We offer franchises for the right to operate a retail pharmacy (“HEALTH MART Drugstore” or “Drugstore”) using the trade names, trademarks, and service marks that we designate, including the trademark HEALTH MART (collectively, “Proprietary Marks”) and the operating and merchandising support services that we describe in this Disclosure Document.

The total initial investment necessary to open and begin operating a HEALTH MART Drugstore ranges from \$2,470 to \$127,970 for franchisees who convert an existing pharmacy business to a HEALTH MART Drugstore (“Open Locations”) and from \$261,870 to \$833,870 for start-up franchisees who do not own an existing pharmacy when they sign the Franchise Agreement (“UnOpened Locations”). The Franchise Agreement does not require that you pay us an initial franchise fee or make payments to us or our affiliates for goods or services before you open and begin operating as a HEALTH MART Drugstore.

This disclosure document summarizes certain provisions of your franchise agreement and other information in plain English. Read this disclosure document and all accompanying agreements carefully. You must receive this disclosure document at least 14 calendar days before you sign a binding agreement with, or make any payment to, the franchisor or an affiliate in connection with the proposed sale. **Note, however, that no governmental agency has verified the information contained in this document.**

The terms of your contract will govern your franchise relationship. Don’t rely on the disclosure document alone to understand your contract. Read all of your contract carefully. Show your contract and this disclosure document to an advisor, like a lawyer or an accountant.

Buying a franchise is a complex investment. The information in this disclosure document can help you make up your mind. More information on franchising, such as “A Consumer’s Guide to Buying a Franchise,” which can help you understand how to use this disclosure document, is available from the Federal Trade Commission. You can also visit the FTC’s home page at www.ftc.gov for additional information. Call your state agency or visit your public library for other sources of information on franchising.

There may also be laws on franchising in your state. Ask your state agencies about them.

The Issuance Date of this Disclosure Document is June 20, 2025.

▪ How to Use This Franchise Disclosure Document

Here are some questions you may be asking about buying a franchise and tips on how to find more information:

QUESTION	WHERE TO FIND INFORMATION
How much can I earn?	Item 19 may give you information about outlet sales, costs, profits or losses. You should also try to obtain this information from others, like current and former franchisees. You can find their names and contact information in Item 20 or Exhibits G1, G2, and G3.
How much will I need to invest?	Items 5 and 6 list fees you will be paying to the franchisor or at the franchisor's direction. Item 7 lists the initial investment to open. Item 8 describes the suppliers you must use.
Does the franchisor have the financial ability to provide support to my business?	Item 21 or Exhibit H includes financial statements. Review these statements carefully.
Is the franchise system stable, growing, or shrinking?	Item 20 summarizes the recent history of the number of company-owned and franchised outlets.
Will my business be the only HEALTH MART business in my area?	Item 12 and the "territory" provisions in the franchise agreement describe whether the franchisor and other franchisees can compete with you.
Does the franchisor have a troubled legal history?	Items 3 and 4 tell you whether the franchisor or its management have been involved in material litigation or bankruptcy proceedings.
What's it like to be a HEALTH MART franchisee?	Item 20 or Exhibits G1, G2, and G3 list current and former franchisees. You can contact them to ask about their experiences.
What else should I know?	These questions are only a few things you should look for. Review all 23 Items and all Exhibits in this disclosure document to better understand this franchise opportunity. See the table of contents.

What You Need To Know About Franchising *Generally*

Continuing responsibility to pay fees. You may have to pay royalties and other fees even if you are losing money.

Business model can change. The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

Supplier restrictions. You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

Operating restrictions. The franchise agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

Competition from franchisor. Even if the franchise agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

Renewal. Your franchise agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

When your franchise ends. The franchise agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

Some States Require Registration

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends the franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use the agency information in Exhibit K.

Your state also may have laws that require special disclosures or amendments be made to your franchise agreement. If so, you should check the State Specific Addenda. See the Table of Contents for the location of the State Specific Addenda.

Special Risks to Consider About *This* Franchise

Certain states require that the following risk(s) be highlighted:

1. **Out-of-State Dispute Resolution.** The franchise agreement requires you to resolve disputes with the franchisor by mediation, arbitration and/or litigation only in Texas. Out-of-state mediation, arbitration, or litigation may force you to accept a less favorable settlement for disputes. It may also cost more to mediate, arbitrate, or litigate with the franchisor in Texas than in your own state.
2. **Use of Franchise Brokers.** We use the services of one or more Franchise Brokers or referral sources to assist us in selling our franchise. A franchise broker or referral source represents us, not you. We pay this person a fee for selling our franchise or referring you to us.

Certain states may require other risks to be highlighted. Check the “state specific addenda” (if any) to see whether your state requires other risks to be highlighted.

DISCLOSURES REQUIRED BY MICHIGAN LAW

The state of Michigan prohibits certain unfair provisions that are sometimes in franchise documents. If any of the following provisions are in these franchise documents, the provisions are void and cannot be enforced against you.

1. A prohibition on the right of a franchisee to join an association of franchisees.
2. A requirement that a franchisee assent to a release, assignment, novation, waiver or estoppel which deprives a franchisee of rights and protections provided in this act. This shall not preclude a franchisee, after entering into a franchise agreement, from settling any and all claims.
3. A provision that permits a franchisor to terminate a franchise prior to the expiration of its term except for good cause. Good cause shall include the failure of the franchisee to comply with any lawful provision of the franchise agreement and to cure such failure after being given written notice thereof and a reasonable opportunity, which in no event need be more than 30 days, to cure such failure.
4. A provision that permits a franchisor to refuse to renew a franchise without fairly compensating the franchisee by repurchase or other means for the fair market value at the time of expiration of the franchisee's inventory, supplies, equipment, fixtures, and furnishings. Personalized materials which have no value to the franchisor and inventory, supplies, equipment, fixtures, and furnishings not reasonably required in the conduct of the franchise business are not subject to compensation. This subsection applies only if: (i) the term of the franchise is less than five years and (ii) the franchisee is prohibited by the franchise or other agreement from continuing to conduct substantially the same business under another trademark, service mark, trade name, logotype, advertising, or other commercial symbol in the same area subsequent to the expiration of the franchise or the franchisee does not receive at least 6 months advance notice of the franchisor's intent not to renew the franchise.
5. A provision that permits the franchisor to refuse to renew a franchise on terms generally available to other franchisees of the same class or type under similar circumstances. This section does not require a renewal provision.
6. A provision requiring that arbitration or litigation be conducted outside this state. This shall not preclude the franchisee from entering into an agreement, at the time of arbitration, to conduct arbitration at a location outside this state.
7. A provision which permits a franchisor to refuse to permit a transfer of ownership of a franchise, except for good cause. This subdivision does not prevent a franchisor from exercising a right of first refusal to purchase the franchise. Good cause shall include, but is not limited to:
 - a. The failure of the proposed transferee to meet the franchisor's then current reasonable qualifications or standards.
 - b. The fact that the proposed transferee is a competitor of the franchisor or subfranchisor.
 - c. The unwillingness of the proposed transferee to agree in writing to comply with all lawful obligations.
 - d. The failure of the franchisee or proposed transferee to pay any sums owing to the franchisor or to cure any default in the franchise agreement existing at the time of the proposed transfer.
8. A provision that requires the franchisee to resell to the franchisor items that are not uniquely identified with the franchisor. This subdivision does not prohibit a provision that grants to a franchisor a right of first refusal to purchase the assets of a franchise on the same terms and conditions as a bona fide third-party willing and able to purchase those assets, nor does this subdivision prohibit a provision that grants the franchisor the right to acquire the assets of a franchise for the market or appraised value of such

assets if the franchisee has breached the lawful provisions of the franchise agreement and has failed to cure the breach in the manner provided in subdivision (c).

9. A provision which permits the franchisor to directly or indirectly convey, assign, or otherwise transfer its obligations to fulfill contractual obligations to the franchisee unless provision has been made for providing the required contractual services.

10. **The fact that there is a notice of this offering on file with the attorney general does not constitute approval, recommendation, or endorsement by the attorney general.**

11. Michigan law provides that a franchisor whose most recent statements are unaudited and which show a net worth of less than \$100,000 shall, at the request of a franchisee, arrange for the escrow of initial investment and other funds paid by the franchisee or subfranchisor until the obligations to provide real estate, improvements, equipment, inventory, training, or other items included in the franchise offering are fulfilled. At the option of the franchisor, a surety bond may be provided in place of escrow. In the event that an escrow is so established, the escrow agent shall be a financial institution authorized to do business in the State of Michigan. The escrow agent may release to the franchisor those amounts of the escrowed funds applicable to a specific franchisee or subfranchisor upon presentation of an affidavit executed by the franchisee and an affidavit executed by the franchisor stating that the franchisor has fulfilled its obligation to provide real estate, improvements, equipment, inventory, training, or other items. This portion of the Michigan law does not prohibit a partial release of escrowed funds upon receipt of affidavits of partial fulfillment of the franchisor's obligation.

12. Should the prospective franchisee have any questions regarding the notice of this filing with the Attorney General, such questions should be addressed to: Department of the Attorney General; Consumer Protection Division; Antitrust and Franchise Section; PO Box 30213; Lansing, MI 48909; 517-373-7117.

ITEM 1
THE FRANCHISOR AND ANY PARENTS, PREDECESSORS AND AFFILIATES

Terminology

The franchisor is Health Mart Systems, Inc. To simplify the language in this Disclosure Document, the franchisor is referred to by the pronoun “we” or “our” or as “HEALTH MART”. The pronoun “you” or the term “Franchisee” means the person who buys the franchise. When we refer to our “Affiliate” in this Disclosure Document, we mean any other company that we own or which is under common control with us now or in the future. The term “Affiliate” may also include our Parent, McKesson Corporation.

The Franchisor, Our Parent and Affiliates

We were incorporated in the State of Delaware on January 21, 1997. Our principal place of business is 6555 State Hwy 161, Irving, Texas 75039. We conduct business under our corporate name, “Health Mart” and “Health Mart Systems, Inc.” We are a wholly-owned subsidiary of McKesson Corporation, formerly known as McKesson HBOC, Inc. (“Parent” or “McKesson”). A list of our agents for service of process is attached as Exhibit A.

Our Parent was incorporated in the State of Delaware on July 7, 1994, as a wholly-owned subsidiary of McKesson Corporation, a Delaware corporation formed on June 9, 1987 (“Old McKesson”); Old McKesson was subsequently dissolved. Our Parent maintains its principal place of business at 6555 State Hwy 161, Irving, Texas 75039. From an organizational perspective, our Parent includes us within its US pharmaceutical business division.

Our Parent is a “Fortune 100” company and a provider of pharmaceutical and health care products and services to pharmacies, hospitals, and health care networks, directly and through its various subsidiaries. Many of the products, services and programs offered by our Parent and Affiliates are available to you, independent of this franchise offering, because they are available to any qualifying pharmacy. Although you may choose to do business with our Affiliates from time to time, that business is not connected to this franchise offering except as described in this Disclosure Document.

As a part of the franchise offering, our Parent supplies Merchandise to our franchisees, which includes: (i) “over the counter” (“OTC”) non-prescription drugs and non-drug products; (ii) branded prescription drugs (“Branded Prescription Drugs”); and (iii) generic prescription drugs (“Generic Prescription Drugs”).

Our Affiliate, Strategic Health Alliance II, Inc. (“AccessHealth”), with a principal place of business at 910 John Street, CoverMyMeds Building, Columbus, OH 43222, owns a pharmacy services administration organization, or “PSAO,” called Health Mart Atlas, LLC (“Health Mart Atlas”). Health Mart Atlas is a Delaware limited liability company with a principal place of business at 910 John Street, CoverMyMeds Building, Columbus, OH 43222. You are not required to belong to a PSAO, but if you do, the PSAO must be approved by us. As of the date of this Disclosure Document, we have approved two PSAOs, including Health Mart Atlas.

On February 1, 2019, AccessHealth acquired the assets of PPS Data, LLC d/b/a ProviderPay® (“ProviderPay”), a provider of claims reconciliation services for retail pharmacies. ProviderPay offers its services to Health Mart franchisees and to other retail pharmacies that are not part of the Health Mart franchise system. You are not required to use the services of ProviderPay, but if you do, you must complete the enrollment process, and sign appropriate documents and agreements inclusive of the Pharmacy and Healthcare Solutions Agreement and ProviderPay Reconciliation Services Addendum and pay the fee charged by ProviderPay.

AccessHealth also administers the optional McKesson Reimbursement Advantage program, (“MRA”). If you elect to participate in MRA, you (i) may be required to be a member of the Health Mart Atlas PSAO and (ii) must use the Intelligent Network switching service operated by our Affiliate, McKesson

Technologies Inc., through its RelayHealth division (“Relay Health”). Relay Health provides financial and administrative health care solutions for hospitals, physicians, and retail pharmacies. Relay Health maintains a principal place of business at 5995 Windward Parkway, Alpharetta, Georgia 30005.

To participate in MRA, you must complete the enrollment process and sign the appropriate agreements and documents, including the Pharmacy and Healthcare Solutions Master Services Agreement and Addendum.

Except for a drugstore business that we operate under the Health Mart name at our corporate headquarters in Irving, Texas which is primarily used by our and our Parent's employees (“Headquarters Location”), neither we, our Parent, nor any of the other companies that we identify as an “Affiliate” in this Item 1 have ever owned or operated a drugstore business in the U.S. similar to a HEALTH MART Drugstore, and neither we nor any of our predecessors or Affiliates have ever operated a franchise system in any other line of business in the U.S.

We also offer Health System Retail Services Agreements (“HSRSA”) for the operation of pharmacies under the Health Mart name that are located in hospitals. HSRSA's are only offered under applicable exemptions from state and federal franchise regulations.

Outside of the U.S., one of our Affiliates acquired all of the stock of Medicine Shoppe Canada Inc. in 2012. Medicine Shoppe Canada, Inc. owns a license to award and administer Medicine Shoppe pharmacy franchises in Canada. As a result, since 2012, one of our Affiliates operates a franchise network in Canada as a subfranchisor of the Medicine Shoppe pharmacy franchise system.

In addition to the activities described above, our Parent and Affiliates are engaged in a wide range of business activities in the health care industry in the U.S. and internationally.

The Franchise Offered

We offer franchises for the right to use designated Proprietary Marks and our distinctive and proprietary operating methods and system for establishing and operating Drugstores (the “HEALTH MART System” or “System”). We compile our operational guidance and suggestions, operating methods, policies, procedures, and standards for running your Drugstore on the My Health Mart Web Portal, which includes the Franchise Handbook. You will have access to the My Health Mart Web Portal following execution of the Franchise Agreement. Except for our Headquarters Location, we do not currently operate any retail pharmacies in the U.S. or engage in other business activities at this time.

We offer franchises to persons wanting to start a new retail pharmacy business (“UnOpened Locations”) and persons with existing retail pharmacy businesses interested in converting to a HEALTH MART Drugstore (“Open Locations”). Franchisees of Open Locations and UnOpened Locations will sign the same form of Franchise Agreement (see Exhibit B), which gives you the right to operate your Drugstore at a specific location (“Drugstore Location”) using the Proprietary Marks and the System.

Your Monthly Fees (described in Item 6) entitle you to access a number of core support services that we provide to each Drugstore Location, directly or through various suppliers. These Core Services include operational, management, marketing, features within front end solutions and technical expertise.

Our franchisees currently have access to the following Core Services:

- My Health Mart Web Portal, a proprietary online resource that provides, among other things, information and guidance regarding the practice of pharmacy in broad industry views and through specific location level cooperative analysis, access to various third-party programs, and facilitates your ordering of products from McKesson.
- Health Mart University (HMU), our online training platform for franchisees.
- Health Mart Perks, a program in which we negotiate discount prices and other purchasing terms with various third-party vendors for the benefit of Health Mart franchisees.

- Access to nationally recognized independent advisory service(s) which provide continuing education content, references for patient and professional education, and tools for drug therapy and medication management, unaffiliated with us.
- HealthMart.com Store Details page, a component within our Digital Portfolio, offers pharmacies the option to have a customizable landing page on HealthMart.com where consumers can find pharmacy information such as location, services, and hours, and submit for new.
- Access to a suite of front-end solutions which align the pharmacy toward consumer needs

We are continually developing and changing the Core Services in order to keep Drugstores relevant to consumers in a highly competitive environment, and the Core Services available to you may change during the term of the Franchise Agreement.

In addition to the Core Services, we may periodically offer certain optional programs for an additional fee. You may elect to participate in any optional program by signing the applicable program agreement or by “opting in” to the program’s terms and conditions via your My Health Mart Web Portal account for your Drugstore. The current charges and fees that you may have to pay to us or our affiliates as part of any optional programs that we currently offer are described in Item 6. We may periodically modify or discontinue any of the optional programs that are now in place and add new optional programs, and may charge you for your participation in such optional programs (based on our then-current fees for such optional programs) or enforce certain quality and/or execution requirements in order to be eligible to participate.

Competition

The market for products and services offered by the Drugstores is well established and highly competitive. The products and services will be sold primarily to the general public. You must compete with a variety of stores offering similar products and services, including other national and regional drugstore chains, discount stores, grocery stores, and hospital systems and clinics offering similar products and services, as well as mail-order and locally-owned drugstores and pharmacies. Some of these businesses may offer some or many of their products and services at prices lower than you choose to charge. Their pricing policies could have an adverse impact on your business.

You may also compete for business with other HEALTH MART Drugstores.

Our Parent and other Affiliates with whom you may or will do business may sell the same products or services to pharmacies that are not part of HEALTH MART network. These pharmacies may operate near your Drugstore and directly compete with you.

Industry-Specific Regulations

You are responsible for investigating and complying with all applicable laws, rules, and regulations that govern your Drugstore, including the practice of pharmacy. Retail pharmacies are regulated at the federal, state, and local levels. You are solely responsible for ensuring that your Drugstore complies with these rules and the numerous other federal laws and regulations that impose obligations and responsibilities upon pharmacies and the practice of pharmacy by individuals.

State pharmacy practice acts will also apply to your Drugstore. These acts vary from state to state but they commonly regulate such things as dispensing drugs, information appearing on prescription drug labels, recordkeeping, continuing education requirements for pharmacists and pharmacy technicians, hours of operation, pharmacy ownership, and drug handling, storage, and disposal.

All states have licensing laws applicable to pharmacists. A licensed pharmacist must at all times operate the pharmacy in your Drugstore. We are not responsible for the practice of pharmacy in your Drugstore, which is solely your responsibility. You should contact the local or state office of your state’s Board of Pharmacy for additional information about state laws and regulations that will affect the practice of

pharmacy in your Drugstore. State laws may also regulate the delivery of health care testing and wellness services and may require that the Drugstore and the people you employ to perform these services hold additional licenses and qualifications. In addition, many public and private payment plans impose licensing and other types of qualification requirements to receive reimbursement, including recordkeeping requirements. You are solely responsible for investigating, qualifying for, and adhering to these requirements so that you may lawfully offer all of the mandatory programs that we include in the System.

There may be other laws, rules, or regulations applicable to businesses generally which affect your Drugstore. These laws include local licensing, zoning, and permit laws, tax regulations, labor laws, business licensing requirements, the American with Disabilities Act, and laws prohibiting false advertising, among others. Additionally, federal and state laws affecting businesses generally include restrictions against smoking in public places, the public posting of notices regarding health hazards (e.g., tobacco smoke or other carcinogens), fire safety and general emergency preparedness laws, rules regarding the proper use, storage, and disposal of waste, insecticides, and other hazardous materials, and standards regarding employee health and safety.

You are responsible for investigating all laws and regulations that apply to the operation of a pharmacy and complying with those applicable to your Drugstore. Operating your Drugstore in compliance with all applicable laws is a material condition of the Franchise Agreement. We recommend that you consult with your attorney for an explanation of the laws applicable to your Drugstore.

ITEM 3 LITIGATION

In re: National Prescription Opiate Litigation, Case No. 1:17-md-02804-DAP (December 8, 2017), U.S. District Court, Northern District of Ohio. Our Parent, along with other pharmaceutical wholesale distributors, pharmaceutical manufacturers, and retail pharmacy chains, has been sued in many cases asserting claims related to distribution of controlled substances. The plaintiffs in these actions have included state attorneys general, county and municipal governments, tribal nations, hospitals, health and welfare funds, third-party payors, and individuals. These actions have been filed in state and federal courts throughout the U.S., and in Puerto Rico and Canada. They have sought monetary damages and other forms of relief based on a variety of causes of action, including negligence, public nuisance, unjust enrichment, and civil conspiracy, as well as alleging violations of the Racketeer Influenced and Corrupt Organizations Act ("RICO"), state and federal controlled substances laws, and other statutes.

The majority of these cases were brought by state and local government entities in the U.S. Our Parent and two other national pharmaceutical distributors (collectively "Distributors") entered into a settlement

agreement (the “Settlement”) with 48 states and their participating subdivisions, as well as the District of Columbia and all eligible territories (the “Settling Governmental Entities”). Approximately 2,300 cases have been dismissed. The Distributors did not admit liability or wrongdoing and do not waive any defenses pursuant to the Settlement. Our Parent has paid the Settling Governmental Entities approximately \$2.0 billion as of March 31, 2025, and, under the Settlement, will pay the Settling Governmental Entities additional amounts up to approximately \$5.9 billion through 2038. A minimum of 85% of the Settlement payments must be used by state and local governmental entities to remediate the opioid epidemic. Most of the remaining percentage relates to plaintiffs’ attorneys’ fees and costs, and is payable over a shorter time period. Pursuant to the Settlement, the Distributors are in process of establishing a clearinghouse to consolidate their controlled-substance distribution data, which will be available to the settling U.S. states to use as part of their anti-diversion efforts.

Alabama and West Virginia did not participate in the Settlement. Under a separate agreement with Alabama and its subdivisions, our Parent has paid approximately \$75 million as of March 31, 2025, and will pay additional amounts totaling approximately \$99 million through 2031. Our Parent previously settled with the state of West Virginia in 2018, so West Virginia and its subdivisions were not eligible to participate in the Settlement. Under a separate settlement agreement, our Parent has paid certain West Virginia subdivisions approximately \$68 million as of March 31, 2025 and additionally will pay approximately \$84 million through 2033. That agreement does not include school districts or the claims of Cabell County and the City of Huntington. After a trial, the claims of Cabell County and the City of Huntington were decided in our Parent’s favor on July 4, 2022. Those subdivisions have appealed that decision.

Some other state and local governmental subdivisions did not participate in the Settlement, including certain municipal governments, government hospitals, school districts, and government-affiliated third-party payors. Our Parent contends that those subdivisions’ claims are foreclosed by the Settlement or other dispositive defenses, but the subdivisions contend that their claims are not foreclosed.

The City of Baltimore, Maryland, is one such subdivision, and a trial of its began on September 16, 2024, in the Circuit Court of Maryland for Baltimore City. *Mayor and City Council of Baltimore v. Purdue Pharma LP*, No. 24-C-18-000515. Baltimore claims that the defendants’ distribution of controlled substances to certain pharmacies in the City of Baltimore and Baltimore County caused a public nuisance. On November 12, 2024, the jury returned a verdict finding our Parent liable and assessing approximately \$192 million in compensatory damages. On June 12, 2025, the court granted remittitur of the verdict, reducing compensatory damages to \$37 million. Plaintiff must decide whether to accept the reduced damages or seek a new trial. After the Plaintiff decides whether to accept the reduced damages, the court may determine whether to award abatement relief. The Parent believes it has valid bases to challenge the verdict and is prepared to appeal. Because of the many bases to challenge the verdict, the Parent has not adjusted its litigation reserve as a result of the jury verdict.

The district attorneys of the City of Philadelphia, Pennsylvania, and Allegheny County, Pennsylvania did not participate in the Settlement and sought to bring separate claims against our Parent, notwithstanding the settlement with the state of Pennsylvania and its attorney general. On January 26, 2024, the Commonwealth Court of Pennsylvania ruled that the Pennsylvania attorney general had settled and fully released the claims brought by those district attorneys under Pennsylvania’s Unfair Trade Practices and Consumer Protection Law. The district attorneys have appealed that decision to the Supreme Court of Pennsylvania. An accrual for the remaining governmental subdivision claims is reflected in the total estimated liability for opioid-related claims in a manner consistent with how Settlement amounts were allocated to Settling Governmental Entities.

Our Parent also entered into settlement agreements for opioid-related claims of federally recognized Native American tribes. Under those agreements, our Parent has paid the settling Native American tribes approximately \$112 million as of March 31, 2025, and additionally will pay approximately \$84 million

through 2027. A minimum of 85% of the total settlement payments must be used by the settling Native American tribes to remediate the opioid epidemic.

Our Parent is also a defendant in hundreds of opioid-related cases brought in the U.S. by private plaintiffs, such as hospitals, health and welfare funds, third-party payors, and individuals. These claims and those of private entities generally, are not included in the settlement agreements described above. Our Parent and two other national distributors have reached settlements with representatives of nationwide groups of acute care hospitals and certain third-party payors.

We remain named as a defendant in approximately three controlled substance-related cases pending in federal court. We contend these claims are foreclosed by the Settlement or otherwise subject to strong defenses. We intend to defend against the claims vigorously in these matters.

No other litigation is required to be disclosed in this Item.

ITEM 4 BANKRUPTCY

No bankruptcy is required to be disclosed in this Item.

ITEM 5 INITIAL FEES

We do not charge an initial franchise fee. The Franchise Agreement does not require a franchisee to make any payments to us, our Parent, or Affiliates before the Effective Date. The Effective Date is the later of (i) the date that we activate the franchisee's access to the Health Mart System for the Drugstore located at the Drugstore Location; or (ii) the date the Franchise Agreement is fully executed.

A franchisee may, at its option, purchase Merchandise (defined in Item 6) from our Parent before the Effective Date, but it is not required to do so. Interior décor furnishings, aisle markers, and signage are required to be purchased through us and our approved supplier to maintain consistency of the brand's use. Franchisees also may, but are not required to, buy exterior signs, fixtures, accessories and various computer systems from us, our Parent, or another Affiliate. Notes:

Note 1 (Leasehold Improvements): Leasehold improvements for UnOpened Locations will vary depending on various factors, including the Drugstore Location, size and configuration of the Drugstore, pre-construction costs, and the cost of materials and labor, which may vary based on geography and location. In addition to the impact of local conditions, your costs may vary substantially based on whether the landlord provides tenant improvement allowances. We cannot guaranty that you will be able to negotiate a tenant improvement allowance or other favorable lease terms. There is no “typical” size for a Drugstore. Drugstores currently range in size from 500 to 12,000 square feet. Since all Open Locations will already have a lease for the Drugstore Location, we anticipate that they will have minimal leasehold improvement expenses to convert the existing location to a HEALTH MART Drugstore if the existing location is in good repair.

Note 2 (Exterior Signage): Signage costs will vary according to the type and size of the sign. The low estimate of \$0 assumes that you use only the complimentary initial essential branding kit that we provide to each franchisee following execution of the Franchise Agreement but excludes the cost of taxes.

Note 3 (Interior Decor): While we do not require these purchases, an UnOpened Location will incur expenses to purchase and install interior decor items, aisle markers, and accessories. All interior signs, decor items, aisle markers, and accessories must be purchased from our Parent and us and our approved supplier. Prices will vary according to the size of your Drugstore and the items that you select.

Note 4 (Fixtures and Equipment): These figures vary based on the size of the Drugstore and whether the existing shelving, checkout counters, and showcases meet our specifications.

Note 5 (Inventory): This amount reflects an UnOpened Location’s likely expenses for inventory bought before the Opening Date based on a Drugstore with 1,000 square feet of selling area. Since Open Locations will have existing inventory when they sign the Franchise Agreement, we show no initial inventory purchases for Open Locations. Inventory may include Merchandise purchased from our Parent; provided that they remain in Good Standing (as described in Item 8).

Note 6 (Insurance): This is an estimate of the range of expenses for the initial period that an UnOpened Location may incur to purchase insurance meeting the coverage requirements that we identify in Item 8. We assume Open Locations will most likely have in place insurance that meets our minimum requirements, but the range includes a \$3,000 estimate for any incremental costs attributable specifically to insurance to become a HEALTH MART Drugstore. Insurance costs may vary substantially depending on various factors, including the geographic location of your Drugstore, your claims history, and the additional policies you may acquire in addition to General Liability and Professional Liability.

Note 7 (Supplies): You will need to purchase stationery, business cards, and other office supplies. Typically, you will purchase quantities that will last longer than the initial period.

Note 8 (Business Licenses): A Drugstore must have certain business licenses and occupancy permits to conduct pharmacy operations. These estimates assume Open Locations already have a licensed pharmacist on staff and have all required licenses and permits required by applicable law. For UnOpened Locations, these costs vary from state to state, as well as from community to community within a particular state, depending on local ordinances.

Note 9 (Utility and Lease Deposits): These estimates assume Open Locations have entered into a lease for the retail pharmacy, have paid utility deposits and a rent security deposit, know their leasing expenses, and incur no incremental expenses for these items when converting to the HEALTH MART System. UnOpened Locations may be required to pay utility deposits, which will vary depending on the location of the Drugstore and your credit history. In addition, UnOpened Locations will pay a lease security deposit equal to one or two months’ rent before the Opening Date. The security deposit assumes annual occupancy/lease

costs of \$6 to \$25 per square foot. Some landlords will agree to defer the rent commencement date for some time period after you receive possession and while you make leasehold improvements. Depending on the lease terms that you negotiate, payment of rent may start before the Opening Date depending on, among other things, the length of the build-out phase. However, we assume that rent will start on the Opening Date and therefore include rent estimates in the Additional Funds category.

Note 10 (Computer Hardware and Software): As a practical matter, all Drugstores must use a pharmacy management computer system to help with filling prescriptions and recordkeeping related to prescription drugs. At this time, we do not require you to use a particular model or specify minimum requirements for the computer system that you must use to operate your Drugstore other than, if you elect to participate in the MRA program, you must choose a pharmacy management computer system that is compatible with Relay Health's Intelligent Network switching system. We assume that Open Locations already have a suitable pharmacy management system and have no incremental costs for computer hardware and software when they convert to the HEALTH MART System. Our Affiliate may make available to you, at your option, comprehensive computer hardware and software packages to use for order and inventory management, pharmacy management, and for front of the Drugstore management (e.g., point-of-sale or POS). The costs of these systems will vary substantially depending on the specific systems, equipment, and method of payment you select. The high estimate for UnOpened Locations assumes that you elect to purchase our computer packages and reflect the cost of using these systems during the initial period.

Note 11 (Monthly Fees): The estimate is for the Monthly Fee for three months.

Note 12 (Grand Opening): We recommend that UnOpened Locations conduct advertising to inform the public of the opening of their HEALTH MART Drugstore. We expect Open Locations will have more modest grand opening costs. We do not require you to purchase any grand opening advertising materials from us or our Affiliates.

Note 13 (Additional Funds): Additional Funds include miscellaneous expenses that you are likely to incur during the initial period. For Open Locations, the initial period is the first three months after you sign the Franchise Agreement; for UnOpened Locations, the initial period is the period of time from the date you sign the Franchise Agreement through the first three months after the Opening Date of your Drugstore (and assumes 12 to 15 weeks to complete leasehold improvements, install fixtures, signs and inventory and complete mandatory training after the Franchise Agreement is signed). Consequently, an UnOpened Location's "initial period" will include a "pre-Opening Date" period plus the first three months after the Opening Date.

Since an Open Location has historical information about its revenue, expenses and cash flow, an Open Location will know if it should budget extra Additional Funds during the initial period. For UnOpened Locations, the Additional Funds category covers expenses during the three months after the Opening Date for rent; telephone service; utilities; salaries and benefits for hourly employees; restocking inventory costs; restocking supplies; workers' compensation; professional fees; licensing fees; and working capital to supplement the cash flow from operating your HEALTH MART Drugstore. The working capital estimate for UnOpened Locations will vary greatly based on a variety of factors including the number of employees that you choose to hire initially and the salary and other benefits you choose to pay them; the extent of your involvement in the day-to-day operations of the Drugstore; your skill, experience, business acumen, and credit-rating; local competition; local economic conditions, and the actual sales levels that you reach during the initial three-month period after the Opening Date. Working capital needs are in addition to cash flow from operations. We cannot estimate your cash flow from operations. The Additional Funds category for Unopened Locations includes an allowance for payroll expenses for opening employees, but does not include any allowance for a draw or salary to the Drugstore's owners during the initial period.

The Additional Funds category for Open Locations and UnOpened Locations excludes (i) fees payable for optional programs in which you choose to enroll or participate in during the initial period; and (ii) payments

made to a bank or financing company on any loan that you may obtain to finance initial investment expenses.

Note 14 (Total): The Item 7 ranges reflect our estimate of your initial investment in the Drugstore Location operated under the Franchise Agreement. All figures in Item 7 are estimates only. We cannot guarantee that you will not have additional expenses or other categories of expenses during the initial period. We assume Open Locations will be able to estimate their initial investment expenses based on their historical operating expenses, sales and cash flow. We recommend that UnOpened Locations not plan to draw income from operations during the initial period and plan to have Additional Funds available in reserve, either in cash or through a bank line of credit, to cover unanticipated events during the initial period and beyond. In estimating initial investment expenses, you should allow for inflation, discretionary expenditures, fluctuating interest rates, and other financing costs and local market conditions, all of which are highly variable factors that can result in unexpected increases in costs. You must bear all cost escalations and budget for these contingencies. These Item 7 estimates are based on purchases by franchisees from us, our Parent, and other Affiliates and on information from our franchisees regarding their initial investment expenses, which we have not verified or audited.

Except as we disclose in Item 10, we do not offer to finance your initial investment. Payments made to us, our Parent, and our Affiliates are not refundable. Whether payments that you make to third parties are refundable depends on your ability to negotiate refund conditions with the third parties. Except as specifically stated, the amounts shown in Item 7 may be subject to increases based on changes in market conditions, inflation, economic conditions, changes in costs from suppliers, changes in our cost of providing goods or services, and future policy changes that we may make.

ITEM 8

RESTRICTIONS ON SOURCES OF PRODUCTS AND SERVICES

Required Purchases

You must purchase from our Parent (or any other Affiliate we designate) Merchandise (as described in Item 1) according to the distribution arrangement you have with our Parent and at all times, among other things including your compliance with your contractual agreements (including, the Franchise Agreement) with us and our affiliates, remain in compliance with the obligations to purchase Branded Prescription Drugs and Generic Prescription Drugs from our Parent as set forth in the applicable distribution arrangement between you and our Parent ("Good Standing"). You must remain in Good Standing for the term of the Franchise Agreement. We may terminate the Franchise Agreement if your agreements with McKesson are terminated or you fail to remain in Good Standing.

Approved Suppliers

You must comply with our standards and specifications for the purchase of all Merchandise (which includes, in addition to branded and generic prescription drugs, over-the-counter non-prescription drugs and non-drug products), signs, supplies, furniture, fixtures, furnishings, decor, equipment, computer systems, and other products and services used or offered for sale at the Drugstore. Our standards and specifications are included in the Franchise Handbook and accessible via the My Health Mart Web Portal.

Currently, our Parent is the only approved supplier of over-the-counter non-prescription drugs and other non-drug branded products. In the future, either our Parent or we may introduce other types of products identified by the Proprietary Marks. We may require you to buy such products from us or our Affiliates and offer them for sale in your Drugstore.

Our Parent and other Affiliates also are approved suppliers (but not the only approved suppliers) of various computer hardware and software systems, including an order and inventory management system, a pharmacy management system, and a front of the store or point of sale management system, as well as a program for interfacing with third-party benefit managers and claims processors. You may choose to

purchase, license, or rent (as applicable) the computer hardware and software systems from our Parent or our Affiliates, or you may obtain compatible systems from third parties.

As described in Item 1, you are not required to be a member of a PSAO, but if you join a PSAO, it must be one that we have approved. Currently, we approve two PSAOs, including Health Mart Atlas. If you elect to participate in the MRA program, you may be required to belong to the Health Mart Atlas PSAO and must use the Intelligent Network switching services provided by our Affiliate, Relay Health.

Purchases According to Specifications

Following execution of the Franchise Agreement, we provide franchisees with an initial essential branding kit that satisfies our minimum branding requirement; there is no charge for the essential branding kit except for applicable taxes. An independent third-party supplier will also offer to sell you exterior signs and interior signs, decor furnishings, aisle markers, and accessories that comply with our specifications. You may purchase approved exterior and interior signs, decor furnishings, aisle markers, and accessories from any approved supplier you choose if the signs, materials, markers, and accessories meet our specifications.

We may, at our option, require that you submit any advertising and promotional materials that you obtain from third parties or prepare on your own for our approval. If we make this request, you must submit the materials to us. We will notify you within 30 days after we receive them of our approval or disapproval. If we do not notify you within 30 days, the materials will be deemed approved.

You must obtain the following types of insurance at no less than the following minimum coverage amounts. We may modify the minimum coverage amounts or require additional types of insurance to meet the specific needs of the particular location or to cover new areas of risk based on our recent experiences or those of our franchisees. We will communicate all changes in writing. Certain programs that we offer or may require in the future may impose additional insurance obligations on your Drugstore, which could result in higher costs.

Approval Process for Goods, Services, and Suppliers

You must comply with our standards and specifications for the goods and services that you offer for sale or use in your Drugstore. If we have identified brand requirements, you may purchase and use only approved brands. If we have approved or designated suppliers for any item, you must obtain those items only from the suppliers we have approved or designated. If you wish to use any item that we have not yet evaluated or if you wish to purchase or lease any item from a supplier that we have not yet approved, you must submit a written request for approval to us. You also may be required to submit to us information, specifications and samples to enable us to determine whether the item and/or the supplier complies with our standards and specifications. We also have the right to send representatives to inspect the supplier's facilities and to have samples from the supplier delivered to us or to an independent laboratory we designate for testing. You or the proposed supplier may be required to pay for the cost of the inspection and of the test (including our administrative expenses). We are not required to approve any particular supplier. We will notify you within a reasonable period of time following the date of your request whether you may purchase from the proposed supplier, but we are not obligated to notify you within any specific number of days. We reserve the right to re-inspect supplier facilities and products and to revoke our approval of the

supplier if the supplier fails to continue to meet our standards and specifications. If we revoke our approval of any supplier, you must promptly discontinue using that supplier.

Purchasing Arrangements

We may, but are not obligated to, negotiate discount prices and other types of purchasing programs for the benefit of HEALTH MART franchisees with businesses, organizations, insurance companies, and other third parties under the HEALTH MART Perks. Participation in these programs is optional, and we may discontinue these arrangements at any time. Some vendors may pay us revenue based on the aggregate volume of franchisee purchases or per unit engagement. For our fiscal year ending March 31, 2025, payments in the amount of \$105,000 were received from suppliers related to such an arrangement. We may also receive payments from suppliers who sell various promotional items and calendars to our franchisees.

In addition, manufacturers may from time to time offer advertising, display, and promotional allowances to all Drugstores by making payments to our Parent. Our Parent collects and administers the allowances for the benefit of all Drugstores that decide to participate. It applies the allowances to defray any administrative, servicing, and advertising costs and expenses that it incurs on behalf of the participants, and in some programs, also to reduce the cost of the goods sold to the participants.

Our Parent and Affiliates will derive revenue on account of purchases that you make from our Parent and/or Affiliates by purchasing Merchandise or other required items, participating in mandatory programs, and/or choosing to participate in optional programs.

During our fiscal year ending March 31, 2025, our revenue from required franchisee purchases or participation in programs was approximately \$853,000, or 2% of our total revenue of approximately \$34,600,000. During this same period, our Parent and all other Affiliates collectively received approximately \$13,100,000,000, in revenue from franchisees (either due to purchases or participation in mandatory and optional programs).

We estimate that your required purchases and leases from us or our Affiliates (including our Parent) will be between 10% to 90% of your cost to establish the Drugstore, and between 50% to 90% of your ongoing costs to operate the Drugstore.

As of the date of this Disclosure Document, there are no purchasing or distribution cooperatives in which you must participate.

All of our officers own stock in our Parent and thereby indirectly hold an interest in the Affiliates of our Parent, which are suppliers of mandatory goods or services.

Other than as described above, we do not provide material benefits to franchisees based upon their purchase of particular products or services or their use of designated or approved suppliers. When determining whether to grant new or additional franchises, we consider many factors, including your compliance with the requirements listed above.

When McKesson is requested to provide financing: For loan terms, you will sign the financing documents that are similar to the form attached to this Disclosure Document as Exhibit E, which include a security agreement, personal guaranty (if you are a business entity) and promissory note.

Except as we disclose in the table above, neither we, our Parent, nor any of our Affiliates offer direct or indirect financing, nor do we, our Parent, or our Affiliates guarantee your notes, leases, or other obligations. We make no promise that we, our Parent, or our Affiliates will offer financing to you. The decision to extend the type of financing currently available to franchisees is subject to the sole discretion of our Parent. Among other factors, our Parent will consider your credit history. In individual cases, the actual terms of financing that our Parent may offer may differ from the above terms.

Should we or our Affiliates choose to offer financing, the financing terms may be changed prospectively at any time. The new terms would apply to franchisees that purchase a HEALTH MART franchise after the changes become effective.

ITEM 11 FRANCHISOR'S ASSISTANCE, ADVERTISING, COMPUTER SYSTEMS, AND TRAINING

Except as listed below, we are not required to provide you with any assistance.

Pre-Opening Obligations

Before you open your Drugstore as a HEALTH MART Drugstore or begin operating your existing drugstore as a HEALTH MART Drugstore, we, our Parent, or our Affiliates will:

1. Give you My Health Mart Web Portal access that provides tools and resources for members including the Franchise Handbook. (Franchise Agreement, Section 3.1.)
2. At your option, sell you branded prescription drugs, generic prescription drugs and other Merchandise at the then-current prices and terms established by our Parent or other Affiliates. (Franchise Agreement, Sections 3.2 and 6.5.)
3. Give you access to our required and optional online training programs. (Franchise Agreement, Section 5.1.)
4. Make our provision of your initial Brand Essentials Kit (Franchise Agreement, Section 6.3)

Site Selection and Opening

We do not assist you in identifying, evaluating, or selecting any site. We do not require you to obtain our prior approval of your proposed location before you sign a lease. We estimate that the typical length of time between signing the Franchise Agreement and opening your first Drugstore is (i) 3 to 6 weeks for Open Locations and (ii) 12 to 15 weeks for UnOpened Locations. Some factors affecting these time periods may include the current and/or future lay-out of the Drugstore, delivery and installation of fixtures and signs, and delivery of inventory. These estimates do not take into account any construction or remodeling that may have to take place at the Drugstore Location or the time it takes you to negotiate and sign a lease for, or purchase, the site of the Drugstore Location.

Continuing Obligations

During the operation of your Drugstore, we, our Parent, or our Affiliates will:

1. Give you My Health Mart Web Portal access that provides tools and resources for members including the Franchise Handbook. (Franchise Agreement, Section 3.1.)
2. Sell you branded prescription drugs, generic prescription drugs and other Merchandise at the then-current prices and terms established by our Parent or other Affiliates. (Franchise Agreement, Section 3.2.)
3. Give you access to our required and optional online training programs and offer additional training as we determine. (Franchise Agreement, Section 5.1.)

4. Provide each Drugstore Location access to the Core Services, which Core Services may be changed, discontinued, terminated, modified, or further developed during the term of the Franchise Agreement. (Franchise Agreement, Section 3.3.)
5. In our discretion, we or our Affiliates may offer Optional Programs upon terms and conditions we or they establish, in which you may elect to participate if you satisfy the eligibility and qualification requirements. (Franchise Agreement, Sections 3.4.) The Optional Programs that are currently offered are described in Item 6.
6. In our discretion, conduct any on-site reviews or consultations that we deem advisable to assess your operation of the Drugstore in compliance with our Standards. (Franchise Agreement, Section 3.6.)

Advertising Programs

We recommend, but do not require, you to conduct a grand opening for the Drugstore Location. The grand opening is designed to publicize the opening or re-branding of the Drugstore located at the Drugstore Location. Any grand opening you conduct will be at your expense, but we may provide resources to assist you in implementing a grand opening program.

We may, in the future, establish a national advertising plan to maximize general public recognition, acceptance, and use of the System (“Advertising Plan”). If we institute an Advertising Plan, we will maintain and administer the Advertising Plan, and we will have the exclusive right to direct the Advertising Plan, including: (a) allocating to the Advertising Plan a portion of the Monthly Fees we receive from franchisees; (b) voluntarily making (and allowing our Affiliates to make) contributions to the Advertising Plan in the amounts, and with the frequency, and timing as that we determine; (c) spending all Advertising Plan revenue for advertising, marketing, and/or promotional purposes during the taxable year within which the revenue is received or carrying forward unspent revenue to future years; (d) maintaining sole discretion over the concepts, materials, and media used in any and all Advertising Plan programs and the placement and allocation of concepts, materials, and media. We do not represent that either we or our Parent or other Affiliates will contribute a minimum amount to the Advertising Plan or that we will establish an Advertising Plan.

If we do establish an Advertising Plan, funds contributed or allocated to the Advertising Plan will be used exclusively to maintain, administer, direct, conduct, and prepare advertising, marketing, merchandizing, public relations, and/or promotional programs and materials and any other activities we believe will enhance the System, including, among other things, the cost of preparing and conducting media advertising campaigns, including print, radio, and television advertising; digital advertising; direct mail advertising; marketing surveys; employing advertising and/or public relations agencies; purchasing promotional items; and providing promotional and other marketing materials and services to Drugstores operating under the System. We may elect to use Advertising Plan funds to reimburse us or our Affiliates for the actual internal expenses of administering the Advertising Plan. We will not be obligated to make expenditures from the Advertising Plan for or on behalf of any franchisee or to ensure that any particular franchisee benefits directly or pro rata from Advertising Plan expenditures. We will have no obligation to prepare financial reports of the revenue and expenditures of the Advertising Plan or to keep the Advertising Plan revenue segregated in a separate bank account apart from our general funds. Our establishment and/or operation of an Advertising Plan will not impose on us any fiduciary duties or create any fiduciary relationship between you and us.

Any advertising and promotional activities you conduct for your Drugstore must comply with all applicable laws and any standards and requirements that we may specify in the Franchise Handbook or otherwise in writing. At any time, we may ask you to submit your advertising and promotional materials to us (other than advertising and marketing materials that you purchase directly from our Marketing Edge). We will notify you within 30 days after we receive your materials of our approval or disapproval; our failure to

respond by the end of 30 days will be considered approval to use the materials. Our approval does not mean that the materials comply with applicable law. You remain solely responsible for verifying that the materials comply with all applicable laws. Our right to approve your advertising and promotional materials applies broadly to all materials that you create or have created for you regardless of its format or the media where you intend to place the materials. For example, we may request the right to approve material that you wish to publish promoting your Drugstores or using the HEALTH MART brand in digital advertising, including social media networking sites (Meta, X, YouTube, and comparable consumer-generated media Websites).

We provide local marketing support (“LMS”) for Drugstores through our online Marketing Edge and customer support center which is accessible through the My Health Mart Web Portal. LMS includes multiple marketing programs, and tactics that we make available to franchisees, at their option. LMS programs include traditional marketing materials, branded merchandise, giveaways, media plans, and digital marketing tools. Currently, all LMS services are delivered by third-party vendors we select. Pricing for these optional marketing services is displayed in Marketing Edge. These vendors may pay us or our Affiliates a portion of the fees that they collect from our franchisees. At this time, access to Marketing Edge is an optional service and offered only to HEALTH MART franchisees, but in the future, we may offer the full range of LMS marketing tactics and support services to pharmacies that are not part of the HEALTH MART franchise network.

If any advertising furnished by us, our designee, or a supplier we select or approve contains an actual or suggested retail price for any product or service to be sold at or from your Drugstore, you have no obligation (actual or implied) to follow the price or utilize any of the advertising if the suggested retail price differs from that which you wish to charge.

Our Website, www.healthmart.com, includes an online store locator feature that enables consumers to locate their nearest HEALTH MART Drugstores. Our HealthMart.com Store Details page, also described in this document as our Digital Portfolio suite of services, which is a required participation for franchisees in our System, provides you with a Webpage landing template hosted on the www.healthmart.com Website which you may customize with your Drugstore’s Location, operating hours, and additional store-specific services and individual information as managed to system standard through your My Health Mart Web Portal store profile. If you opt to create a separate Webpage, the store locator feature on our Website may include an active link to your Webpage. You may not register, attempt to register, obtain any ownership in, or otherwise utilize a Website, domain name, URL, Internet presence, or other electronic communications portal that contains, incorporates, or consists of any of the Proprietary Marks, unless you obtain our prior written approval. We may condition approval of your use of electronic media on the transfer of any and all ownership rights to us, including copyrights.

We do not have an advertising council or committee. If we establish one in the future, any such council or committee will act only in an advisory capacity.

Electronic Cash Register and Computer Programs

As a practical matter, all Drugstores must use a pharmacy management system to help with the filling of prescriptions and recordkeeping related to the dispensing of prescription drugs. While we do not currently require you to use any particular pharmacy management system, if your Drugstore participates in the MRA program, you must use a pharmacy management system that is compatible with Relay Health’s Intelligent Network switch system. We expect that Open Locations will already own a suitable computer system with compatible pharmacy management software. If you are an UnOpened Location, we estimate that the cost to purchase a suitable computer system with compatible pharmacy management software will range between \$10,000 to \$100,000. Your cost will depend in part on the number of workstations and other hardware preferences that you choose. You may purchase computer hardware and software to operate your Drugstore from a supplier of your choice as long as it meets our standards and specifications.

Drugstores also often use a point of sale (“POS”) computer system to make the check-out and cash register operations run more smoothly, but at this time we do not require that you purchase or use any particular automation machinery, computer hardware or software (including electronic cash register systems) that perform POS functions.

We may establish and maintain, or contract with third parties to provide, computer software programs, systems, and databases we deem advisable from time to time, in the form and configuration we determine (including all related hardware, “Computer Programs”). You must purchase, license, install, and use, at your sole expense, any and all Computer Programs we require from time to time for use in the operation of the Drugstore, including point-of-sale, pharmacy management systems, performance information management systems, and other computer programs and systems. You must execute the required form of software license agreement for such Computer Programs, which may require you to pay licensing, support, and maintenance fees to us, our Affiliates, or a third party and to obtain upgrades and modifications to such Computer Programs as we require at your expense. We will have independent access to such Computer Programs and may retrieve electronically any information stored in such Computer Programs. We may use the data that you provide or that we collect (including dispensing data, patient data, and other sensitive information) for any lawful purpose even after the Franchise Agreement ends. Among other things, we may use dispensing data, patient data, and other sensitive information to verify your Good Standing status and other obligations under the Franchise Agreement.

Franchise Handbook

The table of contents of our Franchise Handbook, also referred to as the operations manual or toolkit within the My Health Mart Web Portal, is attached to this Disclosure Document as Exhibit F. Since the Franchise Handbook is in electronic format, we estimate that, if printed, the Franchise Handbook would be approximately 223 pages. We may from time to time revise or update the contents of the Franchise Handbook.

Training

Health Mart University (HMU), our online training solution for franchisees, delivers education in multiple ways, including online on-demand training courses, live webinars and podcasts. HMU offers training courses for owners, pharmacists, technicians, and other staff designed to enhance pharmacy business, compliance, patient care and operational knowledge through a variety of interactive topics. Currently, both ACPE (Accreditation Council for Pharmacy Education) accredited and non-accredited programs are available. Currently, some optional online courses have a discounted per person enrollment fee of under \$600 per course offered by the content provider. Franchisees may also access other optional, online training courses for technicians to meet certain state or certification requirements through selected industry recognized vendor(s), and currently this program has an enrollment fee of under \$1,000 per enrolled student per course. Franchisees that meet and maintain the requirements to become approved training sites as a part of Health Mart’s ASHP/ACPE accredited technician training program may also access optional technician training program content that is required by the national standards when enrolling student technicians. The fee to participate for this optional training course is currently under \$2,200 per student enrolled. We may adjust our training providers and fees, and may impose additional training fees for online and live training programs that we currently offer without charge.

Within 60 days after signing the Franchise Agreement, you and/or your designated representative must successfully complete a teleconference facilitated orientation process with our Health Mart Enrollment Managers. The process varies in length, depending on the questions raised by the designated representative for the pharmacy.

TRAINING PROGRAM

Subject	Hours of Classroom Training	Hours of On-the-Job Training	Location
Health Mart franchise orientation call(s)	Not to exceed eight (8) hours of guided orientation between the primary operator(s) of the pharmacy and our Health Mart Operations support team.	None	Virtual/teleconference

We may occasionally offer live training remotely via Webinar, at regional meetings, or at our annual “IdeaShare” conference. At this time, there is no training fee to attend optional live classes though a fee may exist for admission to the overall event where the live courses are offered. In the future, we may charge additional fees to attend premium courses such as certificate training programs or workshops. You are responsible for all travel, lodging, and living expenses, including meals, and paying any salary to your managers and employees while they participate in training programs.

Nancy Lyons, Vice President and Chief Pharmacy Officer for our Parent, supervises the creation of training curriculum and the delivery of all training programs to our franchisees. She has held this position since 2017. She has more than 30 years industry experience teaching and supervising the delivery of corporate operations training programs.

ITEM 12 TERRITORY

The Drugstore operated under the Franchise Agreement operates at a specific Drugstore Location.

You will not receive an exclusive territory. You may face competition from other franchisees, from outlets that we own, or from other channels of distribution or competitive brands that we control. While neither we nor our Affiliates currently own any retail pharmacies (except for the Headquarters Location), in the future, we or our Affiliates may do so.

The rights that we grant to you under the Franchise Agreement to operate a Drugstore are non-exclusive. We may establish or operate, or license any other party to establish or operate, a Drugstore under any of the Proprietary Marks, or any other marks whether or not now in use by us or our Affiliates, at any other location, regardless of the proximity to your Drugstore Location and regardless of any impact on the revenue or sales at your Drugstore.

We, and any entity authorized by us, will have the right, at all times, to operate at any location under any other trade names, trademarks, or service marks as we deem appropriate: (a) any type of drugstore, whether full-service, apothecary-style, or otherwise, or (b) a business offering health care services. Nothing prohibits us from acquiring or operating drugstores operating under another name different than the Proprietary Marks which may compete directly with you. We reserve all rights not specifically granted to you under the Franchise Agreement.

If we choose to grant another person the right to locate and operate a Drugstore that is adjacent to or near the vicinity of your Drugstore, the other Drugstore could have an adverse competitive impact on your Drugstore business. Our grant of rights to you offers you no protection from competing Drugstores, no matter how close those Drugstores may be to yours.

As of the date of this Disclosure Document, neither we nor any of our Affiliates have established any other franchises or company-operated outlets under different trade names or trademarks in the United States that sell or lease products or services similar to those which you will offer.

We and our Affiliates reserve the right to offer or sell products and services similar to those you will offer to your customers through alternative channels of distribution. Our Affiliates offer many of the same products and services that they offer to you to other independent retailers, as well as competing chains (including other drugstore chains that operate as franchises) and other businesses that dispense pharmaceuticals, including hospitals and clinics, any of which may operate close to your Drugstore and compete with you for customers.

We and our Affiliates may advertise and promote over-the-counter products via the Internet and may also engage in the wholesale sale of over-the-counter products to other businesses that are not part of the HEALTH MART network. We and any entity authorized by us may also accept orders (including orders via the Internet) from, and deliver products and services, including over-the-counter products to customers located anywhere regardless of the proximity of their residence to your Drugstore without paying you any compensation.

We do not offer rights of first refusal or rights to obtain additional locations or territories. If you want the right to operate a second or additional Drugstore, you must enter a separate Franchise Agreement for each Drugstore.

ITEM 13 TRADEMARKS

All of the following trademarks are registered on the Principal Register of the United States Patent and Trademark Office (“USPTO”), except for the last trademark, which is registered on the Supplemental Register, and are included within the scope of the term Proprietary Marks.

HEALTH MART	May 16, 2023	7,057,325

The following marks in their entirety are unregistered at the USPTO; however, are included within the scope of Proprietary Marks

We also claim all common law rights in the Proprietary Marks.

There are no presently effective determinations of the USPTO, the trademark trial and appeal board, or the trademark administrator of any state or any court; no pending infringement, opposition or cancellation proceedings; nor any pending material litigation involving the Proprietary Marks that are relevant to your use of them.

There are no agreements currently in effect that significantly limit our rights to use or license the use of the Proprietary Marks in any manner that is material to you.

You may not handle any disputes with third parties concerning the use of our Proprietary Marks. You must promptly notify us of any suspected unauthorized use or infringement of our Proprietary Marks or any challenge to the validity or ownership of our Proprietary Marks. We have the right to direct and control any administrative or alternative dispute resolution proceeding or litigation involving our Proprietary Marks, including any settlement. We have the right, but not the obligation, to take action against uses by others that may constitute infringement of our Proprietary Marks.

We are obligated to defend you against any third-party claim, suit, or demand arising out of your use of our Proprietary Marks. If we determine, however, in our sole discretion, that you have not used our Proprietary Marks in accordance with the Franchise Agreement, the cost of our and your defense, including the cost of any judgment or settlement, will be borne by you. In the event of any litigation relating to your use of our Proprietary Marks, you must execute all documents and do such acts as may, in our opinion, be necessary or useful to carry out our defense or prosecution, including becoming a nominal party to any legal action. Except to the extent that such litigation is the result of your use of our Proprietary Marks in a manner inconsistent with the terms of the Franchise Agreement, we will reimburse you for your out-of-pocket costs of doing such acts.

We do not know of any infringing uses that could materially affect your use of our Proprietary Marks.

We reserve the right to substitute or add different Proprietary Marks for use in identifying the System and the businesses operating under it if we determine that the substitution or addition of different marks would be beneficial to the System. You must implement promptly any substitution or addition of new Proprietary Marks. You will bear the costs of modifying your signs and advertising materials to conform to our new Proprietary Marks.

We reserve the right to require you to take any action which we, in our reasonable judgment, deem necessary to maintain the quality standards of appearance, product, and service which we have established for our System. These standards must be maintained in order to preserve the integrity and value of our Proprietary Marks. From time to time, we may request that you make substantial expenditures to bring your Drugstore operation and facilities into conformance with our standards.

You must operate and advertise your Drugstore only under the name "HEALTH MART" with only an appropriate prefix that we approve that identifies your particular Drugstore's independent ownership. You may not use the Proprietary Marks as part of your corporate or legal name or in any manner that suggests or implies that we are responsible for the obligations of your Drugstore or you are our agent. You must register a fictitious business name statement (a.k.a. a DBA or "doing business as" notice) at your expense

if state or local laws require you to do so to notify third parties that you do business under the name HEALTH MART.

ITEM 14

PATENTS, COPYRIGHTS, AND PROPRIETARY INFORMATION

We do not own any rights in or to any patents or registered copyrights. We do claim copyright protection and proprietary rights in the original materials used in the System, including our My Health Mart Web Portal, Franchise Handbook, bulletins, correspondence and communications with our franchisees, training, advertising and promotional materials, and other written materials relating to the operation of the Drugstore and the System. You must treat these materials and our other Confidential Information (as defined in the Franchise Agreement) confidentially. We will allow you to use our Confidential Information during the term of the Franchise Agreement, or until we withdraw our permission for its use.

You must agree not to communicate or use our Confidential Information for the benefit of anyone else during the term of the Franchise Agreement. You must also agree not to use our Confidential Information at all after the Franchise Agreement terminates or expires. You can give this Confidential Information only to your employees who need it to operate the Drugstore. If you are an entity, your owners must sign an Owners' Undertaking in the form of Exhibit D to the Franchise Agreement, which, among other things, binds them to the confidentiality covenants. Your officers, directors, or managers; any Drugstore Manager; and if you are signing the Franchise Agreement as an individual, your spouse, must sign similar covenants in the form of the Principal's Undertakings, attached as Exhibit E to the Franchise Agreement.

If you develop any new concept, process, or improvement in the operation or promotion of the Drugstore, you must promptly notify us and give us all necessary information about the new process or improvement, without compensation. You agree that any of these concepts, processes, or improvements will become our property, and we may use or disclose them to other franchisees, as we determine appropriate.

There are currently no effective determinations of the Copyright Office (Library of Congress) or any court regarding any of our copyrights, nor are there pending infringement, opposition, or cancellation proceedings, or other pending material litigation involving any of our copyrights that would significantly affect the ownership or use of any of those copyrights. There are no agreements currently in effect which limit our rights to use or license the use of our copyrights.

You may not handle any disputes with third parties concerning the use of our copyrights. You must promptly notify us of any suspected unauthorized use or infringement of our copyrights or any challenge to the validity or ownership of our copyrights. We have the right to direct and control any administrative or alternative dispute resolution proceeding or litigation involving our copyrights, including any settlement. We have the right, but not the obligation, to take action against uses by others that may constitute infringement of our copyrights.

We are obligated to defend you against any third-party claim, suit, or demand arising out of your use of our copyrights. If we determine, however, in our sole discretion, that you have not used our copyrights in accordance with the Franchise Agreement, the cost of our and your defense, including the cost of any judgment or settlement, will be borne by you. In the event of any litigation relating to your use of our copyrights, you must execute all documents and do such acts as may, in our opinion, be necessary or useful to carry out our defense or prosecution, including becoming a nominal party to any legal action. Except to the extent that such litigation is the result of your use of our copyrights in a manner inconsistent with the terms of the Franchise Agreement, we will reimburse you for your out-of-pocket costs of doing such acts.

We do not know of any infringing uses that could materially affect your use of our copyrights.

ITEM 15
OBLIGATION TO PARTICIPATE IN THE
ACTUAL OPERATION OF THE FRANCHISE BUSINESS

Either you or a qualified manager you hire must devote full time to the supervision, management, and operation of the Drugstore. If you are an entity, we do not require that your manager have an equity interest in you. If you delegate supervision to a full-time manager, you remain responsible for the manager's performance and compliance with the Franchise Agreement.

You are responsible for ensuring that the Drugstore operates at all times in compliance with all applicable laws. It is your obligation to ensure that your Drugstore is under the supervision of a licensed pharmacist and that all pharmacists that you employ hold proper licenses that are in good standing. At a minimum, you must employ at least one licensed pharmacist at all times.

As a matter of policy, we currently require you or one of your management-level employees to have had managerial experience working in a drugstore or pharmacy before signing the Franchise Agreement. We may change that policy in the future. We may require that you and your managers and employees complete certain mandatory training at your expense when described in Item 11 or the Franchise Handbook as accessible via the My Health Mart Web Portal.

All products or services used in or offered for sale at the Drugstore must comply with our Standards and specifications. You are not authorized to conduct retail sales from any location that is not the Drugstore Location.

Our Parent or other Affiliates offer to sell you a broad variety of Merchandise from our Parent (or any other Affiliate we designate).

In the future, we may also require you to participate in certain mandatory programs (including, for example, managed care programs, adherence programs, operating programs, marketing and advertising programs, loyalty programs, customer satisfaction programs, and test programs). Some of these programs may require payment of additional fees to us, our Parent, or other Affiliates. Otherwise, we do not impose specific requirements regarding the goods and services that you must sell at your Drugstore.

We may suggest retail prices, but do not dictate or set the price you will charge for products or services of any kind. You agree to maintain a competitive image and pricing policy for the Drugstore.

Except as described above, we do not restrict the type of goods or services that you may offer, or the customers to whom you may sell.

		operate the Drugstore including your license to dispense controlled substances; (e) conviction of a felony, certain misdemeanors, a crime involving moral turpitude, or any other crime or offense that we believe is likely to have an adverse effect on the HEALTH MART System, the Proprietary Marks, or our goodwill; (f) if a threat or danger to public health or safety results from the construction, maintenance, or operation of the Drugstore; (g) if any transfer is made without our prior written consent; (h) if an approved transfer is not made within the time provided following death or permanent incapacity; (i) if you fail to comply with the covenants in the Franchise Agreement; (j) if you divulge the contents of the Franchise Handbook or other Confidential Information; (k) if you maintain false books or records; (l) if you misuse any Proprietary Marks; (m) if you commit 3 defaults in any 12 month period, whether cured or not; (n) if you are in default under any other agreement with us, our Parent or any of our Affiliates pertaining to a mandatory program or an optional program; (o) if you fail to maintain Good Standing status after the passage of any applicable notice and cure period; (p) termination of any Related Agreement (defined as any distribution (or similar) agreement between you and our Parent, related to the purchase of Merchandise by you or your Drugstore); or (q) if a suit to foreclose a lien or mortgage against the Drugstore Location is not dismissed within 30 day or if any real or personal property of the Drugstore is sold after levy. Additionally, your failure to meet plan-based minimum performance criteria set by the government or private party payors allows us to terminate your Franchise Agreement. See additional discussion in <u>Note 1</u> to this Item 17.
i. Franchisee's obligations on termination/non-renewal	Section 15.	After termination, you must: (a) cease representing yourself as a franchisee or former franchisee; (b) cease using any Confidential Information, confidential methods, procedures or techniques associated with the System, the Proprietary Programs, the Proprietary Marks, and anything else that would cause the public to identify the former Drugstore as an authorized HEALTH MART Drugstore; (c) cancel any assumed name

		registration which includes any Proprietary Mark; (d) modify the Drugstore Location as necessary to distinguish the appearance from a Drugstore operating as part of the HEALTH MART System; (e) not use any reproduction, counterfeit, copy or colorable imitation of the Proprietary Marks or any mark which, in our opinion, falsely suggests an association with us or the HEALTH MART network; (f) pay all money that you owe to us, our Parent, or any other Affiliates; (g) return all physical copies of records, correspondence, and Confidential Information in your possession to us. You are solely responsible for removing all exterior and interior signs and other property that might associate your pharmacy with the HEALTH MART System. The Franchise Agreement includes a mutual limitation of damages if either party terminates the Franchise Agreement based upon the other party's material breach. If we terminate the Franchise Agreement based on your material breach, the maximum damages that we may recover is 24 times the average Monthly Fees that you paid to us during the 6 months before the effective date of termination. The limitation on damages does not apply to claims that we have against you for (i) misuse of the Proprietary Marks; or (ii) indemnification under your indemnity obligations in the Franchise Agreement.
j. Assignment of contract by franchisor	Section 13.1.	No restrictions on our right to assign.
k. "Transfer" by franchisee—defined	Sections 13.2. and 13.3.	The Franchise Agreement defines certain transactions as constituting an "Event of Transfer" which requires our prior written consent. An Event of Transfer includes a Change of Control (a term that we define in the Franchise Agreement) of a Franchisee that is a business entity; the sale or transfer of any interest in the Franchise Agreement voluntarily or by operation of law; or the sale of substantially all of the assets of the Drugstore. The Franchise Agreement defines certain transactions as constituting a "Qualified Transfer" which require you to notify us immediately and provide us with a written guarantee.
l. Franchisor approval of transfer by franchisee	Sections 13.2. and 13.3.	You may not complete an Event of Transfer without our prior written consent which we will not

Our prior consent is not required for one type of Qualified Transfer, specifically: a transaction in which Franchisee is an individual and proposes to transfer all of his or her rights under the Franchise Agreement to a newly-formed business entity and own a controlling interest in the new business entity.
m. Conditions for franchisor approval of transfer	Sections 13.2.	Conditions to obtaining our prior written approval to a proposed Event of Transfer include the following: (a) that all monetary obligations are satisfied; (b) that you are not in default of the Franchise Agreement or any other agreement with us, our Affiliates, your landlord, or other vendors and suppliers; (c) that you sign a general release (see <u>Exhibit I</u>); (d) that you and the transferee enter into a written assignment satisfactory to us which may include a guarantee of performance by the transferee; or we can require that the transferee sign the then-current franchise agreement; (e) that the transferee meet our standards; (f) that the transferee refurbish the Drugstore Location to meet our then-current appearance standards; (g) that you remain liable for all obligations arising before the date of transfer; and (h) that transferee complete training. If the transferee is a business entity, its owners must sign our then-current form of personal guarantee and agree to be jointly and severally liable to us for obligations under the franchise agreement.
n. Franchisor's right of first refusal to acquire franchisee's business	Not applicable.	Not applicable.
o. Franchisor's option to purchase franchisee's business	Not applicable.	Not applicable.

PROVISION	SECTION IN FRANCHISE AGREEMENT	SUMMARY
p. Death or disability of franchisee	Section 13.5.	We treat your death or permanent incapacity as an Event of Transfer. We allow your estate or personal representative 90 days to obtain our consent to a proposed transferee. We may extend the time period to one year. The Franchise Agreement gives us the option, but does not obligate us, to manage your Drugstore following death or permanent incapacity for 90 days. We may extend this management period for up to a year by mutual agreement. If your heirs or beneficiaries fail to qualify as transferees upon your death, your personal representative, administrator or executor may transfer to someone else who does qualify or may terminate the Franchise Agreement upon 60 days' notice to us.
q. Non-competition covenants during the term of the franchise	Section 16.1.	You may not: (a) divert business from any Drugstore; or (b) own, maintain, operate, engage in, or have any financial or beneficial interest in, advise, assist, or make loans to any Competitive Business, as defined in the Franchise Agreement (subject to state law).
r. Non-competition covenants after the franchise is terminated or expires	Not applicable.	Not applicable.
s. Modification of the agreement	Section 22.	Except those changes we are permitted to make unilaterally, all changes to the Franchise Agreement must be in writing and mutually agreed to by you and us.
t. Integration/merger clause	Section 22.	Only the terms of the Franchise Agreement are binding (subject to state law). Any representations or promises outside of this Disclosure Document and the Franchise Agreement may not be enforceable. Nothing in the Franchise Agreement requires you to waive or disclaim any of the representations that we make in this Disclosure Document.
u. Dispute resolution by arbitration or mediation	Section 24.	Except for actions we may bring to protect our intellectual property or for claims seeking less than \$10,000 in damages, all claims must be submitted first to non-binding mediation. If mediation does not result in settlement of the dispute, either party can commence a lawsuit (subject to state law).
v. Choice of forum	Section 24.3.	You agree to resolve litigated disputes (excluding requests for injunctive relief or other provisional

		remedies) only in Texas. See <u>Exhibit J</u> – State-Specific Addenda.
w. Choice of law	Section 24.5.	Texas law governs. See <u>Exhibit J</u> – State-Specific Addenda

Note 1: Plan-based minimum performance criteria are set by third-party payors, public and private employers, union groups, associations, insurance companies, and health maintenance organizations. Performance criteria are based on clinical results. An example of a plan-based minimum performance requirement is the current Star Ratings run by the federal Centers for Medicare & Medicaid Services which focuses on SUPD and on minimum levels of “PDC,” a measure that assesses if a patient has a sufficient supply of medication on hand before the next refill date. The types of plan-based minimum performance measurements and the criteria applied by third-party payors to each measurement change all the time. Each public and private third-party payor publishes its own minimum performance criteria. The duty to meet all plan-based minimum performance criteria articulated by the public and private third-party payors, as these payors, requirements and standards may change, is a constant requirement of the Franchise Agreement as the failure of a HEALTH MART Drugstore to meet plan-based minimum requirements may harm the reputation and goodwill associated with the HEALTH MART brand. The Franchise Handbook identifies the specific performance criteria that we measure and explains information about the performance criteria. We will advise you of any changes in the measured minimum performance criteria through updates to the Franchise Handbook and provide you with a reasonable amount of time, typically 90 days, before we begin measuring performance for any new criteria that we add after you begin operations as a HEALTH MART Drugstore.

ITEM 18 PUBLIC FIGURES

We do not currently use any public figure to promote our franchise, nor is there any public figure who is involved in any respect with the actual management or control of our company.

ITEM 19 FINANCIAL PERFORMANCE REPRESENTATIONS

The FTC’s Franchise Rule permits a franchisor to provide information about the actual or potential financial performance of its franchised and/or franchisor-owned outlets, if there is a reasonable basis for the information, and if the information is included in the Disclosure Document. Financial performance information that differs from that included in Item 19 may be given only if: (1) a franchisor provides the actual records of an existing outlet you are considering buying; or (2) a franchisor supplements the information provided in this Item 19, for example, by providing information about possible performance at a particular location or under particular circumstances.

We do not make any representations about a franchisee’s future financial performance or the past financial performance of company-owned or franchised outlets. We also do not authorize our employees or representatives to make any such representations either orally or in writing. If you are purchasing an existing outlet, however, we may provide you with the actual records of that outlet. If you receive any other financial performance information or projections of your future income, you should report it to our management by contacting Health Mart Franchise Administration at 6555 State Hwy 161, Irving, Texas 75039, the Federal Trade Commission, and the appropriate state regulatory agencies.

HEALTH MART SYSTEMS, INC.
FRANCHISE AGREEMENT

WHEREAS, Franchisor, as the result of the expenditure of time, skill, effort, and money, has developed a distinctive and proprietary system for establishing and operating retail drugstores (as further described in Schedule 1, the “**System**”);

WHEREAS, the System is identified by certain trade names, service marks, trademarks, logos, emblems, trade dress and indicia of origin, including, without limitation, the mark “**HEALTH MART**,” as are now designated in Exhibit A to this Agreement and may hereafter be designated by Franchisor in writing for use in connection with the System (the “**Proprietary Marks**”);

WHEREAS, Franchisee desires to operate a retail drugstore under the System and using the Proprietary Marks (as further defined in Schedule 1, the “**Drugstore**”) and to receive the assistance and other benefits provided by Franchisor in connection therewith; and

WHEREAS, Franchisee understands and acknowledges the importance of Franchisor’s high Standards of quality, consistency, appearance, and service and the necessity of operating the Drugstore in conformity with Franchisor’s Standards and specifications.

NOW, THEREFORE, the parties agree as follows:

1. GRANT

1.1. Grant of License. Franchisor grants to Franchisee the right, and Franchisee undertakes the obligation, upon the terms and conditions set forth in this Agreement: (a) to establish and operate a Drugstore in compliance with the System; and (b) to use the Proprietary Marks and the System solely in connection therewith.

1.2. Drugstore Location. The Drugstore shall be operated solely at the location identified on the Declarations Page (the “**Drugstore Location**”). Franchisee is solely responsible for locating, negotiating and acquiring the site to serve as the Drugstore Location. By entering into this Agreement, Franchisor indicates its willingness to award a franchise to operate a Drugstore at the Drugstore Location. However, Franchisor does not represent, warrant or guaranty that Franchisee’s operation of a Drugstore at the Drugstore Location will be successful or profitable. Franchisee

understands and agrees that Franchisor has not been involved in the selection of the Drugstore Location.

1.3. Relocation. During the Term, Franchisee may not relocate the Drugstore Location without Franchisor’s prior written approval. Franchisee must give Franchisor no less than thirty (30) days prior written notice that it wishes to relocate the Drugstore to another location and indicate in its written notice the street address of the new location. Unless Franchisor notifies Franchisee in writing of its disapproval before the end of the thirty (30) day period, Franchisor shall be deemed to have approved the proposed new location, and Franchisor’s approval shall operate to update the Declarations Page to reflect the street address of the proposed new location as the Drugstore Location. The right to relocate does not give Franchisee the right to operate more than one Drugstore under this Agreement during the Term of this Agreement.

1.4. Franchisor’s Reserved Rights. Franchisee acknowledges that the right granted under this Agreement is non-exclusive and that Franchisor and its Affiliates may, without limitation:

1.4.1. Establish or operate, or license another party to establish or operate, a Drugstore under the System and the Proprietary Marks or any other marks at any other location, regardless of proximity to the Drugstore Location and regardless of any impact on the operation of the Drugstore;

1.4.2. Establish or operate, or license another party to establish or operate, any type of drugstore (whether full-service, apothecary-style or otherwise) or any business offering health care services, at any location under any trade names, trademarks or service marks; and

1.4.3. Acquire or operate drugstores operating under a name that is different than the Proprietary Marks, which may compete directly with the Drugstore subject to this Agreement.

2. TERM

The term of this Agreement (the “**Term**”) shall begin on the Effective Date of this Agreement and shall continue until this Agreement is terminated by either party in accordance with the provisions hereof.

3. DUTIES OF FRANCHISOR

3.1. Franchise Handbook. Franchisor will provide Franchisee with online access to the Franchise Handbook. Franchisee may not share its password with any unauthorized person or violate the terms of use set forth in this Agreement or the Franchise Handbook.

3.2. Sale of Merchandise. Franchisor will supply, through McKesson or another of Franchisor's Affiliates or designated third-party suppliers, and Franchisee shall purchase, at Franchisee's expense, a sufficient quantity of Merchandise. Franchisor also may supply other Merchandise through McKesson or another of Franchisor's Affiliates or designated third-party suppliers. All Merchandise (including Branded Prescription Drugs and Generic Prescription Drugs) shall be supplied at then-current prices and on then-current terms and conditions and nothing in this Agreement shall limit or restrict the supplier's right to set prices for Merchandise and to increase those prices during the Term of this Agreement. If any Merchandise purchased from Franchisor, McKesson or Franchisor's other Affiliates is adjudicated to infringe on, or becomes (or in Franchisor's reasonable opinion is likely to become) the subject of any claim, suit, or proceeding arising from or alleging infringement of, any intellectual property right of any third party, then Franchisor, at its own expense, will have a reasonable amount of time either to secure for Franchisee the right to continue using the Merchandise or, if Franchisor determines that continued use is not feasible, to replace or modify the Merchandise to make it non-infringing. The foregoing shall be Franchisee's sole and exclusive remedy.

3.3. Core Services. In addition to providing access to the Franchise Handbook, as provided in Section 3.1, and supplying (or causing its Affiliate to supply) Merchandise in accordance with Section 3.2, Franchisor will provide to Franchisee, in consideration for payment of the then-current Monthly Fee for Core Services, the System's core services, any or all of which may be changed, discontinued, terminated, improved, modified and further developed by Franchisor from time to time (as further defined in Schedule 1, the "**Core Services**").

3.4. Optional Programs. Franchisor or Franchisor's Affiliates may, from time to time, offer various optional programs and services to eligible pharmacies, including, but not limited to, eligible Health Mart pharmacies. If Franchisee satisfies the eligibility and qualification requirements established for any such optional program, Franchisee may participate in the optional program at Franchisee's expense (and based on Franchisor's then-current fees for such optional programs and services) upon the applicable program terms and conditions as may be updated, modified, or discontinued by Franchisor in its sole discretion from time to time.

3.5. Training. Franchisor may provide, in its sole determination, training as set forth in Section 5 of this Agreement.

3.6. Site Visits. Franchisor may conduct such on-site reviews and consultations as it deems advisable to assess Franchisee's operation of the Drugstore in accordance with the Standards.

3.7. Right to Delegate. Franchisee acknowledges and agrees that any duty or obligation of Franchisor may be performed by any Affiliate, designee, employee, or agent of Franchisor, as Franchisor may direct.

3.8. Cooperatives. Franchisor may, from time to time in its discretion, establish purchasing or distribution cooperatives for any of the products or services promoted, offered or sold by Franchisee. If any such cooperatives are established, Franchisee shall participate in them, at Franchisee's expense.

4. FEES

4.1. Initial Fee. Franchisee is not required to pay any initial franchise fee in connection with the execution of this Agreement.

4.2. Monthly Fee. Beginning in the first month following the Effective Date of this Agreement Franchisee shall pay to Franchisor the then-current Monthly Fee together with any applicable taxes (as further defined in Schedule 1, the "**Monthly Fee**"). Monthly Fees shall be paid by the tenth (10th) day of each month, for the preceding calendar month. Franchisor and Franchisee agree that the Monthly Fee is in consideration of Franchisor's award of a franchise to Franchisee. Franchisee acknowledges and agrees that Franchisee's obligation to pay the Monthly Fee described herein shall not be predicated or conditioned upon the validity of any trademark or copyright claimed by Franchisor or attributable to any specific item of intellectual property or service that forms a part of the System.

4.3. Other Fees and Payments. In addition to the Monthly Fee, Franchisee must pay when due (a) all fees for the Optional Programs in which Franchisee participates as set forth in each Term Sheet initialed by Franchisee, and (b) all other fees or amounts described in this Agreement and in any other agreement between Franchisee and Franchisor or its Affiliates. All Monthly Fees and other payments that Franchisee makes to Franchisor, McKesson or Franchisor's other Affiliates are non-refundable.

4.4. Overdue Payments. If any payment is more than fifteen (15) days past due, Franchisee shall pay Franchisor or its Affiliate immediately upon demand, in addition to the overdue amount, interest on such amount from the date it was due until paid, at the rate of 1.5% per month, or if less, the maximum rate permitted by law. Entitlement to such interest shall be in addition to any other remedies Franchisor may have.

4.5. Set-Off. Franchisee has no right to withhold any payment due to Franchisor or its Affiliates on account of any breach or alleged breach of this Agreement and no right to set-off any payments required to be made under this Section 4

against any monetary claim Franchisee may have against Franchisor or its Affiliates.

4.6. Application of Payments. Franchisor reserves the right to apply any monies received from Franchisee to any of Franchisee's obligations, as determined by Franchisor.

4.7. Method of Payment. Upon reasonable written notice from Franchisor to Franchisee, Franchisee agrees to execute all documents necessary to permit Franchisor and its Affiliates to withdraw funds from Franchisee's designated bank account by electronic funds transfer in the amount of the Monthly Fee and any other amounts due under this Agreement at the time such amounts become due and payable. Franchisee further agrees to designate a specific bank account in which Franchisee will maintain sufficient funds to cover all amounts due to Franchisor or its Affiliates for Merchandise and fees payable under this Agreement or any other agreement between Franchisee and Franchisor or its Affiliate.

4.8. Taxes. Each payment to be made to Franchisor shall be made free and clear and without deduction for any Taxes.

5. TRAINING

5.1. Training Programs. At Franchisee's sole expense, Franchisee shall complete, and cause its Manager (or any other of its personnel) to complete, any mandatory training courses that Franchisor may require. For example, and without limitation, Franchisor may require Franchisee and Franchisee's Manager and other employees to complete online training classes in specific subjects available on demand from Franchisor's Website, through audio files, or specific live instructor-led training programs that may be offered by Franchisor.

5.2. Training Costs. Franchisee is solely responsible for paying all training fees and any travel, lodging and living expenses, including meals, for Franchisee or its Manager or employees to complete mandatory or optional training programs. Franchisor will make available an online, searchable library of available on-demand and live training classes and training fees in Health Mart University.

6. DUTIES OF FRANCHISEE

6.1. Compliance with Franchisor's Standards. Franchisee understands and acknowledges the importance of maintaining consistency among all Drugstores operating under the System and of complying with all of Franchisor's Standards relating to the operation of Health Mart Drugstores. To protect the reputation and goodwill of the System and the Proprietary Marks and to maintain high operating Standards and increase the demand for the services and products offered, promoted, rented and sold by all Health Mart Drugstores, Franchisee agrees, at Franchisee's expense, to comply with Franchisor's Standards, specifications, methods and other requirements set forth in the Franchise Handbook, other written directives that Franchisor may issue from time to time, and any other manuals

or materials created or approved for use in the operation of Health Mart Drugstores. Franchisee shall not deviate from such Standards, specifications, methods and requirements without Franchisor's prior written consent.

6.1.1. Franchisee acknowledges that the System may be changed, supplemented, improved, and otherwise modified from time to time, and Franchisee agrees to comply promptly, at Franchisee's sole cost and expense, with each such new or changed Standard, specification, method or requirement. Franchisee understands that its compliance with the changes in the System is a material condition of this Agreement.

6.1.2. Franchisee understands and agrees that Franchisor has no obligation to waive, make any exceptions to, or permit Franchisee to deviate from, the Standards or requirements of the Health Mart System. Any exception or deviation that Franchisor does allow must be stated in writing and executed by Franchisor in order to be enforceable. Franchisee further acknowledges that Franchisor may allow other franchisees to deviate from the Health Mart System in individual cases in the exercise of Franchisor's discretion. Franchisee understands and agrees that it has no right to object to any variances that Franchisor may allow to other franchisees or to itself, McKesson, or other Affiliates of Franchisor, and Franchisee has no claim against Franchisor for not enforcing the Standards of the Health Mart System uniformly.

6.1.3. Franchisor and Franchisee acknowledge that the practice of pharmacy is a profession that must be conducted by licensed pharmacists in compliance with all applicable laws and that it requires the exercise of independent professional judgment. Franchisee and the licensed pharmacists employed by Franchisee are solely responsible for the practice of pharmacy in connection with the operation of the Drugstore and their judgment governs in all matters involving the pharmacy practice. Nothing in Franchisor's Standards or in its administration of the Standards is intended to interfere with the practice of pharmacy by the licensed pharmacists employed by Franchisee. If Franchisee believes that there is a conflict between the Standards and the requirements of the pharmacy practice, Franchisee shall promptly notify Franchisor in writing.

6.2. Legal Compliance. Franchisee shall comply with all applicable federal, state, and local laws, rules, and regulations, and shall timely obtain and maintain any and all permits, certificates, or licenses necessary for the full and proper operation of the Drugstore, including, without limitation, licenses to do business, sales tax permits and all requisite trade, business, occupational or professional licenses necessary for the operation of the Drugstore, including, without limitation, those required for the receipt and sale of pharmaceuticals. Franchisee understands and agrees that Franchisee shall be solely responsible for compliance with all applicable laws, including, without limitation: (i) any and all requirements governing the practice of pharmacy and all obligations thereunder, including, without limitation, all licensing requirements; (ii) any and all requirements, including

regulatory and sub-regulatory guidelines or other issuances, related to participation in federal or state health care programs; (iii) any and all requirements related to the Health Insurance Portability and Accountability Act of 1996, Public Law No. 104-191 (“HIPAA”) and Subtitle D of the Health Information Technology for Economic and Clinical Health Act (the “HITECH Act”); (iv) ensuring that its facilities are in compliance with the Americans with Disabilities Act (as amended, revised or recodified from time to time), (v) ensuring that its facilities, equipment and procedures comply with all applicable rules and regulations of the United States Occupational Safety and Health Association or any similar federal, state or local agency, and (vi) maintaining all records as required by applicable law.

6.3. Signage and Brand Identity. Franchisee must purchase and install all required exterior and interior signs, furniture, fixtures, equipment, supplies and other interior decor furnishings, markers and accessories in accordance with Franchisor’s Standards and specifications at Franchisee’s sole expense on or before the Required Installation Date. The Required Installation Date is no later than ninety (90) days after the Effective Date of this Agreement. Franchisee is solely responsible for obtaining any architectural, engineering and design services required for the construction or finish-out of the Drugstore in compliance with the Standards and specifications prescribed by Franchisor in the Franchise Handbook.

6.3.1. Franchisee shall ensure that all advertising, marketing and promotional materials, signs, decorations, and other items bearing the Proprietary Marks display such Proprietary Marks in the form, color, location, and manner prescribed by Franchisor. If Franchisee desires to purchase an exterior sign bearing the “HEALTH MART” name or other Proprietary Marks from a third-party vendor and not from Franchisor or Franchisor’s Affiliate, Franchisor shall have the right to verify the proper replication of the Proprietary Marks prior to installation and Franchisee may not install such exterior sign without Franchisor’s prior written approval. To obtain Franchisor’s approval, Franchisee must submit a photograph of the proposed sign to Franchisor and, if written notice of disapproval is not received by Franchisee from Franchisor within thirty (30) days from the date that Franchisee receives the photograph, Franchisee may install the exterior sign.

6.3.2. During the Term of this Agreement, Franchisor will provide Franchisee with written notice of any modifications to the current signage, furniture, fixtures, equipment, supplies, decor, furnishings and accessory requirements and specifications. Franchisee shall promptly (and in any event within ninety (90) days from the date of the notice) modify the Drugstore at Franchisee’s sole expense to comply with any mandatory changes to Franchisor’s Standards and specifications for such items.

6.4. Sourcing. Franchisee agrees to comply with Franchisor’s Standards and specifications for the purchase of all Merchandise, signs, supplies, furniture, fixtures, furnishings,

décor, equipment, computer systems, and other products and services used or offered for sale at the Drugstore.

6.4.1. Franchisee acknowledges that such Standards and specifications may include brand requirements. If brand requirements have been identified, Franchisee may purchase and use only approved brands. If Franchisor has approved or designated suppliers (including manufacturers, distributors and other sources) for any item, Franchisee agrees to obtain such items from those approved or designated suppliers. Franchisee’s approved or designated suppliers are those who demonstrate the ability to meet Franchisor’s Standards and specifications, who have been approved in writing by Franchisor and who have not thereafter been disapproved by Franchisor. Franchisee acknowledges and agrees that (a) Franchisor may change the number of approved suppliers at any time, and may designate itself, an Affiliate, or a third party as the exclusive source for any particular item; and (b) Franchisor and its Affiliates may profit from Franchisee’s purchases from designated or approved suppliers and may receive payments, fees, commissions or reimbursements in respect of Franchisee’s purchases (including, without limitation, for products and services Franchisor or its Affiliates provide to Franchisee and from suppliers that Franchisor designates or approves). At its discretion Franchisor may refund such amounts to Franchisee, contribute such amounts to any Advertising Plan established pursuant to Section 11.2, or retain such amounts for its own use in its discretion, notwithstanding any designation by the supplier or otherwise.

6.4.2. If Franchisee wishes to use any item or service that Franchisor has not yet evaluated or if Franchisee wishes to purchase or lease any item from a supplier that Franchisor has not yet approved, Franchisee must submit a written request for approval to Franchisor. Franchisee cannot purchase or lease any such item unless the supplier has been approved in writing by Franchisor. Franchisor is not required to approve any particular supplier. Franchisee may be required to submit information, specifications and samples to Franchisor to enable Franchisor to determine whether the item and/or the supplier complies with Franchisor’s Standards and specifications. Franchisor also has the right to send its representatives to inspect the supplier’s facilities and to have samples from the supplier delivered to Franchisor or to an independent laboratory designated by Franchisor for testing. Franchisee or the proposed supplier may be required to pay for the cost of the inspection and of the test (including Franchisor’s administrative expenses). Franchisor may condition its approval of a supplier on requirements relating to product quality, prices, consistency, reliability, financial capability, labor relations, client relations, frequency of delivery, concentration of purchases, standards of service (including prompt attention to complaints) or other criteria. Franchisor will notify Franchisee within a reasonable period of time following the date of the request as to whether Franchisee may purchase products from the proposed supplier. Franchisor reserves the right to re-inspect from time to time the facilities and products of any approved supplier and to revoke its approval of the supplier if the supplier fails to continue to meet Franchisor’s Standards and specifications. If Franchisor revokes its approval

of any supplier, Franchisee agrees to promptly discontinue use of that supplier.

6.5. Good Standing. At all times during the Term, Franchisee must remain in Good Standing.

6.5.1. All purchases of Merchandise will be at the prices set by the supplier which are in effect when Franchisee places its order and shall be subject to the supplier's then-current purchase and return policies, which may include automatic shipment of new products. Any authorized supplier of Merchandise may increase the prices of Merchandise at any time without prior notice to Franchisee.

6.5.2. Franchisee shall have sole discretion to determine what categories of Merchandise to purchase and whether to purchase Branded Prescription Drugs and Generic Prescription Drugs.

6.5.3. Franchisor acknowledges that Franchisee may offer other products and services that are generally acceptable in independent pharmacies, but Franchisor reserves the right to adopt Standards and specifications for any such other products and services. Franchisee shall cease to use or sell any product or service which has been disapproved by Franchisor.

6.6. Participation in Required System Programs. Franchisee shall, at Franchisee's expense, participate in all mandatory programs prescribed by Franchisor from time to time (including, without limitation, managed care programs, adherence programs, operating programs, marketing and advertising programs, loyalty programs, customer satisfaction programs, and test programs), in the Franchise Handbook or otherwise in writing. Franchisee shall pay any applicable program fees, comply with all terms and conditions of such programs, and execute such agreements relating thereto as Franchisor may require from time to time. Franchisee understands that participation in any such programs may require that Franchisee execute program-specific agreements, incur expenses and pay additional fees to Franchisor, McKesson or another Affiliate of Franchisor. Franchisee further understands and agrees that any such mandatory programs will be established upon terms and conditions determined by Franchisor in its sole discretion and may be modified, discontinued and/or replaced from time to time by Franchisor.

6.7. Data Requirements. Franchisee shall, to the fullest extent permitted by applicable law, promptly provide to Franchisor any and all dispensing data or other information pertaining to Drugstore operations (including, without limitation, patient information and other sensitive data) that Franchisor may, from time to time, require, at the time and in the manner Franchisor directs. Franchisee agrees that Franchisor may use and disclose all of the data and information that Franchisor captures as a result of Franchisee's participation in the System for as long as Franchisor wishes during and after the Term of this Agreement for any lawful purpose including, without limitation, to verify Franchisee's compliance with this

Agreement. In addition, Franchisee agrees to meet or exceed, at all times, all applicable security standards developed by the Payment Card Industry Data Security Standards ("PCI DSS") council, or its successor, and other regulations and industry standards applicable to the protection of customer privacy and credit card information, including but not limited to the Fair and Accurate Credit Transaction Act ("FACTA") and all other successor or additional laws, and all other data security requirements Franchisor may prescribe.

6.8. Maintenance of Drugstore Premises. Franchisee shall comply with all terms of the lease or sublease of the Drugstore Location and use its best efforts to maintain a good and positive working relationship with the landlord of the Drugstore Location and with neighboring tenants, and shall refrain from any activity which could jeopardize Franchisee's right to occupy the Drugstore Location.

6.8.1. Franchisee shall maintain all equipment, fixtures, leasehold improvements, equipment, supplies and other tangible property located on the premises of the Drugstore Location or used to operate the Drugstore, and all of the products offered for sale at the Drugstore, in good, safe and clean condition and repair and in a manner that ensures employee and consumer safety and that complies with Franchisor's Standards. Franchisee shall take all necessary and appropriate measures to avoid an unsatisfactory safety, sanitation or health rating at any time from any governmental agency or authority, and ensure that any conditions or practices disapproved by any such agency or authority are promptly corrected.

6.8.2. If any deficiencies related to the Drugstore are identified, Franchisee agrees to correct such deficiency within a reasonable time as Franchisor may designate in writing. If Franchisee fails to correct such deficiencies in a manner satisfactory to Franchisor, Franchisor shall have the right, but not the obligation, to enter the Drugstore Location, without being guilty of trespass, and take such action as is necessary to correct such deficiency and Franchisee shall reimburse Franchisor its reasonable costs and expenses in connection therewith upon demand.

6.9. Management and Staffing. During the Term of this Agreement, except as otherwise approved in writing by Franchisor, Franchisee shall have appointed a Manager who shall devote full time and best efforts to the management and operation of the Drugstore. Franchisee shall also maintain a competent, conscientious, substance-free, trained staff and shall take steps necessary to ensure that its employees promote customer and employee satisfaction; preserve good customer relations; render competent, prompt, courteous, and knowledgeable service; and meet such minimum Standards (including, without limitation, dress codes) as Franchisor may establish from time to time in the Franchise Handbook. Franchisee and its employees shall conduct themselves in a manner that will not detract from the name and goodwill of Franchisor. Franchisee shall be solely responsible for all employment decisions and functions, including, without limitation, those related to hiring, firing, training, wage and

hour requirements, insurance and worker's compensation, record keeping, supervision, and discipline of employees.

6.9.1. Franchisee shall at all times staff the Drugstore with such number of employees and operate the Drugstore diligently so as to promote customer and employee satisfaction, promote the sale of product and services which are offered for sale from the Drugstore and maintain a competitive image and pricing policy for the Drugstore.

6.9.2. Franchisee must employ a licensed pharmacist at all times and shall be solely responsible for the practice of pharmacy in the Drugstore, including, without limitation compliance with all laws, regulations and rules applicable to the pharmacy profession.

6.10. Technology. All computer programs and systems used in the operation of the Drugstore, including any pharmacy management computer system, must be compatible with the requirements, Standards and specifications set forth in the Franchise Handbook.

6.10.1. Franchisor may establish and maintain, or contract with third parties to provide, such computer software programs, systems and databases as Franchisor deems advisable from time to time, which may include software programs to assist in accounting, pharmacy automation, customer service, marketing or management functions of the Drugstore, in the form and configuration determined by Franchisor in its sole discretion (including all related hardware, "**Computer Programs**"). Franchisee shall purchase, license, install and use, at its sole expense, any and all such Computer Programs required by Franchisor from time to time for use in the operation of the Drugstore, including point-of-sale, pharmacy management systems, performance information management systems and other computer programs and systems. Franchisee shall execute the required form of software license agreement for such Computer Programs, which may require Franchisee to pay licensing, support and maintenance fees to Franchisor, its Affiliate or a third party and to obtain upgrades and modifications to such Computer Programs from Franchisor, its Affiliates or a third party at Franchisee's expense and Franchisee must permit Franchisor to access and retrieve electronically any information stored in such Computer Programs.

6.10.2. Franchisor also may make available to Franchisee various automation machinery, computer hardware and software for use in the Drugstore, which Franchisee may elect to purchase. If Franchisee elects to use any optional computer hardware and software that Franchisor makes available, Franchisee must obtain a license to install, use, maintain and upgrade the computer hardware and software at its own expense.

6.11. Notification of Claims. Franchisee shall immediately notify Franchisor in writing of the commencement of any action, suit, or proceeding involving the Drugstore, or of the issuance of any order, writ, injunction, award, or decree of any court, tribunal, agency, or other governmental

instrumentality, which may adversely affect the operation or financial condition of the Drugstore.

7. PROPRIETARY MARKS

7.1. Franchisor's Representations. Franchisor represents that it will take all steps reasonably necessary to preserve and protect the validity of the Proprietary Marks and Franchisor's right to use and to license others to use the Proprietary Marks.

7.2. Franchisee's Use of the Proprietary Marks. With respect to Franchisee's use of the Proprietary Marks pursuant to this Agreement, Franchisee agrees that:

7.2.1. Franchisee shall use only the Proprietary Marks designated by Franchisor, and shall use them only in the manner authorized and permitted by Franchisor;

7.2.2. Franchisee shall use the Proprietary Marks only for the operation of the Drugstore or in advertising for the Drugstore;

7.2.3. Unless otherwise authorized or required by Franchisor, Franchisee shall operate and advertise the Drugstore under the name "HEALTH MART," with only an appropriate prefix identifying Franchisee as the Drugstore's independent owner operating under a franchise from Franchisor. If required by applicable law, Franchisee shall file certificates of assumed name (e.g., a "d/b/a") with state and/or local agencies. Franchisee shall not use the Proprietary Marks as part of its formal corporate or other legal name unless use is required by applicable law and Franchisee first notifies Franchisor in writing of the requirement under applicable law.

7.2.4. Franchisee shall follow Franchisor's prescribed format for identifying itself as the owner of the Drugstore under a license from Franchisor in conjunction with any use of the Proprietary Marks, including, without limitation, the use thereof on leases, invoices, order forms, receipts, and business stationery, as well as such other uses as Franchisor may designate or approve;

7.2.5. Franchisee's right to use the Proprietary Marks is limited to the uses authorized under this Agreement, and any unauthorized use thereof shall constitute an infringement of Franchisor's rights;

7.2.6. Franchisee shall not use the Proprietary Marks to incur any obligation or indebtedness on behalf of Franchisor;

7.2.7. Franchisee shall not register, attempt to register, obtain any ownership in, or otherwise utilize any Website, domain name, URL, Internet presence or other electronic communications portal which contains, incorporates, or consists of the Proprietary Marks, or any of them, without Franchisor's express written consent, which may be withheld for any or no reason. In the event that Franchisee violates this Section 7.2.7, Franchisee hereby agrees that any such Website,

domain name, URL, Internet presence or other electronic communications portal, including any copyrights therein, shall be deemed to be property of Franchisor and Franchisee shall execute any documents or instruments necessary to transfer ownership to Franchisor, without compensation. Such rights are in addition to any rights Franchisor may have under Section 14 of this Agreement. Franchisor may condition approval of Franchisee's use of any such Website, domain name, URL, Internet presence or other electronic communications portal on the transfer of any and all ownership rights therein to Franchisor, including any copyrights therein.

7.2.8. Franchisee shall execute any documents deemed necessary or useful by Franchisor to obtain protection for the Proprietary Marks or to maintain their validity and enforceability; and

7.2.9. Franchisee shall promptly notify Franchisor of: (a) any suspected unauthorized use of the Proprietary Marks, (b) any challenge to the validity of the Proprietary Marks, (c) any challenge to Franchisor's ownership of or right to use and license others to use such Proprietary Marks, and (d) Franchisee's right to use the Proprietary Marks. Franchisee acknowledges that Franchisor has the right to direct and control any administrative proceeding or litigation involving the Proprietary Marks, including any settlement thereof. Franchisor has the right, but not the obligation, to take action against uses by others that may constitute infringement of the Proprietary Marks. Franchisor (and not Franchisee) shall defend Franchisee against any third-party claim, suit, or demand arising out of Franchisee's use of the Proprietary Marks. If Franchisor, in its sole discretion, determines that Franchisee has used the Proprietary Marks in accordance with this Agreement, the cost of such defense, including the cost of any judgment or settlement, shall be borne by Franchisor. If Franchisor, in its sole discretion, determines that Franchisee has not used the Proprietary Marks in accordance with this Agreement, the cost of such defense, including the cost of any judgment or settlement, shall be borne by Franchisee. In the event of any litigation relating to Franchisee's use of the Proprietary Marks, Franchisee shall execute any and all documents and do such acts as may, in the opinion of Franchisor, be necessary or useful to carry out such defense or prosecution, including, without limitation, becoming a nominal party to any legal action. Except to the extent that such litigation is the result of Franchisee's use of the Proprietary Marks in a manner inconsistent with the terms of this Agreement, Franchisor agrees to reimburse Franchisee for its out-of-pocket costs in performing such acts. For purposes of this Section 7.2.9, the term "**Proprietary Marks**" also shall include any materials for which the Franchisor has a registered copyright or otherwise has claimed copyrights.

7.3. Franchisee's Agreements Regarding the Proprietary Marks. Franchisee expressly understands and acknowledges that:

7.3.1. The Proprietary Marks are valid and serve to identify the System and those who are authorized to operate under the System;

7.3.2. During the Term of this Agreement and after its termination, Franchisee shall not directly or indirectly contest the validity of Franchisor's ownership of, or Franchisor's right to use and to license others to use, the Proprietary Marks;

7.3.3. Franchisee's use of the Proprietary Marks pursuant to this Agreement does not give Franchisee any ownership interest or other interest in or to the Proprietary Marks;

7.3.4. Any and all goodwill arising from Franchisee's use of the Proprietary Marks shall inure solely and exclusively to the benefit of Franchisor, and upon termination of this Agreement, no monetary amount shall be attributable to any goodwill associated with Franchisee's use of the System or the Proprietary Marks;

7.3.5. The right to use the Proprietary Marks granted hereunder to Franchisee is nonexclusive, and Franchisor has and retains the rights, among others: (a) to use the Proprietary Marks itself in connection with marketing, promoting and selling products and services; (b) to grant other licenses for the Proprietary Marks; and (c) to develop and establish other systems using the Proprietary Marks, similar proprietary marks, or any other proprietary marks, and to grant licenses thereto without providing any rights therein to Franchisee; and

7.3.6. Franchisor reserves the right to substitute or add different proprietary marks for use in identifying the System and the businesses operating thereunder. If Franchisor, in its sole discretion, determines that substitution or addition of different marks as Proprietary Marks will be beneficial to the System. Franchisee shall implement promptly any such substitution or addition of new Proprietary Marks. Franchisee shall bear the costs of conforming to Franchisor's new or substituted Proprietary Marks.

8. **FRANCHISE HANDBOOK**

8.1. Access and Adherence to the Franchise Handbook. In order to protect the reputation and goodwill of Franchisor and to maintain high standards of operation under the System, Franchisee shall operate the Drugstore in strict accordance with the Standards, methods, policies, and procedures specified by Franchisor in the Franchise Handbook and otherwise in writing, including on the My Health Mart Web Portal, including but not limited to meeting the plan-based minimum performance criteria set by third-party public or private-party payors. Franchisee will receive unique security credentials enabling Franchisee to access Franchisor's private intranet communications system where, among other things, Franchisee will have access to the Franchise Handbook. Franchisee hereby agrees to maintain the secrecy of any security credentials given to Franchisee and ensure that Franchisee's Managers and employees who are authorized to have their own security credentials observe the same terms and conditions as set forth herein.

8.2. Franchise Handbook As Confidential Information. Franchisee shall treat the contents of the Franchise Handbook as Franchisor's Confidential Information and use all reasonable efforts to ensure that the contents remain secret and confidential. Franchisee shall not copy, duplicate, record, or otherwise reproduce or share the foregoing materials, in whole or in part, or otherwise make them available to any unauthorized person. The Franchise Handbook shall remain the sole property of Franchisor. Franchisee agrees not to (a) forward the Franchise Handbook to any unauthorized person; (b) share its security credentials or the contents of the Franchise Handbook with any unauthorized person; or (c) make any electronic or physical copies of the Franchise Handbook except to the limited extent required to efficiently operate the Drugstore and on the condition that the recipient observe the same duties of confidentiality as apply to Franchisee. Upon request from Franchisor, Franchisee must immediately and permanently delete or destroy any extraneous or superseded copies of the Franchise Handbook (including electronic copies) in accordance with Franchisor's instructions. Any violation of the duties of confidentiality by any third party with whom Franchisee is permitted to share access to the Confidential Information shall be deemed to be a violation of this Agreement by Franchisee.

8.3. Revisions to Franchise Handbook. Franchisor may from time to time revise the contents of the Franchise Handbook and Franchisee expressly agrees to comply with each new or changed standard within a reasonable period of time (not to exceed thirty (30) days) specified by Franchisor.

8.4. Current Version of Franchise Handbook Controls. If portions of the Franchise Handbook are furnished in hard-copy written format, Franchisee shall ensure that its copy of the Franchise Handbook is kept current. In the event of any dispute as to the contents of the Franchise Handbook, the terms of the master Franchise Handbook that is digitally maintained or otherwise by Franchisor shall be controlling.

9. **CONFIDENTIAL INFORMATION**

9.1. Nondisclosure of Confidential Information. Franchisee shall not, during the Term of this Agreement or thereafter, communicate, divulge, or use for the benefit of any other person or legal entity any Confidential Information which may be communicated to Franchisee by Franchisor or of which Franchisee may be apprised by virtue of Franchisee's operation under the terms of this Agreement. In addition, Franchisee shall not use the Confidential Information in any business or capacity other than the operation of the Drugstore in accordance with this Agreement. Franchisee may divulge Confidential Information only to those of its employees who must have access to it in order to operate the Drugstore.

9.2. Confidentiality Restrictions Extend to Franchisee's Personnel. Franchisee represents and warrants that Franchisee and its employees, agents, contractors and any other personnel having access to any Confidential Information of Franchisor, will maintain the confidentiality and secrecy of any

Confidential Information that is shared with them and shall be informed of the restrictions against disclosure, use and reproduction of material containing Confidential Information. A violation of the duties of confidentiality by any third party with whom Franchisee is permitted to share Confidential Information shall be deemed to be a violation of this Agreement by Franchisee.

9.3. System Improvements. Franchisee shall notify Franchisor in writing of any change, modification, amendment, or improvement in the System which Franchisee proposes to make ("**Improvement**"), and shall provide to Franchisor such information as Franchisor requests regarding the proposed Improvement. No such Improvement shall be implemented or made without Franchisor's express prior written consent. Franchisee acknowledges and agrees that Franchisor shall have the right, in its discretion, to incorporate the proposed Improvement into the System. Franchisee further agrees that any such Improvement shall become the sole property of Franchisor, and Franchisor shall be the sole owner of all related patents, copyrights, trade secrets and other intellectual property rights. Franchisee and its owners agree to and hereby assign to Franchisor, without compensation, all right, title, and interest therein and waive and/or release all rights of restraint and moral rights therein and thereto. Franchisee further acknowledges and agrees to execute any such documentation, from time to time, as may be required by Franchisor to give effect to this Section. In the event the foregoing provisions of this Section 9.3 are found to be invalid or unenforceable, Franchisee and its Owners hereby grant to Franchisor a worldwide, perpetual, non-exclusive, fully-paid license for any and all types of use and for an unlimited number of copies, including the right to modify, create derivative works, distribute, sell, transfer, register, encumber, license, rent, loan, lend or lease, use, promote, reproduce and display, in any and all types of media, to use and sublicense the use of the Improvements to the extent such use or sublicense would, absent this agreement, directly or indirectly infringe their rights therein. Franchisee further agrees: (i) to assist Franchisor in, and to execute all necessary documentation for, obtaining and enforcing such rights and (ii) to obtain from any and all of Franchisee's employees and third-party contractors assignments and agreements similar to those set forth herein, in a form specified by or acceptable to Franchisor.

10. **ACCOUNTING AND RECORDS**

10.1. Recordation and Reporting of Operating Results. All gross revenues, sales tax, and charges collected on behalf of third parties shall be recorded by Franchisee in accordance with applicable laws and the procedures as may be prescribed in the Franchise Handbook, on the computer system, or as Franchisor may specify. Franchisee shall report financial operating results of the Drugstore in the form and manner as Franchisor may require from time to time.

10.2. Books and Records. If requested by Franchisor, Franchisee will prepare, and shall preserve for at least four (4) years from the dates of their preparation, complete and accurate books, records, and accounts in accordance with

generally accepted accounting principles and in the form and manner prescribed by Franchisor from time to time in the Franchise Handbook or otherwise in writing.

10.3. Reports. If requested by Franchisor, Franchisee will prepare and submit to Franchisor the following reports, financial statements, and other data:

10.3.1. A report accurately reflecting all gross revenues, accounts payable, accounts receivable, and asset utilization during the preceding calendar month;

10.3.2. Financial statements represented by Franchisee to be true and correct, prepared in accordance with generally accepted accounting principles and showing the results of operations of the Drugstore during the preceding fiscal year;

10.3.3. Copies of Franchisee's state sales tax returns, and the portions of Franchisee's federal and state income tax returns that reflect the operations of the Drugstore; and

10.3.4. Such other forms, reports, records, information, and data as Franchisor may request.

10.3.5. Franchisor shall not communicate or divulge to any other person or legal entity, any report, financial statement, or other data submitted to Franchisor pursuant to Section 10.2 and 10.3 of this Agreement, unless Franchisor does so: (a) without identifying that such report financial statement, or other data relates to Franchisee or the Drugstore, (b) to the extent required by law, or (c) otherwise with Franchisee's written permission. However, Franchisee acknowledges and agrees that Franchisor may disclose any report, financial statement, or other data submitted to Franchisor to any of Franchisor's Affiliates.

11. **ADVERTISING AND PROMOTION**

11.1. Grand Opening. Franchisor may provide resources to Franchisee for the implementation of an opening advertising and marketing program and recommends that Franchisee conduct a grand opening, at Franchisee's expense, to publicize the opening or re-branding of Franchisee's Drugstore as a HEALTH MART® Drugstore. Grand opening advertising and marketing activities are designed to promote the opening of the Drugstore under the Proprietary Marks and to familiarize consumers in the general market area of the Drugstore with the HEALTH MART® brand, product line and services.

11.2. Advertising Plan. Franchisor may in the future establish a national advertising plan to maximize general public recognition, acceptance, and use of the System (the "**Advertising Plan**"). Any such Advertising Plan shall be maintained and administered by Franchisor and Franchisor shall have the exclusive rights to direct the Advertising Plan, including, without limitation, the following:

11.2.1. Franchisor may, in its discretion, periodically allocate to the Advertising Plan a portion of the Monthly Fees received from franchisees and Franchisor or its Affiliates also may make contributions to the Advertising Plan in their sole discretion (including as to the amount, frequency and timing of such contributions). Franchisor does not represent that it or its Affiliates will contribute any minimum amount of funds to the Advertising Plan during any time period.

11.2.2. Franchisor shall have the discretion to spend all Advertising Plan revenue for advertising, marketing and/or promotional purposes during the taxable year within which the revenue is received or to carry-forward unspent revenue to future years.

11.2.3. Franchisor shall have sole discretion over the concepts, materials, and media used in any and all Advertising Plan programs and the placement and allocation thereof. Franchisee agrees and acknowledges that any Advertising Plan established by Franchisor will be intended to maximize general public recognition, acceptance, and use of the System; and that Franchisor will not be obligated, in administering the Advertising Plan, to make expenditures for or on behalf of Franchisee, or to ensure that any particular franchisee benefits directly or pro rata from expenditures by the Advertising Plan.

11.2.4. Any Advertising Plan funds shall be used exclusively to maintain, administer, direct, conduct, and prepare advertising, marketing, merchandizing, public relations, and/or promotional programs and materials, and any other activities which Franchisor believes will enhance the System, including, among other things, the cost of preparing and conducting media advertising campaigns, including print, radio and television advertising; digital advertising; direct mail advertising; marketing surveys; employing advertising and/or public relations agencies to assist therein; purchasing promotional items; and providing promotional and other marketing materials and services to Drugstores operating under the System. In addition, Advertising Plan funds may be used to reimburse Franchisor or its Affiliates for the actual internal expenses of administering the Advertising Plan.

11.2.5. Franchisor shall have no obligation to (i) prepare financial reports of the revenue and expenditures of the Advertising Plan, or (ii) keep the Advertising Plan revenue segregated in a separate bank account apart from Franchisor's general funds.

11.2.6. Neither the establishment nor the operation of an Advertising Plan by Franchisor shall be deemed to impose on Franchisor any fiduciary duties or to create between Franchisor and Franchisee any fiduciary relationship.

11.3. Advertising Standards. All advertising and promotional activities that Franchisee chooses to engage in during the Term of this Agreement and all advertising and marketing materials used by Franchisee in any format shall conform to all applicable laws and to the Standards and

requirements that Franchisor may specify in the Franchise Handbook or otherwise in writing.

11.3.1. At any time, including prior to any use or dissemination thereof, Franchisor may require that Franchisee submit to Franchisor for Franchisor's approval any advertising, marketing and promotional materials that Franchisee uses or proposes to use, including, without limitation, any and all materials that Franchisee uses as part of its grand opening advertising activities or thereafter during the Term of this Agreement, but excluding materials that Franchisor prepares or furnishes to Franchisee or that Franchisee purchases from Franchisor's Marketing Edge. Advertising furnished by Franchisor or its designee may contain a suggested retail price for any product or service to be sold at or from the Drugstore.

11.3.2. Franchisor shall have thirty (30) days after receiving Franchisee's advertising, marketing and promotional materials in which to review the materials. Franchisor's failure to notify Franchisee within thirty (30) days after receiving Franchisee's materials that Franchisor disapproves Franchisee's use of the materials, shall signify Franchisor's approval and Franchisee may use the materials in the format submitted to Franchisor. Franchisor may withdraw its approval at any time. Franchisee may not use any advertising, marketing or promotional materials that Franchisor has disapproved.

11.3.3. This Section applies to all advertising, marketing and promotional materials, regardless of the format or media, including those appearing in traditional media and on social media Websites (Meta, X, YouTube, and comparable consumer-generated media Websites), in displays appearing in Franchisee's Drugstore, and in other printed or electronic formats including, without limitation, business forms, stationery, cards, and Internet Websites.

11.4. Advertising Committee. Franchisor shall have the right, in its discretion, to establish a franchisee advertising committee to provide input to Franchisor regarding any or all advertising activities, as determined by Franchisor. Any such committee shall act in an advisory capacity only and shall be formed, organized, and dissolved at the discretion of Franchisor.

12. INSURANCE

12.1. Coverage Requirements. Franchisee shall procure, before the commencement of any operations under this Agreement, and shall maintain in full force and effect at all times during the Term of this Agreement, at Franchisee's expense, insurance policies protecting Franchisee, Franchisor and Franchisor's Affiliates (including their respective officers, directors, shareholders, agents, and employees) against any demand or claim with respect to bodily injury, personal injury, death, or property damage, or any loss, liability, or expense whatsoever arising or occurring upon or in connection with the Drugstore and the Drugstore Location. Such policy or policies shall be written by a carrier with a minimum A.M. Best Rating

of A- VII and shall provide at least the types and minimum amounts of coverage specified in Exhibit C, as modified by Franchisor in accordance with Section 12.2. Franchisee is solely responsible for investigating if the types of coverage and minimum coverage amounts required by this Agreement are adequate to cover all risks arising from the operation of the Drugstore and to purchase additional insurance as Franchisee may determine is necessary or advisable based on its own business interests.

12.1.1. Franchisee may satisfy the minimum coverage requirements specified in this Agreement through any combination of primary and umbrella/excess insurance.

12.1.2. All insurance policies except Workers' Compensation and Employer's Liability shall name Franchisor and its Affiliates (including McKesson) as an additional insured. Additionally, Franchisee shall include a "separation of insured" provision or "insured vs. insured carve-back" for additional insureds under all required insurance except Workers Compensation and Employers' Liability with no cross liability or cross suits exclusions.

12.1.3. Franchisee shall cause each insurer of coverage required by this Agreement to endorse each insurance policy to waive its subrogation rights against Franchisor and its Affiliates.

12.1.4. No required insurance coverage shall be limited or affected by Franchisee's breach of any policy conditions or provisions.

12.1.5. If any required insurance policy is a "claims-made" policy, Franchisee shall keep the policy in force without material alteration for no less than six (6) years immediately following termination of this Agreement. Alternatively, Franchisee shall purchase a six year "tail" policy with prior acts coverage including the same or broader coverage for any claim arising during the Term of this Agreement.

12.2. Changes in Required Coverage. Franchisor may modify the minimum coverage amounts or require additional types of insurance to cover new areas of risk based on the recent experience of other franchisees or as Franchisor reasonably determines, in Franchisor's sole discretion, is appropriate based on prevailing industry standards. Franchisor shall communicate any changes by written notice to Franchisee or through updates to the Franchise Handbook. Franchisee shall have no less than sixty (60) days following receipt of Franchisor's notice to purchase additional insurance to comply with any new coverage requirements.

12.3. No Limitation of Other Obligations. Franchisee's insurance policies shall be independent of any insurance, self-insurance or captive insurance maintained by Franchisor or its Affiliates and Franchisee's obligation to obtain and maintain the policy or policies in the amounts specified in the Franchise Handbook shall not be limited in any way by reason of any insurance which may be maintained by

Franchisor. Franchisee's liability shall not be limited to the amount recoverable by insurance and Franchisee's performance of its obligation to maintain insurance shall not relieve it of liability under the indemnity provisions set forth in Section 19.2 of this Agreement. The Commercial General Liability and Business Automobile policies listed in Exhibit C will contain a contractual coverage endorsement insuring Franchisee's performance under such indemnity.

12.4. Evidence of Insurance. On or before the Effective Date of this Agreement, and thereafter at least annually during the Term of this Agreement, within thirty (30) days following Franchisor's written request, Franchisee shall deliver to Franchisor certificates of insurance from the insurance companies underwriting all policies other than Workers Compensation and Employers Liability verifying that Franchisee has in force the proper types and minimum amounts of coverage required by this Agreement. All certificates of insurance shall expressly state that Franchisor shall be notified in writing no less than thirty (30) days' before any material alteration to or cancellation of the coverages evidenced by the most recent certificates of insurance. In addition, if Franchisor requests, Franchisee agrees to deliver to Franchisor a copy of the required insurance policy or policies. Franchisee's failure to provide certificates of insurance to Franchisor upon written request will not operate to release Franchisee in any manner from any liability arising under this Agreement.

13. **TRANSFER OF INTEREST**

13.1. By Franchisor. Franchisor shall have the absolute right, without limitation, directly or indirectly, voluntarily or by operation of law to sell, transfer or assign its rights under this Agreement or in or to the System or the Proprietary Marks to any person or legal entity of its choosing without prior notice to, or consent of, Franchisee, and the sale, transfer or assignment shall constitute a novation of this Agreement whereby the purchaser shall assume, and be solely responsible for, all obligations of Franchisor under this Agreement from the date of such sale, transfer or assignment. Upon Franchisor's sale, transfer or assignment and purchaser's assumption of Franchisor's obligations, Franchisor shall have no further obligation to Franchisee.

13.2. By Franchisee. Franchisee understands and agrees that the franchise rights awarded by this Agreement are personal to Franchisee and are awarded in reliance upon, among other considerations, the individual or collective character, skill, aptitude, attitude, experience, business ability and financial condition and capacity of Franchisee and, if Franchisee is a Business Entity, that of its officers, directors, shareholders, managers, members, trustees, partners and/or guarantors. Except as provided in Section 13.3 with respect to Qualified Transfers, Franchisee shall not, without Franchisor's prior written consent, directly or indirectly, attempt or complete an Event of Transfer either voluntarily or by operation of law except in accordance with this Agreement. Franchisor agrees not to unreasonably withhold its consent to a proposed Event of Transfer if Franchisee satisfies the conditions set forth in this Section 13.2. Franchisee understands and agrees that

Franchisor's consent to an Event of Transfer is not a representation of the fairness of the terms of any contract between Franchisee and a proposed transferee, a guarantee of the Drugstore's or proposed transferee's prospects for success, or a waiver of any claims that Franchisor or Franchisor's Affiliates may have against Franchisee or any personal guarantor. At Franchisor's discretion, Franchisee must satisfy any or all of the following conditions in order to obtain Franchisor's consent to the proposed Event of Transfer. Any attempt to complete an Event of Transfer which fails to comply with the requirements of this Agreement shall be null and void and constitute a material breach of this Agreement.

13.2.1. The proposed transferee (and, if the proposed transferee is a Business Entity, its owners) must demonstrate to Franchisor's satisfaction that it or they meet Franchisor's educational, managerial, financial and business Standards; possess good moral character, business reputation, and credit rating; have the aptitude and ability to operate the Drugstore in compliance with applicable laws (as they may demonstrate through prior related business experience or otherwise), and have adequate financial resources and capital inclusive of its obligations to Franchisee to operate the Drugstore in a fiscally responsible manner.

13.2.2. All of Franchisee's accrued monetary obligations and all other outstanding obligations to Franchisor and its Affiliates must have been satisfied.

13.2.3. Franchisee may not be in default of any provision of this Agreement, any amendment of or successor to this Agreement, or any other agreement between Franchisee and Franchisor or its Affiliates or with Franchisee's landlord, mortgagee, bank, other lenders, employees, suppliers and other third parties.

13.2.4. Franchisee and any Individual transferor shall have executed a general release, in a form satisfactory to Franchisor, of any and all claims against Franchisor and its Affiliates, and their respective officers, directors, shareholders, members, agents, and employees.

13.2.5. The proposed transferee (and, if the proposed transferee is a Business Entity, each of its owners) must agree in writing to assume and discharge all of Franchisee's obligations under this Agreement. Alternatively, Franchisor may, at its option, require the proposed transferee to execute Franchisor's then-current form of franchise agreement. Each of the owners of a proposed transferee that is a Business Entity must execute Franchisor's then-current form of Owner's Undertakings and agree to be personally liable to Franchisor for the obligations set forth therein.

13.2.6. The proposed transferee, at its expense, must commit to refurbish the premises of the Drugstore Location to conform to Franchisor's then-current Standards and specifications, and complete the refurbishing and other requirements within the time specified by Franchisor.

13.2.7. Franchisee and its personal guarantors shall remain liable for Franchisee's obligations to Franchisor arising before the effective date of the Event of Transfer and execute any and all instruments reasonably requested by Franchisor to evidence such liability. Franchisor's consent to an Event of Transfer shall not operate to release Franchisee's owners from obligations arising before the effective date of the Event of Transfer pursuant to the terms of any Owner's Undertakings.

13.2.8. The proposed transferee's manager must complete any mandatory training programs then in effect for managers, at the proposed transferee's expense, upon such terms and conditions as Franchisor may reasonably require.

13.3. Qualified Transfers. A "**Qualified Transfer**" is any transaction in which an individual Franchisee proposes to transfer all of his or her rights under this Agreement to a newly-formed Business Entity that is wholly owned by the individual Franchisee. Franchisee must notify Franchisor immediately of any proposed Qualified Transfer, must provide Franchisor with the written Owner's Undertakings required by this Agreement, and the newly-formed Business Entity must agree in writing to assume and discharge all of Franchisee's obligations under this Agreement and deliver to Franchisor any and all additional documents which this Agreement requires a Business Entity franchisee to provide to Franchisor.

13.4. Grant of Security Interests. Without Franchisor's prior written consent Franchisee shall not grant a security interest in the Drugstore or in any of the assets of the Drugstore unless the secured party agrees that in the event of any default by Franchisee under any documents related to the security interest, Franchisor shall have the right and option (but not the obligation) to be substituted as obligor to the secured party and to cure any default of Franchisee, and, in the event Franchisor exercises such option, any acceleration of indebtedness due to Franchisee's default shall be void. Franchisee agrees to fully indemnify Franchisor for any and all costs or damages including, without limitation, attorneys' fees, other professional or expert fees, and costs, incurred by Franchisor in curing any default of Franchisee. In no event shall Franchisee agree to grant any security interest or other lien or encumbrance in the System, the Proprietary Marks or any other Confidential Information of Franchisor. Any attempt by Franchisee to grant a security interest in the System, the Proprietary Marks or any other Confidential Information of Franchisor shall constitute a breach of this Agreement and shall be deemed to be void and of no force and effect. Franchisee agrees fully to indemnify Franchisor for any costs or damages including, without limitation, attorneys' fees, other professional or expert fees, and costs, incurred by Franchisor in bringing any action to invalidate or attempt to invalidate any security interest or other lien or encumbrance purported to have been granted in the System, the Proprietary Marks or any other Confidential Information of Franchisor.

13.5. Death or Permanent Incapacity. Upon the death or Permanent Incapacity of any individual Franchisee or

any Owner of a Business Entity Franchisee that results in a Change of Control:

13.5.1. The executor, administrator, or personal representative of the deceased or incapacitated person shall transfer his or her interest to a third party approved by Franchisor within ninety (90) days after the date of death or Permanent Incapacity subject to the conditions applicable to an Event of Transfer generally. In the case of transfer by devise or inheritance, if the heirs or beneficiaries of any such person are unable to meet the conditions for obtaining Franchisor's consent to the Event of Transfer, the executor, administrator, or personal representative of the decedent may (i) transfer the decedent's interest to another party approved by Franchisor within a reasonable time, which disposition shall be subject to the conditions applicable to an Event of Transfer generally, or (ii) terminate this Agreement upon sixty (60) days' written notice to Franchisor.

13.5.2. Until the executor, administrator, or personal representative can complete any required Event of Transfer, Franchisor may agree to manage the Drugstore for the account of Franchisee to ensure that the operating Standards of the System are maintained. Any such management services shall be provided pursuant to a mutually agreed upon management services agreement which shall (among other things) provide for payment to Franchisor of a reasonable management fee and reimbursement for all of its direct costs and expenses in rendering management services. The parties recognize that Franchisor's right to manage the Drugstore is intended to facilitate an orderly transition of ownership with minimal disruption to the Drugstore's continuous operation. However, nothing in this Agreement obligates Franchisor to manage the Drugstore for any period of time regardless of the consequences of its decision or the ability of the executor, administrator, or personal representative to obtain Franchisor's consent to a required Event of Transfer. If Franchisor chooses to manage the Drugstore, Franchisor will only do so for a maximum period of ninety (90) days unless, by mutual agreement of Franchisor and the executor, administrator, or personal representative of the deceased or incapacitated person, the parties extend the management period, but in no event shall the management period be longer than one year from the date of death or Permanent Incapacity. During the time, if any, that Franchisor manages the Drugstore, Franchisor shall periodically discuss the status of the Drugstore's operations and financial results with the executor, administrator, or personal representative and provide suitable current information about the Drugstore's performance as the executor, administrator, or personal representative may reasonably require.

13.6. No Waiver. Franchisor's consent to an Event of Transfer shall not constitute a waiver of any claims that it may have against the transferring party, nor shall it be deemed a waiver of Franchisor's right to demand full compliance with any of the terms of this Agreement.

14. TERMINATION

14.1. Automatic Termination. Franchisee shall be deemed to be in default under this Agreement, and all rights granted to Franchisee herein shall automatically terminate, without notice to Franchisee, (i) if Franchisee shall become insolvent (either by virtue of its having an excess of liabilities over assets or its inability to meet its obligations as they become due), or make a general assignment for the benefit of creditors; (ii) if a petition in bankruptcy is filed by Franchisee or such a petition is filed against and not opposed by Franchisee; (iii) if Franchisee is adjudicated bankrupt or insolvent; (iv) if a bill in equity or other proceeding for the appointment of a receiver of Franchisee or other custodian for Franchisee's business or assets is filed and consented to by Franchisee; (v) if a receiver or other custodian (permanent or temporary) of Franchisee's assets or property, or any part thereof, is appointed by any court of competent jurisdiction; (vi) if proceedings for a composition with creditors under any state or federal law should be instituted by or against Franchisee; (vii) if a final judgment remains unsatisfied or of record for thirty (30) days or longer (unless supersedeas bond is filed); (viii) if Franchisee is dissolved; (ix) if execution is levied against Franchisee's business or property; (x) if suit to foreclose any lien or mortgage against the Drugstore Location or equipment is instituted against Franchisee and not dismissed within thirty (30) days; or (xi) if the real or personal property of the Drugstore shall be sold after levy thereupon by any sheriff, marshal, or constable; (xii) termination of any Related Agreement.

14.2. Termination by Franchisor on Notice Without Cure. Upon the occurrence of any of the following events of default, Franchisor may, at its option, terminate this Agreement and all rights granted hereunder, without affording Franchisee any opportunity to cure the default, effective immediately upon receipt of notice by Franchisee:

14.2.1. If Franchisee or Franchisee's Manager fails to complete any required training program(s) described in Section 5 hereof to Franchisor's satisfaction;

14.2.2. If Franchisee fails to meet the requirements set forth in Section 6.2;

14.2.3. If Franchisee at any time ceases to operate or otherwise abandons the Drugstore, or loses the right to occupy the Drugstore Location, or otherwise forfeits the right to do or transact business in the jurisdiction where the Drugstore is located;

14.2.4. If Franchisee or Franchisee's Manager ceases to have any required license to operate the Drugstore under the laws of the jurisdiction in which the Drugstore is located;

14.2.5. If Franchisee's right to dispense controlled substances is either suspended or revoked, whether or not Franchisee otherwise has the lawful right to continue operation of the Drugstore under the laws of the jurisdiction in which the Drugstore is located;

14.2.6. If Franchisee or any of Franchisee's Owners is convicted of a felony or a misdemeanor carrying a jail term (but not an infraction), a crime involving moral turpitude, or any other crime or offense that Franchisor believes is reasonably likely to have an adverse effect on the System, the Proprietary Marks, the goodwill associated therewith, or Franchisor's interest therein;

14.2.7. If, in Health Mart's sole good faith judgment, the operation of the Drugstore would result in a threat or danger to public health or safety, or may negatively impact the goodwill of Franchisor or any of Franchisor's Affiliates;

14.2.8. If any purported Event of Transfer of any direct or indirect interest in this Agreement, in Franchisee, or in all or substantially all of the assets of the Drugstore is made to any third party without Franchisor's prior written consent, contrary to the terms of Section 13 hereof;

14.2.9. If an approved Event of Transfer is not effected within the time provided following death or Permanent Incapacity, as required by Section 13.5 hereof;

14.2.10. If Franchisee fails to comply with the covenants in Section 16 hereof or fails to obtain execution of the Owner's Undertakings attached as Exhibit D by each person who is required to execute it;

14.2.11. If, contrary to the terms of Sections 8 or 9 hereof, Franchisee discloses or divulges the contents of the Franchise Handbook or other Confidential Information;

14.2.12. If Franchisee knowingly maintains false books or records, or knowingly submits any false reports or makes a material misrepresentation to Franchisor;

14.2.13. If Franchisee misuses or makes any unauthorized use of the Proprietary Marks or any other part of the System, fails to adhere to Franchisor's guidelines regarding use and display of Franchisee's name and the Proprietary Marks, contests in any legal proceeding the validity of the Proprietary Marks or Franchisor's ownership of the Proprietary Marks, or otherwise materially impairs the goodwill associated therewith or Franchisor's rights therein;

14.2.14. If Franchisee commits a default subject to Section 14.3 hereof three (3) times or more in any twelve (12) month period, whether or not any such default is cured after notice;

14.2.15. If Franchisee is in default of any other agreement with Franchisor or any of its Affiliates; or

14.2.16. If Franchisee fails to remain in Good Standing after the passage of any applicable notice and cure period (if any); or

14.2.17. If Franchisee fails to meet plan-based minimum performance criteria set by third-party public or private-party payors.

14.3. Termination by Franchisor on Notice with Right to Cure. Except as provided in Sections 14.1 and 14.2 of this Agreement, Franchisee shall have thirty (30) days after its receipt from Franchisor of a written notice of default within which to remedy any default under this Agreement and to provide evidence thereof to Franchisor. Franchisee may avoid termination by immediately initiating a remedy to cure such default and curing it to Franchisor's satisfaction within the thirty (30) day period, and by promptly providing proof thereof to Franchisor. If any such default is not cured within the specified time, or such longer period as applicable law may require, this Agreement shall terminate without further notice to Franchisee, effective immediately upon the expiration of the thirty (30) day period or such longer period as applicable law may require. Franchisee shall be in default pursuant to this Section 14.3 for failure substantially to comply with any of the requirements imposed by this Agreement, as it may from time to time reasonably be supplemented by the Franchise Handbook, or failure to carry out the terms of this Agreement in good faith. Such defaults include, but are not limited to, the following:

14.3.1. If Franchisee fails, refuses, or neglects promptly to pay any monies owing to Franchisor or its Affiliates when due, to fully fund any electronic funds transfers to be made under Section 4.7 hereof;

14.3.2. If Franchisee fails to maintain or observe any of the Standards or procedures prescribed by Franchisor in this Agreement or the Franchise Handbook;

14.3.3. If Franchisee fails, refuses, or neglects to obtain Franchisor's prior written approval or consent as required by this Agreement;

14.3.4. If Franchisee refuses to execute any software license agreement required to be executed pursuant to Section 6.10; or

14.3.5. If Franchisee engages in any business or markets any service or product under a name or mark which, in Franchisor's opinion, is confusingly similar to the Proprietary Marks.

14.4. Termination by Franchisor on Notice Without Cause. In addition to Franchisor's right to terminate for cause in accordance with this Section, Franchisor may terminate this Agreement without cause for any reason or no reason by giving Franchisee sixty (60) days advance written notice unless applicable law expressly forbids termination of a franchise without good cause, in which case this Section shall be of no force or effect.

14.5. Termination by Franchisee. Franchisee may terminate this Agreement by giving Franchisor sixty (60) days advance written notice. In order to exercise its termination right,

(i) Franchisee must have satisfied all monetary obligations owed by Franchisee and its Affiliates to Franchisor and any of its Affiliates, and (ii) Franchisee and its Owners must have executed a general release, in a form prescribed by Franchisor, of any and all claims against Franchisor and its Affiliates, and their respective officers, directors, securities holders, agents, and employees.

15. POST-TERM OBLIGATIONS

15.1. Franchisee's Post-Term Obligations. Upon termination of this Agreement, all rights granted hereunder to Franchisee shall terminate immediately and Franchisee shall:

15.1.1. Immediately cease to, and shall not thereafter, directly or indirectly, represent to the public or hold itself out as a present or former franchisee of Franchisor.

15.1.2. Immediately and permanently cease to use, in any manner whatsoever, any Confidential Information, confidential methods, procedures, and techniques associated with the System; the Proprietary Mark "HEALTH MART" and all other Proprietary Marks. In particular, Franchisee shall cease to use, without limitation, all signs, advertising materials, Websites or Web pages, displays, stationery, forms, products, and any other articles which display the Proprietary Marks. Franchisee agrees not to use any reproduction, counterfeit, copy, or colorable imitation of the Proprietary Marks which, in Franchisor's sole discretion, is likely to cause confusion, mistake, or deception, or which, in Franchisor's sole opinion, is likely to dilute Franchisor's rights in and to the Proprietary Marks. Franchisee further agrees not to utilize any designation of origin or description or representation which, in Franchisor's sole opinion, falsely suggests or represents an association or connection with Franchisor.

15.1.3. Immediately return any physical copies of records, correspondence, and instructions containing Confidential Information, all of which are acknowledged to be the property of Franchisor, and shall retain no copy or record of any of the foregoing, with the exception of Franchisee's copy of this Agreement, any correspondence between the parties, and any of the documents which Franchisee reasonably needs for compliance with any provision of law.

15.1.4. Take such action as may be necessary to cancel any assumed name registration or equivalent registration obtained by Franchisee which contains the mark "HEALTH MART" or any other Proprietary Marks, and furnish Franchisor with evidence satisfactory to Franchisor of compliance with this obligation within five (5) days after termination of this Agreement.

15.1.5. Immediately upon termination of this Agreement, make such modifications or alterations to the premises of the Drugstore Location as may be necessary, in Franchisor's judgment, to distinguish the appearance of the Drugstore Location from that of a Drugstore operating under the System, including such specific changes as Franchisor may

reasonably request for that purpose. This includes, for example and without limitation, removing all signs and placards which identify the Drugstore as authorized to do business under the Proprietary Marks.

15.1.6. Promptly pay all sums owing to Franchisor and its Affiliates. In the event of termination for any default of Franchisee, such sums shall include all damages, costs, and expenses, including reasonable attorneys' fees, incurred by Franchisor as a result of the default.

15.2. Termination of Access to System Materials. Upon termination of this Agreement Franchisor shall immediately terminate Franchisee's access to the Franchise Handbook and to all other online databases which are restricted to current Health Mart franchisees or other authorized persons.

16. COVENANTS

16.1. Non-Competition. Franchisee specifically acknowledges that, during the Term of this Agreement, Franchisee and its employees will receive or have access to Franchisor's Confidential Information. Accordingly, Franchisee covenants that during the Term of this Agreement, except as otherwise approved in writing by Franchisor, Franchisee shall not, directly or indirectly, for itself, or through, on behalf of, or in conjunction with any person or legal entity:

16.1.1. Divert or attempt to divert any present or prospective business or customer of any Drugstore to any Competitor, by direct or indirect inducement or otherwise, or

16.1.2. Do or perform, directly or indirectly, any other act injurious or prejudicial to the goodwill associated with the Proprietary Marks and the System; or

16.1.3. Own, maintain, operate, engage in, or have any financial or beneficial interest in (including any interest in corporations, partnerships, trusts, unincorporated associations, joint ventures or any other legal entity), advise, assist or make loans to, any Competitor located anywhere within (i) the U.S.; (ii) U.S. territories, or (iii) any other country, province, state or geographic area in which Franchisor has used, sought registration of or registered the same or similar Proprietary Marks or operates or licenses others to operate a business under the same or similar Proprietary Marks.

16.2. Undertakings of Owners and Management.

16.2.1. If Franchisee is a Business Entity, Franchisee shall cause each Owner required by Franchisor to execute the Owner's Undertakings that is attached as Exhibit D to this Franchise Agreement. Franchisee understands and agrees that this requirement applies to each person who now owns, or during the term of this Agreement acquires, an interest in the outstanding equity or voting interests of the Business Entity. By executing the Owner's Undertakings, each Owner is personally liable to Franchisor for the obligations specified in such Owner's Undertakings.

16.2.2. The following persons shall execute the Principal's Undertakings set forth in Exhibit E to this Agreement, unless Franchisor otherwise consents in writing: any of Franchisee's officers, directors or managers; any Drugstore Manager; and if Franchisee is an individual, Franchisee's spouse. By executing the Principal's Undertakings, each Principal is personally liable to Franchisor for the obligations specified in such Principal's Undertakings.

16.3. Injunctive Relief. Franchisee acknowledges that any failure to comply with the requirements of this Section will cause Franchisor irreparable injury, for which no adequate remedy at law may be available. Franchisee consents to the issuance of an order of specific performance, temporary restraining order, or preliminary or permanent injunction against violation of the covenants set forth herein without Franchisor having to post bond.

16.4. Franchisee's Representation. Franchisee represents and warrants that neither Franchisee nor any person required to sign a similar covenant pursuant to Section 16.2 is, as of the date of this Agreement, subject to any non-compete, non-disclosure, non-circumvent, non-solicitation, confidentiality or other agreement which would restrict or limit Franchisee's or any such person's ability to participate in the ownership or operation of the Drugstore. Franchisee further represents and warrants that neither Franchisee nor any person required to sign a similar covenant pursuant to Section 16.2 will be in breach of any such non-compete, non-disclosure, non-circumvention, non-solicitation, confidentiality or other agreement as a result of entering into this Agreement or participating in the ownership or operation of the Drugstore.

16.5. Cooperation with Neighboring Pharmacies. Nothing in this Section 16 shall be deemed to prohibit Franchisee or any of Franchisee's employees from seeking assistance from, or providing assistance to, neighboring pharmacies in connection with short-term product or labor shortages.

17. BUSINESS ENTITY FRANCHISEE

If Franchisee is a Business Entity, Franchisee shall comply with the following requirements: (i) Franchisee's Governing Documents shall at all times authorize the operation of the Drugstore; (ii) copies of Franchisee's Governing Documents shall be promptly furnished to Franchisor; and (iii) Franchisee shall maintain a current list of all owners of record and all beneficial owners of any interest in Franchisee and shall furnish the list to Franchisor upon request. If Franchisee is a corporation, Franchisee shall maintain stop-transfer instructions against the transfer on its records of any equity securities; and each stock certificate of Franchisee shall have conspicuously endorsed upon its face a statement in a form satisfactory to Franchisor that it is held subject to, and that further assignment or transfer thereof is subject to, all restrictions imposed upon assignments by this Agreement.

18. TAXES AND INDEBTEDNESS

18.1. Payment of Taxes and Business Debts. Franchisee shall promptly pay when due all taxes levied or assessed, including, without limitation, unemployment and sales taxes, and all accounts and other indebtedness of every kind incurred by Franchisee in the operation of the Drugstore.

18.2. Bona Fide Disputes. In the event of any bona fide dispute as to Franchisee's liability for taxes assessed or other indebtedness, Franchisee may contest the validity or the amount of the tax or indebtedness in accordance with the procedures of the taxing authority, or applicable law, but in no event shall Franchisee permit a tax sale or seizure by levy or execution or similar writ or warrant, or attachment by a creditor, to occur against the Drugstore Location or its improvements or against any Merchandise in the Drugstore.

19. INDEPENDENT CONTRACTOR AND INDEMNIFICATION

19.1. Independent Contractor. It is understood and agreed by the parties that this Agreement does not create a fiduciary, special or other similar relationship between them but rather is an arm's-length business relationship; that Franchisee is an independent contractor; and that nothing in this Agreement is intended to constitute either party an agent, legal representative, subsidiary, joint venturer, partner, employer, employee, or servant of the other for any purpose whatsoever.

19.1.1. During the Term of this Agreement, Franchisee shall hold itself out to the public as an independent contractor operating the Drugstore pursuant to a franchise agreement from Franchisor. Franchisee agrees to take such action as may be necessary to do so, including, without limitation, displaying a notice to the public in a conspicuous place inside and outside the Drugstore Location that states that Franchisee is the independent owner of the Drugstore operating under a license from Franchisor. Franchisor may specify the form of the notice.

19.1.2. Nothing in this Agreement authorizes Franchisee or any of its Owners to make any contract, agreement, warranty or representation on behalf of Franchisor or its Affiliates, or to incur any debt or other obligation in the name of Franchisor or its Affiliates, and Franchisor will not assume liability for, or be deemed liable under this Agreement as a result of, any such action, or for any act or omission of Franchisee or any of its Owners or any claim or judgment arising therefrom.

19.1.3. Franchisee shall exercise full and complete control over, and have full responsibility for, its contracts, daily operations, labor relations, employment practices and policies, including but not limited to recruitment, selection, hiring, disciplining, firing, compensation, work rules and schedules of its employees. Neither Franchisor nor its Affiliates exercise any direction or control over the employment policies or employment decisions of Franchisee or its Affiliates. All employees, staff or workers of Franchisee or

its Affiliates are solely employees, staff or workers of Franchisee or such Affiliate and are not employees, staff or workers of Franchisor or its Affiliates. Franchisee is responsible for all hiring decisions and solely obligated for any labor claims made by any of its employees, staff or workers against Franchisee and/or Franchisor, and Franchisee agrees to indemnify and hold harmless, to the fullest extent permitted by law, Franchisor from any and all damages, losses or expenses incurred or suffered by Franchisor arising from or in connection with any labor claims that Franchisee's employees, staff or workers may bring against Franchisor. In addition, Franchisee will, and will cause its Affiliates to, ensure that all of their respective employees, staff and workers are covered under all relevant labor laws.

19.2. Indemnification. Franchisee shall, at all times, indemnify, defend and hold harmless to the fullest extent permitted by law Franchisor, its Affiliates, successors and assigns and the respective directors, officers, employees, agents and representatives of each of them (collectively, the "Indemnitees") from and against any and all Losses and Expenses incurred or suffered by them (or any one of them) in connection with any action, suit, proceeding, claim, demand, investigation or inquiry (made or threatened and formal or informal), or any settlement (whether or not a formal proceeding or action has been instituted) which arises out of or is based upon any of the following whether or not the act, omission or event giving rise to the claim for indemnity is committed by Franchisee or Franchisee's agents, employees, Owners, or representatives, without limitation and without regard to the cause or causes of the acts, omissions, or events or the negligence (whether that negligence is sole, joint, or concurrent, and whether active or passive) or strict liability of Franchisor or any other party or parties arising in connection therewith:

A. Violation, breach, liability or asserted violation of breach of or liability under any contract, federal, state or local law, regulation, rule, order, standard or directive, or of any industry standard;

B. Libel, slander or any other form of defamation.

C. Failure to comply with, violation or breach of any warranty, representation, or obligation in this Agreement;

D. Breach of any material duty under this Agreement including, without limitation, duties pertaining to breach of any privacy, confidentiality or data security obligation in this Agreement;

E. Actual or alleged violations of a third party's intellectual property rights;

F. Claims for personal injury (including death) or damage to property;

G. Claims or liabilities relating to work status, compensation, tax, insurance or benefit matters arising out of Franchisee's arrangements with its employees or independent contractors;

H. Any other acts, errors or omissions, whether actual or alleged, willful or negligent, including, without limitation, in connection with the ownership, construction, renovation, establishment or operation of the Drugstore.

19.2.1. If any Indemnitees are or may be named as a party in any such action, Franchisor may elect (but under no circumstances will be obligated) to undertake the defense and/or settlement thereof. No such undertaking by Franchisor shall, in any manner or form, diminish Franchisee's obligation to indemnify all Indemnitees and to hold each of them harmless.

19.2.2. With respect to any action, suit, proceeding, claim demand, inquiry or investigation, Franchisor may, at any time and without notice, in order to protect persons or property or the reputation of goodwill of Franchisor or others, order, consent or agree to any settlement or take any remedial or corrective action as Franchisor deems expedient, if, in Franchisor's sole judgment, there are reasonable grounds to believe that: (i) any of the acts or circumstances enumerated in this Section 19.2 have occurred; or (ii) any act, error, or omission of Franchisee may result directly or indirectly in damage, injury or harm to any person or any property. All Losses and Expenses incurred under this Section 19.2.2 shall be chargeable to and paid by Franchisee pursuant to its obligations of indemnity hereunder.

19.2.3. The Indemnitees assume no liability whatsoever for any acts, errors, or omissions of any persons with whom Franchisee may contract or deal regardless of the purpose. Franchisee shall hold harmless and indemnify the Indemnitees (and each of them) for all Losses and Expenses that may arise out of any acts, errors or omissions of such third parties with whom Franchisee may contract. Under no circumstances shall the Indemnitees be required or obligated to seek recovery from third parties or otherwise mitigate their losses in order to maintain a claim against Franchisee. Franchisee agrees that the failure to pursue such recovery or mitigate loss will in no way reduce the amounts recoverable by the Indemnitees from Franchisee.

Any loss or damage suffered by an Indemnitee under this Agreement shall be deemed to be loss or damage suffered by the Franchisor with the intent that the Franchisee shall be liable to the Franchisor rather than to the relevant Indemnitee in respect of that loss or damage. In this regard, the Franchisor shall be entitled to seek and enforce remedies under this Agreement in respect of any breach or default of the Franchisee's obligations under this Agreement and claim damages from the Franchisee in respect of damages suffered by Indemnites.

20. APPROVALS AND WAIVERS

20.1. Written Approval or Consent Required. Whenever this Agreement requires the prior approval or consent of Franchisor, Franchisee shall make a timely written request to Franchisor therefor. Such approval or consent must be obtained in writing.

20.2. No Warranties. Franchisor makes no warranties or guarantees, and assumes no liability or obligation to Franchisee, by providing any waiver, approval, consent, or suggestion to Franchisee in connection with this Agreement, or by reason of any neglect, delay, or denial of any request therefor.

20.3. Waivers. Any waiver granted by Franchisor to Franchisee excusing or reducing any obligation or restriction imposed under this Agreement shall be made in writing and shall be effective upon delivery of such writing by Franchisor to Franchisee or upon such other effective date as specified in the writing. No waiver granted by Franchisor, and no action taken by Franchisor with respect to any third party, shall limit Franchisor's discretion to take action of any kind, or not to take action, with respect to Franchisee. Any waiver granted by Franchisor to Franchisee shall be without prejudice to any other rights Franchisor may have. No delay or failure of Franchisor to exercise any power reserved to it by this Agreement, or to insist upon strict compliance by Franchisee with any obligation or condition hereunder, and no custom or practice of the parties at variance with the terms hereof, shall constitute a waiver of Franchisor's right to demand exact compliance with any of the terms hereof. Waiver by Franchisor of any particular default of Franchisee shall not affect or impair Franchisor's rights with respect to any subsequent default of the same, similar, or different nature, nor shall any delay, forbearance, or omission of Franchisor to exercise any power or right arising out of any breach or default by Franchisee of any of the terms, provisions, or covenants hereof, affect or impair Franchisor's right to exercise the same, nor shall such constitute a waiver by Franchisor of any right hereunder, or the right to declare any subsequent breach or default and to terminate this Agreement in accordance with its terms. Subsequent acceptance by Franchisor of any payments due it under this Agreement shall not be deemed a waiver by Franchisor of any preceding breach by Franchisee of any terms, covenants, or conditions of this Agreement.

21. NOTICES

Any and all notices required or permitted under this Agreement shall be in writing and shall be personally delivered, sent by registered or certified mail, or sent by overnight courier (such as UPS, FedEx or other similar service) which affords the sender evidence of delivery or attempted delivery, to the respective parties at the following addresses, unless and until a different address has been designated by written notice to the other party:

Notices to Franchisor:

Health Mart Systems, Inc.
6555 State Hwy 161
Irving, Texas 75039
Attn: Health Mart Operations

Notices to Franchisee:

As described on Declarations Page.

Any notice by a means which affords the sender evidence of delivery or attempted delivery shall be deemed to have been given and received at the date and time of receipt or attempted delivery.

Notwithstanding anything to the contrary in this Section 21, Franchisee acknowledges and agrees that, in addition to routine information, invoices and details about System requirements and programs, Franchisor may provide Franchisee with electronic delivery (via email, the Health Mart franchisee web portal or any other electronic means) of any notice required or permitted under this Agreement. Franchisor and Franchisee will cooperate with each other to adapt new technologies that may be available for the transmission of such information.

22. ENTIRE AGREEMENT

This Agreement, the Declarations Page, the schedules, exhibits and attachments hereto, and the documents referred to herein constitute the entire Agreement between Franchisor and Franchisee concerning the subject matter hereof, and supersede any prior agreements; no other representations having induced Franchisee to execute this Agreement. Nothing in this Agreement, the Declarations Page, the schedules, exhibits or attachments hereto, or the documents referred to herein is intended to disclaim representations which Franchisor has made in the Franchise Disclosure Document which Franchisee acknowledges has been furnished to Franchisee before entering into this Agreement. Except for those permitted to be made unilaterally by Franchisor hereunder, no amendment, change, or variance from this Agreement shall be binding on either party unless mutually agreed to by the parties and executed by their authorized officers or agents in writing.

23. SEVERABILITY AND CONSTRUCTION

23.1. Severability. If, for any reason, any section, part, term, provision, and/or covenant herein is determined to be invalid and contrary to, or in conflict with, any existing or future law or regulation by a tribunal or court of competent jurisdiction, such shall not impair the operation of, or have any other effect upon, such other portions, sections, parts, terms, provisions, and/or covenants of this Agreement as may remain otherwise intelligible or consistent with the original bargain of the parties; and the remaining portions of the Agreement shall continue to be given full force and effect and bind the parties hereto; and said invalid portions, sections, parts, terms, provisions, and/or covenants shall be deemed not to be a part of this Agreement.

23.2. Survival. Any provision or covenant of this Agreement which expressly or by its nature imposes obligations beyond the Term of this Agreement, including, without limitation, Sections 8, 9, 15, 19 and 24, shall survive termination (whether termination is by Franchisor or Franchisee, and regardless of cause).

23.3. No Third-Party Beneficiary. Except as expressly provided to the contrary herein, nothing in this Agreement is intended, nor shall be deemed, to confer upon any person or legal entity other than Franchisee, Franchisor, Franchisor's Affiliates, such of Franchisor's successors and assigns as may be contemplated by Section 13 hereof and the respective officers, directors, shareholders, agents and employees of each of them, any rights or remedies under or by reason of this Agreement.

23.4. Construction of Covenants. Franchisee expressly agrees to be bound by any promise or covenant imposing the maximum duty permitted by law which is subsumed within the terms of any provision, as though it were separately articulated in and made a part of this Agreement, that may result from striking any portion or portions a tribunal or court of competent jurisdiction may hold to be unreasonable and unenforceable in an unappealed final decision to which Franchisor is a party, or from reducing the scope of any promise or covenant to the extent required to comply with such a tribunal or court order.

23.5. Counterpart Execution. This Agreement may be executed in any number of counterparts, each of which when so executed and delivered shall be deemed an original, but such counterparts together shall constitute one and the same instrument.

24. APPLICABLE LAW AND DISPUTE RESOLUTION

24.1. Mediation. Except as otherwise provided in this Agreement, neither party to this Agreement shall bring an action or proceeding to enforce or interpret any provision of this Agreement, or seeking any legal remedy based upon the relationship created by this Agreement or an alleged breach of this Agreement, until the dispute has been submitted to mediation conducted in accordance with the procedures stated in this Agreement.

24.1.1. The mediation shall be conducted pursuant to the rules of the National Franchise Mediation Program, a dispute resolution program for franchising administered under the auspices of the CPR Institute for Dispute Resolution (the "**Mediation Service**"). Either party may initiate the mediation (the "**Initiating Party**") by notifying the Mediation Service in writing, with a copy to the other party (the "**Responding Party**"). The notice shall describe with specificity the nature of the dispute and the Initiating Party's claim for relief. Thereupon, both parties will be obligated to engage in the mediation, which shall be conducted in accordance with the Mediation Service's then-current rules,

except to the extent the rules conflict with this Agreement, in which case this Agreement shall control.

24.1.2. The mediator must be either a practicing attorney with experience in business format franchising or a retired judge.

24.1.3. Except as otherwise provided in this Agreement: (i) the fees and expenses of the Mediation Service, including, without limitation, the mediator's fee and expenses, shall be shared equally by the parties, and (ii) each party shall bear its own attorney's fees and other costs incurred in connection with the mediation irrespective of the outcome of the mediation or the mediator's evaluation of each party's case.

24.1.4. The mediation conference shall begin as soon as possible with the goal of beginning the mediation within thirty (30) days after selection of the mediator. Regardless of whether Franchisor or Franchisee is the Initiating Party, the mediation shall be conducted at Franchisor's headquarters, unless the parties agree upon a mutually acceptable alternative location.

24.1.5. The parties shall participate in good faith in the entire mediation, including the mediation conference, with the intention of resolving the dispute, if at all possible. The parties shall each send at least one representative to the mediation conference who has authority to enter into a binding contract on that party's behalf and on behalf of all principals of that party who are required by the terms of the parties' settlement to be personally bound by it. The parties recognize and agree, however, that the mediator's recommendations and decision shall not be binding on the parties.

24.1.6. If one party breaches this Agreement by refusing to participate in the mediation or not complying with the requirements for conducting the mediation, the non-breaching party may immediately file suit and take such other action to enforce its rights as permitted by law and the breaching party shall be obligated to pay: (i) the mediator's fees and costs, (ii) the non-breaching party's reasonable attorneys' fees and costs incurred in connection with the mediation, and (iii) to the extent permitted by law, the non-breaching party's reasonable attorneys' fees and costs incurred in any suit arising out of the same dispute, regardless of whether the non-breaching party is the prevailing party. Additionally, in connection with (iii), the breaching party shall forfeit any right to recover its attorneys' fees and costs should it prevail in the suit. The parties agree that the foregoing conditions are necessary in order to encourage meaningful mediation as a means for efficiently resolving any disputes that may arise.

24.2. Exceptions to Mediation. The obligation to mediate shall not apply to (i) any disputes, controversies or claims where the monetary relief sought is under \$10,000 or (ii) either party's application before any court of competent jurisdiction seeking injunctive or other provisional relief ("**Provisional Remedies**"). The party that is seeking

Provisional Remedies shall not be required to post bond or comparable security.

24.3. Jurisdiction and Venue. Except as provided in Section 24.2(ii), the parties agree that (i) all disputes arising out of or relating to this Agreement which are not resolved by negotiation or mediation, and (ii) all claims which this Agreement expressly excludes from mediation, shall be brought in the United States District Court for the Northern District of Texas (Dallas Division), or if such court lacks jurisdiction, the District Court for Dallas County, Texas. The parties agree to submit to the jurisdiction of the courts mutually selected by them pursuant to this Section and mutually acknowledge that selecting a forum in which to resolve disputes arising between them is important to promote stability in their relationship. To the fullest extent that it may effectively do so under applicable law, Franchisee waives the defense of an inconvenient forum to the maintenance of an action in the courts identified in this Section and agrees not to commence any action of any kind against Franchisor, Franchisor's affiliates and their respective officers, directors, shareholders, limited liability company managers and members, employees and agents or property arising out of or relating to this Agreement except in the courts identified in this Section.

24.4. Waiver of Jury Trial. FRANCHISOR AND FRANCHISEE EACH HEREBY WAIVE THEIR RESPECTIVE RIGHT TO TRIAL BY JURY OF ANY CAUSE OF ACTION, CLAIM, COUNTERCLAIM OR CROSS-COMPLAINT IN ANY ACTION, PROCEEDING AND/OR HEARING BROUGHT BY EITHER FRANCHISOR OR FRANCHISEE ON ANY MATTER WHATSOEVER ARISING OUT OF, OR IN ANY WAY CONNECTED WITH, THIS AGREEMENT, THE RELATIONSHIP OF THE PARTIES, THE USE OF THE PROPRIETARY MARKS OR ANY CLAIM OF INJURY OR DAMAGE, OR THE ENFORCEMENT OF ANY REMEDY UNDER ANY LAW, STATUTE, REGULATION, EMERGENCY OR OTHERWISE, NOW OR HEREAFTER IN EFFECT, TO THE FULLEST EXTENT PERMITTED UNDER APPLICABLE LAW.

24.5. Governing Law. The parties agree that the laws of the State of Texas shall govern the construction, interpretation, validity and enforcement of this Agreement, without regard to, and without giving effect to, the application of Texas conflict-of-law rules, and shall be applied in any mediation or judicial proceeding to resolve all disputes between them, except to the extent the subject matter of the dispute arises exclusively under federal law, in which event the federal law shall govern. Nothing in this Section is intended by the parties to subject this Agreement to any franchise, business opportunity or similar statute, rule, or regulation of the State of Texas to which it would not otherwise be subject. Franchisee and Franchisor acknowledge and agree that each party's agreement regarding applicable state law set forth in this Section 24 provides each of the parties with the mutual benefit of uniform interpretation of this Agreement and any dispute arising out of this Agreement or the parties' relationship created by this Agreement. Franchisee and Franchisor further acknowledge the

receipt and sufficiency of mutual consideration for such benefit, and that each party's agreement regarding applicable state law has been negotiated in good faith and are the part of the benefit of the bargain reflected by this Agreement.

24.6. Damages Waiver and Limitation on Recovery. Except as provided in this Section, Franchisor and Franchisee, on behalf of themselves and their respective Affiliates, directors, officers, shareholders, members, managers, guarantors employees and agents, as applicable, each hereby waive to the fullest extent permitted by law, any right to, or claim for, indirect, special, consequential, punitive or exemplary damages or for lost profits, loss opportunities, or other form of economic damage, whether arising from breach of contract, tort, equity or another legal theory. Furthermore, Franchisor and Franchisee each agree that in the event of a dispute between them arising out of a party's material breach of this Agreement, they and any person claiming rights through them, will be limited to recovering only the actual damages proven to have been sustained by the party up to a maximum recovery equal to twenty-four (24) times the average Monthly Fee paid to Franchisor during the six (6) months before the effective date of termination. However, the parties agree that the limitations and waivers in this Section do not apply to (i) claims arising out of Franchisee's misuse of the Proprietary Marks; or (ii) claims included in the scope of Franchisee's indemnification obligations pursuant to Section 19 of this Agreement.

24.7. Enforcement Costs. Except as expressly provided in this Agreement, in any action or proceeding brought to enforce any provision of this Agreement or arising out of or in connection with the relationship of the parties hereunder, the prevailing party shall be entitled to recover against the other its reasonable attorneys' fees and court costs in addition to any other relief awarded by the court. As used in this Agreement, the "**prevailing party**" is the party who recovers greater relief in the action.

24.8. Franchisor Right of Entry. If Franchisee fails to initiate and timely complete the alterations described in Section 6.3.2 or Section 15.1.5 as and when required, Franchisee acknowledges and agrees that Franchisor or its designated agents may enter the premises of the Drugstore and adjacent areas at any time, without responsibility for any actual or consequential damages to the property of Franchisee or others, and without liability for trespass or other tort or criminal act, for the purpose of making or causing to be made such changes as may be required, at the expense of Franchisee, including reasonable attorneys' fees incurred by Franchisor.

24.9. Waiver of Collateral Estoppel. The parties agree they should each be able to settle, mediate, litigate or compromise disputes in which they may be, or become, involved with third parties without having the dispute affect their rights and obligations to each other under this Agreement. Franchisor and Franchisee therefore each agree that a decision of a mediator or judge in any proceeding or action in which either Franchisor or Franchisee, but not both of them, is a party shall not prevent the party to the proceeding or action from

making the same or similar arguments, or taking the same or similar positions, in any proceeding or action between Franchisor and Franchisee. Franchisor and Franchisee therefore waive the right to assert that principles of collateral estoppel prevent either of them from raising any claim or defense in an action or proceeding between them even if they lost a similar claim or defense in another action or proceeding with a third party.

24.10. Waiver of Class Action Relief. Franchisor and Franchisee agree that any litigation brought by either party against the other will be conducted on an individual, not a class-wide, basis.

25. ACKNOWLEDGMENTS

The acknowledgments in this Section apply to all franchisees and franchises except not to any franchisees and franchises that are subject to the state franchise registration/disclosure laws in California, Hawaii, Illinois, Indiana, Maryland, Michigan, Minnesota, New York, North Dakota, Rhode Island, South Dakota, Virginia, Washington, and Wisconsin.

25.1. Independent Investigation. Franchisee acknowledges that it has conducted an independent investigation of the business franchised hereunder, and recognizes that the business venture contemplated by this Agreement involves business risks and that its success will be largely dependent upon the ability of Franchisee (or, if Franchisee is a Business Entity, the ability of its Owners and management) as an independent businessperson. Franchisor expressly disclaims the making of, and Franchisee acknowledges that it has not received from Franchisor, any indication, promise, warranty or guarantee, express or implied, as to the potential volume, profits, or success of the business venture contemplated by this Agreement.

25.2. Review of Franchise Agreement and FDD. Franchisee acknowledges that it has read and understood this Agreement, the attachments hereto, and agreements relating thereto, as well as Franchisor's Franchise Disclosure Document. Franchisee acknowledges that Franchisor has accorded Franchisee ample time and opportunity to consult with advisors of Franchisee's own choosing about the potential benefits and risks of entering into this Agreement and that, in fact, Franchisee has so consulted with professional advisors about such subject matter.

25.3. Reliance on Franchisor. Franchisee acknowledges and agrees that: (i) the term "Franchisor" as used in this Agreement shall refer only to Health Mart Systems, Inc. and not McKesson or Franchisor's other Affiliates; (ii) Franchisor is not authorized to contract for or on behalf of its parent or any of its other Affiliates; and (iii) this Agreement shall not be deemed to bind or otherwise restrict Franchisor's parent or any of its other Affiliates.

25.4. No Waiver of Statutory Rights. Nothing in this Agreement is intended to waive any rights Franchisee may

have under any applicable federal or state franchise registration or disclosure law.

26. FRANCHISEE REBATES

Franchisee may be entitled to earn rebates on its purchases of pharmaceutical products from McKesson. Any rebate received by Franchisee on its purchases of pharmaceutical products from McKesson is a “discount or other reduction in price” to Franchisee under Section 1128B(b)(3)(A) of the Social Security Act with respect to the purchases made thereunder. To the extent requested to do so or as otherwise required by law or regulation, Franchisee shall fully and accurately disclose any such rebates in any cost or similar reports or claims for reimbursement made to any federal or state health care program or third-party payor.

27. RECEIPT OF MARKETING COMMUNICATIONS

Franchisee consents to receiving marketing calls, emails and/or fax communications from or on behalf of Franchisor, McKesson and/or any McKesson affiliate at the telephone number, cellular phone number, fax number and email address provided by Franchisee as part of Franchisee’s enrollment, participation or inquiry about any Franchisor, McKesson or any McKesson product or service. Franchisee understands that such communications may contain marketing content, program information or updates, or any other communication related to any products, programs or services offered by Franchisor, McKesson or McKesson affiliate. Franchisee further consents to receiving auto-dialed and/or pre-recorded telephone calls, and that such consent is not a condition of purchase or participation in any program. Franchisor will make available to Franchisee an opt-out method by web form, email, phone, fax or other permissible mechanism, by which Franchisee may notify Franchisor or McKesson that Franchisee no longer wishes to receive marketing communications.

SCHEDULE 1

“Change of Control” means a transaction or series of related transactions that result in the sale of all or substantially all of the assets of the Drugstore. If Franchisee is a Business Entity, “Change of Control” also means a transaction or series of related transactions that result in the transfer of a “Controlling Interest” in Franchisee.

“Competitor” means any retail drugstore operating under a trade name or trademark other than “Health Mart”.

Confidential Information also includes all dispensing, patient and other sensitive data that Franchisee collects during the course of operating the Drugstore as a Health Mart Drugstore.

“Controlling Interest” means a transfer of (i) 50% or more of the outstanding voting power of Franchisee or an Affiliate of Franchisee, whether voluntarily or by operation of law or due to a merger or consolidation, or (ii) the right to appoint, or cause to be appointed, a majority of Franchisee’s directors, officers or managers.

“Franchise Handbook” means Franchisor’s confidential Franchise Handbook and referenced as the Toolkit in the My Health Mart Web Portal provided to Franchisees, which may consist of any combination of paper or electronic documents and which Franchisor may modify at any time, containing Franchisor’s mandatory and suggested Standards, specifications and operating procedures and techniques relating to the development and operation of Health Mart Drugstores and Franchisee’s obligations under the Franchise Agreement and covering, without limitation, such

subject matter as sales, customer service, marketing, merchandizing, management information systems and enhancements. Notwithstanding the foregoing, nothing in the Franchise Handbook is intended to affect the independent professional judgment of any pharmacist employed at the Drugstore, nor shall it be construed as requiring any such pharmacist to depart from any legal requirements governing the pharmacy practice.

"Good Standing" shall mean, at the relevant time, Franchisee and its Affiliates are in compliance with this Agreement and all other agreements between Franchisee (or any of its Affiliates) and Franchisor (or any of its Affiliates), or have not failed to cure any noncompliance within any applicable notice and cure period (if any). For avoidance of doubt, Good Standing includes compliance with the requirement for the Franchisee and Drugstore to purchase Merchandise from McKesson, as set forth in the applicable distribution arrangement between McKesson, and as applicable, the Franchisee and Drugstore.

- (ii) branded prescription drugs ("**Branded Prescription Drugs**"); and
- (iii) generic prescription drugs ("**Generic Prescription Drugs**").

"Monthly Fee" means the then-current Monthly Fee for Core Services and any applicable taxes. The Monthly Fee includes fees and other amounts charged by third parties and Affiliates of the Franchisor and may be adjusted by Franchisor from time to time to cover any increase in such fees or other amounts and any changes in the Core Services. As of the Effective Date, the Monthly Fee is \$390 (exclusive of taxes).

A period of incapacity shall be deemed to continue without interruption unless and until the person suffering the incapacity resumes his or her duties on a full time basis for thirty (30) consecutive days.

"Proprietary Marks" has the meaning given to it in the Recitals to the Franchise Agreement.

"Provisional Remedies" means any form of interim relief, including, without limitation, requests for temporary restraining orders, preliminary injunctions, writs of attachment, appointment of a receiver, for claim and delivery, or any other orders which a court may issue when deemed necessary in its sole discretion to preserve the status quo or prevent irreparable injury, including the claim of either party for injunctive relief to preserve the status quo.

"Renewal Location" means a Franchisee that is exercising an option to renew this Agreement in accordance with the terms of its existing Franchise Agreement.

"Standards" means Franchisor's mandatory and suggested standards for Drugstores operating under the System, including with respect to facilities, services, products, operations, performance, merchandising, customer relations, consistency and appearance, and further including, without limitation, standards for purchasing, offering, promoting and selling new or different products or services or discontinuing the use of specific products or services that Franchisor eliminates from the System, using specified technology systems, or for participating in marketing, merchandising, purchasing or other programs required or offered by Franchisor.

"System" means Franchisor's distinctive and proprietary system for establishing and operating retail drugstores, the distinguishing characteristics of which include, without limitation, business processes, and other intellectual property; distinctive signage; Standards and specifications for business services, products, supplies, appearance, operations, performance and management control; training and assistance; purchasing programs; advertising, marketing, promotional and sales programs; and other services, all of which may be changed, discontinued, improved, modified and further developed by Franchisor from time to time.

"Taxes" means any present or future taxes, levies, imposts, duties or other charges of whatsoever nature, including any interest or penalties thereon, imposed by any government or political subdivision of such government on or relating to the operation of the Drugstore, the payment of monies, or the exercise of rights granted pursuant to this Agreement, except taxes imposed on or measured by Franchisor's net income.

"Term" has the meaning given to it in Section 2.

"Unopened Location" means a Franchisee that opens a new drugstore that complies with the Standards for a Health Mart Drugstore.

**MINNESOTA AMENDMENT TO HEALTH MART SYSTEMS, INC.
FRANCHISE AGREEMENT**

The Health Mart Systems, Inc. Franchise Agreement between Health Mart Systems, Inc. (“**Franchisor**”) and the undersigned (“**Agreement**”) is hereby amended by the addition of the following language, which will be considered an integral part of the Agreement (“**Amendment**”):

1. The Commissioner of Commerce for the State of Minnesota requires that certain provisions contained in franchise documents be amended to be consistent with Minnesota Franchise Act, Minn. Stat. Section 80C.01 *et seq.*, and with the rules and regulations promulgated thereunder (collectively, “**Franchise Act**”). To the extent the Agreement/and or disclosure document contains provisions that are inconsistent with the following, such provisions are hereby amended:

a. The Minnesota Department of Commerce requires that franchisors indemnify Minnesota franchisees against liability to third parties resulting from claims by third parties that the franchisee’s use of the franchisor’s proprietary marks infringes trademark rights of the third party.

b. Minn. Stat. Sec. 80C.14, Subds. 3, 4, and 5 require, except in certain specified cases, that a franchisee be given 90 days notice of termination (with 60 days to cure) and 180 days notice for non-renewal of the franchise agreement. If the Agreement contains a provision that is inconsistent with the Franchise Act, the provisions of the Agreement will be superseded by the Franchise Act’s requirements and will have no force or effect.

c. If Franchisee is required in the Agreement to execute a release of claims or to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation, or action that would violate the Franchise Act, such release will exclude claims arising under the Franchise Act, and such acknowledgments will be void with respect to claims under the Franchise Act.

d. If the Agreement requires that it be governed by the laws of a state other than the state of Minnesota, or if the Agreement requires arbitration or mediation, those provisions will not in any way abrogate or reduce any rights of the franchisee, as provided for in the Franchise Act, including the right to submit matters to the jurisdiction of the courts of Minnesota.

e. Any provision that requires the franchisee to consent to a claims period that differs from the applicable statute of limitations period under Minn. Stat § 80C.17, Subd. 5. may not be enforceable under Minnesota.

2. Minn. Stat. §80C.21 and Minn. Rule 2860.4400J prohibit Franchisor from requiring litigation to be conducted outside Minnesota. In addition, nothing in the disclosure document or Agreement can abrogate or reduce any of Franchisee’s rights as provided for in Minnesota Statutes, Chapter 80C, including Franchisee’s rights to any procedure, forum, or remedies provided for in such law.

3. The Agreement/and or disclosure document is hereby amended to delete all references to liquidated damages (as defined in the Agreement) that are in violation of Minnesota law; provided that no such deletion will excuse the franchisee from liability for actual or other damages, and the formula for liquidated damages in the Agreement/and or disclosure document will be admissible as evidence of actual damages.

4. To the extent required by Minnesota law, the Agreement/and or disclosure document is amended to delete all references to a waiver of jury trial.

5. All sections of the Agreement/and or disclosure document referencing Franchisor’s right to obtain injunctive relief are hereby amended to refer to Franchisor’s right to seek to obtain.

6. Each provision of this Agreement is effective only to the extent that the jurisdictional requirements of Minnesota law applicable to the provision are met independent of this Amendment. This Amendment will have no force or effect if such jurisdictional requirements are not met.

7. No statement, questionnaire, or acknowledgement signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including, fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor.

The parties hereto have duly executed and delivered this Amendment to the Agreement on the dates set forth below.

**WASHINGTON ADDENDUM TO THE FRANCHISE DISCLOSURE DOCUMENT,
THE FRANCHISE AGREEMENT, AND ALL RELATED AGREEMENTS**

The provisions of this Addendum form an integral part of, are incorporated into, and modify the Franchise Disclosure Document, the franchise agreement, and all related agreements regardless of anything to the contrary contained therein. This Addendum applies if: (a) the offer to sell a franchise is accepted in Washington; (b) the purchaser of the franchise is a resident of Washington; and/or (c) the franchised business that is the subject of the sale is to be located or operated, wholly or partly, in Washington.

1. **Conflict of Laws.** In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, chapter 19.100 RCW will prevail.
2. **Franchisee Bill of Rights.** RCW 19.100.180 may supersede provisions in the franchise agreement or related agreements concerning your relationship with the franchisor, including in the areas of termination and renewal of your franchise. There may also be court decisions that supersede the franchise agreement or related agreements concerning your relationship with the franchisor. Franchise agreement provisions, including those summarized in Item 17 of the Franchise Disclosure Document, are subject to state law.
3. **Site of Arbitration, Mediation, and/or Litigation.** In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.
4. **General Release.** A release or waiver of rights in the franchise agreement or related agreements purporting to bind the franchisee to waive compliance with any provision under the Washington Franchise Investment Protection Act or any rules or orders thereunder is void except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel, in accordance with RCW 19.100.220(2). In addition, any such release or waiver executed in connection with a renewal or transfer of a franchise is likewise void except as provided for in RCW 19.100.220(2).
5. **Statute of Limitations and Waiver of Jury Trial.** Provisions contained in the franchise agreement or related agreements that unreasonably restrict or limit the statute of limitations period for claims under the Washington Franchise Investment Protection Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.
6. **Transfer Fees.** Transfer fees are collectable only to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.
7. **Termination by Franchisee.** The franchisee may terminate the franchise agreement under any grounds permitted under state law.

8. **Certain Buy-Back Provisions.** Provisions in franchise agreements or related agreements that permit the franchisor to repurchase the franchisee's business for any reason during the term of the franchise agreement without the franchisee's consent are unlawful pursuant to RCW 19.100.180(2)(j), unless the franchise is terminated for good cause.
9. **Fair and Reasonable Pricing.** Any provision in the franchise agreement or related agreements that requires the franchisee to purchase or rent any product or service for more than a fair and reasonable price is unlawful under RCW 19.100.180(2)(d).
10. **Waiver of Exemplary & Punitive Damages.** RCW 19.100.190 permits franchisees to seek treble damages under certain circumstances. Accordingly, provisions contained in the franchise agreement or elsewhere requiring franchisees to waive exemplary, punitive, or similar damages are void, except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel, in accordance with RCW 19.100.220(2).
11. **Franchisor's Business Judgement.** Provisions in the franchise agreement or related agreements stating that the franchisor may exercise its discretion on the basis of its reasonable business judgment may be limited or superseded by RCW 19.100.180(1), which requires the parties to deal with each other in good faith.
12. **Indemnification.** Any provision in the franchise agreement or related agreements requiring the franchisee to indemnify, reimburse, defend, or hold harmless the franchisor or other parties is hereby modified such that the franchisee has no obligation to indemnify, reimburse, defend, or hold harmless the franchisor or any other indemnified party for losses or liabilities to the extent that they are caused by the indemnified party's negligence, willful misconduct, strict liability, or fraud.
13. **Attorneys' Fees.** If the franchise agreement or related agreements require a franchisee to reimburse the franchisor for court costs or expenses, including attorneys' fees, such provision applies only if the franchisor is the prevailing party in any judicial or arbitration proceeding.
14. **Noncompetition Covenants.** Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provision contained in the franchise agreement or elsewhere that conflicts with these limitations is void and unenforceable in Washington.
15. **Nonsolicitation Agreements.** RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington.

16. **Questionnaires and Acknowledgments.** No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.
17. **Prohibitions on Communicating with Regulators.** Any provision in the franchise agreement or related agreements that prohibits the franchisee from communicating with or complaining to regulators is inconsistent with the express instructions in the Franchise Disclosure Document and is unlawful under RCW 19.100.180(2)(h).
18. **Advisory Regarding Franchise Brokers.** Under the Washington Franchise Investment Protection Act, a “franchise broker” is defined as a person that engages in the business of the offer or sale of franchises. A franchise broker represents the franchisor and is paid a fee for referring prospects to the franchisor and/or selling the franchise. If a franchisee is working with a franchise broker, franchisees are advised to carefully evaluate any information provided by the franchise broker about a franchise.

The undersigned parties do hereby acknowledge receipt of this Addendum.

If it is infeasible to return or destroy PHI, Health Mart will extend the protections to such information, in accordance with Section 5.3.

5.2 Termination. Upon either Party's knowledge of a material breach by the other Party of this Addendum, such Party may terminate this Addendum immediately if cure is not possible. Otherwise, the non-breaching Party will provide written notice to the breaching Party detailing the nature of the breach and providing an opportunity to cure the breach within thirty (30) business days. Upon the expiration of such thirty (30) day cure period, the non-breaching Party may terminate this BAA if the breaching Party does not cure the breach or if cure is not possible. If termination is not feasible, the non-breaching Party may report the breach or violation to the Secretary.

5.3 Effect of Termination.

5.3.1 Except as provided in Section 5.3.2, upon termination of the Agreement or this Addendum for any reason, Health Mart will return or destroy all PHI received from Pharmacy, or created or received by Health Mart on behalf of Pharmacy, at Pharmacy's expense, and will retain no copies of the PHI.

5.3.2 If it is infeasible for Health Mart to return or destroy the PHI upon termination of the Agreement or this Addendum, Health Mart will: (a) extend the protections of this Addendum to such PHI and (b) limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Health Mart maintains such PHI.

SECTION 6: COOPERATION IN INVESTIGATIONS

The Parties acknowledge that certain breaches or violations of this Addendum may result in litigation or investigations pursued by federal or state governmental authorities of the United States resulting in civil liability or criminal penalties. Each Party will cooperate in good faith in all respects with the other Party in connection with any request by a federal or state governmental authority for additional information and documents or any governmental investigation, complaint, action or other inquiry.

SECTION 7: SURVIVAL

The respective rights and obligations of Health Mart under Section 5.3 of this Addendum will survive the termination of this Addendum.

SECTION 8: AMENDMENT

This Addendum is subject to the Agreement only. This Addendum may be changed from time to time without notice. Continued use of the HMDP following any change constitutes acceptance of the change, and this Addendum.

In the event that a court or regulatory agency with authority over Health Mart or Pharmacy interprets the mandatory provisions of the Privacy Rule, the Security Rule, or the HIPAA Final Rule, in a way that is inconsistent with the provisions of this Addendum, such interpretation will control. Where provisions of this BAA are different from those mandated in the Privacy Rule, the Security Rule, or the HIPAA Final Rule, but are nonetheless permitted by such rules as interpreted by courts or agencies, the provisions of this BAA will control.

SECTION 10: LIMITATION OF LIABILITY

Under this Addendum, Health Mart's liability shall be limited to (1) any fines levied against the Pharmacy by a federal or state agency due to a breach of Unsecured PHI caused by Health Mart or (2) the actual costs of notifying affected individuals in the event of Breach of Unsecured PHI caused by Health Mart. In no event shall Health Mart or its affiliated parties be liable for any damages, costs or expenses including but not limited to special, indirect, incidental, or consequential damages of any kind whatsoever (including, without limitation, attorneys' fees) in any way due to, resulting from, or arising in connection with use of the HMDP and materials or use of a third-party website.

SECTION 11: COMPLETE AGREEMENT

This Addendum is the complete, final, and exclusive embodiment of the agreement between the parties with regard to this subject matter and supersedes any prior oral discussions or written communications and agreements.

WHEREAS, in order to induce McKesson to do business with:

(referred to herein as “**Debtor**”), including without limitation by extending credit to Debtor and making loans and other advances to Debtor, Guarantor has agreed to guaranty the obligations of Debtor to McKesson on the terms herein set forth.

WHEREAS, Guarantor hereby acknowledges that it will derive substantial benefits from McKesson’s business with, and loans and advances to, Debtor.

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, Guarantor hereby agrees as follows:

Guarantor absolutely, unconditionally and irrevocably guarantees, as primary obligor and not merely as surety, the full and prompt performance and payment when due, of all of Debtor’s present and future obligations to McKesson, whether direct or indirect, joint or several, absolute or contingent, secured or unsecured, matured or unmatured, existing on the date hereof or hereafter incurred, and whether originally contracted with McKesson or otherwise acquired by McKesson (collectively, the “**Obligations**”). This Guaranty is a continuing guaranty of payment and performance when due and not merely of collectability after judgment or other action against Debtor.

Guarantor agrees, without McKesson first having to proceed against Debtor or any security held by McKesson, (a) to pay on demand: (i) all sums due and to become due to McKesson from Debtor; (ii) all losses, costs, attorney’s fees or expenses which may be suffered by McKesson by reason of Debtor’s default on the Obligations; and (iii) any deficiency resulting from a sale of security held by McKesson even if the sale is made without notice to Guarantor and (b) to perform all Obligations. Guarantor’s obligations under this Guaranty are independent of and separate from the Obligations. Upon the occurrence and during the continuance of any default by Debtor, McKesson can sue Guarantor separately from Debtor, whether or not McKesson sues Debtor in such lawsuit and whether or not McKesson sues Debtor in a separate lawsuit. If McKesson proceeds with any course of action under this Guaranty or against Debtor, that choice shall not preclude McKesson from taking any other course of action.

This Guaranty shall not be affected by the termination or change in the relationship between Guarantor and Debtor. Guarantor assumes all responsibility for keeping informed of: (a) Debtor’s financial condition and assets; (b) all other circumstances bearing upon the risk of nonpayment of the Obligations; and (c) the nature, scope and extent of the risks which Guarantor assumes and incurs under this Guaranty. Guarantor agrees that McKesson shall have no duty to advise Guarantor of information known to McKesson regarding such circumstances or risks. Guarantor agrees that its obligations under this Guaranty shall not be discharged as a result of, or otherwise affected by, any invalidity or unenforceability against Debtor of the Obligations for any reason, or the insufficiency, invalidity, unenforceability or failure of perfection of, any security for the Obligations. Guarantor waives notice of McKesson’s acceptance of this Guaranty and of presentment, demand, protest and notice of non-payment or protest as to any note or obligation signed, accepted, endorsed or assigned to McKesson by Debtor. Guarantor also waives any other demands and notices required by law. Guarantor also waives all set-offs, counterclaims and rights of recoupment.

McKesson may at any time, without Guarantor’s consent, without notice to Guarantor and without affecting or impairing Guarantor’s obligations under this Guaranty, do any of the following: (a) renew, modify (including any increase or decrease in the rate of interest), or extend any Obligations, any obligations of any other guarantor of the Obligations, of any person or entity whose property serves as collateral for any of the Obligations, or of any other party at any time directly or contingently liable for any of the Obligations; (b) enter into additional extensions of credit to Debtor; (c) accept partial payments of the Obligations; (d) settle, release (by operation of law or otherwise), compound, compromise, collect or liquidate any of the Obligations and the security therefor in any manner; (e) consent to the transfer of security; or (f) bid and purchase at any sale of security.

If at any time performance and payment of any of the Obligations is rescinded or reduced in amount, or if McKesson must return any payments received from Debtor, this Guaranty shall be reinstated for the amount so reduced or returned. Guarantor agrees to, upon request from McKesson, deliver financial statements prepared by its accountants in accordance with generally accepted accounting principles on a basis consistently applied for the most recent fiscal quarter or year-end, to the extent not previously provided.

This Guaranty constitutes the complete understanding between McKesson and Guarantor with respect to the subject matter hereof. This Guaranty may be modified only in writing signed by the party against whom the modification is sought to be enforced. To be binding against McKesson, any modification must be signed by McKesson’s Vice President-Credit or a higher officer.

Guarantor represents that this Guaranty has been duly authorized by all necessary action and that its delivery to McKesson does not violate any contracts binding upon Guarantor. This Guaranty shall bind Guarantor’s successors and assigns, and shall inure to McKesson’s successors and assigns. Guarantor waives notice of any assignment of this Guaranty by McKesson. This Guaranty shall be governed by, and construed in accordance with, the laws of the State of Delaware, without regard to principles of conflicts of law that would result in the application of the laws of another jurisdiction.

Guarantor agrees to pay on demand all of McKesson’s losses, liabilities, costs and expenses, and the fees and disbursements of McKesson’s counsel (including allocated costs of internal counsel) in connection with: (a) the enforcement or attempted enforcement, or preservation of any rights or interests under this Guaranty; and (b) any out-of-court workout or other refinancing or restructuring or any bankruptcy case concerning Debtor or Guarantor.

Guarantor waives any right to a trial by jury in any action or proceeding to enforce or defend any rights under this Guaranty or any related agreement or under any amendment, instrument, document or agreement delivered or which may in the future be delivered in connection with this Guaranty, and agrees that any such action or proceeding will be tried before a court and not before a jury. Guarantor agrees not to assert any claim against McKesson on any theory of liability for special, indirect, consequential, incidental or punitive damages.

IN WITNESS WHEREOF, Guarantor has duly executed and delivered this Guaranty.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Health Mart Systems, Inc.

Opinion

We have audited the financial statements of Health Mart Systems, Inc. (the "Company"), which comprise the balance sheets as of March 31, 2025 and 2024, the related statements of operations and retained earnings, and cash flows for each of the three years in the period ended March 31, 2025, and the related notes to the financial statements (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of March 31, 2025 and 2024 and the results of its operations and its cash flows for each of the three years ended March 31, 2025 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1, 3, and 5 to the financial statements, the Company engages in significant related party transactions. Accordingly, the financial statements may not be indicative of financial conditions that would have existed or the results of operations that would have been achieved if the Company had operated without such affiliation. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee

that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED MARCH 31, 2025, 2024 AND 2023

1. ORGANIZATION AND BUSINESS

Health Mart Systems, Inc. (the "Company") is a wholly owned subsidiary of McKesson Corporation ("McKesson," or the "Parent"). The Company offers franchises for sale that provide independent retailers with a name and logo to foster regional recognition and a non-exclusive trade area. The Company also sells signs, and decorative accessories to its franchisees, and provides marketing support services to McKesson (see Note 3). The franchisees pay franchise fees and generally purchase certain goods, supplies, and services from the Company or its affiliates. The Company receives managerial and administrative services from McKesson and the Company utilizes the McKesson cash management program to facilitate working capital receipts and payments. In addition, the Company receives fees from McKesson for channel management services. As such, the Company's financial position, results of operations, and cash flows may not be indicative of conditions that would have existed or results that would have occurred had the Company operated as a stand-alone entity.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Fiscal Period — The Company's fiscal year begins on April 1 and ends on March 31. Unless otherwise noted, all references in this document to a particular year shall mean the Company's fiscal year.

Use of Estimates — The preparation of the financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during such reporting periods. Actual results could differ from these estimates.

McKesson Cash Management Program — As discussed in Note 3, the Company participates in the McKesson cash management program. As part of this program, McKesson collects and distributes cash on behalf of the Company. As such, the Company has no direct cash flows. The net effect of the cash inflows and outflows under the program is presented in the statements of cash flows as an operating activity. The Company's balance under such program is available on demand.

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED MARCH 31, 2025, 2024 AND 2023

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounts Receivable and Allowances for Credit Losses - The Company's receivables are presented net of an allowance for credit losses and primarily consist of trade accounts receivable from customers that result from the sale of goods and services. The Company is exposed to credit losses on accounts receivable balances, which are estimated based on historical credit losses, the current economic environment, as well as reasonable and supportable forecasts to develop its allowance for credit losses. The amounts recorded for credit losses as of March 31, 2025 and 2024 are immaterial.

Prepaid Expenses — Prepayments include costs relating to future periods and are measured at cost. Prepaid expenses are amortized over the service term.

Income Taxes — The Company is included in the McKesson Corporation U.S. consolidated income tax return. The Company has calculated income taxes on a separate return basis whereby current and deferred taxes are calculated pursuant to the asset and liability method as if the Company were a separate taxpayer.

This approach requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the book carrying amounts and the tax basis of assets and liabilities. Income taxes are recognized based on the amounts that more likely than not will be sustained upon ultimate settlement with taxing authorities. The liability for income taxes is settled with McKesson through the cash management program. For balance sheet purposes, amounts have been recorded as "Deferred tax assets" or "Deferred tax liabilities," if applicable.

Retained Earnings — The change in retained earnings for the years ended March 31, 2025, 2024, and 2023 is related to net income of \$9,541,218, \$11,252,110, and \$8,640,959 respectively.

Revenue Recognition — The Company derives its revenues primarily from the following services:

	2025	2024	2023
Franchise fees	\$ 21,097,867	\$ 23,472,272	\$ 17,486,602
Channel management service fees	12,395,436	14,500,289	14,151,272
Merchandise revenue and other	1,139,011	1,248,797	2,182,166
	<u>\$ 34,632,314</u>	<u>\$ 39,221,358</u>	<u>\$ 33,820,040</u>

Franchise fees: The Company provides multiple resources and stand-ready services to customers that join the Health Mart franchise for an agreed upon monthly fee as well as additional fees for some optional services. Revenue is recognized over time when services and access to resources have been provided to the customer.

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED MARCH 31, 2025, 2024 AND 2023

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Channel management service fees: The Company entered into a services agreement with McKesson to provide marketing, oversight, and communication services to pharmacies that join the Health Mart franchise (the "Services Agreement"). Revenue is recognized over time when services are provided.

Merchandise revenue and other: The Company sells Health Mart branded fixtures and décor to customers who join the Health Mart franchise and also provides services to non-franchisee and non-McKesson parties. Revenue from merchandise sales and other services is recognized at a point in time upon transfer of goods or services to customers. Amounts include revenue earned by the Company associated with services rendered to related parties. Related party revenue was \$694,970, \$691,101, and \$1,301,550 for the years ended March 31, 2025, 2024, and 2023, respectively.

Revenues are recorded gross when the Company is the principal in the transaction, has the ability to direct the use of the goods or services prior to transfer to a customer, is responsible for fulfilling the promise to its customer, has latitude in establishing prices, and controls the relationship with the customer. Revenues are recorded net when the Company is the agent in the transaction. The Company records its revenues net of sales taxes. Franchise fees and merchandise revenue and other are due within one month subsequent to when the revenue is recognized. Channel management service fees are due on demand.

There were no contract assets, contract liabilities, or deferred contract costs recorded on the balance sheet as of March 31, 2025 and 2024.

Advertising Expenses - Costs for advertising are expensed when incurred. Advertising costs are included in selling, general and administrative and were \$1,293,506, \$4,867,896, and \$4,757,837 for the years ended years ended March 31, 2025, 2024, and 2023, respectively.

Recently Issued Accounting Pronouncements - On December 14, 2023, the FASB issued ASU 2023-09, *Improvements to Income Tax Disclosures*, and applies to all entities subject to income taxes. The standard requires disaggregated information about a reporting entity's effective tax rate reconciliation as well as information on income taxes paid. The standard is intended to benefit investors by providing more detailed income tax disclosures that would be useful in making capital allocation decisions. For nonpublic business entities, this standard will be effective for annual periods beginning after December 15, 2025.

NOTES TO FINANCIAL STATEMENTS

3. RELATED-PARTY TRANSACTIONS

Substantially all of the Company's sales and consulting services are with customers that are also customers of McKesson.

The Company has entered into contracts with customers along with its Parent and other affiliates, which are under common control of the Parent. As part of the franchise services, certain of the Company's affiliates provide services to the Company's customers. The Company incurred expenses of \$5,593,666 and \$5,388,020 for the years ended March 31, 2025 and 2024, respectively, to provide access for franchisees to a Pharmacy Services Administrative Organization owned by an affiliate and certain affiliate marketing expenses. These costs are included as a cost of services provided.

Pursuant to an agreement with McKesson, the Company participates daily in the McKesson cash management program, invests excess cash with McKesson, and has access to the cash invested. As the Company does not retain any cash balances, all operating costs of the Company are funded by McKesson. Receivables arising from sales and consulting services are collected by McKesson. The agreement between the Company and McKesson was amended for fiscal year 2025 and resulted in a change of interest rate earned by the Company on cash balances held by McKesson. For the fiscal year 2024 and 2023, the Company's cash management program balance earned interest at prime, plus 1% (9.50% at March, 31 2024, and 8.82% at March 31, 2023). Beginning April 1, 2024, the program earns interest at the average Secured Overnight Financing Rate (SOFR) (4.91% at March 31, 2025) and is available on demand.

The Company pays McKesson, through the cash management program, for certain administrative services performed by McKesson. Under this arrangement, the Company is required to reimburse McKesson for administrative and back-office services at an amount equal to allocated costs. Such amounts were estimated to be \$2,577,577, \$1,406,628 and \$1,717,497 for the years ended March 31, 2025, 2024, and 2023 respectively, and are included in selling, general, and administrative expenses.

The salary costs for direct employees are charged directly to the Company and includes stock-based compensation of \$263,886, \$336,987, and \$331,836 for the years ended March 31, 2025, 2024, and 2023 respectively, and are included in selling, general, and administrative expenses. McKesson issues the stock-based compensation to the Company's employees and the Company reimburses McKesson for the allocable share of the compensation. All such employees are eligible to participate in the benefit plans offered by McKesson.

HEALTH MART SYSTEMS, INC.
(A Wholly Owned Subsidiary of McKesson Corporation)

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED MARCH 31, 2025, 2024 AND 2023

3. RELATED-PARTY TRANSACTIONS (CONTINUED)

The Services Agreement provides for the Company to earn fees from McKesson for channel management services. Such fees are based on the cost of such services provided, plus 5%. Under the agreement, the Company recognized revenue of \$12,395,436, \$14,500,289, and \$14,151,272 for the years ended March 31, 2025, 2024, and 2023 respectively.

As discussed in Note 5, as of March 31, 2025 and 2024, the Company's total litigation liability of \$27,419,756 and \$29,142,407, respectively, reflects an estimate of the Company's portion of the expected settlements and/or judgments arising from the opioid-related claims of governmental entities, including Native American tribes, and certain non-governmental plaintiffs, including a settlement with certain third-party payors and a nationwide class of acute care hospitals.

To insure against losses arising from such opioid-related claims brought by governmental entities, the Company obtained insurance coverage from a captive insurance company wholly owned by McKesson ("the Captive"). The cost of the insurance coverage was funded through a cash capital contribution which the Company received from McKesson in fiscal year 2021. As it is probable that the insurance coverage will provide a substantial recovery of the opioid-related loss allocated to the Company related to national settlements as of March 31, 2025 and 2024, the Company has also recognized an insurance receivable due from the Captive of \$26,289,286 and \$28,503,427, respectively.

4. INCOME TAXES

The Company's total effective tax rate was 25.2%, 25.0%, and 24.6%, for years ended March 31, 2025, 2024, and 2023, respectively. State income taxes accounted for 4.2%, 4.0%, and 4.0% of the total effective tax rate before federal benefit of state deduction, for years ended March 31, 2025, 2024, and 2023, respectively. The difference between the effective tax rate and the statutory tax rate primarily relates to the impact of state taxes for fiscal year 2025, including the adjustments to the unrecognized tax benefits noted below.

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED MARCH 31, 2025, 2024 AND 2023

4. INCOME TAXES (CONTINUED)

The Company assesses the available positive and negative evidence to determine whether deferred tax assets are more likely than not to be realized.

A valuation allowance has not been recorded as the trend in adjusted earnings in the past three years indicate positive earnings. It is more likely than not the Company will have the ability to generate sufficient taxable income after considering all available positive and negative evidence as of March 31, 2025 and 2024.

The Company reports interest and penalties on income taxes as income tax expense. No material interest and penalties have been recognized in fiscal year 2025, fiscal year 2024 and fiscal year 2023.

Unrecognized tax benefit consists of the following:

	Years Ended March 31,	
	2025	2024
Unrecognized tax benefits at beginning of period	\$ 2,009,437	\$ 2,009,437
Additions (reductions) based on tax positions related to prior year	(13,278)	-
Unrecognized tax benefits at end of period	\$ 1,996,159	\$ 2,009,437

Income taxes are recognized based on the amounts that more likely than not will be sustained upon ultimate settlement with taxing authorities. As of March 31, 2025, the Company had \$1,996,159 of unrecognized tax benefits related to the uncertainty in connection with the deductibility of opioid-related litigation and claims. The slight decrease in unrecognized tax benefits in fiscal year 2025 is primarily attributable to opioid-related litigation adjustments based on the latest developments. Because many uncertainties associated with any potential settlement arrangements or other resolutions of opioid-related claims including provisions related to deductibility have not been finalized, the actual amount of the tax benefit related to uncertain tax positions may differ from these estimates. See Note 5.

5. COMMITMENTS AND CONTINGENT LIABILITIES

In addition to commitments and obligations incurred in the ordinary course of business, the Company is subject to a variety of claims and legal proceedings, including claims from customers and vendors, pending and potential legal actions for damages, governmental investigations, and other matters. The Company vigorously defends itself against those claims and in those proceedings.

HEALTH MART SYSTEMS, INC.

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED MARCH 31, 2025, 2024 AND 2023

5. COMMITMENTS AND CONTINGENT LIABILITIES (CONTINUED)

When a loss is considered probable and reasonably estimable, the Company records a liability for an estimated amount. However, the likelihood of a loss with respect to a particular contingency is often difficult to predict and determining a meaningful estimate of the loss or a range of loss may not be practicable based on the information available and the potential effect of future events and decisions by third parties that will determine the ultimate resolution of the contingency. Moreover, it is not uncommon for such matters to be resolved over many years, during which time relevant developments and new information must be reevaluated at least quarterly to determine both the likelihood of potential loss and whether it is possible to reasonably estimate a range of possible loss. When a loss is probable, but a reasonable estimate cannot be made, disclosure of the proceeding is provided.

Disclosure also is provided when it is reasonably possible that a loss will be incurred or when it is reasonably possible that the amount of a loss will exceed the recorded provision. The Company reviews contingencies annually to determine whether the likelihood of loss has changed and to assess whether a reasonable estimate of the loss or range of loss can be made. As discussed above, development of a meaningful estimate of loss or a range of potential loss is complex when the outcome is directly dependent on negotiations with or decisions by third parties, such as regulatory agencies, the court system, and other interested parties. Such factors bear directly on whether it is possible to reasonably estimate a range of potential loss and boundaries of high and low estimates.

The Company is a party to the legal proceedings described below. Unless otherwise stated, it is currently unable to estimate a range of reasonably possible losses for the unresolved proceedings described below. If the Company is unsuccessful in defending, or if it determines to settle, any of these matters, it may be required to pay substantial sums, be subject to injunction, and/or be forced to change the manner in which the Company operates its business, which could have a material adverse impact on its financial position or results of operations.

Litigation claims: The Parent and its affiliates were sued in many cases asserting claims related to distribution of controlled substances. The plaintiffs in those actions included state attorneys general, county and municipal governments, school districts, tribal nations, hospitals, health and welfare funds, third-party payors, and individuals. Those actions were filed in state and federal courts throughout the U.S., and in Puerto Rico and Canada. They have sought monetary damages and other forms of relief based on a variety of causes of action, including negligence, public nuisance, unjust enrichment, and civil conspiracy, as well as alleging violations of the Racketeer Influenced and Corrupt Organizations Act ("RICO"), state and federal controlled substances laws, and other statutes.

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED MARCH 31, 2025, 2024 AND 2023

5. COMMITMENTS AND CONTINGENT LIABILITIES (CONTINUED)

The majority of the cases were brought by state and local government entities in the U.S. Our Parent and two other national pharmaceutical distributors (collectively "Distributors") entered into a settlement agreement (the "Settlement") with 48 states and their participating subdivisions, as well as the District of Columbia and all eligible territories (the "Settling Governmental Entities"). Our Parent has paid the Settling Governmental Entities approximately \$2.0 billion as of March 31, 2025, and, under the Settlement, will pay the Settling Governmental Entities additional amounts up to approximately \$5.9 billion through 2038. A minimum of 85% of the Settlement payments must be used by state and local governmental entities to remediate the opioid epidemic. Most of the remaining percentage relates to plaintiffs' attorneys' fees and costs and is payable over a shorter time period. Under the Settlement, the Distributors will establish a clearinghouse to consolidate their controlled-substance distribution data, which will be available to the settling U.S. states to use as part of their anti-diversion efforts. The Distributors do not admit liability or wrongdoing and do not waive any defenses pursuant to the Settlement.

Alabama and West Virginia did not participate in the Settlement. Under a separate agreement with Alabama and its subdivisions, our Parent has paid approximately \$75 million as of March 31, 2025, and will pay additional amounts totaling approximately \$99 million through 2031. Our Parent previously settled with the state of West Virginia in 2018, and West Virginia and its subdivisions were not eligible to participate in the Settlement. After a trial, the claims of two West Virginia subdivisions, Cabell County and the City of Huntington, were decided in our Parent's favor on July 4, 2022. That decision is under appeal. The claims of certain other West Virginia subdivisions were settled pursuant to a separate settlement agreement. Our Parent has paid the settling subdivisions \$68 million as of March 31, 2025 and will pay additional amounts totaling approximately \$84 million through 2033. All participating litigating subdivisions have dismissed their claims against our Parent, but the agreement does not include school districts or the claims of Cabell County and the City of Huntington.

Some other state and local governmental subdivisions did not participate in the Settlement, including certain municipal governments, government hospitals, school districts, and government-affiliated third-party payors. The Parent contends that those subdivisions' claims are foreclosed by the Settlement or other dispositive defenses, but the subdivisions contend that their claims are not foreclosed.

5. COMMITMENTS AND CONTINGENT LIABILITIES (CONTINUED)

The City of Baltimore, Maryland, is one such subdivision. A trial of its claims against the Parent and another national pharmaceutical distributor began on September 16, 2024 in the Circuit Court of Maryland for Baltimore City, Mayor and City Council of Baltimore v. Purdue Pharma LP, No. 24-C-18-000515. Baltimore claims that the defendants' distribution of controlled substances to certain pharmacies in the City of Baltimore and Baltimore County caused a public nuisance. On November 12, 2024, the jury returned a verdict finding the Parent liable and assessing approximately \$192 million in compensatory damages. On June 12, 2025, the court granted remittitur of the verdict, reducing compensatory damages to \$37 million. Plaintiff must decide whether to accept the reduced damages or seek a new trial. After the Plaintiff decides whether to accept the reduced damages, the court may determine whether to award abatement relief. The Parent believes it has valid bases to challenge the verdict and is prepared to appeal. Because of the many bases to challenge the verdict, the Parent has not adjusted its litigation reserve as a result of the jury verdict.

The Parent also entered into settlement agreements for opioid-related claims of federally recognized Native American tribes. Under the agreements, the Parent has paid the settling Native American tribes \$112 million as of March 31, 2025, and will pay additional amounts totaling approximately \$84 million through 2027. Under these agreements, a minimum of 85% of the settlement payments must be used by the Native American tribes to remediate the opioid epidemic.

The Parent's estimated accrued liability for the opioid-related claims of governmental entities including Native American Tribes was \$6.1 billion and \$6.6 billion as of March 31, 2025 and 2024 respectively, of which \$26 million and \$29 million was recorded by the Company for the year ended March 31, 2025 and 2024, respectively. The amount allocated to the Company was based on historical operating profit.

During fiscal 2025, our Parent paid approximately \$515 million associated with the Settlement and separate settlement agreements of opioid-related claims of participating states, subdivisions, and Native American tribes. As of March 31, 2025, it has reimbursed the Parent for our portion of settlement payments, which totaled approximately \$10 million since inception.

5. COMMITMENTS AND CONTINGENT LIABILITIES (CONTINUED)

The Company remains named as a defendant in approximately three cases that were not dismissed through the settlements described above. Because of the many uncertainties associated with opioid-related litigation matters, it is not able to conclude that a liability is probable or provide a reasonable estimate for the range of ultimate possible loss for opioid-related litigation matters other than those for which an accrual is described below.

Though the vast majority of opioid claims were brought by governmental entities in the U.S. and were resolved by the Settlement, our Parent is also a defendant in cases brought in the U.S. by private plaintiffs, such as hospitals, health and welfare funds, third-party payors, and individuals. These claims, and those of private entities generally, are not included in the Settlement or in the charges recorded by the Company or our Parent, described above.

With respect to the acute care hospitals for the year ended March 31, 2024, the Parent recorded a charge of \$149 million in its Consolidated Statement of Operations to reflect its portion of a settlement with a nationwide class of acute care hospitals and the corresponding liability was included within "Other accrued liabilities" in the Consolidated Balance Sheet. The Company recorded \$0.6 million of the settlement for the year ended March 31, 2024. The amount allocated to the Company was based on historical operating profit. On October 30, 2024, the U.S. District Court for the District of New Mexico granted preliminary approval to the proposed settlement, pursuant to which the Parent placed approximately \$149 million into escrow on November 27, 2024. On March 4, 2025, the Court granted final approval to the settlement, which became effective on April 4, 2025. The escrow payment was presented as restricted cash within "Prepaid expenses and other" in the Parent's Consolidated Balance Sheet as of March 31, 2025.

With respect to the third-party payors, for the year ended March 31, 2025, the Parent recorded a charge of \$114 million in its Consolidated Statement of Operations to reflect its portion of a settlement with a group of third-party payors and the corresponding liability was included within "Other accrued liabilities" in the Consolidated Balance Sheet. The Company recorded \$0.5 million of the settlement for the year ended March 31, 2025. The amount allocated to the Company was based on historical operating profit. On January 15, 2025, the U.S. District Court for the Northern District of Ohio overruled objections to the settlement and granted final approval to the settlement, pursuant to which the Parent placed approximately \$114 million into escrow on February 12, 2025. The escrow payment was presented as restricted cash within "Prepaid expenses and other" in the Parent's Consolidated Balance Sheet as of March 31, 2025. An insurer that objected to the settlement has appealed, and, as a result of the appeal, the settlement has not become effective.

5. COMMITMENTS AND CONTINGENT LIABILITIES (CONTINUED)

Because of the many uncertainties associated with the remaining opioid-related litigation matters, the Company is not able to reasonably estimate the upper or lower ends of the range of ultimate possible loss for all opioid-related litigation matters. An adverse judgment or negotiated resolution in any of these matters could have a material adverse impact on the Company's financial position, cash flows or liquidity, or results of operations.

McKESSON CORPORATION**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Stockholders and the Board of Directors of McKesson Corporation

Opinions on the Financial Statements and Internal Control over Financial Reporting

We have audited the accompanying consolidated balance sheets of McKesson Corporation and subsidiaries (the "Company") as of March 31, 2025, and 2024, the related consolidated statements of operations, comprehensive income, stockholders' equity (deficit), and cash flows, for each of the three years in the period ended March 31, 2025, and the related notes and the schedule listed in the Index at Item 15 (collectively referred to as the "financial statements"). We also have audited the Company's internal control over financial reporting as of March 31, 2025, based on criteria established in *Internal Control — Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of March 31, 2025, and 2024, and the results of its operations and its cash flows for each of the three years in the period ended March 31, 2025, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of March 31, 2025, based on criteria established in *Internal Control — Integrated Framework (2013)* issued by COSO.

Basis for Opinions

The Company's management is responsible for these financial statements, for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying *Management's Annual Report on Internal Control Over Financial Reporting*. Our responsibility is to express an opinion on these financial statements and an opinion on the Company's internal control over financial reporting based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud, and whether effective internal control over financial reporting was maintained in all material respects.

Our audits of the financial statements included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures to respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

McKESSON CORPORATION**Definition and Limitations of Internal Control over Financial Reporting**

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Critical Audit Matter

The critical audit matter communicated below is a matter arising from the current-period audit of the financial statements that was communicated or required to be communicated to the audit committee and that (1) relates to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing a separate opinion on the critical audit matter or on the accounts or disclosures to which it relates.

Uncertain Tax Position, Opioid-Related Claims - refer to Note 1 and Note 6 to the financial statements***Critical Audit Matter Description***

The Company has recorded charges and related tax benefit for opioid-related claims. In order to account for the uncertainty associated with the ultimate realization of the income tax benefit related to opioid-related claims, the Company recorded an uncertain tax position reserve. Tax benefits from uncertain tax positions are recognized when, based upon the technical tax merits, it is more likely than not that the position will be sustained upon examination, including resolutions of any related appeals or litigation processes. The net amount of income tax benefit recognized by management is measured as the largest amount of tax benefit that is greater than 50 percent likely of being realized. The Company uses significant judgment in evaluating the technical tax merits of income tax benefits that qualify for recognition, including the determination of the amount that is more likely than not of being realized for U.S. federal and state income tax purposes.

We identified the Company's uncertain tax position related to liabilities arising from opioid-related claims as a critical audit matter because of the challenges in auditing management's estimate of the amount of income tax benefit that qualifies for recognition. Specifically, there is significant judgment associated with the assessment of the technical tax merits, including the related interpretation of applicable tax laws and regulations. Auditing the uncertain tax position related to liabilities arising from opioid-related claims required a high degree of auditor judgment and an increased extent of effort, including the need to involve our tax specialists.

McKESSON CORPORATION*How the Critical Audit Matter Was Addressed in the Audit*

Our audit procedures related to the Company's uncertain tax position associated with liabilities arising from opioid-related claims included the following, among others:

- We tested the effectiveness of the Company's internal control related to management's assessment of the technical merits of its tax position and the amount of benefit more likely than not to be realized related to liabilities arising from opioid-related claims.
- With the assistance of our income tax specialists, we evaluated the facts, evidence and the Company's related income tax analysis for the uncertain tax position reserve associated with liabilities arising from opioid-related claims.
- We held inquiries with the Company's internal and external income tax specialists related to the uncertain tax position for liabilities arising from opioid-related claims.
- We evaluated any events after March 31, 2025, that might affect management's accounting treatment and related applicable disclosures.
- We obtained written representations from executives and internal legal counsel of the Company.
- We obtained and reviewed terms related to the Company's settlements of opioid-related claims and evaluated them against the deductibility criteria set forth by relevant tax laws and regulations.
- We evaluated the Company's related disclosures for consistency with our testing and also searched for contradictory evidence by reading disclosures from peer companies, who are also party to opioid-related litigation.

McKESON CORPORATION

FINANCIAL NOTES

1. Significant Accounting Policies

Nature of Operations: McKesson Corporation together with its subsidiaries (collectively, the “Company” or “McKesson”) is a diversified healthcare services leader dedicated to advancing health outcomes for patients everywhere. McKesson partners with biopharma companies, care providers, pharmacies, manufacturers, governments, and others to deliver insights, products, and services to help make quality care more accessible and affordable. The Company reports its financial results in four reportable segments: U.S. Pharmaceutical, Prescription Technology Solutions (“RxTS”), Medical-Surgical Solutions, and International. Refer to [Financial Note 20, “Segments of Business,”](#) for additional information.

Basis of Presentation: The consolidated financial statements and accompanying notes are prepared in accordance with United States (“U.S.”) generally accepted accounting principles (“GAAP”). The consolidated financial statements of McKesson include the financial statements of all majority-owned or controlled companies. For those consolidated subsidiaries where the Company’s ownership is less than 100%, the portion of the net income or loss allocable to the noncontrolling interests is reported as “Net income attributable to noncontrolling interests” in the Consolidated Statements of Operations. All significant intercompany balances and transactions have been eliminated in consolidation, including the intercompany portion of transactions with equity method investees.

The Company considers itself to control an entity if it is the majority owner of or has voting control over such entity. The Company also assesses control through means other than voting rights and determines which business entity is the primary beneficiary of the variable interest entity (“VIE”). The Company consolidates VIEs when it is determined that it is the primary beneficiary of the VIE. Investments in business entities in which the Company does not have control, but instead has the ability to exercise significant influence over operating and financial policies, are accounted for using the equity method.

Fiscal Period: The Company’s fiscal year begins on April 1 and ends on March 31. Unless otherwise noted, all references to a particular year shall mean the Company’s fiscal year.

Reclassifications: Certain prior period amounts have been reclassified to conform to the current year presentation.

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Company to make estimates and assumptions that affect the reported amounts in the consolidated financial statements and accompanying notes. Actual amounts could differ from those estimated amounts.

Cash and Cash Equivalents: All highly liquid debt and money market instruments purchased with an original maturity of three months or less at the date of acquisition are included in cash and cash equivalents. Cash equivalents are carried at fair value. Cash equivalents are primarily invested in AAA-rated U.S. government money market funds, short-term deposits with financial institutions, and short-term commercial papers issued by non-financial institutions. Deposits with financial institutions are primarily denominated in U.S. dollars and the functional currencies of the Company’s foreign subsidiaries, including Canadian dollars, Euro, and British pounds sterling. Deposits could exceed the amounts insured by the Federal Deposit Insurance Corporation in the U.S. and similar deposit insurance programs in other jurisdictions. The Company mitigates the risk of its short-term investment portfolio by depositing funds with reputable financial institutions and monitoring risk profiles and investment strategies of money market funds.

Restricted Cash: Cash that is subject to legal restrictions or is unavailable for general operating purposes is classified as restricted cash and is included in “Prepaid expenses and other” and “Other non-current assets” in the Consolidated Balance Sheets.

Equity Method Investments: Investments in business entities in which the Company does not have control, but instead has the ability to exercise significant influence over operating and financial policies, are accounted for using the equity method. The Company evaluates its equity method investments for impairment whenever an event or change in circumstances occurs that could have a significant adverse impact on the carrying value of the investment. If a loss in value has occurred that is deemed to be other-than-temporary, an impairment loss is recorded.

Receivables, Net and Allowances for Credit Losses: The Company’s receivables are presented net of an allowance for credit losses and primarily consist of trade accounts receivable from customers that result from the sale of goods and services. Receivables, net also includes other receivables, which primarily represent amounts due from suppliers.

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

The Company is exposed to credit losses on accounts receivable balances. The Company estimates credit losses by considering historical credit losses, the current economic environment, customer credit ratings, collections on past due amounts, legal disputes, and bankruptcies, as well as reasonable and supportable forecasts to develop its allowance for credit losses. Management reviews these factors quarterly to determine if any adjustments are needed to the allowance.

Trade accounts receivable represent the majority of the Company's financial assets, for which an allowance for credit losses of \$450 million and \$864 million were included in "Receivables, net" in the Consolidated Balance Sheets as of March 31, 2025 and 2024, respectively. The increase in the allowance for the year ended March 31, 2024 was primarily due to a provision for bad debts recognized of \$725 million related to the bankruptcy of the Company's customer Rite Aid Corporation (including certain of its subsidiaries, "Rite Aid"). In October 2023, Rite Aid filed a voluntary petition for reorganization under Chapter 11 of the Bankruptcy Code and this amount represents the uncollected trade accounts receivable balance due from Rite Aid prior to its bankruptcy petition filing. During the year ended March 31, 2025, the Company reassessed its initial estimates made in conjunction with the previously reserved prepetition balances, including cash received during the period, resulting in a reversal of \$206 million recorded within "Selling, distribution, general, and administrative expenses" in the Company's Consolidated Statements of Operations and included within the U.S. Pharmaceutical segment. During the year ended March 31, 2025, the Company released \$237 million of allowance for doubtful accounts against trade accounts receivables, representing the write-off of uncollectible receivables related to the Rite Aid provision in the Consolidated Balance Sheet.

The following table presents the components of the Company's receivables as of March 31, 2025 and 2024:

(In millions)	March 31,	
	2025	2024
Customer accounts	\$ 22,281	\$ 19,439
Other	3,862	3,104
Total receivables	26,143	22,543
Allowances	(500)	(921)
Receivables, net	\$ 25,643	\$ 21,622

Concentrations of Credit Risk and Receivables: The Company's trade accounts receivable are subject to concentrations of credit risk with customers primarily in its U.S. Pharmaceutical segment. During fiscal 2025, sales to the Company's ten largest customers, including group purchasing organizations ("GPOs"), accounted for approximately 72% of its total consolidated revenues and approximately 48% of total trade accounts receivable at March 31, 2025. Sales to the Company's largest customer, CVS Health Corporation ("CVS"), accounted for approximately 24% of its total consolidated revenues in fiscal 2025 and comprised approximately 23% of total trade accounts receivable at March 31, 2025. As a result, the Company's sales and credit concentration is significant. The Company has agreements with GPOs, each of which functions as a purchasing agent on behalf of member hospitals, pharmacies, and other healthcare providers, as well as with government entities and agencies. The accounts receivable balances are with individual members of the GPOs, and therefore no significant concentration of credit risk exists. A material default in payment, a material reduction in purchases from GPOs or any other large customers, or the loss of a large customer or customer groups could have a material adverse impact on the Company's financial condition, results of operations, and liquidity. In addition, trade accounts receivables are subject to concentrations of credit risk with customers in the institutional, retail, and healthcare provider sectors, which can be affected by a downturn in the economy, changes in reimbursement policies, and other factors. This credit risk is mitigated by the size and diversity of the Company's customer base as well as its geographic dispersion.

Inventories: Inventories consist of merchandise held for resale. The Company reports inventories at the lower of cost or net realizable value, except for inventories determined using the last-in, first-out ("LIFO") method which are valued at the lower of LIFO cost or market. The LIFO method presumes that the most recent inventory purchases are the first items sold and the inventory cost under LIFO approximates market. The majority of the cost of domestic inventories is determined using the LIFO method. The majority of the cost of inventories held in foreign and certain domestic locations is based on the first-in, first-out ("FIFO") method or weighted-average purchase prices. Rebates, cash discounts, and other incentives received from vendors are recognized in cost of sales upon the sale of the related inventory.

McKESSON CORPORATION

FINANCIAL NOTES (Continued)

At March 31, 2025 and 2024, total inventories, net were \$23.0 billion and \$21.1 billion, respectively, in the Company's Consolidated Balance Sheets. The LIFO method was used to value approximately 63% and 62% of the Company's inventories at March 31, 2025 and 2024, respectively. If the Company had used the moving average method of inventory valuation, inventories would have been approximately \$309 million and \$227 million higher than the amounts reported at March 31, 2025 and 2024, respectively. These amounts are equivalent to the Company's LIFO reserves. A LIFO charge is recognized when the net effect of price increases on pharmaceutical and non-pharmaceutical products held in inventory exceeds the impact of price declines, including the effect of branded pharmaceutical products that have lost market exclusivity. A LIFO credit is recognized when the net effect of price declines exceeds the impact of price increases on pharmaceutical and non-pharmaceutical products held in inventory. The Company recognized a LIFO charge of \$82 million in fiscal 2025, a LIFO credit of \$157 million in fiscal 2024, and a LIFO charge of \$1 million in fiscal 2023, all within "Cost of sales" in its Consolidated Statements of Operations. The LIFO charge in fiscal 2025 compared to a LIFO credit in fiscal 2024 was primarily due to higher brand inflation in the current fiscal year. The LIFO credit in fiscal 2024 compared to a LIFO charge in fiscal 2023 was primarily due to lower brand inflation, offset by higher brand inventory levels, lower deflation from off patent launch activity, and lower generics deflation. The Company's LIFO valuation amount includes both pharmaceutical and non-pharmaceutical products.

The Company believes that the moving average inventory costing method provides a reasonable estimation of the current cost of replacing inventory (i.e., "market"). As such, its LIFO inventory is valued at the lower of LIFO cost or market. As of March 31, 2025 and 2024, inventories at LIFO did not exceed market.

Shipping and Handling Costs: The Company includes costs to pack and deliver inventory to its customers in "Selling, distribution, general, and administrative expenses" in its Consolidated Statements of Operations. Shipping and handling costs of \$1.1 billion, \$1.1 billion, and \$1.2 billion were recognized in fiscal 2025, fiscal 2024, and fiscal 2023, respectively.

Held for Sale: Assets and liabilities to be disposed of by sale ("disposal groups") are classified as "held for sale" if their carrying amounts are principally expected to be recovered through a sale transaction rather than through continuing use. The classification occurs when the disposal group is available for immediate sale and the sale is probable. These criteria are generally met when management has committed to a plan to sell the assets within one year. Disposal groups are measured at the lower of carrying amount or fair value less costs to sell, and long-lived assets included within the disposal group are not depreciated or amortized. The fair value of a disposal group, less any costs to sell, is assessed during each reporting period it remains classified as held for sale, and any remeasurement to the lower of carrying value or fair value less costs to sell is reported as an adjustment to the carrying value of the disposal group. When the net realizable value of a disposal group increases during a period, a gain can be recognized to the extent that it does not increase the value of the disposal group beyond its original carrying value when the disposal group was reclassified as held for sale. Refer to [Financial Note 2, "Business Acquisitions and Divestitures,"](#) for additional information.

Property, Plant, and Equipment, Net: Property, plant, and equipment, net is stated at historical cost and depreciated under the straight-line method over the estimated useful life of each asset, which ranges from 15 to 30 years for building and improvements and three to 15 years for machinery, equipment, and other. Leasehold improvements and property, plant, and equipment, net under finance leases are amortized over their respective useful lives of the right-of-use ("ROU") asset or over the term of the lease, whichever is shorter. Depreciation and amortization begins when an asset is placed in service and ready for its intended use. Repairs and maintenance costs are expensed as incurred. When certain events or changes in circumstances indicate that the carrying amount of an asset or asset group may not be recoverable, an impairment assessment may be performed on the recoverability of the carrying amounts.

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

The following table presents the components of the Company's property, plant, and equipment, net as of March 31, 2025 and 2024:

(In millions)	March 31,	
	2025	2024
Land	\$ 104	\$ 109
Building and improvements	1,433	1,482
Machinery, equipment, and other	2,772	2,751
Construction in progress	722	441
Total property, plant, and equipment	5,031	4,783
Accumulated depreciation and amortization	(2,529)	(2,467)
Property, plant, and equipment, net	\$ 2,502	\$ 2,316

Total depreciation expense for property, plant, and equipment, net and amortization of the ROU assets of finance leases was \$272 million, \$279 million, and \$272 million for the years ended March 31, 2025, 2024, and 2023, respectively.

Leases: The Company leases facilities and equipment primarily under operating leases. The Company recognizes lease expense on a straight-line basis over the term of the lease, taking into account, when applicable, lessor incentives for tenant improvements, periods where no rent payment is required, and escalations in rent payments over the term of the lease. As a practical expedient, the Company does not separate lease components from non-lease components, such as common area maintenance, utilities, and repairs and maintenance. Remaining terms for facility leases generally range from one to 15 years, while remaining terms for equipment leases generally range from one to five years. Most real property leases contain renewal options (typically for five-year increments). Generally, the renewal option periods are not included within the lease term as the Company is not reasonably certain to exercise that right at lease commencement. The Company's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

Operating ROU assets and operating lease liabilities are recognized at the lease commencement date. ROU assets represent the Company's right to use an underlying asset for the lease term and operating lease liabilities represent its obligation to make lease payments arising from the lease. Operating lease liabilities are recognized based on the present value of the future lease payments over the lease term, discounted at the Company's incremental borrowing rate as the implicit rate in the lease is not readily determinable for most of the Company's leases. The Company estimates the discount rate as its incremental borrowing rate based on qualitative factors including Company specific credit rating, lease term, general economics, and the interest rate environment. Operating lease liabilities are recorded in "Current portion of operating lease liabilities" and "Long-term operating lease liabilities," and the corresponding lease assets are recorded in "Operating lease right-of-use assets" in the Company's Consolidated Balance Sheets. Finance lease assets are included in "Property, plant, and equipment, net" and finance lease liabilities are included in "Current portion of long-term debt" and "Long-term debt" in the Company's Consolidated Balance Sheets. As a practical expedient, short-term leases with an initial term of 12 months or less are excluded from the Consolidated Balance Sheets and charges from these leases are expensed as incurred.

As a lessor, the Company primarily leases certain owned equipment, classified as direct financing or sales-type leases, to physician practices.

Refer to [Financial Note 9, "Leases,"](#) for additional information on the Company's leases.

Goodwill: Goodwill is tested for impairment on an annual basis in the first fiscal quarter and more frequently if indicators of potential impairment exist. Impairment testing is conducted at the reporting unit level, which is generally defined as an operating segment or one level below an operating segment (also known as a component), for which discrete financial information is available and segment management regularly reviews the operating results.

The Company applies the goodwill impairment test by comparing the estimated fair value of a reporting unit to its carrying value and recording an impairment charge equal to the amount of excess carrying value above the estimated fair value, if any, but not to exceed the amount of goodwill allocated to the reporting unit.

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

To estimate the fair value of its reporting units, the Company generally uses a combination of the market approach and the income approach. Under the market approach, it estimates fair value by comparing the business to similar businesses, or guideline companies whose securities are actively traded in public markets. Under the income approach, it uses a discounted cash flow (“DCF”) model in which cash flows anticipated over future periods, plus a terminal value at the end of that time horizon, are discounted to their present value using an appropriate rate that is commensurate with the risk inherent within the reporting unit. Other estimates inherent in both the market and income approaches include long-term growth rates, projected revenues, and earnings and cash flow forecasts for the reporting units. In addition, the Company compares the aggregate of the reporting units’ fair values to the Company’s market capitalization as further corroboration of the fair values. Goodwill testing requires a complex series of assumptions and judgments by management in projecting future operating results, selecting guideline public companies for comparisons, and assessing risks. The use of alternative assumptions and estimates could affect the fair values and change the impairment determinations.

Intangible Assets: Currently all of the Company’s identifiable intangible assets are subject to amortization and are amortized based on the pattern of their economic consumption or on a straight-line basis over their estimated useful lives, ranging from one to 25 years. The Company reviews intangible assets for impairment at an asset group level whenever events or changes in circumstances indicate that the carrying value of the assets may not be recoverable. Determination of recoverability is based on the lowest level of identifiable estimated future undiscounted cash flows resulting from the use of the asset and its eventual disposition. Measurement of any impairment loss is based on the excess of the carrying value of the asset group over its estimated fair value. The Company also performs a periodic review of its intangible assets and removes from the balance sheet fully amortized intangible assets that no longer provide an economic benefit, are no longer in use, or for which the related contract has expired. During the year ended March 31, 2024, the Company removed from the balance sheet \$1.4 billion of fully amortized gross intangible assets and the corresponding accumulated amortization.

Capitalized Software Held for Internal Use: The Company capitalizes costs of software held for internal use during the application development stage of a project and amortizes those costs using the straight-line method over their estimated useful lives, not to exceed 10 years. As of March 31, 2025 and 2024, capitalized software held for internal use was \$681 million and \$495 million, respectively, net of accumulated amortization of \$657 million and \$560 million, respectively, and is included in “Other non-current assets” in the Consolidated Balance Sheets. Costs incurred during the preliminary project and post-implementation stages are expensed as incurred. Amortization expense for capitalized software held for internal use was \$135 million, \$102 million, and \$101 million for the years ended March 31, 2025, 2024, and 2023, respectively. The Company performs a periodic review of its capitalized software held for internal use and removes from the balance sheet fully amortized capitalized software costs that are determined to no longer be in use. During the year ended March 31, 2024, the Company removed from the balance sheet \$1.0 billion of fully amortized gross capitalized software held for internal use and the corresponding accumulated amortization.

Insurance Programs: The Company maintains insurance programs through its wholly-owned captive insurance subsidiaries (“Captives”) from which it obtains coverage for various exposures, including certain exposures arising from the opioid-related claims of governmental entities against the Company as discussed in more detail in [Financial Note 17, “Commitments and Contingent Liabilities,”](#) as well as those risks required to be insured by law or contract. It is the Company’s policy to retain a significant portion of certain losses, including those related to workers’ compensation and comprehensive general, product, and vehicle liability. Provisions for losses expected under insurance programs are recorded based on the Company’s estimate of the aggregate liability for claims incurred as well as for claims incurred but not yet reported. Such estimates utilize certain actuarial assumptions followed in the insurance industry. The Captives receive direct premiums, which are eliminated on consolidation against the Company’s premium costs within “Selling, distribution, general, and administrative expenses” in the Consolidated Statements of Operations.

Revenue Recognition: Revenue is recognized when an entity satisfies a performance obligation by transferring control of a promised good or service to a customer in an amount that reflects the consideration to which the entity expects to be entitled for that good or service.

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

Revenues generated from the distribution of pharmaceutical and medical products represent the majority of the Company's revenues. The Company orders product from the manufacturer, receives and carries the product at its central distribution facilities, and delivers the product directly to its customers' warehouses, hospitals, or retail pharmacies. The distribution business primarily generates revenue from a contract related to a confirmed purchase order with a customer in a distribution arrangement. Revenue is recognized when control of goods is transferred to the customer which occurs upon the Company's delivery to the customer or upon customer pick-up. The Company also earns revenues from a variety of other sources including its retail, services, and technology businesses. Retail revenues are recognized at the point of sale. Service revenues, including technology service revenues, are recognized when services are rendered. Revenues derived from distribution and retail business at the point of sale represent approximately 99%, 98%, and 99% of total revenues for the years ended March 31, 2025, 2024, and 2023, respectively. Revenues derived from services represent approximately 1%, 2%, and 1% of total revenues for the years ended March 31, 2025, 2024, and 2023, respectively.

Revenues are recorded gross when the Company is the principal in the transaction, has the ability to direct the use of the goods or services prior to transfer to a customer, is responsible for fulfilling the promise to its customer, has latitude in establishing prices, and controls the relationship with the customer. The Company records its revenues net of sales taxes. Revenues are measured based on the amount of consideration that the Company expects to receive, reduced by estimates for return allowances, discounts, and rebates using historical data. Sales returns from customers were approximately \$2.9 billion, \$3.0 billion, and \$3.1 billion for the years ended March 31, 2025, 2024, and 2023, respectively. Assets for the right to recover products from customers and the associated refund liabilities for return allowances were not material as of March 31, 2025 and 2024. Shipping and handling costs associated with outbound freight after control over a product has transferred to a customer are accounted for as fulfillment costs. The Company records deferred revenues when payments are received or due in advance of its performance. Deferred revenues are primarily from the Company's services arrangements and are recognized as revenues over the periods when services are performed.

The Company had no material contract assets, contract liabilities, or deferred contract costs recorded in its Consolidated Balance Sheets as of March 31, 2025 and 2024. The Company generally expenses costs to obtain a contract as incurred when the amortization period is less than one year.

Supplier Incentives: Fees for services and other incentives received from suppliers, relating to the purchase or distribution of inventory, are considered product discounts and are generally reported as a reduction to cost of sales.

Supplier Reserves: The Company establishes reserves against amounts due from suppliers relating to various fees for services and price and rebate incentives, including deductions taken against payments otherwise due to it. These reserve estimates are established based on judgment after considering the status of current outstanding claims, historical experience with the suppliers, the specific incentive programs, and any other pertinent information available. The Company evaluates the amounts due from suppliers on a continual basis and adjusts the reserve estimates when appropriate based on changes in facts and circumstances. Adjustments to supplier reserves are generally included in cost of sales unless consideration from the vendor is in exchange for distinct goods or services or for pass-through rebate purchases. The ultimate outcome of any outstanding claims could be different than the Company's estimate. The supplier reserves primarily pertain to the Company's U.S. Pharmaceutical segment.

Income Taxes: The Company accounts for income taxes under the asset and liability method, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or the tax returns. Under this method, deferred tax assets and liabilities are determined based on the difference between the financial statements and the tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. Tax benefits from uncertain tax positions are recognized when it is more likely than not that the position will be sustained upon examination, including resolutions of any related appeals or litigation processes, based on the technical merits. The amount recognized is measured as the largest amount of tax benefit that is greater than 50% likely of being realized.

Interest Expense: Interest expense primarily includes interest for the Company's long-term debt obligations, commercial paper, net interest settlements of interest rate swaps, and the amortization of deferred issuance costs and original issue discounts on debt.

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

Foreign Currency Translation: The reporting currency of the Company and its subsidiaries is the U.S. dollar. Its foreign subsidiaries generally consider their local currency to be their functional currency. Foreign currency-denominated assets and liabilities of these foreign subsidiaries are translated into U.S. dollars at period-end exchange rates, while revenues and expenses are translated at average exchange rates during the corresponding period and stockholders' equity or deficit accounts are primarily translated at historical exchange rates. Foreign currency translation adjustments are included in "Other comprehensive income (loss), net of tax" in the Consolidated Statements of Comprehensive Income, and the cumulative effect is included in the stockholders' deficit section of the Consolidated Balance Sheets. Gains and losses from currency exchange transactions are recorded in "Selling, distribution, general, and administrative expenses" in the Consolidated Statements of Operations and were not material for the years ended March 31, 2025, 2024, and 2023. The Company releases cumulative translation adjustments from stockholders' equity or deficit into earnings as a gain or loss only upon a complete or substantially complete liquidation of a controlling interest in a subsidiary or a group of assets within a foreign entity. It also releases all or a pro-rata portion of the cumulative translation adjustments into earnings upon the sale of an equity method investment that is a foreign entity or has a foreign component.

Derivative Financial Instruments: Derivative financial instruments are used principally in the management of foreign currency exchange and interest rate exposures and are recorded in the Consolidated Balance Sheets at fair value. The Company uses cross-currency swaps to hedge the changes in the fair value of its foreign currency notes resulting from changes in benchmark interest rates and foreign currency exchange rates. The Company also uses floating interest rate swaps to hedge the changes in the fair value of its U.S. dollar notes resulting from changes in benchmark interest rates. If a derivative is designated as a fair value hedge, the changes in the fair value of the derivative and of the hedged item attributable to the hedged risk are recognized in earnings. The Company has used foreign currency-denominated notes and uses cross-currency swaps to hedge a portion of its net investment in its foreign subsidiaries. The Company uses cash flow hedges primarily to reduce the effects of foreign currency exchange rate risk related to intercompany loans denominated in non-functional currencies. The Company also uses forward contracts to hedge the variability of future benchmark interest rates on any planned bond issuances and to offset the potential income statement effects from obligations denominated in non-functional currencies. If the financial instrument is designated as a cash flow hedge or net investment hedge, the effective portions of changes in the fair value of the derivative are included in "Other comprehensive income (loss), net of tax" in the Consolidated Statements of Comprehensive Income, and the cumulative effect is included in the stockholders' deficit section of the Consolidated Balance Sheets. The cumulative changes in fair value are reclassified to the same line as the hedged item in the Consolidated Statements of Operations when the hedged item affects earnings. The Company evaluates hedge effectiveness at inception and on an ongoing basis, and ineffective portions of changes in the fair value of cash flow hedges and net investment hedges are recognized in earnings following the date when ineffectiveness was identified. Any cash flows received or paid as part of the termination of derivative financial instruments are classified within the Consolidated Statements of Cash Flows in accordance with the nature of the hedged item. Derivative instruments not designated as hedges are marked-to-market at the end of each accounting period with the change included in earnings. Refer to [Financial Note 14, "Hedging Activities,"](#) for additional information.

Comprehensive Income: Comprehensive income consists of two components: net income and other comprehensive income or loss. Other comprehensive income or loss refers to revenue, expenses, as well as gains and losses that are recorded as an element of stockholders' deficit but are excluded from earnings. The Company's other comprehensive income or loss primarily consists of foreign currency translation adjustments from those subsidiaries where the local currency is the functional currency, including gains and losses on net investment hedges, as well as unrealized gains and losses on cash flow hedges and unrealized gains and losses on retirement-related benefit plans.

Noncontrolling Interests: Noncontrolling interests represent the portion of profit or loss, net assets, and comprehensive income or loss that is not allocable to McKesson Corporation. Net income attributable to noncontrolling interests includes third-party equity interests in the Company's consolidated entities, including: ClarusONE Sourcing Services LLP ("ClarusONE"), a joint venture established between McKesson and Walmart Inc. in fiscal 2017; Vantage Oncology Holdings, LLC ("Vantage"), a provider of integrated oncology and radiation services acquired in fiscal 2017; and SCRI Oncology, LLC ("SCRI Oncology"), an oncology research business formed in fiscal 2023. Net income attributable to noncontrolling interests also included recurring compensation that the Company was obligated to pay to the noncontrolling shareholders of McKesson Europe AG ("McKesson Europe"), formerly known as Celesio AG, under the domination and profit and loss transfer agreement. The Company's noncontrolling interest in McKesson Europe was included in the divestiture of certain of the Company's businesses in the European Union ("E.U.") in October 2022.

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

Share-Based Compensation: The Company accounts for all share-based compensation transactions at fair value. The share-based compensation expense, for the portion of the awards that is ultimately expected to vest, is recognized on a straight-line basis over the requisite service period. The Company estimates the number of share-based awards that will ultimately vest primarily based on historical experience. The estimated forfeiture rate established upon grant is reassessed throughout the requisite service period and is adjusted when actual forfeitures occur. The actual forfeitures in future reporting periods could be higher or lower than current estimates. The share-based compensation expense recognized is classified in the Consolidated Statements of Operations in the same manner as cash compensation paid to the Company's employees and included in "Selling, distribution, general, and administrative expenses." Refer to [Financial Note 4, "Share-Based Compensation,"](#) for additional information.

Loss Contingencies: The Company is subject to various claims, including, but not limited to, claims with customers and vendors, pending and potential legal actions for damages, investigations relating to governmental laws and regulations, and other matters arising out of the normal conduct of its business. When a loss is considered probable and reasonably estimable, the Company records a liability in the amount of its best estimate for the ultimate loss. However, the likelihood of a loss with respect to a particular contingency is often difficult to predict and determining a meaningful estimate of the loss or a range of loss may not be practicable based on the information available and the potential effect of future events and decisions by third parties that will determine the ultimate resolution of the contingency. Moreover, it is not uncommon for such matters to be resolved over many years, during which time relevant developments and new information must be reevaluated at least quarterly to determine both the likelihood of potential loss and whether it is possible to reasonably estimate the loss or a range of possible loss. When a material loss is reasonably possible, or probable but a reasonable estimate cannot be made, disclosure of the proceeding is provided. The Company expenses legal fees as incurred when the legal services are provided.

The Company reviews all material contingencies at least quarterly to determine whether the likelihood of loss has changed and to assess whether a reasonable estimate of the loss or a range of the loss can be made. As discussed above, development of a meaningful estimate of loss or a range of potential loss is complex when the outcome is directly dependent on negotiations with or decisions by third parties, such as regulatory agencies, the court system, and other interested parties. Refer to [Financial Note 17, "Commitments and Contingent Liabilities,"](#) for additional information related to controlled substances claims to which the Company is a party.

Restructuring Charges: Restructuring charges are incurred for programs in which the Company changes its operations, the scope of a business undertaken by its business units, or the manner in which that business is conducted as well as long-lived asset impairments. Such charges may include employee severance, retention bonuses, facility closure or consolidation costs, lease or contract termination costs, asset impairments, accelerated depreciation and amortization, and other related expenses. The restructuring programs may be implemented due to the sale or discontinuation of a product line, reorganization or management structure changes, headcount rationalization, realignment of operations or products, integration of acquired businesses, and/or company-wide cost saving initiatives. The amount and/or frequency of these restructuring charges are not part of the Company's underlying business, which include normal levels of reinvestment in the business. Employee severance costs are generally recognized when payments are probable and amounts are reasonably estimable. Costs related to contracts without future benefit or contract termination are recognized at fair value at the earlier of the contract termination or the cease-use dates. Other exit-related costs are expensed as incurred. Restructuring charges may also include credit adjustments due to subsequent changes in estimates. Refer to [Financial Note 3, "Restructuring, Impairment, and Related Charges, Net,"](#) for additional information.

Business Combinations: The Company accounts for business combinations using the acquisition method of accounting whereby the identifiable assets and liabilities of the acquired business, including contingent consideration, as well as any noncontrolling interest in the acquired business, are recorded at their estimated fair values as of the date that the Company obtains control of the acquired business. Any purchase consideration in excess of the estimated fair values of the net assets acquired is recorded as goodwill. Acquisition-related expenses and related restructuring costs are expensed as incurred.

Several valuation methods may be used to determine the fair value of assets acquired and liabilities assumed. For intangible assets, the Company typically uses a variation of the income approach, whereby a forecast of future cash flows attributable to the asset is discounted to present value using a risk-adjusted discount rate. Some of the more significant estimates and assumptions inherent in the income approach include the amount and timing of projected future cash flows, the discount rate selected to measure the risks inherent in the future cash flows, and the assessment of the asset's expected useful life.

McKESSON CORPORATION

FINANCIAL NOTES (Continued)

Contingent consideration liabilities are measured at their fair value as of the acquisition date using unobservable inputs. These inputs include the estimated amount and timing of projected operational and financial information, the probability of achievement of performance milestones or other agreed-upon events, and the risk-adjusted discount rate used to calculate the present value of the probability-weighted projected financial information. Contingent liabilities are remeasured to fair value at each reporting date until the liability is resolved. Changes in any of the inputs could result in a significant adjustment to the fair value.

Treasury Stock: The Company records purchases of treasury stock at cost, which is reflected as a reduction to stockholders' equity in the Company's Consolidated Balance Sheets. Incremental direct costs to purchase treasury stock, including any excise tax recognized as a result of the IRA, are included in the cost of the shares acquired. Treasury stock also includes shares withheld to satisfy the tax obligations of recipients of share-based compensation. Refer to [Financial Note 18, "Stockholders' Equity \(Deficit\)."](#) for additional information.

Recently Adopted Accounting Pronouncements

In the fourth quarter of fiscal 2025, the Company adopted Accounting Standards Update ("ASU") 2023-07, *Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures*, which expands reportable segment disclosures by requiring disclosure, on an annual and interim basis, of significant segment expenses that are regularly provided to the chief operating decision maker ("CODM") and included within each reported measure of segment profit or loss, as well as an amount and description of other segment items. The guidance also requires interim disclosures of a reportable segment's profit or loss and assets, disclosure of the title and position of the CODM, and an explanation of how the CODM uses the reported measure of segment profit or loss in assessing performance and allocating resources. The adoption of this amended guidance resulted in changes in disclosures but did not have an impact on the Company's Consolidated Statements of Operations, Comprehensive Income (Loss), Balance Sheets, or Cash Flows.

Recently Issued Accounting Pronouncements Not Yet Adopted

In December 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2023-09, *Income Taxes (Topic 740): Improvements to Income Tax Disclosures*. ASU 2023-09 improves the transparency of income tax disclosures by requiring, on an annual basis, consistent categories, and greater disaggregation of information in the rate reconciliation as well as income taxes paid disaggregated by jurisdiction. The update is effective for fiscal years beginning after December 15, 2024, with early adoption permitted. The amendments in this update should be applied prospectively, although optional retrospective application is permitted. While this accounting standard will increase disclosures related to the Company's income taxes, it will not have a material impact on the Company's Consolidated Financial Statement results.

In November 2024, the FASB issued ASU 2024-03, *Income Statement – Reporting Comprehensive Income – Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses*. ASU 2024-03 requires disclosure of certain costs and expenses on an interim and annual basis in the notes to the financial statements. ASU 2024-03 is effective for the Company for fiscal years beginning after December 15, 2026, and interim periods within fiscal years beginning after December 15, 2027, as clarified by ASU 2025-01, *Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40)*. Early adoption is permitted. The Company is currently evaluating the impact that this guidance will have on its disclosures.

2. Business Acquisitions and Divestitures*Acquisitions**Rx Savings Solutions, LLC*

On November 1, 2022, the Company completed its acquisition of 100% of the shares of Rx Savings Solutions, LLC ("RxSS"), a privately-owned company headquartered in Overland Park, Kansas, to further connect biopharma and payer services to patients. RxSS is a prescription price transparency and benefit insight company that offers affordability and adherence solutions to health plans and employers. The purchase consideration included a payment of \$600 million in cash made upon closing and a maximum of \$275 million of contingent consideration based on RxSS' operational and financial performance through calendar year 2025. The payment made upon closing was funded from cash on hand. The financial results of RxSS are included in the Company's RxTS segment as of the acquisition date. The transaction was accounted for as a business combination.

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

The Company recorded a liability for the contingent consideration at its fair value of \$92 million as of the acquisition date. The fair value of the contingent consideration liability was estimated using a Monte Carlo simulation model, utilizing internal cash flow projections which are Level 3 inputs under Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements and Disclosures*. The contingent consideration liability will be remeasured to fair value at each reporting date until the liability is settled with changes in fair value being recognized within “Selling, distribution, general, and administrative expenses” in the Company’s Consolidated Statements of Operations. During the year ended March 31, 2024, the Company recognized fair value adjustment gains of \$78 million, which reduced its contingent consideration liability, based on the estimated amount and timing of projected operational and financial information and the probability of achievement of performance milestones. As of March 31, 2025 and 2024, the current portion of the contingent consideration liability of \$14 million is included within “Other accrued liabilities.” Recognition of the initial fair value of this contingent consideration was a non-cash investing activity.

The purchase price allocation included acquired identifiable intangible assets of \$229 million, primarily representing customer relationships and technology with a weighted average amortization period of 12 years, and goodwill of \$463 million. Goodwill has been allocated to the Company’s RxTS segment, which reflects the expected future benefits from certain synergies and intangible assets that do not qualify for separate recognition. Goodwill attributable to the acquisition is deductible for tax purposes.

The following table summarizes the final purchase price allocation for this acquisition:

<i>(In millions)</i>	Amounts Recognized as of Acquisition Date (Final)

SCRI Oncology, LLC

On October 31, 2022, the Company completed a transaction with HCA Healthcare, Inc. (“HCA”) to form SCRI Oncology, an oncology research business combining McKesson’s U.S. Oncology Research (“USOR”) and HCA’s Sarah Cannon Research Institute (“SCRI”) based in Nashville, Tennessee, to advance cancer care and increase access to oncology clinical research. McKesson owns a 51% controlling interest in the combined business, and the financial results are consolidated by the Company and reported within its U.S. Pharmaceutical segment as of the acquisition date. Transaction consideration included the transfer of full ownership interest in USOR to the combined business and \$166 million of net cash paid to HCA, which was funded from cash on hand. The transaction was accounted for as a business combination.

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

The purchase price allocation included acquired identifiable intangible assets of \$177 million, primarily representing customer relationships as well as trademarks and trade names with a weighted average amortization period of 17 years, and goodwill of \$113 million. Goodwill has been allocated to the Company's U.S. Pharmaceutical segment, which reflects the expected future benefits from certain synergies and intangible assets that do not qualify for separate recognition. Goodwill attributable to the acquisition of \$46 million is deductible for tax purposes. The Company recorded noncontrolling interest of \$225 million as a component of equity, which includes HCA's proportionate interest in the identifiable net assets of SCRI at fair value of \$202 million and its proportionate interest in the contributed net assets of USOR at carrying value of \$23 million. The difference between the fair value of the Company's acquired interest in SCRI net assets and the \$166 million of net cash paid to HCA was recognized as additional paid in capital, as well as the Company's reduction in ownership interest in USOR net assets.

The following table summarizes the final purchase price allocation for this acquisition:

<i>(In millions)</i>	Amounts Recognized as of Acquisition Date (Final)
Purchase consideration:	
Cash	\$ 166
Contribution of USOR	46
Total purchase consideration	\$ 212
Identifiable assets acquired and liabilities assumed:

Other non-current liabilities	(43)
Total identifiable net assets	346
Noncontrolling interest	(225)
Additional paid-in capital	(22)
Goodwill	113
Net assets acquired	\$ 212

The fair value of the acquired identifiable intangible assets from the acquisitions discussed above were determined by applying the income approach, using a discounted cash flow model in which cash flows anticipated over several periods are discounted to their present value using an appropriate rate that is commensurate with the risk inherent with the transaction. These inputs are considered Level 3 inputs under the fair value measurements and disclosure guidance. The Company's fair value assessments of these acquisitions were finalized upon completion of the measurement period in the third quarter of fiscal 2024. There were no material changes to the purchase price allocations since the respective acquisition dates. Pro forma financial information has not been provided as these acquisitions did not have a material impact, individually, or in the aggregate, to the Company's consolidated results of operations.

Divestitures*Canada Divestiture Activities*

On December 30, 2024, the Company completed the sale of its Rexall and Well.ca businesses in Canada (“Canadian retail disposal group”) for an adjusted purchase price consisting of a cash payment of \$9 million, received at closing, and a note of \$120 million, measured at fair value and accruing interest upon satisfaction of certain conditions, and payable to the Company at the end of six years. Within the International segment and as part of the transaction, the Company divested net assets of \$741 million, including \$125 million of intercompany trade accounts payable primarily related to purchases of inventories from McKesson Canada assumed by the buyer upon divestiture. The Company determined that the disposal group did not meet the criteria for classification as discontinued operations.

During the year ended March 31, 2025, the Company recorded net charges of \$667 million within “Selling, distribution, general, and administrative expenses” in the Consolidated Statements of Operations, to remeasure the Canadian retail disposal group to fair value less costs to sell. The remeasurement adjustment for the year ended March 31, 2025 includes a \$48 million loss related to the accumulated other comprehensive loss balances associated with the Canadian retail disposal group. The Company’s measurement of the fair value of the Canadian retail disposal group was based on the total consideration expected to be received by the Company as outlined in the transaction agreements. Certain components of the total consideration included Level 3 fair value measurements.

European Divestiture Activities

In July 2021, the Company announced its intention to exit its businesses in Europe (“European Divestiture Activities”), as discussed in more detail below. Net gains related to these divestiture activities during the year ended March 31, 2023 were not material. The gains and charges for fiscal 2023 were recorded within “Selling, distribution, general, and administrative expenses” in the Consolidated Statements of Operations. The Company determined that the disposal groups did not meet the criteria for classification as discontinued operations.

On October 31, 2022, the Company completed its previously announced transaction to sell certain of its businesses in the E.U. located in France, Italy, Ireland, Portugal, Belgium, and Slovenia, along with its German headquarters and wound-care business, part of a shared services center in Lithuania, and its ownership stake in a joint venture in the Netherlands (“E.U. disposal group”) to the PHOENIX Group. As part of the transaction, the Company received cash proceeds of \$892 million and divested net assets of \$1.3 billion, including cash of \$319 million, derecognized the carrying value of its noncontrolling interest held by minority shareholders of McKesson Europe of \$382 million, and released \$153 million of net accumulated other comprehensive loss. During the year ended March 31, 2023 the Company recorded net gains of \$66 million to remeasure the E.U. disposal group to fair value less costs to sell. The Company’s measurement of the fair value of the E.U. disposal group was based on the total consideration received by the Company as outlined in the transaction agreement. Certain components of the total consideration included fair value measurements that fall within Level 3 of the fair value hierarchy.

At March 31, 2025 and 2024, the Company had no assets or liabilities related to European divestiture activities that met the criteria for classification as held for sale. Subsequent to the divestiture activities discussed above, the Company’s European operations primarily consist of its retail and distribution businesses in Norway.

Other

For the periods presented, the Company also completed de minimis acquisitions and divestitures within its operating segments. Financial results for the Company’s business acquisitions have been included in its consolidated financial statements as of their respective acquisition dates. Purchase prices for business acquisitions have been allocated based on estimated fair values at the respective acquisition dates.

On April 2, 2025, the Company announced the completion of its previously announced acquisition of a controlling interest in PRISM Vision Holdings, LLC (“PRISM Vision”), a leading provider of general ophthalmology and retina management services. The Company acquired an approximate 80% interest in PRISM Vision for approximately \$850 million. PRISM Vision physicians retained an approximate 20% interest. The financial results of PRISM Vision will be reported within the Company’s U.S. Pharmaceutical segment.

4. Share-Based Compensation

The Company provides share-based compensation to its employees, officers, and non-employee directors, including restricted stock units ("RSUs"), performance-based stock units ("PSUs"), and an employee stock purchase plan ("ESPP") (collectively, "share-based awards"). Most of the share-based awards are granted in the first quarter of each fiscal year.

Share-based compensation expense for the share-based awards is recognized for the portion of awards ultimately expected to vest. The Company estimates the number of share-based awards that will ultimately vest primarily based on historical experience. The estimated forfeiture rate established upon grant is re-assessed throughout the requisite service period and is adjusted when actual forfeitures occur. The actual forfeitures in future reporting periods could be higher or lower than current estimates.

Share-based compensation expense is classified in the Consolidated Statements of Operations in the same manner as cash compensation paid to the Company's employees and included in "Selling, distribution, general, and administrative expenses."

Stock Plans

In April 2022, the Company's stockholders approved the McKesson Corporation 2022 Stock Plan (the "2022 Stock Plan"), which permits the grant of awards in the form of restricted stock, RSUs, PSUs, stock options, and other share-based awards to selected employees, officers, and non-employee directors. As of March 31, 2025, 4.2 million shares remain available for future grant under the 2022 Stock Plan.

Restricted Stock Unit Awards

RSUs entitle the holder to receive a specified number of shares of the Company's common stock which vest over a period of generally three to four years as determined by the Compensation Committee at the time of grant. The fair value of the award is determined based on the price of the Company's common stock on the grant date and the related share-based compensation expense is recognized over the vesting period on a straight-line basis.

Non-employee directors receive an annual grant of RSUs, which vest immediately and are expensed upon grant. The director may elect to receive the underlying shares immediately or defer receipt of the shares if they meet director stock ownership guidelines. The shares will be automatically deferred for those directors who do not meet the director stock ownership guidelines. At March 31, 2025, approximately 33,000 RSUs for the Company's directors were vested.

Performance Stock Unit Awards

PSUs are conditional upon the attainment of market and performance objectives over a specified period. The number of vested PSUs is assessed at the end of a three-year performance period upon attainment of meeting certain earnings per share targets, average return on invested capital, and for certain participants, total shareholder return relative to a peer group of companies. The Company uses the Monte Carlo simulation model to measure the fair value of the total shareholder return portion of the PSUs. The earnings per share portion of the PSUs is measured at the grant date market price. PSUs have a requisite service period of generally three years. Expense is attributed to the requisite service period on a straight-line basis based on the fair value of the PSUs, adjusted for the performance modifier at the end of each reporting period. For PSUs that are designated as equity awards, the fair value is measured at the grant date.

Employee Stock Purchase Plan

The Company has an ESPP under which 23.1 million shares have been authorized for issuance. The ESPP allows eligible employees to purchase shares of the Company's common stock through payroll deductions. The deductions occur over three-month purchase periods and the shares are then purchased at 85% of the market price at the end of each purchase period. Employees are allowed to terminate their participation in the ESPP at any time during the purchase period prior to the purchase of the shares, subject to the Company's insider trading policies and procedures. The 15% discount provided to employees on these shares is included in share-based compensation expense. The shares related to funds outstanding at the end of a quarter are included in the calculation of diluted weighted-average shares outstanding. These amounts have not been significant for all the years presented. The Company recognizes costs for employer matching contributions as ESPP expense over the relevant purchase period. Shares issued under the ESPP were not material in fiscal 2025, fiscal 2024, and fiscal 2023. At March 31, 2025, 3.3 million shares remain available for issuance.

During the year ended March 31, 2025, the Company recognized a net discrete tax benefit of \$258 million related to the sales of certain intellectual property between McKesson wholly-owned legal entities based in foreign tax jurisdictions. The transferor entities of the intellectual property were not subject to income tax on their transaction. The recipient entities of the intellectual property are entitled to amortize the fair value of the assets for tax purposes. As a result of these transactions, and in accordance with ASU 2016-16, *Intra-Entity Transfers of Assets Other Than Inventory*, net discrete tax benefits of \$44 million and \$214 million were recognized in the second and fourth quarters of fiscal 2025, respectively.

During the year ended March 31, 2024, the Company recognized a net discrete tax benefit of \$157 million related to the release of a valuation allowance based on management's reassessment of the amount of its deferred tax assets that are more likely than not to be realized.

During the year ended March 31, 2024, the Company also repatriated certain intellectual property between McKesson wholly-owned legal entities that are based in different tax jurisdictions. The transferor entity of the intellectual property was not subject to income tax on this transaction. The recipient entity of the intellectual property is entitled to amortize the fair value of the assets for tax purposes. As a result of this repatriation and in accordance with ASU 2016-16, *Intra-Entity Transfers of Assets Other Than Inventory*, a net discrete tax benefit of \$147 million was recognized in the first quarter of fiscal 2024. In addition, the Company sold certain intellectual property between McKesson wholly-owned legal entities that are based in different tax jurisdictions, where the transferor entity was subject to income tax and the recipient entity is entitled to amortize the fair value of the assets for tax purposes. As a result of this sale, a net discrete tax expense of \$43 million was recognized in the fourth quarter of fiscal 2024.

During the year ended March 31, 2023, the Company recognized discrete tax benefits primarily consisting of \$115 million related to statute of limitation expirations and tax settlements in various taxing jurisdictions and \$58 million related to the tax impact of share-based compensation.

The Company assesses the available positive and negative evidence to determine whether deferred tax assets are more likely than not to be realized. As a result of this assessment, valuation allowances have been recorded on certain deferred tax assets in various tax jurisdictions. The valuation allowances were approximately \$644 million and \$653 million in fiscal 2025 and fiscal 2024, respectively, and primarily relate to net operating and capital losses.

The Company has federal, state, and foreign net operating loss carryforwards of \$40 million, \$4.1 billion, and \$1.3 billion at March 31, 2025, respectively. Federal and state net operating losses will expire at various dates from 2026 through 2045. Substantially all its foreign net operating losses have indefinite lives. In addition, the Company has foreign capital loss carryforwards of \$1.3 billion with indefinite lives.

The following table summarizes the activity related to the Company's gross unrecognized tax benefits for the last three fiscal years:

<i>(In millions)</i>	Years Ended March 31,		
	2025	2024	2023
Unrecognized tax benefits at beginning of period	\$ 1,463	\$ 1,399	\$ 1,523

Exchange rate fluctuations	2	2	(7)
Unrecognized tax benefits at end of period	\$ 1,532	\$ 1,463	\$ 1,399

As of March 31, 2025, the Company had \$1.5 billion in unrecognized tax benefits, of which \$1.4 billion would reduce income tax expense and the effective tax rate, if recognized. The increases in unrecognized tax benefits in both fiscal 2025 and fiscal 2024 primarily relate to additions associated with recurring items.

During the next twelve months, the Company does not anticipate any material reduction in its unrecognized tax benefits based on the information currently available. However, this may change as the Company continues to have ongoing discussions with various taxing authorities throughout the year.

During the fourth quarter of fiscal 2023, the Internal Revenue Service ("IRS") communicated proposed adjustments to taxable income reported in the Company's fiscal 2018 and fiscal 2019 U.S. Federal Corporate Income Tax returns. The adjustments would increase the Company's federal income tax liability in the range of \$600 million to \$700 million. The Company disagrees with the proposed adjustments and intends to pursue resolution through the administrative process with the IRS Independent Office of Appeals and, if necessary, through judicial remedies. During the first quarter of fiscal 2024, the Company filed a formal protest with the IRS. The Company does not anticipate a final resolution of these matters in the next twelve months. Although the final resolution of these matters is uncertain, the Company believes in the merits of its tax positions and believes that it has adequately reserved for any adjustments to the provision of income taxes that may ultimately result. However, if the IRS prevails in these matters, the assessed tax and interest could have a material adverse effect on the Company's financial position, results of operations, and cash flows in future periods.

The Company reports interest and penalties on income taxes as income tax expense. It recognized income tax expense of \$80 million, \$84 million, and \$31 million in fiscal 2025, fiscal 2024, and fiscal 2023, respectively, representing interest and penalties, in its Consolidated Statements of Operations. As of March 31, 2025 and 2024, the Company accrued cumulatively \$302 million and \$222 million, respectively, in interest and penalties on unrecognized tax benefits in its Consolidated Balance Sheets.

The Company files income tax returns in the U.S. federal jurisdiction, various U.S. state jurisdictions, and various foreign jurisdictions. The Company is generally subject to audit by taxing authorities in various U.S. states and in foreign jurisdictions for fiscal 2016 through the current fiscal year.

Undistributed earnings of the Company's foreign operations of approximately \$4.0 billion were considered indefinitely reinvested on March 31, 2025. Following the enactment of the 2017 Tax Act, the repatriation of cash to the U.S. is generally no longer taxable for federal income tax purposes. However, the repatriation of cash held outside the U.S. could be subject to applicable foreign withholding taxes and state income taxes. The Company may remit foreign earnings to the U.S. to the extent it is tax efficient to do so. It does not expect the tax impact from remitting these earnings to be material.

Noncontrolling Interests

Noncontrolling interests represent third-party equity interests in the Company's consolidated entities primarily related to ClarusONE, Vantage, and SCRI Oncology. After June 15, 2021, noncontrolling interests also represented minority shareholder equity interests in McKesson Europe. The Company's noncontrolling interest in McKesson Europe was included in the divestiture of the E.U. disposal group in October 2022, as discussed in Financial [Note 2](#), ["Business Acquisitions and Divestitures."](#)

Noncontrolling interests in the Company's Consolidated Balance Sheets were \$380 million and \$372 million at March 31, 2025 and 2024, respectively. For the years ended March 31, 2025, 2024, and 2023, the Company allocated a total of \$186 million, \$158 million, and \$162 million of net income to noncontrolling interests, respectively.

8. Earnings Per Common Share

Basic earnings per common share is computed by dividing net income by the weighted-average number of common shares outstanding during the reporting period. The computation of diluted earning per common share is similar to that of basic earnings per common share, except that the former reflects the potential dilution that could occur if dilutive securities or other obligations to issue common stock were exercised or converted into common stock. Potentially dilutive securities include outstanding stock options, restricted stock units, and performance-based and other restricted stock units.

Less than one million of potentially dilutive securities for fiscal 2025, fiscal 2024, and fiscal 2023 were excluded from the computation of diluted earnings per common share as they were anti-dilutive.

Goodwill Impairment Charges

The Company evaluates goodwill for impairment on an annual basis in the first fiscal quarter, and more frequently if indicators for potential impairment exist. Goodwill impairment testing is conducted at the reporting unit level, which is generally defined as an operating segment or one level below an operating segment (also known as a component), for which discrete financial information is available and segment management regularly reviews the operating results of that reporting unit.

The fair value of the reporting units is determined using a combination of an income approach based on a DCF model and a market approach based on appropriate valuation multiples observed for the reporting unit's guideline public companies. Fair value estimates result from a complex series of judgments about future events and uncertainties and relies heavily on estimates and assumptions that have been deemed reasonable by management as of the measurement date. Any material changes in key assumptions, including failure to improve operations of certain retail pharmacy stores, additional government reimbursement reductions, deterioration in the financial markets, an increase in interest rates, or an increase in the cost of equity financing by market participants within the industry, or other unanticipated events and circumstances, may affect such estimates. The discount rates are the weighted-average cost of capital measuring the reporting unit's cost of debt and equity financing weighted by the percentage of debt and percentage of equity in a company's target capital. The unsystematic risk premium is an input factor used in calculating the discount rate that specifically addresses uncertainty related to the reporting unit's future cash flow projections. Fair value assessments of the reporting unit are considered a Level 3 measurement due to the significance of unobservable inputs developed using company-specific information.

McKESSON CORPORATION

FINANCIAL NOTES (Continued)

The annual impairment testing performed for fiscal 2025, fiscal 2024, and fiscal 2023 did not indicate any impairment of goodwill.

Long-Term Debt

At March 31, 2025 and 2024, \$5.7 billion and \$5.6 billion, respectively, of total debt was outstanding, of which \$1.2 billion and \$50 million, respectively, was included under the caption "Current portion of long-term debt" in the Company's Consolidated Balance Sheets.

Public Offerings

On September 10, 2024, the Company completed a public offering of 4.25% Notes due September 15, 2029 in a principal amount of \$500 million (the "2029 Notes"). Interest on the 2029 Notes is payable semi-annually on March 15th and September 15th of each year, commencing on March 15, 2025. Proceeds received from the issuance of the 2029 Notes, net of discounts and offering expenses, were \$496 million. The Company utilized the net proceeds from the offering of the 2029 Notes together with cash on hand to redeem its \$500 million outstanding principal amount of 5.25% Notes due February 15, 2026 (the "2026 Notes"), which became callable on or after February 15, 2024, prior to maturity at a redemption price equal to 100% of the principal amount plus accrued and unpaid interest through the redemption date. The total loss recognized on the debt extinguishment of the 2026 Notes described above for the year ended March 31, 2025 was not material and is included within "Interest expense" in the Company's Consolidated Statements of Operations.

FINANCIAL NOTES (Continued)

On June 15, 2023, the Company completed a public offering of 4.90% Notes due July 15, 2028 in a principal amount of \$400 million (the “2028 Notes”) and a public offering of 5.10% Notes due July 15, 2033 in a principal amount of \$600 million (the “2033 Notes” and, together with the 2028 Notes, the “Notes”). Interest on the Notes is payable semi-annually on January 15th and July 15th of each year, commencing on January 15, 2024. Proceeds received from the issuance of the Notes, net of discounts and offering expenses, were \$397 million for the 2028 Notes and \$592 million for the 2033 Notes. The Company utilized a portion of the net proceeds from the offerings of the Notes to fund the purchase price payable with respect to the portion of the Company’s then outstanding 3.80% Notes due March 15, 2024 (the “2024 Notes”) that was validly tendered and accepted for purchase pursuant to the Concurrent Tender Offer (as defined below) and to effect the satisfaction and discharge of the remaining portion of the 2024 Notes, all of which is described further below. The remaining net proceeds from the offerings of the Notes was available for general corporate purposes.

On February 15, 2023, the Company completed a public offering of 5.25% Notes due February 15, 2026 (the “February 2026 Notes”) in a principal amount of \$500 million. Interest on the February 2026 Notes is payable semi-annually on February 15th and August 15th of each year, commencing on August 15, 2023. Proceeds received from this note issuance, net of discounts and offering expenses, were \$497 million. The Company utilized the net proceeds from this note issuance to repay existing debt. On or after February 15, 2024, the Company may redeem the February 2026 Notes at its option, in whole or in part, at any time and from time to time, for cash at a redemption price equal to 100% of the principal amount of the notes being redeemed plus accrued and unpaid interest thereon to, but not including, the redemption date.

Each of the 2029 Notes, the 2033 Notes and the 2028 Notes, constitutes a “series,” is an unsecured and unsubordinated obligation of the Company and ranks equally with all of the Company’s existing, and future unsecured and unsubordinated indebtedness that may be outstanding from time-to-time. Each series is governed by an indenture and officers’ certificate that are materially similar to those of other series of notes issued by the Company. Upon at least 10 days’ and not more than 60 days’ notice to holders of the applicable series of the notes, the Company may redeem such series of the notes for cash in whole, at any time, or in part, from time to time, at redemption prices that include accrued and unpaid interest and a make-whole premium before a specified date, and at par plus accrued and unpaid interest thereafter until maturity, each as specified in the indenture and the officers’ certificate. If there were to occur both (a) a change of control of the Company and (b) a downgrade of the applicable series of the notes below an investment grade rating by each of the Ratings Agencies (as defined in the applicable officers’ certificate) within a specified period, then the Company would be required to make an offer to purchase that series at a price equal to 101% of the then outstanding principal amount of that series, plus accrued and unpaid interest to, but not including, the date of repurchase. The indenture and the related officers’ certificate for each series, subject to the exceptions and in compliance with the conditions as applicable, specify that the Company may not consolidate, merge or sell all or substantially all of its assets, incur liens, or enter into sale-leaseback transactions exceeding specific terms, without the lenders’ consent. The indenture also contains customary events of default provisions.

Retirements and Redemption

On March 15, 2023, the Company retired its \$360 million outstanding principal amount of 2.85% Notes due 2023 upon maturity. On December 15, 2022, the Company retired its \$400 million outstanding principal amount of 2.70% Notes due 2022 upon maturity. All of these notes were repaid or redeemed using cash on hand.

Concurrent Tender Offer of the 2024 Notes

On June 16, 2023, the Company completed a cash tender offer for any and all of its then outstanding 2024 Notes, which was made concurrently with the offerings of the Notes (the “Concurrent Tender Offer”). The Company paid an aggregate consideration of \$268 million in the Concurrent Tender Offer to repurchase \$271 million principal amount of the 2024 Notes at a repurchase price equal to 98.75% of the principal amount plus accrued and unpaid interest. The repurchase of the 2024 Notes accepted for purchase in the Concurrent Tender Offer was accounted for as a debt extinguishment.

Satisfaction and Discharge of the 2024 Notes

On June 16, 2023, after completing the Concurrent Tender Offer, the Company irrevocably deposited with the trustee under the indenture governing the 2024 Notes (the “2024 Notes Indenture”) U.S. government obligations in an amount sufficient to fund the payment of accrued and unpaid interest of the remaining \$647 million principal amount of the 2024 Notes as it became due, and of the principal amount of those 2024 Notes on their March 15, 2024 maturity date. The U.S. government obligations were purchased using a portion of the net proceeds from the offerings of the Notes. After the deposit of such funds with the trustee, the Company’s obligations under the 2024 Notes Indenture with respect to the 2024 Notes were satisfied and discharged and the transaction was accounted for as a debt extinguishment.

The total gain recognized on the debt extinguishments described above for the year ended March 31, 2024 was \$9 million and included within “Interest expense” in the Company’s Consolidated Statement of Operations.

Revolving Credit Facilities

5-Year Facility

On November 7, 2022, the Company entered into a Credit Agreement (the “2022 Credit Facility”) which was subsequently amended on November 7, 2024 and May 8, 2025, that provides a syndicated \$4.0 billion senior unsecured credit facility with a \$3.6 billion aggregate sublimit of availability in Canadian dollars, British pound sterling, and Euro. The 2022 Credit Facility was scheduled to mature in November 2027. On November 7, 2024, the maturity date of the 2022 Credit Facility was extended from November 2028 to November 2029. Borrowings under the 2022 Credit Facility bear interest based upon the Term Secured Overnight Financing Rate (“SOFR”) for credit extensions denominated in U.S. dollars, the Sterling Overnight Index Average Reference Rate for credit extensions denominated in British pound sterling, the Euro Interbank Offered Rate for credit extensions denominated in Euros, the Canadian Overnight Repo Rate Average for credit extensions denominated in Canadian dollars, a prime rate, or alternative overnight rates, as applicable, plus agreed upon margins. The 2022 Credit Facility contains various customary investment grade covenants, including a financial covenant which obligates the Company to maintain a maximum Total Debt to Consolidated EBITDA ratio, as defined in the 2022 Credit Facility. If the Company does not comply with these covenants, its ability to use the 2022 Credit Facility may be suspended and repayment of any outstanding balances under the 2022 Credit Facility may be required to be repaid. The remaining terms and conditions of the 2022 Credit Facility are substantially similar to those previously in place under the 2020 Credit Facility. The Company can use funds obtained under the 2022 Credit Facility for general corporate purposes. There were no borrowings under the 2022 Credit Facility during the year ended March 31, 2025 and 2024 and no amounts outstanding at March 31, 2025 or March 31, 2024. At March 31, 2025, the Company was in compliance with all covenants under the 2022 Credit Facility.

364-Day Facility

On May 8, 2025, the Company entered into a Credit Agreement (the “364 Day Credit Facility”), that provides a syndicated \$1.0 billion senior unsecured credit facility. The 364 Day Credit Facility is scheduled to mature in May 2026.

On or prior to the maturity date, the Company may, at its election and subject to certain customary conditions, convert the outstanding loans into a term loan that is repayable in May 2027.

Borrowings under the 364 Day Credit Facility bear interest based upon SOFR for credit extensions denominated in U.S. Dollars and other relevant underlying benchmarks, plus agreed margins.

The 364 Day Credit Facility contains various customary investment grade covenants, including a financial covenant which obligates the Company to maintain a maximum Total Debt to Consolidated EBITDA ratio, as defined in the 364 Day Credit Facility. If the Company does not comply with these covenants, its ability to use the 364 Day Credit Facility may be suspended and repayment of any outstanding balances under the 364 Day Credit Facility may be required to be repaid. The terms and conditions of the 364 Day Credit Facility are substantially similar to those under the 2022 Credit Facility. The Company can use funds obtained under the 364 Day Credit Facility for general corporate purposes.

Commercial Paper

The Company maintains a commercial paper program to support its working capital requirements and for other general corporate purposes. Under the program, the Company can issue up to \$4.0 billion in outstanding commercial paper notes. During the years ended March 31, 2025, 2024, and 2023, the Company borrowed and repaid \$15.1 billion, \$20.0 billion, and \$8.5 billion, respectively, under the program. At March 31, 2025 and 2024, there were no commercial paper notes outstanding. Following the execution of the 364 Day Facility on May 8, 2025, the Company can issue up to \$5.0 billion in outstanding commercial paper notes.

12. Variable Interest Entities

The Company evaluates its ownership, contractual, and other interests in entities to determine if they are VIEs if it has a variable interest in those entities, and the nature and extent of those interests. These evaluations are highly complex and involve management judgment and the use of estimates and assumptions based on available historical information, among other factors. Based on its evaluations, if the Company determines it is the primary beneficiary of such VIEs, it consolidates such entities into its financial statements.

Consolidated Variable Interest Entities

The Company consolidates a VIE when it has the power to direct the activities that most significantly impact the VIE’s economic performance and the obligation to absorb losses or the right to receive benefits of the VIE and, as a result, is considered the primary beneficiary of the VIE. The Company consolidates certain single-lessee leasing entities where it, as the lessee, has the majority risk of the leased assets due to its minimum lease payment obligations to these leasing entities. As a result of absorbing this risk, the leases provide the Company with the power to direct the operations of the leased properties and the obligation to absorb losses or the right to receive benefits of the entity. Consolidated VIEs do not have a material impact on the Company’s Consolidated Statements of Operations or Consolidated Statements of Cash Flows. Total assets and liabilities included in its Consolidated Balance Sheets for these VIEs were \$610 million and \$47 million, respectively, at March 31, 2025, and \$601 million and \$41 million, respectively, at March 31, 2024.

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

Investments in Unconsolidated Variable Interest Entities

The Company is involved with VIEs which it does not consolidate because it does not have the power to direct the activities that most significantly impact their economic performance and thus is not considered the primary beneficiary of the entities. Its relationships include equity method investments and lending, leasing, contractual, or other relationships with the VIEs. The Company's most significant VIE relationships are with oncology and other specialty practices. Under these practice arrangements, the Company generally owns or leases all of the real estate and equipment used by the practices and manages the practices' administrative functions. The Company's maximum exposure to loss (regardless of probability) as a result of all unconsolidated VIEs was \$1.6 billion and \$1.5 billion at March 31, 2025 and 2024, respectively, which primarily represents the value of intangible assets related to service agreements, lease and loan receivables, operating ROU assets, and equity investments. This amount excludes the customer loan guarantees discussed in [Financial Note 16, "Financial Guarantees and Warranties."](#) The Company believes there is no material loss exposure on these assets or from these relationships.

13. Pension Benefits

The Company maintains a number of qualified and nonqualified defined benefit pension plans and defined contribution plans for eligible employees.

Non-U.S. Defined Benefit Pension Plans

As of March 31, 2025 and 2024, the Company's non-U.S. defined benefit pension plans cover eligible employees located predominantly in Norway and Canada. Benefits for these plans are based primarily on each employee's final salary, with annual adjustments for inflation.

The Company divested certain pension assets and liabilities as part of the Canadian divestiture activities in fiscal 2025 and European divestiture activities in fiscal 2023 which are discussed in more detail in [Financial Note 2, "Business Acquisitions and Divestitures."](#) During fiscal 2025, changes in the Company pension assets and accumulated other comprehensive loss related to the Canadian divestiture activities were not material. During fiscal 2023, the Company's divested pension liabilities totaling \$75 million, pension assets of \$49 million and the Company released \$17 million of losses from accumulated other comprehensive loss related to divestiture activities.

During the fourth quarter of fiscal 2025, the Company settled the frozen U.K. pension plan ("U.K. Plan") by irrevocably transferring future financial responsibilities for the plan to a third-party insurance provider (the "buy-out"). In connection with the buy-out and settlement of the U.K. Plan, a non-cash pre-tax settlement charge of \$87 million was recorded in "Other income, net" in the Company's Consolidated Statements of Operations for the year ended March 31, 2025, consisting of \$53 million of pension losses and \$34 million of Foreign currency translation adjustments associated with the plan. Excess assets from the U.K. Plan of approximately \$7 million are to be reverted to the Company following final wind-up activities and were recognized as a receivable upon settlement.

Defined benefit plan assets and obligations are measured as of the Company's fiscal year-end. The net periodic expense for the Company's pension plans were as follows:

<i>(In millions)</i>	Years Ended March 31,		
	2025	2024	2023
Service cost - benefits earned during the year	\$ 2	\$ 2	\$ 5
Interest cost on projected benefit obligation	7	8	7

Amortization of unrecognized actuarial loss and prior service costs	2	2	1
Curtailed/settlement loss (gain)	56	—	(1)
Net periodic pension expense	\$ 60	\$ 5	\$ 7

The projected unit credit method is utilized in measuring net periodic pension expense over the employees' service life for the pension plans. Unrecognized actuarial losses exceeding 10% of the greater of the projected benefit obligation or the market value of assets are amortized straight-line over the average remaining future service period of active employees.

	Years Ended March 31,		
	2025	2024	2023
Net periodic pension expense			
Discount rates	4.55 %	4.54 %	2.67 %

The Company's defined benefit pension plan liabilities are valued using a discount rate based on a yield curve developed from a portfolio of high-quality corporate bonds rated AA or better whose maturities are aligned with the expected benefit payments of its plans. The Company's defined benefit pension plan liabilities are valued using a weighted-average discount rate of 4.48%, which represents a decrease of seven basis points from its fiscal 2024 weighted-average discount rate of 4.55%.

Plan Assets

Investment Strategy: For plan assets, the investment strategies are subject to local regulations and the asset/liability profiles of the plans in each individual country. Plan assets are broadly invested in a manner appropriate to the nature and duration of the expected future retirement benefits payable under the plans. Plan assets are primarily invested in high-quality corporate and government bond funds and equity securities. Assets are properly diversified to avoid excessive reliance on any particular asset, issuer, or group of undertakings so as to avoid accumulations of risk in the portfolio as a whole.

The Company develops the expected long-term rate of return assumption based on the projected performance of the asset classes in which plan assets are invested. The target asset allocation was determined based on the liability and risk tolerance characteristics of the plans and at times may be adjusted to achieve overall investment objectives.

Fair Value Measurements: The fair value hierarchy has three levels based on the reliability of the inputs used to determine fair value. Level 1 refers to fair values determined based on unadjusted quoted prices in active markets for identical assets. Level 2 refers to fair values estimated using significant other observable inputs and Level 3 includes fair values estimated using significant unobservable inputs. The following tables represent the Company's plan assets as of March 31, 2025 and 2024, using the fair value hierarchy by asset class:

(1) Equity commingled funds, fixed income commingled funds, real estate funds, and other investments for which fair value is measured using the NAV per share as a practical expedient are not leveled within the fair value hierarchy and are included as a reconciling item to total investments.

Cash and cash equivalents - Cash and cash equivalents include money market funds and other commingled funds, which have daily net asset values derived from the underlying securities.

Equity commingled funds - Some equity investments are held in commingled funds, which have daily net asset values derived from quoted prices for the underlying securities in active markets.

Fixed income securities - Fixed income securities consist of bonds and debentures. Inputs to the valuation methodology include quoted prices for similar assets in active markets, and inputs that are observable for the asset, either directly or indirectly, for substantially the full term of the asset.

Annuity contracts - The value of the annuity contracts is reported by the Trustee and is based on a valuation of the remaining contracted cash flow of the contract. Inputs in the valuation include discounted future cash flows.

Real estate funds - The value of the real estate funds is reported by the fund manager and is based on a valuation of the underlying properties. Inputs used in the valuation include items such as cost, discounted future cash flows, independent appraisals, and market based comparable data.

Other - At March 31, 2025 and 2024, this includes \$34 million and \$30 million, respectively, of plan asset value relating to obligations in Norway for the state-regulated pension plan which is managed by the Norwegian Public Service Pension Fund ("SPK"). According to the terms of the SPK, the plan assets of state regulated plans in Norway must correspond very closely to the pension obligation calculated using the principles codified in Norwegian law. The investment return credited to this account is determined annually based on the performance of long-term government bonds.

Defined Contribution Plans

The Company has a contributory retirement savings plan (“RSP”) for U.S. eligible employees. Eligible employees may contribute to the RSP up to 75% of their eligible compensation on a pre-tax or post-tax basis not to exceed IRS limits. The Company makes matching contributions in an amount equal to 100% of the employee’s first 3% of pay contributed and 50% for the next 2% of pay contributed. The Company, at the discretion of its Board of Directors (the “Board”), may also make an additional annual matching contribution for each plan year to enable participants to receive a full match based on their annual contribution. The Company also contributed to non-U.S. plans that are available in certain countries. Contribution expenses for the RSP and non-U.S. plans were \$128 million, \$138 million, and \$125 million for the years ended March 31, 2025, 2024, and 2023, respectively.

Postretirement Benefits

The Company maintains a number of postretirement benefit plans, primarily consisting of healthcare and life insurance (“welfare”) benefits, for certain eligible U.S. employees. Eligible employees consist of those who retired before March 31, 1999 and those who retired after March 31, 1999, but were an active employee as of that date, after meeting other age-related criteria. It also provides postretirement benefits for certain U.S. executives. Defined benefit plan obligations are measured as of the Company’s fiscal year-end. The net periodic credit or expense for the Company’s postretirement welfare benefits was not material for the years ended March 31, 2025, 2024, and 2023. The benefit obligation at March 31, 2025 and 2024 was \$40 million and \$42 million, respectively.

14. Hedging Activities

In the normal course of business, the Company is exposed to interest rate and foreign currency exchange rate fluctuations. At times, the Company limits these risks through the use of derivatives as described below. In accordance with the Company’s policy, derivatives are only used for hedging purposes. The Company does not use derivatives for trading or speculative purposes. The Company uses various counterparties for its derivative contracts to minimize the exposure to credit risk but does not anticipate non-performance by these parties.

Foreign Currency Exchange Risk

The Company conducts its business worldwide in U.S. dollars and the functional currencies of its foreign subsidiaries, including Canadian dollars, Euro, and British pounds sterling. Changes in foreign currency exchange rates could have a material adverse impact on the Company’s financial results that are reported in U.S. dollars. The Company is also exposed to foreign currency exchange rate risk related to its foreign subsidiaries, including intercompany loans denominated in non-functional currencies. The Company has certain foreign currency exchange rate risk programs that use foreign currency forward contracts and cross-currency swaps. These forward contracts and cross-currency swaps are generally used to offset the potential income statement effects from intercompany loans and other obligations denominated in non-functional currencies. These programs reduce but do not entirely eliminate foreign currency exchange rate risk.

Interest Rate Risk

The Company has exposure to changes in interest rates, and it utilizes risk programs which use interest rate swaps to hedge the changes in debt fair values caused by fluctuations in benchmark interest rates. The Company also enters into forward contracts to hedge the variability of future benchmark interest rates on any planned bond issuances. These programs reduce but do not entirely eliminate interest rate risk.

Non-Derivative Instruments Designated as Hedges

Prior to the divestiture of the E.U. disposal group, the Company's €1.1 billion of Euro-denominated notes were designated as non-derivative net investment hedges. These hedges were utilized to hedge portions of the Company's net investments in non-U.S. subsidiaries against the effect of exchange rate fluctuations on the translation of foreign currency balances to the U.S. dollar. For all notes that were designated as net investment hedges and met effectiveness requirements, the changes in carrying value of the notes attributable to the change in spot rates were recorded as foreign currency translation adjustments in "Accumulated other comprehensive loss" in the Consolidated Statements of Stockholders' Equity (Deficit) where they offset foreign currency translation gains and losses recorded on the Company's net investments. To the extent foreign currency-denominated notes designated as net investment hedges were ineffective, changes in carrying value attributable to the change in spot rates were recorded in earnings.

In connection with the sale of the E.U. disposal group in October 2022, the Company reclassified \$112 million of gains from accumulated other comprehensive loss to "Selling, distribution, general, and administrative expenses" in the Consolidated Statement of Operations for the year ended March 31, 2023. This amount related to the €1.1 billion of Euro-denominated notes described above which were de-designated as net investment hedges, along with certain other Euro-denominated notes which were previously accounted for as net investment hedges and matured in prior periods, and was included in the fiscal 2023 and fiscal 2022 calculations of charges to remeasure the assets and liabilities of the disposal group to fair value less costs to sell.

In connection with the sale of the U.K. disposal group in April 2022, the Company reclassified \$26 million of gains from accumulated other comprehensive loss to "Selling, distribution, general, and administrative expenses" in the Consolidated Statement of Operations for the year ended March 31, 2023. This amount related to the Company's £450 million of British pound sterling-denominated notes, which were previously accounted for as net investment hedges until de-designated in fiscal 2020, and was included in the fiscal 2022 calculation of charges to remeasure the assets and liabilities of the disposal group to fair value less costs to sell.

Net Investment Hedges

The Company uses cross-currency swaps to hedge portions of the Company's net investments denominated in Canadian dollars against the effect of exchange rate fluctuations on the translation of foreign currency balances to the U.S. dollar. The changes in the fair value of these derivatives attributable to the changes in spot currency exchange rates and differences between spot and forward interest rates are recorded in accumulated other comprehensive loss and offset foreign currency translation gains and losses recorded on the Company's net investments denominated in Canadian dollars. To the extent cross-currency swaps designated as hedges are ineffective, changes in carrying value attributable to the change in spot rates are recorded in earnings.

McKESSON CORPORATION**FINANCIAL NOTES (Continued)**

In fiscal 2025, the Company expanded the net investment hedging program by entering into new cross-currency swaps and restructuring existing cross-currency swaps as described below. As of March 31, 2025, the outstanding notional amount of cross-currency swaps was C\$6.5 billion.

In the first quarter of fiscal 2025, the Company entered into cross-currency swaps designated as net investment hedges with a total notional amount of C\$2.5 billion to hedge portions of the Company's net investments denominated in Canadian dollars against the effect of exchange rate fluctuations on the translation of foreign currency balances to the U.S. dollar. These cross-currency swaps mature in April 2025 and June 2026. Further, the Company terminated C\$1.5 billion of cross-currency swaps designated as net investment hedges with original maturity dates in November 2024 and extending through March 2025.

In the third quarter of fiscal 2025, the Company entered into cross-currency swaps designated as net investment hedges with a total notional amount of C\$6.0 billion. These cross-currency swaps mature in October, November and December 2026. Further, the Company terminated C\$5.0 billion of cross-currency swaps designated as net investment hedges with original maturity dates in April 2025, June, October and November 2026.

In the fourth quarter of fiscal 2025, the Company entered into cross-currency swaps designated as net investment hedges with a total notional amount of C\$3.0 billion. These cross-currency swaps mature in March 2027.

Fair Value Hedges

The Company uses cross-currency swaps to hedge the changes in the fair value of its foreign currency notes resulting from changes in benchmark interest rates and foreign currency exchange rates. In February 2023, £450 million of cross-currency swaps matured and the Company executed new cross-currency swaps with similar terms to continue to mitigate interest rate and foreign exchange rate risks.

In fiscal 2023, the Company entered into cross-currency fixed-to-fixed interest rate swaps with a total notional amount of €1.1 billion to hedge the changes in the fair value of its underlying Euro-denominated notes resulting from changes in benchmark interest rates and foreign currency exchange rates.

In fiscal 2023, the Company entered into floating interest rate swaps designated as fair value hedges to convert \$1.3 billion of its fixed rate debt to floating rate in order to hedge the changes in fair value caused by fluctuations in the benchmark interest rate. In fiscal 2025, \$500 million of the \$1.3 billion floating interest rate swaps with original maturity dates in February 2026 and callable at any time after February 2024 were terminated. Refer to [Financial Note 11, "Debt and Financing Activities,"](#) for additional information on the public offering of the 2029 Notes. The changes in the fair value of these derivatives are recorded in "Interest expense" in the Consolidated Statements of Operations.

The changes in the fair value of these derivatives and the offsetting changes in the fair value of the hedged notes are recorded in earnings. Gains from the changes in the Company's fair value hedges recorded in earnings were largely offset by the losses recorded in earnings on the hedged item. For components excluded from the assessment of hedge effectiveness, the initial value of the excluded component is recognized in accumulated other comprehensive income (loss) and then released into earnings over the life of the hedging instrument. The difference between the change in the fair value of the excluded component and the amount amortized into earnings during the period is recorded in other comprehensive income (loss).

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

Cash Flow Hedges

From time to time, the Company enters into cross-currency swaps to hedge intercompany loans denominated in nonfunctional currencies to reduce the income statement effects arising from fluctuations in foreign currency exchange rates. The Company also enters into forward contracts to hedge the variability of future benchmark interest rates on any planned bond issuances and to offset the potential income statement effects from obligations denominated in non-functional currencies. The effective portion of changes in the fair value of these hedges is recorded in accumulated other comprehensive loss and reclassified into earnings in the same period in which the hedged transaction affects earnings. Changes in fair values representing hedge ineffectiveness are recognized in current earnings. There were no gains or losses reclassified from accumulated other comprehensive loss and recorded in “Selling, distribution, general, and administrative expenses” in the Consolidated Statements of Operations for the years ended March 31, 2025, 2024, and 2023.

In the fourth quarter of fiscal 2025, the Company executed a series of forward-starting interest rate swap locks with notional amounts of \$850 million to hedge cash flows associated with interest payments on upcoming financing activities. Refer to [Financial Note 11, “Debt and Financing Activities,”](#) for information on the Company’s debt obligations.

In April 2025, the Company executed forward-starting interest rate swap locks with a total notional amount of \$550 million. These swaps, in combination with the swaps executed during the fourth quarter of fiscal 2025, will hedge cash flows associated with interest payments on upcoming financing activities.

In the third quarter of fiscal 2024, the Company entered into foreign currency forward contracts designated as cash flow hedges with a total notional amount of £45 million to hedge the variability of foreign currency exchange fluctuations in future cash payments due to a third party for capital expenditures, and certain of these contracts matured in the fourth quarter of fiscal 2024 and during fiscal 2025.

In fiscal 2023, the Company entered into forward-starting fixed interest rate swaps designated as cash flow hedges, with a combined notional amount of \$450 million, and in the first quarter of fiscal 2024 with a notional amount of \$50 million, to hedge the variability of future benchmark interest rates on a planned bond issuance. On June 15, 2023, the Company completed a public offering of the 2033 Notes, at which point the \$500 million cash flow hedges were terminated and the proceeds are being amortized to interest expense over the life of the 2033 Notes, or 10 years. Refer to [Financial Note 11, “Debt and Financing Activities,”](#) for additional information on the public offering of the 2033 Notes.

In fiscal 2023, the Company also terminated its \$500 million notional forward-starting fixed interest rate swaps and recognized a gain of \$97 million within “Other income, net” in the Consolidated Statement of Operations.

Derivatives Not Designated as Hedges

Derivative instruments not designated as hedges are marked-to-market at the end of each accounting period with the change in fair value included in earnings. Changes in the fair values for contracts not designated as hedges were recorded directly into earnings in “Selling, distribution, general, and administrative expenses” in the Consolidated Statements of Operations. Changes in the fair values were not material for the year ended March 31, 2023. The Company did not enter into any derivative instruments not designated as hedges during fiscal 2025 and fiscal 2024.

15. Fair Value Measurements

The Company measures certain assets and liabilities at fair value in accordance with ASC Topic 820, *Fair Value Measurements and Disclosures*. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1 - quoted prices in active markets for identical assets or liabilities.

Level 2 - significant other observable market-based inputs.

Level 3 - significant unobservable inputs for which little or no market data exists and requires considerable assumptions that are significant to the fair value measurement.

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

Assets and Liabilities Measured at Fair Value on a Recurring Basis

Cash and cash equivalents at March 31, 2025 and 2024 included investments in money market funds of \$1.0 billion and \$705 million, respectively, which are reported at fair value. The fair value of money market funds was determined using quoted prices for identical investments in active markets, which are considered to be Level 1 inputs under the fair value measurements and disclosure guidance. The carrying value of all other cash equivalents approximates their fair value due to their relatively short-term nature.

Fair values of the Company's interest rate swaps, cross-currency swaps, and foreign currency forward contracts were determined using observable inputs from available market information, including quoted interest rates, foreign currency exchange rates, and other observable inputs from available market information. These inputs are considered Level 2 under the fair value measurements and disclosure guidance, and may not be representative of actual values that could have been realized or that will be realized in the future. Refer to [Financial Note 14, "Hedging Activities,"](#) for fair values and other information on the Company's derivatives.

The Company holds investments in equity and debt securities of U.S. growth stage companies that address both current and emerging business challenges in the healthcare industry and which had a carrying value of \$103 million and \$240 million at March 31, 2025 and 2024, respectively. These investments primarily consist of equity securities without readily determinable fair values and are included in "Other non-current assets" in the Consolidated Balance Sheets. During fiscal 2025, the Company recognized impairment charges and realized gains on the exit of certain investments. During fiscal 2024, the Company recognized impairment charges and unrealized gains on certain investments. During fiscal 2023, the Company recognized impairment charges and realized gains on the exit of certain investments. The Company recognized a net gain of \$101 million in fiscal 2025, a net loss of \$24 million in fiscal 2024 and a net loss of \$36 million in fiscal 2023. These amounts were recorded in "Other income, net" in the Consolidated Statements of Operations. Of the gain recognized in fiscal 2025, \$100 million relates to a recapitalization event of one of the Company's investments in equity securities which resulted in an increase to the carrying value of this investment. Proceeds from the sale of a portion of this investment were \$92 million. Additionally, during the fourth quarter of fiscal 2025, the Company exited one of its publicly-traded investments, receiving cash of \$97 million and recognizing a gain of \$44 million for the year ended March 31, 2025 offset by \$44 million asset impairments recorded in the fourth quarter of fiscal 2025. The carrying value of publicly traded investments was determined using quoted prices for identical investments in active markets and are considered to be Level 1 inputs.

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

In addition to assets and liabilities that are measured at fair value on a recurring basis, the Company's assets and liabilities are also subject to nonrecurring fair value measurements. Generally, assets are recorded at fair value on a nonrecurring basis as a result of impairment charges, including long-lived assets associated with the Company's restructuring initiatives as discussed in more detail in [Financial Note 3, "Restructuring, Impairment, and Related Charges, Net,"](#) or as a result of charges to remeasure assets classified as held for sale to fair value less costs to sell.

At March 31, 2024, the contingent consideration liability related to the Company's acquisition of RxSS in November 2022 was measured at fair value on a nonrecurring basis. Refer to [Financial Note 2, "Business Acquisitions and Divestitures"](#) for more information on these transactions.

The aforementioned investments in equity securities of U.S. growth stage companies include the carrying value of investments without readily determinable fair values, which were determined using a measurement alternative and are recorded at cost less impairment, plus or minus any changes in observable price from orderly transactions of the same or similar security of the same issuer. These inputs related to changes in observable price are considered Level 2 under the fair value measurements and disclosure guidance and may not be representative of actual values that could have been realized or that will be realized in the future. Inputs related to impairments of investments are generally considered Level 3 fair value measurements due to their inherently unobservable nature based on significant assumptions by management and use of company-specific information.

There were no other material assets or liabilities measured at fair value on a nonrecurring basis at March 31, 2025 and 2024.

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

Other Fair Value Disclosures

At March 31, 2025 and 2024, the carrying amounts of cash, certain cash equivalents, restricted cash, receivables, drafts and accounts payable, and other current liabilities approximated their estimated fair values because of the short-term maturity of these financial instruments.

The Company determines the fair value of commercial paper using quoted prices in active markets for identical instruments, which are considered Level 1 inputs under the fair value measurements and disclosure guidance.

The Company's long-term debt is recorded at amortized cost. The carrying value and fair value of the Company's long-term debt was as follows:

<i>(In millions)</i>	March 31, 2025		March 31, 2024	
	Carrying Value	Fair Value	Carrying Value	Fair Value
Long-term debt, including current maturities	\$ 5,654	\$ 5,598	\$ 5,629	\$ 5,488

The estimated fair value of the Company's long-term debt was determined using quoted market prices in a less active market and other observable inputs from available market information, which are considered to be Level 2 inputs, and may not be representative of actual values that could have been realized or that will be realized in the future.

Goodwill

Fair value assessments of the reporting unit and the reporting unit's net assets, which are performed for goodwill impairment tests, are considered a Level 3 measurement due to the significance of unobservable inputs developed using company-specific information. The Company considered a market approach as well as an income approach using a DCF model to determine the fair value of each reporting unit.

Long-lived Assets

The Company utilizes multiple approaches including the DCF model and market approaches for estimating the fair value of intangible assets. The future cash flows used in the analysis are based on internal cash flow projections from its long-range plans and include significant assumptions by management. Accordingly, the fair value assessment of long-lived assets is considered a Level 3 fair value measurement.

The Company measures certain long-lived and intangible assets at fair value on a nonrecurring basis when events occur that indicate an asset group may not be recoverable. If the carrying amount of an asset group is not recoverable, an impairment charge is recorded to reduce the carrying amount by the excess over its fair value. Refer to [Financial Note 3, "Restructuring, Impairment, and Related Charges, Net"](#) under the heading "*Long-Lived Asset Impairments*" for more information.

16. Financial Guarantees and Warranties

Financial Guarantees

The Company has agreements with certain of its customers' financial institutions, primarily in its International segment, under which it has guaranteed the repurchase of its customers' inventory or its customers' debt in the event these customers are unable to meet their obligations to those financial institutions. For the Company's inventory repurchase agreements, among other requirements, inventories must be in a resalable condition and any repurchase would be at a discount. The inventory repurchase agreements mostly relate to certain Canadian customers and generally range from one to two years. Customers' debt guarantees generally range from three to five years and are primarily provided to facilitate financing for certain customers. The majority of the Company's customers' debt guarantees are secured by certain assets of the customer. At March 31, 2025, the maximum amounts of inventory repurchase guarantees and customers' debt guarantees were \$390 million and \$5 million, respectively, of which the Company has not accrued any amounts.

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

The expirations of these financial guarantees were as follows:

<i>(In millions)</i>	Financial Guarantees Subject to Expiration
Fiscal 2026	\$ 111
Fiscal 2027	233
Fiscal 2028	7
Fiscal 2029	3
Fiscal 2030	6
Thereafter	35

At March 31, 2025, the Company's banks and insurance companies have issued \$206 million of standby letters of credit and surety bonds, which were issued on the Company's behalf primarily related to its customer contracts and in order to meet the security requirements for statutory licenses and permits, court and fiduciary obligations, pension obligations in Europe, and its workers' compensation and automotive liability programs.

The Company's software license agreements generally include certain provisions for indemnifying customers against liabilities if its software products infringe a third party's intellectual property rights. To date, the Company has not incurred any material costs as a result of such indemnification agreements and has not accrued any liabilities related to such obligations.

In conjunction with certain transactions, primarily divestitures, the Company may provide routine indemnification agreements (such as retention of previously existing environmental, tax, and employee liabilities) whose terms vary in duration and often are not explicitly defined. Where appropriate, obligations for such indemnifications are recorded as liabilities. Because the amounts of these indemnification obligations often are not explicitly stated, the overall maximum amount of these commitments cannot be reasonably estimated. Other than obligations recorded as liabilities at the time of divestiture, the Company has historically not made material payments as a result of these indemnification provisions.

Warranties

In the normal course of business, the Company provides certain warranties and indemnification protection for its products and services. For example, the Company provides warranties that the pharmaceutical and medical-surgical products it distributes are in compliance with the U.S. Food, Drug, and Cosmetic Act and other applicable laws and regulations. It has received the same warranties from its suppliers, which customarily are the manufacturers of the products. In addition, the Company has indemnity obligations to its customers for these products, which have also been provided from its suppliers, either through express agreement or by operation of law. Accrued warranty costs were not material to the Consolidated Balance Sheets as of March 31, 2025 and 2024.

17. Commitments and Contingent Liabilities

In addition to commitments and obligations incurred in the ordinary course of business, the Company is subject to a variety of claims and legal proceedings, including claims from customers and vendors, pending and potential legal actions for damages, governmental investigations, and other matters. The Company is vigorously defending itself against those claims and in those proceedings. Significant developments in those matters are described below. If the Company is unsuccessful in defending, or if it determines to settle, any of these matters, it may be required to pay substantial sums, be subject to injunction and/or be forced to change how it operates its business, which could have a material adverse impact on its financial position or results of operations.

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

Unless otherwise stated, the Company is unable to reasonably estimate the loss or a range of possible loss for the matters described below. Often, the Company is unable to determine that a loss is probable, or to reasonably estimate the amount of loss or a range of loss, for a claim because of the limited information available and the potential effects of future events and decisions by third parties, such as courts and regulators, that will determine the ultimate resolution of the claim. Many of the matters described are at preliminary stages, raise novel theories of liability, or seek an indeterminate amount of damages. It is not uncommon for claims to remain unresolved over many years. The Company reviews loss contingencies at least quarterly to determine whether the likelihood of loss has changed and whether it can make a reasonable estimate of the loss or range of loss. When the Company determines that a loss from a claim is probable and reasonably estimable, it records a liability for an estimated amount. The Company also provides disclosure when it is reasonably possible that a loss may be incurred or when it is reasonably possible that the amount of a loss will exceed its recorded liability. Amounts included within “Claims and litigation charges, net” in the Consolidated Statements of Operations consist of estimated loss contingencies related to opioid-related litigation matters, as well as any applicable income items or credit adjustments due to subsequent changes in estimates.

Litigation and Claims Involving Distribution of Controlled Substances

The Company and its affiliates have been sued as defendants in many cases asserting claims related to distribution of controlled substances, such as opioids. They have been named as defendants along with other pharmaceutical wholesale distributors, pharmaceutical manufacturers, and retail pharmacies. The plaintiffs in these actions have included state attorneys general, county and municipal governments, school districts, tribal nations, hospitals, health and welfare funds, third-party payors, and individuals. These actions have been filed in state and federal courts throughout the U.S., and in Puerto Rico and Canada. These plaintiffs have sought monetary damages and other forms of relief based on a variety of causes of action, including negligence, public nuisance, unjust enrichment, and civil conspiracy, as well as alleging violations of the Racketeer Influenced and Corrupt Organizations Act (“RICO”), state and federal controlled substances laws, and other statutes. Because of the many uncertainties associated with opioid-related litigation matters, the Company is not able to conclude that a liability is probable or provide a reasonable estimate for the range of ultimate possible loss for opioid-related litigation matters other than those for which an accrual is described below.

State and Local Government Claims

The Company and two other national pharmaceutical distributors (collectively “Distributors”) entered into a governmental entities opioid settlement agreement (the “Settlement”) and consent judgment with 48 states and their participating subdivisions, as well as the District of Columbia and all eligible territories (the “Settling Governmental Entities”). Approximately 2,300 cases have been dismissed. The Distributors did not admit liability or wrongdoing and do not waive any defenses pursuant to the Settlement. Under the Settlement, the Company has paid the Settling Governmental Entities approximately \$2.0 billion as of March 31, 2025, and additionally will pay the Settling Governmental Entities up to approximately \$5.9 billion through 2038. A minimum of 85% of the Settlement payments must be used by state and local governmental entities to remediate the opioid epidemic, while the remainder relates to plaintiffs’ attorneys’ fees and costs and will be paid out through 2030. Pursuant to the Settlement, the Distributors are in the process of establishing a clearinghouse to consolidate their controlled-substance distribution data, which will be available to the settling U.S. states to use as part of their anti-diversion efforts.

Alabama and West Virginia did not participate in the Settlement. Under a separate settlement agreement with Alabama and its subdivisions, the Company has paid approximately \$75 million as of March 31, 2025, and additionally will pay approximately \$99 million through 2031. The Company previously settled with the state of West Virginia in 2018, so West Virginia and its subdivisions were not eligible to participate in the Settlement. Under a separate settlement agreement, the Company has paid certain West Virginia subdivisions approximately \$68 million as of March 31, 2025, and additionally will pay approximately \$84 million through 2033. That agreement does not include school districts or the claims of Cabell County and the City of Huntington. After a trial, the claims of Cabell County and the City of Huntington, were decided in the Company’s favor on July 4, 2022. Those subdivisions appealed that decision.

Some other state and local governmental subdivisions did not participate in the Settlement, including certain municipal governments, government hospitals, school districts, and government-affiliated third-party payors. The Company contends that those subdivisions’ claims are foreclosed by the Settlement or other dispositive defenses, but the subdivisions contend that their claims are not foreclosed.

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

The City of Baltimore, Maryland, is one such subdivision. A trial of its claims against the Company and another national pharmaceutical distributor began on September 16, 2024 in the Circuit Court of Maryland for Baltimore City, *Mayor and City Council of Baltimore v. Purdue Pharma LP, No. 24-C-18-000515*. Baltimore claims that the defendants' distribution of controlled substances to certain pharmacies in the City of Baltimore and Baltimore County caused a public nuisance. On November 12, 2024, the jury returned a verdict finding the Company liable and assessing approximately \$192 million in compensatory damages. A second phase of the trial, in which the city seeks monetary abatement relief, began on December 11, 2024, and the court is currently considering whether to award additional relief. The judgment is not final, and the Company has filed a motion seeking to set aside the verdict. The Company believes it has valid bases to challenge the verdict and is prepared to appeal, if necessary. Because of the many bases to challenge the verdict, both in the trial court and on appeal, the Company has not adjusted its litigation reserve as a result of the jury verdict.

The district attorneys of the City of Philadelphia, Pennsylvania, and Allegheny County, Pennsylvania did not participate in the Settlement and sought to bring separate claims against the Company, notwithstanding the settlement with the state of Pennsylvania and its attorney general. On January 26, 2024, the Commonwealth Court of Pennsylvania ruled that the Pennsylvania attorney general had settled and fully released the claims brought by those district attorneys under Pennsylvania's Unfair Trade Practices and Consumer Protection Law. The district attorneys have appealed that decision to the Supreme Court of Pennsylvania. An accrual for the remaining governmental subdivision claims is reflected in the total estimated liability for opioid-related claims in a manner consistent with how Settlement amounts were allocated to Settling Governmental Entities.

Native American Tribe Claims

The Company also entered into settlement agreements for opioid-related claims of federally recognized Native American tribes. Under those agreements, the Company has paid the settling Native American tribes approximately \$112 million as of March 31, 2025, and additionally will pay approximately \$84 million through 2027. A minimum of 85% of the total settlement payments must be used by the settling Native American tribes to remediate the opioid epidemic.

Non-Governmental Plaintiff Claims

The Company is also a defendant in hundreds of opioid-related cases brought in the U.S. by private plaintiffs, such as hospitals, health and welfare funds, third-party payors, and individuals. These claims, and those of private entities generally, are not included in the settlement agreements described above. The Company and two other national distributors have reached settlements with representatives of nationwide groups of acute care hospitals and certain third-party payors. The claims of remaining U.S. non-governmental plaintiffs are not included in the charges recorded by the Company (described below).

With respect to the acute care hospitals for the year ended March 31, 2024, the Company recorded a charge of \$149 million within "Claims and litigation charges, net" in the Consolidated Statement of Operations to reflect its portion of a settlement with a nationwide class of acute care hospitals, of which \$75 million was recorded within Corporate expenses, net, and \$74 million was recorded within U.S. Pharmaceutical. The corresponding liability was included within "Other accrued liabilities" in the Consolidated Balance Sheet. On October 30, 2024, the U.S. District Court for the District of New Mexico granted preliminary approval to the proposed settlement, pursuant to which the Company placed approximately \$149 million into escrow on November 27, 2024. On March 4, 2025, the Court granted final approval to the settlement, which became effective on April 4, 2025. The escrow payment was presented as restricted cash within "Prepaid expenses and other" in the Company's Consolidated Balance Sheet as of March 31, 2025.

With respect to the third-party payors, for the year ended March 31, 2025, the Company recorded a charge of \$114 million within "Claims and litigation charges, net" in the Consolidated Statement of Operations to reflect the Company's portion of the settlement with representatives of a nationwide group of certain third-party payors, of which \$57 million was recorded within Corporate expenses, net and U.S. Pharmaceutical, respectively. The corresponding liability was included within "Other accrued liabilities" in the Consolidated Balance Sheet. On January 15, 2025, the U.S. District Court for the Northern District of Ohio overruled objections to the settlement and granted final approval to the settlement, pursuant to which the Company placed approximately \$114 million into escrow on February 12, 2025. An insurer that objected to the settlement has appealed, and, as a result of the appeal, the settlement has not become effective.

McKESSON CORPORATION
FINANCIAL NOTES (Continued)

The Company's estimated accrued liability for the above-described opioid-related claims of U.S. governmental entities, including Native American tribes, and certain non-governmental plaintiffs, including a settlement with certain third-party payors and a nationwide class of acute care hospitals, was as follows:

<i>(In millions)</i>	March 31, 2025	March 31, 2024
Current litigation liabilities ⁽¹⁾	\$ 776	\$ 665
Long-term litigation liabilities	5,601	6,113
Total litigation liabilities	\$ 6,377	\$ 6,778

(1) These amounts, recorded in "Other accrued liabilities" in the Consolidated Balance Sheets, are the amounts estimated to be paid within the next twelve months following each respective period end date.

During the year ended March 31, 2025, 2024, and 2023, the Company made payments totaling \$515 million, \$544 million, and \$1.1 billion, respectively, associated with the Settlement and the separate settlement agreements for opioid-related claims of participating states, subdivisions, and Native American tribes discussed above.

Canadian Plaintiff Claims

The Company and its Canadian affiliate are also defendants in four opioid-related cases pending in Canada. These cases involve the claims of the provincial governments, municipal governments, a group representing indigenous people, as well as one case brought by an individual.

Defense of Opioids Claims

The Company believes it has valid legal defenses in all opioid-related matters, including claims not covered by settlement agreements, and it intends to mount a vigorous defense in such matters. Other than the accruals described above, the Company has not concluded a loss is probable in any of the matters; nor is any possible loss or range of loss reasonably estimable. An adverse judgment or negotiated resolution in any of these matters could have a material adverse impact on the Company's financial position, cash flows or liquidity, or results of operations.

Qui Tam Litigation

On August 8, 2018, the Company was served with a *qui tam* complaint pending in the United States District Court for the District of Massachusetts alleging that the Company violated the federal False Claims Act and various state false claims acts due to the alleged failure of the Company and other defendants to report providers who were engaged in diversion of controlled substances. *United States ex rel. Manchester v. Purdue Pharma, L.P., et al.*, Case No. 1-16-cv-10947. On August 22, 2018, the United States filed a motion to dismiss. The relator died, and on February 25, 2019 the court entered an order staying the matter until a proper party can be substituted, and providing that if no party is substituted within 90 days of February 25, 2019, the case would be dismissed. In April 2019, the widow of the relator filed a motion to substitute their daughter as the relator; the United States and defendants opposed this substitution request. The motion remains pending and the case remains stayed.

On October 17, 2024, the Company was served with a *qui tam* complaint filed in the United States District Court for the Eastern District of New York by a relator alleging that, from 2010 through at least 2012, the Company submitted false certifications to the government in support of Horizon Clinicals, an electronic health record product. *United States ex rel. James Thompson v. McKesson Corporation*, No. 16-CV-2891. The United States has declined to intervene in the case. The complaint seeks relief under the False Claims Act including damages, treble damages, civil penalties, attorney fees, and costs of suit.

Government Subpoenas and Investigations

From time to time, the Company receives subpoenas or requests for information from various governmental agencies. The Company generally responds to such subpoenas and requests in a cooperative, thorough, and timely manner. These responses sometimes require time and effort and can result in considerable costs being incurred by the Company. Such subpoenas and requests can lead to the assertion of claims or the commencement of civil or criminal legal proceedings against the Company and other members of the healthcare industry, as well as to settlements of claims against the Company. The Company responds to these requests in the ordinary course of business. The following are examples of the type of subpoenas or requests the Company receives from time to time.

In July 2024, the United States Department of Justice served a Civil Investigative Demand issued pursuant to the False Claims Act on the Company seeking documents and information related to administration of copay coupon programs associated with certain Sun Pharmaceutical Industries Inc. drugs.

In March 2025, the United States Department of Justice served a Civil Investigative Demand issued pursuant to the False Claims Act on NDCHealth Corporation, a subsidiary of the Company, seeking documents and information related to cybersecurity requirements in contracts or sub-contracts with the federal government.

State Opioid Statutes

In April 2018, the State of New York Opioid Stewardship Act (“OSA”) imposed an aggregate \$100 million annual surcharge for 2017 and 2018 on all manufacturers and distributors licensed to sell or distribute opioids in New York. In December 2021, the Company paid \$26 million for the 2017 OSA surcharge assessment. On May 18, 2022, the Company filed a lawsuit in New York state trial court challenging the constitutionality of the OSA. In November 2022, the Company received a 2018 OSA surcharge assessment of approximately \$42 million. On December 14, 2022, the state court ruled that the OSA is constitutional. The Appellate Division subsequently ruled that the 2017 assessment was unconstitutional, but that the 2018 assessment was proper. The Company has paid \$42 million for the 2018 OSA surcharge assessment. The Company’s OSA challenge was pending before the New York Supreme Court. On March 31, 2025, The State of New York agreed to pay the Company \$28 million to settle the matter, subject to the availability of appropriations. The Company has not recorded a receivable for this recovery.

Environmental Matters

Primarily as a result of the operation of the Company’s former chemical businesses, which were fully divested by 1987, the Company is involved in various matters pursuant to environmental laws and regulations. The Company has received claims and demands from governmental agencies relating to investigative and remedial actions purportedly required to address environmental conditions alleged to exist at four sites where it, or entities acquired by it, formerly conducted operations and the Company, by administrative order or otherwise, has agreed to take certain actions at those sites, including soil and groundwater remediation.

Based on a determination by the Company’s environmental staff, in consultation with outside environmental specialists and counsel, the current estimate of the Company’s probable loss associated with the remediation costs for these four sites is \$25 million, net of amounts anticipated from third parties. The \$25 million is expected to be paid out between April 2025 and March 2055. The Company has accrued \$25 million for the estimated probable loss for these environmental matters in its Consolidated Balance Sheet as of March 31, 2025.

The Company has been designated as a Potentially Responsible Party (“PRP”) under the Superfund law for environmental assessment and cleanup costs as the result of its alleged disposal of hazardous substances at 14 sites. With respect to these sites, numerous other PRPs have similarly been designated and while the current state of the law potentially imposes joint and several liabilities upon PRPs, as a practical matter, costs of these sites are typically shared with other PRPs. For one such site, the Company was one of multiple recipients of a New Jersey Department of Environmental Protection directive and a separate U.S. Environmental Protection Agency (“EPA”) directive concerning natural resources damages to the Passaic River associated with the Company’s Newark, New Jersey facility. In March 2016, the EPA selected a preferred remedy for this Lower Passaic River site with an estimated cost of approximately \$1.4 billion. In December 2022, the Company entered into a Consent Decree with the EPA that is currently pending approval by the U.S. District Court for the District of New Jersey and would require the Company to pay \$3 million, for which the Company maintained an escrow deposit as of March 31, 2025. Accordingly, the Company’s estimated probable loss at the remaining 13 sites is approximately \$23 million, which has been accrued for in the Consolidated Balance Sheet as of March 31, 2025.

Value Added Tax Assessments

The Company operates in various countries outside the U.S. which collect value added taxes (“VAT”). The determination of the manner in which a VAT applies to the Company’s foreign operations is subject to varying interpretations arising from the complex nature of the tax laws. The Company has received assessments for VAT which are in various stages of appeal. The Company disagrees with these assessments and believes that it has a strong legal argument to defend its tax positions. Certain VAT assessments relate to years covered by an indemnification agreement. Due to the complex nature of the tax laws, it is not possible to estimate the outcome of these matters. However, based on currently available information, the Company believes the ultimate outcome of these matters will not have a material adverse effect on its financial position, cash flows or results of operations.

Antitrust Settlements

Numerous lawsuits have been filed against certain pharmaceutical manufacturers alleging that the manufacturer, by itself or in concert with others, took improper actions to delay or prevent generic drugs from entering the market. These lawsuits are sometimes brought as class actions on behalf of those who purchased directly from pharmaceutical manufacturers, including the Company. The Company does not recognize such amounts until received. In certain cases the Company is also named as a plaintiff. Some of these lawsuits have settled in the past with the Company receiving proceeds, including \$444 million, \$244 million, and \$129 million in fiscal 2025, fiscal 2024, and fiscal 2023, respectively, which were included in “Cost of sales” in the Consolidated Statements of Operations.

Other Matters

The Company is involved in various other litigation, governmental proceedings, and claims, not described above, that arise in the normal course of business. While it is not possible to determine the ultimate outcome or the duration of such litigation, governmental proceedings, or claims, the Company believes, based on current knowledge and the advice of counsel, that such litigation, proceedings, and claims will not have a material impact on the Company’s financial position or results of operations.

18. Stockholders’ Equity (Deficit)

Each share of the Company’s outstanding common stock is permitted one vote on proposals presented to stockholders and is entitled to participate equally in any dividends declared by the Board.

In July 2024, the Company’s quarterly dividend was raised from \$0.62 to \$0.71 per share of common stock for dividends declared on or after such date by the Board. The Company declared regular cash dividends of \$2.75, \$2.40, and \$2.09 per share for the years ended March 31, 2025, 2024, and 2023, respectively. The Company anticipates that it will continue to pay quarterly cash dividends in the future. However, the payment and amount of future dividends remain within the discretion of the Board and will depend upon the Company’s future earnings, financial condition, capital requirements, legal requirements, and other factors.

Share Repurchase Plans

The Board has authorized the repurchase of common stock. The Company may repurchase common stock from time-to-time through open market transactions, privately negotiated transactions, accelerated share repurchase programs, or by combinations of such methods, any of which may use pre-arranged trading plans that are designed to meet the requirements of Rule 10b5-1(c) of the Securities Exchange Act of 1934 (“Exchange Act”). The timing of any repurchases and the actual number of shares repurchased will depend on a variety of factors, including our stock price, corporate and regulatory requirements, tax implications, restrictions under our debt obligations, other uses for capital, impacts on the value of remaining shares, cash generated from operations, and market and economic conditions.

Effective January 1, 2023, the Company’s repurchase of common stock, adjusted for allowable items, are subject to a 1% excise tax as a result of the Inflation Reduction Act of 2022. Excise taxes incurred on share repurchases of an entity’s own common stock are direct and incremental costs to purchase treasury stock, and accordingly are included in the total cost basis of the common stock acquired and reflected as a reduction of stockholders’ equity within “Treasury shares” in the Company’s Consolidated Balance Sheets and Consolidated Statements of Stockholders’ Deficit. Excise taxes do not reduce the Company’s remaining authorization for the repurchase of common stock. Excise taxes of \$26 million and \$25 million were accrued for shares repurchased during the year ended March 31, 2025 and 2024, respectively. On October 30, 2024, the company made a payment of \$25 million for fiscal 2024 excise taxes previously accrued. As of March 31, 2025 and March 31, 2024, the amount accrued for excise taxes was \$26 million and \$25 million, respectively, within “Other accrued liabilities” in the Company’s Consolidated Balance Sheets.

19. Related Party Balances and Transactions

In fiscal 2025, the U.S pharmaceutical sales to one of the Company’s equity method investees totaled \$1.1 billion. Trade receivables related to transactions from this investee were \$313 million as of March 31, 2025. In fiscal 2024, the Company’s investment in this entity was not accounted for under the equity method and, as a result, was not classified as a related party.

20. Segments of Business

The Company reports its financial results in four operating and reportable segments: U.S. Pharmaceutical, RxTS, Medical-Surgical Solutions, and International. The organizational structure also includes Corporate, which consists of income and expenses associated with administrative functions and projects, and the results of certain investments and operations. The factors for determining the segments include the manner in which management evaluates the performance of the Company combined with the nature of the individual business activities. The Company evaluates the performance of its operating segments on a number of measures, including revenues and operating profit (loss) before interest expense and income taxes.

The Company’s chief operating decision maker (“CODM”) is its Chief Executive Officer. The CODM uses operating profit (loss) before interest expense and income taxes to assess performance and allocate resources for each reportable segment during the Company’s annual long-term planning process and through quarterly operating reviews focused on each segment’s results compared to the budget and rolling forecast. The CODM is regularly provided with budgeted or forecasted expense information for the segment and also uses consolidated expense information. Assets by segment are not a measure used to assess the performance of the Company by the CODM and thus are not reported in our disclosures.

The U.S. Pharmaceutical segment distributes branded, generic, specialty, biosimilar and over-the-counter pharmaceutical drugs, and other healthcare-related products in the U.S. This segment also provides practice management, technology, clinical support, and business solutions to community-based oncology and other specialty practices. In addition, the segment sells financial, operational, and clinical solutions to pharmacies (retail, hospital, alternate sites) and provides consulting, outsourcing, technological, and other services.

The RxTS segment helps solve medication access, affordability, and adherence challenges for patients by working across healthcare to connect patients, pharmacies, providers, pharmacy benefit managers, health plans, and biopharma companies. RxTS serves our biopharma and life sciences partners, delivering innovative solutions that help people get the medicine they need to live healthier lives. RxTS offers technology services, which includes electronic prior authorization, prescription price transparency, benefit insight, and dispensing support services, in addition to third-party logistics and wholesale distribution support designed to benefit stakeholders.

The Medical-Surgical Solutions segment provides medical-surgical supply distribution, logistics, and other services to healthcare providers, including physician offices, surgery centers, nursing homes, hospital reference labs, and home health care agencies. This segment offers national brand medical-surgical products as well as McKesson’s own line of high-quality products through a network of distribution centers in the U.S.

McKESSON CORPORATION**FINANCIAL NOTES (Continued)**

The International segment includes the Company's operations in Canada and Norway, bringing together non-U.S.-based drug distribution services, specialty pharmacy, retail, and infusion care services. The Company's Canadian operations deliver medicines, supplies, and information technology solutions throughout Canada and included Rexall Health retail pharmacies. The Company's Norwegian operations provide distribution and services to wholesale and retail customers in Norway where it owns, partners, or franchises with retail pharmacies. During fiscal 2025, the Company completed the previously announced transaction to sell the Canadian retail disposal group. During fiscal 2023, the Company completed the divestitures of the U.K. disposal group in April 2022, and the E.U. disposal group in October 2022. Refer to [Financial Note 2, "Business Acquisitions and Divestitures,"](#) for more information related to these divestitures.

1. General Release.

Franchisee, for itself, himself or herself, and, if applicable, additionally, for Franchisee's Affiliates, if any, and for each of their respective officers, directors, shareholders, members, managers, trustees, partners, employees, attorneys, heirs and successors (Franchisee and such other persons are collectively referred to as the "Releasing Parties"), hereby release and forever discharge Franchisor, Franchisor's Affiliates, and their respective officers, directors, shareholders, agents, employees, representatives, attorneys, successors and assigns (collectively the "Released Parties"), and each of them, from any and all claims, demands, obligations, liabilities, actions, causes of action, suits, proceedings, controversies, disputes, agreements, promises, allegations, costs and expenses, at law or in equity, of every nature, character or description whatsoever, whether known or unknown, suspected or unsuspected or anticipated or unanticipated, which any of the Releasing Parties ever had, now has, or may, shall or can hereafter have or acquire (collectively referred to as "Claims"). CORP. CODE Section 31000 *et seq.*, and the California Franchise Relations Act, CAL. BUS. & PROF. CODE Section 20000 *et seq.* To the extent that the Disclosure Document/and or Franchise Agreement contain provisions that are inconsistent with the following, such provisions are hereby amended:

1. Item 3 of the Disclosure Document is supplemented by the following language:

Neither we nor any person or franchise broker in Item 2 of the Franchise Disclosure Document is subject to any currently effective order of any national securities association or national securities exchange, as defined in the Securities Exchange Act of 1934, 15 U.S.C.A.78a *et seq.*, suspending or expelling such persons from membership in such association or exchange.
2. Item 17 of the Franchise Disclosure Document is supplemented by the following language:
 - a. California Business and Professions Code Sections 20000 through 20043 provides rights to the franchisee concerning termination, transfer or non-renewal of a franchise. If the franchise agreement contains a provision that is inconsistent with the law, the law will control.
 - b. The franchise agreement provides for termination upon bankruptcy. This provision may not be enforceable under federal bankruptcy law (11 U.S.C.A. Sec. 101 *et seq.*).
 - c. The franchise agreement contains a covenant not to compete which extends beyond the termination of the franchise. This provision may not be enforceable under California law.
 - d. The franchise agreement requires application of the laws of the state of Texas.
2. OUR WEBSITE HAS NOT BEEN REVIEWED OR APPROVED BY THE CALIFORNIA DEPARTMENT OF FINANCIAL PROTECTION AND INNOVATION. ANY COMPLAINTS CONCERNING THE CONTENT OF THIS WEBSITE MAY BE DIRECTED TO THE CALIFORNIA DEPARTMENT OF FINANCIAL PROTECTION AND INNOVATION AT www.dfpi.ca.gov.
3. THE CALIFORNIA FRANCHISE INVESTMENT LAW REQUIRES THAT A COPY OF ALL PROPOSED AGREEMENTS RELATING TO THE SALE OF THE FRANCHISE BE DELIVERED TOGETHER WITH A COPY OF THE DISCLOSURE DOCUMENT.
4. Corporations Code 31512 provides that: "Any conditions, stipulation or provision purporting to bind any person acquiring a franchise to waive compliance with any provision of this law or any rule or order hereunder is void." The franchise agreement requires a shortened status of limitations period. Pursuant to Corporations Code Section 31512, this provision is void, to the extent that it is inconsistent with the provisions of Corporations Code Sections 31303 and 31304.
5. You must sign a general release if you renew or transfer your franchise. California Corporations Code Section 31512 voids a waiver of your rights under the Franchise Investment Law (California Corporations Code Sections 31000 through 31516). Business and Professions Code Section 20010 voids a waiver of your rights under the Franchise Relations Act (Business and Professions Code Sections 20000 through 20043).
6. SECTION 31125 OF THE CALIFORNIA CORPORATIONS CODE REQUIRES US TO GIVE YOU A DISCLOSURE DOCUMENT, IN A FORM CONTAINING THE INFORMATION THAT THE COMMISSIONER MAY BY RULE OR ORDER REQUIRE, BEFORE A SOLICITATION OF A PROPOSED MATERIAL MODIFICATION OF AN EXISTING FRANCHISE.
7. No disclaimer, questionnaire, clause, or statement signed by a franchisee in connection with the commencement of the franchise relationship shall be construed or interpreted as waiving any claim of fraud in the inducement, whether common law or statutory, or as disclaiming reliance on or the right to rely upon any statement made or information provided by any franchisor, broker or other person acting on behalf of the franchisor that was a

material inducement to a franchisee's investment. This provision supersedes any other or inconsistent term of any document executed in connection with the franchise.

Each provision of this addendum is effective only to the extent that the jurisdictional requirements of the laws described above, with respect to each provision of the law, are met independent of this addendum. This addendum will have no force or effect if such jurisdictional requirements are not met.

3. Item 17 is amended to add the following note at the end of that Item:

If the Franchise Agreement contains a limitations of claims provision, such provision will not act to reduce the three-year statute of limitations period afforded a franchisee under Section 14-227(e) of the Maryland Franchise Registration and Disclosure Law (“Law”) for claims arising under the Law.

4. The following is added as the last paragraph of Item 17:

A provision in the Franchise Agreement which terminates the agreement upon your bankruptcy may not be enforceable under Title 11, United States Code Section 101.

The covenants not to compete contained within the Franchise Disclosure Document are subject to Section 9-08-06 and may be unenforceable under North Dakota law.

If the Franchise Agreement requires mediation or arbitration to be conducted in a forum other than the State of North Dakota, the requirement may be unenforceable under the North Dakota Franchise Investment Law. Mediation or arbitration involving a franchise purchased in the State of North Dakota must be held either in a location mutually agreed upon prior to the mediation or arbitration, or if the parties cannot agree on a location, the location will be determined by the mediator or the arbitrator.

Each provision of this addendum is effective only to the extent that the jurisdictional requirements of the laws described above, with respect to each provision of the law, are met independent of this addendum. This addendum will have no force or effect if such jurisdictional requirements are not met.

RHODE ISLAND

Item 17, "Renewal, Termination, Transfer, and Dispute Resolution" is amended by adding the following in the "Summary" column opposite category w., "Choice of law":

Section 19-28.1-14 of the Rhode Island Franchise Investment Act provides that "A provision in a franchise agreement restricting jurisdiction and venue to a forum outside this state or requiring the application of the laws of another state is void with respect to a claim otherwise enforceable under this Act."

Each provision of this addendum is effective only to the extent that the jurisdictional requirements of the laws described above, with respect to each provision of the law, are met independent of this addendum. This addendum will have no force or effect if such jurisdictional requirements are not met.

VIRGINIA

In recognition of the restrictions contained in Section 13.1-564 of the Virginia Retail Franchising Act, Item 17.h. is supplemented by the following:

Under Section 13.1-564 of the Virginia Retail Franchising Act, it is unlawful for a franchisor to cancel a franchise without reasonable cause. If any ground for default or termination stated in the franchise agreement does not constitute “reasonable cause,” as that term may be defined in the Virginia Retail Franchising Act or the laws of Virginia, that provision may not be enforceable.

No statement, questionnaire, or acknowledgement signed or agreed to by you in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by us, any franchise seller, or any other person acting on our behalf. This provision supersedes any other term of any document executed in connection with the franchise.
