

Special Risks to Consider About *This Franchise*

Certain states require that the following risk(s) be highlighted:

1. **Out-of-State Dispute Resolution.** The franchise agreement requires you to resolve disputes with us by mediation, arbitration, and litigation only in Arizona. Out-of-state mediation, arbitration, and litigation may force you to accept a less favorable settlement for disputes. It may also cost you more to mediate, arbitrate, and litigate with us in Arizona than in your own state.
2. **Spousal Liability.** Your spouse must sign a document that makes your spouse liable for your financial obligations under the franchise agreement, even though your spouse has no ownership interest in the business. This guarantee will place both your and your spouse's personal and marital assets, perhaps including your house, at risk if your franchise fails.
3. **Short Operating History.** The franchisor is at an early stage of development and has a limited operating history. This franchise is likely to be a riskier investment than a franchise in a system with a longer operating history.
4. **Unregistered Trademark.** The primary trademark that you will use in your business is not federally registered. If the franchisor's right to use this trademark in your area is challenged, you may have to identify your business and its products or services with a name that differs from that used by other franchisees or the franchisor. This change can be expensive and may reduce brand recognition of the products or services you offer.
5. **Financial Condition.** The franchisor's financial condition, as reflected in its financial statements (see Item 21), calls into question the franchisor's financial ability to provide services and support to you.

Certain states may require other risks to be highlighted. Check the "State Addenda" (if any) to see whether your state requires other risks to be highlighted
