equipment and furnishings. Some of our franchisees do operate offices from outside of their homes. These offices are typically small. Necessary office furniture and equipment would consist of a desk, chair and filing cabinet at an initial total cost of approximately \$1,500. We do not require a specific size for your office. Variables that affect the cost of rental for your premises include property location, improvements, street access, real estate taxes, common area maintenance and the like. You should thoroughly investigate the cost of business premises and all other initial investment costs in your market.
4. Deposits could include security deposits, insurance, utilities, licenses, professional fees, and inventory. You may be required to obtain certain federal and state licenses to operate your business. With respect to professional fees, you will need to employ an attorney, an accountant and other consultants to assist you in establishing your business. The initial inventory required consists of certain sales materials, pictures, sales aids, and other materials to assist in sales activities.
5. If you decide to operate an office outside of your home, you may be required to give a lease security deposit, which may be non-refundable and is paid directly to the landlord of the premises. Your office lease may require you to obtain certain insurance coverage. If you decide to operate an office, you may need to provide deposits for utilities. The amount of these deposits will vary depending on the practices of the utility companies. We have included in this amount the sum of \$1,500 representing a security deposit equal to 2 months' rent.
6. Some of our franchisees do operate offices from outside of their homes. These offices are typically small. Rent ranges from \$350 to \$750 per month.

7. Additional Funds is an estimate of your additional start-up expenses, which will be incurred before operations begin and during the initial phase of your franchise. These expenses include payroll and advertising costs. We relied on our experience in operating and franchising SCHOOLEY MITCHELL® businesses to compile this estimate.
8. The variances in the ranges contained in this chart are based on our experience in franchising businesses of this type.
9. Except where otherwise noted, all fees that you pay to us are non-refundable. Third-party lessors and suppliers will decide if payments to them are refundable. We do not finance any part of your initial investment.

ITEM 8

RESTRICTIONS ON SOURCES OF PRODUCTS AND SERVICES

You must purchase various items that are sold or used in the operation of your SCHOOLEY MITCHELL® location from us, our affiliates, designated or approved suppliers, or otherwise under our specifications. To provide for uniformity in the primary products and services sold at our SCHOOLEY MITCHELL® offices, you cannot purchase these items from other sources and you must maintain and comply with our quality standards.

We will provide you with a list of approved suppliers for any purchases that may be required for the operation of your franchise. Currently, you must purchase from us or our affiliates or designated suppliers your stationery, business cards, labels, invoices and promotional items. We are currently the only approved supplier for stationery and promotional items. None of our officers, directors, owners, or management personnel has an ownership interest or other fiduciary interest in any third-party supplier of products or services. In the future we may offer or designate others to offer certain goods or services, and our affiliates or we may become approved suppliers or the only approved suppliers for any goods and services.

When we are the only approved supplier, we obtain these items from suppliers that are chosen based on lowest quotes submitted, as well as reliability of quality and delivery. These supplies are marked up by us by approximately 10% to cover the administration expenses we incur.

In the fiscal year ended February 28, 2025 our total revenue was \$11,834,507, as reported in our attached audited financial statement. In the fiscal year ended February 28, 2025 our total revenue from franchisee purchases and leases of goods and services (including production fees, but excluding revenue we and our affiliates received from initial franchise fees and any other fees disclosed in Item 6), was \$3,939,016, which was approximately 33% of our total revenue.

We do not currently derive any other revenue from any of your purchases or leases. Our suppliers currently do not pay us any money, but they may in the future, in the form of license fees, commissions, promotional fees, advertising allowances, rebates, our annual convention promotions, or other payments.

Franchisee requests for the approval of new suppliers are submitted to us in writing, together with a sample of the item for which approval is sought. No fee is payable by you in respect of a request

for approval of a supplier. We will notify you in writing within a reasonable time (usually within 30 days) whether the item meets our specifications. We may withhold our approval of any new item for any reason. You are notified directly in writing, or by way of amendments to the Operations Manual, of any change in approved suppliers. Approval of suppliers is based on a subjective determination by us regarding the quality of the supplier's products and conformity with the overall "look and feel" of the SCHOOLEY MITCHELL brand. Because the criteria we apply to designate or approve a supplier is a subjective case-by-case evaluation, there are no written criteria available to franchisees.

Standards and Specifications

You must operate the location according to our System standards. System standards may regulate, among other things: the location of the premises from which you and your employees or subcontractors carry on business; the method and timing of advertising; the types, models, and brands of signs; computer systems; trademark usage and trade dress; products and supplies you must use in operation of the location; unauthorized and prohibited products and services; and approved suppliers of these items. You are also required to adhere to the standards and specifications established from time to time by us with respect to insurance, office supplies and forms, operating procedures, and advertising and promotional materials and programs used in the operation of the location. Our standards and specifications are provided to you in the Operations Manual.

We formulate and modify our standards and specifications based on the market for cost reduction consulting and service businesses in general, as well as competitive and economic conditions, based on the experience of our operation of a SCHOOLEY MITCHELL® office as well as the experience of our franchisees. We expect that changes to technology, laws and markets will result in changes that we will make to our standards and specifications, and to our franchise system. We will communicate updates and modifications to our standards and specifications to you through the Operations Manual.

All advertising and promotion by you, in any manner or medium, must be conducted in a dignified manner and must conform to our standards and specifications. You are responsible for all costs of such advertising and promotion. You must submit to us, for our prior written approval, samples of all advertising and promotional plans and materials that you desire to use that have not been prepared or previously approved by us. You must display the Marks in the manner required by us on all signs and other advertising and promotional materials used at the location. You may not use any advertising, promotional, or marketing materials that we have not approved or have disapproved.

Because the reputation of our trademarks and the franchised business depends on a uniform high quality of products and services, you may sell only approved products and services, and you must sell all products and services that we authorize. You must purchase all such goods and services, from approved or designated sources. You must follow our trademark and copyright usage directions, and you must participate in and cooperate with our marketing programs.

There are currently no purchasing or distribution cooperatives. We may negotiate purchase arrangements with suppliers (including price terms) for the benefit of the franchise system. We

do not provide material benefits to you (for example, renewal or granting of additional franchises) based on your purchase of products or services or use of particular suppliers.

The estimated proportion of any required purchases to all purchases and leases by you of goods and services in establishing and operating the licensed business is 5%.

Our Trainers

The training sessions are delivered by (relevant experience in the field and with the franchisor in brackets) Dennis Schooley (22 years in the field, all with the franchisor), Julie Beaney (7 years in the field, all with the franchisor), Erin Wagler (6 years in the field, all with the franchisor), Isabelle Withers (6 years in the field, all with the franchisor), and Scott Strawbridge (22 years in the field, 12 years with the franchisor), with assistance from various department heads and staff members in each appropriate area.

You are responsible for costs associated with attending training such as travel, lodging and meals (Franchise Agreement, Sections 7.4.d, 9.3).

After the opening of your location, we may, in our sole discretion, periodically coordinate and conduct optional and mandatory seminars, conferences and certain ongoing continuing education and training programs, meetings or seminars for our network of franchisees that we consider necessary. Such meetings may have a registration charge to you, and you are responsible for costs associated with attending the meetings such as travel, lodging and meals. We may conduct an Annual Training Conference at such place as shall be designated by us. You must pay a registration fee to us for each participant and you will be responsible for other costs associated with attending the convention such as travel, lodging, training materials and facilities, and meals. All franchisees, regardless of their location, pay the same amount for accommodation for the

Annual Training Conference. All franchisee travel arrangements are made by the franchisee. A pre-estimate of the cost of accommodation for the Annual Conference is done by automated withdrawal each month. (Franchise Agreement, Sections 7.4.d, 9.3). Builder franchisees may choose to attend a virtual 2-day weekend conference in lieu of the Annual Training Conference.

Advertising. We maintain, and administer a Marketing and Promotion Fund for the marketing and promotion of the SCHOOLEY MITCHELL® system. We may use the Fund for marketing, promotion and advertising; marketing research and development; franchisee individual or group advertising or marketing; local, regional, national, and international marketing; marketing on the internet; administration of advertising or marketing (including salaries, accounting, collection, legal, and other direct and indirect costs); related expenses; and any media or agency costs. The advertising may be disseminated in print, mail, telephone, radio, television, internet, or any other media. Coverage of the media may be local, regional, or national. The advertising may be prepared in-house or through various advertising agencies. Expenditures may not be proportionate to contributions or provide any direct benefit to any franchisee. We have sole discretion how to spend the Fund, and have no fiduciary duty with regard to the Fund. We make no representations that any particular expenditure made or benefit given will be for particular programs, particular franchisees, or particular locations or regions.

All franchisees must contribute to the Marketing and Promotion Fund. Our company-owned location does not contribute to the Fund. We administer the Fund, which is not audited, but will be accounted for separately from our other funds and will not be used to defray any of our general operating expenses, except for such reasonable salaries, administrative costs, travel expenses and overhead as we may incur in activities related to the administration of the Fund and its programs, including conducting market research, creating and preparing advertising, promotion and marketing materials and collecting and accounting for contributions to the Fund (Franchise Agreement, Section 6.3). We will maintain and administer the Fund as we, in our sole discretion, may deem appropriate to promote the SCHOOLEY MITCHELL® brand nationally and internationally. We will direct all such programs, and will have sole discretion over the creative concepts, materials, and endorsements and media used in such programs, and the placement or allocation of such programs. We reserve the right to determine in our sole discretion the composition of all geographic territories and market areas for the implementation and development of such programs (Franchise Agreement, Section 6.3).

For standard franchises and development franchises, you will be required to contribute to the Marketing and Promotion Fund 2% of your Gross Sales in each calendar month, subject to certain minimum fees. The minimum fee for the 7th through 29th month during the initial term of the agreement is \$50 per month, and for the 30th and all subsequent months during the initial term of the agreement is \$100 per month. For builder franchises, you will be required to contribute to the Marketing and Promotion Fund 3% of your Gross Sales in each calendar month. There is no minimum fee for builder franchises. All amounts due shall be payable monthly, for as long as the Fund remains in operation.

We may spend, on behalf of the Fund, in any fiscal year, an amount greater or less than the aggregate contribution of all SCHOOLEY MITCHELL® locations in that year, and the Fund may borrow from us or others to cover deficits or invest any surplus for future use for the purposes described in the Franchise Agreement. All interest earned on monies contributed to the Fund will

be expended. Fund contributions are not used to solicit or sell additional franchises. Upon request, we will make available an annual unaudited statement of monies collected and costs incurred by the Fund.

The Marketing and Promotion Fund fees are not refundable. The Fund fees collected by us are not collected on behalf of any third parties, except to the extent such fees are imposed on behalf of third party advertising agencies, media sources and other sources of advertising selected in accordance with the Franchise Agreement.

The fees collected by the Marketing and Promotion Fund and any earnings thereon, are not and shall not be an asset of any franchisee or us. (Franchise Agreement, Section 6.3).

In the fiscal year ending February 28, 2025 the Fund was expended as follows:

Production	100%
Media placement	0%
Administrative Expenses	0%
Other (including R&D)	0%
Total	100%

There is an Advisory Council consisting of 8 franchisees that is elected each year by franchisees. That council provides input and advice regarding the use of the Marketing and Promotion Fund but does not have decision making authority. The Franchisor has the right to dissolve the Council at its own discretion.

Franchisees are not required to participate in any local or regional advertising cooperative.

Computer Systems. We will provide advice related to required computer systems for the operation of the location. The cost of purchasing the required computer systems will be less than \$1,500 from third parties. The estimated cost of an optional maintenance or support contract for the required computer system would be less than \$100 annually. We reserve the right to change the requirements related to required computer systems. Currently, franchisees must purchase or have available any personal computer that is an MS-WINDOWS system with a minimum Pentium microchip capacity that supports a minimum display setting of 1024 x 768 pixel resolution and will run a Mozilla Firefox Internet Browser, any letter quality printer, a continuous running updated version of approved anti-virus software, and any equipment necessary to operate software programs that we require. All hardware components are the proprietary property of their manufacturers, who need not provide ongoing maintenance, repairs, upgrades or updates unless you pay for them. Their charges vary. Your computer will be used by you in the course of completing consulting engagements on behalf of your clients using our proprietary software. There are no contractual limitations on our right to access this information. We have the right under the franchise agreement to access all information contained in your computer system relating to your SCHOOLEY MITCHELL® location. You have a contractual obligation to update hardware and software to meet our concurrent standards and specifications and to address technological developments. There is no contractual limitation on the frequency and cost of your obligations to upgrade your computer system or related hardware, although our current computer requirement is a Pentium level processor.

You must also purchase high speed Internet access.

Operations Manual. We will loan to you during the term of the Franchise Agreement one copy of a confidential Operations Manual which may include one or more manuals and other written materials (collectively, the “Operations Manual”) for the operation of a SCHOOLEY MITCHELL® location, containing mandatory and suggested specifications, standards and operating procedures required by us and information relative to your other obligations under the Franchise Agreement. We have the right to add to, and otherwise modify, the Operations Manual to reflect changes in authorized products and services, changes in specifications, standards and operating procedures of a SCHOOLEY MITCHELL® location. You must keep the Operations Manual confidential and current, and may not copy any part of the manual. The table of contents of the manual as of our last fiscal year end is attached to this Disclosure Document as Exhibit D (Franchise Agreement, Section 7.3 d and 11)

ITEM 12

TERRITORY

You will not receive an exclusive territory. You may face competition from other franchisees, from outlets that we own, or from other channels of distribution or competitive brands that we control.

Although the geographic scope of your franchised business is unlimited, you are not permitted to directly or indirectly operate your franchised business from any other office location other than the single location approved by us.

We do not select the location from which you will operate your franchised business. Most Schooley Mitchell franchisees operate from their home, and that location is approved before the grant of the franchise license. If you subsequently choose to relocate your office, you must seek our prior written approval. We will provide a response to any written request from you for relocation within 10 days. We typically approve office locations based on one franchise per 200,000 residents, within a particular area, consisting of a number of counties or zip/postal codes, as determined in our sole discretion. For example, in an area with 1,000,000 residents, we would typically locate up to 5 offices, which may be located anywhere within that area. In some markets we may approve a higher density of office locations.

You are permitted to open a location and to conduct customary marketing and advertising activities in connection with the operation of your location. We retain all rights with respect to SCHOOLEY MITCHELL® locations, the Marks, the sale of similar or dissimilar products and services, and any other activities we deem appropriate whenever and wherever we desire, including but not limited to:

- (1) The right to operate and to grant others the right to operate SCHOOLEY MITCHELL® locations anywhere;
- (2) The right to establish or operate or license any other person or entity to establish locations which are not SCHOOLEY MITCHELL® locations. These non-

SCHOOLEY MITCHELL® locations will not sell the same or similar products or services as your location. We currently do not have plans to operate or license or franchise any businesses under a different trademark that will sell the same or similar products or services as your location;

- (3) The right to use other channels of distribution or license the use of alternative proprietary marks or methods in connection with the operation of business which will be different from the Franchise at any location on any terms and conditions we deem advisable without granting you any right thereto; and
- (4) The right to acquire the assets or ownership interests of one or more businesses providing products and services similar to those provided by SCHOOLEY MITCHELL® licensees, or creating similar arrangements with respect to these businesses once acquired, wherever these businesses (or the franchisees or licenses of these businesses) are located or operating; and

We are not required to pay you if we exercise any of the rights specified above in proximity to your particular area where your office location is located.

You are not customarily granted options, rights of first refusal or similar rights to acquire additional franchises, although we do retain the right to grant such options or rights within our sole discretion. In order to acquire the right to open additional franchise locations under the Marks and the System, you must apply to us, obtain our approval, pay a new Initial Fee as determined by us, and execute a new Franchise Agreement for locations you desire to open. There is no guarantee that any such territory will be available to you at the time of your application or that you will be able to obtain our approval.

For standard and builder franchises, you do not have the right to open any additional locations or in any other territories without a Franchise Agreement. The Franchise Agreement that you will sign at the time of application for new locations may differ substantially from the Franchise Agreement that you will execute for your first locations, including, without limitation, a higher initial fee, and a higher royalty fee.

For development franchises, you may establish and operate up to 10 satellite locations in markets other than the location of the licensed business. You must obtain our prior approval for all satellite locations and must complete our location review process for all proposed satellite locations. We may accept or reject a proposed satellite location in our reasonable discretion if we believe the market will not support the satellite location or the market is saturated with existing Schooley Mitchell® licensees. If we accept a proposed satellite location we will notify you in writing, and you and we will sign an addendum to the Franchise Agreement adding the satellite location address. We will respond to any satellite location review request within approximately 30 days of receipt of your request, or within about 15 days after receipt of any additional information we request.

If you wish to relocate your franchise, you may request our consent to relocate to another site. We will not unreasonably withhold our consent, but such consent must be in writing to be effective. We will charge you for our expenses, including commissions, legal and accounting expenses,

incurred in connection with the relocation. In any event, these expenses will not exceed five thousand dollars (\$5,000).

We do not restrict you from soliciting or accepting clients from outside your territory.

ITEM 13

TRADEMARKS

Under the Franchise Agreement, we grant you the non-exclusive right to use our trademarks in connection with the operation of the location. You may also use our other current or future trademarks to operate the location. By trademark we mean trade names, trademarks, service marks, logos, décor, trade dress, lay out, domain names, and other commercial symbols used to identify the business.

Our primary trademark is SCHOOLEY MITCHELL. Our Marks that are registered with the United States Patent and Trademark Office (“PTO”) are listed below.

Mark	Registration Number	Registration Date	Principal or Supplemental Register of the PTO
SCHOOLEY MITCHELL	4839604	October 27, 2015	Principal
	4839605	October 27, 2015	Principal

All required affidavits have been filed. We intend to renew our trademarks at the times required by law. We also claim common law rights in our trademarks based on our prior usage.

To our knowledge, there are presently no effective material determinations by the PTO, the Trademark Trial And Appeal Board, the trademark administrator of any state or any court, nor any pending interference, opposition or cancellation proceeding or material litigation involving the marks.

You will have the right to use all of our trademarks in the operation of the location. However, you must use the trademarks only for the operation of your location and in the manner authorized by us. You cannot use the name or trademarks as part of a corporate name or your Internet domain name or any similar Internet identifier or account name, or on any employee forms, or with any modifying words, designs or symbols except for those which we license to you. You may not use our marks in connection with the sale of unauthorized goods or services, or in a manner not authorized in writing by us.

We have no agreements that limit our right to use or license our marks in any manner.

You must notify us immediately in writing of any apparent infringement or challenge to your use of our trademarks. We have the sole discretion to take such action as we deem appropriate. We are not obligated by the Franchise Agreement or other agreement to participate in your defense or to indemnify you if you are a party to any administrative or judicial proceeding involving our marks.

You may not, without our written consent, in our sole discretion, commence or prosecute, or seek leave to intervene in any litigation or other proceeding, including any arbitration proceeding, in which you purport to enforce any right or recover any element of damage arising from the use or infringement of any of the marks or unfair competition resulting there from.

If it becomes advisable at any time, in our sole discretion, to modify or discontinue use of any marks, and/or use one or more additional or substitute trademarks or service marks, you must comply with our directions with respect thereto within a reasonable time after notice thereof by us. We have no liability to you in connection therewith.

We are unaware of any infringing uses that could materially affect your use of our trademark.

All your usage of the marks granted under the Franchise Agreement is nonexclusive, and we retain the right, among others: (a) to use the marks in connection with selling products and services; (b) to grant other licenses for the marks, in addition to those licenses already granted to existing franchisees; (c) to develop and establish other systems using the same or similar marks, or any other proprietary marks, and to grant licenses or franchises in those systems without providing any rights to you.

You will not receive any interest in the marks. You may not at any time contest the validity or ownership of the marks, including any marks which we license to you after you sign the Franchise Agreement. All of your usage of the marks and any goodwill established from their use will inure to the benefit of us, our successors and assigns.

ITEM 14

PATENTS, COPYRIGHTS AND PROPRIETARY INFORMATION

No patents are material to the franchise. We claim copyright protection of the Operations Manual and related materials, our software, databases, and other documents indicating indicia of the System, and other brand identity/marketing/advertisement/promotional materials, although such materials may not have been registered with the United States Copyright Office. These materials are considered proprietary and confidential and are considered our property and may be used by you only as provided in the Franchise Agreement. We reserve the right to register any of our copyrighted materials at any time we deem appropriate.

There currently are no effective determinations of the Copyright Office (Library of Congress), or any court regarding any of the copyrighted materials. There are no agreements in effect that significantly limit our right to use or license the copyrighted materials. There are no infringing uses actually known to us, which could materially affect your use of the copyrighted materials in

any state. We are not required by any agreement to protect or defend any patent, trademark, or copyright.

We possess certain confidential information including the methods, techniques, formats, specifications, procedures, information, systems and knowledge of and experience in the operation and franchising of the System (the “Confidential Information”). We will disclose certain of the Confidential Information to you during the training programs, seminars and conventions, in the Operations Manual and in guidance furnished to you during the term of the Franchise Agreement.

The Franchise Agreement provides that you will not acquire any interest in the Confidential Information other than the right to utilize it in the development and operation of a SCHOOLEY MITCHELL® location during the term of the Franchise Agreement, and that the use or duplication of the Confidential Information in any other business would constitute unfair competition. You also agree that the Confidential Information is proprietary to us and is disclosed to you solely on the condition that you (1) will not use the Confidential Information in any other business or capacity; (2) will maintain the absolute confidentiality of the Confidential Information during and after the term of the Franchise Agreement; (3) will not make unauthorized copies of any portion of the Confidential Information disclosed in written form; (4) will adopt and implement all reasonable procedures required by us to prevent unauthorized use or disclosure of the Confidential Information, including without limitation, restrictions on disclosure thereof to employees of the location and the use of nondisclosure and non-competition clauses in employment agreements with such persons.

You must conduct the location according to the Operations Manual. You will receive one copy of the Operations Manual on loan from us during the training program that is required under the Franchise Agreement, and you must retain it for the term of the Franchise Agreement and update it periodically as directed by us. You must at all times treat the Operations Manual, any other manuals or written directions or instructions regarding the operation of the location, and the information they contain as secret and confidential. You must not at any time copy, duplicate, record or reproduce these materials without our prior written consent or make them available to any unauthorized person.

The Operations Manual will at all times remain our property exclusively, and your following the Operations Manual is a critical factor in the operations of your location. We may revise the Operations Manual, and you must comply with each new or changed standard, although these new and changed standards will not materially affect your rights and responsibilities under the Franchise Agreement. If there arises any dispute concerning the contents of the Operations Manual, the terms of the master copy of the Operations Manual that we maintain at our home office will control.

ITEM 15

OBLIGATION TO PARTICIPATE IN THE ACTUAL OPERATION OF THE FRANCHISE BUSINESS

For standard franchises, you are only permitted to carry on the business of operating a SCHOOLEY MITCHELL® office and may not engage in the sale of any other products or services

without first obtaining our written consent. For purposes of clarity, this provision is not intended to affect passive income such as that from investments, real estate, or like income. It is intended to ensure that SCHOOLEY MITCHELL® franchisees are dedicated to the development of the SCHOOLEY MITCHELL® business, and not directly involved in employment, or the operation of other active businesses, without our approval.

The Franchise Agreement provides that you or a fully-trained manager who has been approved in writing by us will devote full time effort and attention to the honest, diligent and faithful operation and supervision of the licensed business. We recommend, but do not require, that you supervise your location by actively participating in the operations of the location. We do not require your manager to own an equity interest in the franchise business.

For builder franchises, you may maintain other employment and operate your SCHOOLEY MITCHELL® franchise on a part-time basis.

For development franchises, you may establish and operate up to 10 satellite locations in markets other than the location of the licensed business. A fully-trained manager who has been approved in writing by us must devote full time effort and attention to the honest, diligent and faithful operation and supervision of the licensed business, but you may hire or subcontract for the provision of services at satellite locations.

You or your manager must use his or her best efforts in the operation of the location. You and, if applicable, your manager must successfully complete our training program.

We may require you to use an employment agreement for your key employees that will protect the secrecy of our trade secrets and Confidential Information, and your employment agreement also must contain a covenant against competition within a geographic area and for a length of time designated by us.

Your non-competition obligations during the term of the Franchise Agreement are described in Item 14 and 17 of this Franchise Disclosure Document.

ITEM 16

RESTRICTIONS ON WHAT THE FRANCHISEE MAY SELL

You are required to offer for sale only products and services that have been approved and specified by us, including any updates that are incorporated in the Operations Manual from time to time. You may not offer for sale any products or services not specifically approved by us in writing. We may periodically change required and/or authorized products and services. There are no limits in our rights to do so (See Item 8).

Franchisees are not required to sell all goods and services approved by the franchisor.

We do not impose any restrictions or conditions that limit your access to customers.

PUBLIC FIGURES

We do not use any public figure to promote the SCHOOLEY MITCHELL® franchise System. You are not prohibited by the Franchise Agreement from using the name of a public figure or celebrity in your own promotional efforts or advertising; however, all advertising requires our prior approval.

ITEM 19

FINANCIAL PERFORMANCE REPRESENTATIONS

The FTC's Franchise Rule permits a franchisor to provide information about the actual or potential financial performance of its franchised and/or franchisor-owned outlets, if there is a reasonable basis for the information, and if the information is included in the disclosure document. Financial performance information that differs from that included in Item 19 may be given only if: (1) a franchisor provides the actual records of an existing outlet you are considering buying; or (2) a

franchisor supplements the information provided in this Item 19, for example, by providing information about possible performance at a particular location or under particular circumstances.

This is a historic financial performance representation of active franchisees that operate a franchise substantially similar to the type offered in this Disclosure Document. The following tables present unaudited information about the historical Annual Secured Revenue generated by 240 of our U.S. and Canadian franchisees during the 12 months ending February 28, 2025 (the “Reporting Year”). “Annual Secured Revenue” means the revenue a franchisee has received or expects to receive under all franchisee customer contracts that were signed during the Reporting Year. For example, if during the Reporting Year a franchisee signed a contract with a customer achieving that customer \$60,000 in savings over three years and earning the franchisee a \$30,000 commission from the customer paid over the life of that contract, that franchisee has obtained \$30,000 of Annual Secured Revenue in the Reporting Year. Annual Secured Revenue does not include any deductions for fees, costs, or expenses.

The financial performance information is separated into two tables—one for Full-Time Franchisees and one for Part-Time Franchisees—which reflects the two different modes in which our franchisees have historically operated. We have delineated “Full-Time Franchisees” as those franchisees who devote at least 15 hours of work per week to the franchised business. “Part-Time Franchisees” are those franchisees who devote less than 15 hours or work per week to the franchised business. We surveyed our franchisees on the number of hours each worked per week in order to categorize their financial performance information for this Item 19.

The franchise information contained in this Item 19 does not include data for (i) company-owned and company-affiliated outlets; (ii) the 21 franchisees who ceased operating during the Reporting Year, including 0 that closed after being open less than 12 months; and (iii) the 52 new franchisees that began operating during the Reporting Year.

Note:

1. “Range” refers to the relative performance ranking of the franchisees. Therefore, the “1st Quartile” range refers to the top 25% of the franchisee count, ranked by Annual Secured Revenue, the “2nd Quartile” range refers to the next 25% of the franchisee count, and so on. The “1st Decile” range refers to the top 10% of the franchisee count, ranked by Annual Secured Revenue, the “2nd Decile” range refers to the next 10% of the franchisee count, and so on.

2. The “Average Annual Secured Revenue” is calculated by adding up all Annual Secured Revenue figures and dividing by the number of figures counted. The “Median Annual Secured Revenue” is calculated by placing all Annual Secured Revenue figures being counted in order of ascending or descending value and finding the middle figure in the list. If there is an even number of figures, the median is calculated by adding the middle two figures and dividing by two.

Some outlets have earned this amount. Your individual results may differ. There is no assurance that you will earn as much.

Written substantiation of the data presented in this financial performance representation will be made available to you upon reasonable request.

Other than the preceding financial performance representation, we do not make any representations about a franchisee’s future financial performance or the past financial performance of company-owned or franchised outlets. We also do not authorize our employees or representatives to make any such representations either orally or in writing. If you are purchasing an existing outlet, however, we may provide you with the actual records of that outlet. If you receive any other financial performance information or projections of your future income, you should report it to the franchisor's management by contacting Dennis Schooley, 1030 Erie Street, Stratford, Ontario, N4Z 0A1, 519-271-6477, the Federal Trade Commission, and the appropriate state regulatory agencies.

12.5 Additional Information - The Licensee will also submit to the Licensor, for review or auditing, such other forms, reports, records, information and data as the Licensor may designate, in the form and at the time required by the Licensor, upon request and as specified from time to time in the Manual or otherwise in writing.

12.6 Enquiry by the Licensor - The Licensee authorizes the Licensor or its nominee to make enquiries of the Licensee's bankers, suppliers, trade creditors, and clients as to their dealings with the Licensee.

12.7 Inspection - The Licensor or its designated agents will have the right at all times to examine the books, records, receipts, and tax returns and any other financial records and reports of the Licensee. The Licensor's right of examination will include the right to remove all such books, records, etc. for the purpose of photocopying, provided that any such books, records etc. so removed will be returned promptly to the Licensee. If an inspection and/or audit should reveal that Gross Sales have been understated in any report to the Licensor then the Licensee will, in addition, immediately pay to the Licensor all amounts payable under this Agreement in respect of such under-reported Gross Sales upon demand, in addition to interest from the date such amount was due until paid, at the Interest Rate. Remedies under this section will be in addition to any other remedies that the Licensor may have.

The Licensee will submit to the Licensor, for its prior approval (except with respect to prices to be charged), samples of all advertising and promotional plans and materials that the Licensee desires to use and that have not been prepared or previously approved by the Licensor. If written disapproval of the proposed advertisement is not received by the Licensee within 30 days from the date of receipt by the Licensor of the materials, the Licensor will be considered to have given the required approval.

13.3 Restrictions on Advertising - Notwithstanding the above, the Licensee may not, without the prior written consent of Licensor, take part in, or promote the Licensed Business through group-buying websites, without the prior written consent of the Licensor.

13.5 Marketing and Promotion Fund - The Licensor has the right to maintain and administer a Marketing and Promotion Fund (the "Fund"). The Licensee is required to remit to the Licensor for contribution to the Fund a non-refundable monthly contribution in the amount set out in Section 6.3, for the preceding month. The Licensee understands and acknowledges that it may not benefit directly or in proportion to its contribution to the Fund from the development of advertising, marketing and public relations programs and materials. It is understood that licensees will require different amounts of assistance from time to time and such assistance is not intended to be allotted equally among licensees. The Licensor reserves the right to make any determination as to the manner and extent of necessary support for each specific licensee.

13.6 Use of Funds by Licensor -

- a. The Licensor shall direct all advertising and marketing programs financed by the Fund, with sole discretion over the creative concepts, materials and endorsements used therein, geographic, market and media placement and allocation, including social media, and the administration thereof. - c. The Fund is not a trust fund, and the Licensor does not owe the Licensee a fiduciary duty with respect to the maintenance, direction or administration of the Fund. Except as expressly provided in this Agreement, the Licensor assumes no other direct or indirect liability or obligation to the Licensee with respect to the maintenance, direction or administration of the Fund. It is understood and agreed that the Licensor will allocate funds as it considers appropriate, provided that the Licensor will from time to time receive and consider the input of Licensees of the System, or of any advisory board of the Fund that may be established by the Licensor from time to time. The cost of participating in such insurance program will be borne solely by the Licensee. The insurance policy or policies obtained under such insurance program will protect the Licensee and the Licensor, their officers, directors, partners, employees and independent contractors against certain losses, liabilities and expenses arising or occurring upon or in connection with the Licensed Business. Licensee shall additionally be required to obtain sufficient insurance to cover data theft and cybersecurity coverage, at an amount set out by Licensor.

The Licensor may from time to time reasonably determine and increase the minimum insurance limits and require different or additional kinds of insurance to reflect changes in insurance standards, normal business practices, higher court awards and other relevant considerations.

- 14.2 Licensor's Option to Obtain Insurance** - Should the Licensee, for any reason, fail to obtain or maintain the insurance required by this Agreement, as revised from time to time by the Manual or otherwise in writing, the Licensor will have the right, at its option, to obtain such insurance and to charge that expense to the Licensee, which charges, together with an administrative fee for the Licensor's expenses in so acting equal to 15% of the total premium cost, will be payable by the Licensee immediately upon notice.

- 14.3 Licensee to Report Claims** - The Licensee will promptly report all claims or potential claims against the Licensee, the Licensor or the Licensed Business to its insurer and the Licensor.

15. Transfer of Interest

Accordingly, neither this Agreement nor any legal or beneficial interest in part or all of the ownership of the Licensee, in the Licensed Business or any of the assets employed by or in connection with the Licensed Business may be sold, assigned, transferred, conveyed, given away, pledged, mortgaged, hypothecated or otherwise encumbered without the prior written consent of the Licensor. Any purported assignment or transfer, by operation of law or otherwise, which does not have the prior written consent of the Licensor, will be null and void and will constitute a material breach of this Agreement for which the Licensor may terminate this Agreement without opportunity to cure. Any purported assignment or transfer, by operation of law or otherwise, to an existing Franchise Candidate of the Licensor, or to an existing Franchise Candidate of any of the Licensor's Franchise Development staff or subcontractors, will be null and void and will constitute a material breach of this Agreement for which the Licensor may terminate this Agreement without opportunity to cure.

- 15.3 Pre-Conditions to Transfer** - The Licensor will not unreasonably withhold its consent to a transfer of any interest of the Licensee in the Licensed Business. Prior to the proposed transfer, the Licensee must fulfill the terms of the Licensor's transfer policy in effect at the time of transfer. The

Licensor may, in its discretion, as a part of its transfer policy require that the conditions set out below be satisfied.

- a. If the transferee entity is to be a corporation, then it will be a newly organized corporation and copies of all organizational documents, including any shareholder agreement, will be delivered to the Licensor. The organizational documents will restrict the business that the corporation may carry on to the operation of a Schooley Mitchell™ licensed business.
- b. All obligations, monetary or otherwise, of the Licensee or of the principals of the Licensee to the Licensor, affiliates and suppliers of the Licensor will have been satisfied in full.
- c. The transferee will enter into a written agreement, under seal, and in a form satisfactory to the Licensor, assuming and agreeing to discharge all of the Licensee's obligations under this Agreement.
- d. The Licensee will not be in default of any provision of this Agreement or any other agreement between the Licensor and the Licensee.
- e. The Licensee will sign a general release of any and all claims against the Licensor.
- f. The transferee and its principals will demonstrate to the Licensor's satisfaction: that they meet the Licensor's managerial and business standards; possess a good moral character, business reputation, and credit rating; have the aptitude and ability to conduct the Licensed Business (as may be evidenced by prior related business experience or otherwise); and have adequate financial resources and capital to operate the Licensed Business.
- g. The transferee will execute (and/or, upon the Licensor's request, cause all interested parties to execute) such then-current standard form Franchise License Agreement and other supporting documents as the Licensor may require for the Licensed Business, which will supersede in all respects this Agreement, and which may differ materially from the terms of this Agreement, including a different fee structure.
- h. At the transferee's expense and upon such other terms and conditions as the Licensor may reasonably require, the Licensor may require, at the Licensor's sole discretion, the transferee, the transferee's managers, directors, officers, shareholders, partners, employees and independent contractors to complete the training course then in effect for Licensees in the same manner and upon the same terms as the initial training.
- i. If the transferee is a corporation then the shareholders, directors and officers of the transferee will provide their personal guarantee of all of the Licensee's obligations under this Agreement and any other agreement between the Licensor and the Licensee.
- j. Prior to the granting of approval for the transfer of the Licensee's interest in this Agreement, the Licensor will be paid in full its transfer, training and processing fees, which will be non-refundable. The fee payable under this section will be equal to the greater of (i) 5% of the gross sales price of the Licensed Business or (ii) \$5,000.
- k. Regardless of any transfer by the Licensee in accordance with this article, the Licensee and any guarantor of the Licensee's obligations under this Agreement will remain bound by all of the terms and conditions of this Agreement and any such guarantee.

15.4 Transfer to Closely Held Corporation - If the Licensee is an individual, the Licensee may with the prior written consent of the Licensor, which consent will not be unreasonably withheld, transfer his license to a corporation, provided that all of the other preconditions to transfer set out in Section 15.3 are fully complied with except for Section 15.3 j., and provided that the additional conditions set out below are satisfied.

- a. The person signing this Agreement as Licensee will continue to be the legal and beneficial owner of 51% or more of the outstanding voting shares of the transferee corporation. Only the spouse and the adult children of the Licensee may own the balance of the shares of the transferee corporation.
- b. The person signing this Agreement as Licensee will remain as a director and officer of the transferee corporation.

15.5 Transfer Upon Death or Incapacity - Subject to Sections 15.6 and 19.6, upon the death or deemed Incapacity of any person with any interest in the Licensed Business or in the Licensee or upon the dissolution or winding-up of a Licensee that is a partnership or corporation, the executor, administrator, personal representative or trustee of such person or entity will transfer his or its interest to a third party approved by the Licenser within 6 months of the death or deemed Incapacity. Such transfers, including without limitation, transfers by devise or inheritance, will be subject to the same conditions as any transfer between living persons.

15.6 Licenser's Right of First Refusal Upon Death or Incapacity - Upon the death or incapacity of the Licensee, the Licensee or any party holding any interest in the Licensee or in the Licensed Business (referred to in this section as the "Transferor") and who desires to accept any valid arm's length offer from a third party to transfer its interest in the Licensee, the Licensed Business or any assets of the Licensee or the Licensed Business (referred to in this section as the "Assets to be Transferred") will give notice of the offer (referred to in this section as the "Offer") to the Licenser, along with a complete copy of the Offer, a copy of the Licensee's most current financial statements, the Licenser's standard license application form completed by the proposed transferee, and a \$500 non-refundable payment for considering the request for the transfer (this payment will be applied toward the amount payable under Section 15.3 j. in the event that the Licenser does not exercise its right of first refusal provided by this section). The Licenser will then have the option, exercisable within 5 business days after receipt of all such material, to send written notice to the Transferor that the Licenser or its nominee intends to transfer the Transferor's interest in the Assets to be Transferred on the same terms and conditions set out in the Offer. Any change in the terms of the Offer prior to closing will constitute a new offer subject to the same rights of first refusal by the Licenser or its nominee as in the case of an initial offer. Failure of the Licenser to exercise the option afforded by this section will not constitute a waiver of any other provision of this Agreement. In the event that the Licenser does not exercise its right of first refusal under this section, then the Transferor may sell its interest in the Assets to be transferred, provided that the sale is completed within 90 days from the last day on which the Licenser could have exercised its right of first refusal. If the proposed sale is not completed within the said 90 day period, then the Licenser's right of first refusal under this section will revive automatically and continue in full force. In the event that the Licenser exercises its first right of refusal in accordance with this section, the amount of the transfer price payable will be reduced by the amount of any commission or fee that would otherwise have been payable to any broker, agent or other intermediary in connection with the sale of the Assets to be Transferred to the proposed transferee. Notwithstanding anything to the contrary in the Offer, where the terms of transfer of the Assets to be Transferred include any financing terms, the Licenser will have the option to pay the entire consideration in cash on closing; and, the Licenser may advance the closing date to any date prior to the closing date stipulated in the Offer.

15.7 Non-Waiver of Claims - The Licenser's consent to a transfer of any interest in the Licensed Business will not constitute a waiver of any claims it may have against the transferring party, nor will it be considered a waiver of the Licenser's right to demand exact compliance with any term of this Agreement by the transferee.

15.8 Reasonableness - The Licensee acknowledges and agrees that each of the conditions of transfer set out in this article which must be met by the Licensee and the transferee are necessary and reasonable to assure full performance of the Licensee and Transferee's obligations under this Agreement.

16. Changes and Modifications

- 16.1 Licensor's Right to Modify System, etc.** - The Licensor reserves and will have the right to make changes in the Manual, the System, and the Marks at any time and without prior notice to the Licensee. The Licensee will do or cause to be done all matters or things as may be reasonably necessary to secure to the Licensor the full right, use and enjoyment of all licenses and/or accreditation, or applications for licenses and accreditation in effect at the time of termination or expiration of this Agreement and any contracts in effect or under negotiation at that time. Upon termination or expiration of this Agreement, the Licensee will be deemed, at the Licensor's option, to have assigned and/or transferred to the Licensor any and all such licenses, accreditation, applications and contracts. For this purpose, the Licensee irrevocably appoints the Licensor and any officer of the Licensor as its attorney to execute and deliver on its behalf any assignment or transfer or other documents required in order to complete the assignment and transfer of any such license, accreditation or contracts.
- i. The Licensee will execute any legal documents that may be necessary to carry out any termination or transfer to the Licensor or its nominee provided for in this Agreement and will furnish to the Licensor, within 10 days after the effective date of termination, written evidence satisfactory to the Licensor of the Licensee's compliance with the obligations set out in this article.
- j. Other than as specifically set out in this article, the Licensee will have no interest in the Licensed Business upon termination or expiration of this Agreement, provided that the Licensee will continue to be bound by any obligation set out in this Agreement which is expressed or intended to survive the termination or expiration of this Agreement.

18.2 Goodwill - Upon termination or expiration of this Agreement, the Licensee will receive no payment from the Licensor, or adjustment whatsoever for any goodwill the Licensee may have established either prior to or during its operation of the Licensed Business.

19. Additional Remedies

19.1 Remedies - No right or remedy conferred upon or reserved to the Licensor by this Agreement is intended to be, nor will be considered, exclusive of any other right or remedy under this Agreement or by law or equity provided or permitted, but each will be in addition to every other right or remedy.

19.2 No Liability - The Licensor will not be responsible or otherwise liable for any injury, loss, or damage resulting from, occasioned to or suffered by any person or persons or to any property because of services or products sold or otherwise provided by it to the Licensee.

19.3 Solidary, Joint and Several Liability - If two or more individuals, corporations, partnerships or other entities (or any combination of two or more of them) signs or is subject to the terms and conditions of this Agreement as Licensee or as guarantor, the liability of each of them under this Agreement will be considered to be solidary (in the case of Quebec licensees), joint and several.

19.4 Licensor May Cure Default - In addition to all other remedies granted in this Agreement, if the Licensee defaults in the performance of any of its obligations or breaches any term or condition of this Agreement or any related agreement, the Licensor may, at its sole option immediately or at any time thereafter, without waiving any claim for breach and without notice to the Licensee, cure such default for the account of and on behalf of the Licensee. The entire cost to the Licensor of curing any such default is due and payable on demand.

19.5 Operation of the Licensed Business by the Licensors - In order to prevent any interruption of the operations of the Licensed Business or any injury to its goodwill and reputation that would cause harm to the Licensed Business and thereby lower its value, the Licensee authorizes the Licensors, and at the option of the Licensors, to enter upon the Licensee's business premises and operate and manage the Licensed Business:

- a. in the event that the Licensee or any of the Licensee's principals, shareholders or partners is absent or incapacitated by reason of illness or death and that the Licensee is not, therefore, in the opinion of the Licensors, able to carry on the normal operation of the Licensed Business; or
- b. upon the happening of some event which affects the Licensee or any of the principals, shareholders, partners or employees of the Licensee, and which interferes with the normal operation of the Licensed Business; for so long as the Licensors considers necessary and practical, and without waiver of any other rights or remedies the Licensors may have under this Agreement. In the event that the Licensors should operate the Licensed Business, the Licensors will not be obligated to continue to do so and may in fact discontinue such operation at any time and without notice. All revenues from the operation of the Licensed Business during such period of operation by the Licensors will be kept separate for the account of the Licensee and all expenses, including reasonable compensation and expenses for the Licensors's representative, will be charged to the Licensee. If the Licensors elects to temporarily operate the Licensed Business on behalf of the Licensee, the Licensee will indemnify and hold harmless the Licensors from any loss or deficit suffered by the Licensors as a result of its temporary operation of the Licensed Business, regardless of the cause (other than the Licensors's negligence), and from any and all claims, losses or damages of any nature whatsoever incurred by the Licensors and its representatives during such operation.

19.6 Licensors's Option to Take Assignment - In the event of the dissolution or winding-up of a Licensee that is a partnership or corporation, or the expiry of this agreement without renewal or the termination of this Agreement for any reason including, but not limited to, a default under Article 17, the Licensors will have the option for a period of 45 days following the date of termination to take an assignment of any client contract to which the Licensee may be a party. In the event that the Licensors exercises this option, the compensation payable to the Licensee will be limited to the value of the Licensee's work in progress in respect of that contract to the date of expiry or termination. In the event that the parties cannot agree on the value of the work in progress within 10 business days, an independent appraiser will be designated by each of the Licensors and the Licensee and an average of the two appraised values will be binding.

19.7 Setoff by the Licensors - Notwithstanding anything contained in this Agreement, upon the failure of the Licensee to pay the Licensors as and when due any amount of money provided for in this Agreement, the Licensors will have the right at its option, to deduct any and all such amounts remaining unpaid from any moneys or credit held by the Licensors for the account of the Licensee.

19.8 No Setoff by Licensee - The payment and performance by the Licensee of the fees and other obligations under this Agreement are absolute and unconditional, irrespective of any defense or any rights of setoff, or counterclaim that the Licensee might otherwise have against the Licensors. The Licensee will pay, absolutely net, all of the fees due under this Agreement, free of any deductions and without abatement, diminution or setoff. Any defense or right of setoff, or counterclaim must be brought by separate action. The Licensors will not be bound by any restrictive endorsement on any payment made by the Licensee. Upon receipt of any payment by the Licensee, the Licensors reserves the right to allocate such payment at its discretion, even if the Licensee has designated the payment for a different purpose or account.

19.9 Charges for Late and N.S.F. Payments - All fees and payments and all amounts due for goods purchased by the Licensee from time to time from the Licensors or its affiliates and any other amounts

owed to the Licensor or its affiliates by the Licensee pursuant to this Agreement or otherwise will bear interest after the due date and until paid in full at the Interest Rate, both before and after default, with interest on overdue interest at the Interest Rate. The acceptance of any payment will not be interpreted as a waiver by the Licensor of its rights in respect of the default giving rise to such payment and will be without prejudice to the Licensor's right to terminate this Agreement as a result of such default. In addition, the Licensee agrees to pay an administrative fee of \$50 for each and every overdue payment, and for each and every payment that the Licensee's bank refuses to honour for any reason.

19.10 Legal Fees - In the event the Licensor is made a party to any litigation or is threatened to be made a party to any litigation commenced by or against the Licensee, and if the Licensee has breached any of the terms and conditions of this Agreement or is otherwise found at fault to any extent in such litigation, then the Licensee will indemnify and save the Licensor harmless against any losses, damages or claims whatsoever arising from that litigation or the breach or default that gave rise to that litigation and will pay all costs and expenses including the full amount of any legal fees, accountants and expert witness fees, costs of investigation and travel and living expenses incurred or paid by the Licensor in connection with such litigation. Where any provision of this Agreement requires payment of legal fees, the fees payable will be on the basis of a solicitor and his own client, and will include all disbursements and taxes.

19.11 Dispute Resolution - Any dispute or difference between the Licensee and Licensor concerning questions of fact, procedures, practices, standards or specifications contained in this Agreement or the Manual which cannot be resolved or settled by them, will be determined solely by arbitration. The Licensee and Licensor and all persons claiming through or under them agree to attorn to the jurisdiction of the arbitrator and to the jurisdiction of any court in which the judgment of the arbitrator may be entered. The Licensee knows, understands and agrees that it is the intent of the parties that any arbitration between the Licensor and the Licensee or between the Licensee and any other Licensee will be of the Licensee's individual claims and that the claims subject to arbitration will not be arbitrated on a class-wide basis. In the case of a Licensed Business located in the United States, the parties will submit the dispute or claim to the American Arbitration Association for hearing in Detroit, Michigan, whose Commercial Arbitration rules will apply and whose decision will be final. In the case of a Licensed Business located in Canada, the parties will submit the dispute or claim to the Canadian Foundation for Dispute Resolution for hearing in Mississauga, Ontario, whose Commercial Arbitration rules will apply and whose decision will be final. The arbitrator may not under any circumstance stay the effectiveness of any pending termination, assess punitive, speculative or exemplary damages, or make any award which extends, modifies or suspends any lawful term of this Agreement or any reasonable standard of business performance set by the Licensor. No arbitration will be required for default of the monetary obligations established by the Agreement. Except with regard to the Licensee's obligation to pay monies pursuant to the terms of this Agreement, any claim between the parties must be commenced within one year from the date on which the party asserting the claim knew or ought to have known of the facts giving rise to the claim, or the claim will be forever barred. The parties understand this time limit may be shorter than otherwise allowed by law. No previous course of dealing will be admissible to explain, modify or contradict the terms of this Agreement. No implied covenant of good faith, fair dealing or commercial reasonableness will be used to alter the express terms of this Agreement.

The Licensee agrees to take such affirmative action as may be necessary to do so, as the Licensor may specify in the Manual or otherwise in writing.
- 20.3 No Liability** - It is understood and agreed that nothing in this Agreement authorizes the Licensee to make any contract, agreement, warranty or representation on the Licensor's behalf, or to incur any debt or other obligation in the Licensor's name, and that the Licensor will in no event assume liability for, or be considered liable as a result of, any such action, or by reason of any act or omission of the Licensee in its conduct of the Licensed Business or any claim or judgment against the Licensee. The Licensee will indemnify and hold the Licensor harmless against any and all claims arising directly or indirectly from, as a result of, or in connection with the Licensee's operation of the Licensed Business, as well as the costs, including legal fees, of defending against them.

such approval or consent will be obtained in writing. The Licensor may grant or deny its approval or consent in its sole, absolute and unfettered discretion, with or without reason or consideration.

- 21.5 No Waiver** - No failure of the Licensor to execute any power reserved to it by this Agreement, or to insist upon strict compliance by the Licensee with any obligation or condition of this Agreement, and no custom or practice of the parties that differs from the terms of this Agreement, will constitute a waiver of the Licensor's right to demand exact compliance with any of the terms of this Agreement. Waiver by the Licensor of any particular default by the Licensee will not affect or impair the Licensor's rights with respect to any subsequent default of the same, similar or different nature, nor will any delay, forbearance or omission of the Licensor to exercise any power or right arising out of any breach or default by the Licensee of any of the terms, provisions or covenants, affect or impair the Licensor's right to exercise any of its powers or rights, nor will such constitute a waiver by the Licensor of any right under this Agreement, or the right to declare any subsequent breach or default and to terminate this Agreement prior to the expiration of its term. Subsequent acceptance by the Licensor of any payments due to it under this Agreement will not be considered to be a waiver by the Licensor of any preceding breach of the Licensee of any terms, covenants or conditions of this Agreement.
- 21.6 Uncontrollable Circumstances** - Delays in the performance of any duties under this Agreement that are not within the reasonable control of the parties due to fire, flood, natural disaster, act of God, governmental acts or orders or civil disorders including strikes will not cause a default under this Agreement and the other party will extend the time for performance for the period of such delay or for such other reasonable period of time as may reasonably be required.
- 21.7 Governing Law, Jurisdiction and Venue** - This Agreement will be interpreted, governed and enforced solely in accordance with the laws of Delaware, in the case of a Licensed Business located in the United States; or Ontario, in the case of a Licensed Business located in Canada. **DEVELOPMENT FRANCHISE ADDENDUM
TO
SCHOOLEY MITCHELL® FRANCHISE LICENSE AGREEMENT**

This DEVELOPMENT FRANCHISE ADDENDUM TO SCHOOLEY MITCHELL® FRANCHISE LICENSE AGREEMENT (this “**Addendum**”), is between **1073355 Ontario Limited**, an Ontario, Canada, corporation (“**Licensor**”) and _____, a _____ (“**Licensee**”), and amends certain portions of the Franchise License Agreement between the Licensor and the Licensee signed on or about the same date as this Addendum (the “**Franchise Agreement**”).

Licensor and Licensee wish to modify the Franchise Agreement and accordingly agree as follows:

1. Interpretation.

- a. Capitalized Terms.** Capitalized terms used and not otherwise defined herein (including in the recitals hereto) shall have the meanings assigned to them in the Franchise Agreement, unless the context otherwise requires.
- b. Conflict.** In the event of any conflict between the terms of the Franchise Agreement and the terms of this Addendum, the terms of this Addendum shall control.

2. Amendments. The Franchise Agreement is hereby amended as follows:

- a. License Fee.** Section 6.1 of the Franchise Agreement is amended in its entirety to read as follows:

6.1 License Fee - The Licensee will pay to the Licensor a non-recurring and non-refundable license fee of \$250,000. This fee is payable at the time of signing this Agreement. The Licensee acknowledges that the grant of the license to operate the Licensed Business constitutes the consideration for the payment of this License Fee and that the License Fee is fully-earned by the Licensor upon signature of this Agreement.

- b. Royalty Fee.** Section 6.2 of the Franchise Agreement is amended in its entirety to read as follows:

6.2 Royalty Fee - In return for the ongoing rights and privileges granted to the Licensee under this Agreement, the Licensee agrees to remit a continuing monthly royalty fee to the Licensor equal to 8% of the Gross Sales in each calendar month. The Royalty fee will be reduced to 7% on Gross Sales above \$2,500,000 in each calendar year, and to 6% on Gross Sales above \$5,000,000 in each calendar year. The minimum monthly royalty fee remittable under this section for the 7th through 29th months during the initial term of this agreement will be \$200 per month. The minimum monthly royalty fee remittable under this section for the 30th and all subsequent months during the initial term of this agreement will be \$400 per month.

d. Satellite Offices.

- i. Notwithstanding the restrictions of Sections 3.1 and 3.2 of the Franchise Agreement, and subject to the Licensor's reservation of rights in Section 3.4 of the Franchise Agreement, upon approval from the Licensor, the Licensee may establish and operate, in accordance with the Licensor's specifications set forth in the Manual, up to 10 satellite offices of the Licensed Business (each a "**Satellite Location**") in markets other than where the Location is situated.
- ii. To request approval of any proposed Satellite Location, the Licensee shall submit such demographic and other information regarding the proposed Satellite Location and neighboring areas as the Licensor shall require ("**Location Review Request**"). The Licensor may seek such additional information as it deems necessary, and the Licensee shall respond promptly to each request. The Licensor may accept or reject a proposed Satellite Location in its reasonable discretion if the Licensor believes the market will not support the Satellite Location or the market is saturated with existing Schooley Mitchell® licensees. If the Licensor accepts a proposed Satellite Location it shall notify the Licensee in writing, the location shall be deemed a "Satellite Location" of the Licensee, and the parties shall execute an addendum to Schedule 1 adding the Satellite Location address. The Licensor will respond to any Location Review Request within approximately thirty (30) days of receipt of the Licensee's Location Review Request, or within about fifteen (15) days after receipt of additional requested information, whichever is later, but in no event shall any proposed location be deemed accepted, except as stated in writing by the Licensor. The Licensee shall not construe any assistance the Licensor may provide, or the Licensor's acceptance of any proposed Satellite Location as a guarantee or other assurance that the Satellite Location will be successful.
- iii. The Licensee understands and acknowledges that this Addendum does not grant the Licensee any territorial rights in the Satellite Location or the market in which it is located, and that there are no restrictions that limit where the Licensor can license or operate another Schooley Mitchell® business.

- e. Nationwide Marketing.** Subject to the Licensor's exclusive right set forth in the Franchise Agreement to advertise and market Schooley Mitchell® services on the Internet and related digital platforms (including social media), the Licensee shall be permitted to market for customers located in any market where Licensee has been approved to operate the Licensed Business, including any approved Satellite Location, provided that such marketing is in accordance with the Licensor's standards set forth in the Manual, and in compliance with any approvals of the Licensor required before use of advertising or marketing materials.

3. **Affirmation of Franchise Agreement, Further References.** The Licensor and the Licensee each acknowledge and affirm that the Franchise Agreement, as hereby amended, is hereby ratified and confirmed in all respects and all terms, conditions, and provisions of the Franchise Agreement, except as amended by this Addendum, shall remain unmodified and in full force and effect. INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of 1073355 Ontario Limited

Opinion

We have audited the financial statements of 1073355 Ontario Limited (the Company), which comprise the balance sheet as of February 28, 2025, and the related statement of accumulated surplus, statement of operations, and statement of cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at February 28, 2025, and its results of operations and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the **"Auditor's Responsibilities for the Audit of the Financial Statements"** section of our auditor's report.

We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Page 2

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Notes to Financial Statements

Year ended February 28, 2025

Nature of operations:

1073355 Ontario Limited (the "Company") is a private company incorporated under the laws of the Province of Ontario, Canada.

The principal business of the Company is to sell and support franchises under the "Schooley Mitchell" trademark. The address of the Company's registered office is 1030 Erie Street Stratford, Ontario, Canada.

All the common shares are held by Dennis Schooley, Founder.

1. Basis of preparation:

(a) Basis of presentation:

The Company prepares its financial statements in accordance with generally accepted accounting principles in the United States of America ("US GAAP").

(b) Basis of measurement:

The financial statements have been prepared on the historical cost basis except for financial instruments held for trading or available for sale which are measured at fair value.

(c) Functional and presentation currency:

These financial statements are presented in Canadian dollars, which is the Company's functional currency.

(d) Use of estimates and judgments:

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the useful life of equipment and leasehold improvements, and trademarks; allowance for expected credit losses on financial assets; fair value calculations of term notes with a 0% interest rate; and the determination of performance obligations for revenue in contracts with customers, allocation of the transaction price to those obligations, and the timing of related revenue recognition. Actual results could differ from those estimates.

1073355 ONTARIO LIMITED

Notes to Financial Statements (continued)

Year ended February 28, 2025

2. Significant accounting policies:

The accounting policies set out below have been applied consistently to all years presented in these financial statements:

(a) Cash and cash equivalents:

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

(b) Allowance for credit losses:

The Company records an allowance for credit losses (ACL) under Subtopic 326-20 Financial Instruments-Credit Losses – Measured at Amortized Cost for the current expected credit losses (CECL) inherent in its financial assets measured at amortized cost and contract assets. The ACL is a valuation account deducted from the amortized cost basis to present the net amount expected to be collected. The estimate of expected credit losses includes expected recoveries of amounts previously written off as well as amounts currently expected to be written off.

The estimate of expected credit losses is based on the Company's historical loss experience, adjusted for current and reasonable and supportable forecasts of economic conditions and other pertinent factors affecting the Company's customers such as known credit risk or industry trends. The allowance is estimated over the contractual term of the financial asset adjusted for expected prepayments. The Company does not have any off-balance sheet credit exposures.

Accounts receivable

The Company uses an aging schedule to estimate the ACL for trade accounts receivable. This method categorizes trade receivables into different groups based on industry and the number of days past due. Past-due status is measured based on the number of days since the payment due date. The trade receivables are evaluated individually for expected credit losses if they no longer share similar risk characteristics. The Company determines that the receivables no longer share similar risk characteristics if they are past due balances over 90 days and over a specified amount. The Company evaluates the collectability of trade accounts receivables with payments that are more than 90 days past due on an individual basis to determine if any are deemed uncollectible. Trade accounts receivable balances are deemed uncollectible and written off as a deduction from the allowance after all means of collection have been exhausted. See Note 3.

1073355 ONTARIO LIMITED

Notes to Financial Statements (continued)

Year ended February 28, 2025

2. Significant accounting policies (continued):

(b) Allowance for credit losses (continued):

Term notes receivable

The Company determines the ACL for notes receivable using estimates of probability of customer default and loss given default applied to estimated exposure at default. When measuring expected credit losses, the Company considers customers' historical payment patterns, customers' credit ratings, and current and reasonable and supportable forecasts of economic conditions in estimating customers' probability of default, exposure at default and estimated loss given default. The Company collectively evaluates notes receivable with similar industry risk and credit risk characteristics. Additionally, the notes receivable are evaluated individually for expected credit losses if they no longer share similar risk characteristics. The Company evaluates the collectability of notes with payments that are more than 90 days past due on an individual basis to determine if any are deemed uncollectible. Notes are deemed uncollectible and written off against the ACL when all possible means of collection have been exhausted. See Note 4.

Contract receivables

The Company determines the ACL for contract receivables using estimates of probability of customer default associated with the accrued receivables given default percentages applied to estimated exposure at default. When measuring expected credit losses, the Company considers customers' historical payment patterns, customers' credit ratings, and current and reasonable and supportable forecasts of economic conditions in estimating customers' probability of default, exposure at default and estimated loss given default. Contract receivables are written off against the allowance for credit losses when the receivable is deemed uncollectible. No ACL was recorded on contract receivables as of February 28, 2025.

(c) Accounts receivable:

Accounts receivable are recorded at the invoiced amount, net of an allowance for credit losses and do not bear interest.

(d) Contract receivables :

Contract receivables primarily represent accrued receivables for revenue earned but not invoiced for production revenue. Contract receivables transferred to accounts receivable once invoiced. Contract receivables at February 28, 2025 are reported net of an ACL.

1073355 ONTARIO LIMITED

Notes to Financial Statements (continued)

Year ended February 28, 2025

2. Significant accounting policies (continued):

(e) Notes receivable:

Notes receivable are recorded net of an ACL. Notes receivable relate to financing arrangements that exceed one year and bear interest at a market rate based on the customer's credit quality and are recorded at amortized cost. Interest is recognized over the life of the note. The Company has not and does not intend to sell these receivables. The Company includes accrued interest as part of the note receivable balance. Notes become past due based on how recently payments have been received compared to contractual due dates. The Company does not accrue interest when payment on a note is 90 days past due. Interest receipts on non-accrual notes are applied to principal. Non-accrual notes are restored to an accrual basis when principal and interest become current and a period of performance has been established in accordance with the contractual terms.

(f) Contract assets :

Contract assets primarily represent commission expenses paid to acquired certain franchise arrangements. Contract asset are amortized over the term of the franchise agreement acquired. The Company does not have impairment losses associated with contract assets as at February 28, 2025.

(g) Inventories:

Inventories are stated at the lower-of-cost or market value using the first-in-first-out inventory method, and consist of equipment and supplies.

(h) Work in progress:

Work in progress represents the costs generated on production revenue which has not yet been earned. It is valued at the lower of cost and the estimated net realizable value of the work-in-progress. Cost is determined based on actual expenses incurred.

(i) Commitments and contingencies:

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred.

1073355 ONTARIO LIMITED

Notes to Financial Statements (continued)

Year ended February 28, 2025

2. Significant accounting policies (continued):

(j) Financial instruments:

The Company uses valuation approaches that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Company determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date.
- Level 2 Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability..
- Level 3 Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

(k) Equipment and leasehold improvements:

Computer equipment is measured at cost less accumulated depreciation and accumulated impairment losses. Costs include all expenditures directly related to the acquisition of the asset. Depreciation is based on the cost of an asset less its residual value. Depreciation is provided for using the following methods and annual rates:

Asset	Basis	Rate
Furniture and fixtures	Declining balance	20%
Computer equipment	Declining balance	50%
Leasehold improvements	Straight-line	10 years

During the pre-operating period, these assets are reported as not in use, with no depreciation until such a time as the assets are available or ready for use.

Depreciation methods, useful lives and residual values are reviewed upon changes in circumstances and adjusted, if appropriate.

1073355 ONTARIO LIMITED

Notes to Financial Statements (continued)

Year ended February 28, 2025

2. Significant accounting policies (continued):

(l) Intangible assets:

Limited life intangible assets, such as patents, trademarks, software, and customer application software, are stated at cost less accumulated amortization. Amortization is based on the estimated useful life of the assets and is calculated on a straight-line basis at the following rates:

Asset	Rate
Trademarks - American	5 years
Trademarks - Canadian	15 years

Intangible assets still in development are not amortized until the assets are available or ready for use. Amortization methods, useful lives and residual values are reviewed upon changes in circumstances and adjusted, if appropriate.

(m) Long-lived assets:

Long-lived assets, such as intangible assets, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If circumstances require a long-lived asset or asset group be tested for possible impairment, the Company first compares undiscounted cash flows expected to be generated by that asset or asset group to its carrying amount. If the carrying amount of the long-lived asset or asset group is not recoverable on an undiscounted cash flow basis, an impairment is recognized to the extent that the carrying amount exceeds its fair value. Fair value is determined using various valuation techniques including discounted cash flow models, quoted market values and third-party independent appraisals, as considered necessary. No impairment losses were recognized in the year ended February 28, 2025.

(n) Income taxes:

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. The Company recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Recognized income tax positions are measured at the largest amount that is greater than 50% likely of being realized. Changes in recognition or measurement are reflected in the period in which the change in judgement occurs.

2. Significant accounting policies (continued):

(o) Revenue recognition:

The Company's revenue streams consist primarily of fees from franchised cost reduction consulting centres operated by traditional franchisees, including the initial licensing fee and royalties based on a percentage of sales. Revenue also includes sales of telemarketing, service and SMARRT programs to franchisees, marketing fund and conference collections, as well as cost reduction consulting services completed from Company operated franchises.

Under ASC 606, revenues are to be recognized when control of promised goods or services is transferred to a customer in an amount that reflects the consideration expected to be received for those goods or services.

i) Franchise sales, royalties, marketing fund and conference collections:

The Company has identified two performance obligations being the initial franchise set up activities, which includes the provision of the initial franchisee training program and the operating manual, initial system set-up and site selection and access to standardized templates, and the ongoing support and services provided over the franchise term. The initial performance obligation has been allocated 80% of the initial fee and is recognized upon completion of the program. The second performance obligation has been allocated 20% of the initial fee, which is recognized as the Company satisfies the performance obligation over the franchise term, which is generally 10 years. The second performance obligation has also been allocated the consideration in the form of royalties from franchisees, including management information system fees, and marketing fees. These are variable consideration based on a percentage of sales. Royalty and production sales revenue are recognized as the Company of a franchisee implements a cost reduction plan for the Company's of franchisee's customer. Standard payment terms require the initial franchisee fee to be paid in advance of the training course, however in certain cases the Company will provide financing alternatives which have been included as notes receivable within the financial statements. Refer to Note 4 for details. All monthly payments are due by the 24th day of the month for the preceding calendar month.

Franchise sales are recognized as deferred revenue when received until the performance obligations have been met.

2. Significant accounting policies (continued):

(o) Revenue recognition (continued):

i) Franchise sales, royalties, marketing fund and conference collections (continued):

A contract asset has been recognized for the directly related commission expense paid to acquire certain franchise arrangements. This contract asset will be amortized over the term of the franchise agreement acquired. The Company is considered as principal for the purpose of marketing fund collection. Revenue from marketing funds is recognized at the gross amount of customer consideration. Conference revenue is recognized on a net basis as the company is considered an agent.

ii) Telemarketing and SMARRT revenue:

Revenue for telemarketing and service revenue is recognized when control of the service is transferred to the customer. This is generally the point in time in which the services have been completed, whether that be telemarketing days or SMARRT program delivery. Therefore, there is only a single performance obligation. Payment on telemarketing and the smart program is typically required in advance of the service being provided.

iii) Corporate office (Production) sales:

A single performance obligation has been identified which is the cost reduction services performed by the head office. This is satisfied when the cost reduction plan is implemented by the customer. Standard payment terms are 30 days subsequent to the completion of the post-audit.

Revenue has been disaggregated by source within the statement of operations.

(p) Foreign currency translation:

Transactions in currencies other than the functional currency are translated into the functional currency using exchange rates prevailing at the dates of the transaction. Monetary assets and liabilities denominated in the functional currency are translated using the exchange rate at the balance sheet date. Foreign exchange gains and losses are recognized in the statement of operations.

(q) Leases:

The Company leases offices, computer equipment and furniture and fixtures. The Company determines if an arrangement is a lease at inception and evaluates the lease classification (i.e., operating lease or financing lease) at that time. Both operating and financing leases are included in right-of-use assets, lease liabilities, and current portion lease liabilities on the Company's balance sheet.

(q) Leases (continued):

Right-of-use assets represent the Company's right to use an underlying asset for the lease term, and lease liabilities represent our obligation to make lease payments arising from the lease. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred, less any lease incentives received. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

The Company considers the likelihood of exercising options to extend or terminate the lease when determining the lease term.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the shorter of the end of the lease term or the useful life.

Lease obligations is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, if the Group changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

Finance lease interest expense is included within Bank charges and interest expense in the statements of operations. Operating lease and variable lease costs are included in Office Administration in the statements of operations. Variable lease costs are the portion of lease payments that are not fixed over the lease term. Variable lease costs include real estate payments that are adjusted periodically for inflation or other variables as well as payments for taxes, insurance, maintenance and other expenses. The Company expenses variable lease costs as incurred.

Lease arrangements with an initial term of 12 months or less are considered short-term leases and are not recorded on the balance sheet. The Company recognizes lease expense for these leases on a straight-line basis over the term of the lease.

The Company has adopted several new or amended standards effective March 1, 2024. In August 2020, the FASB issued ASU 2020-06, Debt—Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging—Contracts in Entity's Own Equity (Subtopic 815-40): Accounting for Convertible Instruments and Contracts in an Entity's Own Equity. ASU 2020-06 reduces the number of accounting models for convertible instruments and allows more contracts to qualify for equity classification. ASU 2020-06 is effective for the Company's annual reporting periods beginning after December 15, 2023. Adoption is either with a modified retrospective method or a fully retrospective method of transition. Early adoption is permitted, but no earlier than annual periods beginning after December 15, 2020. The Company adopted this ASU effective March 1, 2024 with no material impact.

In October 2021, the FASB issued ASU 2021-08, Business Combinations (Topic 805): Accounting for Contract Assets and Contract Liabilities from Contracts with Customers, which provides an exception to fair value measurement for contract assets and contract liabilities related to revenue contracts acquired in a business combination. The ASU requires an entity (acquirer) to recognize and measure contract assets and contract liabilities acquired in a business combination in accordance with Topic 606. At the acquisition date, an acquirer should account for the related revenue contracts in accordance with Topic 606 as if it had originated the contracts. The ASU is effective for the Company for annual and interim periods in fiscal years beginning after December 15, 2023. Early adoption is permitted. The ASU is applied to business combinations occurring on or after the effective date. The Company adopted this ASU effective March 1, 2024 with no material impact.

In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. In June 2022, the FASB issued ASU 2022-03, Fair Value Measurement (Topic 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions. The ASU clarifies that a contractual restriction on the sale of an equity security should not be considered in measuring the fair value of the equity security, and also cannot be recognized as a separate unit of account. The ASU also requires the investor to disclose the fair value of equity securities subject to contractual sale restrictions, the nature and remaining duration of the restriction(s), and the circumstances that could cause a lapse in the restriction(s). The ASU is effective for the Company for annual and interim periods beginning after December 15, 2024. Early adoption is permitted. The Company adopted this ASU effective March 1, 2024 with no material impact.

In March 2023, the FASB issued ASU 2023-01, Leases (Topic 842): Common Control Arrangements. The ASU provides a practical expedient for private companies and not-for-profit entities to use the written terms and conditions of a common control arrangement to determine whether a lease exists and, if so, the classification of and accounting for that lease. The ASU also clarifies the accounting for and transfer of leasehold improvements associated with common control leases, thereby reducing diversity in practice. The amendments in this ASU affect all lessees that are a party to a lease between entities under common control in which there are leasehold improvements. The ASU is effective for fiscal years beginning after December 15, 2023, including interim periods within those fiscal years. Early adoption is permitted. The practical expedient may be applied on an arrangement-by arrangement basis. The Company adopted this ASU effective March 1, 2024 with no material impact.

In October 2023, the FASB issued ASU 2023-06, Disclosure Improvements – Codification Amendments in Response to the SEC’s Disclosure Update and Simplification Initiative. The ASU modifies the disclosure or presentation requirements of a variety of Topics in the Codification to align with the SEC’s regulations. The ASU also makes those requirements applicable to entities that were not previously subject to the SEC’s requirements. The ASU is effective for the Company two years after the effective date to remove the related disclosure from Regulation S-X or S-K. As of the date these financial statements have been made available for issuance, the SEC has not yet removed any related disclosure. 10. Financial risk management

(a) Fair value:

The Company measures certain financial assets at fair value on a recurring basis based on a fair value hierarchy that requires it to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value of the Company's financial instruments measured at fair value has been segregated into three levels. (1) Fair value of assets and liabilities included in Level 1 are determined by reference to quoted prices in active markets for identical assets and liabilities. (2) Fair value of assets included in Level 2 include valuations using inputs other than quoted prices for which all significant outputs are observable, either directly or indirectly. (3) Fair value of assets and liabilities included in Level 3 valuations are based on inputs that are unobservable and significant to the overall fair value measurement."

(b) Credit risk:

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss being incurred by the Company. The Company is exposed to credit risk in its accounts receivable, term notes receivable, unbilled revenue, and accounts payable and accrued liabilities. The Company minimizes the credit risk of balances with banks by depositing with or transacting with Schedule 1 banks in Canada. The Company minimizes its credit risk of its accounts receivable and other receivables by routinely reviewing the status of individual accounts receivable balances and contacting customers who have overdue balances.

10. Financial risk management (continued):

(c) Liquidity risk:

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. All contractual cash flows related to the Company's financial liabilities are expected to be settled within one year except for those amounts due to shareholders which will be settled over a period in excess of one year after the date of the financial statements.

(d) Market risk:

Market risk is the risk that changes in market conditions will affect the Company's income or the value of its financial instruments. The objective of market risk management is to manage and control exposures within acceptable parameters. The majority of the Company's franchisees are currently located in the United States of America, therefore the economic impact of changes in this market could be significant, including changes in exchange rates and interest rates impacting the ability of customers to make required payments. This is mitigated by the fact that the Company directly sells production services independently within Canada, and has some franchisees within the Country as well, diversifying the sources of revenue.

Opinion

We have audited the financial statements of 1073355 Ontario Limited (the Company), which comprise the balance sheet as of February 28, 2024, and the related statement of accumulated surplus, statement of operations, and statement of cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of February 28, 2024, and the results of its operations and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Page 2

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

The principal business of the Company is to sell and support franchises under the "Schooley Mitchell" trademark. The address of the Company's registered office is 1030 Erie Street Stratford, Ontario, Canada.

All the common shares are held by Dennis Schooley, Founder.

2. Basis of preparation:

(a) Basis of presentation:

The Company prepares its financial statements in accordance with generally accepted accounting principles in the United States of America ("US GAAP").

(b) Basis of measurement:

The financial statements have been prepared on the historical cost basis except for financial instruments held for trading or available for sale which are measured at fair value.

(c) Functional and presentation currency:

These financial statements are presented in Canadian dollars, which is the Company's functional currency.

(d) Use of estimates and judgments:

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the useful life of equipment and leasehold improvements, and trademarks; allowance for expected credit losses on financial assets; fair value calculations of term notes with a 0% interest rate; and the determination of performance obligations for revenue in contracts with customers, allocation of the transaction price to those obligations, and the timing of related revenue recognition. Actual results could differ from those estimates.

3. Significant accounting policies:

The accounting policies set out below have been applied consistently to all years presented in these financial statements:

(a) Cash and cash equivalents:

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

(b) Allowance for credit losses:

(Policy applicable as of March 1, 2023)

On March 1, 2023, the Company adopted a new accounting standard that requires the measurement of expected credit losses under Topic 326. Upon adoption, the Company recorded a \$405,525 increase in its allowance for credit losses and a \$359,727 decrease to retained earnings, net of tax, reflecting the cumulative effect on retained earnings.

Current expected credit losses (CECL) requires estimated credit losses to be determined for the expected life of the asset, as compared to an incurred loss model which was in effect for periods prior to 2023. Accordingly, allowance for credit loss disclosures for 2023 are not necessarily comparable to prior periods.

The Company records an allowance for credit losses (ACL) under Subtopic 326-20 Financial Instruments-Credit Losses – Measured at Amortized Cost for the current expected credit losses inherent in its financial assets measured at amortized cost and contract receivables. The ACL is a valuation account deducted from the amortized cost basis to present the net amount expected to be collected. The estimate of expected credit losses includes expected recoveries of amounts previously written off as well as amounts currently expected to be written off.

The estimate of expected credit losses is based on the Company's historical loss experience, adjusted for current and reasonable and supportable forecasts of economic conditions and other pertinent factors affecting the Company's customers such as known credit risk or industry trends. The allowance is estimated over the contractual term of the financial asset adjusted for expected prepayments. The Company does not have any off-balance sheet credit exposures.

Subsequent changes (favorable and unfavorable) in expected credit losses each period are recognized immediately in net income as a credit loss expense or a reversal of credit loss expense.

Accounts receivable

The Company uses an aging schedule to estimate the ACL for trade accounts receivable. This method categorizes trade receivables into different groups based on industry and the number of days past due. Past-due status is measured based on the number of days since the payment due date. The trade receivables are evaluated individually for expected credit losses if they no longer share similar risk characteristics.

1073355 ONTARIO LIMITED

Notes to Financial Statements (continued)

Year ended February 28, 2024

3. Significant accounting policies (continued):

The Company determines that the receivables no longer share similar risk characteristics if they are past due balances over 90 days and over a specified amount. The Company evaluates the collectability of trade accounts receivables with payments that are more than 90 days past due on an individual basis to determine if any are deemed uncollectible. Trade accounts receivable balances are deemed uncollectible and written off as a deduction from the allowance after all means of collection have been exhausted. See Note 4.

Term notes receivable

The Company determines the ACL for notes receivable using estimates of probability of customer default and loss given default applied to estimated exposure at default. When measuring expected credit losses, the Company considers customers' historical payment patterns, customers' credit ratings, and current and reasonable and supportable forecasts of economic conditions in estimating customers' probability of default, exposure at default and estimated loss given default. The Company collectively evaluates notes receivable with similar industry risk and credit risk characteristics. Additionally, the notes receivable are evaluated individually for expected credit losses if they no longer share similar risk characteristics. The Company evaluates the collectability of notes with payments that are more than 90 days past due on an individual basis to determine if any are deemed uncollectible. Notes are deemed uncollectible and written off against the ACL when all possible means of collection have been exhausted. See Note 5.

Contract receivables

The Company determines the ACL for contract receivables using estimates of probability of customer default associated with the accrued receivables given default percentages applied to estimated exposure at default. When measuring expected credit losses, the Company considers customers' historical payment patterns, customers' credit ratings, and current and reasonable and supportable forecasts of economic conditions in estimating customers' probability of default, exposure at default and estimated loss given default. Contract receivables are written off against the allowance for credit losses when the receivable is deemed uncollectible. No ACL was recorded on contract receivables as of February 28, 2024.

(Policy applicable as of February 28, 2023)

The Company records probable incurred impairment losses of accounts receivables, trade notes receivable and contract receivables as a valuation account. The allowance for doubtful accounts includes an allowance for receivables that are evaluated individually for impairment and receivables evaluated collectively. The Company determines an asset is impaired when, based on current information and events, it is probable that the Company will be unable to recover amounts due according to original contractual terms.

Notes to Financial Statements (continued)

Year ended February 28, 2024

3. Significant accounting policies (continued):

(Policy applicable as of February 28, 2023)

Accounts receivable

The Company maintains an allowance for doubtful accounts for estimated losses inherent in its accounts receivable portfolio. In establishing the required allowance, management considers historical losses adjusted to take into account current market conditions and customers' financial condition, the amount of receivables in dispute, and the current receivables aging and current payment patterns. The Company reviews its allowance for doubtful accounts monthly. Past due balances over 90 days and over a specified amount are reviewed individually for collectability. Account balances are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. The Company does not have any off-balance-sheet credit exposure related to its customers.

Term notes receivable

The allowance for doubtful accounts is the Company's best estimate of incurred credit losses in the Company's existing notes. The allowance is determined on an individual note basis if it is probable that the Company will not collect all principal and interest contractually due. Notes not evaluated individually for collectability are disaggregated by industry sector and allowance factors are applied. The Company considers customers' historical payment patterns, customers' credit ratings, and general and industry specific economic factors in determining customers' probability of default. The impairment is measured based on the present value of expected future cash flows discounted at the note's effective interest rate. The Company does not accrue interest when a note is considered impaired. When ultimate collectability of the principal balance of the impaired note is in doubt, all cash receipts on impaired notes are applied to reduce the principal amount of such notes until the principal has been recovered and are recognized as interest income thereafter. Impairment losses are charged against the allowance and increases in the allowance are charged to bad debt expense. Notes are written off against the allowance when all possible means of collection have been exhausted.

Contract receivables

The Company evaluates its contract receivables for collectability. Management considers historical losses adjusted to take into account current market conditions and the Company's customers' financial condition.

(c) Accounts receivable:

Accounts receivable are recorded at the invoiced amount, net of an allowance for credit losses (allowance for doubtful accounts prior to 2024) and do not bear interest.

1073355 ONTARIO LIMITED

Notes to Financial Statements (continued)

Year ended February 28, 2024

3. Significant accounting policies (continued):

(d) Contract Receivables:

Contract receivables primarily represent accrued receivables for revenue earned but not invoiced for production revenue. Contract receivables transferred to accounts receivable once invoiced. Contract receivables at February 28, 2024 are reported net of an ACL.

(e) Notes receivable:

Notes receivable are recorded net of an ACL (allowance for doubtful accounts prior to 2024). Notes receivable relate to financing arrangements that exceed one year and bear interest at a market rate based on the customer's credit quality and are recorded at amortized cost. Interest is recognized over the life of the note. The Company has not and does not intend to sell these receivables. The Company includes accrued interest as part of the note receivable balance. Notes become past due based on how recently payments have been received compared to contractual due dates. The Company does not accrue interest when payment on a note is 90 days past due. Interest receipts on nonaccrual notes are applied to principal. Nonaccrual notes are restored to an accrual basis when principal and interest become current and a period of performance has been established in accordance with the contractual terms.

(f) Contract Assets:

Contract assets primarily represent commission expenses paid to acquired certain franchise arrangements. Contract asset are amortized over the term of the franchise agreement acquired. The Company does not have impairment losses associated with contract assets as at February 28, 2024.

(g) Inventories:

Inventories are stated at the lower-of-cost or market value using the first-in-first-out inventory method, and consist of equipment and supplies.

(h) Work in progress

Work in progress represents the costs generated on production revenue which has not yet been earned. It is valued at the lower of cost and the estimated net realizable value of the work-in-progress. Cost is determined based on actual expenses incurred.

(i) Commitments and contingencies:

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred.

Notes to Financial Statements (continued)

Year ended February 28, 2024

3. Significant accounting policies (continued):

(j) Financial instruments:

The Company uses valuation approaches that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Company determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date.
- Level 2 Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability..
- Level 3 Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

(k) Equipment and leasehold improvements:

Computer equipment is measured at cost less accumulated depreciation and accumulated impairment losses. Costs include all expenditures directly related to the acquisition of the asset. Depreciation is based on the cost of an asset less its residual value. Depreciation is provided for using the following methods and annual rates:

Asset	Basis	Rate
Computer equipment	Declining-balance	50%
Furniture and fixtures	Declining-balance	20%
Leasehold improvements	Straight-line	10 years

During the pre-operating period, these assets are reported as not in use, with no depreciation until such a time as the assets are available or ready for use.

Depreciation methods, useful lives and residual values are reviewed upon changes in circumstances and adjusted, if appropriate.

1073355 ONTARIO LIMITED

Notes to Financial Statements (continued)

Year ended February 28, 2024

3. Significant accounting policies (continued):

(l) Intangible assets:

Limited life intangible assets, such as patents, trademarks, software, and customer application software, are stated at cost less accumulated amortization. Amortization is based on the estimated useful life of the assets and is calculated as follows:

Asset	Basis	Rate
Trademarks - American	Straight-line	5 years
Trademarks - Canadian	Straight-line	15 years

Intangible assets still in development are not amortized until the assets are available or ready for use. Amortization methods, useful lives and residual values are reviewed upon changes in circumstances and adjusted, if appropriate.

(m) Long-lived assets:

Long-lived assets, such as intangible assets, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If circumstances require a long-lived asset or asset group be tested for possible impairment, the Company first compares undiscounted cash flows expected to be generated by that asset or asset group to its carrying amount. If the carrying amount of the long-lived asset or asset group is not recoverable on an undiscounted cash flow basis, an impairment is recognized to the extent that the carrying amount exceeds its fair value. Fair value is determined using various valuation techniques including discounted cash flow models, quoted market values and third-party independent appraisals, as considered necessary. No impairment losses were recognized in the year ended February 28, 2024.

(n) Income taxes:

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. The Company recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Recognized income tax positions are measured at the largest amount that is greater than 50% likely of being realized. Changes in recognition or measurement are reflected in the period in which the change in judgement occurs.

3. Significant accounting policies (continued):

(o) Revenue recognition:

The Company's revenue streams consist primarily of fees from franchised cost reduction consulting centers operated by traditional franchisees, including the initial licensing fee and royalties based on a percentage of sales. Revenue also includes sales of telemarketing, service and SMARRT programs to franchisees, marketing fund and conference collections, as well as cost reduction consulting services completed from Company operated franchises.

Under ASC 606, revenues are to be recognized when control of promised goods or services is transferred to a customer in an amount that reflects the consideration expected to be received for those goods or services.

i) Franchise sales, royalties and marketing fees:

The Company has identified two performance obligations being the initial franchise set up activities, which includes the provision of the initial franchisee training program and the operating manual, initial system set-up and site selection and access to standardized templates, and the ongoing support and services provided over the franchise term. The initial performance obligation has been allocated 80% of the initial fee and is recognized upon completion of the program. The second performance obligation has been allocated 20% of the initial fee, which is recognized as the Company satisfies the performance obligation over the franchise term, which is generally 10 years. The second performance obligation has also been allocated the consideration in the form of royalties from franchisees, including management information system fees, and marketing fees. These are variable consideration based on a percentage of sales. Royalty and production sales revenue are recognized as the Company of a franchisee implements a cost reduction plan for the Company's of franchisee's customer. Standard payment terms require the initial franchisee fee to be paid in advance of the training course, however in certain cases the Company will provide financing alternatives which have been included as notes receivable within the financial statements. Refer to Note 5 for details. All monthly payments are due by the 24th day of the month for the preceding calendar month.

Franchise sales are recognized as deferred revenue when received until the performance obligations have been met.

A contract asset has been recognized for the directly related commission expense paid to acquire certain franchise arrangements. This contract asset will be amortized over the term of the franchise agreement acquired.

ii) Telemarketing and SMARRT revenue:

Revenue for telemarketing and service revenue is recognized when control of the service is transferred to the customer. This is generally the point in time in which the services have been completed, whether that be telemarketing days or SMARRT program delivery. Therefore, there is only a single performance obligation. Payment on telemarketing and the smart program is typically required in advance of the service being provided.

3. Significant accounting policies (continued):

(o) Revenue recognition (continued):

iii) Corporate office sales:

A single performance obligation has been identified which is the cost reduction services performed by the head office. This is satisfied when the cost reduction plan is implemented by the customer. Standard payment terms are 30 days subsequent to the completion of the post-audit.

Revenue has been disaggregated by source within the statement of operations.

(p) Foreign currency translation:

Transactions in currencies other than the functional currency are translated into the functional currency using exchange rates prevailing at the dates of the transaction. Monetary assets and liabilities denominated in the functional currency are translated using the exchange rate at the balance sheet date. Foreign exchange gains and losses are recognized in the statement of operations.

(q) Leases:

The Company leases offices, computer equipment and furniture and fixtures. The Company determines if an arrangement is a lease at inception and evaluates the lease classification (i.e., operating lease or financing lease) at that time. Both operating and financing leases are included in right-of-use assets, lease liabilities, and current portion lease liabilities on the Company's balance sheet.

Right-of-use assets represent the Company's right to use an underlying asset for the lease term, and lease liabilities represent our obligation to make lease payments arising from the lease. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred, less any lease incentives received. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

The Company considers the likelihood of exercising options to extend or terminate the lease when determining the lease term.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the shorter of the end of the lease term or the useful life

(q) Leases (continued):

Lease obligations is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, if the Group changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

Finance lease interest expense is included within Bank charges and interest expense in the statements of operations. Operating lease and variable lease costs are included in Office Administration in the statements of operations. Variable lease costs are the portion of lease payments that are not fixed over the lease term. Variable lease costs include real estate payments that are adjusted periodically for inflation or other variables as well as payments for taxes, insurance, maintenance and other expenses. The Company expenses variable lease costs as incurred.

Lease arrangements with an initial term of 12 months or less are considered short-term leases and are not recorded on the balance sheet. The Company recognizes lease expense for these leases on a straight-line basis over the term of the lease.

ASU 2016-13—Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, as amended by 2019-10

In June 2016, the FASB issued ASU 2016-13, Financial Instruments – Credit Losses: Measurement of Credit Losses on Financial Instruments, which requires a financial asset (or a group of financial assets) measured at amortized cost to be presented at the net amount expected to be collected. The ASU is intended to improve financial reporting by requiring earlier recognition of credit losses on certain financial assets including trade and financing receivables. The ASU replaces the current incurred loss impairment model that recognizes losses when a probable threshold is met with a requirement to recognize lifetime expected credit losses immediately when a financial asset is originated or purchased. Additionally, from 2016 through 2023, the FASB issued additional related ASUs that provide further guidance and clarification and become effective for the Company upon the adoption of ASU 2016-13.

(r) Newly adopted accounting pronouncements (continued)

The Company adopted ASU 2016-13 and its related ASUs (collectively referred to as Topic 326) effective March 1, 2023 using a modified retrospective transition approach. As a result, the Company was not required to adjust its comparative period financial information for effects of the standard or make the new required credit loss allowance disclosures for periods before the date of adoption. Prior period amounts continue to be presented in accordance with previously applicable GAAP. The Company recorded a cumulative effect adjustment of \$359,727 in retained earnings, net of taxes as of the effective date. The effect of the adoption on the Company's balance sheet was an increase to the allowance for credit losses of \$265,955, \$139,570 and \$nil in respect of accounts receivable, term notes receivable and contract receivables, respectively, and a decrease in deferred tax liabilities of \$45,798.

In September 2022, the FASB issued ASU 2022-04, Liabilities—Supplier Finance Programs (Subtopic 405-50): Disclosure of Supplier Finance Program Obligations. The ASU requires a buyer of goods and services to disclose information about its supplier finance program obligations. This ASU is effective for annual and interim periods in fiscal years beginning after December 15, 2022, and is applied retrospectively, except for the rollforward disclosure, which is effective for annual and interim periods in fiscal years beginning after December 15, 2023, and annual periods thereafter, and is applied prospectively. The Company early adopted the ASU, but there was no impact to the financial statements.

(s) Recently Issued Accounting Standards:

In August 2020, the FASB issued ASU 2020-06, Debt—Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging—Contracts in Entity's Own Equity (Subtopic 815-40): Accounting for Convertible Instruments and Contracts in an Entity's Own Equity. ASU 2020-06 reduces the number of accounting models for convertible instruments and allows more contracts to qualify for equity classification. ASU 2020-06 is effective for the Company's annual reporting periods beginning after December 15, 2023. Adoption is either with a modified retrospective method or a fully retrospective method of transition. Early adoption is permitted, but no earlier than annual periods beginning after December 15, 2020. The Company is currently evaluating the effect that adoption of ASU 2020-06 will have on its financial statements.

In October 2021, the FASB issued ASU 2021-08, Business Combinations (Topic 805): Accounting for Contract Assets and Contract Liabilities from Contracts with Customers, which provides an exception to fair value measurement for contract assets and contract liabilities related to revenue contracts acquired in a business combination. The ASU is effective for the Company for annual and interim periods in fiscal years beginning after December 15, 2023. Early adoption is permitted. The ASU is applied to business combinations occurring on or after the effective date.

(s) Recently Issued Accounting Standards (continued)

In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. The ASU requires the annual financial statements to include consistent categories and greater disaggregation of information in the rate reconciliation, and income taxes paid disaggregated by jurisdiction. ASU 2023-09 is effective for the Company's annual reporting periods beginning after December 15, 2025. Adoption is either with a prospective method or a fully retrospective method of transition. Early adoption is permitted. The Company is currently evaluating the effect that adoption of ASU 2023-09 will have on its consolidated financial statements.

In June 2022, the FASB issued ASU 2022-03, Fair Value Measurement (Topic 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions. The ASU clarifies that a contractual restriction on the sale of an equity security should not be considered in measuring the fair value of the equity security, and also cannot be recognized as a separate unit of account. The ASU also requires the investor to disclose the fair value of equity securities subject to contractual sale restrictions, the nature and remaining duration of the restriction(s), and the circumstances that could cause a lapse in the restriction(s). The ASU is effective for the Company for annual and interim periods beginning after December 15, 2024. Early adoption is permitted. The Company does not expect the adoption of ASU 2022-03 to have a material effect on its consolidated financial statements.

In March 2023, the FASB issued ASU 2023-01, Leases (Topic 842): Common Control Arrangements. The ASU provides a practical expedient for private companies and not-for-profit entities to use the written terms and conditions of a common control arrangement to determine whether a lease exists and, if so, the classification of and accounting for that lease. The ASU also clarifies the accounting for and transfer of leasehold improvements associated with common control leases, thereby reducing diversity in practice. The amendments in this ASU affect all lessees that are a party to a lease between entities under common control in which there are leasehold improvements. The ASU is effective for fiscal years beginning after December 15, 2023, including interim periods within those fiscal years. Early adoption is permitted. The Company does not expect the adoption of ASU 2023-01 to have a material effect on its consolidated financial statements.

In October 2023, the FASB issued ASU 2023-06, Disclosure Improvements – Codification Amendments in Response to the SEC's Disclosure Update and Simplification Initiative. The ASU modifies the disclosure or presentation requirements of a variety of Topics in the Codification to align with the SEC's regulations. The ASU also makes those requirements applicable to entities that were not previously subject to the SEC's requirements. The ASU is effective for the Company two years after the effective date to remove the related disclosure from Regulation S-X or S-K. As of the date these financial statements have been made available for issuance, the SEC has not yet removed any related disclosure.

4. Accounts receivable:

The Company recorded a \$265,955 increase in its allowance for credit losses and a \$220,157 decrease to retained earnings, net of tax, reflecting the cumulative effect on retained earnings of adopting Topic 326, in the year.

The following is a summary of the changes in the allowance for credit losses for the year ended February 28, 2024 (allowance for doubtful accounts in 2022):

	2024
Balance at March 1, 2023	\$ 66,750
Adjustment for adoption of Topic 326	265,955
Write-offs	(24,362)
Recoveries	-
Provision for credit losses	30,305
	<u>\$ 338,648</u>

Following the adoption of Topic 326, the decrease in the allowance for credit losses for trade accounts receivable is primarily attributable to write-off of past-due trade accounts receivable.

5. Term notes receivable:

Term notes receivable is comprised of loans to various franchisees for financing of the initial franchise fee. All term notes are issued at a 0% interest rate, and recalculated using an implied interest rate of 3% for purposes of calculating the fair value of the term notes.

Upon adoption of Topic 326, the Company recorded a \$139,570 increase in its allowance for credit losses, and a \$139,570 decrease to retained earnings, net of tax, reflecting the cumulative effect on retained earnings in 2023. There was no deferred tax impact on adoption since all allowances are specific to individual note receivables. CECL requires estimated credit losses to be determined based on the expected life of the asset, as compared to an incurred loss model, which was in effect for periods prior to the current year. Accordingly, ACL disclosures prior to current year are not necessarily comparable to prior periods.

Write-offs	(93,330)

Following the adoption of Topic 326, the additional increase in the allowance for credit losses was primarily attributable to an increase customer credit risk and decreased forecast of economic conditions. There were no modifications of notes receivable to borrowers experiencing financial difficulty during the year.

11. Financial risk management:

(a) Fair value:

The Company measures certain financial assets at fair value on a recurring basis based on a fair value hierarchy that requires it to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value of the Company's financial instruments measured at fair value has been segregated into three levels. (1) Fair value of assets and liabilities included in Level 1 are determined by reference to quoted prices in active markets for identical assets and liabilities. (2) Fair value of assets included in Level 2 include valuations using inputs other than quoted prices for which all significant outputs are observable, either directly or indirectly. (3) Fair value of assets and liabilities included in Level 3 valuations are based on inputs that are unobservable and significant to the overall fair value measurement.

The Company's financial instruments include the following:

February 28, 2024	Level	Fair value	Carrying value
Cash (bank overdraft)	1	\$ 319,268	\$ 319,268
Accounts receivable	2	1,301,243	1,301,243

11. Financial risk management (continued):

(b) Credit risk:

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss being incurred by the Company. The Company is exposed to credit risk in its accounts receivable, term notes receivable, unbilled revenue, and accounts payable and accrued liabilities. The Company minimizes the credit risk of balances with banks by depositing with or transacting with Schedule 1 banks in Canada. The Company minimizes its credit risk of its accounts receivable and other receivables by routinely reviewing the status of individual accounts receivable balances and contacting customers who have overdue balances.

(c) Liquidity risk:

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. All contractual cash flows related to the Company's financial liabilities are expected to be settled within one year except for those amounts due to shareholders which will be settled over a period in excess of one year after the date of the financial statements.

(d) Market risk:

Market risk is the risk that changes in market conditions will affect the Company's income or the value of its financial instruments. The objective of market risk management is to manage and control exposures within acceptable parameters. The majority of the Company's franchisees are currently located in the United States of America, therefore the economic impact of changes in this market could be significant, including changes in exchange rates and interest rates impacting the ability of customers to make required payments. This is mitigated by the fact that the Company directly sells production services independently within Canada, and has some franchisees within the Country as well, diversifying the sources of revenue.

**CALIFORNIA ADDENDUM
TO THE FRANCHISE DISCLOSURE DOCUMENT AND FRANCHISE LICENSE AGREEMENT
OF 1073355 ONTARIO LIMITED**

1. **The registration of this franchise offering by the California Department of Financial Protection and Innovation does not constitute approval, recommendation, or endorsement by the commissioner.**
2. No statement, questionnaire, or acknowledgement signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.
3. THE CALIFORNIA FRANCHISE INVESTMENT LAW REQUIRES THAT A COPY OF ALL PROPOSED AGREEMENTS RELATING TO THE SALE OF THE FRANCHISE BE DELIVERED TOGETHER WITH THE FRANCHISE DISCLOSURE DOCUMENT.
4. The following paragraphs are added at the end of Item 17 of the Disclosure Document:

California Business and Professions Code Sections 20000 through 20043 provide rights to the franchisee concerning termination, transfer or non-renewal of a franchise. If the franchise agreement contains a provision that is inconsistent with the law, the law will control.

The Franchise License Agreement provides for termination upon bankruptcy. This provision may not be enforceable under federal bankruptcy law (11 U.S.C.A. Sec. 101 et seq.).

The Franchise License Agreement contains a convening not to compete which extends beyond the termination of the franchise. This provision may not be enforceable under California law.

The Franchise License Agreement requires arbitration to occur in Detroit Michigan, and you must travel to Detroit Michigan and pay the expenses you incur in this arbitration proceeding. The Franchise License Agreement requires application of the laws of Delaware. This provision may not be enforceable under California law, but we will enforce it to the extent enforceable.

YOU MUST SIGN A GENERAL RELEASE OF CLAIMS IF YOU RENEW OR TRANSFER YOUR FRANCHISE. 5. Neither the franchisor or any person in Item 2 of the UFOC is subject to any currently effective order of any national securities association or national securities exchange, as defined in the Securities Exchange Act of 1934, 15 U.S.C.A. 78a et seq., suspending or expelling such persons from membership in such association or exchange.

7. The highest interest rate allowed by law in California is 10% annually.
8. OUR WEBSITE www.schooleymitchell.com HAS NOT BEEN REVIEWED OR APPROVED BY THE CALIFORNIA DEPARTMENT OF FINANCIAL PROTECTION & INNOVATION. ANY COMPLAINTS CONCERNING THE CONTENT OF THIS WEBSITE MAY BE DIRECTED TO THE CALIFORNIA DEPARTMENT OF FINANCIAL PROTECTION & INNOVATION at www.dfpi.ca.gov.
9. California franchisees shall not answer or complete the Disclosure Acknowledgement Statement in Exhibit H to the Disclosure Document as attached.
10. Sections 1.5, 21.10, and 21.11 of the Franchise License Agreement are deleted.
11. For franchisees operating outlets located in California, the California Franchise Investment Law and the California Franchise Relations Act will apply regardless of the choice of law or dispute resolution venue stated elsewhere. Any language in the Franchise License Agreement or any amendment thereto or any agreement to the contrary is superseded by this condition.
12. The Franchise License Agreement contains a covenant not to compete which extends beyond the termination of the franchise. A contract that restrains a former franchisee from engaging in a lawful trade or business is to that extent void under California Business and Professions Code Section 16600.
13. The Department has determined that we, the franchisor, have not demonstrated we are adequately capitalized and/or that we must rely on franchise fees to fund our operations. The Commissioner has imposed a fee deferral condition, which requires that we defer the collection of all initial fees from California franchisees until we have completed all of our pre-opening obligations and you are open for business. For California franchisees who sign a development franchise addendum, the payment of the development and initial fees attributable to a specific unit in your development schedule is deferred until that unit is open.

OF 1073355 ONTARIO LIMITED**

The following modifications are to the 1073355 ONTARIO LIMITED Franchise Disclosure Document and may supersede certain portions of the Franchise License Agreement dated _____, 20__.

Illinois law governs the Franchise License Agreement, except that the Illinois Franchise Disclosure Act shall not apply unless such statutes would apply independent of this choice of law provision.

In conformance with Section 4 of the Illinois Franchise Disclosure Act, any provision in a franchise agreement that designates jurisdiction and venue in a forum outside of the State of Illinois is void. However, a franchise agreement may provide for arbitration to take place outside of Illinois.

Franchisees' rights upon Termination and Non-Renewal are set forth in sections 19 and 20 of the Illinois Franchise Disclosure Act.

In conformance with section 41 of the Illinois Franchise Disclosure Act, any condition, stipulation or provision purporting to bind any person acquiring any franchise to waive compliance with the Illinois Franchise Disclosure Act or any other law of Illinois is void.

This provision supersedes any other term of any document executed in connection with the franchise.

, except that such release shall not apply to any liability under the Maryland Franchise Registration and Disclosure Law.

2. The "Summary" section of Item 17(g) of the Disclosure Document is amended by adding the following:

The Franchise License Agreement provides for termination upon your bankruptcy. This provisions might not be enforceable under federal bankruptcy law (11 U.S.C. Sections 101 et seq.), but we will enforce it to the extent enforceable.

3. The "Summary" section of Item 17(w) of the Disclosure Document is amended by adding the following:

, except as otherwise required by the Maryland Franchise Registration and Disclosure Law.

4. The "Summary" section of Item 17(v) of the Disclosure Document and section 21.7 of the Franchise License Agreement are amended by adding the following:

Any claims arising under the Maryland Franchise Registration and Disclosure Law must be brought within 3 years after the grant of the franchise.

5. This Franchise License Agreement provides that disputes are resolved through arbitration. A Maryland franchise regulation states that it is an unfair or deceptive practice to require a franchisee to waive its right to file a lawsuit in Maryland claiming a violation of the Maryland Franchise Law. **MICHIGAN DISCLOSURE
TO THE FRANCHISE DISCLOSURE DOCUMENT
OF 1073355 ONTARIO LIMITED**

THE STATE OF MICHIGAN PROHIBITS CERTAIN UNFAIR PROVISIONS THAT ARE SOMETIMES IN FRANCHISE DOCUMENTS. IF ANY OF THE FOLLOWING PROVISIONS ARE IN THESE FRANCHISE DOCUMENTS, THE PROVISIONS ARE VOID AND CANNOT BE ENFORCED AGAINST YOU.

Each of the following provisions is void and unenforceable if contained in any documents relating to a franchise:

- (a) A prohibition on your right to join an association of franchisees.
- (b) A requirement that you assent to a release, assignment, novation, waiver, or estoppel that deprives you of rights and protections provided in this act. This shall not preclude you, after entering into a Franchise License Agreement, from settling any and all claims.
- (c) A provision that permits us to terminate a franchise before the expiration of its term except for good cause. Good cause shall include your failure to comply with any lawful provision of the Franchise License Agreement and to cure the failure after being given written notice thereof and a reasonable opportunity, which in no event need be more than 30 days, to cure the failure.
- (d) A provision that permits us to refuse to renew your franchise without fairly compensating you by repurchase or other means for the fair market value at the time of expiration of your inventory, supplies, equipment, fixtures, and furnishings. Personalized materials that have no value to us and inventory, supplies, equipment, fixtures, and furnishings not reasonably required in the conduct of the franchise business are not subject to compensation. This subsection applied only if: (i) the term of the franchise is less than 5 years and (ii) you are prohibited by the franchise or other agreement from continuing to conduct substantially the same business under another trademark, service mark, trade name, logotype, advertising, or other commercial symbol in the same area after the expiration of the franchise or you do not receive at least 6 months advance notice of our intent not to renew the franchise.
- (e) A provision that permits us to refuse to renew a franchise on terms generally available to other franchisees of the same class or type under similar circumstances. This section does not require a renewal provision.
- (f) A provision requiring that arbitration or litigation be conducted outside this state. This shall not preclude you from entering into an agreement, at the time of arbitration, to conduct arbitration at a location outside this state.
- (g) A provision that permits us to refuse to permit a transfer of ownership of a franchise, except for good cause. This subdivision does not prevent us from exercising a right of first refusal to purchase the franchise. Good cause shall include, but is not limited to:
 - (i) The failure of the proposed transferee to meet our then current reasonable qualifications or standards.
 - (ii) The fact that the proposed transferee is a competitor of us or our subfranchisor.

(iii) The unwillingness of the proposed transferee to agree in writing to comply with all lawful obligations.

(iv) You or your proposed transferee's failure to pay any sums owing to us or to cure any default in the Franchise License Agreement existing at the time of the proposed transfer.

(h) A provision that requires you to resell to us items that are not uniquely identified with us. This subdivision does not prohibit a provision that grants to us a right of first refusal to purchase the assets of a franchise on the same terms and conditions as a bona fide third party willing and able to purchase those assets, nor does this subdivision prohibit a provision that grants us the right to acquire the assets of a franchise for the market or appraised value of the assets if you have breached the lawful provisions of the Franchise License Agreement and have failed to cure the breach in the manner provided in subdivision (c).

(i) A provision that permits us to directly or indirectly convey, assign, or otherwise transfer our obligations to fulfill contractual obligations to you unless provision has been made for providing the required contractual services.

THE FACT THAT THERE IS A NOTICE OF THIS OFFERING ON FILE WITH THE ATTORNEY GENERAL DOES NOT CONSTITUTE APPROVAL, RECOMMENDATION, OR ENDORSEMENT BY THE ATTORNEY GENERAL.

Any questions regarding this notice should be directed to:

Michigan Department of Attorney General
Consumer Protection Division
Attn: Franchise Section
525 W. Ottawa Street
G. Mennen Williams Building, 1st Floor
Lansing, Michigan 48933
Telephone Number: (517) 373-7117

Any provision in the Franchise License Agreement specifying that litigation between us and you is to take place outside of Michigan is amended to provide instead that litigation will be brought either in the forum designated in the Franchise License Agreement or in the state or federal courts located in Detroit, Michigan, and the parties consent to the jurisdiction of those courts; provided, however, that we reserve the right to seek relief in any other jurisdiction as may be necessary or desirable to obtain declaratory, injunctive, or other relief to enforce the provisions and restrictions of the Franchise License Agreement. This amendment will have no effect on the forum or venue of any arbitration proceeding between us and you.

**MINNESOTA ADDENDUM
TO THE FRANCHISE DISCLOSURE DOCUMENT AND FRANCHISE LICENSE AGREEMENT**

The following modifications are to the 1073355 ONTARIO LIMITED Franchise Disclosure Document and may supersede, to the extent then required by valid applicable state law, certain portions of the Franchise License Agreement dated _____, 20__.

Pursuant to Minn. Stat. Sec. 80C.12, Subd. 1(g), to the extent required by law, the Franchise License Agreement and Item 13 of the Disclosure Document are amended to state that we will protect your right to use the primary trademark, service mark, trade name, logotype or other commercial symbol or indemnify you from any loss, costs or expenses arising out of any claim, suit or demand regarding the use of our primary trade name.

We will comply with Minnesota Statute 80C.14 subdivisions 3, 4, and 5, which require, except in certain specific cases, that you be given 90 days' notice of termination (with 60 days to cure) and 180 days' notice for non-renewal of the Franchise License Agreement; and that consent to the transfer will not be unreasonably withheld.

Any limitations of claims must comply with Minnesota Statutes, Section 80C.17, Subdivision 5.

Minn. Stat. Sec. 80C.21 and Minn. Rule Part 2860.4400J, may prohibit us from requiring litigation to be conducted outside Minnesota. In addition, nothing in the Disclosure Document or Franchise License Agreement can abrogate or reduce any of your rights as provided for in Minnesota Statutes, Chapter 80C, or your rights to any procedure, forum, or remedies provided for by the laws of the jurisdiction.

Minnesota Rule 2860.4400D prohibits us from requiring you to assent to a general release. The Disclosure Document and Franchise License Agreement are modified accordingly, to the extent required by Minnesota law.

In accordance with Minnesota Rule 2860.4400J, to the extent required by law, the Disclosure Document and the Franchise License Agreement are modified so that we can not require you to waive your rights to a jury trial or to waive rights to any procedure, forum, or remedies provided for by the laws of the jurisdiction, or to consent to liquidated damages, termination penalties, or judgment notes; provided that this part shall not bar an exclusive arbitration clause.

No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.

NSF checks are governed by Minnesota Statute 604.113, which puts a cap of \$30 on service charges.

ACKNOWLEDGMENT:

It is agreed that the foregoing state law addendum supersedes any inconsistent portion of the Franchise License Agreement dated the _____ day of _____, 20____, but only to the extent they are then valid requirements of an applicable and enforceable state law, and for only so long as the state law remains in effect.

THE FRANCHISOR MAY, IF IT CHOOSES, NEGOTIATE WITH YOU ABOUT ITEMS COVERED IN THE FRANCHISE DISCLOSURE DOCUMENT. HOWEVER, THE FRANCHISOR CANNOT USE THE NEGOTIATING PROCESS TO PREVAIL UPON A PROSPECTIVE FRANCHISEE TO ACCEPT TERMS THAT ARE LESS FAVORABLE THAN THOSE SET FORTH IN THIS FRANCHISE DISCLOSURE DOCUMENT.

2. The following is to be added at the end of Item 3:

Except as provided above, the following applies to the franchisor, its predecessor, a person identified in Item 2, or an affiliate offering franchises under the franchisor's principal trademark:

- A. No such party has an administrative, criminal, or civil action pending against that person alleging: a felony, a violation of a franchise, antitrust, or securities law, fraud, embezzlement, fraudulent conversion, misappropriation of property, unfair or deceptive practices, or comparable civil or misdemeanor allegations.
- B. No such party has pending actions, other than routine litigation incidental to the business that is significant in the context of the number of franchisees and the size, nature, or financial condition of the franchise system or its business operations.
- C. No such party has been convicted of a felony or pleaded nolo contendere to a felony charge or, within the ten years immediately preceding the application for registration, has been convicted of or pleaded nolo contendere to a misdemeanor charge or has been the subject of a civil action alleging: violation of a franchise, antifraud, or securities law; fraud; embezzlement; fraudulent conversion or misappropriation of property; or unfair or deceptive practices or comparable allegations.
- D. national securities exchange, as defined in the Securities and Exchange Act of 1934, suspending or expelling such person from membership in such association or exchange; or is subject to a currently effective injunctive or restrictive order relating to any other business activity as a result of an action brought by a public agency or department, including, without limitation, actions affecting a license as a real estate broker or sales agent.

3. The following is added to the end of the “Summary” sections of Item 17(c), titled **“Requirements for a franchisee to renew or extend,”** and Item 17(m), entitled **“Conditions for franchisor approval of transfer”**:

4. The following language replaces the “Summary” section of Item 17(d), titled **“Termination by a franchisee”**:

You may terminate the agreement on any grounds available by law.

5. The following is added to the end of the “Summary” sections of Item 17(v), titled **“Choice of forum,”** and Item 17(w), titled **“Choice of law”**:

The foregoing choice of law should not be considered a waiver of any right conferred upon the franchisor or the franchisee by Article 33 of the General Business Law of the State of New York.

6. Franchise Questionnaires and Acknowledgements — No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.

7. Receipts — Any sale made must be in compliance with § 683(8) of the Franchise Sale Act (N.Y. Gen. Bus. L. § 680 et seq.), which describes the time period a Franchise Disclosure Document (offering prospectus) must be provided to a prospective franchisee before a sale may be made. **NORTH DAKOTA ADDENDUM
TO THE FRANCHISE DISCLOSURE DOCUMENT AND FRANCHISE LICENSE AGREEMENT
OF 1073355 ONTARIO LIMITED**

1. The first paragraph of the Risk Factors is deleted in its entirety and replaced with the following:

1. THE FRANCHISE LICENSE AGREEMENT PERMITS YOU TO ARBITRATE DISPUTES ONLY IN MICHIGAN. OUT OF STATE ARBITRATION MIGHT FORCE YOU TO ACCEPT A LESS FAVORABLE SETTLEMENT FOR DISPUTES. IT MIGHT ALSO COST YOU MORE TO ARBITRATE WITH US IN MICHIGAN THAN IN YOUR HOME STATE.

2. The “Summary” sections of Items 17(c) and (m) of the Disclosure Document are amended by adding the following:

Any release executed will not apply to the extent prohibited by applicable law with respect to claims arising under the North Dakota Franchise Investment Law.

The Securities Commissioner for the State of North Dakota has determined provisions such as Section 4.2 of the Franchise License Agreement to be unfair, unjust and inequitable within the intent to Section 51-19-09 of the North Dakota Franchise Investment Law. However, we will seek to enforce them to the extent enforceable.

3. Item 17(i) of the Disclosure Document and Section 18.1.e of the Franchise License Agreement require franchisee to consent to termination or liquidated damages. The Securities Commissioner for the State of North Dakota has determined such provisions to be unfair, unjust or inequitable within the intent of Section 51-19-09 of the North Dakota Franchise Investment Law, and therefore the Disclosure Document and Franchise Agreement are amended accordingly. However, we intend to enforce this provision to the extent enforceable.

4. The “Summary” section of Item 17(r) of the Disclosure Document is amended by adding the following:

Covenants not to compete such as those mentioned above are generally considered unenforceable in the state of North Dakota. However, we will seek to enforce them to the extent enforceable.

5. The “Summary” section of Item 17(u) of the Disclosure Document and Section 19.14 of the Franchise License Agreement are amended by adding the following:

, except for arbitration (which will take place in Michigan) and except as otherwise required by the North Dakota Franchise Investment Law (unless such law is preempted by federal law).

6. The “Summary” section of Item 17 (w) of the Disclosure Document and Section 21.7 of the Franchise License Agreement are amended by adding the following:

, except for federal law and except as otherwise required by North Dakota law.

7. The "Summary" section of Item 17(v) of the Disclosure Document and Section 21.7 of the Franchise License Agreement provides that franchisees must consent to the jurisdiction of courts in the city of Detroit, Michigan. The Securities Commissioner for the State of North Dakota has held that requiring franchisees to consent to the jurisdiction of courts outside of North Dakota is unfair, unjust or inequitable within the intent of Section 51-19-09 of the North Dakota Franchise Investment Law. However, we intend to enforce this provision to the extent enforceable.

8. No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.

**WASHINGTON ADDENDUM
TO THE FRANCHISE DISCLOSURE DOCUMENT,
THE FRANCHISE LICENSE AGREEMENT, THE DEVELOPMENT FRANCHISE ADDENDUM,
AND ALL RELATED AGREEMENTS
OF 1073355 ONTARIO LIMITED**

The provisions of this Addendum form an integral part of, are incorporated into, and modify the Franchise Disclosure Document, the Franchise License Agreement, and all related agreements regardless of anything to the contrary contained therein. This Addendum applies if: (a) the offer to sell a franchise is accepted in Washington; (b) the purchaser of the franchise is a resident of Washington; and/or (c) the franchised business that is the subject of the sale is to be located or operated, wholly or partly, in Washington.

1. **Conflict of Laws.** In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, chapter 19.100 RCW will prevail.

2. **Franchisee Bill of Rights.** RCW 19.100.180 may supersede provisions in the Franchise License Agreement or related agreements concerning your relationship with the franchisor, including in the areas of termination and renewal of your franchise. There may also be court decisions that supersede the Franchise License Agreement or related agreements concerning your relationship with the franchisor. Franchise License Agreement provisions, including those summarized in Item 17 of the Franchise Disclosure Document, are subject to state law.

3. **Site of Arbitration, Mediation, and/or Litigation.** In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the Franchise License Agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.

4. **General Release.** A release or waiver of rights in the Franchise License Agreement or related agreements purporting to bind the franchisee to waive compliance with any provision under the Washington Franchise Investment Protection Act or any rules or orders thereunder is void except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel, in accordance with RCW 19.100.220(2). In addition, any such release or waiver executed in connection with a renewal or transfer of a franchise is likewise void except as provided for in RCW 19.100.220(2).

5. **Statute of Limitations and Waiver of Jury Trial.** Provisions contained in the Franchise License Agreement or related agreements that unreasonably restrict or limit the statute of limitations period for claims under the Washington Franchise Investment Protection Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.

6. **Transfer Fees.** Transfer fees are collectable only to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.

7. **Termination by Franchisee.** The franchisee may terminate the Franchise License Agreement under any grounds permitted under state law.

8. **Certain Buy-Back Provisions.** Provisions in franchise agreements or related agreements that permit the franchisor to repurchase the franchisee's business for any reason during the term of the Franchise License Agreement without the franchisee's consent are unlawful pursuant to RCW 19.100.180(2)(j), unless the franchise is terminated for good cause.

9. **Fair and Reasonable Pricing.** Any provision in the Franchise License Agreement or related agreements that requires the franchisee to purchase or rent any product or service for more than a fair and reasonable price is unlawful under RCW 19.100.180(2)(d).

10. **Waiver of Exemplary & Punitive Damages.** RCW 19.100.190 permits franchisees to seek treble damages under certain circumstances. Accordingly, provisions contained in the Franchise License Agreement or elsewhere requiring franchisees to waive exemplary, punitive, or similar damages are void, except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel, in accordance with RCW 19.100.220(2).

11. **Franchisor's Business Judgement.** Provisions in the Franchise License Agreement or related agreements stating that the franchisor may exercise its discretion on the basis of its reasonable business judgment may be limited or superseded by RCW 19.100.180(1), which requires the parties to deal with each other in good faith.

12. **Indemnification.** Any provision in the Franchise License Agreement or related agreements requiring the franchisee to indemnify, reimburse, defend, or hold harmless the franchisor or other parties is hereby modified such that the franchisee has no obligation to indemnify, reimburse, defend, or hold harmless the franchisor or any other indemnified party for losses or liabilities to the extent that they are caused by the indemnified party's negligence, willful misconduct, strict liability, or fraud.

13. **Attorneys' Fees.** If the Franchise License Agreement or related agreements require a franchisee to reimburse the franchisor for court costs or expenses, including attorneys' fees, such provision applies only if the franchisor is the prevailing party in any judicial or arbitration proceeding.

14. **Noncompetition Covenants.** Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provision contained in the Franchise License Agreement or elsewhere that conflicts with these limitations is void and unenforceable in Washington.

15. **Nonsolicitation Agreements.** RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor.

As a result, any such provisions contained in the Franchise License Agreement or elsewhere are void and unenforceable in Washington.

16. **Questionnaires and Acknowledgments.** No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.

Sections 1.5, 21.10, and 21.11 of the Franchise License Agreement are deleted.

The Disclosure Acknowledgement Statement attached as Exhibit H to the Franchise Disclosure Document does not apply to Washington franchisees.

17. **Prohibitions on Communicating with Regulators.** Any provision in the Franchise License Agreement or related agreements that prohibits the franchisee from communicating with or complaining to regulators is inconsistent with the express instructions in the Franchise Disclosure Document and is unlawful under RCW 19.100.180(2)(h).

18. **Advisory Regarding Franchise Brokers.** Under the Washington Franchise Investment Protection Act, a "franchise broker" is defined as a person that engages in the business of the offer or sale of franchises. A franchise broker represents the franchisor and is paid a fee for referring prospects to the franchisor and/or selling the franchise. If a franchisee is working with a franchise broker, franchisees are advised to carefully evaluate any information provided by the franchise broker about a franchise.

19. **Financial Assurance Condition.** In lieu of an impound of franchise fees, the franchisor will not require or accept the payment of any initial franchise fees until the franchisee has (a) received all pre-opening and initial training obligations that it is entitled to under the Franchise License Agreement or Franchise Disclosure Document, and (b) is open for business. Because franchisor has material pre-opening obligations with respect to each franchised business franchisee opens under the Development Franchise Addendum, payment of the franchise fee will be released proportionally with respect to each franchise satellite opened and until franchisor has met all its pre-opening obligations under the Franchise License Agreement and franchisee is open for business with respect to each such location.

The undersigned parties do hereby acknowledge receipt of this addendum.

**WISCONSIN ADDENDUM
TO THE FRANCHISE DISCLOSURE DOCUMENT AND FRANCHISE LICENSE AGREEMENT
OF 1073355 ONTARIO LIMITED**

With respect to franchise agreements governed by Wisconsin law, the following shall supersede any inconsistent provision:

The Wisconsin Fair Dealership Law applies to most franchise agreements in the state and prohibits termination, cancellation, nonrenewal or substantial change in the competitive circumstances of a dealership agreement without good cause. The Law further provides that 90 days' prior written notice of the proposed termination, etc. must be given to the dealer. The dealer has 60 days to cure the deficiency and if the deficiency is so cured the notice is void. The Disclosure Document and Franchise License Agreement are hereby modified to state that the Wisconsin Fair Dealership Law, to the extent applicable, supersedes any provisions in the Franchise License Agreement that are inconsistent with that Law. Wis. Stats. Ch. 135, The Wisconsin Fair Dealership Law. SEC 32.06(3), Wis. Adm. Code.

ACKNOWLEDGMENT:

It is agreed that the foregoing state law addendum supersedes any inconsistent portion of the Franchise License Agreement dated the ____ day of _____, 20__, but only to the extent they are then valid requirements of an applicable and enforceable state law, and for only so long as the state law remains in effect.

Disclosure Acknowledgement Statement

As you know, you are preparing to enter into a Franchise License Agreement for the operation of a Schooley Mitchell franchise. The purpose of this questionnaire is to determine whether any statements or promises were made to you that 1073355 Ontario Limited operating as SCHOOLEY MITCHELL (the "Licensor") has not authorized and may be untrue, inaccurate or misleading. Please review each statement carefully and provide your initials if you agree with the statement. If you do not agree with the statement, please provide honest and complete information regarding that statement in the space provided under each question.

No.	Statement	Your initials
1.	I understand that all individuals employed in any manner with my franchise, as well as any individual with an ownership interest in any entity that is licensed to operate my franchise, must remain independent of all companies that supply products or services similar or related to the products and services subject to the cost reduction consulting services of the franchised business. I understand that one of the main values that Schooley Mitchell delivers is independent and objective advice, whereby there is no commission, kickback, residual or income derived by any member of the Schooley Mitchell franchise system from any supplier of products or services subject to the cost reduction consulting services of the franchised business.	
2.	I acknowledge that no oral, written or any other claim was made to me by any representative of the Licensor which contradicted the Franchise Disclosure Document ("FDD") (in the case of franchises located in the United States)/Disclosure Document (in the case of franchises located in Canada) and Exhibits provided to me.	
3.	I acknowledge that no oral, written or any other promise was made to me by any representative of the Licensor other than promises contained in the Franchise License Agreement provided to me.	
4.	I acknowledge that nobody has guaranteed my business will be successful. I acknowledge that my success is highly dependent upon my own skills and abilities, upon my own efforts, upon competition, upon my abilities and efforts to get, keep, satisfy and grow clients and upon other economic factors. I hereby acknowledge my willingness to undertake these business risks.	

No.	Statement	Your initials
5.	I acknowledge that in entering into the Franchise License Agreement, I am not relying upon any oral representations, assurances, warranties, guarantees or promises from the Licensor or any of its representatives, but rather, I am relying only upon my own investigation and the information contained in the FDD or Disclosure Document, which I confirm having carefully read and understood.	
6.	I understand that all employees and subcontractors of mine must attend the approved Schooley Mitchell initial training course.	
7.	I understand that either myself as the franchisee, or an approved manager of the franchise, must spend full-time and attention operating the franchise.	
8.	I understand that at least one person from my franchise must attend the annual training conference each year.	
9.	I understand that the goal of the Licensor is to penetrate and dominate the North American marketplace in the business of cost reduction consulting and that they have a specific business strategy through franchising to achieve that goal. I understand that I will be an integral part of that strategy and I agree to participate in executing the Licensor's evolving business plan through my franchise.	
10.	I understand that I will sign the Franchise License Agreement as an individual, or that all partners will sign the Agreement as individuals. If the Franchise is to be operated through a corporation, then the rights of the Franchise License for the purposes of operating the Franchise may be transferred to a corporation owned by the individuals that signed the Franchise License Agreement.	
11.	a) I acknowledge that I have received the FDD or Disclosure Document.	
	b) I acknowledge that I signed a receipt for the document.	
	c) I acknowledge that I had the document in my hands for a minimum of 14 calendar days before forwarding deposits, cash or signed agreements to the Licensor or any representative of the Licensor regarding a Franchise License.	
	d) I acknowledge that I discussed the document with a representative of the Licensor.	

No.	Statement	Your initials
	e) I acknowledge that I was encouraged by the Licensor to obtain independent legal advice and was provided with an adequate opportunity to do so.	
12.	I acknowledge that I received a completed copy (other than signatures) of the actual Franchise License Agreement that I am now proposing to sign and that seven days have passed prior to my signature on that document.	

I understand that my answers are important to the Licensor and that the Licensor will rely upon them. By signing this Confirmation and Acknowledgement, I am acknowledging that I have responded truthfully and fully to all statements.

This Disclosure Acknowledgement Statement does not waive any liability the franchisor may have under the Washington Franchise Investment Protection Act, RCW 19.100, and the rules adopted thereunder.
