What You Need To Know About Franchising *Generally*

Continuing responsibility to pay fees. You may have to pay royalties and other fees even if you are losing money.

Business model can change. The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

Supplier restrictions. You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

Operating restrictions. The franchise agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

Competition from franchisor. Even if the franchise agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

Renewal. Your franchise agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

When your franchise ends. The franchise agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

Some States Require Registration

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends the franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use the agency information in Exhibit A.

Your state also may have laws that require special disclosures or amendments be made to your franchise agreement. If so, you should check the State Specific Addenda. See the Table of Contents for the location of the State Specific Addenda.

Special Risks to Consider About *This* Franchise

Certain states require that the following risk(s) be highlighted:

1. **Out-of-State Dispute Resolution.** The franchise agreement requires you to resolve disputes with us by binding arbitration (with certain limited exceptions as set forth in the franchise agreement). The franchise agreement states that Pennsylvania law governs the agreement, and this law may not provide the same protections and benefits as local law. You may want to compare these laws. Out-of-state arbitration and/or litigation may force you to accept a less favorable settlement for disputes. It may also cost you more to arbitrate/litigate with us in a different state than in your own state.
2. **Economic Dependence on Parent.** The franchisor is economically dependent upon its parent, Grupo Bimbo S.A.B. de C.V., as the parent or its affiliated companies supply substantially all of the products sold by the franchisor and provides additional working capital as required.

Certain states may require other risks to be highlighted. Check the “State Specific Addenda” pages for your state.

Item 1
THE FRANCHISOR AND ANY PARENTS, ITS PREDECESSORS AND AFFILIATES

Name and Trade Name of Franchisor, Predecessors, and Affiliates and Business Form

To simplify the language in this disclosure document, “BFBD”, “we” or “our” means Bimbo Foods Bakeries Distribution, LLC, the franchisor. BFBD was a Delaware corporation incorporated in 1996 (as Bimbo Bakeries Distribution, Inc.). In 2013, it was converted to a Delaware limited liability company. BFBD’s parent company, Bimbo Bakeries USA, Inc. (“BBUSA”), and BFBD’s affiliates may provide Products to be sold and distributed by our franchisees. Bimbo Bakeries Inc., formerly BBU, Inc., (“BBU”), a U.S. subsidiary of Mexico-based Grupo Bimbo S.A.B. de C.V. (“Grupo Bimbo”) (further described below), is the U.S. parent company of BBUSA, which is the parent company of BFBD and the BFBD affiliates, and was the parent of BFBD’s two former ~~affiliate~~, affiliates Bimbo Bakeries Distribution Company, Ltd. (“BBDC”) ~~–BBDC, which~~ offered franchises similar to BFBD until it was acquired by BFBD on December 31, 2014 by merger (as described below) and Earthgrains Distribution, LLC (“EGD”), which offered franchises similar to BFBD until it was acquired by BFBD on December 31, 2023 by merger (as described below).

You must own the franchise through ~~an incorporated entity (e.g. not an LLC or partnership), except in certain instances, those that already own a BFBD franchise under an LLC may be permitted to again sign a new distribution/franchise agreement under that same LLC~~ a corporation or limited liability company. In this document, “you” refers collectively to the corporate entity that buys the distribution (franchise) rights described in this document and to the persons who directly or indirectly own or control the corporate entity. As further described below in Item 10, you may be eligible to finance a portion of your initial franchise fee through Advantafirst Capital Financial Services, Inc., a Delaware corporation (“Advantafirst”). Advantafirst is also an affiliate of ~~BFBD~~ BBUSA.

About Us, Our Predecessor and Our Affiliates

As of 2001, the franchisor was owned by George Weston Bakeries Inc., a subsidiary of Canada-based Weston Foods, Inc., and operated under the name George Weston Bakeries Distribution, Inc. In January 2009, Grupo Bimbo, through its U.S. subsidiary, BBU, acquired all of the issued and outstanding shares of capital stock of Weston Foods Inc. The franchisor and its parent continued to exist as the same companies after the January 2009 transaction but simply changed their names. The name of George Weston Bakeries Inc. was changed to Bimbo Foods Bakeries Inc. (which has since been merged into BBUSA). Simultaneously, the franchisor’s name was changed from George Weston Bakeries Distribution, Inc. (“GWBD”) to Bimbo Foods Bakeries Distribution, Inc., which was converted to Bimbo Foods Bakeries Distribution, LLC in 2013.

In November 2011, BBU and Grupo Bimbo completed a transaction with Sara Lee Corporation (“Sara Lee”), pursuant to which BBU acquired Sara Lee’s North American Fresh Bakery business. Sara Lee sold fresh bakery products under the primary brand, SARA LEE. This transaction included all of the distribution agreements (also called franchise agreements) to which Sara Lee Distribution, LLC and before it, Sara Lee Fresh, Inc. were parties, as well as Sara Lee’s approximately 13,000 North American Fresh Bakery employees. The sale also included 41 bakeries in the U.S. Subsequent to the sale to BBU, Sara Lee Distribution, LLC changed its name to Earthgrains Distribution, LLC (“EGD”). Pursuant to the sale, EGD acquired by assignment, the rights and obligations under all of the distribution agreements into which Sara Lee and Sara Lee Fresh, Inc. had entered.

Until December 31, 2014, BFBD and its affiliates BBDC and EGD all operated as separate entities and offered similar franchises. On December 31, 2014, BBDC was merged into BFBD, with BFBD being the surviving entity after the merger. On December 31, 2023, EGD was merged into BFBD, with BFBD again

being the surviving entity after the merger.

Grupo Bimbo is the ultimate parent company of BFBD and its affiliates. Established in 1945, Grupo Bimbo is headquartered in Mexico City, Mexico, and is one of the world's largest baking companies in terms of brand positioning, sales, and production volume, with presence in North America, Latin America, Europe, Asia, and Africa. Grupo Bimbo guarantees BFBD's obligations to our Distributors (franchisees) under our distribution (franchise) agreements (see Item 21 and Exhibit H).

Addresses, Agents for Service of Process

The principal address for BFBD and its affiliated companies is: 355 Business Center Drive, Horsham, Pennsylvania 19044. The principal address for Grupo Bimbo is Prolongacion Paseo de la Reforma No. 1000, Col. Desarrollo Santa Fe. Del. Alvaro Obregon, C.P. 01210 Mexico D.F.

BFBD's agents for service are disclosed in Exhibit A.

Franchisor's Business and Franchises to Be Offered

BFBD was formed in 1996 to engage in the wholesale sale and distribution of fresh bakery products to Distributors to sell to retail food outlets, restaurants, and institutions. Since that time, BFBD has established a network of independent Distributors. BFBD offers to third parties the right to sell and distribute some of the affiliates' Products (as defined below) in specific geographic territories or to specific outlets, pursuant to a Distribution Agreement or Sales Growth Agreement (as described below). BFBD is not involved in any other business activities other than franchising.

BFBD has acquired from its affiliates the exclusive rights to sell franchise distribution rights for Products to selected Outlets by, in part, establishing a network of independent franchised distributors to distribute certain of these Products in certain markets or outlets.

We grant distribution rights that will allow you to sell and distribute certain designated bakery products ("Products") under some of our trademarks ("Marks") through direct delivery ("Direct Store Delivery") to stores and other outlets (collectively, "Outlets") in the geographic area ("Sales Area") designated in your distribution agreement (this agreement is sometimes also called a franchise agreement, but for the sake of consistency is referred to in this document as "Distribution Agreement," and franchisees are also referred to in this document as "Distributors"). In certain instances, as an alternative to selling Distribution Rights within a defined Sales Area, we may (at our sole discretion) offer for sale Distribution Rights to specific Outlets identified by those Outlets' names and addresses; in these instances (which is not available at all times or in all locations), this distribution agreement may be referred to as a "Sales Growth Agreement." Sales Growth Agreements differ from Distribution Agreements in that, among other ways, Products purchased from BFBD, instead of being delivered to Distributor/Franchisee at a facility owned by BFBD, are delivered by us or our agent via a large transport truck (e.g. tractor trailer or similar large transportation vehicle) to specific Outlets where the Distributor/Franchisee takes possession of the Products and thereafter sells and merchandized same onto the Outlet's retail shelves/displays. For this Franchise Disclosure Document, when we say your or the "Agreement" or "Agreements" those terms are referring to whichever contract you sign, the Distribution Agreement or the Sales Growth Agreement or to conditions applicable to both contracts as the case may be. The rights granted to you under the Agreements may be referred to as "Distribution Rights." The terms "Products," "Marks," "Direct Store Delivery," "Drop-Merch," "Outlets," "Sales Area," and "Distribution Rights" are more specifically defined in the applicable Agreements.

If we are selling you the Distribution Rights (as opposed to you buying the rights from a current BFBD

04212025

Distributor who is selling them), we determine the boundaries of the Sales Areas (Distribution Agreement),

BFBD-05012024

10

or the list of specific Outlets (Sales Growth Agreement); we also establish the purchase price for such Distribution Rights by using a formula that considers the sales history of the applicable Outlets as well as the sales price of similar distribution rights that have sold nearby. If you are buying Distribution Rights from a

current BFBD independent Distributor, then that independent Distributor will determine the asking price for such rights.

If you acquire Distribution Rights pursuant to an Agreement with us, you will be granted the right to sell and distribute certain Products under certain brand names or private labels via i) Direct Store Delivery within your designated geographic Sales Area (Distribution Agreement) or ii) Drop-Merch to specified Outlets (Sales Growth Agreement). BFBD will have the right to determine which Products you will be authorized to sell as part of your Distribution Rights (if buying from an existing independent Distributor then you will buy whatever Product rights that person or entity already owns) sold to you for distribution to your Outlets, and BFBD and/or its affiliates will sell the Products to you, and you in turn resell those Products to the Outlets, which may include (without limitation) establishments such as retail food stores, drug stores, restaurants, delis, facilities with cafeterias, and convenient stores; the establishments that make up your Outlets will vary depending on where the Distribution Rights are that you purchase. Please see the definition of Outlet in the Agreements (and any related schedules) for more details. Not all businesses, entities, and/or facilities in your Sales Area seeking to purchase BFBD Products qualify as an Outlet. It is also possible that there will be businesses, entities, and/or facilities inside of your Sales Area (or that may otherwise be considered an outlet) that purchase BFBD Products by methods other than DSD or ~~Drop-Merch~~ Drop-Merch, and as a result, your Distributions Rights will therefore not include the right to sell Products to these locations.

Under your Agreement, you must provide Product sales services to the Outlets consistent with good industry practices and your customers' (the Outlets' and the Outlets' corporate managements'), requirements. These services include, among other things, ordering, rotating Products (first in/first out), providing merchandising and display services by keeping an adequate supply of Product on shelves and displays and making them look appealing to consumers, negotiating for good positions for Product in Outlets, removing Product according to its "sell by" or "pull by" dates ("Overcode" Products) and damaged Products, and generally building up a supply relationship with the Outlets' owners and/or managers. We require all new Distributors to be organized as ~~an incorporated entity. However, in certain instances, those that already own a BFBD franchise under an LLC may be permitted to again sign a new distribution/franchise agreement under that same LLC a~~ corporation or limited liability company.¹⁷

In some Outlets, Products may also include that Outlet's "private label" products that BFBD may permit you to sell and distribute at BFBD's discretion. If BFBD grants you such distribution rights, you may sell and distribute such products for such time as the applicable Outlet has granted BFBD these same rights. Depending on the particular Distribution Rights you purchase, you may or may not own rights to private label products. If your Distribution Rights do include private label products, you only have the right to sell such products while BFBD has been awarded these same rights from the Outlet. BFBD is typically awarded the right to manufacture and sell private label products to an Outlet in increments of one to three years at a time. As a result, it is possible for BFBD, and therefore you, to both lose and gain rights to sell private label products throughout the term of your Agreement.

If you are signing a Distribution Agreement, you will need a delivery vehicle that is adequate to service your Sales Area with the Products, and you will be required to provide, purchase, or lease such a delivery truck from a third party. The term "adequate" used above means, among other things, that the vehicle is

04212025

~~1 The use of “you” and “your” in this FDD, therefore, refers to the entity signing an Agreement and the individual who owns a greater than 50% share of the issued shares or membership interests of such entity.~~

suitable to transport Products in compliance with all laws (e.g. does not allow for potential product contamination) and the vehicle is in such a condition that its appearance does not diminish our business and/or brand reputation. If you are signing a Sales Growth Agreement, a delivery vehicle is not required as the Products you purchase are delivered to you at the Outlets you sell the Products to, although you will require your own transportation to travel to and from the Outlets. Regardless of which Agreement you sign, you must also purchase a ~~hand held~~ hand- held computer ordering system (including printer) compatible with the system utilized by BFBD, which such system may be changed from time to time by BFBD and require you to upgrade your current computer

1 The use of “you” and “your” in this FDD, therefore, refers to the entity signing an Agreement and the individual who owns a greater than 50% share of the issued shares or membership interests of such entity.

equipment and/or purchase new computer equipment all together. Such ordering devices are available through BFBD, and in the case of purchasing Distribution Rights from an existing independent Distributor, an ordering device may (potentially) be purchased from the Distributor selling such Distribution Rights. In some areas of the United States, you may be required to purchase dollies, trays and/or baskets for use in storing and transporting the Products. In most cases, you will not be required to purchase or lease any other equipment, office or storage space. Only a limited number of Distributors may be required to obtain additional warehouse/storage space.

Competition

BFBD competes with national and local baking companies that produce similar types of products in various quantities. These competitors sell and distribute their products through employees and independent Distributors (which may or may not be franchisees of those competitors) who will compete with you in your Outlets. You will sell and distribute the Products to existing and new Outlets in competition with those companies by offering direct contact with the customer and high-quality products at competitive prices. In addition, you may sell and distribute the Products to existing and new Outlets in competition with other Distributors of BFBD and employees of other BFBD parents and/or affiliates.

Your Distribution Rights apply only to fresh bakery goods, but consumers may regard refrigerated and frozen bakery goods as interchangeable when making purchasing decisions. For example, both prior to, and after the November 2011 transaction described above, Sara Lee, now known as Hillshire Brands Company, has sold refrigerated and frozen products under the same Sara Lee brand name, which is the same brand name we sell some of our fresh bakery products under. Some of the refrigerated and frozen products are similar to the Products that you ~~will~~may sell under the trademarks identified in your Agreement. We reiterate that your Distribution Rights permit you to sell to your Outlets only the specific fresh bakery products that we define as Products. You have no right to sell or distribute refrigerated or frozen products even if we also sell them under the same or different trademarks.

Prior Business Experience

BFBD has been in the business of selling distribution rights for bakery products since 1996. Today, BFBD has franchised routes to sell and distribute a selection of bakery products including without limitation Products under the ARNOLD, BOBOLI, ENTENMANN’S, FREIHOFFER’S, BARCEL, TAKIS, THOMAS’,

04212025

BROWNBERRY, and/or SARA LEE brands throughout the United States. Your Distribution Rights may not include all or any of the aforementioned brands. Further information regarding the relevant product brands, and Distributors by geographic area, can be found in Item 13 and Item 20 of this disclosure document, respectively.

BFBD-05012024

Regulations

As a Distributor, you will have to comply with various state statutory provisions and regulations governing sanitary transport and storage of baked goods as well as other federal and state regulations that apply to businesses generally. By way of example:

The U.S. Department of Transportation regulates the interstate transportation of products. You may be required to obtain specific licenses and/or permits depending on where your Outlets are located.

The U.S. Food and Drug Administration, the U.S. Department of Agriculture and various state and local health departments administer and enforce laws and regulations that govern food preparation, handling, storage, transportation, service, and distribution.

Also, many of the laws, rules and regulations that apply to businesses generally, such as the Americans with Disabilities Act, Federal Wage and Hour Laws and the Occupation, Health and Safety Act, also apply to Distributors. The federal Clean Air Act and various implementing state laws require certain state and local areas to meet national air quality standards that limit emissions of ozone, carbon monoxide and particulate matters, including emissions from commercial vehicles.

You may be subject to license requirements and/or taxes based on your status as a food wholesaler and/or more generally as a business entity. You should check the licensing requirements and tax laws in your state, county, and municipality.

Hosier alleges that BFBD breached his Distribution Agreement by allegedly failing to honor an agreement to provide Hosier with a Distributor Pricing Allowance on all brands (BFBD has not offered the DPA on Sara Lee brands) and also that BFBD unilaterally reduced Hosier’s “margin” for R&I sales. The

Complaint also requests a declaratory judgment ordering BFBD to apply the DPA to all brands and to return the R&I margin. BFBD filed its Answer on March 31, 2014, which denies Plaintiff's allegations, along with a Counterclaim seeking a court declaration that that BFBD is not bound to maintain a certain "margin" on products or pay DPA to Plaintiff. The Counterclaim also seeks repayment of the DPA since June 2013. The case was settled with BFBD agreeing to pay to Plaintiff

\$84,183 and the parties agreeing to a modification of the DPA Agreement. The case was dismissed on February 17, 2017.

and operated distributorships in Alabama. Plaintiffs alleged that they were employees rather than independent contractors and thus should have been paid overtime compensation. Plaintiffs also alleged that Defendant breached the Distribution Agreement by allowing other "drivers" to sell product within their sales areas, improperly accounting for inventory, and improperly adjusting the price of goods. In April 2017, a settlement was reached and approved by the court: BFBD agreed to pay \$1,000 to each of three Plaintiffs (current IOs), \$500 to each of three Plaintiffs (former IOs), \$15,000 to Plaintiff's lawyer, and other miscellaneous consideration; current IO Plaintiffs acknowledged independent contractor status and agreed to amend their distribution agreement to include a mandatory arbitration/class action waiver clause.

20. ~~25.~~ Troche v. Bimbo Foods Bakeries Distribution, Inc. On May 11, 2011, Plaintiff Michael Troche filed a Class and Collective Action Complaint against BFBD in the U.S. District Court for the Western District of North Carolina. Plaintiff alleged that BFBD misclassified its independent operators nationwide as independent contractors instead of employees in violation of the FLSA, 29 U.S.C. §§ 201 et seq., and North Carolina law. Plaintiff also asserted claims for improper wage deductions, rescission and unjust enrichment. On July 11, 2011, BFBD filed a motion to dismiss or, alternatively, transfer or stay the action on the grounds that the action was duplicative of another nationwide FLSA collective action pending against BFBD affiliates in the U.S. District Court for the Eastern District of Pennsylvania (that action has since settled). Plaintiff thereafter dismissed his FLSA claim. On October 23, 2013, Plaintiff filed an Amended Complaint, which asserted the following claims against BFBD: (1) Breach of Contract, (2) Breach of Fiduciary Duty, (3) Violation of the NC Unfair and Deceptive Trade Practices Act, and (4) Violation of the NC Wage and Hour Law. Plaintiff filed his Motion for Class Certification on July 11, 2014. On July 18, 2014 BFBD filed a Motion for Summary Judgment. The court also denied Plaintiff's request for an injunction preventing BFBD from allegedly interfering with Plaintiff's business operations. On August 31, 2015, the court denied Plaintiff's Motion to Certify Class. The remaining claims in the case consisted of breach of contract claims brought solely by Michael Troche,

and not Mr. Troche on behalf of all North Carolina IOs since 2009. On March 22, 2016, BFBD filed a Motion for Summary Judgment seeking dismissal of Plaintiff's claim for lost profit damages and to strike Plaintiff's request for a jury trial, which the court granted on September 27, 2016. On April 19, 2017 the parties reached a settlement in the case pursuant to which BFBD agreed to purchase Mr. Troche's BFBD distributorship for fair market value plus \$28,779 and also pay \$60,000 in attorneys' fees in exchange for a full and final release of Mr. Troche's claims. On May 9, 2014, BFBD removed the action to the U.S. District Court for New Jersey (Case No. 14-cv-029560). On August 23, 2017 the parties participated in a court ordered settlement conference, which resulted in the parties agreeing to a settlement. On February 21, 2017, the arbitrator ruled in BBUSA's favor on most points, however, he also ordered BBUSA to re-assign certain stops and to pay a co-defendant the amount of \$6,549 and to pay Piacentini the amount of \$750. Piacentini's motion for reconsideration was denied. On March 3, 2017, Piacentini filed a motion to vacate the arbitrator's award in the United States District Court for the District of Connecticut, Case Number: 3:17-CV-00386-VAB. Class Action Complaint on May 18, 2016, then a Second Amended Class Action Complaint on November 15, 2016, and finally a Third Amended Class Action Complaint on March 30, 2017, alleging reimbursement of business expenses, unlawful deductions from wages, failure to provide off-duty meal periods, failure to pay employees for rest periods, failure to furnish accurate wage statements, failure to keep accurate payroll records, violations of the Unfair Competition Law, and Private Attorney General Act Penalties, pursuant to California state law. Defendant filed its Answer to the Third Amended Complaint on April 13, 2017. Plaintiffs filed their Motion for Class Certification on May 1, 2017. The Court denied Plaintiffs' Motion for Class Certification on July 19, 2017. The parties then settled the individual Plaintiffs' claims in exchange for \$87,250 paid to Plaintiffs' counsel, a new posting at Plaintiffs' sales center, and no monetary consideration to Plaintiffs. Plaintiffs agreed to a general release of claims and to dismiss the lawsuit, reaffirmed their independent contractor status, assented to an amendment to their Distribution Agreements providing that disputes under the Distribution Agreement be resolved by binding mutual arbitration, and also a confidentiality provision. 30. ~~35.~~ Phairoj Kaewsawang, et al. v. Sara Lee Fresh, Inc., Sara Lee Corporation, et. al., Los Angeles County, Superior Court of the State of California, Case No. BC 360-109, filed October 23, 2006. A former Sara Lee independent distributor, Phairoj Kaewsawang, filed a class action lawsuit and claimed to represent all others similarly situated. Kaewsawang filed a first amended complaint in January 2007, 04212025

alleging that Sara Lee misrepresented that he was an independent contractor instead of an employee, and that Sara Lee violated state law, including failure to pay overtime and expenses. Kaewsawang alleged in the alternative that if he was properly classified as an independent contractor, then Sara Lee engaged in unlawful price fixing. In May 2008, a second amended complaint was filed in which independent distributor Eddie Alsheikh was added as a plaintiff class representative. On February 22, 2011, plaintiffs' motion for class certification was denied and the plaintiffs appealed. In May 2012, the California Court of Appeal denied plaintiffs' appeal. Following the appeal, plaintiffs filed a third amended complaint, adding a third named plaintiff (current independent distributor named Sylvia Ingoglia), adding three new defendants (Earthgrains Distribution LLC, Grupo Bimbo S.A.B. de C.V., and Bimbo Bakeries USA, Inc.), and adding a new cause of action for breach of covenant of good faith and fair dealing on behalf of Ingoglia and all current and former independent contractors. Plaintiff Kaewsawang's and Alsheikh's individual claims were settled for \$37,500 and \$32,500, respectively in September 2013. Following defendants' demurrer, a Fifth Amended Complaint was filed alleging the same breach of contract claims and amending the antitrust claim on November 21, 2013. On March 26, 2019, the court preliminarily approved a settlement between the parties. Per the settlement, the class was defined as: All California IBPs of Bimbo Bakeries USA, Inc., Earthgrains Distribution, LLC (including any predecessor or entity that assigned distribution rights), and Sara Lee Fresh, Inc. from March 17, 2002 to March 26, 2019, except for any persons or entities that, prior to March 26, 2019, had executed a general release. Per the settlement agreement, the Defendants collectively agreed to make a maximum payment of \$14,500,000, from which plaintiffs' counsels' fees of up to \$5,075,000, and costs of up to \$150,000; settlement administration costs not in excess of \$21,000; and an enhancement payment to plaintiff Ingoglia of up to \$15,000, were deducted from the \$14,500,000 maximum payment prior to the calculation of individual settlement payments. Settlement class members, who did not opt-out of the settlement, received a settlement payment based on a formula that took into account the class member's original purchase price of their distribution rights and their length of time owning such distribution rights.

Baran is seeking unspecified damages and an order permitting him to continue to operate the distributorship. On November 21, 2014, a Motion for Summary Judgment on measure of damages (limited to route value) was granted. In December 2017 following a bench trial, judgment was entered for GWBD finding that GWBD's termination of Baran's Distribution Agreement was proper and dismissing the 2009 preliminary injunction. In February 2019, Baran filed a Petition of Allowance to Appeal with the Supreme Court of Pennsylvania, Western District. 42. ~~47.~~ Puello, et. al. v. Bimbo Foods Bakeries Distribution, LLC, United States District Court for the Southern District of New York, Case No. 17-cv-4481. On June 14, 2017, Plaintiffs Carlos Puello, Johanny Puello, and Kim Peek (“Plaintiffs”) filed a Complaint against Defendant Bimbo Foods Bakeries Distribution, LLC (“Defendant”). Plaintiffs assert claims on behalf of themselves and a proposed class alleging that Defendant misclassified independent operators in New York and New Jersey as independent contractors. Plaintiffs’ proposed class includes current and former independent operators in New York and New Jersey. Plaintiffs assert claims for: (i) improper deductions in violation of New York Labor Law Section 193, (ii) common law misclassification, (iii) unjust enrichment, (iv) violation of New York Labor Law Section 195(3),

(v) unlawful deductions in violation of New Jersey Wage and Hour Law, and (vi) violation of N.J.S.A. 12:55-2.4(h)(5). On October 24, 2017, the court entered an Order staying the Puello case until after the Supreme Court issued its decision regarding the enforceability of arbitration agreements with class and collective action waivers. On May 21, 2018, the Supreme Court held that arbitration agreements with class and collective action waivers are enforceable under the Federal Arbitration Act, and nothing in the National Labor Relations Act overrides that result. On May 31, 2018, Plaintiffs Carlos Puello and Kim Peek voluntarily dismissed their claims. On or about October 31, 2018, Carlos Puello filed for arbitration with the American Arbitration Association (“AAA”) against BFBF/BBUSA alleging the same claims alleged in his 2017 Complaint. On November 11, 2019, Defendant and Carlos Puello settled their

43. ~~48.~~ Nicholas Franze & George Schrufer, Jr., et. al. v. Bimbo Foods Bakeries Distribution, LLC and Bimbo Bakeries USA, Inc., U.S. District Court for the Southern District of New York, Case No. 17-cv-~~03556~~ 03556. On May 12, 2017, one current and one former Independent Operator filed a limited class action claim against Bimbo Foods Bakeries Distribution, LLC as a collective action on behalf of themselves and others in New York similarly situated. The Complaint alleges violations of the Fair Labor Standards Act and New York Labor Laws for failing to pay overtime wages and for improperly classifying Independent Operators as independent contractors. Plaintiffs filed a motion for conditional certification. BFBF/BBUSA filed an opposition to the motion for conditional certification as well as a motion for summary judgment. Rulings on

these motions have not yet been issued. On July 2, 2019, the Court granted Defendants' Motion for Summary Judgment. Plaintiffs have since appealed the ruling to the 2nd Circuit Court of Appeals. The Appeal has been fully briefed by both parties and an amicus brief has been filed by the ABA, the U.S. Chamber of Commerce, and the Nat'l Association of Manufacturers. On September 15, 2020, the Appellate Court upheld the lower court decision.

44. ~~49.~~ David Camp and Keith Hadmack v. Bimbo Bakeries USA, Inc. and Bimbo Foods Bakeries Distribution, LLC. On May 8, 2018, David Camp and Keith Hadmack (“Plaintiffs”), independent operators, filed a purported class and collective action Complaint against Bimbo Bakeries USA, Inc. and Bimbo Foods Bakeries Distribution, LLC (collectively, “Bimbo”) in the U.S. District Court for the District of New Hampshire. They allege that Bimbo misclassified independent operators as independent contractors instead of employees, thus depriving all independent operators in New England of overtime compensation in violation of the FLSA, 29 U.S.C. §§ 201 et seq., and all delivery drivers in New Hampshire of overtime compensation in violation of New Hampshire law. They also asserted claims for unjust enrichment, as well as improper wage deductions and failure to reimburse employment expenses under New Hampshire law.

04212025

BFBD/BBUSA filed a motion to dismiss, which was denied in December 2018. Several pre-trial motions have been filed by the parties that are awaiting rulings. In addition, the following current/former independent operators have instituted arbitrations against Defendants through the American Arbitration Association in the greater Boston area. These individuals Claimants are represented by the same legal counsel as the Plaintiffs in the Camp action and each state nearly identical claims (individually) as those referenced above. By a Global Settlement Agreement dated November 13, 2020, the parties agreed to settle all claims in this action, while simultaneously settling the claims, in both Burke actions, one in the Southern District of New York, one in the Northern District of New York, as well as dozens of individual arbitrations for the individuals listed below. Due to the nature of the single payment made under the Global Settlement Agreement, the precise amount attributable to this specific case cannot be ascertained.

On July 25, 2019, a total of seven independent operators filed an action against Bimbo Bakeries USA, Inc. and Bimbo Foods Bakeries Distribution, LLC on behalf of themselves and others similarly situated in New York. The Complaint alleged violations of the Fair Labor Standards Act, New York Labor Law, and The Fair Play Act. Defendants filed a Motion to Dismiss (1) the Fair Play Act claim (because IBPs are not transportation providers), (2) the FLSA and New York state overtime claims due to failure to plead with specificity, and (3) asked the Court, in the alternative, to dismiss the case under the first to file rule because the case overlaps with the Puello action in the SDNY. By Order dated November 15, 2019, the Court dismissed Plaintiffs' state law claims, as they are substantially similar to the state law claims in the Puello action pending in the Southern

On November 25, 2020, BFBD removed the case to the U.S. District Court for Maryland. Mr. Mazzanti's Demand for Arbitration alleged that BFBD breached his Distribution Agreement by wrongfully terminating his agreement and also subsequently fraudulently selling his route for a price that was far less than its fair market value. Mr. Mazzanti claimed that his route was worth \$250,000 (BFBD sold it for fair market value of \$98,286) and additionally that BFBD owed him

\$1,000,000 in earnings he would have realized over the next 20 years if not for the wrongful termination of his Distribution Agreement. The arbitration hearing was held on February 12, 2020 in Chicago, IL. On March 24, 2021, the arbitrator ruled in BFBD's favor and awarded no damages to Plaintiff.

Other than the actions set forth above, no other litigation is required to be disclosed in this Franchise Disclosure Document.

Item 4 **BANKRUPTCY**

No bankruptcy is required to be disclosed in this Franchise Disclosure Document.

Item 5 **INITIAL FEES**

You must pay an initial purchase fee (a.k.a. a "purchase price") to acquire your Distribution Rights. When acquiring Distribution Rights directly from BFBD, this purchase fee/price is calculated using a given multiple times a 52-week historical average of weekly net sales of different categories of certain specified Products to your Outlets. (As discussed in more detail in Item 10, this fee/price may be able to be financed.) The multiples may vary with the Product Category and for certain Outlets, depending on a variety of factors, including but not limited to the following: the type of area (*e.g.*, urban, suburban or rural); the physical features of the land (*e.g.*, bridges, mountains, etc.); the area of the United States; the population density of the area; the density of the business population; the average size of an average retail store; and other socioeconomic factors common to the area. There can be no assurance that the actual Product sales you achieve at your Outlets will match or exceed the historical 52-week average net sales used by BFBD in determining your initial purchase fee/price for your Distribution Rights, as past performance is not a guaranty of future results. See Item 19 below. When purchasing Distribution Rights directly from an already existing Distributor, the initial purchase fee/price is established by, and payable to, the selling Distributor; although BFBD will facilitate the transfer of the Distribution Rights to you.

BFBD estimates that the total of all initial fees in connection with the purchase of your Distribution Rights will range from \$8,000 to \$500,000 based on the factors described above. However, as mentioned, if you purchase your distribution rights from an existing BFBD Distributor (as opposed to from BFBD) that existing Distributor sets the price for such rights (which is the largest portion of the initial fees), so it is possible that your initial fees could fall outside of this range. The initial fee is to be paid in one lump sum

BFBD-05012024

payment at the time of the delivery of the Bill of Sale and execution of the other agreements (*i.e.*, any other agreements applicable to you that are included with this disclosure document, *e.g.*, Distribution Agreement, Sales Growth Agreement, any applicable financing documents, and any security agreements, etc.), some or all of which may be financed as detailed in Item 10 and Exhibit B to this disclosure document. This initial fee is a purchase fee and therefore is non-refundable. A provision is included in the Distribution Agreement and Sales Growth

Agreement (section 9.6) that provides us the right to, at any time while the Distribution Agreement is in effect, to purchase all or a portion of your Distribution Rights by providing you 30 days notice of same and paying you the fair market value of your Distribution Rights as determined by using a formula that includes

04212025

looking at the sales multiple used in comparable sales of similarly situated BFBD distribution rights as well as the net average weekly sales in all of your Outlets. We may deduct from the purchase price for any sale/purchase of the Distribution Rights any money that you owe to us, as well as any money you owe to certain third parties you've authorized us to pay on your behalf and a reasonable estimate to cover charges that you may owe that will not post until after the purchase of the rights. As a condition of us approving any sale of the Distribution Rights to a third party or of you receiving the purchase price in sale of the Distribution Rights to us, you must execute and deliver to us a General Release in our favor. An example of the General Release is included as Exhibit G to this disclosure document.

In addition, prior to operating your business, you must pay a fee of approximately ~~\$1,500~~\$1,300-\$2,000 to BFBD or a non-affiliated vendor or seller of equipment to purchase a hand-held computer order system. This fee along with the initial fee noted above in connection with your Distribution Rights, are the only fees that you are required to pay for goods and/or services provided by BFBD (assuming, in the case of the ~~hand-held~~hand-held computer fee, that you opt to purchase the system from BFBD) prior to operating under your Distribution Rights. You must also purchase a sufficient opening inventory of Products (typically ranging from \$2,500 to \$15,000) from BFBD's designated affiliates for proper and adequate distribution to your Outlets, which is purchased on credit; the cost will likely vary depending upon the mix and quantities of Product that your customers require.

Your actual working capital requirements may be more or less than this amount. These expenditures are not refundable.

(3) You must purchase sufficient Products from BFBD's designated affiliates for proper and adequate distribution your Outlets; the cost will likely vary depending upon the mix and quantities of product that your customers require. BFBD will give full credit each week for Products that are damaged or stale through no fault of your own. See Articles 4 & 6 in the Distribution Agreement and Sales Growth Agreement attached to this disclosure as Exhibits C and D.

(4) This amount represents an estimated range of purchase price depending upon whether you already own a suitable truck or whether you will need to purchase a new or used truck. BFBD may provide you with names of independent third-party vendors through which you may be able to lease a delivery truck (as disclosed in Item 6). BFBD has no interest in or affiliation with any such third-party vendor and will recognize no benefit from this arrangement. Any such leasing fee and costs are not refundable. If you sign a Sales Growth Agreement (which is not available at all times or in all locations), you are not required to obtain a delivery vehicle; however, transportation may be required to get to, from, and between your Outlets.

(5) This fee is not refundable. Sales tax, if applicable, will be charged on the purchase price. A weekly Technology Fee will also be charged by BFBD as disclosed in Item 6.

(6) You are required to purchase, at a minimum, the insurance set forth in BFBD's Security Agreement attached as Exhibit I to this disclosure document. The figure shown in the table reflects the estimated quarterly premium for such insurance. Your actual insurance costs may be more or less than this amount. This fee is not refundable.

- (7) This range does not reflect any applicable initial fee discounts or credits. This range does not include (a) the monthly loan repayments (which will vary depending on the loan amount) deducted weekly when you settle your account with BFBD for inventory purchases or (b) the loan documentation fee (\$250 or \$500 depending on how many Outlets being transferred). In addition, you will be responsible for a bank origination fee of .5% (.005) of the loan amount. The bank origination fee is not included in the range stated in the chart.

Item 8

RESTRICTIONS ON SOURCES OF PRODUCTS AND SERVICES

You must purchase sufficient Products from us and/or our designated affiliates for proper and adequate distribution/sale to your Outlets. Our affiliates will sell Products at terms and prices established by us and/or our affiliates from time to time, and they will derive income from such sales. Franchisor or its designated affiliates will sell Products to you on a credit basis and will perfect a lien on your Distribution Rights and all associated assets (including your delivery vehicle, if any, and your accounts receivables from Product sales to certain Outlets) to assure payment (see Exhibit I, Security Agreement). Products will be sold to you at bona fide wholesale prices that do not represent additional franchise fees to Franchisor but that do provide us with a profit margin. This profit margin will vary over time depending on the specific products involved and the market area. Franchisor currently estimates that Distributors will purchase

between \$2,500 and \$15,000 in Products per week. THIS IS AN ESTIMATE ONLY. ACTUAL PURCHASES WILL VARY FOR EACH DISTRIBUTOR DEPENDING UPON A NUMBER OF FACTORS.

If you sign a Distribution Agreement and do not currently own a suitable delivery vehicle, you may wish to purchase or lease an appropriate delivery truck. What constitutes an “appropriate” delivery vehicle will vary based on types of products you will sell, the type and number of Outlets you sell to, among other factors. The differences in trucks principally relate to size and interior capacity. We may offer options to purchase or lease a new or used truck through an independent third-party vendor. Franchisor has no interest in or affiliation with any third-party vendor and will recognize no benefit from any such arrangement.

If you sign a Sales Growth Agreement (which is not available at all times or in all locations), you are not required to obtain a delivery vehicle; however, transportation may be required to get to, from, and between your Outlets.

You must purchase, or lease if leasing is available, a hand-held computer for ordering Products and a portable printer, both of which must be compatible with our systems. Franchisor or a non-affiliated ~~third-party~~ third-party vendor will offer to sell, or possibly lease, such equipment to you. You may purchase a new or used computer system from any vendor supplying hand-held computers and portable printers provided the equipment is compatible with our systems. Franchisor has no interest in or affiliation with any third-party equipment vendor. Franchisor may modify its specifications for handheld computers in the future, which may require you to purchase a new device; we will notify you in advance of these changes.

Franchisor has no other required specifications, designated suppliers, or approved suppliers for goods or services relating to your Distribution Rights. Franchisor will derive revenue (based on the difference between its products’ costs and its sales price to you) from your required purchases of products and services from Franchisor, although it will not derive revenue from any of your other purchases of products or services other than as set forth in Item 6. In its most recent fiscal year, Franchisor’s total revenue was ~~\$3.903~~ \$3.633 billion, of which ~~\$3.903~~ \$3.633 billion was derived on account of required purchases of products/services by its Distributors, representing 100% of Franchisor’s total revenue.

The estimated proportion of purchases of products or services from Franchisor (assuming you choose to purchase your hand-held computer from Franchisor) ranges from approximately 18% to 75% of all purchases of products or services that you may make to establish and operate under your Distribution Rights, depending upon the extent to which you need financing, or other equipment, such as a truck, to begin your business.

If you choose to finance any portion of your route ~~purchase-price~~ with Advantafirst Capital Financial Services, Inc. (“ACF”), as discussed in Item 10, ACF will derive income in the form of interest and other payments from you.

FINANCING**

As we note above, optional financing may be available through ACF. ACF typically finances 95% of the initial purchase fee/price of your Distribution Rights, up to certain maximum caps that differ by geographical area. Other restrictions may also apply. You must meet ACF’s lending criteria in order to qualify for financing. We do not require that you finance your investment or use one of our selected lenders. Assuming that you need financing to purchase Distribution Rights, you are free to select a different lender of your own choosing (*i.e.*, other than ACF), provided that the terms and conditions of any agreements or documents that such lender requires you to sign in order to obtain financing do not conflict with any documents or agreements that we require that you sign as part of becoming a Distributor. We may discontinue or modify this financing program, and add or change lenders, at any time without notice. Different Distributors may receive different terms for their financing. Any changes that we make will not

affect financing that is then in place. Your loan may be sold, assigned or discounted to a third party. Note that the loans offered by ACF are for a fixed amount and not an equity line that you can draw on periodically.

Optional Financing Arranged by Franchisor (Subject to applicability and qualification)

A. Financing Through ACF (ACF is a subsidiary of Bimbo Bakeries Inc., a U.S. subsidiary of Grupo Bimbo).

The terms of the loan are summarized below. (1)

Item Financed	Source of Financing	Documentation Fee	Orig. Fee	Amount Financed	Term (Yrs)	Interest Rate (%)	Monthly Payment	Prepay Penalty	Security Required	Liability Upon Default	Loss of Legal Right on Default
Franchise Fee and Certain Other Costs (2)	ACF (3)	\$500 (4)	.5% (one half of one percent) of loan amount (4)	95%	10	9.75 to 11.00 (5)	\$13.08 per \$1000 borrowed (e.g., \$653.85 for a \$50,000 loan). (6)	None (7)	<u>Distribution Rights and related assets as well as the Franchisee's personal guarantee</u>	May be required to ~~immediate~~ pay entire principal balance of the note. (8)	Waive following rights: (a) presentment, (b) demand for payment, (c) protest, notice of dishonor, (d) notice of protest, and (e) notice of default of the note.

(1) References to agreements and sections (e.g., Promissory Note, Section 1) relate to ACF Financing Documents, which are included in Exhibit B of this Franchise Disclosure Document)

(2) May include the initial franchise fee, inventory purchases, and related startup costs. The terms of the loan are summarized in this Item 10.

(3) Franchisor and its affiliates have made arrangements with Advantafirst Capital Financial Services, Inc. ("ACF") to enable qualifying franchisees to finance a portion of their franchise fee and certain other costs. ACF is a subsidiary of Bimbo Bakeries Inc., a U.S. subsidiary of Grupo Bimbo.

(4) At closing, you will be required to pay a \$500 documentation fee if you do not currently own any Distribution Rights. In addition, you will be responsible for a bank origination fee of .5% (.005) of the loan amount. Existing franchisees who are purchasing rights to Outlets to add to their current Distribution Rights will be responsible for a \$250 documentation fee (in lieu of the \$500) and no bank origination fee. The documentation fee and the origination fee may be financed.

(5) ACF's interest rate as of January 1, 2024~~2025~~ for individuals with strong credit is 9.75%, for individuals with less than strong credit is 10.75%, and for equipment-only purchases is 11%. ACF's rates are subject to change without notice.

(6) You will be responsible for paying this payment to Franchisor on a weekly basis. We will remit such payment on your behalf to the lender on a monthly basis.

(7) The loan may be prepaid with no penalty. If the borrower prepays an amount equal to or greater than the greater of \$5,000 or 25% of the outstanding loan balance, however, the monthly payment amount

BFBD-05012024

38

in Promissory Note will be recalculated and the borrower will be charged an administration fee of \$350 for ~~re-amortizing~~re-amortizing the loan balance. Prepayment must be in excess of \$500. (Promissory Note, Section 4)

(8) A “default” includes defaults under any other agreement between the borrower and ACF. This balance shall bear an interest rate of 12% per year (calculated on the basis of a 360-day year). Upon the commencement of any proceeding under any bankruptcy, insolvency or debtor relief laws by or against you, the note, principal, and interest will automatically be due and payable immediately, without notice, demand or presentment of any kind. You must pay all of the lender’s costs and expenses of collection, including attorneys’ fees and expenses (Promissory Note, Sections 2, 6 and 7). In the event of a default under the bank loan, we could, among other remedies, acquire the bank’s interest in your loan and exercise any available remedies to collect such loan from you.

Regardless of whether you obtain financing from ACF or another lender, under the Distribution Agreement and Sales Growth Agreement, you grant us a security interest in all of the assets of your business under the Distribution Agreement or Sales Growth Agreement, which includes without limitation your contract rights, accounts receivable, and proceeds from the sale of assets. This security interest gives us additional rights, as a secured party, if you default under the Distribution Agreement or Sales Growth Agreement.

Item 11
**FRANCHISOR'S ASSISTANCE, ADVERTISING,
COMPUTER ORDERING SYSTEMS, AND TRAINING**

Except as listed below, Franchisor is not required to provide you with any assistance.

Prior to the operation of your business, Franchisor will:

1. If you sign a Distribution Agreement, designate your exclusive Sales Area. BFBD designates this area based on numerous factors including (but not limited to) proximity to warehouse, density of customers, and existing nearby Sales Areas already serviced by others. You do not select the Sales Area; BFBD does so before you sign your agreement. BFBD has no other obligation prior to the commencement of operations under your Distribution Agreement.
2. If you sign a Sales Growth Agreement, designate and identify the Outlets you have rights to sell Products to.

During the operation of your business, Franchisor will:

1. Give you credit for damaged or off code product provided the terms of BFBD's ~~then-current~~then-current stale and damage return policy is fully complied with. (Distribution Agreement and Sales Growth Agreement, Section 4.5)
2. If applicable, purchase your accounts receivables from Product Sales to Charge Outlets. (Distribution Agreement and Sales Growth Agreement, Sections 5.1 and 5.2)
3. Use commercially reasonable efforts to deliver to you sufficient quantities of the Products to supply your Outlets. (Distribution Agreement and Sales Growth Agreement, Section 8.1)
4. Use commercially reasonable efforts to inform you of new Outlets. (Distribution Agreement and Sales Growth Agreement, Section 8.1)

BFBD-05012024

39

5. Use commercially reasonable efforts to pursue the development of new products. (Distribution Agreement and Sales Growth Agreement, Section 8.1)
6. Use commercially reasonable efforts to assist in pursuing Product promotions and sales opportunities in the Outlets. (Distribution Agreement and Sales Growth Agreement, Section 8.1)
7. Use commercially reasonable efforts to negotiate with Chains on your behalf. (Distribution Agreement and Sales Growth Agreement, Section 8.2)
8. If an Outlet informs BFBD of any new service requirements, communicate to you those new service requirements. (Distribution Agreement and Sales Growth Agreement, Section 8.2)
9. If you do not perform your obligations under your Agreement and do not make adequate alternative arrangements at your expense for such services, we may make the arrangements at your expense and perform the services, if we can, for your account. Our decision to provide temporary services will not excuse your non-performance or otherwise relieve you of your contractual liability for such non-performance. (Distribution Agreement and Sales Growth Agreement, Section 10.2)

Although not obligated to do so, Franchisor and its affiliates may advertise some or all of the Products

in various media on a local, regional or national level. In some instances, Franchisor may also offer you the ability to enter into an advertising agreement that permits Franchisor to apply advertising decals or other

materials to your delivery vehicle (if you are required to have one) and permit you to purchase certain items of clothing with our brands and/or logos on them (Advertising Agreement). You are not required to enter into this advertising agreement. However, if you do not, you may not have our brands or logos on your vehicle (if any) or on any clothing you wear while operating your Distribution Rights. (Distribution Agreement and Sales Growth Agreement, Section 12.1).

You are permitted to develop your own marketing or promotional materials provided that any of these materials that use Franchisor's or its affiliates' trademarks or service marks (see Item 13, below) must be submitted to Franchisor for approval and cannot be used without our prior written consent (Distribution Agreement and Sales Growth Agreement, Section 12.1).

We do not require you to participate in any advertising cooperative or contribute to any advertising fund. All expenditures on advertising are completely within your discretion, see Item 9.

Computer Ordering System

Once you purchase your handheld computer ordering system and printer, we will (if not already done) load your handheld computer with our proprietary software applications at no charge to enable you to transmit orders to us and provide accounting information from the field. The cost to purchase the handheld computer and printer from us ranges from ~~\$1,500~~\$1,300 to \$2,000, plus applicable sales tax. Optional financing for the purchase of the Computer Equipment, may be available through ACF. If you choose to finance your purchase, you will be required to execute the financing documents of ACF for the computer equipment, which are substantially the same form of documents as the ACF documents for financing the purchase of your Distribution Rights (examples of those financing documents are attached as Exhibit B to this disclosure document). We have the right to require you to exchange or replace the equipment occasionally with new equipment. There are no contractual limitations or obligations on the frequency of upgrades or updates. Apart from the purchase price and the current fee of \$18.92/week for the Technology Fee (as described in

BFBD-05012024

40

Item 6), there is no additional cost for optional or required maintenance, updating, upgrading or support for the computer system.

Your handheld computer will automatically synchronize with our computer system, so we will be able to access all information entered by you. The information entered relates to what Products are sold or ordered by you, and about the Outlets that you sell to. There are no contractual limitations on our right to access the information. You are required to maintain a computer system compatible with the system maintained by BFBD now or in the future during the term of the Distribution Agreement or Sales Growth Agreement. (Distribution Agreement and Sales Growth Agreement, Section 6.9). There is no contractual limitation on the costs of this obligation.

The hand-held computer will be used to record all of your daily transactions including product purchases, product returns, customer invoices including quantity and price by SKU, and future dated product orders. Daily transactions are uploaded to our host system and used to bill customers, determine production requirements, and settle accounts with the Distributor. Additional information may be collected as such technologies are developed. While the current system does not track your exact location, it will notify you if you are not near the Outlet (customer) you are submitting an invoice for; this is done solely for the purpose of making sure you are not unintentionally billing the wrong Outlet. All sales information uploaded from the hand-held computer system is available to the Distributor.

04212025

The Sales Area, or list of Outlets if signing a Sales Growth Agreement, is determined by us based on our need to ensure that the needs of all of the outlets wanting to purchase our products are covered.

You may typically begin operating under your Distribution Rights after the later of you signing the Distribution Agreement or Sales Growth Agreement or the effective date of the Closing when you purchase your Distribution Rights. The time period you will require to start operations may be affected by your ability to obtain financing, transportation, or the hand-held computer system or other factors outside of your (or our control), such as weather condition or shortages, as well as when the seller of the Distribution Rights you are purchasing is ready to sell.

Training

Franchisor does not provide mandatory training or operating manuals to Distributors under this offering. However, we may offer orientation sessions and/or videos from time-to-time, that are voluntary to attend and/or watch, that familiarize Distributors with certain aspects of running distribution rights *e.g.*, demonstration on the use of the hand-held, providing general information regarding the baking industry and bakery products, understanding the Settlement Statement, etc. There is no charge payable to us for participating in this voluntary program. However, you are solely responsible for all travel expenses, room, board, and other personal expenses (if any) in connection with participating in any such program.

Item 12 **TERRITORY**

If you sign a Distribution Agreement:

As we explain in Item 1, we grant you the exclusive right to sell and distribute Products by Direct Store Delivery to Outlets in your Sales Area. You may not sell Products to Outlets outside of your Sales Area. Your Sales Area is a precise geographic area bounded by streets and highways or various political or natural boundaries. We identify the boundaries of your Sales Area before you sign the Distribution Agreement and attach a description or map of the Sales Area as Schedule A to the Distribution Agreement. We determine your Sales Area according to our own estimates for anticipated volume of sales, the distance between

BFBD-05012024

41

Outlets, and your ability to reach all Outlets in order to provide timely and efficient services and achieve what we believe to be adequate market penetration. Alternatively, you may purchase Distribution Rights from an existing independent Distributor, in which case the Sales Area is already established. While the Distribution Agreement grants you the right to sell all of the Products associated with the brands identified in your Agreement, we may add, modify and remove specific items from the list of Products at any time. We may also discontinue manufacturing certain brands.

By entering into the Distribution Agreement, you accept that your Distribution Rights are subject to limitations as to geographic scope, authorized products, type of customers and delivery method. We do not allow for relocation of Sales Areas under any circumstances. You are free to use as many delivery vehicles as you wish to service your Sales Area, but the size of the area typically does not require more than one delivery vehicle. However, multiple delivery vehicles will likely be required if you purchase Distribution Rights to multiple Sales Areas.

If you sign a Sales Growth Agreement (which is not available at all times or in all locations):

As we explain in Item 1, we grant you the exclusive right to sell and distribute Products by Drop-Merch to specific Outlets. You may not sell Products to any outlet or Outlet not listed in your Sales Growth

04212025

Agreement, or any amendment thereto. Your Outlets are identified by a precise name and address. We identify the Outlets before you sign the Sales Growth Agreement and attach a list of the Outlets to that Agreement. While the Sales Growth Agreement grants you the right to sell all of the Products associated with the brands identified in your Agreement, we may add, modify and remove specific items from the list of Products at any time. We may also discontinue manufacturing certain brands.

By entering into the Sales Growth Agreement, you accept that your Distribution Rights are limited by the Outlets listed in your Sales Growth Agreement, authorized products, and whether Drop-Merch is requested or otherwise authorized. If the name or address of an Outlets changes, you may no longer own the Distribution Rights to that Outlet. A delivery vehicle is not needed under a Sales Growth Agreement as the Products you purchase are delivered to you at the Outlets where you will re-sell such Products; however, transportation may be required to get to, from, and between your Outlets.

Applicable to both the Distribution Agreement and the Sales Growth Agreement:

Signing a Distribution Agreement or Sales Growth Agreement with us does not give you any options, right of first refusal, or similar rights to acquire additional Distribution Rights. If you want to acquire Distribution Rights to additional Outlets (over and above what you initially purchase) you must purchase same from us or an existing independent Distributor. We will decide in our sole discretion if we will authorize any proposed sale of Distribution Rights to you or from you to another independent Distributor. Factors we will take into account include, but are not limited to: the geographic proximity to your existing Outlets, your compliance up to that point with the terms of your Agreement, whether we have received complaints from your Outlets regarding your service, your financial ability, your effectiveness as a Distributor, and our overall business relationship with you.

Neither we nor our affiliates will sell, or grant rights to another Distributor to sell, Products to your Outlets by Direct Store Delivery if you have signed a Distribution Agreement or by Drop-Merch if you have signed a Sales Growth Agreement, except in the situation where you are unable or unwilling to perform your obligations under your Agreement regarding any such Outlet. Additionally, we may sell Products to Company Owned/Operated Thrift Stores that we or our affiliates may open and operate.

BFBD-05012024

42

If an Outlet requests to purchase and have Product delivered by a distribution method other than the method you are permitted to sell by per your Agreement, we or our affiliates may sell Products to and service that Outlet (Agreement, Section 10.4). If an Outlet requests, we may, for example, rent space in third party warehouses and store Products there for local pick-up by such Outlets or sell directly to a customer who takes delivery at their own warehouse facility. These activities might directly compete with your own sales to your Outlets. We do not have to pay you any compensation for the sales of Products to Company Owned/Operated Thrift Stores, or if we sell to any of your Outlets by any sales/delivery method other than the method you are permitted to sell by per your Agreement.

You are not allowed to solicit or accept orders from customers that are not your Outlets, or to use other channels of distribution other than the method of distribution your Agreement permits you to sell by when selling Product. Specifically, and without limitation, you are not permitted to sell Products online or to fulfilment centers that fill online orders.

Your Agreement defines Products as fresh bakery goods that we intend to sell as fresh and sell under the Marks. We give you the right to sell Products only for as long as we continue to market those Products and the Marks for sale in your Outlets. We define Marks separately in your Agreement and describe the Marks

04212025

in Item 13 of this Franchise Disclosure Document. You will not own Products rights to all Marks listed in Item 13, only the Marks identified with the Products listed in your Agreement. We may, at any time, in our sole discretion, discontinue certain Products, identify new fresh bakery products as Products, and cease offering certain Products or entire brands for sale in particular markets including to your Outlets. We may accomplish a change in the particular Products that we authorize you to sell by, among other ways, deciding no longer to market one or more particular Products or Marks at your Outlets.

Item 13 **TRADEMARKS**

Below are trademarks owned by BFBD and/or its parents and affiliated companies (“Marks”). We will grant you a limited, non-exclusive right to use certain of the below listed Marks, which we own or are licensed to use, to identify and sell the Products under your Agreement. Your Agreement will likely not include the rights to every one of the below Marks. Instead, your Agreement will identify which Products, and therefore which Marks, are included with your Distribution Rights.

Franchisor or its affiliates currently own or license the following marks that are either registered with their respective state governments or are registered on the Principal or Supplemental Register of the United States Patent and Trademark Office (“USPTO”):

Franchisor, its affiliates and/or licensors, as applicable, have filed all required affidavits of Continuing Use and Incontestability for the registered Marks identified above and intends to renew the registrations before their expiration.

There are no currently effective material determinations of the USPTO, the Trademark Trial and Appeal Board, the trademark administration of any state, or of any court, nor any pending infringement, opposition or cancellation proceedings or material litigation involving the Marks listed above, nor is there any pending material federal or state court litigation regarding our use or ownership rights in any of the Marks.

We may, at any time, for any reason, modify, add to, or discontinue using specific Marks. Changes that we may make to the Marks may modify the list of Products that you may sell and distribute to your Outlets. We will notify you of all changes in writing reasonably promptly after we decide to make the change and before the date that we establish for the change to take effect. If we elect to discontinue using a specific Mark, we agree not to sell or distribute Products bearing the discontinued Mark by the same delivery method you are authorized to sell by under your Agreement, or authorize any other person or business entity to do so. Should we resume selling or distributing Products, by a method your Agreement authorizes you to sell by, that bears a Mark which we had previously discontinued, you will have the right to sell and distribute that Products again.

We include in the definition of Marks that we will permit you to use certain brand names that we license from a third-party brand name owner under an arrangement whereby we agree to produce and sell Products identified by the brand owner's name to Outlets that we select. Your Agreement indicates the particular licensed brands that we sublicense to you thereby permitting you to sell Products under the licensed brand in your Outlets. Our license agreements with the owners of these brands are all in full force and effect at this time. We have summarized certain material terms of each license agreement. Except as we

disclose below, our license agreements do not significantly limit our right to use, license or sublicense the particular Marks shown below in a manner material to your Distribution Rights.

The definition of Marks may include brand name(s) that a third party owns and licenses to us to use under a private label arrangement whereby we produce goods according to the private label owner's formula and sell and distribute them only to the private label owner's own stores. Most private label arrangements are short-term and subject to periodic change. Because of the potentially transitory nature of private label arrangements, we do not identify in this Item 13 any private label brands that we license among our principal Marks.

You must follow the terms of your Agreement with regard to your use of these Marks. You cannot use a name or Mark as part of your corporate or business name or with modifying words, designs or symbols, except for those which we expressly in writing license you to use. You cannot use any Mark in the performance or sale of any unauthorized services or products or in any manner we have not expressly BFB0-05012024 68

authorized in writing. You cannot tamper with any of the Marks or other written or graphical designation on the packaging of Products nor can you apply other marks to the packing. You cannot reproduce, or have reproduced, the Marks on clothing, apparel, or advertisements without our written consent. If you desire to use any other advertising or marketing materials to promote Products or which display the Marks, you must first submit them to us for our written approval. See Item 11.

Except as we disclose in this Item 13, there are no agreements currently in effect that significantly limit our right to use, license or sublicense the use of our Marks in a manner material to the business offered under our Agreements.

Your Distribution Rights are not contingent on our performance under any license agreement or private label agreement that we may have with a third party. As long as you are in compliance with your Agreement, the termination of either a license agreement between us and a brand owner or a private label agreement does not excuse us from our obligations to you under your Agreement. Your Distribution Rights will not terminate if a license agreement between us and a brand owner or a private label agreement ends.

We have no knowledge of any superior prior rights or infringing uses that could materially affect your use of our Marks in your state.

We do not grant you any interest in the Marks other than a license (or sublicense if we are the licensee) to use the Marks subject to the conditions that we specify in your Agreement. The license or sublicense that we grant to you does not convey title or ownership to goodwill in the Marks. You may not, at any time, contest or assist anyone to contest the validity of our, or any licensor's, rights in any of the Marks.

You must notify us immediately if you learn about apparent infringement or challenge to any of the Marks, or any use or claims of rights to any mark confusingly similar to any of the Marks. We have no obligation to take affirmative action when we are notified any infringement or challenge to any of the Marks. We will take the action that we think is appropriate under the circumstances (including taking no action). If it becomes necessary to prosecute or defend any trademark infringement suit regarding the Marks, we will bear the cost of the actions and any damages awarded will belong to us. You must cooperate and assist us in defending our respective rights in the Marks over third-party claims, though we will control any administrative proceeding or litigation involving the Marks. You may not take any action in your own name. We have no obligation to protect your right to use the Marks, or against claims of infringement or unfair competition arising out of your use of the Marks. We have no duty to participate in your defense and/or indemnify you from any losses or costs that you may suffer on account of any third-party claims brought against you because of your use of the Marks in accordance with your Agreement.

We do not know of any infringing uses that could materially affect your use of the Marks.

Item 14
PATENTS, COPYRIGHTS AND PROPRIETARY INFORMATION

No patents are material to the business offered under our Agreements.

Under your Agreement, we will grant you a limited non-exclusive license to use our proprietary software system for route sales accounting. We claim a copyright in the software. You must maintain the

confidentiality of the software and may not modify, reverse engineer or disassemble, decompile or otherwise translate the software.

We claim copyrights in our advertising material and related items that we use, including graphics that we may display on your delivery vehicle (if applicable to you) and clothing if you enter into an optional [BFBD-05012024](#)

Advertising Agreement with us. We also claim a copyright in our customer lists. While we have not filed an application to copyright these materials, we consider the materials to be proprietary.

Your Agreement imposes a duty to keep confidential any information that we may share with you that is not available to the general public. We refer to this information as “Confidential Information” and regard all Confidential Information as our trade secret. You must use due care to protect Confidential Information from unauthorized use and disclosure. We may seek equitable remedies, including restraining orders and injunctive relief, to prevent any actual or threatened unauthorized use of our Confidential Information. We are not required by any agreement to protect or defend our copyrights or to defend you against claims based on your use of copyrighted items. If there would be any copyright litigation regarding our copyrighted materials, we will control the litigation. This is independent of whether you modify or discontinue using the subject matter of the copyright. We may at any time require you to stop using any copyrighted materials and you will be required to do so.

We are not aware of any agreements or third-party claims or infringing uses that might limit our, or your, use of any of the materials in which we claim a copyright. Nor are we aware of any current determinations of the United States Copyright Office or any court, or any pending interference, opposition or cancellation proceedings or material litigation involving any materials in which we claim a copyright or that we regard as proprietary or our trade secret.

Item 15
**OBLIGATION TO PARTICIPATE IN THE
ACTUAL OPERATION OF THE FRANCHISE BUSINESS**

BFBD does not require that you personally operate your Distribution Rights. You are free to hire employees and/or to retain independent contractors as you deem appropriate to discharge your responsibilities under your Agreement. You are responsible, however, for these employees and/or independent contractors and their compliance with all the terms and conditions of your Agreement. This means that actions by your employees/agents are viewed no differently than if you took the action yourself. You, and all of your employee/agents, must comply with all applicable federal, state, and local laws and regulations that in any way relate to your Distribution Rights and/or your obligations under your Agreement, including without limitation, your employer/employee or other relationships with employee/agents, which also includes without limitation the maintenance of all required worker’s compensation insurance, unemployment insurance, and the payment and/or withholding of all applicable payroll related taxes. (Agreement, Section 6.5). ~~We will consider any act~~

Item 16

RESTRICTIONS ON WHAT THE FRANCHISEE MAY SELL

As a condition of receiving the Distribution Rights, you may only sell and distribute the specific Products that we authorize, and you must sell all the Products that we require. Additionally, you must provide certain support services to your Outlets. You cannot sell any other goods bearing the Marks or distribute Products using any delivery system other than the delivery method authorized in your Agreement (Direct Store Delivery or Drop-Merch), except as may be provided in any separate written agreement you may sign with us (which happens infrequently). You may not sell to Outlets that are either i) outside of your Sales Area

[B04212025](#)

[66](#)

(Distribution Agreement) or ii) not on your list of authorized Outlets (Sales Growth Agreement). Under your Agreement, we are not authorized to change the type of goods (fresh baked goods) that you sell and distribute, but we continuously change the assortment of Products or brands, and we may add or subtract Products and/or brands under new Marks, or discontinue the use of Marks under which we currently sell Products. Depending on the requirements of the Outlets you will service, you may have to perform

[BFBD-05012024](#)

[70](#)

additional support services to Outlets related to the Products as your Agreement requires you to meet each Outlet's service requirements. (Agreement, 6.1)

Your Agreement contains important definitions for many of the capitalized terms that we use in this Franchise Disclosure Document. For example, the terms Products, Outlets, Chains, Sales Area and Marks may each limit the scope of your Distribution Rights. By way of further example, the term Products does not include our, or our affiliates', refrigerated or frozen bakery items even if we, or they, package and sell them under the Marks and are similar to the Products that we allow you to sell. In addition, if you sign a Distribution Agreement, in most instances your Distribution Rights will be structured such that you are authorized to sell a given Product to any establishment in the Sales Area requesting Direct Store Delivery. However, in certain locations across the U.S., distribution rights are structured such that you are authorized to sell a given Product only to certain types of stores within your Sales Area, for example all grocery stores and restaurants, but not convenient stores in the Sales Area (this is only a hypothetical example and may not represent the actual Distribution Rights available to you). If you sign a Sales Growth Agreement, you may only sell Products to the specific Outlets listed in your Agreement.

While we do not prohibit or restrict your right to carry and distribute all other merchandise for other companies, your Agreement will define certain types of products/brands you may not sell while owning your Distribution Rights. (Agreement, 6.7)

You may be prohibited from purchasing Distribution Rights, and it is a breach of your Agreement, if you or any of your employees (any representative of your company), family members, or close relatives are employed by Bakery or any business that sells products that compete with any product sold under a Mark; or if any of these individuals are employed by any parent, affiliate, or subsidiary of same. (Agreement, 6.7)

d.	Termination by Distributor (franchisee)	Not Applicable	Subject to State Law
e.	Termination by BFBD without "cause"	§9.6	While we do not have a right to terminate your Agreement without cause, we do have a right to purchase your distribution rights.
f.	Termination by BFBD with "cause"	§§2.2; 11.1; 11.2	Your failure to comply with or perform any provisions or covenants of the Agreement or any other agreement between us gives us cause to terminate the Agreement. Any termination requires you or us to sell your Distribution Rights.
g.	"Cause" defined - curable defaults	§11.2	Any breach other than those that we identify as non-curable grounds of termination are considered curable defaults. We give you 3 business days after written notice of default in which to complete the cure. You agree that repeated curable breaches are the same as a non-curable default and may result in termination of the Agreement.
h.	"Cause" defined – noncurable defaults	§11.1	The non-curable defaults are those that involve: (i) your failure to timely cure any curable defect; (ii) repeated violations that constitute a chronic breach; (iii) conduct that threatens public health or safety; (iv) criminal activity by you; (v) fraud, theft, destruction of property, violence, threatened violence, or harassment; and/or (vi) default under the Security Agreement.
i.	Distributor's obligations on termination/non-renewal	§11.3	Upon termination, you still own the Distribution Rights as a sellable asset but are no longer permitted to purchase or sell Products (or

			otherwise provide service) to the Outlets. At this same time, we (or our assignee) are permitted to operate your Distribution Rights for your account, less our reasonable operating expenses to do so. Upon termination, you are required to sell the Distribution Rights to a qualified buyer. If you are not able to sell the rights within 90 days after termination, we are authorized to either purchase the rights or sell them on your behalf. With the sale proceeds, we will provide you with a final accounting and remit to you any balance owed to you less deductions authorized by the Agreement, except that we may also keep an amount in escrow, or otherwise keep your account active, for 90 days post sale of the rights for account reconciliation of charges and credits that are not known until after such sale.
j.	Assignment of contract by Distributor	Not Applicable	Freely assignable by BFBD.
k.	"Transfer" by Distributor defined	Article 9	Includes the sale of all (or substantially all) of your Distribution Rights, an assignment or attempted assignment of the Agreement or the Distribution Rights, or the sale or transfer (due to purchase or death) of the controlling interest in the corporate entity that signs the Agreement.

Item 19

FINANCIAL PERFORMANCE REPRESENTATIONS

The FTC's Franchise Rule permits a franchisor to provide information about the actual or potential financial performance of its franchised and/or franchisor-owned outlets, if there is a reasonable basis for the information, and if the information is included in the disclosure document. Financial performance information that differs from that included in Item 19 may be given only if: (1) a franchisor provides the

BFBD-05012024

actual records of an existing route or outlet you are considering buying; or (2) a franchisor supplements the information provided in this Item 19, for example, by providing information about possible performance at a particular location or under particular circumstances.

We do not make any representations about a franchisee's future financial performance or the past financial performance of company-owned or franchised outlets. We also do not authorize our employees or representatives to make any such representations either orally or in writing. If you are purchasing an existing outlet, however, we may provide you with the actual records of that outlet. If you receive any other financial performance information or projections of your future income, you should report it to the franchisor by contacting Matthew Wright at 355 Business Center Drive Horsham, Pennsylvania 19044 / (215) 900- 4862, the Federal Trade Commission, and the appropriate state regulatory agencies.

Item 20

OUTLETS AND FRANCHISEE INFORMATION

For purposes of this Item 20, BFBD does not operate routes as part of an ongoing company strategy of indefinitely owning such routes. However, please note that although BFBD may, from time to time, terminate a franchisee's Agreement (*i.e.*, the franchise agreement) pursuant to the termination provisions of such Agreement, that does not necessarily mean that such franchisee's ownership of the Distribution Rights are also terminated. When an Agreement is terminated, the franchisee continues to own the asset that is the Distribution Rights, but is no longer authorized to operate the distribution business associated with those rights post termination. In such cases, BFBD may temporarily operate these routes until the Distribution Rights are sold. When this occurs, the route/outlet is not considered a company-owned outlet due to the Distribution Rights still being owned by the franchisee. However, there are situations, like when a franchisee sells the route back to BFBD or when BFBD creates a new route and it has not yet sold, that BFBD will operate the route/outlet while attempting to sell same to a franchisee/Distributor; in these instances, the outlet is considered company-owned until it sells. BFBD also has parent and affiliated companies that do not sell franchises, but may have employees selling products the same as or similar to the Products under your Agreement.

As disclosed in Item 1, Earthgrains Distribution, LLC ("EGD"), an affiliate of BFBD that sold similar franchise offerings, merged into BFBD on December 31, 2023. As a result, the below Item 20 charts reflect the combined totals of both entities for years ~~2021~~, 2022, and 2023.

(1) BFBD does not terminate franchise agreements such that a franchisee no longer owns their/its

distribution rights. Although the franchise agreement may be terminated in accordance with its terms, and a franchisee is subsequently prohibited from selling BFBD products, the franchisee still owns the distribution rights after termination of the franchise agreement and is entitled to the net proceeds (if any) while BFBD is operating the rights on the franchisee's behalf and whenever the distribution rights are sold. Therefore, when a franchise agreement is terminated there is no corresponding reduction in outlet count since the distribution rights are not terminated, nor do the distribution rights revert to BFBD. Accordingly, Column 5 in Table 3 lists the number of franchise agreements that were terminated in the respective states; however, the number listed in Column 5 is not subtracted from the outlet count as a result of the continued operation of the distribution rights (by BFBD on behalf of the franchisee who has had the franchise agreement terminated) and the franchisee retaining ownership of such distribution rights.

PROMISSORY NOTE

DATE: «Effective_Date»

«Total_ACF_Loan»

1. BORROWER'S PROMISE TO PAY

For Value Received, the undersigned, «Purchaser_Business_Name» ("Borrower"), with a place of business at «Purchaser_Address», «Purchaser_City», «Purchaser_State»

«Purchaser_Zip», promises to pay to the order of **ADVANTAFIRST CAPITAL FINANCIAL SERVICES, LLC** with a place of business at 7301 S. Freeway, Fort Worth, TX 76134 ("Lender"), the amount of «Total_ACF_Loan_in_Words» («Total_ACF_Loan») together with interest from the date of this Note on the unpaid balance at a rate of interest as set forth below until fully paid according to the terms herein. Borrower understands that Lender may assign to a third party all or part of Lender's rights hereunder, its rights under a Financing Security Agreement dated on or about the date hereof (which agreement secures the obligations of Borrower hereunder), and the right to receive payments under this Note. Lender or anyone who takes this Note by assignment is hereinafter referred to as "Note Holder".

2. INTEREST RATE

The principal sum outstanding bears an interest rate equal to «ACF_Interest_Rate» per annum from the date of this Note until such time as the entire remaining principal and interest has been fully paid. Any amount of principal not paid when due, including the entire principal balance in the event of an acceleration of this Note as provided below, bears interest, to the extent permitted by law, at a rate per annum of TWELVE PERCENT (12%), calculated on the basis of a 360-day year.

3. FEES

A loan documentation fee in the amount of «ACF_Documentation_Fee» and a loan origination fee in the amount of «ACF_Origination_Fee» are due to Lender and have been included in the loan amount in Section 1 above (note- these fees are not charged or collected on loans with a bona fide principal amount of \$5,000.00 or less in the State of California).

4. ANNUAL PERCENTAGE RATE (APR)

The cost of this Note as an APR is «ACF_APR».

5. PAYMENT TERMS

Principal and interest are due and payable in «ACF_Loan_Term_in_Words» («ACF_Loan_Term») equal monthly installments in the amount of «ACF_Monthly», the first installment of which is due on «ACF_First_Payment_Date» and the remaining installments of which are due on the first day of each calendar month thereafter through and including

«ACF_Last_Payment_Date», the “**Maturity Date**”, provided that the amount of the final installment must in any event be sufficient to pay all then outstanding principal of this Note and all unpaid interest accrued under this Note. All payments on this Note will be applied first to interest accrued with the remainder of such payment, if any, applied to principal.

6. BORROWER'S RIGHT TO PREPAY

Borrower may prepay the full amount or any part of this Note without a prepayment penalty subject to the prepayment terms below and payment of all accrued, but unpaid, interest. Each prepayment will be applied against installments due hereunder in the inverse order of their maturity. If Borrower makes a partial prepayment of this Note in an amount that is both greater than \$5,000 and exceeds Twenty Five Percent (25%) of the outstanding principal amount hereof as of the date of prepayment, then, after Borrower’s written request and payment of a \$350 fee to Note Holder, Note Holder must re-amortize the remaining balance due hereunder to establish a new monthly installment amount under Section 4. If a new monthly installment amount is calculated per the preceding sentence, Borrower agrees to execute any document prepared by Note Holder to memorialize such change.

7. LOAN CHARGES

If, under any law with applicability to this Note which sets maximum loan charges, the interest or other loan charges collected or to be collected in connection with this Note exceed the permitted limits, then: (i) any such loan charge will be reduced by the amount necessary to reduce the charge to the permitted limits; and (ii) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Note Holder may choose to make this refund by reducing the principal Borrower owes under this Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial pre-payment.

8. EVENTS OF DEFAULT

This Note, and all other obligations of Borrower to Note Holder, may become immediately due and payable at the option of Note Holder, without any demand or notice whatsoever, upon the occurrence of any of the following described events, each of which shall constitute a default:

- a) A failure to make any payment when due of the principal, interest or late charges or the occurrence of any event of default under the Financing Security Agreement executed simultaneously herewith;
- b) the death of Borrower or any personal guarantor hereof;
- c) any failure to submit to Note Holder current personal financial information (this does not apply to loans having a bona fide principal amount of less than \$5,000.00);

- d) the creation of any lien or the issuance of an attachment against or seizure of any property of, or the entry of judgment against, Borrower except that Borrower may execute general liens and grant security interests to and in favor of BIMBO FOODS BAKERIES DISTRIBUTION, LLC for obligations other than those created hereunder provided such liens and security interests are subordinate to the lien created herein;
- e) if, in the reasonable judgment of Note Holder, Borrower takes any action or fails to take any action which adversely affects the collateral or Borrower's ability to repay the obligations of this Note (this does not apply to loans having a bona fide principal amount of less than \$5,000.00);
- f) an assignment for the benefit of the creditors of, or the commencement of any bankruptcy, receivership, insolvency, reorganization, or liquidation proceedings by or against the Borrower or any guarantor hereof;
- g) a default under any other agreements between Borrower and Lender (this does not apply to loans having a bona fide principal amount of less than \$5,000.00);
- h) if there occurs any material adverse change in Borrower's financial condition or means or ability to satisfy the obligations of this Note (this does not apply to loans having a bona fide principal amount of less than \$5,000.00); or
- i) the transfer of any of the assets pledged as collateral for this Note, without the prior written consent of Note Holder.

9. EFFECTS OF DEFAULT

- a) Late Charges. In the event Note Holder has not received the full amount of any monthly payment by the end of fifteen (15) calendar days after the date it is due, Borrower must pay a late charge in the amount of FIVE PERCENT (5%) of the overdue monthly payment (this does not apply to loans having a bona fide principal amount of less than \$5,000.00).
- b) Acceleration. In the event Note Holder has not received the full amount of any monthly payment by the end of twenty (20) calendar days after the date it is due or any other event of default occurs, Note Holder may declare the entire outstanding principal and accrued interest immediately due and payable in full, without notice or demand, and Note Holder will have and may exercise all the rights, remedies and privileges available to it under this Note and by law, including the rights, remedies and privileges as are accorded to a secured party by the applicable sections of the Uniform Commercial Code in effect as of the date of this Agreement.
- c) Waiver. Note Holder's failure to exercise any of its rights hereunder may not be deemed a waiver of any such rights. Demand, presentment, protest, notice of dishonor, notice of protest and notice of default are hereby waived by Borrower.
- d) Payment of Note Holder's Costs and Expenses. In the event of default, Borrower must pay, in addition to principal, interest and late charges, Note Holder's costs and expenses of collection including without limitation, court costs and reasonable attorney's fees, as provided for in the Financing Security Agreement executed herewith.

(continued on next page)

FINANCING SECURITY AGREEMENT

This Financing Security Agreement (this “Agreement”) is made effective «**Effective_Date**», by and between «**Purchaser_Business_Name**», with a place of business at «**Purchaser_Address**», «**Purchaser_City**», «**Purchaser_State**» «**Purchaser_Zip**» (herein called “Borrower”), and **ADVANTAFIRST CAPITAL FINANCIAL SERVICES, LLC**, with a place of business at 7301 South Freeway, Fort Worth, Texas 76134 (herein called “Secured Party”).

The parties agree as follows:

- 1. GRANT OF SECURITY INTEREST:** To secure the full and complete payment and performance when due (whether at stated maturity, by acceleration or otherwise) of each of the Obligations (as hereafter defined), Borrower hereby grants, conveys, assigns and transfers to Secured Party a security interest in and to the following personal property:
 - a) any and all assets and rights that Borrower may have under, or are associated with, the distribution agreement between Bimbo Foods Bakeries Distribution, LLC (“BFBD”) and Borrower, including without limitation all assets acquired via any bill of sale related thereto, whether now or hereafter existing or acquired;
 - b) a handheld computer device for ordering BFBD products and its associated printer;
 - c) all accounts, accounts receivable, contract rights and chattel paper related to or arising from Borrower’s business, whether now or hereafter existing or acquired;
 - d) all equipment, inventory, goods, property, customer lists, and general intangibles related to or arising from Borrower's business, whether now or hereafter existing or acquired and wherever located;
 - e) any and all accessions, replacements and additions to or of the foregoing; and
 - f) all cash or non-cash proceeds (including insurance proceeds) of the foregoing, the items described in a), b), c), d), e), and f) above being hereinafter collectively referred to as the “Collateral.”
- 2. THE OBLIGATIONS:** The “Obligations” secured hereby are:
 - a) the outstanding principal of, and all interest on the Promissory Note dated on or about the date of this Agreement in the original principal amount of «**Total_ACF_Loan_in_Words**» («**Total_ACF_Loan**») made by Borrower payable to Secured Party, and any renewal, extension or refinancing thereof (“Note”); and
 - b) all debts, liabilities, obligations, covenants and agreements of the Borrower contained in this Agreement.

3. BORROWER COVENANTS: Borrower covenants and agrees as follows:

- a) to immediately execute all proper financing statements for filing;
- b) to promptly notify Secured Party in writing of any change in address other than that as set forth above;
- c) to pay and perform all of the Obligations secured by this Agreement according to its terms;
- d) to maintain good and marketable title to all Collateral free and clear of all liens, security interests and encumbrances and to defend the title to the Collateral against all persons and against all claims and demands whatsoever. Borrower will not, without Secured Party's prior written consent, sell, lien, lease, or dispose of any of the Collateral (other than inventory, which may be sold, leased, or otherwise disposed of in the ordinary course of business);
- e) to submit to Secured Party, in form satisfactory to Secured Party, quarterly business financial statements, within 30 days of the close of each calendar quarter, and annual tax returns within 30 days of the date on which they are due, as legally extended;
- f) to obtain and maintain, at Borrower's expense, throughout the term of this Agreement, minimum levels of occurrence form insurance coverage with a reputable and established insurance company, acceptable to Secured Party, in such amounts as may from time to time be reasonably required by the Secured Party, which as of the date of execution of this Agreement are as follows:
 - i) Worker's compensation insurance that provides no less coverage than that mandated by the state, or states, where Borrower conducts its distribution business;
 - ii) Comprehensive general liability insurance (to include broad form contractual liability coverage) with \$1,000,000 combined single limits;
 - iii) Automobile liability insurance with minimum limits of \$1,000,000 combined single limits, on all vehicle(s) used in Borrower's business; and
 - iv) Collision and Comprehensive damage coverage for replacement value with a deductible no greater than ~~\$500~~\$1,000 on all vehicle(s) used in Borrower's business;
 - ~~v) Cargo insurance with minimum coverage of \$5,000; and~~
 - ~~vi) Inland Marine coverage of not less than \$3,000.~~

In the event a substitute vehicle is used by Borrower, coverage must automatically apply to the substitute vehicle. The insurance contemplated must be in a form acceptable to Secured Party, must name Secured Party as an additional insured thereof and as a loss payee on any collision or comprehensive damage policy on any physical assets on which Secured Party has a lien, and provide that Secured Party must be given 30 days advance written notice of material changes or cancellation of such coverage(s). A certificate indicating that the foregoing coverages are in effect, and primary over any other applicable insurance which may be in existence, must be delivered to Secured Party upon request and in the manner requested by Secured Party. For purposes of clarification, if requested by Secured Party to do so, Borrower must submit the certificate of insurance required hereunder to any third

party engaged by Secured Party to collect such certificates and monitor Borrower's

compliance with the insurance provisions of this Security Agreement.

Borrower further agrees to a) maintain the Collateral in good condition, repair, and working order and b) to timely pay all property and other taxes or government charges imposed upon Collateral.

4. DEFAULT: Each of the following constitutes a default by the Borrower:

- a) Borrower's failure to pay to Secured Party when due any Obligation secured by this Agreement;

- c) any expiration, cancellation or termination of the Distribution Agreement executed between Borrower and Bimbo Foods Bakeries Distribution, LLC;
- d) failure to submit to Secured Party, in a form satisfactory to Secured Party, current personal financial information, current quarterly business financial statements within 30 days of the close of each calendar quarter, and annual tax returns within 30 days of the date due for filing;
- e) any reduction in the value of the Collateral, due to the fault of Borrower, which adversely affects the likelihood of satisfaction of Borrower's Obligations hereunder or under the Note;
- f) Any action or failure to act of Borrower which, in the reasonable judgment of the Secured Party, adversely affects the Collateral or the ability to satisfy any of Borrower's Obligations hereunder;
- g) the creation of any security interest or lien, or the issuance of an attachment against or seizure of any property of, or the entry of judgment against, Borrower; except that Borrower may execute general liens and grant security interests to and in favor of Advantafirst Capital Financial Services, LLC for obligations other than those created hereunder;
- h) with respect to Borrower or a guarantor of Borrower's Obligations hereunder: dissolution; insolvency; inability to pay debts as they mature, appointment of a receiver for any part of its/his/her property, assignment for the benefit of creditors, the commencement of any proceeding under any bankruptcy or insolvency laws;
- i) the occurrence of any material adverse change in Borrower's financial condition or means or ability to satisfy the Obligations of this Agreement; or
- j) the transfer of any of the assets pledged as Collateral for the Note, without the prior written consent of the Note Holder (as defined in the Note).

5. REMEDIES:

- a) Upon any default of Borrower, all the Obligations secured by this Agreement will immediately become due and payable in full without notice or demand and Secured Party will have and may exercise all the rights, remedies and privileges as are accorded to a secured party by the applicable sections of the Texas Uniform Commercial Code, or California Uniform Commercial Code for California residents, in effect as of the date of this Security Agreement.
- b) Upon any default, Secured Party's attorneys' fees in an amount equal to 15% of the then outstanding Obligations (but not in excess of actual reasonable attorney's fees incurred) and

the legal expenses for pursuing, searching for, receiving, taking, keeping, storing, advertising, and selling the Collateral will be chargeable to Borrower.

- c) In addition to any other rights Secured Party may have at law or under this Agreement, Secured Party may, at its discretion, take immediate possession of the Collateral and/or dispose of the collateral (and Borrower agrees not to resist or interfere), and apply the net proceeds of such Collateral to the Obligations secured hereunder.
- d) Secured Party will give Borrower reasonable notice of either: (i) the time and place of any intended public sale or disposition and Borrower will be entitled to bid or offer to buy at such time; or (ii) the time after which the collateral may be sold by private sale. The requirement of reasonable notice will be deemed met if such notice is mailed, postage prepaid, to the address of Borrower shown above at least ten (10) days before the time of sale or disposition.
- e) The rights and remedies of Secured Party hereunder are cumulative and non-exclusive, and the single or partial exercise of any remedy provided for herein or under the Texas Uniform Commercial Code, or California Uniform Commercial Code for California residents, will not preclude any further exercise thereof or be construed as a waiver of any other remedy.

6. GENERAL PROVISIONS:

- a) Waiver of any default will not be considered to constitute a waiver of any subsequent default.
- b) This Agreement is governed by the laws of the State of Texas, or the laws of the State of California for California residents, without respect to either states' choice of law rules. Any provision declared invalid under any law does not invalidate any other provision of this Agreement.
- c) This Agreement binds and inures to the benefit of the respective parties hereto and their respective legal representatives, successors, and assigns.
- d) This Agreement may be changed only in a writing executed by both parties.
- e) The security interests created by this Agreement are intended to attach (i) to existing Collateral when the Borrower signs this Agreement, and (ii) to Collateral subsequently acquired by the Borrower, immediately upon Borrower acquiring any rights in such Collateral. The parties do not intend to postpone the attachment of any security interest created by this Agreement.

- a) If this Agreement was provided in English and Spanish, the Spanish translation was provided solely for convenience. Only the agreement in English will be executed and binding between the parties. In the event of a conflict between the terms of the two agreements, the terms of the Agreement in English will govern.

The Parties acknowledge and agree that any such electronic signature by an authorized representative of a Party, regardless of how such electronic signature is inputted, is a manifestation of assent and must be given full effect. Borrower agrees that, absent an express finding of fraud with respect to Secured Party's copy by a court or arbitrator, as the case may be, Secured Party's copy of this Agreement, electronic, digital or otherwise, controls over all other Agreement copies.

EXHIBIT B-4

PERSONAL GUARANTY AGREEMENT (ACF)

In consideration of money loaned by **ADVANTAFIRST CAPITAL FINANCIAL SERVICES, LLC** (“ACF”), and other valuable consideration which is acknowledged hereby, **«Purchaser_Authorized_Agent_Name»** (“Guarantor”) personally and individually agrees to the following:

- (A) Guarantor is the principal shareholder of all stock in **«Purchaser_Business_Name»** (“Distributor”), and agrees that they must at all times retain a greater than 50% ownership of the outstanding stock of Distributor.
- (B) The books and records of Distributor must reflect that the issuance and transfer of shares of stock are restricted and that all stock certificates must bear a legend giving notice of such restriction and referring the reader to the terms of this Guaranty Agreement.
- (C) Guarantor must act as Distributor’s principal officer and must personally meet and guarantee the Obligations imposed hereunder and under the Promissory Note and Financing Security Agreement associated herewith and all other agreements between Distributor and ACF.
- (D) A copy of this Guaranty Agreement must be kept with official records of Distributor.
- (E) Guarantor agrees to be and remain personally liable for the full performance of all Obligations imposed by the Promissory Note and Financing Security Agreement associated herewith and all other agreements between Distributor and ACF and hereby also directly and unconditionally guarantees the full performance thereof by Distributor.

The term “Guarantor”, as used herein, means **«Purchaser_Authorized_Agent_Name»**, personally and individually.

The term “Obligations”, as used herein, means any and all present and future obligations and indebtedness of every kind and description of Distributor owing to ACF, directly, by assignment or otherwise, whether incurred by Distributor as maker, endorser, drawer, acceptor, Guarantor, accommodation party or otherwise, and whether due or to become due, secured or unsecured, absolute or contingent, whether arising out of, under or in connection with any promissory notes or any other documents, instruments or agreements between ACF and Distributor.

Guarantor agrees that this Guaranty Agreement may be enforced by ACF without the necessity at any time of exhausting any other security or collateral now or hereafter securing the Obligations, and Guarantor waives the right to require ACF to pursue any other remedy or enforce any other right. Guarantor further agrees that this Guaranty Agreement may be enforced by ACF, without notice, by deducting all amounts due from Guarantor to ACF arising out of, related to or in connection with or under this Guaranty Agreement, from monies in the possession of ACF or its affiliates due to Guarantor or held by ACF or its affiliates for

the account of Guarantor.

Guarantor hereby consents that from time to time, without notice to or further consent of Guarantor, the payment, performance or observance of any or all of the Obligations may be waived or the time of payment or performance thereof extended or accelerated, or renewed in whole or in part, and any collateral therefor may be exchanged, surrendered or otherwise dealt with as ACF may determine, all without affecting the liability of Guarantor hereunder.

Guarantor hereby waives presentment of any instrument, demand of payment, protest and notice of non-payment or protest thereof or of any exchange, sale, surrender or other handling or disposition of collateral, and any requirement that ACF exhaust any right, power or remedy or proceed against Distributor or against any other person under any other guaranty of, or security for, any of the Obligations. **Guarantor further waives (a) all rights under California Civil Code section 2815, and thereby waives any right to revoke this Guaranty Agreement in order to preclude liability as to all future Obligations of Distributor under the Promissory Note; (b) any defense arising by reason of any claim or defense upon an election of remedies by ACF which in any manner impairs, affects, reduces, releases, destroys, and/or extinguishes Guarantor's subrogation rights, rights to proceed against Distributor or against any other person or security, including but not limited to any defense based upon an election of remedies under the provisions of section 580(d) of the California Code of Civil Procedure and/or any similar law of the State of California or of any other state of the United States.**

Guarantor hereby further waives any defense whatsoever which might constitute a defense available to, or discharge of, Distributor or any other guarantor. No payment by Guarantor pursuant to any provision hereunder entitles Guarantor, by subrogation to the rights of ACF or otherwise, to any payment by Distributor (or out of the property of Distributor) except after final payment in full of all sums (including interest, costs and expenses) which may be or become payable by Distributor to ACF at any time or from time to time.

This Guaranty Agreement is a continuing guaranty, and any other guarantor, as well as any other party liable upon or in respect of any Obligation hereby guaranteed may be released without affecting the liability of Guarantor.

In addition to the foregoing guaranty of Guarantor, Guarantor must defend, indemnify and hold harmless ACF and each of ACF's parents, affiliates, employees, successors and assigns (ACF and such entities and persons, collectively, "Indemnified Persons"), and must reimburse Indemnified Persons, for, from and against each and every demand, claim, loss (which includes any diminution in value), liability, judgment, damage, cost and expense (including, without limitation, interest, penalties, fines, costs of preparation and investigation, and the reasonable fees, disbursements and expenses of attorneys, accountants and other professional advisors) imposed on or incurred by Indemnified Persons, directly or indirectly, relating to, resulting from or arising out of Distributor's failure to pay, perform and observe all of the Obligations (whether before or after the release, satisfaction or extinguishment of the Obligations).

ACF may assign its rights and powers hereunder, with all or any of the Obligations, and, in the event of such assignment, the assignee hereof or of such rights and powers, will have the same rights and remedies as if originally named herein.

Notice of acceptance of this Guaranty Agreement and of the incurring of any and all of the Obligations of Distributor is hereby waived.

No provision of this Guaranty Agreement may be modified or waived without the prior written consent of ACF.

(b) **Direct Store Delivery:** “Direct Store Delivery” may be referred to as “DSD” herein. For purposes of this Agreement, the sale of Product to an Outlet will only be considered DSD if such sale conforms in all regards to every statement, condition, exclusion, and clarification listed below in this Section 1.1(b), each of which is intended to be part of the collective definition of DSD. In order for a Product sale to be DSD, such sale must include Distributor initially buying from Bakery the Product to be resold, Distributor taking possession and title of such Product at a Bakery facility, and Distributor selling this Product to and merchandizing this Product at, or in the case of pay-by-scan or scan-based-trading (“SBT”) simply merchandizing this Product at, an Outlet that permits the public inside its establishment to shop for, pay for, and take possession of the Product inside the physical structure of the Outlet. Notwithstanding the remainder of this paragraph and its subparagraphs, if i) the majority of an Outlet’s overall sales are from prepared foods or meals that include or otherwise utilize Product, including for example restaurants, delis, and fast-food establishments, or ii) the Outlet in question is a non-grocery organization that is purchasing Product predominately for use in an onsite cafeteria or eatery, including for example schools, prisons, hotels, casinos, hospitals, and nursing-home facilities, then the only requirements for sales of Product to either of these types of Outlets to be considered DSD is that the Product is sold and delivered directly to such Outlet, as opposed to a warehouse, and that the Product is not authorized by such Outlet to be delivered via a pallet or large transport vehicle. The following sub-sections are also applicable to the definition of DSD:

- i. DSD does not include sales of Product where the Product is delivered to a warehouse or Internet fulfillment center that does not allow the public to physically enter the establishment to pay for and receive such Product;
- ii. DSD does not include sales of Product to any Outlet that has authorized the sale of such Product to be made via a *Drop-Merch* method of delivery, which means the Product is delivered to an Outlet by Bakery or Bakery’s agent via a large transport truck (e.g. tractor trailer or similar large transportation vehicle) then merchandized onto the Outlet’s retail shelves/displays by someone other than a) the person delivering the Product or b) an Outlet employee; and
- iii. Product sales to an Outlet that otherwise qualify as DSD hereunder do not lose designation as DSD deliveries simply because such Outlet offers the public the ability to shop for, pay for, or take possession of Product outside of the physical structure of the Outlet, including for example parking lot order pick-up and home delivery, provided a) these options are in addition to the ability to shop for, pay for, and take possession of Product inside of the physical structure of the Outlet and b) the actual Product sold in any such *outside of the physical structure of the Outlet sale/delivery* is first sold and

delivered directly to this same Outlet and not to a non-Bakery warehouse or fulfillment center that later transfers said Product to the Outlet.

- (c) **Dispute**: Means any and all disagreements, controversies, claims, assertions of rights, **assertions of violations**, causes of action or other disputes in any way relating to, arising out of or in connection with this Agreement or any aspect of the relationship of the parties and/or their affiliates, employees or representatives, of whatever nature or kind as further defined and categorized as a Covered Dispute or Excluded Dispute in Article 13.
- (d) **Distribution Rights**: Unless otherwise specifically limited herein, means the exclusive right to sell Products to Outlets in the Sales Area by DSD, or other manner if expressed in Schedule B, which rights have been purchased by Distributor as evidenced by a bill of sale, or have been granted by Bakery to Distributor as evidenced in a writing in which Bakery grants such rights to Distributor. An exception to the exclusivity of the Distribution Rights is Bakery's continuing right, but not obligation, to sell or have sold Product via any delivery method to any outlet or Outlet in the Sales Area if Distributor refuses or otherwise fails to sell any or all Products via DSD to such location.
- (e) **Force Majeure**: Means an extraordinary event or circumstance beyond the control of the party affected which prevents or limits that party's performance of its obligations under this Agreement and includes by way of example an Act of God, fire at a Bakery facility, war, explosion, civil disturbance, terrorism, national or global supply-chain issues related to Product ingredients, strikes or lock-outs, and/or significant failure of Bakery machinery.
- (f) **Guarantor**: Means a share or membership holder of Distributor that owns more than 50% of the ownership interest in Distributor in their personal/individual name; Guarantor personally guarantees all of Distributor's obligations under this Agreement as stated below.
- (g) **Order Fulfillment Day**: Means a day on which Bakery fulfills Distributor's Product orders. Bakery determines which days of the week are Order Fulfillment Days and is free to change same from time-to-time.
- (h) **Outlet**: Means a person, entity, or business that purchases Product by DSD or other manner expressly set forth in Schedule B. The classification of any Outlet in a particular category or channel on Schedule B may be made by Bakery. If Distributor disagrees with Bakery's characterization of any Outlet, Distributor may seek remedy solely under Article 13. Bakery is not liable to Distributor for any damages, including lost income and/or profits, arising out of such classification. For purposes of clarification, and without limitation, Outlets do NOT include: 1) warehouses or fulfillment centers whose primary purpose is filling product orders from online, electronic, or similar sales, 2) thrift stores and/or bakery outlets owned or operated by Bakery or its affiliates and/or those which contract with Bakery or its affiliates for the purchase and sale of Overcode Product (including such Bakery owned and operated thrift stores which may supplement inventory with and sell to the public other products including fresh Product), or 3) any person, entity, or business that is either requesting to purchase a

product that Distributor is not approved to sell hereunder or is not located or otherwise reselling products or Products in the Sales Area.

- (i) **Overcode and Overcode Product**: Means Products with an expired “pull by,” “sell by,” “best by,” “use by” or similar date established by Bakery to indicate when Products must be removed from Outlet shelves and display areas of Outlets. Such dates may be designated by Bakery via actual written, printed or stamped dates on Product, by color indicators, or by other codes which may be established by Bakery from time to time on notice to Distributor either directly or via message displayed in a Bakery facility. Overcode Product may also be referred to as “stale” or “off code” Product.
- (j) **Product / Products**: Means only the bakery products expressly set forth in Schedule B, or that have been granted by Bakery to Distributor as evidenced in a writing in which Bakery grants the rights to such products to Distributor. Unless otherwise expressly provided in Schedule B, Products only include items that are fresh and are not frozen or otherwise similarly preserved. Bakery has the right in its sole discretion to change trademarks and names on Products, discontinue or limit production and sale to Distributor of Products, cease offering certain Products for sale to Distributor, and/or to introduce new products as Products. If Bakery grants to Distributor “non-equity” or “proceeds” distribution rights to Product, meaning Distributor is authorized to sell such Product on a weekly basis to generate weekly revenue but does not gain ownership of the distribution rights to such Products, then the terms and conditions of this Agreement will apply to such non-equity or proceeded Product except those which by their nature are not applicable, including without limitation i) ownership and sale of such non-equity or proceeded distribution rights, and ii) any condition listed in the separate writing between Bakery and Distributor granting such non-equity or proceeded Product.
- (k) **Sales Area**: Means the geographic area specifically described in Schedule A hereto that provides the boundaries within which Distributor’s Distribution Rights exist. Schedule A may include additional addresses outside of the described area or exclusions of addresses inside the described area.

1.2 **INTERPRETATION**

- (a) Whenever the words “include,” “includes” or “including” are used in this Agreement such words are deemed to be followed by the words “without limitation” unless same are immediately preceded by “only.”
- (b) The words “or” and “nor” are not inclusive.
- (c) All Schedules attached hereto or referred to herein are hereby incorporated by reference and made a part of this Agreement.
- (d) If a term is not specifically defined in this Article 1 or elsewhere in the Agreement then any person interpreting such term should first look to how such term is used in the baking, grocery, distribution, or manufacturing industries to find the meaning of such term, and if the term is not

used in such industries, then it should be given its plain and ordinary meaning. THE PARTIES AGREE THAT THE RULE OF CONSTRUCTION TO THE EFFECT THAT ANY AMBIGUITIES ARE TO BE CONSTRUED AGAINST THE DRAFTING PARTY IS NOT TO BE EMPLOYED IN ANY INTERPRETATION OF THIS AGREEMENT.

ARTICLE 2 – RELATIONSHIP

2.1 **DISTRIBUTION RIGHTS**. Subject to the terms and conditions of Article 11, Bakery hereby recognizes Distributor's ownership of Distribution Rights which ownership continues until the Distributor Rights are sold pursuant to the terms of this Agreement or otherwise extinguished by any arbitrator, court of law, or legislative body having jurisdiction over same. Any termination of this Agreement requires Distributor or Guarantor's estate, or Bakery for the account of Distributor or Guarantor's estate, to sell the Distribution Rights pursuant to the terms of this Agreement.

2.2 **INDEPENDENT CONTRACTORS**

- (a) Distributor and Bakery intend to create an independent contractor relationship for all purposes. It is the essence of this Agreement that Distributor, including Guarantor to the extent that Guarantor asserts the existence of any direct relationship with Bakery or any of Bakery's parents, subsidiaries, or affiliates or its or their owners or members or such entities' own parents, subsidiaries or affiliates or any of their respective owners or members (each a "Bakery Entity"), be an independent contractor for all purposes and only identify itself as such in all third-party dealings. The parties, including Guarantor, do not intend to enter into, and expressly disclaim, an employment, joint venture, partnership or other similar relationship in any way.
- (b) As an independent contractor, Distributor has the right to operate its business using Distributor's own judgment and discretion to determine the methods to be used to achieve the results required by this Agreement. Distributor bears all risks and costs of operating such business. Distributor has no authority to retain any person on behalf of Bakery or any Bakery Entity and Bakery has no authority to retain any person on behalf of Distributor. It is expressly acknowledged and agreed that Distributor and Guarantor, and its and their employees, agents, and/or contractors, if any, (1) are not employed by Bakery or any Bakery Entity and (2) have no claim or right under any circumstance to any benefits or compensation currently or at any time paid by Bakery or any Bakery Entity to its or their employees or hereafter declared by Bakery or any Bakery Entity for the benefit of its or their employees. It is also expressly acknowledged and agreed that this Agreement and/or the relationship between Bakery or any Bakery Entity and Distributor and any claimed relationship between Bakery or any Bakery Entity and Guarantor create no right to salary, wages, compensation, benefits, or commissions of any kind and, therefore, any charges authorized by this Agreement or expenses incurred by Distributor or Guarantor in connection with its business or this Agreement do not constitute deductions from wages or other compensation. Except as expressly provided in this Agreement, no fiduciary relationship exists between Bakery or any Bakery Entity and

Guarantor or Distributor.

- (c) Distributor and Guarantor hereby agree that if Guarantor or any other person having an ownership interest in Distributor alleges to any legal authority, which includes without limitation a board, tribunal, agency, arbitrator, or court, that they are an employee of Bakery or any Bakery Entity, either directly or through a claim that Bakery or any Bakery Entity violated any state, local, or federal labor, employment, wage/hour or wage payment law, and such allegation is based on that individual's efforts related to Distributor's and/or Guarantor's obligations hereunder, such an allegation will irreconcilably frustrate the entire purpose of this Agreement and, if Bakery has reasonable evidence that Distributor or Guarantor made any such allegation, the allegation will constitute a Non-Curable Breach under Section 11.1 below. In the event of such Non-Curable Breach, Bakery retains all rights to pursue any and all relief, including any legal or equitable remedies under federal, state, or local law, in addition to remedies set forth in this Agreement.
- (d) If there is any enacted law or final determination, which means all available appeals are concluded, that is contrary to any of the stated intentions or agreements in Sections 2.2(a) or 2.2(b), then the entire purpose of this Agreement will be irreconcilably frustrated. This includes any enacted law or any finding by any legal authority, which includes state, local and federal executive and legislative bodies, a board, tribunal, agency, arbitrator, or court, that any employee, contractor, and/or agent of Distributor is or was an employee of Bakery or any Bakery Entity under any state, local or federal law, jointly or otherwise. Under any such circumstance, this Agreement will automatically terminate and the provisions of Section 11.3 will become applicable.

2.3 **VEHICLE**. Distributor acknowledges and agrees that all vehicles used to fulfil its obligations hereunder ("Vehicle" or "Vehicles") must be owned, leased, or rented by Distributor in Distributor's name, and that Distributor, in addition to other obligations required by written agreements signed between Distributor and Bakery, must be the named insured on all insurance policies covering such Vehicles. Distributor must, upon Bakery's request, provide Bakery with a valid copy of any title, lease, or rental agreement applicable to such Vehicles. Distributor retains the discretion to select its vehicle(s), but Distributor's Vehicles must be fully enclosed and may not be open-air in any respect in order to reduce the likelihood of Product contamination. Distributor agrees that it is a breach of this Agreement to transport Products in a Vehicle or trailer that is open-air (not fully enclosed) or that could, in any way, contaminate the Product. Distributor further agrees to have painted in a conspicuous manner on all its Vehicles the following statement:

"Owned and Operated by
«**Purchaser_Business_Name**»
an Independent Contractor"

ARTICLE 3 – TERM AND RENEWAL

3.1 **TERM**. The term of this Agreement is ten (10) years commencing on the Effective Date,

unless sooner terminated per the provisions of this Agreement, and if not terminated will renew thereafter for subsequent renewal terms of ten (10) years each per Sections 3.2 and 3.3.

3.2 **RENEWAL**. Unless this Agreement is terminated prior to end of a 10-year term, the following rights and obligations become applicable regarding the end of all 10-year terms of this Agreement:

(a) If Distributor wishes to discontinue its business relationship with Bakery at the end of any then-current 10-year term, Distributor must notify Bakery in writing at least 90 days prior to the expiration of the then current term that it does not want to sign the then-current Bakery distribution agreement per Section 3.2(b) below or to have this Agreement renew per Section 3.2(c) below (“Non-Renewal Notice”).

~~(b)~~ If Distributor fails to provide a Non-Renewal Notice to Bakery, then i) after Bakery delivers Bakery’s then-current Franchise Disclosure Document (“FDD”) to Guarantor, which delivery of same may be electronic, Guarantor must immediately execute and return to Bakery the FDD Item 23 receipt (or current form of FDD receipt acknowledgement) and ii) both Distributor and Guarantor must execute and deliver to Bakery a new distribution agreement in the form then being used by Bakery to govern the parties’ relationship for the term following the then- expiring term, which if such new distribution agreement is not executed by Distributor and Guarantor and delivered to Bakery no later than 15 days prior to the end of the then-current term then Bakery may refuse to sign any such renewal agreement.

~~(e)~~ ~~(b)~~ If Distributor fails to provide a Non-Renewal Notice to Bakery and Bakery elects not to request Distributor and Guarantor to execute Bakery’s new distribution agreement pursuant to Section 3.2(b), then this Agreement will automatically renew for a term of ten (10) years.

3.3 **NON-RENEWAL**. In the event that Distributor provides Bakery with a Non-Renewal Notice or Distributor and/or Guarantor fail to timely execute the then-current FDD Item 23 receipt or a new distribution agreement if requested by Bakery pursuant to Section 3.2(b), this Agreement will automatically terminate on the last day of the then-current term and the provisions of Section 11.3 will apply.

ARTICLE 4 – SALE OF PRODUCT BY BAKERY TO DISTRIBUTOR

- 4.1 **TITLE**. All Product is sold by Bakery to Distributor absolutely with title and risk of loss passing to Distributor at the time the Product is made available at the place of delivery for Distributor to pick up; Distributor need not take physical possession of Product for title of said Product to pass to Distributor. For the avoidance of doubt, title and risk of loss remain with Distributor even in the case of Product sold by Distributor to Outlets which purchase Product from Distributor via SBT or a similar method of sale/payment.
- 4.2 **DELIVERY**. Subject to the provisions herein, Bakery agrees to sell and deliver to Distributor, or to arrange for such sale and delivery by affiliates, the Products Distributor orders. Distributor agrees to buy and accept delivery of ordered Products at such location as Bakery may from time to time reasonably designate or approve. Bakery agrees to use commercially reasonable efforts to fill Distributor's orders on the Order Fulfillment Day the Product was ordered for provided such orders, in Bakery's reasonable judgment, are only for amounts reasonably required to fulfill Distributor's Outlets' needs until the next Order Fulfillment Day. Due to capacity considerations, Bakery is not obligated to exercise the commercially reasonable order-fill efforts referenced above to fill Distributor's Product orders that Bakery reasonably believes are intended to cover multiple Order Fulfillment Days, and Bakery's refusal to fill such orders does not relieve Distributor of any obligation under this Agreement. The actual delivery day for Product orders is not guaranteed by Bakery; so, Bakery may charge Distributor's account with Bakery for any Product for which title has passed to Distributor per Section 4.1 above provided such Product has a reasonable shelf life remaining at the time said title of Product passed to Distributor. In the case of ingredients or other shortages, Force Majeure events, and during holiday-related Product demand increases, Bakery reserves the right to adjust or fill Product orders as circumstances reasonably permit. BAKERY AND DISTRIBUTOR ACKNOWLEDGE I) THAT CERTAIN PRODUCT ORDERS CAN ONLY BE FILLED BY BAKERY IN FULL TRAYS, WHICH MAY CAUSE BAKERY TO ROUND A PRODUCT ORDER TO THE NEAREST FULL TRAY AND II) THAT ORDER CUTS AND PLUSES, AND ON OCCASIONS, CANCELLATIONS OF DELIVERIES, IN WHOLE OR IN PART, ARE AN UNAVOIDABLE ASPECT OF FRESH BAKERY PRODUCTION AND TRANSPORTATION. IN THE EVENT OF PLUSES, DISTRIBUTOR AGREES TO USE REASONABLE EFFORTS TO AFFECT THE SALE OF THE ADDITIONAL PRODUCT TO DISTRIBUTOR'S OUTLETS.
- 4.3 **TERMS OF PRODUCT SALES**. Product will be sold by Bakery to Distributor on terms and prices (including "margins" and "spreads") established by Bakery from time to time. Distributor agrees to pay Bakery for all Product purchases each week in accordance with Section 5.3. All Product sold by Distributor to the Outlets must be purchased by Distributor directly from Bakery or a Bakery Entity.
- 4.4 **DELIVERY PROCEDURES**. Distributor agrees to immediately review the quantities of Product delivered to it and to promptly advise Bakery of any difference in the quantities delivered as compared with the quantities indicated on the daily "load sheet" or "load invoice"

(or similar document or its electronic equivalent). If Distributor does not notify Bakery of any difference within the time required by Bakery's policy at the applicable Bakery sales center (and if no such policy exists, then prior to Distributor leaving the sales center with that day's Product order), the load sheet or invoice prepared by or on behalf of Bakery will be presumed as conclusively accurate and Distributor will be charged and obligated to pay for all Product identified thereon. Bakery may from time to time implement and/or amend programs regarding Product deliveries and/or Product accountability, including sales center hours of operation, check-in procedures, and Product returns procedures and requirements. Distributor further acknowledges and agrees that if i) Distributor makes any material misrepresentation to Bakery regarding alleged differences between its Product orders and the actual Product deliveries it claims to have received or ii) Distributor takes possession of any product or Product not specifically presented to Distributor by Bakery as being Distributor's Product, that Bakery may consider such act to be fraud and/or theft permitting Bakery to terminate this Agreement per Article 11.

4.5 **RETURNS.** Except as provided in Schedule B and also excepting any Product that Bakery in its sole reasonable discretion deems to be "long-code" product, which includes bread stuffing, Bakery agrees to accept from and give full credit to Distributor for any Overcode Product or damaged Product which is not damaged or Overcode by reason of Distributor's negligence, provided i) any non-damaged Product was first sold to, and merchandized in, an Outlet and ii) such Overcode and/or damaged Product is promptly returned to Bakery in accordance with Bakery's then current Overcode/stale and damage return policy. Distributor acknowledges and agrees that Bakery reserves the right to make amendments to such Product returns policy from time to time, including returns verification, "stale caps" and/or limits, sorting, and staging procedures as well as Bakery Equipment-related requirements. Distributor further acknowledges that Bakery may consider any material misrepresentation made by Distributor to Bakery or the Outlet regarding Product returns, including Distributor submitting a materially inaccurate Product return or credit invoice to an Outlet or Bakery or Distributor failing to submit a return credit invoice to an Outlet, to be fraud permitting Bakery to terminate this Agreement per Article 11.

4.6 **BAKERY EQUIPMENT.** For the convenience of Distributor, Bakery may, but is not obligated to, deliver Product to Distributor in trays, baskets, totes and/or on racks or dollies, or with similar equipment for use in staging and moving Product ("Bakery Equipment"). Bakery Equipment also includes display tables, racks and pieces (including point of sale materials) that Bakery and/or a Bakery Entity may, for Distributor's convenience, supply to Distributor from time to time for display and/or promotion of Products in Outlets. Bakery Equipment may only be used by Distributor solely for the Product that Bakery identifies and must be immediately returned by Distributor to Bakery after each occurrence of use. Distributor must pay to Bakery the repair and/or replacement cost of Bakery Equipment that is: i) lost by

~~4.6~~ Distributor, ii) damaged or destroyed while in Distributor's possession and/or as a result of Distributor's use, misuse, negligence or unauthorized transfer, or iii) stolen when such Bakery Equipment was more recently in the possession of Distributor as compared to Bakery. For purposes of clarification, Distributor's customers utilizing Bakery Equipment does not alleviate

Distributor's obligation to pay Bakery for lost, stolen or damaged Bakery Equipment that was left at such customer's location by Distributor. Distributor agrees to reasonably cooperate in investigation and recovery efforts related to Bakery Equipment. Bakery may from time to time implement and/or amend programs regarding Bakery Equipment, including inventories and sales programs related to equipment. Distributor must reasonably cooperate and comply with such programs.

ARTICLE 5 – PURCHASE OF CERTAIN RECEIVABLES AND SETTLEMENT OF DISTRIBUTOR'S ACCOUNT

5.1 **PURCHASE OF RECEIVABLES.** In cases where Distributor sells Product to Chains or Outlets which have been approved by Bakery for credit (individually "Charge Outlet" or collectively "Charge Outlets"), Bakery or its parent or affiliates may purchase at face value Distributor's properly executed invoices for its Product sales to Charge Outlets, which the price for such purchases will be the face value of the invoice net of all discounts and be paid as a credit to Distributor's account with Bakery. Distributor agrees to timely forward from its handheld ordering device or by similar electronic transmittal (also known as "communicating") such invoices and provide Bakery with paper copies or electronic (e.g. pdf or other image) copies of such invoices and supporting documents, including an Outlet's properly executed receiving documents and/or proof of delivery, promptly after Bakery's request for same. If an Outlet or its parent does not pay Bakery or its affiliates for an invoice that Bakery has purchased from Distributor, and/or the Outlet/parent deducts from the invoice, in whole or in part, because of missing documentation that has been requested from Distributor by Bakery, or in the case of an Outlet bankruptcy where Bakery cannot file a proof of claim because of missing documentation from Distributor that has been requested by Bakery, that Distributor fails or refuses to supply to Bakery, then Bakery may deduct from Distributor's account with Bakery the amount equal to the unpaid or withheld amount in question. Bakery reserves the right to: require an Outlet to be a Charge Outlet, refuse to approve an Outlet as a Charge Outlet, and/or revoke the prior approval of an Outlet as a Charge Outlet for any reason.

5.2 **PURCHASE OF SCAN BASED TRADING OUTLET RECEIVABLES.** If a Charge Outlet elects to pay for purchases of Product based on when the Product scans through the Outlet's sales register, which may be referred to herein as Scan Based Trading ("SBT"), instead of when the Product enters the Outlet, then Bakery may, in its sole discretion, either i) purchase invoices/receivables from Distributor by paying only for those Products that scan through the Outlet's sales registers based on the scan data the Outlet sends to Bakery or ii) purchase invoices/receivables from Distributor by initially paying Distributor for all Products that Distributor reasonably claims, via invoice submitted to Bakery, it placed in such Outlet, and then Bakery subsequently reconciling through the Settlement process this initial payment to Distributor with the actual amount of Products that scan through the Outlet's sales registers based on the scan data the Outlet sends to Bakery. Bakery reserves the right to make reasonable adjustments from time to time to the way it settles SBT transactions with Distributor as changes in technology or other considerations may warrant. Distributor acknowledges and agrees that if Distributor i) places Product in an SBT Outlet that has not

been purchased from Bakery or a Bakery affiliate, ii) places Product in an SBT Outlet without submitting a corresponding and accurate invoice to Bakery for same, iii) submits an invoice to Bakery for an alleged sale of Product to an SBT Outlet when such Product was not actually merchandized in the Outlet, or iv) submits to Bakery a materially inaccurate invoice regarding any Product sale or Product return to an SBT Outlet, that Bakery may consider any such activity to be fraud permitting Bakery to terminate this Agreement per Article 11.

5.3 ACCOUNT RECONCILIATION.

- (a) Based on a seven-consecutive day period (“Account Week”), the starting and ending days of which Bakery may designate from time to time, Bakery agrees to reconcile Distributor’s account with Bakery after the close of each Account Week (such reconciliation herein referred to as a “Settlement”). After completing each Settlement, Bakery will issue to Distributor a statement detailing the Settlement (“Settlement Statement”), which such Settlement Statement may be issued in paper or electronic form without Bakery needing to follow the provisions for notices under Section 14.2. The Settlement Statement may include information on Distributor’s purchases of Product from Bakery, credit for Distributor’s receivables (which includes Product invoices from sales to Chains) purchased by Bakery or its affiliates, Product returns from Distributor’s customers to Distributor, Product returns from Distributor to Bakery, SBT-related transactions, promotional charges and credits, Authorized Payments (defined below), and all other amounts due from and to Distributor hereunder. Settlement Statements must be issued by Bakery within four (4) days after the close of an Account Week. Distributor agrees to review each Settlement Statement upon receipt. If Distributor fails to notify Bakery of a Settlement Statement dispute within nine (9) calendar days after the close of the Account Week, then the Settlement Statement will be automatically deemed conclusively accurate. If Distributor provides Bakery with timely notice of a dispute on a Settlement Statement, then Distributor must still timely pay all amounts due to Bakery that are not reasonably disputed. If a Settlement results in a balance due from Bakery to Distributor, then Bakery must make payment to Distributor within nine (9) calendar days after the close of that Account Week. If a Settlement results in a balance due from Distributor to Bakery, then Distributor must make payment to Bakery within nine (9) calendar days after the close of that Account Week. Positive Settlement balances from subsequent weeks may be used by Bakery to offset balances due from Distributor for Settlements from previous Account Weeks; however, credits applied to Distributor’s Settlement account in any given Account Week must first be reconciled with charges in that same Account Week through the Settlement process and will not be used as payment of any previous Account Week’s Settlement balances due, if at all, until after the then-current Settlement reconciliation is finalized. Bakery is not obligated ~~(a)~~ to pay to Distributor, or credit Distributor’s Settlement account with, any dollar amount where Bakery has reasonable evidence that such amount is attributable to error, fraud, or theft by Distributor.
- (b) All payments due by Bakery to Distributor under this Agreement may be made, in Bakery’s sole discretion, by either paper check mailed to Distributor or by electronic payment to Distributor’s bank or similar financial institution account on file with Bakery. Distributor

hereby agrees, at all times while this Agreement is in effect and for a period of 120 days past the effective date of any Closing on the sale or other transfer of the Distribution Rights, to have a valid bank, or similar financial institution, account in the United States, of its own choosing, open in its name and to have accurate routing and account information for such account on file with Bakery such that Bakery can make payments to Distributor due hereunder electronically as permitted in this Section. If Distributor does not have on file with Bakery the bank or similar financial institution account information needed for Bakery to make an electronic payment to Distributor per this Section, then all due dates for Bakery to make any payment to Distributor related to this Agreement are extended to ten (10) business days after Distributor provides such bank account information to Bakery.

(c) Distributor hereby authorizes Bakery to deduct from Distributor's account with Bakery all amounts due to Bakery under, and incidental to, this Agreement. Amounts due by Distributor to Bakery that are incidental to this Agreement include equipment and other rentals, leases, and purchases made by Distributor from time to time, as well as costs and fees associated with Distributor's use of Bakery's facilities. Distributor also hereby authorizes Bakery to deduct from Distributor's account with Bakery, and forward to the applicable third party on Distributor's behalf, amounts Distributor owes, if any, to the following third-party creditors per Distributor's separate agreements with such parties:

- i. Advantafirst Capital Financial Services, LLC
- ii. Distribution Services of America, Inc.
- iii. DSA Tax & Booking Inc.
- ~~iv. [John Doe] Insurance Company/Broker~~
- iv. ~~v.~~ B & G Leasing, Inc.
- v. ~~vi.~~ Bush Truck Leasing, Inc.
- vi. ~~vii. PNC Equipment Finance~~ Acrisure Southeast Partners Insurance Services, LLC

(each a "Third-Party Creditor" collectively "Third-Party Creditors"). Each deduction authorized either by this Section or in a separate writing executed by Distributor is an "Authorized Payment" and may be collectively referred to as "Authorized Payments" herein. While Distributor has authorized Bakery hereunder to make Authorized Payments, such authorization is permissive only and does not obligate Bakery to deduct and make any Authorized Payments to Third-Party Creditors on behalf of Distributor. Distributor acknowledges and agrees that Bakery may continue to make Authorized Payments until either the Distribution Rights are fully sold, the applicable Third-Party Creditor informs Bakery that Distributor's financial obligations have been satisfied, Distributor and the applicable Third-Party Creditor both instruct Bakery in writing to stop the Authorized Payment, or Bakery, in its sole discretion, elects to cease making an Authorized Payment. Once Bakery makes a payment to a Third-Party Creditor on behalf of Distributor, Distributor immediately owes the amount of that payment to Bakery as a charge against Distributor's Settlement account.

Distributor acknowledges and agrees that Authorized Payments do not in any way constitute wage or payroll deductions as Distributor does not receive payment for services rendered

under this Agreement, but instead such Authorized Payments are made at Distributor's request and are for Distributor's benefit and convenience. Distributor hereby agrees to waive all claims of any nature whatsoever against Bakery and each Bakery Entity and hold Bakery and each Bakery Entity harmless from all claims, actions, liabilities, and damages, including reasonable attorneys' fees and costs associated with Authorized Payments.

- 5.4 **NET SETTLEMENTS OF MULTIPLE SALES AREAS.** If Distributor owns Distribution Rights to more than one Sales Area, which may be indicated by multiple BFBF route numbers, Bakery may settle Distributor's accounts of all Sales Areas taken together such that all transactions, regardless of which Sales Area a charge or credit is applicable to, are accounted for aggregately under one Settlement account with Bakery.
- 5.5 **BAKERY PARENT AND AFFILIATES.** Distributor acknowledges and agrees that Bakery may, in Bakery's sole discretion, utilize any Bakery Entity to receive any benefit due to Bakery, enforce any Bakery right, or fulfill any obligation owed by Bakery under this Agreement.
- 5.6 **SECURITY INTEREST.** To secure the payment of any indebtedness or liability of Distributor to Bakery or a Bakery Entity, now or hereafter arising, under or incidental to this Agreement, Distributor grants and conveys to Bakery a continuing and general first priority security interest in the Distribution Rights, the then-current versions of the computer and printer equipment referenced in Section 6.9, all rights hereunder, and all Products and accounts receivables of Distributor. Pursuant to this Section, Distributor hereby grants to Bakery the rights of a secured party. Distributor acknowledges and agrees that it is a condition of Bakery entering into this Agreement that Distributor execute a security agreement in a form currently in use by Bakery to fulfill this security obligation ("Security Agreement") and such fully executed Security Agreement is incorporated herein by reference. Bakery may deem any default under the Security Agreement by Distributor to be a default under this Agreement.
- 5.7 **ACCURACY AND VALIDITY; SETOFF.** Distributor represents and warrants to Bakery that all invoices, supporting documents, proof of deliveries, and any other information or materials, in paper or electronic form, provided by Distributor in connection with all receivables associated with any Charge Outlet that Bakery or its affiliates purchase in accordance with this Article 5 (individually a "Receivables Document" and collectively "Receivables Documentation") (a) are accurate, timely, and complete as of the date each such receivable is purchased from Distributor by Bakery or its affiliate and (b) represents a valid, ~~5.7~~ then-outstanding receivable of Distributor from the applicable Charge Outlet for the sale of Product by Distributor to the Charge Outlet as set forth in each such Receivables Document. If Distributor becomes aware that any Receivables Document is or may become inaccurate or incomplete, or that any corresponding receivable is or may become invalid, without limitation to Bakery's remedies under this Agreement or at law, Distributor must immediately notify Bakery in writing and, to the extent possible, correct such inaccuracy or omission. Notwithstanding anything to the contrary in this Agreement, and without prejudice to any other right or remedy Bakery has or may have, in the event that Distributor breaches the terms

of this Section, including without limitation by providing fraudulent or erroneous Receivables Documentation or receivables for purchase by Bakery or its affiliates, Bakery may, without notice to Distributor, set off, recoup or charge to Distributor such amount in any manner including reversing the purchase of (a.k.a. “charge back”) the receivable or by charging Distributor’s account with Bakery for the amount at issue. A set off, recoupment, or charge by Bakery under this Section does not constitute a cure of any breach by Distributor of any provision of this Agreement.

- 5.8 **DEFAULT**. In addition to all other Bakery rights and remedies, Bakery is not required to fill Distributor’s Product orders during any time when Distributor is in material default or breach of this Agreement.

ARTICLE 6 – DISTRIBUTOR’S OBLIGATIONS

- 6.1 **PRODUCT SALES**. Every area of an Outlet where such Outlet or such Outlet’s corporate management has requested or otherwise approved Product to be merchandized for sale at, on, or in, which includes in-aisle and end-cap shelves as well as display tables, stands, hangers, and any platform or space designed to display retail items for sale, is individually referred to as a “Product Display Space” and collectively as “Product Display Spaces” herein.

Distributor retains exclusive control under this Agreement over the manner and method of operation of Distributor’s distribution business; however, Distributor, in addition to other obligations listed in this Agreement, agrees to:

- (a) Develop and maximize Product purchases from Bakery and sales of Products to the Outlets by all commercially reasonable means;
- (b) Except as provided in Section 6.4 below, sell Products to all Outlets in Distributor’s Sales Area that have requested to purchase Products via DSD and that otherwise qualify as an Outlet hereunder;
- (c) Maintain an adequate supply of non-Overcode Product in all Product Display Spaces of all Outlets;
- (d) Maintain all Product Display Spaces such that Overcode Product is not available for retail purchase in any Outlet;
- (e) Rotate Products such that more recently dated/coded Products are merchandized in Product Display Spaces behind all Product with an earlier date/code;
- (f) Cooperate with the Outlets, Outlets’ corporate management, Bakery, and Bakery’s affiliates by participating in Product pricing discounts, marketing, and other promotional programs at the Outlets, which such cooperation includes Distributor not selling in excessive amounts of Product immediately prior to a Product sale at an Outlet in order to lessen the amount of Product purchased and/or sold at the sale price;

- (g) Merchandize Products within an Outlet in compliance with any predesigned layouts, sometimes known as MODs or plan-o-grams, designed, requested, or approved by an Outlet or an Outlet's corporate management that designate precisely what Products must be merchandized in which specific sections of the Product Display Spaces of an Outlet;
- (h) Utilize point-of-sale materials to display Products for sale in Outlets as requested or approved by such Outlet or such Outlet's corporate management, or as required by Bakery as a condition of Product resale in instances where point-of-sale materials are designed specifically to merchandize and promote a specific Product or brand of Bakery or a Bakery Entity;
- (i) Utilize Bakery recommended point-of-sale materials only to display the Product such materials were designed by Bakery or a Bakery Entity to be used with, as evidenced by the branding on such materials or by Bakery informing Distributor of same;
- (j) Provide service to Outlets on a level consistent with all then-current good industry practices, which includes satisfying Outlet's and Outlet's corporate management's requirements, guidelines and expectations on sales and service frequency requests (a.k.a. "days of fresh deliveries," "days of service," and "pull-ups"), service time-windows, store policies, promotions, merchandising, and reasonable store requirements regarding treatment and interaction with Outlet associates as well as other Outlet vendors and third parties, regardless of whether such requirements, guidelines, or expectations are conveyed i) to Distributor directly by an Outlet or an Outlet's corporate management or ii) by Bakery to Distributor, if an Outlet or Outlet's corporate management informs Bakery of such requirement, guideline, or expectation;
- (k) Perform accurate Product inventory counts in all SBT Outlets no later than Wednesday of each week, or other day that Bakery may designate if Bakery changes the starting and ending days of the Account Week;
- (l) Carry out the rights and obligations of this Agreement in a professional, honest, ethical and safe manner and ensure that all Distributor representatives do so as well;
- (m) Refrain from any act or omission that may reasonably damage the reputation or goodwill of Bakery, the Products, or the Product trademarks, trade names, or brands;
- (n) Sell and distribute "Private Label" Product, if applicable, solely to the Outlet which owns such private label; and
- (o) Cooperate with Bakery in the event of a Product recall, withdrawal, recovery or similar retrieval due to a Product quality or safety issue, including, promptly removing such Product from all Product Display Spaces of the Outlets if requested by Bakery or the Outlet. Distributor agrees that Bakery has the right to review Distributor's performance under this Agreement in order to enforce the terms and conditions herein, which includes without limitation Bakery's right to inspect Product Display Spaces in Outlets and speak to Outlet management and an

Outlet's corporate management about Distributor's activities at the Outlet.

For the avoidance of doubt, Product may be considered out of stock or unreasonably low stock in an Outlet if there is no, or an unreasonably low amount of, Product in any individual Product Display Space of an Outlet. For further avoidance of doubt and without limitation, out of stock Product, an unreasonably low stock of Product, Overcode conditions in an Outlet, an unreasonable rate of Product returns, Outlet complaints of improper or unsatisfactory service, and Distributor or one of its representatives being banned by an Outlet or Chain or by an Outlet's or Chain's corporate management from selling Product to such Outlet or Chain due to an act or omission of Distributor, without limitation, each constitute a material breach of this Agreement.

- 6.2 **PRODUCT RETURNS RATE.** Notwithstanding Section 4.5 above, Distributor agrees to maintain a reasonable rate of Product returns with Bakery, with the reasonableness of Distributor's rate being determined by Bakery in its sole reasonable discretion after calculating and comparing Distributor's recent average rate of Product returns to the average rate of Product returns of similarly situated independent contractor distributors of Bakery during the same time period. Distributor's rate of Product returns may not be deemed unreasonable if it is within three (3) percentage points of the average rate of Product returns of similarly situated independent contractor distributors of Bakery when averaging 26 weeks of Product returns. Bakery may change the way it calculates the rate of Product returns from the manner described above in this Section; however, if Bakery does make such a change, it may not issue Distributor a notice of breach of this Agreement under this Section that is based on the changed calculation method unless it first provides Distributor with at least 60 days notice describing the new rate of Product returns calculation method.
- 6.3 **NO SALES OUTSIDE SALES AREA.** Distributor agrees not to sell, offer to sell, or otherwise distribute Products outside the Sales Area. Distributor agrees not to sell, offer to sell, or otherwise distribute Products to anyone or any entity that Distributor knows or reasonably should know is likely to resell said Products outside of the Sales Area. Distributor agrees not sell Product over the Internet or via any similar media or mode of communication ~~6.3~~ or data transfer existing now or in the future, including the use of virtual reality, except as authorized in writing by Bakery.
- 6.4 **OUTLET PROFITABILITY.** Distributor is not obligated to sell Products to any non-Chain Outlet that Distributor can prove, via a written and accurate profit and loss statement, to be consistently unprofitable. For purposes of clarification, i) Distributor acknowledges and agrees that all Outlets in the Sales Area that are part of a Chain must be serviced regardless of profitability of the individual Outlet, unless Distributor can submit evidence to Bakery that the entire Chain is unprofitable and ii) an Outlet must be serviced in good faith for at least three months before Bakery is obligated to review any profit and loss statement submitted by Distributor per this Section.
- 6.5 **COMPLIANCE WITH LAWS AND POLICIES.**

- (a) Distributor agrees, with regard to fulfilling any obligation or other requirement of Distributor associated with this Agreement, that it and Guarantor, and each of their respective employees, contractors and representatives, must comply with all applicable federal, state, county, and local laws, rules, and regulations, including those related to operation of motor vehicles, as of the Effective Date and as amended or enacted thereafter.
- (b) Distributor agrees that it and its employees, contractors and representatives must comply with all policies in effect at all Bakery facilities, including policies regarding: facility hours, parking, loading door use, Bakery Equipment, safety, identification badges, access keys/cards/codes, firearms, tobacco use, food and beverage consumption, rubbish and recycling disposal, and treatment of Bakery associates, vendors, and guests. Distributor acknowledges and agrees that nothing in this Agreement grants Distributor a right to enter onto the property of Bakery, and that Bakery at all times maintains the right to place restrictions on access to or use of its property.
- (c) Distributor acknowledges that the Outlets are not owned or controlled by Bakery, that an Outlet controls who is permitted on/in its property, that Distributor does not have an automatic right to be on/in an Outlet's property, and that Distributor is responsible for maintaining a business relationship with the Outlets in order to retain access rights to such Outlets.

6.6 **PERSONAL SERVICES OF GUARANTOR NOT REQUIRED.** Distributor and Guarantor are free to engage such persons as it/they deem appropriate to assist with, or complete perform, Distributor's obligations hereunder. Distributor has the exclusive right to select, fix the method and amount of compensation of, discipline, train, discharge and otherwise to manage, supervise and control all persons engaged by Distributor. Distributor represents and warrants that it will, with respect to all such persons engaged, perform all obligations and discharge all liabilities under all laws, rules and regulations as of the Effective Date and enacted thereafter including those relating to labor, employment standards, wage/hour and wage payment requirements (including as to overtime and wage deductions and expense reimbursements), worker's compensation, unemployment insurance, tax information and reports, and withholding all applicable payroll related taxes. Distributor represents and warrants that all persons engaged by Distributor will comply fully with all terms and conditions of this Agreement. Any breach of this Agreement by any person engaged by Distributor may be deemed by Bakery, in Bakery's sole discretion, to be a breach by Distributor. Distributor agrees to indemnify and hold harmless Bakery, Bakery's parents, and Bakery's affiliates each and all for any and all claims, causes of action, rights, interest, losses, fines, awards, or damages arising at any time out of, or in any way related to Distributor's breach of this Section.

6.7 **OTHER ACTIVITIES AND CONFLICTS OF INTEREST.**

- (a) Distributor and Guarantor may engage in business and other activities, including selling other products, unless and except to the extent that i) such other activity is competitive with the

Products, which includes selling other products that likely compete with any Products in an Outlet, ii) such other activity could contaminate the Products, or iii) such other activity presents a reasonable risk of harm to Bakery's business, brands, or reputation. Also, in order to be permitted hereunder, any such other activity of Distributor must be performed separate and distinct from Distributor's activities under this Agreement such that Bakery and Bakery Entity brands and reputation cannot reasonably be seen by the Outlet or the public as being tied to or associated with the brands and reputation of any such other activity of Distributor by reason of, without limitation, 1) Distributor selling or merchandize a non-Product product while wearing clothing or apparel, or delivering such non-Product product in a Vehicle, that contains a logo or Mark of Bakery or a Bakery Entity, or 2) by Distributor servicing an Outlet with both Product and non-Product products during what can reasonably be deemed substantially the same sales visit.

(b) Additionally, it is a conflict of interest and a breach of this Agreement for any employee or representative of Distributor, as well as any family member or close relative of Guarantor, to be employed by Bakery or any business that sells products that compete with any Product, or to be employed by any parent, affiliate, or subsidiary of i) Bakery or ii) any business that sells products that compete with any Product.

6.8 **NO DISCRIMINATION, HARASSMENT, OR RETALIATION**. Distributor agrees that it and its employees, agents, representatives and contractors will not, while fulfilling any obligation or other requirement of Distributor associated with this Agreement, intimidate, harass, retaliate or discriminate against any person by reason of race, ethnicity, creed, religion, age, political affiliation, veteran status, disability, gender, sexual orientation, sexual preference, or any other characteristic protected by law. To the extent not exempt, Distributor agrees to abide by the requirements of 41 CFR Sections 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibit discrimination against all individuals based on their race, color, religion, sex or national origin. These regulations ~~6.8~~ also require Distributor as a contractor to take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.

6.9 **PRODUCT ORDERING AND INVOICING EQUIPMENT**. Distributor agrees to maintain a portable computer order and invoicing device and printer system(s) compatible with the then-current ordering and sales systems maintained by Bakery, as such ordering and sales systems may be changed from time to time in Bakery's sole discretion. Distributor agrees, while Distributor owns the Distribution Rights, to pay Bakery a weekly Technology Fee, as well as any other reasonable fee associated with the computer, printer, and/or ordering and sales systems Bakery may from time to time assess in its sole reasonable discretion. Distributor acknowledges and agrees, due to ever-changing computer, communication, and related technologies, that it is not possible to establish fixed amounts in this Agreement for the fees described in this Section.

6.10 CONFIDENTIAL INFORMATION.

- (a) As a result of this Agreement, Distributor will have access to and/or obtain certain information not available to the general public regarding Bakery's and any Bakery Entity's information relating to products, machinery and equipment, services, research and development activities, finances, computer software, sales and marketing, sales data, business plans (including product pricing), new product initiatives, marketing plans, facility details, and general operations ("Confidential Information"). Distributor acknowledges that the Confidential Information constitutes valuable trade secrets of Bakery and each Bakery Entity and Distributor agrees that it will use Confidential Information solely in accordance with the provisions of this Agreement and only to fulfill its rights and obligations under this Agreement, and it will not disclose, or permit the disclosure of same, directly or indirectly, to any third party without Bakery's prior written consent. Distributor agrees to exercise due care in protecting the Confidential Information from unauthorized use and disclosure and will require all of its employees, contractors and agents to do the same. Distributor has no responsibility for safeguarding any information that it can document in writing: (i) is in the public domain through no fault of its own; (ii) was properly known to it, without restriction, prior to disclosure by Bakery; (iii) was properly disclosed to it, without a duty of confidentiality or other restriction, by another person with the legal authority to do so; or (iv) was independently developed by Distributor through general skill, knowledge and experience, without use of or reference to Bakery's Confidential Information. In the event Distributor is required to disclose Confidential Information pursuant to a judicial, administrative or legislative order or proceeding, Distributor must provide to Bakery prior notice of the intended disclosure in order to permit Bakery a reasonable opportunity to respond, object or seek a protective order.
- (b) In the event that Distributor is granted access to the information systems of Bakery or any Bakery Entity, Distributor (i) agrees to keep confidential all Confidential Information accessed in or by such information systems, (ii) will not provide access to such information systems to ~~(b)~~ any other person or entity, (iii) will not share the password(s) required for such access, and (iv) will not use such information systems except as expressly authorized by Bakery. If requested by Bakery to do so, Distributor agrees to sign a separate agreement that includes the above, and related, restrictions.
- (c) ~~6.11 INJUNCTIVE RELIEF.~~ Notwithstanding any other provision of this Agreement, ~~in the event of actual or threatened breach of Section 6.10, Distributor acknowledges that monetary relief would be inadequate to compensate and/or protect Bakery's interests and that Bakery will be entitled to immediate injunctive and other equitable and legal relief from a court of law or equity without bond and without the necessity of showing actual damage. Bakery's prosecution of legal action is not and will not constitute a breach of this Agreement or waiver of any of Bakery's rights under this Agreement, including the Dispute Resolution provisions of Article 13. For the avoidance of doubt, Bakery's right to seek injunctive relief and other equitable and legal relief from a court will not be governed or in any way restricted or limited by the provision of said Article 13.~~ nothing in this Agreement shall prohibit Distributor or

Guarantor from: (i) initiating communications directly with, cooperating with, providing relevant information to, or otherwise assisting in an investigation by (A) the U.S. Securities and Exchange Commission, or any other governmental, regulatory, or legislative body regarding a possible violation of any applicable law, or (B) the U.S. Equal Employment Opportunity Commission or any other governmental authority with responsibility for the administration of workplace laws regarding a possible violation of such laws, or as compelled by lawful process; (ii) responding to any inquiry from any such governmental, regulatory, or legislative body or official or governmental authority; or (iii) participating, cooperating, testifying, or otherwise assisting in any governmental action, investigation, or proceeding relating to a possible violation of any such law, rule or regulation.

ARTICLE 7 – BUSINESS ENTITY AND PERSONAL GUARANTY

7.1 **DISTRIBUTOR AS BUSINESS ENTITY**. Distributor is executing this Agreement and must operate and perform under this Agreement as a legally formed and maintained corporation or limited liability company, the ownership shares or interest of which must be owned by individuals, not other legally formed entities. From the Effective Date through the date on which Distributor sells all of its Distribution Rights, Distributor agrees, and represents and warrants to Bakery, that:

- (a) the person signing this Agreement on behalf of Distributor has authority to bind Distributor and will submit to Bakery a true and accurate copy of such written authorization at the time of signing this Agreement and as Bakery may request from time to time;
- (b) its incorporation/formation documents must provide that Distributor's purposes and activities include operating a business to offer and sell Products to Outlets within the Sales Area;
- (c) it is, and will remain, in good standing under all applicable ~~law~~laws and that Distributor must, at Distributor's expense, submit to Bakery or a Bakery designee a certificate of good standing issued by the state of incorporation/formation within ten (10) days after the end of each calendar year and/or upon Bakery's or such designee's request from time to time;
- (d) it has maintained and will maintain operating documents that impose transfer restrictions that give effect to Article 9 of this Agreement and each certificate representing an ownership ~~(d)~~ interest in Distributor must contain or conspicuously note upon its face a statement in a form satisfactory to Bakery to the effect that any assignment or transfer of the certificate is subject to all restrictions this Agreement imposes on transfers; and
- (e) it will maintain a list of all record and beneficial owners of stock or other ownership interest in Distributor and furnish a current version of such list to Bakery (i) at the signing of this

Agreement, (ii) within five (5) days after any change of ownership interest, (iii) within ten (10) days of the end of each calendar year, and (iv) upon request by Bakery from time to time.

7.2 **PERSONAL GUARANTY.** From the Effective Date through the date on which Distributor sells all of its Distribution Rights, Guarantor represents and warrants to Bakery, that:

- (a) The books and records of Distributor will reflect that the issuance and transfer of shares of stock or membership interests are restricted and that all stock certificates or evidence of interest will bear a legend giving notice of such restriction and referring the reader to the terms of this Agreement;
- (b) The Guarantor will act as Distributor's principal officer and personally guarantees the obligations imposed under this Agreement and all other agreements, including the Security Agreement, between Distributor and Bakery;
- (c) A copy of this Agreement will be kept with the official records of Distributor;
- (d) The Guarantor agrees to be and remain personally and individually liable for the full performance of all obligations imposed on Distributor by this Agreement and all other agreements between the Distributor and Bakery and hereby also directly and unconditionally guarantees the full performance thereof by Distributor;
- (e) The Guarantor agrees that this Agreement may be enforced by Bakery without the necessity at any time of exhausting any other security or collateral now or hereafter securing the obligations, and that Guarantor waives the right to require Bakery to pursue any other remedy or enforce any other right. Guarantor further agrees that this Agreement may be enforced by Bakery, without notice, by deducting all amounts due from Guarantor to Bakery arising out of, related to or in connection with this guaranty, from monies in the possession of Bakery due to Distributor or held by Bakery for the account of Distributor;
- (f) Guarantor hereby consents that from time to time, without notice to or further consent of Guarantor, the payment, performance, or observance of any or all of the obligations may be waived or the time of payment or performance thereof extended or accelerated, or renewed in whole or in part, and any collateral therefore may be exchanged, surrendered or otherwise dealt with as Bakery may determine, all without affecting the liability of Guarantor hereunder;
- (g) Guarantor hereby waives presentment of any instrument, demand of payment, protest and notice of non-payment or protest thereof or of any exchange, sale, surrender or other handling or disposition of collateral, and any requirement that Bakery exhaust any right, power or remedy or proceed against Distributor or against any other person under any other guaranty of, or security for, any of the obligations under this Agreement;
- (h) Guarantor hereby further waives any defense whatsoever which might constitute a defense available to, or discharge of, Distributor or any other guarantor. No payment by Guarantor pursuant to any provision hereunder entitles Guarantor, by subrogation to the rights of Bakery or otherwise, to any payment by Distributor (or out of the property of Distributor)

except after

final payment in full of all sums (including interest, costs and expenses) which may be or become payable by Distributor to Bakery at any time or from time to time;

- (i) Guarantor's guarantee hereunder is a continuing guaranty, and any other guarantor, and any other party liable upon or in respect of any obligation hereby guaranteed may be released without affecting the liability of Guarantor;
- (j) In addition to the foregoing guaranty of Guarantor, Guarantor must defend, indemnify, and hold harmless Bakery and its affiliates, and its and their officers, directors, employees, successors and assigns (Bakery and such entities and persons, collectively, "Indemnified Persons"), and must reimburse Indemnified Persons, for, from and against each and every demand, claim, loss (which includes any diminution in value), liability, judgment, damage, cost and expense (including interest, penalties, fines, costs of preparation and investigation, and the reasonable fees, disbursements and expenses of attorneys, accountants and other professional advisors) imposed on or incurred by Indemnified Persons, directly or indirectly, relating from, arising out of or in connection with Distributor's failure to pay, perform or observe one, some, or all of the obligations in this Agreement (whether before or after the release, satisfaction or extinguishment of the obligations); and
- (k) Guarantor agrees, at all times until Distributor sells all of its Distribution Rights, to own in his/her individual capacity greater than 50% of the outstanding shares or membership interest of Distributor.
- (l) Guarantor agrees to not own ~~an~~ interest in any legal entity other than Distributor that Guarantor knows or should know owns Bakery distribution rights.

ARTICLE 8 – BAKERY OBLIGATIONS

- 8.1 **DELIVERY AND COOPERATION**. Bakery agrees to use commercially reasonable efforts to i) deliver to Distributor the Products ordered by Distributor as per Section 4.2 above, ii) inform Distributor of any potential new Outlets in Distributor's Sales Area that Bakery is aware of, iii) pursue the development of new product offerings, and iv) assist in pursuing Product promotions and sales opportunities in the Outlets.
- 8.2 **SALES TO CHAINS – BAKERY AS REPRESENTATIVE**. Distributor and Bakery acknowledge and agree that substantial opportunities for sales of Products to Outlets in the Sales Area depend on satisfying the needs and purchasing requirements of Chains that desire to purchase Products for multiple Outlets, including Outlets within the Sales Area and Outlets outside of the Sales Area that may be served by other independent distributors of Bakery or by Bakery or a Bakery Entity. Both Distributor and Bakery acknowledge that many Chains, for their own convenience and efficiency, establish uniform prices and promotions and standard terms and conditions of sale across all of the Chain's outlets. In order to accommodate the purchasing needs and requests of Chains, and thereby maximize

the opportunity for

Distributor to sell Products to the Chain-related Outlets, Distributor hereby appoints Bakery and each Bakery Entity to act as Distributor's non-exclusive representative with Chains ("Representative") such that Bakery and Bakery Entities may engage in communications with Chains on behalf of Distributor and similarly situated independent distributors of Bakery to negotiate various terms and conditions with Chains that include Product prices and promotions, Product invoicing, the Chains' service requirements for its stores, standard terms and conditions of Product sales, centralized billing, and similar matters pertaining to the sale and delivery of Products to the Chains' stores. Bakery, Bakery's parent, and Bakery's affiliates, in acting in the capacity of Representative, may negotiate matters on behalf of Distributor that include commercially reasonable prices, promotions, terms, conditions, service requirements, merchandizing and plan-o-grams, and authorizations for the sale of Products to the Chains' stores. DISTRIBUTOR ACKNOWLEDGES AND AGREES THAT BAKERY MAY INFORM DISTRIBUTOR OF ALL CHAIN REQUIREMENTS APPLICABLE TO DISTRIBUTOR'S OUTLETS AND THAT BAKERY PASSING ALONG THIS INFORMATION TO DISTRIBUTOR IS NOT AN EFFORT BY BAKERY TO DIRECT DISTRIBUTOR'S BUSINESS OPERATIONS, BUT INSTEAD IS AN EFFORT TO ASSIST DISTRIBUTOR WITH UNDERSTANDING THE REQUIREMENTS OF ITS CUSTOMERS. DISTRIBUTOR RETAINS THE RIGHT TO NEGOTIATE PRICES AND TERMS DIRECTLY WITH A CHAIN AND TO SELL PRODUCTS TO THE CHAIN AT WHATEVER PRICES AND TERMS DISTRIBUTOR CAN NEGOTIATE. Distributor may revoke the designation of Bakery as Distributor's Representative at any time on thirty (30) days written notice. Nothing herein requires Bakery or Distributor to pay slotting allowances or other fees or charges imposed to obtain Product authorization in Chain Outlets.

ARTICLE 9 – SALE OF DISTRIBUTION RIGHTS

9.1 CONDITIONS OF SALE.

- (a) Subject to the conditions and requirements herein, the Distribution Rights may be sold in whole or in part by Distributor, or in the event of the death of Guarantor, by a legal representative of Guarantor's estate, to a qualified purchaser, provided that, among other things, Distributor must first submit a written notice to Bakery, in a form acceptable to Bakery,
~~(a)~~ of its intent to sell the Distribution Rights that is signed by Distributor and the proposed buyer ("Notice of Intent to Sell").
- (i) All full and partial sales of the Distribution Rights are subject to the approval of Bakery, which may not be unreasonably withheld, and which such approval includes Bakery's right to approve the proposed buyer as an owner of the Distribution Rights. Bakery has 14 days following its receipt of a fully completed and signed Notice of Intent to Sell, the receipt of all information and paperwork from Distributor and the proposed buyer reasonably requested by Bakery, or the date on which the proposed buyer meets with Bakery if Bakery so requests, whichever is later, to notify Distributor that it is denying approval of the proposed sale. If Bakery fails to notify Distributor that it is denying

approval of the

proposed sale within this 14-day timeframe and Bakery does not exercise its Right of First Refusal pursuant to Section 9.1(a)(ii), the proposed sale is deemed approved; however, provided Bakery is not responsible for any unreasonable delays, any approval under this Section may be voided by Bakery if the sale of the Distribution Rights is not finalized within 45 days from when the sale was actually or deemed to be approved, at which point all requirements and rights under this Article 9 reset anew. For the avoidance of doubt, Bakery's denial of approval hereunder does not require Bakery to purchase the Distribution Rights that were the subject of the proposed sale.

(ii) All full or partial sales of the Distribution Rights are subject to Bakery having a right of first refusal to purchase the Distribution Rights intending to be sold by Distributor for the same price identified in the submitted Notice of Intent to Sell ("Right of First Refusal"). Bakery has 14 days following its receipt of a fully completed and signed Notice of Intent to Sell to notify Distributor that it is exercising its Right of First Refusal. If Bakery fails to notify Distributor that it is exercising its Right of First Refusal within this 14-day timeframe, Bakery's ability to exercise its Right of First Refusal expires. For avoidance of doubt, 1) Bakery's Right of First Refusal hereunder applies only to the Distribution Rights intending to be sold by Distributor and does not give Bakery the right or the obligation to purchase other Distributor assets including Distributor's vehicle or computer/handheld equipment, 2) Bakery's ability to exercise its Right of First Refusal expiring has no effect on any other right of Bakery hereunder, and 3) Bakery's Right of First Refusal is reestablished, and may be again exercised, if the sale of the Distribution Rights contemplated by the submitted Notice of Intent is not finalized within 45 days from when the sale was actually or deemed approved.

9.2 **SALE OF STOCK/OWNERSHIP INTEREST.** The sale or transfer of shares or membership ~~interests~~interest of Distributor that results in Guarantor no longer owning more than 50% of Distributor's outstanding stock or interest is deemed a transfer of the Distribution Rights that triggers the terms and conditions of this Article 9, including Bakery's right to approve of such transfer and Bakery's Right of First Refusal to purchase the Distribution Rights, the 14- day notification timeframes for both such rights begin when Bakery becomes aware of such sale or transfer.

9.3 **CLOSING OF SALE.** Unless otherwise stated herein, and in addition to other obligations stated herein, the following conditions are applicable to every full or partial sale of the Distribution Rights:

- (a) Distributor must pay to Bakery a transfer fee in an amount equal to two percent (2%) of the sale price of the Distribution Rights in consideration for the administrative activities performed by Bakery and its affiliates in connection therewith.
- (b) At the closing on the sale of the Distribution Rights ("Closing"), Distributor will pay to Bakery an amount that Bakery reasonably estimates will be due by Distributor to Bakery,

Bakery's parent, Bakery's affiliates, and all Third-Party Creditors (collectively "Distributor Creditors") for monies owed to same under this Agreement, or any related agreement with such Third-Party Creditor, as of the Closing date. The parties acknowledge and agree that the amount due by Distributor to Bakery at Closing referenced in the preceding sentence ("Closing Balance") may not be a precise or final reconciliation of all monies due by and owed to Distributor as of the Closing, that certain charges and credits that make up the Closing Balance are final and others are only reasonable estimates, that some of the individual charges that make up the Closing Balance may be itemized separately in a Closing statement to be signed by Distributor at Closing, and that a final reconciliation of the Settlement account will not occur until after the Holdover, as defined below, period has concluded.

- (c) The parties agree that Distributor's Settlement account with Bakery will remain open for 90 days past the effective date of the Closing to more accurately account for all Distributor credits and charges that accrue both pre-Closing and post-Closing that were not included in the Closing Balance, and to account for the reconciliation of any estimated charges/credits included in the Closing Balance with their corresponding actual charges/credits (such 90-day period may be referred to as the "Holdover"). Distributor acknowledges and agrees that Bakery will not generate or send a Settlement Statement to Distributor for any Account Week during the Holdover period when there is no activity on Distributor's Settlement account.
- (d) Distributor agrees that Bakery may, at Closing, deduct and retain from the purchase money paid for the Distribution Rights an amount equal to the Closing Balance, provided that Bakery must forward all amounts collected on behalf of a Distributor Creditor, if any, to such entity. Distributor further agrees that Bakery may, at Closing, deduct from the purchase money paid for the Distribution Rights and credit to Distributor's Settlement account an amount that Bakery estimates, in its sole reasonable discretion, may be needed to satisfy any balance owed by Distributor to all Distributor Creditors through the end of the Holdover period, with the minimum amount of such withholding being \$1,500.
- (e) Distributor's Settlement Statement for the last Account Week of the Holdover period will serve as the final reconciliation of Distributor's Settlement account ("Reconciliation"). If the Reconciliation results in a positive balance owing to Distributor, then Bakery must pay Distributor such remaining balance within 15 days. If the finalized Reconciliation results in a ~~(e)~~ negative balance owing by Distributor to Bakery, then Distributor must pay Bakery such balance due within 15 days of receipt of the final Settlement Statement. Distributor hereby agrees, for a period of 120 days past the effective date of the Closing, to keep open the bank account on file with Bakery prior to the Closing so that Bakery may make any such payments due under this Section in the same manner Bakery made payments to Distributor pre-Closing.
- (f) Distributor must return to Bakery any Bakery-owned property in Distributor's possession pertaining to, or used in connection with, the Distribution Rights, including Bakery Equipment. Bakery may charge Distributor's Settlement account with Bakery for any such property not so returned.

In the event of the sale of all of the Distribution Rights, this Agreement will automatically terminate concurrently upon the effective date of Closing provided, however, the parties will remain bound by the provisions of this Agreement that are intended to survive termination listed in Section 14.3.

- 9.4 **SALE DOCUMENTS.** Upon the sale of all or part of the Distribution Rights by or for the account of Distributor as described in this Article, Distributor must execute a Closing statement, an appropriate bill of sale in favor of the purchaser of the Distribution Rights, and a general release terminating, canceling and surrendering Distributor's rights under this Agreement and releasing any and all claims against Bakery and each Bakery Entity, including all of their officers, directors, share ~~or~~and membership holders, employees, successors and assigns that arise under, out of, or in any way relate to this Agreement or the activities conducted in connection with the Agreement.
- 9.5 **DEATH.** In the event of the death of Guarantor, Bakery may, at any time up to 180 days after receiving notice of Guarantor's death from Distributor or Guarantor's estate representative, require Distributor or Guarantor's estate to sell the Distribution Rights. If the Distribution Rights are not sold within a period of 90 calendar days from the date on which Bakery informs Distributor and/or Guarantor's estate that the rights must be sold, Bakery has the right to either sell the Distribution Rights to a qualified purchaser or purchase the Distribution Rights. Any such sale or purchase by Bakery must be for a price equal to or greater than fair market value, which is to be calculated by Bakery using sales of similarly situated Bakery distribution rights, that were as close as reasonably possible in time and distance to the Closing, as comparables for such fair market value calculation. Any sale of the Distribution Rights per this Section must be treated as if same were a sale initiated and completed by Distributor under the applicable terms of this Agreement. Distributor acknowledges and agrees that in the event of the death of the then-current Guarantor, that another individual must thereafter own greater than 50% of Distributor's outstanding stock and such individual must sign an amendment to this Agreement becoming the new Guarantor hereunder, and that the absence of such an individual guaranty is a material breach of this Agreement. Distributor acknowledges and agrees to provide Bakery with all reasonably requested documentation related to Guarantor's death and the subsequent ownership change as well as all court-related orders and authorizations related to the management of Guarantor's estate.
- 9.6 **BAKERY RIGHT TO PURCHASE DISTRIBUTION RIGHTS.** Bakery, after providing Distributor the 30 days written notice stated below in this Section, may purchase all or part of the Distribution Rights at any time while this Agreement is in effect. The purchase price for the Distribution Rights to be paid by Bakery to Distributor is an amount equal to the fair market value of such Distribution Rights, which is to be calculated by Bakery using sales of similarly situated Bakery distribution rights, that were as close as reasonably possible in time and distance, as comparables for such fair market value calculation. In the event Distributor disagrees with the fair market value purchase price Bakery calculates, any such dispute would be a Covered Dispute under and pursuant to Article 13. Any action Distributor may take under Article 13 related to Bakery's purchase rights under this Section will not delay the effective

date of the sale and Closing of such Distribution Rights to Bakery provided Bakery tenders to Distributor payment pursuant to this Article 9 of the amount that Bakery reasonably and in good faith contends is the fair market value of the Distribution Rights, whether or not Distributor accepts such tendered payment. Provided Distributor has formally initiated the Mandatory Dispute Resolution Process under Article 13 regarding the fair market value purchase price of the Distribution Rights, Distributor will have the right to accept such tendered payment and finalize the Closing on the sale of the Distribution Rights without prejudice to any potential claim in arbitration that the fair market value of the Distribution Rights is more than the tendered payment. In the event of arbitration pursuant to Article 13 of the Distribution Agreement, the amount of the payment tendered by Bakery and accepted by Distributor must be deducted from any award or judgment issued.

Bakery must notify Distributor in writing at least 30 days prior to exercising the buyback rights under this Section. With the exception of Section 9.3(a), the parties must follow the applicable provisions of this Article 9 regarding any sale of the Distribution Rights under this Section. The effective date of Closing for any sale pursuant to this Section will be set at the discretion of Bakery, but in no event may it be sooner than the expiration of the 30 days of notice required above. Any sale of the Distribution Rights pursuant to this Agreement is not subject to the transfer fee stated in Section 9.3(a).

Bakery's right to purchase the Distribution Rights set forth in this Section is continuing, and unless BFBD purchases the Distribution Rights in their entirety, the exercise by BFBD of its right to purchase the Distribution Rights in part does not exclude Bakery from further exercising its rights under this Section thereafter, in full or in part.

ARTICLE 10 – SERVICE FAILURES AND CHANGES

- 10.1 PARTIAL ABANDONMENT.** If Distributor fails to sell Product and provide service to a particular Outlet in the Sales Area while it continues to sell Product and provide service to other Outlets in the Sales Area, and such failure is not remedied within three (3) days of proper written notice hereunder, then Bakery may, in addition to or in the alternative to taking no action and in addition to exercising other rights granted to Bakery hereunder, either, a) ~~10.1~~ terminate this Agreement for Distributor's failure to cure such breach per Article 11, or b) designate such Outlet abandoned, which such designation, upon notice and with one dollar (\$1.00) of consideration paid to Distributor, authorizes Bakery to use the limited power of attorney granted to it hereunder to sign on Distributor's behalf an amendment to this Agreement, as well as a bill of sale, to transfer ownership of such abandoned Outlet to Bakery. Nothing in this Section in any way prohibits or restricts Bakery's rights under Section 10.2 below.
- 10.2 TEMPORARY SERVICE BY BAKERY.** DISTRIBUTOR ACKNOWLEDGES THAT IT IS A BREACH OF THIS AGREEMENT TO NOT SELL PRODUCT AND PROVIDE SERVICE TO ALL OUTLETS PER THE OUTLETS' REQUIREMENTS. DISTRIBUTOR FURTHER ACKNOWLEDGES THAT IT IS SOLELY THE OBLIGATION OF DISTRIBUTOR TO, AT DISTRIBUTOR'S EXPENSE, HAVE A LABOR FORCE SUFFICIENT TO COVER THE

AFOREMENTIONED PRODUCT SALES AND SERVICE OBLIGATIONS TO ALL OUTLETS AT ALL TIMES, INCLUDING WHEN GUARANTOR OR OTHER DISTRIBUTOR EMPLOYEES/AGENTS FALL ILL OR REQUIRE PERSONAL TIME, AND THAT IT IS NOT THE RESPONSIBILITY OR OBLIGATION OF BAKERY TO PERFORM THESE OBLIGATIONS FOR DISTRIBUTOR AT ANY TIME OR FOR ANY REASON. If Distributor fails to provide Product sales or service to any Outlet, then Bakery has the right, but not obligation, to either directly perform such obligations or assign such obligations to a third party with all expenses associated with either or both to be charged to Distributor's Settlement account with Bakery. Such temporary performance by Bakery or its assigns does not relieve Distributor of any of the obligations imposed by this Agreement, constitute an assumption by Bakery or such assigns of any obligations of Distributor, or constitute a cure of any breach of this Agreement by Distributor. Distributor acknowledges that Bakery's expenses and costs to operate (including short term labor and vehicle arrangements) will likely be higher than the expenses and costs of Distributor while Distributor fulfilled such obligations.

10.3 **CHANGE IN DELIVERY METHOD.** In the event a Chain or an Outlet requests or otherwise authorizes Product to be sold or delivered to it in a manner other than Direct Store Delivery, the following applies:

- (a) Bakery, or its assigns, may sell, deliver, and merchandize Product to and at such Chain(s) or Outlet(s) by any non-DSD method without same being a violation of Distributor's rights hereunder or a breach of this Agreement by Bakery (since Distributor will have no applicable distribution rights), and without Bakery having to provide any compensation to Distributor for such sales; and
- (b) Distributor will continue to own the DSD Distribution Rights to the Outlet at issue in the event such Outlet reverts to DSD for its Product purchases and deliveries.

10.4 **NON-DSD SERVICES.**

- (a) From time to time, Bakery or Bakery's affiliates may have agreements to sell, deliver, and/or merchandize Products via non-DSD methods to Outlets and other locations within the Sales Area ("Non-DSD Sales"). If Bakery and Distributor mutually agree on terms for Distributor to perform any service related to any Non-DSD Sales, Distributor acknowledges and agrees that it does not gain any additional rights under this Agreement by performing such services and that any Non-DSD Sales service agreement is separate and distinct from this Agreement, except that i) any default by either party under any Non-DSD Sales service agreement between

Bakery and Distributor may be deemed a default under this Agreement ("Cross Default") and ii) if the parties elect in any Non-DSD Sales service agreement between Bakery and Distributor to compensate Distributor through Distributor's Settlement account with Bakery, then the provisions of Article 5 herein will apply to such compensation as applicable.

ARTICLE 11 – TERMINATION

11.1 **NON-CURABLE BREACH.** In addition to other rights to terminate this Agreement referenced herein as well as all termination rights associated with cross-default provisions applicable to this Agreement, Bakery may immediately terminate this Agreement, with no right of Distributor to cure, upon the occurrence of any of the following events, each of which constitutes a "Non-Curable Breach:"

- (a) Distributor fails to timely cure any Curable Breach (defined below);
- (b) Distributor chronically breaches the Agreement as provided in Section 11.2;
- (c) Distributor's actions trigger a determination by Bakery that Distributor irreconcilably frustrated the purpose of this Agreement per Section 2.2(c) above.
- (d) Distributor acts, or fails to act, in any matter that threatens public health or safety, or that threatens to do significant harm to Bakery or any Bakery Entity's trademarks, brands, or commercial reputation, which includes, unless same is made in connection with Distributor's rights under Article 13, making spoken or written disparaging comments in public about the Products, Bakery or any Bakery Entity, the employees of Bakery or any Bakery Entity, or the brands or trademarks of Bakery or any Bakery Entity;
- (e) Distributor engages in any act of violence, threat of violence, or harassment, which includes harassment or other discrimination based on race, ethnicity, creed, religion, age, political affiliation, veteran status, disability, gender, sexual orientation, sexual preference, or any other characteristic protected by law;
- (f) Distributor engages in any unlawful or criminal activity (whether or not a prosecution is commenced, or conviction obtained) or any act of dishonesty, theft, or fraud, which includes

~~(f)~~ submitting false invoices involving Product sales, returns, or inventories as well as possessing, distributing, or using Bakery's internal code for processing product return requests;

(g) Distributor or Guarantor makes a material misrepresentation to Bakery i) to obtain Bakery's approval of Distributor or Guarantor as a qualified purchaser of the Distribution Rights ii) to induce Bakery to enter into this Agreement or iii) to obtain a purchase money loan under a Bakery sponsored or Bakery affiliate loan program, regardless of when such misrepresentation is discovered; and

(h) Default and/or material breach of the Security Agreement and/or any other agreement between Distributor and Bakery or Guarantor and Bakery.

11.2 **CURABLE AND CHRONIC BREACHES.** A breach or default of this Agreement by Distributor that is not a Non-Curable Breach per Section 11.1 is referred to as a "Curable Breach" herein. If Bakery gives Distributor written notice of a Curable Breach, then Distributor will have three (3) days to cure said breach unless Bakery has previously issued to Distributor four (4) or more Curable Breaches in the most recent eight-month period in which case Bakery may deem the breach at issue to be a Non-Curable chronic breach of this Agreement pursuant to Section 11.1 that terminates this Agreement without Distributor having any right to cure. If a Curable Breach is not cured by Distributor within the applicable timeframes stated herein, Bakery may terminate this Agreement. If the cure for a Curable Breach requires Distributor to refrain from a given behavior (e.g. stop selling Product outside of the Sales Area), Bakery may consider such Curable Breach uncured, triggering Bakery's right to terminate this Agreement under Section 11.1 above, if Distributor exhibits the same or materially similar behavior anytime from the expiration of the three-day cure period referenced above to 180 days thereafter.

11.3 **ACTIONS FOLLOWING TERMINATION.** If this Agreement is terminated, then the following provisions are triggered:

(a) Distributor continues to own the Distribution Rights until same are sold, but is no longer permitted to buy or sell Products, service any Outlets, or otherwise act in the capacity of an independent contractor/distributor of Bakery.

(b) Bakery may, either directly or by retaining a third-party to do so, sell Products to the Outlets. However, if Bakery elects to do so while Distributor still owns the Distribution Rights, then all such Product purchases and sales, as well as all expenses associated with operating the Distribution Rights, made during Distributor's ownership must be credited and/or charged, as applicable, to Distributor's Settlement account with Bakery. Distributor acknowledges that Bakery's expenses and costs of operation of the Distribution Rights, including short term labor and vehicle rental, will likely be higher than Distributor's costs for these same expenses.

(c) If Bakery, in its sole reasonable discretion, determines that Distributor would either make more money or be charged less money if service of the Distribution Rights post-termination of ~~(e)~~ this Agreement were performed solely by another Bakery independent

contractor/distributor instead of Bakery, with such other independent contractor/distributor being credited and/or charged with all Product purchases and sales to the Outlets, and with such other independent contractor being responsible for its own operational costs associated with buying Product and selling same to the Outlets, then Bakery may, in lieu of the process described in Section 11.3(b) above, elect to have another Bakery independent contractor/distributor sell Product to the Outlets post termination of this Agreement in such a manner until the Distribution Rights are sold, in which case the charges and credits from selling Product to the Outlets post termination of this Agreement will not be applied to Distributor's Settlement account with Bakery.

(d) Regardless of whether the Distribution Rights are serviced post-termination of this Agreement per the terms of Section 11.3(b) or 11.3(c), and in addition to all charges authorized during the sale or transfer of the Distribution Rights by Article 9, Bakery may continue to charge, or deduct from, Distributor's account with Bakery any charge or expense that had been authorized by Distributor as a charge or deduction prior to the termination of this Agreement, and do so until the Distribution Rights are sold. In addition, Distributor acknowledges and agrees that, without limiting that which can be charged, the following charges may be applied to Distributor's account post-termination of this Agreement:

- a. Bakery's reasonable costs associated with removing Overcode and/or damaged Product in the Outlets, which includes reimbursement for any return credit issued to an Outlet for same;
- b. Bakery's reasonable costs associated with remedying any Product purchase or sale by Distributor, or return credit for same, that in Bakery's sole reasonable discretion is/was unreasonably excessive when compared to historic sales for that or similar Product and that was executed by Distributor once Distributor knew or should have known that there was a reasonable likelihood of this Agreement being terminated and/or the Distribution Rights being sold; and
- c. Bakery's reasonable costs associated with payments or other consideration Bakery provides to an Outlet, another Bakery independent contractor, or any third party to compensate said party for what Bakery, after a reasonable investigation, believes is or was fraud, theft, or damage committed or caused by Distributor, in any act or omission related to Distributor's obligations hereunder, against such party.

(e) Termination of this Agreement requires Distributor to sell the Distribution Rights. If Distributor has not finalized a sale of the Distribution Rights that complies with all applicable provisions of this Agreement within 90 calendar days of the date of such termination, Bakery is authorized to either sell or purchase the Distribution Rights. Except when this Agreement is terminated per Section 2.2(d), any such sale or purchase of the Distribution Rights by Bakery must be for a price equal to or greater than the fair market value of such rights, which is to be ~~(e)~~ calculated by Bakery using like sales of similarly situated Bakery distribution rights, that were as close as reasonably possible in time and distance to the Closing, as comparables for

such fair market value calculation. If this Agreement is terminated per Section 2.2(d), then Bakery may establish a reasonable price for such sale or purchase after taking into consideration the impact the law or final determination that triggered such termination has on the value of the Distribution Rights. The provisions of Section 9.3 apply to all sales or purchases of the Distribution Rights by Bakery as if Distributor initiated such sale.

ARTICLE 12 – TRADEMARKS, TRADE NAMES AND SOFTWARE

12.1 **PERMISSION FOR USE**. Subject to the terms of this Agreement, Bakery hereby grants to Distributor a limited, non-transferable, non-exclusive right, within the Sales Area only, to use the trademarks and trade names set forth in Schedule B, and any amendment thereto, and any other trademarks, trade names or graphical designations on the packaging of the Products sold by Bakery or its affiliates to Distributor hereunder (the “Marks”), solely to identify the Products and to identify Distributor as a distributor of the Products, except that the Marks may not be worn on clothing or placed on any vehicle without Bakery’s express written consent. Other than expressly set forth in this Agreement, Distributor is granted no rights in the Marks. Bakery may, at any time, for any reason, in its sole discretion, change, modify or discontinue using any of the Marks.

Distributor acknowledges that the Marks are the exclusive property of Bakery or its affiliates, or, if applicable, the licensor(s) thereof, as the case may be (the “Owners”), and Distributor agrees that it will not dispute or contest the exclusive right, title, or interest of the Owners in, or the validity of, any of the Marks, or assist others in doing same. Distributor acknowledges that it does not have, and will not acquire, any right, title, or interest or any claim, monetary or otherwise, in any of the Marks or in the goodwill now or hereafter attaching thereto, and that all such goodwill inures solely to the benefit of the Owner of each Mark.

Distributor agrees that it may not use any of the Marks in any corporate title, trade name or actual name of Distributor or any business with which Distributor may become affiliated with or related to through ownership or otherwise. Distributor further agrees not to use any Mark in any Internet URL or similar name, or in any social media or similar online or virtual individual or group name, title, heading, label, or similar identifier.

Distributor agrees to only use the Marks in the manner specified in this Agreement and solely in connection with its sale, marketing and distribution of the Products. Distributor agrees not to package or distribute any other product bearing the Marks or otherwise display or use any Marks or any portion thereof or any other marks or designs confusing therewith on the packaging or labeling for any other product. Distributor agrees that it will not tamper with any of the Marks or other written matter or graphical designations on the packaging of the Products sold by Bakery or its affiliates to Distributor hereunder and will not otherwise modify or change the packaging thereof in any way. Any marketing or promotional material proposed to be used by Distributor which references or uses the Marks (other than marketing or promotional material supplied to Distributor by Bakery or any of the Owners) must be submitted in advance to Bakery for approval and said material may not be used without the prior written consent of Bakery.

12.2 **RETURN UPON TERMINATION.** Upon the termination of this Agreement or of Distributor's right to use any of the Marks, Distributor must immediately cease its use of the Marks and not thereafter use any trademarks, trade names or other designations associated

with or confusingly similar to said Marks, or make any representations, directly or indirectly, that it continues to sell and distribute products bearing said Marks.

12.3 **ENFORCEMENT OF MARKS.** Distributor agrees to notify Bakery of any known infringement or threatened infringement of or challenge to any of the Marks in the Sales Area and to reasonably cooperate with Bakery and its affiliates in any legal action relating to enforcement of rights in the Marks. Bakery, its affiliates and/or its licensor have the exclusive right to control any legal action regarding enforcement of rights in the Marks, and Bakery, its affiliates and/or its licensor will bear the cost and expense of any legal action and be entitled to any recovery associated with such legal action.

12.4 **QUALITY ASSURANCES.** Bakery or its affiliates and its and their representatives may, during Distributor's typical hours of operation and only after Distributor or Distributor's employee/agent at such place is first made aware, access Distributor's facilities, including Distributor's delivery vehicle, in order to i) inspect the Products bearing the Marks, ii) take samples of any Products provided it pays Distributor for such samples, iii) locate, inspect, or retrieve Bakery Equipment, and/or iv) for any reasonable quality assurance-related purpose. If Bakery determines that there are any deficiencies in the quality of the Product that occurred after Distributor took title to said Product, then Bakery may confiscate and destroyed such Product at the expense of Distributor.

12.5 **SOFTWARE SYSTEMS.** Subject to the terms of this Agreement, Bakery grants a limited personal, non-transferable and non-exclusive license to load and use any proprietary software systems and programs developed by Bakery or its affiliates for Product ordering, sales, and accounting, as same may be amended or modified from time to time on Distributor's then current, and Bakery-compatible, Product ordering equipment. Distributor agrees to use the software solely to perform its obligations under this Agreement and for no other purpose. Distributor acquires no other interest or right in the software, other than this limited license and agrees not to attempt to modify, decompile, disassemble or otherwise reverse engineer the software or request or authorize any other person to do so for any reason whatsoever. Distributor agrees not to transfer the subject software to any third party.

~~12.6 **INJUNCTIVE RELIEF.** Notwithstanding any other provision of this Agreement, in the event of actual or threatened breach of this Article 12, Distributor acknowledges that monetary relief would be inadequate to compensate and/or protect Bakery's interests and that Bakery will be entitled to immediate injunctive and other equitable and legal relief from a court of law or equity without bond and without the necessity of showing actual damage. Bakery's prosecution of legal action is not and does not constitute a breach of this Agreement or a waiver of any of Bakery's rights under this Agreement, including the Dispute Resolution~~

~~provisions of Article 13. For the avoidance of doubt, Bakery's right to seek injunctive and other equitable and legal relief from a court is not governed or in any way restricted or limited by the provisions of said Article 13.~~

ARTICLE 13 – MUTUAL DISPUTE RESOLUTION

- 13.1 **DISPUTE RESOLUTION PROCESS – EXCLUSIVE PROCESS.** Except with respect to any Excluded Dispute (defined below) and as otherwise expressly provided in this Agreement, the parties mutually agree that the provisions of this Article 13 are the sole and exclusive method by which any party will pursue any remedy for any Covered Dispute (defined below) (the “Mandatory Dispute Resolution Process”). The commencement of any dispute resolution procedure does not prevent ~~Bakery~~either party from thereafter taking any action allowed under this Agreement (other than filing a lawsuit) which may be the subject of a Covered Dispute, including without limitation taking over all or part of the operation of Distributor's Distribution Rights and/or exercising its rights to purchase Distribution Rights from Distributor, or an associated estate, via a right of first refusal or buy-back right granted in this Agreement.
- 13.2 **DISPUTE INITIATION – NOTICE & INFORMAL RESOLUTION.** In the event of any Covered Dispute, the party initiating the dispute must provide a written notice to the other party ~~describing, that is signed by the initiating party, which describes~~ the nature of the dispute. Such notice must be delivered within sixty (60) calendar days of the date on which facts respecting the dispute first come to the initiating party's attention, and it must include copies of all relevant documentation supporting the allegation. In the event applicable law ~~prohibits a sixty (60) day limitation~~provides a statute of limitations period for a specific claim, the party must ~~nevertheless~~ provide written notice of a Covered Dispute within the applicable statute of limitations period. The parties have sixty (60) calendar days ~~thereafter~~after written notice to attempt to informally resolve the Covered Dispute~~-, unless that time period is extended by mutual agreement. This notice and informal resolution process is a condition precedent to arbitration, and any party making an arbitration demand must certify that it has complied with the requirement when filing an arbitration demand. AAA may not accept any demand without this certification.~~
- 13.3 **BINDING MUTUAL ARBITRATION.** If the parties are unable to resolve a Covered Dispute through informal resolution, the party initiating the Covered Dispute must initiate **mandatory binding arbitration**, by filing a complaint on an individual basis with the American Arbitration Association (“AAA”). The party must file the complaint **within sixty (60) days** following the conclusion of the informal resolution process or within the applicable limitations period, whichever is later, and such complaint must be limited to the cause(s) of action within the scope of the notice of the Covered Dispute provided in accordance of Section 13.2. ~~Notwithstanding the previous sentence, in the event applicable law prohibits a sixty (60) day limitation, the party initiating the dispute must in all cases file a complaint with AAA within the applicable statute of limitations period, except as allowed by the arbitrator for good cause.~~ The interpretation and enforcement of the arbitration agreement set forth in this Article, including as to the arbitrability of disputes, is governed by the Federal Arbitration Act (the

“FAA”), ~~and to including procedures such as staying any claims or action in court and enforcement of arbitration awards. To~~ the extent the FAA is found to be inapplicable, by a court or arbitrator, this arbitration agreement will be enforceable under applicable state law and governed by the procedural law relevant to arbitration agreements in the state in which the Covered Dispute arose. Notwithstanding the previous sentence, a court of competent jurisdiction may compel arbitration under the state law where the Covered Dispute arose if it is uncertain about the applicability of the FAA or unable to decide the FAA’s applicability without discovery. This agreement to arbitrate applies with respect to all Covered Disputes, whether initiated by Distributor or Bakery. ~~All arbitrations under this Article will be confidential and thus, unless otherwise agreed by the parties in writing, testimony, documents/information exchanged, and decisions/awards by the arbitrator will not be used in any way outside of the parties’ private individual arbitration other than for purposes of confirming or vacating an award, in which case such items and their contents (if referenced in pleadings, for instance) will be filed under seal with the court to the extent possible based on the court’s rules.~~

~~13.4 **TIME FAILURES CONSTITUTE WAIVER. FAILURE BY EITHER PARTY TO PROVIDE TIMELY WRITTEN NOTICE OF ANY COVERED DISPUTE TO THE OTHER PARTY IN ADVANCE OF FILING AN ARBITRATION, OR TO TIMELY SUBMIT A COVERED DISPUTE TO ARBITRATION (COLLECTIVELY REFERRED TO AS “TIME FAILURE”) IS DEEMED TO BE A FULL AND COMPLETE WAIVER OF SUCH DISPUTE, AND ANY CLAIM OF LIABILITY, REMEDY OR DAMAGES IS FOREVER WAIVED BY THE COMPLAINING PARTY, REGARDLESS OF MERIT. Time Failure does not alter the applicability of the Mandatory Dispute Resolution Process to any Covered Dispute. The determination of whether a Party timely provided written notice of any Covered Dispute in advance of filing an arbitration, or timely submitted to arbitration is the exclusive decision of the arbitrator. If it is determined by the arbitrator that any Party committed a Time Failure, any pending arbitration must be dismissed with prejudice within 7 day(s) of such finding.**~~

13.4 ~~13.5~~ **BUSINESS JUDGMENT.** The parties hereto agree, ~~and any arbitrator or judge is affirmatively advised,~~ that this Agreement reserves to Bakery the right to take (or refrain from taking) certain actions in the exercise of its business judgment based on its good faith assessment of overall best interests of a distribution system throughout the U.S. ~~Where such discretion has been exercised in good faith and is supported by the good faith reasonable business judgment of Bakery, no arbitrator nor a judge may substitute their judgment of what may be reasonable under the circumstances for the good faith reasonable business judgment exercised by Bakery. The parties agree that if Bakery’s judgment complies with the requirements of this Section, it may not be replaced by the judgment of an arbitrator or judge even though other reasonable alternatives to Bakery’s reasonable business judgment may exist.~~ This provision shall not prevent the effective vindication of Distributor’s statutory rights if at issue in any proceeding.

13.5 ~~13.6~~ **COVERED DISPUTES.** Except for the Excluded Disputes (defined below), Covered Disputes include any and all disputes between Distributor and Bakery and Guarantor and

Bakery, ~~including claims~~ (including any counterclaims or third-party claims that may be asserted against Guarantor or Distributor) arising out of or in any way relating to this Agreement ~~and claims or the parties' relationship or the end of that relationship, including any claims or disputes~~ relating to any assertion of any employment relationship between Distributor (and/or its employees, contractors, owners or representatives) and Bakery and/or any Bakery Entity, ~~including;~~ claims for breach of this Agreement or other contract, between the Parties; tort, defamation and other common law claims; wage and hour and/or wage payment claims, including any claims or disputes under the California Private Attorneys General Act ("PAGA") based on allegations that Distributor personally sustained wage and hour violations; claims related to intellectual property, trademarks or trade secrets; unfair competition claims; statutory discrimination, harassment, and retaliation claims; and claims arising under or relating to any federal, state or local constitution, statute or regulation, now or hereafter recognized. Covered Disputes include any dispute between Distributor or Guarantor and an employee, owner, Bakery Entity or other affiliate or alleged joint employer of Bakery arising out of services Distributor provides to Bakery, or Distributor's or Guarantor's relationship with Bakery, provided that such dispute relates to matters that are the subject of a Covered Dispute between Distributor or Guarantor and Bakery.

13.6 ~~13.7~~ **EXCLUDED DISPUTES.** The following disputes (collectively, "Excluded Disputes") are not subject to the Mandatory Dispute Resolution Process set forth in this Article: (i) ~~claims relating to specific performance under this Agreement;~~ (ii) ~~claims or cross-claims relating to indemnification or subrogation of third-party (i.e. entities/individuals not a party to the Agreement) claims (including claims by or against employees and/or contractors of Distributor);~~ (iii) applications for temporary or preliminary injunctive relief in aid of arbitration or for the maintenance of the status quo pending arbitration; ~~(iv) claims related to use or misuse of trade names, trademarks, or intellectual property;~~ ii) claims for public injunctive relief; a court, not an arbitrator, shall decide whether a claim is for public or private injunctive relief, and any claims for private injunctive relief must be arbitrated on an individual basis; (iii) non-individual PAGA claims alleging Labor Code violations that an individual other than Distributor suffered, to the extent these PAGA claims cannot be waived under applicable law; (iv) claims for sexual harassment and/or sexual assault as defined by the Ending Forced Arbitration of Sexual Assault and Sexual Harassment Act (9 U.S.C. §§ 401, 402) if the claiming party elects to exclude such claims from arbitration under this Agreement; and (v) any claim that ~~is expressly precluded from~~ cannot be subject to mandatory arbitration under federal law or state law that is not preempted by the FAA. For the avoidance of doubt, claims against a party to this Agreement are not ~~covered by the above exclusions~~ Excluded Disputes merely by being labeled "third-party" claims. Nothing set forth herein waives either party's right to file a charge or complaint with or to cooperate with any federal, state, or local administrative agency; however, any Covered Dispute that is not resolved through the federal, state or local administrative agency proceeding must be submitted to arbitration in accordance with this Article, except where expressly precluded by a federal statute or regulation.

13.7 ~~13.8~~ CLASS AND COLLECTION ACTION WAIVER. TO THE MAXIMUM EXTENT PERMITTED BY LAW, DISTRIBUTOR AND GUARANTOR AND BAKERY AND ANY BAKERY ENTITY AGREE ON ITS AND THEIR BEHALF AND ON BEHALF OF DISTRIBUTOR'S OWNERS TO WAIVE ANY RIGHT TO: (I) INITIATE OR MAINTAIN ANY COVERED DISPUTE ON A CLASS ACTION BASIS OR COLLECTIVE ACTION BASIS, EITHER IN COURT OR IN ARBITRATION, ~~AGAINST BAKERY OR ANY BAKERY ENTITY, WHICH INCLUDES ITS AND THEIR OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS~~ INCLUDING THE RIGHT TO A TRIAL BY JURY; (II) SERVE OR PARTICIPATE AS A REPRESENTATIVE OF ANY SUCH CLASS ACTION OR COLLECTIVE ACTION; (III) SERVE OR PARTICIPATE AS A MEMBER OF ANY SUCH CLASS ACTION OR COLLECTIVE ACTION; OR (IV) RECOVER ANY RELIEF FROM ANY SUCH CLASS ACTION OR COLLECTIVE ~~COLLECTIVE~~ ACTION. Distributor further agrees that if it is included within any such class or collective action, it will take all steps necessary to opt-out of the action or refrain from opting in, as the case may be.

The parties hereto further agree that the arbitrator will have no power to adjudicate or award remedies including penalties for violations that a party to the arbitration did not ~~directly personally~~ experience (~~"Indirect Claims"~~), including, but not limited to, Excluded Disputes that are non-individual claims brought on behalf of other individuals pursuant to ~~California's Private Attorneys General Act ("PAGA")~~ PAGA. The arbitrator has ~~no authority or the~~ power to award and must decide claims for penalties pursuant to PAGA, ~~other than~~ for claimed violations ~~and injuries~~ the party ~~directly personally~~ experienced, and the arbitrator must decide disputes over whether the party personally experienced Labor Code violations, regardless of whether the party asserts an individual claim for penalties pursuant to PAGA.

The parties further agree that no arbitrator has authority to: (i) order, authorize, or permit any notice or information about an arbitration or any claims or defenses in an arbitration to be sent to any class or collective or representative group of persons other than the parties to the individual arbitration, provided that any party or the arbitrator may compel testimony of a witness or the production of documents, material or information consistent with applicable arbitration rules or (ii) order or require either party to produce any kind of contact information for any class or collective or representative group of current or former distributors of Bakery or any Bakery Entity. The arbitrator only has authority to allow a Covered Dispute to be decided in arbitration on an individual basis.

Any issue concerning the validity or enforceability of the waiver in this Article ~~4~~, including the prohibition against class or collective action arbitration, ~~and the~~ validity or enforceability of the prohibition against arbitration of ~~Indirect Claims, including~~ non-individual PAGA ~~Claims~~ claims, must be decided by a court of competent jurisdiction applying ~~Pennsylvania law~~ the FAA or applicable state law if the FAA is found not to apply, and no arbitrator has any authority to consider or decide any issue concerning the validity or enforceability of the

waiver. Any or the prohibition against arbitration of non-individual PAGA claims. Any other issue concerning arbitrability of a particular issue or claim pursuant to the arbitration agreement ~~(except for those concerning the validity or enforceability of the waiver)~~ must be resolved by the arbitrator, not the court, including any issue related to whether a PAGA claim or dispute involves a Covered Dispute.

13.8 ~~13.9~~ **SELECTION AND RULES.** Except as specified below, Distributor, Guarantor, and Bakery agree that any arbitration of a Covered Dispute will be resolved by final and binding arbitration conducted pursuant to the FAA and under the auspices of the AAA and its Commercial Arbitration Rules (“AAA Commercial Arbitration Rules” available at www.adr.org), or any successor rules, and will be conducted before a single arbitrator unless all parties to the arbitration agree otherwise in writing. Distributor and Bakery agree that the arbitration will be held in or near the county in which Distributor operated under this Agreement, or in any other mutually agreed location. To the extent any of the terms, conditions or requirements of this Article conflict with the AAA Commercial Arbitration Rules or other applicable rules, the terms, conditions and requirements of this Article will govern. ~~Arbitrators are~~ The arbitrator has the authority to resolve discovery disputes in a manner that allows the parties a fair opportunity to discover and present relevant and material evidence, notwithstanding any limitations on discovery set forth in the AAA Commercial Arbitration Rules. The arbitrator is required to issue a written award and opinion, and ~~their awards~~ the award will be final and binding, and any judgment or award issued by an arbitrator may be entered in any court of competent jurisdiction. The arbitration is subject to the same burdens of proof and statutes of limitations as if the Covered Dispute was being heard in federal district court, ~~subject to the choice of law provision in Section 14.10 of this Agreement,~~ and the parties may file and the arbitrator must hear and decide ~~at any point in the proceedings~~ any timely motion permitted by the Federal Rules of Civil Procedure, including without limitation motions to compel discovery, motions for protective orders, motions to dismiss, motions for summary judgment, and motions in limine. The parties shall maintain the confidential nature of the arbitration proceedings to the extent necessary based on a legitimate commercial need or privacy interest and all hearings shall be closed except to the arbitrator and AAA staff, the parties, their legal representatives, any allowed transcriber of the proceedings, and non-parties testifying as witnesses, unless the parties mutually agree to additional attendees. Nothing in this confidentiality provision shall prohibit the parties from communicating with their legal representatives or witnesses about the arbitration proceedings or engaging in protected or activity. The parties shall maintain the confidential nature of the award, except as may be necessary in connection with a judicial challenge to an award or judicial action for its enforcement, or unless otherwise required by law. No arbitration award or decision will have any preclusive effect as to any issues or claims in any other dispute, arbitration, or court proceeding involving persons who were not parties to the arbitration and may not be cited or referenced by any party in any such arbitration or court proceeding unless the parties involved in the ~~subsequent~~ ease other arbitration or court proceeding were also parties of the original case. However, if Distributor pursues a PAGA claim, the arbitrator’s award or decision can be presented to a court by either party as a determination of whether or not and if so to what extent

Distributor sustained Labor Code violations, including to determine whether and if so to what extent Distributor has standing as an “aggrieved employee” under PAGA.

13.9 ~~13.10~~ **REMEDIES**. Subject to the parties’ right to ~~appeal or~~ seek confirmation or vacatur of an award under applicable law, the parties acknowledge and agree that the decision of the arbitrator will be final and binding on the parties and that the arbitrator is authorized to award any party the full individual remedies that would be available to such party if the Covered Dispute had been filed in a court of competent jurisdiction, including actual and reasonable attorneys’ fees and costs, if any. The parties acknowledge and agree that as part of a party’s costs, it may recover expert fees incurred to the same extent as it could in court. Distributor acknowledges and agrees that, subject to any applicable fee-shifting provisions, it is responsible for the filing fee required to institute arbitration with the AAA up to the amount of the filing fee it would have incurred had it filed such Covered Dispute(s) in federal district court. Bakery is responsible for all additional arbitration filing fees, forum fees, and other fees and costs assessed by the AAA, subject to the

arbitrator’s exercise of its authority if authorized under applicable law to award Bakery costs and fees as the prevailing party or ~~for other equitable reasons, and excepting that Distributor must pay for all AAA costs and fees associated with any unreasonable delays or cancellations in the AAA process caused by Distributor~~ under Rule 11 of the Federal Rules of Civil Procedure, which will apply to Covered Claims. In all instances, Distributor is responsible to pay for its own attorneys’ fees and costs, subject to any applicable fee-shifting provisions.

~~13.11 LIQUIDATED DAMAGES. THE PARTIES ACKNOWLEDGE AND AGREE THAT IF IT IS DETERMINED BY A COURT OF COMPETENT JURISDICTION THAT ANY PARTY BREACHED THIS ARTICLE BY ATTEMPTING TO PROSECUTE A COVERED DISPUTE IN A FORUM OTHER THAN ARBITRATION UNDER THIS ARTICLE, THEN SUCH PARTY WILL OWE TO THE OTHER PARTY LIQUIDATED DAMAGES IN THE AMOUNT OF \$20,000. THESE LIQUIDATED DAMAGES WILL BE IN ADDITION TO ANY EQUITABLE OR LEGAL REMEDIES WHICH THAT PARTY MAY HAVE FOR BREACH OF THIS ARTICLE.~~

13.10 ~~13.12~~ **SEVERABILITY**. Without limiting any general severability provision of this Agreement, the Parties understand and agree that if a court or arbitrator invalidates or refuses to enforce any term or portion of a term set forth in this Article, the remainder of this Article (including all portions of terms that are found valid and enforceable) will not be affected by such invalidity or unenforceability but will remain in full force and effect, except that if any portion of the class or collective action waiver or the or the prohibition against arbitration of non-individual PAGA claims is found invalid or unenforceable, in no event may a court or arbitrator order arbitration on a class or collective basis or arbitration of non-individual PAGA claims. Instead, ~~if the class or collective action waiver is found unenforceable, the class or collective~~ any such affected claim must be litigated in court.

ARTICLE 14 – OTHER TERMS & CONDITIONS

14.1 **NO IMPLIED RIGHTS**. Distributor understands that this Agreement grants Distributor no other rights, either implied by course of conduct or otherwise, except those expressly granted

herein. Bakery reserves for itself and each applicable Bakery Entity all rights not expressly made a part of this Agreement. Bakery's rights within the Sales Area include (i) the right to sell and distribute Products by any method of distribution other than by Direct Store Delivery to Outlets and to other buyers in the Sales Area that are not Outlets and (ii) the right to sell and distribute Products by Direct Store Delivery or otherwise to Bakery owned/operated or contracted thrift stores in the Sales Area. This Agreement does not grant Distributor the right to sell Product using or involving technologies that are not expressly contemplated herein, which such exclusion includes Internet sales and sales in virtual environments.

- 14.2 **NOTICES.** Unless otherwise noted, any notice required or permitted under this Agreement is deemed received i) immediately when hand-delivered to any representative of Distributor or Bakery; ii) one (1) calendar day after delivery to an overnight courier service for next day delivery; iii) five (5) calendar days after deposit in the mail, return receipt requested, first class ~~14.2~~ postage pre-paid; iv) one (1) calendar day after delivery by email, which such emailed notice remains valid even if the sender receives a machine-generated message that delivery has failed provided the sender then resends a tangible copy of the same notice, along with a copy of the delivery failure notice, per Sections 14.2(i) or 14.2(ii) above no later than two business days after receipt of such failure notice. If a party receives a tangible notice from the sending party that an attempted notice delivery via email has failed, such receiving party must rectify the email delivery problem or provide the sending party with a new email address for notice purposes hereunder within three calendar days of receipt of such failure notice. It may be considered a Curable Breach of this Agreement if a party receives an email delivery failure notice on any two (2) attempted deliveries of emailed notices associated with this Agreement in a rolling 12-month period. Distributor's physical address on file with Bakery may not be a Post Office Box (a.k.a. PO Box). All notices must be addressed to Distributor or to Bakery (Attention: General Counsel) at the physical addresses or email addresses stated above, or to such physical or email address as the parties may designate to each other from time to time by notice that complies with this Section. Distributor acknowledges and agrees that Bakery is only able to send notices and other important documents and payments to Distributor if Bakery has accurate addresses for Distributor; accordingly, Distributor agrees to notify Bakery in writing immediately upon the change of its address both while this Agreement is in effect and for 120 days thereafter.

It is agreed that, in addition to its right to deliver notices and other documents per the acceptable methods of delivery stated above in this Section, and excepting a) notices related to Distributor's exercise of its Right of First Refusal, b) any notice related to Curable or Non-Curable breaches under Article 11, c) any notice required under Article 13, d) any notice required by Section 9.6, e) any service of process related to litigation or arbitration filed by Bakery and vi) any notice required by law to be made in an alternative manner, Bakery may satisfy its obligations of delivering any document, form, or notice due hereunder to Distributor by posting same on an Extranet, website, or similar hosting platform, and Distributor agrees in such cases to register for, and utilize a username and password for, access to such platform, even if such platform is hosted or otherwise serviced by a third party, immediately upon Bakery's request.

Distributor further agrees that Bakery may communicate with Distributor via any method authorized under this Section, through texting or similar smartphone applications, and through the handheld computer ordering equipment for any reason related to Distributor's rights or obligations hereunder.

14.3 **SURVIVAL; BAKERY AFFILIATES; WAIVER.** This Agreement is binding upon heirs, personal representatives, successors and permitted assigns of the parties. The parties agree that Bakery may delegate, transfer, or assign on a temporary or permanent basis any of its rights, obligations, benefits or duties to any Bakery Entity, or any other person or entity, without notice, but Bakery will remain responsible for those rights, obligations, benefits or duties unless such person or entity assumes Bakery's obligations. Any reference to Bakery in this ~~14.3~~ Agreement includes reference to such delegee, transferee, or assignee as appropriate. If a party elects not to pursue its rights under this Agreement for any particular event or situation, such action or inaction is not deemed a future waiver of any provision of this Agreement or act as precedent for any future event or situation. In the case of any termination of this Agreement for cause, non-renewal or otherwise, the parties will remain bound by the terms and conditions of this Agreement which expressly or by their nature, require performance after termination. For avoidance of doubt, provisions that survive any termination of this Agreement include without limitation:

(a) Sections 2.2, 4.6, 6.1(m), 6.10, ~~6.11~~, 7.2, 10.3, 11.3; and

(b) Articles 1, 5, 9, 12, 13, 14; and

(c) the Personal Guaranty language relating to Guarantor in the signature block below.

14.4 **ENTIRE AGREEMENT, AMENDMENT.** This Agreement and Schedules and any other agreements executed by the parties, constitute the entire agreement between the parties and supersedes all prior agreements, discussions, negotiations, understandings, representations, conditions, warranties and covenants between them with respect to this subject matter. No promises, inducements or representations regarding this Agreement have been made by any party other than those set forth in the written and signed agreements between the parties. Except for as stated in Section 14.11, no change, modification, amendment or waiver of any of the provisions hereby, including by custom, usage of trade, or course of dealing or performance, will be effective and binding upon either party unless (i) it is in writing, signed by all parties. ~~Nothing in this Agreement or any related agreement is intended to disclaim the representations made by Bakery (Franchisor) in the Franchise Disclosure Document, or~~ (ii) it is a change by Bakery as required to comply with the law.

14.5 **INDEMNIFICATION.** Each party must indemnify and hold the other harmless against a third party, including Guarantor, as to any costs, charges or claims including reasonable attorney's fees, expert fees and costs of settlement, which may arise out of such party's direct or indirect

failure to perform any obligation and/or discharge any liability arising under this Agreement, or such party's negligence or claim of negligence or alleged willful acts, ~~including all claims premised on the existence of an alleged employment relationship between Bakery or any Bakery Entity and Guarantor or employees/contractors of Distributor or Guarantor. Distributor acknowledges and agrees that neither it nor its employees, contractors and representatives may allege in such claim or proceeding that it or they, as the case may be, are employees, jointly or otherwise, of Bakery.~~ The obligations of this provision extend to claims arising from actions or inactions made by a party's representatives, employees, or other authorized persons acting on their behalf. This provision includes the following:

- (a) Distributor must indemnify and hold harmless Bakery and each Bakery Entity, as well as its and their officers, directors, employees, successors and assigns (Bakery, each Bakery Entity, and all such persons are collectively "Indemnified Parties") in connection with all claims relating to a motor vehicle accident between Distributor (and/or its employees, contractors or representatives) and a third party regardless of the ownership of the vehicle Distributor's agent was driving;
- (b) Distributor must indemnify and hold harmless the Indemnified Parties and, if applicable, the Outlets, for claims by any ~~third-party~~ third-party alleging negligence, and/or willful acts by Distributor, its employees, contractors and representatives, including claims arising from or related to Distributor's use of Bakery Equipment; ~~and~~

(c) Bakery must indemnify and hold harmless Distributor and, if applicable, the Outlets, for claims by any third-party alleging negligence, and/or willful acts by Bakery or its employees, contractors and representatives; and

- (d) ~~(e)~~ Bakery must indemnify, defend and hold harmless Distributor for claims by any third party for allegations of contaminated Products, or other Product quality claims and for any infringement by Bakery of any third-party trademark or copyright, to the extent Distributor is not responsible for such claims due to Distributor's negligence or intentional acts or omissions.

~~Notwithstanding the foregoing, Franchisee (Distributor) has no obligation to indemnify or hold harmless an indemnified party for losses to the extent that they are determined to have been caused solely and directly by the indemnified party's gross negligence, willful misconduct, strict liability, or fraud.~~

14.6 **LIMITED POWER OF ATTORNEY.** Distributor and Guarantor irrevocably grant Bakery a limited power of attorney with full and complete authority to transfer the Distribution Rights or perform any of Distributor's obligations hereunder for Distributor's account in accordance with the terms of this Agreement. This appointment survives the death or disability of Guarantor and/or the termination of this Agreement. The power of attorney granted hereby is coupled with the security interest in the Distribution Rights granted by Distributor to Bakery under this Agreement.

14.7 **CONTINUING COOPERATION.** Distributor agrees, at any time and without further consideration, to do such other and further acts, including the execution of any documents or amendments reasonably necessary to carry out the purposes and intent of this Agreement, to correct in any agreement between Distributor and Bakery, as well as between Distributor and

any Distributor Creditor if it is Bakery's additions to such form agreements that require correction, any typographical error or other mistake, including misspellings of Distributor's name.

In addition, Distributor agrees, at any time and without further consideration, to do such other and further acts, including the execution of any documents or amendments reasonably necessary to carry out the purposes and intent of this Agreement, to correct in this Agreement, including any schedules hereto, any written or visual description of the Sales Area if it can be reasonably ascertained, in Bakery's reasonable opinion, that an error or other mutual mistake in drafting such description did occur based on factors that include:

- (a) whether Product sales to the outlet/Outlet in question were calculated into the valuation of the Distribution Rights when such rights were purchased by Distributor;
- (b) whether Distributor has sold Product, or otherwise provided service, to the outlet/Outlet in question since purchasing the Distribution Rights; and
- (c) whether, and for how long, another independent contract distributor has been selling Bakery's products to the outlet/Outlet in question and whether this other independent contract distributor paid consideration for the distribution rights to such outlet/Outlet.

All documents signed per this Section 14.7 are effective retroactively as of the date of this Agreement unless otherwise noted in a writing signed by both parties.

- 14.8 **INSURANCE**. Distributor agrees to obtain and maintain no less than the minimum required amounts of insurance coverage required by the Security Agreement at all times while this Agreement is in effect.
- 14.9 **ACQUISITIONS**. Notwithstanding anything to the contrary contained herein, this Agreement does not apply to, and Distributor will have no right with respect to, any products or product lines obtained by Bakery, or any business entity related thereto, through acquisition, merger, consolidation or other transaction after the Effective Date of this Agreement.
- 14.10 **CONTROLLING LAW**. The validity, interpretation and performance of this Agreement and all claims relating to actions under the Agreement, including those premised on an alleged employment relationship with Bakery or a Bakery Entity, is to be controlled by and construed in accordance with the laws of the Commonwealth of Pennsylvania, without regard to its choice of law provisions; except that if a Covered Claim involves a controversy arising in California, the claim will be governed by substantive California law. Moreover, the validity, interpretation and performance of Article 13 will be governed by the FAA, except as set forth in Article 13.
- 14.11 **NECESSARY MODIFICATION/SEVERABILITY**. If any provision of this Agreement is found to be invalid, contrary to, or in conflict with any applicable present or future law or regulation in a final ruling by any court, arbitration, agency or tribunal possessing competent

jurisdiction, this Agreement is deemed modified to the extent necessary to conform with any such ruling, law or regulation, with the remainder of this Agreement not being affected by any such modification.

- 14.12 **COUNTERPARTS AND COPIES.** This Agreement and any amendment hereto may be executed in any number of counterparts, each of which is deemed an original, and all of which constitutes one and the same instrument. A copy of this Agreement, as well as any amendment hereto, printed from an electronic or digital version (e.g., in pdf, tiff or other file format) is of equal force and effect as an original. This Agreement and any amendment hereto may be executed electronically. The parties acknowledge and agree that any such electronic signature by an authorized representative of a party, regardless of how such electronic signature is inputted, is a manifestation of assent and must be given full effect. Distributor agrees that, absent an express finding of fraud with respect to Bakery's copy by a court or arbitrator, as the case may be, Bakery's copy of this Agreement, electronic, digital or otherwise, controls over all other Agreement copies.
- 14.13 **TIME CALCULATION.** In computing the number of days for purposes of this Agreement, all days are counted, including Saturdays, Sundays, and holidays; provided, however, that if the final day of any time period falls on a Sunday, or holiday, then the final day is deemed to be the next day which is not a Sunday or holiday.
- 14.14 **HEADINGS AND TEXT.** The headings and captions used in this Agreement are for reference purposes only and do not have any effect on the interpretation of the Agreement. If Bakery, in its sole discretion, decides to provide this Agreement to Distributor in English and Spanish, the Spanish translation will be provided solely for Distributor's convenience and only the Agreement in English will be executed and binding between the parties; in the event of a conflict, the terms of the Agreement in English will govern.
- 14.15 **DAMAGES. NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS AGREEMENT, EXCEPT AS PROHIBITED BY APPLICABLE STATE LAW, IN NO EVENT WILL EITHER PARTY BE LIABLE TO THE OTHER FOR ANY LOST INCOME AND PROFITS, CONSEQUENTIAL, INCIDENTAL, INDIRECT OR SPECIAL DAMAGES, INCLUDING LOST PROFITS ~~AND PUNITIVE DAMAGES.~~**

~~(continued on next page)~~

- 14.16 **NO JURY TRIAL.** To the extent that litigation is permitted between them, unless prohibited by applicable state law, the parties hereby knowingly, voluntarily and intentionally waive the right either of them may have to a trial by jury in respect of any litigation between them or arising out of, related to or in connection with this Agreement.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed as of the day and year first above written.

ILLINOIS AMENDMENT TO DISTRIBUTION AGREEMENT

For purposes of complying with the requirements of Illinois law, including the Illinois Franchise Disclosure Act of 1987, Ill. Rev. Stat. ch. 815 para. 705/1 – 705/44 (1994) (the “Illinois Franchise Act”), BIMBO FOODS BAKERIES DISTRIBUTION, LLC (“Bakery”) and ____ (“Distributor”), hereby amend the Distribution Agreement between them dated _____, 20____ (the “Agreement”) as follows:

1. Section 705/19 and 705/20 of the Illinois Franchise Act provide rights to franchisees concerning nonrenewal and termination of a franchise. If the Agreement contains a provision that is inconsistent with the Illinois Franchise Act, the Illinois Franchise Act will control.

2. Section 41 of the Illinois Franchise Act states that “any condition, stipulation, or provision purporting to bind any person acquiring any franchise to waive compliance with any provision of this Act is void.” To the extent that any provision in the Agreement is inconsistent with Illinois law, Illinois law will control.

3. Any provision that designates jurisdiction or venue or required Franchisee to agree to jurisdiction or venue in a forum outside of Illinois is void with respect to any cause of action which is otherwise enforceable in Illinois, except arbitration may take place outside the state of Illinois.

4. If this Agreement requires that it be governed by a state’s law, other than the State of Illinois, to the extent that such law conflicts with the Illinois Franchise Disclosure Act, the Act will control.

5. To the extent that the Illinois Franchise Act prohibits the disclaimer of representations contained in a franchisor’s Franchise Disclosure Document, the Agreement is amended to include representations made in BBDC’s Franchise Disclosure Document to the extent required by law.

6. Section 14.4 of the Distribution Agreement is amended by the addition of the following language:

Provided, however, that nothing in this Section 14.4 shall preclude any representations contained in the Franchise Disclosure Document of which this Distribution Agreement is an exhibit, from being binding on Franchisor.

7. Each provision of this Amendment shall be effective only to the extent that the jurisdictional requirements of Illinois law applicable to the provisions are met independent of this Amendment. This Amendment shall have no force or effect if such jurisdictional requirements are not met.

8. All other provisions of the Agreement are hereby ratified and confirmed.

IN WITNESS WHEREOF, Bakery and Distributor have duly executed and delivered this Amendment as of the following date: _____, 20____.

MARYLAND AMENDMENT TO DISTRIBUTION AGREEMENT

For purposes of complying with the requirements of Maryland law, including the Maryland Franchise Registration and Disclosure Law, Md. Code Ann., Bus. Reg. §§ 14-201 - 14-233 (2015 Repl. Vol.) (the "Disclosure Law"), BIMBO FOODS BAKERIES DISTRIBUTION, LLC ("Bakery") and _____ ("Distributor"), hereby amend the Distribution Agreement between them dated _____, 20____ (the "Agreement") as follows:

1. This Agreement requires you to assent to a release of claims, estoppel or waiver of liability, to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation or action that would violate the Disclosure Law or a rule or order under the Disclosure Law in order to purchase the franchise. Such release, estoppel or waiver shall exclude claims arising under the Disclosure Law, and such acknowledgments shall be void with respect to claims under the Disclosure Law.

2. This Agreement obligates you to execute a release of claims as a condition to renewal or transfer. Such a release shall not apply to any liability under the Disclosure Law, and such release shall be void with respect to claims under the Disclosure Law.

3. This Agreement requires that mediation, arbitration and litigation be conducted in a place in the county where your principal place of business is located. This requirement shall not be interpreted to limit any rights you may have under Sec. 14-216 (c)(25) of the Disclosure Law to bring suit in the state of Maryland for claims arising under the Disclosure Law.

4. This Agreement is hereby amended to reflect that any claims arising under the Disclosure Law must be brought within 3 years after the grant of the franchise. The limitation of claims provisions shall not act to reduce the 3 year status of limitations afforded you for bringing a claim arising under the Disclosure Law.

5. This Agreement is hereby amended to reflect that the general release required as a condition of renewal, sale and/or assignment/transfer shall not apply to any liability under the Disclosure Law.

6. This Agreement is hereby amended to state that: No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise, including this Agreement. **Without limiting the generality of the foregoing, Section 14.4 (Entire Agreement, Amendment) of this Agreement is expressly amended to include a last sentence to that Section stating that: Nothing in this Agreement or any related agreement is intended to disclaim the representations made by Bakery (Franchisor) in the Franchise Disclosure Document.**

7. Each provision of this Amendment shall be effective only to the extent that the jurisdictional requirements of Maryland law applicable to the provisions are met independent of this Amendment. This Amendment shall have no force or effect if such jurisdictional requirements are not met.

8. All other provisions of the Agreement are hereby ratified and confirmed.

IN WITNESS WHEREOF, Bakery and Distributor have duly executed and delivered this Amendment as of the following date: _____, 20__.

MINNESOTA AMENDMENT TO DISTRIBUTION AGREEMENT

For purposes of complying with the requirements of Minnesota law, including the Minnesota Franchise Act, Minn. Stat. Section 80.01 et seq., and of the Rules and Regulations promulgated under the Act (the "Franchise Act"), BIMBO FOODS BAKERIES DISTRIBUTION, LLC ("Bakery") and _____ ("Distributor"), hereby amend the Distribution Agreement between them dated _____, 20____ (the "Agreement") as follows:

1. The Minnesota Department of Commerce requires that Franchisor indemnify Minnesota franchisees against liability to third parties resulting from claims by third parties that the Franchisee's use of the Proprietary Marks infringes trademark rights of the third party. Franchisor does not indemnify against the consequences of Franchisee's use of the Proprietary Marks except in accordance with the requirements of the Agreement, and, as a condition to indemnification, Franchisee must provide notice to Franchisor of any such claim within ten (10) days after the earlier of (i) actual notice of the claim or (ii) receipt of written notice of the claim, and must therein tender the defense of the claim to Franchisor. If Franchisee accepts the tender of defense, Franchisor has the right to manage the defense of the claim including the right to compromise, settle or otherwise resolve the claim, and to determine whether to appeal a final determination of the claim. If the Agreement and/or the Disclosure Document contains a provision that is inconsistent with the Franchise Act, the provisions of the Agreement and/or the Disclosure Document shall be superseded by the Act's requirements and shall have no force or effect.

2. Franchise Act, Sec. 80C.14, Subd. 4., requires, except in certain specified cases, that a franchisee be given written notice of a franchisor's intention not to renew 180 days prior to expiration of the franchise and that the franchisee be given sufficient opportunity to operate the franchise in order to enable the franchisee the opportunity to recover the fair market value of the franchise as a going concern. If the Agreement and/or the Disclosure Document contains a provision that is inconsistent with the Franchise Act, the provisions of the Agreement and/or the Disclosure Document shall be superseded by the Act's requirements and shall have no force or effect.

3. Franchise Act, Sec. 80C.14, Subd. 3., requires, except in certain specified cases that a franchisee be given 90 days notice of termination (with 60 days to cure). If the Agreement and/or the Disclosure Document contains a provision that is inconsistent with the Franchise Act, the provisions of the Agreement and/or the Disclosure Document shall be superseded by the Act's requirements and shall have no force or effect.

4. If Franchisee is required in the Agreement and/or the Disclosure Document to execute a release of claims or to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation or action that would violate the Franchise Act, such release shall exclude claims arising under the Franchise Act, and such acknowledgments shall be void with respect to claims under the Act.

5. If the Agreement and/or the Disclosure Document requires that it be governed by a state's law, other than the State of Minnesota, those provisions shall not in any way abrogate or reduce any you may have as provided for in the Franchise Act, including the right to submit matters to the jurisdiction of the courts of Minnesota.

6. If the Agreement and/or the Disclosure Document requires you to sue Franchisor outside the State of Minnesota, those provisions shall not in any way abrogate or reduce any rights you may have as provided for in the Franchise Act, including the right to submit matters to the jurisdiction of the courts of Minnesota. As such, the disclosure in the risk factor on the cover page of the Disclosure Document that the Agreement requires you to sue outside the State of Minnesota is not applicable because of the Franchise Act.

7. Minn. Rule 2860.4400J. prohibits Franchisor from requiring you to consent to liquidated damages. If the Agreement and/or the Disclosure Document contains a provision that is inconsistent with the Minn. Rule, the provisions of the Agreement and/or the Disclosure Document shall be superseded by the Minn. Rule's requirements and shall have no force or effect.

8. Minn. Rule 2860.4400J. prohibits waiver of a jury trial and prohibits Franchisor from requiring you to

consent to Franchisor obtaining injunctive relief. The franchisee cannot consent to the franchisor obtaining injunctive relief. The franchisor may seek injunctive relief. See Minnesota Rule 2860.4400(1) also, a court will determine if a bond is required. If the Agreement contains a provision that is inconsistent with the Minn. Rule, the provisions of the Agreement shall be superseded by the Minn. Rule's requirements, shall have no force or effect and is hereby revised to reflect that Franchisor may seek injunctive relief and that whether any bond will be necessary will be determined by the court.

9. Each provision of this Amendment shall be effective only to the extent that the jurisdictional requirements of Minnesota law applicable to the provisions are met independent of this Amendment. This Amendment shall have no force or effect if such jurisdictional requirements are not met.

10. The Limitations of Claims section must comply with Minnesota Statute 80C.17 Subd. 5.

11. All other provisions of the Agreement are hereby ratified and confirmed.

There may also be court decisions which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise.

In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.

A release or waiver of rights executed by a franchisee may not include rights under the Washington Franchise Investment Protection Act or any rule or order thereunder except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel. Provisions such as those which unreasonably restrict or limit the statute of limitations period for claims under the Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.

Transfer fees are collectable to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.

Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provisions contained in the franchise agreement or elsewhere that conflict with these limitations are void and unenforceable in Washington.

RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington.

~~No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.~~

The undersigned does hereby acknowledge receipt of this addendum.

SALES AREA DESCRIPTION

Sales Area #

Regarding Sales Area boundary lines, unless otherwise expressly indicated, only the inside portion (side facing the interior of the Sales Area) of every Sales Area boundary line, which includes without limitation county lines, state lines, roads, highways, and natural boundaries such as rivers, is included in the Sales Area. By way of example, if an east-west running road is identified as the southern boundary line of the Sales Area, the Sale Area would include outlets on the northern side of said road and not include any outlet on the southern side of such road. There are no additions and exceptions to the Sales Area unless specifically noted below or elsewhere in this Agreement.

The location of any Outlet, as Outlet is defined in this Agreement and in Schedule B hereto, is determined by its street address. A change in ownership or operation of an Outlet (i.e., change of "banner") without a change in physical location does not affect the status of an outlet as an Outlet. Any modification or change to the street address, including, without limitation, postal or emergency service address upgrades that occur with no corresponding change in physical location is not considered a change of location for an Outlet.

EXCEPTIONS FROM SALES AREA:

In addition to other exclusions/exceptions noted in this Distribution Agreement, which such other exclusions/exceptions specifically include without limitation those identified in the definition of Outlet in Schedule B, the following are additional exceptions to the Sales Area:

SCHEDULE "B"
To Distribution Agreement

SALES AREA:

The following definitions apply for the purposes of this Distribution Agreement:

OUTLETS: "Outlets" means only those Outlets existing now or in the future identified below by an "X" indicating "yes," and defined herein, or as specifically included or excluded as Additions or Exceptions below, but only to the extent the Outlet accepts delivery of Products from Distributor at the Outlet by Direct Store Delivery and the Product is either purchased or consumed, or otherwise used, by the ultimate consumer at that location.

Also, in addition to the provisions of the Distribution Agreement to which this Schedule is attached (originally or by amendment), Outlets, even if added as an “Addition” below, do not include, without limitation, i) any Outlet that has authorized the sale of Product to be made via a *drop-merch* or *pallet-delivery* method of delivery, which means the Product is delivered to an Outlet by Bakery or Bakery’s agent via a large transport truck (e.g. *tractor-trailer* or similar large transportation vehicle, which is distinct from a box truck or smaller utility-style trailer) or ii) bakery thrift stores established or operated by or contracted with BFBD or its affiliates for the primary purpose of selling damaged, stale, off code products, although such bakery thrift stores may also sell any products, fresh or otherwise, which BFBD or its affiliates, in their sole discretion, deem appropriate to support that purpose.

PRODUCTS: “Products” means: all fresh baked breads, buns, rolls, cakes, muffins, and similar fresh baked products, unless otherwise specified, intended to be sold as fresh, and sold under the following names and trademarks to an Outlet(s) in the Channel(s) indicated in the below chart (“Chart”):

***These rights shall continue only for so long as BFBD retains the rights to distribute these brands in the Sales Area. CHART**

ABBREVIATIONS:

- FBO means “Fresh Bread Only” (fresh bread, rolls/buns, and croissants only)
- SBG means “Sweet Baked Goods.”
- DBO means “Dry Bread Only” (“toasted” breads, breadcrumbs and stuffing only)
- Private Label means those products manufactured specifically for Outlets by BFBD, but only to the extent and for such time as BFBD has the right to distribute such products to a particular Outlet.

CHART ADDITIONS TO PRODUCTS/OUTLETS: The following Products/Outlets listed immediately below this paragraph are additions to the Chart, but only to the extent such Product/Outlet also meets i) all definitions and requirements of the Distribution Agreement to be so considered and ii) in the case of Outlets only, the definition of Outlet stated above in this Schedule:

1. NONE IF BLANK

Unless terminated sooner, the distribution rights to such non-equity Products shall terminate upon the termination of this Distribution Agreement and cannot be transferred, sold or assigned by the Distributor.

BFBD may, at any time, in its sole discretion, change the names and trademarks under which the Products are marketed or sold, discontinue the production of certain Products, designate new or additional fresh baked goods as Products and cease offering certain Products for sale in particular markets including, without limitation, the Sales Area. If BFBD discontinues production of any Products, ceases to offer any Products for sale in the Sales Area or ceases to sell fresh baked goods under one or more of the names and trademarks listed above, BFBD shall notify Distributor of such changes reasonably promptly after BFBD decides to make the change and before the date that BFBD implements the change. After such date, the Products or fresh baked goods affected thereby shall no longer be classified as Products for purposes of this Agreement.

Products also do not include: (a) Products distributed by BFBD or its affiliates under any trademarks other than those listed above; (b) Products having a market shelf life of sixty (60) days or more, except that notwithstanding its shelf life “stuffing” is a “Product” under this Schedule B; (c) Products intended to be sold to any purchaser as frozen or refrigerated; and (d) Products sold through bakery-owned or bakery-operated thrift store outlets, fresh or otherwise.

EXHIBIT D

SALES GROWTH AGREEMENT

This sales growth agreement (“Agreement”) is made effective _____, 20__ (“Effective Date”) by and between Bimbo Foods Bakeries Distribution, LLC with its principal office at 355 Business Center Drive, Horsham, Pennsylvania 19044, and with an email address of Contract.Notices@grupobimbo.com (“Bakery”) and _____ conducting business at _____ [PO Boxes not permitted for Notices purposes] _____ and with an email address of [DistributorEmail@domain.com] (“Distributor”).

WHEREAS, Bakery and/or its affiliates have developed and/or acquired rights to distribute and sell fresh bakery products throughout much of the United States;

WHEREAS, Distributor has the specialized skills, initiative and experience and has made substantial investment in Distributor’s business necessary to operate, as an independent trade, a distribution business and to sell and distribute fresh bakery products successfully;

WHEREAS, Bakery and Distributor acknowledge that they are each in different lines of business and that the business of Distributor need not be, nor may it be, conducted on any premises of Bakery or its affiliates;

WHEREAS, pursuant to a bill of sale, Distributor has purchased Distribution Rights to purchase and resell Bakery Products to specified Outlets (as such capitalized terms are hereinafter defined); and

WHEREAS, Distributor and Bakery desire to enter into a written agreement describing and setting forth the only terms and conditions under which they will do business with each other, including the purchase and sale of goods [and including an agreement for Mutual Dispute Resolution, set forth below in Article 13.](#)

NOW THEREFORE, in consideration of the covenants and conditions set forth herein and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Distributor and Bakery mutually agree as follows:

ARTICLE 1 – DEFINITIONS

1.1 **DEFINITIONS.** For all purposes of this Agreement and in addition to any additional terms defined herein, the following capitalized terms have the following meanings:

- (a) **Chain:** Means a person, entity, or business that operates, manages, or group purchases for more than one Outlet and makes decisions regarding the purchase and promotion of, and/or payment for, Products for its Outlets, in whole or in part, at a central or regional office. The term Chain includes any organized group of independent outlets or Outlets that are affiliated or organized to negotiate Product pricing, discounts, promotions and/or other terms and conditions of purchase on behalf of group members.
- (b) **Direct Store Delivery:** “Direct Store Delivery” may be referred to as “DSD” herein. For purposes of this Agreement, the sale of Product to an Outlet will only be considered DSD if such sale conforms in all regards to every statement, condition, exclusion, and clarification listed below in this Section 1.1(b), each of which is intended to be part of the collective definition of DSD. In order for a Product sale to be DSD, such sale must include Distributor initially buying from Bakery the Product to be resold, Distributor taking possession and title of such Product at a Bakery facility, and Distributor selling this Product to and merchandizing this Product at, or in the case of pay-by-scan or scan-based-trading (“SBT”) simply merchandizing this Product at, an Outlet that permits the public inside its establishment to shop for, pay for, and take possession of the Product inside the physical structure of the Outlet. Notwithstanding the remainder of this paragraph and its subparagraphs, if i) the majority

of an Outlet's overall sales are from prepared foods or meals that include or otherwise utilize Product, including for example restaurants, delis, and fast-food establishments, or ii) the Outlet in question is a non-grocery organization that is purchasing Product predominately for use in an onsite cafeteria or eatery, including for example schools, prisons, hotels, casinos, hospitals, and nursing-home facilities, then the only requirements for sales of Product to either of these types of Outlets to be considered DSD is that the Product is sold and delivered directly to such Outlet, as opposed to a warehouse, and that the Product is not authorized by such Outlet to be delivered via a large transport vehicle.

- (c) **Dispute**: Means any and all disagreements, controversies, claims, assertions of rights, **assertions of violations**, causes of action or other disputes in any way relating to, arising out of or in connection with this Agreement or any aspect of the relationship of the parties and/or their affiliates, employees or representatives, of whatever nature or kind as further defined and categorized as a Covered Dispute or Excluded Dispute in Article 13.
- (d) **Distribution Rights**: Unless otherwise specifically limited herein, means the exclusive right to sell Products to the specific Outlets listed in Schedule A by Drop-Merch only, which rights have been purchased by Distributor as evidenced by a bill of sale, or have been granted by Bakery to Distributor as evidenced in a writing in which Bakery grants such rights to Distributor. Exceptions to the exclusivity of the Distribution Rights include Bakery's continuing right, but not obligation, to sell or have sold Product or product to the Outlet(s) if Distributor either neglects to sell Product when it is requested by such Outlet or is not authorized to sell a particular product to such Outlet(s).
- (e) **Drop-Merch**: Is a method of Product sales and delivery whereby the Product that Distributor purchases from Bakery is delivered by Bakery or Bakery's agent via a large transport truck (e.g. tractor trailer or similar large transportation vehicle) to an Outlet, Distributor takes possession and title of such Product at such Outlet, and Distributor then merchandizes this Product onto the Outlet's retail shelves and displays.
- (f) **Force Majeure**: Means an extraordinary event or circumstance beyond the control of the party affected which prevents or limits that party's performance of its obligations under this Agreement and includes by way of example an Act of God, fire at a Bakery facility, war, explosion, civil disturbance, terrorism, national or global supply-chain issues related to Product ingredients, strikes or lock-outs, and/or significant failure of Bakery machinery.
- (g) **Guarantor**: Means a share or membership holder of Distributor that owns more than 50% of the ownership interest in Distributor in their personal/individual name; Guarantor personally guarantees all of Distributor's obligations under this Agreement as stated below.
- (h) **Order Fulfillment Day**: Means a day on which Bakery fulfills Distributor's Product orders. Bakery determines which days of the week are Order Fulfillment Days and is free to change same from time-to-time.
- (i) **Outlet**: Means, and is limited to, only those places of business identified by a specific business name and at the specified address listed in Schedule A. The definition of any Outlet can be further clarified on Schedule A.
- (j) **Overcode and Overcode Product**: Means Products with an expired "pull by," "sell by," "best by," "use by" or similar date established by Bakery to indicate when Products must be removed from Outlet shelves and display areas of Outlets. Such dates may be designated by Bakery via actual written, printed or stamped dates on Product, by color indicators, or by other codes which may be

established by Bakery from time to time. Overcode Product may also be referred to as “stale” or “off code” Product.

- (k) **Product / Products:** Means only the bakery products expressly set forth in Schedule A, or that have been granted by Bakery to Distributor as evidenced in a writing in which Bakery grants the rights to such products to Distributor. Unless otherwise expressly provided in Schedule A, Products only include items that are fresh and are not frozen or otherwise similarly preserved. Bakery has the right in its sole discretion to change trademarks and names on Products, discontinue or limit production and sale to Distributor of Products, cease offering certain Products for sale to Distributor, and/or to introduce new products as Products. If Bakery grants to Distributor “non-equity” or “proceeds” distribution rights to Product, meaning Distributor is authorized to sell such Product on a weekly basis to generate weekly revenue but does not gain ownership of the distribution rights to such Products, then the terms and conditions of this Agreement will apply to such non-equity or proceeded Product except those which by their nature are not applicable, including without limitation i) ownership and sale of such non-equity or proceeded distribution rights, and ii) any condition listed in the separate writing between Bakery and Distributor granting such non-equity or proceeded Product.

1.2 **INTERPRETATION.**

- (a) Whenever the words “include,” “includes” or “including” are used in this Agreement such words are deemed to be followed by the words “without limitation” unless same are immediately preceded by “only.”
- (b) The words “or” and “nor” are not inclusive.
- (c) All Schedules attached hereto or referred to herein are hereby incorporated by reference and made a part of this Agreement.
- (d) If a term is not specifically defined in this Article 1 or elsewhere in the Agreement then any person interpreting such term should first look to how such term is used in the baking, grocery, distribution, or manufacturing industries to find the meaning of such term, and if the term is not used in such industries, then it should be given its plain and ordinary meaning. THE PARTIES AGREE THAT THE RULE OF CONSTRUCTION TO THE EFFECT THAT ANY AMBIGUITIES ARE TO BE CONSTRUED AGAINST THE DRAFTING PARTY IS NOT TO BE EMPLOYED IN ANY INTERPRETATION OF THIS AGREEMENT.

ARTICLE 2 – RELATIONSHIP

- 2.1 **DISTRIBUTION RIGHTS.** Subject to the terms and conditions of Article 11, Bakery hereby recognizes Distributor’s ownership of Distribution Rights which ownership continues until the Distributor Rights are sold pursuant to the terms of this Agreement or otherwise extinguished by any arbitrator, court of law, or legislative body having jurisdiction over same. Any termination of this Agreement requires Distributor or Guarantor’s estate, or Bakery for the account of Distributor or Guarantor’s estate, to sell the Distribution Rights pursuant to the terms of this Agreement.

2.2 **INDEPENDENT CONTRACTORS.**

- (a) Distributor and Bakery intend to create an independent contractor relationship for all purposes. It is the essence of this Agreement that Distributor, including Guarantor to the extent that Guarantor asserts the existence of any direct relationship with Bakery or any of Bakery’s parents, subsidiaries, or affiliates or its or their owners or members or such entities’ own parents, subsidiaries or affiliates or any of their respective owners or members (each a “Bakery Entity”),

~~(a)~~ be an independent contractor for all purposes and only identify itself as such in all third-party dealings. The parties, including Guarantor, do not intend to enter into, and expressly disclaim, an employment, joint venture, partnership or other similar relationship in any way.

- (b) As an independent contractor, Distributor has the right to operate its business using Distributor's own judgment and discretion to determine the methods to be used to achieve the results required by this Agreement. Distributor bears all risks and costs of operating such business. Distributor has no authority to retain any person on behalf of Bakery or any Bakery Entity and Bakery has no authority to retain any person on behalf of Distributor. It is expressly acknowledged and agreed that Distributor and Guarantor, and its and their employees, agents, and/or contractors, if any, (1) are not employed by Bakery or any Bakery Entity and (2) have no claim or right under any circumstance to any benefits or compensation currently or at any time paid by Bakery or any Bakery Entity to its or their employees or hereafter declared by Bakery or any Bakery Entity for the benefit of its or their employees. It is also expressly acknowledged and agreed that this Agreement and/or the relationship between Bakery or any Bakery Entity and Distributor and any claimed relationship between Bakery or any Bakery Entity and Guarantor create no right to salary, wages, compensation, benefits, or commissions of any kind and, therefore, any charges authorized by this Agreement or expenses incurred by Distributor or Guarantor in connection with its business or this Agreement do not constitute deductions from wages or other compensation. Except as expressly provided in this Agreement, no fiduciary relationship exists between Bakery or any Bakery Entity and Guarantor or Distributor.
- (c) Distributor and Guarantor hereby agree that if Guarantor or any other person having an ownership interest in Distributor alleges to any legal authority, which includes without limitation a board, tribunal, agency, arbitrator, or court, that they are an employee of Bakery or any Bakery Entity, either directly or through a claim that Bakery or any Bakery Entity violated any state, local, or federal labor, employment, wage/hour or wage payment law, and such allegation is based on that individual's efforts related to Distributor's and/or Guarantor's obligations hereunder, such an allegation will irreconcilably frustrate the entire purpose of this Agreement and, if Bakery has reasonable evidence that Distributor or Guarantor made any such allegation, the allegation will constitute a Non-Curable Breach under Section 11.1 below. In the event of such Non-Curable Breach, Bakery retains all rights to pursue any and all relief, including any legal or equitable remedies under federal, state, or local law, in addition to remedies set forth in this Agreement.
- (d) If there is any enacted law or final determination, which means all available appeals are concluded, that is contrary to any of the stated intentions or agreements in Sections 2.2(a) or 2.2(b), then the entire purpose of this Agreement will be irreconcilably frustrated. This includes any enacted law or any finding by any legal authority, which includes state, local and federal executive and legislative bodies, a board, tribunal, agency, arbitrator, or court, that any employee, contractor, and/or agent of Distributor is or was an employee of Bakery or any Bakery Entity under any state, local or federal law, jointly or otherwise. Under any such circumstance, this Agreement will automatically terminate and the provisions of Section 11.3 will become applicable.

2.3 **VEHICLE**. Distributor acknowledges and agrees that it is solely responsible for its travel and transportation needs related in any way to this Agreement, including travel to, from, and between the Outlets. Distributor further agrees to sign a security agreement in favor of Bakery in the form currently in use by Bakery at the time of signing of this Agreement, and that Distributor must at all times relevant hereto comply with the insurance requirements listed in such security agreement.

ARTICLE 3 – TERM AND RENEWAL

3.1 **TERM**. The term of this Agreement is ten (10) years commencing on the Effective Date, unless

sooner terminated per the provisions of this Agreement, and if not terminated will renew thereafter for subsequent renewal terms of ten (10) years each per Sections 3.2 and 3.3.

- 3.2 **RENEWAL.** Unless this Agreement is terminated prior to end of a 10-year term, the following rights and obligations become applicable regarding the end of all 10-year terms of this Agreement:
- (a) If Distributor wishes to discontinue its business relationship with Bakery at the end of any ~~then-current~~then-current 10-year term, Distributor must notify Bakery in writing at least 90 days prior to the expiration of the then current term that it does not want to sign the then-current Bakery sales growth agreement per Section 3.2(b) below or to have this Agreement renew per Section 3.2(c) below (“Non-Renewal Notice”).
 - (b) If Distributor fails to provide a Non-Renewal Notice to Bakery, then i) after Bakery delivers Bakery’s then-current Franchise Disclosure Document (“FDD”) to Guarantor, which delivery of same may be electronic, Guarantor must immediately execute and return to Bakery the FDD Item 23 receipt (or current form of FDD receipt acknowledgement) and ii) both Distributor and Guarantor must execute and deliver to Bakery a new sales growth agreement in the form then being used by Bakery to govern the parties’ relationship for the term following the then-expiring term, which if such new sales growth agreement is not executed by Distributor and Guarantor and delivered to Bakery no later than 15 days prior to the end of the then-current term then Bakery may refuse to sign any such renewal agreement.
 - (c) If Distributor fails to provide a Non-Renewal Notice to Bakery and Bakery elects not to request Distributor and Guarantor to execute Bakery’s new sales growth agreement pursuant to Section 3.2(b), then this Agreement will automatically renew for a term of ten (10) years.

- 3.3 **NON-RENEWAL.** In the event that Distributor provides Bakery with a Non-Renewal Notice or Distributor and/or Guarantor fail to timely execute the then-current FDD Item 23 receipt or a new sales growth agreement if requested by Bakery pursuant to Section 3.2(b), this Agreement will automatically terminate on the last day of the then-current term and the provisions of Section 11.3 will apply.

ARTICLE 4 – SALE OF PRODUCT BY BAKERY TO DISTRIBUTOR

- 4.1 **TITLE.** All Product is sold by Bakery to Distributor absolutely with title and risk of loss passing to Distributor at the time the Product is delivered to the Outlet for which it was ordered; Distributor need not be present at the time of Product delivery, nor does Distributor have to take physical possession of the Product, for title of said Product to pass to Distributor. For the avoidance of doubt, title and risk of loss remain with Distributor even in the case of Product sold by Distributor to Outlets which purchase Product from Distributor via “scan-based trading” (a.k.a. “SBT”), “pay by scan” or a similar method of sale/payment.
- 4.2 **DELIVERY.** Subject to the provisions herein, Bakery agrees to sell and deliver to Distributor, or to arrange for such sale and delivery by a Bakery Entity, Bakery affiliate, or Bakery agent, the Products Distributor orders. Distributor agrees to buy and accept delivery of Products at the Outlets for which such Product was ordered, or at a substitute location that Bakery may from time to time reasonably designate or approve. Bakery agrees to use commercially reasonable efforts to fill Distributor’s orders on the Order Fulfillment Day the Product was ordered for provided such orders, in Bakery’s reasonable judgment, are only for amounts reasonably required to fulfill Distributor’s Outlets’ needs until the next Order Fulfillment Day. Due to capacity considerations, Bakery is not obligated to exercise the commercially reasonable order-fill efforts referenced above to fill Distributor’s Product orders that Bakery reasonably believes are intended to cover multiple Order Fulfillment Days, and

Bakery's refusal to fill such orders does not relieve Distributor of any obligation under this Agreement. The actual delivery day for Product orders is not guaranteed by Bakery; so, Bakery may charge Distributor's account with Bakery for any Product for which title has passed to Distributor per Section 4.1 above provided such Product has a reasonable shelf life remaining at the time said title of Product passed to Distributor. In the case of ingredients or other shortages, Force Majeure events, and during holiday-related Product demand increases, Bakery reserves the right to adjust or fill Product orders as circumstances reasonably permit. BAKERY AND DISTRIBUTOR ACKNOWLEDGE I) THAT CERTAIN PRODUCT ORDERS CAN ONLY BE FILLED BY BAKERY IN FULL TRAYS, WHICH MAY CAUSE BAKERY TO ROUND A PRODUCT ORDER TO THE NEAREST FULL TRAY AND II) THAT ORDER CUTS AND PLUSES, AND ON OCCASIONS, CANCELLATIONS OF DELIVERIES, IN WHOLE OR IN PART, ARE AN UNAVOIDABLE ASPECT OF FRESH BAKERY PRODUCTION AND TRANSPORTATION. IN THE EVENT OF PLUSES, DISTRIBUTOR AGREES TO USE REASONABLE EFFORTS TO AFFECT THE SALE OF THE ADDITIONAL PRODUCT AT THE OUTLETS.

- 4.3 **TERMS OF PRODUCT SALES.** Product will be sold by Bakery to Distributor on terms and prices (including "margins" and "spreads") established by Bakery from time to time. Distributor agrees to pay Bakery for all Product purchases each week in accordance with Section 5.3. All Product sold by Distributor to the Outlets must be purchased by Distributor directly from Bakery or a Bakery Entity.
- 4.4 **DELIVERY PROCEDURES.** Distributor agrees to immediately review the quantities of Product delivered and to promptly advise Bakery of any difference in the quantities delivered as compared with the quantities indicated on the daily "load sheet" or "load invoice" (or similar document or its electronic equivalent). If Distributor does not notify Bakery of any difference within the time required by its stated policy (and if no such policy, then no later than 2:00 pm on the day of the applicable delivery), the load sheet or invoice prepared by or on behalf of Bakery is presumed as conclusively accurate and Distributor will be charged and obligated to pay for all Product identified thereon. Bakery may from time to time implement and/or amend programs regarding Product deliveries and/or Product accountability, including without limitation its Product delivery times and locations. Distributor agrees to reasonably cooperate and comply with such programs. Distributor further acknowledges and agrees that if Distributor makes any material misrepresentation to Bakery regarding alleged differences between its Product orders and the actual Product deliveries it claims to have received, that Bakery may consider such misrepresentation to be fraud permitting Bakery to terminate this Agreement per Article 11.
- 4.5 **RETURNS.** Except as may be provided in Schedule A and also excepting any Product that Bakery in its sole reasonable discretion deems to be "long-code" product, which includes bread stuffing, Bakery agrees to accept from and give full credit to Distributor for any Overcode Product or damaged Product which is not damaged or Overcode by reason of Distributor's negligence, provided such Overcode and/or damaged Product is promptly returned to Bakery in accordance with Bakery's then current Overcode/stale and damage return policy. Distributor acknowledges and agrees that Bakery reserves the right to make amendments to such Product returns policy from time to time, including returns verification, "stale caps" and/or limits, sorting, and staging procedures as well as Bakery Equipment-related requirements. Distributor further acknowledges that Bakery may consider any material misrepresentation made by Distributor to Bakery or the Outlet regarding Product returns, including Distributor submitting a materially inaccurate Product return or credit invoice or Distributor failing to submit a return credit invoice to an Outlet, to be fraud permitting Bakery to terminate this Agreement per Article 11.
- 4.6 **BAKERY EQUIPMENT.** For the convenience of Distributor, Bakery may, but is not obligated to, deliver Product to Distributor in trays, baskets, totes and/or on racks or dollies, or with similar equipment for use in staging and moving Product ("Bakery Equipment"). Bakery Equipment also

includes display tables, racks and pieces (including point of sale materials) that Bakery and/or a Bakery Entity may, for Distributor's convenience, supply to Distributor from time to time for display and/or promotion of Products in Outlets. Bakery Equipment may only be used by Distributor solely for the Product that Bakery identifies and must be immediately returned by Distributor to Bakery after each occurrence of use. Distributor must pay to Bakery the repair and/or replacement cost of Bakery Equipment that is: i) lost by Distributor, ii) damaged or destroyed while in Distributor's possession and/or as a result of Distributor's use, misuse, negligence or unauthorized transfer, or iii) stolen when such Bakery Equipment was more recently in the possession of Distributor as compared to Bakery. Distributor agrees to reasonably cooperate in investigation and recovery efforts related to Bakery Equipment. Bakery may from time to time implement and/or amend programs regarding Bakery Equipment, including inventories and sales programs related to equipment. Distributor must reasonably cooperate and comply with such programs.

ARTICLE 5 – PURCHASE OF CERTAIN RECEIVABLES AND SETTLEMENT OF DISTRIBUTOR'S ACCOUNT

- 5.1 **PURCHASE OF RECEIVABLES.** If an Outlets is part of a Chain that has been approved by Bakery for credit (individually "Charge Outlet" or collectively "Charge Outlets"), Bakery or its parent or affiliates may purchase at face value Distributor's properly executed invoices for its Product sales to Charge Outlets, which the price for such purchases will be the face value of the invoice net of all discounts and be paid as a credit to Distributor's account with Bakery. Distributor agrees to timely forward from its handheld ordering device or by similar electronic transmittal (also known as "communicating") such invoices and provide Bakery with paper copies or electronic (e.g. pdf or other image) copies of such invoices and supporting documents promptly after Bakery's request for same. If an Outlet or its parent does not pay Bakery or its affiliates for an invoice that Bakery has purchased from Distributor, and/or the Outlet/parent deducts from the invoice, in whole or in part, because of missing documentation that has been requested from Distributor by Bakery, or in the case of an Outlet bankruptcy where Bakery cannot file a proof of claim because of missing documentation from Distributor that has been requested by Bakery, that Distributor fails or refuses to supply to Bakery, then Bakery may deduct from Distributor's account with Bakery the amount equal to the unpaid or withheld amount in question. Bakery reserves the right to: require an Outlet to be a Charge Outlet, refuse to approve an Outlet as a Charge Outlet, and/or revoke the prior approval of an Outlet as a Charge Outlet for any reason.
- 5.2 **PURCHASE OF SCAN BASED TRADING OUTLET RECEIVABLES.** If a Charge Outlet elects to pay for purchases of Product based on when the Product scans through the Outlet's sales register, which may be referred to herein as Scan Based Trading ("SBT"), instead of when the Product is invoiced and merchandized at the Outlet, then Bakery may, in its sole discretion, either i) purchase invoices/receivables from Distributor by paying only for those Products that scan through the Outlet's sales registers based on the scan data the Outlet sends to Bakery or ii) purchase invoices/receivables from Distributor by initially paying Distributor for all Products that Distributor reasonably claims, via invoice submitted to Bakery, it placed in such Outlet, and then Bakery subsequently reconciling through the Settlement process this initial payment to Distributor with the actual amount of Products that scan through the Outlet's sales registers based on the scan data the Outlet sends to Bakery. Bakery reserves the right to make reasonable adjustments from time to time to the way it settles SBT transactions with Distributor as changes in technology or other considerations may warrant. Distributor acknowledges and agrees that if Distributor i) places Product in an SBT Outlet that has not been purchased from Bakery or a Bakery affiliate, ii) places Product in an SBT Outlet without submitting a corresponding and accurate invoice to Bakery for same, iii) submits an invoice to Bakery for an alleged sale of Product to an SBT Outlet when such Product was not actually merchandized in the Outlet, or iv) submits to Bakery a materially inaccurate invoice regarding any Product sale or

Product return to an SBT Outlet, that Bakery may consider any such activity to be fraud permitting Bakery to terminate this Agreement per Article 11.

5.3 ACCOUNT RECONCILIATION.

- (a) Based on a seven-consecutive day period (“Account Week”), the starting and ending days of which Bakery may designate from time to time, Bakery agrees to reconcile Distributor’s account with Bakery after the close of each Account Week (such reconciliation herein referred to as a “Settlement”). After completing each Settlement, Bakery will issue to Distributor a statement detailing the Settlement (“Settlement Statement”), which such Settlement Statement may be issued in paper or electronic form without Bakery needing to follow the provisions for notices under Section 14.2. The Settlement Statement may include information on Distributor’s purchases of Product from Bakery, credit for Distributor’s receivables (which includes Product invoices from sales to Chains) purchased by Bakery or its affiliates, Product returns from Distributor’s customers to Distributor, Product returns from Distributor to Bakery, SBT-related transactions, promotional charges and credits, Authorized Payments (defined below), and all other amounts due from and to Distributor hereunder. Settlement Statements must be issued by Bakery within four (4) days after the close of an Account Week. Distributor agrees to review each Settlement Statement upon receipt. If Distributor fails to notify Bakery of a Settlement Statement dispute within nine (9) calendar days after the close of the Account Week, then the Settlement Statement will be automatically deemed conclusively accurate. If Distributor provides Bakery with timely notice of a dispute on a Settlement Statement, then Distributor must still timely pay all amounts due to Bakery that are not reasonably disputed. If a Settlement results in a balance due from Bakery to Distributor, then Bakery must make payment to Distributor within nine (9) calendar days after the close of that Account Week. If a Settlement results in a balance due from Distributor to Bakery, then Distributor must make payment to Bakery within nine (9) calendar days after the close of that Account Week. Positive Settlement balances from subsequent weeks may be used by Bakery to offset balances due from Distributor for Settlements from previous Account Weeks; however, credits applied to Distributor’s Settlement account in any given Account Week must first be reconciled with charges in that same Account Week through the Settlement process and will not be used as payment of any previous Account Week’s Settlement balances due, if at all, until after the then-current Settlement reconciliation is finalized. Bakery is never obligated to pay to Distributor, or credit Distributor’s Settlement account with, any dollar amount Bakery reasonably believes is attributable to error, fraud, or theft by Distributor.
- (b) All payments due by Bakery to Distributor under this Agreement may be made, in Bakery’s sole discretion, by either paper check mailed to Distributor or by electronic payment to Distributor’s bank or similar financial institution account on file with Bakery. Distributor hereby agrees, at all times while this Agreement is in effect and for a period of 120 days past the effective date of any Closing on the sale or other transfer of the Distribution Rights, to have a valid bank, or similar financial institution, account in the United States, of its own choosing, open in its name and to have accurate routing and account information for such account on file with Bakery such that Bakery can make payments to Distributor due hereunder electronically as permitted in this Section. If Distributor does not have on file with Bakery the bank or similar financial institution account information needed for Bakery to make an electronic payment to Distributor per this Section, then all due dates for Bakery to make any payment to Distributor related to this Agreement are extended to ten (10) business days after Distributor provides such bank account information to Bakery.
- (c) Distributor hereby authorizes Bakery to deduct from Distributor’s account with Bakery all amounts due to Bakery under, and incidental to, this Agreement. Amounts due by Distributor to Bakery that are incidental to this Agreement include equipment and other rentals, leases, and purchases made by Distributor from time to time, as well as costs and fees associated with Distributor’s use of Bakery’s facilities. Distributor also hereby authorizes Bakery to deduct from Distributor’s account with Bakery,

and forward to the applicable third party on Distributor's behalf, amounts Distributor owes, if any, to the following third-party creditors per Distributor's separate agreements with such parties:

- i. Advantafirst Capital Financial Services, LLC
- ii. Distribution Services of America, Inc.
- iii. DSA Tax & ~~Bookkeeping~~Booking Inc.
- ~~iv. [John Doe] Insurance Company/Broker~~
- iv. ~~v.~~ B & G Leasing, Inc.
- v. ~~vi.~~ Bush Truck Leasing, Inc.
- vi. ~~vii. PNC Equipment Finance~~ Acrisure Southeast Partners Insurance Services, LLC

(each a "Third-Party Creditor" collectively "Third-Party Creditors"). Each deduction authorized either by this Section or in a separate writing executed by Distributor is an "Authorized Payment" and may be collectively referred to as "Authorized Payments" herein. **While Distributor has authorized Bakery hereunder to make Authorized Payments, such authorization is permissive only and does not obligate Bakery to deduct and make any Authorized Payments to Third-Party Creditors on behalf of Distributor. Distributor acknowledges and agrees that Bakery may continue to make Authorized Payments until either the Distribution Rights are fully sold, the applicable Third-Party Creditor informs Bakery that Distributor's financial obligations have been satisfied, Distributor and the applicable Third-Party Creditor both instruct Bakery in writing to stop the Authorized Payment, or Bakery, in its sole discretion, elects to cease making an Authorized Payment. Once Bakery makes a payment to a ~~Third-Party~~Third- Party Creditor on behalf of Distributor, Distributor immediately owes the amount of that payment to Bakery as a charge against Distributor's Settlement account.**

Distributor acknowledges and agrees that Authorized **Payments** do not in any way constitute wage or payroll deductions as Distributor does not receive payment for services rendered under this Agreement, but instead such Authorized Payments are made at Distributor's request and are for Distributor's benefit and convenience. Distributor hereby agrees to waive all claims of any nature whatsoever against Bakery and each Bakery Entity and hold Bakery and each Bakery Entity harmless from all claims, actions, liabilities, and damages, including reasonable attorneys' fees and costs associated with Authorized **Payments**.

5.4 THIS SECTION IS INTENTIONALLY BLANK.

5.5 **BAKERY PARENT AND AFFILIATES.** Distributor acknowledges and agrees that Bakery may, in Bakery's sole discretion, utilize any Bakery Entity to receive any benefit due to Bakery, enforce any Bakery right, or fulfill any obligation owed by Bakery under this Agreement.

5.6 **SECURITY INTEREST.** To secure the payment of any indebtedness or liability of Distributor to Bakery, or a Bakery Entity now or hereafter arising, under or incidental to this Agreement, Distributor grants and conveys to Bakery a continuing and general first priority security interest in the Distribution Rights, the then-current versions of the computer and printer equipment referenced in Section 6.9, all rights hereunder, and all Products and accounts receivables of Distributor. Pursuant to this Section, Distributor hereby grants to Bakery the rights of a secured party. Distributor acknowledges and agrees that it is a condition of Bakery entering into this Agreement that Distributor execute a security agreement in a form currently in use by Bakery to fulfill this security obligation ("Security Agreement") and such fully executed Security Agreement is incorporated herein by reference. Bakery may deem any default under the Security Agreement by Distributor to be a default under this Agreement.

- 5.7 **ACCURACY AND VALIDITY; SETOFF.** Distributor represents and warrants to Bakery that all invoices, supporting documents, proof of deliveries, and any other information or materials, in paper or electronic form, provided by Distributor in connection with all receivables associated with any Charge Outlet that Bakery or its affiliates purchase in accordance with this Article 5 (individually a “Receivables Document” and collectively “Receivables Documentation”) (a) are accurate, timely, and complete as of the date each such receivable is purchased from Distributor by Bakery or its affiliate and (b) represents a valid, then-outstanding receivable of Distributor from the applicable Charge Outlet for the sale of Product by Distributor to the Charge Outlet as set forth in each such Receivables Document. If Distributor becomes aware that any Receivables Document is or may become inaccurate or incomplete, or that any corresponding receivable is or may become invalid, without limitation to Bakery’s remedies under this Agreement or at law, Distributor must immediately notify Bakery in writing and, to the extent possible, correct such inaccuracy or omission. Notwithstanding anything to the contrary in this Agreement, and without prejudice to any other right or remedy Bakery has or may have, in the event that Distributor breaches the terms of this Section, including without limitation by providing fraudulent or erroneous Receivables Documentation or receivables for purchase by Bakery or its affiliates, Bakery may, without notice to Distributor, set off, recoup or charge to Distributor such amount in any manner including reversing the purchase of (a.k.a. “charge back”) the receivable or by charging Distributor’s account with Bakery for the amount at issue. A set off, recoupment, or charge by Bakery under this Section does not constitute a cure of any breach by Distributor of any provision of this Agreement.
- 5.8 **DEFAULT.** In addition to all other Bakery rights and remedies, Bakery is not required to fill Distributor’s Product orders during any time when Distributor is in material default or breach of this Agreement.

ARTICLE 6 – DISTRIBUTOR’S OBLIGATIONS

- 6.1 **PRODUCT SALES.** Every area of an Outlet where such Outlet or such Outlet’s corporate management has requested or otherwise approved Product to be merchandized for sale at, on, or in, which includes in-aisle and end-cap shelves as well as display tables, stands, hangers, and any platform or space designed to display retail items for sale, is individually referred to as a “Product Display Space” and collectively as “Product Display Spaces” herein.

Distributor retains exclusive control under this Agreement over the manner and method of operation of Distributor’s distribution business; however, Distributor, in addition to other obligations listed in this Agreement, agrees to:

- (a) Develop and maximize Product purchases from Bakery and sales of Products to the Outlets by all commercially reasonable means;
- (b) Sell Products to all Outlets listed in Schedule A or any amendment thereto that request or authorize the purchase of Products via Drop-Merch and that otherwise qualify as an Outlet hereunder;
- (c) Maintain an adequate supply of non-Overcode Product in all Product Display Spaces of all Outlets;
- (d) Maintain all Product Display Spaces such that Overcode Product is not available for retail purchase in any Outlet;
- (e) Rotate Products such that more recently dated/coded Products are merchandized in Product Display Spaces behind all Product with an earlier date/code;
- (f) Cooperate with the Outlets, Outlets’ corporate management, Bakery, and Bakery’s affiliates by participating in Product pricing discounts, marketing, and other promotional programs at the Outlets,

which such cooperation includes Distributor not selling in excessive amounts of Product immediately prior to a Product sale at an Outlet in order to lessen the amount of Product purchased and/or sold at the sale price;

- (g) Merchandize Products within an Outlet in compliance with any predesigned layouts, sometimes known as MODs or plan-o-grams, designed, requested, or approved by an Outlet or an Outlet's corporate management that designate precisely what Products must be merchandized in which specific sections of the Product Display Spaces of an Outlet;
- (h) Utilize point-of-sale materials to display Products for sale in Outlets as requested or approved by such Outlet or such Outlet's corporate management, or as required by Bakery as a condition of Product resale in instances where point-of-sale materials are designed specifically to merchandize and promote a specific Product or brand of Bakery or a Bakery Entity;
- (i) Utilize Bakery recommended point-of-sale materials only to display the Product such materials were designed by Bakery or a Bakery Entity to be used with, as evidenced by the branding on such materials or by Bakery informing Distributor of same;
- (j) Provide service to Outlets on a level consistent with all then-current good industry practices, which includes satisfying Outlet's and Outlet's corporate management's requirements, guidelines and expectations on sales and service frequency requests (a.k.a. "days of fresh deliveries," "days of service," and "pull-ups"), service time-windows, store policies, promotions, merchandising, and reasonable store requirements regarding treatment and interaction with Outlet associates as well as other Outlet vendors and third parties, regardless of whether such requirements, guidelines, or expectations are conveyed i) to Distributor directly by an Outlet or an Outlet's corporate management or ii) by Bakery to Distributor, if an Outlet or Outlet's corporate management informs Bakery of such requirement, guideline, or expectation;
- (k) Perform accurate Product inventory counts in all SBT Outlets no later than Wednesday of each week, or other day that Bakery may designate if Bakery changes the starting and ending days of the Account Week;
- (l) Carry out the rights and obligations of this Agreement in a professional, honest, ethical and safe manner and ensure that all Distributor representatives do so as well;
- (m) Refrain from any act or omission that may reasonably damage the reputation or goodwill of Bakery, the Products, or the Product trademarks, trade names, or brands;
- (n) Sell and distribute "Private Label" Product, if applicable, solely to the Outlet which owns such private label; and
- (o) Cooperate with Bakery in the event of a Product recall, withdrawal, recovery or similar retrieval due to a Product quality or safety issue, including, promptly removing such Product from all Product Display Spaces of the Outlets if requested by Bakery or the Outlet.
Distributor agrees that Bakery has the right to review Distributor's performance under this Agreement in order to enforce the terms and conditions herein, which includes without limitation Bakery's right to inspect Product Display Spaces in Outlets and speak to Outlet management and an Outlet's corporate management about Distributor's activities at the Outlet.

For the avoidance of doubt, Product may be considered out of stock or unreasonably low stock in an Outlet if there is no, or an unreasonably low amount of, Product in any individual Product Display

Space of an Outlet. For further avoidance of doubt and without limitation, out of stock Product, an unreasonably low stock of Product, Overcode conditions in an Outlet, an unreasonable rate of Product returns, Outlet complaints of improper or unsatisfactory service, and Distributor or one of its representatives being banned by an Outlet or Chain or by an Outlet's or Chain's corporate management from selling Product to such Outlet or Chain due to an act or omission of Distributor, without limitation, each constitute a material breach of this Agreement.

- 6.2 **PRODUCT RETURNS RATE.** Notwithstanding Section 4.5 above, Distributor agrees to maintain a reasonable rate of Product returns with Bakery, with the reasonableness of Distributor's rate being determined by Bakery in its sole reasonable discretion after calculating and comparing Distributor's recent average rate of Product returns to the average rate of Product returns of similarly situated independent contractor distributors of Bakery during the same time period. Distributor's rate of Product returns may not be deemed unreasonable if it is within three (3) percentage points of the average rate of Product returns of similarly situated independent contractor distributors of Bakery when averaging 26 weeks of Product returns. Bakery may change the way it calculates the rate of Product returns from the manner described above in this Section; however, if Bakery does make such a change, it may not issue Distributor a notice of breach of this Agreement under this Section that is based on the changed calculation method unless it first provides Distributor with at least 60 days notice describing the new rate of Product returns calculation method.
- 6.3 **NO SALES TO NON-OUTLETS.** Distributor agrees not to sell, offer to sell, or otherwise distribute Products to any business, person, entity, or other outlet that is not listed as an Outlet under this Agreement or any amendment hereto. The preceding sentence specifically includes a prohibition against Distributor selling, offering to sell, or otherwise distributing Products to anyone or any entity that Distributor knows or reasonably should know is likely to resell said Products to a business, person, entity, or other outlet that is not an Outlet hereunder. Distributor agrees not sell Product over the Internet or via any similar media or mode of communication or data transfer existing now or in the future, including the use of virtual reality, except as authorized in writing by Bakery.
- 6.4 THIS SECTION IS INTENTIONALLY BLANK.
- 6.5 **COMPLIANCE WITH LAWS AND POLICIES.**
- (a) Distributor agrees, with regard to fulfilling any obligation or other requirement of Distributor associated with this Agreement, that it and Guarantor, and each of their respective employees, contractors and representatives, must comply with all applicable federal, state, county, and local laws, rules, and regulations, as of the Effective Date and as amended or enacted thereafter.
 - (b) Distributor agrees that it and its employees, contractors and representatives must comply with all Bakery and Outlet policies in effect that address any aspect of an activity associated with the obligations under this Agreement, including: Outlet or facility hours, parking, loading door use, Bakery Equipment, safety, identification badges, access keys/cards/codes, firearms, tobacco use, food and beverage consumption, rubbish and recycling disposal, and treatment of Bakery associates and other Outlet vendors and guests. Distributor acknowledges and agrees that nothing in this Agreement grants Distributor a right to enter onto the property of Bakery, and that Bakery at all times maintains the right to place restrictions on access to or use of its property.
 - (c) Distributor acknowledges that the Outlets are not owned or controlled by Bakery, that an Outlet controls who is permitted on/in its property, that Distributor does not have an automatic right to be on/in an Outlet's property, and that Distributor is responsible for maintaining a business relationship with the Outlets in order to retain access rights to such Outlets.

6.6 **PERSONAL SERVICES OF GUARANTOR NOT REQUIRED.** Distributor and Guarantor are free to engage such persons as it/they deem appropriate to assist with, or complete perform, Distributor's obligations hereunder. Distributor has the exclusive right to select, fix the method and amount of compensation of, discipline, train, discharge and otherwise to manage, supervise and control all persons engaged by Distributor. Distributor represents and warrants that it will, with respect to all such persons engaged, perform all obligations and discharge all liabilities under all laws, rules and regulations as of the Effective Date and enacted thereafter including those relating to labor, employment standards, wage/hour and wage payment requirements (including as to overtime and wage deductions and expense reimbursements), worker's compensation, unemployment insurance, tax information and reports, and withholding all applicable payroll related taxes. Distributor represents and warrants that all persons engaged by Distributor will comply fully with all terms and conditions of this Agreement. Any breach of this Agreement by any person engaged by Distributor may be deemed by Bakery, in Bakery's sole discretion, to be a breach by Distributor. Distributor agrees to indemnify and hold harmless Bakery, Bakery's parents, and Bakery's affiliates each and all for any and all claims, causes of action, rights, interest, losses, fines, awards, or damages arising at any time out of, or in any way related to Distributor's breach of this Section.

6.7 **OTHER ACTIVITIES AND CONFLICTS OF INTEREST.**

- (a) Distributor and Guarantor may engage in business and other activities, including selling other products, unless and except to the extent that i) such other activity is competitive with the Products, which includes selling other products that likely compete with any Products in an Outlet, ii) such other activity could contaminate the Products, or iii) such other activity presents a reasonable risk of harm to Bakery's business, brands, or reputation. Also, in order to be permitted hereunder, any such other activity of Distributor must be performed separate and distinct from Distributor's activities under this Agreement such that Bakery and Bakery Entity brands and reputation cannot reasonably be seen by the Outlet or the public as being tied to or associated with the brands and reputation of any such other activity of Distributor by reason of, without limitation, Distributor selling or merchandize a non-Product product while wearing clothing or apparel that contains a logo or Mark of Bakery or a Bakery Entity, or by Distributor servicing an Outlet with both Product and non-Product products during what can reasonably be deemed substantially the same sales visit.
- (b) Additionally, it is a conflict of interest and a breach of this Agreement for any employee or representative of Distributor, as well as any family member or close relative of Guarantor, to be employed by Bakery or any business that sells products that compete with any Product, or to be employed by any parent, affiliate, or subsidiary of i) Bakery or ii) any business that sells products that compete with any Product.

6.8 **NO DISCRIMINATION, HARASSMENT, OR RETALIATION.** Distributor agrees that it and its employees, agents, representatives and contractors will not, while fulfilling any obligation or other requirement of Distributor associated with this Agreement, intimidate, harass, retaliate or discriminate against any person by reason of race, ethnicity, creed, religion, age, political affiliation, veteran status, disability, gender, sexual orientation, sexual preference, or any other characteristic protected by law. To the extent not exempt, Distributor agrees to abide by the requirements of 41

~~6.8~~-CFR Sections 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibit discrimination against all individuals based on their race, color, religion, sex or national origin. These regulations also require Distributor as a contractor to take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.

6.9 **PRODUCT ORDERING AND INVOICING EQUIPMENT.** Distributor agrees to maintain a portable computer order and invoicing device and printer system(s) compatible with the then-current ordering and sales systems maintained by Bakery, as such ordering and sales systems may be changed from time to time in Bakery's sole discretion. Distributor agrees, while Distributor owns the Distribution Rights, to pay Bakery a weekly Technology Fee, as well as any other reasonable fee associated with the computer, printer, and/or ordering and sales systems Bakery may from time to time assess in its sole reasonable discretion. Distributor acknowledges and agrees, due to ever- changing computer, communication, and related technologies, that it is not possible to establish fixed amounts in this Agreement for the fees described in this Section.

6.10 **CONFIDENTIAL INFORMATION.**

- (a) As a result of this Agreement, Distributor will have access to and/or obtain certain information not available to the general public regarding Bakery's and any Bakery Entity's information relating to products, machinery and equipment, services, research and development activities, finances, computer software, sales and marketing, business plans (including product pricing), new product initiatives, marketing plans, facility details, and general operations ("Confidential Information"). Distributor acknowledges that the Confidential Information constitutes valuable trade secrets of Bakery and each Bakery Entity and Distributor agrees that it will use Confidential Information solely in accordance with the provisions of this Agreement and only to fulfill its rights and obligations under this Agreement, and it will not disclose, or permit the disclosure of same, directly or indirectly, to any third party without Bakery's prior written consent. Distributor agrees to exercise due care in protecting the Confidential Information from unauthorized use and disclosure and will require all of its employees, contractors and agents to do the same. Distributor has no responsibility for safeguarding any information that it can document in writing: (i) is in the public domain through no fault of its own; (ii) was properly known to it, without restriction, prior to disclosure by Bakery; (iii) was properly disclosed to it, without a duty of confidentiality or other restriction, by another person with the legal authority to do so; or (iv) was independently developed by Distributor through general skill, knowledge and experience without use of or reference to Bakery's Confidential Information. In the event Distributor is required to disclose Confidential Information pursuant to a judicial, administrative or legislative order or proceeding, Distributor must provide to Bakery prior notice of the intended disclosure in order to permit Bakery a reasonable opportunity to respond, object or seek a protective order.
- (b) In the event that Distributor is granted access to the information systems of Bakery or any Bakery Entity, Distributor (i) agrees to keep confidential all Confidential Information accessed in or by such information systems, (ii) will not provide access to such information systems to any other person or entity, (iii) will not share the password(s) required for such access, and (iv) will not use such information systems except as expressly authorized by Bakery. If requested by Bakery to do so, Distributor agrees to sign a separate agreement that includes the above, and related, restrictions.
- (c) Notwithstanding any other provision of this Agreement, nothing in this Agreement shall prohibit Distributor or Guarantor from: (i) initiating communications directly with, cooperating with, providing relevant information to, or otherwise assisting in an investigation by (A) the U.S. Securities and Exchange Commission, or any other governmental, regulatory, or legislative body regarding a possible violation of any applicable law, or (B) the U.S. Equal Employment Opportunity Commission or any other governmental authority with responsibility for the administration of workplace laws regarding a possible violation of such laws, or as compelled by lawful process; (ii) responding to any inquiry from any such governmental, regulatory, or legislative body or official or governmental authority; or (iii) participating, cooperating, testifying, or otherwise assisting in any governmental action, investigation, or proceeding relating

to a possible violation of any such law, rule or regulation.

~~6.11 **INJUNCTIVE RELIEF.** Notwithstanding any other provision of this Agreement, in the event of actual or threatened breach of Section 6.10, Distributor acknowledges that monetary relief would be inadequate to compensate and/or protect Bakery's interests and that Bakery will be entitled to immediate injunctive and other equitable and legal relief from a court of law or equity without bond and without the necessity of showing actual damage. Bakery's prosecution of legal action is not and will not constitute a breach of this Agreement or waiver of any of Bakery's rights under this Agreement, including the Dispute Resolution provisions of Article 13. For the avoidance of doubt, Bakery's right to seek injunctive relief and other equitable and legal relief from a court will not be governed or in any way restricted or limited by the provision of said Article 13.~~

ARTICLE 7 – BUSINESS ENTITY AND PERSONAL GUARANTY

- 7.1 **DISTRIBUTOR AS BUSINESS ENTITY**÷. Distributor is executing this Agreement and must operate and perform under this Agreement as a legally formed and maintained corporation or limited liability company. From the Effective Date through the date on which Distributor sells all of its Distribution Rights, Distributor agrees, and represents and warrants to Bakery, that:
- (a) the person signing this Agreement on behalf of Distributor has authority to bind Distributor and will submit to Bakery a true and accurate copy of such written authorization at the time of signing this Agreement and as Bakery may request from time to time;
 - (b) its incorporation/formation documents must provide that Distributor's purposes and activities include operating a business to offer and sell Products to Outlets;
 - (c) it is, and will remain, in good standing under applicable law and that Distributor must, at Distributor's expense, submit to Bakery or a Bakery designee a certificate of good standing issued by the state of incorporation/formation within ten (10) days after the end of each calendar year and/or upon Bakery's or such designee's request from time to time;
 - (d) it has maintained and will maintain operating documents that impose transfer restrictions that give effect to Article 9 of this Agreement and each certificate representing an ownership interest in Distributor must contain or conspicuously note upon its face a statement in a form satisfactory to Bakery to the effect that any assignment or transfer of the certificate is subject to all restrictions this Agreement imposes on transfers; and
 - (e) it will maintain a list of all record and beneficial owners of stock or other ownership interest in Distributor and furnish a current version of such list to Bakery (i) at the signing of this Agreement, ~~(e)~~ (ii) within five (5) days after any change of ownership interest, (iii) within ten (10) days of the end of each calendar year, and (iv) upon request by Bakery from time to time.
- 7.2 **PERSONAL GUARANTY**÷. From the Effective Date through the date on which Distributor sells all of its Distribution Rights, Guarantor represents and warrants to Bakery, that:
- (a) The books and records of Distributor will reflect that the issuance and transfer of shares of stock or membership interests are restricted and that all stock certificates or evidence of interest will bear a legend giving notice of such restriction and referring the reader to the terms of this Agreement;
 - (b) The Guarantor will act as Distributor's principal officer and personally guarantees the obligations imposed under this Agreement and all other agreements, including the Security Agreement, between Distributor and Bakery;

- (c) A copy of this Agreement will be kept with the official records of Distributor;
- (d) The Guarantor agrees to be and remain personally and individually liable for the full performance of all obligations imposed on Distributor by this Agreement and all other agreements between the Distributor and Bakery and hereby also directly and unconditionally guarantees the full performance thereof by Distributor;
- (e) The Guarantor agrees that this Agreement may be enforced by Bakery without the necessity at any time of exhausting any other security or collateral now or hereafter securing the obligations, and that Guarantor waives the right to require Bakery to pursue any other remedy or enforce any other right. Guarantor further agrees that this Agreement may be enforced by Bakery, without notice, by deducting all amounts due from Guarantor to Bakery arising out of, related to or in connection with this guaranty, from monies in the possession of Bakery due to Distributor or held by Bakery for the account of Distributor;
- (f) Guarantor hereby consents that from time to time, without notice to or further consent of Guarantor, the payment, performance, or observance of any or all of the obligations may be waived or the time of payment or performance thereof extended or accelerated, or renewed in whole or in part, and any collateral therefore may be exchanged, surrendered or otherwise dealt with as Bakery may determine, all without affecting the liability of Guarantor hereunder;
- (g) Guarantor hereby waives presentment of any instrument, demand of payment, protest and notice of non-payment or protest thereof or of any exchange, sale, surrender or other handling or disposition of collateral, and any requirement that Bakery exhaust any right, power or remedy or proceed against Distributor or against any other person under any other guaranty of, or security for, any of the obligations under this Agreement;
- (h) Guarantor hereby further waives any defense whatsoever which might constitute a defense available to, or discharge of, Distributor or any other guarantor. No payment by Guarantor pursuant to any provision hereunder entitles Guarantor, by subrogation to the rights of Bakery or otherwise, to any payment by Distributor (or out of the property of Distributor) except after final payment in full of all sums (including interest, costs and expenses) which may be or become payable by Distributor to Bakery at any time or from time to time;
- (i) Guarantor's guarantee hereunder is a continuing guaranty, and any other guarantor, and any other party liable upon or in respect of any obligation hereby guaranteed may be released without affecting the liability of Guarantor;
- (j) In addition to the foregoing guaranty of Guarantor, Guarantor must defend, indemnify, and hold harmless Bakery and its affiliates, and its and their officers, directors, employees, successors and assigns (Bakery and such entities and persons, collectively, "Indemnified Persons"), and must reimburse Indemnified Persons, for, from and against each and every demand, claim, loss (which includes any diminution in value), liability, judgment, damage, cost and expense (including interest, penalties, fines, costs of preparation and investigation, and the reasonable fees, disbursements and expenses of attorneys, accountants and other professional advisors) imposed on or incurred by Indemnified Persons, directly or indirectly, relating from, arising out of or in connection with Distributor's failure to pay, perform or observe one, some, or all of the obligations in this Agreement (whether before or after the release, satisfaction or extinguishment of the obligations); and
- (k) Guarantor agrees, at all times until Distributor sells all of its Distribution Rights, to own in his/her individual capacity greater than 50% of the outstanding shares or membership interest of Distributor.

- (l) Guarantor agrees to not own an interest in any legal entity other than Distributor that Guarantor knows or should know owns Bakery distribution rights.

ARTICLE 8 – BAKERY OBLIGATIONS

- 8.1 **DELIVERY AND COOPERATION**. Bakery agrees to use commercially reasonable efforts to i) deliver to Distributor the Products ordered by Distributor as per Section 4.2 above, ii) pursue the development of new product offerings, and iii) assist in pursuing Product promotions and sales opportunities in the Outlets.
- 8.2 **SALES TO CHAINS – BAKERY AS REPRESENTATIVE**. Distributor and Bakery acknowledge and agree that substantial opportunities for sales of Products to Outlets depend on satisfying the needs and purchasing requirements of Chains that desire to purchase Products for their Outlets, including other outlets of such Chain that may be served by other independent distributors of Bakery or by a Bakery Entity. Both Distributor and Bakery acknowledge that many Chains, for their own convenience and efficiency, establish uniform prices and promotions and standard terms and conditions of sale across all of the Chain's outlets. In order to accommodate the purchasing needs and requests of Chains, and thereby maximize the opportunity for Distributor to sell Products to the Chain-related Outlets, Distributor hereby appoints Bakery and each Bakery Entity to act as Distributor's non-exclusive representative with Chains ("Representative") such that Bakery and the Bakery Entities may engage in communications with Chains on behalf of Distributor and similarly situated independent distributors of Bakery to negotiate various terms and conditions with Chains that include Product prices and promotions, Product invoicing, the Chains' service requirements for its stores, standard terms and conditions of Product sales, centralized billing, and similar matters pertaining to the sale and delivery of Products to the Chains' stores. Bakery and the Bakery Entities, in acting in the capacity of Representative, may negotiate matters on behalf of Distributor that include commercially reasonable prices, promotions, terms, conditions, service requirements, merchandizing and plan-o-grams, and authorizations for the sale of Products to the Chains' stores. DISTRIBUTOR ACKNOWLEDGES AND AGREES THAT BAKERY MAY INFORM DISTRIBUTOR OF ALL CHAIN REQUIREMENTS APPLICABLE TO DISTRIBUTOR'S OUTLETS AND THAT BAKERY PASSING ALONG THIS INFORMATION TO DISTRIBUTOR IS NOT AN EFFORT BY BAKERY TO DIRECT DISTRIBUTOR'S BUSINESS OPERATIONS, BUT INSTEAD IS AN EFFORT TO ASSIST DISTRIBUTOR WITH UNDERSTANDING THE REQUIREMENTS OF ITS CUSTOMERS. DISTRIBUTOR RETAINS THE RIGHT TO NEGOTIATE PRICES AND TERMS DIRECTLY WITH A CHAIN AND TO SELL PRODUCTS TO THE CHAIN AT WHATEVER PRICES AND TERMS DISTRIBUTOR CAN NEGOTIATE. Distributor may revoke the designation of Bakery as Distributor's Representative at any time on thirty (30) days written notice. Nothing herein requires Bakery or Distributor to pay slotting allowances or other fees or charges imposed to obtain Product authorization in Chain Outlets.

ARTICLE 9 – SALE OF DISTRIBUTION RIGHTS

- 9.1 **CONDITIONS OF SALE**.
- (a) Subject to the conditions and requirements herein, the Distribution Rights to all Outlets may be sold in whole or in part by Distributor, or in the event of the death of Guarantor, by a legal representative of Guarantor's estate, to a qualified purchaser, provided that, among other things, Distributor must first submit a written notice to Bakery, in a form acceptable to Bakery, of its intent to sell the Distribution Rights that is signed by Distributor and the proposed buyer ("Notice of Intent to Sell"). Distributor may sell any number of Outlet at a time, provided such sale is otherwise authorized ~~otherwise authorized~~ hereunder, and provided further that there must be no less than two Outlets remaining

under this Agreement at all times.

- (i) All sales of the Distribution Rights are subject to the approval of Bakery, which may not be unreasonably withheld, and which such approval right includes Bakery's right to approve the proposed buyer as an owner of the Distribution Rights. Bakery has 14 days following its receipt of a fully completed and signed Notice of Intent to Sell, the receipt of all information and paperwork from Distributor and the proposed buyer reasonably requested by Bakery, or the date on which the proposed buyer meets with Bakery if Bakery so requests, whichever is later, to notify Distributor that it is denying approval of the proposed sale. If Bakery fails to notify Distributor that it is denying approval of the proposed sale within this 14-day timeframe and Bakery does not exercise its Right of First Refusal pursuant to Section 9.1(a)(ii), the proposed sale is deemed approved; however, provided Bakery is not responsible for any unreasonable delays, any approval under this Section may be voided by Bakery if the sale of the Distribution Rights is not finalized within 45 days from when the sale was actually or deemed to be approved, at which point all requirements and rights under this Article 9 reset anew. For the avoidance of doubt, Bakery's denial of approval hereunder does not require Bakery to purchase the Distribution Rights that were the subject of the proposed sale.
- (ii) All full or partial sales of the Distribution Rights are subject to Bakery having a right of first refusal to purchase the Distribution Rights intending to be sold by Distributor for the same price identified in the submitted Notice of Intent to Sell ("Right of First Refusal"). Bakery has 14 days following its receipt of a fully completed and signed Notice of Intent to Sell to notify Distributor that it is exercising its Right of First Refusal. If Bakery fails to notify Distributor that it is exercising its Right of First Refusal within this 14-day timeframe, Bakery's ability to exercise its Right of First Refusal expires. For avoidance of doubt, 1) Bakery's Right of First Refusal hereunder applies only to the Distribution Rights intending to be sold by Distributor and does not give Bakery the right or the obligation to purchase other Distributor assets including Distributor's computer/handheld equipment, 2) Bakery's ability to exercise its Right of First Refusal expiring has no effect on any other right of Bakery hereunder, and 3) Bakery's Right of First Refusal is reestablished, and may be again exercised, if the sale of the Distribution Rights contemplated by the submitted Notice of Intent is not finalized within 45 days from when the sale was actually or deemed approved.

9.2 **SALE OF STOCK/OWNERSHIP INTEREST.** The sale or transfer of shares or membership interest of Distributor that results in Guarantor no longer owning more than 50% of Distributor's outstanding stock or interest is deemed a transfer of the Distribution Rights that triggers the terms and conditions of this Article 9, including Bakery's right to approve of such transfer and Bakery's Right of First Refusal to purchase the Distribution Rights, the 14-day notification timeframes for both such rights begin when Bakery becomes aware of such sale or transfer.

9.3 **CLOSING OF SALE.** Unless otherwise stated herein, and in addition to other obligations stated herein, the following conditions are applicable to every full or partial sale of the Distribution Rights:

- (a) Distributor must pay to Bakery a transfer fee in an amount equal to two percent (2%) of the sale price of the Distribution Rights in consideration for the administrative activities performed by Bakery and its affiliates in connection therewith.
- (b) At the closing on the sale of the Distribution Rights ("Closing"), Distributor will pay to Bakery an amount that Bakery reasonably estimates will be due by Distributor to Bakery, Bakery's parent, Bakery's affiliates, and all **Third-Party Creditors (collectively ~~(b)~~ "Distributor Creditors")** for monies owed to same under this Agreement, or any related agreement with such Third-Party Creditor, as of the Closing date. The parties

acknowledge and agree that the amount due by Distributor to Bakery at Closing referenced in the preceding sentence (“Closing Balance”) may not be a precise or final reconciliation of all monies due by and owed to Distributor as of the Closing, that certain charges and credits that make up the Closing Balance are final and others are only reasonable estimates, that some of the individual charges that make up the Closing Balance may be itemized separately in a Closing statement to be signed by Distributor at Closing, and that a final reconciliation of the Settlement account will not occur until after the Holdover, as defined below, period has concluded.

- (c) The parties agree that Distributor’s Settlement account with Bakery will remain open for 90 days past the effective date of the Closing to more accurately account for all Distributor credits and charges that accrue both pre-Closing and post-Closing that were not included in the Closing Balance, and to account for the reconciliation of any estimated charges/credits included in the Closing Balance with their corresponding actual charges/credits (such 90-day period may be referred to as the “Holdover”). Distributor acknowledges and agrees that Bakery will not generate or send a Settlement Statement to Distributor for any Account Week during the Holdover period when there is no activity on Distributor’s Settlement account.
- (d) Distributor agrees that Bakery may, at Closing, deduct and retain from the purchase money paid for the Distribution Rights an amount equal to the Closing Balance, provided that Bakery must forward all amounts collected on behalf of a Distributor Creditor, if any, to such entity. Distributor further agrees that Bakery may, at Closing, deduct from the purchase money paid for the Distribution Rights and credit to Distributor’s Settlement account an amount that Bakery estimates, in its sole reasonable discretion, may be needed to satisfy any balance owed by Distributor to all Distributor Creditors through the end of the Holdover period, with the minimum amount of such withholding being \$1,500.
- (e) Distributor’s Settlement Statement for the last Account Week of the Holdover period will serve as the final reconciliation of Distributor’s Settlement account (“Reconciliation”). If the Reconciliation results in a positive balance owing to Distributor, then Bakery must pay Distributor such remaining balance within 15 days. If the finalized Reconciliation results in a negative balance owing by Distributor to Bakery, then Distributor must pay Bakery such balance due within 15 days of receipt of the final Settlement Statement. Distributor hereby agrees, for a period of 120 days past the effective date of the Closing, to keep open the bank account on file with Bakery prior to the Closing so that Bakery may make any such payments due under this Section in the same manner Bakery made payments to Distributor pre-Closing.
- (f) Distributor must return to Bakery any Bakery-owned property in Distributor’s possession pertaining to, or used in connection with, the Distribution Rights, including Bakery Equipment. Bakery may charge Distributor’s Settlement account with Bakery for any such property not so returned.

In the event of the sale of all of the Distribution Rights, this Agreement will automatically terminate concurrently upon the effective date of Closing provided, however, the parties will remain bound by the provisions of this Agreement that are intended to survive termination listed in Section 14.3.

9.4 SALE DOCUMENTS. Upon the sale of all or part of the Distribution Rights by or for the account of Distributor as described in this Article, Distributor must execute a Closing statement, an appropriate bill of sale in favor of the purchaser of the Distribution Rights, and a general release terminating, ~~9.4~~ canceling and surrendering Distributor’s rights under this Agreement and releasing any and all claims against Bakery and each Bakery Entity, including all of their officers, directors, share or membership

holders, employees, successors and assigns that arise under, out of, or in any way relate to this Agreement or the activities conducted in connection with the Agreement.

9.5 **DEATH.** In the event of the death of Guarantor, Bakery may, at any time up to 180 days after receiving notice of Guarantor's death from Distributor or Guarantor's estate representative, require Distributor or Guarantor's estate to sell the Distribution Rights. If the Distribution Rights are not sold within a period of 90 calendar days from the date on which Bakery informs Distributor and/or Guarantor's estate that the rights must be sold, Bakery has the right to either sell the Distribution Rights to a qualified purchaser or purchase the Distribution Rights. Any such sale or purchase by Bakery must be for a price equal to or greater than fair market value, which is to be calculated by Bakery using sales of similarly situated Bakery distribution rights, that were as close as reasonably possible in time and distance to the Closing, as comparables for such fair market value calculation. Any sale of the Distribution Rights per this Section must be treated as if same were a sale initiated and completed by Distributor under the applicable terms of this Agreement. Distributor acknowledges and agrees that in the event of the death of the then-current Guarantor, that another individual must thereafter own greater than 50% of Distributor's outstanding stock and such individual must sign an amendment to this Agreement becoming the new Guarantor hereunder, and that the absence of such an individual guaranty is a material breach of this Agreement. Distributor acknowledges and agrees to provide Bakery with all reasonably requested documentation related to Guarantor's death and the subsequent ownership change as well as all court-related orders and authorizations related to the management of Guarantor's estate.

9.6 **BAKERY RIGHT TO PURCHASE DISTRIBUTION RIGHTS.** Bakery, after providing Distributor the 30 days written notice stated below in this Section, may purchase all or part of the Distribution Rights at any time while this Agreement is in effect. The purchase price for the Distribution Rights to be paid by Bakery to Distributor is an amount equal to the fair market value of such Distribution Rights, which is to be calculated by Bakery using sales of similarly situated Bakery distribution rights, that were as close as reasonably possible in time and distance, as comparables for such fair market value calculation. In the event Distributor disagrees with the fair market value purchase price Bakery calculates, any such dispute would be a Covered Dispute under and pursuant to Article 13. Any action Distributor may take under Article 13 related to Bakery's purchase rights under this Section will not delay the effective date of the sale and Closing of such Distribution Rights to Bakery provided Bakery tenders to Distributor payment pursuant to this Article 9 of the amount that Bakery reasonably and in good faith contends is the fair market value of the Distribution Rights, whether or not Distributor accepts such tendered payment. Provided Distributor has formally initiated the Mandatory Dispute Resolution Process under Article 13 regarding the fair market value purchase price of the Distribution Rights, Distributor will have the right to accept such tendered payment and finalize the Closing on the sale of the Distribution Rights without prejudice to any potential claim in arbitration that the fair market value of the Distribution Rights is more than the tendered payment. In the event of arbitration pursuant to Article 13 of [the](#) Sales Growth Agreement, the amount of the payment tendered by Bakery and accepted by Distributor must be deducted from any award or judgment issued.

Bakery must notify Distributor in writing at least 30 days prior to exercising the buyback rights under this Section. With the exception of Section 9.3(a), the parties must follow the applicable provisions of this Article 9 regarding any sale of the Distribution Rights under this Section. The effective date of Closing for any sale pursuant to this Section will be set at the discretion of Bakery, but in no event may it be sooner than the expiration of the 30 days of notice required above. Any sale of the Distribution Rights pursuant to this Agreement is not subject to the transfer fee stated in Section 9.3(a).

Bakery's right to purchase the Distribution Rights set forth in this Section is continuing, and unless BFBD purchases the Distribution Rights in their entirety, the exercise by BFBD of its right to

purchase the Distribution Rights in part does not exclude Bakery from further exercising its rights under this Section thereafter, in full or in part.

ARTICLE 10 – SERVICE FAILURES AND CHANGES

10.1 THIS SECTION IS INTENTIONALLY BLANK.

10.2 **TEMPORARY SERVICE BY BAKERY.** DISTRIBUTOR ACKNOWLEDGES THAT IT IS A BREACH OF THIS AGREEMENT TO NOT SELL PRODUCT AND PROVIDE SERVICE TO ALL OUTLETS PER THE OUTLETS' REQUIREMENTS. DISTRIBUTOR FURTHER ACKNOWLEDGES THAT IT IS SOLELY THE OBLIGATION OF DISTRIBUTOR TO, AT DISTRIBUTOR'S EXPENSE, HAVE A LABOR FORCE SUFFICIENT TO COVER THE AFOREMENTIONED PRODUCT SALES AND SERVICE OBLIGATIONS TO ALL OUTLETS AT ALL TIMES, INCLUDING WHEN GUARANTOR OR OTHER DISTRIBUTOR EMPLOYEES/AGENTS FALL ILL OR REQUIRE PERSONAL TIME, AND THAT IT IS NOT THE RESPONSIBILITY OR OBLIGATION OF BAKERY TO PERFORM THESE OBLIGATIONS FOR DISTRIBUTOR AT ANY TIME OR FOR ANY REASON. If Distributor fails to provide Product sales or service to any Outlet, then Bakery has the right, but not obligation, to either directly perform such obligations or assign such obligations to a third party with all expenses associated with either or both to be charged to Distributor's Settlement account with Bakery. Such temporary performance by Bakery or its assigns does not relieve Distributor of any of the obligations imposed by this Agreement, constitute an assumption by Bakery or such assigns of any obligations of Distributor, or constitute a cure of any breach of this Agreement by Distributor. Distributor acknowledges that Bakery's expenses and costs to operate (including short term labor arrangements) will likely be higher than the expenses and costs of Distributor while Distributor fulfilled such obligations.

10.3 **CHANGE IN DELIVERY METHOD.** In the event a Chain or an Outlet requests or otherwise authorizes Product to be sold or delivered to it in a manner other than Drop-Merch, the following applies:

- (a) Bakery, or its assigns, may sell, deliver, and merchandize Product to and at such Chain(s) or Outlet(s) by any non-Drop-Merch method without same being a violation of Distributor's rights hereunder or a breach of this Agreement by Bakery (since Distributor will have no applicable distribution rights), and without Bakery having to provide any compensation to Distributor for such sales; and
- (b) Distributor will continue to own the Drop-Merch Distribution Rights to the Outlet at issue in the event such Outlet reverts to Drop-Merch for its Product purchases and deliveries.

10.4 NON-DROP-MERCH SERVICES.

~~(a)~~ From time to time, Bakery or Bakery's affiliates may have agreements to sell, deliver, and/or merchandize Products via non-Drop-Merch methods to Outlets ("Non-Drop-Merch Sales"). If Bakery and Distributor mutually agree on terms for Distributor to perform any service related to any ~~Non-Drop-Merch~~ Non-Drop-Merch Sales, Distributor acknowledges and agrees that it does not gain any additional rights under this Agreement by performing such services and that any ~~Non-Drop-~~

Non-Drop-Merch ~~Merch~~ Sales service agreement is separate and distinct from this Agreement, except that i) any default by either party under any Non-Drop-Merch Sales service agreement between Bakery and Distributor may be deemed a default under this Agreement ("Cross Default") and ii) if the parties elect in any Non-Drop-Merch

Sales service agreement between Bakery and Distributor to compensate Distributor through Distributor's Settlement account with Bakery, then the provisions of Article 5 herein will apply to

such compensation as applicable.

ARTICLE 11 – TERMINATION

- 11.1 **NON-CURABLE BREACH.** In addition to other rights to terminate this Agreement referenced herein as well as all termination rights associated with cross-default provisions applicable to this Agreement, Bakery may immediately terminate this Agreement, with no right of Distributor to cure, upon the occurrence of any of the following events, each of which constitutes a “Non-Curable Breach:”
- (a) Distributor fails to timely cure any Curable Breach (defined below);
 - (b) Distributor chronically breaches the Agreement as provided in Section 11.2;
 - (c) Distributor’s actions trigger a determination by Bakery that Distributor irreconcilably frustrated the purpose of this Agreement per Section 2.2(c) above.
 - (d) Distributor acts, or fails to act, in any matter that threatens public health or safety, or that threatens to do significant harm to Bakery or any Bakery Entity’s trademarks, brands, or commercial reputation, which includes, unless same is made in connection with Distributor’s rights under Article 13, making spoken or written disparaging comments in public about the Products, Bakery or any Bakery Entity, the employees of Bakery or any Bakery Entity, or the brands or trademarks of Bakery or any Bakery Entity;
 - (e) Distributor engages in any act of violence, threat of violence, or harassment, which includes harassment or other discrimination based on race, ethnicity, creed, religion, age, political affiliation, veteran status, disability, gender, sexual orientation, sexual preference, or any other characteristic protected by law;
 - (f) Distributor engages in any unlawful or criminal activity (whether or not a prosecution is commenced or conviction obtained) or any act of dishonesty, theft, or fraud, which includes submitting false invoices involving Product sales, returns, or inventories as well as possessing, distributing, or using Bakery’s internal code for processing product return requests;
 - (g) Distributor or Guarantor makes a material misrepresentation to Bakery i) to obtain Bakery’s approval of Distributor or Guarantor as a qualified purchaser of the Distribution Rights ii) to induce Bakery to enter into this Agreement or iii) to obtain a purchase money loan under a Bakery sponsored or Bakery affiliate loan program, regardless of when such misrepresentation is discovered; and
 - (h) Default and/or material breach of the Security Agreement and/or any other agreement between Distributor and Bakery or Guarantor and Bakery.
- 11.2 **CURABLE AND CHRONIC BREACHES.** A breach or default of this Agreement by Distributor that is not a Non-Curable Breach per Section 11.1 is referred to as a “Curable Breach” herein. If Bakery gives Distributor written notice of a Curable Breach, then Distributor will have three (3) days to cure said breach unless Bakery has previously issued to Distributor four (4) or more Curable Breaches in the most recent eight-month period in which case Bakery may deem the breach at issue to be a Non-Curable chronic breach of this Agreement pursuant to Section 11.1 that terminates this Agreement without Distributor having any right to cure. If a Curable Breach is not cured by Distributor within the applicable timeframes stated herein, Bakery may terminate this Agreement. If the cure for a Curable Breach requires Distributor to refrain from a given behavior (e.g. stop selling Product to unauthorized outlets), Bakery may consider such Curable Breach uncured, triggering

Bakery's right to terminate this Agreement under Section 11.1 above, if Distributor exhibits the same or materially similar behavior anytime from the expiration of the three-day cure period referenced above to 180 days thereafter.

11.3 ACTIONS FOLLOWING TERMINATION. If this Agreement is terminated, then the following provisions are triggered:

- (a) Distributor continues to own the Distribution Rights until same are sold, but is no longer permitted to buy or sell Products, service any Outlets, or otherwise act in the capacity of an independent contractor/distributor of Bakery.
- (b) Bakery may, either directly or by retaining a third-party to do so, sell Products to the Outlets. However, if Bakery elects to do so while Distributor still owns the Distribution Rights, then all such Product purchases and sales, as well as all expenses associated with operating the Distribution Rights, made during Distributor's ownership must be credited and/or charged, as applicable, to Distributor's Settlement account with Bakery. Distributor acknowledges that Bakery's expenses and costs of operation of the Distribution Rights, including short term labor, will likely be higher than Distributor's costs for these same expenses.
- (c) If Bakery, in its sole reasonable discretion, determines that Distributor would either make more money or be charged less money if service of the Distribution Rights post-termination of this Agreement were performed solely by another Bakery independent contractor/distributor instead of Bakery, with such other independent contractor/distributor being credited and/or charged with all Product purchases and sales to the Outlets, and with such other independent contractor being responsible for its own operational costs associated with buying Product and selling same to the Outlets, then Bakery may, in lieu of the process described in Section 11.3(b) above, elect to have another Bakery independent contractor/distributor sell Product to the Outlets post termination of this Agreement in such a manner until the Distribution Rights are sold, in which case the charges and credits from selling Product to the Outlets post termination of this Agreement will not be applied to Distributor's Settlement account with Bakery.
- (d) Regardless of whether the Distribution Rights are serviced post-termination of this Agreement per the terms of Section 11.3(b) or 11.3(c), and in addition to all charges authorized during the sale or transfer of the Distribution Rights by Article 9, Bakery may continue to charge, or deduct from, Distributor's account with Bakery any charge or expense that had been authorized by Distributor as a charge or deduction prior to the termination of this Agreement, and do so until the Distribution Rights are sold. In addition, Distributor acknowledges and agrees that, without limiting that which can be charged, the following charges may be applied to Distributor's account post-termination of this Agreement:
 - i. Bakery's reasonable costs associated with removing Overcode and/or damaged Product in the Outlets, which includes reimbursement for any return credit issued to an Outlet for same;
 - ii. Bakery's reasonable costs associated with remedying any Product purchase or sale by Distributor, or return credit for same, that in Bakery's sole reasonable discretion is/was unreasonably excessive when compared to historic sales for that or similar Product and that was executed by Distributor once Distributor knew or should have known that there was a reasonable likelihood of this Agreement being terminated and/or the Distribution Rights being sold; and
 - iii. Bakery's reasonable costs associated with payments or other consideration Bakery provides to an Outlet, another Bakery independent contractor, or any third party to compensate said party for what Bakery, after a reasonable investigation, believes is or was fraud, theft, or damage committed or caused by Distributor, in any act or omission related to Distributor's obligations hereunder, against

such party.

- (e) Termination of this Agreement requires Distributor to sell the Distribution Rights. If Distributor has not finalized a sale of the Distribution Rights that complies with all applicable provisions of this Agreement within 90 calendar days of the date of such termination, Bakery is authorized to either sell or purchase the Distribution Rights. Except when this Agreement is terminated per Section 2.2(d), any such sale or purchase of the Distribution Rights by Bakery must be for a price equal to or greater than the fair market value of such rights, which is to be calculated by Bakery using like sales of similarly situated Bakery distribution rights, that were as close as reasonably possible in time and distance to the Closing, as comparables for such fair market value calculation. If this Agreement is terminated per Section 2.2(d), then Bakery may establish a reasonable price for such sale or purchase after taking into consideration the impact the law or final determination that triggered such termination has on the value of the Distribution Rights. The provisions of Section 9.3 apply to all sales or purchases of the Distribution Rights by Bakery as if Distributor initiated such sale.

ARTICLE 12 – TRADEMARKS, TRADE NAMES AND SOFTWARE

- 12.1 **PERMISSION FOR USE.** Subject to the terms of this Agreement, Bakery hereby grants to Distributor a limited, non-transferable, non-exclusive right, within the Outlets only, to use the trademarks and trade names set forth in Schedule B, and any amendment thereto, and any other trademarks, trade names or graphical designations on the packaging of the Products sold by Bakery or its affiliates to Distributor hereunder (the “Marks”), solely to identify the Products and to identify Distributor as a distributor of the Products, except that the Marks may not be worn on clothing or placed on any vehicle without Bakery’s express written consent. Other than expressly set forth in this Agreement, Distributor is granted no rights in the Marks. Bakery may, at any time, for any reason, in its sole discretion, change, modify or discontinue using any of the Marks.

Distributor acknowledges that the Marks are the exclusive property of Bakery or its affiliates, or, if applicable, the licensor(s) thereof, as the case may be (the “Owners”), and Distributor agrees that it will not dispute or contest the exclusive right, title, or interest of the Owners in, or the validity of, any of the Marks, or assist others in doing same. Distributor acknowledges that it does not have, and will not acquire, any right, title, or interest or any claim, monetary or otherwise, in any of the Marks or in the goodwill now or hereafter attaching thereto, and that all such goodwill inures solely to the benefit of the Owner of each Mark.

Distributor agrees that it may not use any of the Marks in any corporate title, trade name or actual name of Distributor or any business with which Distributor may become affiliated with or related to through ownership or otherwise. Distributor further agrees not to use any Mark in any Internet URL or similar name, or in any social media or similar online or virtual individual or group name, title, heading, label, or similar identifier.

Distributor agrees to only use the Marks in the manner specified in this Agreement and solely in connection with its sale, marketing and distribution of the Products. Distributor agrees not to package or distribute any other product bearing the Marks or otherwise display or use any Marks or any portion thereof or any other marks or designs confusing therewith on the packaging or labeling for any other product. Distributor agrees that it will not tamper with any of the Marks or other written matter or graphical designations on the packaging of the Products sold by Bakery or its affiliates to Distributor hereunder and will not otherwise modify or change the packaging thereof in any way. Any marketing or promotional material proposed to be used by Distributor which references or uses the Marks (other than marketing or promotional material supplied to Distributor by Bakery or any of the Owners) must be submitted in advance to Bakery for approval and said material may not be used

without the prior written consent of Bakery.

- 12.2 **RETURN UPON TERMINATION.** Upon the termination of this Agreement or of Distributor's right to use any of the Marks, Distributor must immediately cease its use of the Marks and not thereafter use any trademarks, trade names or other designations associated with or confusingly similar to said Marks, or make any representations, directly or indirectly, that it continues to sell and distribute products bearing said Marks.
- 12.3 **ENFORCEMENT OF MARKS.** Distributor agrees to notify Bakery of any known infringement or threatened infringement of or challenge to any of the Marks in the Outlets and to reasonably cooperate with Bakery and its affiliates in any legal action relating to enforcement of rights in the Marks. Bakery, its affiliates and/or its licensor have the exclusive right to control any legal action regarding enforcement of rights in the Marks, and Bakery, its affiliates and/or its licensor will bear the cost and expense of any legal action and be entitled to any recovery associated with such legal action.
- 12.4 THIS SECTION IS INTENTIONALLY BLANK.
- 12.5 **SOFTWARE SYSTEMS.** Subject to the terms of this Agreement, Bakery grants a limited personal, non-transferable and non-exclusive license to load and use any proprietary software systems and programs developed by Bakery or its affiliates for Product ordering, sales, and accounting, as same may be amended or modified from time to time on Distributor's then current, and Bakery-compatible, Product ordering equipment. Distributor agrees to use the software solely to perform its obligations under this Agreement and for no other purpose. Distributor acquires no other interest or right in the software, other than this limited license and agrees not to attempt to modify, decompile, disassemble or otherwise reverse engineer the software or request or authorize any other person to do so for any reason whatsoever. Distributor agrees not to transfer the subject software to any third party.

~~12.6 **INJUNCTIVE RELIEF.** Notwithstanding any other provision of this Agreement, in the event of actual or threatened breach of this Article 12, Distributor acknowledges that monetary relief would be inadequate to compensate and/or protect Bakery's interests and that Bakery will be entitled to immediate injunctive and other equitable and legal relief from a court of law or equity without bond and without the necessity of showing actual damage. Bakery's prosecution of legal action is not and does not constitute a breach of this Agreement or a waiver of any of Bakery's rights under this Agreement, including the Dispute Resolution provisions of Article 13. For the avoidance of doubt, Bakery's right to seek injunctive and other equitable and legal relief from a court is not governed or in any way restricted or limited by the provisions of said Article 13.~~

ARTICLE 13 – MUTUAL DISPUTE RESOLUTION

- 13.1 **DISPUTE RESOLUTION PROCESS – EXCLUSIVE PROCESS.** Except with respect to any Excluded ~~Dispute~~**Disputes** (defined below) and as otherwise expressly provided in this Agreement, the parties **mutually** agree that the provisions of this Article 13 are the sole and exclusive method by which any party will pursue any remedy for any Covered Dispute (defined below) (the "Mandatory Dispute Resolution Process"). The commencement of any dispute resolution procedure does not prevent ~~Bakery~~**either party** from thereafter taking any action **allowed under this Agreement** (other than filing a lawsuit) which may be the subject of a Covered Dispute, including without limitation **Bakery's** taking over all or part of the operation of Distributor's Distribution Rights and/or exercising its rights to purchase Distribution Rights from Distributor, or an associated estate, via a right of first refusal or buy-back right granted in this Agreement.
- 13.2 **DISPUTE INITIATION – NOTICE & INFORMAL RESOLUTION.** In the event of any

Covered Dispute, the party initiating the dispute must provide a written notice to the other party- describing, that is signed by the initiating party, which describes the nature of the dispute. Such notice must be delivered within sixty (60) calendar days of the date on which facts respecting the dispute first come

to the initiating party's attention, and it must include copies of all relevant documentation supporting the allegation. In the event applicable law ~~prohibits a sixty~~provides a statute of limitations period for a specific claim(60)-day limitation, the party must ~~nevertheless~~ provide written notice of a Covered Dispute within the applicable statute of limitations period. The parties have sixty (60) calendar days ~~thereafter~~after written notice to attempt to informally resolve the Covered Dispute. unless that time period is extended by mutual agreement. This notice and informal resolution process is a condition precedent to arbitration, and any party making an arbitration demand must certify that it has complied with the requirement when filing an arbitration demand. AAA may not accept any demand without this certification.

- 13.3 **BINDING MUTUAL ARBITRATION.** If the parties are unable to resolve a Covered Dispute through informal resolution, the party initiating the Covered Dispute must initiate **mandatory binding arbitration**, by filing a complaint on an individual basis with the American Arbitration Association ("AAA"). The party must file the complaint **within sixty (60) days** following the conclusion of the informal resolution process or within the applicable limitations period, whichever is later, and such complaint must be limited to the cause(s) of action within the scope of the notice of the Covered Dispute provided in accordance of Section 13.2. ~~Notwithstanding the previous sentence, in the event applicable law prohibits a sixty (60) day limitation, the party initiating the dispute must in all cases file a complaint with AAA within the applicable statute of limitations period, except as allowed by the arbitrator for good cause.~~ The interpretation and enforcement of the arbitration agreement set forth in this Article, including as to the arbitrability of disputes, is governed by the Federal Arbitration Act (the "FAA"), ~~and to~~including procedures such as staying any claims or action in court and enforcement of arbitration awards. To the extent the FAA is found to be inapplicable, ~~by a court or arbitrator, this arbitration agreement will be enforceable under applicable state law and governed by~~ the procedural law relevant to arbitration agreements in the state in which the Covered Dispute arose. Notwithstanding the previous sentence, a court of competent jurisdiction may compel arbitration under the state law where the Covered Dispute arose if it is uncertain about the applicability of the FAA or unable to decide the FAA's applicability without discovery. This agreement to arbitrate applies with respect to all Covered Disputes, whether initiated by Distributor or Bakery. ~~All arbitrations under this Article will be confidential and thus, unless otherwise agreed by the parties in writing, testimony, documents/information exchanged, and decisions/awards by the arbitrator will not be used in any way outside of the parties' private individual arbitration other than for purposes of confirming or vacating an award, in which case such items and their contents (if referenced in pleadings, for instance) will be filed under seal with the court to the extent possible based on the court's rules.~~

- ~~13.4 **TIME FAILURES CONSTITUTE WAIVER. FAILURE BY EITHER PARTY TO PROVIDE TIMELY WRITTEN NOTICE OF ANY COVERED DISPUTE TO THE OTHER PARTY IN ADVANCE OF FILING AN ARBITRATION, OR TO TIMELY SUBMIT A COVERED DISPUTE TO ARBITRATION (COLLECTIVELY REFERRED TO AS "TIME FAILURE") IS DEEMED TO BE A FULL AND COMPLETE WAIVER OF SUCH DISPUTE, AND ANY CLAIM OF LIABILITY, REMEDY OR DAMAGES IS FOREVER WAIVED BY THE COMPLAINING PARTY, REGARDLESS OF MERIT. Time Failure does not alter the applicability of the Mandatory Dispute Resolution Process to any Covered Dispute. The determination of whether a Party timely provided written notice of any Covered Dispute in advance of filing an arbitration, or timely submitted to arbitration is the exclusive decision of the arbitrator. If it is determined by the arbitrator that any Party committed a Time Failure, any pending arbitration must be dismissed with prejudice within 7 day(s) of such finding.**~~

13.4 ~~13.5~~ **BUSINESS JUDGMENT.** The parties hereto agree, ~~and any arbitrator or judge is affirmatively advised,~~ that this Agreement reserves to Bakery the right to take (or refrain from taking) certain actions in the exercise of its business judgment based on its good faith assessment of overall best interests of a distribution system throughout the U.S. ~~Where such discretion has been exercised in~~ This provision shall not prevent the effective vindication of Distributor's statutory rights if at issue in any proceeding.

~~good faith and is supported by the good faith reasonable business judgment of Bakery, no arbitrator nor a judge may substitute their judgment of what may be reasonable under the circumstances for the good faith reasonable business judgment exercised by Bakery. The parties agree that if Bakery's judgment complies with the requirements of this Section, it may not be replaced by the judgment of an arbitrator or judge even though other reasonable alternatives to Bakery's reasonable business judgment may exist.~~

13.5 ~~13.6~~ **COVERED DISPUTES.** Except for the Excluded Disputes (defined below), Covered Disputes include any and all disputes between Distributor and Bakery and Guarantor and Bakery, ~~including claims~~ (including any counterclaims or third-party claims that may be asserted against Guarantor or Distributor) arising out of or in any way relating to this Agreement ~~and claims~~ or the parties' relationship or the end of that relationship, including any claims or disputes relating to any assertion of any employment relationship between Distributor (and/or its employees, contractors, owners or representatives) and Bakery and/or any Bakery Entity, ~~including;~~ claims for breach of this Agreement or other contract; between the Parties; tort, defamation and other common law claims; ; wage and hour and/or wage payment claims, including any claims or disputes under the California Private Attorneys General Act ("PAGA") based on allegations that Distributor personally sustained wage and hour violations; claims related to intellectual property, trademarks or trade secrets; unfair competition claims; ; statutory discrimination, harassment, and retaliation claims; ; and claims arising under or relating to any federal, state or local constitution, statute or regulation, now or hereafter recognized. Covered Disputes include any dispute between Distributor or Guarantor and an employee, owner, Bakery Entity or other affiliate or alleged joint employer of Bakery arising out of services Distributor provides to Bakery, or Distributor's or Guarantor's relationship with Bakery, provided that such dispute relates to matters that are the subject of a Covered Dispute between Distributor or Guarantor and Bakery.

13.6 ~~13.7~~ **EXCLUDED DISPUTES.** The following disputes (collectively, "Excluded Disputes") are not subject to the Mandatory Dispute Resolution Process set forth in this Article: (i) ~~claims relating to specific performance under this Agreement;~~ (ii) ~~claims or cross-claims relating to indemnification or subrogation of third-party (i.e. entities/individuals not a party to the Agreement) claims (including claims by or against employees and/or contractors of Distributor);~~ (iii) ~~applications for temporary or preliminary injunctive relief in aid of arbitration or for the maintenance of the status quo pending arbitration;~~ (iv) ~~claims related to use or misuse of trade names, trademarks, or intellectual property;~~ ii) claims for public injunctive relief; a court, not an arbitrator, shall decide whether a claim is for public or private injunctive relief, and any claims for private injunctive relief must be arbitrated on an individual basis; (iii) non-individual PAGA claims alleging Labor Code violations that an individual other than Distributor suffered, to the extent these PAGA claims cannot be waived under applicable law; (iv) claims for sexual harassment and/or sexual assault as defined by the Ending Forced Arbitration of Sexual Assault and Sexual Harassment Act (9 U.S.C. §§ 401, 402) if the claiming party elects to exclude such claims from arbitration under this Agreement; and (v) any claim that ~~is expressly precluded from~~ cannot be subject to mandatory arbitration under federal law or state law that is not preempted by the FAA. For the avoidance of doubt, claims against a party to this Agreement are not ~~covered by the above exclusions~~ Excluded Disputes merely by being labeled "third-party" claims. Nothing set forth herein waives either party's right to file a charge or complaint with or to cooperate with any federal, state, or local administrative agency; however, any Covered Dispute that is not resolved through the federal, state or local administrative agency proceeding must be submitted to arbitration in accordance with this Article, except where expressly precluded by a federal statute or regulation.

13.7 ~~13.8~~ **CLASS AND COLLECTION ACTION WAIVER.** TO THE MAXIMUM EXTENT PERMITTED BY LAW, DISTRIBUTOR AND GUARANTOR AND BAKERY AND ANY BAKERY ENTITY AGREE ON ITS AND THEIR BEHALF AND ON BEHALF OF DISTRIBUTOR'S OWNERS TO WAIVE ANY RIGHT TO: (I) INITIATE OR MAINTAIN ANY COVERED DISPUTE ON A CLASS ACTION BASIS OR COLLECTIVE ACTION BASIS, EITHER IN COURT OR IN ARBITRATION, ~~AGAINST BAKERY OR ANY BAKERY ENTITY, WHICH INCLUDES ITS AND THEIR OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS;~~ **INCLUDING THE RIGHT TO A TRIAL BY JURY;** (II) SERVE OR PARTICIPATE AS A REPRESENTATIVE OF ANY SUCH CLASS ACTION OR COLLECTIVE ACTION; (III) SERVE OR PARTICIPATE AS A MEMBER OF ANY SUCH CLASS ACTION OR COLLECTIVE ACTION; OR (IV) RECOVER ANY RELIEF FROM ANY SUCH CLASS ACTION OR COLLECTIVE ACTION. Distributor further agrees that if it is included within any such class or collective action, it will take all steps necessary to opt-out of the action or refrain from opting in, as the case may be.

The parties hereto further agree that the arbitrator will have no power to adjudicate or award remedies including penalties for violations that a party to the arbitration did not ~~directly personally~~ experience- (~~"Indirect Claims"~~), including, but not limited to, Excluded Disputes that are non-individual claims brought on behalf of other individuals pursuant to ~~California's Private Attorneys General Act ("PAGA")~~ PAGA. The arbitrator has ~~no authority or the~~ power to award and must decide claims for penalties pursuant to PAGA, ~~other than~~ for claimed violations ~~and injuries~~ the party directly personally experienced, and the arbitrator must decide disputes over whether the party personally experienced Labor Code violations, regardless of whether the party asserts an individual claim for penalties pursuant to PAGA.

The parties further agree that no arbitrator has authority to: (i) order, authorize, or permit any notice or information about an arbitration or any claims or defenses in an arbitration to be sent to any class or collective or representative group of persons other than the parties to the individual arbitration, provided that any party or the arbitrator may compel testimony of a witness or the production of documents, material or information consistent with applicable arbitration rules or (ii) order or require either party to produce any kind of contact information for any class or collective or representative group of current or former distributors of Bakery or any Bakery Entity. The arbitrator only has authority to allow a Covered Dispute to be decided in arbitration on an individual basis.

Any issue concerning the validity or enforceability of the waiver in this Article ~~(, including the prohibition against class or collective action arbitration,~~ and the validity or enforceability of the prohibition against arbitration of ~~Indirect Claims, including~~ non-individual PAGA ~~Claims)~~ claims, must be decided by a court of

competent jurisdiction applying ~~Pennsylvania law~~ the FAA or applicable state law if the FAA is found not to apply, and no arbitrator has any authority to consider or decide any issue concerning the validity or enforceability of the waiver: ~~or the prohibition against arbitration of non-individual PAGA claims.~~

Any other issue concerning arbitrability of a particular issue or claim pursuant to the arbitration agreement (~~except for those concerning the validity or enforceability of the waiver~~) must be resolved by the arbitrator, not the court, including any issue related to whether a PAGA claim or dispute involves a Covered Dispute.

13.8 ~~13.9~~ **SELECTION AND RULES.** Except as specified below, Distributor, Guarantor, and Bakery agree that any arbitration of a Covered Dispute will be resolved by final and binding arbitration conducted pursuant to the FAA and under the auspices of the AAA and its Commercial Arbitration

Rules (“AAA Commercial Arbitration Rules” available at www.adr.org), or any successor rules, and will be conducted before a single arbitrator unless all parties to the arbitration agree otherwise in writing. Distributor and Bakery agree that the arbitration will be held in or near the county in which Distributor operated under this Agreement, or in any other mutually agreed location. To the extent any of the terms, conditions or requirements of this Article conflict with the AAA Commercial Arbitration Rules or other applicable rules, the terms, conditions and requirements of this Article will govern.

~~Arbitrators are~~ The arbitrator has the authority to resolve discovery disputes in a manner that allows the parties a fair opportunity to discover and present relevant and material evidence, notwithstanding any limitations on discovery set forth in the AAA Commercial Arbitration Rules. The arbitrator is required to issue a written award and opinion, and ~~their awards~~ the award will be final and binding, and any judgment or award issued by an arbitrator may be entered in any court of competent jurisdiction. The arbitration is subject to the same burdens of proof and statutes of limitations as if the Covered Dispute was being heard in federal district court, ~~subject to the choice of law provision in Section 14.10 of this Agreement,~~ and the parties may file and the arbitrator must hear and decide ~~at any point in the proceedings any~~ timely motion permitted by the Federal Rules of Civil Procedure, including without limitation motions to compel discovery, motions for protective orders, motions to dismiss, motions for summary judgment, and motions in limine. The parties shall maintain the confidential nature of the arbitration proceedings to the extent necessary based on a legitimate commercial need or privacy interest and all hearings shall be closed except to the arbitrator and AAA staff, the parties, their legal representatives, any allowed transcriber of the proceedings, and non-parties testifying as witnesses, unless the parties mutually agree to additional attendees. Nothing in this confidentiality provision shall prohibit the parties from communicating with their legal representatives or witnesses about the arbitration proceedings or engaging in protected or activity. The parties shall maintain the confidential nature of the award, except as may be necessary in connection with a judicial challenge to an award or judicial action for its enforcement, or unless otherwise required by law. No arbitration award or decision will have any preclusive effect as to any issues or claims in any other dispute, arbitration, or court proceeding involving persons who were not parties to the arbitration and may not be cited or referenced by any party in any such arbitration or court proceeding unless the parties involved in the ~~subsequent case~~ other arbitration or court proceeding were also parties of the original case. However, if Distributor pursues a PAGA claim, the arbitrator’s award or decision can be presented to a court by either party as a determination of whether or not and if so to what extent Distributor sustained Labor Code violations, including to determine whether and if so to what extent Distributor has standing as an “aggrieved employee” under PAGA.

13.9 ~~13.10~~ **REMEDIES.** Subject to the parties’ right to ~~appeal or~~ seek confirmation or vacatur of an award under applicable law, the parties acknowledge and agree that the decision of the arbitrator will be final and binding on the parties and that the arbitrator is authorized to award any party the full individual remedies that would be available to such party if the Covered Dispute had been filed in a court of competent jurisdiction, including actual and reasonable attorneys’ fees and costs, if any. The parties acknowledge and agree that as part of a party’s costs, it may recover expert fees incurred to the same extent as it could in court. Distributor acknowledges and agrees that, subject to any applicable ~~fee-shifting~~ fee-shifting provisions, it is responsible for the filing fee required to institute arbitration with the AAA up

to the amount of the filing fee it would have incurred had it filed such Covered Dispute(s) in federal district court. Bakery is responsible for all additional arbitration filing fees, forum fees, and other fees and costs assessed by the AAA, subject to the arbitrator’s exercise of its authority if authorized under applicable law to award Bakery costs and fees as the prevailing party or ~~for other equitable reasons, and excepting that Distributor must pay for all AAA costs and under Rule 11 of fees associated with any unreasonable delays or cancellations in the AAA process caused by Distributor~~ the Federal Rules of Civil Procedure, which will apply to Covered Claims. In all instances, Distributor is responsible

to pay for its own attorneys' fees and costs, subject to any applicable fee-shifting provisions.

~~13.11 **LIQUIDATED DAMAGES.** THE PARTIES ACKNOWLEDGE AND AGREE THAT IF IT IS DETERMINED BY A COURT OF COMPETENT JURISDICTION THAT ANY PARTY BREACHED THIS ARTICLE BY ATTEMPTING TO PROSECUTE A COVERED DISPUTE IN A FORUM OTHER THAN ARBITRATION UNDER THIS ARTICLE, THEN SUCH PARTY WILL OWE TO THE OTHER PARTY LIQUIDATED DAMAGES IN THE AMOUNT OF \$20,000. THESE LIQUIDATED DAMAGES WILL BE IN ADDITION TO ANY EQUITABLE OR LEGAL REMEDIES WHICH THAT PARTY MAY HAVE FOR BREACH OF THIS ARTICLE.~~

13.10 ~~13.12~~ **SEVERABILITY.** Without limiting any general severability provision of this Agreement, the Parties understand and agree that if a court or arbitrator invalidates or refuses to enforce any term or portion of a term set forth in this Article, the remainder of this Article (including all portions of terms that are found valid and enforceable) will not be affected by such invalidity or unenforceability but will remain in full force and effect, except that if any portion of the class or collective action waiver or the prohibition against arbitration of non-individual PAGA claims is found invalid or unenforceable, in no event may a court or arbitrator order arbitration on a class or collective basis or arbitration of non-individual PAGA claims. Instead, ~~if the class or collective action waiver is found unenforceable, the class or collective~~ any such affected claim must be litigated in court.

ARTICLE 14 – OTHER TERMS & CONDITIONS

14.1 **NO IMPLIED RIGHTS.** Distributor understands that this Agreement grants Distributor no other rights, either implied by course of conduct or otherwise, except those expressly granted herein. Bakery reserves for itself and each applicable Bakery Entity all rights not expressly made a part of this Agreement. Bakery's rights at the Outlets include the right to sell and distribute Products by any method of distribution other than by Drop-Merch to Outlets. This Agreement does not grant Distributor the right to sell Product using or involving technologies that are not expressly contemplated herein, which such exclusion includes Internet sales and sales in virtual environments.

14.2 **NOTICES.** Unless otherwise noted, any notice required or permitted under this Agreement is deemed received i) immediately when hand-delivered to any representative of Distributor or Bakery; ii) one (1) calendar day after delivery to an overnight courier service for next day delivery; iii) five (5) calendar days after deposit in the mail, return receipt requested, first class postage pre-paid; iv) one (1) calendar day after delivery by email, which such emailed notice remains valid even if the sender receives a machine-generated message that delivery has failed provided the sender then resends a tangible copy of the same notice, along with a copy of the delivery failure notice, per Sections 14.2(i) or 14.2(ii) above no later than two business days after receipt of such failure notice. If a party receives a tangible notice from the sending party that an attempted notice delivery via email has failed, such receiving party must rectify the email delivery problem or provide the sending party with a new email address for notice purposes hereunder within three calendar days of receipt of such failure notice. It may be considered a Curable Breach of this Agreement if a party receives an email delivery failure notice on any two (2) attempted deliveries of emailed notices associated with this Agreement in a rolling 12-month period. Distributor's physical address on file with Bakery may not be a Post Office Box (a.k.a. PO Box). All notices must be addressed to Distributor or to Bakery (Attention: General Counsel) at the physical addresses or email addresses stated above, or to such physical or email address as the parties may designate to each other from time to time by notice that complies with this Section. Distributor acknowledges and agrees that Bakery is only able to send notices and other important documents and payments to Distributor if Bakery has accurate addresses for Distributor; accordingly, Distributor agrees to notify Bakery in writing immediately upon the change of its address both while this Agreement is in effect and for 120 days thereafter.

It is agreed that, in addition to its right to deliver notices and other documents per the acceptable methods of delivery stated above in this Section, and excepting a) notices related to Distributor's exercise of its Right of First Refusal, b) any notice related to Curable or Non-Curable breaches under Article 11, c) any notice required under Article 13, d) any notice required by Section 9.6, e) any service of process related to litigation or arbitration filed by Bakery and vi) any notice required by law to be made in an alternative manner, Bakery may satisfy its obligations of delivering any document, form, or notice due hereunder to Distributor by posting same on an Extranet, website, or similar hosting platform, and Distributor agrees in such cases to register for, and utilize a username and password for, access to such platform, even if such platform is hosted or otherwise serviced by a third party, immediately upon Bakery's request.

Distributor further agrees that Bakery may communicate with Distributor via any method authorized under this Section, through texting or similar smartphone applications, and through the handheld computer ordering equipment for any reason related to Distributor's rights or obligations hereunder.

- 14.3 **SURVIVAL; BAKERY AFFILIATES; WAIVER.** This Agreement is binding upon heirs, personal representatives, successors and permitted assigns of the parties. The parties agree that Bakery may delegate, transfer, or assign on a temporary or permanent basis any of its rights, obligations, benefits or duties to any Bakery Entity, or any other person or entity, without notice, but Bakery will remain responsible for those rights, obligations, benefits or duties unless such person or entity assumes Bakery's obligations. Any reference to Bakery in this Agreement includes reference to such delegee, transferee, or assignee as appropriate. If a party elects not to pursue its rights under this Agreement for any particular event or situation, such action or inaction is not deemed a future waiver of any provision of this Agreement or act as precedent for any future event or situation. In the case of any termination of this Agreement for cause, non-renewal or otherwise, the parties will remain bound by the terms and conditions of this Agreement which expressly or by their nature, require performance after termination. For avoidance of doubt, provisions that survive any termination of this Agreement include without limitation:

(a) Sections 2.2, 4.6, 6.1(m), 6.10, ~~6.11~~, 7.2, 10.3, 11.3; and

(b) Articles 1, 5, 9, 12, 13, 14; and

(c) the Personal Guaranty language relating to Guarantor in the signature block below.

- 14.4 **ENTIRE AGREEMENT, AMENDMENT.** This Agreement and Schedules and any other agreements executed by the parties, constitute the entire agreement between the parties and supersedes all prior agreements, discussions, negotiations, understandings, representations, conditions, warranties and covenants between them with respect to this subject matter. No promises, inducements or representations regarding this Agreement have been made by any party other than those set forth in the written and signed agreements between the parties. Except for as stated in Section 14.11, no change, modification, amendment or waiver of any of the provisions hereby, including by custom, usage of trade, or course of dealing or performance, will be effective and binding upon either party unless (i) it is in writing, signed by all parties, or (ii) it is a change by Bakery as required to comply with the law.

- 14.5 **INDEMNIFICATION.** Each party must indemnify and hold the other harmless against a third party, including Guarantor, as to any costs, charges or claims including reasonable attorney's fees, expert fees and costs of settlement, which may arise out of such party's direct or indirect failure to perform any obligation and/or discharge any liability arising under this Agreement, or such party's negligence or claim of negligence or alleged willful acts, ~~including all claims premised on the existence of an~~

~~alleged employment relationship between Bakery or any Bakery Entity and Guarantor or employees/contractors of Distributor or Guarantor. Distributor acknowledges and agrees that neither it nor its employees, contractors and representatives may allege in such claim or proceeding that it or they, as the case may be, are employees, jointly or otherwise, of Bakery.~~ The obligations of this provision extend to claims arising from actions or inactions made by a party's representatives, employees, or other authorized persons acting on their behalf. This provision includes the following:

- (a) Distributor must indemnify and hold harmless Bakery and each Bakery Entity, as well as its and their officers, directors, employees, successors and assigns (Bakery, each Bakery Entity, and all such persons are collectively "Indemnified Parties") in connection with all claims relating to a motor vehicle accident between Distributor (and/or its employees, contractors or representatives) and a third party regardless of the ownership of the vehicle Distributor's agent was driving;
- (b) Distributor must indemnify and hold harmless the Indemnified Parties and, if applicable, the Outlets, for claims by any ~~third party~~ third-party alleging negligence, and/or willful acts by Distributor, its employees, contractors and representatives, including claims arising from or related to Distributor's use of Bakery Equipment; ~~and~~

(c) Bakery must indemnify and hold harmless Distributor and, if applicable, the Outlets, for claims by any third-party alleging negligence, and/or willful acts by Bakery or its employees, contractors and representatives; and

- (d) ~~(e)~~ Bakery must indemnify, defend and hold harmless Distributor for claims by any third party for allegations of contaminated Products, or other Product quality claims and for any infringement by Bakery of any ~~third party~~ third-party trademark or copyright, to the extent Distributor is not responsible for such claims due to Distributor's negligence or intentional acts or omissions.

~~Notwithstanding the foregoing, Franchisee (Distributor) has no obligation to indemnify or hold harmless an indemnified party for losses to the extent that they are determined to have been caused solely and directly by the indemnified party's gross negligence, willful misconduct, strict liability, or fraud.~~

14.6 **LIMITED POWER OF ATTORNEY.** Distributor and Guarantor irrevocably grant Bakery a limited power of attorney with full and complete authority to transfer the Distribution Rights or perform any of Distributor's obligations hereunder for Distributor's account in accordance with the terms of this Agreement. This appointment survives the death or disability of Guarantor and/or the termination of this Agreement. The power of attorney granted hereby is coupled with the security interest in the Distribution Rights granted by Distributor to Bakery under this Agreement.

14.7 **CONTINUING COOPERATION.** Distributor agrees, at any time and without further consideration, to do such other and further acts, including the execution of any documents or amendments reasonably necessary to carry out the purposes and intent of this Agreement, to correct in any agreement between Distributor and Bakery, as well as between Distributor and any **Distributor Creditor if it is Bakery's additions to such form agreements that require correction**, any typographical error or other mistake, including misspellings of Distributor's name.

In addition, Distributor agrees, at any time and without further consideration, to do such other and further acts, including the execution of any documents or amendments reasonably necessary to carry out the purposes and intent of this Agreement, to correct in this Agreement, including any schedules hereto, any written description of the Outlets if it can be reasonably ascertained, in Bakery's reasonable opinion, that an error or other mutual mistake in drafting such description did occur based on factors that include:

- (a) whether Product sales to the outlet/Outlet in question were calculated into the valuation of the Distribution Rights when such rights were purchased by Distributor;

- (b) whether Distributor has sold Product, or otherwise provided service, to the outlet/Outlet in question since purchasing the Distribution Rights; and
- (c) whether, and for how long, another independent contract distributor has been selling Bakery's products to the outlet/Outlet in question and whether this other independent contract distributor paid consideration for the distribution rights to such outlet/Outlet.

All documents signed per this Section 14.7 are effective retroactively as of the date of this Agreement unless otherwise noted in a writing signed by both parties.

- 14.8 **INSURANCE.** Distributor agrees to obtain and maintain no less than the minimum required amounts of insurance coverage required by the Security Agreement at all times while this Agreement is in effect.
- 14.9 **ACQUISITIONS.** Notwithstanding anything to the contrary contained herein, this Agreement does not apply to, and Distributor will have no right with respect to, any products or product lines obtained by Bakery, or any business entity related thereto, through acquisition, merger, consolidation or other transaction after the Effective Date of this Agreement.
- 14.10 **CONTROLLING LAW.** The validity, interpretation and performance of this Agreement and all claims relating to actions under the Agreement, including those premised on an alleged employment relationship with Bakery or a Bakery Entity, is to be controlled by and construed in accordance with the laws of the Commonwealth of Pennsylvania, without regard to its choice of law provisions; except that if a Covered Claim involves a controversy arising in California, the claim will be governed by substantive California law. Moreover, the validity, interpretation and performance of Article 13 will be governed by the FAA, except as set forth in Article 13.
- 14.11 **NECESSARY MODIFICATION/SEVERABILITY.** If any provision of this Agreement is found to be invalid, contrary to, or in conflict with any applicable present or future law or regulation in a final ruling by any court, arbitration, agency or tribunal possessing competent jurisdiction, this Agreement is deemed modified to the extent necessary to conform with any such ruling, law or regulation, with the remainder of this Agreement not being affected by any such modification.
- 14.12 **COUNTERPARTS AND COPIES.** This Agreement and any amendment hereto may be executed in any number of counterparts, each of which is deemed an original, and all of which constitutes one and the same instrument. A copy of this Agreement, as well as any amendment hereto, printed from an electronic or digital version (e.g., in pdf, tiff or other file format) is of equal force and effect as an original. This Agreement and any amendment hereto may be executed electronically. The parties acknowledge and agree that any such electronic signature by an authorized representative of a party, regardless of how such electronic signature is inputted, is a manifestation of assent and must be given full effect. Distributor agrees that, absent an express finding of fraud with respect to Bakery's copy by a court or arbitrator, as the case may be, Bakery's copy of this Agreement, electronic, digital or otherwise, controls over all other Agreement copies.
- 14.13 **TIME CALCULATION.** In computing the number of days for purposes of this Agreement, all days are counted, including Saturdays, Sundays, and holidays; provided, however, that if the final day of any time period falls on a Sunday, or holiday, then the final day is deemed to be the next day which is not a Sunday or holiday.
- 14.14 **HEADINGS AND TEXT.** The headings and captions used in this Agreement are for reference purposes only and do not have any effect on the interpretation of the Agreement. If Bakery, in its sole discretion, decides to provide this Agreement to Distributor in English and Spanish, the Spanish

translation will be provided solely for Distributor's convenience and only the Agreement in English will be executed and binding between the parties; in the event of a conflict, the terms of the Agreement in English will govern.

- 14.15 **DAMAGES. NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS AGREEMENT, EXCEPT AS PROHIBITED BY APPLICABLE STATE LAW, IN NO EVENT WILL EITHER PARTY BE LIABLE TO THE OTHER FOR ANY LOST INCOME AND PROFITS, CONSEQUENTIAL, INCIDENTAL, INDIRECT OR SPECIAL DAMAGES, INCLUDING LOST PROFITS ~~AND PUNITIVE DAMAGES~~.**
- 14.16 **NO JURY TRIAL.** To the extent that litigation is permitted between them, unless prohibited by the applicable state law, the parties hereby knowingly, voluntarily and intentionally waive the right either of them may have to a trial by jury in respect of any litigation between them or arising out of, related to or in connection with this Agreement.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed as of the day and year first above written.

ILLINOIS AMENDMENT TO DISTRIBUTION AGREEMENT

For purposes of complying with the requirements of Illinois law, including the Illinois Franchise Disclosure Act of 1987, Ill. Rev. Stat. ch. 815 para. 705/1 – 705/44 (1994) (the “Illinois Franchise Act”), BIMBO FOODS BAKERIES DISTRIBUTION, LLC (“Bakery”) and _____ (“Distributor”), hereby amend the Sales Growth Agreement between them dated _____, 20____ (the “Agreement”) as follows:

1. Section 705/19 and 705/20 of the Illinois Franchise Act provide rights to franchisees concerning nonrenewal and termination of a franchise. If the Agreement contains a provision that is inconsistent with the Illinois Franchise Act, the Illinois Franchise Act will control.

2. Section 41 of the Illinois Franchise Act states that “any condition, stipulation, or provision purporting to bind any person acquiring any franchise to waive compliance with any provision of this Act is void.” To the extent that any provision in the Agreement is inconsistent with Illinois law, Illinois law will control.

3. Any provision that designates jurisdiction or venue or required Franchisee to agree to jurisdiction or venue in a forum outside of Illinois is void with respect to any cause of action which is otherwise enforceable in Illinois, except arbitration may take place outside the state of Illinois.

4. If this Agreement requires that it be governed by a state’s law, other than the State of Illinois, to the extent that such law conflicts with the Illinois Franchise Disclosure Act, the Act will control.

5. To the extent that the Illinois Franchise Act prohibits the disclaimer of representations contained in a franchisor’s Franchise Disclosure Document, the Agreement is amended to include representations made in BBDC’s Franchise Disclosure Document to the extent required by law.

6. Section 14.4 of the Sales Growth Agreement is amended by the addition of the following language:

Provided, however, that nothing in this Section 14.4 shall preclude any representations contained in the Franchise Disclosure Document of which this Sales Growth Agreement is an exhibit, from being binding on Franchisor.

7. Each provision of this Amendment shall be effective only to the extent that the jurisdictional requirements of Illinois law applicable to the provisions are met independent of this Amendment. This Amendment shall have no force or effect if such jurisdictional requirements are not met.

8. All other provisions of the Agreement are hereby ratified and confirmed.

IN WITNESS WHEREOF, Bakery and Distributor have duly executed and delivered this Amendment as of the following date: _____, 20____.

MARYLAND AMENDMENT TO SALES GROWTH AGREEMENT

For purposes of complying with the requirements of Maryland law, including the Maryland Franchise Registration and Disclosure Law, Md. Code Ann., Bus. Reg. §§ 14-201 - 14-233 (2015 Repl. Vol.) (the "Disclosure Law"), BIMBO FOODS BAKERIES DISTRIBUTION, LLC ("Bakery") and _____ ("Distributor"), hereby amend the Sales Growth Agreement between them dated _____, 20__ (the "Agreement") as follows:

1. This Agreement requires you to assent to a release of claims, estoppel or waiver of liability, to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation or action that would violate the Disclosure Law or a rule or order under the Disclosure Law in order to purchase the franchise. Such release, estoppel or waiver shall exclude claims arising under the Disclosure Law, and such acknowledgments shall be void with respect to claims under the Disclosure Law.

2. This Agreement obligates you to execute a release of claims as a condition to renewal or transfer. Such a release shall not apply to any liability under the Disclosure Law, and such release shall be void with respect to claims under the Disclosure Law.

3. This Agreement requires that mediation, arbitration and litigation be conducted in a place in the county where your principal place of business is located. This requirement shall not be interpreted to limit any rights you may have under Sec. 14-216 (c)(25) of the Disclosure Law to bring suit in the state of Maryland for claims arising under the Disclosure Law.

4. This Agreement is hereby amended to reflect that any claims arising under the Disclosure Law must be brought within 3 years after the grant of the franchise. The limitation of claims provisions shall not act to reduce the 3 year status of limitations afforded you for bringing a claim arising under the Disclosure Law.

5. This Agreement is hereby amended to reflect that the general release required as a condition of renewal, sale and/or assignment/transfer shall not apply to any liability under the Disclosure Law.

6. This Agreement is hereby amended to state that: No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise, including this Agreement. Without limiting the generality of the foregoing, Section 14.4 (Entire Agreement, Amendment) of this Agreement is expressly amended to include a last sentence to that Section stating that: **Nothing in this Agreement or any related agreement is intended to disclaim the representations made by Bakery (Franchisor) in the Franchise Disclosure Document.**

7. Each provision of this Amendment shall be effective only to the extent that the jurisdictional requirements of Maryland law applicable to the provisions are met independent of this Amendment. This Amendment shall have no force or effect if such jurisdictional requirements are not met.

8. All other provisions of the Agreement are hereby ratified and confirmed.

IN WITNESS WHEREOF, Bakery and Distributor have duly executed and delivered this Amendment as of the following date: _____, 20__.

MINNESOTA AMENDMENT TO SALES GROWTH AGREEMENT

For purposes of complying with the requirements of Minnesota law, including the Minnesota Franchise Act, Minn. Stat. Section 80.01 et seq., and of the Rules and Regulations promulgated under the Act (the "Franchise Act"), BIMBO FOODS BAKERIES DISTRIBUTION, LLC ("Bakery") and ("Distributor"), hereby amend the Sales Growth Agreement between them dated _____, 20__ (the "Agreement") as follows:

1. The Minnesota Department of Commerce requires that Franchisor indemnify Minnesota franchisees against liability to third parties resulting from claims by third parties that the Franchisee's use of the Proprietary Marks infringes trademark rights of the third party. Franchisor does not indemnify against the consequences of Franchisee's use of the Proprietary Marks except in accordance with the requirements of the Agreement, and, as a condition to indemnification, Franchisee must provide notice to Franchisor of any such claim within ten (10) days after the earlier of (i) actual notice of the claim or (ii) receipt of written notice of the claim, and must therein tender the defense of the claim to Franchisor. If Franchisee accepts the tender of defense, Franchisor has the right to manage the defense of the claim including the right to compromise, settle or otherwise resolve the claim, and to determine whether to appeal a final determination of the claim. If the Agreement and/or the Disclosure Document contains a provision that is inconsistent with the Franchise Act, the provisions of the Agreement and/or the Disclosure Document shall be superseded by the Act's requirements and shall have no force or effect.

2. Franchise Act, Sec. 80C.14, Subd. 4., requires, except in certain specified cases, that a franchisee be given written notice of a franchisor's intention not to renew 180 days prior to expiration of the franchise and that the franchisee be given sufficient opportunity to operate the franchise in order to enable the franchisee the opportunity to recover the fair market value of the franchise as a going concern. If the Agreement and/or the Disclosure Document contains a provision that is inconsistent with the Franchise Act, the provisions of the Agreement and/or the Disclosure Document shall be superseded by the Act's requirements and shall have no force or effect.

3. Franchise Act, Sec. 80C.14, Subd. 3., requires, except in certain specified cases that a franchisee be given 90 days notice of termination (with 60 days to cure). If the Agreement and/or the Disclosure Document contains a provision that is inconsistent with the Franchise Act, the provisions of the Agreement and/or the Disclosure Document shall be superseded by the Act's requirements and shall have no force or effect.

4. If Franchisee is required in the Agreement and/or the Disclosure Document to execute a release of claims or to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation or action that would violate the Franchise Act, such release shall exclude claims arising under the Franchise Act, and such acknowledgments shall be void with respect to claims under the Act.

5. If the Agreement and/or the Disclosure Document requires that it be governed by a state's law, other than the State of Minnesota, those provisions shall not in any way abrogate or reduce any you may have as provided for in the Franchise Act, including the right to submit matters to the jurisdiction of the courts of Minnesota.

6. If the Agreement and/or the Disclosure Document requires you to sue Franchisor outside the State of Minnesota, those provisions shall not in any way abrogate or reduce any rights you may have as provided for in the Franchise Act, including the right to submit matters to the jurisdiction of the courts of Minnesota. As such, the disclosure in the risk factor on the cover page of the Disclosure Document that the Agreement requires you to sue outside the State of Minnesota is not applicable because of the Franchise Act.

7. Minn. Rule 2860.4400J. prohibits Franchisor from requiring you to consent to liquidated

damages. If the Agreement and/or the Disclosure Document contains a provision that is inconsistent with the Minn. Rule, the provisions of the Agreement and/or the Disclosure Document shall be superseded by the Minn. Rule's requirements and shall have no force or effect.

8. Minn. Rule 2860.4400J. prohibits waiver of a jury trial and prohibits Franchisor from requiring you to consent to Franchisor obtaining injunctive relief. If the Agreement contains a provision that is inconsistent with the Minn. Rule, the provisions of the Agreement shall be superseded by the Minn. Rule's requirements, shall have no force or effect and is hereby revised to reflect that Franchisor may seek injunctive relief and that whether any bond will be necessary will be determined by the court.

9. Each provision of this Amendment shall be effective only to the extent that the jurisdictional requirements of Minnesota law applicable to the provisions are met independent of this Amendment. This Amendment shall have no force or effect if such jurisdictional requirements are not met.

10. The Limitations of Claims section must comply with Minnesota Statute 80C.17 Subd. 5.

11. All other provisions of the Agreement are hereby ratified and confirmed.

WASHINGTON AMENDMENT TO SALES GROWTH AGREEMENT

In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, Chapter 19.100 RCW will prevail.

RCW 19.100.180 may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise. There may also be court decisions which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise.

In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.

A release or waiver of rights executed by a franchisee may not include rights under the Washington Franchise Investment Protection Act or any rule or order thereunder except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel. Provisions such as those which unreasonably restrict or limit the statute of limitations period for claims under the Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.

Transfer fees are collectable to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.

Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provisions contained in the franchise agreement or elsewhere that conflict with these limitations are void and unenforceable in Washington.

RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington.

~~No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.~~

The undersigned does hereby acknowledge receipt of this addendum.

Dated this _____ day of _____, 20_____.

ADVERTISING AGREEMENT - DA

THIS ADVERTISING AGREEMENT (this “Agreement”) is made effective «**Effective_Date**», by and between «**Distribution_Company**» (“«**Dist_Co**»”), a Delaware Limited Liability Company with its principal office at **355 Business Center Drive, Horsham, PA 19044** (herein referred to as “Advertiser”), and «**Purchaser_Business_Name**», a corporation with its principal office at «**Purchaser_Address**», «**Purchaser_City**», «**Purchaser_State**» «**Purchaser_Zip**» (herein referred to as “Lessor”).

In consideration of the mutual promises contained herein the parties agree as follows:

- 1. AGREEMENTS:** Lessor and Advertiser are parties to a distribution agreement (“Distribution Agreement”), and such Distribution Agreement, even if entered into after the date hereof, is incorporated herein by reference.
- 2. DELIVERY VEHICLE ADVERTISING:** Lessor agrees to lease to Advertiser, for the purpose of advertising Advertiser's brands, the entire outside surface of each delivery vehicle utilized by Lessor in the operation of Lessor’s distribution rights granted to Lessor under the Distribution Agreement (hereinafter such vehicles being referred to as either a “Vehicle” or “Vehicles”). The following applies to such Vehicle advertising lease:
 - A. Except as otherwise stated herein, Advertiser agrees to pay to Lessor an advertising fee in the amount of «**Vehicle_Advertising_Fee**»/week for each Vehicle Lessor uses in a full-time capacity in the operation of Lessor’s distribution rights granted to Lessor under the Distribution Agreement, with the determination of whether a Vehicle is used in a full-time capacity by Lessor being in the sole reasonable discretion of Advertiser.
 - B. Advertiser is permitted, in its sole reasonable discretion, to place advertisements on the Vehicles by any means commonly in use for vehicle advertisements, including without limitation wraps, decals, and magnets.
 - C. Lessor agrees that the exterior of each Vehicle must be either all white, black, silver, or grey; provided however, that if a Vehicle is such that the driver/cab area is segregated from the cargo area (i.e. there is no interior door from the cab area to the cargo area), then the cab can be white and the remaining non-cab portions of the Vehicle can be either white, black, grey, or silver.
 - D. If Lessor uses a trailer as a Vehicle, then i) it is the entire outside surface of such trailer that Advertiser is leasing for advertising purposes and ii) such trailer must be either all white, black, silver, or grey.
 - E. Exceptions to the color schemes of the Vehicle can be granted only via a writing signed by

Advertiser.

- F. No part of the Vehicle, or the automobile used for towing if the Vehicle is a trailer, can have any type of advertising, sign, sticker, or written statement of any kind unless same is placed there, or authorized in writing by, Advertiser or is otherwise required by law or placed there by the manufacture of such Vehicle.
- G. All Vehicles must be fully enclosed. All Vehicles must be maintained in a clean and neat condition free from dirt, rust, peeling or notably faded paint, dents larger than 4 inches wide, holes, loose or missing parts, or any unsightly blemish or condition that could damage Advertiser's commercial reputation.
- H. Advertiser may require Lessor to repaint the Vehicle(s) from time to time as Advertiser may reasonably require.
- I. Lessor agrees to make the Vehicle(s) available to Advertiser on reasonable notice and at reasonable times, for Advertiser to place or amend its advertising materials on the Vehicle(s).
- J. Advertiser is solely responsible for the content of any advertising material as well as for placing, amending and/or removing all such advertising materials on the Vehicles and doing so at its own cost.
- K. Advertiser is not obligated to pay Lessor the weekly amount due under Section 2(A) for any week where a Vehicle is not fully compliant with this Section 2 on every day of such week while the Vehicle is being used to perform a task related to Lessor's obligations under the Distribution Agreement.
- L. If Lessor, in Advertiser's sole reasonable judgment, is not complying with any portion of this Section 2, Advertiser may i)) refuse to pay any amounts due to Lessor under this Section until Lessor becomes compliant or ii) permanently cancel the Vehicle advertising lease under this Section if Lessor fails to cure any such non-compliance after it receives three (3) days written notice of same; provided that notice and a time to cure is not required for permanent Vehicle lease cancellation by Advertiser if Advertiser has sent Lessor four or more such non-compliance notices in the most recent three-year period.
- M. In the event of i) a cancellation of the advertising lease per Section 2(L)(ii) of this Agreement or ii) a termination of this entire Agreement, Lessor must immediately make the Vehicle(s) available to Advertiser for the purpose of having the advertisements removed or covered by Advertiser; and Lessor must pay to Advertiser the amount of \$100 as liquidated damages for every full week that Lessor fails to make the Vehicle(s) available to Advertiser or Advertiser's agent for such purpose after a post-cancellation or post-termination request for same has been made by Advertiser. This Section 2(M) survives the cancellation of Vehicle lease and the termination of this Agreement.

3. **CLOTHING ADVERTISING:** Lessor agrees to lease to Advertiser, for the purpose of advertising Advertiser's brands, all areas of Advertiser approved clothing worn by Lessor's primary

operating employee(s) or contractor(s) (“Wearer”) during the operation of Lessor’s distribution rights granted to Lessor under the Distribution Agreement (hereinafter such clothing with the advertisements on it being referred to as either “Cloths” or “Clothing”). The following applies to such Clothing advertising lease:

- A. Except as otherwise stated herein, Advertiser agrees to pay to Lessor an advertising fee in the amount of «**Clothing_Advertising_Fee**»/week for each handheld ordering device being used by Lessor on a full-time basis in the operation of Lessor’s distribution rights under the Distribution Agreement provided there is a different Wearer wearing the Clothing for each such device, and with the determination of whether a handheld ordering device is used on a full-time basis by Lessor being in the sole reasonable discretion of Advertiser.
- B. No part of the Clothing or the Wearer’s other apparel can have any type of advertising, sign, sticker, button or written statement of any kind unless same is authorized in writing by Advertiser or is an original brand tag placed on the item by the manufacturer of such apparel.
- C. All Clothing and other apparel of the Wearer must be maintained in a clean and neat condition free from dirt, stains, holes, rips, cuts, or any unsightly blemish or condition that could damage Advertiser’s commercial reputation, and such Clothing and other apparel must also comply with Advertiser’s clothing advertising policy, if any, which such policy may change from time to time at Advertiser’s reasonable discretion.
- D. The Wearer herself/himself must, at all times while wearing the Clothing, be washed and free from dirt, grease, offensive odor, and unkempt head and facial hair as well as any condition that could damage Advertiser’s commercial reputation.
- E. Lessor may only purchase Clothing with Advertiser’s advertisement(s) screened or otherwise embedded into the Clothing from sellers authorized by Advertiser to sell such Clothing.
- F. Lessor is solely responsible for the cost of purchasing and maintaining the Clothing.
- G. Lessors agrees to not wear Clothing that is more than three years old based on Lessor’s date of receipt of such Clothing item.
- H. Lessor agrees to participate in any reasonable Clothing purchase program that Advertiser may choose to initiate, which such program may include, by way of example and not limitation, i) that Lessor must purchase new Clothing each year provided that the annual cost of doing so does not exceed four times the weekly advertising fee noted in Section 3(A) above; ii) that Advertiser may procure such Clothing and sell same to Lessor to ensure the Clothing is compliant with this Agreement; and iii) that Lessor would owe Advertiser for the purchase price of all Clothing that Advertiser procures for Lessor under any such Clothing purchase program.
- I. Advertiser is solely responsible for the costs and other aspects of the advertisements that the authorized sellers of the Clothing place on the Clothing.

- J. Advertiser is not obligated to pay Lessor the weekly amount due under Section 3(A) for any week where Lessor/Wearer is not fully compliant with this Section 3 on every day of such week during the times that Lessor/Wearer is performing a task related to Lessor's obligations under the Distribution Agreement.
- K. If Lessor, in Advertiser's sole reasonable judgment, is not complying with any portion of this Section 3, Advertiser may i) refuse to pay any amounts due to Lessor under this Section until Lessor becomes compliant or ii) permanently cancel the Clothing advertising lease under this Section if Lessor fails to cure any such non-compliance after it receives three (3) days written notice of same; provided that notice and a time to cure is not required for permanent Clothing lease cancellation by Advertiser if Advertiser has sent Lessor four or more such non-compliance notices in the most recent three-year period.
- L. In the event of i) a cancellation of the advertising lease per Section 3(I)(ii) of this Agreement or ii) a termination of this entire Agreement, Lessor must immediately cease wearing the Clothing; and Lessor must pay to Advertiser the amount of \$15 as liquidated damages for each day that Lessor wears Clothing after the Clothing lease has been canceled or terminated per this Agreement. This Section 3(L) survives the cancellation of the Clothing lease and the termination of this Agreement.

4. **PAYMENTS**: All payments due by Advertiser to Lessor under this Agreement may be made as a credit to Lessor's Settlement account with Advertiser, as such account is described in the Distribution Agreement. All amounts due by Lessor to Advertiser under this Agreement may, in Advertiser's sole option, either be invoiced to Lessor net 15, or charged to Lessor's Settlement account, as such account is described in the Distribution Agreement.

5. **RESTRICTED USE**: This Agreement is not to be interpreted or construed by either party to authorize or license the Lessor to use the trade names or trademarks of Advertiser in any way other than as set forth in Sections 2 and 3 above, nor authorize either party to act as agent or employee of the other. Lessor agrees that Lessor, in compliance with the Distribution Agreement, must have painted in a conspicuous manner on all Vehicles "Owned and operated by [Lessor's Name]__, an Independent Contractor". Lessor also agrees that the Clothing must include the words "Independent Business Partner," or similar phrasing that Advertiser may change from time to time, under the advertised logo. This Agreement does not in any way modify or supersede Lessor's obligations under the Distribution Agreement that Lessor must identify Lessor as an independent contractor of Advertiser in all of Lessor's third-party dealings.

6. **TERM**: Either party may terminate this Agreement on thirty (30) days written notice to the other. This Agreement also automatically terminates simultaneously with any termination or non-renewal of the Distribution Agreement.

7. **CONSTRUCTION**: This Agreement, in all respects, is governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania, without respect to its choice of law rules.

8. COUNTERPARTS AND COPIES: This Agreement and any amendment hereto may be executed in any number of counterparts, each of which is deemed an original, and all of which constitutes one and the same instrument. A copy of this Agreement, as well as any amendment hereto, printed from an electronic or digital version (e.g., in pdf, tiff or other file format) is of equal force and effect as an original. This Agreement and any amendment hereto may be executed electronically. The parties acknowledge and agree that any such electronic signature by an authorized representative of a party, regardless of how such electronic signature is inputted, is a manifestation of assent. Lessor agrees that, absent an express finding of fraud with respect to Advertiser's copy of this Agreement by a court or arbitrator, as the case may be, Advertiser's copy of this Agreement, electronic, digital or otherwise, controls over all other Agreement copies.

9. HEADINGS AND TEXT. The headings and captions used in this Agreement are for reference purposes only and do not have any effect on the interpretation of the Agreement.

10. ENTIRE AGREEMENT. This Agreement constitutes the entire agreement between the parties and supersedes all prior agreements, discussions, negotiations, understandings, representations, conditions, warranties and covenants between them with respect to this subject matter.

IN WITNESS WHEREOF, the parties have executed this Agreement effective as of the day and year first above written.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Shareholders of Grupo Bimbo, S.A.B. de C.V. and Subsidiaries

Opinion

We have audited the accompanying consolidated financial statements of Grupo Bimbo, S.A.B. de C.V. and Subsidiaries (the Company), which comprise the consolidated statement of financial position as of 31 December 2023, 2022 and 2021, and the consolidated statements of profit or loss, consolidated statements of other comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of Grupo Bimbo, S.A.B. de C.V. and Subsidiaries as of 31 December 2023, 2022 and 2021, and its consolidated results and cash flows for the years then ended in accordance with International Financial Reporting Standards (IFRS).

Basis for opinion

We conducted our audit in accordance with Auditing Standards Generally Accepted in the United States of America (GAAS) and in accordance with the International Standards on Auditing (ISAs). Our responsibilities under those standards are described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Company, and have fulfilled our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits, which include relevant ethical requirements in the United States of America and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

~~Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements~~

~~Management is responsible for the preparation and fair presentation of the accompanying consolidated financial statements in accordance with IFRS, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.~~

~~In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.~~

~~Those charged with governance are responsible for overseeing the Company's financial reporting process.~~

~~Auditor's Responsibilities for the Audit of the Consolidated Financial Statements~~

~~Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with Auditing Standards Generally Accepted in the United States of America and the International Standards on Auditing will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.~~

~~In performing an audit in accordance with Auditing Standards Generally Accepted in the United States of America and the International Standards on Auditing, we:~~

- ~~• Exercise professional judgment and maintain professional skepticism throughout the audit.~~
- ~~• Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.~~

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.
- Obtain sufficient appropriate audit evidence regarding the Company's financial information of the entities or business activities within the Company to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit of the Company. We remain solely responsible for our audit opinion.

We are required to communicate to the Audit and Corporate Practices Committee regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2. Basis of preparation

Adoption of new and revised International Financial Reporting Standards

a) Application of new and revised International Financial Reporting Standards (IFRS) and their interpretations, the adoption of which is mandatory in the current year

In 2023, the Company adopted a series of new and amended IFRS issued by the International Accounting Standards Board (IASB), which are effective for annual periods beginning on or after January 1, 2023:

Amendments to IAS 1: Classification of Liabilities as Current or Non-current

In January 2020, the IASB issued amendments to IAS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- ~~—What is meant by a right to defer settlement~~
- ~~—That a right to defer must exist at the end of the reporting period~~
- ~~—That classification is unaffected by the likelihood that an entity will exercise its deferral right~~
- ~~—That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification~~

As of December 31, 2023, these amendments have not had an impact on the Company's consolidated financial statements given that the main liabilities do not have right to defer clauses.

~~Amendments to IAS 1 Presentation of Financial Statements and Practice Statement IFRS Preparation of Judgments on Materiality—Disclosure of Accounting Policies~~

The amendments change the requirements of IAS 1 with respect to the disclosure of accounting policies.

The amendments replace all instances of the term "significant accounting policies" with "material disclosures about accounting policies." Information about accounting policies is material if, when considered together with other information in an entity's financial statements, it could reasonably be expected to influence the decisions that primary users of general purpose financial statements make on the basis of those financial statements.

The supporting paragraphs in IAS 1 are also amended to clarify that accounting policy information that relates to immaterial transactions, other events or conditions is immaterial and need not be disclosed. Information about accounting policies may be material due to the nature of the related transactions, other events or conditions, even if the amounts are immaterial. However, not all accounting policy information relating to material transactions, other events or conditions is material.

The Board has also developed guides and examples to explain and demonstrate the application of the "four step materiality process" described in Practice Statement 2.

The Practice Statement 2 amendments do not contain an effective date or transition requirements.

As of December 31, 2023, the Company carried out the analysis and modified the content of the material information on accounting policies disclosure.

~~Amendments to IAS 8 Definition of Accounting Estimates~~

In February 2021, the IASB issued amendments to IAS 8, the amendments are intended to introduce a definition of accounting estimates. The amendments clarify the distinction between changes in accounting policies from changes in accounting estimates. Also, clarify how entities use measurement techniques and inputs to develop accounting estimates.

As of December 31, 2023, these modifications had no impact on the consolidated financial statements.

~~Amendments to IAS 12: Deferred tax related to assets and liabilities arising from an individual transaction~~

The amendments introduce an additional exception to the initial recognition exemption. Under the amendments, an entity does not apply the initial recognition exemption for transactions that give rise to equal cumulative and deductible temporary differences.

Depending on the applicable tax legislation, equal cumulative and deductible temporary differences may arise on initial recognition of an asset and liability in a transaction that is not a business combination that does not affect accounting profit or tax profit.

The amendments to IAS 12 require an entity to recognize the deferred tax asset and liability related to the recognition of any deferred tax asset subject to the recoverability criteria of IAS 12.

The modifications apply to transactions that occur on or after the beginning of the first comparative period. Additionally, at the beginning of the earliest comparative period, an entity recognizes:

~~A deferred tax asset (to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be used) and a deferred tax liability for all cumulative and deductible temporary differences associated with:~~

- ~~—Rights of use asset and lease liabilities~~
- ~~—Decommissioning, restoration and similar liabilities and the corresponding amounts recognized as part of the cost of the related asset~~
- ~~—The cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of stockholders' equity, as applicable) as of that date.~~

~~As of December 31, 2023, these modifications had no impact on the consolidated financial statements.~~

~~**Amendments to IAS 12 International Tax Reform—Pillar Two Model Rules**~~

~~In May 2023, the IASB issued amendments to IAS 12, aimed at the criteria for the accounting recognition of supplementary income tax arising from tax laws enacted to implement the model rules of Pillar Two published by the Organization for Economic Cooperation and Development ("OECD"). These amendments establish that an entity will not recognize or disclose information on assets and liabilities for deferred taxes related to income taxes of Pillar Two. Additionally, contemplate that the expense (income) for current taxes related to the income taxes of Pillar Two must be disclosed separately.~~

~~These modifications are applicable for annual periods beginning on or after January 1, 2023.~~

~~As of December 31, 2023, the Company is in the process of analyzing the impacts and application dates of the complementary income tax established in the Pillar Two Model.~~

~~⁽¹⁾Effective for annual periods beginning on or after January 1, 2024.~~

~~⁽²⁾Effective for annual periods beginning on or after January 1, 2025.~~

~~**Amendments to IFRS 16 Sale-Leaseback Transactions**~~

~~In September 2022, the IASB issued amendments to IFRS16, in which it clarifies that in a sale-leaseback transaction, the seller-lessee must recognize the right of use asset and the lease liability according to the recognition guidelines established. Determining the lease payments revised in such a way that it does not recognize any gain or loss that is related to the right of use retained by the seller-lessee. The application of these requirements does not prevent the seller-lessee from recognizing in the result of the period any gain or loss related to the partial or total termination of a lease.~~

~~These modifications are applicable for annual periods beginning on or after January 1, 2024, with early application being permitted.~~

~~The Company will evaluate the impacts of this standard in case it has these transactions in the future.~~

~~**Amendments to IAS 1 Non-current liabilities with covenants**~~

~~In October 2022, the IASB issued amendments to IAS 1, in which it establishes that an entity could classify liabilities derived from loan agreements as non-current when the entity's right to defer the settlement of those liabilities is subject to that the entity complies with the covenants within the twelve months following the reporting period, when this happens information will be disclosed in the notes to the financial statements to understand the risk of the liabilities that may be payable in the following twelve months to the reporting period.~~

~~These amendments are applicable for annual periods beginning on or after January 1, 2024, with early application being permitted.~~

~~The Company will apply these modifications when it has liabilities with right to defer.~~

~~Amendments to IAS 7 and IFRS 7 Supplier Finance Arrangements~~

~~In May 2023, the IASB amended the amendments to IAS 7 and IFRS 7, related to disclosures on supplier finance arrangements, which mainly include:~~

- ~~—Terms and conditions of financing agreements.~~
- ~~—The carrying amounts, and associated line items presented in the statement of financial position, of the financial liabilities that are part of a supplier finance arrangement.~~
- ~~—Range of due dates compared to accounts payable that are not part of financing agreements.~~

~~These modifications are applicable for annual periods beginning on or after January 1, 2024.~~

~~As of December 31, 2023, the Company is currently in the process of evaluating the impacts on the disclosures to the consolidated financial statements as a consequence of the amendments in this standard.~~

~~Amendments to IAS 21 Lack of Exchangeability~~

~~In August 2023, the IASB issued modifications to IAS 21, focused on the evaluation of whether an exchange rate exists from one currency to another, and if it is concluded that it does not exist, guidelines are established so that the entity can estimate the same.~~

~~These modifications are applicable for annual periods beginning on or after January 1, 2025.~~

~~As of December 31, 2023, the Company is analyzing the implications of these modifications, however, no relevant impacts are expected.~~

~~IFRS Sustainability Disclosure Standards~~

~~In November 2021, the creation of the International Sustainability Standards Board (“ISSB”) was announced, with the goal of issuing standards that will result in a comprehensive, high-quality global baseline of focused sustainability disclosures on the needs of investors and financial markets. In June 2023, the ISSB issued IFRS S1 General Requirements for Disclosure of Sustainability-related Financial Information and IFRS S2 Climate-related Disclosures.~~

~~These amendments are applicable for annual periods beginning on or after January 1, 2024, with early application being permitted.~~

~~As of December 31, 2023, the Company is analyzing the information that has been disclosed to investors in order to align with these new standards.~~

~~c) Consolidated statement of profit or loss and other comprehensive income~~

~~The Company presents its profit or loss in two separate statements: i) the consolidated statement of profit or loss, and ii) the consolidated statement of other comprehensive income. The Company's expenses are presented based on their function, which is consistent with the customary practices of the industry to which the Company belongs. The nature of these expenses is described in Note 21. Although not required to do so under IFRS, the Company includes operating profit in the consolidated statement of profit or loss, since this item is an important indicator for evaluating the Company's financial and business performance.~~

Interest and dividends received are shown as investing activities, while interest and dividends paid are shown as financing activities. ~~3. Material information on accounting policies~~

To comply with the requirements of IAS 1, the Company comprehensively evaluates the following factors to determine whether an accounting policy is material or not, for the purposes of disclosure in the financial statements:

- Refers to a relevant item in the financial statement
- Has had changes in the current period
- Choose between accounting record alternatives established by IFRS.
- It was developed in the absence of a specific IFRS
- If it requires significant judgments or assumptions
- Refers to complex operations

a) Compliance statement

The Company's consolidated financial statements have been prepared in accordance with IFRS, as issued by the IASB.

b) Basis of preparation

The Mexican peso is the Company's functional currency for transactions in Mexico and the presentation currency of its consolidated financial statements.

The accompanying consolidated financial statements have been prepared on a historical cost basis, except for certain assets and liabilities (mainly derivative financial instruments) and other equity instruments, which are measured at fair value at the end of the reporting period, and the non-monetary assets of the Company's subsidiaries in hyperinflationary economies, which are restated for inflation, as explained in the accounting policies below.

i. Historical cost

Historical cost is generally equal to the fair value of the consideration to which the Company is entitled in exchange for the goods and services received.

ii. Fair value

Fair value is the price to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for measurements that have some similarities to fair value but are not fair value, such as net realizable value in IAS 2 or value-in-use in IAS 36.

Additionally, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which is described as follows:

- Level 1: quoted (unadjusted) market prices in active markets for identical assets or liabilities that the Company can access at the measurement date.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly indirectly
- Level 3: unobservable inputs are considered.

Basis of presentation

Current versus non-current (short-term versus long-term) classification

The Company presents assets and liabilities in the consolidated statement of financial position as current when it is:

- Expected to be realized or intended to be sold or consumed in the normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

c) Basis of consolidation

In accordance with IFRS 10, the consolidated financial statements comprise the financial statements of the Company, its subsidiaries and other entities as of December 31, 2023, 2022 and 2021.

Gains and losses of subsidiaries acquired during the year are recognized in the consolidated statement of profit or loss and statement of comprehensive income from the acquisition date, as applicable.

~~Non-controlling interest represents the portion of profit or loss and net assets that do not correspond to the Company but to the minority shareholders and is recognized separately in the consolidated financial statements.~~

~~The political and economic situation in Venezuela has significantly limited the capacity of the Company's subsidiaries in Venezuela to maintain their production process under normal conditions. Due to the above, and since Grupo Bimbo will continue its operations in Venezuela, as of June 1, 2017, the Company changed the method under which it consolidated the financial position and performance of its operations in Venezuela; therefore, at the date of these financial statements, the Company measures its investment in Venezuela at fair value through other comprehensive income (OCI), in accordance with IFRS 9.~~

~~The Company elected to classify irrevocably its equity investments in affiliates in Venezuela under this category as it intends to hold these investments for the foreseeable future. As of December 31, 2023, 2022 and 2021, the Company recognized an impairment loss of \$236,~~

~~\$32 and \$112, respectively, in other comprehensive income.~~

~~Profit or loss and each component of OCI are attributed to the equity holders of the parent of the Company and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.~~

~~All intercompany balances and transactions have been eliminated on consolidation.~~

~~d) Business combination~~

~~Business combinations are accounted for using the acquisition method. The consideration transferred in a business acquisition is measured at fair value, which is calculated as the sum of the fair values of the assets transferred by the Company, the liabilities incurred by the Company to the former owners of the acquiree and the equity interests issued by the Company in exchange for control of the acquiree. Costs related to the acquisition are generally recognized in profit or loss as incurred.~~

~~At the acquisition date, all identifiable assets acquired and liabilities assumed in a business combination are measured at fair value, except for:~~

- ~~• Deferred tax assets or liabilities and assets or liabilities related to employee benefits are recognized and measured in accordance with IAS 12 *Income Taxes* and IAS 19 *Employee Benefits*, respectively;~~
- ~~• Liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements of the Company entered into to replace share-based payment arrangements of the acquiree that are measured in accordance with IFRS 2 *Share-based Payments* at the acquisition date (as of December 31, 2023, 2022 and 2021, the Company does not have share-based payments);~~
- ~~• Assets (or disposal groups) that are classified as held for sale and measured in accordance with IFRS 5 *Non-current Assets Held for Sale and Discontinued Operations*.~~

~~Goodwill is measured at cost (being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests and any previous interest held over the net identifiable assets acquired and liabilities assumed). If, after reassessment, the fair value of the net assets acquired and liabilities assumed at the acquisition date is in excess of the aggregate consideration transferred, the amount recognized for non-controlling interests in the acquiree and any previous interest held over the acquiree is recognized in profit or loss as gain on business combinations.~~

~~Non-controlling interests may be initially measured either at fair value or at the proportional share of the acquiree's identifiable net assets. The election is made on a transaction-by-transaction basis.~~

~~When the consideration transferred by the Company in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at fair value at the acquisition date and is included as part of the consideration transferred. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively and the corresponding adjustments are charged against goodwill. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year following the acquisition date) on facts and circumstances that existed at the acquisition date.~~

~~The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on the classification of the contingent consideration. Contingent considerations classified as equity are not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent considerations classified as assets or liabilities are remeasured at subsequent reporting dates in accordance with IFRS 9 or IAS 37 *Provisions, Contingent Liabilities and Contingent Assets*, as appropriate, and the corresponding gain or loss is recognized in profit or loss.~~

~~When a business combination is achieved in stages, any previous interest held over the acquiree is remeasured at fair value at the acquisition date and the resulting gain or loss, if any, is recognized in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognized in other comprehensive income are reclassified to profit or loss when such treatment is appropriate if that interest is disposed of.~~

~~If the initial accounting treatment for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Company must report provisional amounts for the items for which the accounting is incomplete. Such provisional amounts are adjusted during the measurement period or additional assets or liabilities are recognized to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date.~~

e) Discontinued operations

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as after-tax profit or loss from discontinued operations in the income statement. Additional disclosures are provided in Note 24. All other notes to the financial statements include amounts for continuing operations, unless otherwise indicated.

f) Foreign-currency transactions

Exchange differences on monetary items are recognized in profit or loss, except in the following cases:

- Exchange differences on foreign-currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign-currency borrowings;
- Exchange differences on transactions entered into in order to hedge certain foreign-currency risks (see Note 17);
- Exchange differences on monetary assets or liabilities related to foreign operations with no planned settlement and for which payment cannot be made (thus forming part of the net investment in the foreign operation) are initially recognized in other comprehensive income and are reclassified from equity to profit or loss as reimbursements of monetary items.

Translation to the Company's presentation currency

On consolidation, the assets and liabilities of foreign operations are translated into Mexican pesos using the prevailing exchange rate at the reporting date. Income and expense items are translated at the average exchange rates for the period, unless the exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used. The assets and liabilities of operations in hyperinflationary economies are translated using the exchange rate prevailing at the reporting date. The exchange differences arising on translation for consolidation are recognized in other comprehensive income and accumulated in equity and attributed to non-controlling interests as appropriate.

On disposal of a foreign operation (i.e. a disposal of the Company's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in a joint arrangement or an associate that includes a foreign operation of which the retained interest becomes a financial asset), the component of OCI relating to that particular foreign operation is reclassified to profit or loss.

Any goodwill arising on the acquisition of a foreign operation and any fair value adjustments to the carrying amounts of assets and liabilities arising on the acquisition are treated as assets and liabilities of the foreign operation and translated at the spot rate of exchange at the reporting date. Exchange differences resulting from the translation are recognized in other comprehensive income.

The annual average and closing exchange rates of the Mexican peso and the exchange rates-functional currencies of the countries of the main subsidiaries is as follows:

	Average exchange rate			Closing exchange rate		
	2023	2022	2021	2023	2022	2021
USA	17.7620	20.1250	20.2818	16.8935	19.3615	20.5835
Canada	13.1629	15.4634	16.1111	12.7508	14.2931	16.1782
Spain	19.2096	21.2057	23.3129	18.6673	20.6510	21.4648
Brazil	3.5530	3.8960	3.6885	3.4895	3.7107	3.7629
Argentina	0.0602	0.1542	0.2004	0.0209	0.1093	0.2133

g) Financial assets

All recognized financial assets are measured subsequently in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Financial asset classification

Financial instruments are measured at fair value through OCI if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

The remaining financial assets are subsequently measured at fair value through profit or loss (FVTPL).

Notwithstanding the above, upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they are not held for trading and do not correspond to contingent consideration transferred by an acquirer in a business combination.

Equity investments at fair value through OCI are initially measured at cost, plus transaction costs, and are subsequently measured at fair value and the gains and losses from the fair value changes are recognized in OCI. Upon derecognition, cumulative gains and losses are never recycled to profit or loss, and instead are recorded in retained earnings.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the financial asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

1. Accounts receivable

Trade accounts receivable and other accounts receivable are non-derivative financial assets with fixed or determinable payments that are not traded on an active market. These instruments are classified as accounts receivable and are measured at amortized cost using the effective interest rate method and are subject to impairment.

Interest income is recognized by applying the effective interest rate, except for short-term receivables when the effect of discounting is immaterial.

2. Impairment in the value of financial assets

The Company assesses at each reporting date whether its non-FVTPL financial assets are impaired.

The Company recognizes a provision for expected credit losses for trade receivables. The Company uses a provision matrix to calculate expected credit losses for trade receivables. The provision matrix is initially based on the Company's historical credit loss experience and is subsequently adjusted for factors that are specific to the debtors, general economic

~~conditions and an assessment of the current direction and forecast of future conditions at the reporting date, including the time value of money, when applicable.~~

~~The Company considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.~~

~~Regarding trade accounts receivables, the carrying amount is reduced through the expected credit losses reserve. When an account receivable is considered uncollectible, it is written off against this estimate. Subsequent recovery of amounts previously eliminated become credits against the estimate. Changes in the book value of the estimates account are recognized in the results of the year.~~

~~h) Inventories and cost of sales~~

~~Inventories are valued at the lower of cost or net realizable value.~~

~~Costs incurred in bringing each product to its present location and condition are accounted for, as follows:~~

- ~~• Raw materials, containers, packaging and spare parts: at cost, which includes the cost of the merchandise plus import costs, minus discounts, using the average cost method.~~
- ~~• Finished goods and orders in process: standard cost equal to the cost of direct materials and direct labor costs, plus a proportion of manufacturing overheads based on the normal operating capacity.~~

~~Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs to sell and the estimated costs necessary to make the sale.~~

~~i) Property, plant and equipment~~

~~Property, plant and equipment is recognized at its adjusted historical cost, net of accumulated depreciation and accumulated impairment losses, if any. Fixed assets acquired in Mexico before December 31, 2007 were restated for inflation through that date based on the National Consumer Price Index (NCPI), which became the estimated cost of such assets as of January 1, 2011 upon the Company's adoption of IFRS.~~

~~The cost includes those costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.~~

~~The costs of expansion, remodeling or improvements that enhance the capacity and increase the productivity and extend the useful life of the asset are also capitalized. Repair and maintenance costs are expensed as incurred. The carrying amount of the replaced asset, if any, is derecognized when replaced, and the effect is recognized in profit and loss.~~

~~Freehold land is not depreciated. Depreciation of property, plant and equipment is calculated on the assets' carrying amounts on a straight-line basis over the estimated useful lives of the assets, as follows:~~

	<u>No. of years</u>
Buildings:	
Construction	15—30
Foundations	35—50
Roofs	10—30
Fixed facilities and accessories	10—20
Production equipment	3—25
Transportation equipment	8—16
Furniture and equipment	2—18
Computing equipment	4
Leasehold improvements	The lower of either the related lease

term or the useful life of the asset

The Company allocates the amount initially recognized in respect of an item of buildings and production equipment to its various significant parts (components) and depreciates each of these components separately.

The carrying amount of an asset is adjusted to its recoverable value, when the carrying amount exceeds its estimated value in use.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising from derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in results.

Leasehold improvement and adaptations to buildings and sites in which the Company is the lessee are recognized at historical cost less the respective amortization.

j) Right-of-use assets

Right-of-use assets are initially measured at the present value of lease payments, less any lease incentives received and initial direct costs. Right-of-use assets are subsequently measured at cost net of accumulated depreciation, impairment losses and adjustments for any remeasurement of lease liabilities in accordance with IFRS 16. The Company decided to present leases as finance or capitalized operating as shown in Note 9.

Right-of-use assets are depreciated over the shorter of the lease term and the estimated useful lives of the assets. If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

Lease payments for low-value assets (less than USD5,000) and short-term leases (less than 12 months) are recognized directly in profit or loss.

k) Intangible assets

Intangible assets are primarily comprised of trademarks and customer relationships resulting from the acquisition of businesses. Intangible assets acquired through a business combination are recognized at fair value at the acquisition date, separately from goodwill. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangibles, excluding development costs, are not capitalized and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite, based on the contractual terms established at acquisition. Trademarks are considered to have indefinite useful lives when ownership is acquired and otherwise are amortized.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indicator that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed and adjusted at least at the end of each reporting period. The amortization expense on intangible assets with finite lives is recognized in the statement of profit or loss under general expenses.

Intangible assets with indefinite useful lives are not amortized but are tested for impairment at least annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

l) Impairment of tangible and intangible assets, other than goodwill

At the end of each reporting period, the Company assesses whether there is any indicator that its tangible and intangible assets, including right-of-use assets, may be impaired. If any such indication exists, the Company estimates the asset's recoverable amount. If it is not possible to estimate the recoverable amount of the individual asset, the Company determines the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis can be identified, corporate assets are also allocated to the cash-

generating unit, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified. Intangible assets with indefinite useful lives or not yet available for use, are tested for impairment on an annual basis (for trademarks with indefinite useful lives the recoverable value assessment is estimated by adding it to the CGU of the corresponding group, given that the trademarks do not generate independent cash flows) or more often if there is any indication that the intangible asset may be impaired.

The recoverable amount is the higher of the asset's fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. Impairment losses are recognized immediately in profit or loss.

Annually, when there are indicators that the carrying amount of the Company's assets with finite useful lives has significantly increased, due to changes in the legal, economic, technological or market environment in which the asset is operated or to changes in interest rates that will affect the discount rate used in prior periods to determine the value in use of the asset, the Company estimates the new recoverable amount of the asset on an annual basis in order to determine the amount of accumulated impairment losses to be reversed.

Where an impairment loss is subsequently reversed, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in the statement of profit or loss.

m) Goodwill

Goodwill arising from business combinations is recognized at the cost determined on the acquisition date of the business, as described in the business acquisitions policy note, net of any accumulated impairment losses (see Note 12).

Goodwill is allocated to each cash-generating unit (or group of cash-generating units) that is expected to benefit from the synergies achieved from the combination.

The cash-generating units to which goodwill has been allocated are tested for impairment on an annual basis, or more frequently if there are any indicators of impairment. If the recoverable amount of a cash-generating unit is lower than its carrying amount, the impairment losses recognized in respect of the cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to reduce the carrying amount of the other assets in the unit on a pro rata basis. Impairment in goodwill is recognized directly in profit or loss. Any loss from impairment in the value of goodwill cannot be reversed in future years.

When the relevant cash-generating unit is disposed of, the remaining amount of goodwill is included in the calculation of gains or losses at the time of the disposal.

n) Financial liabilities

Financial liabilities are initially recognized at fair value, net of transaction costs, except for financial liabilities designated at fair value through profit or loss, which are initially recognized at fair value. Subsequent measurement depends on the designation of the financial liability.

Financial liabilities are classified as either financial liabilities at fair value through profit or loss (FVTPL) or other financial liabilities. Note 17 describes the category of each financial liability of the Company.

Subsequent measurement depends on the category of the financial liability. Loans and borrowings are subsequently measured using effective interest method. Gains and losses are recognized in the consolidated statements of profit or loss when the liabilities are amortized. Amortized cost is calculated considering any discount or premium on acquisition and fees or costs that are an integral part of the effective interest method. The effective interest method amortization is included in interest expense caption. For subsequent measurement of derivatives see Note 3o).

Derecognition of financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

~~o) Derivative financial instruments and hedge accounting~~

~~Derivatives are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. The method for recognizing the related gain or loss from changes in fair value of the derivative financial instrument depends on whether they are designated as hedging instruments, and if so, the nature of the hedging relationship. The Company only holds derivative financial instruments classified as cash flow hedges and hedges of net investment in foreign operations.~~

~~At the inception of a hedge relationship, the Company formally documents the hedge relationship between the hedging instrument and the hedged items, including the risk management objective and strategy for undertaking the hedge. Periodically, the Company documents whether the derivative financial instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.~~

~~The hedge ineffectiveness can arise from:~~

- ~~• Differences in the timing of the cash flows of the hedged items and the hedging instruments~~
- ~~• Different indexes (and accordingly different curves) linked to the hedged risk of the hedged items and hedging instruments~~
- ~~• The counterparties' credit risk differently impacting the fair value movements of the hedging instruments and hedged items~~
- ~~• Changes to the forecasted amount of cash flows of hedged items and hedging instruments~~

~~Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Derivatives are not offset in the consolidated financial statements unless the Company has both a legally enforceable right and intention to offset. Derivatives are accounted for as non-current assets or liabilities if the remaining maturity of the instrument is more than 12 months and the instrument is not expected to be realized or settled within 12 months. All other derivatives are accounted for as current assets or liabilities.~~

~~Cash flow hedges~~

~~The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in OCI under Valuation effects of cash flow hedges. The gain or loss relating to the ineffective portion is immediately recognized in profit or loss. Amounts previously recognized in other comprehensive income and accumulated in equity are reclassified to profit or loss as a reclassification adjustment in the same period or periods during which the hedged cash flows affect profit or loss.~~

~~Any gain or loss recognized in other comprehensive income and accumulated in equity at that time remains in equity and is recognized in profit or loss when the forecast transaction occurs, and its effects are ultimately recognized in profit or loss.~~

~~Hedge accounting is discontinued when the Company revokes the hedging relationship, when the hedging instrument expires or is sold, terminated, or exercised, when the hedge effectiveness requirements are not met or when the Company decides to cancel the hedge designation. To give continuity to the hedging strategy, the Company may extend the hedging terms of the hedged item, by contracting new derivative instruments respecting the main characteristics of the derivative and the original hedging strategy without altering the objective of the administration of Company risk.~~

~~Hedges of net investment in foreign operations~~

~~Hedges of net investments in foreign operations are accounted for similarly to cash flow hedges. Any gain or loss on the hedging instrument relating to the effective portion of the hedge is recognized in other comprehensive income and accumulated under the heading of Translation effects of foreign subsidiaries. The gain or loss relating to the ineffective portion is immediately recognized in profit or loss under Foreign Exchange gain/(loss), net. Amounts previously recognized in other comprehensive income and accumulated in equity are reclassified to profit or loss on the disposal of the foreign operation.~~

p) Lease liabilities

~~The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the incremental borrowing rate (IBR) applicable in the countries where the Company operates. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made and is adjusted for certain remeasurements or amendments made to the lease contracts.~~

~~The estimated IBR is the interest rate that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right of use asset in a similar economic environment. The Company estimates the IBR using observable inputs, such as market interest rates, when available, and its credit rating.~~

~~Leases for which the lease term ends within 12 months after the date of initial application irrespective of when the lease term commenced are accounted for as short term (current) leases in the consolidated statement of financial position; otherwise, they are accounted for as long term (non-current) leases.~~

q) Provisions

~~Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligations and a reliable estimate can be made of the amount of the obligations.~~

~~The amount recognized as a provision is the best estimate of the expenditure required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured based on the estimated cash flows required to settle the present obligation, its carrying amount represents the present value of these cash flows when the effect of the time value of money is material.~~

~~All contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. At the end of subsequent reporting periods, such contingent liabilities are measured at the higher of the amount that would be recognized in accordance with IAS 37 and the amount initially recognized, less cumulative amount of income recognized in accordance with IFRS 15.~~

Uncertain tax treatments

~~The Company constantly evaluates the tax treatments of all its consolidated entities and identifies the tax treatments for which there is uncertainty as to their acceptance by the tax authorities. In view of the current circumstances of the reviews underway, as well as the tax treatments applied by the entities, the tax treatments are quantified considering the conditions of each tax jurisdiction and the approach that better predicts the resolution of the uncertainty, using the most likely amount or the expected value method, as applicable. The related effects are recognized in the statement of profit or loss.~~

~~The Company determines whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments and uses the approach that better predicts the resolution of the uncertainty.~~

~~r) Income tax~~

~~Income tax expense consists of current and deferred tax. Current and deferred taxes are recognized as either income or an expense in profit or loss, except for tax items that must be recognized as other comprehensive income items or in equity. For business combinations, the tax effect is included in the recognition of the business combination.~~

~~1. Deferred taxes~~

~~Deferred taxes are recognized on all temporary differences between financial reporting and tax values of assets and liabilities based on tax rates that have been enacted at the reporting date and where applicable, they include unused tax losses and certain tax credits. Deferred tax assets or liabilities are recognized for all temporary differences, with certain exceptions. The Company recognizes a deferred tax asset for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilized.~~

~~Deferred taxes are recognized for all taxable temporary differences, except:~~

- ~~i) when the deferred tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.~~
- ~~ii) in respect of temporary differences associated with investments in subsidiaries and associates, when it is probable that the temporary differences will not reverse in the foreseeable future.~~
- ~~iii) taxable temporary differences arising on the initial recognition of goodwill. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.~~

~~The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that taxable profit will be available against~~

which the deductible temporary difference can be utilized. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the liability is settled or the asset is realized, based on tax rates (and tax laws) that have been enacted or substantively enacted, for future tax periods, at the end of the reporting date.

The Company offsets deferred tax assets and deferred tax liabilities only if it has a legally enforceable right to set off current tax assets and current tax liabilities and relate to income taxes levied by the same taxation authority or if they are different taxable entities, which intend either to settle current tax liabilities and assets on a net basis, or to realize the assets and settle the liabilities simultaneously.

s) Employee benefits

i. Pensions and seniority premiums

Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity or a fund and will have no legal or constructive obligation to pay further contributions. The obligation is recognized as an expense when the employees have rendered the service entitling them to the contributions.

A defined benefit plan is a post-employment plan under which the Company has the obligation to provide the agreed benefits to current and former employees. The cost of providing benefits under a defined benefit plan that includes pensions and seniority premiums is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurements, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), are immediately recognized in the statement of financial position with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods. Past service costs are recognized in profit or loss at the date of the plan amendment. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The defined benefit retirement plan obligation recognized in the consolidated statement of financial position includes changes in the present value of the defined benefit obligation. The present value of the net defined benefit obligation is determined based on the discounted value of estimated net cash flows, using interest rates tied to government bonds denominated in the same currency in which the benefits are to be paid and whose terms are similar to those of the obligation.

ii. Statutory employee profit sharing

In Mexico, Ecuador and Brazil, the Company is required to recognize a provision for employee profit sharing when it has a present legal or constructive obligation as a result of a past event and the amount can be reliably estimated. Employee profit sharing is recognized in profit or loss as incurred.

iii. Short-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave, short-term bonus and sick leave in the period the related service is rendered.

iv. Termination benefits

A liability is recognized for termination benefits only when the Company cannot withdraw its

~~offer to provide termination benefits to the employee and/or when it recognizes the related restructuring costs.~~

~~v. Long-term bonus~~

~~The Company grants a long-term cash bonus to certain executives, which is calculated based on performance metrics. The bonus is paid 30 months following the date on which it was granted, and it is recognized in profit or loss in the year in which it accrues and the employee is entitled to receive the bonus.~~

~~vi. Multi-employer pension plans (MEPP)~~

~~The Company classifies multi-employer plans as defined contribution plans or defined benefit plans in order to determine the accounting for such plans. If the MEPP is classified as a defined benefit plan, the Company accounts for its proportionate share of the defined benefit obligation, plan assets and costs associated with the plan in the same manner as for any other defined benefit plan. When sufficient information is not available to use defined benefit accounting for a MEPP, the Company accounts for such plan as a defined contribution plan and recognized in profit or loss the total amount of contributions paid by the employer. Liabilities related to the payment of or withdrawal from a multi-employer plan is recognized and measured in accordance with IAS 37 *Provisions, Contingent Liabilities and Contingent Assets*.~~

~~t) Revenue recognition~~

~~The Company earns its revenue primarily from contracts with customers for the sale of products. Revenue is recognized when control of the goods is transferred to the customer, which is when the performance obligation is satisfied and the Company is entitled to collect the consideration from the customer in exchange for these products. To determine the transaction price, the Company considers the effects of variable considerations such as rights of return and rebates. Payments made to customers for commercial services are recognized as distribution and selling expenses.~~

~~Rights of return~~

~~Certain contracts provide a customer with a right to return the goods within a specified period. The Company uses the expected value method to estimate the goods that will be returned because this method best predicts the amount of variable consideration to which the Company will be entitled. For goods that are expected to be returned, the Company recognizes a refund liability and a corresponding adjustment to revenue.~~

~~Volume rebates~~

~~The Company provides retrospective volume rebates to certain customers when the conditions established in the contract are met. Rebates are offset against amounts payable by the customer and against the respective revenue. To estimate the variable consideration for the expected future rebates, the Company applies the most likely amount method for contracts with a single volume threshold and the expected value method for contracts with more than one volume threshold.~~

~~u) Reclassifications~~

~~Certain captions shown in the consolidated financial statements for the year ended December 31, 2022 and 2021 as originally issued have been reclassified for uniformity of presentation with the 2023 financial statements. The effects of these reclassifications were recognized retrospectively, in accordance with IAS 8 *Accounting Policies, Changes in Accounting Estimates and Errors*.~~

4. Critical accounting judgments and key sources of estimation uncertainty

In the process of applying the Company's accounting policies, which are described in Note 3, management is required to make judgments, estimates and assumptions about the carrying amount of assets and liabilities. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results could differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. The effects of changes in accounting estimates are recognized in the period of the change and future periods if the change affects both.

a) Critical judgment in applying accounting policies

Consolidation of structured entities

As described in more detail in Note 7, BBU has entered into agreements with third party contractors (Independent Commercial Partners) in which it holds no direct or indirect interest but that qualify as structured entities (SE). The Company has concluded that some of these structured entities meet the requirements to be consolidated in accordance with IFRS 10 *Consolidated Financial Statements*.

b) Key sources of estimation uncertainty

i. Useful lives, residual values and depreciation methods for long-lived assets

As described in Note 3, the Company periodically reviews the estimated useful lives, residual values and depreciation methods of long-lived assets, including property, plant and equipment and intangibles. Additionally, for intangible assets, the Company determines whether their useful lives are finite or indefinite. The Company, with an effective date of January 1, 2021, determined that the estimated useful life of the product displays ranges between 2 and 5 years; this change had an effect on the consolidated financial statements during the adoption period.

ii. Incremental borrowing rate

The Company uses its IBR to measure lease liabilities. The IBR is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment at contract inception date. The IBR therefore reflects what the Company 'would have to pay', which requires estimation when no observable rates are available or when they need to be adjusted to reflect the terms and conditions of the lease. The Company estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates.

iii. Impairment of goodwill and indefinite-life intangible assets

Determining whether goodwill and indefinite-life intangible assets are impaired involves calculating the recoverable value of the cash-generating unit to which these assets have been allocated. Recoverable amount is the higher of fair value less costs of disposal and value-in-use. The calculation of the value-in-use requires the Company to determine the

~~expected future cash flows from the cash-generating units, using an appropriate discount rate to calculate the present value.~~

~~iv. Fair value measurements~~

~~Derivative financial instruments are recognized in the statement of financial position at fair value at the reporting date. In addition, the fair value of certain financial instruments, mainly with respect to long-term debt, is disclosed in the accompanying notes, though there is no risk of adjustment to the related carrying amount (see Note 17). The Company has acquired businesses for which it is required to determine the fair value of the consideration paid, the identifiable assets acquired and liabilities assumed and, if applicable, the non-controlling interest at the date of the acquisition, as described in Note 1.~~

~~The fair values described above are estimated using valuation techniques that may include inputs that are not based on observable market data. The main assumptions used by management are described in the related notes. The Company considers that the valuation techniques and assumptions selected are appropriate for the determination of the fair values.~~

~~v. Employee benefits~~

~~The cost of defined benefit plans and MEPP (considered as defined benefits) is determined using actuarial valuations that involve assumptions related to discount rates, future salary increases, employee turnover rates and mortality rates, among others. Due to the long-term nature of these plans, the assumptions used for such estimates are subject to change.~~

~~vi. Recoverability of deferred income tax~~

~~To determine whether a deferred income tax asset related to tax losses carryforwards is impaired or if it will be recovered in the future, the Company analyses financial and tax projections to determine its recoverability.~~

~~vii. Insurance and other liabilities~~

~~Insurance risks in the United States of America related to the liability for general damages to third parties, car insurance and employee benefits are self-insured by the Company with coverage that is subject to specific limitations established in an insurance program. Provisions for claims are recorded on an incurred claim basis. Insurable risk liabilities are determined using the Company's historical data. As of December 31, 2023, 2022 and 2021, the net liabilities amounted to \$3,631, \$4,741 and \$5,546, respectively.~~

~~5. Trade accounts receivables and other accounts receivable~~

⁽²⁾ ~~During 2021, the Company recovered value added tax corresponding to the year 2020 for~~

~~\$3,506, mainly in the subsidiaries of Mexico.~~

~~(3) During March 2019, the Company obtained certain favorable rulings on legal actions in Brazil related to some contributions, recognizing a right to recover. As of December 31, 2021, the recoverable tax balance amounts to \$170.~~

~~(4) As of December 31, 2022 and 2021, this balance includes an amount of \$41 and \$569 receivable from the insurance claim associated with the casualty in the San Fernando plant in Argentina.~~

~~Credit terms on non-cash sales of goods range from 21 to 60 days, depending on the customer and local business policies of the subsidiaries of the Company.~~

~~6. Inventories~~

For the years ended December 31, 2023, 2022 and 2021, the Company recognized inventory usage of \$131,052, \$133,808 and \$106,199, respectively, in cost of sales, of which \$4,355, and \$4,631 correspond to the discontinued operation for the years ended December 31, 2022 and 2021 respectively.

7. Structured entities

The Company, through its subsidiary BBU, enters into agreements with independent business partners for distribution rights to sell and distribute the Company's products through direct deliveries to retail stores in certain sales territories. The Company does not hold equity interests in any of the entities controlled by the independent business partners, some of which, finance the purchase of distribution rights through loans from financial institutions with the Company's support. To maintain working routes and ensure the delivery of products to customers, the Company assumes explicit and implicit commitments. The Company has concluded that all independent business partners that are legal entities qualify as Structured Entities (SE), primarily due to the financial and operative support they receive from the Company. Based on this, the SE are consolidated in the Company's financial statements.

An analysis of the assets and liabilities of independent operators before eliminations as of December 31 2023, 2022 and 2021 is as follows:

	2023	2022	2021
Inventories	\$ 197	\$ 295	\$ -
Right of use—vehicles	3,335	3,422	3,653
Distribution rights	6,816	7,664	8,138
Total assets	<u>\$ 10,348</u>	<u>\$ 11,381</u>	<u>\$ 11,791</u>

Obligations under finance leases	\$ 767	\$ 830	\$ 807
Accounts payables	1,018	1,167	-
Loans granted to independent business partners	35	43	45
Non-current debt:

Loans granted to independent business partners	43	44	53
Debt with affiliates (net of accounts receivable)	6,340	6,301	6,581
Total liabilities	<u>\$ 9,544</u>	<u>\$ 9,704</u>	<u>\$ 9,201</u>
Non-controlling interest	\$ 804	\$ 1,677	\$ 2,590

Funding provided by BBU to independent business partners that have been classified as SE and consolidated are eliminated in the consolidated financial statements.

~~Non-current lease liabilities are secured by the vehicles subject to leases and do not represent additional claims on the Company's assets.~~

~~In addition, BBU has sold certain distribution rights to third parties. These routes may be repurchased again from third parties to operate or resell them. During 2023, 2022 and 2021, total buybacks, net of sales, were approximately \$1,566, \$372 and \$519, respectively. When BBU buys a route from an unconsolidated entity, this transaction is accounted for in accordance with IFRS 3. BBU recognizes at the date of the buyback transaction, an impairment when the purchase price of the distribution rights is lower than its cost.~~

~~BBU funds up to 90% of the distribution rights sold to certain independent operators. The loans bear interest of between 6% and 11%, with a weighted monthly average of 10%, and are payable in 120 monthly installments. Independent operators make an initial payment to the Company for the remaining 10% of the purchase price. In most cases, an independent third party finances the down payment. Both the Company and the financing of independent third parties are guaranteed by the distribution routes, equipment, customer lists, and other assets. The independent third party has priority over the collateral.~~

~~Net gain or loss originating from the sale of routes to an entity that is consolidated under IFRS 10 is eliminated in consolidation. Net gain originating from the sale of the distribution rights to entities that are not consolidated under IFRS 10 is deferred primarily due to the financing provided by BBU and an independent third party. BBU recognizes the deferred gain on a straight line basis over the remaining term of the note receivable after the independent operator obtains a 10% ownership level over the route and, where applicable, the one year put option has expired. BBU recognized losses of \$47, \$213 y \$580 for the sale of routes during 2023, 2022 and 2021, respectively, which is reflected in different lines of the income statement.~~

An analysis of the key assumptions of the primary cash-generating units used in impairment tests is as follows:

	Discount rate ⁽⁴⁾			Average growth			Capex over net sales

- (4) Discount rate after income tax

The projections developed by the Company in the impairment models consider assumptions based on the current macroeconomic conditions of each CGU.

As of December 31, 2023, the Company performed a sensitivity analysis on its main cash-generating units, considering an of 50 basis point increase in the discount rate or a 50 basis point decrease in the average growth rate, without giving rise to additional impairment.

Allocation of goodwill to cash-generating units

For impairment testing purposes, goodwill is allocated to cash-generating units, which are mainly the USA, Canada, Spain and others.

The carrying amount of goodwill assigned to each cash-generating unit, after impairment losses, is as follows:

	2023	2022	2021
USA	\$ 37,236	\$ 41,681	\$ 47,549
Canada	12,141	13,207	15,003
Spain	1,467	1,338	1,520
Other CGUs	11,156	11,859	10,493
	\$ 62,000	\$ 68,085	\$ 74,565

USA

The recoverable amount of the CGU is the higher of the asset's value in use and its fair value less costs of disposal. As of December 31, 2023, the value in use was higher and in order to calculate this amount, the Company applied the discounted cash flow method, which consists of applying a discount rate to the projected cash flows of the CGU. The discount rate used is the weighted average cost of capital (WACC), which considers the cost of capital contributed by the shareholder (CAPEM) and the cost of financial debt. The planning horizon was 5 years plus a perpetuity that considers the normalized cash flow with projected country's inflation rate.

After applying the aforementioned methodology, the Company concluded that there is no impairment in the value of the goodwill of this CGU.

China

The Company used the discounted cash flow method, which considers a discount rate applied to projected cash flows provided by the CGU. The discount rate used is the weighted average cost of capital (WACC), which considers the cost of capital contributed by the shareholder (CAPEM) and the cost of bond debt. The planning horizon was 7 years plus a perpetuity that considers the normalized cash flow with projected country's inflation rate.

Based on the application of this methodology, the Company identified impairment in the China CGU's goodwill of \$303, \$878 and \$315 in 2023, 2022 and 2021, respectively which was recognized as other expenses in profit or loss.

Rest of CGUs

For the rest of the CGUs, the value in use was higher than the carrying amount and no impairment losses were recognized during 2023.

The Company has determined that the undistributed earnings of its foreign subsidiaries will not be distributed in the foreseeable future. As of December 31, 2023, there are undistributed earnings for temporary differences related to investments in subsidiaries and associates for which no deferred tax liabilities have been recognized. In the same date, the amount of undistributed earnings for temporary differences related to subsidiaries is immaterial.

As of December 31, 2023, the Company's unused tax losses have the following expiration dates:

Year	Amount

Certain subsidiaries that have tax losses have not recognized the deferred tax asset, since they do not have sufficient taxable income or projected earnings to estimate the time for recovery of such tax losses. Unrecognized accumulated benefits of such tax losses were \$6,572 in 2023,

\$7,902 in 2022 and \$8,644 in 2021.

Some subsidiaries have unused tax losses. The unused tax losses for which a deferred tax asset has been recognized can be recovered, provided that they meet certain requirements. As of December 31, 2023, the Company expects to recover such tax losses through the reversal of temporary differences and future taxable profits.

2. Risk management

During the normal course of its operations, the Company is exposed to risks inherent to financial variables, as well as changes in the prices of some of its raw materials that are traded in international markets. The Company has established an orderly risk management process that assesses the nature and extent of those risks.

The primary financial risks to which the Company is exposed are as follows:

- Market risk
 - Interest rate risk
 - Foreign currency risk
 - Commodity price risk
- Liquidity risk
- Credit risk
- Equity risk

The risk management process includes the following activities:

- Identify, evaluate and monitor external and internal risks that could have a significant impact on the Company
- Prioritize risks
- Ensure risk assignment and monitoring
- Validate bodies and/or those responsible for risk management
- Validate the progress made in the management of each prioritized risk
- Review the consistency of open positions in respect of the corporate strategy
- Make recommendations

Since the variables to which the Company is exposed are dynamic, hedging strategies are evaluated and monitored periodically. Such strategies are reported to the relevant governing body within the Company. The primary purpose of hedging strategies is to achieve a neutral and balanced position in relation to the risk exposure caused by certain financial variables.

As of December, an analysis of the Company's derivative financial instruments is as follows:

As of December 31, 2023, 2022 and 2021, derivative financial instruments did not generate significant ineffectiveness in the hedging strategies executed.

2.1 Market risk

The Company is exposed to interest rate and foreign currency exchange risks, as well as commodity price risks. The Company occasionally uses derivative financial instruments to mitigate the potential impact of fluctuations in these variables and prices on its financial performance. The Company considers that the derivative financial instruments it enters into provide flexibility that allows for greater financial stability and better visibility and certainty regarding future costs and expenses.

The Company determines the target amounts and parameters of the primary positions for which the derivative financial instruments are contracted in order to minimize one or more of the risks generated by a transaction or group of transactions associated with the primary position.

The Company only enters into derivative financial instruments with financial institutions of well-known solvency and within the limits set for each institution.

The main types of derivative financial instruments used by the Company are as follows:

Contracts that establish a mutual obligation to exchange cash flows on preestablished future dates, at the nominal or reference value (swaps):

1. Interest rate swaps to balance the mix of fixed and variable interest rates used for financial liabilities
2. Cross-currency swaps, to change the currency in which both the principal and interest of a financial liability are expressed
 - a) Foreign currency forwards
 - b) Foreign currency call options
 - c) Foreign currency denominated zero-cost call and put options (zero-cost collars)
 - d) Raw materials futures
 - e) Options on raw material futures
 - f) Commodity swaps

Market risk exposure is monitored and reported on an ongoing basis.

The Company's policy is to contract derivative financial instruments for the sole purpose of hedging its foreign currency risk. Accordingly, in order to contract a derivative financial instrument, it must necessarily be associated with a primary position that exposes the Company to a specific risk. Consequently, the notional amounts of the Company's derivative financial instruments must be consistent with the amounts of the primary positions that are being hedged. The Company does not contract derivative financial instruments to obtain earnings from premiums.

2.2 Management of interest rate risk

The Company is exposed to interest rate risk, mainly with respect to its financial liabilities. The risk is managed through an adequate mix of fixed and variable rates, which on occasion, is achieved by contracting derivative financial instruments, such as interest rate swaps, which are accounted for as hedging instruments when they meet with the corresponding criteria.

As a result of the COVID-19 pandemic, volatility in financial markets led to fluctuations in interest rates, particularly in short term rates. Since most of the Company's financial liabilities bear interest at long term fixed rates, these fluctuations did not have a material effect on the consolidated financial statements during 2022 and 2021.

Company management considers that the interest rate risk related to its financial assets is limited, since they are generally current assets.

Interest rate sensitivity

The sensitivity analyses below have been determined based on balances exposed to interest rate risk, considering both derivative and non-derivative financial instruments at year-end closing; therefore, the analyses may not be representative of the interest rate risk for the period due to changes in the balances exposed to such risk. For floating rate instruments, for which the Entity has not contracted a hedge to fix the rate, the sensitivity analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year.

An increase/decrease of 20 basis points in the SOFR would result in a decrease/increase in profit or loss of approximately \$8 for the year ended December 31, 2023.

An increase/decrease of 100 basis points in the TIE would result in a decrease/increase in profit or loss of approximately \$110 for the year ended December 31, 2023.

As of December 31, 2022 and 2021, the Company had no non-current debt bearing interest at variable rates.

2.3 Management of foreign currency risk

The Company carries out transactions in different foreign currencies and presents its consolidated financial statements in Mexican pesos. Accordingly, it is exposed to foreign currency risk (i.e. due to forecasted purchases of raw materials, contracts and monetary assets and liabilities) and foreign currency translation risk (i.e. due to net investments in foreign subsidiaries). The Company is mainly exposed to foreign currency risk associated with the performance of the Mexican peso against the American dollar and the Canadian dollar, and the Canadian dollar against the USD.

— Management of foreign currency translation risk

The Company has investments in foreign subsidiaries whose functional currency is not the Mexican peso, which exposes it to foreign currency translation risk. The Company has contracted intercompany financial assets and liabilities with those foreign subsidiaries in various currencies, which also generates foreign currency translation risks.

Foreign currency translation risk is mitigated mostly through the issuance of one or more loans denominated in currencies other than the functional currency to naturally hedge exposure to foreign currency and presented as a net investment in foreign subsidiaries.

As of December 31, 2023, 2022 and 2021, the loans in USD (described in Note 13) that have been designated as hedges on the net investment in foreign subsidiaries amount to USD841 million, USD1,058 million and USD1,295 million, respectively.

As of December 31, 2023, 2022 and 2021, the loans that have been designated as hedges on the net investment in foreign subsidiaries in Canada amount to CAD289 million, CAD354 million and CAD354 million for the three periods (see Note 17, 2.3 (a)).

As of December 31, 2023, 2022 and 2021, the loans that have been designated as hedges on the net investment in foreign subsidiaries in Spain amount to EUR318 million, EUR318 million and EUR126 million, respectively.

As of December 31, 2023, 2022 and 2021, the amount designated as a hedge for non-current intercompany asset positions is CAD664 million, CAD630 million and CAD630 million for the three periods.

As of December 31, 2023, 2022, and 2021, the amount loans for non-current intercompany that have been designated as the investment in USA subsidiaries is USD185 million, USD756 million and USD748 million, respectively.

As of December 31, 2023, the amount designated as a hedge for non-current intercompany liability positions is USD13 million.

As of December 31, 2023 and 2022, the amount designated as a hedge for non-current intercompany asset positions is GBP0 and GBP18 million, respectively.

To test hedge effectiveness, the Company compares the changes in the fair value of the hedging instrument against the changes in fair value of the hedged item attributable to the net investment.

Management of transactional foreign currency risk

The Company's risk management policy on transactional foreign currency risk consists of hedging expected cash flows, mainly with regard to expected obligations that qualify as hedged items, represented by "highly probable" forecasted transactions for purposes of hedge accounting. When the future purchase is made, the Company adjusts the non-financial asset hedged for the gain or loss previously recognized in OCI.

Foreign currency sensitivity

The sensitivity analyses below have been determined based on balances exposed to foreign currency risk, considering both derivative and non-derivative financial instruments at the reporting date; therefore, the analyses may not be representative of the foreign currency risk for the period due to changes in the balances exposed to such risk.

A depreciation/appreciation of one Mexican peso per USD that represents management's estimate of a reasonable potential change in the parity of both currencies would result in an increase/decrease of approximately \$63 in profit or loss for the year ended December 31, 2023.

A depreciation/appreciation of one Mexican peso per Canadian dollar that represents management's estimate of a reasonable potential change in the parity of both currencies would result in an increase/decrease of approximately \$0.3 in profit or loss for the year ended December 31, 2023.

A depreciation/appreciation of one Mexican peso per Euro that represents management's estimate of a reasonable potential change in the parity of both currencies would result in an increase/decrease of approximately \$1 in profit or loss for the year ended December 31, 2023.

2.4 Management of commodity price risk

There is an economic relationship between the hedged items and the hedging instruments as the terms of purchases of raw materials match the terms of the expected highly probable forecast transactions (i.e. notional amount and expected payment date). The Company has established a hedge ratio of 1:1 for the hedging relationships as the underlying risk of the purchases of raw materials are identical to the hedged risk components.

In accordance with the Company's risk management policies, it enters into wheat, natural gas, and other commodity futures contracts to minimize the risk of variation in international prices of such commodities.

Wheat, the main commodity used by the Company, together with natural gas, are some of the commodities hedged. The transactions are carried out in well-known commodity markets and through their formal documentation, are designated as cash flow hedges of forecasted transactions. The Company performs prospective and retrospective effectiveness tests of the instruments to ensure that they mitigate the variability of cash flows from fluctuations in the price of such commodities.

~~As of December 31, 2023, 2022 and 2021, the Company has recognized, in other comprehensive income, closed wheat derivative contracts that have not yet been reclassified to cost of sales, since the wheat under these contracts has not been used for flour consumption.~~

~~As of December 31, 2023, 2022 and 2021, the Company reclassified \$1,767, \$(1,749) and \$(1,351), respectively, to cost of sales.~~

~~Valuation techniques and assumptions applied to measure fair value~~

~~The fair value of the Company's financial assets and liabilities is calculated as follows:~~

~~The fair values of financial assets and financial liabilities with standard terms and conditions which are traded on active, liquid markets are determined based on their quoted market prices. Derivative financial instruments fall under this category; therefore, these instruments are classified within Level 1 of the fair value hierarchy described below. The fair value of other financial assets and liabilities carried at fair value is determined in accordance with accepted pricing models, generally based on an analysis of the discounted cash flows.~~

~~These derivative financial instruments are considered within level 1 and 2 of the fair value hierarchy.~~

The valuation of the Company's structured notes was determined based on the market value with prices provided by Valuación Operativa y Referencias de Mercado S.A. de C.V. ("VALMER"), which is an entity supervised by the Mexican National Banking and Securities Commission (CNBV, Spanish acronym) that provides updated prices for financial instruments. This valuation is considered Level 1 in accordance with the hierarchy described below:

Fair value hierarchy

All assets and liabilities for which fair value is measured or disclosed in the consolidated statement of financial position are categorized within one of the following three hierarchy levels based on the data used in the valuation. Categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

2.5 Management of liquidity risk

Liquidity risk management allows the Company to determine its short-term, medium-term and long-term cash flow needs, while seeking financial flexibility. The Company maintains sufficient liquidity through an orderly management of its resources and constant monitoring of cash flows, as well as through a variety of credit lines (some of them committed) with banking institutions and proper management of working capital. These actions ensure the payment of future obligations. Due to the nature of its business, the Company considers its liquidity risk to be low.

Obligations arising from accounts payables, derivative financial instruments and debt amortization are as follows:

	<1 year	>1 year <3 years	>3 years <5 years	>5 years	Total

2.6 Management of credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

The Company recognizes a provision for expected credit losses for trade receivables. The Company uses a provision matrix to calculate expected credit losses for trade receivables. The provision matrix is initially based on the Company's historical credit loss experience and is subsequently adjusted for factors that are specific to the debtors, general economic conditions and an assessment of the current direction and forecast of future conditions at the reporting date, including the time value of money, when applicable.

With respect to transactions with derivative financial instruments related to interest rate and

exchange rate hedges, and some commodities such as natural gas, these instruments are entered into bilaterally with counterparties of high repute that meet certain criteria mentioned below, and who maintain a significant and ongoing business relationship with the Company.

These counterparties are deemed of high repute, as they are sufficiently solvent, based on their "counterparty risk" rating from a rating agency, for current and non-current obligations in local and foreign currency.

The Company's transactions with derivative financial instruments related to raw materials are carried out in the following renowned markets:

- a) Minneapolis Grain Exchange (MGE)
- b) Kansas City Board of Trade (KCBOT)
- c) Chicago Board of Trade (CBOT)
- d) New York Mercantile Exchange (NYMEX)

The Company monitors counterparty credit risks on a monthly basis and performs the related measurements.

All derivative financial instrument transactions are performed under standardized derivatives contracts that are duly executed by the legal representatives of the Company and those of the counterparties.

The appendices and annexes to these derivative contracts establish the settlement and other relevant terms in accordance with the uses and practices of the Mexican market and the markets in which the Company operates.

Some derivative financial instrument contracts, appendices and annexes, through which bilateral derivative financial transactions are carried out, consider the establishment of a cash deposit or other securities to guarantee payment of obligations arising from such contracts. The credit limits established by the Company with its counterparties are large enough to support its current operations; however, the Company maintains cash deposits as collateral for payment of certain derivative financial instruments.

For commodities future contracts executed in well-known international markets, the Company is subject to the regulations of such markets. These regulations include, among others, establishing an initial margin call for futures contracts and subsequent margin calls required of the Company.

Sensitivity analysis:

The significant actuarial assumptions for the determination of the defined benefit obligation are the discount rate and the expected salary increase rate. The sensitivity analyses described below consider reasonable potential changes in the respective assumptions at the end of the reporting period, with all other assumptions remaining constant.

A sensitivity analysis considering a variance of 50 basis points in the assumptions as of December 31, 2023 is as follows:

	Mexico	USA	Canada
Discount rate increase	\$ (1,116)	\$ (506)	\$ (156)
Discount rate decrease	1,303	506	181
Salary rate increase	(544)	(28)	(9)
Salary rate decrease	618	28	11

In the sensitivity analysis described above, the present value of the defined benefit obligation is calculated using the projected unit credit method at the end of the reporting period, which is the same method applied to calculate the liability for the defined benefit obligation recognized in the consolidated statement of financial position.

There were no changes in the methods or assumptions considered in the sensitivity analyses of prior years.

Multi-Employer Pension Plans (MEPP)

The Company participates in defined benefit MEPPs through its subsidiary BBU, that are administered and controlled by an independent board of trustees that generally consists of an equal number of union and employer representatives. BBU's responsibility to contribute to these plans is established pursuant to its collective agreements that cover its union-represented employees. These plans generally provide for retirement benefits for eligible employees with the applicable bargaining units, based on specific eligibility and participation requirements, vesting periods and benefit formulas.

Assets contributed to a MEPP by one employer may be used to provide benefits to employees of other participating employers. In the event other employers withdraw from a MEPP in which BBU participates, without satisfying their entire withdrawal liability, the amount of the unsatisfied withdrawal liability would be allocated to the remaining active employers.

Generally, allocation of withdrawal liability is related to BBU's contributions to the plan in relation to other employers' contributions to the plan and is subject to the collective bargaining process as well as approval from the Pension Benefit Guarantee Corporation.

If any of the MEPPs in which BBU participates enters critical status and its contributions are not sufficient to satisfy any rehabilitation plan funding schedule, the BBU could be required to make additional surcharge contributions to the MEPP based on a percentage of existing contributions required under the Company's labor agreement.

Unless the Company determines that it is probable that it will exit the MEPP, this type of plan is measured as a defined contribution plan, since the Company does not have sufficient information to perform the related calculations due to the collective nature of the plans and the Company's limited participation in the management of the plans. For the years ended December 31, 2023, 2022 and 2021, the contributions made to the MEPPs total \$2,430, \$2,655 and

\$2,556, respectively. The Company expects to contribute of \$2,167 to the plan in 2024.

Liabilities recognized related to MEPPs are updated annually due to changes in wages, seniority and the combination of employees within the plan and are recorded in profit or loss for the year, in addition to amounts that are contributed regularly to different MEPPs.

When it is probable that the Company will exit a MEPP, a provision is recognized for the present value of the estimated future cash outflows, discounted at the current rate (Note 19).

The movements of the MEPPs liability during the years ended December 31 were as follows:

	2023	2022	2021

In March 2021, the United States federal government passed and signed into law the American Rescue Plan Act of 2021 ("ARPA"). ARPA aims to redress some of the economic damages inflicted by the COVID-19 pandemic, including a provision of special financial assistance ("SFA") for certain underfunded PPMs through 2051. According to regulations issued in July 2021 and finalized in July 2022, underfunded PPMs in which the Company participates are eligible to apply for SFA in 2022 and 2023.

In December 2022, the largest critical and declining pension fund in the United States, Central States Teamsters, received approval for Special Financial Assistance (SFA). The Company believes that this approval significantly reduces the level of uncertainty with respect to other qualified pension funds and provides assurance that the SFA application process is progressing as planned. Accordingly, the Company believes that the previously expected contributions that were recognized on a provisional basis will no longer be required, so this provision has been reversed. The amount of this reversal is \$19,010, which was recognized in other expenses in the statement of profit or loss.

Social welfare benefit plan in USA

The Company has a social welfare post-retirement benefit plan that qualifies as a defined contribution plan. The amounts corresponding to this obligation are recognized in profit or loss as incurred. These obligations are classified as current or long-term welfare benefit plans and the amounts are recognized in the consolidated statement of financial position. These liabilities are classified as short-term and long-term and their amounts included in the statement of financial position are:

	2023	2022	2021
Social welfare:			
Short-term ^(a)	\$ 1,189	\$ 1,462	\$ 1,511

^(a) Included in other accounts payable and accrued liabilities.

19. Other non-current liabilities

The other non-current liabilities as of December 31, are as follows:

	2023	2022	2021
Provisions	\$ 9,755	\$ 8,663	\$ 5,793

In the other non-current liabilities caption, the Company has recognized provisions for lawsuits of different nature that arise in the normal course of its operations. The liabilities related to tax uncertainties were also recognized under the same caption. Based on this assessment, the Company has recognized the following amounts:

Type	2023	2022	2021

Total	\$ 9,755	\$ 8,663	\$ 5,793

The movements in the Company's provisions and liabilities related to uncertain tax positions as of December 31, are as follows:

Balance as of December 31	\$	9,755	\$	8,663	\$	5,793

As of December 31, 2023, the cumulative amount corresponding to tax, civil and labor lawsuits deemed as less than probable, but more than remote by the Company's internal attorneys is

\$379. However, the Company considers that such lawsuits will not have a material effect on its consolidated financial position or operating results.

Brazil:

As a result of the purchase of property, plant and equipment and intangible assets in Brazil in connection with the Firenze brand in 2008, the Company was subject to tax liens as the presumed successor to companies that participate in these actions. On January 7, 2021, the Company signed an agreement with the corresponding authorities related to the above process, which implies payments during 7 years following the signing of said agreement with the option to settle in advance at any time. As a consequence of the above, as of April 29, 2022, in advance the Company paid the total debit \$310.

In addition, the Company has secured its labor and civil lawsuits with security deposits totaling \$170, which are presented as part of other non-current assets.

Canada:

The Competition Bureau of Canada in 2017 started an investigation into alleged collusion between various participants of the baked goods industry, including Canada Bread, although to date no formal accusations have been charged against the Company. The Company is cooperating with the Canadian authorities in this process.

On July 20, 2023, the subsidiary Canada Bread made the payment for 50 million CAD, which was fully provisioned, corresponding to the fine imposed by the Superior Court of Justice of Ontario related to the investigation opened by the authority in matters of economic competition in 2017.

In addition, Grupo Bimbo and Canada Bread have been required in two class actions in connection with such investigation. Given the status of this legal process as of December 31, 2023, the Company has not recognized a provision related to this matter.

We conducted our audit in accordance with Auditing Standards Generally Accepted in the United States of America (GAAS) and in accordance with the International Standards on Auditing (ISAs). Our responsibilities under those standards are described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Company, and have fulfilled our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits, which include relevant ethical requirements in the United States of America and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the accompanying consolidated financial statements in accordance with IFRS, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with Auditing Standards Generally Accepted in the United States of America and the International Standards on Auditing will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with Auditing Standards Generally Accepted in the United States of America and the International Standards on Auditing, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the

Company's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.
- Obtain sufficient appropriate audit evidence regarding the Company's financial information of the entities or business activities within the Company to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit of the Company. We remain solely responsible for our audit opinion.

We are required to communicate to the Audit and Corporate Practices Committee regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2. Basis of Preparation

Adoption of new and amended International Financial Reporting Standards

a) New and amended International Financial Reporting Standards (IFRS) and interpretations effective for annual periods beginning on or after January 1, 2024

In 2024, the Company adopted a series of new and amended IFRS issued by the International Accounting Standards Board (IASB), which are effective for annual periods beginning on or after January 1, 2024:

Amendments to IFRS 16 Sale-Leaseback Transactions

In September 2022, the IASB issued amendments to IFRS16, in which it clarifies that in a sale- leaseback transaction, the seller-lessee must recognize the right-of-use asset and the lease liability according to the recognition guidelines established. Determining the lease payments revised in such a way that it does not recognize any gain or loss that is related to the right of use retained by the seller-lessee. The application of these requirements does not prevent the seller-lessee from recognizing in the result of the period any gain or loss related to the partial or total termination of a lease.

These modifications are applicable for annual periods beginning on or after January 1, 2024, with early application being permitted.

The Company will apply these modifications if it enters into future asset sale and leaseback transactions.

Amendments to IAS 1 Non-current liabilities with covenants

In October 2022, the IASB issued amendments to IAS 1, in which it establishes that an entity could classify liabilities derived from loan agreements as non-current when the entity's right to defer the settlement of those liabilities is subject to that the entity complies with the covenants within the twelve months following the reporting period, when this happens information will be disclosed in the notes to the financial statements to understand the risk of the liabilities that may be payable in the following twelve months to the reporting period.

These amendments are applicable for annual periods beginning on or after January 1, 2024, with early application being permitted.

The Company will apply these amendments when it has the right to defer settlement of a liability.

Amendments to IAS 7 and IFRS 7 Supplier Finance Arrangements

In May 2023, the IASB amended the amendments to IAS 7 and IFRS 7, related to disclosures on supplier finance arrangements, which mainly include:

- Terms and conditions of financing agreements.
- = The carrying amounts, and associated line items presented in the statement of financial position, of the financial liabilities that are part of a supplier finance arrangement.
- = Range of due dates compared to accounts payable that are not part of financing agreements.

These modifications are applicable for annual periods beginning on or after January 1, 2024. As of December 31, 2024, the Company disclosed the additional requirements in Note 25.

b) New and amended IFRS issued but not yet effective

The new and amended standards that are issued but not yet effective and that may be applicable to the Company are as follows:

<u>Amendments to IAS 21</u>	<u>Lack of Exchangeability ⁽¹⁾</u>
<u>Amendments to IFRS 9 and IFRS 7</u>	<u>Amendments to the classification and measurement of financial instruments ⁽²⁾</u>
<u>IFRS 18</u>	<u>Presentation and Disclosure in Financial Statements ⁽³⁾</u>

⁽¹⁾ Effective for annual periods beginning on or after January 1, 2025.

⁽²⁾ Effective for annual periods beginning on or after January 1, 2026.

⁽³⁾ Effective for annual periods beginning on or after January 1, 2027.

Amendments to IAS 21 Lack of Exchangeability

In August 2023, the IASB issued modifications to IAS 21, focused on the evaluation of whether an exchange rate exists from one currency to another, and if it is concluded that it does not exist, guidelines are established so that the entity can estimate the same.

These modifications are applicable for annual periods beginning on or after January 1, 2025.

As of December 31, 2024, the Company is analyzing the implications of these modifications, however, no relevant impacts are expected.

Amendments to IFRS 9 and IFRS 7: Amendments to the classification and measurement of financial instruments

In May 2024, the IASB issued amendments to IFRS 9 *Financial Instruments* and IFRS 7 *Financial Instruments: Disclosures*. These amendments primarily:

- Clarify that a financial liability is derecognized at the "settlement date," that is, when the related obligation under the liability is discharged, canceled or expires, or the liability otherwise qualifies for derecognition. It also introduces an accounting policy option to derecognize financial liabilities settled through an electronic payment system before the settlement date if certain conditions are met.
- Clarify how to assess the contractual cash flow characteristics of financial assets that include features linked to environmental, social, and governance (ESG) criteria and other similar contingent features.
- Clarify the treatment of non-recourse assets and contractually linked instruments.
- Require additional disclosures in IFRS 7 for financial assets and liabilities with contractual terms that reference a contingent event (including those linked to ESG criteria) and equity instruments classified at fair value through other comprehensive income.

These amendments are applicable for annual periods beginning on or after January 1, 2026.

As of December 31, 2024, the Company is analyzing what effects the adoption of these amendments will have on its accounting policies and disclosures.

IFRS 18: Presentation and Disclosure in Financial Statements

In April 2024, the IASB issued IFRS 18, which establishes the requirements for the presentation and disclosures in financial statements to ensure they provide relevant information that faithfully represents an entity's assets, liabilities, equity, income, and expenses.

The most relevant aspects of this standard are the following:

- It introduces three defined categories of income and expenses (operating, investing, and financing) to improve the structure of the statement of profit or loss, and requires all companies to present new defined subtotals, including operating income.

- It requires the disclosure of company-specific measurements related to the statement of profit or loss, known as management-defined performance measures.
- It establishes more detailed guidance on how to organize the information and whether it should be provided in the primary financial statements or in the notes.

This standard will be applied for annual periods beginning on or after January 1, 2027, with early adoption permitted. This standard must be applied retrospectively to the comparative periods presented in the financial statements.

As of December 31, 2024, the Company is in the process of analyzing the implications of this new standard in order to prepare for the changes required in subsequent years.

c) Consolidated statements of profit or loss and other comprehensive income

The Company presents its profit or loss in two separate statements: i) the consolidated statement of profit or loss, and ii) the consolidated statement of other comprehensive income. The Company's expenses are presented based on their function, which is consistent with the customary practices of the industry to which the Company belongs. The nature of these expenses is described in Note 21. Although not required to do so under IFRS, the Company includes operating profit in the consolidated statement of profit or loss, since this item is an important indicator for evaluating the Company's financial and business performance.

d) Consolidated statements of cash flows

The Company prepares the statement of cash flows using the indirect method. Interest and dividends received are shown as investing activities, while interest and dividends paid are shown as financing activities. As of December 31, 2024, 2023 and 2022, there were no material non-monetary transactions in investment and financing activities.

3. Material Information on Accounting Policies

To comply with the requirements of IAS 1, the Company comprehensively evaluates the following factors to determine whether an accounting policy is material or not, for the purposes of disclosure in the financial statements:

- Refers to a relevant item in the financial statement
- Has had changes in the current period
- Choose between accounting record alternatives established by IFRS.
- It was developed in the absence of a specific IFRS
- If it requires significant judgments or assumptions
- Refers to complex operations

a) Compliance statement

The Company's consolidated financial statements have been prepared in accordance with IFRS, as issued by the IASB.

b) Basis of preparation

The Mexican peso is the Company's functional currency for transactions in Mexico and the presentation currency of its consolidated financial statements.

The accompanying consolidated financial statements have been prepared on a historical cost basis, except for certain assets and liabilities (mainly derivative financial instruments) and other equity instruments, which are measured at fair value at the end of the reporting period, and the non-monetary assets of the Company's subsidiaries in hyperinflationary economies, which are restated for inflation, as explained in the accounting policies below.

i. Historical cost

Historical cost is generally equal to the fair value of the consideration to which the Company is entitled in exchange for the goods and services received.

ii. Fair value

Fair value is the price to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for measurements that have some similarities to fair value but are not fair value, such as net realizable value in IAS 2 or value-in-use in IAS 36.

Additionally, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which is described as follows:

- Level 1: quoted (unadjusted) market prices in active markets for identical assets or liabilities that the Company can access at the measurement date.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: unobservable inputs.

Basis of presentation

Current versus non-current (short-term versus long-term) classification

The Company presents assets and liabilities in the consolidated statement of financial position as current when it is:

- Expected to be realized or intended to be sold or consumed in the normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period

- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as

non-current. A liability is current when:

- It is expected to be settled in the normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

c) Basis of consolidation

In accordance with IFRS 10, the consolidated financial statements comprise the financial statements of the Company, its subsidiaries and other entities as of December 31, 2024, 2023 and 2022.

The Company's most significant subsidiaries included in the consolidated financial information are as follows:

<u>Subsidiary</u>	<u>% equity interest</u>	<u>Country</u>	<u>Segment</u>	<u>Primary activity</u>
<u>Bimbo, S.A. de C.V.</u>	<u>97</u>	<u>Mexico</u>	<u>Mexico</u>	<u>Baking</u>
<u>Barcel, S.A. de C.V.</u>	<u>98</u>	<u>Mexico</u>	<u>Mexico</u>	<u>Snacks</u>
<u>Productos Ricolino, S.A.P.I. de C.V. ⁽¹⁾</u>	<u>0</u>	<u>Mexico</u>	<u>Mexico</u>	<u>Confectionery</u>
<u>Bimbo Bakeries, Inc.</u>	<u>100</u>	<u>United States</u>	<u>North America</u>	<u>Baking</u>
<u>Canada Bread Corporation, LLC</u>	<u>100</u>	<u>Canada</u>	<u>North America</u>	<u>Baking</u>
<u>Bimbo do Brasil, Ltda.</u>	<u>100</u>	<u>Brazil</u>	<u>Latin America</u>	<u>Baking</u>
<u>Bakery Iberian Investments, S.L.U.</u>	<u>100</u>	<u>Spain and Portugal</u>	<u>EAA</u>	<u>Baking</u>

⁽¹⁾ On November 1, 2022, the confectionery business was sold, for the year 2022 there was a participation of 98%.

Subsidiaries are consolidated from the date on which control is transferred to the Company and are no longer consolidated from the date that control is lost. Gains and losses of subsidiaries acquired during the year are recognized in the consolidated statement of profit or loss and statement of comprehensive income from the acquisition date, as applicable.

Non-controlling interest represents the portion of profit or loss and net assets that do not correspond to the Company but to the minority shareholders and is recognized separately in the consolidated financial statements.

The political and economic situation in Venezuela has significantly limited the capacity of the Company's subsidiaries in Venezuela to maintain their production

process under normal conditions. Due to the above, and since Grupo Bimbo will continue its operations in Venezuela, as of June 1, 2017, the Company changed the method under which it consolidated the financial position and performance of its operations in Venezuela; therefore, at the date of these financial statements, the Company measures its investment in Venezuela at fair value through other comprehensive income (OCI), in accordance with IFRS 9.

The Company elected to classify irrevocably its equity investments in affiliates in Venezuela under this category as it intends to hold these investments for the foreseeable future. As of December 31, 2024, 2023 and 2022, the Company recognized an impairment loss of \$43, \$236 and \$32, respectively, in other comprehensive income.

Profit or loss and each component of OCI are attributed to the equity holders of the parent of the Company and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

All intercompany balances and transactions have been eliminated on consolidation.

d) Business combination

Business combinations are accounted for using the acquisition method. The consideration transferred in a business acquisition is measured at fair value, which is calculated as the sum of the fair values of the assets transferred by the Company, the liabilities incurred by the Company to the former owners of the acquiree and the equity interests issued by the Company in exchange for control of the acquiree. Costs related to the acquisition are generally recognized in profit or loss as incurred.

At the acquisition date, all identifiable assets acquired and liabilities assumed in a business combination are measured at fair value, except for:

- Deferred tax assets or liabilities and assets or liabilities related to employee benefits are recognized and measured in accordance with IAS 12 *Income Taxes* and IAS 19 *Employee Benefits*, respectively;
- Liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements of the Company entered into to replace share-based payment arrangements of the acquiree that are measured in accordance with IFRS 2 *Share-based Payments* at the acquisition date (as of December 31, 2024, 2023 and 2022, the Company does not have share-based payments);
- Assets (or disposal groups) that are classified as held for sale and measured in accordance with IFRS 5 *Non-current Assets Held for Sale and Discontinued Operations*.

Goodwill is measured at cost (being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests and any previous interest held over the net identifiable assets acquired and liabilities assumed). If, after reassessment, the fair value of the net assets acquired and liabilities assumed at the acquisition date is in excess of the aggregate consideration transferred, the amount recognized for non-controlling interests in the acquiree and any previous interest held over the acquiree is recognized in profit or loss as gain on business combinations.

Non-controlling interests may be initially measured either at fair value or at the proportional share of the acquiree's identifiable net assets. The election is made on a transaction-by- transaction basis.

When the consideration transferred by the Company in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at fair value at the acquisition date and is included as part of the consideration transferred. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively and the corresponding adjustments are charged against goodwill. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year following the acquisition date) on facts and circumstances that existed at the acquisition date.

The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on the classification of the contingent consideration. Contingent considerations classified as equity are not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent considerations classified as assets or liabilities are remeasured at subsequent reporting dates in accordance with IFRS 9 or IAS 37 *Provisions, Contingent Liabilities and Contingent Assets*, as appropriate, and the corresponding gain or loss is recognized in profit or loss.

When a business combination is achieved in stages, any previous interest held over the acquiree is remeasured at fair value at the acquisition date and the resulting gain or loss, if any, is recognized in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognized in other comprehensive income are reclassified to profit or loss when such treatment is appropriate if that interest is disposed of.

If the initial accounting treatment for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Company must report provisional amounts for the items for which the accounting is incomplete. Such provisional amounts are adjusted during the measurement period or additional assets or liabilities are recognized to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date.

e) Discontinued operations

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as after-tax profit or loss from discontinued operations in the income statement. Additional disclosures are provided in Note 24. All other notes to the financial statements include amounts for continuing operations, unless otherwise indicated.

f) Foreign currency transactions

Exchange differences on monetary items are recognized in profit or loss, except in the following cases:

- Exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings;
- Exchange differences on transactions entered into in order to hedge certain foreign currency risks (see Note 17);
- Exchange differences on monetary assets or liabilities related to foreign operations with no planned settlement and for which payment cannot be made (thus forming part of the net investment in the foreign operation) are initially recognized in other comprehensive income and are reclassified from equity to profit or loss as reimbursements of monetary items.

Translation to the Company's presentation currency

On consolidation, the assets and liabilities of foreign operations are translated into Mexican pesos using the prevailing exchange rate at the reporting date. Income and expense items are translated at the average exchange rates for the period, unless the exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used. The assets and liabilities of operations in hyperinflationary economies are translated using the exchange rate prevailing at the reporting date. The exchange differences arising on translation for consolidation are recognized in other comprehensive income and accumulated in equity and attributed to non-controlling interests as appropriate.

On disposal of a foreign operation (i.e. a disposal of the Company's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in a joint arrangement or an associate that includes a foreign operation of which the retained interest becomes a financial asset), the component of OCI relating to that particular foreign operation is reclassified to profit or loss.

Any goodwill arising on the acquisition of a foreign operation and any fair value adjustments to the carrying amounts of assets and liabilities arising on the acquisition are treated as assets and liabilities of the foreign operation and translated at the spot rate of exchange at the reporting date. Exchange differences resulting from the translation are recognized in other comprehensive income.

The annual average and closing exchange rates of the Mexican peso and the exchange

rates functional currencies of the countries of the main subsidiaries is as follows:

	Average exchange rate			Closing exchange rate		
	2024	2023	2022	2024	2023	2022
USA	18.3024	17.7620	20.1250	20.2683	16.8935	19.3615
Canada	13.3237	13.1629	15.4634	14.1203	12.7508	14.2931
Spain	19.7460	19.2096	21.2057	21.0567	18.6673	20.6510
Brazil	3.3982	3.5530	3.8960	3.2731	3.4895	3.7107
Argentina	0.0200	0.0602	0.1542	0.0196	0.0209	0.1093

g) Financial assets

All recognized financial assets are measured subsequently in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Financial asset classification

Financial instruments are measured at fair value through OCI if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

The remaining financial assets are subsequently measured at fair value through profit or loss (FVTPL).

Notwithstanding the above, upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they are not held for trading and do not correspond to contingent consideration transferred by an acquirer in a business combination.

Equity investments at fair value through OCI are initially measured at cost, plus transaction costs, and are subsequently measured at fair value and the gains and losses from the fair value changes are recognized in OCI. Upon derecognition, cumulative gains and losses are never recycled to profit or loss, and instead are recorded in retained earnings.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the financial asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

1. Accounts receivable

Trade accounts receivable and other accounts receivable are non-derivative financial assets with fixed or determinable payments that are not traded on an active market. These instruments are classified as accounts receivable and are measured at amortized cost using the effective interest rate method and are subject to impairment.

Interest income is recognized by applying the effective interest rate, except for short-term receivables when the effect of discounting is immaterial.

2. Impairment in the value of financial assets

The Company assesses at each reporting date whether its non-FVTPL financial assets are impaired.

The Company recognizes a provision for expected credit losses for trade receivables. The Company uses a provision matrix to calculate expected credit losses for trade receivables. The provision matrix is initially based on the Company's historical credit loss experience and is subsequently adjusted for factors that are specific to the debtors, general economic conditions and an assessment of the current direction and forecast of future conditions at the reporting date, including the time value of money, when applicable.

The Company considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Regarding trade accounts receivables, the carrying amount is reduced through the expected credit losses reserve. When an account receivable is considered uncollectible, it is written off against this estimate. Subsequent recovery of amounts previously eliminated become credits against the estimate. Changes in the book value of the estimates account are recognized in the results of the year.

h) Inventories and cost of sales

Inventories are valued at the lower of cost or net realizable value.

Costs incurred in bringing each product to its present location and condition are accounted for, as follows:

- Raw materials, containers, packaging and spare parts: at cost, which includes the cost of the merchandise plus import costs, minus discounts, using the average cost method.
- Finished goods and orders in process: standard cost equal to the cost of direct materials and direct labor costs, plus a proportion of manufacturing overheads based on the normal operating capacity.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs to sell and the estimated costs necessary to make the sale.

i) Property, plant and equipment

Property, plant and equipment is recognized at its adjusted historical cost, net of accumulated depreciation and accumulated impairment losses, if any. Fixed assets acquired in Mexico before December 31, 2007 were restated for inflation through that date based on the National Consumer Price Index (NCPI), which became the estimated cost of such assets as of January 1, 2011 upon the Company's adoption of IFRS.

The cost includes those costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

The costs of expansion, remodeling or improvements that enhance the capacity and increase the productivity and extend the useful life of the asset are also capitalized. Repair and maintenance costs are expensed as incurred. The carrying amount of the replaced asset, if any, is derecognized when replaced, and the effect is recognized in profit and loss.

Freehold land is not depreciated. Depreciation of property, plant and equipment is calculated on the assets' carrying amounts on a straight-line basis over the estimated useful lives of the assets, as follows:

	<u>No. of years</u>
<u>Buildings:</u>	
<u>Construction</u>	<u>15 – 30</u>
<u>Foundations</u>	<u>35 – 50</u>
<u>Roofs</u>	<u>10 – 30</u>
<u>Fixed facilities and accessories</u>	<u>10 – 20</u>
<u>Production equipment</u>	<u>3 – 25</u>
<u>Transportation equipment</u>	<u>8 – 16</u>
<u>Furniture and equipment</u>	<u>2 – 18</u>
<u>Computing equipment</u>	<u>4</u>
<u>Leasehold improvements</u>	<u>The lower of either the related lease term or the useful life of the asset</u>

The Company allocates the amount initially recognized in respect of an item of buildings and production equipment to its various significant parts (components) and depreciates each of these components separately.

The carrying amount of an asset is adjusted to its recoverable value, when the carrying amount exceeds its estimated value in use.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising from derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in results.

Leasehold improvement and adaptations to buildings and sites in which the Company is the lessee are recognized at historical cost less the respective amortization.

j) Right-of-use assets

Right-of-use assets are initially measured at the present value of lease payments, less any lease incentives received and initial direct costs. Right-of-use assets are subsequently measured at cost net of accumulated depreciation, impairment losses and adjustments for any remeasurement of lease liabilities in accordance with IFRS 16. The Company decided to present leases as finance or capitalized operating as shown in Note 9.

Right-of-use assets are depreciated over the shorter of the lease term and the estimated useful lives of the assets. If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

Lease payments for low-value assets (less than USD5,000) and short-term leases (less than 12 months) are recognized directly in profit or loss.

k) Intangible assets

Intangible assets are primarily comprised of trademarks and customer relationships resulting from the acquisition of businesses. Intangible assets acquired through a business combination are recognized at fair value at the acquisition date, separately from goodwill. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangibles, excluding development costs, are not capitalized and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite, based on the contractual terms established at acquisition. Trademarks are considered to have indefinite useful lives when ownership is acquired and otherwise are amortized.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indicator that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed and adjusted at least at the end of each reporting period. The amortization expense on intangible assets with finite lives is recognized in the statement of profit or loss under general expenses.

Intangible assets with indefinite useful lives are not amortized but are tested for impairment at least annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

l) Impairment of tangible and intangible assets, other than goodwill

At the end of each reporting period, the Company assesses whether there is any indicator that its tangible and intangible assets, including right-of-use assets, may be impaired. If any such indication exists, the Company estimates the asset's recoverable amount. If it is not possible to estimate the recoverable amount of the individual asset, the Company determines the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis can be identified, corporate assets are also allocated to the cash-generating unit, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified. Intangible assets with indefinite useful lives or not yet available for use, are tested for impairment on an annual basis (for trademarks with indefinite useful lives the recoverable value assessment is estimated by adding it to the cash generating units ("CGU") of the corresponding group, given that the trademarks do not generate independent cash flows) or more often if there is any indication that the intangible asset may be impaired.

The recoverable amount is the higher of the asset's fair value less costs to sell and its value-in-use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. Impairment losses are recognized immediately in profit or loss.

Annually, when there are indicators that the carrying amount of the Company's assets with finite useful lives has significantly increased, due to changes in the legal, economic, technological or market environment in which the asset is operated or to changes in interest rates that will affect the discount rate used in prior periods to determine the value in use of the asset, the Company estimates the new recoverable amount of the asset on an annual basis in order to determine the amount of accumulated impairment losses to be reversed.

Where an impairment loss is subsequently reversed, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in the statement of profit or loss.

m) Goodwill

Goodwill arising from business combinations is recognized at the cost determined on the acquisition date of the business, as described in the business acquisitions policy note, net of any accumulated impairment losses (see Note 12).

Goodwill is allocated to each cash-generating unit (or group of cash-generating units) that is expected to benefit from the synergies achieved from the combination. The cash-generating units to which goodwill has been allocated are tested for

impairment on an annual basis, or more frequently if there are any indicators of impairment. If the recoverable amount of a cash-generating unit is lower than its carrying amount, the impairment losses recognized in respect of the cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to reduce the carrying amount of the other assets in the unit on a pro rata basis. Impairment in goodwill is recognized directly in profit or loss. Any loss from impairment in the value of goodwill cannot be reversed in future years.

When the relevant cash-generating unit is disposed of, the remaining amount of goodwill is included in the calculation of gains or losses at the time of the disposal.

n) Financial liabilities

Financial liabilities are initially recognized at fair value, net of transaction costs, except for financial liabilities designated at fair value through profit or loss, which are initially recognized at fair value. Subsequent measurement depends on the designation of the financial liability.

Financial liabilities are classified as either financial liabilities at fair value through profit or loss (FVTPL) or other financial liabilities. Note 17 describes the category of each financial liability of the Company.

Subsequent measurement depends on the category of the financial liability. Loans and borrowings are subsequently measured using effective interest method. Gains and losses are recognized in the consolidated statements of profit or loss when the liabilities are amortized. Amortized cost is calculated considering any discount or premium on acquisition and fees or costs that are an integral part of the effective interest method. The effective interest method amortization is included in interest expense caption. For subsequent measurement of derivatives see Note 3o).

Derecognition of financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

o) Derivative financial instruments and hedge accounting

Derivatives are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. The method for recognizing the related gain or loss from changes in fair value of the derivative financial instrument depends on whether they are designated as hedging instruments, and if so, the nature of the hedging relationship. The Company only holds derivative financial instruments classified as cash flow hedges and hedges of net investment in foreign operations.

At the inception of a hedge relationship, the Company formally documents the hedge relationship between the hedging instrument and the hedged items, including the risk management objective and strategy for undertaking the hedge. Periodically, the Company documents whether the derivative financial instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.

The hedge ineffectiveness can arise from:

- Differences in the timing of the cash flows of the hedged items and the hedging instruments
- Different indexes (and accordingly different curves) linked to the hedged risk of the hedged items and hedging instruments
- The counterparties' credit risk differently impacting the fair value movements of the hedging instruments and hedged items
- Changes to the forecasted amount of cash flows of hedged items and hedging instruments

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Derivatives are not offset in the consolidated financial statements unless the Company has both a legally enforceable right and intention to offset. Derivatives are accounted for as non-current assets or liabilities if the remaining maturity of the instrument is more than 12 months and the instrument is not expected to be realized or settled within 12 months. All other derivatives are accounted for as current assets or liabilities.

Cash flow hedges

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in OCI under Valuation effects of cash flow hedges. The gain or loss relating to the ineffective portion is immediately recognized in profit or loss. Amounts previously recognized in other comprehensive income and accumulated in equity are reclassified to profit or loss as a reclassification adjustment in the same period or periods during which the hedged cash flows affect profit or loss.

Any gain or loss recognized in other comprehensive income and accumulated in equity at that time remains in equity and is recognized in profit or loss when the forecast transaction occurs, and its effects are ultimately recognized in profit or loss.

Hedge accounting is discontinued when the Company revokes the hedging relationship, when the hedging instrument expires or is sold, terminated, or exercised, when the hedge effectiveness requirements are not met or when the Company decides to cancel the hedge designation. To give continuity to the hedging

strategy, the Company may extend the hedging terms of the hedged item, by contracting new derivative instruments respecting the main characteristics of the derivative and the original hedging strategy without altering the objective of the administration of Company risk.

Hedges of net investment in foreign operations

Hedges of net investments in foreign operations are accounted for similarly to cash flow hedges. Any gain or loss on the hedging instrument relating to the effective portion of the hedge is recognized in other comprehensive income and accumulated under the heading of Translation effects of foreign subsidiaries. The gain or loss relating to the ineffective portion is immediately recognized in profit or loss under Foreign Exchange gain/(loss), net. Amounts previously recognized in other comprehensive income and accumulated in equity are reclassified to profit or loss on the disposal of the foreign operation.

p) Lease liabilities

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the incremental borrowing rate (IBR) applicable in the countries where the Company operates. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made and is adjusted for certain remeasurements or amendments made to the lease contracts.

The estimated IBR is the interest rate that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right of use asset in a similar economic environment. The Company estimates the IBR using observable inputs, such as market interest rates, when available, and its credit rating.

Leases for which the lease term ends within 12 months after the date of initial application irrespective of when the lease term commenced are accounted for as short-term (current) leases in the consolidated statement of financial position; otherwise, they are accounted for as long-term (non-current) leases.

q) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligations and a reliable estimate can be made of the amount of the obligations.

The amount recognized as a provision is the best estimate of the expenditure required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured based on the estimated cash flows required to settle the present obligation, it is carrying amount represents the present value of these cash flows if the effect of the time value of money is material.

All contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. At the end of subsequent reporting periods,

such contingent liabilities are measured at the higher of the amount that would be recognized in accordance with IAS 37 and the amount initially recognized, less cumulative amount of income recognized in accordance with IFRS 15.

Uncertain tax treatments

The Company constantly evaluates the tax treatments of all its consolidated entities and identifies the tax treatments for which there is uncertainty as to their acceptance by the tax authorities. In view of the current circumstances of the reviews underway, as well as the tax treatments applied by the entities, the tax treatments are quantified considering the conditions of each tax jurisdiction and the approach that better predicts the resolution of the uncertainty, using the most likely amount or the expected value method, as applicable, recognizing the effects for fines in general expenses and the surcharges in comprehensive financing cost in the statement of profit or loss.

The Company determines whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments and uses the approach that better predicts the resolution of the uncertainty.

r) Income tax

Income tax expense consists of current and deferred tax. Current and deferred taxes are recognized as either income or an expense in profit or loss, except for tax items that must be recognized as other comprehensive income items or in equity. For business combinations, the tax effect is included in the recognition of the business combination.

1. Deferred taxes

Deferred taxes are recognized on all temporary differences between financial reporting and tax values of assets and liabilities based on tax rates that have been enacted at the reporting date and where applicable, they include unused tax losses and certain tax credits. Deferred tax assets or liabilities are recognized for all temporary differences, with certain exceptions. The Company recognizes a deferred tax asset for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilized.

Deferred taxes are recognized for all taxable temporary differences, except:

- i) when the deferred tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- ii) in respect of temporary differences associated with investments in subsidiaries and associates, when it is probable that the temporary differences will not reverse in the foreseeable future.
- iii) taxable temporary differences arising on the initial recognition of goodwill. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that taxable profit will be

available against which the deductible temporary difference can be utilized.

The Company offsets deferred tax assets and deferred tax liabilities only if it has a legally enforceable right to set off current tax assets and current tax liabilities and relate to income taxes levied by the same taxation authority or if they are different taxable entities, which intend either to settle current tax liabilities and assets on a net basis, or to realize the assets and settle the liabilities simultaneously.

s) Employee benefits

i. Pensions and seniority premiums

Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity or a fund and will have no legal or constructive obligation to pay further contributions. The obligation is recognized as an expense when the employees have rendered the service entitling them to the contributions.

A defined benefit plan is a post-employment plan under which the Company has the obligation to provide the agreed benefits to current and former employees. The cost of providing benefits under a defined benefit plan that includes pensions and seniority premiums is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurements, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), are immediately recognized in the statement of financial position with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods. Past service costs are recognized in profit or loss at the date of the plan amendment. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The defined benefit retirement plan obligation recognized in the consolidated statement of financial position includes changes in the present value of the defined benefit obligation. The present value of the net defined benefit obligation is determined based on the discounted value of estimated net cash flows, using interest rates tied to government bonds denominated in the same currency in which the benefits are to be paid and whose terms are similar to those of the obligation.

ii. Employee profit sharing

In Mexico, Ecuador and Brazil, the Company is required to recognize a provision for employee profit sharing when it has a present legal or constructive obligation as a result of a past event and the amount can be reliably estimated. Employee profit sharing is recognized in profit or loss as incurred.

iii. Short-term employee benefits

A liability is recognized for employee benefits, such as wages and salaries, paid annual leave, short-term bonus and paid sick leave in the period the related service is rendered.

iv. Termination benefits

A liability is recognized for termination benefits only when the Company cannot withdraw its offer to provide termination benefits to the employee and/or when it recognizes the related restructuring costs.

v. Long-term bonus

The Company grants a long-term cash bonus to certain executives, which is calculated based on performance metrics. The bonus is paid 30 months following the date on which it was granted, and it is recognized in profit or loss in the year in which it accrues and the employee is entitled to receive the bonus.

vi. Multi-employer pension plans (MEPP)

The Company classifies multi-employer plans as defined contribution plans or defined benefit plans in order to determine the accounting for such plans. If the MEPP is classified as a defined benefit plan, the Company accounts for its proportionate share of the defined benefit obligation, plan assets and costs associated with the plan in the same manner as for any other defined benefit plan. When sufficient information is not available to use defined benefit accounting for a MEPP, the Company accounts for such plan as a defined contribution plan and recognized in profit or loss the total amount of contributions paid by the employer.

Liabilities related to the payment of or withdrawal from a multi-employer plan is recognized and measured in accordance with IAS 37 *Provisions, Contingent Liabilities and Contingent Assets*.

t) Revenue recognition

The Company earns its revenue primarily from contracts with customers for the sale of products. Revenue is recognized when control of the goods is transferred to the customer, which is when the performance obligation is satisfied and the Company is entitled to collect the consideration from the customer in exchange for these products. To determine the transaction price, the Company considers the effects of variable considerations such as rights of return and rebates. Payments made to customers for commercial services are recognized as distribution and selling expenses.

Rights of return

Certain contracts provide a customer with a right to return the goods within a specified period. The Company uses the expected value method to estimate the goods that will be returned because this method best predicts the amount of variable consideration to which the Company will be entitled. For goods that are expected to be returned, the Company recognizes a refund liability and a corresponding adjustment to revenue.

Volume rebates

The Company provides retrospective volume rebates to certain customers when the conditions established in the contract are met. Rebates are offset against amounts payable by the customer and against the respective revenue. To estimate the variable consideration for the expected future rebates, the Company applies the most likely amount method for contracts with a single-volume threshold and the expected value method for contracts with more than one volume threshold.

4. Critical accounting judgments and key sources of estimation uncertainty

In the process of applying the Company's accounting policies, which are described in Note 3, management is required to make judgments, estimates and assumptions about the carrying amount of assets and liabilities. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results could differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. The effects of changes in accounting estimates are recognized in the period of the change and future periods if the change affects both.

a) Critical judgment in applying accounting policies

Consolidation of structured entities

As described in more detail in Note 7, BBU has entered into agreements with third party contractors (Independent Commercial Partners) in which it holds no direct or indirect interest but that qualify as structured entities (SE). The Company has concluded that some of these structured entities meet the requirements to be consolidated in accordance with IFRS 10 *Consolidated Financial Statements*.

b) Key sources of estimation uncertainty

i. Useful lives, residual values and depreciation methods for long-lived assets

As described in Note 3, the Company periodically reviews the estimated useful lives, residual values and depreciation methods of long-lived assets, including property, plant and equipment and intangibles. Additionally, for intangible assets, the Company determines whether their useful lives are finite or indefinite. The Company, with an effective date of January 1, 2021, determined that the estimated useful life of the product displays ranges between 2 and 5 years; this change had an effect on the consolidated financial statements during the adoption period.

ii. Incremental borrowing rate

The Company uses its IBR to measure lease liabilities. The IBR is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment at contract inception date. The IBR therefore reflects what the Company 'would have to pay', which requires estimation when no observable rates are available or when they need to be adjusted to reflect the terms and conditions of the lease. The Company estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates.

iii. Impairment of goodwill and indefinite-life intangible assets

Determining whether goodwill and indefinite-life intangible assets are impaired involves calculating the recoverable value of the cash-generating unit to which these assets have been allocated. Recoverable amount is the higher of fair value less costs of disposal and value-in-use. The calculation of the value-in-use requires the Company to determine the expected future cash flows from the cash-generating units, using an appropriate discount rate to calculate the present value.

iv. Fair value measurements

Derivative financial instruments are recognized in the statement of financial position at fair value at the reporting date. In addition, the fair value of certain financial instruments, mainly with respect to long-term debt, is disclosed in the accompanying notes, though there is no risk of adjustment to the related carrying amount (see Note 17). The Company has acquired businesses for which it is required to determine the fair value of the consideration paid, the identifiable assets acquired and liabilities assumed and, if applicable, the non-controlling interest at the date of the acquisition, as described in Note 1.

The fair values described above are estimated using valuation techniques that may include inputs that are not based on observable market data. The main assumptions used by management are described in the related notes. The Company considers that the valuation techniques and assumptions selected are appropriate for the determination of the fair values.

v. Employee benefits

The cost of defined benefit plans and MEPP (considered as defined benefits) is determined using actuarial valuations that involve assumptions related to discount rates, future salary increases, employee turnover rates and mortality rates, among others. Due to the long-term nature of these plans, the assumptions used for such estimates are subject to change.

vi. Recoverability of deferred income tax

To determine whether a deferred income tax asset related to tax losses carryforwards is impaired or if it will be recovered in the future, the Company analyses financial and tax projections to determine its recoverability.

vii. Insurance and other liabilities

Insurance risks in the United States of America related to the liability for general damages to third parties, car insurance and employee benefits are self-insured by the Company with coverage that is subject to specific limitations established in an insurance program. Provisions for claims are recorded on an incurred-claim basis. Insurable risk liabilities are determined using the Company's historical data. As of December 31, 2024, 2023 and 2022, the net liabilities amounted to \$4,290, \$3,631 and \$4,741, respectively.

<u>Raw materials, containers and packaging</u>	<u>\$ 8,036</u>	<u>\$ 7,100</u>	<u>\$ 7,331</u>

For the years ended December 31, 2024, 2023 and 2022, the Company recognized inventory usage of \$124,918, \$131,052 and \$133,808, respectively, in cost of sales, of which \$4,355 correspond to the discontinued operation for the years ended December 31, 2022.

7. Structured Entities

The Company, through its subsidiary BBU, enters into agreements with independent business partners for distribution rights to sell and distribute the Company's products through direct deliveries to retail stores in certain sales territories. The Company does not hold equity interests in any of the entities controlled by the independent business partners, some of which, finance the purchase of distribution rights through loans from financial institutions with the Company's support. To maintain working routes and ensure the delivery of products to customers, the Company assumes explicit and implicit commitments. The Company has concluded that all independent business partners that are legal entities qualify as Structured Entities (SE), primarily due to the financial and operative support they receive from the Company. Based on this, the SE are consolidated in the Company's financial statements.

An analysis of the assets and liabilities of independent operators before eliminations as of December 31 2024, 2023 and 2022 is as follows:

	2024	2023	2022
<u>Inventories</u>	\$ 280	\$ 197	\$ 295
<u>Right-of-use assets – vehicles</u>	4,641	3,335	3,422
<u>Distribution rights</u>	8,972	6,816	7,664
<u>Total assets</u>	\$ 13,893	\$ 10,348	\$ 11,381
<u>Current portion of non-current debt:</u>			
<u>Obligations under finance leases</u>	\$ 1,042	\$ 767	\$ 830
<u>Accounts payables</u>	1,572	1,018	1,167
<u>Loans granted to independent business partners</u>	15	35	43
<u>Non-current debt:</u>			
<u>Obligations under finance leases</u>	2,126	1,341	1,319
<u>Loans granted to independent business partners</u>	10	43	44
<u>Debt with affiliates (net of accounts receivable)</u>	10,313	6,340	6,301
<u>Total liabilities</u>	\$ 15,078	\$ 9,544	\$ 9,704
<u>Non-controlling interest</u>	\$ (1,185)	\$ 804	\$ 1,677

Funding provided by BBU to independent business partners that have been classified as SE and consolidated are eliminated in the consolidated financial statements.

Non-current lease liabilities are secured by the vehicles subject to leases and do not represent additional claims on the Company's assets.

In addition, BBU has sold certain distribution rights to third-parties. These routes may be repurchased again from third-parties to operate or resell them. During 2024, 2023 and 2022, total buybacks, net of sales, were approximately \$5,061, \$1,566 and \$372, respectively. When BBU buys a route from an unconsolidated entity, this transaction is accounted for in accordance with IFRS 3. BBU recognizes at the date of the buyback transaction, an impairment when the purchase price of the distribution rights es lower than its cost.

BBU funds up to 90% of the distribution rights sold to certain independent operators. The loans bear interest of between 6% and 11%, with a weighted monthly average of 10%, and

are payable in 120 monthly installments. Independent operators make an initial payment to the Company for the remaining 10% of the purchase price. In most cases, an independent third-party finances the down payment. Both the Company and the financing of independent third parties are guaranteed by the distribution routes, equipment, customer lists, and other assets. The independent third-party has priority over the collateral.

Net gain or loss originating from the sale of routes to an entity that is consolidated under IFRS 10 is eliminated in consolidation. Net gain originating from the sale of the distribution rights to entities that are not consolidated under IFRS 10 is deferred primarily due to the financing provided by BBU and an independent third party. BBU recognizes the deferred gain on a straight-line basis over the remaining term of the note receivable after the independent operator obtains a 10% ownership level over the route and, where applicable, the one year put option has expired. BBU recognized losses of \$63, \$47 and \$213 for the sale of routes during 2024, 2023 and 2022, respectively, which is reflected in different lines of the income statement.

(1) Discount rate after income tax

The projections developed by the Company in the impairment models consider assumptions based on the current macroeconomic conditions of each CGU.

As of December 31, 2024, the Company performed a sensitivity analysis on its main cash-generating units, considering an of 50 basis-point increase in the discount rate or a 50 basis- point decrease in the average growth rate, without giving rise to additional impairment.

Allocation of goodwill to cash-generating units

For impairment testing purposes, goodwill is allocated to cash-generating units, which are mainly the USA, Canada, Spain and others.

The carrying amount of goodwill assigned to each cash-generating unit, after impairment losses, is as follows:

	2024	2023	2022
USA	\$ 44,380	\$ 37,236	\$ 41,681
Canada	13,390	12,141	13,207
Spain	1,499	1,467	1,338
Other CGUs	15,831	11,156	11,859
	\$ 75,100	\$ 62,000	\$ 68,085

USA

The recoverable amount of this CGU is the higher of the asset's value in use and its fair value less costs of disposal. As of December 31, 2024, the value in use was higher and in order to calculate this amount, the Company applied the discounted cash flow method, which consists of applying a discount rate to the projected cash flows of the CGU. The discount rate used is the weighted average cost of capital (WACC), which considers the cost of capital contributed by the shareholder (CAPEM) and the cost of financial debt. The planning horizon was 5 years plus a perpetuity that considers the normalized cash flow with projected country's inflation rate.

After applying the aforementioned methodology, the Company concluded that there is no impairment in the goodwill of this CGU.

Remaining CGUs

For the remaining CGUs, the value in use was higher than the carrying amount and no impairment losses were recognized during 2024.

Tax reforms

Global Anti-Base Erosion Model Rules for Pillar Two:

The Organization for Economic Co-operation and Development (OECD) under the Inclusive Framework on Base Erosion and Profit Shifting (BEPS) issued the Pillar Two - Global Anti-Base Erosion Model Rules (GloBE Rules) and related guidance. The GloBE rules introduce a new complex minimum taxation threshold of 15% applicable to multinational entities (MNEs) with consolidated revenue of EUR 750 million or more in two of the four fiscal years immediately preceding the reporting period. More than 135 countries and tax jurisdictions are members of the Inclusive Framework and will be enacting tax laws to adopt the GloBE Rules in the upcoming years. Grupo Bimbo has concluded that it falls within the scope of the rules.

The enacted or substantively enacted rules apply to fiscal years commencing on or after January 1, 2024. Also, several countries in which the group operates, including European Union member states, have adopted domestic legislation to implement the Inclusive Framework's global corporate minimum taxation threshold of 15%, which will be effective as of the above- mentioned year. Other countries are also actively considering making changes to their tax legislation to adopt the Inclusive Framework's proposals.

Based on the current analysis of the GloBE Rules, Grupo Bimbo does not expect these changes in tax legislation to have a material impact on its consolidated financial statements, since it applies the GloBE MR Safe Harbour rules, which are a set of criteria that temporarily exempt MNEs from GloBE calculations.

The safe harbor rules are intended to ease the transition and streamline the compliance with the GloBE Rules for the first fiscal years of adoption. Therefore, as Grupo Bimbo is within the scope of the Safe Harbour rules, no additional top-up tax is expected. As a result, as of December 31, 2024, the Company will not be subject to any additional income tax payable.

On the other hand, as of December 31, 2024, the Company applied the mandatory temporary exception to not to account for deferred taxes that may arise from the jurisdictional implementation of the GloBE Rules in accordance with IAS 12. Therefore, no deferred taxes have been recognized as of this date.

The Company is still in the process of monitoring the definitions to be adopted in each country and region in which it operates, to assess the potential impacts and the implementation challenges of the top-up income tax established in the BEPS Model of the GloBE Rules.

Mexico

On October 26, 2021, a series of tax effective as of January 1, 2022, these reforms did not generate a financial impact for the Company, but it did generate a series of compliance obligations.

To date, the Company has complied with its obligation to disclose tax schemes subject to reporting corresponding to fiscal years 2024, 2023 and 2022.

United States of America

In August 2022, the CHIPS & Science Act (HR 4346) was enacted, introducing a 25% tax credit for investments in the manufacturing sector. This measure is not expected to have a significant impact on GB's operations in the United States.

In August 2022, the Reduction Act 2022 was enacted, which includes a new minimum tax for certain large taxpayers starting in 2023. The new law gives rise to a minimum tax equal to the difference between such tax and income tax and Base Erosion and Anti-Abuse Tax (BEAT).

These modifications did not have a significant impact on the financial statements.

Spain

On 29 December 2022, Law 38/2022 was enacted, which imposes a temporary limitation in 2023 on the recognition of tax loss carryforwards generated individually by the different entities of a corporate group.

In addition, the remaining individual tax loss carryforwards shall be included in taxable profit in equal parts in each of the first ten fiscal periods beginning on or after January 1, 2024.

Income tax in other countries

Subsidiaries established abroad calculate income tax based on the individual performance of each subsidiary and in accordance with the regulations of each country. U.S. regulations allow the filing of a consolidated income tax return.

As of 2013, Spanish regulations allow the filing of a consolidated tax

return. As of 2019, French regulations allow the filing of a consolidated tax return.

Except for the subsidiaries mentioned above, each subsidiary calculates and pays income tax as an individual legal entity. The annual tax returns are filed within the six months following the end of the fiscal year. Additionally, the subsidiaries must make provisional payments during each fiscal year.

The tax rates applicable in other countries where the Company operates and the period in which tax losses may be applied, are as follows:

Statutory income

To determine deferred income tax as of December 31, 2024, 2023 and 2022, the Company's subsidiaries applied the income tax rate that will be in effect when the temporary differences giving rise to deferred taxes are expected to reverse.

Some companies with tax losses have conservatively not recognized the deferred tax asset for those losses. This is because, in addition to having the right to amortize them, they must have a history of positive tax results, as well as projections that allow them to estimate the recovery time for those tax losses.

2. Risk management

During the normal course of its operations, the Company is exposed to risks inherent to financial variables, as well as changes in the prices of some of its raw materials that are traded in international markets. The Company has established an orderly risk management process that assesses the nature and extent of those risks.

The primary financial risks to which the Company is exposed are as follows:

- Market risk
 - Interest rate risk
 - Foreign currency risk
 - Commodity price risk

- Liquidity risk
- Credit risk
- Equity risk

The risk management process includes the following activities:

- Identify, evaluate and monitor external and internal risks that could have a significant impact on the Company
- Prioritize risks
- Ensure risk assignment and monitoring
- Validate bodies and/or those responsible for risk management
- Validate the progress made in the management of each prioritized risk
- Review the consistency of open positions in respect of the corporate strategy
- Make recommendations

Since the variables to which the Company is exposed are dynamic, hedging strategies are evaluated and monitored periodically. Such strategies are reported to the relevant governing body within the Company. The primary purpose of hedging strategies is to achieve a neutral and balanced position in relation to the risk exposure caused by certain financial variables.

As of December, an analysis of the Company's derivative financial instruments is as follows:

As of December 31, 2024, 2023 and 2022, derivative financial instruments did not generate significant ineffectiveness in the hedging strategies executed.

2.1 Market risk

The Company is exposed to interest rate and foreign currency exchange risks, as well as commodity price risks. The Company occasionally uses derivative financial instruments to mitigate the potential impact of fluctuations in these variables and prices on its financial performance. The Company considers that the derivative financial instruments it enters into provide flexibility that allows for greater financial stability and better visibility and certainty regarding future costs and expenses.

The Company determines the target amounts and parameters of the primary positions for which the derivative financial instruments are contracted in order to minimize one or more of the risks generated by a transaction or group of transactions associated with the primary position.

The Company only enters into derivative financial instruments with financial institutions of well-known solvency and within the limits set for each institution.

The main types of derivative financial instruments used by the Company are as follows:

Contracts that establish a mutual obligation to exchange cash flows on preestablished future dates, at the nominal or reference value (swaps):

1. Interest rate swaps to balance the mix of fixed and variable interest rates used for financial liabilities
2. Cross currency swaps, to change the currency in which both the principal and

interest of a financial liability are expressed

- a) Foreign currency forwards
- b) Foreign currency call options
- c) Foreign currency denominated zero-cost call and put options (zero-cost collars)
- d) Raw materials futures
- e) Options on raw material futures
- f) Commodity swaps

Market risk exposure is monitored and reported on an ongoing basis.

The Company's policy is to contract derivative financial instruments for the sole purpose of hedging its foreign currency risk. Accordingly, in order to contract a derivative financial instrument, it must necessarily be associated with a primary position that exposes the Company to a specific risk. Consequently, the notional amounts of the Company's derivative financial instruments must be consistent with the amounts of the primary positions that are being hedged. The Company does not contract derivative financial instruments to obtain earnings from premiums.

2.2 Management of interest rate risk

The Company is exposed to interest rate risk, mainly with respect to its financial liabilities. The risk is managed through an adequate mix of fixed and variable rates, which on occasion, is achieved by contracting derivative financial instruments, such as interest rate swaps, which are accounted for as hedging instruments when they meet with the corresponding criteria.

As a result of the COVID-19 pandemic, volatility in financial markets led to fluctuations in interest rates, particularly in short-term rates. Since most of the Company's financial liabilities bear interest at long-term fixed rates, these fluctuations did not have a material effect on the consolidated financial statements during 2022.

Company management considers that the interest rate risk related to its financial assets is limited, since they are generally current assets.

Interest rate sensitivity

The sensitivity analyses below have been determined based on balances exposed to interest rate risk, considering both derivative and non-derivative financial instruments at year-end closing; therefore, the analyses may not be representative of the interest rate risk for the period due to changes in the balances exposed to such risk. For floating rate instruments, for which the Company has not contracted a hedge to fix the rate, the sensitivity analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year.

An increase/decrease of 20 basis points in the SOFR would result in a decrease/increase in profit or loss of approximately \$30 for the year ended December 31, 2024.

An increase/decrease of 100 basis points in the TIIE would result in a decrease/increase in profit or loss of approximately \$119 for the year ended December 31, 2024.

2.3 Management of foreign currency risk

The Company carries out transactions in different foreign currencies and presents its consolidated financial statements in Mexican pesos. Accordingly, it is exposed to foreign currency risk (i.e. due to forecasted purchases of raw materials, contracts and monetary assets and liabilities) and foreign currency translation risk (i.e. due to net investments in foreign subsidiaries). The Company is mainly exposed to foreign currency risk associated with the performance of the Mexican peso against the American dollar and the Canadian dollar, and the Canadian dollar against the USD.

- Management of foreign currency translation risk

The Company has investments in foreign subsidiaries whose functional currency is not the Mexican peso, which exposes it to foreign currency translation risk. The Company has contracted intercompany financial assets and liabilities with those foreign subsidiaries in various currencies, which also generates foreign currency translation risks.

Foreign currency translation risk is mitigated mostly through the issuance of one or more loans denominated in currencies other than the functional currency to naturally hedge exposure to foreign currency and presented as a net investment in foreign subsidiaries.

As of December 31, 2024, 2023 and 2022, the loans in USD (described in Note 13) that have been designated as hedges on the net investment in foreign subsidiaries amount to USD969 million, USD841 million and USD1,058 million, respectively.

As of December 31, 2024, 2023 and 2022, the loans that have been designated as hedges on the net investment in foreign subsidiaries in Canada amount to CAD289 million, CAD289 million and CAD354 million, respectively (see Note 17, 2.3 (a)).

As of December 31, 2024, 2023 and 2022, the loans that have been designated as hedges on the net investment in foreign subsidiaries in Spain amount to EUR412 million, EUR318 million and EUR318 million, respectively.

As of December 31, 2024, the amount designated as hedges on the net investment in foreign subsidiaries in United Kingdom is GBP100 million.

As of December 31, 2024, 2023 and 2022, the amount designated as a hedge for non-current intercompany asset positions is CAD664 million, CAD664 million and CAD630 million, respectively.

As of December 31, 2023 and 2022, the amount loans for non-current intercompany that have been designated as the investment in USA subsidiaries is USD185 million and USD756 million respectively.

As of December 31, 2023, the amount designated as a hedge for non-current intercompany liability positions is USD13 million.

As of December 31, 2024, the amount designated as a hedge for non-current intercompany liability positions is CLP60,000 million.

As of December 31, 2022, the amount designated as a hedge for non-current

intercompany asset positions is GBP18 million.

To test hedge effectiveness, the Company compares the changes in the fair value of the hedging instrument against the changes in fair value of the hedged item attributable to the net investment.

Management of transactional foreign currency risk

The Company's risk management policy on transactional foreign currency risk consists of hedging expected cash flows, mainly with regard to expected obligations that qualify as hedged items, represented by "highly probable" forecasted transactions for purposes of hedge accounting. When the future purchase is made, the Company adjusts the non-financial asset hedged for the gain or loss previously recognized in OCI.

Foreign currency sensitivity

The sensitivity analyses below have been determined based on balances exposed to foreign currency risk, considering both derivative and non-derivative financial instruments at the reporting date; therefore, the analyses may not be representative of the foreign currency risk for the period due to changes in the balances exposed to such risk.

A depreciation/appreciation of one Mexican peso per USD that represents management's estimate of a reasonable potential change in the parity of both currencies would result in an increase/decrease of approximately \$25 in profit or loss for the year ended December 31, 2024.

A depreciation/appreciation of one Mexican peso per Canadian dollar that represents management's estimate of a reasonable potential change in the parity of both currencies would result in an increase/decrease of approximately \$3 in profit or loss for the year ended December 31, 2024.

A depreciation/appreciation of one Mexican peso per Euro that represents management's estimate of a reasonable potential change in the parity of both currencies would result in an increase/decrease of approximately \$1 in profit or loss for the year ended December 31, 2024.

2.4 Management of commodity price risk

There is an economic relationship between the hedged items and the hedging instruments the terms of purchases of raw materials match the terms of the expected highly probable forecast transactions (i.e. notional amount and expected payment date). The Company has established a hedge ratio of 1:1 for the hedging relationships as the underlying risk of the purchases of raw materials are identical to the hedged risk components.

In accordance with the Company's risk management policies, it enters into wheat, natural gas, and other commodity futures contracts to minimize the risk of variation in international prices of such commodities.

Wheat, the main commodity used by the Company, together with natural gas, are some of the commodities hedged. The transactions are carried out in well-known commodity markets and through their formal documentation, are designated as cash flow hedges of forecasted transactions. The Company performs prospective and retrospective effectiveness tests of the instruments to ensure that they mitigate the variability of cash flows from fluctuations in the price of such commodities.

As of December 31, 2024, 2023 and 2022, the Company has recognized, in other comprehensive income, closed wheat derivative contracts that have not yet been reclassified to cost of sales, since the wheat under these contracts has not been used for flour consumption.

The fair values of these financial instruments used to hedge the raw material price risk are considered within Level 1 of the fair value hierarchy.

Valuation techniques and assumptions applied to measure fair value

The fair value of the Company's financial assets and liabilities is calculated as follows:

The fair values of financial assets and financial liabilities with standard terms and conditions which are traded on active, liquid markets are determined based on their quoted market prices. Derivative financial instruments fall under this category; therefore, these instruments are classified within Level 1 of the fair value hierarchy described below.

The fair value of other financial assets and liabilities carried at fair value is determined in accordance with accepted pricing models, generally based on an analysis of the discounted cash flows.

As of December 31, 2024, 2023 and 2022, the carrying value of financial assets and liabilities does not vary significantly from their fair value.

These derivative financial instruments are considered within level 1 and 2 of the fair

value hierarchy.

The valuation of the Company's local bonds was determined based on the market value with prices provided by Valuación Operativa y Referencias de Mercado S.A. de C.V. ("VALMER"), which is an entity supervised by the *Mexican National Banking and Securities Commission* (CNBV, Spanish acronym) that provides updated prices for financial instruments. This valuation is considered Level 1 in accordance with the hierarchy described below.

Fair value hierarchy

All assets and liabilities for which fair value is measured or disclosed in the consolidated statement of financial position are categorized within one of the following three hierarchy levels based on the data used in the valuation. Categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

2.5 Management of liquidity risk

Liquidity risk management allows the Company to determine its short-term, medium-term and long-term cash flow needs, while seeking financial flexibility. The Company maintains sufficient liquidity through an orderly management of its resources and constant monitoring of cash flows, as well as through a variety of credit lines (some of them committed) with banking institutions and proper management of working capital. These actions ensure the payment of future obligations. Due to the nature of its business, the Company considers its liquidity risk to be low.

Obligations arising from accounts payables, derivative financial instruments and debt amortization are as follows:

	<u>< 1 year</u>	<u>>1 year < 3 years</u>	<u>>3 years < 5 years</u>	<u>> 5 years</u>	<u>Total</u>
<u>Debt and interest</u>	<u>\$ 13,930</u>	<u>\$ 45,644</u>	<u>\$ 39,284</u>	<u>\$ 132,203</u>	<u>\$ 231,061</u>

2.6 Management of credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

The Company recognizes a provision for expected credit losses for trade receivables. The Company uses a provision matrix to calculate expected credit losses for trade receivables. The provision matrix is initially based on the Company's historical credit loss experience and is subsequently adjusted for factors that are specific to the debtors, general economic conditions and an assessment of the current direction and forecast of future conditions at the reporting date, including the time value of money, when applicable.

With respect to transactions with derivative financial instruments related to interest rate and exchange rate hedges, and some commodities such as natural gas, these instruments are entered into bilaterally with counterparties of high repute that meet certain criteria mentioned below, and who maintain a significant and ongoing business relationship with the Company.

These counterparties are deemed of high repute, as they are sufficiently solvent, based on their "counterparty risk" rating from a rating agency, for current and non-current obligations in local and foreign currency.

The Company's transactions with derivative financial instruments related to raw materials are carried out in the following renowned markets:

- a) Minneapolis Grain Exchange (MGE)
- b) Kansas City Board of Trade (KCBOT)
- c) Chicago Board of Trade (CBOT)
- d) New York Mercantile Exchange (NYMEX)

The Company monitors counterparty credit risks on a monthly basis and performs the related measurements.

All derivative financial instrument transactions are performed under standardized derivatives contracts that are duly executed by the legal representatives of the Company and those of the counterparties.

The appendices and annexes to these derivative contracts establish the settlement and other relevant terms in accordance with the uses and practices of the Mexican market and the markets in which the Company operates.

Some derivative financial instrument contracts, appendices and annexes, through which bilateral derivative financial transactions are carried out, consider the establishment of a cash deposit or other securities to guarantee payment of obligations arising from such contracts. The credit limits established by the Company with its counterparties are large enough to support its current operations; however, the Company maintains cash deposits as collateral for payment of certain derivative financial instruments.

For commodities future contracts executed in well-known international markets, the Company is subject to the regulations of such markets. These regulations include, among others, establishing an initial margin call for futures contracts and subsequent

margin calls required of the Company.

Seniority premiums consist of a one-time payment equal to 12-days' salary for each year worked based on the employee's final monthly salary (capped at twice the legal minimum daily wage) as stipulated in the employment contracts. Such benefits are

granted to employees with 15 or more years of service.

Sensitivity analysis:

The significant actuarial assumptions for the determination of the defined benefit obligation are the discount rate and the expected salary increase rate. The sensitivity analyses described below consider reasonable potential changes in the respective assumptions at the end of the reporting period, with all other assumptions remaining constant.

A sensitivity analysis considering a variance of 50 basis points in the assumptions as of December 31, 2024 is as follows:

	<u>Mexico</u>	<u>EUA</u>	<u>Canada</u>
<u>Discount rate increase</u>	<u>\$ (1,005)</u>	<u>\$ (522)</u>	<u>\$ (178)</u>
<u>Discount rate decrease</u>	<u>1,131</u>	<u>522</u>	<u>206</u>
<u>Salary rate increase</u>	<u>(450)</u>	<u>(32)</u>	<u>(13)</u>
<u>Salary rate decrease</u>	<u>490</u>	<u>32</u>	<u>16</u>

In the sensitivity analysis described above, the present value of the defined benefit obligation is calculated using the projected unit credit method at the end of the reporting period, which is the same method applied to calculate the liability for the defined benefit obligation recognized in the consolidated statement of financial position.

There were no changes in the methods or assumptions considered in the sensitivity analyses of prior years.

The Company expects to make a contribution of \$86 to the retirement and post-retirement benefit plans in 2025.

Multi-Employer Pension Plans (MEPP)

The Company participates in defined benefit MEPPs through its subsidiary BBU, that are administered and controlled by an independent board of trustees that generally consists of an equal number of union and employer representatives. BBU's responsibility to contribute to these plans is established pursuant to its collective agreements that cover its union-represented employees. These plans generally provide for retirement benefits for eligible employees with the applicable bargaining units, based on specific eligibility and participation requirements, vesting periods and benefit formulas.

Assets contributed to a MEPP by one employer may be used to provide benefits to employees of other participating employers. In the event other employers withdraw from a MEPP in which BBU participates, without satisfying their entire withdrawal liability, the amount of the unsatisfied withdrawal liability would be allocated to the remaining active employers.

Generally, allocation of withdrawal liability is related to BBU's contributions to the plan in relation to other employers' contributions to the plan and is subject to the collective bargaining process as well as approval from the Pension Benefit Guarantee Corporation.

If any of the MEPPs in which BBU participates enters critical status and its contributions are not sufficient to satisfy any rehabilitation plan funding schedule, the BBU could be required to make additional surcharge contributions to the MEPP based on a percentage of existing contributions required under the Company's labor agreement.

Unless the Company determines that it is probable that it will exit the MEPP, this type of plan is measured as a defined contribution plan, since the Company does not have sufficient information to perform the related calculations due to the collective nature of the plans and the Company's limited participation in the management of the plans. For the years ended December 31, 2024, 2023 and 2022, the contributions made to the MEPPs total \$2,609, \$2,430 and \$2,655, respectively. The Company expects to contribute of \$2,746 to the plan in 2025.

Liabilities recognized related to MEPPs are updated annually due to changes in wages, seniority and the combination of employees within the plan and are recorded in profit or loss for the year, in addition to amounts that are contributed regularly to different MEPPs.

When it is probable that the Company will exit a MEPP, a provision is recognized for the

present value of the estimated future cash outflows, discounted at the current rate (Note 19).

The movements of the MEPPs liability during the years ended December 31 were as follows:

	2023	2022
<u>Balance as of January 1</u>	\$ 31	\$ 19,227
<u>Remeasurement – (Note 22)</u>	(28)	(18,697)

In March 2021, the United States federal government passed and signed into law the American Rescue Plan Act of 2021 ("ARPA"). ARPA aims to redress some of the economic damages inflicted by the COVID-19 pandemic, including a provision of special financial assistance ("SFA") for certain underfunded PPMs through 2051. According to regulations issued in July 2021 and finalized in July 2022, underfunded PPMs in which the Company participates are eligible to apply for SFA in 2022 and 2023.

In December 2022, the largest critical and declining pension fund in the United States, Central States Teamsters, received approval for Special Financial Assistance (SFA). The Company believes that this approval significantly reduces the level of uncertainty with respect to other qualified pension funds and provides assurance that the SFA application process is progressing as planned. Accordingly, the Company believes that the previously expected contributions that were recognized on a provisional basis will no longer be required, so this provision has been reversed. The amount of this reversal is \$19,010, which was recognized in other expenses in the statement of profit or loss.

Social welfare benefit plan in USA

The Company has a social welfare post-retirement benefit plan that qualifies as a defined contribution plan. The amounts corresponding to this obligation are recognized in profit or loss as incurred. These obligations are classified as current or long-term welfare benefit plans and the amounts are recognized in the consolidated statement of financial position. These liabilities are classified as short-term and long-term and their amounts included in the statement of financial position are:

	2024	2023	2022
<u>Social welfare:</u>			
<u>Short-term ^(a)</u>	\$ 1,419	\$ 1,189	\$ 1,462
<u>Long-term</u>	3,419	2,855	3,873

In the other non-current liabilities caption, the Company has recognized provisions for lawsuits of different nature that arise in the normal course of its operations. The liabilities related to tax uncertainties were also recognized under the same caption. Based on this assessment, the Company has recognized the following amounts:

Type	2024	2023	2022
<u>Tax</u>	<u>\$ 1,094</u>	<u>\$ 1,104</u>	<u>\$ 1,146</u>

<u>Total</u>	<u>\$ 10,450</u>	<u>\$ 9,755</u>	<u>\$ 8,663</u>

The movements in the Company's provisions and liabilities related to uncertain tax positions as of December 31, are as follows:

	2024	2023	2022
<u>Balance as of January 1</u>	<u>\$ 9,755</u>	<u>\$ 8,663</u>	<u>\$ 5,793</u>

<u>Balance as of December 31</u>	<u>\$ 10,450</u>	<u>\$ 9,755</u>	<u>\$ 8,663</u>

As of December 31, 2024, the cumulative amount corresponding to tax, civil and labor lawsuits deemed as less than probable, but more than remote by the Company's internal attorneys is \$399. However, the Company considers that such lawsuits will not have a material effect on its consolidated financial position or operating results.

Brazil:

As a result of the purchase of property, plant and equipment and intangible assets in Brazil in connection with the Firenze brand in 2008, the Company was subject to tax liens as the presumed successor to companies that participate in these actions. On January 7, 2021, the Company signed an agreement with the corresponding authorities related to the above process, which implies payments during 7 years following the signing of said agreement with the option to settle in advance at any time. As a consequence of the above, as of April 29, 2022, in advance the Company paid the total debit \$310.

In addition, the Company has secured its labor and civil lawsuits with security deposits totaling

\$121, which are presented as part of other non-current assets.

Canada:

The Competition Bureau of Canada in 2017 started an investigation into alleged collusion between various participants of the baked goods industry, including Canada Bread, although to date no formal accusations have been charged against the Company. The Company is cooperating with the Canadian authorities in this process.

On July 20, 2023, the subsidiary Canada Bread made the payment for 50 million CAD, which was fully provisioned, corresponding to the fine imposed by the Superior Court of Justice of Ontario related to the investigation opened by the authority in matters of economic competition in 2017.

In addition, Grupo Bimbo and Canada Bread have been required in two class actions in connection with such investigation. Given the status of this legal process as of December 31, 2024, the Company has not recognized a provision related to this matter.

The Company filed a complaint with the Canadian authorities against Maple Leaf Foods Inc. ("Maple Leaf") and certain former officers of Maple Leaf Foods Inc. ("Maple Leaf"), in connection with the sale of Canada Bread Company, Limited to Grupo Bimbo in 2014, seeking compensation for alleged misrepresentations made during the sale of Canada Bread.

THIS LEASE AGREEMENT ("Lease") is hereby entered into as of the Contract Date above by and between BUSH LEASING TRUST, a Delaware statutory trust ("Lessor"), and LESSEE referenced above.

1. GRANT OF LEASE. Lessor hereby leases to Lessee, and Lessee hereby leases from Lessor, the Equipment described herein, together with all replacements, repairs and additions thereto (individually and collectively, the "Vehicles") on the terms and conditions set forth in this Lease. Lessee agrees that Lessee leases the Vehicles "as-is", and confirms that as of the date of delivery of each Vehicle, such Vehicle is of the design and manufacture selected by Lessee, and as of such date, Lessee has unconditionally accepted such Vehicles in all respects. Lessee further confirms that it has selected the Vehicles on the basis of its own judgment, and expressly disclaims reliance upon any statements, representations, or warranties made by Lessor, and Lessee acknowledges that Lessor is not the manufacturer of the Vehicles. Lessee certifies that the Vehicles identified herein will be used for commercial purposes.

2. INITIAL TERM. The term of this Lease for each Vehicle shall commence on the Contract Date and shall continue for that number of months from the first (1st) day of the month following the Contract Date (unless the Contract Date is the first (1st) day of the month, in which case the Contract Date shall be the date on which the term of this Lease commences) ("Commencement Date") each as set forth in the Summary of Lease Terms (such period as extended or sooner terminated by Lessor as provided herein, the "Term").

3. RENT. The rental payment amount for each Vehicle hereunder (the "Basic Rent") is set forth in the Summary of Lease Terms. Basic Rent on each Vehicle shall begin to accrue on the Contract Date and shall be due and payable in U.S. dollars in immediately available funds by Lessee in advance or arrears for the periods (each a "Rental Period") and for the total number of payments as set forth in the Summary of Lease Terms, in each case, on the first day of each such Rental Period. If the Contract Date does not fall on the first day of the month, the rental for that period of time from the Contract Date until the Commencement Date shall be an amount equal to the daily rental (Basic Rent divided by 7 days for One Week, 14 days for One Biweekly and 30 days for One Month Rental Periods, as applicable), multiplied by the number of days from (and including) the Contract Date to (but not including) the Commencement Date and shall be due and payable on the Commencement Date. Lessee shall pay all amounts other than Basic Rent Lessee is obligated to pay hereunder (the "Supplemental Rent" and together with Basic Rent, the "Rent") when due or if no date is specified herein, on demand. If any Rent payment is not made within five (5) days after its due date, Lessee shall pay a

late charge equal to the lesser of 10% of the late rental payment amount, and the maximum amount permitted by law.

LESSEE'S PAYMENT OF RENT AND LESSEE'S PERFORMANCE OF ALL OTHER OBLIGATIONS ARE ABSOLUTE AND UNCONDITIONAL AND WITHOUT SET OFF, COUNTERCLAIM, OR ANY DEFENSE WHATSOEVER, INCLUDING, BUT NOT LIMITED TO, ANY RIGHT OR CLAIM THAT LESSEE MAY NOW OR HEREAFTER HAVE AGAINST LESSOR, ANY OF LESSOR'S AFFILIATES, ANY ASSIGNEE OF LESSOR, OR THE MANUFACTURER OF THE VEHICLES FOR ANY REASON WHATSOEVER, SPECIFICALLY INCLUDING, WITHOUT LIMITATION, ANY CLAIMS THAT LESSEE MAY HAVE AGAINST LESSOR, ANY OF LESSOR'S AFFILIATES, OR ANY ASSIGNEE OF LESSOR WITH RESPECT TO THE SERVICE AND MAINTENANCE AGREEMENT REFERENCED IN SECTION 5 HEREOF.

4. OPTION UPON EXPIRATION OF INITIAL TERM OF LEASE . Upon expiration of the Initial Term of the Lease, Lessee hereby unconditionally agrees to purchase all, but not less than all, of the Equipment for One Dollar (\$1.00). Lessee and Lessor agree that for purposes of this Lease, Lessee is owner of the Equipment and shall file and pay all license, registration fees, and documentary, sale and use taxes, and personal property taxes and all other taxes, fees and charges relating to the ownership, leasing, rental, sale, purchase, possession or use of the Equipment. Upon payment in full by Lessee of any related purchase amounts and all Rent, Lessor will execute and deliver to Lessee the title to the Vehicles, and any other documentation necessary to transfer title to Lessee. THIS SALE WILL BE WITHOUT ANY REPRESENTATION OR WARRANTY OF ANY KIND BY LESSOR, WHETHER EXPRESS OR IMPLIED IN FACT OR LAW and, Lessee will accept the Vehicles "AS IS" and "WHERE IS".

5. USE OF VEHICLES. Lessee shall use the Vehicles only in its business and in compliance with all laws, rules, and regulations of any jurisdiction where the Vehicles are used or located. Lessee represents and warrants to Lessor at all times that (i) Lessee has the right and ability to enter into this Lease; (ii) this Lease constitutes a valid, legal, and binding obligation and agreement of Lessee, enforceable against Lessee in accordance with its terms; and its terms; and (iii) that the entering into and performance of this Lease by Lessee will not result in a breach, violation, or default under any judgment, order, law, regulation, loan, mortgage, agreement, indenture, or other instrument applicable to Lessee, or result in any breach of, or constitute a default under, or result in the creation under, or result in the creation of any lien, charge, security interest, or other encumbrance upon the Vehicles pursuant to any instrument to which Lessee is a party or by which it is bound. Lessee shall (i) use and operate the Vehicles in a careful and prudent manner for the purposes and in the manner intended to be used; (ii) shall keep the Vehicles properly housed or otherwise protected from damage; and (iii) shall pay for all maintenance of Vehicles to keep them in good and efficient working order and condition during the Term of the Lease, including, but is not limited to, Lessee's supplying all fuel, lubricants, and other parts, supplies, maintenance and services, and/or Lessee, upon Lessor's request, entering into a service and maintenance agreement with Lessor or an affiliate of Lessor upon such terms and conditions provided by Lessor. After notice to Lessor, Lessee may, at its own expense, make alterations or add attachments to the Vehicles, provided that such alterations or attachments are removable and do not reduce the value, utility or useful life of the Vehicles. Upon the expiration or termination of the Lease, all alterations or attachments affixed to the Vehicles shall become the property of Lessor if not removed, and if Lessee does remove such attachments, Lessee shall be liable to Lessor for any damage to the Vehicles as the result of such removal. In the event that any federal, state, or local law, ordinance, rule or regulation shall require the installation of any additional accessories to any of the Vehicles, including, but not limited to, anti-pollution and/or safety devices, or in the event that any other modifications to the Vehicles shall be required by virtue of such law, ordinance, rule or regulation, then and in any of such events. Lessee shall pay the full cost thereof, including installation expenses. Lessor may, at its option, arrange for the installation of such Vehicles or the performance of such modifications, and Lessee agrees to pay the full cost thereof immediately upon receipt of an invoice for the same.

6. SURRENDER. Upon either the (i) failure by Lessee to exercise the purchase option for any Vehicle set forth herein, or (ii) upon demand by Lessor made pursuant to an Event of Default (as set forth in Section 18 hereof), Lessee shall, at its own expense, return such Vehicle to Lessor to such location within the continental United States as Lessor shall designate, in the same condition as when delivered, reasonable wear and tear excepted and otherwise in the condition required by this Lease. Upon return of the Vehicles, Lessor, or such entity designated by Lessor, shall perform a physical and mechanical inspection of the Vehicles. Lessee shall be responsible for the payment of any and all costs associated with the inspection, and for any and all repairs necessary to place the Vehicles in the same condition as when delivered, reasonable wear and tear excepted and otherwise in the condition required by this Lease.

7. PAINTING. Lessee may paint the Vehicles in Lessee's customary manner and affix advertising or identifying insignia, provided that, upon the expiration or termination of this Lease, and in the event that Lessee does not purchase the Vehicles pursuant to Section 4 hereof. Lessee shall, upon the request of Lessor and at Lessee's expense,

restore the Vehicles to original condition, ordinary wear and tear excepted.

8. WARRANTIES. LESSEE ACKNOWLEDGES AND AGREES THAT LESSOR HAS NOT MADE, AND SHALL NOT BE DEEMED TO HAVE MADE, ANY EXPRESS OR IMPLIED WARRANTY AS TO MERCHANTABILITY, FITNESS FOR ANY PURPOSE OR USE, DESIGN OR CONDITION OF VEHICLES, QUALITY OF MATERIAL OR WORKMANSHIP, OR AS TO ANY OTHER MATTER WHATSOEVER RELATING TO THE VEHICLES, AND LESSOR SHALL NOT BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE VEHICLES, OR ANY INADEQUACY, DEFICIENCY, OR DEFECT IN THE VEHICLES. LESSEE AGREES THAT LESSEE LEASES THE VEHICLES "AS IS". Lessor agrees, to the extent possible and without increasing its liability hereunder, and upon request, to assign to Lessee, any warranty of a manufacturer or seller relating to the Vehicles available to Lessor, provided, however, that the foregoing rights shall automatically revert to Lessor upon the occurrence and during the continuance of any Event of Default hereunder, or upon return of the Vehicles to Lessor. Lessee agrees to settle all claims with respect to the Vehicles directly with the manufacturers thereof, and to give Lessor prompt notice of any such settlement and the details of such settlement.

9. TITLE AND INSPECTION. Lessee, at its expense, shall protect and defend Lessor's title and keep it free of all claims and liens except those claims and liens created by Lessor in connection with any assignment or financing by Lessor. Lessor may inspect the Vehicles at any time without prior notice during regular business hours. If, at any time during the Term of this Lease, Lessor supplies Lessee with labels, plates or other markings stating that the Vehicles are owned by Lessor, Lessee shall affix and keep the same in a prominent place on the Vehicles.

10. LICENSES. Lessee shall at its expense obtain all necessary licenses (including motor Vehicle plates) and registrations, required for the use and operation of each Vehicle. All certificates of title or registration of each Vehicle shall name Lessor as the owner thereof.

11. INTERESTS IN VEHICLES. Lessee's rights with respect to this Lease and any Vehicles leased hereunder will be subject to any rights and interest in and to said Vehicles which may be granted by Lessor (or Lessor's affiliates) to any assignee or lender of Lessor (or Lessor's affiliates). Lessor may assign to a lender or any other assignee all or any part of Lessor's rights hereunder, including a security interest in the Vehicles and the right to receive rents and other sums due hereunder. Upon notice of such assignment in writing by a lender, assignee and/or Lessor, Lessee shall pay all rents and other sums due or to become due under this Lease directly to such lender or assignee without set off, counterclaim, or any defense whatsoever.

12. TAXES. Lessee shall pay all personal property, sales or use taxes, business licenses, assessments, penalties, and charges which may be levied or asserted with respect to the Vehicles (except income taxes levied on lease payments to Lessor). In the event that any such taxes, licenses, assessments, penalties, or charges are paid by Lessor, Lessee shall reimburse and pay Lessor immediately after Lessor notifies Lessee in writing of the amount of such taxes, licenses, assessments, penalties, charges or expenses paid by Lessor, as well as an administrative fee. Increases or decreases in sales or use tax rates will affect all lease payments after the effective date of the change by the taxing authority, and Lessor shall notify Lessee in writing of such change. Lessee shall indemnify and hold Lessor harmless from and against any loss, cost or expense arising out of or relating to any such tax, import or levy, including, without limitation, any penalties, interest and fines relating thereto.

13. FINES. Lessee shall pay all fines due to overload, overlength, overweight, lack of plates or permits, speeding and any other charges which may be imposed or assessed in respect to the Vehicles and/or Lessee's use thereof. The provisions of this. Section 13 shall survive the expiration or other termination of this Lease.

14. LOSS OR DAMAGE. Lessee shall bear the entire risk of loss, theft, destruction of or damage to any Vehicle from any cause whatsoever ("Loss or Damage"). Lessee shall promptly notify Lessor in writing of any Loss or Damage. No Loss or Damage to any Vehicles shall relieve Lessee of any obligation with respect to such Vehicle under this Lease. In the event of Loss or Damage, Lessee shall, at the option of Lessor: (a) put such Vehicle in good condition and repair in accordance with the manufacturer's recommendations, and to the reasonable satisfaction of Lessor, at Lessee's expense; (b) replace such Vehicle with a like Vehicle (same value, utility and useful life as damaged Vehicle) in good condition and repair as approved by Lessor in Lessor's sole discretion with clear title thereto vested in Lessor; or (c) pay Lessor on or before the next rent payment date as set forth in accordance with Section 3 hereof (such payment date, the "Loss Payment Date") in cash the sum of: (i) all amounts then due Lessor by Lessee under the Lease relating to such Vehicle, which amounts shall be prorated through the Loss Payment Date, plus (ii) an amount equal to the present value of the residual amount, if any, relating to such Vehicle (as set forth in the Summary of Lease Terms), discounted at 5.0% computed from the expiration of the Initial Term of the Lease to the Loss Payment Date, plus (iii) an amount equal to the

present value of the unpaid future remaining Rents for the Initial Term of the Lease, relating to such Vehicle discounted at 5.0% computed from the scheduled payment dates for such Rents to the Loss Payment Date (the "Casualty Value Amount"). Upon receipt of the Casualty Value Amount set forth in (c) above, Lessor shall assign to Lessee (or Lessee's insurer) Lessor's interest in such Vehicle in its then condition and location, "AS IS" without any warranty whatsoever, express or implied. If Lessee is required to repair any Vehicle in accordance with (a) above, or to replace any Vehicle in accordance with (b) above, the insurance proceeds actually received by Lessor, if any, pursuant to Section 15 hereof shall be first applied to pay any amounts then due under this Agreement, and then shall be paid to Lessee upon proof satisfactory to Lessor that such repairs have been completed as required herein (in the case of (a)), or of adequate purchase and title documents in Lessor's sole discretion (in the case of (b)). In the event that Lessee is obligated to pay to Lessor the amount specified in (c) above, Lessee shall be entitled to a credit against such amount equal to the amount of insurance proceeds actually received by Lessor, if any, pursuant to Section 15 hereof, on account of such Vehicle.

15. INSURANCE. Lessee shall obtain and maintain insurance on or with respect to each Vehicle at its own expense and in the amounts and forms satisfactory to Lessor. In no event shall any insurance coverage be less than the following: (a) physical damage insurance insuring against loss or damage to the Vehicles in an amount not less than the full replacement value of such Vehicle; and (b)(i) in all States except Florida: (1) not greater than \$500 deductible for collision, fire, theft, and comprehensive, and (2) \$500,000 combined single limit for bodily injury liability and property damage; or (b)(ii) for the State of Florida: (1) not greater than \$500 deductible for collision, fire, theft, and comprehensive, and (2) \$250,000 per person / \$500,000 per incident bodily injury liability, and (3) \$100,000 property damage liability. In addition, the following require \$1,000,000 excess liability coverage (umbrella): (a) truck/tractors over 45,000 lbs.; (b) trailers/semi-trailers; tow trucks; and (c) limo uses for livery. Lessee shall furnish Lessor with a certificate of insurance evidencing issuance of such insurance to Lessee in at least the minimum amount required herein, naming Lessor and such other parties designated by Lessor as additional insured thereunder for liability coverage, and as loss payee for property damage coverage. Each policy shall require insurer to give Lessor 30 days prior written notice of any material alteration in terms of policy or cancellation thereof, and shall provide that no action, misrepresentation or breach of warranty of Lessee shall invalidate the policy. If Lessee fails to provide such insurance, Lessor shall have the right, but no duty, to obtain such insurance, and Lessee shall pay Lessor all costs thereof, including all costs incurred by Lessor in obtaining such insurance together with interest at the Default Rate from the date paid by Lessor to the date paid in full by Lessee. Lessee shall not use any Vehicle if the insurance required herein is not in full force and effect with respect to such Vehicle. Upon Loss or Damage as set forth in Section 14 hereof, Lessee shall receive credit for any amounts paid to Lessor by the insurer against Lessee's obligations hereunder.

16. INDEMNITY. Lessee shall indemnify Lessor against, and hold Lessor harmless from, any and all claims, actions, damages, obligations, liabilities, liens (including any arising or imposed under the doctrines or strict liability in tort or product liability), and costs and expenses (including attorneys fees), arising from or out of the manufacture, purchase, lease, possession, operation, condition, return, or use of the Vehicles, or by operation of law, excluding however any of foregoing resulting solely from the gross negligence or willful misconduct of Lessor. Lessee agrees that upon written notice by Lessor of assertion of any such claim, action, damage, obligation, liability, or lien, Lessee, at Lessee's expense shall assume full responsibility for the defense thereof, provided that Lessor shall have the right, but not the obligation, to participate in any defense conducted by Lessee without relieving Lessee of any of its obligations hereunder. The provisions of this Section 16 shall survive termination of this Lease.

17. ASSIGNMENT. Except as otherwise permitted herein, without Lessor's prior written consent, Lessee shall not assign, transfer, pledge, hypothecate or otherwise dispose of this Lease, the Vehicles or any interest therein, or sublet or lend the Vehicles, or permit the Vehicles to be used by anyone except Lessee or Lessee's authorized employees. Lessor may assign this Lease or any interest therein in whole or part without notice to Lessee.

18. DEFAULT. Lessee shall be in default of this Lease upon the happening of any of the following events or conditions which shall constitute "Events of Default": (a) Lessee fails to pay any Rent or other amount when due; (b) Lessee fails to observe, keep or perform any other covenant or provision of this Lease required to be observed, kept, or performed, by Lessee; (c) Lessee removes, sells, transfers, encumbers, creates a security interest in, relinquishes possession of the Vehicles, or performs any act which impairs Lessor's title to any Vehicle or attempts any of the foregoing; (d) Lessee makes a misrepresentation to Lessor of any matter or covenant connected with this Lease; (e) Lessee fails to satisfy any traffic ticket or summons or fails to register any Vehicle; (f) Lessee becomes insolvent, bankrupt or has a trustee or receiver appointed for Lessee or for a substantial part of Lessee's property; (g) Lessee experiences a material change in its business or affairs (including termination of Lessee's employment or termination of the contract under which Lessee provides services or a change in the control or ownership of Lessee or Lessee's employer

or the party with which Lessee contracts to provide services) which in Lessor's sole judgment impairs the security of any Vehicle or increases the credit risk involved therein; (h) Lessee attempts to assign this Lease without the consent of Lessor; or (i) Lessee fails to notify Lessor of any material change in its business and affairs, including a change in the ownership or control of Lessee. Lessee hereby irrevocably appoints and constitutes Bush Truck Leasing, Inc. and its successors and assigns, the true and lawful attorney-in-fact of Lessee, with full power in the name of Lessee upon the occurrence of an Event of Default, (i) to demand and receive any and all moneys and claims for moneys due in respect of or relating to the Equipment, (ii) to assign or transfer any of Lessee's rights under this Lease or in the Equipment (including assigning the rights of Lessee to any replacement lessee hereunder and/or causing any other person to become the registered owner of the Equipment) and (iii) to take any other action in respect of this Lease or any of the Equipment. Lessee ratifies and approves all acts of Bush Truck Leasing, Inc., as attorney-in-fact. Bush Truck Leasing, Inc., as attorney-in-fact will not be liable for any acts or omissions or errors of judgment or mistake of fact or law. This power, being coupled with an interest, is irrevocable until all obligations under this Lease have been fully satisfied.

19. REMEDIES. Upon the occurrence of any Event of Default, Lessor may declare this Lease to be in default, and at any time thereafter, Lessor, at its option, may do any one or more of the following: (a) cancel this Lease; (b) proceed by appropriate action to enforce performance of the Lease at Lessee's expense or to recover damages (including attorneys fees) for the breach thereof; (c) demand that Lessee, and in such case the Lessee shall, return all or any part of the Vehicles promptly in the manner required by and in accordance with Section 6 hereof; (d) enter, with or without legal process, Lessee's premises or any other premises where the Vehicles are located, and take possession of all or any part of the Vehicles without any liability to Lessee by reason of such entry; (e) sell, lease, or otherwise dispose of all or any part of the Vehicles at a public or private sale, which may be conducted where such Vehicles are then located; (f) demand that Lessee, and in such case Lessee shall, pay to Lessor as liquidated damages for loss of a bargain and not as a penalty an amount equal to the sum of (i) all amounts due and unpaid under the Lease (including without limitation any indemnity obligations) plus interest thereon from the due date thereof at a per annum interest rate equal to the prime rate of interest then in effect as published in the Wall Street Journal plus 2.0% (the "Default Rate"), plus (ii) the present value of all future Rent payments for such Vehicles, discounted at 5.0%, plus (iii) the present value of the residual amount, if any, discounted at 5.0%, plus (iv) all costs and expenses incurred by Lessor in enforcing Lessor's rights hereunder (including, without limitation, all costs of repossession, recovery, storage, repair, sale, re-lease, and attorneys' fees), together with interest thereon at the Default Rate from the date of demand to the date of payment in full (the "Liquidated Damages"), or (g) exercise any other right or remedy which may be available to Lessor under the Uniform Commercial Code or any other applicable law. The proceeds of any sale or lease of the Vehicles by Lessor shall be applied in the following order of priority: (1) to pay all of Lessor's expenses in taking, holding, preparing for sale or lease, and disposing of the Vehicles, including all attorneys fees and legal expenses, then (2) to pay any late charges and all interest accrued at the Default Rate; then (3) to pay accrued but unpaid Rent payments, then (4) to pay any other unpaid sums due under this Lease including Liquidated Damages. If the proceeds of any sale or lease are not sufficient to pay the amounts owed to Lessor under this Lease, Lessee will pay the deficiency. Lessor may also, without liability, take any personal property stored within the Vehicles and may store any such property at Lessee's expense for 30 days. Lessee will be obligated to reclaim such property within 30 days and hereby waives any rights in such property thereafter. Any unclaimed property will be deemed abandoned after 30 days and will be discarded by Lessor. Lessor's remedies hereunder shall be cumulative. Any security deposit paid by Lessee to Lessor in connection with this Lease shall be forfeited by Lessee upon the happening of any Event of Default, and shall be applied to Lessee's obligations under this Lease pursuant to this Section 19. Lessor's remedies hereunder may be exercised instead of or in addition to any other legal or equitable remedies. Lessor has the right to set off any sums received from any source (including insurance proceeds) against Lessee's obligations under this Lease. Lessee waives its right to object to the notice of the time or place of sale or lease, and to the manner and place of any advertising therefore. Lessee waives any defense based on statutes of limitations or laches in actions for damages. In case of failure by Lessee to pay any fees, assessments, charges, or taxes arising with respect to the Vehicles, Lessor shall have the right, but not the obligation to pay such amounts, and in that event, the cost thereof shall be payable by Lessee to Lessor upon demand, together with interest at the Default Rate from the date of disbursement by Lessor.

20. SECURITY DEPOSIT. The Security Deposit shall be held by Lessor during the entire Term of the Lease, including the Interim Term and any renewal term, as security for the full payment and performance of the terms, conditions and obligations of Lessee hereunder and under any and all Schedules. The Security Deposit shall not excuse the performance at the time and in the manner prescribed or any obligation of Lessee or cure a default of Lessee. Lessor may, but shall not be required to, apply such Security Deposit towards discharge of any overdue obligation of Lessee.

Lessor shall be entitled to commingle the Security Deposit with any of its own funds. No Interest shall accrue on the Security Deposit and Lessor shall have no liability to account to Lessee for any interest. If Lessor shall apply any of the Security Deposit towards any obligations of Lessee under the Lease, Lessee shall, upon demand, pay to Lessor an amount necessary to return the Security Deposit to the sum specified above. In furtherance thereof, Lessee hereby grants to Lessor a security interest in the cash comprising the Security Deposit from time to time and any and all interest thereon, together with the proceeds thereof, to secure the prompt payment as and when due of all indebtedness, and the prompt performance as and when due of all obligations, of Lessee now or hereafter required under the Lease. If no Default has then occurred, upon the expiration or earlier termination of the Term of the Lease, the balance of the Security Deposit then held by Lessor shall promptly be paid to Lessee.

21. SEVERABILITY. The invalidation of any provision or provisions of this Lease as unenforceable shall not operate to invalidate the remainder of the Lease which shall remain in full force and effect.

22. NOTICES. All notices relating to this Lease shall be delivered in person to an officer of Lessor or Lessee or mailed to the respective addresses shown above on the first page of this Lease, or to such address as otherwise specified in writing by the appropriate party hereto.

23. WAIVER. Lessor's forbearance of exercise of any right or remedy on Lessee's breach of any terms, covenants or conditions hereunder shall not be deemed a waiver of such right or remedy, the requirement of punctual performance, or any of its remedies upon any other or subsequent breach or default.

24. GOVERNING LAW. This Lease takes effect upon its acceptance and execution by Lessor, and shall be governed, interpreted and construed under the laws of the State of Ohio. Ohio law shall prevail in the event of any conflict of law without regard to, and without giving effect to, the application of choice of law rules. LESSEE WAIVES ALL RIGHTS TO TRIAL BY JURY IN ANY LITIGATION ARISING FROM OR RELATED TO THIS LEASE, AND LESSEE SUBMITS TO THE JURISDICTION OF THE FEDERAL DISTRICT COURT FOR THE SOUTHERN DISTRICT OF OHIO, OR ANY STATE COURT OF COMPETENT JURISDICTION WITHIN MONTGOMERY COUNTY, OHIO, AND WAIVES ANY RIGHT TO ASSERT THAT ANY ACTION INSTITUTED BY LESSOR IN ANY SUCH COURT IS IN THE IMPROPER VENUE OR SHOULD BE TRANSFERRED TO A MORE CONVENIENT FORUM.

25. WAIVER OF DAMAGES. Lessee waives to the fullest extent permitted by law any right to or claim of any punitive, exemplary, indirect, special, consequential, or incidental damages against Lessor. Lessee agrees that, in the event of a dispute, claim or controversy against Lessor, Lessee shall be limited to the recovery of actual direct damages sustained by it, subject to any limit on direct damages set forth in this Lease. Lessee will not accept or attempt to collect through the courts or otherwise any punitive, exemplary, indirect, consequential, or incidental damages from Lessor.

26. SUCCESSORS AND ASSIGNS. This Lease shall be binding on and inure to the benefit of Lessor and Lessee and their respective successors and assigns permitted hereunder.

27. FORCE MAJEURE. The obligations of Lessor hereunder shall be suspended to the extent that it is hindered or prevented from complying therewith because of labor disturbances, acts of God, fires, storms, accidents, failure of the manufacturer to deliver any of the Vehicles, court order, governmental regulations, or other interference or any cause whatsoever not within the sole control of Lessor.

Lessor hereby leases to Lessee and Lessee hereby leases from Lessor the personal property described above upon the terms and conditions set forth herein (such property together with all replacements, repairs and additions thereto being referred to herein as "Equipment").

1. Term. The term of this Lease shall begin upon the date of delivery and shall continue for «TERM» consecutive months.

2. Rent. Rent in the following amount:

~~Sales or Use tax~~
~~Personal Property~~
~~Tax~~
~~Lessor's Insurance~~
TOTAL

~~shall be due and payable commencing on _____, 20 the remaining installments~~
~~becoming due on the 1st day of each calendar month thereafter through and including _____,~~
~~20. The Lessee shall pay a monthly late charge equal to 10% of the payment due~~
~~for any amount of rent not made on the monthly due date. The Lessee's payment of~~
~~rent~~

~~obligation is absolute and unconditional and without set off, counterclaim or any defense whatsoever. The Lease payment amount is fixed and will not change during the term hereof. However, the Sales or Use tax charge and the Lessor's Insurance charge are subject to change up or down in the event that the taxing jurisdiction or insurance provider, as the case may be, should amend, change recalculate or otherwise adjust the amount of its charges. Lessee acknowledges that Lessor requires Lessee to execute an assignment of receivables and to authorize «COMPANY» to deduct from Lessee's weekly settlements, an amount sufficient to enable BIMBO FOODS BAKERIES DISTRIBUTION, LLC to forward payment of any amounts due hereunder to Lessor. Lessee acknowledges that any failure to execute such an assignment, or any attempted revocation of such an assignment shall constitute an Event of Default under this Lease.~~

3. Warranties. ~~Lessor represents and warrants that Lessor has good title to the Equipment and the right to lease said Equipment. THE FOREGOING WARRANTY IS EXCLUSIVE AND IS MADE IN LIEU OF ALL OTHER EXPRESS OR IMPLIED WARRANTIES BY LESSOR. LESSEE ACKNOWLEDGES AND AGREES THAT LESSOR HAS NOT MADE AND SHALL NOT BE DEEMED TO HAVE MADE ANY EXPRESS OR IMPLIED WARRANTY AS TO MERCHANTABILITY, FITNESS FOR ANY PURPOSE OR USE, DESIGN OR CONDITION OF EQUIPMENT, AS TO QUALITY OF MATERIAL OR WORKMANSHIP IN EQUIPMENT, OR AS TO ANY OTHER MATTER WHATSOEVER AND LESSOR SPECIFICALLY DISCLAIMS ANY LIABILITY FOR INDIRECT CONSEQUENTIAL, INCIDENTAL OR PUNITIVE DAMAGES ARISING OUT OF THE USE OF INABILITY TO USE EQUIPMENT. LESSEE LEASES EQUIPMENT "AS IS". LESSOR AGREES TO EXTENT POSSIBLE WITHOUT INCREASING ITS LIABILITY HEREUNDER, TO ASSIGN TO LESSEE, ANY WARRANTY OF A MANUFACTURER OR SELLER RELATING TO THE EQUIPMENT AVAILABLE TO LESSOR.~~

4. Title and Inspection. ~~Lessor is owner and shall at all times retain title to Equipment. Lessee, at its expense, shall protect and defend Lessor's title and keep it free of all claims and liens except those of Lessee hereunder and claims and liens created by or arising through Lessor. The Equipment shall remain personal property regardless of its attachment to realty, and Lessee agrees to take such action as necessary to prevent any third party from acquiring an interest in the Equipment as a result of its attachment to realty. Lessor may inspect the property at any time without prior notice during regular business hours.~~

5. Licenses. ~~Lessee shall, at its expense, obtain all necessary licenses (including motor vehicle plates) and registration, required for the use and operation of Equipment. All certificates of title or registration of Equipment shall name Lessor as owner.~~

6. Use of Equipment. ~~Lessee shall use Equipment only in its business and in compliance with all laws, rules, and regulations of any jurisdiction where it is used or located. Lessee shall pay for all maintenance of Equipment to keep it in good and efficient working order and condition during the term of the Lease. This includes, but is not limited to, Lessee's supplying all fuel, lubricants, and other parts, supplies, maintenance and services. After notice to Lessor, Lessee may, at its own expense, make alterations or add attachments, provided such alterations or attachments are removable and do not reduce the value of the Equipment. At the Lease expiration or termination, all alterations or attachments affixed to the Equipment shall become property of Lessor if not removed.~~

7. Taxes. ~~Lessee shall pay all personal property, sales or use taxes, business licenses, assessments, penalties, and charges, which may be levied or asserted in respect to Equipment (except income taxes levied on lease payments to Lessor). In the event that any such unpaid taxes, licenses, assessments, penalties, or charges are paid by Lessor (at Lessor's sole discretion), Lessee shall reimburse and pay Lessor, immediately after Lessor notifies Lessee in writing of any such payment, the total of any such payment plus an administrative charge of~~

~~\$100. Any unpaid balance shall be subject to an interest assessment of 12.5% per annum.~~

8. Fines. ~~Lessee shall pay any and all fines or charges of any and every kind or nature, which may be imposed or assessed in respect to the Equipment, and/or its use and operation by the Lessee.~~

9. Loss or Damage. ~~Lessee shall bear the entire risk of loss, theft, destruction of or damage to Equipment from any cause whatsoever ("Loss or Damage"). No loss or damage shall relieve Lessee of any obligation under the Lease. In the event of loss or damage, Lessee shall, at the~~

option of Lessor,

(a) put Equipment in good condition and repair;
(b) replace Equipment with like ~~equipment in good condition and repair with clear title thereto in Lessor; or~~

(c) pay Lessor in cash (i) all amounts then due Lessor by Lessee under the Lease, (ii) an amount equal to the residual value of the Equipment, and (iii) unpaid balance of the total rent for the term of the Lease. Upon receipt of said payment, Lessor shall assign to Lessee (or Lessee's insurer) Lessor's interest in the Equipment in its then condition and location, "AS IS" without any warranty whatsoever, express or implied.

10. Insurance. Lessee shall obtain and maintain insurance on or with respect to Equipment at Lessee's own expense and in amounts and form satisfactory to Lessor. In no event shall any insurance coverage be less than the following: (a) physical damage insurance (collision, fire, theft, and comprehensive), insuring against loss or damage to Equipment in amount not less than full replacement value of Equipment bearing no more than \$500 deductible; (b) \$1,000,000 combined single limit for bodily injury liability and property damage and (c) Auto Lease Loan GAP. Lessee shall furnish Lessor with a certificate of insurance evidencing issuance of such to Lessee in at least the minimum amount, required herein, naming Lessor as additional insured thereunder for liability coverage and as loss payee for property damage coverage. Each policy shall require Insurer to give Lessor no less than 30 days prior written notice of any alteration in terms of policy or cancellation thereof and shall provide that no action or misrepresentation of Lessee shall invalidate the policy. If Lessee fails to provide such insurance, Lessor shall have the right, but no duty, to obtain insurance and Lessee shall pay Lessor all costs thereof. Lessee shall not cancel the required insurance at any time without the prior written consent of Lessor. Lessee shall not use Equipment if insurance required herein is not in full force and effect. Upon Loss or Damage to Equipment, Lessee shall receive credit for any amounts paid by the insurance against Lessee's obligations hereunder.

11. Indemnity. Lessee shall indemnify Lessor against, and hold Lessor harmless from any and all claims, actions, damages including reasonable attorneys fees and costs obligations, liabilities, and liens (including any arising or imposed under the doctrines of Strict Liability in tort or Product Liability), arising out of manufacture, purchase, lease, possession, operation, condition, return or use of Equipment, or by operation of law, excluding however any of foregoing resulting solely from the gross negligence or willful misconduct of Lessor. Lessee agrees that upon written notice by Lessor of assertion of such claim, action, damage, obligation, liability or lien, Lessee shall assume full responsibility for defense thereof. Lessor shall have the right, but not the obligation, to participate in any defense conducted by Lessee without relieving Lessee of any of its obligations hereunder. The provisions of this paragraph shall survive termination of this Lease.

12. Assignment. This Lease may be assigned with Lessor's prior written consent. An assignment fee of \$250.00 shall be payable by Lessee. Without Lessor's prior written consent, Lessee shall not assign, transfer, pledge, hypothecate or otherwise dispose of this Lease, the Equipment or any interest therein, or sublet or lend Equipment or permit it to be used by anyone except Lessee or Lessee's authorized agents or employees. Lessor may assign this Lease in whole or part without notice to Lessee. Lessor's Assignee shall have all of the rights, but none of the obligations of Lessor hereunder.

13. Lessor's Financing. Lessor may assign to a lender or lenders, a security Interest in Equipment and the right to receive rents and other sums due hereunder. Upon notice of such assignment in writing by a lender (not Lessor), Lessee shall pay all rents and other sums due, or to become due under this Lease directly to assignee without set off, counterclaim, or any defense whatsoever without claim for same by Lessor.

14. Lease Bond. In addition to Lessee's obligations and certain collateral security granted hereunder, the obligations of Lessee shall further be secured by a certain Lease Bond (copy attached hereto). Any breach, non-renewal or cancellation of said bond shall represent a material breach of this Lease and entitle Lessor, at Lessor's sole discretion, to terminate this lease as further set forth in Paragraph 18 below.

15. Surrender. Upon expiration or termination of this Lease, upon failure to exercise any purchase option, or upon demand by Lessor made pursuant to an "Event of Default," Lessee shall at its own expense return Equipment to Lessor to such location within the continental United States as Lessor shall designate, in the same condition as when delivered, reasonable

wear and tear excepted. Upon return of the Equipment, Lessor, or such entity designated by Lessor, shall perform a physical and mechanical inspection of the Equipment. Lessee shall be responsible for the payment of any and all costs associated with the inspection and for any and all repairs necessary to place the Equipment in the same condition as when delivered, reasonable wear and tear excepted.

16. Purchase Option. Lessee may purchase Equipment at the end of the Lease Term for the sum of \$1, plus a \$249 document preparation and transfer fee, provided that: (a) Lessee gives Lessor written notice of Lessee's intention to exercise the option at least 30 days prior to the exercise and end of the Term; (b) Lessee is not in default under any covenant or condition of this Lease, and (c) Lessee pays all rent and other charges due hereunder together with the full purchase price set forth above. Upon exercise of option and payment by Lessee of the purchase price and all rental charges, Lessor will execute and deliver a bill of sale for the Equipment to Lessee. THIS SALE WILL BE WITHOUT ANY REPRESENTATION OR WARRANTY OF ANY KIND BY OWNER, WHETHER EXPRESS OR IMPLIED IN FACT OR

LAW and, Lessee will accept Equipment "AS IS" and "WHERE IS".

17. Default. Lessee shall be in default of this Lease upon the happening of any of the following events or conditions ("Events of Default"): (a) Lessee fails to pay any rent or other amount when due; (b) Lessee fails to observe, keep or perform any other covenants or provisions of this Lease required to be observed, kept, or performed, by Lessee; (c) Lessee tries to remove, sell, transfer, encumber, create a security interest in, or part with possession of the Equipment, or perform any act tending to impair Lessor's title to Equipment; (d) Lessee makes a misrepresentation to Lessor of any matter or covenant connected with this Lease; (e) Lessee fails to satisfy any traffic ticket or summons or fails to register the Equipment; (f) Lessee becomes insolvent, bankrupt or has a trustee or receiver appointed for Lessee or for a substantial part of Lessee's property; (g) Lessee experiences a material change in its business or affairs, (including but not limited to change in control or ownership or Termination of its Distribution Agreement referred to in Paragraph 24 below) which in Lessor's judgment impairs the security of the Equipment or increases the credit risk involved therein; (h) Lessee fails to notify Lessor of any material change in its business and affairs, including a change in the ownership or control of Lessee; (i) failure of Lessee to execute or maintain the assignment of receivables referred to in Paragraph 2 above.

18. Remedies. Upon the happening of any event of default, Lessor may at its option (a) commence arbitration to enforce performance of the Lease or to recover damages for the breach thereof, and/or (b) terminate the Lease as to all items of Equipment and/or Lessee's right of possession thereto whereupon all right, title and interest of Lessee hereunder shall cease and Lessor or its agents may enter Lessee's premises or other premises where Equipment is located, take possession of it and thenceforth hold, possess and enjoy the Equipment free from any rights of Lessee thereto. Lessor shall, nevertheless, have a right to recover from Lessee any and all amounts due and to become due under the Lease as damages for the loss of bargain together with all expenses including legal fees incurred in all actions arising under the Lease. Lessor may also, without liability, take personal property stored within the Equipment and may store any such property at Lessee's expense for 30 days. Lessee will be obligated to reclaim such property within 30 days and hereby waives any rights in such property thereafter. Any unclaimed property will be deemed abandoned after 30 days and will be discarded by Lessor. Lessor's remedies hereunder shall not be deemed in its favor and shall be cumulative. Lessee hereby grants to Lessor an irrevocable power of attorney to effect any assignment under this paragraph or any other obligation of Lessee under this Lease upon default.

19. Severability. The invalidation of any provision or provisions of this Lease as unenforceable shall not operate to invalidate the remainder of the Lease, which shall remain in full force and effect.

20. Notices. All notices relating to this Lease shall be delivered in person to an officer of Lessor or Lessee or mailed to the respective addresses shown hereinabove or to such address as otherwise specified in writing by the appropriate party hereto. Each party hereby waives any right to receive notices relating to this Lease by certified or registered mail.

21. Waiver. Lessor's forbearance of exercise of any right or remedy on Lessee's breach of any

terms, covenants or conditions hereunder shall not be deemed a waiver of such right or remedy,

the requirement of punctual performance, or any of its remedies upon any other or subsequent breach or default.

22. Resolution of Disputes. The Procedures set forth in this provision are the only procedures for the resolution of any dispute, controversy or claim arising out of or relating in any manner to this Lease, including but not limited to the formation, operation or termination of the Lease or the relationship created between Lessee and Lessor under the Lease.

(a) A party having a dispute, controversy or claim will give the other party written notice of the dispute. Within thirty (30) business days after receipt of this notice, the receiving party shall submit to the disputing party a written response. The written notice and response shall include (i) a statement of each party's position and a summary of the facts and arguments supporting its position, and (ii) the name and title of the person who will represent that party. Within 30 days from the date of the responding party's written response, the parties shall meet (or if agreeable to the parties, shall carry on discussions by telephone) to attempt to resolve the dispute between themselves.

(b) If the parties are not able to resolve the dispute within 60 business days from the date of the responding party's written response or if a party fails to engage in discussions to attempt to resolve the matter, the dispute shall be settled by arbitration with an arbitrator as mutually agreed to by the parties. The arbitration shall be governed by the U.S. Arbitration Act, 9 U.S.C. § 1, et seq. Courts of the State of New York or any U.S. District Court located in New York will have sole jurisdiction over enforcement of arbitration and/or this Lease. Judgment upon any arbitration award may entered by any state or federal court located in New York having jurisdiction thereof. Unless the parties otherwise agree, the place of arbitration shall be Purchase, New York. The arbitrator is not authorized or empowered to, and shall not award punitive, exemplary, indirect, special, consequential or incidental damages or any other damages in excess of actual, direct damages or in excess of any limit on direct damages set forth in this Lease. If either party is required to compel arbitration that party shall be reimbursed for the costs and expenses incurred in compelling arbitration.

(c) Any deadline specified in this provision may be extended by mutual agreement of the parties.

(d) Any and all claims, disputes or controversies relating in any manner to this Lease shall be commenced within two (2) years, from the occurrence of the facts giving rise to such claim, dispute or controversy; or the claim, dispute or controversy shall be considered barred.

(e) BY AGREEING TO THE PROCEDURES SET FORTH IN THIS PARAGRAPH, THE LESSEE AND LESSOR EACH WAIVE THE RIGHT TO HAVE A CLAIM, DISPUTE OR CONTROVERSY UNDER THE LEASE DECIDED BY A JURY.

23. Waiver of Damages. Lessee and Lessor waive to the fullest extent permitted by law any right to or claim of any punitive, exemplary, indirect, special, consequential or incidental damages against the other. Lessee and Lessor agree that, in the event of a dispute, claim or controversy against the other, each party shall be limited to the recovery of actual direct damages sustained by it, subject to any limit on direct damages set forth in this Lease. Neither Lessee nor Lessor will accept or attempt to collect through the courts or otherwise any punitive, exemplary, indirect, consequential or incidental damages from the other even if such damages are ordered or awarded by the arbitrator despite the agreement between the parties to the contrary.

24. Cross Collateral. The word "rent" means all charges evidenced by this Lease, including all rental payments, together with all other indebtedness and costs and expenses for which the Lessee is responsible to Lessor or under this Lease or under any related documents. In addition, the word "rent" includes all other obligations, debts and liabilities, plus any applicable interest thereon of Lessee, to Lessor, arising under this or any other agreement or contract of Lessee with Lessor, as well as claims by Lessor against Lessee, whether existing now or later; whether they are voluntary or involuntary, due or not due, direct or indirect, absolute or contingent, liquidated or unliquidated; whether the Lessee may be liable individually or jointly with others; and whether Lessee may be obligated as guarantor, surety, accommodation party or otherwise. The word "equipment" means all machinery, motor vehicles, and accessories, whether now or hereafter acquired, whether now existing or hereafter arising, and wherever

located, leased by Lessor to Lessee. The term "Distribution Rights" refers to the rights Lessee has obtained to distribute Products as granted to Lessee by ~~BIMBO FOODS BAKERIES DISTRIBUTION, LLC~~ and as further evidenced by a certain Distribution Agreement. Lessee hereby grants Lessor a security interest in and hereby assigns, conveys, delivers, pledges, and transfers all of Lessee's right, title and interest in ~~and to the~~ aforementioned Distribution Rights, the business receivables obtained from the exercise of those rights, and any and all of the equipment leased by Lessee from Lessor as security ~~for all of the~~ rent obligations set out herein. Lessee agrees to execute a UCC-1 or any other document reasonably required by Lessor to evidence and perfect such liens.

25. Successors and Assigns. This Lease shall be binding on and inure to the benefit of Lessor and Lessee and their respective successors and assigns.

26. Painting. Lessee may paint Equipment in Lessee's customary manner and affix advertising or identifying insignia.

THIS LEASE AGREEMENT ("Lease") is hereby entered into as of the Contract Date above by and between DATA TAG ("Lessor") and Lessee ("Lessee"), referenced above. ONLY THE WRITTEN TERMS OF THIS LEASE ARE ENFORCEABLE. TERMS OR ORAL PROMISES WHICH ARE NOT CONTAINED IN THIS WRITTEN LEASE MAY NOT BE LEGALLY ENFORCED. THE TERMS OF THIS LEASE MAY ONLY BE CHANGED BY ANOTHER WRITTEN AGREEMENT BETWEEN LESSOR AND LESSEE. THIS LEASE IS NOT CANCELABLE.

LESSEE CERTIFIES THAT ALL INFORMATION GIVEN IN THIS LEASE AND THE LEASE APPLICATION WAS CORRECT AND COMPLETE WHEN THIS LEASE WAS SIGNED. THIS LEASE IS NOT BINDING UPON LESSOR OR EFFECTIVE UNLESS AND UNTIL LESSOR EXECUTES THIS LEASE.

Lessee agrees to submit the original Lease documents with any security deposit to Lessor or its assignee via overnight courier the same day as the electronic transmission of the Lease documents. Should the Lessor not receive these originals, Lessee agrees to be bound by the electronic copy of this Lease and the electronic copy shall be considered the original and shall be the binding agreement for purposes of any enforcement action under paragraph 20.

1. GRANT OF LEASE. Lessor hereby leases to Lessee, and Lessee hereby leases from Lessor, the Equipment described herein, together with all replacements, repairs and additions thereto (individually and collectively, the "Vehicles") on the terms and conditions set forth in this Lease. Lessee agrees that Lessee leases the Vehicles "as-is", and confirms that as of the date of delivery of each Vehicle, such Vehicle is of the design and manufacture selected by Lessee, and as of such date, Lessee has unconditionally accepted such Vehicles in all respects. Lessee further confirms that it has selected the Vehicles on the basis of its own judgment, and expressly disclaims reliance upon any statements, representations, or warranties made by Lessor, and Lessee acknowledges that Lessor is not the manufacturer of the Vehicles. Lessee certifies that the Vehicles identified herein will be used for commercial purposes. Should it be determined, notwithstanding the express intent of the parties, that this Lease is not a lease but rather an agreement intended for security, Lessee grants Lessor a security interest in the Vehicles, all accessions and additions to, substitutions and replacements for, and proceeds (including insurance proceeds), accounts, rights of payments, chattel paper, equipment and income arising from or generated by the Vehicles. Lessee agrees that the security interest will not be affected if this Lease is changed in any way. Lessee appoints Lessor (or its agent) as its true and lawful attorney-in-fact to affix its signature to UCC financing statements prepared and filed on its behalf by Lessor (or its agent) with the same force and effect as if Lessee had signed such financing statements. Lessee shall take all actions and execute all documents reasonably requested by Lessor to establish, maintain, and continue the perfected security interest of Lessor.

2. INITIAL TERM. The term of this Lease for each Vehicle shall commence on the Contract Date and shall continue for that number of months from the first (1st) day of the month following the Contract Date (unless the Contract Date is the first (1st) day of the month, in which case the Contract Date shall be the date on which the term of this Lease commences) ("Commencement Date") each as set forth in the Summary of Lease Terms (such period as extended or sooner terminated by Lessor as provided herein, the "Term").

3. RENT. The rental payment amount for each Vehicle hereunder (the "Basic Rent") is set forth in the Summary of Lease Terms. Basic Rent on each Vehicle shall begin to accrue on the Contract Date and shall be due and payable in U.S. dollars in immediately available funds by Lessee in advance or arrears for the periods (each a "Rental Period") and for the total number of payments as set forth in the Summary of Lease Terms, in each case, on the first day of each such Rental Period. If the Contract Date does not fall on the first day of the month, the rental for that period of time from the Contract Date until the Commencement Date shall be an amount equal to the daily rental (Basic Rent divided by 7 days for One Week, 14 days for One

Biweekly and 30 days for One Month Rental Periods, ~~as applicable~~), multiplied by the number of days from (and including) the Contract Date to (but not including) the Commencement Date and shall be due and payable on the Commencement Date.

Subsequent Basic Rent payments (plus applicable taxes) will be due for successive months, whether or not Lessee receives an invoice from Lessor, until the balance of the Basic Rent payments or expenses chargeable to Lessee under this Lease are paid in full. Lessee shall pay all amounts other than Basic Rent Lessee is obligated to pay hereunder (the "Supplemental Rent" and together with Basic Rent, the "Rent") when due or if no date is specified herein, on demand. If any Rent payment is not made within five (5) days after its due date, Lessee shall pay a late charge equal to the lesser of 10% of the late rental payment amount, and the maximum amount permitted by law. Lessor may charge Lessee a return check or non-sufficient funds charge of \$50.00 (not to exceed the maximum amount permitted by law) for any payment which is returned by the bank for any reason. LESSEE'S PAYMENT OF RENT AND LESSEE'S PERFORMANCE OF ALL OTHER OBLIGATIONS ARE ABSOLUTE AND UNCONDITIONAL AND WITHOUT SET-OFF, COUNTERCLAIM, OR ANY DEFENSE WHATSOEVER, INCLUDING, BUT NOT LIMITED TO, ANY RIGHT OR CLAIM THAT LESSEE MAY NOW OR HEREAFTER HAVE AGAINST LESSOR, ANY OF LESSOR'S AFFILIATES, ANY ASSIGNEE OF LESSOR, OR THE MANUFACTURER OF THE VEHICLES FOR ANY REASON WHATSOEVER, SPECIFICALLY INCLUDING, WITHOUT LIMITATION, ANY CLAIMS THAT LESSEE MAY HAVE AGAINST LESSOR, ANY OF LESSOR'S AFFILIATES, OR ANY ASSIGNEE OF LESSOR WITH RESPECT TO THE SERVICE AND MAINTENANCE AGREEMENT REFERENCED IN SECTION 7 HEREOF.

4. OPTION UPON EXPIRATION OF INITIAL TERM OF LEASE. Upon expiration of the Initial Term of the Lease, Lessee shall comply with the provisions of Clause A or B below, in either case, as specified in the Summary of Lease Terms.

A. Terminal Rental Adjustment Clause ("TRAC"). Lessee agrees that there shall be an adjustment of the Rent to be paid Lessor under the Lease for the Vehicles. It is presently anticipated that the fair market value of the Vehicles (the "Estimated Fair Market Value") will equal the TRAC Residual set forth in the Summary of the Lease Terms. Upon expiration of the Initial Term, Lessor will attempt to sell the Vehicles. In the event that the Net Proceeds (as defined below) are less than the Estimated Fair Market Value, Lessee shall pay to Lessor the full amount of such shortfall. If the Vehicles have not been sold on the last day of the Initial Term, then the Net Proceeds shall be deemed to be zero and Lessee shall immediately pay to Lessor the TRAC Residual. If the Lessor thereafter shall sell the Vehicles, the Net Proceeds shall be paid by Lessor to Lessee. Any such payment by either Lessee or Lessor shall be deemed to be a Terminal Rental Adjustment with respect to the Vehicles. As used herein, "Net Proceeds" shall mean the proceeds received by Lessor, after deducting (i) all costs and expenses incurred in connection with the recovery, repair, storage, and sale of the Vehicles, including any and all attorneys' fees and legal expenses, (ii) all late charges and all interest accrued at the Default Rate (as hereinafter defined), and (iii) all rent payments and other obligations of Lessee due and unpaid under the Lease as of the date of the sale or disposition. As to each Vehicle, if the Net Proceeds received by Lessor from the sale or other disposition of such Equipment after expiration of the Initial Term are less than the TRAC Residual amount for such Equipment as set forth in the Summary of Lease Terms, then Lessee shall immediately pay to Lessor the amount of such deficiency as additional Rent hereunder. If the Net Proceeds are in excess of the TRAC Residual amount, then 100% of such excess shall be returned to Lessee as a reduction in the Rent for such Vehicle, provided, however, that Lessor shall be entitled to retain all or any portion of such amount to satisfy any of Lessee's obligations under the Lease.

Lessee hereby certifies, under penalty of perjury, that:

- (i) Lessee intends that more than 50% of the use of the Vehicles subject to this TRAC is to be used in a trade or business of the Lessee,
- (ii) Lessee has been advised by tax counsel or other tax advisor, and
- (iii) Lessee understands and agrees that, Lessee will not be treated as the owner of the Vehicles identified above for federal income tax purposes.

B. \$1.00 Buyout. Lessee hereby unconditionally agrees to purchase all, but not less than all, of the Vehicles for \$1.00 upon expiration of the Initial Term of the Lease plus an end-of Lease processing fee of \$87.25. Lessee and Lessor agree that Lessee is owner of the Vehicles (notwithstanding Lessor being designated as Owner on the title) and shall pay all license, registration fees, and documentary, sale and use taxes, and personal property taxes and all other taxes, fees and charges relating to the ownership, leasing, rental, sale, purchase, possession or use of the Equipment. **YOU DO NOT HAVE THE OPTION TO RETURN THE EQUIPMENT.**

With respect to any option upon expiration of the Initial Term of the Lease set forth herein, if written notice of Lessee's intention to exercise such elected option is not received within 30 days of the end of the Term, then, Lessee agrees to pay a daily rental fee equal to 100% of the daily Rent for each day that the Vehicles are retained by Lessee. Upon exercise of the option elected by Lessee and payment in full by Lessee of any related purchase amounts and all Rent, Lessor will execute and deliver to Lessee the title to the Vehicles, and any other documentation necessary to transfer title to Lessee. THIS SALE WILL BE WITHOUT ANY REPRESENTATION OR WARRANTY OF ANY KIND BY LESSOR, WHETHER EXPRESS OR IMPLIED IN FACT

OR LAW and, Lessee will accept the Vehicles "AS IS" and "WHERE IS".

5. TAX INDEMNIFICATION. Except to the extent Section 4B is applicable upon expiration at the Initial Term, it is understood and agreed that Lessor is owner of the Vehicles and that Lessor shall be entitled to such tax benefits that are available as owner of the Vehicles through depreciation of the total capitalized cost of the Equipment thereof for federal income tax purposes. In the event that Lessor suffers any loss, disallowance, unavailability, or recapture of such depreciation for any reason whatsoever, then, after written notice thereof by Lessor to Lessee, Lessee shall pay to Lessor an additional incremental amount payable on each date that the Basic Rent is thereafter due, which in the opinion of Lessor, will cause Lessor's net after-tax annual cash flow and net after-tax rate of return respectively, that would have been available if Lessor had been entitled to full utilization of the depreciation. In the event that any payment is required to be made pursuant to this Section 5, and such payment is to be made on succeeding rent payment dates, but at such time this Lease shall have been terminated or Rent otherwise no longer shall be due and payable on the remaining rent payment dates, Lessee shall promptly pay Lessor any amount equal to the incremental increase in Basic Rent which would have been required if such tax loss had occurred immediately prior to the last rental payment date on or prior to the expiration or other termination of the Lease. Lessor shall promptly notify Lessee of the commencement of any proceeding by the Internal Revenue Service in respect of any item as to which indemnity is sought hereunder. Lessee's agreement to pay any sums which may become payable pursuant to this Section 5 shall survive the expiration or other termination of this Lease.

6. USE OF VEHICLES; LESSEE'S REPRESENTATIONS. Lessee shall use the Vehicles only in its business and in compliance with all laws, rules, and regulations of any jurisdiction where the Vehicles are used or located. Lessee represents and warrants to Lessor at all times that (i) Lessee is duly organized, validly existing and in good standing under the laws of the state of its formation; (ii) Lessee has the right and ability to enter into this Lease and perform all of its obligations under the Lease; (iii) this Lease constitutes a valid, legal, and binding obligation and agreement of Lessee, enforceable against Lessee in accordance with its terms; and (iv) that the entering into and performance of this Lease by Lessee will not result in a breach, violation, or default under any judgment, order, law, regulation, loan, mortgage, agreement, indenture, or other instrument applicable to Lessee, or result in any breach of, or constitute a default under, or result in the creation of any lien, charge, security interest, or other encumbrance upon the Vehicles pursuant to any instrument to which Lessee is a party or by which it is bound; (v) there are no pending or overtly threatened actions or proceedings, which either, individually, or in the aggregate, would materially adversely affect the financial condition of Lessee or Lessee's ability to perform all of its obligations under the Lease and (vi) Lessee's exact legal name (if Lessee is an individual, the Lessee's legal name is the name exactly as it appears on the Lessee's most recent, unexpired driver's license issued by the state of his/her principal residence) is identified on the first page of the Lease. Lessee shall (i) use and operate the Vehicles in a careful and prudent manner for the purposes and in the manner intended to be used; (ii) shall keep the Vehicles properly housed or otherwise protected from damage; and (iii) shall pay for all maintenance of Vehicles to keep them

in good and efficient working order and condition in

accordance with all manufacturer service requirements and warranties during the Term of the Lease, including, ~~but is not~~ limited to, Lessee's supplying all fuel, lubricants, and other parts, supplies, maintenance and services, and/or Lessee, upon Lessor's request, entering into a service and maintenance agreement with Lessor or an affiliate of Lessor upon such terms and conditions provided by Lessor. After notice to Lessor, Lessee may, at its own expense, make alterations or add attachments to the Vehicles, provided that such alterations or attachments are removable and do not reduce the value, utility or ~~useful life of the Vehicles~~. Upon the expiration or termination of the Lease, all alterations or attachments affixed to the Vehicles shall become the property of Lessor if not removed, ~~and if Lessee does remove such attachments, Lessee shall be liable to Lessor for any damage to the Vehicles as the result of such removal~~. In the event that any federal, state, or local law, ordinance, rule or regulation shall require the installation of any additional accessories to any of the Vehicles, including, but not limited to, anti-pollution and/or safety devices, or in the event that any other modifications to the Vehicles shall be required by virtue of such law, ordinance, rule or regulation, then and in any of such events, Lessee shall pay the full cost thereof, including installation expenses. Lessor may, at its option, arrange for the installation of such additional accessories or the performance of such modifications, and Lessee agrees to pay the full cost thereof immediately upon receipt of an invoice for ~~the same~~.

7. SURRENDER. Upon either the (i) failure by Lessee to exercise any purchase option for any Vehicle set forth herein, or (ii) upon demand by Lessor made pursuant to an Event of Default (as set forth in Section 19 hereof), Lessee shall, at its own expense, return such Vehicle to Lessor to such location within the continental United States as Lessor shall designate, in the same condition as when delivered, reasonable wear and tear excepted and otherwise in the condition required by this Lease. Upon return of ~~the Vehicles~~, Lessor, or such entity designated by Lessor, shall perform a physical and mechanical inspection of the Vehicles. Lessee shall be responsible for the payment of any and all ~~costs associated with the inspection~~, and for any and all repairs necessary to place the Vehicles ~~in the same condition as when delivered, reasonable wear and tear expected and otherwise in the condition required by this Lease~~.

8. PAINTING. Lessee may paint the Vehicles in Lessee's customary manner and affix advertising or identifying insignia, ~~provided that~~, upon the expiration or termination of this Lease, ~~and in the event that Lessee does not purchase the Vehicles pursuant to Section 4.B hereof~~, Lessee shall, upon the request of Lessor and at Lessee's expense, restore the Vehicles to original condition, ordinary wear and tear excepted and must be free of decals or related markings.

9. WARRANTIES. ~~LESSEE ACKNOWLEDGES AND AGREES THAT LESSOR HAS NOT MADE, AND SHALL NOT BE DEEMED TO HAVE MADE, ANY EXPRESS OR IMPLIED WARRANTY AS TO MERCHANTABILITY, FITNESS FOR ANY PURPOSE OR USE, DESIGN OR CONDITION OF VEHICLES, QUALITY OF MATERIAL OR WORKMANSHIP, OR AS TO ANY OTHER MATTER WHATSOEVER RELATING TO THE VEHICLES, AND LESSOR SHALL NOT BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE VEHICLES, OR ANY INADEQUACY, DEFICIENCY, OR DEFECT IN THE VEHICLES. LESSEE AGREES THAT LESSEE~~

~~LEASES THE VEHICLES "AS IS". Lessor agrees, to the extent possible and without increasing its liability hereunder, and upon request, to assign to Lessee, any warranty of a manufacturer or seller relating to the Vehicles available to Lessor, provided, however, that the foregoing rights shall automatically revert to Lessor upon the occurrence and during the continuance of any Event of Default hereunder, or upon return of the Vehicles to Lessor. Lessee agrees to settle all claims with respect to the Vehicles directly with the manufacturers thereof, and to give Lessor prompt notice of any such settlement and the details of such settlement~~

10. TITLE AND INSPECTION. Lessee, at its expense, shall protect and defend Lessor's title and keep it free of all claims and liens except those claims and liens created by Lessor ~~in connection with~~ any assignment or financing by Lessor. Lessor may inspect the Vehicles at any time without prior notice during regular business hours. If, at any time ~~during the~~ Term of this Lease, Lessor supplies Lessee with labels, plates or other markings stating that the Vehicles are owned by Lessor, Lessee shall affix and keep the same in a prominent place on the Vehicles.

11. LICENSES. Lessee shall at its expense obtain a certificate of title for each Vehicle or if Lessor elects to obtain such certificate of title, Lessee shall pay Lessor a titling fee as established by Lessor and shall also obtain all necessary licenses (including motor Vehicle plates) and registrations, required for the use and operation of each Vehicle. All certificates of title or registration of each Vehicle shall name Lessor or its assignee, including but not limited to Element Transportation Asset Trust, as the owner thereof.

12. INTERESTS IN VEHICLES. Lessee's rights ~~with respect to~~ this Lease and any Vehicles leased hereunder will be subject to any rights and interest in and to said Vehicles which may be granted by Lessor (or Lessor's affiliates) to any assignee or lender of Lessor (or Lessor's affiliates). Lessor may assign to a lender or any other assignee all or any part of Lessor's rights hereunder, including a security interest in the Vehicles and the right to receive rents and other sums due hereunder. Upon notice of such assignment in writing by a lender, assignee and/or Lessor, Lessee shall pay all rents and other sums due or to become due under this Lease directly to such lender or assignee without set off, counterclaim, or any defense whatsoever.

13. TAXES. Lessee shall pay all personal property, sales or use taxes, business licenses, assessments, penalties, and charges which may be levied or asserted with respect to the Vehicles (except income taxes levied on lease payments to Lessor). In the event that any such taxes, licenses, assessments, penalties, or charges are paid by Lessor, Lessee shall reimburse and pay Lessor immediately after Lessor notifies Lessee in writing of the amount of such taxes, licenses, assessments, penalties, charges or expenses paid by Lessor, as well as an administrative fee. Increases or decreases in sales or use tax rates will affect all lease payments after the effective date of the change by the taxing authority. Lessee shall indemnify and hold Lessor harmless from and against any loss, cost or expense arising out of or relating to any such tax, import or levy, including, without limitation, any penalties, interest and fines relating thereto.

14. FINES. Lessee shall pay all fines due to overload, over length, overweight, lack of plates or permits, speeding and any other charges which may be imposed or assessed in respect to the Vehicles and/or Lessee's use thereof. The provisions of this Section 14 shall survive the expiration or other termination of this Lease.

15. LOSS OR DAMAGE. Lessee shall bear the entire risk of loss, theft, destruction of or damage to any Vehicle from any cause whatsoever ("Loss or Damage"). Lessee shall promptly notify Lessor in writing of any Loss or Damage. No Loss or Damage to any Vehicles shall relieve Lessee of any obligation with respect to such Vehicle under this Lease. In the event of Loss or Damage, Lessee shall, at the option of Lessor: (a) put such Vehicle in good condition and repair in accordance with the manufacturer's recommendations, and to the reasonable satisfaction of Lessor, at Lessee's expense;

(b) replace such Vehicle with a like Vehicle (same value, utility and useful life as damaged Vehicle) in good condition and repair as approved by Lessor in Lessor's sole discretion with clear title thereto vested in Lessor; or (c) pay Lessor on or before the next rent payment date as set forth in accordance with Section 3 hereof (such payment date, the "Loss Payment Date") in cash the sum of: (i) all amounts then due Lessor by Lessee under the Lease relating to such Vehicle, which amounts shall be prorated through the Loss Payment Date, plus (ii) an amount equal to the ~~present value of the TRAC Residual~~, if any, relating to such Vehicle (as set forth ~~in the~~ Summary of Lease Terms), discounted at 3.0% computed from the expiration of the Initial Term of the Lease to the Loss Payment Date, plus (iii) an amount equal to ~~the present value of the~~ unpaid future remaining Rents for the Initial Term ~~of the Lease~~, relating to such Vehicle discounted at 3.0% computed from the scheduled payment dates for such Rents to the Loss Payment Date (the "Casualty Value Amount"). Upon receipt of the Casualty Value Amount set forth in (c) above, Lessor shall assign to Lessee (or Lessee's insurer) Lessor's interest in such Vehicle in its then condition and location, "AS IS" without any warranty whatsoever, express or implied. If Lessee is required to repair any Vehicle in accordance with (a) above, or to replace any Vehicle in accordance with (b) above, the insurance proceeds actually received by Lessor, if any, pursuant to Section 16 hereof shall be first applied to pay any amounts then due under this Agreement, and then shall ~~be paid to~~ Lessee upon proof satisfactory to Lessor that such repairs have been completed as required herein (in the case of (a)), or of adequate purchase and title documents in Lessor's sole discretion (in the case of (b)). In the event that Lessee is obligated to pay to Lessor the amount specified in (c) above, Lessee shall be entitled to a credit against such amount equal to the amount of insurance proceeds actually received by Lessor, if any, pursuant to

Section 16 hereof, on account of such Vehicle.

16. INSURANCE. Lessee shall obtain and maintain insurance on or with respect to each Vehicle at your own expense and in the amounts and forms satisfactory to Lessor. In no event shall any insurance coverage be less than the following:

(a) Physical damage insurance insuring against loss or damage to the Vehicles in an amount not less than the full replacement value of such Vehicle; and

(b) (i) in all States except Florida: (1) not greater than \$500 deductible for collision, fire, theft, and comprehensive, and (2) \$1,000,000 combined single limit for bodily injury liability and property damage; or

(b) (ii) for the State of Florida: (1) not greater than \$500 deductible for collision, fire, theft, and comprehensive, and (2) \$250,000 per person / \$1,000,000 per incident bodily injury liability, and (3) \$100,000 property damage liability.

In addition, the following require \$1,000,000 excess liability coverage (umbrella): (a) truck/tractors over 45,000 lbs.; (b) trailers/semi-trailers; tow trucks; and (c) limo uses for livery. Lessee shall furnish Lessor with a certificate of insurance evidencing issuance of such insurance to Lessee in at least the minimum amount required herein, naming Lessor and such other parties designated by Lessor as additional insured thereunder for liability coverage, and as loss payee for property damage coverage. Each policy shall require insurer to give Lessor 30 day's prior written notice of any material alteration in terms of policy or cancellation thereof, and shall provide that no action, misrepresentation or breach of warranty of Lessee shall invalidate the policy. If Lessee fails to provide such insurance, Lessor shall have the right, but no duty, to obtain such insurance and Lessee shall pay Lessor all costs thereof, including all costs incurred by Lessor in obtaining such insurance together with interest at the Default Rate from the date paid by Lessor to the date paid in full by Lessee. Lessee shall not use any Vehicle if the insurance required herein is not in full force and effect with respect to such Vehicle. Upon Loss or Damage as set forth in Section 15 hereof, Lessee shall receive credit for any amounts paid to Lessor by the insurer against Lessee's obligations hereunder.

17. INDEMNITY. Lessee shall indemnify Lessor against, and hold Lessor harmless from, any and all claims, actions, damages, obligations, liabilities, liens (including any arising or imposed under the doctrines of strict liability in tort or product liability), and costs and expenses (including attorneys' fees), arising from or out of the manufacture, purchase, lease, possession, operation, condition, return, or use of the Vehicles, or by operation of law, excluding however any of foregoing resulting solely from the gross negligence or willful misconduct of Lessor. Lessee agrees that upon written notice by Lessor of assertion of any such claim, action, damage, obligation, liability, or lien, Lessee, at Lessee's expense shall assume full responsibility for the defense thereof, provided that Lessor shall have the right, but not the obligation, to participate in any defense conducted by Lessee without relieving Lessee of any of its obligations hereunder. The provisions of this Section 17 shall survive termination of this Lease.

18. ASSIGNMENT. Except as otherwise permitted herein, without Lessor's prior written consent, Lessee shall not assign, transfer, pledge, hypothecate or otherwise dispose of this Lease, the Vehicles or any interest therein, or sublet or lend the Vehicles, or permit the Vehicles to be used by anyone except Lessee or Lessee's authorized employees. Lessor may assign this Lease or any interest therein in whole or part without notice to Lessee.

19. DEFAULT. Lessee shall be in default of this Lease upon the happening of any of the following events or conditions which shall constitute "Events of Default": (a) Lessee fails to pay any Rent or other amount when due; (b) Lessee fails to observe, keep or perform any other covenant or provision of this Lease required to be observed, kept, or performed, by Lessee; (c) Lessee removes, sells, transfers, encumbers, creates a security interest in, relinquishes possession of the Vehicles, or performs any act which impairs Lessor's title to any Vehicle or attempts any of the foregoing; (d) Lessee makes a misrepresentation to Lessor of any matter or covenant connected with this Lease; (e) Lessee fails to satisfy any traffic ticket or summons or fails to register any Vehicle; (f) Lessee or a guarantor dies (if an individual), becomes insolvent, bankrupt or has a trustee or receiver appointed for Lessee or for a substantial part of Lessee's property; (g) Lessee experiences a material change in its business or affairs (including termination of Lessee's employment or termination of the contract under which Lessee provides services or a change in the control or ownership of Lessee or Lessee's employer or the party with which Lessee contracts to provide services) which in Lessor's sole judgment impairs the security of any Vehicle or increases the credit risk involved therein; (h) Lessee attempts to assign this Lease without the consent of Lessor; or (i) Lessee fails to notify Lessor of any material change in its business and affairs, including a change in the ownership or control of Lessee. Lessee hereby irrevocably appoints and constitutes Lessor and its successors and assigns, the true and lawful attorney-in-fact of Lessee, with full power in the name of Lessee upon the occurrence of an Event of Default;

(i) to demand and receive any and all moneys and claims for moneys due in respect of or relating to the Equipment, (ii) to assign or transfer any of Lessee's rights under this Lease or in the Equipment (including assigning the rights of Lessee to any replacement lessee hereunder and/or causing any other person to become the registered owner of the Equipment) and (iii) to take any other action in respect of this Lease or any of the Equipment. Lessee ratifies and approves all acts of Lessor, as attorney-in-fact. Lessor, as attorney-in-fact will not be liable for any acts or omissions or errors of judgment or mistake of fact or law. This power, being coupled with an interest, is irrevocable until all obligations under this Lease have been fully satisfied.

20. REMEDIES. Upon the occurrence of any Event of Default, Lessor may declare this Lease to be in default, and at any time thereafter, Lessor, at its option, may do any one or more of the following: (a) cancel this Lease; (b) proceed by appropriate action to enforce performance of the Lease at Lessee's expense or to recover damages (including attorneys' fees) for the breach thereof; (c) demand that Lessee, and in such case the Lessee shall, return all or any part of the Vehicles promptly in the manner required by and in accordance with Section 7 hereof; (d) enter, with or without legal process, Lessee's premises or any other premises where the Vehicles are located, and take possession of all or any part of the Vehicles without any liability to Lessee by reason of such entry; (e) sell, lease, or otherwise dispose of all or any part of the Vehicles at a public or private sale, which may be conducted where such Vehicles are then located and Lessor may also advertise and sell repossessed Vehicles through internet websites through which vehicles similar to the Vehicles are sold and such disposition shall be deemed in conformity with reasonable commercial practice among dealers of the type of vehicles that were the subject of the disposition; (f) demand that Lessee, and in such case Lessee shall, pay to Lessor as liquidated damages for loss of a bargain and not as a penalty an amount equal to the sum of (i) all amounts due and unpaid under the Lease (including without limitation any indemnity obligations) plus interest thereon from the due date thereof until paid at a per annum interest rate equal to 18%, but in no event more than the maximum rate permitted by law (the "Default Rate"), plus (ii) the present value of all future Rent payments for such Vehicles, discounted at 3.0%, plus (iii) the present value of the TRAC Residual, if any, discounted at 3.0%, plus (iv) all costs and expenses incurred by Lessor in enforcing Lessor's rights hereunder (including, without limitation, all costs of repossession, recovery, storage, repair, sale, re-lease, and attorneys' fees), together with interest thereon at the Default Rate from the date of demand to the date of payment in full (the "Liquidated Damages"); or (g) exercise any other right or remedy which may be available to Lessor under the Uniform Commercial Code or any other applicable law. The proceeds of any sale or lease of the Vehicles by Lessor shall be applied in the following order of priority: (1) to pay all of Lessor's expenses in taking, holding, preparing for sale or lease, and disposing of the Vehicles, including all attorneys' fees and legal expenses, then (2) to pay any late charges and all interest accrued at the Default Rate; then (3) to pay accrued but unpaid Rent payments, then (4) to pay any other unpaid sums due under this Lease including Liquidated Damages. If the proceeds of any sale or lease are not sufficient to pay the amounts owed to Lessor under this Lease, Lessee will pay the deficiency. Lessor may also, without liability, take any personal property stored within the Vehicles and may store any such property at Lessee's expense for 30 days. Lessee will be obligated to reclaim such property within 30 days and hereby waives any rights in such property thereafter. Any unclaimed property will be deemed abandoned after 30 days and will be discarded by Lessor. Lessor's remedies hereunder shall be cumulative. Any security deposit paid by Lessee to Lessor in connection with this Lease shall be forfeited by Lessee upon the happening of any Event of Default, and shall be applied to Lessee's obligations under this Lease pursuant to this Section 20. Lessor's remedies hereunder may be exercised instead of or in addition to any other legal or equitable remedies. Lessor has the right to set off any sums received from any source (including insurance proceeds) against Lessee's obligations under this Lease. Lessee waives its right to object to the notice of the time or place of sale or lease, and to the manner and place of any advertising therefore. Lessee waives any defense based on statutes of limitations or laches in actions for

damages.—In case of failure by Lessee to pay any fees, assessments, charges, or taxes arising with respect to the Vehicles, Lessor shall

have the right, but not the obligation to pay such amounts, and in that event, the cost thereof shall be payable by Lessee to Lessor upon demand, together with interest at the Default Rate from the date of disbursement by Lessor.

21. SECURITY DEPOSIT. The Security Deposit shall be held by Lessor during the entire Term of the Lease, including the Interim Term and any renewal term, as security for the full payment and performance of the terms, conditions and obligations of Lessee hereunder and under any and all Schedules. The Security Deposit shall not excuse the performance at the time and in the manner prescribed or any obligation of Lessee or cure a default of Lessee. Lessor may, but shall not be required to, apply such Security Deposit towards discharge of any overdue obligation of Lessee. Lessor shall be entitled to commingle the Security Deposit with any of its own funds. No Interest shall accrue on the Security Deposit and Lessor shall have no liability to account to Lessee for any interest. If Lessor shall apply any of the Security Deposit towards any obligations of Lessee under the Lease, Lessee shall, upon demand, pay to Lessor an amount necessary to return the Security Deposit to the sum specified above. In furtherance thereof, Lessee hereby grants to Lessor a security interest in the cash comprising the Security Deposit from time to time and any and all interest thereon, together with the proceeds thereof, to secure the prompt payment as and when due of all indebtedness, and the prompt performance as and when due of all obligations, of Lessee now or hereafter required under the Lease. If no Default has then occurred, upon the expiration or earlier termination of the Term of the Lease, the balance of the Security Deposit then held by Lessor shall promptly be paid to Lessee.

22. SEVERABILITY. The invalidation of any provision or provisions of this Lease as unenforceable shall not operate to invalidate the remainder of the Lease which shall remain in full force and effect.

23. NOTICES. All notices relating to this Lease shall be in writing (including without limitation, facsimile or other electronic transmission, receipt confirmed) delivered in person to an officer of Lessor or Lessee or mailed or faxed to the respective addresses shown above on the first page of this Lease, or to such address as otherwise specified in writing by the appropriate party hereto.

24. WAIVER. Lessor's forbearance of exercise of any right or remedy on Lessee's breach of any terms, covenants or conditions hereunder shall not be deemed a waiver of such right or remedy, the requirement of punctual performance, or any of its remedies upon any other or subsequent breach or default.

25. GOVERNING LAW. This Lease takes effect upon its acceptance and execution by Lessor, and shall be governed, interpreted and construed under the laws of the Commonwealth of Pennsylvania. Pennsylvania law shall prevail in the event of any conflict of law without regard to, and without giving effect to, the application of choice of law rules. LESSEE WAIVES ALL RIGHTS TO TRIAL BY JURY IN ANY LITIGATION ARISING FROM OR RELATED TO THIS LEASE, AND LESSEE SUBMITS TO THE JURISDICTION OF THE FEDERAL DISTRICT COURT FOR THE EASTERN DISTRICT OF PENNSYLVANIA, OR ANY STATE COURT OF COMPETENT JURISDICTION WITHIN MONTGOMERY COUNTY, PENNSYLVANIA, AND WAIVES ANY RIGHT TO ASSERT THAT ANY ACTION INSTITUTED BY LESSOR IN ANY SUCH COURT IS IN THE IMPROPER VENUE OR SHOULD BE TRANSFERRED TO A MORE CONVENIENT FORUM.

26. WAIVER OF DAMAGES. Lessee waives, to the fullest extent permitted by law, any right to or claims of any punitive, exemplary, indirect, special, consequential, or incidental damages against Lessor. Lessee agrees that, in the event of a dispute, claim or controversy against Lessor, Lessee shall be limited to the recovery of actual direct damages sustained by it, subject to any limit on direct damages set forth in this Lease. Lessee will not accept or attempt to collect through the courts or otherwise any punitive, exemplary, indirect, consequential, or incidental damages from Lessor.

27. SUCCESSORS AND ASSIGNS. This Lease shall be binding on and inure to the benefit of Lessor and Lessee and their respective successors and assigns permitted hereunder.

28. FORCE MAJEURE. The obligations of Lessor hereunder shall be suspended to the extent that it is hindered or prevented from complying therewith because of labor disturbances, acts of God, fires, storms, accidents, failure of the manufacturer to deliver any of the Vehicles, court order, governmental regulations, or other interference or any cause whatsoever not within the sole control of Lessor.

29. YOUR PROMISES. In addition to the other provisions of this Lease, you agree that during the term of this Lease (a) you will promptly notify us in writing if you move your principal place of business, if you change the name of your business, or if there is a change in your ownership, and (b) you will provide to us such financial information as we may reasonably request from time to time.

shall be due and payable commencing on _____, 20____ the remaining installments becoming due on the 1st day of each calendar month thereafter through and including _____

, 20____. The Lessee shall pay a monthly late charge equal to 10% of the payment due for any amount of rent not made on the monthly due date. The Lessee's payment of rent

obligation is absolute and unconditional and without set off, counterclaim or any defense whatsoever. The Lease payment amount is fixed and will not change during the term hereof. However, the Sales or Use tax charge and the Lessor's Insurance charge are subject to change up or down in the event that the taxing jurisdiction or insurance provider, as the case may be, should amend, change recalculate or otherwise adjust the amount of its charges. Lessee acknowledges that Lessor requires Lessee to execute an assignment of receivables and to authorize «COMPANY» to deduct from Lessee's weekly settlements, an amount sufficient to enable BIMBO FOODS BAKERIES DISTRIBUTION, LLC to forward payment of any amounts due hereunder to Lessor. Lessee acknowledges that any failure to execute such an assignment, or any attempted revocation of such an assignment shall constitute an Event of Default under this Lease.

3. Warranties. Lessor represents and warrants that Lessor has good title to the Equipment and the right to lease said Equipment. THE FOREGOING WARRANTY IS EXCLUSIVE AND IS MADE IN LIEU OF ALL OTHER EXPRESS OR IMPLIED WARRANTIES BY LESSOR. LESSEE ACKNOWLEDGES AND AGREES THAT LESSOR HAS NOT MADE AND SHALL NOT BE DEEMED TO HAVE MADE ANY EXPRESS OR IMPLIED WARRANTY AS TO MERCHANTABILITY, FITNESS FOR ANY PURPOSE OR USE, DESIGN OR CONDITION OF EQUIPMENT, AS TO QUALITY OF MATERIAL OR WORKMANSHIP IN EQUIPMENT, OR AS TO ANY OTHER MATTER WHATSOEVER AND LESSOR SPECIFICALLY DISCLAIMS ANY LIABILITY FOR INDIRECT CONSEQUENTIAL, INCIDENTAL OR PUNITIVE DAMAGES ARISING OUT OF THE USE OF INABILITY TO USE EQUIPMENT. LESSEE LEASES EQUIPMENT "AS IS". LESSOR AGREES TO EXTENT POSSIBLE WITHOUT INCREASING ITS LIABILITY HEREUNDER, TO ASSIGN TO LESSEE, ANY WARRANTY OF A MANUFACTURER OR SELLER RELATING TO THE EQUIPMENT AVAILABLE TO LESSOR.

4. Title and Inspection. Lessor is owner and shall at all times retain title to Equipment. Lessee, at its expense, shall protect and defend Lessor's title and keep it free of all claims and liens except those of Lessee hereunder and claims and liens created by or arising through Lessor. The Equipment shall remain personal property regardless of its attachment to realty, and Lessee agrees to take such action as necessary to prevent any third party from acquiring an interest in the Equipment as a result of its attachment to realty. Lessor may inspect the property at any time without prior notice during regular business hours.

5. Licenses. Lessee shall, at its expense, obtain all necessary licenses (including motor vehicle plates) and registration, required for the use and operation of Equipment. All certificates of title or registration of Equipment shall name Lessor as owner.

6. Use of Equipment. Lessee shall use Equipment only in its business and in compliance with all laws, rules, and regulations of any jurisdiction where it is used or located. Lessee shall pay for all maintenance of Equipment to keep it in good and efficient working order and condition during the term of the Lease. This includes, but is not limited to, Lessee's supplying all fuel, lubricants, and other parts, supplies, maintenance and services. After notice to Lessor, Lessee may, at its own expense, make alterations or add attachments, provided such alterations or attachments are removable and do not reduce the value of the Equipment. At the Lease expiration or termination, all alterations or attachments affixed to the Equipment shall become

property of Lessor if not removed.

7. Taxes. Lessee shall pay all personal property, sales or use taxes, business licenses, assessments, penalties, and charges, which may be levied or asserted in respect to Equipment (except income taxes levied on lease payments to Lessor). In the event that any such unpaid taxes, licenses, assessments, penalties, or charges are paid by Lessor (at Lessor's sole discretion), Lessee shall reimburse and pay Lessor, immediately after Lessor notifies Lessee in writing of any such payment, the total of any such payment plus an administrative charge of

\$100. Any unpaid balance shall be subject to an interest assessment of 12.5% per annum.

8. Fines. Lessee shall pay any and all fines or charges of any and every kind or nature, which may be imposed or assessed in respect to the Equipment, and/or its use and operation by the Lessee.

9. Loss or Damage. Lessee shall bear the entire risk of loss, theft, destruction of or damage to Equipment from any cause whatsoever ("Loss or Damage"). No loss or damage shall relieve Lessee of any obligation under the Lease. In the event of loss or damage, Lessee shall, at the option of Lessor,

(a) put Equipment in good condition and repair;

(b) replace Equipment with like equipment in good condition and repair with clear title thereto in Lessor; or

(c) pay Lessor in cash (i) all amounts then due Lessor by Lessee under the Lease, (ii) an amount equal to the residual value of the Equipment, and (iii) unpaid balance of the total rent for the term of the Lease. Upon receipt of said payment, Lessor shall assign to Lessee (or Lessee's insurer) Lessor's interest in the Equipment in its then condition and location, "AS IS" without any warranty whatsoever, express or implied.

10. Insurance. Lessee shall obtain and maintain insurance on or with respect to Equipment at Lessee's own expense and in amounts and form satisfactory to Lessor. In no event shall any insurance coverage be less than the following: (a) physical damage insurance (collision, fire, theft, and comprehensive), insuring against loss or damage to Equipment in amount not less than full replacement value of Equipment bearing no more than \$500 deductible; (b) \$1,000,000 combined single limit for bodily injury liability and property damage and (c) Auto Lease Loan GAP. Lessee shall furnish Lessor with a certificate of insurance evidencing issuance of such to Lessee in at least the minimum amount, required herein, naming Lessor as additional insured thereunder for liability coverage and as loss payee for property damage coverage. Each policy shall require Insurer to give Lessor no less than 30 days prior written notice of any alteration in terms of policy or cancellation thereof and shall provide that no action or misrepresentation of Lessee shall invalidate the policy. If Lessee fails to provide such insurance, Lessor shall have the right, but no duty, to obtain insurance and Lessee shall pay Lessor all costs thereof. Lessee shall not cancel the required insurance at any time without the prior written consent of Lessor. Lessee shall not use Equipment if insurance required herein is not in full force and effect. Upon Loss or Damage to Equipment, Lessee shall receive credit for any amounts paid by the insurance against Lessee's obligations hereunder.

11. Indemnity. Lessee shall indemnify Lessor against, and hold Lessor harmless from any and all claims, actions, damages including reasonable attorneys fees and costs obligations, liabilities, and liens (including any arising or imposed under the doctrines or Strict Liability in tort or Product Liability), arising out of manufacture, purchase, lease, possession, operation, condition, return or use of Equipment, or by operation of law, excluding however any

of foregoing resulting solely from the gross negligence or willful misconduct of Lessor. Lessee agrees that upon written notice by Lessor of assertion of such claim, action, damage, obligation, liability or lien, Lessee shall assume full responsibility for defense thereof. Lessor shall have the right, but not the obligation, to participate in any defense conducted by Lessee without relieving Lessee of any of its obligations hereunder. The provisions of this paragraph shall survive termination of this Lease.

12. Assignment. This Lease may be assigned with Lessor's prior written consent.

An assignment fee of \$250.00 shall be payable by Lessee. Without Lessor's prior written consent, Lessee shall not assign, transfer, pledge, hypothecate or otherwise dispose of this Lease, the Equipment or any interest therein, or sublet or lend Equipment or permit it to be used by anyone except Lessee or Lessee's authorized agents or employees. Lessor may assign this Lease in whole or part without notice to Lessee. Lessor's Assignee shall have all of the rights, but none of the obligations of Lessor hereunder.

13. Lessor's Financing. Lessor may assign to a lender or lenders, a security interest in Equipment and the right to receive rents and other sums due hereunder. Upon notice of such assignment in writing by a lender (not Lessor), Lessee shall pay all rents and other sums due, or to become due under this Lease directly to assignee without set off, counterclaim, or any defense whatsoever without claim for same by Lessor.

14. Lease Bond. In addition to Lessee's obligations and certain collateral security granted hereunder, the obligations of Lessee shall further be secured by a certain Lease Bond (copy attached hereto). Any breach, non-renewal or cancellation of said bond shall represent a material breach of this Lease and entitle Lessor, at Lessor's sole discretion, to terminate this lease as further set forth in Paragraph 18 below.

15. Surrender. Upon expiration or termination of this Lease, upon failure to exercise any purchase option, or upon demand by Lessor made pursuant to an "Event of Default," Lessee shall at its own expense return Equipment to Lessor to such location within the continental United States as Lessor shall designate, in the same condition as when delivered, reasonable wear and tear excepted. Upon return of the Equipment, Lessor, or such entity designated by Lessor, shall perform a physical and mechanical inspection of the Equipment. Lessee shall be responsible for the payment of any and all costs associated with the inspection and for any and all repairs necessary to place the Equipment in the same condition as when delivered, reasonable wear and tear excepted.

16. Purchase Option. Lessee may purchase Equipment at the end of the Lease Term for the sum of \$1, plus a \$249 document preparation and transfer fee, provided that: (a) Lessee gives Lessor written notice of Lessee's intention to exercise the option at least 30 days prior to the exercise and end of the Term; (b) Lessee is not in default under any covenant or condition of this Lease, and (c) Lessee pays all rent and other charges due hereunder together with the full purchase price set forth above. Upon exercise of option and payment by Lessee of the purchase price and all rental charges, Lessor will execute and deliver a bill of sale for the Equipment to Lessee. THIS SALE WILL BE WITHOUT ANY REPRESENTATION OR WARRANTY OF ANY KIND BY OWNER, WHETHER EXPRESS OR IMPLIED IN FACT OR LAW and, Lessee will accept Equipment "AS IS" and "WHERE IS".

17. Default. Lessee shall be in default of this Lease upon the happening of any of the following events or conditions ("Events of Default"): (a) Lessee fails to pay any rent or other amount when due; (b) Lessee fails to observe, keep or perform any other covenants or provisions of this Lease required to be observed, kept, or performed, by Lessee; (c) Lessee tries to remove, sell, transfer, encumber, create a security interest in, or part with possession of the Equipment, or perform any act tending to impair Lessor's title to Equipment; (d) Lessee makes a misrepresentation to Lessor of any matter or covenant connected with this Lease; (e) Lessee fails to satisfy any traffic ticket or summons or fails to register the Equipment; (f) Lessee becomes insolvent, bankrupt or has a trustee or receiver appointed for Lessee or for a substantial part of Lessee's property; (g) Lessee experiences a material change in its business or affairs, (including but not limited to change in control or ownership or Termination of its Distribution Agreement referred to in Paragraph 24 below) which in Lessor's judgment impairs the security of the Equipment or increases the credit risk involved therein; (h) Lessee fails to notify Lessor of any material change in its business and affairs, including a change in the ownership or control of Lessee; (i) failure of Lessee to execute or maintain the assignment of receivables referred to in Paragraph 2 above.

18. Remedies. Upon the happening of any event of default, Lessor may at its option (a) commence arbitration to enforce performance of the Lease or to recover damages for the breach thereof, and/or (b) terminate the Lease as to all items of Equipment and/or Lessee's right of possession thereto whereupon all right, title and interest of Lessee hereunder shall cease and Lessor or its agents may enter Lessee's premises or other premises where Equipment is located, take possession of it and thenceforth hold, possess and enjoy the Equipment free from any rights of Lessee thereto. Lessor shall, nevertheless, have a right to recover from Lessee any and all amounts due and to become due under the Lease as damages for the loss of bargain together with all expenses including legal fees incurred in all actions arising under the Lease. Lessor may also, without liability, take personal property stored within the Equipment and may store any such property at Lessee's expense for 30 days. Lessee will be obligated to reclaim such property within 30 days and hereby waives any rights in such property thereafter. Any unclaimed property will be deemed abandoned after 30 days and will be discarded by Lessor. Lessor's remedies hereunder shall not be deemed in its favor and shall be cumulative. Lessee hereby grants to Lessor an irrevocable power of attorney to effect any assignment under this paragraph or any other obligation of Lessee under this Lease upon default.

19. Severability. The invalidation of any provision or provisions of this Lease as unenforceable shall not operate to invalidate the remainder of the Lease, which shall remain in full force and effect.

20. Notices. All notices relating to this Lease shall be delivered in person to an officer of Lessor or Lessee or mailed to the respective addresses shown hereinabove or to such address as otherwise specified in writing by the appropriate party hereto. Each party hereby waives any right to receive notices relating to this Lease by certified or registered mail.

21. Waiver. Lessor's forbearance of exercise of any right or remedy on Lessee's breach of any terms, covenants or conditions hereunder shall not be deemed a waiver of such right or remedy,

the requirement of punctual performance, or any of its remedies upon any other or subsequent breach or default.

22. Resolution of Disputes. The Procedures set forth in this provision are the only procedures for the resolution of any dispute, controversy or claim arising out of or relating in any manner to this Lease, including but not limited to the formation, operation or termination of the Lease or the relationship created between Lessee and Lessor under the Lease.

(a) A party having a dispute, controversy or claim will give the other party written notice of the dispute. Within thirty (30) business days after receipt of this notice, the receiving party shall submit to the disputing party a written response. The written notice and response shall include (i) a statement of each party's position and a summary of the facts and arguments supporting its position, and (ii) the name and title of the person who will represent that party. Within 30 days from the date of the responding party's written response, the parties shall meet (or if agreeable to the parties, shall carry on discussions by telephone) to attempt to resolve the dispute between themselves.

(b) If the parties are not able to resolve the dispute within 60 business days from the date of the responding party's written response or if a party falls to engage in discussions to attempt to resolve the matter, the dispute shall be settled by arbitration with an arbitrator as mutually agreed to by the parties. The arbitration shall be governed by the U.S. Arbitration Act, 9 U.S.C. § 1, et seq. Courts of the State of New York or any U.S. District Court located in New York will have sole jurisdiction over enforcement of arbitration and/or this Lease. Judgment upon any arbitration award may entered by any state or federal court located in New York having jurisdiction thereof. Unless the parties otherwise agree, the place of arbitration shall be Purchase, New York. The arbitrator is not authorized or empowered to, and shall not award punitive, exemplary, indirect, special, consequential or incidental damages or any

other damages in excess of actual, direct damages or in excess of any limit on direct damages set forth in this Lease. If either party is required to compel arbitration that party shall be reimbursed for the costs and expenses incurred in compelling arbitration.

(c) Any deadline specified in this provision may be extended by mutual agreement of the parties.

(d) Any and all claims, disputes or controversies relating in any manner to this Lease shall be commenced within two (2) years, from the occurrence of the facts giving rise to such claim, dispute or controversy; or the claim, dispute or controversy shall be considered barred.

(e) BY AGREEING TO THE PROCEDURES SET FORTH IN THIS PARAGRAPH, THE LESSEE AND LESSOR EACH WAIVE THE RIGHT TO HAVE A CLAIM, DISPUTE OR CONTROVERSY UNDER THE LEASE DECIDED BY A JURY.

23. Waiver of Damages. Lessee and Lessor waive to the fullest extent permitted by law any right to or claim of any punitive, exemplary, indirect, special, consequential or incidental damages against the other. Lessee and Lessor agree that, in the event of a dispute, claim or controversy against the other, each party shall be limited to the recovery of actual direct damages sustained by it, subject to any limit on direct damages set forth in this Lease. Neither Lessee nor Lessor will accept or attempt to collect through the courts or otherwise any punitive, exemplary, indirect, consequential or incidental damages from the other even if such damages are ordered or awarded by the arbitrator despite the agreement between the parties to the contrary.

24. Cross Collateral. The word "rent" means all charges evidenced by this Lease, including all rental payments, together with all other indebtedness and costs and expenses for which the Lessee is responsible to Lessor or under this Lease or under any related documents. In addition, the word "rent" includes all other obligations, debts and liabilities, plus any applicable interest thereon of Lessee, to Lessor, arising under this or any other agreement or contract of Lessee with Lessor, as well as claims by Lessor against Lessee, whether existing now or later; whether they are voluntary or involuntary, due or not due, direct or indirect, absolute or contingent, liquidated or unliquidated; whether the Lessee may be liable individually or jointly with others; and whether Lessee may be obligated as guarantor, surety, accommodation party or otherwise. The word "equipment" means all machinery, motor vehicles, and accessories, whether now or hereafter acquired, whether now existing or hereafter arising, and wherever located, leased by Lessor to Lessee. The term "Distribution Rights" refers to the rights Lessee has obtained to distribute Products as granted to Lessee by BIMBO FOODS BAKERIES

DISTRIBUTION, LLC and as further evidenced by a certain Distribution Agreement. Lessee hereby grants Lessor a security interest in and hereby assigns, conveys, delivers, pledges, and transfers all of Lessee's right, title and interest in and to the aforementioned Distribution Rights, the business receivables obtained from the exercise of those rights, and any and all of the equipment leased by Lessee from Lessor as security for all of the rent obligations set out herein. Lessee agrees to execute a UCC-1 or any other document reasonably required by Lessor to evidence and perfect such liens.

25. Successors and Assigns. This Lease shall be binding on and inure to the benefit of Lessor and Lessee and their respective successors and assigns.

26. Painting. Lessee may paint Equipment in Lessee's customary manner and affix advertising or identifying insignia.

THIS LEASE AGREEMENT ("Lease") is hereby entered into as of the Contract Date above by and between DATA TAG ("Lessor") and Lessee ("Lessee"), referenced above. ONLY THE WRITTEN TERMS OF THIS LEASE ARE ENFORCEABLE. TERMS OR ORAL PROMISES WHICH ARE NOT CONTAINED IN THIS WRITTEN LEASE MAY NOT BE LEGALLY ENFORCED. THE TERMS OF THIS LEASE MAY ONLY BE CHANGED BY ANOTHER WRITTEN AGREEMENT BETWEEN LESSOR AND LESSEE. THIS LEASE IS NOT CANCELABLE. LESSEE CERTIFIES THAT ALL INFORMATION GIVEN IN THIS LEASE AND THE LEASE APPLICATION WAS CORRECT AND COMPLETE WHEN THIS LEASE WAS SIGNED. THIS LEASE IS NOT BINDING UPON LESSOR OR EFFECTIVE UNLESS AND UNTIL LESSOR EXECUTES THIS LEASE.

Lessee agrees to submit the original Lease documents with any security deposit to Lessor or its assignee via overnight courier the same day as the electronic transmission of the Lease documents. Should the Lessor not receive these originals, Lessee agrees to be bound by the electronic copy of this Lease and the electronic copy shall be considered the original and shall be the binding agreement for purposes of any enforcement action under paragraph 20.

1. GRANT OF LEASE. Lessor hereby leases to Lessee, and Lessee hereby leases from Lessor, the Equipment described herein, together with all replacements, repairs and additions thereto (individually and collectively, the "Vehicles") on the terms and conditions set forth in this Lease. Lessee agrees that Lessee leases the Vehicles "as-is", and confirms that as of the date of delivery of each Vehicle, such Vehicle is of the design and manufacture selected by Lessee, and as of such date, Lessee has unconditionally accepted such Vehicles in all respects. Lessee further confirms that it has selected the Vehicles on the basis of its own judgment, and expressly disclaims reliance upon any statements, representations, or warranties made by Lessor, and Lessee acknowledges that Lessor is not the manufacturer of the Vehicles. Lessee certifies that the Vehicles identified herein will be used for commercial purposes. Should it be determined, notwithstanding the express intent of the parties, that this Lease is not a lease but rather an agreement intended for security, Lessee grants Lessor a security interest in the Vehicles, all accessions and additions to, substitutions and replacements for, and proceeds (including insurance proceeds), accounts, rights of payments, chattel paper, equipment and income arising from or generated by the Vehicles. Lessee agrees that the security interest will not be affected if this Lease is changed in any way. Lessee appoints Lessor (or its agent) as its true and lawful attorney-in-fact to affix its signature to UCC financing statements prepared and filed on its behalf by Lessor (or its agent) with the same force and effect as if Lessee had signed such financing statements. Lessee shall take all actions and execute all documents reasonably requested by Lessor to establish, maintain, and continue the perfected security interest of Lessor.

2. INITIAL TERM. The term of this Lease for each Vehicle shall commence on the Contract Date and shall continue for that number of months from the first (1st) day of the month following the Contract Date (unless the Contract Date is the first (1st) day of the month, in which case the Contract Date shall be the date on which the term of this Lease commences) ("Commencement Date") each as set forth in the Summary of Lease Terms (such period as extended or sooner terminated by Lessor as provided herein, the "Term").

3. RENT. The rental payment amount for each Vehicle hereunder (the "Basic Rent") is set forth in the Summary of Lease Terms. Basic Rent on each Vehicle shall begin to accrue on the Contract Date and shall be due and payable in U.S. dollars in immediately available funds by Lessee in advance or arrears for the periods (each a "Rental Period") and for the total number of payments as set forth in the Summary of Lease Terms, in each case, on the first day of each such Rental Period. If the Contract Date does not fall on the first day of the month, the rental for that period of time from the Contract Date until the Commencement Date shall be an amount equal to the daily rental

(Basic Rent divided by 7 days for One Week , 14 days for One

Biweekly and 30 days for One Month Rental Periods, as applicable), multiplied by the number of days from (and including) the Contract Date to (but not including) the Commencement Date and shall be due and payable on the Commencement Date.

Subsequent Basic Rent payments (plus applicable taxes) will be due for successive months, whether or not Lessee receives an invoice from Lessor, until the balance of the Basic Rent payments or expenses chargeable to Lessee under this Lease are paid in full. Lessee shall pay all amounts other than Basic Rent Lessee is obligated to pay hereunder (the "Supplemental Rent" and together with Basic Rent, the "Rent") when due or if no date is specified herein, on demand. If any Rent payment is not made within five (5) days after its due date, Lessee shall pay a late charge equal to the lesser of 10% of the late rental payment amount, and the maximum amount permitted by law. Lessor may charge Lessee a return check or non-sufficient funds charge of \$50.00 (not to exceed the maximum amount permitted by law) for any payment which is returned by the bank for any reason. LESSEE'S PAYMENT OF RENT AND LESSEE'S PERFORMANCE OF ALL OTHER OBLIGATIONS ARE ABSOLUTE AND UNCONDITIONAL AND WITHOUT SET OFF, COUNTERCLAIM, OR ANY DEFENSE WHATSOEVER, INCLUDING, BUT NOT LIMITED TO, ANY RIGHT OR CLAIM THAT LESSEE MAY NOW OR HEREAFTER HAVE AGAINST LESSOR, ANY OF LESSOR'S AFFILIATES, ANY ASSIGNEE OF LESSOR, OR THE MANUFACTURER OF THE VEHICLES FOR ANY REASON WHATSOEVER, SPECIFICALLY INCLUDING, WITHOUT LIMITATION, ANY CLAIMS THAT LESSEE MAY HAVE AGAINST LESSOR, ANY OF LESSOR'S AFFILIATES, OR ANY ASSIGNEE OF LESSOR WITH RESPECT TO THE SERVICE AND MAINTENANCE AGREEMENT REFERENCED IN SECTION 7 HEREOF.

4. OPTION UPON EXPIRATION OF INITIAL TERM OF LEASE. Upon expiration of the Initial Term of the Lease, Lessee shall comply with the provisions of Clause A or B below, in either case, as specified in the Summary of Lease Terms.

A. Terminal Rental Adjustment Clause ("TRAC"). Lessee agrees that there shall be an adjustment of the Rent to be paid Lessor under the Lease for the Vehicles. It is presently anticipated that the fair market value of the Vehicles (the "Estimated Fair Market Value") will equal the TRAC Residual set forth in the Summary of the Lease Terms. Upon expiration of the Initial Term, Lessor will attempt to sell the Vehicles. In the event that the Net Proceeds (as defined below) are less than the Estimated Fair Market Value, Lessee shall pay to Lessor the full amount of such shortfall. If the Vehicles have not been sold on the last day of the Initial Term, then the Net Proceeds shall be deemed to be zero and Lessee shall immediately pay to Lessor the TRAC Residual. If the Lessor thereafter shall sell the Vehicles, the Net Proceeds shall be paid by Lessor to Lessee. Any such payment by either Lessee or Lessor shall be deemed to be a Terminal Rental Adjustment with respect to the Vehicles. As used herein, "Net Proceeds" shall mean the proceeds received by Lessor, after deducting (i) all costs and expenses incurred in connection with the recovery, repair, storage, and sale of the Vehicles, including any and all attorneys' fees and legal expenses, (ii) all late charges and all interest accrued at the Default Rate (as hereinafter defined), and (iii) all rent payments and other obligations of Lessee due and unpaid under the Lease as of the date of the sale or disposition. As to each Vehicle, if the Net Proceeds received by Lessor from the sale or other disposition of such Equipment after expiration of the Initial Term are less than the TRAC Residual amount for such Equipment as set forth in the Summary of Lease Terms, then Lessee shall immediately pay to Lessor the amount of such deficiency as additional Rent hereunder. If the Net Proceeds are in excess of the TRAC Residual amount, then 100% of such excess shall be returned to Lessee as a reduction in the Rent for such Vehicle, provided, however, that Lessor shall be entitled to retain all or any portion of such amount to satisfy any of Lessee's obligations under the Lease.

Lessee hereby certifies, under penalty of perjury, that:

- (i) Lessee intends that more than 50% of the use of the Vehicles subject to this TRAC is to be used in a trade or business of the Lessee,
- (ii) Lessee has been advised by tax counsel or other tax advisor, and
- (iii) Lessee understands and agrees that, Lessee will not be treated as the owner of the Vehicles identified above for federal income tax purposes.

B. \$1.00 Buyout. Lessee hereby unconditionally agrees to purchase all, but not less than all, of the Vehicles for \$1.00 upon expiration of the Initial Term of the Lease plus an end of Lease processing fee of \$87.25. Lessee and Lessor agree that Lessee is owner of the Vehicles (notwithstanding Lessor being designated as Owner on the title) and shall pay all license, registration fees, and documentary, sale and use taxes, and personal property taxes and all other taxes, fees and charges relating to the ownership, leasing, rental, sale, purchase, possession or use of the Equipment. YOU DO NOT HAVE THE OPTION TO RETURN THE EQUIPMENT.

With respect to any option upon expiration of the Initial Term of the Lease set forth herein, if written notice of Lessee's intention to exercise such elected option is not received within 30 days of the end of the Term, then, Lessee agrees to pay a daily rental fee equal to 100% of the daily Rent for each day that the Vehicles are retained by Lessee. Upon exercise of the option elected by Lessee and payment in full by Lessee of any related purchase amounts and all Rent, Lessor will execute and deliver to Lessee the title to the Vehicles, and any other documentation necessary to transfer title to Lessee. THIS SALE WILL BE WITHOUT ANY REPRESENTATION OR WARRANTY OF ANY KIND BY LESSOR, WHETHER EXPRESS OR IMPLIED IN FACT

OR LAW and, Lessee will accept the Vehicles "AS IS" and "WHERE IS".

5. TAX INDEMNIFICATION. Except to the extent Section 4B is applicable upon expiration at the Initial Term, it is understood and agreed that Lessor is owner of the Vehicles and that Lessor shall be entitled to such tax benefits that are available as owner of the Vehicles through depreciation of the total capitalized cost of the Equipment thereof for federal income tax purposes. In the event that Lessor suffers any loss, disallowance, unavailability, or recapture of such depreciation for any reason whatsoever, then, after written notice thereof by Lessor to Lessee, Lessee shall pay to Lessor an additional incremental amount payable on each date that the Basic Rent is thereafter due, which in the opinion of Lessor, will cause Lessor's net after-tax annual cash flow and net after-tax rate of return respectively, that would have been available if Lessor had been entitled to full utilization of the depreciation. In the event that any payment is required to be made pursuant to this Section 5, and such payment is to be made on succeeding rent payment dates, but at such time this Lease shall have been terminated or Rent otherwise no longer shall be due and payable on the remaining rent payment dates, Lessee shall promptly pay Lessor any amount equal to the incremental increase in Basic Rent which would have been required if such tax loss had occurred immediately prior to the last rental payment date on or prior to the expiration or other termination of the Lease. Lessor shall promptly notify Lessee of the commencement of any proceeding by the Internal Revenue Service in respect of any item as to which indemnity is sought hereunder. Lessee's agreement to pay any sums which may become payable pursuant to this Section 5 shall survive the expiration or other termination of this Lease.

6. USE OF VEHICLES; LESSEE'S REPRESENTATIONS. Lessee shall use the Vehicles only in its business and in compliance with all laws, rules, and regulations of any jurisdiction where the Vehicles are used or located. Lessee represents and warrants to Lessor at all times that (i) Lessee is duly organized, validly existing and in good standing under the laws of the state of its formation; (ii) Lessee has the right and ability to enter into this Lease and perform all of its obligations under the Lease; (iii) this Lease constitutes a valid, legal, and binding obligation and agreement of Lessee, enforceable against Lessee in accordance with its terms; and (iv) that the entering into and performance of this Lease by Lessee will not result in a breach, violation, or default under any judgment, order, law, regulation, loan, mortgage, agreement, indenture, or other instrument applicable to Lessee, or result in any breach of, or constitute a default under, or result in the creation of any lien, charge, security interest, or other encumbrance upon the Vehicles pursuant to any instrument to which Lessee is a party or by which it is bound; (v) there are no pending or overtly threatened actions or proceedings, which either, individually, or in the aggregate, would materially adversely affect the financial condition of Lessee or Lessee's ability to perform all of its obligations under the

Lease and (vi) Lessee's exact legal name (if Lessee is an individual, the Lessee's legal name is the name exactly as it appears on the Lessee's most recent, unexpired driver's license issued by the state of his/her principal residence) is identified on the first page of the Lease. Lessee shall (i) use and operate the Vehicles in a careful and prudent manner for the purposes and in the manner intended to be used; (ii) shall keep the Vehicles properly housed or otherwise protected from damage; and (iii) shall pay for all maintenance of Vehicles to keep them in good and efficient working order and condition in

accordance with all manufacturer service requirements and warranties during the Term of the Lease, including, but is not limited to, Lessee's supplying all fuel, lubricants, and other parts, supplies, maintenance and services, and/or Lessee, upon Lessor's request, entering into a service and maintenance agreement with Lessor or an affiliate of Lessor upon such terms and conditions provided by Lessor. After notice to Lessor, Lessee may, at its own expense, make alterations or add attachments to the Vehicles, provided that such alterations or attachments are removable and do not reduce the value, utility or useful life of the Vehicles. Upon the expiration or termination of the Lease, all alterations or attachments affixed to the Vehicles shall become the property of Lessor if not removed, and if Lessee does remove such attachments, Lessee shall be liable to Lessor for any damage to the Vehicles as the result of such removal. In the event that any federal, state, or local law, ordinance, rule or regulation shall require the installation of any additional accessories to any of the Vehicles, including, but not limited to, anti-pollution and/or safety devices, or in the event that any other modifications to the Vehicles shall be required by virtue of such law, ordinance, rule or regulation, then and in any of such events, Lessee shall pay the full cost thereof, including installation expenses. Lessor may, at its option, arrange for the installation of such additional accessories or the performance of such modifications, and Lessee agrees to pay the full cost thereof immediately upon receipt of an invoice for the same.

7. **SURRENDER.** Upon either the (i) failure by Lessee to exercise any purchase option for any Vehicle set forth herein, or (ii) upon demand by Lessor made pursuant to an Event of Default (as set forth in Section 19 hereof), Lessee shall, at its own expense, return such Vehicle to Lessor to such location within the continental United States as Lessor shall designate, in the same condition as when delivered, reasonable wear and tear excepted and otherwise in the condition required by this Lease. Upon return of the Vehicles, Lessor, or such entity designated by Lessor, shall perform a physical and mechanical inspection of the Vehicles. Lessee shall be responsible for the payment of any and all costs associated with the inspection, and for any and all repairs necessary to place the Vehicles in the same condition as when delivered, reasonable wear and tear expected and otherwise in the condition required by this Lease.

8. **PAINTING.** Lessee may paint the Vehicles in Lessee's customary manner and affix advertising or identifying insignia, provided that, upon the expiration or termination of this Lease, and in the event that Lessee does not purchase the Vehicles pursuant to Section 4.B hereof, Lessee shall, upon the request of Lessor and at Lessee's expense, restore the Vehicles to original condition, ordinary wear and tear excepted and must be free of decals or related markings.

9. **WARRANTIES.** LESSEE ACKNOWLEDGES AND AGREES THAT LESSOR HAS NOT MADE, AND SHALL NOT BE DEEMED TO HAVE MADE, ANY EXPRESS OR IMPLIED WARRANTY AS TO MERCHANTABILITY, FITNESS FOR ANY PURPOSE OR USE, DESIGN OR CONDITION OF VEHICLES, QUALITY OF MATERIAL OR WORKMANSHIP, OR AS TO ANY OTHER MATTER WHATSOEVER RELATING TO THE VEHICLES, AND LESSOR SHALL NOT BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE VEHICLES, OR ANY INADEQUACY, DEFICIENCY, OR DEFECT IN THE VEHICLES. LESSEE AGREES THAT LESSEE

LEASES THE VEHICLES "AS IS". Lessor agrees, to the extent possible and without increasing its liability hereunder, and upon request, to assign to Lessee, any warranty of a manufacturer or seller relating to the Vehicles available to Lessor, provided, however, that the foregoing rights shall automatically revert to Lessor upon the occurrence and during the continuance of any Event of Default hereunder, or upon return of the Vehicles to Lessor. Lessee agrees to settle all claims with respect to the Vehicles directly with the manufacturers thereof, and to give Lessor prompt notice of any such settlement and the details of such settlement

10. **TITLE AND INSPECTION.** Lessee, at its expense, shall protect and defend Lessor's title and keep it free of all claims and liens except those claims and liens created by Lessor in connection with any assignment or financing by Lessor. Lessor may inspect the Vehicles at any time without prior notice during regular business hours. If, at any time during the Term of this Lease, Lessor supplies Lessee with labels, plates or other markings stating that the Vehicles are owned by Lessor, Lessee shall affix and keep the same in a prominent place on the Vehicles.

11. **LICENSES.** Lessee shall at its expense obtain a certificate of title for each Vehicle or if Lessor elects to obtain such certificate of title, Lessee shall pay Lessor a titling fee as established by Lessor and shall also obtain all necessary licenses (including motor Vehicle plates) and registrations, required for the use and operation of each Vehicle. All certificates of title or registration of each Vehicle shall name Lessor or its assignee, including but not limited to Element Transportation Asset Trust, as the owner thereof.

12. **INTERESTS IN VEHICLES.** Lessee's rights with respect to this Lease and any Vehicles leased hereunder will be subject to any rights and interest in and to said Vehicles which may be granted by Lessor (or Lessor's affiliates) to any assignee or lender of Lessor (or Lessor's affiliates). Lessor may assign to a lender or any other assignee all or any part of Lessor's rights hereunder, including a security interest in the Vehicles and the right to receive rents and other sums due hereunder. Upon notice of such assignment in writing by a lender, assignee and/or Lessor, Lessee shall pay all rents and other sums due or to become due under this Lease directly to such lender or assignee without set off, counterclaim, or any defense whatsoever.

13. **TAXES.** Lessee shall pay all personal property, sales or use taxes, business licenses, assessments, penalties, and charges which may be levied or asserted with respect to the Vehicles (except income taxes levied on lease payments to Lessor). In the event that any such taxes, licenses, assessments, penalties, or charges are paid by Lessor, Lessee shall reimburse and pay Lessor immediately after Lessor notifies Lessee in writing of the amount of such taxes, licenses, assessments, penalties, charges or expenses paid by Lessor, as well as an administrative fee. Increases or decreases in sales or use tax rates will affect all lease payments after the effective date of the change by the taxing authority. Lessee shall indemnify and hold Lessor harmless from and against any loss, cost or expense arising out of or relating to any such tax, import or levy, including, without limitation, any penalties, interest and fines relating thereto.

14. **FINES.** Lessee shall pay all fines due to overload, over length, overweight, lack of plates or permits, speeding and any other charges which may be imposed or assessed in respect to the Vehicles and/or Lessee's use thereof. The provisions of this Section 14 shall survive the expiration or other termination of this Lease.

15. **LOSS OR DAMAGE.** Lessee shall bear the entire risk of loss, theft, destruction of or damage to any Vehicle from any cause whatsoever ("Loss or Damage"). Lessee shall promptly notify Lessor in writing of any Loss or Damage. No Loss or Damage to any Vehicles shall relieve Lessee of any obligation with respect to such Vehicle under this Lease. In the event of Loss or Damage, Lessee shall, at the option of Lessor: (a) put such Vehicle in good condition and repair in accordance with the manufacturer's recommendations, and to the reasonable satisfaction of Lessor, at Lessee's expense;

(b) replace such Vehicle with a like Vehicle (same value, utility and useful life as damaged Vehicle) in good condition and repair as approved by Lessor in Lessor's sole discretion with clear title thereto vested in Lessor; or (c) pay Lessor on or before the next rent payment date as set forth in accordance with Section 3 hereof (such payment date, the "Loss Payment Date") in cash the sum of: (i) all amounts then due Lessor by Lessee under the Lease relating to such Vehicle, which amounts shall be prorated through the Loss Payment Date, plus (ii) an amount equal to the present value of the TRAC Residual, if any, relating to such Vehicle (as set forth in the Summary of Lease Terms), discounted at 3.0% computed from the expiration of the Initial Term of the Lease to the Loss Payment Date, plus (iii) an amount equal to the present value of the unpaid future remaining Rents for the Initial Term of the Lease, relating to such Vehicle discounted at 3.0% computed

from the scheduled payment dates for such Rents to the Loss Payment Date (the "Casualty Value Amount"). Upon receipt of the Casualty Value Amount set forth in (c) above, Lessor shall assign to Lessee (or Lessee's insurer) Lessor's interest in such Vehicle in its then condition and location, "AS IS" without any warranty whatsoever, express or implied. If Lessee is required to repair any Vehicle in accordance with (a) above, or to replace any Vehicle in accordance with (b) above, the insurance proceeds actually received by Lessor, if any, pursuant to Section 16 hereof shall be first applied to pay any amounts then due under this Agreement, and then shall be paid to Lessee upon proof satisfactory to Lessor that such repairs have been completed as required herein (in the case of (a)), or of adequate purchase and title documents in Lessor's sole discretion (in the case of (b)). In the event that Lessee is obligated to pay to Lessor the amount specified in (c) above, Lessee shall be entitled to a credit against such amount equal to the amount of insurance proceeds actually received by Lessor, if any, pursuant to Section 16 hereof, on account of such Vehicle.

16. INSURANCE. Lessee shall obtain and maintain insurance on or with respect to each Vehicle at your own expense and in the amounts and forms satisfactory to Lessor. In no event shall any insurance coverage be less than the following:

(a) Physical damage insurance insuring against loss or damage to the Vehicles in an amount not less than the full replacement value of such Vehicle; and

(b) (i) in all States except Florida: (1) not greater than \$500 deductible for collision, fire, theft, and comprehensive, and (2) \$1,000,000 combined single limit for bodily injury liability and property damage; or

(b) (ii) for the State of Florida: (1) not greater than \$500 deductible for collision, fire, theft, and comprehensive, and (2) \$250,000 per person / \$1,000,000 per incident bodily injury liability, and (3) \$100,000 property damage liability.

In addition, the following require \$1,000,000 excess liability coverage (umbrella): (a) truck/tractors over 45,000 lbs.; (b) trailers/semi-trailers; tow trucks; and (c) limo uses for livery. Lessee shall furnish Lessor with a certificate of insurance evidencing issuance of such insurance to Lessee in at least the minimum amount required herein, naming Lessor and such other parties designated by Lessor as additional insured thereunder for liability coverage, and as loss payee for property damage coverage. Each policy shall require insurer to give Lessor 30 day's prior written notice of any material alteration in terms of policy or cancellation thereof, and shall provide that no action, misrepresentation or breach of warranty of Lessee shall invalidate the policy. If Lessee fails to provide such insurance, Lessor shall have the right, but no duty, to obtain such insurance and Lessee shall pay Lessor all costs thereof, including all costs incurred by Lessor in obtaining such insurance together with interest at the Default Rate from the date paid by Lessor to the date paid in full by Lessee. Lessee shall not use any Vehicle if the insurance required herein is not in full force and effect with respect to such Vehicle. Upon Loss or Damage as set forth in Section 15 hereof, Lessee shall receive credit for any amounts paid to Lessor by the insurer against Lessee's obligations hereunder.

17. INDEMNITY. Lessee shall indemnify Lessor against, and hold Lessor harmless from, any and all claims, actions, damages, obligations, liabilities, liens (including any arising or imposed under the doctrines or strict liability in tort or product liability), and costs and expenses (including attorneys' fees), arising from or out of the manufacture, purchase, lease, possession, operation, condition, return, or use of the Vehicles, or by operation of law, excluding however any of foregoing resulting solely from the gross negligence or willful misconduct of Lessor. Lessee agrees that upon written notice by Lessor of assertion of any such claim, action, damage, obligation, liability, or lien, Lessee, at Lessee's expense shall assume full responsibility for the defense thereof, provided that Lessor shall have the right, but not the obligation, to participate in any defense conducted by Lessee without relieving Lessee of any of its obligations hereunder. The provisions of this Section 17 shall survive termination of this Lease.

18. ASSIGNMENT. Except as otherwise permitted herein, without Lessor's prior written consent, Lessee shall not assign, transfer, pledge, hypothecate or otherwise dispose of this Lease, the Vehicles or any interest therein, or sublet or lend the Vehicles, or permit the Vehicles to be used by anyone except Lessee or Lessee's authorized employees. Lessor may assign this Lease or any interest therein in whole or part without notice to Lessee.

19. DEFAULT. Lessee shall be in default of this Lease upon the happening of any of the following events or conditions which shall constitute "Events of Default": (a) Lessee fails to pay any Rent or other amount when due; (b) Lessee fails to observe, keep or perform any other covenant or provision of this Lease required to be observed, kept, or performed, by Lessee; (c) Lessee removes, sells, transfers, encumbers, creates a security interest in, relinquishes possession of the Vehicles, or performs any act which impairs Lessor's title to any Vehicle or attempts any of the foregoing; (d) Lessee makes a misrepresentation to Lessor of any matter or covenant connected with this Lease; (e) Lessee fails to satisfy any traffic ticket or summons or fails to register any Vehicle; (f) Lessee or a guarantor dies (if an individual), becomes insolvent, bankrupt or has a trustee or receiver appointed for Lessee or for a substantial part of Lessee's property; (g) Lessee experiences a material change in its business or affairs (including termination of Lessee's employment or termination of the contract under which Lessee provides services or a change in the control or ownership of Lessee or Lessee's employer or the party with which Lessee contracts to provide services) which in Lessor's sole judgment impairs the security of any Vehicle or increases the credit risk involved therein; (h) Lessee attempts to assign this Lease without the consent of Lessor; or (i) Lessee fails to notify Lessor of any material change in its business and affairs, including a change in the ownership or control of Lessee. Lessee hereby irrevocably appoints and constitutes Lessor and its successors and assigns, the true and lawful attorney-in-fact of Lessee, with full power in the name of Lessee upon the occurrence of an Event of Default,

(i) to demand and receive any and all moneys and claims for moneys due in respect of or relating to the Equipment, (ii) to assign or transfer any of Lessee's rights under this Lease or in the Equipment (including assigning the rights of Lessee to any replacement lessee hereunder and/or causing any other person to become the registered owner of the Equipment) and (iii) to take any other action in respect of this Lease or any of the Equipment. Lessee ratifies and approves all acts of Lessor, as attorney-in-fact. Lessor, as attorney-in-fact will not be liable for any acts or omissions or errors of judgment or mistake of fact or law. This power, being coupled with an interest, is irrevocable until all obligations under this Lease have been fully satisfied.

20. REMEDIES. Upon the occurrence of any Event of Default, Lessor may declare this Lease to be in default, and at any time thereafter, Lessor, at its option, may do any one or more of the following: (a) cancel this Lease; (b) proceed by appropriate action to enforce performance of the Lease at Lessee's expense or to recover damages (including attorneys' fees) for the breach thereof; (c) demand that Lessee, and in such case the Lessee shall, return all or any part of the Vehicles promptly in the manner required by and in accordance with Section 7 hereof; (d) enter, with or without legal process, Lessee's premises or any other premises where the Vehicles are located, and take possession of all or any part of the Vehicles without any liability to Lessee by reason of such entry; (e) sell, lease, or otherwise dispose of all or any part of the Vehicles at a public or private sale, which may be conducted where such Vehicles are then located and Lessor may also advertise and sell repossessed Vehicles through internet websites through which vehicles similar to the Vehicles are sold and such disposition shall be deemed in conformity with reasonable commercial practice among dealers of the type of vehicles that were the subject of the disposition; (f) demand that Lessee, and in such case Lessee shall, pay to Lessor as liquidated damages for loss of a bargain and not as a penalty an amount equal to the sum of (i) all amounts due and unpaid under the Lease (including without limitation any indemnity obligations) plus interest thereon from the due date thereof until paid at a per annum interest rate equal to 18%, but in no event more than the maximum rate permitted by law (the "Default Rate"), plus (ii) the present value of all future Rent payments for such Vehicles, discounted at 3.0%, plus (iii) the present value of the TRAC Residual, if any, discounted at 3.0%, plus (iv) all costs and expenses incurred by Lessor in enforcing Lessor's rights hereunder (including, without limitation, all costs of repossession, recovery, storage, repair, sale, re-lease, and attorneys' fees), together with interest thereon at the Default Rate from the date of demand to the date of payment in full (the "Liquidated

Damages”), or (g) exercise any other right or remedy which may be available to Lessor under the Uniform Commercial Code or any other applicable law. The proceeds of any sale or lease of the Vehicles by Lessor shall be applied in the following order of priority: (1) to pay all of Lessor’s expenses in taking, holding, preparing for sale or lease, and disposing of the Vehicles, including all attorneys’ fees and legal expenses, then (2) to pay any late charges and all interest accrued at the Default Rate; then (3) to pay accrued but unpaid Rent payments, then (4) to pay any other unpaid sums due under this Lease including Liquidated Damages. If the proceeds of any sale or lease are not sufficient to pay the amounts owed to Lessor under this Lease, Lessee will pay the deficiency. Lessor may also, without liability, take any personal property stored within the Vehicles and may store any such property at Lessee’s expense for 30 days. Lessee will be obligated to reclaim such property within 30 days and hereby waives any rights in such property thereafter. Any unclaimed property will be deemed abandoned after 30 days and will be discarded by Lessor. Lessor’s remedies hereunder shall be cumulative. Any security deposit paid by Lessee to Lessor in connection with this Lease shall be forfeited by Lessee upon the happening of any Event of Default, and shall be applied to Lessee’s obligations under this Lease pursuant to this Section 20. Lessor’s remedies hereunder may be exercised instead of or in addition to any other legal or equitable remedies. Lessor has the right to set off any sums received from any source (including insurance proceeds) against Lessee’s obligations under this Lease. Lessee waives its right to object to the notice of the time or place of sale or lease, and to the manner and place of any advertising therefore. Lessee waives any defense based on statutes of limitations or laches in actions for damages. In case of failure by Lessee to pay any fees, assessments, charges, or taxes arising with respect to the Vehicles, Lessor shall

have the right, but not the obligation to pay such amounts, and in that event, the cost thereof shall be payable by Lessee to Lessor upon demand, together with interest at the Default Rate from the date of disbursement by Lessor.

21. **SECURITY DEPOSIT.** The Security Deposit shall be held by Lessor during the entire Term of the Lease, including the Interim Term and any renewal term, as security for the full payment and performance of the terms, conditions and obligations of Lessee hereunder and under any and all Schedules. The Security Deposit shall not excuse the performance at the time and in the manner prescribed or any obligation of Lessee or cure a default of Lessee. Lessor may, but shall not be required to, apply such Security Deposit towards discharge of any overdue obligation of Lessee. Lessor shall be entitled to commingle the Security Deposit with any of its own funds. No interest shall accrue on the Security Deposit and Lessor shall have no liability to account to Lessee for any interest. If Lessor shall apply any of the Security Deposit towards any obligations of Lessee under the Lease, Lessee shall, upon demand, pay to Lessor an amount necessary to return the Security Deposit to the sum specified above. In furtherance thereof, Lessee hereby grants to Lessor a security interest in the cash comprising the Security Deposit from time to time and any and all interest thereon, together with the proceeds thereof, to secure the prompt payment as and when due of all indebtedness, and the prompt performance as and when due of all obligations, of Lessee now or hereafter required under the Lease. If no Default has then occurred, upon the expiration or earlier termination of the Term of the Lease, the balance of the Security Deposit then held by Lessor shall promptly be paid to Lessee.

22. **SEVERABILITY.** The invalidation of any provision or provisions of this Lease as unenforceable shall not operate to invalidate the remainder of the Lease which shall remain in full force and effect.

23. **NOTICES.** All notices relating to this Lease shall be in writing (including without limitation, facsimile or other electronic transmission, receipt confirmed) delivered in person to an officer of Lessor or Lessee or mailed or faxed to the respective addresses shown above on the first page of this Lease, or to such address as otherwise specified in writing by the appropriate party hereto.

24. **WAIVER.** Lessor’s forbearance of exercise of any right or remedy on Lessee’s breach of any terms, covenants or conditions hereunder shall not be deemed a waiver of such right or remedy, the requirement of punctual performance, or any of its remedies upon any other or subsequent breach or default.

25. **GOVERNING LAW.** This Lease takes effect upon its acceptance and execution by Lessor, and shall be governed, interpreted and construed under the laws of the Commonwealth of Pennsylvania. Pennsylvania law shall prevail in the event of any conflict of law without regard to, and without giving effect to, the application of choice of law rules. LESSEE WAIVES ALL RIGHTS TO TRIAL BY JURY IN ANY LITIGATION ARISING FROM OR RELATED TO THIS LEASE, AND LESSEE SUBMITS TO THE JURISDICTION OF THE FEDERAL DISTRICT COURT FOR THE EASTERN DISTRICT OF PENNSYLVANIA, OR ANY STATE COURT OF COMPETENT JURISDICTION WITHIN MONTGOMERY COUNTY, PENNSYLVANIA, AND WAIVES ANY RIGHT TO ASSERT THAT ANY ACTION INSTITUTED BY LESSOR IN ANY SUCH COURT IS IN THE IMPROPER VENUE OR SHOULD BE TRANSFERRED TO A MORE CONVENIENT FORUM.

26. **WAIVER OF DAMAGES.** Lessee waives, to the fullest extent permitted by law, any right to or claims of any punitive, exemplary, indirect, special, consequential, or incidental damages against Lessor. Lessee agrees that, in the event of a dispute, claim or controversy against Lessor, Lessee shall be limited to the recovery of actual direct damages sustained by it, subject to any limit on direct damages set forth in this Lease. Lessee will not accept or attempt to collect through the courts or otherwise any punitive, exemplary, indirect, consequential, or incidental damages from Lessor.

27. **SUCCESSORS AND ASSIGNS.** This Lease shall be binding on and inure to the benefit of Lessor and Lessee and their respective successors and assigns permitted hereunder.

28. **FORCE MAJEURE.** The obligations of Lessor hereunder shall be suspended to the extent that it is hindered or prevented from complying therewith because of labor disturbances, acts of God, fires, storms, accidents, failure of the manufacturer to deliver any of the Vehicles, court order, governmental regulations, or other interference or any cause whatsoever not within the sole control of Lessor.

29. **YOUR PROMISES.** In addition to the other provisions of this Lease, you agree that during the term of this Lease (a) you will promptly notify us in writing if you move your principal place of business, if you change the name of your business, or if there is a change in your ownership, and (b) you will provide to us such financial information as we may reasonably request from time-to-time.

IN WITNESS WHEREOF, the parties hereto have entered into this Lease Agreement as of the date first above written.

**ADDENDUM TO THE FRANCHISE DISCLOSURE DOCUMENT PURSUANT TO
THE CALIFORNIA FRANCHISE INVESTMENT LAW**

THE CALIFORNIA FRANCHISE INVESTMENT LAW REQUIRES THAT A COPY OF ALL PROPOSED AGREEMENTS RELATING TO THE SALE OF THE FRANCHISE BE DELIVERED TOGETHER WITH THE FRANCHISE DISCLOSURE DOCUMENT.

California Business and Professions Code Sections 20000 through 20043 provide rights to the franchisee concerning termination or nonrenewal of a franchise. If the franchise agreement contains a provision that is inconsistent with the law, the law will control.

The Distribution (Franchise) Agreement requires application of the laws of Pennsylvania. This provision may not be enforceable under California law.

Section 31125 of the Franchise Investment Law requires us to give to you a disclosure document approved by the Commissioner of Corporations before we ask you to consider a material modification of your Distribution (Franchise) Agreement.

You must sign a general release of claims if you renew or transfer your franchise. California Corporations Code Section 31512 voids a waiver of your rights under the Franchise Investment Law (California Corporations Code Sections 31000 through 31516). Business and Professions Code Section 20010 voids a waiver of your rights under the Franchise Relations Act (Business and Professions Code Sections 20000 through 20043).

Neither the Franchisor nor any person listed in Item 2 of this franchise disclosure document is subject to any currently effective order of any national securities association or national securities exchange, as defined in the Securities Exchange Act of 1934, 15 U.S.C.A. 78a et seq., suspending or expelling such persons from membership in that association or exchange.

The Distribution (Franchise) Agreement requires that all disagreements be resolved by binding arbitration and (with certain exceptions to be resolved by litigation as set forth in such agreement). The arbitration will occur at a location in or near the county in which you operate under the Distribution (Franchise) Agreement. All disputes that are not subject to mandatory binding arbitration may be brought in any state or federal court with jurisdiction over you and us. This provision may not be enforceable under California law.

OUR WEBSITE IS <http://bbuio.com/>. OUR WEBSITE HAS NOT BEEN REVIEWED OR APPROVED BY THE CALIFORNIA DEPARTMENT OF CORPORATIONS. ANY COMPLAINTS CONCERNING THE CONTENT OF THIS WEBSITE MAY BE DIRECTED TO THE CALIFORNIA DEPARTMENT OF CORPORATIONS AT WWW.CORP.CA.GOV.

Corporations Code Section 31512 provides that “Any condition, stipulation or provision purporting to bind any person acquiring any franchise to waive compliance with any provision of this law or any rule or order is void.”

**ADDENDUM TO THE FRANCHISE DISCLOSURE DOCUMENT PURSUANT TO THE
ILLINOIS FRANCHISE DISCLOSURE ACT**

Notwithstanding anything to the contrary in the Franchise Disclosure Document, the following provisions shall supersede and apply to all franchises offered and sold in the State of Illinois:

1. Item 17 of the Franchise Disclosure Document is amended by the addition of the following language at the beginning of that Item:

“Notice Required By Law

THE TERMS AND CONDITIONS UNDER WHICH YOUR FRANCHISE CAN BE TERMINATED AND YOUR RIGHTS UPON NON RENEWAL MAY BE AFFECTED BY ILLINOIS LAW, 815 ILCS 705/19 - 705/20.”

2. The provisions of the Illinois Franchise Disclosure Act of 1987 (the “Act”) shall supersede any provisions of the Distribution (Franchise) Agreement which are in conflict with the Act.
3. Nothing in Section 13.3 of the Distribution (Franchise) Agreement waives any rights you may have under Section 41 of the Illinois Franchise Disclosure Act of 1987.
4. In the past 10 years, we and/or our affiliate are, or have been, involved in a total of ~~66~~⁶³ actions which applicable law require us to disclose in Item 3 of the Franchise Disclosure Document. Some of these actions are pending and some actions involve alleged violations of state relationship laws. You should review Item 3.
5. The Franchise Disclosure Document describes different repurchase options which we retain. Whether you buy the Distribution Rights directly from us or buy them from another distributor in a transfer transaction, we retain the right at any time, pursuant to a Buy Back Agreement, to purchase your Distribution Rights for the fair market value of the Distribution Rights at the time we exercise our purchase option. This is further detailed in Item 1 and Item 5. This repurchase option may not be enforceable under Illinois law. We may exercise each option to the extent that the option is enforceable under Illinois law.

**ADDENDUM TO THE FRANCHISE DISCLOSURE DOCUMENT PURSUANT TO THE
INDIANA FRANCHISE PRACTICES ACT**

Notwithstanding anything to the contrary in the Franchise Disclosure Document, the following provisions shall supersede and apply to all franchises offered and sold in the State of Indiana:

Indiana law prohibits requiring you to prospectively agree to a release or waiver which purports to relieve any person from liability imposed by the Indiana Franchise Practices Act (IC 23-2-2.7(5)). The Franchise (Distribution) Agreement shall be deemed amended to the extent necessary to comply with IC 23-2- 2.7(5).

Indiana law limits the parties agreement to resolve disputes in any jurisdiction outside of Indiana (IC 23- 2-2.7(10)). Subject to the Federal Arbitration Act, the Franchise (Distribution) Agreement shall be deemed amended and the forum for any court proceedings shall be in Indiana.

**ADDENDUM TO THE FRANCHISE DISCLOSURE DOCUMENT
FOR THE STATE OF MARYLAND**

1. Item 17, under the Summary column of parts (c) and (m), are amended to include the following paragraph:

The Code of Maryland Regulations states that a general release required as a condition of renewal, sale and/or assignment/transfer will not apply to any liability under the Maryland Franchise Registration and Disclosure Law. Accordingly, the general release required as a condition of renewal, sale and/or assignment/transfer will not apply to any liability under the Maryland Franchise Registration and Disclosure Law.

2. Item 17, under the Summary column of part (h), is amended to include the following sentence:

A provision in the Distribution (Franchise) Agreement that provides for termination on your bankruptcy may not be enforceable under federal bankruptcy law (11 U.S.C. Section 101 et seq.).

3. Item 17, under the Summary column of part (v), is modified to include the words “, except you may sue in Maryland for any claims arising under the Maryland Franchise Registration and Disclosure Law.”

4. Item 17 is amended to state that any claims arising under the Maryland Franchise Registration and Disclosure Law must be brought within 3 years after the grant of the franchise.

5. No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.

**ADDENDUM TO THE FRANCHISE DISCLOSURE DOCUMENT
FOR THE STATE OF MINNESOTA**

1. The following is added to the State Cover Page and Item 17 of this Disclosure

Document: ADDITIONAL RISK FACTOR:

~~Minnesota Statute 80C.21 and Minnesota Rule 2860.4400(J) prohibit the franchisor from requiring litigation to be conducted outside Minnesota, requiring waiver of a jury trial, or requiring the franchisee to consent to liquidated damages, termination penalties or judgment notes. In addition, nothing in the Franchise Disclosure Document or agreement(s) can abrogate or reduce (1) any of the franchisee's rights as provided for in Minnesota Statute 80C or (2) franchisee's rights to any procedure, forum, or remedies provided for by the laws of the jurisdiction.~~

MINN. STAT. § 80C.21 AND MINN. RULE 2860.4400J PROHIBIT US FROM REQUIRING LITIGATION TO BE CONDUCTED OUTSIDE MINNESOTA. IN ADDITION, NOTHING IN THE DISCLOSURE DOCUMENT OR DISTRIBUTION AGREEMENT CAN ABROGATE OR REDUCE ANY OF YOUR RIGHTS AS PROVIDED FOR IN MINNESOTA STATUTES, CHAPTER 80C, OR YOUR RIGHTS TO ANY PROCEDURE, FORUM OR REMEDIES PROVIDED FOR BY THE LAWS OF THE JURISDICTION.

2. The following is added to Item 13 of this Disclosure Document:

~~Minnesota considers it unfair to not protect the franchisee's right to use the trademarks. Refer to Minnesota Statute 80C.12 Subd. 1(G). The franchisor will protect the franchisee's rights to use the trademarks, service marks, trade names, logotypes, or other commercial symbols or indemnify the franchisee from any loss, costs, or expenses arising out of any claim, suit, or demand regarding the use of the name.~~

We will protect your right to use the Marks or indemnify you from any loss, costs or expenses arising out of any claim, suit or demand regarding your use of the Marks.

Minnesota considers it unfair for us not to protect your right to use the Marks. See Minn. Stat. Sec. 12. Subd. 1(g).

3. The following is added to Item 17 of this Disclosure Document:

With respect to franchises governed by Minnesota law, ~~the franchisor~~we will comply with ~~Minnesota Statute~~Minn. Stat. § Sec. 80C.14 Subd. 3-5, Subds. 3, 4 and 5 which require ~~(, except in certain specified cases), that a franchisee~~you be given 90 days notice of termination (with 60 days to cure) and 180 days for notice for non-renewal of the ~~franchise agreement and that consent to the transfer of the franchise will not be unreasonably withheld~~Distribution Agreement.

~~Minnesota Rules 2860.4400(D)~~Minn. Rule 2860.4400D prohibits ~~a franchisor~~us from requiring ~~a franchisee~~you to ~~assent~~consent to a general release.

~~The franchisee cannot consent to the franchisor obtaining injunctive relief. The franchisor may seek injunctive relief. See Minnesota Rule 2860.4400(J) also, a court will determine if a bond is required. The Limitations of Claims section must comply with Minnesota Statute 80C.17 Subd. 5. NSF checks are governed by Minnesota Statute 60A.113, which puts a cap of \$30 on service charges.~~

4. No statement, questionnaire, or acknowledgement signed or agreed to by a franchisee in

connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including, fraud in the inducement, or (ii)

disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed with the franchise.

**ADDENDUM TO THE FRANCHISE DISCLOSURE DOCUMENT
FOR THE STATE OF NEW YORK**

1. Item 3 of the Disclosure Document is supplemented by the following

language: Except as described in Item 3:

Neither we nor any of our affiliates, predecessors, officers or general partners nor any person identified in Item 2 above, has pending any administrative, criminal or material civil action (or a significant number of civil actions irrespective of materiality) alleging a violation of any franchise law, securities law, fraud, embezzlement, fraudulent conversion, restraint of trade, unfair or deceptive practices, misappropriation of property or comparable allegations.

Neither we nor any of our affiliates, predecessors, officers or general partners nor any person identified in Item 2 above, has been convicted of a felony or pleaded nolo contendere to a felony charge or, within the ten-year period immediately preceding the date of this Disclosure Document, has been convicted of a misdemeanor or pleaded nolo contendere to a misdemeanor charge or been held liable in a civil action by final judgment or been the subject of a material complaint or other legal proceeding if such misdemeanor conviction or charge or civil action, complaint or other legal proceeding involved a violation of any franchise law, securities law, fraud, embezzlement, fraudulent conversion, restraint of trade, unfair or deceptive practices, misappropriation of property or comparable allegations.

Neither we nor any of our affiliates, predecessors, officers or general partners nor any person identified in Item 2 above, is subject to any injunctive or restrictive order or decree relating to franchises or under any Federal, State or Canadian franchise, securities, antitrust, trade regulation or trade practice law as a result of a concluded or pending action or proceeding brought by a public agency, is subject to any currently effective order of any national securities association or national securities exchange, as defined in the Securities and Exchange Act of 1934, suspending or expelling such person from membership in such association or exchange; or is subject to a currently effective injunctive or restrictive order relating to any other business activity as a result of an action brought by a public agency or department, including, without limitation, actions affecting a license as a real estate broker or sales agent.

2. Item 4 of the Disclosure Document is supplemented by the following

language: Except as described in Item 4:

Neither we, nor any of our affiliates, predecessors, officers, or general partners have within the 10- year period immediately before the date of this Disclosure Document: (a) filed as a debtor (or had filed against it) a petition to start an action under U.S. Bankruptcy Code; (b) obtained a discharge of its debts under the U.S. Bankruptcy Code; (c) or was a principal officer of a company or general partner in a partnership that either filed as a debtor (or that had filed against it) a petition to start an action under U.S. Bankruptcy Code or that obtained a discharge of its debts under the U.S. Bankruptcy Code during or within 1 year after the officer or general partner held the position with the company or partnership.

3. Item 17, "Renewal, Termination, Transfer and Dispute Resolution", shall be supplemented under the categories entitled "Termination by Franchisee" and "Assignment of Contract by [Franchisor]" respectively, by the following language which shall be deemed an integral part thereof:

Any general release required under the Distribution Agreement shall be limited by the following, "all rights arising in your favor from the provisions of Article 33 of the GBL of the State of New

York and regulations issued thereunder shall remain in force; it being the intent of this proviso that the non-waiver provisions of GBL, Sections 687.4 and 687.5 be satisfied.”

Although the Distribution (Franchise) Agreement does not contain any provision permitting you to terminate the Agreement, you have whatever rights you may have under applicable law to terminate the Distribution Agreement.

No assignment will be made except to an Assignee who, in our opinion, is willing and able to assume our obligations under the Distribution Agreement.

The Distribution (Franchise) Agreement requires the application of Pennsylvania Law; however, the choice of law provision should not be considered a waiver of any right conferred on the franchisee by the General Business Law of the State of New York, Art. 33.

4. As to any state law described in this Addendum that declares void or unenforceable any provision contained in the Distribution Agreement, we reserve the right to challenge the enforceability of the state law by, among other things, bringing an appropriate legal action or by raising the claim in a legal action or arbitration that you have initiated.

**ADDENDUM TO THE FRANCHISE DISCLOSURE DOCUMENT
FOR THE STATE OF NORTH DAKOTA**

Notwithstanding anything to the contrary in the Franchise Disclosure Document and/or the Distribution (Franchise Agreement), the following provisions shall supersede and apply to all franchises offered and sold in the State of North Dakota.

Sections of the Distribution (Franchise) Agreement requiring that you sign a general release, estoppel or waiver as a condition of renewal and/or assignment may not be enforceable as they relate to releases of the North Dakota Franchise Investment Law.

Sections of the Distribution (Franchise) Agreement requiring resolution of disputes to be outside North Dakota may not be enforceable under Section 51-19-09 of the North Dakota Franchise Investment Law, and are amended accordingly to the extent required by law.

Sections of the Franchise Disclosure Document and Franchise Agreement relating to choice of law may not be enforceable under Section 51-19-09 of the North Dakota Franchise Investment Law, and are amended accordingly to the extent required by law.

Sections of the Franchise Disclosure Document and Franchise Agreement requiring you to consent to liquidated damages and/or termination penalties may not be enforceable under Section 51-19-09 of the North Dakota Franchise Investment Law, and are amended accordingly to the extent required by law.

Sections of the Franchise Disclosure Document and Franchise Agreement requiring you to consent to a waiver of trial by jury may not be enforceable under Section 51-19-09 of the North Dakota Franchise Investment Law, and are amended accordingly to the extent required by law.

Sections of the Franchise Disclosure Document and Franchise Agreement requiring you to consent to a waiver of exemplary and punitive damages may not be enforceable under Section 51-19-09 of the North Dakota Franchise Investment Law, and are amended accordingly to the extent required by law.

**ADDENDUM TO THE FRANCHISE DISCLOSURE DOCUMENT
FOR THE STATE OF RHODE ISLAND**

Notwithstanding anything to the contrary in the Franchise Disclosure Document and/or the Distribution (Franchise Agreement), the following provisions shall supersede and apply to all franchises offered and sold in the State of Rhode Island.

§ 19-28.1-14 of the Rhode Island Franchise Investment Act provides that “A provision in a franchise agreement restricting jurisdiction or venue to a forum outside this state or requiring the application of the laws of another state is void with respect to a claim otherwise enforceable under this Act.”

The Franchise Disclosure Document and Franchise Agreement are amended accordingly to the extent required by law. The above language has been included in this Franchise Disclosure Document as a condition to registration. The Franchisor and the Franchisee do not agree with the above language and believe that each of the provisions of the Franchise Agreement, including all choice of law provisions, are fully enforceable. The Franchisor and the Franchisee intend to fully enforce all of the provisions of the Franchise Agreement and all other documents signed by them, including but not limited to, all venue, choice-of-law, arbitration provisions and other dispute avoidance and resolution provisions and to rely on federal pre-emption under the Federal Arbitration Act.

**ADDENDUM TO THE FRANCHISE DISCLOSURE DOCUMENT PURSUANT TO THE
VIRGINIA RETAIL FRANCHISING ACT**

Notwithstanding anything to the contrary in the Franchise Disclosure Document, the following provisions shall supersede and apply to all franchises offered and sold in the State of Virginia.

The following paragraph is added at the end of Item 17:

“Virginia has a statute which may supersede the Distribution (Franchise) Agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise: Virginia [Code 13.1-557 to 574]. Under §13.1-564 of the Virginia Retail Franchising Act, it is unlawful for a franchisor to cancel a franchise without reasonable cause.”

ADDENDUM TO THE FRANCHISE DISCLOSURE DOCUMENT WASHINGTON

In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, Chapter 19.100 RCW will prevail.

RCW 19.100.180 may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise. There may also be court decisions which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise.

In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.

A release or waiver of rights executed by a franchisee may not include rights under the Washington Franchise Investment Protection Act or any rule or order thereunder except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel. Provisions such as those which unreasonably restrict or limit the statute of limitations period for claims under the Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.

Transfer fees are collectable to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.

Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provisions contained in the franchise agreement or elsewhere that conflict with these limitations are void and unenforceable in Washington.

RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from

(i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington.

~~No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.~~

The franchisor [uses/may use] the services of franchise brokers to assist it in selling franchises. A franchise broker represents the franchisor and is paid a fee for referring prospects to the franchisor and/or selling the franchise. Do not rely only on the information provided by a franchise broker about a franchise. Do your own investigation by contacting the franchisor's current and former franchisees to ask them about their experience with the franchisor.

The undersigned does hereby acknowledge receipt of this addendum.
