What You Need To Know About Franchising *Generally*

Continuing responsibility to pay fees. You may have to pay royalties and other fees even if you are losing money.

Business model can change. The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

Supplier restrictions. You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

Operating restrictions. The franchise agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

Competition from franchisor. Even if the franchise agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

Renewal. Your franchise agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

When your franchise ends. The franchise agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

Some States Require Registration

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends the franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use the agency information in Exhibit A.

Your state also may have laws that require special disclosures or amendments be made to your franchise agreement. If so, you should check the State Specific Addenda. See the Table of Contents for the location of the State Specific Addenda.

Special Risks to Consider About *This* Franchise

Certain states require that the following risk(s) be highlighted:

1. **Out-of-State Dispute Resolution.** The franchise agreement requires you to resolve disputes with the franchisor by mediation, arbitration and/or litigation only in Louisiana. Out-of-state mediation, arbitration, or litigation may force you to accept a less favorable settlement for disputes. It may also cost more to mediate, arbitrate, or litigate with the franchisor in Louisiana than in your own state.
2. **Supplier Control.** You must purchase all or nearly all of the inventory or supplies that are necessary to operate your business from the franchisor, its affiliates, or suppliers that the franchisor designates, at prices the franchisor or they set. These prices may be higher than prices you could obtain elsewhere for the same or similar goods. This may reduce the anticipated profit of your franchise business.

Certain states may require other risks to be highlighted. Check the “State Specific Addenda” (if any) to see whether your state requires other risks to be highlighted.

ELECTRONIC ACCESS SYSTEMS

Electronic access systems are the highest level of control for buildings; these systems allow you to make changes to access immediately and routinely. Standard master key and regular key systems do not allow you to control who or when access is allowed to your building. Additionally, these systems give you the advantage of having an Audit Trail that tells you exactly who and when your building was accessed.

- Electronically Enhanced security for buildings, including biometrics
- Control access to your building or sensitive areas based on the individual and by certain dates and times if you choose

CCTV SYSTEMS

Protect employees, customers, and assets with state-of-the-art electronic surveillance equipment. We offer cutting-edge technology with DVR's and high-resolution cameras. Covert cameras are available for use in specific applications. Low light or no light cameras to fit specific needs. Most digital systems can be set up for remote monitoring through the internet.

PHONE ENTRY SYSTEMS

Apartment buildings, office buildings, and commercial properties need to have security and yet allow access to the proper individuals who visit the property. The use of phone entry allows visitors to directly contact the person they are at the property to see and that person can electronically unlock the door to allow entry.

Phone entry systems can easily be integrated into an electronic access system for card entry or the keypad on the unit can be programmed to allow access by code.

HIGH SECURITY DOOR HARDWARE

Combining electronic access and CCTV with high security door hardware will provide facilities with the highest level of security. We offer Medeco, Schlage Primus, ASSA and Multi-Lock high security door hardware and key cylinders. These locks are designed to be pick resistant, drill resistant, and they also provide excellent key control. Keys are duplicated for only authorized persons and cannot be duplicated at hardware stores. Identification is required and with proprietary key systems, other locksmiths will not make key duplicates. Master keying is also available. As are POP-A-LOCK®, OR OTHER PRIVATE LABEL MASTER KEY SYSTEMS.

DOOR/HANDICAP OPERATORS

Allow easy entry into facilities with the option of Handicap Access Controls installed on your high traffic entries. Door operators are powered door openers/closers that allow entry with the push of a "handicap" button from inside or outside the door. Fully adjustable to provide adequate time for entry or exit with the need to push or pull the door. These units can easily be integrated into an Electronic Access system or timer control to ensure security as well as easy access.

*In some areas, low voltage (electric) licenses may be required.

Competition

You will compete with other businesses which provide car door unlocking, roadside assistance, mobile vehicle services and locksmith services, including primarily locksmiths. In addition, you will compete with other businesses which provide roadside and mobile vehicle services, including wrecker services. In some geographic areas, you will have to compete with local law enforcement agencies, which sometimes unlock car doors and/or provide emergency roadside assistance as a public service without charge. Certain customer and market segments may have competitors (i.e. car dealerships for vehicle credentials).

Industry Specific Regulations

Some states have enacted laws related to the regulation of locksmiths, including laws requiring that locksmiths either register with a state agency or obtain a license to perform locksmith services. If you operate your franchise in one of these states, you must be prepared to comply with the applicable locksmith regulation. Some of those states that have specific locksmith license requirements are California, Illinois, Louisiana, Nevada, New Jersey, Tennessee, North Carolina, and Texas. The City of New York also has specific locksmith license requirements, and there may be others with similar or pending requirements, such as Ohio. We recommend that you consult with your attorney or advisor regarding these requirements. Other than these laws there are no regulations specific to the operation of a Pop-A-Lock Franchise although you must comply with all local, state and federal laws in the operation of your Pop-A-Lock Franchise. There may be other state or local laws applicable to your business and we urge you to make additional inquiries about these laws. These regulatory requirements have created a barrier to entry which favors the Pop-A-Lock® Franchise System.

1 **Notes:**

- (1) This table describes the initial investment by expense category, which you should expect to expend in connection with the operation of a franchise before commencement of the business and for at least a 6-month period thereafter. With the exception of the initial franchise fee, all the expenses listed are estimates only. These expenses are expressed as a range from a projected low amount to a projected high amount. The projected low amount and high assumes that you will employ 2 Pop-A-Lock Technicians. If you employ more Pop-A-Lock Technicians, your initial investment and operating expenses will exceed the projected maximum amount. The number of technicians required, and actual costs may vary for many reasons, including, for example, the geographic size of your franchise area, your call volume or logistical consideration. All fees are non-refundable.

- (2) Initial Franchise Fee. The initial franchise fee is as follows:

- Up to 100,000 in population=\$23,000
- 101,000-250,000 in population=\$50,000
- ~~251,000-500,000 in population=\$63,000~~ ~~300,000 in population=\$75,000~~
- ~~500,000 in population=\$100,000~~

The initial franchisee fee is not refundable for any reason.

- (3) Tools. Each Pop-A-Lock Technician you employ must be equipped with 1 Pop-A-Lock Tool Kit and an Unlocking Manual. You must lease the Pop-A-Lock Tool Kit from us at a cost of \$310.95 for each technician employed. This amount may increase if you employ more than one technician for your franchised business. The term of the lease for each Pop-A-Lock Tool Kit will be the same as the Franchise Agreement and all renewals thereof. Upon termination of the Franchise Agreement, you must return the complete Tool Kit, usual wear and tear excepted, to us. See Article 6.04 of the Franchise Agreement. Your cost of tools will vary according to how many Pop-A-Lock Technicians you intend to

¹ The Franchisor does not finance part of the initial investment, nor does any affiliate.

employ. If you employ more Pop-A-Lock Technicians, your total Tool Kit cost will increase by \$310.95 per technician.

- (4) Printed Materials. You must purchase invoices (“Work Orders”) either from us or our approved supplier before the commencement of operations. A quantity of 1000 printed Work Orders costs about \$210.00. In addition, you will also purchase other printed materials including business cards, letterhead, envelopes, coupons and the like. We recommend you purchase a Marketing Starter Kit before the commencement of operations. The Marketing Starter Kit will cost you between \$1,257 and \$2,429 based on population/size of market.
- (5) CDU (“Car Door Unlocking” or “Technical”) Training. We charge \$800.00 per technician per 5-day training session for the Pop-A-Lock Training Program. Additional fees may be incurred if training extends beyond 5 days. If such additional fees are incurred, the charge will be \$160.00 per day. The projected low amount assumes 2 Pop-A-Lock Technicians.
- (6) Travel and Living Expenses While Training. We provide technical training at our training facility currently in Lafayette, Louisiana. However, we may specify training to take place at another location and facility. You must pay for meals, lodging and travel expenses for each of your employees who travel to Lafayette to receive such technical training. Your actual cost for travel and living expenses while training will depend upon several factors including the number of persons trained, the distance traveled, and mode of transportation. In the event the training is conducted at your business location, or at a location other than our training facility, you shall reimburse us for all transportation, meals and lodging expenses incurred by us in connection with such training.
- (7) Equipment - Communication. Communication equipment required to open and operate a Pop-A-Lock Outlet includes phones and email capable mobile device. As with your tool costs described in Note 2 above, your communication equipment costs will vary according to the number of opening technicians you employ. The projected amount assumes 2 Pop-A-Lock Technicians.
- (8) Equipment - Emergency Roadside Service. At such time you decide to perform emergency roadside services, you must equip your Pop-A-Lock Technicians to perform services consisting of tire changes, jump starts, and fuel delivery. We will provide you with a list of suggested emergency roadside service equipment. We estimate that it will cost \$600.00 to equip each Pop-A-Lock Technician, depending upon the quality of equipment.
- (9) Locksmith Service.

Training: You must either hire or contract one or more individuals to be trained by the Franchisor, or in some cases contract with individuals who have demonstrated skill in locksmith techniques. The cost for this category of Franchisor locksmith training is \$2,140.00. Locksmith training is customarily provided through locksmith schools or independent locksmith trainers. We will offer locksmith training to you, at our option, through a designated and approved locksmith school, an independent locksmith trainer or

through our employees at a training facility. We reserve the right to limit admission to locksmith service training as our scheduling capacity dictates.

Equipment: In addition, you must equip the locksmith employees with locksmith equipment and inventory. We estimate that the equipment costs will be between \$16,995 and \$34,000. The actual costs will vary and depend on the degree of complexity of this service for your franchise, as we may occasionally permit you to perform locksmith service to a lesser degree or with a reduced inventory of machines, tools, equipment, supplies or stock so long as we are informed of exactly what services are to be rendered, what material resources will be available and what level of training the service provider has achieved and we give prior approval of the arrangement. (The average franchisee will spend approximately \$20,000 for their locksmith equipment.) Equipment purchases are items such as chip key credential machines, key blanks, lock-pick tools, and other items required to perform this function as more specifically defined in our manual.

- (10) Equipment - Office. You must purchase from us or designated sources, and use the Pop-A-Lock computer system which may contain proprietary software, and other software specified by us, for the Pop-A-Lock Franchise System. We estimate that the computer system will cost you \$1,500.00, and the updating or upgrading will cost you \$1,500.
- (11) Online and Digital Display Advertisement. Pursuant to Article 8.03 of the Franchise Agreement, you may, depending on costs and exposure, obtain a display-type advertisement in the online directory(ies) covering your Franchise Area. The cost of your display advertisement will depend upon a variety of factors unique to your franchise. You must have a Google My Business listing covering your franchise area.. The projected high-low amounts reflect estimated expenditures in this category for 12 months.
- (12) Initial Advertising. Pursuant to Article 8.01 of the Franchise Agreement, you must spend on continuing local advertising \$25,000 for the first year, usually beginning 6 months after opening. For four franchises, you will spend between \$25,000-\$60,000 the first year of operation.
- (13) Miscellaneous Opening Costs. This category includes security deposits (telephone lines), legal and other professional fees, and insurance premium costs. You must secure and maintain the following insurance coverage: (i) Workers' Compensation insurance as prescribed by state law, (ii) comprehensive general liability insurance covering the operation of the Franchised Business with limits of not less than \$1 million, (iii) automobile and general liability insurance on all vehicles owned by the Franchised Business with limits of not less than \$1 million and (iv) hired, non-owned automobile liability insurance covering vehicles owned by your employees and used in the performance of their duties with limits of not less \$1 million, (v) cyber insurance. All insurance coverage required must include our name as an additional "named insured."
- (14) Additional Funds [12 months] The Additional Funds figures include payments with respect to government licenses and operational expenses for a start-up period of twelve months, including employee compensation, answering service, telephone service, smart phones,

GPS tracking devices, insurance and vehicle lease or finance payments, if applicable. The range of funds needed to cover these costs merely provides a base minimum estimate of start-up working capital requirements. These figures do not include any provision for a salary or draw by the franchise owner. Therefore, in addition to the stated working capital requirements, you should provide for sufficient capital reserves or income from sources other than the Franchised Business to cover your salary or draw (based on your personal financial requirements) during the start-up phase of your franchise.

- (15) Vehicles. You may use your current owned vehicle for your Pop-A-Lock business; however, you must identify your vehicle to our specifications. The cost for obtaining and applying the Pop-A-Lock Vehicle Identification can range from \$1,600 and \$2,400. The projected amount assumes you have put the appropriate identification on your current owned vehicle.

ITEM 12
TERRITORY

You will be granted an exclusive right to have a location (the “Franchise Area”) within which to operate your Franchised Business. Your Franchise Area will be defined by geographic ZIP code areas. Population is determined by using the latest available U.S. Census numbers.

Sometimes, a ZIP code area or a portion of a ZIP code area may overlap county lines or receive coverage by both the principal telephone directory distributed to your Franchise Area and by a directory that serves as the principal telephone directory for an adjacent franchise area granted. The directory that lists that ZIP code as the “home book AIP code” shall determine the exclusivity for the franchisee.

Continuation of territorial exclusivity is not dependent on achieving a certain sales volume, market penetration, or other contingency.

There are no circumstances that permit us to modify the Franchisee’s territorial rights.

Franchisee should not solicit orders from consumers outside of his or her territory using channels of distribution such as the internet, catalog sales, telemarketing, or other direct marketing. Franchisor cannot solicit or accept orders from consumers inside Franchisee’s territory. Franchisor or affiliate does not reserve the right to use other channels of distribution, including the internet, within the Franchisee’s territory using the Franchisors principal trademarks or using trademarks other than those that the Franchisee will use.

Prior to the execution of your Franchise Agreement, we will provide you with a written description of your Franchise Area and designate which portion, if any, is deemed to be non-exclusive. We will not allow another franchisee to physically locate its office in another licensed franchised area. If you do not comply with the market penetration quota, including the number of vehicles, car door unlocking technicians, and locksmiths, specified in 6.01 of the Franchise Agreement, your franchise may be terminated. You maintain rights to your area even though the population increases.

You will also be provided with a document indicating in which directories you may advertise without prior permission from us, subject only to the normal advertising approval process specified in the Confidential Franchise Operations System. You may not advertise your franchise in any directory not specified on this document without our prior written permission.

We reserve the right to require you to offer through your Franchised Business required additional services compatible with the Pop-A-Lock system. We shall exercise this right by notifying you in writing describing the required additional services (“Required Additional Services”). As soon as practicable under the circumstances, but not less than 90 days from receipt of the notice, you must secure all training, equipment, tools, inventory, and personnel necessary to offer the Required Additional Services in full compliance with our operating standards.

You do not receive the right to acquire additional franchises within your area.

You have to comply with the number of vehicles, car door unlocking technicians, and locksmiths specified in section 6.01 of the Franchise Agreement. You maintain rights to your area even though the population increases.

Except as discussed above, you are not restricted from soliciting or accepting orders for service inside your defined territory.

Except for non-compliance with the Franchise Agreement, there are no other circumstances that permit the Franchisor to modify the franchisee's territorial rights.

The Franchisor does not allow relocation of the franchised business.

The Franchisor or affiliates has no plans to operate or franchise a business under a different trademark selling goods or services similar to those of the Franchisee.

The Franchisor or an affiliate does not have the right to use other channels of distribution such as Internet, catalog sales, telemarketing, or other direct marketing to make sales within the franchisee's territory of products or services *under trademarks different* from the ones the franchisee will use under the franchise agreement.

We have timely filed, or intend to timely file, with the USPTO all required affidavits of use and renewal applications, when due, for the Licensed Marks. There are no currently effective material determinations of the USPTO, the Trademark Trial and Appeal Board, the trademark administrator of any state, or any court, and no pending infringement, opposition, or cancellation proceeding, or any pending material litigation, involving the Licensed Marks. We do not know of any superior

prior rights or infringing uses that could materially affect the franchisee's use of the principal trademarks in the state of Louisiana or the state in which the Franchised Business is to be located.

We do not as a matter of practice register all of the Licensed Marks under state registration provisions, except that the service mark utilizing the frontal view of a car with doors open and incorporating the words **"Pop-A-Lock A Car Door Unlocking Service"** has been registered in the following states: Alabama, Alaska, Arkansas, Arizona, California, Colorado, Delaware, Florida, Georgia, Indiana, Kansas, Kentucky, Louisiana, Maryland, Mississippi, Missouri, Nebraska, Nevada, New Mexico, North Carolina, Ohio, Oklahoma, Oregon, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, and Washington.

You must use the Licensed Marks, including all service marks under Pending Applications, in full compliance with rules prescribed by us. For any such pending applications for unregistered marks for which we do not have federal registrations for, these principal marks do not have many legal benefits and rights as a federally registered trademark.

In addition, you must acknowledge our ownership rights in the Licensed Marks and agree not to use any of the Licensed Marks in a confusingly similar manner in your own corporate or business name.

There are no agreements currently in effect that significantly limit our rights to use or license the use of the Licensed Marks in any manner material to the franchise.

In the event of any infringement of, or challenge to, your use of any Licensed Mark, you are obligated to immediately notify us. We will have sole discretion to take such action as we deem appropriate. In the event we take any action to prosecute or defend an infringement action, at our request you must assist us in any manner deemed reasonable and necessary, at our expense. We are not obligated, however, to defend or indemnify you against a claim arising from your use of the Licensed Marks.

Franchisor and franchisee have the right to control any administrative proceedings or litigation involving a trademark licensed by franchisor to franchisee because both Franchisor and franchisee can incur business and reputation losses that they want to pursue.

Under the Franchise Agreement, we reserve the right, in our sole discretion, to modify or designate new Licensed Marks (including discontinuance of existing Licensed Marks). In that event, you will be required to use the modified or new Licensed Marks at your expense. Any expenses or costs associated with the use by Franchisee of any such new, modified, or replacement Licensed Marks shall be the sole responsibility of the Franchisee.

Although we have not at this time filed an application for a copyright registration for the Confidential Franchise Operations System Manual or the charts, forms, contracts, films, tapes, designs, printed material, or telephone directory advertising formats, we reserve any and all rights which we have in these materials. ITEM 19

FINANCIAL PERFORMANCE REPRESENTATIONS

The FTC's Franchise Rule permits a franchisor to provide information about the actual or potential financial performance of its franchised and/or franchisor-owned outlets, if there is a reasonable basis for the information, and if the information is included in the Disclosure Document. Financial performance information that differs from that included in **Item 19** may only be given if: (1) a franchisor provides the actual records of an existing outlet you are considering buying; or (2) a franchisor supplements the information provided in this **Item 19**, for example, by providing information about possible performance at a particular location or under particular circumstances.

We do not make any representations about a franchisee's future financial performance of company-owned or franchised outlets. We also do not authorize our employees or representatives to make any such representations either orally or in writing. If you are purchasing an existing outlet, however, we may provide you with the actual records of that outlet. In making its assumptions for future financial performance, the Franchisor considered such significant factors as all the expenses set forth in Items 5, 6, and 7. If you receive any other financial performance information or projections of your future income, you should report it to the franchisor's management by contacting Donald Marks, CEO at 1018 Harding Street, Suite 101, Lafayette, Louisiana 70503 and (337) 233-6211, the Federal Trade Commission, and the appropriate state regulatory agencies.

A list of the names of all franchisees and their addresses and telephone numbers are listed on **Exhibit H** to this Disclosure Document. A list of the names, city and state, and last known telephone numbers of every franchisee who has had their franchise terminated, canceled, not renewed, or otherwise voluntarily or involuntarily ceased to do business under the Franchise Agreement during fiscal year 2024³, or who has not communicated with us within 10 weeks of our application date, is attached on **Exhibit I**.

If you buy this franchise, your contact information may be disclosed to other buyers when you leave the franchise system.

This franchisee council is not formally incorporated and does not have a separate address and telephone number.

Franchisor is willing, upon the terms and conditions set forth herein, to license Franchisee the right to operate the Franchised Business.

IN CONSIDERATION of the above recitals and of the terms and conditions and mutual promises herein, Franchisor and Franchisee agree as follows:

1.00 GRANT OF FRANCHISE

1.01 Grant. Franchisor grants and conveys to Franchisee, subject to all of the terms and conditions of this Agreement, the exclusive right to have a location to operate a Pop-A-Lock Franchise, the ("Franchised Business") in conformity with the Pop-A-Lock System, in the geographic area (hereinafter designated the "Franchise Area") described in Article 1.03 below, and to use the Licensed Marks, so long as this Agreement is in full force and effect. The rights and privileges granted to Franchisee under this Agreement are applicable only to the Franchise Area, are personal in nature, and may not be used in any other geographic location by Franchisee.

1.02 Initial Franchise Fee. Franchisee shall pay to Franchisor with certified funds, contemporaneously with the signing of this Agreement, the initial franchise fee of \$ USD. Initial Franchise Fee is fully earned when paid and nonrefundable.

1.04 Required Services, Authorized Services and Required Additional Services. The Pop-A-Lock System currently consists of four required services: (i) locksmith and security services ("Required Services"), (ii) vehicle locksmith services, (iii) car door unlocking services, (iv) emergency roadside assistance, and mobile services. Franchisor may also authorize Franchisee to offer other security and other services authorized by Franchisor, from time to time ("Authorized Services"). However, Franchisor reserves the right to require Franchisee to offer other additional services compatible with the Pop-A-Lock System which Franchisor may authorize in the future (hereinafter "Required Additional Services"). Franchisor shall exercise this right by notifying Franchisee in writing describing the Required Additional Services. (The above requirement to offer residential and commercial locksmith services is a written notification of required additional services.) Franchisee shall, as soon as practicable under the circumstances, but not more than ninety (90) days from receipt of the notice, secure all training, equipment, tools, inventory, and personnel necessary to offer the Required Additional Services in full compliance with the standards established by Franchisor. Franchisee must purchase from Franchisor, or other Franchisor designated sources, the Pop-A-Lock computer system which may contain proprietary and other software specified by Franchisor. - 1.05 Franchisor's Reservation of Rights. Franchisee expressly acknowledges and agrees that Franchisor may itself operate and grant to others the right to operate within the Franchise Area any business not utilizing the Licensed Marks and not offering the Required Services or Required Additional Services. In addition, Franchisee acknowledges and agrees that Franchisor may itself operate and grant to others the right to operate Pop-A-Lock Franchises at any location other than the Franchise Area. In the event Franchisor has reason to believe that Franchisee is not adequately providing any one or more of the Authorized Services required by Franchisor in the Franchise Area, Franchisor may itself operate or grant to others the right to perform such Authorized Service(s) not being adequately provided by such Franchisee in such Franchise Area without waiving Franchisor's right to terminate this Franchise Agreement as provided in this Agreement. Additionally, in the event Franchisee is not currently providing an Authorized Service (which is not otherwise required by Franchisor to be provided) in the Franchise Area, Franchisor may itself operate or grant to others the right to perform such Authorized Service(s) not then being provided by such Franchisee in such Franchise Area.
- 1.06 Franchise Area Adjustment. Franchisee agrees to allow Franchisor its designee to directly manipulate any mapping related to Pop-A-Lock services provided to ensure that coverage areas outlined in this Agreement are compliant with the Agreement. This includes third party software providers that the Franchisee may contract with to provide their call management services, including but not limited to Pulsar or any other future systems that Franchisor or Franchisee may decide to deploy.

- 2.01 Term. The term of this Agreement shall extend for a period of ten (10) years from the Effective Date, unless sooner terminated in accordance with Article 12 below.

The Franchisee's training program shall consist of instruction in the management and operation of a Pop-A-Lock franchise including, without limitation, marketing, communications systems, bookkeeping, and employer-employee relations (hereinafter "Franchisee's Training"). The Franchisee's Training is mandatory and shall have a minimum duration of four (4) days, commencing as soon as practicable after signing the Franchise Agreement and prior to the commencement of operations of the Franchised Business. Depending on the business, marketing and financial abilities of the owner, the Franchisee training may have a duration of five (5) days. Franchisor shall provide the Franchisee's Training without additional charge, except that Franchisee shall be responsible for its own transportation, meals and lodging expenses incurred in connection with attending the program at Franchisor's offices. In the event such training is conducted at Franchisee's business location or at a location other than Franchisor business location, Franchisee shall reimburse Franchisor for all transportation, meals, and lodging expenses incurred by Franchisor in connection with such training.
- 3.02 **Technical Training.** Franchisor shall provide a technical training program ("Pop-A-Lock Training Program") to Franchisee and its employees, each of whom must have executed the non-disclosure and non-competition agreements under Article 10.04 below prior to the commencement of training. The Pop-A-Lock Training Program includes instruction in (i) the techniques and methods established or adopted by Franchisor to unlock car doors, (ii) the proper use of opening tools prescribed for use by Franchisor, and (iii) procedures for performing roadside assistance. The Pop-A-Lock Training Program consists of a minimum of five (5) days at eight (8) hours per day and shall be conducted at Franchisor's training facility in Lafayette, Louisiana or at such other location as Franchisor may designate. Each

of Franchisee's employees who will perform car door unlocking service must successfully complete the Pop-A-Lock Training Program in accordance with Franchisor's standards. Franchisor shall provide the Pop-A-Lock Training Course at the cost of \$800.00 per trainee, for minimum five (5) days. Franchisor reserves the right to determine, in its sole discretion, the amount of training and/or time required for each trainee to acquire technical competency consistent with Franchisor's standards. Franchisee must bear its own travel and accommodation expenses associated with training. If Franchisor conducts the Pop-A-Lock Training Program at a location other than Franchisor's training facility, Franchisee shall reimburse Franchisor for reasonable and necessary travel, lodging, food, and associated expenses incurred by Franchisor or its employees.

- 3.03 Operating Assistance. Franchisor will provide Franchisee with operational and management counseling, as we deem helpful, during the term of this Agreement upon Franchisee's request. Franchisor will have ongoing access to Franchisee's accounting, invoice and other information stored on Franchisee's computers. Franchisor will revise and update annually (and at more frequent intervals if deemed necessary in Franchisor's discretion) all technical bulletins and/or technical manuals and provide same to Franchisee. In addition, Franchisor will advise Franchisee periodically regarding significant new developments, if any, applicable to the Pop-A-Lock System which may encompass the following:

- (i) Advice, guidance and/or training regarding new management techniques, procedures, standards, or methods;
- (ii) Advice, guidance and/or training regarding new service techniques, procedures, standards, methods and/or tools; or
- (iii) Advice or guidance with local advertising and marketing.

- 3.04 Equipment and Training - Locksmith Service. Franchisee must either hire or contract with individuals who have demonstrated skill in locksmith techniques or provide one or more employees with locksmith training. Franchisee must have at least one or more employees, who can perform and teach residential and commercial re-keying and lock picking. Franchisor may require, and may provide, locksmith training, as appropriate to obtain the skills and knowledge required to provide locksmith service(s). Franchisor estimates that locksmith training will take ten (10) days to complete and will cost \$2,140 (at a rate of \$214.00 per day) per locksmith trainee per day. Based on Franchisor's experience, this amount of training is necessary to provide an individual with sufficient training to perform automotive and light residential and commercial locksmithing services. If additional training is required for certification, licensing or acquiring of a locksmith permit in accordance with local, state or federal mandates, Franchisee is responsible for all costs and duties of acquiring such certifications, licenses or permits. Franchisor makes no guarantee or promise that any or all persons trained by Franchisor or Franchisor's designee will be capable of meeting local, state or federal standards for licensing, permit or certification. Locksmith training is customarily provided through locksmith schools or independent locksmith trainers. Franchisor will offer locksmith training to Franchisee, at its option, through a designated and approved locksmith school, an independent locksmith trainer or through franchisor employees at a training facility. In addition, Franchisee will be required

to equip the locksmith employees with locksmith equipment and inventory. Franchisor estimates the cost of locksmith equipment to be between fifteen thousand dollars (\$15,000.00) to twenty thousand dollars (\$20,000.00). The actual cost of this equipment will vary and depend on the degree of complexity of this service for your franchise, as we may occasionally permit you to perform locksmith service to a lesser degree or with a reduced inventory of machines, tools, equipment, supplies or stock so long as we are informed of exactly what services are to be rendered, what material resources will be available and what level of training the service provider has achieved and we give prior approval of the arrangement. The average Franchisee will spend approximately \$20,000 for locksmith equipment. Franchisor reserves the right to limit admission to locksmith service training as franchisor capacity and scheduling allows.

4.00 RECURRING FEES

- 4.01 Royalty. Franchisee shall pay to Franchisor monthly (by the last day of the month following the month in which the sales are made), a recurring royalty equal to seven percent (7%) of monthly Gross Sales on car door unlocking services, roadside services, vehicle locksmithing services, security services and other Authorized and Additional Required services. The manner in which such funds are remitted to Franchisor by Franchisee shall be prescribed by Franchisor from time to time in its Confidential Operations Manual.
- 4.02 Advertising and Marketing Fee. Franchisee shall pay to Franchisor a recurring advertising and marketing fee equal to one percent (1.0%) of monthly Gross Sales. Franchisee shall commence the payment of the advertising and marketing fee at the same time as the recurring royalty under Article 4.01. The advertising and marketing fee shall be expended in accordance with the terms of Article 8.04 hereof. In the event Franchisor owns a franchise location, Franchisor shall contribute as a franchisee to the Pop-A-Lock Advertising Fund as defined in Article 8.04 hereof with respect to said franchise location on the same basis. It is the intention of the parties that the cost of such programs shall be shared on a reasonably nondiscriminatory basis by all Pop-A-Lock Franchises, rather than for Franchisor to make a profit from these fees.
- 4.03 Late Fee. If any amount due under this Agreement is not paid within five (5) days after such payment is due, Franchisee shall pay a late penalty fee equal to the lesser of the daily equivalent of eighteen percent (18%) of such overdue amount per year (18% APR) or the highest rate then permitted by applicable law for each day such amount is past due.
- 4.04 Gross Sales. As used herein, "Gross Sales" shall mean the aggregate gross amount of all revenues from whatever source, including without limitation, cash, credit, agreements to pay, or other consideration (whether or not payment is received at the time of the sale) derived by Franchisee from (i) the sale of "Authorized Services" (including "Required Additional Services"), (ii) the sale of any services or products associated with the use of the Licensed Marks, and (iii) the sale of any services or products made in conjunction with the "Authorized Services" performed by Franchisee, less sales or other tax receipts, the collection of which is required by law. The term "monthly Gross Sales" shall mean Gross Sales derived by Franchisee during a single calendar month.

- 4.05 Pre-Authorized Payments. The Franchisee shall participate in such pre-authorized payment plans, electronic funds transfer systems, automatic debiting systems or other similar plans or systems as the Franchisor may from time to time require to permit the Franchisee to make direct deposit payment of all amounts owing to the Franchisor. In order to participate in any such plans or systems, the Franchisee shall, at the Franchisee's cost, do all things necessary in order to implement and maintain such plans or systems including without limitation, executing and delivering any required authorization form within five (5) days of request from the Franchisor.

- 5.04 Report Unauthorized Use. Franchisee shall promptly notify Franchisor of any claim, demand, or cause of action that Franchisor may have based upon or arising from any unauthorized attempt by any person or legal entity to use the Licensed Marks, any colorable variation thereof, or any other mark, name, or indicia in which Franchisor has or claims a proprietary interest. Franchisee shall assist Franchisor, upon request and at Franchisor's expense, in taking such action, if any, as Franchisor may deem appropriate to halt such activities, but shall take no action nor incur any expenses on Franchisor's behalf without Franchisor's prior written approval. If Franchisor undertakes the defense or prosecution of any litigation relating to the Licensed Marks, Franchisee agrees to execute any and all

documents and to do such acts and things as may, in the opinion of Franchisor's legal counsel, be reasonably necessary to carry out such defense or prosecution.

- 5.05 Authorized Use. Franchisee further agrees and covenants to operate and advertise only under the names or marks from time to time designated by Franchisor for use by similar Pop-A-Lock System Franchisees; to adopt and use the Licensed Marks solely in the manner prescribed by Franchisor; to refrain from using the Licensed Marks to perform any activity or to incur any obligation or indebtedness in such a manner as may, in any way, subject Franchisor to liability therefore; to observe all laws with respect to the registration of trade names and assumed or fictitious names, to include in any application therefore a statement that Franchisee's use of the Licensed Marks is limited by the terms of this Agreement, and to provide Franchisor with a copy of any such application and other registration document(s); to observe such requirements with respect to trademark and service mark registrations and copyright notices as Franchisor may, from time to time, require, including, without limitation, affixing "SM", "TM", or "®" adjacent to all such Licensed Marks in any and all uses thereof; and, to utilize such other appropriate notice of ownership, registration, and copyright as Franchisor may require.
- 5.06 Changes. Franchisor reserves the right, in its sole discretion, to designate one or more new, modified, or replacement Licensed Marks for use by Franchisees and to require the use by Franchisee of any such new, modified, or replacement Licensed Marks in addition to or in lieu of any previously designated Licensed Marks. Franchisee understands and acknowledges that the Advertising Fund is intended to maximize general public recognition and acceptance of the Licensed Marks for the benefit of the Pop-A-Lock System as a whole and that Franchisor undertakes no obligation to administer the Advertising Fund to ensure that any particular Franchisee benefits directly or pro rata from the Advertising. Rhode Island Disclosure

In recognition of the requirements of the Rhode Island Franchise Investment Act, §§ 19-28.1-1 through 19-28.1-34 the Franchise Disclosure Document for SystemForward America, LLC for use in the State of Rhode Island shall be amended to include the following:

1. Item 17, “Renewal, Termination, Transfer and Dispute Resolution,” shall be amended by the addition of the following:

§ 19-28.1-14 of the Rhode Island Franchise Investment Act provides that
“A provision in a franchise agreement restricting jurisdiction or venue to a forum outside this state or requiring the application of the laws of another state is void with respect to a claim otherwise enforceable under this Act.”

2. This addendum to the Disclosure Document shall be effective only to the extent, with respect to such provision, that the jurisdictional requirements of the Rhode Island Franchise Investment Act, §§ 19-28.1-1 through 19-28.1-34, are met independently without reference to this addendum to the Disclosure Document.

Washington Disclosure

In recognition of the Washington Franchise Investment Protection Act is located at Wash. Rev. Code §§ 19.100.010 to 19.100.940, the Franchise Disclosure Document for SystemForward America, LLC in connection with the offer and sale of franchises for use in the State of Washington shall be amended to include the following:

1. Item 17, "Renewal, Termination, Transfer and Dispute Resolution," shall be amended by the addition of the following paragraphs at the conclusion of the Item:

The state of Washington has a statute, RCW 19.100.180, which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise. There may also be court decisions which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise.

In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.

In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, Chapter 19.100 RCW will prevail.

A release or waiver of rights executed by a franchisee may not include rights under the Washington Franchise Investment Protection Act or any rule or order thereunder except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel. Provisions such as those which unreasonably restrict or limit the statute of limitations period for claims under the Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.

Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an

amount that will be adjusted annually for inflation). As a result, any provisions contained in the franchise agreement or elsewhere that conflict with these limitations are void and unenforceable in Washington.

RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington.

Transfer fees are collectable to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.

Use of Franchise Brokers. The franchisor may use the services of franchise brokers to assist it in selling franchises. A franchise broker represents the franchisor and is paid a fee for referring prospects to the franchisor and/or selling the franchise. Do not rely only on the information provided by a franchise broker about a franchise. Do your own investigation by contacting the franchisor's current and former franchisees to ask them about their experience with the franchisor.

2. Each provision of this addendum to the Disclosure Document shall be effective only to the extent, with respect to such provision, that the jurisdictional requirements of the Washington Franchise Investment Protection Act, is located at Wash. Rev. Code §§ 19.100.110 to 19.100.940, are met independently without reference to this addendum to the Disclosure Document.

In recognition of the requirements of Hawaii Franchise Investment Law, Hawaii Rev. Stat. §§ 482E, et seq., the parties to the attached System Forward America, LLC Franchise Agreement (the “Agreement”) agree as follows:

1. Section 11.01, under the heading “Transfer and Assignment,” is deleted in its entirety, and shall have no force or effect; and the following paragraph shall be substituted in lieu thereof:

(v) Franchisee must execute a general release of all claims, if any, it may have or believes it may have against Franchisor, excluding only such claims as Franchisee may have under the Hawaii Franchise Investment Law.

2. Section 13.00, under the heading “Obligations Upon Termination or Non-Renewal,” shall be amended by the addition of the following new paragraph 13.01 (vii), which shall be considered an integral part of the Agreement:

(vii) Notwithstanding anything to the contrary in this Section 13.00, Franchisor shall comply with Hawaii law which currently requires that Franchisor compensate Franchisee upon termination or refusal to renew the franchise for the fair market value, at the time of the termination or expiration of the franchise, of any inventory, supplies, equipment and furnishings which were purchased from Franchisor, or a supplier designated by Franchisor. Personalized materials which have no value to Franchisor need not be compensated for. Washington Franchise Agreement Amendment

In recognition of the requirements of the Washington Franchise Investment Protection Act, Wash. Rev. Code §§ 19.100.010 through 19.100.940, the parties to the attached SystemForward America, LLC Franchise Agreement agree as follows:

1. The state of Washington has a statute, RCW 19.100.180, which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise. There may also be court decisions which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise.
2. In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.
3. In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, Chapter 19.100 RCW shall prevail.
4. A release or waiver of rights executed by a franchisee may not include rights under the Washington Franchise Investment Protection Act or any rule or order thereunder except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel. Provisions such as those which unreasonably restrict or limit the statute of limitations period for claims under the Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.
5. Transfer fees are collectable to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.
6. Each provision of this amendment shall be effective only to the extent, with respect to such provision, that the jurisdictional requirements of the Washington Franchise Investment Protection Act, Wash. Rev. Code §§ 19.100.010 through 19.100.940, are met independently without reference to this amendment.
7. Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provisions contained in the franchise agreement or elsewhere that conflict with these limitations are void and

unenforceable in Washington.

8. RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington.
