What You Need To Know About Franchising Generally

Continuing responsibility to pay fees. You may have to pay royalties and other fees even if you are losing money.

Business model can change. The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

Supplier restrictions. You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

Operating restrictions. The franchise agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

Competition from franchisor. Even if the franchise agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

Renewal. Your franchise agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

When your franchise ends. The franchise agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

Some States Require Registration

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends the franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use the agency information in Exhibit E.

Your state also may have laws that require special disclosures or amendments be made to your franchise agreement. If so, you should check the State Specific Addenda. See the Table of Contents for the location of the State Specific Addenda.

Special Risks to Consider About This Franchise

Certain states require that the following risk(s) be highlighted:

<u>Out-of-State Dispute Resolution</u>. The License Agreement and the Development Agreement permit the franchisee or developer to sue, mediate, or arbitrate with the franchisor only in the state of Kansas. Out of state litigation, mediation or arbitration may force you to accept a less favorable settlement for disputes. It may also cost you more to sue, mediate, or arbitrate with the franchisor in Kansas than in your home state.

Certain states may require other risks to be highlighted. Check the "State Specific Addenda" (if any) to see whether your state requires other risks to be highlighted.

The franchisor is Freddy's, L.L.C. and to simplify the language in this Disclosure Document "we," "us," and "Freddy's" mean Freddy's, L.L.C., but do not include Freddy's officers, members, or managers. "You" means the person that buys the franchise, and if you are a corporation, partnership, or limited liability company, certain provisions of the License Agreement and the Development Agreement will include your owners.

Freddy's, L.L.C., a Kansas limited liability company, was organized on October 17, 2003. We do business as Freddy's Frozen Custard & Steakburgers. We are not involved in any business activities other than the sale of franchises for Freddy's Restaurants, and we have not offered franchises in any other line of business. Our agents for service of process are listed in Exhibit F.

Our affiliate, Freddy's Frozen Custard, L.L.C. ("FFC"), a Kansas limited liability company, opened the first Freddy's Restaurant in Wichita, Kansas in 2002 and we began franchising Freddy's Restaurants in 2004. Although we do not operate any Freddy's Restaurants, as of December 27, 202325, 2024, FFC operated 3336 Freddy's Restaurants, which we refer to as company-owned Restaurants, and our franchisees operated 484514 franchised Freddy's Restaurants in the United States, which we refer to in this Disclosure Document as franchised Restaurants. FFC also manages our gift card program.

Our parent is Freddy's Acquisition Intermediate, Inc. ("FAI"), a Delaware corporation. FAI's parent, and our ultimate parent, is Freddy's Acquisition Holdings, Inc. ("FAH"), a Delaware corporation.

The principal business address of Freddy's, FAI, and FFC is 3020 N. Cypress Street, Suite 200, Wichita, Kansas 67226. The principal business address of FAH is 7676 Forsyth Boulevard, Suite 2700, Saint Louis, Missouri 63105. FAI, FFC and FAH have not offered or sold franchises in any line of business. Except as described above, we have no other parents, predecessors or affiliates that must be included in this Item.

Freddy's Frozen Custard & Steakburgers Restaurants

Freddy's Restaurants feature steakburgers, hot dogs, and frozen custard for sale to the general public under the name "FREDDY'S FROZEN CUSTARD & STEAKBURGERS®". These Restaurants operate under a unique system developed by us for the efficient management and operation of attractive and distinctive restaurants ("System"). The System includes our distinctive design, decor, color scheme, and furnishings; standards, specifications, and procedures for operations; procedures for quality control, training and assistance; and advertising and promotional programs. Our mandatory specifications and quality standards are contained in the Freddy's Operations Manual, the Freddy's Management Training Manual, or in policy and procedure statements otherwise communicated to our franchisees in writing (collectively, the "Manuals"). We have the right to change the Manuals and the elements of the System at any time.

The System is identified by means of certain trade names and service marks, including the marks "FREDDY'S®," "FREDDY'S FROZEN CUSTARD®" and "FREDDY'S FROZEN CUSTARD & STEAKBURGERS®" and any other trade names, service marks, or trademarks as we may designate for System identification (the "Marks"). We may modify the Marks used to identify the System from time to time.

The Franchise Opportunity

We We offer the opportunity to develop and operate one Restaurant at a location approved by us by signing a Freddy's L.L.C. License Agreement in the form attached as Exhibit B ("License Agreement"). You will receive a protected territory within a radius of the Restaurant's approved location ("Assigned Territory"). We also offer the opportunity to develop multiple Freddy's Restaurants in a specified area ("Assigned Area") under our Freddy's L.L.C. Development Agreement in the form attached as Exhibit A ("Development Agreement"). You and we will determine the number of Restaurants you will be required to develop in the Assigned Area and when each of the Restaurants must be constructed and opened under the development schedule before you sign the Development Agreement. As a condition to exercising the development right for each Restaurant, you must secure a location approved by us in the Assigned Area. After you provide us with all information required by the Development Agreement for site approval, we have 30 days to approve or reject your proposed site. After we approve the location for each Restaurant and you sign a lease or complete the purchase of the site for the Restaurant, you must sign a Freddy's L.L.C. License Agreement in the form attached as Exhibit B ("License Agreement") for the right to develop and operate the Restaurant at the approved location. You also will receive a protected territory within a radius of the Restaurant's approved location ("Assigned Territory"). In certain areas, we may offer an individual License Agreement for the establishment and operation of one Restaurant at a specified location. You will pay separate fees for the Development Agreement and the License Agreement.

Market and Competition

The market for quick service restaurants is developed and is very competitive. Your Restaurant will have to compete with both major food service and fast food restaurant chains and local restaurants offering a wide range of foods and food services. Your ability to compete will depend in large part upon geographic area, site locations, general economic conditions, staffing, and your management capabilities. Generally, the market for food services and sales offered by the Restaurants are higher during the summer months, which results in greater seasonality than several of our competitors who do not emphasize custard or frozen desserts.

Industry-Specific Laws and Regulations

There are no regulations specific to the quick food service industry, although you must comply with all local, state, and federal health and sanitation laws in the operation of your Restaurant. These include health, sanitation, food preparation, waste disposal, food handling, smoking restrictions, and advertising laws. Some laws require point of sale disclosures, including statements concerning nutritional and dietary characteristics of the food served at your Restaurant. There are other laws and regulations applicable to businesses generally with which you must comply. You should consult with your attorney and local, county, state and federal government

07/2403/25

agencies concerning these and other laws and ordinances that may affect the operation of your Restaurant before you sign a Development Agreement or License Agreement. You also must obtain all applicable real estate permits and licenses and operational licenses. TYPE OF FEE ¹	AMOUNT	DUE DATE	REMARKS
Early Termination Fee ⁵	Will vary under the circumstances	Upon demand	Payable if we terminate the License Agreement after your default. EcoSure/Restaurant Inspection Fees	Up to \$3,000	As incurred	Payable upon revisit following a failed inspection.
Operational Assessment Report ("OAR") Restaurant Inspection Fees	Up to \$3,000	As incurred	Payable upon revisit following a failed inspection.

Notes:

- All fees and charges are imposed by and are payable to us. In some instances, we will waive or
 reduce some or all of these fees for particular franchisees. Our non-traditional restaurant franchisees
 pay a reduced Marketing and Advertising Fund contribution because they serve captive audiences.
 All fees are nonrefundable. At our option, you must give us authorization to debit your bank
 operating account for the amount due.
- 2. "Gross Receipts" means all gross revenue during each week of each 28-day operating period of every kind or nature related to the Restaurant, including all restaurant revenue posted whether it is collected or remains uncollected, all charges for other products, services, and facilities and vending machine receipts, and any amounts payable from insurance policies to compensate you for loss of the same, but excluding sales taxes or other taxes collected by you from customers for transmittal to appropriate taxing authorities. Amounts received for gift certificates and gift cards are included in Gross Receipts at the time of the redemption of the gift certificate or gift card (or portion thereof) and not at the time of the sale of the gift certificate or gift card. Gross Receipts do not include loyalty points earned or redeemed at the Restaurant. Gross Receipts are determined in accordance with the accounting procedures set forth in the Freddy's Operations Manual, as it may exist from time to time.
- 3. Our Marketing and Advertising Fund ("Marketing Fund") requires each franchisee and our affiliates to pay 1.5% of Gross Receipts into the Fund. Upon 30 days' notice from us, we may change the amount required to be paid into the Marketing Fund, but the fee will be no more than 3.0%. We may increase the amounts required to be paid into the Marketing Fund above 3.0% with an affirmative vote by 66% of all then-existing company-owned and franchised Restaurants or by an affirmative vote by 51% of the then-existing franchised Restaurants. In addition, you may be required to spend an amount specified by us for local advertising in the time and manner specified by us, such amount not to exceed 2.0% of your Gross Receipts.

- 4. We and our affiliate will participate in any cooperative established for geographic regions that include Restaurants owned by us or our affiliate. As of the effective date of this Disclosure Document, no advertising cooperatives have been established. Whether our or our affiliate's Restaurants will have controlling voting power in any advertising cooperative will depend on the geographic region included in the cooperative; provided, however, that we retain the right to change the bylaws or other governing documents of the cooperative; to dissolve the cooperative; to merge a cooperative with another cooperative; and to redesignate the geographic areas for any cooperatives. The amount you must pay to the cooperative is determined by the membership of the cooperative, but may not exceed 2.0% of your Gross Receipts per 28-day operating period. Any contributions to local or regional advertising cooperatives will count toward required local advertising expenditures.
- 5. If your Restaurant has been in operation for less than 18, 28-day operating periods, the termination fee will be based on the period your Restaurant has been in operation and projected on an 18, 28-day operating period basis. If the number of 28-day operating periods between the date of termination and the date on which the term of the License Agreement would otherwise end of its own terms is less than 18, then the time period for calculating the termination fee will be based on the number of 28-day operating periods remaining in such term.

ESTIMATED INITIAL INVESTMENT

This initial investment chart represents the estimated initial investment range for construction of a Restaurant that is a freestanding restaurant with a drive-thru ("Standalone Restaurant"), a Restaurant that is an end cap unit of a shopping center with a drive-thru ("End Cap Restaurant") and a Restaurant that is an in-line unit of a shopping center without a drive-thru ("In-Line Restaurant").

A Standalone Restaurant typically requires approximately 3,000 square feet of internal space and typically occupies a parcel with an approximate total area of 0.8 to 1.0 acres. Standalone Restaurants typically have seating for 50 to 120 guests. An End Cap Restaurant typically requires 2,400 to 3,400 square feet of internal space with a drive-thru window and seating for 50 to 120 guests. An In-Line Restaurant typically requires 2,400 to 3,000 square feet without a drive thru and has seating for 50 to 120 guests.

Notes:

1. <u>License Fee</u>. If you are developing the Restaurant pursuant to a Development Agreement, we will credit the Development Fee paid for each Restaurant against the License Fee. If the Restaurant is the first Restaurant that you develop pursuant to a Development Agreement, then we will also apply the License Fee Deposit towards the License Fee. See Item 5 for information regarding the payment of the License Fee.

- 2. Construction, Remodeling, and Improvements. The cost of constructing or remodeling the premises to meet our design specifications depends upon the condition and configuration of the existing retail space and whether or not your landlord agrees to provide an allowance for tenant improvements. Site improvement costs for Standalone Restaurants may vary based upon soil and environmental conditions, availability of utilities to the site, the topography of the site, the size of the parcel, local zoning, and other building requirements. Building costs will vary depending on commercial construction costs and union activity in your Assigned Area. Site improvement and building costs vary widely from location to location, but we estimate them to range from \$372270,000 to \$1,800,000 depending on your location, not including the cost of land.—Due to recent supply chain issues resulting from the Covid-19 pandemic, building costs are volatile and fluctuating. Rent varies widely from location to location depending upon the size, condition, and location of the leased premises, but we estimate the rent (including common area maintenance and other similar charges) to range from \$5,667 to \$15,750, per month. A one-month security deposit is also generally required, which we generally estimate to be between \$5,667 to \$15,750. If you elect to purchase the site for your Restaurant, your land acquisition costs will vary depending upon a multitude of factors including the size and location of the property and the availability of financing on commercially reasonable terms. We are unable to estimate the cost of purchasing a site. This estimate also includes the cost of our optional advisory services if you elect to signunder the Construction Advisory Services Agreement.
- 3. Equipment and Furniture. Cost of equipment, furniture, fixtures, and decor will vary based upon the size of the Restaurant. These costs include all equipment (other than computer and point of sale equipment) necessary to operate the Restaurant including standard fixtures and equipment, digital indoor and outdoor menu boards, decor, and furniture.
- 4. <u>Miscellaneous Opening Costs</u>. Includes construction insurance, utility deposits, licenses and business permits, pre-paid expenses, company organization costs, and other professional fees and pre-opening costs.
- 5. <u>Opening Inventory and Supplies</u>. This amount represents the cost of food products and condiments and office and store supplies necessary to initially stock the Restaurant for operation.
- 6. Grand Opening Advertising. You must conduct a grand opening advertising and promotional program for the Restaurant during the period commencing 14 days before and ending 180 days after its opening and expend at least \$2,500, or, if required by us, at least \$5,000. You will be able to utilize the marketing and public relations and media materials we have developed or approved. The cost of the initial grand opening advertising depends greatly upon the market, media buying power, and the number of Restaurants in the existing market. This amount includes the estimated cost of newspaper and radio advertising, circulars, coupons, and other media for the grand opening and the first six months of business. It does not include the Marketing Fund contribution of up to 3.0% of your weekly Gross Receipts which you must pay at our discretion, or contributions to any applicable advertising cooperatives of up to 2.0% of your 28-day operating period Gross Receipts, which, again, you must pay at our discretion.
- 7. Additional Funds 3 Months. This amount represents an estimate of the funds needed to cover pre-opening expenses, utilities, uniforms, recruitment, in-store training expense, and additional opening capital for other variable costs (e.g., electricity, telephone, heat, etc.), paper, cleaning, and other supplies. These figures are estimates, and we cannot guarantee that you will not have additional expenses when starting the business. Your costs will depend on various factors including how carefully you follow our methods and procedures for operation; your management skill, experience, and business acumen; local economic conditions; your location; the local market for

quick food products and services; competition; the prevailing wage rate; and the sales level reached during the initial period. This amount does not include any amounts payable to you as a draw or salary. Our estimates of additional funds are based on our past experience in operating companyowned Restaurants.

8. Total Estimated Initial Investment. These estimates are based on our current experience in operating and franchising Restaurants. You should review these figures carefully with a business advisor before purchasing a franchise. We do not offer direct or indirect financing to franchisees for any items. The availability and terms of financing will depend on several factors including the availability of financing generally, your creditworthiness, your available collateral, and lending policies of financial institutions. The estimate does not include any finance charge, interest, or debt service obligation. The payments described above are non-refundable.

ITEM 8

RESTRICTIONS ON SOURCES OF PRODUCTS AND SERVICES

System Standards

In order to protect our reputation and goodwill and to maintain high standards of operation under the System, you must operate your Restaurant in strict conformance with our System standards, including the methods, standards, and specifications we prescribe from time to time in the Manuals or otherwise in writing. The System standards may relate to any aspect of the appearance, function, cleanliness, and operation of a Restaurant. We may modify these specifications and standards, and you must comply with all of our modifications.

<u>Authorized Products</u>

In order to promote uniform quality standards at all Freddy's Restaurants, you must purchase or lease most food, beverage, paper goods, inventory, computer hardware, and computer software meeting standards established by us. These standards may include our designation of brand names and suppliers and minimum standards for product warranties, design, appearance, and other standards of quality or appearance. You also must construct or remodel your Restaurant in accordance with our specifications. You must purchase or lease and use only the fixtures, equipment, furniture, and signs as we may specify in the Manuals or otherwise approve. We must approve in writing any alterations to our specifications you propose to make before any work is begun on the proposed alteration.

<u>Suppliers</u>

We may take advantage of price discounts that may be available for volume purchases of property or services utilized in the Restaurants and may act as a supplier in making these items available for resale to you. We charge a 1% sourcing fee on all products purchased from U.S. Foods. These funds will support our franchise conference, our multi-unit manager conference and the overall procurement function. We reserve the right in the future to designate ourselves or our affiliate as approved suppliers of certain goods and services, we will not be the sole approved supplier of any goods or services, and purchases from us will not be mandatory. We offer advisory services under our optional Construction Advisory Services Agreement where we charge a

nonrefundable \$35,000 Advisory Fee in addition to requiring reimbursement of our out-of-pocket business expenses including travel expenses for site visits. In our last fiscal year, neither we nor our affiliates earned any revenues from the direct sale of any products or services to our franchisees.

You may request approval of specific items or sources not previously approved by us. As a condition of approval, we may request that samples of the item be delivered to us by you or the proposed source for inspection and testing and may require the source to provide satisfactory evidence that its warranties, quality control, and product liability insurance meet our standards for protection of us and our franchisees from liability arising out of the use of the product. We will approve or disapprove the proposed product within 30 days of receipt of your written request. The factors we consider include the ability of the item or supplier to meet all of our quality standards and specifications, adequacy of the product and quality controls, financial stability, our contractual obligations in place with existing suppliers, and service records of the source. We reserve the right to require that you or the proposed source pay a charge, not exceeding the reasonable cost of any inspection and testing, to us and we may also require you to pay the 1% sourcing fee on alternate products. We reserve the right to reinspect any approved items and sources, at our option, in order to assure continuing compliance with our standards, and may revoke approval of a source if it fails to continue to meet our standards.

Neither we nor our affiliate currently offer, for purchase or lease, any goods, supplies, fixtures, equipment, inventory, computer hardware or software, or real estate to franchisees. The goods, equipment, supplies, and products which must be purchased from approved suppliers or under our specifications represent 100% of your total purchases for the establishment and operation of your Restaurant. Our criteria for supplier approval are generally not available to our franchisees. You do not receive any material benefits like renewal or granting of additional franchises based upon your use of designated or approved sources. Two of our board members own an interest in Freddy's Land, LLC, which leases property to several franchisees. None of our officers own an interest in any supplier.

We receive payments from designated and approved suppliers on account of franchisees' purchases of required and approved items from those suppliers including a 1% sourcing fee from our approved foodservice distributor. During the 20232024 fiscal year, we received \$536,4003,403,537 from third party suppliers on account of franchisees' purchases of approved, contracted, proprietary, or designated items from those suppliers (all of which were utilized in connection with costs related to our annual convention and multi-unit manager conference). and the overall procurement function). These payments included a 1% sourcing fee that we previously charged on all products purchased from U.S. Foods. The payments vary by vendor and are generally based upon a specified amount per Restaurant or purchased item. Except as described above, neither we nor our affiliate currently derive any revenue, rebates, or other material consideration as a result of any purchases we require you to make.

At this time, there are no organized purchasing or distribution cooperatives although local or regional advertising cooperatives may be formed in the future. We and our affiliate currently negotiate purchase arrangements with suppliers (including price terms) for food products, equipment, and signage. In doing so, we and our affiliate seek to promote the overall interests of the System and company-owned Restaurants and our interests as the franchisor. We do not provide

material benefits to you (for example, renewal or granting additional franchises) for purchasing particular products or services or using particular suppliers.

Gift Card Program

Freddy's currently has a gift card program. FFC, our affiliate, manages the gift card program and Shared Valued Solutions, Inc. provides payment services under the program. You are required to sell and accept gift cards. Gift cards are processed in the same manner as existing credit and debit cards using the computer systems described in Item 11 under the heading "Computer Systems." If you sell gift cards, you are permitted to exclude from your calculation of Gross Receipts all proceeds from the sale of gift cards, and therefore the proceeds are not subject to the franchise royalty and marketing fund fees. However, both franchise royalty and marketing fund fees must be paid on all gift card redemptions. We may elect to participate in one or more wholesale gift card programs pursuant to which a third-party vendor sells gift cards through various distribution channels. As part of these programs, when these gift cards are redeemed at both company-owned and franchisee-owned Restaurants, the owner of such Restaurant may be reimbursed less than the full purchase value of the gift card redemption transaction. The future unused funds on consumers' Freddy's gift cards, if any, are currently held as a liability by FFC, as the manager of the gift card program, and may be recognized by FFC as income in the future.

Lease Requirements

The License Agreement requires that after we have approved a proposed site for a Restaurant we must approve the lease terms before the signing of a lease for the Restaurant. In order to be approved by us, the lease must include or you and your landlord must sign an addendum to the lease on our then-standard addendum to lease agreement that contains provisions (i) authorizing us to enter the leased premises and make any modifications necessary to protect the Marks, (ii) granting us the right (but not the duty) to assume the lease if you are in default under the terms and provisions of the lease and/or if the License Agreement expires or is terminated, and (iii) requiring concurrent notice from your lessor to us of any lease default or termination.

Marketing Materials

All your marketing and promotion in any manner or medium must be factual, ethical, and in good taste in our judgment and must conform to our specified standards and requirements. You must submit to us for our prior approval samples of all advertising or promotional plans and materials that you desire to use and that have not been prepared or previously approved by us (except for prices to be charged). The request for approval must be made to us electronically through our marketing service desk platform, and we will provide our approval or disapproval through the platform. If you do not receive disapproval within 15 days from our receipt of your plans and materials, we will be deemed to have rejected the materials. You may not use any marketing or promotional materials that we have not prepared or approved. See Item 11 of this Disclosure Document for more information concerning advertising and promotional requirements.

Insurance

You must furnish us copies of certain insurance policies required by the License Agreement, and other evidence of insurance coverage and payment of premiums as we may

request. If you fail to obtain and maintain the required insurance, we may procure the insurance and you must reimburse us for the cost of insurance and our expenses. Currently, we require the following insurance:

Comprehensive general liability insurance, including product liability, completed operations, and independent contractors' coverage, and comprehensive automobile liability coverage for both owned and non-owned vehicles, and hired automobiles naming Freddy's and its officers, directors and employees as additional insureds	\$1, 000 <u>500</u> ,000

ITEM 11

FRANCHISOR'S ASSISTANCE, ADVERTISING, COMPUTER SYSTEMS, AND TRAINING

Except as listed below, Freddy's is not required to provide you with any assistance.

Our Obligations Prior to Opening

Before you open your Restaurant, Freddy's will:

- 1. Grant you rights to establish a specific number of Restaurants within an Assigned Area-<u>if you sign a Development Agreement.</u> (Development Agreement Section I.A)
- 2. Provide you with electronic access to a Construction Manual containing site selection guidelines, prototype plans, and specifications (not for construction) for a typical Restaurant (Development Agreement Section V.A). Leased space varies in size and configuration, and you may have to have more detailed plans or blueprints prepared at your expense dependent upon the location and local ordinances. As of the effective date of this Disclosure Document, the Construction Manual has a total of 502 pages, and its table of contents is set forth in Exhibit K.
- 3. Provide on-site evaluation of your site if we deem it necessary after we receive your market feasibility study for the site. (Development Agreement Section V.A)
- 4. Approve or disapprove the site and site layout for the Restaurant and determine your Assigned Territory for the Restaurant. (Development Agreement Section III.B and License Agreement Sections 1.2, and 4.1) A discussion of the selection of your site for the Restaurant appears later in this Item 11 under the caption "<u>Site Selection</u>."
- 5. Not unreasonably withhold our approval of the lease terms for the site of the Restaurant. (Development Agreement Section III.B and License Agreement Sections 4.2 and 4.3)

National Marketing Fund

We administer the National Marketing Fund (the "Marketing Fund"), which may be used by us to meet any and all costs of developing and preparing national, regional, point of sale, and local advertising materials for use within the System, including, without limitation, costs associated with developing, preparing, directing, administering, maintaining, and disseminating advertising, marketing, promotional, and public relations materials; website and social media platform development and maintenance; development, implementation and maintenance of search engine optimization strategies; conducting marketing research; maintaining a sales and marketing staff and related expenses; and preparing, producing, broadcasting, and disseminating advertising and promotions, including, without limitation, online, radio, television, newspaper, and magazine advertising, market surveys, public relations activities, and employment of advertising agencies. We may receive payment from the Marketing Fund for providing goods or services to the Marketing Fund. We will choose and determine the nature, theme, and timing of advertising and the kind and quality of advertising materials to be provided to System licensees through the Marketing Fund. The advertising may be disseminated via any channel at our discretion including digital media, traditional media, sponsorships and public relations.

As of the issuance date of this disclosure document, the current required Marketing Fund contribution is 1.5% of your Gross Receipts. Upon 30 days' notice from us we may change the amount required to be paid into the Marketing Fund but your maximum monthly contribution to the Marketing Fund may not exceed 3.0% of your Gross Receipts (for License Agreements entered into prior to March 1, 2016 and License Agreements executed into in connection with Development Agreements entered into prior to March 1, 2016, the maximum monthly contribution to the Marketing Fund may not exceed 0.5% of Gross Receipts unless they have been amended). We may increase the amounts required to be paid into the Marketing Fund above 3.0% with an affirmative vote by 66% of all then-existing company-owned and franchisee-owned Restaurants or by an affirmative vote by 51% of the then-existing franchisee-owned Restaurants. Voting will be by a system of one vote per eligible Restaurant. We have no obligation to use such payments or income earned from such payments exclusively for these purposes, and we will not have the obligation to maintain the payments or income in an account separate from our other funds. Our affiliates will make contributions to the Marketing Fund at the same percentage of Gross Receipts required of franchisees within the System. Our franchisees' contribution rates to the Marketing Fund may vary depending on when their License Agreements were signed and whether the Restaurants are located at non-traditional sites.

We will direct all expenditures of the Marketing Fund through an in-house advertising department and/or our designee, a national or regional advertising agency, all advertising and promotional programs and activities, with sole discretion over the concepts, materials, and media used in these programs and activities and the placement and allocation thereof. We may spend on behalf of the Marketing Fund, in any fiscal year an amount greater or less than the aggregate contribution of all Restaurants to the Marketing Fund in that year, and the Marketing Fund may borrow from us or others to cover deficits or invest any surplus for future use. Any surplus in the Marketing Fund for a given year will be carried over to subsequent years. Marketing Fund contributions will not be principally used to sell additional franchises. We will not prepare and you have no right to require or review statements of monies collected and costs incurred by the Marketing Fund. (License Agreement - Section 8.3)

Expenditures by the Marketing Fund may not be proportionate or equivalent to contributions to the Marketing Fund by Restaurants operating in that geographic area. You or your Restaurant may not benefit directly or in proportion to your contribution to the Marketing Fund. Neither we nor the Marketing Fund shall be liable to you for the maintenance, direction, or administration of the Marketing Fund, including for contributions, expenditures, investments, or borrowings. Although we may (but are not required to) seek your input as to the expenditures and administration of the Marketing Fund, we have the sole discretion as to the Marketing Fund's expenditures and administration. (License Agreement - Section 8.3)

The Marketing Fund is not audited. During the fiscal year ended December 27, 202325, 2024, the Marketing Fund spent 49.545% of its funds on the placement of advertisements, 15.7% on general and administrative expenses, 13.817% on marketing technology fees and expenses, 10.12% on promotional materials promotions and production expenses, 8% on ereative fees, public relations and guest experience/recovery creative, 2% on brand research, and 1% on charitable giving miscellaneous marketing expenses.

We do not currently have an advertising council composed of franchisees.

Local and Regional Advertising Cooperatives

We can designate geographical areas to establish local or regional advertising cooperatives ("Cooperatives") for the System. Each Cooperative will be organized for the exclusive purpose of administering local and regional advertising programs and developing, subject to our approval, promotional materials for use by members in local advertising. No Cooperatives have yet been established. Each Cooperative will be organized and governed in a form and manner as we shall approve, with each member entitled to one vote for each Restaurant owned by the member included in the Cooperative. Cooperatives will operate under written governing documents which will be available for review by any member of the Cooperative. These governing documents may not be modified without our prior consent. The party responsible for administration of the Cooperatives may vary from Cooperative to Cooperative and may be us or our affiliate. We have the power to require Cooperatives to be formed, changed, dissolved, and merged. Cooperatives will prepare an annual unaudited statement of monies collected and costs incurred by the Cooperative and will furnish it to its members upon request. You must contribute to any Cooperative of which you are a member the amounts determined by the membership of the Cooperative up to 2.0% of your Gross Receipts. We and our affiliate will, for each of our company-owned Restaurants, make contributions to any applicable Cooperative at the same percentage of Gross Receipts as is required of franchisees within the Cooperative. (License Agreement - Section 8.4) Other than the Marketing Fund and Cooperatives, you are not required to contribute to any other advertising funds.

Other Advertising Information

In addition to the Marketing Fund and Cooperatives, you must do certain local advertising which includes grand opening advertising in a minimum amount of \$2,500, or, if we require, \$5,000, and we require you to spend up to 2.0% of Gross Receipts per year for media advertising and promotional materials. Your contributions to the Marketing Fund are not counted towards your yearly local advertising requirement. Your contributions to any Advertising Cooperatives are counted toward the 2.0% local advertising requirement. You must submit to us for approval all advertising materials that we have not prepared or approved. Within 15 days of your submission to us we will notify you whether your advertising materials have been approved. You must at all times comply with our instructions regarding the use of advertising materials, including modifying or ceasing to use these materials, whether or not we previously prepared or approved the materials. You must also submit periodic reports verifying your local marketing expenditures as requested by us. (License Agreement - Section 8.1)

You may not establish or maintain any presence on the internet, including any electronic or social media platform utilizing any of our Marks or featuring your Restaurant, including as part of any URL, domain name, website, meta-tag, download, application, blog, vlog, e-mail account, instant messaging account, texting identity, user-generated content, or any other identification of you or your Restaurant in any electronic medium. You must obtain telephone and related directory listings in the print and on-line directories that we specify. We have the option to mention your Restaurant in one or more locations in conjunction with our electronic presence on the internet and similar electronic media. (License Agreement - Section 8.2)

Point of Sale and Computer Systems

We have established standards requiring you to purchase or lease computer hardware and software capable of communicating with our computers and of recording and reproducing the types of information and reports we determine are appropriate for the operation of Freddy's Restaurants. These requirements include a computerized point of sale system and related software (License Agreement Section 6.7). Through our connections with your point of sale system, we will obtain independent access to your databases. Currently, we electronically receive your daily sales information, but there are no contractual limitations on our rights to obtain access and use your electronic information.

You are required to purchase through our approved vendors PAR Brink compatible point of sale hardware (consisting of terminals, kitchen controllers, interface devices, printers, network infrastructure hardware, and order confirmation boards) with PAR Brink point of sale software as well as a back office computer running Windows 11 Professional or Enterprise and Microsoft Office 365. Our suppliers and approved vendors may charge set-up and installation fees as well as charges for freight and handling. We estimate that it will cost \$33,50030,102 to \$102,50099,066 to purchase and install these systems. We are not obligated to install, configure, support, maintain, or update the hardware, software, or other systems for you.

We may adopt upgraded, updated, substitute, or other computer software and hardware system standards and you will be obligated to comply with our then current standards. There is no contractual limitation on the frequency or cost of computer system upgrades and updates. The estimated annual range of costs for computer and POS system upgrades is \$1,000 to \$10,000. We may, but have no obligation to, assist you in obtaining the computer goods and services described in this Item.

Site Selection

The Development Agreement grants you an Assigned Area within which to establish and operate Restaurants at specific locations, each to be designated in a separate License Agreement. You must timely complete the development schedule in the Development Agreement, but otherwise there is no specified time limit in which you must locate your site for the Restaurant. Before the acquisition by lease or purchase of any site for a Restaurant, you must submit to us, in the form we specify, a description of the site, a market feasibility study for the site, and other information and materials as we may reasonably require, together with evidence satisfactory to us which confirms your favorable prospects for obtaining a site. We will have 30 days after the receipt of this information from you to approve or reject, in our sole discretion using our then-current standards, the site as the location for the Restaurant. If we do not approve the site within the 30 days, the site will be deemed rejected by us. Within 45 days after site approval by us, you must (i) sign a lease (if the premises are to be leased) after our prior written approval of the lease terms, which approval will not be unreasonably withheld, or complete the purchase of the site, and (ii) sign a License Agreement for the approved site. (Development Agreement - Section III.B)

Similarly, if you desire to operate a single site and sign a License Agreement before the acquisition by lease or purchase of any site for a Restaurant, you must submit to us, in the form we specify, a description of the site, a market feasibility study for the site, and other information

and materials as we may reasonably require, together with evidence satisfactory to us which confirms your favorable prospects for obtaining a site. We will have 30 days after the receipt of this information from you to approve or reject, in our sole discretion, the site as the location for the Restaurant. If we do not approve the site within the 30 days, the site will be deemed rejected by us. Within 45 days after site approval by us, you must sign a lease (if the premises are to be leased) after our prior written approval of the lease terms, which approval will not be unreasonably withheld, or a binding agreement to purchase the site.

The factors we consider in approving or rejecting a proposed site will include, without limitation, market demographics, the general location and neighborhood, visibility and access from major traffic arteries, available parking, physical characteristics of existing buildings, competing businesses, lease terms, and proximity to restaurants and other commercial activities. Our approval of the site (and the lease or purchase agreement for the site) does not in any way guarantee that the site will become a profitable Restaurant.

If you have signed a Development Agreement and we fail to agree on a site, you will be in default under the Development Agreement. The Development Agreement and License Agreement contemplate that, following site approval by us, the License Agreement will be signed contemporaneously with the signing of a lease or binding agreement to purchase the site (Development Agreement Article III).

Time from Agreement to First Opening

You must request and receive our approval of the proposed site and layout before commencing construction on the Restaurant. You must construct and open the Restaurant under the time sequence specified in the License Agreement. (License Agreement - Sections 4.1, 4.2, 4.3, 4.6, and 4.7) We estimate that the approximate length of time required for site location will range from 30 days to 180 days. Site approval will typically be provided within 7 to 30 days of submission. After signing the License Agreement, you must complete construction, order and install furniture, furnishings, and interior decor, hire and train personnel, and meet our training program requirements. We estimate that the length of time from signing a License Agreement to the opening of the Restaurant will generally be 6 to 12 months. These estimated time schedules will not be uniform for all franchisees. The time in which these steps are to be accomplished may vary based on the location of the Restaurant, negotiations between us concerning the schedule to be established, and other matters, including the ability to obtain a lease, financing, or building permits, zoning and local ordinances, weather conditions, shortages, or delayed delivery or installation of equipment, fixtures, and signs. The License Agreement requires you to diligently pursue the completion of the Restaurant premises in accordance with the plans and specifications in order for the Restaurant to be ready to open for business within one year after you sign the License Agreement – Section 4.6)

Franchisee Advisory Council

We have franchise advisory council ("Custard Council") currently made up <u>no more than</u> ten members consisting of franchisees elected by the franchisee body at large, franchises appointed by us, and our representatives. The Advisory Council meets twice a year to review plans and to discuss strategies, opportunities, accomplishments, challenges, ideas, and concerns, with a view toward advancing the interests of the Freddy's Frozen Custard & Steakburgers brand and franchise system as a whole. We will consider the Advisory Council's recommendations, but we have the sole right to accept or reject its recommendations. We have the right to change, modify or dissolve the Advisory Council.

ITEM 12

TERRITORY

The Development Agreement grants you an Assigned Area within which we will not establish, nor franchise anyone other than you to establish, any Restaurants before the expiration of the development schedule if you comply with all the terms and conditions of the Development Agreement. We generally identify the Assigned Area by one or more Designated Market Areas on the current Nielson Wall Map published by the A.C. Nielson Company, or as a state, city, county, or other political subdivision. The description of the territory will vary from area to area depending upon population densities, demographic trends, and other factors affecting a specific franchise area. Before the signing of the Development Agreement, the Assigned Area will be described by attaching a description of the area as an exhibit to the Development Agreement. The Assigned Area granted to each Developer in the System is subject to and may be limited by the Assigned Territory for each Restaurant.

Upon any default by you under the Development Agreement, at our option, we (in addition to other remedies) may reduce the number of options for Restaurants granted to you, reduce the size of the Assigned Area, or terminate the territory granted to you.

The License Agreement will grant an Assigned Territory where we will not establish another franchisee or company-owned Restaurant under the System. The Assigned Territory will be determined by our then-current standards and will generally be identified by a radius from a specific location (typically 2 miles), a particular standard metropolitan statistical area, or a city, county, or other political subdivision. The radius or other description of the territory may vary from Restaurant to Restaurant depending upon population densities, business districts, demographic trends, and other factors affecting a specific franchise location. Before signing the License Agreement, we will describe the Assigned Territory by inserting a description of the approved franchise location and your territory in the License Agreement. Relocation of a Restaurant requires our consent.

You must use the Restaurant premises solely for the operation of a Freddy's Restaurant. We condition your territorial exclusivity upon maintaining in effect the License Agreement by complying with its terms and not committing a default, but it does not depend upon achievement of a certain sales volume, market penetration, or other contingency.

You do not receive the right to acquire additional franchises within your Assigned Territory or otherwise. You can solicit customers from outside your Assigned Territory. Likewise, we, our affiliate, and other franchisees can solicit customers and accept orders within your Assigned Territory. However, you may only make over-the-counter sales and deliveries at retail to the ultimate consumer of the products you offer for sale at your Restaurant. You have no right to use other distribution channels to make sales away from your Restaurant location and may not do so at any time.

You will not receive an exclusive territory. You may face competition from other franchisees, from outlets that we own, or from other channels of distribution or competitive brands that we control. We do not have the right during the term of your Development Agreement or

License Agreement to establish restaurants or franchise another to establish Restaurants within your Assigned Area or your Assigned Territory, respectively. However, we reserve the right to: (1) award national or regional licenses to third parties to sell products under the Marks in foodservice facilities primarily identified by the third party's trademark within and outside the Assigned Area/Assigned Territory; (2) merchandise and distribute products, services or merchandise identified by some or all of the Marks within and outside the Assigned Area/Assigned Territory through any other method or channel of distribution including, but not limited, to sales made at retail locations, supermarkets, gourmet shops, and on the Internet; and (3) operate, and license others to operate, restaurants identified in whole or in part by the Marks and/or utilizing the System within and outside the Assigned Area/Assigned Territory that are located in airports, train stations, bus stations, service plazas, stadiums, arenas, convention centers, military facilities, schools, colleges, universities, hospitals, theme parks, office buildings, food courts, venues in which foodservice is or may be provided by a master concessionaire or contract foodservice provider, Indian reservations, casinos or any similar captive market location. We also have the right to develop and operate other restaurant systems that do not operate under the Marks, and we have the right to acquire or be acquired by another restaurant chain or system that may offer similar products and services to those that are offered in the Restaurants. We are not required to pay you if we exercise any of the rights specified above inside your Assigned Area/Assigned Territory.

ITEM 13

There are no currently effective material determinations of the United States Patent and Trademark Office, the Trademark Trial and Appeal Board, the trademark administrator of any state or any court. There are no pending infringement, opposition, or cancellation proceedings involving the Marks nor is there any pending material litigation involving the Marks.

We claim common-law rights to our designs, logos, and trade dress items such as color schemes and appearance, but there have not been judicial determinations of the existence, validity, or extent of our rights.

There are no agreements currently in effect that significantly limit our rights to use or license the use of the principal Marks in any manner material to the franchise. You must follow our rules when you use our Marks. You cannot use our name or Marks as part of a corporate name or domain name, with or without modifying words, designs, or symbols. We do not know of any superior rights or infringing uses that could materially affect your use of our Principal Marks. Our research has disclosed, however, that several organizations throughout the country are using the words "Freddy's" alone and in combination with other words. Based on information we have been able to obtain, there may be some risk in the principal Marks' use, and as stated above, we have no obligation to protect your right to use the principal Marks or protect you against infringement claims. If we decide that it is advisable at any time for us and/or you to modify or discontinue using any of our Marks and/or to use one or more additional or substitute trade or service marks, you must comply with our directions within a reasonable time after receiving notice. We need not reimburse you for your expenses of changing the Restaurant's signs, for any loss of revenue due to any modified or discontinued Marks, or for your expenses of promoting a modified or substitute trademark or service mark. You also must not directly or indirectly contest our right to our Marks, trade secrets, or business techniques that are part of our business.

PATENTS, COPYRIGHTS AND PROPRIETARY INFORMATION

There are no patents that are material to the franchise. We claim copyright and trade secret protection of our Manuals and advertisement and promotional materials, although these materials have not been registered with the United States Registrar of Copyrights. These materials contain methods of operation and other information relevant to the operation of a Restaurant. We consider this information proprietary and confidential, we consider it to be our property, and you may use it only as provided in the License Agreement. You must implement our procedures to prevent the unauthorized use and disclosure of our proprietary information and to notify us immediately if there is any unauthorized use or disclosure of our proprietary information.

There currently are no effective determinations of the Copyright Office (Library of Congress) or any court regarding any of the copyrighted materials. There are no agreements in effect which significantly limit our right to use or license the copyrighted materials. Finally, there are no infringing uses actually known to us which could materially affect your use of the copyrighted materials in any state. We are not required by any agreement to protect or defend copyrights.

We will disclose to you confidential or proprietary information and trade secrets. You must sign a Confidentiality Agreement in the form attached to this Disclosure Document as Exhibit J (the "Confidentiality Agreement") before your review of our confidential and proprietary information to evaluate whether to purchase a franchise. Except as necessary for operation of the Restaurant and as we approve, neither you nor your officers, directors, partners, members, managers, or owners may, during the term or at any time after the expiration or termination of the License Agreement, regardless of the cause of termination, directly or indirectly, use for your own benefit or communicate or divulge to, or use for the benefit of any other person or entity, any trade secrets, confidential information, knowledge or know-how concerning the advertising, marketing, designs, plans, or methods of operation of the Restaurant or the System.

Upon our request, you must have your officers, directors, partners, members, managers, owners, and general managers sign a Covenant Agreement in the form attached to this Disclosure Document as Exhibit C (the "Covenant Agreement"). You may disclose to your employees only the confidential, proprietary, or trade secret information necessary to operate the business and then only while the License Agreement is in effect. All information and knowledge, including drawings, materials, equipment, marketing, and other data, which we designate as secret or confidential will be deemed secret and confidential under the License Agreement and the Covenant Agreement.

ITEM 15

OBLIGATION TO PARTICIPATE IN THE ACTUAL OPERATION OF THE FRANCHISE BUSINESS

We will grant the License Agreement to you in reliance on you and your principals' personal and collective business skills and financial capacity, and your rights and obligations may not be transferred without our written consent. You must remain ultimately responsible for the operation of the Restaurant in compliance with the License Agreement and should exercise oversight and be informed about the operations of the franchise, but you (or your chief operating officer, managing partner, or principal manager) are not required to take any specific role in day-to-day operations or to participate personally in direct operations on the premises, if you designate a general manager, who may be your employee, who shall devote full time and attention to the management and operation of the Restaurant. The general manager may be any qualified individual who attends and successfully completes our initial training program. The individual need not be one of your owners and does not need to have any equity interest if you are a corporation, partnership, or limited liability company. If, at any time for any reason, the general manager or managing owner no longer qualifies, you must promptly designate another general manager or managing owner subject to the same qualifications listed above and notify us.

Management responsibility includes, maintaining the highest standards of service, quality, and consistency; maintaining the Restaurant in the highest condition of sanitation, cleanliness, and appearance; and supervising employees to ensure that the highest standard of service is provided and to insure that your employees deal with customers, suppliers, us, and all other persons in a courteous and polite manner.

You are solely responsible for all employment decisions and functions for your Restaurant, including, without limitation, those related to hiring, firing, remuneration, compensation, personnel policies, training, benefits, insurance, compliance with wage and hour requirements, recordkeeping, and the supervision and discipline of employees. The people that you hire to work in your Restaurant will be your agents and employees. They are not our agents or employees and we are not a joint employer of those persons. You must clearly inform all workers, before hiring and periodically thereafter, that you, and not we, are their employer and that we do not assume and will not accept any employer, co-employer, or joint employer obligations.

If you are a corporation, partnership, or limited liability company, all owners of 5% or more of your ownership interests must personally guarantee your obligations under the License Agreement and Development Agreement by signing the Guaranty attached to each agreement. In

addition, your partners, owners, officers, directors, managers, and members must also agree to be personally bound by, and personally liable for the confidentiality and non-competition provisions of the License Agreement and/or Development Agreement, and sign the Covenant Agreement, and the Confidentiality Agreement, all as described in Item 14 and Item 17. Your owners must also agree to certain restrictions on the transfer of their ownership interests.

ITEM 16

RESTRICTIONS ON WHAT THE FRANCHISEE MAY SELL

You must operate the Restaurant in conformance with our standard specifications and techniques as contained in the Manuals, as amended by us in our sole discretion from time to time. As described in Items 8, 9, and 12, in order to promote substantial uniformity of quality and shared identity at all Restaurants, you must not offer for sale any product or service, or purchase, lease, install, or use any equipment, fixtures, furnishings, concept, supply, vending machine, building design or layout, color schemes or other item or service unless approved in writing by us as being in compliance with our standards and specifications and the franchise System. You must offer all of the products and services that we designate as required for all franchisees. We can change the types of authorized products and services that you must offer for sale. There are no limits on our right to do so. You must use the premises of the Restaurant solely for the purpose of operating a Freddy's Restaurant and to refrain from using the premises for any other purpose or activity. Restrictions on goods and services offered may also arise from License Agreement requirements that you comply with our high standards of quality and service, to refrain from deviating from our standards, or to otherwise operate in any manner adversely affecting the System, the Marks, and the goodwill associated with the System and the Marks, and to comply with the highest health standards applicable to the franchise Restaurant. You are not restricted regarding the customers you may solicit and we do not restrict your access to customers, but you may only make sales overthe-counter and by delivery at retail to the ultimate consumers of the products to be offered for sale by your Restaurant.

Table 9 excludes the results of onethree company-owned Restaurant that waswere not open for the entire 20232024 Fiscal Year.

TABLE 9 COST OF SALES, LABOR AND CONTROLLABLE EXPENSES OF COMPANY-OWNED RESTAURANTS FOR FISCAL YEAR 20232024			
Category	Percentage of Gross Receipts		
Cost of Sales	31.3 32.0%		
Labor with Benefits	30.8 <u>31.4</u> %		
Controllable Expenses	9.47%		

Item 19 Notes:

- 1. "Weekly Gross Receipts" means all gross revenue during each week of each 28-day operating period of every kind or nature related to the Restaurant, including all restaurant revenue posted whether it is collected or remains uncollected, all charges for other products, services, and facilities and vending machine receipts, and any amounts payable from insurance policies to compensate you for loss of the same, but excluding sales taxes or other taxes collected by you from customers for transmittal to appropriate taxing authorities. Weekly Gross Receipts do not include loyalty points earned or redeemed at Restaurant locations.
- 2. We compiled the Gross Receipts of the company-owned Restaurants on the basis of generally accepted accounting principles. The information presented is unaudited. All company-owned Restaurants use the same accounting methods and system.
- 3. The information presented for franchised Restaurants are the result of information included in royalty reports and other financial reports provided by the franchisees. We have not audited this information nor have we verified its accuracy.

- 4. The quartiles for Table Nos. 6, 7, and 8 were calculated by dividing the group of restaurants into four equal groups.
- 5. "Costs of Sales" includes all costs associated with food, beverage, and disposable paper and plastic, but does not include costs, including rental payments, associated with equipment, fixtures, or décor.
- 6. "Labor with Benefits" includes all salaries and wages paid to employees, payroll taxes, and short-term management performance incentive pay, and includes 100% employer paid health insurance, 401K with employer match, employer paid health savings account contribution, and any other employee benefits. Labor expenses do not include phantom stock bonuses, owners' draws or management expenses not directly attributable to a restaurant such as area manager's salary. We believe our robust benefit package, and management short-term and performance incentive pay plans reduce turnover and are integral to the operations of our restaurants.
- 7. "Controllable Expenses" includes maintenance, supplies, utilities, uniforms, bank and credit card fees, equipment rental, and other miscellaneous expenses. It does not include items such as fixed costs, advertising, professional and accounting fees, licenses, insurance, or taxes, nor does it include rent, other real estate costs, depreciation or amortization.
- 8. Because the company-owned Restaurants in Table No. 9 are not franchised Restaurants, they are not subject to royalty fees.
- 9. Based on our experience, the company-owned Restaurants experience seasonal fluctuations, with greater sales occurring during the months of April through October and lesser sales occurring during the months of November through March.
- 10. The information provided is based on a number of conditions and assumptions that may not be applicable to you. For example, each of the company-owned Restaurants for which information is provided is located in the Midwest. The costs of labor, including the pay scale, bonus plans, and other benefits you choose to provide your employees or that may be mandated by local law for the market in which your Restaurant would be located may or may not be comparable to these restaurants. Costs of inventory and supplies may or may not be comparable to those obtainable in the Midwest.
- 11. The information provided does not include certain non-recurring, opening, and pre-opening costs such as grand opening advertising; initial employee training; real estate acquisition costs/rent; real estate or leasehold improvements; computer and points of sale equipment and software; equipment, furniture, fixtures, and décor, signage and neon, opening inventory and supplies; insurance; utility deposits; licenses and business permits; other prepaid expenses; legal and other professional fees; and recruitment.
- 12. The financial performance representation figures do not reflect all of the costs or expenses that must be deducted from the Gross Receipts to obtain your net income or profit. You should conduct an independent investigation of the costs and expenses you will incur in operating your Restaurant. Franchisees or former franchisees, listed in the Disclosure Document, may be one source of information.

Some Restaurants have earned this amount. Your individual results may differ. There is no assurance that you'll earn as much.

We will provide you with written substantiation of the data used to prepare this financial performance representation upon your reasonable request.

Other than the preceding financial performance representation, Freddy's, L.L.C. does not make any financial performance representations. We also do not authorize our employees or representatives to make any such representations either orally or in writing. If you are purchasing an existing outlet, however, we may provide you with the actual records of that outlet. If you receive any other financial performance information or projections of your future income, you should report it to our management by contacting our Chief Financial Officer, Bill Valentas, at 3020 N.North Cypress Street, Suite 200, Wichita, Kansas 67226, 316-719-7800, the Federal Trade Commission, and the appropriate state regulatory agencies.

DEVELOPMENT AGREEMENT

	This Development Agreeme	ent (this "Agreemer	nt"), by and between	Freddy's, L.L.C., a
Kansas	limited liability company ("	'Licensor"), and	, a	("Developer"), is
entered	into on the date of execution	n by Licensor, as ind	licated below ("Effec	tive Date").

Recitals

- A. Licensor, as a result of the expenditure of time, skill, effort, and money has developed and owns a unique and distinctive system ("System") for the design, establishment, and operation of restaurants ("System Restaurants") under the name "Freddy's Frozen Custard & Steakburgers" (such name and such other trade names, service marks, trademarks, logos, emblems, and other indicia of origin as are now designated or may in the future be designated by Licensor in writing as part of the System, are hereinafter referred to as "Proprietary Marks"), in connection with the retail sale of food and beverage products.
- B. Developer wishes to obtain certain options to obtain licenses to establish and operate licensed System Restaurants ("Restaurants") within the geographic area described in Attachment "B" to this Agreement ("Assigned Area").

Agreement

In consideration of the foregoing and the promises contained in this Agreement, the parties agree as follows:

Section I. Grant

- A. <u>Grant</u>. Licensor hereby grants to Developer, pursuant to the terms and conditions of this Agreement, [____] options to obtain licenses to establish and operate Restaurants within the Assigned Area under Freddy's L.L.C. License Agreements (each a "License Agreement") pursuant to the development schedule set forth in Attachment "A" to this Agreement ("Development Schedule"). The Assigned Area granted to each Developer in the System is subject to and may be encroached by the territory assigned to each System Restaurant.
- B. <u>No Right to Operate System Restaurants</u>. This Agreement is not a License Agreement. This Agreement does not give Developer the right to operate System Restaurants under the System and the Proprietary Marks or the right to franchise or subfranchise others to operate System Restaurants. This Agreement only gives Developer the rights set out in Section I.A above. Developer shall not acquire any interest in any site for a Restaurant before obtaining Licensor's approval of the site pursuant to Section III below. Each Restaurant developed pursuant to this Agreement shall be established and operated only in strict accordance with a separate License Agreement.
- C. <u>Territorial Protection</u>. If Developer and its Affiliate(s) (as defined in Section I.E. below) are in compliance with this Agreement and all other agreements with Licensor, Licensor

itself shall not establish or operate, nor will it grant a license to any party to establish or operate, a System Restaurant in the Assigned Area prior to the expiration or termination of this Agreement.

- D. <u>Rights Reserved by Licensor</u>. Except as expressly granted to Developer in Section I.C., Licensor and its affiliates retain all rights with respect to the System and the Proprietary Marks, the sale of similar or dissimilar products and services, and any other activities Licensor deems appropriate whenever and wherever Licensor desires, including, but not limited to, the right to:
 - 1. Award national or regional licenses to third parties to sell products under the Proprietary Marks in foodservice facilities primarily identified by the third party's trademark within and outside the Assigned Area;
 - 2. Merchandise and distribute products, services or merchandise identified by some or all of the Proprietary Marks within and outside the Assigned Area through any other method or channel of distribution including, but not limited, to sales made at retail locations, supermarkets, gourmet shops, and on the Internet;
 - 3. Operate, and license others to operate, during the term of this Agreement, restaurants identified in whole or in part by the Proprietary Marks at any location outside of the Assigned Area;
 - 4. Operate, and license others to operate, after this Agreement terminates or expires, restaurants identified in whole or in part by the Proprietary Marks at any location within and outside the Assigned Area;
 - 5. Operate, and license others to operate, restaurants identified in whole or in part by the Proprietary Marks and/or utilizing the System within and outside the Assigned Area that are located in airports, train stations, bus stations, service plazas, stadiums, arenas, convention centers, military facilities, schools, colleges, universities, hospitals, theme parks, office buildings, food courts, venues in which foodservice is or may be provided by a master concessionaire or contract foodservice provider, Indian reservations, casinos or any similar captive market location; and
 - 6. Operate, and license others to operate, at any location within and outside the Assigned Area, during the term of this Agreement or after this Agreement terminates or expires, any type of restaurant other than a restaurant identified in whole or in part by the Proprietary Marks.
- E. <u>Definition of Affiliate</u>. For purposes of this Agreement, the term "Affiliate" in regard to Developer means any corporation, partnership, limited liability company or partnership, association, trust or other organization or individual which, directly or indirectly, controls, is controlled by, or is under common control with, Developer. For purposes of the preceding sentence, "control" (including, with correlative meanings, the terms "controlled by" and "under common control with"), as used with respect to any entity or organization, shall mean the possession, directly or indirectly, of the power (i) to vote more than 10% of the securities having ordinary voting power for the election of directors of the controlled entity or organization, or (ii) to

direct or cause the direction of the management and policies of the controlled entity or organization, whether through the ownership of voting securities or by contract or otherwise.

- F. <u>Best Efforts</u>. Developer agrees that it will at all times faithfully, honestly and diligently perform its obligations under this Agreement, that it will continuously exert its best efforts to the development of the Restaurants and that it will not engage in any other business or activity that may conflict with its obligations under this Agreement, except the operation of other System Restaurants.
- G. <u>Forms of Agreement</u>. Developer acknowledges that, over time, Licensor has entered, and will continue to enter, into agreements with other System developers that may contain provisions, conditions and obligations that differ from those contained in this Agreement. The existence of different forms of agreement and the fact that Licensor and its affiliates and other System developers may have different rights and obligations does not affect the duties of the parties to this Agreement to comply with the terms of this Agreement.

Section II. <u>Development Fee</u>

In consideration of the development rights granted in this Agreement, Developer shall pay to Licensor upon execution of this Agreement a development fee in the amount of Fifteen Thousand US Dollars (\$15,000) multiplied by the number of Restaurants Developer agrees to develop in the Assigned Area (the "Development Fee") and a deposit in the amount of Twenty Thousand US Dollars (US\$20,000) towards the License Fee for the first Restaurant that Developer will develop under the Development Agreement (the "License Fee Deposit"). The Development Fee and the License Fee Deposit paid by Developer are recorded on Attachment "A" to this Agreement and are each nonrefundable and fully earned by Licensor upon execution of this Agreement for administrative and other expenses incurred by Licensor and for the development opportunities lost or deferred as a result of Licensor's entering into this Agreement with Developer. Licensor shall apply a credit in the amount of the Development Fee paid for each Restaurant developed under this Agreement in the amount of Fifteen Thousand US Dollars (\$15,000) against the license fee due and owing by Developer under the terms of the License Agreement for the applicable Restaurant (the "Development Fee Credit"). Licensor shall apply the Development Fee Credit and the License Fee Deposit towards the license fee due and owning by Developer under the terms of the License Agreement for the first Restaurant developed by Developer under this Agreement.

Section III. <u>Development Schedule and Manner of Exercising Options</u>

A. Development Schedule.

1. Developer shall develop new Restaurants in the Assigned Area in accordance with the Development Schedule. Developer must open and have in continuous operation during the term of this Agreement, the specified number of Restaurants that is detailed in the Development Schedule. Developer shall select the specific site for each Restaurant in accordance with Section III.B below. Failure by Developer to have exercised its options within the time specified in the Development Schedule shall constitute a default under this Agreement. Developer agrees to use its best efforts to meet the Development

Schedule. Developer shall be in default of this Agreement if Developer fails to have in operation the minimum number of new Restaurants and the cumulative minimum number of open and operating Restaurants required by the Development Schedule.

- 2. During the term of this Agreement, Licensor may, in its sole judgment, grant Developer an extension of a deadline for an option in the Development Schedule for a period of up to six (6) months. Developer must request an extension of the deadline at least thirty (30) days before the deadline date. If Licensor grants an extension of a particular deadline, the extension will not result in an extension of any additional deadlines in the Development Schedule. Licensor may consider a variety of factors in whether Licensor will grant an extension, including the diligence Developer has shown in developing the Restaurant(s). Developer must pay Licensor an extension fee in the amount of Ten Thousand Dollars (\$10,000) for each extension at the time of the extension request to compensate Licensor for its costs, expenses and lost opportunities related to the proposed extension. Licensor will deem each extension request granted and the extension fee fully earned and non-refundable unless Licensor notifies Developer otherwise within fifteen (15) days after receipt of the extension request, in which event Licensor will refund the extension fee.
- B. <u>Site Selection.</u> Prior to the acquisition by lease or purchase of any site for a Restaurant in the Assigned Area, Developer shall submit to Licensor in the form specified by Licensor a description of the site, a market feasibility study for the site, and such other information or materials as Licensor may reasonably require, together with a letter of intent or other evidence satisfactory to Licensor which confirms Developer's favorable prospects for obtaining the site. Licensor shall have thirty (30) days after receipt of such information and materials from Developer to approve or disapprove, in its sole discretion using its then-current standards, the site as the location for the Restaurant. In the event Licensor does not approve the site by written notice to Developer within such thirty (30) days, such site shall be deemed rejected by Licensor.
 - 1. Within forty-five (45) days of site approval by Licensor (or within such additional period as may be agreed upon between the parties in the event that, after diligent good faith efforts, Developer is unable to complete the requirements of this Section III.B on a timely basis due to events beyond Developer's reasonable control), Developer shall execute a lease (if the premises are to be leased) after obtaining Licensor's prior written approval of the lease terms, which approval shall not be unreasonably withheld, or complete the purchase the site, and a License Agreement relating to the approved site. No extension to such forty-five (45) day requirement shall extend the time periods specified in the Development Schedule for the exercise of options by Developer.
 - 2. The lease or purchase agreement for the proposed site must not contain any provision that is inconsistent with or interferes with the performance of any provision of the License Agreement for the Restaurant, which in the case of leases will require provisions in the lease or addendum to lease on Licensor's then-standard form of addendum to lease agreement, which is attached as Attachment "F" to this Agreement, or as otherwise specified by Licensor in writing, the terms of which may include (i) authorizing Licensor to enter the premises and make any modifications necessary to protect the Proprietary Marks, (ii) granting to Licensor the right (but not the duty) to assume the lease if Developer

is in default under the terms and provisions of the lease and/or if the License Agreement expires or is terminated, (iii) requiring concurrent notice from the lessor to Licensor of any lease default or termination, and (iv) providing for a term of at least fifteen (15) years including option periods.

- 3. Developer acknowledges that Licensor's approval of the site (and the lease or purchase agreement for the site) does not in any way guarantee that the site will become a profitable Restaurant. Developer expressly acknowledges that Licensor's approval of the site (and the lease or purchase agreement of the site) shall not be deemed to be or construed as a warranty or guarantee, express or implied, as to the potential volume, profits, or success of the Restaurant to be located on the site.
- C. <u>License Agreements</u>. The operation of each Restaurant shall be governed by the terms and conditions of the License Agreement for that Restaurant. Before opening each Restaurant, Developer shall (i) complete, sign and transmit to Licensor a License Agreement; (ii) prepare the Restaurant for operations as required by the License Agreement; and (iii) comply with all initial training, insurance obligations and other pre-opening obligations for a Restaurant as required by the License Agreement. The form of License Agreement that Developer (or its Affiliate) will sign for each Restaurant is attached to this Agreement as Attachment "F".

Section IV. Term

Unless sooner terminated in accordance with the terms of this Agreement, the term of this Agreement and all rights granted under this Agreement shall expire on the earlier of the date of Licensor's acceptance and execution of a License Agreement for the last of the Restaurants to be established pursuant to the Development Schedule or the deadline for that last Restaurant as set forth in the Development Schedule.

Section V. Duties of the Parties

A. Licensor's Duties. Licensor shall furnish to Developer the following:

- 1. Electronic access to a Construction Manual (as may be established or amended from time-to-time by Licensor), on loan, setting forth site selection guidelines and containing a set of prototype plans and specifications (not for construction) for a System Restaurant.
- 2. Such on-site evaluation as Licensor deems advisable in response to Developer's request for site approval; provided, however, Licensor shall not provide on-site evaluation for any proposed site prior to its receipt from Developer of a market feasibility study for such site prepared by Developer pursuant to Section III.B of this Agreement. If on-site evaluation is deemed necessary and appropriate by Licensor (on its own initiative or at Developer's request), Developer shall reimburse Licensor for all reasonable expenses incurred by Licensor in relation to such on-site evaluation, including, without limitation, the cost of travel, lodging, and meals.

- B. <u>Developer's Duties</u>. Developer accepts the following obligations:
- 1. Developer shall comply with all terms and conditions set forth in this Agreement.
- 2. Developer shall at all times preserve in confidence the Construction Manual and any and all materials and information furnished or disclosed to Developer by Licensor and designated by Licensor as confidential, and Developer shall disclose such information or materials only to such of its employees or agents who must have access to it in connection with their employment. Developer shall not at any time, without Licensor's prior written consent, copy, duplicate, record, or otherwise reproduce the Construction Manual or other materials or information, in whole or in part, nor otherwise make the same available to any unauthorized person.
- 3. Developer shall comply with all requirements of federal, state, and local laws, rules, and regulations.
- 4. If Developer is at any time a corporation, limited liability company, or partnership, Developer agrees and represents that:
 - a. Developer has the authority to execute and deliver this Agreement and to perform its obligations hereunder and is duly organized or formed and validly existing in good standing under the laws of the state of its formation or organization;
 - b. Developer's organizational documents or partnership agreement will recite that the issuance and transfer of the ownership interests of Developer are restricted by the terms and conditions of this Agreement, and all certificates and other documents representing an ownership interest in Developer will bear a legend referring to the restrictions of this Agreement;
 - c. Attachment "C" to this Agreement will completely and accurately describe all of the owners of Developer and their interests in Developer. Developer and its owners agree to sign and deliver to Licensor such revised Attachment "C" as may be necessary to reflect any changes in the information contained therein and to furnish such other information about Developer's organization or formation as Licensor may request;
 - d. Each of the following persons will sign a guaranty ("Guaranty") in the form that Licensor prescribes undertaking to be bound jointly and severally by all provisions of this Agreement and a material breach of such Guaranty shall be deemed a material breach of this Agreement: (i) all holders of a beneficial interest of five percent (5.0%) or more of the securities of Developer, and of any corporation directly or indirectly controlling Developer, if Developer is a corporation; (ii) the general partners and any limited partners (including any corporation or other entity, and the holders of a beneficial interest of five percent (5.0%) or more of the

securities of any corporation or other entity which controls, directly or indirectly, any general or limited partner), if Developer is a partnership; (iii) the managers and members (including any corporation or other entity, and the holders of a beneficial interest of five percent (5.0%) or more of the securities of any corporation or other entity which controls, directly or indirectly, any member or manager), if Developer is a limited liability company. Licensor's current form of Guaranty is attached to this Agreement as Attachment "D"; and

e. Developer shall furnish Licensor with its articles or certificate of incorporation or organization, bylaws, operating agreement, and partnership or limited liability documentation or similar organization documents, and any other documents Licensor may reasonably request, and any amendments thereto.

Section VI. <u>Default and Termination</u>

- A. <u>Default</u>. The options and territorial rights granted to Developer in this Agreement have been granted in reliance on Developer's representations and assurances, among others, that the Development Schedule will be met by Developer in a timely manner. If Developer, or any Affiliate of Developer, fails to comply with the Development Schedule, fails to comply with any other terms and conditions of this Agreement, any individual License Agreement, any other development agreement or any other agreement between Developer and Licensor, or makes or attempts to make a transfer or assignment in violation of Section VII.B of this Agreement, such action shall constitute a default under this Agreement. Upon such default, Licensor, in its discretion, may, without giving Developer prior notice or the right to cure any such default, do any one or more of the following:
 - 1. Terminate this Agreement and all rights granted under this Agreement without affording Developer any opportunity to cure the default, effective immediately upon Developer's receipt of written notice from Licensor;
 - 2. Reduce the number of options granted Developer in Section I.A and the Development Schedule of this Agreement;
 - 3. Reduce the size of the Assigned Area; or
 - 4. Modify or terminate the scope of the territorial protection granted Developer in Section I.B of this Agreement.
- B. Termination without Notice. Developer shall be deemed in default under this Agreement, and all rights granted in this Agreement shall automatically terminate without notice, if Developer is adjudicated a bankrupt, becomes insolvent, suffers temporary or permanent court-appointed receivership of substantially all of Developer's property, makes a general assignment for the benefit of creditors, or suffers the filing of a voluntary or involuntary bankruptcy petition which is not dismissed within ninety (90) days after filing.

- C. <u>Effect of Expiration or Termination.</u> Upon expiration or termination of this Agreement (regardless of the reason for termination):
 - 1. All remaining options shall be null and void. Developer shall have no right to establish or operate any Restaurant for which a License Agreement has not been executed by Licensor;
 - 2. The territorial rights granted Developer in the Assigned Area shall terminate, and Licensor shall have the right to operate or license others to operate System Restaurants anywhere in the Assigned Area;
 - 3. Developer promptly shall return to Licensor the Construction Manual, any copies of the Construction Manual and all other materials and information furnished by Licensor or its affiliates, except materials and information furnished with respect to a Restaurant which is open and operating pursuant to an effective License Agreement;
 - 4. Developer immediately shall pay Licensor and its affiliates all sums due and owing Licensor or its affiliates pursuant to this Agreement. In the event of termination for any default of Developer, such sums shall include payment of all damages, costs, and expenses, including reasonable attorneys' fees, incurred by Licensor as a result of the default; and
 - 5. Licensor shall retain the Development Fee.
- D. <u>No Default of License Agreements</u>. No default under this Development Agreement shall constitute a default under any License Agreement between Licensor and Developer or one of its Affiliates.
- E. <u>Rights and Remedies not Exclusive.</u> No right or remedy herein conferred upon or reserved to Licensor is exclusive of any other right or remedy provided or permitted by law or equity.
- F. <u>Survival of Obligations.</u> This Section VI and all covenants, obligations, and agreements of Developer which by their terms or by reasonable implication are to be performed, in whole or in part, after the termination or expiration of the term of this Agreement, shall survive such termination or expiration.

Section VII. Transferability

- A. <u>Transfer by Licensor</u>. Licensor shall have the right to transfer all or any part of its rights or obligations in this Agreement to any person or legal entity.
- B. <u>Transfer by Developer</u>. The rights and duties set forth in this Agreement are personal to Developer and are granted in reliance on the individual and collective business skill, financial capacity, and personal character of Developer and its principals. Accordingly, neither Developer nor any individual, partnership, corporation, or other legal entity which directly or indirectly owns any interest in Developer, shall sell, assign, transfer, convey, give away, pledge, mortgage, or otherwise encumber any interest in this Agreement or in Developer.

Section VIII. Confidentiality and Covenants

A. <u>Confidentiality</u>. Developer acknowledges and agrees as follows:

- 1. Licensor possesses certain confidential information, including, without limitation, the design of the System Restaurants, methods of operation and service at System Restaurants, secret recipes, methods of preparation, and service of food products sold at System Restaurants, knowledge of sales and profit performance at any one or more System Restaurants, knowledge of test programs, concepts, or results relating to new menu items, and advertising and promotional programs, sources of food products and suppliers of equipment, advertising, promotion and marketing techniques, the selection and training of restaurant managers and, in general, methods, techniques, formulas, formats, specifications, procedures, information systems and knowledge, in the operation and licensing of System Restaurants. All of the foregoing are hereinafter referred to as the "Trade Secrets."
- 2. Licensor will disclose the Trade Secrets to Developer in furnishing Developer with standard plans for System Restaurants, in the Construction Manual, by providing advice and consultation to Developer and in the performance of the Licensor's other obligations and the exercise of its other rights under this Agreement. Developer hereby agrees that all materials lent or otherwise made available to Developer by Licensor and all disclosures made to Developer including, without limitation, the Trade Secrets, Construction Manual, and other confidential commercial information identified as such by Licensor are trade secrets of Licensor and Licensor's confidential and proprietary information and shall be kept confidential and used by Developer only in the development of the Restaurants. Developer will not, nor permit anyone else to, reproduce, copy, or exhibit any portion of the Construction Manual, Trade Secrets, or any other confidential or proprietary information received from Licensor. Developer shall not divulge any such Trade Secrets to any person other than Developer's employees and then only to the extent necessary for the development of the Restaurants.
- 3. Developer shall acquire no interest in the Trade Secrets, other than the right to utilize them in the development of the Restaurants during the term of this Agreement. The use or duplication of the Trade Secrets in any other business will constitute an unfair method of competition. The Trade Secrets are proprietary and are disclosed to Developer in confidence and solely on the condition that Developer agrees, and Developer hereby agrees that Developer (i) will not use the Trade Secrets in any other business or capacity; (ii) will maintain the absolute confidentiality of the Trade Secrets during and after the term of this Agreement; (iii) will not make unauthorized copies of any portions of the Trade Secrets disclosed in written form, including, without limitation, any plans, the Construction Manual, and any bulletins or supplements and additions thereto; and (iv) will operate and implement all reasonable procedures prescribed from time to time by Licensor to prevent the unauthorized use and disclosure of the Trade Secrets. Developer shall immediately notify Licensor of any unauthorized use of disclosure of the Construction Manual or any of the Trade Secrets or if the Construction Manual or any other manuals or materials containing any Trade Secrets are lost or stolen.

4. The foregoing restrictions on Developer's disclosure and use of Trade Secrets shall not apply to information, processes, or techniques that are or become generally known and used by other similar restaurants, other than through disclosure (whether deliberate or inadvertent) or other breach by Developer, and disclosure of Trade Secrets in judicial or administrative proceedings to the extent that Developer is legally compelled to disclose such information, provided, Developer shall have used its best efforts, and shall have afforded Licensor the opportunity, to obtain an appropriate protective order or other assurance satisfactory to Licensor of confidential treatment for the information required to be so disclosed.

B. Covenants.

- 1. During the term of this Agreement, Developer shall not compete, or be associated, directly or indirectly, as an owner, officer, director, employee, consultant, or otherwise, in any Competitive Business (as defined below) located within the United States of America. For a period of two (2) years after any transfer, the expiration of this Agreement, or the termination of this Agreement for any reason, Developer shall not compete, or be associated, directly or indirectly, as an owner, officer, director, employee, consultant, or otherwise, in any Competitive Business that is located within (i) the Assigned Area, (ii) the Designated Market Area or Areas identified by the then-current Nielsen Wall Map published by the A.C. Nielson Company ("DMA"), in which the Assigned Area is located, or (iii) the DMA of any other System Restaurant then existing.
- 2. The term "Competitive Business" shall mean any retail food establishment (including, but not limited to, any restaurant or ice cream, custard, or yogurt parlor or shop) (a) that offers for sale custard-style products or (b) in which any of the following categories (singly or in the aggregate) constitutes more than ten percent (10%) of its food revenues: (1) ice cream or yogurt or (2) ground-beef or hot dog sandwiches; provided, however, that passive ownership of less than five percent (5.0%) of the outstanding voting securities of a publicly held corporation (which for purposes of this Agreement means a corporation registered under the Securities Exchange Act of 1934) shall not be deemed a violation of this Section VIII.B. In the event the A.C. Nielson Company discontinues the publication of Nielson Wall Maps for any reason, Licensor shall have the right to designate an alternate generally recognized market identification resource for use in connection with this Section VIII.B.
- 3. Licensor acknowledges that Developer's owners and Affiliates are experienced restaurant operators and it is not the intent of the parties to limit Developer's or Developer's owners' and Affiliates' ability to continue operating the businesses they operate as of the Effective Date because of conflicts with such businesses and the System as its evolves. Therefore, the provisions of this Section VIII.B shall not apply to a business, including a Competitive Business that, as of the Effective Date, serves a food product that Licensor introduces as a menu item to System Restaurants after the Effective Date merely because of such introduction by Licensor.

C. Applicability to Third Parties.

- 1. Unless the context otherwise requires, the term "Developer" as used in this Section VIII shall include, individually and collectively, all partners, officers, directors, managers, members, and holders, directly or indirectly (and any partners, officers, or directors of any such holder), of any beneficial interest in Developer, and any immediate family members of any of such persons.
- At Licensor's request, Developer shall require and obtain execution of a covenant agreement in the form substantially similar to that attached hereto as Attachment "E", except for reasonable changes as may be necessary to comply with applicable law, from time to time (including a covenant agreement applicable upon the termination of a person's relationship with Developer), from any or all of the following persons: (i) all officers, directors, and holders of a beneficial interest of five percent (5.0%) or more of the securities of Developer, and of any corporation directly or indirectly controlling Developer, if Developer is a corporation; (ii) the general partners and any limited partners (including any corporation or other entity, and the officers, directors, and holders of a beneficial interest of five percent (5.0%) or more of the securities of any corporation or other entity which controls, directly or indirectly, any general or limited partner), if Developer is a partnership; and (iii) the managers and members (including any corporation or other entity, and the officers, directors, and holders of a beneficial interest of five percent (5.0%) or more of the securities of any corporation or other entity which controls, directly or indirectly, any member or manager), if Developer is a limited liability company. Failure by Developer to obtain execution of the covenant agreement required by this Section VIII.C, or to deliver such covenant agreement to Licensor, shall constitute a material breach of this Agreement.
- 3. Developer shall take all reasonable steps to require its employees to be bound by the confidentiality provisions of this Section VIII, and, if requested by Licensor, to be bound by the noncompetition provisions of this Section VIII. Upon Licensor's request, Developer shall promptly provide copies of all such agreements to Licensor.
- D. <u>Modification of Covenants</u>. In the event any provision of this Section VIII is deemed by a court of competent jurisdiction to be more restrictive than permissible at law or equity, then Developer agrees that the provisions of this Section VIII may be reformed and modified and enforced by such court to the maximum extent permissible under applicable law and principles of equity. Developer agrees that specific performance and injunctive relief are necessary and appropriate remedies for violations of this Section VIII and agrees to the enforcement of such remedies, but without prejudice to the right of Licensor to recover money damages, which are in no event a full and adequate remedy for such violations.

Section IX. Notices

A. Section X. Relationship of the Parties and Indemnity

- A. <u>Independent Contractor</u>. It is understood and agreed by Licensor and Developer that this Agreement does not create a fiduciary relationship between them; that Developer shall be an independent contractor; and, that nothing in this Agreement is intended to constitute either party an agent, legal representative, subsidiary, joint venturer, partner, employee, joint employer, or servant of the other for any purpose whatsoever. Neither this Agreement nor Licensor's course of conduct is intended, nor may anything in this Agreement (nor Licensor's course of conduct) be construed to state or imply that Licensor is the employer of Developer's employees and/or independent contractors, nor vice versa.
 - 1. Developer shall hold itself out to the public as an independent contractor developing the Restaurants pursuant to this Agreement. Developer agrees to take such reasonable actions as shall be necessary to that end.
 - 2. Developer understands and agrees that nothing in this Agreement authorizes Developer to make any contract, agreement, warranty, or representation on Licensor's behalf, or to incur any debt or other obligation in Licensor's name, and that Licensor assumes no liability for, nor shall be deemed liable by reason of, any act or omission of Developer in Developer's conduct under this Agreement, or any claim or judgment arising therefrom.
- B. <u>Indemnity</u>. Developer shall indemnify and hold Licensor harmless from and against any and all actual or threatened claims, penalties, assessments, regulatory proceedings, and litigation, including, without limitation, all costs and expenses and reasonable attorneys' fees

incurred by Licensor in connection therewith, arising from or out of the development of the Restaurants or any occurrence at any Restaurant premises, including, without limitation, claims, penalties, assessments, regulatory proceedings, and litigation arising in whole or in part out of the negligence or willful acts of Licensor or its agents, employees, directors, officers, or representatives and including any allegation that Licensor or another indemnified party is the employer, co-employer, or joint employer of Developer, its owners, or employees or otherwise responsible for Developer's acts or omissions relating to Licensee's employees (collectively, the "Claims"). Licensor shall have the option, at its sole discretion, to request Developer to undertake, in Licensor's name, the defense of any action relating to such Claims wherein Licensor is named as a defendant or otherwise made a party or to assume such defense with counsel satisfactory to Licensor. In either case, Developer shall remain responsible for paying Licensor's costs of defense and of any judgment or settlement in any such action. Developer's obligations to indemnify and hold Licensor harmless shall not be limited in any way by reason of any insurance which may be maintained by Licensor, nor shall Developer's performance of the obligation to maintain insurance relieve Developer of liability under this indemnity provision or be construed to be a limitation on the amount of Developer's indemnity obligations. Licensor's right to indemnity under this Agreement shall arise notwithstanding that joint or concurrent liability may be imposed on Licensor by statute, ordinance, regulation, or other law. Notwithstanding any provisions of this Section X.B to the contrary, Licensor shall have no right to indemnification for Claims arising solely out of Licensor's gross negligence or willful misconduct.

C. <u>Personnel Policies</u>. Developer acknowledges that the System and Licensor's System Standards do not include any personnel policies or procedures. If Licensor makes any sample personnel policies or procedures available, Developer alone will determine to what extent, if any, those policies or procedures might apply to its operations. Licensor neither dictates nor controls labor or employment matters for developers, franchisees, or their employees. Developer must clearly inform all workers, before hiring and periodically thereafter, that Developer, and not Licensor, is their employer and that Licensor does not assume and will not accept any employer, coemployer, or joint employer obligations.

Section XI. Approvals

- A. <u>Approvals</u>. Whenever this Agreement requires the prior approval or consent of Licensor, Developer shall make a timely written request to Licensor therefor; and, except as otherwise provided herein, any approval or consent granted shall be in writing. Licensor shall have no liability for withholding any consent or approval or for any delay or inaction in connection therewith, and the granting of any approval or consent shall not imply or constitute any representation, warranty, guaranty, or endorsement of the matter approved or consented to or an assumption of any liability in connection therewith.
- B. <u>No Warranties or Guarantees</u>. Licensor makes no warranties or guarantees upon which Developer may rely and assumes no liability or obligation to Developer or any third party to which it would not otherwise be subject, by providing any waiver, approval, advice, consent, or services to Developer in connection with this Agreement, or by reason of any neglect, delay, or denial of any request therefor.

Section XII. Non-Waiver

No failure of Licensor to exercise any power reserved to it in this Agreement or to insist upon compliance by Developer with any obligation or condition in this Agreement, and no custom or practice of the parties at variance with the terms of this Agreement, shall constitute a waiver of Licensor's rights to demand exact compliance with the terms of this Agreement. Waiver by Licensor of any particular default shall not affect or impair Licensor's right in respect to any subsequent default of the same or of a different nature, nor shall any delay, forbearance, or omission of Licensor to exercise any power or right arising out of any breach or default by Developer of any of the terms, provisions, or covenants of this Agreement, affect or impair Licensor's rights, nor shall such constitute a waiver by Licensor of any rights under this Agreement or rights to declare any subsequent breach or default.

Section XIII. Severability and Construction

A. <u>Severability</u>. Should any one or more parts of this Agreement be declared invalid for any reason by a court of competent jurisdiction, such decision shall not affect the validity of any remaining portions of this Agreement, which shall remain in full force and effect as if this Agreement had been executed without such invalid parts, except to the extent the absence of the provisions invalidated would frustrate or make it impossible to achieve the purposes for which this Agreement was made. Should the requirements of any applicable law or regulation change or modify the terms of this Agreement or conflict with its provisions, such change or modification shall not be applicable to this Agreement unless such change is lawfully mandated by the authority making the same, in which case only the provisions affected by such law or regulation shall be affected, and this Agreement shall otherwise remain in full force and effect, as modified to be consistent with such law or regulation.

B. Licensor's Discretion.

- 1. Licensor and Developer and the persons signing the Guaranty attached to this Agreement as Guarantors acknowledge that various provisions of this Agreement specify certain matters that are within the discretion or judgment of Licensor or are otherwise to be determined unilaterally by Licensor. In the exercise of Licensor's discretion or judgment as to any such matter, the parties expressly agree, if Licensor has considered any lawful business reason in the exercise of its discretion or judgment, the decision is a reasonable and proper exercise of such discretion or judgment that should not be, and may not be, second guessed by a fact-finder in dispute resolution proceedings. It is the intent of the parties that any fact finder shall uphold and enforce such a decision or judgment, regardless of the existence of other reasons for the decision and regardless of whether the fact-finder would have given different weight to the potential reasons for decision, would have considered other reasons not taken into account, or otherwise would have made a different decision if asked to make the decision in the first instance.
- 2. Unless otherwise expressly provided in this Agreement to the contrary, any consent, approval, or authorization of Licensor that Developer may be required to obtain may be given or withheld by Licensor in its sole discretion, and on any occasion where Licensor is required or permitted under this Agreement to make any judgment or

determination, including any decision as to whether any condition or circumstance meets Licensor's standards or satisfaction, Licensor may do so in its sole subjective judgment

C. Construction.

- 1. As used in this Agreement, the words "include," "includes" or "including" are used in a non-exclusive sense.
- 2. Neither this Agreement nor any uncertainty or ambiguity in this Agreement shall be construed or resolved against the drafter of this Agreement, whether under any rule of construction or otherwise. On the contrary, this Agreement has been reviewed by all parties and shall be construed and interpreted according to the ordinary meaning of the words used so as to fairly accomplish the purposes and intentions of all parties. Licensor and Developer intend that if any provision of this Agreement is susceptible to two or more constructions, one of which would render the provision enforceable and the other or others of which would render the provision unenforceable, then the provision shall be given the meaning that renders it enforceable.
- 3. This Agreement is made solely for the benefit of the parties to this Agreement and their respective successors and permitted assigns, and nothing in this Agreement shall create any right to rely upon the terms of this Agreement in favor of any third party nor confer any right or remedy upon any third party.
- 4. All captions in this Agreement are intended solely for the convenience of the parties, and none shall be deemed to affect the meaning or construction of any provisions of this Agreement.
- 5. All terms and words used in this Agreement, regardless of numbers and genders in which they are used, shall be deemed to include singular or plural and all genders as the context or sense of this Agreement or any paragraph or clause in this Agreement may require.
- 6. All acknowledgments, promises, covenants, agreements, and obligations herein made or undertaken by Developer shall be deemed jointly and severally undertaken by all those executing this Agreement on behalf of Developer.
- 7. Time is of the essence of this Agreement and all provisions hereof shall be so interpreted.
- 8. No right or remedy conferred upon or reserved to Licensor or Developer by this Agreement is intended to be, nor shall be deemed, exclusive of any other right or remedy herein or by law or equity provided or permitted, but each shall be cumulative of every other right or remedy.
- 9. Nothing in this Agreement contained shall bar Licensor's right to obtain injunctive relief against threatened conduct that will cause it loss or damage, under the usual equity rules, including the applicable rules for obtaining restraining orders and preliminary injunctions.

Section XIV. Entire Agreement

This Agreement, the documents referred to in this Agreement, and the attachments to this Agreement, if any, constitute the entire, full, and complete agreement between Licensor and Developer concerning the subject matter of this Agreement, and supersede any and all prior or contemporaneous negotiations, discussions, understandings or agreements. There are no promises, representations, inducements, or agreements between the parties of any nature that are not contained in this Agreement. No amendments, change, or variance from this Agreement shall be binding on either party unless mutually agreed to by the parties and executed by their authorized officers or agents in writing. Nothing in this Agreement is intended to disclaim any of the representations contained in the Franchise Disclosure Document

Section XV. <u>Dispute Resolution</u>

- A. <u>Mediation</u>. Developer and Licensor agree to submit, prior to arbitration, all unsettled claims, disputes, controversies, and other matters in question between them arising out of or relating to this Agreement (including, but not limited to, any claim that this Agreement or any of its provisions is invalid, illegal, or otherwise voidable or void), the dealings or relationship between Developer and Licensor, or Developer's development of any Restaurant ("Disputes") to mediation in Wichita, Kansas and in accordance with the Commercial Mediation Rules of the American Arbitration Association currently in effect. Demand for mediation shall be made within a reasonable time after cessation of negotiations.
 - 1. Mediation shall be private, voluntary, and nonbinding. Any party may withdraw from the mediation at any time before signing a settlement agreement upon written notice to each other party and to the mediator. The mediator shall be neutral and impartial. The mediator's fees shall be shared equally by the parties. The mediator shall be disqualified as a witness, consultant, expert, or counsel for either party with respect to the matters in Dispute and any related matters.
 - 2. Unless the parties agree otherwise, the entire mediation process shall be confidential and without prejudice. The parties and the mediator shall not disclose any information, documents, statements, positions, or terms of settlement. Nothing said or done or provided by the parties in the course of mediation shall be reported or recorded or, except as ordered by a court of competent jurisdiction, placed in any legal proceeding or construed for any purpose as an admission against interest. Nevertheless, evidence otherwise discoverable or admissible is not excluded from discovery or admission as a result of its use in mediation.
 - 3. If a Dispute cannot be resolved through mediation, the parties agree to submit the Dispute to arbitration, subject to the terms and conditions of this Section XV.
- B. <u>Arbitration</u>. Subject to Section XV.A above, all Disputes between Developer and Licensor will be submitted for binding arbitration to the American Arbitration Association on demand of either party. Such arbitration proceeding will be conducted in Wichita, Kansas and, except as otherwise provided in this Agreement, will be heard by one (1) arbitrator in accordance with the Commercial Arbitration Rules of the American Arbitration Association then in effect. All

matters relating to arbitration will be governed by the federal Arbitration Act (9 U.S.C. §§ 1 et. seq.) and not by any state arbitration law.

- 1. The arbitrator will have the right to award or include in his award any relief which he deems proper under the circumstances, including, without limitation, money damages (with interest on unpaid amounts from the date due), specific performance, injunctive relief, and attorneys' fees and costs, provided that the arbitrator will not have the right to declare any of Licensor's Proprietary Marks generic or otherwise invalid or to award exemplary or punitive damages. The award and decision of the arbitrator will be conclusive and binding upon all parties hereto, and judgment upon the award may be entered in any court of competent jurisdiction.
- 2. Developer and Licensor agree to be bound by the provisions of any limitation on the period of time in which claims must be brought under applicable law. Developer and Licensor further agree that, in connection with any such arbitration proceeding, each must submit or file any claim which would constitute a compulsory counterclaim (as defined by Rule 13 of the Federal Rules of Civil Procedure) within the same proceeding as the claim to which it relates. Any such claim which is not submitted or filed as described above will be forever barred.
- 3. Developer and Licensor agree that arbitration will be conducted on an individual, not a class-wide, basis, and that an arbitration proceeding between Developer and Licensor may not be consolidated with any other arbitration proceeding involving Developer or Licensor and another party.
- C. <u>Injunctive Relief.</u> Notwithstanding anything to the contrary contained in this Section XV, Developer and Licensor each have the right in a proper case to obtain temporary restraining orders and temporary or preliminary injunctive relief from a court of competent jurisdiction; provided, however, that Developer and Licensor must contemporaneously submit the Dispute for non-binding mediation under Section XV.A above and then for arbitration under Section XV.B above on the merits as provided herein if such Dispute cannot be resolved through mediation. Developer acknowledges that a proper case to obtain temporary restraining orders and temporary or permanent injunctive relief from a court of competent jurisdiction contemporaneously with submitting the Dispute to mediation and then to arbitration shall include, but not be limited to, the following:
 - 1. Any Dispute involving actual or threatened disclosure or misuse of the contents of the Construction Manual or any other confidential information or trade secrets of Licensor;
 - 2. Any Dispute involving the ownership, validity, use of, or right to use or license the Proprietary Marks;
 - 3. Any action by Licensor to enforce the covenants set forth in Section VII and Section VIII of the Agreement; and

- 4. Any action by Licensor to stop or prevent any threat or danger to public health or safety resulting from the construction of a Restaurant.
- D. <u>Choice of Law</u>. This Agreement is governed by and shall be construed in accordance with the laws of the State of Kansas, without regard to the rules governing conflict of laws.
- E. <u>Choice of Forum.</u> In the event that Developer commences any action against Licensor with respect to any Dispute, such action shall be brought only in a federal or state court sitting within the City of Wichita, Sedgwick County, Kansas. Developer consents to the exercise of jurisdiction by courts within the City of Wichita, Sedgwick County, Kansas over any claims or counterclaims against Developer.
- F. Applicability to Third Parties. The provisions of this Section XV above are intended to benefit and bind certain third party non-signatories and will continue in full force and effect subsequent to and notwithstanding the expiration or termination of this Agreement. Unless the context otherwise requires, the term "Developer" as used in this Section XV shall include individually and collectively, all partners, officers, directors, managers, members, and holders, directly or indirectly (and any partners, officers, or directors of any such holders), of any beneficial interest in Developer, and any immediate family members of any such persons.
- G. <u>Costs and Expenses</u>. In the event Licensor incurs legal fees or costs or other expenses to enforce any obligation of Developer under this Agreement, or to defend against any claim, demand, action, or proceeding by reason of Developer's failure to perform or observe any obligation imposed upon Developer by this Agreement, then Licensor shall be entitled to recover from Developer the amount of all legal fees, costs, and expenses, including reasonable attorneys' fees, whether incurred prior to, or in preparation for or contemplation of the filing of any claim, demand, action, or proceeding to enforce any obligation of Developer hereunder or thereafter or otherwise.

Section XVI. Acknowledgment

Developer acknowledges that in all of their dealings with Developer, the officers, directors, employees, and agents of Licensor act only in a representative capacity, not in an individual capacity, and that this Agreement and all business dealings between Developer and such individuals as a result of this Agreement are solely between Developer and Licensor.

Section XVII. Execution of Agreement.

- A. This Agreement may be executed in counterparts, which together shall constitute one agreement of the parties. Electronic copies of any signed original Agreement shall be deemed the same as delivery of an original.
- B. By signing this Agreement, Developer acknowledges that it has received a complete copy of this Agreement, with any attachments referred to in this Agreement attached.

At Licensor's request, which shall not be more often than once every five (5) years, Licensee shall upgrade the Restaurant at Licensee's expense to conform to the building décor, trade dress, and presentation of Proprietary Marks consistent with Licensor's then-current public image for System Restaurants, including, without limitation, such structural changes, remodeling, and redecoration and such modifications to existing improvements as may be deemed necessary by Licensor. Except as described above, Licensee shall make no additions, alterations, or replacements to the Restaurant or anything located on the Restaurant premises without the prior written consent of Licensor.

Section 6.7. <u>Point of Sale and Computer Systems.</u> Licensee shall acquire and maintain at its cost a computerized point of sale system, computer equipment and related software meeting Licensor's specifications, which may be connected with Licensor's computer equipment by a method specified by Licensor, and which may be used to transmit data and other information electronically between Licensor or its designee and Licensee. There are no limitations of Licensor's right to use such data. Licensee further agrees to the following:

Licensor shall not, without the prior written consent of Licensee, disclose such information or the financial information to be provided by Article 9 of this Agreement to any person except its own employees, agents, attorneys, accountants, or contractors having a need to know, and shall not use such information for any purpose except as permitted under this Agreement. Notwithstanding the foregoing, Licensor may use any such confidential information which relates to the sales, earnings, profits, expenses, or other financial results of operations of the Restaurant opened pursuant to this Agreement in System communications and in any Franchise Disclosure Document Item 19 disclosure, or other permitted financial performance representations, or may disclose such information if required by law or by order from any court or arbitrator of competent jurisdiction; provided, however, that, except for System communications, without Licensee's consent, no such financial performance representation(s) will individually identify the financial results of Licensee (i.e., it is acceptable to provide such information in aggregate form combined with the results of other licensees', Licensee's, or Licensor's Restaurants), unless required by law or by order from any court or arbitrator of competent jurisdiction. The obligation set forth in this Section 6.7.A shall not apply to any information that is generally available to the public without default by Licensor under this Agreement or is lawfully acquired by Licensor from a source that is not under obligation to Licensee regarding disclosure of such information. Licensor may also designate the exclusive provider of any point of sale system, computer equipment or software, which may be Licensor or its affiliates.

- B. Licensor may, from time to time and at Licensor's sole discretion, require Licensee to update, upgrade, or change its point of sale system, computer equipment or software at Licensee's cost and expense.
- C. Within a reasonable period of time following Licensor's request, Licensee shall accept debit cards, credit cards, stored value gift cards or other non-cash payment systems, including participation in loyalty programs, specified by Licensor to enable customers to purchase authorized products and shall obtain all necessary hardware and/or software used in connection with these non-cash payment systems. Licensee shall comply with all policies and procedures set forth by Licensor in the Licensor Manual with respect to these non-cash payment systems.
- D. Licensee shall maintain, at all times, credit-card relationships with the credit- and debit-card issuers or sponsors, check or credit verification services, financial-center services, merchant service providers, and electronic-fund-transfer systems (together, "Credit Card Vendors") that Licensor may periodically designate as mandatory. Licensee shall not to use any Credit Card Vendor for which Licensor has not given its prior written approval or as to which Licensor has revoked its earlier approval. The term "Credit Card Vendors" includes, among other things, companies that provide services for electronic payment, such as near field communication vendors (e.g., "Apple Pay" and "Google Wallet"). Licensor has the right to modify its requirements and designate additional approved or required methods of payment and vendors for processing such payments, and to revoke its approval of any service provider.
- E. Licensee shall comply with the then-current Payment Card Industry Data Security Standards as those standards may be revised and modified by the PCI Security Standards Council, LLC (see www.pcisecuritystandards.org), or any successor organization or standards that Licensor may reasonably specify. Among other things, Licensee agrees to implement the enhancements, security requirements, and other standards that the PCI Security Standards Council (or its successor) requires of a merchant that accepts payment by credit and/or debit cards.
- F. Licensee agrees that Licensor shall have the free and unfettered right to retrieve any data and information from Licensee's point of sale and computer systems as Licensor, in its sole discretion, deems appropriate, including electronically polling the daily sales, menu mix and other data of the Restaurant (excluding payment card information associated with in-restaurant customer transactions made in the Restaurant).

- G. Licensor may periodically specify in the Licensor Manual or otherwise in writing the information that Licensee will collect and maintain on its computer and point of sale systems and Licensee agrees to provide to Licensor such reports as Licensor may reasonably request from the data so collected and maintained. Licensee agrees that all data that Licensee collects from customers in connection with the Restaurant including, but not limited to, names, addresses, email addresses, phone numbers, birth dates, transaction data, demographic data, behavioral data, customer service history, correspondence and other data but excluding payment card information associated with in-restaurant customer transactions made in the Restaurant ("Customer Data") and all other data that Licensee creates and/or collects in connection with the System, or in connection with Licensee's operation of the Restaurant (including, but not limited to, transaction data) is and will be owned exclusively by Licensor. Copies and/or originals of such data must be provided to Licensor upon Licensor's request. Licensor hereby licenses use of such data back to Licensee, at no additional cost, solely for the term of this Agreement and solely for Licensee's use in connection with the business franchised under this Agreement. Licensee agrees not to publish, disseminate, implement, revise, or rescind a data privacy policy without Licensor's prior written consent with respect to such policy.
- H. In connection with any use of data in the Restaurant, Licensee agrees to comply with all applicable laws pertaining to the privacy of customer, employee, and transactional information ("Privacy Laws"). Licensee also agrees to comply with Licensor's standards and policies pertaining to Privacy Laws. If there is a conflict between Licensor's standards and policies pertaining to Privacy Laws and actual applicable law, Licensee will: (i) comply with the requirements of applicable law; (ii) immediately give Licensor written notice of said conflict; and (iii) promptly and fully cooperate with Licensor and Licensor's counsel in determining the most effective way, if any, to meet Licensor's standards and policies pertaining to Privacy Laws within the bounds of applicable law.
- I. Licensee shall participate in Licensor's online or mobile application ordering system, if established, on such terms and conditions that Licensor may specify in the Licensor Manual, and to pay the fees for such online ordering or mobile application system that Licensor and/or its vendor reasonably specify.
- J. Licensee acknowledges that point of sale and computer systems are designed to accommodate a finite amount of data and terminals, and that, as these limits are reached, or as technology or software is developed in the future, Licensor may, in its sole discretion, mandate that Licensee: (i) add memory, ports and other accessories or peripheral equipment or additional, new or substitute software to the original point of sale and computer systems purchased by Licensee; and (ii) replace or upgrade the point of sale and computer systems in their entirety with larger systems capable of assuming and discharging the technology-related tasks and functions specified by Licensor. Licensee acknowledges that point of sale and computer system designs and functions change periodically and that Licensor may desire to make substantial modifications to its point of sale and computer system

specifications or to require installation of entirely different systems during the term of this Agreement or upon renewal of this Agreement.

System Website. Licensor has established, or may establish, and maintain an Internet Website that provides information about the System and the products and services provided by System restaurants. Licensor will have sole discretion and control over the Website (including timing, design, contents, and continuation). Licensor may use part of the Marketing Fund contributions it collects to pay or reimburse the costs associated with the development, maintenance, and update of the Website. At Licensee's expense, Licensor will include at the Website an interior page containing information about Licensee's Restaurant. Licensor may require Licensee to prepare all or a portion of the page, at Licensee's expense, using a template that Licensor provides. All such information will be subject to Licensor's prior written approval prior to posting. Except for this interior page, Licensee may not maintain a presence on the Internet for the Restaurant. Licensor also may (but is not required to) develop an Intranet network through which Licensor and its licensees can communicate by e-mail or similar electronic means. If Licensor develops such an Intranet network, Licensee agrees to use the facilities of the Intranet in strict compliance with the standards, protocols, and restrictions that Licensor includes in the Licensor Manual (including, without limitation, standards, protocols, and restrictions relating to the encryption of confidential information and prohibitions against the transmission of libelous, derogatory, or defamatory statements).

Section 6.9. <u>Compliance with Laws.</u> Licensee shall, at Licensee's expense, comply with all other requirements set forth in this Agreement and the Licensor Manual, and shall operate the Restaurant in compliance with all federal, state, and local laws, rules, and regulations, and shall timely obtain, and keep in force as required throughout the term of this Agreement, any and all permits, certificates, licenses, and approvals necessary for the full and proper conduct of the Restaurant.

Section 6.10. <u>Notice of Actions</u>. Licensee shall notify Licensor in writing within five (5) days of the commencement of any action, suit, or proceeding, and of the issuance of any inquiry, subpoena, order, writ, injunction, award, or decree of any court, agency, or other governmental instrumentality, arising out of, concerning, or which may affect the operation or financial condition of the Restaurant, including, without limitation, any criminal action or proceeding brought against Licensee by employees, customers, or other persons.

Section 6.11. <u>Taxes</u>. Licensee shall pay when due all taxes levied or assessed in connection with the possession, ownership, or operation of the Restaurant and all taxes payable on royalty fees and other payments made to Licensor or to any of its affiliates (excluding income taxes payable by Licensor). Licensee shall pay to Licensor an amount equal to any sales tax, gross receipts tax, or similar tax imposed on or required to be collected by Licensor with respect to any payments to Licensor required under this Agreement, unless the tax is credited against income tax otherwise payable by Licensor. In the event of any *bona fide* dispute respecting any tax assessed against Licensee, the Restaurant, any personal property located at the Restaurant, or any payments due to Licensor, Licensee may contest the validity or amount of the tax in accordance with procedures of the taxing authority; provided, however, that Licensee shall act with all due diligence and shall in no event permit a tax sale or seizure against the Restaurant or any equipment, goods, or property located at the Restaurant, or any impoundment of payments due to Licensor.

Section 6.12. <u>Licensee's Organization</u>; <u>Guaranty</u>. If Licensee is at any time a corporation, limited liability company, or partnership, Licensee agrees and represents that:

- A. Licensee has the authority to execute and deliver this Agreement and to perform its obligations hereunder and is duly organized or formed and validly existing in good standing under the laws of the state of its formation or organization;
- B. Licensee's organizational documents or partnership agreement will recite that the issuance and transfer of the ownership interests of Licensee are restricted by the terms and conditions of this Agreement, and all certificates and other documents representing an ownership interest in Licensee will bear a legend referring to the restrictions of this Agreement;
- C. Exhibit "B" to this Agreement will completely and accurately describe all of the owners of Licensee and their interests in Licensee. Licensee and its owners agree to sign and deliver to Licensor such revised Exhibits "B" as may be necessary to reflect any changes in the information contained therein and to furnish such other information about Licensee's organization or formation as Licensor may request;
- D. Each of the following persons will sign a Guaranty ("Guaranty") in the form that Licensor prescribes undertaking to be bound jointly and severally by all provisions of this Agreement and a material breach of such Guaranty shall be deemed a material breach of this Agreement: (i) all holders of a beneficial interest of five percent (5.0%) or more of the securities of Licensee, and of any corporation directly or indirectly controlling Licensee, if Licensee is a corporation; (ii) the general partners and any limited partners (including any corporation or other entity, and the holders of a beneficial interest of five percent (5.0%) or more of the securities of any corporation or other entity which controls, directly or indirectly, any general or limited partner), if Licensee is a partnership; (iii) the managers and members (including any corporation or other entity, and the holders of a beneficial interest of five percent (5.0%) or more of the securities of any corporation or other entity which controls, directly or indirectly, any member or manager), if Licensee is a limited liability company. Licensor's current form of Guaranty is attached to this Agreement as Exhibit "C";
- E. Licensee shall furnish Licensor with its articles or certificate of incorporation or organization, bylaws, operating agreement, and partnership or limited liability documentation or similar organization documents, and any other documents Licensor may reasonably request, and any amendments thereto; and
- F. Licensee shall confine its activities, and shall at all times provide that its activities are confined exclusively to operating the Restaurant and any other System Restaurant operated by Licensee pursuant to a License Agreement with Licensor.

Article 7. Quality Control and Supervision.

Section 7.1. <u>Approved Products, Services and Suppliers.</u> Licensee agrees that substantial uniformity of quality at all System Restaurants is necessary and desirable for purposes of establishing and protecting the shared identity, reputation, and goodwill associated with the System. In order to better accomplish these objectives, Licensee agrees that:

- A. The Restaurant shall offer for sale only the products and services, and shall only purchase, lease, install, and use the types and/or brands of food products, beverages, ingredients, flavorings, and garnishes used to prepare food products, cartons, bags, boxes, napkins, other containers, paper and plastic goods, packaging supplies, equipment, fixtures, furnishings, concept, supply, building design or layout, color schemes, concepts, and other items or services specified in this Agreement and the Licensor Manual, or approved in writing by Licensor as being consistent with Licensor's standards and specifications and with the System.
- В. Licensor may from time to time designate approved suppliers of products and services, which may include Licensor and its affiliates. If Licensee (i) desires to purchase or lease products or services from sources not previously approved in writing by Licensor for such items, or (ii) proposes to sell any food product or beverage or use any ingredients, flavorings, garnishes, or containers, cartons, bags, boxes, paper or plastic goods, packaging supplies or other materials, of a type or brand not previously approved by Licensor, Licensee shall submit to Licensor a written request for approval and provide to Licensor such information and specifications as Licensor requests. Licensor may require, as a condition of its approval, that samples of the item be submitted to Licensor for inspection and testing, and Licensee or the proposed source shall pay the reasonable expenses of such inspection and testing. Licensor may also require submission of evidence that the proposed source carries insurance sufficient to reasonably protect Licensor and Licensee from liability arising out of the use or sale of the product or service. Licensor shall have the right to approve or disapprove an alternate supplier in its sole discretion.
- C. Licensee agrees that it shall purchase and offer for sale all products that Licensor may uniformly designate for all System licensees to purchase and offer for sale in accordance with the Licensor Manual, which may include products that Licensor and/or its affiliates have developed or may develop in the future.
- Section 7.2. <u>Supplier Policies.</u> Licensee acknowledges that the manufacturers, distributors, suppliers, and/or dealers of the products or supplies to be used and/or offered for sale by Licensee from time to time may have policies and procedures regarding the use and sale of such products or supplies, and Licensee agrees to comply with any and all such policies and procedures.
- Section 7.3. <u>Restaurant Sales.</u> Licensee shall only make sales over-the-counter at retail and via delivery at retail in the Assigned Territory, in all cases only to the ultimate consumer of the products to be offered for sale by the Restaurant.

18

Section 7.4. <u>No Guarantee of Availability of Products.</u> Licensee acknowledges and agrees that products and supplies to be used and/or offered for sale are subject to availability, and Licensor is not responsible for supplying, and does not guarantee the availability of, products or supplies for Licensee's inventory.

Section 7.5. <u>Licensor Manual.</u> Licensee shall operate the Restaurant in accordance with the Licensor Manual, as updated, supplemented, and modified from time to time. Licensee further acknowledges that establishing, maintaining, and protecting the goodwill, reputation, and uniformity of the System requires strict adherence to this Agreement and the Licensor Manual in all respects, it being agreed that every detail is significant and material.

Section 7.6. <u>Inspections</u>. Licensee hereby grants to Licensor or its designee the right to enter upon the premises of the Restaurant at any reasonable time for the purpose of conducting inspections. Licensee agrees to cooperate fully with Licensor or its designee in connection with any such inspections and agrees to take such steps as may be reasonably necessary to correct any deficiencies detected during such an inspection, upon the written request of Licensor or its agents, within such reasonable time as may be specified in such request. Licensee agrees to pay all then-current fees and costs for any re-inspection following a failed inspection as set forth in the Licensor Manual.

Section 7.7. <u>Innovations</u>. If Licensee develops any products, services, procedures, or inventions deemed by Licensor to be appropriate for use in other System Restaurants, it is understood and agreed that Licensor may perpetually use such products, services, procedures, or inventions in other System Restaurants without obligation to compensate Licensee, it being understood and agreed that the benefit to Licensee from the overall enhancement of the System is sufficient consideration for granting this right to Licensor. Licensee promptly shall take all actions deemed necessary or desirable by Licensor to vest in Licensor ownership of such products, services, procedures, or inventions.

Section 7.8. <u>Business and Advertising Practices.</u> All marketing and promotion by Licensee shall be factual, ethical, and in good taste in the judgment of Licensor and shall be subject to Licensor's approval as provided in Section 8.1. Licensee shall in all dealings with its customers, suppliers, Licensor, and the public adhere to the highest standards of honesty, integrity, fair dealing, and ethical conduct. Licensee agrees to refrain from any business or advertising practice which, in the subjective opinion of Licensor, may be injurious to the business of Licensor and the goodwill associated with the Proprietary Marks and other System Restaurants.

Section 7.9. <u>Governmental Reports.</u> Within seven (7) days of the receipt by Licensee of any report from any health department or other comparable agency, Licensee shall mail a complete copy of such report to Licensor. Licensee shall notify Licensor in writing within five (5) days of the commencement of any action, suit, or proceeding, and of the issuance of any order, writ, injunction, award, or decree of any court, agency, or other governmental instrumentality, which may adversely affect the operation or financial condition of Licensee or the Restaurant or of any notice of violation of any law, ordinance, or regulation relating to health or sanitation.

Section 7.10. <u>Prices.</u> Licensor may from time to time suggest prices for the goods and services offered by Licensee. Licensor and Licensee agree that the prices suggested by Licensor are recommendations only and are not mandatory. Licensor reserves the right to designate mandatory maximum charges for the products offered by Licensee at the Restaurant from time to time in order to facilitate the marketing of the System, the goodwill, reputation, and uniformity of the System and consumer acceptance and recognition of System Restaurants, as determined by Licensor from time to time, and Licensee agrees to comply with such designations. Nothing contained in this Agreement shall be deemed a representation or warranty by Licensor that the use of Licensor's suggested prices shall produce, increase, or optimize profits.

Article 8. Advertising.

Licensee and Licensor recognize the value of advertising and the importance of the standardization of advertising programs to the furtherance of the goodwill and public image of the System. In order to better accomplish these objectives, the parties agree as follows:

Section 8.1. <u>Local Advertising.</u> Licensee shall expend for local advertising an amount to be determined by Licensor from time to time, not to exceed two percent (2.0%) of Licensee's Gross Receipts, upon Licensee's receipt of thirty (30) days' written notice from Licensor announcing such decision, which obligation may be off-set to the extent of any required payments to Cooperatives (as defined in Section 8.4). All advertising by Licensee in any medium shall be conducted in such manner, and shall conform to such standards and requirements, as Licensor may specify. Licensee shall submit to Licensor (electronically through Licensor's marketing service desk platform, or such other medium as designated in the Licensor Manual), for its prior written approval (except with respect to prices to be charged), samples of all advertising and promotional plans and materials and all other materials displaying the Proprietary Marks that Licensee desires to use which have not been prepared or previously approved by Licensor. If written approval thereof is not received by Licensee within fifteen (15) days from the date of receipt by Licensor of such plans and materials, Licensor shall be deemed to have rejected such plans and materials.

Section 8.2. Electronic Presence and Social Media. Licensee shall not establish or maintain or allow others to establish or maintain without Licensor's prior written approval, directly or indirectly, any presence on the internet, including any electronic or social media platform (or any electronic medium similar to or established in replacement of any of the foregoing), utilizing any of the Proprietary Marks or featuring the Restaurant, including, but not limited to, as part of any URL, domain name, website, meta-tag, download, application, posting, social networking profile, directory listing, screen name, anonymous name, blog, vlog, e-mail account, instant messaging account, texting identity, user generated content, or any other identification of Licensee or the Restaurant in any electronic medium. Licensor shall have the option, but not the obligation, to mention the Restaurant in one or more locations in conjunction with Licensor's electronic presence on the internet and similar electronic and social media. Licensee shall obtain telephone and related directory listings for the Restaurant at Licensee's expense in the print and on-line directories specified by Licensor in the Licensor Manual. Licensee shall also pay its share of the cost of any multiple-restaurant local directory listing, to be apportioned equally among all System Restaurants listed in such advertising. All expenditures

made by Licensee pursuant to this Section 8.2 shall be considered a portion of the minimum required advertising expenditure set forth in Section 8.1.

Marketing Fund. During this term of this Agreement, Licensee shall make periodic contributions to the Marketing Fund as specified by Section 3.1.D. Licensor administers the Marketing Fund, which may be used by Licensor to meet any and all costs of developing and preparing national, regional, point of sale, and local advertising materials for use within the System, including, without limitation, costs associated with developing, preparing, directing, administering, maintaining, and disseminating advertising, marketing, promotional, and public relations materials; website and social media platform development and maintenance; development, implementation and maintenance of search engine optimization strategies; conducting marketing research; maintaining a sales and marketing staff and related expenses; and preparing, producing, broadcasting, and disseminating advertising and promotions, including, without limitation, online, radio, television, newspaper, and magazine advertising, market surveys, public relations activities, and employment of advertising agencies. Licensor may receive payment from the Marketing Fund for providing goods or services to the Marketing Fund. Licensor will choose and determine, in its sole discretion, the nature, theme, and timing of advertising and the kind and quality of advertising materials to be provided to System licensees through the Marketing Fund. The advertising may be disseminated via any channel at Licensor's discretion including digital media, traditional media, sponsorships and public relations.

- A. Licensor shall have no obligation to maintain such payments or income in an account separate from Licensor's other funds. Licensor will, for each of its company-owned System restaurants, make contributions to the Marketing Fund at the same percentage of Gross Receipts required of comparable licensees within the System. Licensor will direct all expenditures of the Marketing Fund through an inhouse advertising department and/or Licensor's designee, a national or regional advertising agency, all advertising and promotional programs and activities, with sole discretion over the concepts, materials, and media used in such programs and activities and the placement and allocation thereof.
- B. Licensee acknowledges that the primary intent of the Marketing Fund is to maximize general public recognition and acceptance of the Proprietary Marks for the benefit of the System, and Licensor or its designee would have no obligation, in administering the Marketing Fund, to make expenditures for Licensee that are equivalent or proportionate to any payments by Licensee or to ensure that any particular System licensee or any particular licensed System Restaurant benefits directly or *pro rata* from advertising or promotion conducted under the Marketing Fund.
- C. Licensor may spend, on behalf of the Marketing Fund, in any fiscal year an amount greater or less than the aggregate contribution of all System Restaurants to the Marketing Fund in that year, and the Marketing Fund may borrow from Licensor or others to cover deficits or invest any surplus for future use. Any surplus in the Marketing Fund for a given year will be carried over to subsequent years.

- Section 8.4. <u>Cooperatives.</u> Licensor shall have the right, in its sole discretion, to designate geographic areas for purposes of establishing local or regional advertising cooperatives ("Cooperatives"). If the Restaurant is within the territory of an existing Cooperative at the time the Restaurant opens for business, Licensee shall immediately become a member of the Cooperative. If a Cooperative applicable to the Restaurant is established during the term of this Agreement, Licensee shall become a member no later than thirty (30) days after the date approved by Licensor for the Cooperative to commence operation. Licensor or its affiliates shall participate in any Cooperatives established for geographic regions that include System Restaurants owned by Licensor or its affiliates. The following provisions shall apply to each Cooperative:
 - A. Each Cooperative shall be organized and governed in a form and manner, and shall commence operations on a date, approved in advance by Licensor in writing. Subject to the approval of Licensor to the extent contemplated herein, decisions of the Cooperative shall be made by majority vote of the members of the Cooperative, with each member entitled to one (1) vote for each Restaurant owned by such member included in the Cooperative. Upon any tie vote, Licensee agrees that Licensor shall have the right to cast the deciding vote with respect to any such decision. No changes in the bylaws or other governing documents of a Cooperative shall be made without Licensor's prior written consent.
 - B. Each Cooperative shall be organized for the exclusive purpose of administering local and regional advertising programs and developing, subject to Licensor's approval, promotional materials for use by the members in local advertising.
 - C. No advertising or promotional plans or materials may be used by a Cooperative or furnished to its members without prior approval of Licensor pursuant to Section 8.4.E below.
 - D. Licensee and each member of the Cooperative shall contribute to the Cooperative, commencing on the fifteenth (15th) day of each 28-day period after the Cooperative commences operations, the amount determined by the membership. Said amount shall not exceed two percent (2.0%) of Licensee's Gross Receipts. Licensee's obligation to make local advertising expenditures under Section 8.1 above shall be reduced by the amount of Licensee's contributions to the Cooperative. Each required contribution shall be based on Gross Receipts for the immediately preceding 28-day period, and shall be submitted together with such statements or reports as may be required by Licensor, or by the Cooperative with Licensor's prior written approval.
 - E. All advertising and promotion by Cooperatives shall be in such media and of such type and format as Licensor may approve and shall conform to such standards and requirements as Licensor may specify. The Cooperative shall submit to Licensor (by mail, return receipt requested or such other medium as designated in the Licensor Manual), for its prior written approval (except with respect to prices to be charged), samples of all advertising and promotional plans and materials and all other materials displaying the Proprietary Marks that the Cooperative desires to

use which have not been prepared or previously approved by Licensor. If written approval thereof is not received by the Cooperative within fifteen (15) days from the date of receipt by Licensor of such plans and materials, Licensor shall be deemed to have rejected such plans and materials.

F. Upon the designation of geographic areas for Cooperatives, Licensor shall have the right, in its sole discretion, to require the prospective members of any Cooperative to take all necessary action to form the Cooperative. Licensor shall also have the right, in its sole discretion, to require the members of any Cooperative to cause any Cooperative to: (i) change the bylaws or other governing documents of the Cooperative; (ii) to dissolve the Cooperative; and (iii) merge with another Cooperative. Licensor shall also have the right to re-designate geographic areas for any Cooperatives and in connection with such re-designation to require the members of any Cooperative to cause the Cooperative to take any of the actions set forth in this Section 8.4.F.

Section 8.5. <u>Promotional Campaigns.</u> From time to time during the term of this Agreement, Licensor shall have the right to establish and conduct promotional campaigns on a national or regional basis, which may by way of illustration and not limitation promote particular products or marketing themes. Licensee agrees to participate in such promotional campaigns upon such terms and conditions as Licensor may establish. Licensee acknowledges and agrees that such participation may require Licensee to purchase reasonable point-of-sale advertising material, posters, flyers, product displays, and other promotional material.

Article 9. <u>Financial Reporting</u>.

Section 9.1. <u>Books and Records.</u> Licensee shall keep and maintain, in accordance with any procedures set forth in the Licensor Manual, complete and accurate books and records of the Restaurant. Licensee shall use a point of sale system meeting Licensor's specifications to record the sale of all goods and services at or from the Licensed Location. Licensee shall retain at the Restaurant or Licensee's corporate offices for a period of at least twenty-four (24) 28-day periods, all sales and purchase records (including daily sales records and vendor invoices), books of account, business and payroll records, and vendor financial information relating to the Restaurant and any corporation, partnership, or other business association owning the License to operate the Restaurant.

Section 9.2. <u>Reports</u>. During the term of this Agreement, Licensee shall submit the following reports and financial information to Licensor in the format specified by Licensor:

A. On a weekly basis, Licensee shall supply Licensor, at Licensor's request, with a report in the format prescribed by Licensor of all sales of goods and services at or from the Restaurant during the preceding week of each 28-day period and, if available, information respecting the comparable period during the preceding fiscal year (consisting of fifty-two (52) or fifty-three (53) weeks, as designated by Licensor);

- B. On or before the third (3rd) day after the end of each week within each 28-day period, Licensee shall furnish Licensor with a written sales report and statement of Gross Receipts in the format prescribed by Licensor for all sales made and services provided at or from the Restaurant during the preceding week;
- Licensee shall submit to Licensor (i) within thirty (30) days following the 28-day period for which such statement is compiled, a period profit and loss statement and a cumulative profit and loss statement from the beginning of Licensee's fiscal year to the end of such period, together with such other financial, operating, marketing, and other information as Licensor may require, (ii) within thirty (30) days after each fiscal quarter of Licensee, an unaudited quarterly balance sheet; and (iii) on or before March 31 of each calendar year, a profit and loss statement, a balance sheet, and a statement of Gross Receipts reflecting Gross Receipts and the results of operations for the preceding fiscal year (consisting of fifty-two (52) or fifty-three (53) weeks, as designated by Licensor). All such profit and loss statements and balance sheets shall comply with any format prescribed by Licensor; at Licensor's request, shall be prepared in accordance with generally accepted accounting principles consistently applied; and shall be signed and verified as true and correct by Licensee or, if Licensee is a corporation, partnership, or other business association, by its duly authorized chief financial officer. In addition, at Licensor's request, Licensee shall submit to Licensor true copies of all state sales tax returns relating to sales made at the Restaurant at the same time the returns are filed with state authorities, and such other records as Licensor may reasonably request from time to time, including, without limitation, state and federal income tax returns of Licensee; and
- D. Licensee shall submit to Licensor, for review or auditing, such other forms, reports, records, information and data as Licensor may reasonably designate, in the form and at the times and places reasonably required by Licensor, upon request and as specified from time to time in the Licensor Manual or otherwise in writing.

Audit Rights. Licensor or its designee, at Licensor's expense, shall Section 9.3. at all reasonable times have the right to inspect or audit Licensee's books, accounts, records, returns, and such other forms, reports, information and data as Licensor reasonably may designate, applicable to the operation of the Restaurant. The foregoing records may include, but are not limited to, state and federal income tax returns, credit card, or any other third party charge account statements, and any bank, savings and loan, or financial checking money market, or savings account used for the Restaurant. Licensee shall fully cooperate with Licensor and its representatives or agents conducting such inspections or audits and, upon request, Licensee shall submit a written response to any issues raised in connection with said audits. If an inspection or audit reveals an understatement of the Gross Receipts of the Restaurant of two percent (2%) or more, Licensee must, in addition to the payment of all monies owed with interest on the understated amount due from the date such amount was due until paid at the lesser of one and one-half percent (1.5%) per 28-day period or the maximum rate permitted by applicable law, reimburse Licensor for all costs connected with the inspection or audit (including expenses for travel, lodging and wages, and reasonable accounting and legal costs). In addition, Licensor may require an audit in the following year and Licensee shall reimburse Licensor for all costs of the audit, including travel,

lodging, and wages of personnel of Licensor or third parties required to conduct such audit. Licensee shall also promptly reimburse Licensor for the cost of any audit (including salaries, travel and living expenses) necessitated by Licensee's failure to file any financial report due under this Agreement and any deficiency in royalty fees or Marketing Fund contributions disclosed by such audit. If an inspection or audit reveals an understatement of the Gross Receipts of the Restaurant for any period by two percent (2%) or more two (2) or more times during any fifty-two (52) week period, or by more than five percent (5%) on any one occasion, then in addition to Licensee's obligations to pay the amounts owed as referenced above, Licensor may immediately terminate this Agreement. The foregoing remedies are in addition to any other remedies Licensor may have.

Section 9.4. <u>Disclosure Authorization</u>. Licensee hereby authorizes all banks and/or other financial institutions with which Licensee does business to disclose to Licensor any requested financial information in their possession relating to the Restaurant, and hereby authorizes Licensor to release to Licensee's lenders or prospective lenders, financial and operational information relating to the Restaurant. Licensee further authorizes Licensor to disclose such information to prospective licensees and state regulatory agencies provided that such information is not identified as relating to the Restaurant unless required by law or regulation and then only if Licensee requests that such identification be held in confidence.

Article 10. <u>Proprietary Marks and Trade Secrets; Competition.</u>

Section 10.1. <u>Proprietary Marks.</u> Licensee's right to use the Proprietary Marks is limited to its use of the Proprietary Marks in the operation of the Restaurant at the Licensed Location and as expressly provided in this Agreement and the Licensor Manual. Licensee acknowledges and agrees that:

- A. Nothing in this Agreement gives it any right, title or interest in the Proprietary Marks (except the right to use the Proprietary Marks in accordance with the terms of this Agreement);
- B. The License granted in this Agreement to use the Proprietary Marks is nonexclusive;
- C. Ownership of all right, title, and interest in the System, the Proprietary Marks, the design, decor, and image of all System Restaurants, and any parts thereof, is and shall remain vested solely in Licensor;
- D. Licensee shall not directly or indirectly contest the validity or ownership of the Proprietary Marks or Licensor's right to license the Proprietary Marks;
- E. Licensor makes no representations or warranties and hereby disclaims any warranties with regard to whether any of the Proprietary Marks are protectable or registerable and with regard to whether any of the Proprietary Marks infringe upon the rights of others;
- F. Licensee expressly disclaims any right, title, or interest therein or in any goodwill derived from the Proprietary Marks;

- G. Licensee's License to use the Proprietary Marks is personal to Licensee, and Licensee shall not assign, license, sublicense, or allow the Proprietary Marks to be used by any other person, firm, or business association without Licensor's prior written approval; and
- H. All uses of the Proprietary Marks by Licensee inure to the benefit of Licensor.

Section 10.2. Notice of Infringement. Licensee shall not, directly or indirectly, at any time during the term of this Agreement or thereafter, do, cause or suffer to be done any act or thing disputing, attacking or in any way impairing or tending to impair the right, title, or interest of Licensor in the Proprietary Marks or the System. Licensee shall immediately notify Licensor in writing of all infringements or imitations of the Proprietary Marks, and Licensor shall exercise absolute discretion in deciding what action, if any, should be taken. Licensee shall fully cooperate with Licensor in the prosecution of any action to prevent the infringement, imitation, or illegal use of the Proprietary Marks and agrees to be named as a party in any such action at Licensor's request. Licensee shall cooperate with Licensor in the perfection, application, and securing of Licensor's ownership and rights of the Proprietary Marks in all legal jurisdictions in which Licensor shall seek the same, including, but not limited to, promptly executing and delivering all documents presented to Licensee for signature and giving such true information and testimony, under oath if requested, as may be requested by Licensor. Licensor shall bear any and all legal expenses incident to Licensee's participation in or cooperation with, at Licensor's request, any action to prevent the infringement or illegal use of the Proprietary Marks or perfection of Licensor's rights in the Proprietary Marks, except for the cost of any legal counsel separately retained by Licensee. Except as expressed in this Section 10.2, Licensor shall not be liable to Licensee for any damages, costs, expenses, loss of profits or business opportunities, or incidental or consequential damages of any kind or nature whatsoever relating to any action involving the Proprietary Marks.

Section 10.3. Use of the Proprietary Marks. Licensee shall use the Proprietary Marks as the sole identification of the Restaurant; provided, however, that in all public records and in its relationship with other persons, on stationery, business forms, checks, or as otherwise required by Licensor, Licensee shall indicate Licensee's independent ownership of the Restaurant. Licensee shall file so-called assumed name or doing business certificates with local or state authorities, as required by applicable law, showing its independent ownership of the Restaurant. In no event shall Licensee use the Proprietary Marks in connection with the sale of any product or service not authorized for sale at the Restaurant. Licensee shall not license, sublicense, or allow the Proprietary Marks to be used by any other person or business entity without Licensor's prior written approval at Licensor's discretion. In adopting any corporate, proprietorship, or partnership name, Licensee shall not use the Proprietary Marks or any variation or abbreviation thereof, or any words confusingly similar thereto. Licensee has no right to register any of the Proprietary Marks. If it becomes advisable at any time in Licensor's sole discretion for Licensor and/or Licensee to modify or discontinue use of the Proprietary Marks (or any of them), and/or use one or more additional or substitute trade or service marks, Licensee agrees to comply therewith within a reasonable time after written notice thereof by Licensor.

Section 10.4. <u>Trade Secrets.</u> Licensee further acknowledges and agrees as

follows:

- A. Licensor possesses certain confidential information, including, without limitation, the design of the System Restaurants, methods of operation and service at System Restaurants, secret recipes, methods of preparation, and service of food products sold at System Restaurants, knowledge of sales and profit performance at any one or more System Restaurants, knowledge of test programs, concepts, or results relating to new menu items, and advertising and promotional programs, sources of food products and suppliers of equipment, advertising, promotion and marketing techniques, the selection and training of restaurant managers and, in general, methods, techniques, formulas, formats, specifications, procedures, information systems and knowledge, in the operation and licensing of System Restaurants. All of the foregoing are hereinafter referred to as the "Trade Secrets."
- Licensor will disclose the Trade Secrets to Licensee in furnishing Licensee B. with standard plans for the Restaurant, in the Licensor Manual and any temporary operating manuals, by providing training to Licensee and in the performance of the Licensor's other obligations and the exercise of its other rights under this Agreement. Licensee hereby agrees that all materials lent or otherwise made available to Licensee by Licensor and all disclosures made to Licensee including, without limitation, the Trade Secrets, Licensor Manual, and other confidential commercial information identified as such by Licensor are trade secrets of Licensor and Licensor's confidential and proprietary information and shall be kept confidential and used by Licensee only in the operation of the Restaurant. Licensee will not, nor permit anyone else to, reproduce, copy, or exhibit any portion of the Licensor Manual, Trade Secrets, or any other confidential or proprietary information received from Licensor. Licensee shall not divulge any such Trade Secrets to any person other than Licensee's employees and then only to the extent necessary for the operation of the Restaurant.
- Licensee shall acquire no interest in the Trade Secrets, other than the right to utilize them in the development and operation of the Restaurant during the term of this Agreement. The use or duplication of the Trade Secrets in any other business will constitute an unfair method of competition. The Trade Secrets are proprietary and are disclosed to Licensee in confidence and solely on the condition that Licensee agrees, and Licensee hereby agrees that Licensee (i) will not use the Trade Secrets in any other business or capacity; (ii) will maintain the absolute confidentiality of the Trade Secrets during and after the term of this Agreement; (iii) will not make unauthorized copies of any portions of the Trade Secrets disclosed in written form, including, without limitation, any plans, the Licensor Manual, and any bulletins or supplements and additions thereto; and (iv) will operate and implement all reasonable procedures prescribed from time to time by Licensor to prevent the unauthorized use and disclosure of the Trade Secrets. Licensee shall immediately notify Licensor of any unauthorized use of disclosure of the Licensor Manual or any of the Trade Secrets or if the Licensor Manual or any other manuals or materials containing any Trade Secrets are lost or stolen.

D. The foregoing restrictions on Licensee's disclosure and use of Trade Secrets shall not apply to information, processes, or techniques that are or become generally known and used by other similar restaurants, other than through disclosure (whether deliberate or inadvertent) or other breach by Licensee, and disclosure of Trade Secrets in judicial or administrative proceedings to the extent that Licensee is legally compelled to disclose such information, provided, Licensee shall have used its best efforts, and shall have afforded Licensor the opportunity, to obtain an appropriate protective order or other assurance satisfactory to Licensor of confidential treatment for the information required to be so disclosed.

Section 10.5. <u>Covenants against Competition.</u> During the term of this Agreement, Licensee shall not compete, or be associated, directly or indirectly, as an owner, officer, director, employee, consultant, or otherwise, in any Competitive Business (as defined below) located within the United States of America. For a period of two (2) years after any transfer, the expiration of this Agreement, or the termination of this Agreement for any reason, Licensee shall not compete, or be associated, directly or indirectly, as an owner, officer, director, employee, consultant, or otherwise, in any Competitive Business that is located within (i) the Assigned Territory, (ii) the Designated Market Area or Areas identified by the then-current Nielsen Wall Map published by the A.C. Nielson Company ("DMA"), in which the Assigned Territory is located, or (iii) the DMA of any other System Restaurant then existing.

- A. The term "Competitive Business" shall mean any retail food establishment (including, but not limited to, any restaurant or ice cream, custard, or yogurt parlor or shop) (a) that offers for sale custard-style products or (b) in which any of the following categories (singly or in the aggregate) constitutes more than ten percent (10%) of its food revenues: (1) ice cream or yogurt or (2) ground-beef or hot dog sandwiches; provided, however, that passive ownership of less than five percent (5.0%) of the outstanding voting securities of a publicly held corporation (which for purposes of this Agreement means a corporation registered under the Securities Exchange Act of 1934) shall not be deemed a violation of this Section 10.5. In the event the A.C. Nielson Company discontinues the publication of Nielson Wall Maps for any reason, Licensor shall have the right to designate an alternate generally recognized market identification resource for use in connection with this Section 10.5.
- B. Licensor acknowledges that Licensee's owners and Affiliates are experienced restaurant operators and it is not the intent of the parties to limit Licensee's or Licensee's owners' and Affiliates' ability to continue operating the businesses they operate as of the Effective Date because of conflicts with such businesses and the System as it evolves. Therefore, the provisions of this Section 10.5 shall not apply to a business, including a Competitive Business that, as of the Effective Date, serves a food product that Licensor introduces as a menu item to System Restaurants after the Effective Date merely because of such introduction by Licensor.
- C. For purposes of this Agreement, the term "Affiliate" in regard to Licensee means any corporation, partnership, limited liability company or partnership,

association, trust or other organization or individual which, directly or indirectly, controls, is controlled by, or is under common control with, Licensee. For purposes of the preceding sentence, "control" (including, with correlative meanings, the terms "controlled by" and "under common control with"), as used with respect to any entity or organization, shall mean the possession, directly or indirectly, of the power (i) to vote more than ten percent (10%) of the securities having ordinary voting power for the election of directors of the controlled entity or organization, or (ii) to direct or cause the direction of the management and policies of the controlled entity or organization, whether through the ownership of voting securities or by contract or otherwise.

Section 10.6. Applicability to Licensee's Officers and Owners. Unless the context otherwise requires, the term "Licensee" as used in this Article 10 shall include, individually and collectively, all partners, officers, directors, managers, members, and holders, directly or indirectly (and any partners, officers, or directors of any such holder), of any beneficial interest in the License granted hereunder and Licensee, and any immediate family members of any of such persons. At Licensor's request, Licensee shall require and obtain execution of a covenant agreement in the form substantially similar to that attached hereto as Exhibit "D", except for reasonable changes as may be necessary to comply with applicable law, from time to time (including a covenant agreement applicable upon the termination of a person's relationship with Licensee), from any or all of the following persons: (i) all officers, directors, and holders of a beneficial interest of five percent (5.0%) or more of the securities of Licensee, and of any corporation directly or indirectly controlling Licensee, if Licensee is a corporation; (ii) the general partners and any limited partners (including any corporation or other entity, and the officers, directors, and holders of a beneficial interest of five percent (5.0%) or more of the securities of any corporation or other entity which controls, directly or indirectly, any general or limited partner), if Licensee is a partnership; (iii) the managers and members (including any corporation or other entity, and the officers, directors, and holders of a beneficial interest of five percent (5.0%) or more of the securities of any corporation or other entity which controls, directly or indirectly, any member or manager), if Licensee is a limited liability company; and (iv) the general manager(s) of the Licensed Location. Failure by Licensee to obtain execution of the covenant agreement required by this Section 10.6, or to deliver such covenant agreement to Licensor, shall constitute a material breach of this Agreement.

Section 10.7. <u>Applicability to Licensee's Employees.</u> Licensee shall require every person employed as general manager of the Restaurant to devote full time to such employment and to agree to be bound by the restrictions set forth in this Article 10. Licensee shall also take all reasonable steps to require other employees to be bound by the confidentiality provisions of this Article 10, and, if requested by Licensor, to be bound by the noncompetition provisions of this Article 10. Upon Licensor's request, Licensee shall promptly provide copies of all such agreements to Licensor.

Section 10.8. <u>Enforcement.</u> In the event any provision of this Article 10 is deemed by a court of competent jurisdiction to be more restrictive than permissible at law or equity, then Licensee agrees that the provisions of this Article 10 may be reformed and modified and enforced by such court to the maximum extent permissible under applicable law and principles of equity. Licensee agrees that specific performance and injunctive relief are necessary and appropriate remedies for violations of this Article 10 and agrees to the enforcement of such remedies, but

without prejudice to the right of Licensor to recover money damages, which are in no event a full and adequate remedy for such violations.

Article 11. Insurance and Indemnity.

Section 11.1. <u>Procurement of Insurance.</u> Licensee shall procure, prior to the commencement of any operations under this Agreement, and maintain in full force and effect during the term of this Agreement, at Licensee's expense, in form and with insurers having a Best's rating of "A" or better, and in compliance with the terms of any mortgage or lease covering the Restaurant premises:

- A. Fire, vandalism, and extended coverage insurance (including, without limitation, business interruption insurance) for the full replacement value of the Restaurant, all improvements on the Restaurant premises, and all furniture, furnishings, fixtures, and equipment.
- B. Comprehensive general liability insurance, including product liability, completed operations, and independent contractors' coverage, and comprehensive automobile liability coverage for both owned and non-owned vehicles, and hired automobiles in the amount of one million <u>five hundred thousand</u> dollars (US\$1,000,500,000), and naming Licensor, its officers, directors, and employees (collectively, "Indemnitees") as additional insureds in each such policy or policies.
- C. Workers' compensation and employer's liability insurance, as well as such other insurance as may be required by statute or rule of the state in which the Restaurant is located.
- D. During any significant construction at the Restaurant, Licensee will maintain or cause the general contractor to maintain with a reputable insurer comprehensive general liability insurance (with comprehensive automobile liability coverage for both owned and non-owned vehicles, builder's risk, product liability, completed operations, and independent contractors' coverage) in at least the amount of one million <u>five hundred thousand</u> dollars (US\$1,000,500,000) with Indemnitees named as additional insureds, and workers' compensation and employer's liability insurance and any other insurance as may be required by law.
- E. An Umbrella liability insurance policy providing an additional three million dollars (US\$3,000,000) in coverage over and above the limits set forth above with Indemnitees named as additional insureds.

Section 11.2. General Insurance Requirements. The insurance policies required by subparts B, D, and E of Section 11.1 of this Agreement shall (i) be endorsed to be primary to and non-contributory with any insurance maintained by Indemnitees, (ii) contain a waiver of any rights of subrogation against Indemnitees, and (iii) contain a severability of interest provision in favor of Indemnitees. Upon obtaining the insurance required by this Agreement and on each policy renewal date thereafter, Licensee shall promptly submit evidence of satisfactory insurance and proof of payment therefor to Licensor, and, if requested by Licensor, copies of all policies and policy amendments. The evidence of insurance shall include a statement by the insurer that the policy or

policies will not be canceled or materially altered without at least thirty (30) days' prior written notice to Licensor. Licensor may increase the minimum protection or coverage requirements of any policy required under Section 11.1, as of its renewal date, and may require different or additional kinds of insurance at any time to reflect inflation, identification of special risks, changes in law or standards of liability, higher damage awards, or other relevant changes in circumstances.

Section 11.3. <u>Licensor's Right to Obtain Coverage</u>. If Licensee does not obtain and maintain the insurance coverage required by this Agreement, as revised from time to time by the Licensor Manual or otherwise in writing, Licensor may, but shall not be obligated to, procure such insurance, and the cost or expense thereof, together with a reasonable fee for Licensor's expenses in so acting, shall be payable by Licensee immediately upon demand.

Section 11.4. <u>Indemnification</u>. Licensee shall indemnify and hold Licensor harmless from and against any and all actual or threatened claims, penalties, assessments, regulatory proceedings, and litigation, including, without limitation, all costs and expenses and reasonable attorneys' fees incurred by Licensor in connection therewith, arising from or out of the operation of the Restaurant or any occurrence at the Restaurant premises, including, without limitation, claims, penalties, assessments, regulatory proceedings, and litigation arising in whole or in part out of the negligence or willful acts of Licensor or its agents, employees, directors, officers, or representatives and including any allegation that Licensor or another indemnified party is the employer, co-employer, or joint employer of Licensee, its owners, or employees or otherwise responsible for Licensee's acts or omissions relating to Licensee's employees (collectively, the "Claims"). Licensor shall have the option, at its sole discretion, to request Licensee to undertake, in Licensor's name, the defense of any action relating to such Claims wherein Licensor is named as a defendant or otherwise made a party or to assume such defense with counsel satisfactory to Licensor. In either case, Licensee shall remain responsible for paying Licensor's costs of defense and of any judgment or settlement in any such action. Licensee's obligations to indemnify and hold Licensor harmless shall not be limited in any way by reason of any insurance which may be maintained by Licensor, nor shall Licensee's performance of the obligation to maintain insurance relieve Licensee of liability under this indemnity provision or be construed to be a limitation on the amount of Licensee's indemnity obligations. Licensor's right to indemnity under this Agreement shall arise notwithstanding that joint or concurrent liability may be imposed on Licensor by statute, ordinance, regulation, or other law. Notwithstanding any provisions of this Section 11.4 to the contrary, Licensor shall have no right to indemnification for Claims arising solely out of Licensor's gross negligence or willful misconduct.

Section 11.5. <u>Notice of Claims.</u> Licensee shall notify Licensor in writing within five (5) days of receipt of notice or knowledge of any claim, dispute, loss or damage, real or alleged, arising from Licensee's activities in, at or around the Restaurant, whether or not such claim names Licensor. Licensee has no authority to, and shall not, accept any service of process on behalf of Licensor or its affiliates.

Section 11.6. <u>Acknowledgment.</u> Licensee acknowledges that the provisions of this Article 11 constitute separately negotiated provisions whereby the parties have mutually agreed to a reasonable allocation of risk based on generally accepted industry loss experience and are supported by adequate consideration.

Article 12. Transfer of Interest.

Section 12.1. <u>Transfer by Licensor.</u> Licensor shall have the right to transfer or assign all or any part of its rights or obligations in this Agreement to any person or legal entity.

Section 12.2. <u>Licensor's Right of First Refusal</u>. Before any interest in the License or Licensee may be sold to a third party, it must first be offered for sale to Licensor by written notice delivered to Licensor in accordance with this Agreement by Licensee specifying the price and terms of any such sale. At any time within thirty (30) days after the service of such notice, Licensor may elect to purchase such interest on similar terms and conditions by notifying Licensee in writing of its election to purchase the same. If Licensor does not elect to purchase such interest in the foregoing manner, Licensee may, subject to Licensee's compliance with the provisions of this Article 12 and the other provisions of the Agreement, sell such interest to a third party at a price that is not less than the price specified in said written notice and upon terms not substantially different from the terms specified in said written notice. If such sale is not effected within six (6) months following the expiration of the thirty (30)-day option period set out above, such interest in the License or Licensee may not be sold to any third party at any price without again complying with the aforesaid procedure, in the same manner as if such interest had never before been offered for sale to the Licensor. The provisions of this Section 12.2 shall not apply to a transfer to a corporation, partnership, or limited liability company formed by Licensee for the convenience of ownership and not involving a change of beneficial ownership, which transfer meets the conditions set forth in Section 12.5, and transfers to Licensee's employees which meet the conditions set forth in Section 12.8.

Section 12.3. <u>Transfer by Licensee</u>. The rights and duties set forth in this Agreement are personal to Licensee and are granted in reliance on the individual and collective business skill, financial capacity, and personal character of Licensee and its principals. Accordingly, neither Licensee nor any immediate or remote successor to any part of Licensee's interest in the License, nor any individual, partnership, corporation, or other legal entity which directly or indirectly owns any interest in such entity, in the License or in Licensee, shall sell, assign, transfer, convey, give away, pledge, mortgage, or otherwise encumber any interest in the License or in Licensee without the prior written consent of Licensor, which consent Licensor may grant or withhold in its sole discretion based solely upon what Licensor deems is in its best interests. Any purported assignment or transfer, by operation of law or otherwise, not having the written consent of Licensor required by this Section 12.3 shall be null and void and shall constitute a material breach of this Agreement, for which Licensor may then terminate in accordance with

Section 13.2.C without opportunity to cure. Licensor, in its sole discretion, may require any or all of the following as conditions of its approval:

- A. All of Licensee's accrued monetary obligations to Licensor and its and affiliates and all other outstanding obligations related to the Restaurant shall have been satisfied;
- B. Licensee shall not be in default of any provision of this Agreement, any amendment hereof or successor hereto, or any other agreement between Licensee or its Affiliates and Licensor or its affiliates;
- C. The transferor shall have executed a general release, in a form prescribed by Licensor, of any and all claims against Licensor and its officers, directors, shareholders, and employees, in their corporate and individual capacities, including, without limitation, claims arising under federal, state and local laws, rules, and ordinances; provided, however, that all rights enjoyed by Licensee and any causes of action arising in its favor from the provisions of any applicable license/franchise laws and regulations shall remain in force; it being the intent of this proviso that any non-waiver provisions of such laws be satisfied;
- D. The transferee (and, if transferee is other than an individual, such owners of a beneficial interest in the transferee as Licensor may request) shall enter into a written assignment and assumption agreement, in a form satisfactory to Licensor, assuming and agreeing to discharge all of Licensee's obligations under this Agreement;
- E. The transferee (or, if transferee is other than an individual, all owners of any beneficial interest in transferee) shall demonstrate to Licensor's satisfaction that the transferee meets Licensor's educational, managerial, and business standards; possesses a good moral character, business reputation, financial capacity, and credit rating; has the aptitude and ability to operate the Restaurant (as may be evidenced by prior related business experience or otherwise); and has adequate financial resources and capital to operate the Restaurant;
- F. The transferee (and, if transferee is other than an individual, such owners of a beneficial interest in the transferee as Licensor may request) shall execute, for a term ending on the expiration date of this Agreement and with such renewal term as may be provided by this Agreement, the standard form license agreement then being offered to new System licensees and such other ancillary agreements as Licensor may require for the Restaurant, which agreements shall supersede this Agreement in all respects, and the terms of which may differ from the terms of this Agreement; provided, however, that the transferee shall not be required to pay any initial license fee, the royalties and advertising fees payable pursuant to Section 3.1 of this Agreement shall remain the same, and the Assigned Territory provided for in this Agreement shall remain the same;

- G. Licensee shall remain liable for all of the obligations to Licensor in connection with the Restaurant prior to the effective date of the transfer and shall execute any and all instruments reasonably requested by Licensor to evidence such liability;
- H. At the transferee's expense, the transferee or, if requested by transferee and consented to by Licensor, the transferee's manager shall complete any training program then in effect for licensees upon such terms and conditions as Licensor may reasonably require; and
- I. Except in the case of (i) a transfer to a corporation, partnership, or limited liability company formed by Licensee for the convenience of ownership and not involving a change of beneficial ownership, which transfer meets the conditions set forth in Section 12.5 of this Agreement, (ii) a transfer to Licensor pursuant to Section 12.2, or (iii) a transfer of minority interests to Licensee's employees pursuant to Section 12.8, Licensee shall pay to Licensor a transfer fee in an amount equal to Five Thousand Dollars (US \$5,000), to cover Licensor's administrative and other expenses in connection with the transfer.

Section 12.4. <u>Security Interests.</u> Licensee shall grant no security interest in the Restaurant or in any of its assets unless the secured party agrees (i) that in the event of any default by Licensee under any documents related to the security interest, Licensor shall have the option, but shall not be obligated, to be substituted as obligor to the secured party and to cure any default of Licensee; and (ii) that upon termination of this Agreement for any reason or upon expiration of this Agreement, Licensor shall have the option to purchase set forth in Section 14.2 of this Agreement.

Section 12.5. <u>Transfers for Convenience of Ownership</u>. In the event that Licensee proposes, subsequent to the execution of this Agreement, to transfer the License to a corporation, partnership, or limited liability company formed by Licensee, Licensor's consent to such transfer shall be conditioned upon satisfaction of and compliance with Section 12.7 of this Agreement and to the following additional requirements:

- A. Licensee shall be the owner of all of the voting stock, interests, or units of the corporation, partnership, or limited liability company; and, if Licensee is more than one individual, each individual shall have the same proportionate ownership interest in the corporation, partnership, or limited liability company as s/he had in Licensee prior to the transfer;
- B. All transferees shall execute a written agreement personally guaranteeing the full payment and performance of Licensee's obligations to Licensor from the date of transfer and agreeing to be bound by all the terms and conditions of this Agreement; and
- C. The transferee shall comply with all of the terms and conditions set forth in Section 12.3 of this Agreement.

Section 12.6. <u>Death or Mental Incompetency</u>. Upon the death or mental incompetency of any person with an interest in the License or an ownership interest in Licensee, the executor, administrator, or personal representative of such person shall transfer his or her interest within six (6) months after such death or mental incompetency to a third party approved by Licensor. Such transfers, including, without limitation, transfers by devise or inheritance, shall be subject to the same conditions as any *inter vivos* transfer. However, in the case of transfer by devise or inheritance, if the heirs or beneficiaries of any such person are unable to meet the conditions in this Agreement, the personal representative of the deceased shall have a reasonable time to dispose of the deceased's interest in the License or in Licensee, which disposition shall be subject to all the terms and conditions for transfers contained in this Agreement. If the interest is not disposed of within a reasonable time, Licensor may terminate this Agreement.

Section 12.7. Private Offerings. Securities, units, or other ownership interests in Licensee may be offered by private offering only with the prior written consent of Licensor (whether or not Licensor's consent is required under Section 12.3 of this Agreement), which consent Licensor may grant or withhold in its sole discretion based solely upon what Licensor deems is in its best interests. All materials to be used in any exempt offering, including, but not limited to, materials required for such private offering by federal or state law, shall be submitted to Licensor for review and prior to their use or being filed with any governmental agency, if applicable. Licensee shall be prohibited from offering securities, units, or other ownership interests in Licensee by any public offering (as that term is defined in the Securities Act of 1933 and the regulations promulgated by the SEC thereunder). No Licensee offering shall imply (by use of the Proprietary Marks or otherwise) that Licensor is participating in an underwriting, issuance, or offering of Licensee or Licensee securities, and Licensor's review of any offering shall be limited solely to the subject of the relationship between Licensee and Licensor. Licensee and the other participants in the offering must fully indemnify Licensor in connection with the offering. For each private offering of securities, Licensee shall pay to Licensor a fee in a reasonable amount determined by Licensor to reimburse Licensor for time and expense associated with reviewing and approving or disapproving the proposed private offering. Licensee shall give Licensor written notice at least ninety (90) days prior to the date of commencement of any private offering or other transaction covered by this Section 12.7. Fees required by this Section 12.7 are in addition to transfer fees otherwise required by this Article 12. The individual owners of Licensee described in Section 6.12.C shall at all times following the completion of any private offering under this Section 12.7 maintain, in the aggregate, at least fifty-one percent (51.0%) of the issued and outstanding capital stock or equity interest of all classes of Licensee.

Section 12.8. <u>Transfer to Employees of Licensee</u>. Notwithstanding any provision to the contrary contained in this Article 12, Licensee may transfer not more than an aggregate of twenty-five percent (25%) of the outstanding voting shares, units, or ownership interests of Licensee operating as a corporation, partnership, or limited liability company to employees of Licensee who are actively engaged in Licensee's Restaurant operations, if such transfers, alone or together with other previous, simultaneous, or proposed transfers, do not have the effect of transferring a controlling interest (as reasonably determined by Licensor) in Licensee. The ownership of such shares, units, or ownership interests by such employees will be subject to all of the terms and conditions of this Agreement, including, without limitation, Article 10 and Article 12. Licensee shall provide Licensor with written notice of any such proposed transfer and all

pertinent information regarding the same not later than thirty (30) days prior to the proposed date of transfer.

Section 12.9. <u>No Waiver.</u> Licensor's consent to a transfer of any interest in the License or Licensee shall not constitute a waiver of any claims it may have against the transferring party, nor shall it be deemed a waiver of Licensor's right to demand exact compliance with any of the terms of this Agreement by the transferee.

Article 13. Default and Termination.

Section 13.1. <u>Effect of Termination</u>. This Agreement may not be terminated except as provided in this Agreement. Termination of this Agreement shall not relieve Licensee of any unfulfilled obligations to Licensor created hereunder unless it is so agreed by Licensor in writing.

Section 13.2. <u>Expiration</u>, <u>Default and Termination</u>. This Agreement may be terminated as follows:

- A. Upon the expiration of its term.
- B. Upon the mutual agreement in writing signed by authorized representatives of the parties to a termination.
- C. At Licensor's option, effective immediately upon the giving of written notice to Licensee, if Licensee: (i) fails to open the Restaurant and commence operations or pay the License Fee within the maximum time or in accordance with the Schedule under Article 4 hereof; (ii) ceases to operate the Restaurant or otherwise abandons the business, or forfeits the legal right to do business in the jurisdiction where the Restaurant is located; (iii) or any owner is convicted of a felony or other crime involving moral turpitude, consumer fraud, or crime or offense Licensor believes is likely to have an adverse effect on Licensee's ability to carry out the duties imposed by this Agreement or to have an adverse effect on the System and the goodwill associated therewith; (iv) transfers (including transfers following death or incompetency) any rights or obligations in violation of the terms of Article 12 hereof; (v) misuses or discloses confidential information in violation of Article 10 hereof, (vi) knowingly makes any false statements in any report or document submitted to Licensor; (vii) understates Gross Receipts of the Restaurant for any period by two percent (2%) or more two (2) or more times during any fiftytwo (52) week period, or by more than five percent (5%) on any one occasion; (viii) suffers a final judgment to remain unsatisfied or of record for thirty (30) days or longer (unless a supersedeas bond is filed), or has execution levied against Licensee's business or property, or any suit is filed to foreclose any lien or mortgage against the premises or equipment and not dismissed within thirty (30) days; or (ix) becomes insolvent or has a receiver appointed to take possession of Licensee's business or property or any part thereof or makes a general assignment for benefit of creditors.

- D. At Licensor's option, without notice, in the event Licensee shall become bankrupt or become subject to a proceeding under any chapter of the United States Bankruptcy Code, unless Licensee shall: (i) timely undertake to reaffirm the obligations under this Agreement, (ii) timely comply with all conditions as legally may be imposed by Licensor upon such an undertaking to reaffirm this Agreement, and (iii) timely comply with such other conditions and provide such assurance as may be legally required in or under relevant provisions of the United States Bankruptcy Code; provided, however, that the parties acknowledge that this Agreement constitutes a personal services contract made in reliance on the qualifications and personal characteristics of Licensee and its directors, officers, shareholders, members, or owners, as the case may be, and in the expectation of a material degree of personal involvement in the management and operation of the Restaurant, and consequently, the parties agree that any attempt by any other party, including a trustee in bankruptcy or any other third party, to assume or accept a transfer or assignment of this Agreement shall be void, and that in no event shall this Agreement or any rights or duties of Licensee hereunder, be transferred to any individual or entity who does not comply with all requirements for transfer specified in this Agreement.
- E. At Licensor's option, effective upon: (i) the expiration of ten (10) days after giving of written notice, in the event Licensee defaults, and does not cure to Licensor's reasonable satisfaction within the ten (10)-day notice period, in the obligation to pay when due any financial obligation to Licensor; or (ii) the expiration of thirty (30) days after giving of written notice, in the event Licensee defaults, and does not cure to Licensor's reasonable satisfaction within the thirty (30)-day notice period, in the performance of any other covenant or provision of this Agreement or any other license agreement with Licensor, including, without limitation, the obligation to make reports and provide information when due or failure to maintain any of the standards or procedures prescribed for the Restaurant in this Agreement, the Licensor Manual, or otherwise. Notwithstanding the foregoing, Licensee shall be entitled to notice and opportunity to cure any such default only once in any six (6) 28-day periods, and any subsequent occurrence of the same or substantially similar default within such six (6) 28-day periods shall entitle Licensor, at its option, to terminate this Agreement effective immediately upon the giving of notice and without opportunity to cure.

Section 13.3. <u>No Waiver; Rights and Remedies not Exclusive.</u> No forbearance of Licensor from asserting any default or giving any permitted notice of termination shall constitute a waiver of such default or right to terminate or an estoppel against such right as to any continuing default or subsequent occurrence of a default, whether similar or dissimilar in nature to the prior default. The rights of Licensor to terminate this Agreement are in addition to, and not in lieu of, other remedies available at law or equity for defaults by Licensee in the payment and performance of its obligations under this Agreement.

Section 13.4. <u>Cross Default.</u> Except for a default or termination of any multi-unit development agreement or other multi-unit agreement solely due to Licensee's failure to meet the development schedule thereunder, any default by Licensee or any of its Affiliates under the terms

and conditions of this Agreement or any other agreement between Licensor and Licensee or any of its affiliates shall be deemed to be a default of each and every said agreement. Furthermore, in the event of termination, for any cause, of this Agreement, Licensor may, at its option, terminate any or all said agreements.

Section 13.5. <u>Statutory Limitations.</u> If any valid, applicable law or regulation of a competent governmental authority with jurisdiction over this Agreement requires a notice or cure period prior to termination longer than set forth in this Article 13, this Agreement will be deemed amended to conform to the minimum notice or cure period required by the applicable law or regulation.

Article 14. Obligations upon Expiration or Termination.

Section 14.1. <u>Effect of Expiration or Termination.</u> Upon the expiration or termination of this Agreement for any reason:

- A. All rights granted under this Agreement to Licensee shall terminate;
- B. Licensee shall immediately and permanently cease to operate the Restaurant, and shall not thereafter, directly or indirectly, represent itself to the public or hold itself out as a licensee of Licensor. The rights granted to Licensee in the Assigned Territory immediately shall terminate, and Licensor shall have the right to operate, or license others to operate, System Restaurants anywhere in the Assigned Territory;
- C. Licensee shall immediately and permanently discontinue the use of all Proprietary Marks, all confusingly or colorably similar names and marks thereto, or any other designation or mark indicating or tending to indicate that Licensee is or was a licensee of Licensor. Licensee shall promptly amend or terminate any filings or registrations with any governmental authorities containing or pertaining to the use of the Proprietary Marks. Licensee shall not promote or advertise the fact that it was formerly a licensee of Licensor;
- D. Licensee shall surrender and transfer to Licensor or its designee any and all rights to use the telephone numbers, domain names, e-mail addresses, and other business listings used by Licensee for the Restaurant. Licensee agrees to cooperate and execute any and all documents required to effect transfer of the telephone numbers and other business listings from Licensee to Licensor or its designee;
- E. Licensee shall immediately turn over to Licensor all materials, including, without limitation, the Licensor Manual, all manuals and all Customer Data, marketing materials, instructions, and brochures, and any and all other materials relating to the operation of the Restaurant in Licensee's possession, custody, or control, and all copies thereof (all of which are acknowledged to be Licensor's property, and shall retain no copy, excerpt, or record of the foregoing, excepting only Licensee's copy of this Agreement and of any correspondence between the parties related to contractual obligations or provisions, and any other documents which Licensee reasonably needs for compliance with any provision of law;

- F. Licensee shall immediately and permanently discontinue all advertising related to the Restaurant, including, but not limited to, removal of all signs and other identifying marks and colors, and shall destroy or surrender to Licensor any letterheads, forms, printed matter, and advertising materials containing the Proprietary Marks and any confusingly or colorably similar or related names marks or designations tending to indicate that Licensee is or was an authorized licensee of Licensor;
- G. If Licensor does not elect to purchase the assets of the Restaurant pursuant to Section 14.2, Licensee shall, at its expense, immediately make such modifications or alterations as may be necessary to distinguish the Restaurant so clearly from its former appearance and from other System Restaurants as to prevent any likelihood or possibility of confusion with System Restaurants by the public, and to prevent the operation of any business at the Licensed Location by Licensee or others in derogation of this Section 14.1.G (including, without limitation, removal of all distinctive physical and structural features identifying Restaurant in the System, removal of all signs and emblems, and changing of telephone numbers and other directory listings). Licensee shall, at Licensee's expense, make such specific additional changes as Licensor may reasonably request for this purpose. If Licensee fails to initiate immediately and complete such alterations when required, Licensee agrees that Licensor or its designated agents may enter the Restaurant and adjacent areas, and hereby grants Licensor an irrevocable license and permit to go upon the Restaurant premises for such purposes, at any time to make such alterations, at Licensee's sole risk and expense, without responsibility for any actual or consequential damages to the property of Licensee or others. acknowledges that such actions by Licensor are authorized and permitted and shall not be deemed a violation of any civil or criminal law or any basis for an action under such laws by Licensee or others. Licensee expressly acknowledges that its failure to make such alterations will cause irreparable injury to Licensor, and consents to entry, at Licensee's expense, of an ex parte order by any court of competent jurisdiction authorizing Licensor or its agents to take such action, if Licensor seeks such an order;
- H. Licensee shall immediately and permanently cease using the System, including, but not limited to, the Licensor Manual, any other operating or training manuals or aids, advertising and promotional materials, and all Trade Secrets and confidential material delivered to Licensee pursuant to this Agreement; and
- I. Licensee shall promptly pay all sums owing to Licensor and its affiliates. In the event of termination for any default of Licensee, such sums shall include payment of all damages, costs, and expenses, including reasonable attorneys' fees, incurred by Licensor as a result of the default, which obligation shall give rise to and remain, until paid in full, a lien in favor of Licensor against any and all of the personal property (including, without limitation, signs, equipment, furnishings, furniture, and supplies) owned and used by Licensee in connection with the Restaurant at the time of default.

Section 14.2. Option to Purchase.

- A. Licensor shall have the right, at its sole option, for a period of sixty (60) days following termination of this Agreement, to purchase at the lesser of Licensee's cost or fair market value as determined by an independent appraiser to be selected by Licensor, all or any portion of usable materials owned by Licensee bearing the Proprietary Marks and/or Licensee's equipment, furniture, fixtures, inventory, and moveable signs used in the Restaurant or at the Licensed Location, free and clear of all liens and encumbrances. Licensee shall not during such sixty (60) day period remove from the Restaurant or the Licensed Location, transfer, assign, hypothecate, pledge, or otherwise encumber such equipment, furniture, fixtures, inventory, and moveable signs. Licensor shall have the right to set-off against and reduce the purchase price by any and all amounts owed by Licensee to Licensor, and the amount of any encumbrances or liens against such assets or any obligations assumed by Licensor.
- B. Licensee shall, if Licensor elects to purchase the assets of the Restaurant pursuant to Section 14.2.A above, at Licensor's option, assign to Licensor any interest that Licensee has in any lease for the Restaurant; provided that Licensor agrees to use reasonable efforts to effect a termination of the existing lease for the premises and enter into a new lease on reasonable terms with the landlord. In the event Licensor is unable to negotiate an acceptable new lease, Licensor will indemnify and hold Licensee harmless from any ongoing liability under the lease from the date on which Licensor assumes possession of the premises. The assignment of the lease shall be made at the same time as Licensor purchases the assets of the Restaurant pursuant to Section 14.2.A. If Licensee owns the Restaurant, it will lease the Restaurant to Licensor or one of its affiliates or assigns on reasonable fair market terms.

Section 14.3. <u>Enforcement Costs.</u> Licensee shall pay to Licensor all damages, costs, and expenses, including reasonable attorneys' fees, incurred by Licensor in connection with obtaining injunctive or other relief for the enforcement of any provisions of this Article 14.

Section 14.4. <u>Early Termination Damages.</u> If Licensor terminates this Agreement for any reason, Licensee shall pay to Licensor a lump sum payment (as liquidated damages and not as a penalty or in lieu of any other payments required under this Agreement) equal to the total of all amounts required under Article 3 (License Fees, royalty fees, Marketing Fund contributions, etc.) for (i) the thirty-six (36) 28-day periods of operation of the Restaurant preceding Licensee's default, or (ii) the period of time the Restaurant has been in operation preceding the notice, if less than thirty-six (36) 28-day periods, projected on a thirty-six (36) 28-day period basis. Notwithstanding the foregoing sentence, if the number of 28-day periods remaining between the date of termination and the date on which the term of this Agreement would otherwise have ended pursuant to Article 2 is less than thirty-six (36) 28-day periods, then the time period for calculating the amount of liquidated damages shall be the number of 28-day periods remaining in such term. The parties acknowledge that a precise calculation of the full extent of the damages which Licensor will incur in the event of termination of this Agreement as a result of Licensee's default is difficult in the extreme, and agree that the lump sum payment provided under this Section 14.3 is reasonable

in light of the damages for premature termination which Licensor will incur in such event. Such payment of liquidated damages shall be in addition to amounts otherwise payable to Licensor by Licensee under this Agreement. The payment of liquidated damages shall not affect Licensor's rights to obtain appropriate equitable relief and remedies, such as injunctive relief to enforce Article 10 of this Agreement and specific performance to enforce this Article 14.

Section 14.5. <u>Preservation of Records.</u> Termination of this Agreement shall not relieve Licensee of the obligations under Article 9 of this Agreement to maintain and preserve financial and other records and to make them available for inspection and audit by Licensor.

Section 14.6. <u>Survival of Obligations</u>. This Article 14 and all covenants, obligations, and agreements of Licensee which by their terms or by reasonable implication are to be performed, in whole or in part, after the termination or expiration of the term of this Agreement, shall survive such termination or expiration.

Article 15. Relationship of the Parties.

Section 15.1. <u>Efforts of Licensee</u>. Licensee agrees and acknowledges that, prior to executing this Agreement, Licensee has made such investigation of the System as Licensee deems necessary, that Licensee understands that the results of operations of the Restaurant are dependent upon the efforts and management of Licensee, and Licensee hereby assumes full responsibility for such operations. Licensee shall retain and exercise management and control over the Restaurant and its operations and shall require its general manager to devote full time and attention to the operations and business of the Restaurant.

Section 15.2. <u>Independent Contractor</u>. It is understood and agreed by Licensor and Licensee that this Agreement does not create a fiduciary relationship between them; that Licensee shall be an independent contractor; and, that nothing in this Agreement is intended to constitute either party an agent, legal representative, subsidiary, joint venturer, partner, employee, joint employer, or servant of the other for any purpose whatsoever. Neither this Agreement nor Licensor's course of conduct is intended, nor may anything in this Agreement (nor Licensor's course of conduct) be construed to state or imply that Licensor is the employer of Licensee's employees and/or independent contractors, nor vice versa. Licensee shall hold itself out to the public as an independent contractor operating the Restaurant pursuant to a license from Licensor. Licensee agrees to take such affirmative action as may be necessary to do so, including, without limitation, exhibiting a notice of that fact in a conspicuous place on the Restaurant premises, and, as directed by Licensor, in Licensee's advertising materials, agreements, forms, stationery, and promotional materials.

Section 15.3. <u>No Obligations on Licensor's Behalf.</u> Licensee understands and agrees that nothing in this Agreement authorizes Licensee to make any contract, agreement, warranty, or representation on Licensor's behalf, or to incur any debt or other obligation in Licensor's name or on Licensor's behalf; and Licensor shall in no event assume liability for, or be deemed liable hereunder as a result of, any such action, or by reason of any act or omission of Licensee in its operation of the Restaurant, or any claim or judgment arising therefrom against Licensor.

Section 15.4. <u>Personnel Matters.</u> Licensee acknowledges that the System and the System standards set forth in the Licensor Manual or otherwise do not include any personnel policies or procedures. If Licensor makes any sample personnel policies or procedures available, Licensee alone will determine to what extent, if any, those policies or procedures might apply to its operations. Licensor neither dictates nor controls labor or employment matters for developers, Licensees, or their employees. Licensee must clearly inform all workers, before hiring and periodically thereafter, that Licensee, and not Licensor, is their employer and that Licensor does not assume and will not accept any employer, co-employer, or joint employer obligations.

Article 16. Approvals and Waivers.

Section 16.1. <u>Approvals.</u> Whenever this Agreement requires the prior approval or consent of Licensor, Licensee shall make a timely written request to Licensor therefor, and such approval or consent shall be obtained in writing. Except as otherwise expressly provided in this Agreement, Licensor may withhold any consent or approval at its discretion.

Section 16.2. <u>No Warranties or Guarantees</u>. Licensor shall have no liability for withholding any consent or approval or for any delay or inaction in connection therewith, and the granting of any approval or consent shall not imply or constitute any representation, warranty, guaranty, or endorsement of the matter approved or consented to or an assumption of any liability in connection therewith.

Section 16.3. <u>No Waivers.</u> No delay, waiver, omission, or forbearance on the part of Licensor to exercise any right, option, duty, or power arising out of any breach or default by Licensee, or any other System licensee, of any of the terms, provisions, covenants, or conditions hereof shall constitute a waiver by Licensor to enforce any such right, option, duty, or power as against Licensee, or as to subsequent breach or default by Licensee. Subsequent acceptance by Licensor of any obligations due to it under this Agreement shall not be deemed to be a waiver by Licensor of any preceding breach by Licensee of any terms, provisions, covenants, or conditions of this Agreement.

Article 17. Notices.

Any and all notices required or permitted under this Agreement shall be in writing and shall be personally delivered, mailed by certified or registered mail, postage prepaid, return receipt requested, sent by electronic mail with delivery confirmation receipt, or sent via a nationally recognized overnight delivery service, to the respective parties at the following addresses unless and until a different address has been designated by written notice to the other party:

Article 18. Dispute Resolution.

Section 18.1. <u>Mediation</u>. Licensee and Licensor agree to submit, prior to arbitration, all unsettled claims, disputes, controversies, and other matters in question between them arising out of or relating to this Agreement (including, but not limited to, any claim that the Agreement or any of its provisions is invalid, illegal, or otherwise voidable or void), the dealings or relationship between Licensee and Licensor, or Licensee's operation of the Restaurant ("Disputes") to mediation in Wichita, Kansas and in accordance with the Commercial Mediation Rules of the American Arbitration Association currently in effect. Demand for mediation shall be made within a reasonable time after cessation of negotiations.

- A. Mediation shall be private, voluntary, and nonbinding. Any party may withdraw from the mediation at any time before signing a settlement agreement upon written notice to each other party and to the mediator. The mediator shall be neutral and impartial. The mediator's fees shall be shared equally by the parties. The mediator shall be disqualified as a witness, consultant, expert, or counsel for either party with respect to the matters in Dispute and any related matters.
- B. Unless the parties agree otherwise, the entire mediation process shall be confidential and without prejudice. The parties and the mediator shall not disclose any information, documents, statements, positions, or terms of settlement. Nothing said or done or provided by the parties in the course of mediation shall be reported or recorded or, except as ordered by a court of competent jurisdiction, placed in any legal proceeding or construed for any purpose as an admission against interest. Nevertheless, evidence otherwise discoverable or admissible is not excluded from discovery or admission as a result of its use in mediation.
- C. If a Dispute cannot be resolved through mediation, the parties agree to submit the Dispute to arbitration, subject to the terms and conditions of this Article 18.

Section 18.2. <u>Arbitration</u>. Subject to Section 18.1, all Disputes between Licensee and Licensor will be submitted for binding arbitration to the American Arbitration Association on demand of either party. Such arbitration proceeding will be conducted in Wichita, Kansas and, except as otherwise provided in this Agreement, will be heard by one (1) arbitrator in accordance with the Commercial Arbitration Rules of the American Arbitration Association then in effect. All matters relating to arbitration will be governed by the federal Arbitration Act (9 U.S.C. §§ 1 *et. seq.*) and not by any state arbitration law.

A. The arbitrator will have the right to award or include in his award any relief which the arbitrator deems proper under the circumstances, including, without

limitation, money damages (with interest on unpaid amounts from the date due), specific performance, injunctive relief, and reasonable attorneys' fees and costs, provided that the arbitrator will not have the right to amend or modify the terms of this Agreement, declare any Proprietary Marks generic or otherwise invalid, or to award exemplary or punitive damages. The award and decision of the arbitrator will be conclusive and binding upon all parties, and judgment upon the award may be entered in any court of competent jurisdiction.

- B. Licensee and Licensor agree to be bound by the provisions of any limitation on the period of time in which claims must be brought under applicable law. Licensee and Licensor further agree that, in connection with any such arbitration proceeding, each must submit or file any claim which would constitute a compulsory counterclaim (as defined by Rule 13 of the Federal Rules of Civil Procedure) within the same proceeding as the claim to which it relates. Any such claim which is not submitted or filed as described above will be forever barred.
- C. Licensee and Licensor agree that arbitration will be conducted on an individual, not a class-wide, basis, and that an arbitration proceeding between Licensee and Licensor may not be consolidated with any other arbitration proceeding involving Licensee or Licensor and another party.

Section 18.3. <u>Injunctive Relief.</u> Notwithstanding anything to the contrary contained in this Article 18, Licensee and Licensor each have the right in a proper case to obtain temporary restraining orders and temporary or preliminary injunctive relief from a court of competent jurisdiction; provided, however, that Licensee and Licensor must contemporaneously submit the Disputes for non-binding mediation under Section 18.1 and then for arbitration under Section 18.2 on the merits as provided herein if such Disputes cannot be resolved through mediation. Licensee acknowledges that a proper case to obtain temporary restraining orders and temporary or permanent injunctive relief from a court of competent jurisdiction contemporaneously with submitting the Disputes to mediation and then to arbitration shall include, but not be limited to, the following:

- A. Any Dispute involving actual or threatened disclosure or misuse of the contents of the Licensor Manual or any other confidential information or Trade Secrets of Licensor:
- B. Any Dispute involving the ownership, validity, use of, or right to use or license the Proprietary Marks;
- C. Any action by Licensor to enforce the covenants set forth in Article 10 and Article 12 of this Agreement; and
- D. Any action by Licensor to stop or prevent any threat or danger to public health or safety resulting from the construction, maintenance, or operation of the Restaurant.

44

Section 18.4. <u>Choice of Law</u>. This Agreement is governed by and shall be construed in accordance with the laws of the State of Kansas, without regard to the rules governing conflict of laws.

Section 18.5. <u>Choice of Forum.</u> In the event that Licensee commences any action against Licensor with respect to any Dispute, such action shall be brought only in a federal or state court sitting within the City of Wichita, Sedgwick County, Kansas. Licensee consents to the exercise of jurisdiction by courts within the City of Wichita, Sedgwick County, Kansas over any claims or counterclaims against Licensee.

Section 18.6. <u>Applicability to Third Parties</u>. The provisions of this Article 18 are intended to benefit and bind certain third party non-signatories and will continue in full force and effect subsequent to and notwithstanding the expiration or termination of this Agreement. Unless the context otherwise requires, the term "Licensee" as used in this Article 18 shall include individually and collectively, all partners, officers, directors, managers, members, and holders, directly or indirectly (and any partners, officers, or directors of any such holders), of any beneficial interest in Licensee, and any immediate family members of any such persons.

Section 18.7. <u>Costs and Expenses</u>. In the event Licensor incurs legal fees or costs or other expenses to enforce any obligation of Licensee under this Agreement, or to defend against any claim, demand, action, or proceeding by reason of Licensee's failure to perform or observe any obligation imposed upon Licensee by this Agreement, then Licensor shall be entitled to recover from Licensee the amount of all legal fees, costs, and expenses, including reasonable attorneys' fees, whether incurred prior to, or in preparation for or contemplation of the filing of any claim, demand, action, or proceeding to enforce any obligation of Licensee hereunder or thereafter or otherwise.

Article 19. Entire Agreement.

This Agreement, the documents referred to in this Agreement, and the attachments to this Agreement, if any, constitute the entire, full, and complete agreement between Licensor and Licensee concerning the subject matter of this Agreement, and supersede any and all prior or contemporaneous negotiations, discussions, understandings or agreements. There are no promises, representations, inducements, or agreements between the parties of any nature that are not contained in this Agreement. No amendments, change, or variance from this Agreement shall be binding on either party unless mutually agreed to by the parties and executed by their authorized officers or agents in writing. Nothing in this Agreement is intended to disclaim any of the representations contained in the Franchise Disclosure Document.

Article 20. Construction and Severability.

Section 20.1. <u>Advice of Counsel.</u> Licensee acknowledges and agrees that it received ample time and opportunity to review this Agreement and seek legal counsel with respect to the terms of this Agreement and the License granted by this Agreement and is making this Agreement based solely on its terms and not on any collateral representation or promise, including, without limitation, any projections of profits to be obtained by making this Agreement, which Licensee acknowledges have not been made, represented, or warranted to Licensee.

Section 20.2. Construction and Severability.

- A. Should any one or more parts of this Agreement be declared invalid for any reason by a court of competent jurisdiction, such decision shall not affect the validity of any remaining portions of this Agreement, which shall remain in full force and effect as if this Agreement had been executed without such invalid parts, except to the extent the absence of the provisions invalidated would frustrate or make it impossible to achieve the purposes for which this Agreement was made. Should the requirements of any applicable law or regulation change or modify the terms of this Agreement or conflict with its provisions, such change or modification shall not be applicable to this Agreement unless such change is lawfully mandated by the authority making the same, in which case only the provisions affected by such law or regulation shall be affected, and this Agreement shall otherwise remain in full force and effect, as modified to be consistent with such law or regulation.
- B. Licensor and Licensee and the persons signing the Guaranty attached to this Agreement as Guarantors acknowledge that various provisions of this Agreement specify certain matters that are within the discretion or judgment of Licensor or are otherwise to be determined unilaterally by Licensor. In the exercise of Licensor's discretion or judgment as to any such matter, the parties expressly agree, if Licensor has considered any lawful business reason in the exercise of its discretion or judgment, the decision is a reasonable and proper exercise of such discretion or judgment that should not be, and may not be, second guessed by a fact-finder in dispute resolution proceedings. It is the intent of the parties that any fact finder shall uphold and enforce such a decision or judgment, regardless of the existence of other reasons for the decision and regardless of whether the fact-finder would have given different weight to the potential reasons for decision, would have considered other reasons not taken into account, or otherwise would have made a different decision if asked to make the decision in the first instance.
- C. Unless otherwise expressly provided in this Agreement to the contrary, any consent, approval, or authorization of Licensor that Licensee may be required to obtain may be given or withheld by Licensor in its sole discretion, and on any occasion where Licensor is required or permitted under this Agreement to make any judgment or determination, including any decision as to whether any condition or circumstance meets Licensor's standards or satisfaction, Licensor may do so in its sole subjective judgment.
- D. As used in this Agreement, the words "include," "includes" or "including" are used in a non-exclusive sense.
- E. Neither this Agreement nor any uncertainty or ambiguity in this Agreement shall be construed or resolved against the drafter of this Agreement, whether under any rule of construction or otherwise. On the contrary, this Agreement has been reviewed by all parties and shall be construed and interpreted according to the ordinary meaning of the words used so as to fairly accomplish the purposes and intentions of all parties. Licensor and Licensee intend that if any provision of this

Agreement is susceptible to two or more constructions, one of which would render the provision enforceable and the other or others of which would render the provision unenforceable, then the provision shall be given the meaning that renders it enforceable.

- F. This Agreement is made solely for the benefit of the parties to this Agreement and their respective successors and permitted assigns, and nothing in this Agreement shall create any right to rely upon the terms of this Agreement in favor of any third party nor confer any right or remedy upon any third party.
- G. All captions in this Agreement are intended solely for the convenience of the parties, and none shall be deemed to affect the meaning or construction of any provisions of this Agreement.
- H. All terms and words used in this Agreement, regardless of numbers and genders in which they are used, shall be deemed to include singular or plural and all genders as the context or sense of this Agreement or any paragraph or clause in this Agreement may require.
- I. All acknowledgments, promises, covenants, agreements, and obligations herein made or undertaken by Licensee shall be deemed jointly and severally undertaken by all those executing this Agreement on behalf of Licensee.
- J. Time is of the essence of this Agreement and all provisions hereof shall be so interpreted.
- K. No right or remedy conferred upon or reserved to Licensor or Licensee by this Agreement is intended to be, nor shall be deemed, exclusive of any other right or remedy herein or by law or equity provided or permitted, but each shall be cumulative of every other right or remedy.
- L. Nothing in this Agreement contained shall bar Licensor's right to obtain injunctive relief against threatened conduct that will cause it loss or damage, under the usual equity rules, including the applicable rules for obtaining restraining orders and preliminary injunctions.

Article 21. Acknowledgments.

Licensee acknowledges to Licensor, in order to induce Licensor to enter this Agreement, as follows:

- A. Licensor makes no representations or warranties and hereby disclaims any warranties with regard to whether any of the Proprietary Marks are protectable or registerable and with regard to whether any of the Proprietary Marks infringe upon the rights of others; and
- B. In all of their dealings with Licensee, the officers, directors, employees, and agents of Licensor act only in a representative capacity, not in an individual

capacity, and that this Agreement and all business dealings between Licensee and such individuals as a result of this Agreement are solely between Licensee and Licensor.

Execution of Agreement.

Section 22.1. This Agreement may be executed in counterparts, which together shall constitute one agreement of the parties. Electronic copies of any signed original Agreement shall be deemed the same as delivery of an original.

Section 22.2. By signing this Agreement, Licensee acknowledges that it has received a complete copy of this Agreement, with any exhibits referred to in this Agreement attached.

FREDDY'S, L.L.C. COVENANT AGREEMENT

FREDDY'S L.L.C.

COVENANT AGREEMENT

THIS COVENANT AGREEMENT (this "Agreement") is entered into by and among Freddy's, L.L.C. ("Licensor") and those persons listed on the signature page of this Agreement (whether one or more "Covenantors") on the date and year executed by Licensor below (the "Effective Date").

Recital

Covenantors have agreed to enter into this Agreement to induce Licensor to enter into a franchise relationship for the Freddy's System that includes or could include development agreements, license agreements, and other proprietary information about the System between Licensor and ("Licensee").

NOW, THEREFORE, in consideration of the premises and for other good and valuable consideration, Covenantors covenant and agree as follows:

- 1. Capitalized terms used in this Agreement and not otherwise defined shall have the same meaning as defined in the Freddy's L.L.C. Development Agreement and/or Freddy's L.L.C. License Agreement, as applicable (the "Licensee Documents"), between Licensor and Licensee.
- 2. During the term of the Licensee Documents and thereafter, except as otherwise approved in writing by Licensor, Covenantors shall not, either directly or indirectly, individually, or through, or on behalf of, or in conjunction with any person, persons, or entity:
 - Copy or disclose to any person other than Licensee's employees (and then only to a. employees who have a need to know) (i) any Trade Secrets, (ii) any knowledge, information, or know-how concerning the System, or (iii) all or any portion of the Development Manual and/or Licensor Manual (individually or jointly "Licensor Manual") or any other confidential materials, including, without limitation, the design of System Restaurants, methods of operation and service at System Restaurants, secret recipes, methods of preparation, and service of food products sold at System Restaurants, knowledge of sales and profit performance at any one or more System Restaurants, knowledge of test programs, concepts or results relating to new menu items, and advertising and promotional programs, sources of food products and suppliers of equipment, advertising, promotion and marketing techniques, the selection and training of store managers and, in general, methods, techniques, formulas, formats, specifications, procedures, information systems and knowledge, in the operation and licensing of System Restaurants, or other materials deemed confidential by Licensor. Covenantors shall at all times treat the Trade Secrets, Licensor Manual, and the information contained therein as confidential, and shall use all reasonable efforts to maintain such information as secret and confidential and shall use the same only in the development and operation of the Restaurant. The Trade Secrets and Licensor Manual shall at all times remain the sole property of Licensor, and shall be returned to Licensor immediately upon expiration or termination of the Licensee Documents. Any and all information,

knowledge, know-how, and other data that Licensor designates as confidential shall be deemed confidential for purposes of this Agreement, except information which Covenantors can demonstrate came to their attention prior to disclosure thereof by Licensor; or which, at or after the time of disclosure by Licensor to Covenantors, had become a part of the public domain, through publication or communication by others.

- During the term of the Licensee Documents, Covenantors shall not compete, or be b. associated, directly or indirectly, as an owner, officer, director, employee, consultant, or otherwise, in any Competitive Business (as defined below) and there is no geographic limitation on this restriction. For a period of two (2) years after any transfer, the expiration of the Licensee Documents, or the termination of the Licensee Documents for any reason, Covenantors shall not compete, or be associated, directly or indirectly, as an owner, officer, director, employee, consultant, or otherwise, in any Competitive Business that is located within (i) the Assigned Area or Assigned Territory, (ii) the Designated Market Area or Areas identified by the then-current Nielsen Wall Map published by the A.C. Nielson Company ("DMA"), in which the Assigned Area or Assigned Territory is located, or (iii) the DMA of any other System Restaurant then existing. "Competitive Business" shall mean any retail food establishment (including, but not limited to, any restaurant or ice cream, custard, or yogurt parlor or shop) (a) that offers for sale custard-style products or (b) in which any of the following categories (singly or in the aggregate) constitutes more than ten percent (10%) of its food revenues: (1) ice cream or yogurt or (2) ground-beef or hot dog sandwiches; provided, however, that passive ownership of less than five percent (5.0%) of the outstanding voting securities of a publicly held corporation (which for purposes of this Agreement means a corporation registered under the Securities Exchange Act of 1934) shall not be deemed a violation of this Section 2.b. In the event the A.C. Nielson Company discontinues the publication of Nielson Wall Maps for any reason, Licensor shall have the right to designate an alternate generally recognized market identification resource for use in connection with this Section 2.b.
- c. In the event any provision of this Agreement is deemed by a court of competent jurisdiction to be more restrictive than permissible at law or equity, Covenantors agree that the provisions of this Agreement may be reformed and modified and enforced by such court to the maximum extent permissible under applicable law and principles of equity. Covenantors agree that specific performance and injunctive relief are necessary and appropriate remedies for violations of this Agreement and agree to the enforcement of such remedies, but without prejudice to the right of Licensor to recover money damages, which are in no event a full and adequate remedy for such violations.
- 3. Covenantors agree that the existence of any claim that any of them may have against Licensor shall not constitute a defense to the enforcement by Licensor of this Agreement or any covenants contained in the Licensee Documents. In the event that Covenantors commence any action against Licensor arising out of or related to this Agreement, or the dealings or relationship of the parties under this Agreement or otherwise, such action shall be brought only in a federal or

state court sitting within the City of Wichita, Sedgwick County, Kansas. Covenantors consent to the exercise of jurisdiction by courts within the City of Wichita, Sedgwick County, Kansas over any claims or counterclaims against Covenantors. In the event Licensor incurs legal fees or costs or other expenses to enforce any obligation of Covenantors under this Agreement, or to defend against any claim, demand, action, or proceeding by reason of Covenantors' failure to perform or observe any obligation imposed upon Covenantors by this Agreement, then Licensor shall be entitled to recover from Covenantors the amount of all legal fees, costs, and expenses, including reasonable attorneys' fees, whether incurred prior to, or in preparation for or contemplation of the filing of any claim, demand, action, or proceeding to enforce any obligation of Covenantors under this Agreement or thereafter or otherwise.

- 4. This Agreement and the documents provided for in this Agreement contain the entire agreement of the parties with respect to the subject matter of this Agreement and supersede all prior negotiations, agreements, and understandings. This Agreement may only be amended by a written document duly executed by all parties.
- 5. This Agreement shall be governed by and construed in accordance with the laws of the State of Kansas, without reference to the rules governing conflicts of law.
- 6. This Agreement shall inure to the benefit of and shall be binding upon the respective successors, heirs, administrators, executors, personal representatives, trustees, and assigns of the parties hereto.
- 7. This Agreement may be executed in multiple counterparts, each considered an original, but all of which shall constitute but one agreement. Electronic copies of any signed original Agreement shall be deemed the same as delivery of an original.

Independent Auditors' Report

The Board of Directors
Freddy's Acquisition Holdings, Inc.:

Opinion

We have audited the consolidated financial statements of Freddy's Acquisition Holdings, Inc. and its subsidiaries (the Company), which comprise the consolidated balance sheets as of December 25, 2024 and December 27, 2023, and the related consolidated statements of net income and comprehensive income, stockholders' equity, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Company as of December 25, 2024 and December 27, 2023, and the results of its operations and its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date that the consolidated financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a

substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether
 due to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the
 consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
 accounting estimates made by management, as well as evaluate the overall presentation of the
 consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about the Company's ability to continue as a going concern for a reasonable
 period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

1. Description of Business

Freddy's Acquisition Holdings, Inc. ("Holdings") together with its consolidated subsidiaries, (collectively, "Freddy's", the "Company", "we," "us," or "our"), is in the business of franchising and operating Freddy's Frozen Custard and Steakburger restaurants. The Company is headquartered in Wichita, Kansas. As of December 25, 2024, the Company had a total of 550 restaurants including 35 corporate owned restaurants, 497 franchised restaurants, 17 franchised non-traditional locations and 1 corporate owned non-traditional location.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Certain monetary amounts, percentages, and other figures included in these consolidated financial statements have been subject to rounding adjustments. Accordingly, figures shown as totals in certain tables may not be the arithmetic aggregation of the figures that precede them, and figures expressed as percentages in the text may not total 100% or, as applicable, when aggregated may not be the arithmetic aggregation of the percentages that precede them.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries as of December 25, 2024, and December 27, 2023. All intercompany accounts and transactions have been eliminated in consolidation.

Fiscal Year End

The Company uses a 52/53-week fiscal year that ends on the last Wednesday of the calendar year. Fiscal years ended December 25, 2024 and December 27, 2023 both consisted of 52 weeks.

Use of Estimates

The preparation of the consolidated financial statements in accordance with US GAAP requires management to make estimates and assumptions that are primarily related to: long-lived asset valuation, indefinite and finite lived intangible asset valuation, income taxes, and the incremental borrowing rate for lease liabilities. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of certain assets and liabilities as of the date of the consolidated financial statements and the reported amounts of revenues and expenses during the period. Although management bases its estimates on historical experience and assumptions that are believed to be reasonable under the circumstances, actual results could differ from those estimates.

Business Combinations

The Company applies the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 805, *Business Combinations*, in the accounting for its acquisitions whereby the Company records assets acquired, and liabilities assumed at their respective fair value at the date of acquisition. Goodwill is recognized as the excess of the consideration transferred over the fair value of the assets acquired and liabilities assumed. Management uses its best estimates and assumptions to accurately

value assets acquired, and liabilities assumed at the acquisition date. Such estimates are inherently uncertain and may be subject to refinement.

Accounting for business combinations requires the Company to make estimates and assumptions at the acquisition date, including estimates of the fair value of property plant and equipment, acquired intangible assets and contractual obligations assumed, where applicable. Critical assumptions relevant to the determination of the fair value of the assets acquired and liabilities assumed include, but are not limited to, replacement cost of property acquired less normal depreciation, future cash flows of the operation of the acquired business, discount rates, royalty rates, customer attrition and other assumptions.

In addition, the Company applies FASB Accounting Standard Update ("ASU") 2021-08, Accounting for Contract Assets and Contract Liabilities from Contracts with Customers, which provides an exception to fair value measurement for contract assets and contract liabilities related to revenue contracts acquired in a business combination. The ASU requires an entity (acquirer) to recognize and measure contract assets and contract liabilities acquired in a business combination in accordance with FASB ASC Topic 606, Revenue from Contracts with Customers ("ASC 606").

Cash

The Company maintains cash deposits with high credit quality financial institutions. The deposits with these financial institutions may exceed the federally insured limits; however, these deposits typically are redeemable upon demand. The Company has not experienced any loss because of these deposits and does not expect to incur any losses in the future.

Accounts Receivable

Accounts receivable are recorded at net realizable value, which includes an appropriate allowance for doubtful accounts. Credit is extended to customers based on an evaluation of their financial condition, credit rating, and trade references. The Company monitors exposure to credit losses and maintains an allowance for anticipated losses based on each customer's credit condition and payment behavior. The Company had no allowance for doubtful accounts at December 25, 2024 or December 27, 2023.

Inventory

Inventories consist of food and beverage products and supplies held for resale by the Company's company-owned restaurants. Inventories are valued at lower of cost (first-in, first-out) or market.

Property and Equipment, Net

Property and equipment is recorded at cost less accumulated depreciation. Additions, replacements, and leasehold improvements are capitalized, while maintenance and repairs that do not extend the useful life of an asset are expensed as incurred. Leasehold improvements are amortized using the straight-line method over the shorter of the remaining lease term or the estimated useful life of the improvement. When assets are retired or otherwise disposed, the cost and accumulated depreciation are removed from the respective accounts and any related gain or loss is recognized. Depreciation and amortization are computed using the following estimated useful lives:

Asset	Years
Computer equipment and software	3
Vehicles	5
Furniture and equipment	7
Leasehold improvements	Lesser of lease term or 15 years

Impairment or Disposal of Long-Lived Assets

The Company periodically reviews long-lived assets for impairment whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. In order to assess recoverability, the Company compares the estimated undiscounted future pre-tax cash flows from the use of the group of assets, as defined, to the carrying amount of such assets. Measurement of an impairment loss is based on the excess of the carrying amount of the group of assets over the long-lived asset's fair value. The Company did not recognize any impairment charges associated with long-lived assets during the fiscal years ended December 25, 2024, and December 27, 2023.

Leases

The Company evaluates whether its contractual arrangements contain leases at the inception of such arrangements. The Company made an accounting policy election to exclude, from the consolidated balance sheets, short term leases with a term of 12 months or less and which do not include a purchase option that the Company is reasonably certain to exercise. Operating leases are reported as right-of-use ("ROU") lease assets under operating leases, net, operating lease liabilities, and operating lease liabilities, net of current portion on the Company's consolidated balance sheets.

ROU lease assets represent the Company's right to use an underlying asset for the lease term, and lease liabilities represent the obligation to make lease payments. Both the ROU lease asset and liability are recognized as of the lease commencement date based on the present value of the lease payments over the lease term. The Company's leases do not provide an implicit borrowing rate that can readily be determined. Therefore, the Company applies a discount rate based on the incremental borrowing rate, which is determined using the Company's synthetic credit rating and other information available at the lease commencement date. ROU lease assets also include any lease payments made before their contractual due dates and exclude any lease incentives.

The Company's lease agreements may include options to extend the lease term or to terminate the lease early. The Company includes options to extend or terminate leases upon determination of the ROU lease asset and liability when it is reasonably certain the Company will exercise these options. Operating lease expense attributable to lease payments is recognized on a straight-line basis over the lease term and is recorded in the consolidated statements of net income and comprehensive income based on the nature of the underlying lease as follows: rental expense related to leases for company-owned restaurants is recorded to restaurant costs and expenses and rental expense related to leases for corporate offices is recorded to selling, general and administrative ("SG&A").

The Company has lease arrangements that include lease and non-lease components. For all leases, the Company accounts for the lease and non-lease components as a separate component and does not include non-lease components in its calculation of ROU assets and corresponding lease liabilities.

The Company evaluates ROU assets for impairment consistent with the impairment or disposal of long-lived assets policy.

The Company had no finance leases as of December 25, 2024, and December 27, 2023.

Refer to Note 9 for additional information.

Goodwill and Indefinite-Lived Intangible Assets

Goodwill represents the excess purchase price over the estimated fair value of net assets acquired in a business combination. The Company tests goodwill for impairment on an annual basis (at the beginning of each fiscal fourth quarter) or when there is a triggering event (e.g., a deterioration in general economic conditions or in the environment in which the Company operates). When impairment indicators are identified, the Company compares the reporting unit's fair value to its carrying amount, including goodwill. An impairment loss is recognized as the difference, if any, between the reporting unit's carrying amount and its fair value, to the extent the difference does not exceed the total amount of goodwill allocated to the reporting unit.

Non-amortizable intangible assets consist of trademarks and a domain name which represents the Company's exclusive ownership of the Freddy's Frozen Custard and Steakburgers® brand used in connection with the ownership and franchising of its restaurants. Intangible assets not subject to amortization are evaluated for impairment annually, or sooner if management believes such assets may be impaired. An impairment loss is recognized if the asset's carrying amount exceeds its estimated fair market value. For the fiscal years ended December 25, 2024, and December 27, 2023, no impairment losses were recorded for either goodwill or non-amortizable intangible assets.

Definite-Lived Intangible Assets

Intangible assets subject to amortization consist of franchise agreements, which are amortized on a straight-line basis over their estimated useful lives. Intangible assets with definite lives are treated as a long-lived asset and are evaluated for impairment whenever events or changes in circumstances indicate that the asset's carrying amount may not be recoverable. If impaired, the asset is written down to its estimated fair market value, which is generally measured by discounting future cash flows.

Deferred Financing Fees

The costs incurred in connection with securing the Company's revolving line of credit and term loan are capitalized. These costs are amortized over the term of the term loan. Amortization for fiscal years ended December 25, 2024, and December 27, 2023, was approximately \$0.7 million and \$0.3 million respectively. These costs are included in interest expense, net on the consolidated statements of net income and comprehensive income.

As of December 25, 2024, and December 27, 2023, the Company has presented the net deferred financing fees associated with the term loan, of approximately \$1.9 million and \$0.9 million, respectively, as a direct deduction to the long-term debt, net of current portion balance.

Revenue Recognition

Revenue from Franchised Restaurants

Revenue from franchised restaurants consists primarily of royalties, advertising fees, sourcing fees, initial and renewal franchise license fees, and fees from area development agreements. The Company's performance obligations under its franchise license agreements consist of (a) a franchise license, (b) pre-opening services, such as training, c) ongoing services, such as advertising, development of training materials and menu items, and restaurant monitoring. These performance obligations are highly interrelated, so they are not considered

to be individually distinct and therefore are accounted for as a single performance obligation, which is satisfied by providing a right to use the Company's intellectual property over the term of each franchise license agreement. The Company's performance obligation under area development agreements generally consists of an obligation to grant exclusive development rights over a stated term. Initial and renewal franchise license fees are payable by the franchisee prior to the restaurant opening or at the time of a renewal of an existing franchise license agreement. Area development fees are payable to the Company at the time the development agreement is signed. Franchise license and area development fee payments received by the Company before the restaurant opens are recorded as deferred revenue in the consolidated balance sheets.

Royalty fees are calculated as a percentage of franchised restaurant sales over the term of the franchise license agreement. These fees represent sales-based royalties that are related entirely to the Company's performance obligation under the franchise agreement and are recognized as franchised restaurant sales occur. Separately, the Company charges an advertising fee, calculated as a percentage of sales, to all franchised restaurants. This advertising fee is to support marketing efforts by Freddy's that increase brand recognition for all Freddy's restaurants and is related entirely to the Company's performance obligation under the franchise agreement and the revenues are recognized as franchised restaurant sales occur. These sales-based franchise royalties are billed on a weekly basis and collected on a one week lag.

Sourcing fees are based on a percentage of purchases made by franchisees through the distributor that the Company has coordinated a relationship with. These also represent sales and usage-based revenues that relate entirely to the Company's performance obligation under the franchise agreement and are recognized as these purchases by the franchisee from the distributor occur.

The Company has entered into food and beverage supply agreements with certain major vendors. Pursuant to the terms of these arrangements, rebates are provided to the Company from the vendors based upon the volume of purchases for both company-owned and franchised restaurants. These rebates are recognized as earned throughout the year, and are classified as a reduction in restaurant costs and expenses for purchases by company-owned restaurants and classified within franchise royalty revenue and fees within the consolidated statements of net income and comprehensive income for purchases by franchised restaurants. The incentives recognized in franchise royalty revenue and fees were approximately \$0.4 million and \$0.0 during the fiscal years ended December 25, 2024, and December 27, 2023, respectively.

Initial franchise license fees are billed at the restaurant opening date. Fees received for initial franchise licenses are included in deferred revenue in the consolidated balance sheets and amortized over the life of the initial franchise license agreements, which is typically 15 years. Area development exclusivity fees are billed upon execution of the development agreements which grant the right to develop franchised restaurants in future periods in specific geographic areas. Area development exclusivity fees are included in deferred revenue in the consolidated balance sheets and allocated on a pro rata basis to all restaurants opened under that specific development agreement. The pre-opening services provided to franchisees do not contain separate and distinct performance obligations from the franchise right; thus, the fees collected will be amortized on a straight-line basis beginning at the restaurant opening date through the term of the franchise agreement, which is typically 15 years. Franchise license renewal fees, which generally occur every 15 years, are billed before the renewal date. Fees received for future license renewal periods are included in deferred revenue in the consolidated balance sheets and amortized over the life of the renewal period.

Revenue from Company-Owned Restaurants

The Company records food and beverage revenues from company-owned restaurants upon sale to the customer. The Company collects and remits sales taxes on transactions with customers and reports such

amounts as liabilities on the consolidated balance sheets. Accordingly, these taxes are not included in gross revenue.

Deferred Contract Costs

Deferred contract costs represent sales commissions that are incremental and recoverable costs of obtaining a contract with a customer for a new franchise agreement. Deferred contract costs are amortized on a straight-line basis over the expected period of benefit, which is the life of the franchise license agreement, typically 15 years. Deferred contract costs are recorded in other assets on the consolidated balance sheets. Amortization of deferred contract costs is recognized in selling, general and administrative expense.

Gift Cards

The Company records a liability in the period in which a gift card is sold. As gift cards are redeemed, the liability is reduced. When there is no legal obligation to remit the unredeemed gift card balance, we recognize gift card breakage income under the proportional method, where recognition of breakage income is based upon the historical breakage rate of unredeemed gift cards.

Loyalty Program

Eligible customers who enroll in the Freddy's Rewards loyalty program generally earn points based on their spending at Freddy's restaurants. We may also periodically offer promotions, which provide the customer with the opportunity to earn bonus points, or may offer additional incentives and awards. Customers may redeem earned points for various rewards, primarily food and drink items. Loyalty points generally expire after one year and certain promotional points or awards may expire sooner.

We defer revenue associated with the estimated selling price of points earned by customers as each point is earned, net of estimated unredeemed points, and a corresponding liability is included in the current portion of deferred revenue on the consolidated balance sheets. When a customer redeems an earned reward, we recognize revenue for the redeemed product and reduce the related deferred revenue.

Delivery

The Company offers its customers delivery in almost all of its geographic regions. Delivery services are fulfilled by third-party service providers. In some cases, we make delivery sales through our website Freddys.com or the Freddy's App. In other cases, we make delivery sales through a non-Freddy's owned channel, such as the delivery partner's website or mobile app. With respect to sales made through the Freddy's website, we control the delivery services and generally recognize revenue, including delivery fees, when the delivery partner transfers food to the customer. For these sales, we receive payment directly from the customer at the time of sale. With respect to non-Freddy's owned channels, we generally recognize revenue, excluding delivery fees collected by the delivery partner, when control of the food is transferred to the delivery partner. We receive payment from the delivery partner subsequent to the transfer of food and the payment terms are short-term in nature.

Restaurant Costs and Expenses

Restaurant costs and expenses include all operating expenses of company-owned restaurants, including advertising expenses, and excludes depreciation and amortization, which are presented separately.

Advertising

The Company administers a National Advertising Fund ("NAF"), in which a percentage of net sales is collected from restaurant franchisees and company-owned restaurants to be used for various forms of advertising for the Freddy's brand. Contribution rates to the NAF range from 0.5% to 1.5% of net sales.

The Company administers and directs the development of all advertising and promotional programs in the NAF for which it collects advertising contributions in accordance with the provisions of its franchise agreements. Use of NAF contributions relate to advertising, public relations, merchandising, similar activities and administrative expenses to increase sales and further enhance the public awareness of the Freddy's band. The aforementioned administrative expenses may also include personnel expenses and allocated costs incurred by the Company that are directly associated with administering the NAF.

The Company charges the cost of advertising to expense as incurred within the consolidated statements of net income and comprehensive income. Advertising expense for fiscal years ended December 25, 2024, and December 27, 2023 was approximately \$14.6 million and \$12.7 million, respectively. The majority of these expenses are recaptured through the aforementioned advertising contributions charged to franchisees.

Advertising expenses incurred by company-owned restaurants are included within restaurant costs and expenses in the consolidated statements of net income and comprehensive income. Company-owned restaurants incurred advertising expenses of approximately \$2.4 million and \$2.3 million for fiscal years ended December 25, 2024, and December 27, 2023, respectively.

Income Taxes

Income taxes are accounted for under the asset and liability method. Under this method, a deferred tax asset or liability is recognized for the estimated future tax effects attributable to temporary differences between the financial statement basis and the tax basis of assets and liabilities as well as tax credit carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the period of the change. The Company files a consolidated federal income tax return including all of its subsidiaries.

Judgment is required in evaluating the Company's uncertain tax positions and determining the Company's income tax expense. The Company assesses the income tax position and records the liabilities for all years subject to examination based upon management's evaluation of the facts, circumstances, and information available at the reporting date.

Recent Accounting Pronouncements

ASU 2023-09, Income Taxes

In December 2023, the FASB issued ASU 2023-09, *Income Taxes (Topic 740): Improvements to Income Tax Disclosures*. The ASU includes amendments requiring enhanced income tax disclosures, primarily related to standardization and disaggregation of rate reconciliation categories and income taxes paid by jurisdiction. The guidance is effective for fiscal years beginning after December 15, 2024, with early adoption permitted, and can be applied either prospectively or retrospectively. We are currently evaluating the impact of adopting this ASU on our disclosures.

We reviewed all other recently issued accounting pronouncements and concluded that they were either not applicable or not expected to have a significant impact on our consolidated financial statements.

3. Revenues

The following table represents a disaggregation of revenue by type for fiscal years ended:

	Fiscal Year Ended			
(Amounts in thousands)	Dece	mber 25, 2024	December 27, 2023	
Restaurant sales - company-owned	\$	80,486	\$	76,118
Royalty revenue	•	39,017	•	35,946
Advertising funds		13,474		12,602

Vendor rebates		350		_
Franchise fees		2,317		1,389
Net revenue	\$	138,430	\$	128,619

Initial franchise license fees and area development exclusivity fee payments (collectively, "franchise fees") received by the Company are recorded as deferred revenue on the consolidated balance sheets, which represents a contract liability. Deferred revenue is reduced as fees are recognized in revenue over the term of the franchise license agreement for the respective restaurant. As the term of the franchise license is typically fifteen years, substantially all of the license fee revenue recognized in the current fiscal year was included in the deferred revenue balance as of December 27, 2023. As of December 25, 2024, and December 27, 2023, approximately \$5.9 million and \$5.5 million in deferred revenue relates to restaurants that have not yet opened, respectively, so the fees are not yet being amortized. The weighted average remaining amortization period for deferred franchise and renewal fees related to open restaurants is 9.1 years. The Company did not have any material contract assets as of December 25, 2024, and December 27, 2023.

The following table represents the changes in deferred revenue balances for fiscal years ended:

Deferred contract costs, which consist of deferred sales commissions, were approximately \$0.5 million and \$0.4 million as of December 25, 2024 and December 27, 2023, respectively. Amortization expense for the deferred contract costs was approximately \$33.1 thousand and \$20.8 thousand for fiscal years ended December 25, 2024, and December 27, 2023, respectively. There was no impairment loss in relation to the costs capitalized for the periods presented.

6. Business Acquisition

The Company acquired three restaurants from a franchisee during fiscal year ended December 27, 2023. The total purchase price is reflected in the table below.

The following table summarizes the allocation of the purchase price to the estimated fair value of assets acquired and liabilities assumed as a result of the acquisition:

The New Facilities 2024 mature on March 19, 2027. The New Revolver 2024 had no outstanding borrowings as of December 25, 2024 and the entire \$20.0 million committment was available to be borrowed.

The New Term Loan 2024 is subject to amortization of principal, payable in quarterly installments on the last business day of each fiscal quarter, commencing on June 12, 2024, equal to (i) 0.25% of the original principal amount funded. The remaining aggregate principal amount outstanding (together with accrued and unpaid interest on the principal amount) is payable at the maturity of the New Term Loan 2024.

In accordance with the provisions of the 2024 New Credit Agreement, the Company is required to make annual mandatory principal prepayments, depending upon the total net leverage ratio of the Company, on the New Term Loan 2024 to the extent the Company realizes consolidated excess cash flows, as defined by the 2024

New Credit Agreement, in a given fiscal year. The Company does not have a mandatory principal prepayment due as of December 25, 2024.

Borrowings under the New Facilities 2024 bear interest, at the option of the Company at either (i) the index rate plus a margin of either 375 or 400 basis points depending on the total net leverage ratio of the Company or (ii) the term secured overnight financing rate plus a margin of either 475 or 500 basis points depending on the total net leverage ratio of the Company (blended rate of 9.29% as of December 25, 2024). In addition, an unused commitment fee of 0.50% will be paid on the undrawn commitments of the New Revolver 2024.

New Facilities 2023

The Company entered into a new credit agreement, dated as of April 14, 2023, (the "2023 New Credit Agreement"), which provided for (i) a \$115.0 million term loan facility (the "New Term Loan 2023") and (ii) a \$20.0 million revolving credit facility (the "New Revolver 2023" and together with the New Term Loan 2023, collectively, the "New Facilities 2023"). Borrowings under the New Facilities 2023 beared interest, at the option of the Company at either (i) the base rate plus a margin of between 100 and 175 basis points depending on the consolidated lease-adjusted leverage ratio of the Company or (ii) the term secured overnight financing rate plus a margin of between 210 and 285 basis points depending on the consolidated lease-adjusted leverage ratio of the Company (rate of 7.45% as of December 27, 2023). In addition, an unused commitment fee of 0.25% was to be paid on the undrawn commitments of the New Revolver 2023.

The proceeds from the New Facilities 2024 were used to repay in full the outstanding indebtedness of the New Facilities 2023 on March 21, 2024. This repayment was accounted for as a debt extinguishment and a loss on debt extinguishment of approximately \$0.9 million was recorded in fiscal year ended December 25, 2024.

Debt Covenants

The New Facilities 2024 are secured by associated collateral agreements that pledge a lien on substantially all the Company's assets, including fixed assets and intangibles, in each case, subject to customary exceptions. Under the 2024 New Credit Agreement, the company is subject to customary affirmative, negative and financial covenants, maintenance of certain ratios, restrictions on additional indebtedness and events of default for facilities of this type (with customary grace periods, as applicable, and lender remedies). The Company was in compliance with the covenants under the 2024 New Credit Agreement as of December 25, 2024. The Company was in compliance with the covenants under the 2023 New Credit Agreement as of December 27, 2023.

9. Leases

The Company determines whether an arrangement is a lease at inception and currently has operating leases for office and restaurant space. The Company does not currently have any financing leases. The Company's

leases have remaining terms of 3.0 years to 30.1 years, all of which include options to extend the lease term based on renewals. Lease terms include options to renew when it is reasonably certain that the Company will exercise that option. The Company's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

As most of the Company's leases do not provide an implicit rate, the Company uses its incremental borrowing rate based on the information available on the commencement date in determining the present value of future lease payments. For real estate leases, the Company accounts for lease components separately and thus, does not combine lease and non-lease components together (e.g., common-area maintenance).

The Company's recognized lease costs include:

The Company does not have any variable lease costs and short-term lease costs were inconsequential.

The Company gave notice on August 30, 2023 that it would not extend the lease on an office facility which triggered reassessment of lease factors. The lease classification did not change as a result of the lease modification. The impact of the modification to future cash flows is included in the maturities of lease payments table.

11. Commitments and Contingencies

Purchase Obligations

Purchase obligations include agreements related to the construction of restaurant facilities, the purchase of food, beverages, paper goods and other supplies, equipment purchases, marketing-related contracts and software license commitments and service contracts in the normal course of business. These obligations are generally of short-term nature at prevailing market prices and are recorded as liabilities when the related goods are received, or services rendered. These commitments are cancellable and there are no material financial penalties associated with these commitments in the event of early termination.

Legal Proceedings

The Company is involved from time to time in various claims, proceedings, and litigation. The Company establishes reserves for specific legal proceedings when it determines that the likelihood of an unfavorable outcome is probable, and the amount of loss can be reasonably estimated. Management has not identified any legal matters where it believes an unfavorable outcome is reasonably possible and/or for which an estimate of possible losses can be made. Management does not believe that the resolution of these matters would have a material adverse impact on the Company's financial position, results of operations, or cash flows.

12. Employee Benefit Plan

The Company has a 401(k) plan for its employees who meet certain age and length of service requirements. The Company agrees to match 100% of the participant's eligible contribution up to 3% of the participant's compensation, plus 50% of the participant's contributions that exceed 3% but not to exceed 5% of the participant's compensation. These individuals were not classified as related parties after March of 2024. Payments under the lease agreements while those individuals were classified as related parties totaled approximately \$0.5 million and \$2.1 million for fiscal years ended December 25, 2024, and December 27, 2023, respectively.

15. Income Taxes

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was signed into law on March 7, 2020. The CARES Act, among other things, included tax provisions that the Company applied relating to refundable payroll tax credits, the deferral of employer's social security payments, and modifications to net operating loss carryback provisions. On December 27, 2020, the Consolidated Appropriations Act of 2021 (the "CAA"), which includes the Economic Aid to Hard-Hit Small Businesses, Nonprofits, and Venues Act and the American Rescue Plan Act of 2021, was signed into law and provided further COVID-19 economic relief with an expansion of the employee retention credit. As a result, we recorded operating income of approximately \$0.0 million and \$2.8 million related to the employee retention credit for fiscal years ended December 25, 2024, and December 27, 2023, respectively.

Income tax expense for fiscal years ended December 25, 2024, and December 27, 2023 consisted of the following:

(Amounts in thousands) Current expense:	Decemb	per 25, 2024	D	ecember 27, 2023
Federal	\$	1,018	\$	134
State		145		45
Deferred expense:

State		1,057		725
Income tax expense	\$	5,147	\$	4,575

A reconciliation of the Company's U.S. federal statutory income tax rate to the Company's effective income tax rate is as follows:

(Amounts in thousands)	December 25, 2024	December 27, 2023
Federal statutory rate	21.0%	21.0%
Non-deductible expenses	0.3%	0.4%
State tax, net of federal benefit	15.2%	3.5%
Valuation allowance	28.9%	5.6%
Other	0.0%	1.0%
Total	65.4%	31.5%

The components of deferred tax assets (liabilities) are as follows:

(Amounts in thousands)	December 25, 2024	December 27, 2023
Deferred tax assets:		
Debt issuance costs	\$ 8	\$ —
Lease liability	11,290	10,181
Deferred revenue	2,422	2,472
Interest limitation	7,302	4,506

Federal and state net operating loss	1,070	921
Gross deferred tax assets	22,683	19,007

Total deferred tax assets	19,233	17,831
Deferred tax liabilities:		
Intangible assets and goodwill	12,966	9,032
Property and equipment	5,491	4,840
Right of use asset	10,858	10,058
Total deferred tax liability	29,315	23,930
Net deferred tax liability	\$ (10,083)	\$ (6,099)

The Company had a gross federal net operating loss carry-forward of approximately \$0.0 million and \$1.3 million at December 25, 2024, and December 27, 2023, respectively, and gross state operating losses of approximately \$22.0 million and \$13.9 million at December 25, 2024, and December 27, 2023, respectively, of which \$6.2 million may be carried forward for 10-20 years and \$15.8 million may be carried forward indefinitely.

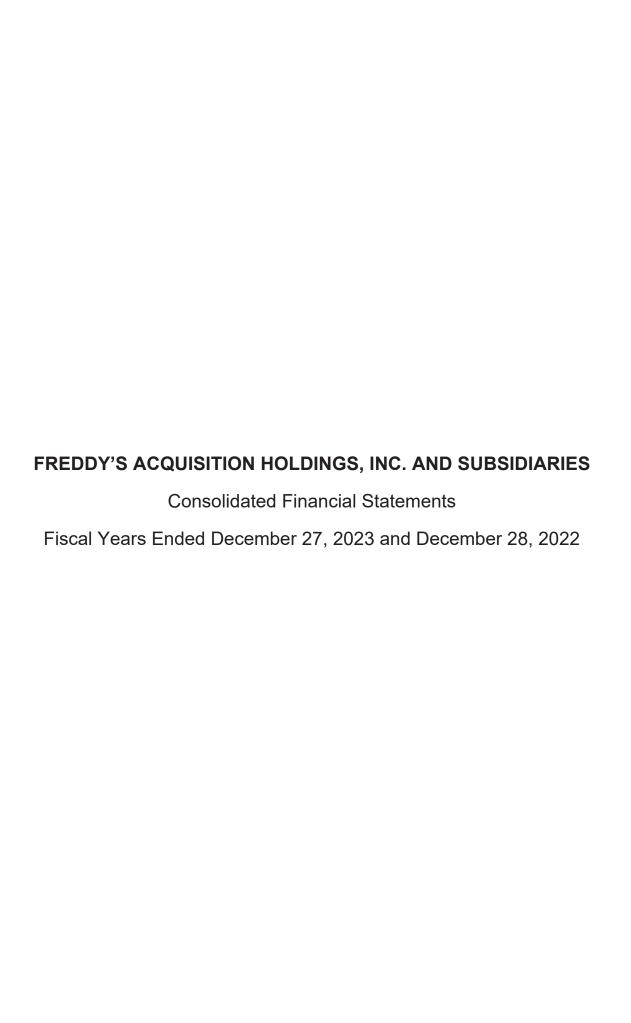

The Company had a valuation allowance of approximately \$3.5 million and \$1.2 million against its deferred tax assets as of December 25, 2024, and December 27, 2023, respectively. In assessing whether a deferred tax asset will be realized, the Company considers whether it is more likely than not that either some portion or all of the deferred tax assets will be realized. The Company considers the reversal of existing taxable temporary differences, projected future taxable income and tax planning strategies in making this assessment. Based on the initial taxable income and projections for future taxable income over the periods in which the deferred tax assets are deductible, management believes it is not more likely than not that the Company will realize the benefits of these deductible differences, thus the Company recorded a valuation allowance at December 25, 2024, and December 27, 2023. As of December 25, 2024, and December 27, 2023, the Company had total deductible goodwill in the amount of approximately \$48.0 million and \$52.2 million available for the current and future tax years, respectively.

16. Major Customers, Account Receivable and Vendor Concentration

The Company had no customers which accounted for 10% or more of consolidated revenues for fiscal years ended December 25, 2024, and December 27, 2023. As of December 27, 2023, the Company had one main inline distributor of food, packaging and beverage products, excluding breads, that serviced all company-owned restaurants. We believe that our vulnerability to risk concentrations related to significant vendors and sources of our raw materials is mitigated as we believe that there are other vendors who would be able to service our requirements. However, if a disruption of service from our main in-line distributor was to occur, we could experience short-term increases in our costs while distribution channels were adjusted.

17. Subsequent Events

The Company has evaluated subsequent events from the balance sheet date through March 21, 2025, the date at which the consolidated financial statements were available to be issued and determined no other items require disclosure.

Independent Auditors' Report

The Board of Directors Freddy's Acquisition Holdings, Inc.:

Opinion

We have audited the consolidated financial statements of Freddy's Acquisition Holdings, Inc. and its subsidiaries (the Company), which comprise the consolidated balance sheets as of December 27, 2023 and December 28, 2022, and the related consolidated statements of operations and comprehensive income, stockholders' equity, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Company as of December 27, 2023 and December 28, 2022, and the results of its operations and its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date that the consolidated financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a

substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether
 due to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the
 consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about the Company's ability to continue as a going concern for a reasonable
 period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

1. Description of Business

Freddy's Acquisition Holdings, Inc. ("Holdings") together with its consolidated subsidiaries, (collectively, "Freddy's", the "Company", "we," "us," or "our"), is in the business of franchising and operating Freddy's Frozen Custard and Steakburger restaurants. The Company is headquartered in Wichita, Kansas. As of December 27, 2023, the Company had a total of 517 restaurants including 33 corporate owned restaurants, 470 franchised restaurants and 14 franchised non-traditional locations. The Company operates as a single segment for reporting purposes.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Certain monetary amounts, percentages, and other figures included in these consolidated financial statements have been subject to rounding adjustments. Accordingly, figures shown as totals in certain tables may not be the arithmetic aggregation of the figures that precede them, and figures expressed as percentages in the text may not total 100% or, as applicable, when aggregated may not be the arithmetic aggregation of the percentages that precede them.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries as of December 27, 2023, and December 28, 2022. All intercompany accounts and transactions have been eliminated in consolidation.

Fiscal Year End

The Company uses a 52/53-week fiscal year that ends on the last Wednesday of the calendar year. Fiscal years ended December 27, 2023 and December 28, 2022 both consisted of 52 weeks.

Use of Estimates

The preparation of the consolidated financial statements in accordance with US GAAP requires management to make estimates and assumptions that are primarily related to: long-lived asset valuation, indefinite and finite lived intangible asset valuation, income taxes, and the incremental borrowing rate for lease liabilities. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of certain assets and liabilities as of the date of the consolidated financial statements and the reported amounts of revenues and expenses during the period. Although management bases its estimates on historical experience and assumptions that are believed to be reasonable under the circumstances, actual results could differ from those estimates.

Business Combinations

The Company applies the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 805, *Business Combinations*, in the accounting for its acquisitions whereby the Company records assets acquired, and liabilities assumed at their respective fair value at the date of acquisition. Goodwill is recognized as the excess of the consideration transferred over the fair value of the

assets acquired and liabilities assumed. Management uses its best estimates and assumptions to accurately value assets acquired, and liabilities assumed at the acquisition date. Such estimates are inherently uncertain and may be subject to refinement.

Accounting for business combinations requires the Company to make estimates and assumptions at the acquisition date, including estimates of the fair value of property plant and equipment, acquired intangible assets and contractual obligations assumed, where applicable. Critical assumptions relevant to the determination of the fair value of the assets acquired and liabilities assumed include, but are not limited to, replacement cost of property acquired less normal depreciation, future cash flows of the operation of acquired business, discount rates, royalty rates, customer attrition and other assumptions.

In addition, the Company applies FASB Accounting Standard Update ("ASU") 2021-08, Accounting for Contract Assets and Contract Liabilities from Contracts with Customers, which provides an exception to fair value measurement for contract assets and contract liabilities related to revenue contracts acquired in a business combination. The ASU requires an entity (acquirer) to recognize and measure contract assets and contract liabilities acquired in a business combination in accordance with FASB ASC Topic 606, Revenue from Contracts with Customers ("ASC 606").

Cash

The Company maintains cash deposits with high credit quality financial institutions. The deposits with these financial institutions may exceed the federally insured limits; however, these deposits typically are redeemable upon demand. The Company has not experienced any loss because of these deposits and does not expect to incur any losses in the future.

Accounts Receivable

Accounts receivable are recorded at net realizable value, which includes an appropriate allowance for doubtful accounts. Credit is extended to customers based on an evaluation of their financial condition, credit rating, and trade references. The Company monitors exposure to credit losses and maintains an allowance for anticipated losses based on each customer's credit condition and payment behavior. The Company had no allowance for doubtful accounts at December 27, 2023 or December 28, 2022.

Inventory

Inventories consist of food and beverage products and supplies held for resale by the Company's company-owned restaurants. Inventories are valued at lower of cost (first-in, first-out) or market.

Property and Equipment, Net

Additions of property and equipment are recorded at cost less accumulated depreciation. Additions, replacements, and leasehold improvements are capitalized, while maintenance and repairs that do not extend the useful life of an asset are expensed as incurred. Leasehold improvements are amortized using the straightline method over the shorter of the remaining lease term or the estimated useful life of the improvement. When assets are retired or otherwise disposed, the cost and accumulated depreciation are removed from the respective accounts and any related gain or loss is recognized. Depreciation and amortization are computed using the following estimated useful lives:

Asset	Years
Computer equipment and software	3
Vehicles	5
Furniture and equipment	7
Leasehold improvements	Lesser of Lease Term or 15 years

Impairment or Disposal of Long-Lived Assets

The Company periodically reviews long-lived assets for impairment whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. In order to assess recoverability, the Company compares the estimated undiscounted future pre-tax cash flows from the use of the group of assets, as defined, to the carrying amount of such assets. Measurement of an impairment loss is based on the excess of the carrying amount of the group of assets over the long-lived asset's fair value. The Company did not recognize any impairment charges associated with long-lived assets during the fiscal years ended December 27, 2023, and December 28, 2022.

Leases

The Company evaluates whether its contractual arrangements contain leases at the inception of such arrangements. The Company made an accounting policy election to exclude short term leases with a term of 12 months or less and which do not include a purchase option that the Company is reasonably certain to exercise, from the consolidated balance sheets. Operating leases are reported as right-of-use ("ROU") lease assets under operating leases, net, operating lease liabilities, and operating lease liabilities, net of current portion on the Company's consolidated balance sheets.

ROU lease assets represent the Company's right to use an underlying asset for the lease term, and lease liabilities represent the obligation to make lease payments. Both the ROU lease asset and liability are recognized as of the lease commencement date based on the present value of the lease payments over the lease term. The Company's leases do not provide an implicit borrowing rate that can readily be determined. Therefore, the Company applies a discount rate based on the incremental borrowing rate, which is determined using the Company's synthetic credit rating and other information available at the lease commencement date. ROU lease assets also include any lease payments made before their contractual due dates and exclude any lease incentives.

The Company's lease agreements may include options to extend the lease term or to terminate the lease early. The Company includes options to extend or terminate leases upon determination of the ROU lease asset and liability when it is reasonably certain the Company will exercise these options. Operating lease expense attributable to lease payments is recognized on a straight-line basis over the lease term and is recorded in the consolidated statements of operations and comprehensive income based on the nature of the underlying lease as follows: rental expense related to leases for company-owned restaurants is recorded to restaurant costs and expenses and rental expense related to leases for corporate offices is recorded to selling, general and administrative ("SG&A").

The Company has lease arrangements that include lease and non-lease components. For all leases, the Company accounts for the lease and non-lease components as a separate component and does not include non-lease components in its calculation of ROU assets and corresponding lease liabilities.

The Company evaluates ROU assets for impairment consistent with the impairment or disposal of long-lived assets policy.

The Company had no finance leases as of December 27, 2023, and December 28, 2022.

Refer to Note 9 for additional information.

Goodwill and Indefinite-Lived Intangible Assets

Goodwill represents the excess purchase price over the estimated fair value of net assets acquired in a business combination. The Company tests goodwill for impairment on an annual basis (October 1st of each fiscal year) or when there is a triggering event (e.g., a deterioration in general economic conditions or in the environment in which the Company operates). When impairment indicators are identified, the Company compares the reporting unit's fair value to its carrying amount, including goodwill. An impairment loss is recognized as the difference, if any, between the reporting unit's carrying amount and its fair value, to the extent the difference does not exceed the total amount of goodwill allocated to the reporting unit.

Non-amortizable intangible assets consist of trademarks and a domain name which represents the Company's exclusive ownership of the Freddy's Frozen Custard and Steakburgers® brand used in connection with the ownership and franchising of its restaurants. Intangible assets not subject to amortization are evaluated for impairment annually, or sooner if management believes such assets may be impaired. An impairment loss is recognized if the asset's carrying amount exceeds its estimated fair market value. For the fiscal years ended December 27, 2023, and December 28, 2022, no impairment losses were recorded for either goodwill or non-amortizable intangible assets.

Definite-Lived Intangible Assets

Intangible assets subject to amortization consist of franchise agreements, which are amortized on a straight-line basis over their estimated useful lives. Intangible assets with definite lives are treated as a long-lived asset and are evaluated for impairment whenever events or changes in circumstances indicate that the asset's carrying amount may not be recoverable. If impaired, the asset is written down to its estimated fair market value, which is generally measured by discounting future cash flows.

Deferred Financing Fees

The costs incurred in connection with securing the Company's revolving line of credit and term loan are capitalized. These costs are amortized over the term of the term loan. Amortization for fiscal years ended December 27, 2023, and December 28, 2022, was \$0.3 million and \$0.6 million respectively. These costs are included in interest expense, net on the consolidated statements of operations and comprehensive income.

As of December 27, 2023, and December 28, 2022, the Company has presented the net deferred financing fees associated with the term loan, of \$0.9 million and \$2.0 million, respectively, as a direct deduction to the debt balance.

Revenue Recognition

Revenue from Franchised Restaurants

Revenue from franchised restaurants consists primarily of royalties, advertising fees, sourcing fees, initial and renewal franchise license fees, and fees from area development agreements. The Company's performance obligations under its franchise license agreements consist of (a) a franchise license, (b) pre-opening services, such as training, c) ongoing services, such as advertising, development of training materials and menu items, and restaurant monitoring. These performance obligations are highly interrelated, so they are not considered to be individually distinct and therefore are accounted for as a single performance obligation, which is satisfied

by providing a right to use the Company's intellectual property over the term of each franchise license agreement. The Company's performance obligation under area development agreements generally consists of an obligation to grant exclusive development rights over a stated term. Initial and renewal franchise license fees are payable by the franchisee prior to the restaurant opening or at the time of a renewal of an existing franchise license agreement. Area development fees are payable to the Company at the time the development agreement is signed. Franchise license and area development fee payments received by the Company before the restaurant opens are recorded as deferred revenue in the consolidated balance sheets.

Royalty fees are calculated as a percentage of franchised restaurant sales over the term of the franchise license agreement. These fees represent sales-based royalties that are related entirely to the Company's performance obligation under the franchise agreement and are recognized as franchised restaurant sales occur. Separately, the Company charges an advertising fee, calculated as a percentage of sales, to all franchised restaurants. This advertising fee is to support marketing efforts by Freddy's that increase brand recognition for all Freddy's restaurants and is related entirely to the Company's performance obligation under the franchise agreement and the revenues are recognized as franchised restaurant sales occur. These sales-based franchise royalties are billed on a weekly basis and collected on a one week lag.

Sourcing fees are based on a percentage of purchases made by Franchisees through the distributor that the Company has coordinated a relationship with. These also represent sales and usage-based revenues that relate entirely to the Company's performance obligation under the franchise agreement and are recognized as these purchases by the franchisee from the distributor occur.

Initial franchise license fees are billed at the restaurant opening date. Fees received for initial franchise licenses are included in deferred revenue in the consolidated balance sheets and amortized over the life of the initial franchise license agreements, which is typically 15 years. Area development exclusivity fees are billed upon execution of the development agreements which grant the right to develop franchised restaurants in future periods in specific geographic areas. Area development exclusivity fees are included in deferred revenue in the consolidated balance sheets and allocated on a pro rata basis to all restaurants opened under that specific development agreement. The pre-opening services provided to franchisees do not contain separate and distinct performance obligations from the franchise right; thus, the fees collected will be amortized on a straight-line basis beginning at the restaurant opening date through the term of the franchise agreement, which is typically 15 years. Franchise license renewal fees, which generally occur every 15 years, are billed before the renewal date. Fees received for future license renewal periods are included in deferred revenue in the consolidated balance sheets and amortized over the life of the renewal period.

Revenue from Company-Owned Restaurants

The Company records food and beverage revenues from company-owned restaurants upon sale to the customer. The Company collects and remits sales taxes on transactions with customers and reports such amounts as liabilities on the consolidated balance sheets. Accordingly, these taxes are not included in gross revenue.

Deferred Contract Costs

Deferred contract costs represent sales commissions that are incremental and recoverable costs of obtaining a contract with a customer for a new franchise agreement. Deferred contract costs are amortized on a straight-line basis over the expected period of benefit, which is the life of the franchise license agreement, typically 15 years. Deferred contract costs are recorded in other assets on the consolidated balance sheets. Amortization of deferred contract costs is recognized in selling, general and administrative expense.

Gift Cards

The Company records a liability in the period in which a gift card is sold. As gift cards are redeemed, the liability is reduced. When there is no legal obligation to remit the unredeemed gift card balance, we recognize gift card breakage income under the proportional method, where recognition of breakage income is based upon the historical breakage rate of unredeemed gift cards.

Loyalty Program

Eligible customers who enroll in the Freddy's Rewards loyalty program generally earn points based on their spending at Freddy's restaurants. We may also periodically offer promotions, which provide the customer with the opportunity to earn bonus points, or may offer additional incentives and awards. Customers may redeem earned points for various rewards, primarily food and drink items. Loyalty points generally expire after one year and certain promotional points or awards may expire sooner.

We defer revenue associated with the estimated selling price of points earned by customers as each point is earned, net of estimated unredeemed points, and a corresponding liability is included in the current portion of deferred revenue on the consolidated balance sheets. When a customer redeems an earned reward, we recognize revenue for the redeemed product and reduce the related deferred revenue.

Delivery

The Company offers its customers delivery in almost all of its geographic regions. Delivery services are fulfilled by third-party service providers. In some cases, we make delivery sales through our website Freddys.com or the Freddy's App. In other cases, we make delivery sales through a non-Freddy's owned channel, such as the delivery partner's website or mobile app. With respect to sales made through the Freddy's website, we control the delivery services and generally recognize revenue, including delivery fees, when the delivery partner transfers food to the customer. For these sales, we receive payment directly from the customer at the time of sale. With respect to non-Freddy's owned channels, we generally recognize revenue, excluding delivery fees collected by the delivery partner, when control of the food is transferred to the delivery partner. We receive payment from the delivery partner subsequent to the transfer of food and the payment terms are short-term in nature.

Restaurant Costs and Expenses

Restaurant costs and expenses include all operating expenses of company-owned restaurants, including advertising expenses, and excludes depreciation and amortization, which are presented separately.

Advertising

The Company administers a National Advertising Fund ("NAF"), in which a percentage of net sales is collected from restaurant franchisees and company-owned restaurants to be used for various forms of advertising for the Freddy's brand. Contribution rates to the NAF range from 0.5% to 1.5% of net sales.

The Company administers and directs the development of all advertising and promotional programs in the NAF for which it collects advertising contributions in accordance with the provisions of its franchise agreements. Use of NAF contributions relate to advertising, public relations, merchandising, similar activities and administrative expenses to increase sales and further enhance the public awareness of the Freddy's band. The aforementioned administrative expenses may also include personnel expenses and allocated costs incurred by the Company that are directly associated with administering the NAF.

The Company charges the cost of advertising to expense as incurred within the consolidated statements of operations and comprehensive income. Advertising expense for fiscal years ended December 27, 2023, and December 28, 2022 was \$12.7 million and \$10.8 million, respectively. The majority of these expenses are recaptured through the aforementioned advertising contributions charged to franchisees.

Advertising expenses incurred by company-owned restaurants are included within restaurant costs and expenses in the consolidated statements of operations and comprehensive income. Company-owned restaurants incurred advertising expenses of \$2.3 million and \$2.1 million for fiscal years ended December 27, 2023, and December 28, 2022, respectively.

Income Taxes

Income taxes are accounted for under the asset and liability method. Under this method, a deferred tax asset or liability is recognized for the estimated future tax effects attributable to temporary differences between the financial statement basis and the tax basis of assets and liabilities as well as tax credit carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the period of the change. The Company files a consolidated federal income tax return including all of its subsidiaries.

Judgment is required in evaluating the Company's uncertain tax positions and determining the Company's income tax expense. The Company assesses the income tax position and records the liabilities for all years subject to examination based upon management's evaluation of the facts, circumstances, and information available at the reporting date.

Recent Accounting Pronouncements

ASU 2023-09, Income Taxes

In December 2023, the FASB issued ASU 2023-09, *Income Taxes (Topic 740): Improvements to Income Tax Disclosures*. The ASU includes amendments requiring enhanced income tax disclosures, primarily related to standardization and disaggregation of rate reconciliation categories and income taxes paid by jurisdiction. The guidance is effective for fiscal years beginning after December 15, 2024, with early adoption permitted, and can be applied either prospectively or retrospectively. We are currently evaluating the impact of adopting this ASU on our disclosures.

We reviewed all other recently issued accounting pronouncements and concluded that they were either not applicable or not expected to have a significant impact on our consolidated financial statements.

3. Revenues

The following table represents a disaggregation of revenue by type for fiscal years ended:

	Fiscal Year Ended						
(Amounts in thousands)	December 27, 2023			December 28, 2022			
Restaurant sales - company-owned	\$	76,118	\$	70,009			
Royalty revenue		35,946		31,353			
Advertising funds		12,602		10,825			
Sourcing fees		2,565		2,014			
Franchise fees		1,389		1,111			
Net revenue	\$	128,619	\$	115,312			

Initial franchise license fees and area development exclusivity fee payments (collectively, "franchise fees") received by the Company are recorded as deferred revenue on the consolidated balance sheets, which represents a contract liability. Deferred revenue is reduced as fees are recognized in revenue over the term of the franchise license agreement for the respective restaurant. As the term of the franchise license is typically fifteen years, substantially all of the license fee revenue recognized in the current fiscal year was included in the deferred revenue balance as of December 27, 2023. As of December 27, 2023, and December 28, 2022, \$5.5 million and \$4.8 million in deferred revenue relates to restaurants that have not yet opened, respectively, so the fees are not yet being amortized. The weighted average remaining amortization period for deferred franchise and renewal fees related to open restaurants is 8.7 years. The Company did not have any material contract assets as of December 27, 2023, and December 28, 2022.

The following table represents the changes in deferred revenue balances for fiscal years ended:

(Amounts in thousands)	December 27, 2023			December 28, 2022

Amortization of deferred revenue		(723)		(678)		
Loyalty points liability, net		240		_		
Balance, end of period	\$	12,261	\$	10,672		

Deferred contract costs, which consist of deferred sales commissions, were \$0.4 million and \$0.2 million as of December 27, 2023 and December 28, 2022, respectively. Amortization expense for the deferred contract costs was \$20.8 thousand and \$11.5 thousand for fiscal years ended December 27, 2023 and December 28, 2022, respectively. There was no impairment loss in relation to the costs capitalized for the periods presented.

6. Business Acquisition

The Company acquired three restaurants from a franchisee during fiscal year ended December 27, 2023. The total purchase price is reflected in the table below.

The following table summarizes the allocation of the purchase price to the estimated fair value of assets acquired and liabilities assumed as a result of the acquisition:

The excess of the purchase price over the aggregate fair value of assets acquired was allocated to goodwill and is attributable to the benefits expected as a result of the acquisition, including sales and growth opportunities.

7. Goodwill and Intangible Assets, Net

The Company's goodwill and intangible assets arose from the acquisition of Freddy's LLC, Freddy's Frozen Custard, LLC and all company owned restaurants on March 4, 2021, as well as the May 18, 2023 acquisition of three restaurants from a franchisee.

New Facilities

The Company entered into a new credit agreement, dated as of April 14, 2023, (the "New Credit Agreement"), which provides for (i) a \$115.0 million term loan facility (the "New Term Loan") and (ii) a \$20.0 million revolving

credit facility (the "New Revolver" and together with the New Term Loan, collectively, the "New Facilities"). The New Facilities mature on April 14, 2028. The New Revolver had no outstanding borrowings as of December 27, 2023 and the entire \$20.0 million committeent was available to be borrowed.

The New Term Loan is subject to amortization of principal, payable in quarterly installments on the last business day of each fiscal quarter, commencing on September 6, 2023, equal to (i) 1.25% of the original principal amount funded through June 17, 2026 (ii) 1.875% of the original principal amount funded through March, 22, 2028. The remaining aggregate principal amount outstanding (together with accrued and unpaid interest on the principal amount) is payable at the maturity of the New Term Loan.

Borrowings under the New Facilities bear interest, at the option of the Company at either (i) the base rate plus a margin of between 100 and 175 basis points depending on the consolidated lease-adjusted leverage ratio of the Company or (ii) the term secured overnight financing rate plus a margin of between 210 and 285 basis points depending on the consolidated lease-adjusted leverage ratio of the Company (rate of 7.45% as of December 27, 2023). In addition, an unused commitment fee of 0.25% will be paid on the undrawn commitments of the New Revolver.

Senior Credit Facilities

The Company entered into a credit agreement, dated as of March 3, 2021, (the "Credit Agreement"), which provided for (i) a \$125.0 million term loan facility (the "Term Loan") and (ii) a \$10.0 revolving credit facility (the "Revolver" and together with the Term Loan, collectively, the "Facilities"). The Facilities were set to mature on March 3, 2027.

The Term Loan was subject to amortization of principal, payable in quarterly installments on the last business day of each fiscal quarter, commencing on June 16, 2021, equal to 0.25% of the original principal amount funded. The remaining aggregate principal amount outstanding (together with accrued and unpaid interest on the principal amount) was payable at the maturity of the Term Loan.

Borrowings under the Facilities beared interest, at the option of the Company at either (i) the index rate plus a margin of between 400 and 500 basis points depending on the total net leverage ratio of the Company or (ii) the London interbank offer rate ("LIBOR") plus a margin of between 500 and 600 basis points depending on the total net leverage ratio of the Company, with LIBOR not being less than 1.0%. In addition, an unused commitment fee of 0.5% was to be paid on the undrawn commitments of the Revolver.

The proceeds from the New Facilities were used to repay in full the outstanding indebtedness of the Senior Credit Facilities on April 14, 2023. This repayment was accounted for as a debt extinguishment and a loss on debt extinguishment of \$1.8 million was recorded in fiscal year ended December 27, 2023.

Debt Covenants

The New Facilities are secured by associated collateral agreements that pledge a lien on substantially all the Company's assets, including fixed assets and intangibles, in each case, subject to customary exceptions. Under the New Credit Agreement, the company is subject to customary affirmative, negative and financial covenants, maintenance of certain ratios, restrictions on additional indebtedness and events of default for facilities of this type (with customary grace periods, as applicable, and lender remedies). The Company was in compliance with the covenants under the New Credit Agreement as of December 27, 2023. The Company was in compliance with the covenants under the Credit Agreement as of December 28, 2022.

9. Leases

The Company determines whether an arrangement is a lease at inception and currently has operating leases for office and restaurant space. The Company does not currently have any financing leases. The Company's leases have remaining terms of 0.9 years to 31.1 years, all of which include options to extend the lease term based on renewals. Lease terms include options to renew when it is reasonably certain that the Company will exercise that option. The Company's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

As most of the Company's leases do not provide an implicit rate, the Company uses its incremental borrowing rate based on the information available on the commencement date in determining the present value of future lease payments. For real estate leases, the Company accounts for lease components separately and thus, does not combine lease and non-lease components together (e.g., common-area maintenance).

The Company's recognized lease costs include:

(Amounts in thousands except for year and rate information) Liabilities	Dece	mber 27, 2023	Dece	mber 28, 2022

Thereafter	 76,448
Total future minimum lease payments	94,715
Less: imputed interest	(56,950)
Present value of lease liabilities	\$ 37,765

The Company does not have any variable lease costs and short-term lease costs were inconsequential.

The Company gave notice on August 30, 2023 that it would not extend the lease on an office facility which triggered reassessment of lease factors. The lease classification did not change as a result of the lease modification. The impact of the modification to future cash flows is included in the maturities of lease payments table.

10. Capital Structure

As of December 27, 2023, and December 28, 2022, the Company has authorized 50,000 shares of Class A Common Stock for issuance, respectively, with a par value of \$10,000 per share. As of December 27, 2023, and December 28, 2022, the Company had 21,962.5 shares of Class A Common Stock issued and outstanding. The Class A Common Stock was issued at \$10,000 face value. The holders of common stock are entitled to one vote for each share of common stock. The Company also has a cash incentive plan with defined triggering events, or performance conditions. As of fiscal years ended December 27, 2023 and December 28, 2022, there have been no triggering events.

On March 17, 2023, the Company's board of directors declared and paid a dividend of \$1,000 per share of common stock, payable to stockholders of record as of March 17, 2023, totaling \$22.0 million.

11. Commitments and Contingencies

Purchase Obligations

Purchase obligations include agreements related to the construction of restaurant facilities, the purchase of food, beverages, paper goods and other supplies, equipment purchases, marketing-related contracts and software license commitments and service contracts in the normal course of business. These obligations are generally of short-term nature at prevailing market prices and are recorded as liabilities when the related goods are received, or services rendered. These commitments are cancellable and there are no material financial penalties associated with these commitments in the event of early termination.

Legal Proceedings

The Company is involved from time to time in various claims, proceedings, and litigation. The Company establishes reserves for specific legal proceedings when it determines that the likelihood of an unfavorable outcome is probable, and the amount of loss can be reasonably estimated. Management has not identified any legal matters where it believes an unfavorable outcome is reasonably possible and/or for which an estimate of possible losses can be made. Management does not believe that the resolution of these matters would have a material adverse impact on the Company's financial position, results of operations, or cash flows.

12. Employee Benefit Plan

The Company has a 401(k) plan for its employees who meet certain age and length of service requirements. The Company agrees to match 100% of the participant's eligible contribution up to 3% of the participant's compensation, plus 50% of the participant's contributions that exceed 3% but not to exceed 5% of the participant's compensation. In connection with the matching contributions, the Company recognized compensation expense of \$0.5 million and \$0.4 million for fiscal years ended December 27, 2023, and December 28, 2022, respectively.

13. Related-Party Transactions

Operating lease agreements

The Company maintains certain operating lease agreements with two of its board members, who are also noncontrolling shareholders of the Company. Payments under these agreements totaled \$2.1 million and \$1.9 million for fiscal years ended December 27, 2023, and December 28, 2022, respectively.

15. Income Taxes

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was signed into law on March 7, 2020. The CARES Act, among other things, included tax provisions that the Company applied relating to refundable payroll tax credits, the deferral of employer's social security payments, and modifications to net operating loss carryback provisions. On December 27, 2020, the Consolidated Appropriations Act of 2021 (the "CAA"), which includes the Economic Aid to Hard-Hit Small Businesses, Nonprofits, and Venues Act and the American Rescue Plan Act of 2021, was signed into law and provided further COVID-19 economic relief with an expansion of the employee retention credit. As a result, we recorded operating income of \$2.8 million and \$2.2 million related to the employee retention credit for fiscal years ended December 27, 2023 and December 28, 2022, respectively.

Income tax expense for fiscal years ended December 27, 2023, and December 28, 2022 consisted of the following:

A reconciliation of the Company's U.S. federal statutory income tax rate to the Company's effective income tax rate is as follows:

(Amounts in thousands)	December 27, 2023	December 28, 2022
Federal statutory rate	21.0%	21.0%
Non-deductible expenses	0.4%	1.6%

The Company had a gross net operating loss carry-forward of \$1.3 million and \$3.6 million at December 27, 2023 and December 28, 2022, respectively, and gross state operating losses of \$13.9 million and \$10.0 million at December 27, 2023 and December 28, 2022, respectively, of which \$3.9 million may be carried forward for

10-20 years and \$10.0 million may be carried forward indefinitely. The Company had a valuation allowance of \$1.2 million and \$0.2 million against its deferred tax assets as of December 27, 2023 and December 28, 2022, respectively. In assessing whether a deferred tax asset will be realized, the Company considers whether it is more likely than not that either some portion or all of the deferred tax assets will be realized. The Company considers the reversal of existing taxable temporary differences, projected future taxable income and tax planning strategies in making this assessment. Based on the initial taxable income and projections for future taxable income over the periods in which the deferred tax assets are deductible, management believes it is not more likely than not that the Company will realize the benefits of these deductible differences, thus the Company recorded a valuation allowance at December 27, 2023 and December 28, 2022. As of December 27, 2023 and December 28, 2022, the Company had total deductible goodwill in the amount of \$52.2 million and \$56.3 million available for the current and future tax years, respectively.

16. Segment Reporting

The Company applies FASB ASC Topic 280, Segment Reporting, in determining reportable segments for its financial statement disclosure. The Company has a single reportable operating segment which operates as a product portfolio with a single business platform. In reaching this conclusion, management considered the definition of the Chief Operating Decision Maker ("CODM"); how the business is defined by the CODM; the nature of the information provided to the CODM and how that information is used to make operating decisions; and how resources and performance are accessed. The Company's CODM is the Chief Executive Officer. The results of the operations provided to and analyzed by the CODM at the Company level and accordingly, key resource decisions and assessment of performance are performed at the Company level. The Company has a common management team across all product lines and the Company does not manage these products as individual businesses and as a result, cash flows are not distinct.

For the fiscal years ended December 27, 2023, and December 28, 2022, the Company did not have any revenue from geographic regions outside of the United States.

17. Major Customers, Account Receivable and Vendor Concentration

The Company had no customers which accounted for 10% or more of consolidated revenues for fiscal years ended December 27, 2023, and December 28, 2022. As of December 27, 2023, the Company had one main inline distributor of food, packaging and beverage products, excluding breads, that serviced all company-owned restaurants. We believe that our vulnerability to risk concentrations related to significant vendors and sources of our raw materials is mitigated as we believe that there are other vendors who would be able to service our requirements. However, if a disruption of service from our main in-line distributor was to occur, we could experience short-term increases in our costs while distribution channels were adjusted.

18. Subsequent Events

The Company has evaluated subsequent events from the balance sheet date through March 15, 2024, the date at which the consolidated financial statements were available to be issued and determined no other items require disclosure.

19. Event (Unaudited) Subsequent to the Date of Independent Auditors' Report

On March 21, 2024, the Company entered into a new credit agreement consisting of a term loan facility in the amount of \$198.5 million and a \$20.0 million revolving credit facility. This term loan and revolving credit facility matures on March 19, 2027. Proceeds from the term loan, \$5.0 million borrowed from the new revolver, and \$10.7 million of cash from the Company's balance sheet, were used to payoff all of the outstanding debt, and interest, under the New Facilities, pay for fees incurred related to this new credit agreement, and repurchase 4,280 shares of common stock from shareholders for \$97.4 million.

ADDITIONAL DISCLOSURES REQUIRED BY THE STATE OF MICHIGAN

THE STATE OF MICHIGAN PROHIBITS CERTAIN UNFAIR PROVISIONS THAT ARE SOMETIMES IN FRANCHISE DOCUMENTS. IF ANY OF THE FOLLOWING PROVISIONS ARE IN THESE FRANCHISE DOCUMENTS, THE PROVISIONS ARE VOID AND CANNOT BE ENFORCED AGAINST YOU.

(a) A prohibition on the right of the franchisee to join an association of franchisees.

- (b) A requirement that a franchisee assent to a release, assignment, novation, waiver or estoppel which deprives a franchisee of rights and protections provided in this act. This shall not preclude a franchisee, after entering into a License Agreement, from settling any and all claims.
- (c) A provision that permits a franchisor to terminate a franchise prior to the expiration of its term except for good cause. Good cause shall include the failure of the franchisee to comply with any lawful provision of the License Agreement and to cure such failure after being given written notice thereof and a reasonable opportunity, which in no event need be more than 30 days, to cure such failure.
- (d) A provision that permits a franchisor to refuse to renew a franchise without fairly compensating the franchisee by repurchase or other means for the fair market value at the time of expiration of the franchise of the franchisee's inventory, supplies, equipment, fixtures and furnishings. Personalized materials which have no value to the franchisor and inventory, supplies, equipment, fixtures and furnishings not reasonably required in the conduct of the franchise business are not subject to compensation. This subsection applied only if: (i) the term of the franchise is less than 5 years and (ii) the franchisee is prohibited by the franchise or other agreement from continuing to conduct substantially the same business under another trademark, service mark, trade name, logotype, advertising or other commercial symbol in the same area subsequent to the expiration of the franchise or the franchisee does not receive at least 6 months advance notice of franchisor's intent not to renew the franchise.
- (e) A provision that permits the franchisor to refuse to renew a franchise on terms generally available to other franchisees of the same class or type under similar circumstances. This section does not require a renewal provision.
- (f) A provision requiring that arbitration or litigation be conducted outside this state. This shall not preclude the franchisee from entering into an agreement, at the time of arbitration, to conduct arbitration at a location outside this state.
- (g) A provision which permits a franchisor to refuse to permit a transfer of ownership of a franchise, except for good cause. This subdivision does not prevent a franchisor from exercising a right of first refusal to purchase the franchise. Good cause shall include, but is not limited to:
- (i) The failure of the proposed transferee to meet the franchisor's then current reasonable qualifications or standards.
- (ii) The fact that the proposed transferee is a competitor of the franchisor or subfranchisor.
- (iii) The unwillingness of the proposed transferee to agree in writing to comply with all lawful obligations.

- (iv) The failure of the franchisee or proposed transferee to pay any sums owning to the franchisor or to cure any default in the License Agreement existing at the time of the proposed transfer.
- (h) A provision that requires the franchisee to resell to the franchisor items that are not uniquely identified with the franchisor. This subdivision does not prohibit a provision that grants to a franchisor a right of first refusal to purchase the assets of a franchise on the same terms and conditions as a bona fide third party willing and able to purchase those assets, nor does this subdivision prohibit a provision that grants the franchisor the right to acquire the assets of a franchise for the market or appraised value of such assets if the franchisee has breached the lawful provisions of the License Agreement and has failed to cure the breach in the manner provided in subdivision (c).
- (i) A provision which permits the franchisor to directly or indirectly convey, assign, or otherwise transfer its obligations to fulfill contractual obligations to the franchisee unless provisions have been made for providing the required contractual services.

2. Obligations. The Recipient will:

(a) Hold in confidence and safeguard the confidentiality of the Confidential Information for as long as it is in the Recipient's or its Representatives' possession or control and

use the same degree of care as it uses to protect its own confidential information of a similar nature, but no less than reasonable care.

- (b) Not disclose the Confidential Information to any person, other than (i) as permitted by this Agreement; or (ii) to the Recipient's Representatives who have a need to know the Confidential Information. The Recipient will be responsible for any act or omission of the Recipient's Representative that would constitute a breach of this Agreement if done by the Recipient.
- (c) Not use the Confidential Information for any reason other than for the Purpose.
- 3. Ownership and License. All Confidential Information remains the exclusive property of the Discloser, and nothing contained in this Agreement may be construed as a grant, express or implied or by estoppel, or a transfer, assignment, license, or lease of any right, title, or interest in the Confidential Information.
- 4. <u>Disclaimer</u>. Nothing in this Agreement will be construed as an obligation of the Discloser to disclose any Confidential Information. No warranty or representation is made by the Discloser concerning the Confidential Information.
- 5. <u>No Other Relationship</u>. This Agreement does not create, represent, or imply any agreement or commitment to enter into any further business relationship. This Agreement does not create any agency, partnership, joint venture, fiduciary duty, or other relationship between the Parties.
- 6. <u>Term.</u> This Agreement will terminate thirty (30) days after the earlier of (a) the completion, expiration, or termination of the Purpose, or (b) written notice of termination by one Party to the other Party. The Discloser may terminate this Agreement immediately upon notice to the Recipient for a breach of this Agreement by the Recipient. The Recipient's obligations under this Agreement will survive the termination of this Agreement indefinitely.
- 7. <u>Actions on Termination</u>. Upon the termination of this Agreement, the Recipient will (a) immediately cease any use of the Confidential Information; (b) promptly return to the Discloser all of the Confidential Information; and (c) neither retain nor allow its Representatives to retain any copies of the Confidential Information; and (d) promptly provide a certification by an officer of the Recipient of its compliance with the obligations of this Section 7.
- 8. Remedies. The Recipient acknowledges and agrees that the covenants of this Agreement are reasonable and necessary for the protection of the Discloser's business interests, that irreparable injury may result if they are breached, and that in the event of any actual or potential breach of any such covenant that the Discloser may have no adequate remedy at law and will be entitled to seek immediate injunctive or other equitable relief. Nothing herein will be construed as prohibiting any Party from pursuing any other remedies available to it related to such actual or potential breach, including the recovery of damages.

9. General.

- (a) <u>Governing Law</u>. This Agreement will be governed and construed in accordance with the laws of the State of Kansas, excluding its conflicts of law principles. Any legal action or proceeding arising out of or related to this Agreement must be brought exclusively in a state or federal court in Sedgwick County, Kansas. Each Party submits itself to the jurisdiction of such courts. However, a Party may seek to enforce an order or judgment of any such court or obtain temporary or preliminary injunction or restraining order in any other court of competent jurisdiction.
- (b) <u>Severability</u>. If any provision of this Agreement is adjudged by any court of competent jurisdiction to be unenforceable or invalid, that provision will be limited or eliminated to the minimum extent necessary so that this Agreement will otherwise remain in full force and effect.
- (c) <u>Waiver</u>. The failure of either Party to act in the event of a breach of this Agreement by the other will not be deemed a waiver of such breach or a waiver of future breaches, except to the extent such waiver is in writing and signed by the Party against whom enforcement is sought.

RECITALS

In order to recognize the contribution of United States military personnel, attract new licensees and encourage the development of new Freddy's Frozen Custards & Steakburgers restaurants ("System Restaurants"), Licensor has implemented a veterans incentive program ("Veterans Program") for qualified veterans that develop and open a new System Restaurant.

Licensee (or if Licensee is an entity, a holder of at least a fifty-one percent (51%) ownership in Licensee) is a veteran and has provided Licensor with a DD Form 214 or other adequate documentation, as determined by Licensor, demonstrating honorable discharge from the United States military.

Neither Licensee nor its affiliates currently operate or have previously operated any System Restaurants and have not previously received the Veterans Program benefits.

Since Licensee's development of the System Restaurant under the License Agreement meets the criteria for the Veterans Program, Licensor and Licensee are entering into this Addendum to provide the Veterans Program benefits to Licensee and to modify certain provisions of the License Agreement.

NOW, THEREFORE, in consideration of the mutual covenants, agreements and obligations set forth below, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties, intending to be legally bound, agree as follows:

- 1. <u>License Fee Reduction.</u> Notwithstanding the provisions of the Section 3.1.A of the License Agreement, Licensee shall pay a reduced License Fee to Licensor in the amount of Twenty-Six Thousand Two Hundred Fifty Dollars (\$26,250), which reflects a twenty-five percent (25%) discount.
- 2. <u>Repayment of Reduced License Fee on Transfer or Termination.</u> If, prior to the first anniversary of the opening date of the System Restaurant, (a) Licensee transfers the System Restaurant; or (b) Licensor terminates the License Agreement, then Licensee must pay to Licensor the portion of the Initial License Fee that was waived by Licensor in the amount of Eight Thousand Seven Hundred Fifty Dollars (\$8,750).

3. Miscellaneous.
