## What You Need To Know About Franchising *Generally*

**Continuing responsibility to pay fees.** You may have to pay royalties and other fees even if you are losing money.

**Business model can change.** The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

**Supplier restrictions.** You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

**Operating restrictions.** The franchise agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

**Competition from franchisor.** Even if the franchise agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

**Renewal.** Your franchise agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

**When your franchise ends.** The franchise agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

### Some States Require Registration

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends that franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use the agency information in Exhibit A.

Your state also may have laws that require special disclosures or amendments be made to your franchise agreement. If so, you should check the State Specific Addenda. See the Table of Contents for the location of the State Specific Addenda.

## Special Risks to Consider About *This* Franchise

Certain states require that the following risk(s) be highlighted:

1. **Out-of-State Dispute Resolution**. The franchise agreement requires you to resolve disputes with the franchisor by mediation, arbitration, or litigation only in Pennsylvania. Out-of-state mediation, arbitration, or litigation may force you to accept a less favorable settlement for disputes. It may also cost more to mediate, arbitrate, or litigate with franchisor in Pennsylvania than in your own state.

Certain states may require other risks to be highlighted. Check the “State Specific Addenda” (if any) to see whether your state requires other risks to be highlighted.

**ADDENDUM TO AMERISOURCEBERGEN DRUG CORPORATION  
DISCLOSURE DOCUMENT  
FOR THE STATE OF MICHIGAN**

THE STATE OF MICHIGAN PROHIBITS CERTAIN UNFAIR PROVISIONS THAT ARE SOMETIMES IN FRANCHISE DOCUMENTS. IF ANY OF THE FOLLOWING PROVISIONS ARE IN THESE FRANCHISE DOCUMENTS, THE PROVISIONS ARE VOID AND CANNOT BE ENFORCED AGAINST YOU:

(A) A PROHIBITION ON THE RIGHT OF A FRANCHISEE TO JOIN AN ASSOCIATION OF FRANCHISEES.

(B) A REQUIREMENT THAT A FRANCHISEE ASSENT TO A RELEASE, ASSIGNMENT, NOVATION, WAIVER, OR ESTOPPEL WHICH DEPRIVES A FRANCHISEE OF RIGHTS AND PROTECTIONS PROVIDED IN THIS ACT. THIS SHALL NOT PRECLUDE A FRANCHISEE, AFTER ENTERING INTO A FRANCHISE AGREEMENT, FROM SETTLING ANY AND ALL CLAIMS.

(C) A PROVISION THAT PERMITS A FRANCHISOR TO TERMINATE A FRANCHISE PRIOR TO THE EXPIRATION OF ITS TERM EXCEPT FOR GOOD CAUSE. GOOD CAUSE SHALL INCLUDE THE FAILURE OF THE FRANCHISEE TO COMPLY WITH ANY LAWFUL PROVISION OF THE FRANCHISE AGREEMENT AND TO CURE SUCH FAILURE AFTER BEING GIVEN WRITTEN NOTICE THEREOF AND A REASONABLE OPPORTUNITY, WHICH IN NO EVENT NEED BE MORE THAN 30 DAYS, TO CURE SUCH FAILURE.

(D) A PROVISION THAT PERMITS A FRANCHISOR TO REFUSE TO RENEW A FRANCHISE WITHOUT FAIRLY COMPENSATING THE FRANCHISEE BY REPURCHASE OR OTHER MEANS FOR THE FAIR MARKET VALUE AT THE TIME OF EXPIRATION, OF THE FRANCHISEE'S INVENTORY, SUPPLIES, EQUIPMENT, FIXTURES, AND FURNISHINGS. PERSONALIZED MATERIALS WHICH HAVE NO VALUE TO THE FRANCHISOR AND INVENTORY, SUPPLIES, EQUIPMENT, FIXTURES, AND FURNISHINGS NOT REASONABLY REQUIRED IN THE CONDUCT OF THE FRANCHISE BUSINESS ARE NOT SUBJECT TO COMPENSATION. THIS SUBSECTION APPLIES ONLY IF: (i) THE TERM OF THE FRANCHISE IS LESS THAN 5 YEARS; AND (ii) THE FRANCHISEE IS PROHIBITED BY THE FRANCHISE OR OTHER AGREEMENT FROM CONTINUING TO CONDUCT SUBSTANTIALLY THE SAME BUSINESS UNDER ANOTHER TRADEMARK, SERVICE MARK, TRADE NAME, LOGOTYPE, ADVERTISING, OR OTHER COMMERCIAL SYMBOL IN THE SAME AREA SUBSEQUENT TO THE EXPIRATION OF THE FRANCHISE OR THE FRANCHISEE DOES NOT RECEIVE AT LEAST 6 MONTHS ADVANCE NOTICE OF FRANCHISOR'S INTENT NOT TO RENEW THE FRANCHISE.

(E) A PROVISION THAT PERMITS THE FRANCHISOR TO REFUSE TO RENEW A FRANCHISE ON TERMS GENERALLY AVAILABLE TO OTHER FRANCHISEES OF THE SAME CLASS OR TYPE UNDER SIMILAR CIRCUMSTANCES. THIS SECTION DOES NOT REQUIRE A RENEWAL PROVISION.

(F) A PROVISION REQUIRING THAT ARBITRATION OR LITIGATION BE CONDUCTED OUTSIDE THIS STATE. THIS SHALL NOT PRECLUDE THE FRANCHISEE

FROM ENTERING INTO AN AGREEMENT, AT THE TIME OF ARBITRATION, TO CONDUCT ARBITRATION AT A LOCATION OUTSIDE THIS STATE.

(G) A PROVISION WHICH PERMITS A FRANCHISOR TO REFUSE TO PERMIT A TRANSFER OF OWNERSHIP OF A FRANCHISE, EXCEPT FOR GOOD CAUSE. THIS SUBDIVISION DOES NOT PREVENT A FRANCHISOR FROM EXERCISING A RIGHT OF FIRST REFUSAL TO PURCHASE THE FRANCHISE. GOOD CAUSE SHALL INCLUDE, BUT IS NOT LIMITED TO:

(i) THE FAILURE OF THE PROPOSED TRANSFEREE TO MEET THE FRANCHISOR'S THEN CURRENT REASONABLE QUALIFICATIONS OR STANDARDS.

(ii) THE FACT THAT THE PROPOSED TRANSFEREE IS A COMPETITOR OF THE FRANCHISOR OR SUBFRANCHISOR.

(iii) THE UNWILLINGNESS OF THE PROPOSED TRANSFEREE TO AGREE IN WRITING TO COMPLY WITH ALL LAWFUL OBLIGATIONS.

(iv) THE FAILURE OF THE FRANCHISEE OR PROPOSED TRANSFEREE TO PAY ANY SUMS OWING TO THE FRANCHISOR OR TO CURE ANY DEFAULT IN THE FRANCHISE AGREEMENT EXISTING AT THE TIME OF THE PROPOSED TRANSFER.

(H) A PROVISION THAT REQUIRES THE FRANCHISEE TO RESELL TO THE FRANCHISOR ITEMS THAT ARE NOT UNIQUELY IDENTIFIED WITH THE FRANCHISOR. THIS SUBDIVISION DOES NOT PROHIBIT A PROVISION THAT GRANTS TO A FRANCHISOR A RIGHT OF FIRST REFUSAL TO PURCHASE THE ASSETS OF A FRANCHISE ON THE SAME TERMS AND CONDITIONS AS A BONA FIDE THIRD PARTY WILLING AND ABLE TO PURCHASE THOSE ASSETS, NOR DOES THIS SUBDIVISION PROHIBIT A PROVISION THAT GRANTS THE FRANCHISOR THE RIGHT TO ACQUIRE THE ASSETS OF A FRANCHISE FOR THE MARKET OR APPRAISED VALUE OF SUCH ASSETS IF THE FRANCHISEE HAS BREACHED THE LAWFUL PROVISIONS OF THE FRANCHISE AGREEMENT AND HAS FAILED TO CURE THE BREACH IN THE MANNER PROVIDED IN SUBDIVISION (C).

(I) A PROVISION WHICH PERMITS THE FRANCHISOR TO DIRECTLY OR INDIRECTLY CONVEY, ASSIGN, OR OTHERWISE TRANSFER ITS OBLIGATIONS TO FULFILL CONTRACTUAL OBLIGATIONS TO THE FRANCHISEE UNLESS PROVISION HAS BEEN MADE FOR PROVIDING THE REQUIRED CONTRACTUAL SERVICES.

THE FACT THAT THERE IS A NOTICE OF THIS OFFERING ON FILE WITH THE ATTORNEY GENERAL DOES NOT CONSTITUTE APPROVAL, RECOMMENDATION, OR ENDORSEMENT BY THE ATTORNEY GENERAL.

**ITEM 1  
THE FRANCHISOR AND ANY PARENTS, PREDECESSORS, AND AFFILIATES**

The Franchisor is AmerisourceBergen Drug Corporation. To simplify this Disclosure Document, AmerisourceBergen Drug Corporation is referred to as “ABDC”, “we”, “us” or “our”. “You” means the person or legal entity who buys the franchise, the franchisee (called a “Customer” in the agreements). If you are a corporation, limited liability company, partnership or any other type of legal entity, certain

provisions of the GNP Premier Agreement (defined below) also will apply to, and be binding upon, certain of your owners (referred to as your “Principals”).

## AmerisourceBergen Drug Corporation

We are a Delaware corporation, formed on June 24, 1985. We do business only under our corporate name, including “**AmerisourceBergen Drug Corporation**”, “**AmerisourceBergen**”, and the names “**Good Neighbor Pharmacy**” and “**Elevate Provider Network**.” Our principal business address is 1 West First Avenue, Conshohocken, PA, 19428. Our agents for service of process are listed in Exhibit A. We have offered franchises since 2009. We have not conducted business nor offered franchises in any other line of business.

Our parent company is Cencora, Inc. (“Cencora”). Cencora is a Delaware corporation, formed on March 16, 2001 as AmerisourceBergen Corporation (and changed its name to Cencora, Inc. on August 30, 2023) in contemplation of the August 2001 merger of AmeriSource Health Corporation (“AHC”) and Bergen Brunswig Corporation (“BBC”). In August 2001, AHC and BBC became subsidiaries of Cencora. AHC and BBC continued as subsidiaries of AB until October 2002, at which time BBC was merged with and into AHC. AHC was the survivor and was renamed AmerisourceBergen Services Corporation (“ABSC”). ABSC survives today as a subsidiary of Cencora.

Cencora is one of the largest global pharmaceutical sourcing and distribution services companies, helping healthcare providers and pharmaceutical and biotech manufacturers improve patient access to products and enhance patient care. We deliver innovative programs and services designed to increase the effectiveness and efficiency of the pharmaceutical supply chain. More specifically, we distribute a comprehensive offering of brand-name and generic pharmaceuticals (including specialty pharmaceutical products), over-the-counter healthcare products, home healthcare supplies and equipment, and related services to a wide variety of healthcare providers located in the United States and select global markets, including retail chain and independent pharmacies, mail order pharmacies, acute care hospitals and health systems, physician practices, medical and dialysis clinics, long-term care and other alternate site pharmacies, and other customers. We also provide pharmacy services to certain specialty drug patients. Additionally, we furnish healthcare providers and pharmaceutical manufacturers with an assortment of related services, including reimbursement and pharmaceutical consulting services, niche premium logistics services, claim management services, and pharmacy management, along with retail strategies and front-end management, marketing and advertising services, digital media tools, and educational opportunities.

## Our Predecessor and Affiliates

We acquired a substantial portion of our assets from Bergen Brunswig Drug Company (“BBDC”), which merged with and into AmeriSource Corporation (“ASC”) in October 2002. ASC was the survivor, under the name AmerisourceBergen Drug Corporation (us), and we acquired BBDC’s assets pursuant to the merger. In Puerto Rico, we operate through our wholly owned subsidiary, J.M. Blanco, Inc. (“Blanco”), a Delaware corporation, which maintains the same principal business address as us. In 2012, we acquired World Courier Group, Inc., which operates in over 50 countries and is a leading global specialty transportation and logistics provider for the biopharmaceutical industry. In February 2015, we acquired MWI Veterinary Supply, Inc. (“MWI”), a leading animal health distribution company in the United States and in the United Kingdom. MWI sells pharmaceuticals, vaccines, parasiticides, diagnostics, micro feed ingredients, and various other products to customers in both the companion animal and production animal markets. MWI also offers its customers a variety of value-added services, including its e-commerce platform, technology management systems, pharmacy fulfillment, inventory management system, equipment procurement consultation, special order fulfillment, and educational seminars. In June 2021, we acquired a majority of the Alliance Healthcare business from Walgreens Boots Alliance.

Alliance Healthcare is one of the largest pharmaceutical wholesalers primarily in Europe and also operates retail pharmacies and provides manufacturer services in certain of its countries of operation.

Although Customers may, from time to time, choose to do business with our affiliates, other than Blanco, such business would not be connected with the GNP Premier Agreement.

Our predecessors, parents and affiliates have not previously offered franchises in any line of business. Except as described above, our predecessors, parents and affiliates do not provide products or services to our franchisees as part of the franchise relationship.

## Our Legacy Voluntary Program

From 1982 until July 2019, we offered independent community pharmacies a license to operate under the Good Neighbor Pharmacy trade name (“Voluntary Pharmacy”) on terms substantially different than those contained in the GNP Premier Agreement. As of July 2019, we no longer offer new independent pharmacies the opportunity to sign up as Voluntary Pharmacies; however, a significant number of legacy Voluntary Pharmacies continue to operate. As part of the Voluntary Pharmacy program, we provide products and services to independent community pharmacies, regional retail chain pharmacies and other healthcare providers, including hospitals, physician offices and clinics and other alternate care facilities. Voluntary Pharmacies did not sign the GNP Premier Agreement, which we began offering in 2009. As of September 30, ~~2023~~2024, there were ~~204~~182 Voluntary Pharmacies and ~~2,298~~286 GNP Premier Pharmacies (for a total of ~~2,502~~468). See Item 20.

## Description of the Franchise

We grant franchises for GNP Premier Pharmacies that operate under the “Marks,” which include (i) the “Good Neighbor Pharmacy” and related service marks, (ii) the “Elevate Provider Network” service marks, (iii) the elements and components of a GNP Premier Pharmacy’s trade dress, and (iv) any and all additional, different or replacement trade names, trademarks, service marks, logos and slogans that we adopt from time to time to identify the GNP Premier Program and products and services that can be offered by a GNP Premier Pharmacy or the GNP Premier Program, including Available Programs. Though there are currently none operational, we reserve the right to own and/or operate GNP Premier Pharmacies.

ABDC, as a pharmaceutical distribution services company, delivers medicines and other products to thousands of retail customers on a just-in-time basis, which are then dispensed or sold to patients and consumers. We also provide business coaching services to help those customers who are GNP Premier Pharmacies improve their businesses and focus on their strengths. GNP Premier Pharmacies offer other retail products and services, including traditional drug store categories such as vitamins, cough and cold, first aid, and analgesics. Some GNP Premier Pharmacies carry home healthcare products, such as canes, walkers and other durable medical equipment.

We offer GNP Premier Agreements that grant to eligible Customers the right to convert one or more existing or start-up pharmacies to each become a GNP Premier Pharmacy at a designated site (“Pharmacy Location”). The GNP Premier Agreement is attached to this Disclosure Document as Exhibit B. If you currently operate a pharmacy, we assume that you have an existing location, inventory, equipment and other items necessary to operate a pharmacy at the time you sign the GNP Premier Agreement. You have the right to terminate the GNP Premier Agreement at any time on 60 days’ notice without cause.

To be eligible to participate in the GNP Premier Program, you must meet our minimum requirements (“Premier Minimum Requirements”), including having a computer system for pharmacy management that allows participation in our InSite program from ABDC. For stores whose existing pharmacy

management system does not enable participation in our program, we estimate it would take two to four months for a store to plan, evaluate, purchase and install the required system. See Items 8 and 11.

You must operate your GNP Premier Pharmacy and utilize Available Programs in accordance with the GNP Premier Agreement and the standards we establish (“Standards”). The Standards are described in our manuals and other directives to you, whether on paper or electronic form (“GNP Manual”), which we revise and supplement from time to time. The Standards pertain to, among other things, purchases of prescription pharmaceuticals, over-the-counter products, including our GNP private label products (“GNP Private Label Products”), health and beauty care products, signage and layouts, equipment, specifications for products and services, training, methods of inventory control, advertising and marketing programs and information technology, all of which we may improve, further develop or otherwise modify from time to time.

### GNP Premier Program

Among other things, the GNP Premier Agreement, which we began offering in 2009, provides an integrated bundle of programs and services (“Available Programs”), including programs and services for no additional fee such as Elevate Provider Network, InSite from ABDC, Claim Reconciliation, and Business Coaching. See description of the Available Programs under “Description of Available Programs” below in this Item, and in Term Sheets 1-10 of the GNP Premier Agreement (each, a “Term Sheet”). You must participate in certain Available Programs after your GNP Premier Agreement becomes effective and you may, from time to time, elect to enroll in others optional Available Programs some of which have additional fees. See pages 3-4 and Term Sheets 1-10 of the GNP Premier Agreement (Exhibit B to this Disclosure Document). Term Sheets 1-10 of the GNP Premier Agreement describe Available Programs we currently offer or provide to you.

Terms and conditions for each Available Program are provided on applicable Term Sheets, which are agreed to as part of the GNP Premier Agreement (see Term Sheets 1-10 which are attached to the GNP Premier Agreement). In addition, you will sign a Data Authorization to the Master Program Agreement (which is attached to the GNP Premier Agreement), which we then provide to one or more of your designated system vendors and our Program Partners (as defined in Term Sheet 2) as authorization to enable us to receive your Pharmacy Data (as defined in the Data Protection Provisions ~~for Pharmacy Data~~; See Exhibit A).

You may be required to fulfill certain prerequisite conditions before the services offered in such Available Program are made available to you. For an Available Program that is Optional, you may (i) enroll during the Term by submitting applicable information required to set-up your participation and requesting that ABDC begin providing such Available Program and (ii) disenroll by requesting that ABDC discontinue providing such Available Program, pursuant to the terms of such Term Sheet. All Term Sheets incorporate provisions of the GNP Premier Agreement by reference.

The following is a short description of the Available Programs. Also see Items 6, 8, 9 and 17 of this Disclosure Document for more information about the Available Programs.

The table below lists the Available Programs you must participate in under the GNP Premier Program. See Item 11 and relevant Term Sheets for more detailed descriptions.

The General Market

We consider the market for pharmacies to be very well developed. GNP Premier Pharmacies offer most of their products and services to all types of consumers on a walk-in, retail basis. Some GNP Premier Pharmacies also serve long term care, assisted living, or similar facilities. Sales of prescription products are restricted by law to patients with a valid prescription. Sales of some products, both prescription and OTC, such as vaccines or cough and cold remedies, are generally seasonal.

Industry Specific Regulation

You must comply with all federal, state and local laws relating to the offer and sale of prescription medicines, as well as regulations adopted by state pharmacy boards and the U.S. Food and Drug

Administration and U.S. Drug Enforcement Administration, including to whom prescription pharmaceuticals may be sold and the storage, security and disposal of prescription pharmaceuticals. You must comply with regulations under the federal Health Insurance Portability and Accountability Act of 1996, as amended, ("HIPAA"). See, for example, HIPAA Business Associate Agreement, Exhibit B of the GNP Premier Agreement (which is Exhibit B of this Disclosure Document).

Development and operation of your GNP Premier Pharmacy will also be subject to compliance with applicable zoning and environmental regulations as well as federal and state employment and health and safety laws, including minimum wage laws governing some of your employees. Some of your GNP Premier ~~Pharmacy's~~ Pharmacy's personnel may be paid at rates related to the federal minimum wage and, accordingly, further increases in the federal, state or local minimum wage will affect your labor costs. There may be other laws affecting your GNP Premier Pharmacy.

We are not aware of any laws or regulations that would apply to a GNP Premier Pharmacy differently than those that already apply to you if you operate an existing pharmacy or that will apply to you if you are opening a new start-up pharmacy. We recommend that you check with your state and local agencies to determine which laws apply to the operation of a GNP Premier Pharmacy in your area. You should consider these laws and regulations when evaluating your decision to participate in the GNP Premier Program.

## Competition

You will compete with other GNP Premier Pharmacies. You will also compete with other independent pharmacies and chain pharmacies in a variety of locations, including grocery and mass merchandisers and in some instances, hospital and clinic facilities. With respect to non-pharmaceutical products, you will compete with grocery stores, drug stores, discount stores and similar retail outlets.

**ITEM 3  
LITIGATION**

Cencora, our parent, is one of the largest global pharmaceutical sourcing and distribution services companies. As a result, at any given time, Cencora and its subsidiaries may be involved in lawsuits,

administrative proceedings, government subpoenas and investigations which may be viewed as ordinary and routine. Such matters may allege or involve, among other things, fraud, unfair practices or comparable allegations.

Other than the matters below, at this time, we do not view these matters as material to prospective franchisees. Cencora's audited financial statements describe certain of these matters. See Note 13 and Note 14 of Exhibit E to this Disclosure Document. Further, Cencora may have been involved in matters in which it was alleged to have violated antitrust or securities law or to have engaged in fraud, misrepresentation or similar behavior which may be considered other than routine in nature, but which we do not believe, at this time, are material to a prospective franchisee.

United States ex rel. Michael Mullen v. AmerisourceBergen Corporation, et al., Civil Action No. CV-10-4856 (E.D.N.Y); United States ex rel. Omni Healthcare Inc. v. AmerisourceBergen, et al., Civil Action No. CV-12-1178 (E.D.N.Y); United States ex rel. Daniel Sypula and Kelly Hodge v. AmerisourceBergen Drug Corporation, et al., CV-13-10439 (E.D.MI.). In these three related cases, Cencora settled civil claims pertaining to a formerly operating subsidiary of AmerisourceBergen Specialty Group, LLC's alleged violation of the False Claims Act, 31 U.S.C. §3730(b). Cencora paid the sum of \$625 million to settle the cases without any admission of liability.

In re: National Prescription Opiate Litigation, Case Number 1:17-md-02804 (N.D. Ohio). A significant number of counties, municipalities, and other governmental entities in a majority of U.S. states and Puerto Rico, as well as numerous states and tribes, filed lawsuits in various federal, state and other courts against pharmaceutical wholesale distributors (including Cencora and certain subsidiaries, such as ABDC and H.D. Smith), pharmaceutical manufacturers, retail pharmacy chains, medical practices, and physicians relating to the distribution of prescription opioid pain medications.

Starting in December 2017, more than 2,000 cases were transferred to Multidistrict Litigation ("MDL") proceedings before the United States District Court for the Northern District of Ohio (the "Court"). Since then, several cases filed by government and tribal plaintiffs that were selected as bellwether cases in the MDL have been resolved through trial or settlement. Following trial in two consolidated cases in West Virginia federal court, the court entered judgment in favor of the defendants, including Cencora. The plaintiffs filed an appeal of the court's decision on August 2, 2022, which remains pending. ~~The MDL Court is in the process of selecting four cases filed by third-party payors to serve as additional litigation bellwethers.~~

On July 21, 2021, Cencora announced that it and the two other national pharmaceutical distributors had negotiated a Distributor Settlement Agreement that, if all conditions were satisfied, would result in the resolution of a substantial majority of opioid lawsuits filed by state and local governmental entities. The Distributor Settlement Agreement became effective on April 2, 2022 and as of September 30, ~~2023~~2024, it included 48 of 49 eligible states (the "Settling States") as well as 99% by population of the eligible political subdivisions in the Settling States. ~~Pursuant to the The Distributor Settlement Agreement and related agreements with Settling States, Cencora will pay up to approximately \$6.4 billion over 18 years and requires the Company to~~ comply with ~~other~~certain requirements, including the establishment of a clearinghouse that will consolidate data from all three national pharmaceutical distributors. ~~The exact payment amount will depend on several factors, including the extent to which states take action to foreclose opioid lawsuits by subdivisions (e.g., laws barring opioid lawsuits by subdivisions).~~ West Virginia and its subdivisions and Native American tribes are not a part of the Distributor Settlement Agreement, and ~~Cencora~~the Company has reached separate agreements with ~~these~~those groups. The State of Alabama ~~is also did not participating~~participate in the Distributor Settlement Agreement and ~~has an active~~was pursuing a case ~~pending~~ against ~~Cencora~~the Company (and another national pharmaceutical distributor) in Alabama state court, ~~which~~. On February 28, 2024, the Company and another national distributor executed an agreement with the State of Alabama and

all its participating subdivisions to resolve opioid related claims. Pursuant to the agreement, the two distributors will pay approximately \$245 million, including attorneys' fees and costs, to the State of Alabama and its participating subdivisions, of which the Company's portion is 50%. On July 1, 2024, the Court entered a Final Consent Judgment and Dismissal with Prejudice pursuant to the terms of the settlement agreement. In Maryland, a trial commenced on September 16, 2024 in a case filed by the Mayor and City Council of Baltimore. On November 12, 2024, the jury returned a verdict finding ABDC (and another national distributor) liable for public nuisance and assessing approximately \$274 million total in compensatory damages, approximately \$74 million of which was assessed against ABDC. A second phase of the trial is scheduled to commence on December 11, 2024 related to the City of Baltimore's request for an abatement remedy, which will proceed as a bench trial. While the judgment is not yet final, the Company is evaluating next steps, including a possible appeal. The \$74 million is a component of the Company's \$4.9 billion litigation liability as of September 30, 2024 as described below.

The MDL Court selected four cases filed by third-party payors to serve as additional litigation bellwethers. On May 31, 2024, the MDL Court severed and stayed these four cases against the Company and the two other national pharmaceutical distributors, pursuant to ongoing settlement discussions to resolve litigation filed by a putative class of third-party payors. On August 29, 2024, the Company and two other national pharmaceutical distributors entered into a proposed class action settlement agreement to resolve the opioid-related claims of a proposed settlement class of third-party payors. Pursuant to the agreement, the Company recorded a \$93.0 million litigation expense accrual in Litigation and Opioid-Related Expenses (Credit), Net in its fiscal 2024 Consolidated Statement of Operations. On September 3, 2024, the MDL Court granted a motion for preliminary approval of the proposed class action settlement. Federal law imposes additional requirements before the class settlement can become final, including notice to class members, a time period for submission of any objections to the settlement or requests to be excluded from the settlement, and a fairness hearing, among other procedural steps, as described in the MDL Court's September 3, 2024 order. The MDL Court has scheduled a fairness hearing for January 13, 2025.

On September 26, 2024, the Company and two other national pharmaceutical distributors entered into a proposed class action settlement agreement to resolve the opioid-related claims of a proposed settlement class of hospitals. The Company recorded a \$120.9 million litigation expense accrual in Litigation and Opioid-Related Expenses (Credit), Net in its fiscal 2024 Consolidated Statement of Operations, representing the Company's expected share of the potential class action settlement. Pursuant to these settlement discussions, a case in Alabama that involved up to eight plaintiff hospitals, and that was scheduled to begin trial on February 26, 2024 July 8, 2024, has now been severed and stayed as to the Company. On October 30, 2024, the United States District Court for the District of New Mexico granted a motion for preliminary approval of the proposed class action settlement. Federal law imposes additional requirements before the class settlement can become final, including notice to class members, a time period for submission of any objections to the settlement or requests to be excluded from the settlement, and a fairness hearing, among other procedural steps, as described in the Court's October 30, 2024 order. The Court has scheduled a fairness hearing for March 4, 2025.

While Cencora, as reflected in its audited financial statements, In January 2024, the Company prepaid the net present value of a future obligation as permitted under its settlement agreements. The discount on the future obligation resulted in a \$0.1 billion reduction of its accrued litigation liability. The Company's accrued litigation liability related to the Distributor Settlement Agreement, including the State of Alabama and an estimate for nonparticipating government subdivisions (with whom the Company has not reached a settlement agreement), as well as other opioid-related litigation for which it has reached settlement agreements, as described above, was \$4.9 billion as of September 30, 2024 and \$5.5 billion as of September 30, 2023. The \$4.9 billion liability will be paid over 14 years. The Company currently estimates that \$630.2 million will be paid prior to September 30, 2025, which is recorded in Accrued Expenses and Other on the Company's Consolidated Balance Sheet. The

remaining long-term liability of \$4.3 billion is recorded in Accrued Litigation Liability on the Company's Consolidated Balance Sheet. While the Company has accrued its estimated liability for opioid litigation, it is unable to estimate the range of possible loss associated with the matters that are not included in the accrual. Because loss contingencies are inherently unpredictable and unfavorable developments or resolutions can occur, the assessment is highly subjective and requires judgments about future events. CencoraThe Company regularly reviews opioid litigation matters to determine whether its accrual is adequate. The amount of ultimate loss may differ materially from the amount accrued to date. Until such time as otherwise resolved, CencoraThe Company will continue to litigate and prepare for trial and to vigorously defend itself in all such matters. Since these matters are still developing, CencoraThe Company is unable to predict the outcome, but the result of these lawsuits could include excessive monetary verdicts and/or injunctive relief that may affect the Cencora'sCompany's operations.

~~Additional lawsuits regarding the distribution of prescription opioid pain medications are ongoing in cases have been filed and may continue to be~~ filed by a variety of types of plaintiffs. ~~In Alabama, a jury trial was scheduled to begin on July 24, 2023 in a case that involves up to eight plaintiff hospitals. That case was stayed by order of the Alabama Supreme Court on July 10, 2023, pending further order of that court, so there currently is no trial date. In Maryland, a trial is scheduled for September 16, 2024 in a case filed by the Mayor and City Council of Baltimore. Additional litigation is anticipated in cases filed by subdivisions that are not participating in the Distributor Settlement Agreement, as well as in cases, including lawsuits~~ filed by non-governmental or non-political entities, ~~including hospitals, third party payors,~~ and individuals, among others. CencoraThe Company is vigorously defending itself in the pending lawsuits and intends to vigorously defend itself against any threatened lawsuits or enforcement proceedings.

Since July 2017, Cencora has received subpoenas from several U.S. Attorney's Offices, including grand jury subpoenas from the U.S. Attorney's Office for the District of New Jersey ("USAO-NJ") and the U.S. Attorney's Office for the Eastern District of New York ("USAO-EDNY"). Those subpoenas requested the production of a broad range of documents pertaining to Cencora's distribution of controlled substances through its various subsidiaries, including ABDC, and its diversion control programs. Cencora produced documents in response to the subpoenas and engaged in discussions with the various U.S. Attorney's Offices, including the Health Care and Government Fraud Unit of the Criminal Division of the USAO-NJ, the U.S. Department of Justice Consumer Protection Branch and the U.S. Drug Enforcement Administration, in an attempt to resolve these matters. On December 29, 2022, the Department of Justice filed a civil Complaint against Cencora, ABDC, and Integrated Commercialization Services, LLC ("ICS"), a subsidiary of Cencora, alleging violations of the Controlled Substances Act. Specifically, the Complaint alleges that Cencora negligently failed to report suspicious orders to the Drug Enforcement Administration. In the Complaint, the Department of Justice seeks civil penalties and injunctive relief. This Complaint relates to the aforementioned and previously disclosed investigations. On March 30, 2023, Cencora filed a motion to dismiss the Complaint in its entirety on behalf of itself, ABDC, and ICS. On November 6, 2023, the United States District Court for the Eastern District of Pennsylvania granted in part and denied in part the motion, dismissing with prejudice all claims for civil penalties for Defendants' alleged violations of the suspicious order reporting requirement prior to October 24, 2018, but otherwise denying the motion. On December 18, 2023, Cencora, ABDC and ICS filed an Answer and Affirmative Defenses to the Complaint. On January 23, 2024, the Court entered a Scheduling Order setting the fact discovery deadline as January 9, 2026 and the expert discovery deadline as September 18, 2026. Cencora denies the allegations in the Complaint and intends to defend itself vigorously in the litigation.

In addition to the above-referenced matters, please see Cencora's SEC filings, which disclose additional lawsuits not directly related to the franchise offering or franchise system involving the manufacturing, administering, prescribing, distributing, or storing of pharmaceutical products where Cencora has been named as a defendant.

No bankruptcy information is required to be disclosed in this Item.

#### **ITEM 5** **INITIAL FEES**

##### Premier Agreement

Although we do not charge you an initial franchise fee, you may have to pay us or our affiliates for certain goods or services upon signing the Premier Agreement as described in the “Start of GNP Premier Program Billing” subsection below (existing store) or prior to your store’s opening date (start-up store).

##### Initial Inventory of Pharmaceutical and Front-End Products

For an existing pharmacy, no incremental inventory may be required other than the requirements for GNP Private Label Products described below. Accordingly, the low-end estimate for this cost for an existing pharmacy is \$0. Depending on your existing inventory of pharmaceutical and front-end products, we estimate in certain cases an existing pharmacy may be required to expend up to \$25,000 for an initial inventory of these products. For a start-up pharmacy, we estimate that before your opening date you will pay us \$75,000 to \$125,000 for an initial inventory of pharmaceutical and front-end products.

##### GNP Private Label Products

For an existing pharmacy that is already stocked with a broad selection of GNP Private Label Products, we anticipate little or no additional expenditure for GNP Private Label Products will be required. However, if you are a start-up franchisee or your existing pharmacy does not currently stock a broad selection, you must place an order for GNP Private Label Products with us in quantities you determine are reasonable to meet anticipated consumer demand. We estimate this amount may be \$0 to \$1,200 for existing stores that have regularly stocked GNP Private Label Products. We estimate that a store with no or minimal existing inventory of GNP Private Label Products may place an order ranging from \$5,000 to \$12,000 (see Item 7 and Item 8), depending on the size of the store, front-end categories carried, the number of facings, and the market where it is located.

##### Interior and Exterior Signage

We provide complimentary signage packages to all new franchisees that, when applied according to our standards, meet our minimum requirements (for an existing Voluntary Pharmacy converting to a GNP Premier Pharmacy we may provide only a partial package as compliant signage may already be installed). To encourage you to enhance the appearance of your GNP Premier Pharmacy and further apply the Good Neighbor Pharmacy trade dress at your location, we offer new franchisees a one-time purchase match of up to \$2,500 per location to order additional or enhanced signage and other trade dress that meets our specifications within 180 days of signing the Premier Agreement (the “Purchase Match Amount”). We will match your initial purchase, dollar for dollar, up to \$2,500 for qualified expenses which meet our specifications. For example:

- ▶ If you spend \$1,000, you will get a \$1,000 match

- ▶ If you spend \$2,500, you will get a \$2,500 match
- ▶ If you spend \$3,000, you will get a \$2,500 match

To obtain the Purchase Match Amount, you must place your signage order within 180 days of signing the Premier Agreement and order through our approved vendor (currently GoodNeighborPharmacySigns.com) or submit pre-approved estimates and copies of paid invoices, along with photos of the installed trade dress to the Good Neighbor Pharmacy department in our Conshohocken, PA office via email to [programs@amerisourcebergen.com](mailto:programs@amerisourcebergen.com). If you terminate the Premier Agreement for any reason other than an uncured default by ABDC prior to the end of the first full twelve (12) month period that the Premier Agreement is in effect, you will pay ABDC, in addition to any other amounts or damages that may be owed to ABDC under any other agreement and not as liquidated damages, an amount equal to the Purchase Match Amount.

Typically, all signage must be purchased from an approved vendor. From time to time, ABDC will pre-purchase signage from the approved vendor to facilitate delivery of signage, in which case you may be billed for signage originally purchased by ABDC from this outside vendor. The cost of the various signage and trade dress available for purchase from our approved vendors and according to our specifications will range between \$0 and \$25,000 depending on your choices. Since our complimentary signage package meets our minimum requirements the low estimate on expenses is \$0.

## Leasehold Improvements

If you have an existing pharmacy, depending on the design and layout of your pharmacy, you may not need to incur any additional leasehold costs. If you do need to incur leasehold costs, these improvements vary substantially based on the location and condition of your existing pharmacy.

If you are opening a start-up pharmacy, the cost of leasehold improvements will vary based on the size and existing configuration of the premises as well as local factors such as wage rates and availability and price of materials. These costs may also vary if the landlord agrees to incur the costs and allocate them over the term of the lease.

Our pharmacy transformation services group can, at your option and upon the execution of a corresponding agreement, evaluate your existing pharmacy, recommend improvements and manage the project for you for a base fee of \$1,500 ranging from \$1,500 to \$3,000 depending on the applicable services tier chosen. Additional fees may apply.

## Optional Available Programs

At this time, there are no initial fees for Available Programs in which you elect to participate, as described in Term Sheets 1-10 of the GNP Premier Agreement (Exhibit B to this Disclosure Document).

## Start of GNP Premier Program Billing

ABDC invoices any monthly fees such as the Premier program fee, and initial fees (applicable to optional programs and promotional material) in arrears (typically on the 25<sup>th</sup> of the month). Typically you will pay on the same terms on which you pay for other goods and services purchased from us or as we mutually agree (such as by the 10<sup>th</sup> of the following month).

## Release from Claims

As part of your consideration for entering into the GNP Premier Agreement with us, you, your owners and affiliates agree to release us from any and all claims in connection with offering ABDC's Voluntary Pharmacy program. Explanatory Notes to Charts A and B.

- a) Real property lease, leasehold improvements, furniture, fixtures and equipment. If you have an existing pharmacy, depending on the design and layout of your pharmacy, you may not need to incur any additional leasehold costs. If you do need to incur leasehold costs, these improvements vary substantially based on the location and condition of your existing pharmacy. Our pharmacy transformation services group can, subject to execution of a corresponding agreement, evaluate your existing pharmacy, recommend improvements and manage the project for you; additional terms and conditions apply. If you are opening a start-up pharmacy, the cost of leasehold improvements will vary based on the size and existing configuration of the premises as well as local factors such as wage rates and availability and price of materials. These costs may also vary if the landlord agrees to incur the costs and allocate them over the term of the lease.
- b) Pharmacy Management Systems. Pharmacy management systems enable the prescription dispensing process including patient profiles, clinical screening, inventory replenishment, claim submissions and connectivity to e-prescribing networks. As discussed above, you must participate in InSite from ABDC, a proprietary pharmacy performance analytics system that measures pharmacy performance using data from your pharmacy management system. If your existing system is from one of the participating industry vendors with whom we have agreements to facilitate your participation in InSite, we anticipate you will incur minimal or no expense. The above estimate is for start-up pharmacies and for existing pharmacies that need to purchase or replace computer hardware, software and related services from a participating vendor.
- c) Point-of-Sale Systems. Point-of-sale systems enable retail checkout processes such as UPC scanning, credit and debit card processing, inventory replenishment, and sales reporting. Use of a point-of-sale system is not required under the GNP Premier Agreement but is highly recommended. As discussed above, we offer you optional participation to upload your sales transaction data into InSite from ABDC, a proprietary pharmacy performance analytics system that measures pharmacy performance using data from pharmacy management and point-of-sale systems. Uploading your sales transaction data into InSite may be required for participation in certain front-end retail programs such as merchandising services. If your existing point-of-sale system is from one of the participating industry vendors with whom we have agreements to facilitate your participation in InSite, we anticipate you will incur minimal or no expense. The above estimate is for start-up pharmacies and for existing pharmacies that

need to purchase or replace computer hardware, software and related services from a participating industry vendor.

- d) Interior and Exterior Signage. We provide complimentary signage packages to all new franchisees that meet our standard, minimum requirements at the time of application (for an existing Voluntary Pharmacy upgrading to a Premier Pharmacy we may provide only a partial package as compliant signage might already be installed). Therefore, we anticipate that you will have minimal or no initial expense for signage. The above estimates are provided in the event that you wish to further enhance the appearance of your location with Good Neighbor Pharmacy exterior signage and/or interior trade dress. In the event you choose to purchase or replace exterior signage, your costs will depend on the physical features of your location and whether you have architectural, municipal or lease restrictions on the signage you can use. In all cases, you must meet or exceed our specifications for your signage unless you are restricted by local ordinance or lease provisions from meeting our specifications. While such expenses vary widely, for purposes of comparison, we estimate you may spend up to \$5,000 if you choose to purchase additional interior trade dress and up to \$20,000 if you choose to enhance your exterior signage. For additional information on signage and trade dress, see Item 5 above.
- e) Optional Goods and Services. The low-end estimate assumes you do not enroll in any optional programs while the high-range estimate assumes you will choose to enroll and pay fees for optional products and services. See Item 6.
- f) Insurance. If you have an existing pharmacy, we anticipate you will incur no incremental expense for required insurance coverage. For start-up pharmacies, the amount in the table represents our best estimate of the annual premiums in the marketplace to provide the coverage/limits for comprehensivecommercial general liability and professional liability insurance that meet our requirements. See Item 8 for a more detailed description of insurance requirements. Costs for insurance may vary substantially based on the geographic location of your pharmacy.
- g) Opening Inventory. If you have an existing pharmacy, we anticipate you will incur modest incremental expenses (from \$0 - \$25,000) to meet our recommendations which may include categories carried, adjacencies and number of facings of product on your shelves. For start-up pharmacies we estimate a range of \$75,000 to \$125,000 depending on the size of your location to stock a reasonable supply of front-end and prescription products.
- h) GNP Private Label Products. If your pharmacy is an existing Voluntary Pharmacy, we anticipate you will incur little or no additional investment (\$0 - \$1,200) in GNP Private Label Product inventory. If you are a start-up pharmacy or an existing pharmacy with no GNP Private Label product on your shelves we estimate an investment of \$5,000 to \$12,000 so that, as you reasonably determine based on your experience, you can carry a representative assortment to meet consumer demand, taking into account, among other things, your Pharmacy's Pharmacy's size and market. Any such initial inventory that is purchased from us will typically be on terms that are the same or substantially similar to those that would be available to you whether or not you are a GNP Premier Pharmacy.
- i) Pharmacy and Business Licenses. You must obtain certain business licenses and occupancy permits to operate a retail pharmacy. If you have an existing pharmacy, we assume you have all required licenses and, as such, will have minimal or no incremental expenses. For start-up pharmacies we estimate a range of \$500 to \$2,500 to obtain the licenses under state and federal law required to operate a pharmacy as well as permits. The costs will vary by state

and may be impacted by local ordinances. We assume that licenses or other fees for pharmacists, pharmacy technicians or other employees are not your expenses.

- j) Advertising and Marketing. If you have an existing pharmacy, you may feel you have no significant need for “new business” advertising in which case we have estimated no expense at the low end. In addition, we will expend certain amounts on advertising (see Item 11) to promote the Good Neighbor Pharmacy franchise system generally. However, we recommend that both start-up pharmacies and existing pharmacies also promote a grand opening for their new GNP Premier Pharmacy. Amounts for such promotions vary widely based on the extent to which you advertise and the media you elect to use. Accordingly, we have estimated \$15,000 at the high end. Advertising is suggested as a best practice regardless of when the pharmacy opened.
- k) Additional Funds. For start-up pharmacies and for purposes of comparison, we estimate that a typical pharmacy would incur the following on-going expenses over a three-month period of operation: phone (\$2,000-\$3,000); other utilities (\$15,000-\$20,000); rent (\$30,000-\$35,000); security (\$2,000-\$3,000); trash/waste removal (\$500-\$1,000); legal, accounting and other professional services (\$6,000-\$7,000); office systems (\$6,000-\$7,000); and miscellaneous/other (\$58,500-\$74,000); for a total of \$120,000 to \$150,000.
- l) Total Initial Investment. These figures are an estimate of your total opening and operating expenses for the initial three months of business. They are based on the experiences of pharmacy owners that have operated pharmacies over more than 10 years.

We do not offer, directly or indirectly, any financing arrangements for your initial investment in connection with the GNP Premier Pharmacy franchise relationship. To our knowledge, costs and expenses described above are not refundable.

### **RESTRICTIONS ON SOURCES OF PRODUCTS AND SERVICES**

To ensure that the quality of the products and services you offer under our Marks is consistent, the furniture, fixtures equipment, and signage used in connection with your GNP Premier Pharmacy, must meet the Standards we establish as contained in the GNP Premier Agreement and GNP Manual. We modify Standards (including those for vendors) by revisions to the GNP Manual and other periodic written directives to you. If your pharmacy is an existing Voluntary Pharmacy, we expect that you will have already acquired and installed a significant amount, if not all, of such items. We formulate and modify these Standards based on research, industry trends, guidance from regional and national advisory boards and our general business plan.

#### Restrictions on Programs

To be eligible to sign the GNP Premier Agreement and thereby participate in the GNP Premier Program, you must meet the Premier Minimum Requirements, which necessitate that you: (1) be an existing pharmacy or a start-up pharmacy; (2) have a Prime Vendor Agreement (PVA), or other applicable distribution agreement, with ABDC (where permitted by applicable law); (3) be willing to immediately implement the GNP signage requirements described below in this Item; (4) utilize a pharmacy management system from one of the participating industry vendors that enables connectivity with our programs; (5) immediately enroll in Elevate Advanced Features and InSite from ABDC (which requires you to sign our Data Authorization to the Master Program Agreement and GNP Premier Agreement (see Exhibit B) to initiate our cooperation with your participating vendor); (6) unless otherwise approved by ABDC in writing, utilize Change Healthcare as your switch vendor (or immediately initiate the transition to Change Healthcare) to activate the capture and upload of your Pharmacy Data to InSite; See Items 1 and 11 and also Exhibit B. Additionally, you must comply with prerequisites or other

qualifications for the specific Available Programs you select, including any base Available Programs for which other Available Programs are enhancements, maintain the on-going obligations for those Available Programs as stated in the GNP Manual and applicable Term Sheets, and remain in compliance with our Standards, also as described in the GNP Manual. Where equipment, software and other items we determine are necessary for Available Programs you select, such costs are your responsibility. Certain third-party vendors utilized in the provision of Available Programs may pay ABDC a fee for pharmacies that enroll in additional program offerings by such vendor. You may only use the Available Programs at Pharmacy Locations that are covered under a GNP Premier Agreement.

You must comply with the Elevate Provider Network<sup>SM</sup> program terms (Term Sheet 1 of the GNP Premier Agreement, which is Exhibit B to this Disclosure Document), under which we will assist you to participate in and obtain payment from Payors (as defined in Item 16) that offer pharmacy benefit plans to their members. Under the Elevate Provider Network program, only we may negotiate and enter into contracts with Payors on your behalf (unless you contract directly or through another pharmacy services administration organization (“PSAO”) that we approve) to provide covered services for all Payors with which ABDC has contracted so that we may promote the capabilities of all GNP Premier Pharmacies to Payors. Except as noted in the preceding sentence, you will not appoint any other PSAO or any other party to act as your contracting entity for agreements with Payors (although you may always contract directly). We regularly, as a course of business, add, discontinue and revise arrangements with Payors, typically in response to changes by Payors, and Payors regularly add, discontinue and modify pharmacy benefits plans. ~~When such changes occur, we will promptly notify you and you can accept such changes or withdraw from~~ and other related requirements. As applicable, we or the Payor will, to the extent permitted, give you notice of any such material changes and an opportunity to accept such new provisions or to withdraw from the affected Elevate Document (as defined in Term Sheet 1 of the GNP Premier Agreement, which is Exhibit B to this Disclosure Document) or the Elevate Provider Network.

Restrictions on Systems

You must use a pharmacy management system from one of the participating industry vendors that enables connectivity with our programs; and (1) sign our Data Authorization to the Master Program Agreement (Exhibit E of the GNP Premier Agreement which is attached to this Disclosure Document as Exhibit B) to initiate our cooperation with your participating vendor; and (2) have the capture and upload of your data to InSite in full operation. See Items 1 and 11 and also Exhibit B.

While use of a point-of-sale system is optional, some Available Programs require use of a point-of-sale system from one of the participating industry vendors that enables connectivity with InSitePOS (managed in conjunction with our Program Partner Retail Insights) and to have the capture and upload of your data to InSitePOS in full operation. We may add, discontinue or modify arrangements with participating industry vendors.

Restrictions on Signage and Trade Dress

Each Pharmacy must be identified as a participating “Good Neighbor Pharmacy®” as ABDC designates. At each pharmacy location, within 90 days after signing the GNP Premier Agreement, you must remove any and all non-GNP pharmacy-franchise-related signage and/or trade dress (if applicable) and install GNP signage and trade dress that meets our Standards. Our current signage Standards require: (i) at least one “GOOD NEIGHBOR PHARMACY” identification window decal; (ii) at least one “GOOD NEIGHBOR PHARMACY” logo, which is available in both standard and customized interior and exterior versions; (iii) “GOOD NEIGHBOR PHARMACY” member plaque; and (iv) any other signage required by ABDC, as set forth in the GNP Manual.

We provide complimentary signage packages to all new franchisees that when applied according to our standards meet our minimum requirements. If you are an existing Voluntary Pharmacy we may provide only a partial package as compliant signage may already be installed. You may purchase additional GNP signage which is typically purchased from an approved vendor that is not affiliated with ABDC. However, in order to facilitate administration, ABDC generally pays for signage ordered from its approved vendor and then invoices the pharmacy for such signage. ABDC may also pre-purchase signage from the approved vendor to facilitate delivery, in which case ABDC will also bill the pharmacy for signage purchased by ABDC from this outside vendor.

The GNP Manual describes Standards for appearance, placement and visibility of signs. You must keep the signage in good repair at all times. As discussed above, if you do not yet have required signage, you must do so within 90 days of signing the GNP Premier Agreement and should immediately begin taking necessary steps, such as initiating and pursuing permits and approvals. We may modify signage requirements and at that time you must comply with such modifications at your expense. You may not vary from any of the signage Standards unless we have approved the change in writing before you use any non-compliant signage. Variations and exceptions are reviewed and approved by the Good Neighbor Pharmacy department before use.

### Restrictions on Internet Marketing

You may promote your GNP Premier Pharmacy and sell products using the Marks on the internet in accordance with the GNP Premier Agreement, GNP Manual and Standards, so long as you clearly identify your business and comply with all applicable laws. Specifically, you cannot identify your store as a Good Neighbor Pharmacy store without also clearly indicating the full name under which you are licensed or do business, as well as your geographic location. We do not require that you get our prior approval for any internet domain name, home page address or internet content. We may restrict use of an internet domain name, vanity URL, home page or other web address that includes a Mark (or require a separate license for such use), limit your use of hyperlinks or require use of hyperlinks or other material (including required links to the MyGNP Website) and restrict use of material in which any third party has any interest. However, your website, including any use of Marks on or in connection with it, must comply with applicable Standards, and you must modify or discontinue your website if we notify you that any use or material is disapproved. See sections 1(c), 8(a), and 8(b) of the GNP Premier Agreement (which is Exhibit B to this Disclosure Document). You are solely responsible for accuracy of content you provide on the internet.

### Restrictions on Products

As a GNP Premier Pharmacy, you must purchase from us brand and generic prescription (~~(“Rx”)~~), over-the-counter (“OTC”) and health and beauty care (“HBC”) products and GNP Private Label Products pursuant to a distribution agreement such as a prime vendor agreement (“PVA”) or other buying arrangement through an approved group purchasing organization or retail buying group. Typically, distribution agreement terms are the same or substantially similar to those that would be available to you whether or not you are a GNP Premier Pharmacy. We will provide access to electronic catalogs of such products, which are typically updated daily. You must place orders using one of our then-current order systems, with purchases subject to terms in your distribution agreement or as otherwise agreed, including terms for payment, credit, liability, risk of loss, shortages, delays and compliance with law. All such orders will be at our standard then-current wholesale prices under your distribution agreement. You may purchase new products, including Rx and GNP Private Label Products, as they are available.

You must accept delivery of AutoShip products from us, sent without a corresponding order from you, and promote them as required in the Front-End Solution Program terms, Term Sheet 5 of the GNP Premier Agreement (which is Exhibit B to this Disclosure Document). “AutoShip” is a service that we provide to make you more competitive and includes certain new market break items, line extensions,

GNP Private Label Products, Rx-to-OTC switch and other OTC products. You must promote the products to consumers using promotional materials we have provided and display them according to our schematic diagrams (“Planograms”).

Additionally, you are required to support national advertising programs, for example by stocking products and providing services that are featured. Also, you must use shelf sign kits, shelf talkers and other promotional material that we provide, display advertising circulars in your GNP Premier Pharmacy and comply with Planograms.

## Restrictions on Approved Suppliers

Purchases of GNP supplies and services are often restricted to approved vendors. In general, vendors we approve are those who demonstrate, to our continuing reasonable satisfaction, their ability to meet our Standards. All vendors we approve must have adequate quality controls and the capacity to supply the needs of GNP Premier Pharmacies promptly and reliably over an extended period of time at a competitive price. Currently, we are an approved supplier of brand and generic prescription (“Rx”), over-the-counter (“OTC”) and health and beauty care (“HBC”) products and GNP Private Label Products pursuant to a distribution agreement such as a prime vendor agreement (“PVA”) or other buying arrangement through an approved group purchasing organization or retail buying group. Except as otherwise disclosed in this Item, neither we nor our affiliates are currently approved suppliers.

We may designate other specific vendors and suppliers in the future. Let us know if you desire to purchase supplies or products from a supplier that is not already approved and we will evaluate the need to do so. Our prior written approval may take up to 90 days or more after we receive all requested information, including information regarding the supplier’s fiscal strength, demonstrated customer service, product quality, product safety and market presence. We do not charge any fees related to obtaining alternate supplier approval. If GNP determines that a previously approved alternate supplier of GNP supplies and services no longer demonstrates to our satisfaction their ability to meet our Standards, such alternate supplier will be removed from our list of approved vendors.

We may receive revenue from the sale of items to GNP Premier Pharmacies and expect to contract with vendors that may provide volume discounts, rebates or other benefits based on aggregate purchases of supplies and products by GNP Premier Pharmacies. We expect to receive payment from third party vendors on the sale of certain logoed items (such as shirts and key chains) to GNP Premier Pharmacies. The payment from third party vendors on the sale of certain logoed items should not exceed 25% of the cost to acquire such logoed items. These items will not be offered for resale, and you are not required to buy them. However, if you choose to purchase these items, they must meet our trademark standards. We anticipate that most such benefits we receive based on your purchase of products and supplies related to the GNP Premier Program will be used to enhance and promote Available Programs or otherwise used to benefit GNP Premier Pharmacies generally. In certain cases we may allocate such benefits directly and proportionally to participating GNP Premier Pharmacies and we may deduct our expenses to administer and coordinate suppliers. We reserve the right to receive revenue from the sale of items to you by others. In the GNP Premier Agreement, you assign to us for collection and for our account promotional and advertising allowances related to the GNP Premier Program and all related products and services. Additionally, ABDC charges outside reconciliation service vendors a data interchange fee (typically a monthly flat fee per location, currently \$~~3055~~.00) as compensation for our consolidating remittance advices from multiple Payors into a single, consistent format. Except as described above, as of the date of this Disclosure Document, no third-party vendors are providing rebates, discounts or other benefits to us based on required purchases by GNP Premier Pharmacies from any third-party vendor, and there are no agreements in effect which would require them to do so.

Restrictions on Insurance

Because operation of each GNP Premier Pharmacy reflects on other GNP Premier Pharmacies and the goodwill of the GNP Premier Program, we expect that you and all other GNP Premier Pharmacies will use your best efforts to operate with diligence and vigor, and maintain the highest possible ethics, as well as maintain your Pharmacy and personnel in a manner that are a credit to the community and reflect the high standards and quality of the GNP Premier Program, including, without limitation, interacting with and treating all customers and ABDC personnel in a respectful and professional manner. However, with such interdependence, there is some increase in the risk that we, you, or other GNP Premier Pharmacies could be sued as the result of actions for which we are not responsible. As such, each GNP Premier Pharmacy must carry comprehensivecommercial general liability and professional liability insurance in the amounts and on terms required by Payors, with minimum requirements described in note (f) of Item 7. We anticipate this is comparable to insurance already in place for most existing pharmacies and, as such, there will be little or no incremental expense. Such insurance will be underwritten on an occurrence basis, covering activities and errors and omissions of your GNP Premier Pharmacy and your personnel, in each case naming ABDC and our affiliates as additional insureds and requiring at least 30 days' written notice to ABDC if such insurance is cancelled or coverage is reduced. You will provide ABDC with a copy of such policies upon request. Any pharmacist or other health care professional providing Covered Servicescovered services who is not separately insured by policies with similar coverage and limits must be covered on your insurance. See Section 4(l), Elevate Provider Network program terms, Term Sheet 1 of the GNP Premier Agreement (which is Exhibit B to this Disclosure Document).

Licensing Requirements

As a condition to being a GNP Premier Pharmacy, including as a condition to providing any covered services to persons covered by Payor pharmacy benefit plans, you must be fully licensed at your Pharmacy location. If you have an existing pharmacy, we anticipate all such licensing would already be in place and, as such, there will be little or no incremental expense. If you have a start-up pharmacy, please review our estimated licensing costs for start-up pharmacies provided within Item 7.

Other

None of our officers own any interest in any Payor (other than those times we function as the Payor) or other approved vendor.

We have not arranged any purchasing cooperatives for our franchisees, and, except as described above, we do not negotiate purchase arrangements with suppliers for your benefit. We also do not provide material benefits to our franchisees, such as renewal or granting additional franchises, based upon their purchases of particular products or services and their use of certain designated suppliers or vendors.

During fiscal year 20232024, our parent company, Cencora, had revenues of \$262,173,414293,958,599,000, which includes parts of its business other than ABDC. The US Healthcare Solutions Division of Cencora, which includes ABDC, had revenues during fiscal year 20242023 of \$234,759,218265,339,427,000. ABDC's revenues during fiscal year 20242023 were \$222,018,755,722252,075,459,882, of which about \$0.5546 billion (approximately 0.2518%) was derived from sales of products and services to Voluntary Pharmacies and about \$7.8489 billion (approximately 3.5413%) was derived from sales of products and services to GNP Premier Pharmacies.

We estimate that the purchases described above may be nominal (5% or less) of the cost to open a GNP Premier Pharmacy for an existing Voluntary Pharmacy. Typically, for purposes of comparison, the cost to purchase inventory for a community pharmacy can range from approximately 65% to 80% of

ongoing operating expenses. We estimate that the ongoing required purchases of GNP Private Label Products will be nominal (1% or less of total operating expenses for a GNP Premier Pharmacy), as determined by you in your reasonable discretion based on your general business experience.

FINANCING**

We do not offer direct or indirect financing other than the payment terms included in your [PVA-ABDC distribution agreement](#). We do not guarantee your note, lease or any other financial obligation.

**FRANCHISOR'S ASSISTANCE, ADVERTISING,**  
**COMPUTER SYSTEMS AND TRAINING**

Except as listed below, ABDC is not required to provide you with any assistance.

**Pre-Conversion:**

After you execute the GNP Premier Agreement, but before you operate as a GNP Premier Pharmacy:

We will make accessible to you the GNP Manual, in electronic format, which contains our Standards. (Section 2(c) of the GNP Premier Agreement, which is Exhibit B to this Disclosure Document). The GNP Manual is currently 97 pages long, and the table of contents is attached to this Disclosure Document as Exhibit C.

**Computer Systems**

Computer hardware and software systems, which range in cost from \$0 to \$55,000, include a required pharmacy management system and an optional point-of-sale system. Pharmacy management systems enable the prescription dispensing process including patient profiles, clinical screening, inventory replenishment, claim submissions and connectivity to e-prescribing networks. Point-of-sale systems enable retail checkout processes such as UPC scanning, credit and debit card processing, inventory replenishment, and sales reporting. While capability, features and the type of data generated and stored on such systems vary among vendors that provide point-of-sale systems that meet program requirements, typically data includes a master file (items a store sells and their prices, including sale or other special prices), transaction information (item sold, its price, and how it was paid for, such as cash, credit card, etc.) and inventory information (number of units ordered, received, sold and on-hand). We will not have independent access to the information stored in your system. However, Select Vendors and participating vendors may have access to your system and directly or indirectly coordinate the transmission of certain information to us, subject to applicable law and agreements, including the Data Protection Provisions and any HIPAA Business Associate Agreement.

System vendors typically provide regular maintenance updates under support contracts which typically range from \$2,000 to \$5,000 per year depending on your system's size and the options you select. The costs associated with maintenance updates and support contracts are subject to the terms you negotiate with your system vendor.

**Post-Conversion:**

After you become a GNP Premier Pharmacy, we will make accessible to you additions, modifications and supplements to the GNP Manual as they become available in electronic format. See Section 2(e) of GNP Premier Agreement. **And Additionally**, we will provide the following services and assistance to you.

OUTLETS AND FRANCHISEE INFORMATION**

We did not offer franchises for the operation of GNP Premier Pharmacies prior to 2009 but, since 1982, have permitted Voluntary Pharmacies the opportunity to operate using the Good Neighbor Pharmacy trade name. As of July 2019, we are no longer offering new independent pharmacies the opportunity to operate as Voluntary Pharmacies, though the legacy Voluntary Pharmacies described in the Tables below continue to operate. Tables 1 and 3 are broken out to describe Voluntary Pharmacies and GNP Premier Pharmacies separately to provide information on both our franchises and the legacy Voluntary Pharmacy program. Please note that our fiscal year ends September 30.

TABLE NO. 3

**OUTLETS STATUS SUMMARY  
FOR FISCAL YEARS ~~2021~~2022 TO ~~2022~~2024**

We did not offer franchises for the operation of GNP Premier Pharmacies prior to 2009 but, since 1982, have permitted Voluntary Pharmacies the opportunity to operate using the Good Neighbor Pharmacy trade name. As of July 2019, we are no longer offering new independent pharmacies the opportunity to

operate as Voluntary Pharmacies, though the legacy Voluntary Pharmacies described in the Tables below continue to operate. For purposes of comparison, the following list summarizes the number of Voluntary Pharmacies in recent years, by state. Other than stores that became GNP Premier, we do not have records to indicate whether stores that discontinued being Voluntary Pharmacies did so because we terminated them, they choose to not renew, or they went out of business, were sold or otherwise discontinued operations. We have not purchased or operated any GNP Premier Pharmacies.

## Good Neighbor Pharmacy® Premier Participation Agreement

A. ABDC, a nationwide wholesaler of pharmaceuticals and sundries, and its corporate affiliates have, with expenditure of time, skill, effort and money, developed an advertising and merchandising program, “Good Neighbor Pharmacy” for community pharmacies. As used in this Agreement, a “**Corporate Affiliate**” means a person or entity that controls, is controlled by or is under common control with another person or entity, either by virtue of equity ownership, by contract or by other means.

B. Customer owns and operates one or more community pharmacies (each a “**Pharmacy**”) and desires to obtain the right to use the Good Neighbor Pharmacy® Premier program (“**GNP Premier Program**”) in operating each Pharmacy pursuant to this Agreement, which such right ABDC is willing to grant subject to the terms and conditions provided herein.

C. Customer is joining the GNP Premier Program to promote and advertise its Pharmacy, to contribute to the collective goodwill of the GNP Premier Program and to actively participate in its programs.

D. This Agreement, including its Exhibits, Term Sheets ~~as amended from time to time~~, as well as their respective ~~Sign-Up Forms~~ enrollment forms and Data Authorizations, each as may be amended from time to time as permitted herein, is the entire agreement between the parties related to the GNP Premier Program (excluding only the disclosure document described in Recital G below) and, pursuant to Section 13(g), is independent of any unrelated business relationships between the parties. This Agreement supersedes any Master Program Agreement signed between the parties for so long as the customer is party to the Premier Participation Agreement. ~~Although;~~ provided, however, that any obligations outstanding as of the Effective Date originating from the Master Program Agreement, any Available Program ~~Selections~~ selections, any Data Authorization forms relating to Available Programs, and any other terms or agreements the context of which show the parties intended them to survive, shall carry over into this Agreement and shall survive and such Master Program Agreement shall be reinstated upon termination of ~~the Premier Participation~~ this Agreement. Nothing in this Agreement or in any related agreement will disclaim ABDC’s representations in the Franchise Disclosure Document that was furnished to you.

E. Customer confirms that, as reflected on the Summary and Signature Page, it received (1) a complete copy of this Agreement, including its exhibits, with all blanks filled in at least seven days before execution, and (2) the Franchise Disclosure Document, required by the Trade Regulation Rule of the Federal Trade Commission entitled “Disclosure Requirements and Prohibitions Concerning Franchising,” at least 14 days before execution.

### 1. Grant.

- (a) Use of Marks & GNP Premier Program. Subject to this Agreement, ABDC hereby grants and Customer accepts certain non-exclusive rights to use all or part of the GNP Premier Program. In turn, Customer will use the Good Neighbor Pharmacy and related service marks and their successors (“**Marks**”) to operate Pharmacy under the GNP Premier Program, and to advertise and promote Pharmacy using the Marks, all as required by this Agreement. Customer’s use of the Marks is subject to the conditions set forth in Section 9 of this Agreement.
- (b) Pharmacy Locations. Pursuant to this Agreement, Customer may operate each Pharmacy as a GNP Pharmacy at its existing Pharmacy ~~Location~~ location, where Customer was previously operating its pharmacy business, or new Pharmacy ~~Location~~ location, where Customer is a start-up pharmacy. (each such location, a “Pharmacy Location”). In granting rights under this Agreement, ABDC makes no assurance, express or implied, about suitability of such location for a pharmacy or any other purpose and ABDC will not be responsible if Pharmacy does not meet Customer’s expectations for revenue, operations or other criteria.
- (c) Internet Operations. Customer may sell products and services using internet websites only as authorized by ABDC in writing.

- (d) Unapproved Operations. Customer may not use any Mark or other distinctive or unique elements of the GNP Premier Program to operate any business other than Pharmacy at the Pharmacy Location, without ABDC's express prior written approval. Such use constitutes willful infringement of the Marks and the GNP Premier Program.
- (e) Non-Exclusivity. Customer's rights with respect to the GNP Premier Program are not exclusive. ABDC may among other things: (1) establish and operate GNP Pharmacies (defined in Section 4(a)) and allow others to do so, including ones in the GNP Premier Program, (2) offer and sell the GNP Premier Program and related products and services to other customers, and (3) establish, operate, offer and sell other businesses, goods and services, or allow others to do so, including those that are the same, similar or different and using some, all or none of the Marks, in each case regardless of proximity to or competitive impact on GNP Pharmacies.
- (f) Administration. In certain instances, ABDC receives revenue from the sale of items (other than ~~our~~ABDC's core distribution items such as Rx, OTC, etc.) related to the GNP Premier Program that are purchased by GNP Pharmacies from third parties, such as volume discounts, rebates or other benefits based on GNP ~~Pharmacies~~Pharmacies' aggregate purchases. Such benefits will be used to generally enhance and promote the GNP Premier Program or to benefit GNP Pharmacies generally. This provision is not meant to circumvent or eliminate opportunities for revenue sharing with GNP Pharmacies and in such cases ABDC may allocate such benefits directly and proportionally to participating GNP Pharmacies and deduct expenses to administer and coordinate suppliers. In connection with programs for GNP Pharmacies and related products and services, Customer assigns ABDC the right to collect related promotional and advertising allowances.

## 2. Fees.

- (a) Initial Fee. In consideration of ~~Customer's~~Customer's anticipated initial expenditures which may be required to meet GNP Premier Program requirements, ABDC does not charge an initial fee associated with its granting of rights as provided in this Agreement.
- (b) Periodic Fees. In consideration for Customer's continuing use of the Marks and the GNP Premier Program and participating in Available Programs that are Required or Optional (defined in Section 4(g)-(h)), Customer agrees to pay ABDC for each Pharmacy Location the GNP Premier monthly fee on the Summary and Signature Page ("Monthly Fee") which such Monthly Fees may be prorated as applicable. ABDC will add to the billed amount fees for Available Programs (defined in Section 4(g)) and applicable sales, use or other tax or charges. Unless otherwise agreed, payment is due pursuant to payment terms under ~~Customer's~~Customer's PVA (defined in Section 4(f)). ABDC may increase the Monthly Fee upon ~~120~~sixty (60) days' notice.
- (c) GNP Manual. ABDC will ~~lean~~provide to Customer the GNP Manual (defined in Section 4(a)), in electronic format, and additions and supplements to the GNP Manual as they become available. Customer agrees that the version of the GNP Manual on file in ABDC's offices is the standard, official version for purposes of resolving any question or dispute concerning its contents.

## 3. Modification of GNP Premier Program and Marks.

- (a) Modifications. ABDC may modify the GNP Premier Program and Marks, including: (i) adding, changing or discontinuing them; (ii) changing decorative, non-functional components that provide Pharmacy a distinctive, memorable appearance ("Trade Dress"); and (iii) adding, changing or discontinuing "Good Neighbor Pharmacy" brand private label product ("GNP Private Label Product"). Customer will comply with and adopt, at its expense, such changes, including changing Trade Dress, signage and Pharmacy operations items.
- (b) Innovations. The GNP Premier Program is continually enhanced through feedback provided by GNP Pharmacies, including sharing of successful and innovative uses of the GNP Premier Program. If Customer suggests, enhances or develops an innovation or improvement related to any aspect of the GNP

Premier Program and ABDC incorporates it into its programs for use in other GNP Pharmacies (whether on a temporary or permanent basis and whether applicable to some or all GNP Pharmacies); (i) such innovation or improvement will become part of such programs without compensation to Customer or any other party; and (ii) Customer ~~will assign~~ hereby assigns ownership of such innovations and improvements to ABDC and agrees to take any additional steps ABDC may request ~~to assign in connection with ABDC's ownership to ABDC of the same.~~

#### 4. Customer's Customer's Obligations.

- (a) Pharmacy Operation. Operation and appearance of each pharmacy that operates under the GNP trademark and other Marks, including those in the GNP Premier Program and pharmacies operating under a Good Neighbor Pharmacy Voluntary License (collectively, “**GNP Pharmacies**”) reflect on other GNP Pharmacies and goodwill of the GNP Premier Program. Customer will use best efforts to operate its business at each Pharmacy with diligence and vigor, and maintain the highest possible ethics and maintain Pharmacy and personnel in a manner that are a credit to the community and reflect the high standards and quality of the GNP Premier Program, including, without limitation, interacting with and treating all customers and GNP personnel in a respectful and professional manner. GNP prescribes or recommends standards, practices, procedures, policies and advice relating to the appearance, operations, management and marketing of GNP Pharmacies, including Available Programs (“**Standards**”), as updated by ABDC from time to time in the materials it provides to you (“**GNP Manual**”). Customer is expected to make commercially reasonable efforts to be active and compliant with all required Available Programs within 120 days after the Effective Date of the GNP Premier Agreement. It may take 4 to 6 weeks for a third-party Payor to recognize that you are authorized to provide Covered Services to its Members. - (b) Mutual Termination. Either party may terminate this Agreement with respect to one or more Pharmacy Locations with or without cause upon 60 ~~days'~~ days' prior written notice to the other party. Termination for less than all Pharmacy Locations will not terminate this Agreement with respect to a Pharmacy that is not named in the termination notice. Termination of this Agreement will not, by itself, terminate any other agreement between the parties.
- (c) Termination for Breaching GNP Obligations. ABDC may terminate this Agreement immediately upon notice to Customer and without providing Customer the opportunity to cure if (i) Customer or a Principal (as defined below) breaches its obligations to protect Confidential Information; ~~or~~ (ii) breaches its obligations relating to use of the Marks or ABDC's online portal maintained in connection with the GNP Premier Program (the "GNP Portal" (defined in Section 8(d)); ~~");~~ or ~~(iii)~~ (iiiii) Customer or a Principal is convicted of or pleads guilty or no contest to a felony or any other offense that ABDC determines may adversely affect other GNP Pharmacies, related programs, or goodwill of the Marks, ~~including or the GNP Premier Program, such as~~ fraud, sexual harassment, battery, drug possession and crimes of moral turpitude. - (c) **ABDC Websites.** ABDC may advertise GNP Pharmacies on the internet and in other media in its discretion, including design and content, and discontinue some or all such advertising without liability. ABDC may create interior pages on websites with information about Pharmacy and link to any Customer website, including advertising or other opportunities.

ABDC will, upon ~~Customer's~~Customer's request, remove from ~~ABDC's~~ABDC's websites or the GNP Portal any such photographs or statements that identify Customer.

## 9. Trademarks and Intellectual Property.

- (a) **Right to Use Marks and Copyrighted Material.** Customer may use the Marks only as necessary for operation and promotion of Pharmacy and only for a Pharmacy Location, including advertising; ~~and~~Customer may not ~~do so use the Marks:~~ (i) other than in compliance with Standards and such other quality controls as ABDC adopts to promote and defend the ~~Mark's~~Mark's goodwill; or (ii) in connection with developing or operating any business other than Pharmacy (including any additional Pharmacy listed in this Agreement). Customer will promptly discontinue any advertising or other use of Marks or Copyrighted Material (defined in Section 9(b)) if ABDC notifies Customer that such use is disapproved. Customer agrees that ABDC owns all right, title and interest in the Marks and Copyrighted Material. Customer acquires no right, title, or interest in the Marks or Copyrighted Material other than the right to use them pursuant to this Agreement and the GNP Manual and Standards.
- (b) **Prohibitions Concerning the Marks and Copyrighted Material.** Customer understands ABDC is authorized by law to prevent unauthorized use of the Marks, to control quality of associated goods and services, and to control the copying and distribution of the Copyrighted Material. "**Copyrighted Material**" means any material produced by or for ABDC, including works derived from other Copyrighted Material, including (1) program guides and manuals used in ~~Pharmacy's~~Pharmacy's operation and marketing activities, including the GNP Manual; (2) training material, including printed, audio, video, or electronic material; (3) signage plans and specifications; (4) product posters, photographs, and graphics; (5) advertising and marketing material; (6) labels, forms, and reports provided by ABDC; (7) computer software developed or provided by ABDC; (8) all Trade Dress and Trade Dress elements; and (9) any other material protected by copyright law or marked or identified by ABDC as protected by copyright. Without limiting the foregoing, Customer agrees to the following:
  - (i) As between ABDC and Customer, ABDC is the lawful owner of each Mark and all Copyrighted Material, with the right to use them and license Customer to use them, with ~~Customer's~~Customer's interest solely as a licensee, and with ~~Customer's~~Customer's use inuring to ~~ABDC's~~ABDC's benefit.

- Customer hereby unconditionally disclaims any ownership interest in any Mark or Copyrighted Material.
- (ii) Customer may not use any Marks, including “Good Neighbor Pharmacy”, or any abbreviation, acronym or variation of them as part of its name or as part of the name of any business entity. However, Customer may file an assumed name or fictitious name certificate to the effect that Customer is operating Pharmacy under a trade name that includes the Good Neighbor Pharmacy Mark.
  - (iii) Customer may only use Marks and Copyrighted Material in advertising, promotion, sale, and distribution of products and services offered by Pharmacy as ABDC has expressly permitted in writing.
  - (iv) Customer may use Marks or Copyrighted Material on the internet only as permitted by Section 8 and this Section 9.
  - (v) Customer will, if it adopts and uses any additional trade names, trademarks, brand names, Copyrighted Material, slogans, commercial symbols, and/or logos that ABDC develops related to the GNP Premier Program: (A) Customer will use all the Marks in the precise form ABDC prescribes; ~~and~~; (B) observe ABDC directions regarding the use, copying and distribution of the Copyrighted Material, presentation and manner of the ~~Marks~~ ‘Marks’ display and use; and (C) not copy or distribute any Copyrighted Material in violation of this Agreement.

ABDC may make any determination on infringement or other unlawful use, including whether to pursue or settle such claims.
  - (vii) Customer may not challenge validity of any Mark or ~~ABDC’s~~ABDC’s rights in or to them, and Customer may not make any written or oral admission that a Mark or any Copyrighted Material is invalid or infringes rights of any person. Customer will promptly notify ABDC of any allegation of invalidity or infringement of which Customer becomes aware. ABDC does not warrant that its ownership of any Mark or Copyrighted Material is incontestable or that they do not infringe or conflict with rights of any other party but ABDC will indemnify Customer for any third party Claim as defined in and pursuant to Paragraph 6 of the Provisions (Exhibit C) relating to infringement by a Mark or any Copyrighted Material.
- (c) GNP Premier Program, ABDC Confidential Information and GNP Manual. Customer acknowledges that the GNP Premier Program and all ABDC Confidential Information (as defined in Exhibit C, Section 4) belong exclusively to ABDC and that, as between ABDC and Customer, ideas and information in the GNP Manual are ~~ABDC’s~~ABDC’s exclusive property. Further, unauthorized use or disclosure of ABDC Confidential Information, including any part of the GNP Premier Program, an ABDC Trade Secret (as defined below) or other information in the GNP Manual, may adversely affect the business, competitive position and goodwill of ABDC and other GNP Pharmacies. “**Trade Secret**” means information that derives actual or potential independent economic value from not being generally well known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use and that is subject to reasonable efforts to maintain its secrecy. For avoidance of doubt, in assessing whether information is “Confidential Information” or a “Trade Secret,” the parties intend to exclude information that a licensed pharmacist, with background and experience comparable to Customer, would know without access to ~~ABDC’s~~ABDC’s material. Accordingly, Customer agrees to the following, each of which survive termination of this Agreement and perpetually bind Customer and its Principals:
- (i) Customer must hold all ABDC Confidential Information, including elements of the GNP Premier Program and GNP Manual, in strict confidence and limit disclosing ABDC Trade Secrets and operating or management procedures as required by ABDC, including to ~~Customer’s~~Customer’s

Designated Manager or to Pharmacy bona fide employees or others to whom such disclosure is necessary for their duties. Customer will instruct and routinely remind such people that the GNP Premier Program, ABDC Confidential Information, and GNP Manual contents are confidential and may not be disclosed or appropriated.

- (ii) Customer may not use any element of the GNP Premier Program or operating, management, or marketing procedures provided in the GNP Manual in connection with any business other than Pharmacy.
  - (iii) Customer may not, without ~~ABDC's~~ ABDC's prior written consent, download, copy, or permit any person to download or copy any part of the GNP Manual or other printed, graphic, audio, or visual item that contains ABDC Confidential Information. If any other term of this Agreement is found or determined to be unconscionable or unenforceable for any reason, the foregoing provisions shall continue in full force and effect, including, without limitation, the waiver of any right to claim any consequential damages. Nothing in this Section or any other provision of this Agreement shall be construed to prevent ABDC from claiming and obtaining expectation or consequential damages, including lost future royalties for the balance of the term of this Agreement if ~~such termination is terminated~~ due to Customer's default, which the parties agree and acknowledge ABDC may claim under this Agreement.

(j) WAIVER OF JURY TRIAL. THE PARTIES HEREBY AGREE TO WAIVE TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM, WHETHER AT LAW OR EQUITY, REGARDLESS OF WHICH PARTY BRINGS SUIT. ## DATA PROTECTION PROVISIONS FOR PHARMACY DATA

### Overview

ABDC has developed these Data Protection Provisions ~~for to protect~~ Pharmacy Data ~~to protect sensitive business transaction data~~ collected from each Pharmacy participating in Available Programs under the ~~Master Program~~ Agreement. In these provisions, “Pharmacy Data” means the financial, operational, performance, business, pharmacy, and patient data that ABDC receives directly or indirectly from Customer or from Customer’s system vendor, switch vendor, ~~or~~ Payors (as defined in Term Sheet 1-), or other Program Partners. Pharmacy Data may include but is not limited to point-of-sale transaction data, prescription data, or claim reimbursement data. Pharmacy Data means includes any information, regardless of the format it is in (for example, paper, electronic, or films).

**1.0 Restrictions on Access to Pharmacy Data.** ABDC will protect Pharmacy Data by maintaining logical access controls (such as unique user identification and dual factor authentication for remote access) and as set forth in Paragraph 4.0. Access to Pharmacy Data will be provided on a “business need-to-know” basis so users are granted the least amount of access required to successfully fulfill their job requirements. Access that is not explicitly defined is not allowed.

**1.2 Limited or Specific Use and Disclosure.** Use and disclosure of Pharmacy Data and Business Contact Information (as defined below) will be restricted to only the purposes: (i) set forth in this Agreement and/or applicable Term Sheets in connection with the Available Programs in which Customer participates; (ii) set forth in Customer’s distribution agreement with ABDC to measure and help improve purchase performance, as well as compliance with, Customer’s contractual requirements with ABDC; and (iii) as may be otherwise agreed upon in writing. ABDC also uses and/or discloses Pharmacy Data and Business Contact Information to identify programs, solutions or actions that might benefit Customer’s business and to conduct outreach campaigns including sharing ~~these findings~~ with: (a) ABDC’s affiliates; (b) members of ABDC’s sales team; (c) and Customer’s buying group, aggregation group, or group purchasing organization (if any). In addition, other people Customer specifically authorizes may access Pharmacy Data and Business Contact Information, but only to the extent Customer so authorizes. Customer releases IQVIA and any other third-party data aggregators to share with ABDC, information that IQVIA or applicable third parties receive under data supply agreements with Customer, as well as information received from other data sources. Customer consents to IQVIA’s and other third-party aggregator’s use of Customer’s information, including Business Contact Information, to produce reports and provide them to ABDC and acknowledges that the reports

may include pharmacy and product names and purchasing dollars.

**1.3 Business Contact Information.** Customer and ABDC acknowledge that each party is an independent data controller with respect to Business Contact Information. “Business Contact Information” is personal data of each party’s employees, independent contractors, and workforce personnel processed by the other party for the purpose of facilitating the Available Programs under this Agreement and maintaining the business relationship with the other party. ABDC further uses and discloses Business Contact Information as described in Section 1.2 of this Exhibit A and in accordance with its privacy policy, available at <https://www.cencora.com/global-privacy-statementoverview> as may be updated from time to time. Customer and ABDC agree to comply with the California Consumer Privacy Act, as amended (“CCPA”), as may be applicable to Business Contact Information. Each party grants the other party the right to take reasonable and appropriate steps to ensure each party’s use of Business Contact Information is consistent with the party’s obligations under the CCPA, as applicable. With respect to Business Contact Information, each party will notify the other party if it determines that it cannot fulfill its obligations under the CCPA, as applicable, in which case the other party will have the right to take reasonable and appropriate steps to stop and remediate unauthorized use of Business Contact Information.

**2.0 No Restrictions on Derivative Works.** Except as otherwise agreed-upon by the parties, ABDC may use and/or disclose de-identified, aggregated Pharmacy Data and/or Business Contact Information, or other derivative works created by ABDC using Pharmacy Data and/or Business Contact Information, as long as Customer cannot be specifically identified, such as comparative financial analyses by business type or analyses of manufacturer market share, and any PHI that has been appropriately de-identified. This provision is not meant to circumvent or eliminate opportunities for revenue sharing through data sales or similar programs or offerings.

**3.0 Required Disclosure of Pharmacy Data.** There may be times when ABDC ~~is required~~ becomes obligated to disclose Pharmacy Data or other information to other parties not referenced ~~above in~~ Paragraph 1.0. For instance, ABDC may be requested or may become legally compelled to answer oral questions, interrogatories, requests for information or documents, subpoenas, civil investigative demands or similar processes and to disclose Pharmacy Data. ~~ABDC will promptly advise Customer of such request or legal compulsion unless ABDC has a reasonable belief that such action is prohibited by law and, to the extent that Customer secures a legally enforceable protective order, ABDC will comply with the order.~~ Nothing in these provisions prevents ABDC from responding to any such disclosure requests or obligations, taking reasonable steps to prevent fraud or other illegal

activity, or ~~to disclose~~disclosing information about activities it reasonably believes are illegal.

**4.0 Security of Pharmacy Data.** ABDC employs industry standard information security and physical security (“IT Security”) safeguards, procedures and practices to protect the privacy and security of Pharmacy Data ABDC receives, accesses, uses, creates, or discloses pursuant to this Agreement. These security safeguards are: (a) at least equal to industry standards; (b) in accordance with the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”) and the Health Information Technology for Economic and Clinical Health Act (“HITECH”); and (c) reasonably appropriate to protect against accidental or unlawful destruction, loss, alteration or unauthorized third-party disclosure or access of Pharmacy Data. ~~ABDC’s program maintains an active Security Program using an industry recognized security standard and methodology, such as ISO27002/17799, HITRUST, COBIT, or NIST and meets or exceeds all HIPAA and HITECH requirements or other regulatory requirements that apply to Pharmacy Data, party disclosure or access of Pharmacy Data.~~

**5.0 Physical Safeguards.** All Pharmacy Data is stored in a physically and logically secure environment that protects it from unauthorized access, modification, theft, misuse or destruction. ABDC maintains appropriate levels of physical security controls over ABDC facilities, including alarm systems, visitor access procedures, security guards, cameras, and video surveillance. ABDC ensures that the facilities have proper environmental controls including power, connectivity, temperature controls, fire suppression, uninterruptible power supply and backup generator to support availability of the Services. ABDC ~~maintain~~maintains an active and up-to-date anti-malware program to protect the ABDC system, software and Pharmacy Data and Services.

**6.0 Data in-Transit Encryption.** ABDC uses encryption to the extent required by HIPAA regulations to receive ~~and~~, transmit, ~~and store~~ all PHI. Although there cannot be a guaranty of the security of Pharmacy Data, ABDC utilizes adequate security for Pharmacy Data transmitted across public networks – at a minimum, TLS 1.2 128 bit is used for web traffic and 256 bit or better for bulk data transfer, with the exception of electronic mail transmission. Transmission of data may include, but is not limited to, file transfer methods, file upload or file download, and file exports.

**7.0 License and Retention of Pharmacy Data.** Customer hereby grants to ABDC an irrevocable, non-exclusive, royalty-free license to use and/or disclose Pharmacy Data ~~and Business Contact Information~~ as permitted hereunder and as may be necessary for ABDC or the Program Partners to provide Customer with the Available Programs or as otherwise may be required by law. ABDC uniformly retains Pharmacy Data ~~and Business Contact Information~~ for all participating Pharmacies for as long as is reasonably necessary or appropriate for the fulfillment of

Available Programs under the Agreement, including InSite from ABDC, or as necessary for legal and/or compliance purposes. ABDC maintains strict change control processes for both hardware and software changes and ensures that all ABDC personnel are familiar with and utilize this process. ABDC securely and completely disposes of Pharmacy Data ~~and Business Contact Information~~ residing on ABDC equipment that will be retired. When Pharmacy Data ~~or Business Contact Information~~ is no longer required to fulfill those purposes, ABDC will use reasonable efforts to have it destroyed, erased or made anonymous.

**8.0 Disaster Recovery and Data Backup.** ABDC shall maintain and implement disaster recovery procedures in accordance with ABDC’s written Disaster Recovery Plan. ABDC’s Disaster Recovery Plan shall contain procedures designed to safeguard Pharmacy Data and the availability of the ~~Services~~services and solutions ~~included in the Available Programs in which Customer participates hereunder.~~

**8.1 Testing.** ABDC periodically performs disaster recovery testing ~~at least biennially, which includes testing of hardware, installation and operation of all ABDC on its electronic systems and associated with the services supporting this Agreement, testing of applicable telecommunications facilities and fail over to back up equipment provided in connection with the Available Programs in which Customer participates hereunder.~~

**8.2 Software Lifecycle.** ABDC shall use commercially reasonable efforts to identify vulnerabilities, risks and threats as early as possible at any time during the software lifecycle. The software lifecycle shall mean from development, management, and updates through retirement of such application. ABDC shall maintain a strict change control process for ABDC software development lifecycle.

**8.3.3 Data Management.** ~~ABDC deploys certain techniques on its electronic systems associated with the services being offered in connection with the Available Programs in which Customer participates hereunder that are intended to safeguard Pharmacy Data, including vulnerability scanning tools, data loss prevention monitoring, penetration testing, implementation of a security information and event management system, and maintenance of a formal risk management program. Confirmed vulnerabilities are prioritized based upon risk level.~~

**8.4 Data Backups.** ABDC performs daily backups of Pharmacy Data. ABDC agrees to store all backup Pharmacy Data as part of its designated backup and recovery processes using a commercially supported encryption solution. Data backups are retained for twelve (12) days should the need to restore from data backups arise. ABDC shall be responsible for periodically testing that backup processes are working to ensure that data can

be recovered in a reasonable timeframe in the instance of an outage or disaster on the primary infrastructure.

**9.0 Incident Response.** ABDC shall maintain a program plan to detect and respond to data security incidents. The program shall include identification, containment, mitigation and remediation of an incident (security breach or attack) and communication to Customer of any data security incident resulting in a Breach (as defined by HIPAA) of Pharmacy Data. ABDC shall meet Federal and applicable regulatory requirements for breach notification. ABDC shall cooperate and coordinate with Customer and authorities should a ~~suspected~~confirmed security breach of Pharmacy Data occur. Without limiting the generality of the foregoing, ABDC will take all reasonable measures to secure and defend ABDC locations and equipment both physically and logically against “hackers” and others who may seek, without authorization, to modify or access the ABDC systems or the information found therein.

**10.0 Employee Screening and Security Awareness.** Prior to employment, each ABDC employee undergoes a formal security clearance review that includes a criminal background check. Any past activity that would subject confidential information and critical systems to risk is cause to restrict an ABDC employee’s access to Pharmacy Data. To ensure security awareness by its employees, ABDC: (a) maintains policies or codes of conduct documenting responsibilities regarding data security practices; (b) requires its employees to acknowledge and review these documents at least biennially; (c) provides security awareness and HIPAA training to its workforce as part of ABDC’s overall awareness program; (d) requires confidentiality agreements to be completed as part of hiring process to ensure that ABDC’s workforce understands their responsibilities regarding the protection of Pharmacy Data.

ABDC believes that its security policies and safeguards are reasonable and appropriate to adequately protect such information, regardless of the format in which such information is held. ABDC intends to review and update its security policies and safeguards on a regular basis. ABDC requires that its employees keep all Pharmacy Data and Business Contact Information confidential.

~~**11.0 Amendments to our Data Protection Provisions.**  
A copy of these provisions, as may be amended from time to time within ABDC’s discretion, will be posted on AB Central or are available on request.~~

### CALIFORNIA

The California Department of Corporations requires that certain provisions in franchise documents be amended to be consistent with California law, including the California Franchise Investment Law, CAL. CORPORATIONS CODE Section 31000 et seq., and the California Franchise Relations Act, CAL. BUS. & PROF. CODE Section 20000 et seq. To the extent the Agreement has provisions that are inconsistent with the following, such provisions are hereby amended:

- a. California Business and Professions Code Sections 20000 through 20043 provide rights to Customer concerning nonrenewal and termination of the Agreement. The Federal Bankruptcy Code also provides rights to Customer concerning termination of the Agreement upon certain bankruptcy-related events. To the extent the Agreement has a provision is inconsistent with these laws, these laws will control.
- b. If Customer is required in the Agreement to execute a release of claims, such release will exclude claims arising under the California Franchise Investment Law and the California Franchise Relations Act with respect to the offer or sale of the Agreement and the Premier Candidate Agreement.
- c. If the Agreement requires payment of liquidated damages that is inconsistent with California Civil Code Section 1671, the liquidated damage clause may be unenforceable.
- d. If the Agreement has a covenant not to compete which extends beyond the expiration or termination of the Agreement, the covenant may be unenforceable under California law.
- e. If the Agreement requires litigation, arbitration or mediation to be conducted in a forum other than the State of California, the requirement may be unenforceable under California law.
- f. If the Agreement requires that it be governed by a state’s law, other than the State of California, such requirement may be unenforceable.
- g. Section 8.6 of Exhibit C of the Agreement is hereby amended to state that the representations made in the Franchise Disclosure Document are not excluded from that on which Customer may rely.

### HAWAII

- a. No release language set forth in the GNP Premier Agreement shall relieve the franchisor or any other party, directly or indirectly, from liability imposed by the laws concerning franchising in the State of Hawaii.
- b. The GNP Premier Agreement is hereby supplemented with the following provision:

Hawaii Law. Pursuant to Section 482E-6(3) of the Hawaii Revised Statutes, for so long as such statute remains in effect and so provides, upon termination or refusal to renew the franchise, Franchisee shall be compensated for the fair market value, at the time of termination or expiration of the franchise, of Franchisee’s inventory, supplies, materials and furnishings purchased from the Franchisor or a supplier designated by the Franchisor, exclusive of personalized materials which have no value to the Franchisor. If the Franchisor refuses to renew a franchise for the purpose of converting the franchised business to one owned by the Franchisor, the Franchisor, in addition to the remedies provided in this paragraph, shall compensate Franchisee for the loss of goodwill. The Franchisor may deduct from such compensation reasonable costs incurred in removing, transporting and disposing of Franchisee’s inventory, supplies, materials and furnishings pursuant to this paragraph, and may offset from such compensation any moneys due to the Franchisor.
- c. Notwithstanding anything contained in the Franchise Agreement or Area Development Agreement to the contrary, you do not have to pay us the Initial Franchise Fee until we perform our pre-opening obligations under the Franchise Agreement and your first Franchised Business is open. Once we complete this obligation and you are open, you must immediately pay us all initial fees we deferred.

**ILLINOIS**

**ILLINOIS ADDENDUM TO THE PARTICIPATION (FRANCHISE) AGREEMENT**

Illinois law governs the Participation (Franchise) Agreement.

In conformance with Section 4 of the Illinois Franchise Disclosure Act, any provision in a franchise agreement that designates jurisdiction and venue in a forum outside of the State of Illinois is void. However, a franchise agreement may provide for arbitration to take place outside of Illinois.

Franchisees' rights upon Termination and Non-Renewal are set forth in sections 19 and 20 of the Illinois Franchise Disclosure Act.

Any condition, stipulation or provision purporting to bind any person acquiring any franchise to waive compliance with the Illinois Franchise Disclosure Act or any other law of Illinois is void.

While the Franchisor's Parent company has guaranteed to assume the duties and obligations of the Participation (Franchise) Agreement if the Franchisor is unable to do so – the Parent company's financial condition calls into question its ability to fulfill such a guarantee. Notwithstanding anything contained in the Franchise Agreement to the contrary, you do not have to pay us the Initial Franchise Fee until we perform our pre-opening obligations under the Franchise Agreement and your Franchised Business has commenced business operations. The Illinois Attorney General's Office imposed this deferral requirement due to Franchisor's financial condition.

Nothing in the Premier Participation Agreement (Franchise Agreement), related agreements, exhibits and Term Sheets are intended to disclaim the express representations made in the Franchise Disclosure Document.

There is no training program for this franchise opportunity.

- c. Indiana Code section 23-2-2.7-1(10) prohibits the choice of an exclusive forum other than Indiana.
- d. Indiana Code section 23-2.2.7-1(10) prohibits the limitation of litigation. The Indiana Secretary of State has interpreted this section to prohibit provisions in contracts regarding liquidated damages. - e. Indiana Code sections 23-2-2.7-1 (1) and 23-2-2.5-30 impose different time limitations for litigation brought for breach of the Agreement or violation of Indiana law in connection with the Agreement. To the extent that any provision of the Agreement conflicts with Indiana law, Indiana law will control.

### MARYLAND

The Maryland Securities Division requires that certain provisions in franchise documents be amended to be consistent with Maryland law, including the Maryland Franchise Registration and Disclosure Law, Md. Code Ann., Bus. Reg. §§ 14-201 - 14-233 (2004 Repl. Vol. and Supp. 2008) (the "Maryland Franchise and Disclosure Law"). To the extent that the Agreement has provisions that are inconsistent with the following, such provisions are hereby amended:

- a. If Customer is required in the Agreement to execute a release of claims and/or to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation or action that would violate Maryland Franchise and Disclosure Law, or a rule or order under the Maryland Franchise and Disclosure Law, such release will exclude claims arising under the Maryland Franchise and Disclosure Law, and such acknowledgments will be void with respect to claims under the Maryland Franchise and Disclosure Law relating to the offer and sale of the Agreement and related agreements.
- b. If the Agreement requires litigation to be conducted in a forum other than the State of Maryland, the requirement will not be interpreted to limit any rights Customer may have under the Maryland Franchise and Disclosure Law to bring suit in the state of Maryland.
- c. Any general release required as a condition of renewal, sale, and/or assignment/transfer will not apply to any liability under the Maryland Franchise and Disclosure Law.
- d. The Agreement is hereby amended to reflect that any claims arising under the Maryland Franchise and Disclosure Law must be brought within 3 years after the grant of the franchise.
- e. Based upon the financial information submitted, the Commissioner has determined that all fees paid to the franchisor by the franchisee, including payment for goods and services received from the franchisor before the business opens, shall be deferred pending satisfaction of all of the franchisor's pre-opening obligations to the franchisee.
- f. The Maryland Franchise and Disclosure Law prohibits a franchisor from requiring a prospective franchisee to assent to any release, estoppel or waiver of liability as a condition of purchasing a franchise. The Agreement requires prospective franchisees to disclaim the occurrence and/or acknowledge the non-occurrence of acts that would constitute a violation of the Maryland Franchise and Disclosure Law. Such representations are not intended to nor will they act as a release, estoppel or waiver of any liability incurred under the Maryland Franchise and Disclosure Law resulting from the offer or sale of the franchise.
- g. No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.

### MINNESOTA

The Commissioner of Commerce for the State of Minnesota requires that certain provisions in franchise documents be amended to be consistent with Minnesota Franchise Act, Minn. Stat. Section 80.01 et seq., and of the Rules and Regulations promulgated under the Act (collectively the "Minnesota Act"). To the extent that the Agreement and Franchise Disclosure Document have provisions that are inconsistent with the following, such provisions are hereby amended:

- a. The Minnesota Department of Commerce requires that ABDC indemnify Minnesota franchisees against liability to third parties resulting from claims by third parties that a franchisee's use of the Marks infringes trademark rights of the third party. ABDC does not indemnify against the consequences of Customer's use of the Marks except in accordance with the requirements of the Agreement, and, as a condition to indemnification, Customer must provide notice to ABDC of any such claim within ten (10) days after the earlier of (i) actual notice of the claim or (ii) receipt of written notice of the claim, and must therein tender the defense of the claim to ABDC. If ABDC accepts the tender of defense, ABDC has the right to manage the defense of the claim including the right to compromise, settle or otherwise resolve the claim, and to determine whether to appeal a final determination of the claim. If either the Agreement or the Franchise Disclosure Document has a provision that is inconsistent with the Minnesota Act, such provision will be superseded by the Minnesota Act's requirements and will have no force or effect.
- b. Minnesota Act, Sec. 80C.14, Subd. 4., requires, except in certain specified cases, that Customer be given written notice of ABDC's intention not to renew 180 days prior to expiration of the franchise and that Customer be given sufficient opportunity to operate the franchise in order to enable Customer the opportunity to recover the fair market value of the franchise as a going concern. If either the Agreement or the Franchise Disclosure Document has a provision that is inconsistent with the Minnesota Act, such provision will be superseded by the Minnesota Act's requirements and will have no force or effect.
- c. Minnesota Act, Sec. 80C.14, Subd. 3., requires, except in certain specified cases, that Customer be given 90 days notice of termination (with 60 days to cure). If either the Agreement or the Franchise Disclosure Document has a provision that is inconsistent with the Minnesota Act, such provision will be superseded by the Minnesota Act's requirements and will have no force or effect.
- d. Minn. Rule 2860.4400(D) prohibits ABDC from requiring Customer to assent to a general release. If either the Agreement or the Franchise Disclosure Document requires Customer to execute a release of claims or to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation or action that would violate the Franchise Act, such release will exclude claims arising under the Minnesota Act, and such acknowledgments will be void with respect to claims under the Minnesota Act.
- e. Minnesota Statutes, Section 80C.21 and Minn. Rule 2860.4400(J) prohibit ABDC from requiring litigation to be conducted outside Minnesota, requiring waiver of a jury trial or requiring Customer to consent to liquidated damages, termination penalties or judgment notes. In addition, nothing in the Agreement or the Franchise Disclosure Document can abrogate or reduce Customer's rights under Minnesota Statutes, Chapter 80C or Customer's rights to any procedure, forum or remedies provided for by the laws of the jurisdiction.
- f. Notwithstanding anything contained in the Franchise Agreement to the contrary, you do not have to pay us the Initial Franchise Fee until we perform our pre-opening obligations under the Franchise Agreement and your Franchised Business is open. Once we complete this obligation and you are open, you must immediately pay us all initial fees we deferred.

## NEW YORK

The New York Department of Law requires that certain provisions in franchise documents be amended to be consistent with New York law, including the General Business Law, Article 33, Sections 680 through 695 (1989). - a. If the Agreement requires Customer to execute a release of claims or to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation or action that would violate the General Business Law, or any regulation, rule or order under the Law, such release will exclude claims arising under the New York General Business Law, Article 33, Section 680 through 695 and the regulations promulgated thereunder, and such acknowledgments will be void. It is the intent of this provision that non-waiver provisions of Sections 687.4 and 687.5 of the General Business Law be satisfied.
- b. If the Agreement requires that it be governed by a state's law, other than the State of New York, the choice of law provision will not waive any rights conferred upon Customer under the New York General Business Law, Article 33, Sections 680 through 695.

## NORTH DAKOTA

The North Dakota Securities Commissioner requires that certain provisions in franchise documents be amended to be consistent with North Dakota law, including the North Dakota Franchise Investment Law, North Dakota Century Code Annotated Chapter 51-19, Sections 51-19-01 through 51-19-17 (1993) (the “Law”). To the extent that the Agreement has provisions that are inconsistent with the following, such provisions are hereby amended:

- a. If Customer is required in the Agreement to execute a release of claims or to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation or action that would violate the Law, or a rule or order under the Law, such release will exclude claims arising under the North Dakota Franchise Investment Law, and such acknowledgments will be void with respect to claims under the Law, as to the offer and sale of the Agreement.
- b. Covenants not to compete during the term of and upon termination or expiration of the Agreement are enforceable only under certain conditions according to North Dakota law. If the Agreement has a covenant not to compete that is inconsistent with North Dakota law, the covenant may be unenforceable.
- c. The Commissioner has held that requiring franchisees to consent to the jurisdiction of courts outside of North Dakota is unfair, unjust or inequitable within the intent of Section 51-19-09 of the North Dakota Franchise Investment Law.
- d. If the Agreement requires that law of a state other than North Dakota govern it, to the extent that such law conflicts with the North Dakota law, North Dakota law will control.
- e. If the Agreement requires litigation, mediation or arbitration to be conducted in a forum other than North Dakota, the requirement may be unenforceable under the Law. Arbitration involving a franchise purchased in North Dakota must be held either in a location mutually agreed upon prior to the arbitration or if the parties cannot agree on a location, the location will be determined by the arbitrator.
- f. If the Agreement requires payment of a termination penalty, the requirement may be unenforceable under the Law.

### **RHODE ISLAND**

The Rhode Island Securities Division requires that certain provisions in franchise documents be amended to be consistent with Rhode Island law, including the Franchise Investment Act, R.I. Gen. ### **SOUTH DAKOTA**

- a. Neither the franchisor nor any person identified in Item 2 has any material arbitration proceeding pending, or has during the 10-year period immediately preceding the date of this Disclosure Document been a party to concluded material arbitration proceedings.
- b. Although the Franchise Agreement requires all arbitration proceedings to be held where the American Arbitration Association designates, the site of any arbitration started pursuant to the Franchise Agreement will be at a site mutually agreed upon by you and us.
- c. We may not terminate the Franchise Agreement for a breach, for failure to meet performance and quality standards and/or for failure to make royalty payments unless you receive thirty (30) days prior written notice from us and you

- d. The laws of the State of South Dakota will govern matters pertaining to franchise registration, employment, covenants not to compete, and other matters of local concern; but as to contractual and all other matters, the Franchise Agreement will be subject to the applications, construction, enforcement and interpretation under the governing law of Pennsylvania.
- e. Any provision in the Franchise Agreement restricting jurisdiction or venue to a forum outside of the State of South Dakota or requiring the application of the laws of another state is void with respect to a claim otherwise enforceable under the South Dakota Franchise Act.

### VIRGINIA

The Virginia State Corporation Commission's Division of Securities and Retail Franchising requires us to defer payment of the initial franchise fee and other initial payments owed by franchisees to the franchisor until the franchisor has completed its pre-opening obligations under the franchise agreement.

### WASHINGTON

In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, Chapter 19.100 RCW will prevail.

RCW 19.100.180 may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise. There may also be court decisions which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise.

In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.

A release or waiver of rights executed by a franchisee may not include rights under the Washington Franchise Investment Protection Act or any rule or order thereunder except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel. Provisions such as those which unreasonably restrict or limit the statute of limitations period for claims under the Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.

Transfer fees are collectable to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.

Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provisions contained in the franchise agreement or elsewhere that conflict with these limitations are void and unenforceable in Washington.

RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington. The undersigned does hereby acknowledge receipt of this addendum.

In lieu of an impound of franchise fees, the Franchisor will not require or accept the payment of any initial franchise fees until the franchisee has (a) received all initial training that it is entitled to under the franchise agreement or offering circular, and (b) is open for business.

### WISCONSIN

The Wisconsin Department of Financial Institutions requires that certain provisions in franchise documents be amended to be consistent with Wisconsin Law, including The Wisconsin Fair Dealership Law, ch. 135, Wis. Stats. (the “Wisconsin Act”). To the extent that the Agreement has provisions that are inconsistent with the following, such provisions are hereby amended:

- a. The Wisconsin Fair Dealership Law supersedes any provisions contained in the Agreement that are inconsistent with the Wisconsin Act.

## MASTER PROGRAM AGREEMENT

1. **TERM.** The term of this Agreement (~~“Term”~~) starts on its Effective Date and continues until all Available Programs have been terminated pursuant to Paragraph 5.0 of Exhibit C of the GNP Premier Agreement or as follows. Either party may terminate this Master Program Agreement or one or more Available Programs at one or more Pharmacies, with or without cause, at any time upon 60 days' written notice, although termination of specific Available Programs may be subject to restrictions or termination obligations as indicated on the applicable Term Sheet. Notwithstanding the preceding sentence, ABDC may immediately and at any time terminate or modify, as applicable, any Pharmacy's participation in any Available Program that includes eligibility qualifications, requirements, and/or criteria, as provided in applicable Term Sheets and/or enrollment forms, that such Pharmacy does not satisfy. Termination of less than all Available Programs at all Pharmacies will not terminate this Agreement with respect to any Available Program and Pharmacy that is not named in the termination notice.

2. **FEES.** Each Term Sheet states applicable per-Pharmacy fees, which such fees shall apply during the term of Customer's participation in each corresponding Available Program and may be prorated as applicable. Some Available Programs require Customer to incur other expenses, which are Customer's responsibility. ~~“Premier”~~ fees apply to Pharmacy locations under a Good Neighbor Pharmacy Premier Participation Agreement (~~“Premier Agreement”~~). ~~“GNP”~~ fees apply to Pharmacies under a Good Neighbor Pharmacy Voluntary License (~~“GNP License”~~). **“Other”** fees apply to Pharmacies that do not participate in the Good Neighbor Pharmacy program and may be higher. Applicable fees may be increased on 60 days' written notice.

### 3. ABDC COMMITMENTS.

(a) **Programs and Services.** ABDC will promptly provide Available Programs (subject to roll-out schedules and sequential program activation) in which Customer enrolls from time to time pursuant to applicable industry standards and laws and Term Sheets and program materials ABDC provides to Customer that prescribe or recommend standards, practices, procedures, policies and advice relating to the Available Program (~~“Program Guides”~~). Termination of this Term Sheet or a Payor Contract with respect to either a Network Provider or a Former Participant for any reason shall not affect the rights and obligations of the Payor, Network Provider, and/or Former Participant arising out of any transactions occurring prior to the effective date of such termination. In the event a Network Provider and/or Former Participant(s) has incurred financial obligations to a Payor under a Payor Contract from the Elevate Network, such Former Participant acknowledges and agrees that such applicable Payor is permitted to deduct such financial obligations from Payors' then current financial obligations to such Former Participant or Network Provider.

Notwithstanding Paragraph 5.2 of Exhibit C (Provisions), ABDC will make EFT deposits under Paragraph 3(e) to Former Participant to extent that the net balance exceeds its Security Deposit and any amounts withheld under Paragraphs 4(g), (h), (l), and 10(a)(2). ABDC may charge Former Participant a nominal processing fee for each deposit after termination.

Subject to reduction or delay under this Paragraph 10(b) or Paragraphs 4(g), (h), and (l), ABDC will pay Former Participant any remaining Security Deposit once there has been no account activity for 180 days, and any outstanding obligations have been satisfied, or invoice Former Participant any negative amount, which Former Participant shall promptly pay. Any new Payor activity post termination will restart the 180-day time period. By way of example, if there is Payor activity at day 179 following Former Participant's termination from the Elevate Network, the 180-day clock will begin again, and will continue to be reset each time there is new Payor activity. Notwithstanding anything herein to the contrary, in ABDC's discretion, at the end of the initial 180 days, ABDC may evaluate the account's activity and reduce some or all of Former Participant's Security Deposit.

c) Reconciliation of Aggregate Network-Wide Performance Payor Contracts. The amount owed by Former Participant shall be determined by ABDC based on data provided to ABDC by the applicable Payor(s). ABDC's resulting calculation shall constitute the final allocation of financial liabilities owed by such Former Participant to a Payor under such Payor Contract for the applicable time period.

ABDC has the discretion to initiate a final allocation of all Former Participant's liabilities owed to a Payor under an aggregate network-wide performance Payor Contract.

The financial liabilities owed by a Former Participant to a Payor may be recouped by ABDC through: (i) withholding funds under Section 4(g) or Section 10; (ii) invoicing a Former Participant; and/or (iii) permitting the direct recoupment by a Payor from the Former Participant's then current payments.

Upon ABDC's final allocation to a Former Participant, in the event that any previously withheld funds under Section 10(a)(~~2~~ii) exceed the amount of ABDC's final allocation of financial liabilities and all other liabilities owed, ABDC will release any excess funds to Former Participant.

## Unsaleable Returns Term Sheet

### 1. Program Description

ABDC's unsaleable returns program provides pharmacies with a comprehensive solution for the proper disposal of unsaleable pharmaceutical products and includes all processing, shipping, and destruction costs, while allowing pharmacies to optimize the recoverable value of returned products. This Available Program is available to retail, independent community pharmacies and long-term care pharmacies.

### 2. Contract Returns Processor

ABDC utilizes a third party as its designated "**Contract Returns Processor**" (currently Inmar Inc.), hereinafter referred to as "Inmar". Customer must be authorized by ABDC to participate in this Available Program. Customer must use the portal to administer and process returns which are shipped directly to Inmar and processed for potential manufacturer credit once each month. Returns received after the published cutoff dates are processed the following month. Unsaleable products should be returned during the month the product expires as printed on the container as certain manufacturers do not issue credit for products returned earlier than three months before the expiration date. ~~Customers track~~ Customer is solely responsible for tracking and monitoring returns activity on the portal including details of products deemed eligible for manufacturer credit and reasons for products deemed not eligible. Reports are on the portal.

### 3. Credit Valuation

a) **Base Program**. Credit issued to Customer is based on the actual credit received from the manufacturer less Available Program fees to cover all shipping charges, processing and disposal costs, and financial reconciliation costs incurred by ABDC. Customer will receive a check for 80% of the manufacturer credit for eligible prescription products and 70% of the manufacturer credit for eligible non-prescription healthcare products.

b) **GNP Premier Program**. If Customer is a GNP Premier member, Customer may be issued a credit in advance of ABDC receiving credits from the manufacturer based on the Estimated Recovery Value ("ERV"). The ERV is calculated by ABDC based on the applicable manufacturer's return goods policies (which vary) and the manufacturer's credit issuance practices. Customer will receive a credit in the form of a check for the equivalent of 80% of the ERV for eligible, prescription products and 70% of the ERV for eligible, non-prescription healthcare products. The reduction of the ERV amount reflects a fee retained by ABDC for its services and costs incurred to manage this Available Program including shipping charges, processing and disposal costs, and financial reconciliation costs.

c) ABDC may adjust the ERV and credit amount at its discretion to reflect changes in manufacturer credit calculations and issuance policies. The amount credited to the Customer is not contingent on manufacturer issuing

credit to ABDC, excluding the following conditions ("**Exclusions**"): unusually large quantities of products that are returned through this Available Program; MRNA vaccine products subject to manufacturer return restrictions; returned products not purchased from ABDC; manufacturer making payments directly to Customer; and manufacturer selling products to distributors on a non-returnable basis. Adjustments to reported ERV subsequent to product return receipt and processing by Contract Returns Processor may alter check issuance dates and amounts paid to Customer for such Exclusions.

d) Contract Returns Processor's on-line portal may not always reflect most current ERV but provides the final credit amount issued to Customer in the form of a check. The products not eligible for ERV credit may be accepted by the Contract Returns Processor for disposal (but will not be returned to Customer). ABDC may adjust the fees retained or implement ancillary fees for certain services as necessary.

### 4. Payments

a) **Base Program**. Customer receives a monthly check that includes all manufacturer credits issued, on Customer's behalf, to ABDC during the previous month.

b) **GNP Premier Program**. If Customer is a GNP Premier member, Customer receives a single check for the eligible products returned to the Contract Return Processor during the monthly return period. The check will be issued within 45 days of the close of the return period when processed returns are eligible for credit, reported by the Contract Returns Processor, and not subject to Exclusions.

### 5. Premier Franchisee Benefits

a) **On-Site Assistance**. On-site assistance is available to *Good Neighbor Pharmacy* Premier Members that are in good standing. On-site services include processing of returns, packing and shipping of returned products, printing inventory manifests, and requesting Form 222 for CII Products. Such services are provided by Retail Merchandising Specialists and are optional. Eligible products may be returned directly to the Contract Returns Processor between on-site visits.

b) **Prefunded Value**. Customer's ~~monthly~~ check amount is based on the credit valuation described in Section 3(b) and is issued within 45 days of the end of the ~~monthly~~ reporting period. ~~The customer~~ Customer is not required to reconcile the return claims to the manufacturers and the payment issued by manufacturers, which can take several months, enhancing cash flow and reducing expense.

### 6. Products Included

- Prescription products, including controlled substances.
- Full and partial containers.
- Over-the-counter healthcare products in full containers.

**7. Products Not Eligible for Credit**

- a) Products not purchased from ABDC and ineligible per manufacturer ~~returned~~return goods policy or credit issuance.
- b) Products not in manufacturer's original container.
- c) Products returned outside manufacturer allowable dates.
- d) Products that are private labeled (e.g., *Good Neighbor Pharmacy*).

- b) Recalled products may also be returned through this Available Program, and credit received according to the credit valuation terms in Section 3.

**9. Other Terms**

- a) Other terms and conditions provided or required by the Contract Returns Processor (e.g., no acceptance of products that are leaking, broken, tampered with, contaminated, or otherwise soiled, etc.) may apply.
- b) This Available Program does not cover unsaleable products returned to ~~Customers'~~Customer's servicing distribution center.
- c) This Available Program does not cover saleable products, flu vaccines, or Good Neighbor Pharmacy private label products, each of which should be returned directly to Customer's servicing distribution center in accordance with ABDC's standard returns policy.
- d) Customer must comply with shipping, product handling and disposal, and return authorization requirements, including but not limited to DOT, DEA, FDA, HIPAA, and EPA requirements and applicable federal, state, and local laws.

**10. Long-Term Care Pharmacies**

Non-prescription products and excessive returns not in original manufacturer's packaging are not eligible for return.

**11. Customers located in the State of Georgia**

## Report of Independent Registered Public Accounting Firm

To the Stockholders and the Board of Directors of Cencora, Inc.

### Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Cencora, Inc. and subsidiaries (the Company) as of September 30, 2023 and 2022, the related consolidated statements of operations, comprehensive income, stockholders' equity and cash flows for each of the three years in the period ended September 30, 2023, and the related notes (collectively referred to as the "consolidated financial statements"). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company at September 30, 2023 and 2022, and the results of its operations and its cash flows for each of the three years in the period ended September 30, 2023, in conformity with U.S. generally accepted accounting principles.

### Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

### Critical Audit Matter

The critical audit matter communicated below is a matter arising from the current period audit of the financial statements that was communicated or required to be communicated to the audit committee and that: (1) relates to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective or complex judgments. The communication of the critical audit matter does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing a separate opinion on the critical audit matter or on the accounts or disclosure to which it relates.

#### *Legal Matters and Contingencies - Opioid Lawsuits and Investigations*

##### *Description of the Matter*

As discussed in Note 13 of the consolidated financial statements, the Company is involved in a significant number of lawsuits and government investigations relating to the distribution of prescription opioid pain medications and other controlled substances ("opioid litigation and investigations"). The Company recognizes a liability for those legal contingencies for which it is probable that a liability has been incurred at the date of the consolidated financial statements and the amount is reasonably estimable. In connection with these liabilities, the Company recognizes a related income tax benefit, which reflects an unrecognized tax benefit resulting from uncertainty in the amount that is more likely than not to be deductible for U.S. federal and state income tax purposes. The Company used significant judgment in measuring the amount of income tax benefit that may ultimately be deductible for U.S. federal and state purposes.

Auditing management's determination of whether the risk of loss related to opioid litigation and investigations is probable and reasonably estimable, and the related disclosures is highly subjective and requires significant judgment. Auditing management's judgments related to unsettled cases was challenging due to the significant judgment applied in determining the likelihood of resolution of matters through settlement or litigation and the magnitude of the liability. In addition, auditing management's estimate of the amount of income tax benefit related to the Company's uncertain tax positions is challenging because the evaluation of the technical

merits of income tax benefits that qualify for a deduction related to the opioid litigation and investigations requires significant judgment.

*How We  
Addressed the  
Matter in Our  
Audit*

We tested the Company's internal controls that address the risks of material misstatement related to the completeness and presentation and disclosure of the opioid litigation and investigations liability and related uncertain tax position. This included testing controls related to the Company's process for identification, recognition, completeness, and disclosure of the opioid litigation and testing controls related to the Company's process to assess the technical merits of its tax position, including the Company's assessment as to the amount of benefit that is more likely than not to be realized upon ultimate settlement with taxing authorities. For example, we tested controls over management's review of the assessment of the completeness of the opioid litigation and investigations liability and whether a range of possible loss in excess of the amount accrued is reasonably estimable to determine the accuracy of the opioid litigation and investigations liability and the related financial statement footnote disclosures.

To test the Company's opioid litigation and investigations liability, our substantive audit procedures included, among others, testing the completeness of the contingencies subject to evaluation by the Company and evaluating the Company's analysis of its assessment of the probability of outcome for each material legal contingency, through inspection of responses to inquiry letters sent to both internal and external legal counsel, discussions with internal general counsel and external legal counsel to confirm our understanding of the allegations and any settlement discussions, inspection of proposed settlement agreements, and obtaining written representations from executives of the Company. We also compared the Company's assessment with its relevant history of similar legal contingencies that have been settled or otherwise resolved to evaluate the consistency of the Company's assessment for unsettled opioid litigation and investigations.

For those legal contingencies for which the Company has determined that a loss is probable and reasonably estimable and is therefore required to be recognized, and for those legal contingencies for which the Company has determined that a loss is either probable or reasonably possible, but the Company is unable to estimate the range of loss, and is therefore required to be disclosed, we evaluated the method of measuring the amounts of the recorded and disclosed contingencies. We assessed the Company's estimate of the amount of the loss, for both contingencies that are probable and reasonably possible, through inspection of responses to inquiry letters sent to both internal and external legal counsel, direct discussions with internal legal counsel, inspection of any proposed settlement agreements and obtaining written representations from executives of the Company. In addition, we evaluated the adequacy of the Company's financial statement disclosures.

We involved our tax subject matter professionals in assessing the technical merits and measurement of the Company's tax positions related to the opioid litigation and investigation liability. We examined the Company's analyses and evaluated the underlying facts upon which the tax positions were based. We used our knowledge of historical settlement activity in similar matters involving legal settlements to evaluate the Company's measurement of the uncertain tax position associated with the opioid litigation and investigations. We also evaluated the adequacy of the Company's financial statement disclosures and obtained written representations from executives of the Company related to this income tax matter.

**September 30, 2023**

**Note 1. Summary of Significant Accounting Policies**

On August 30, 2023, AmerisourceBergen Corporation changed its name to Cencora, Inc.

Cencora, Inc. and its subsidiaries, including less-than-wholly-owned subsidiaries in which Cencora, Inc. has a controlling financial interest (the "Company"), is one of the largest global pharmaceutical sourcing and distribution services companies, helping both healthcare providers and pharmaceutical and biotech manufacturers improve patient access to products and enhance patient care. The Company delivers innovative programs and services designed to improve the effectiveness and efficiency of the pharmaceutical supply chain in both human and animal health.

***Basis of Presentation***

The accompanying financial statements present the consolidated financial position, results of operations, and cash flows of the Company as of the dates and for the periods indicated. All significant intercompany accounts and transactions have been eliminated in consolidation.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual amounts could differ from these estimated amounts due to uncertainties inherent in such estimates. Management periodically evaluates estimates used in the preparation of the financial statements for continued reasonableness.

***Recently Adopted Accounting Pronouncements***

In June 2016, the Financial Accounting Standards Board ("FASB") issued ASU No. 2016-13, "Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments" ("ASU 2016-13"). ASU 2016-13 requires financial assets measured at amortized cost to be presented at the net amount expected to be collected. The measurement of expected credit losses is based on relevant information about past events, including historical experience, current conditions, and reasonable and supportable forecasts that affect the collectibility of the reported amounts. An entity must use judgment in determining the relevant information and estimation methods that are appropriate in its circumstances. ASU 2016-13 was effective for annual reporting periods beginning after December 15, 2019, including interim periods within those fiscal years, and a modified retrospective approach was required, with a cumulative-effect adjustment to retained earnings as of the beginning of the first reporting period in which the guidance was effective.

The Company adopted ASU 2016-13 as of October 1, 2020. In connection with the adoption of ASU 2016-13, the Company recognized a \$21.1 million, net of tax of \$6.1 million, cumulative adjustment to retained earnings.

For the Company's credit loss policy, refer to the "Concentrations of Credit Risk and Allowance for Credit Losses" section of Note 1.

***Recently Issued Accounting Pronouncements Not Yet Adopted***

As of September 30, 2023, there were no recently issued accounting standards that may have a material impact on the Company's financial position, results of operations, or cash flows upon their adoption.

***Business Combinations***

The assets acquired and liabilities assumed from an acquired business are recorded at estimated fair value, with the residual of the purchase price recorded as goodwill. The results of operations of an acquired businesses are included in the Company's operating results from the date of acquisition.

***Cash, Cash Equivalents, and Restricted Cash***

The Company considers all highly liquid investments with original maturities of three months or less to be cash equivalents. The carrying value of cash equivalents approximates fair value.

The Company is required to maintain certain cash deposits with banks mainly consisting of deposits restricted under contractual agency agreements and cash restricted by law and other obligations, including opioid-related legal settlements.

Revenue from the various agreements and arrangements with the Company's largest customer in the fiscal year ended September 30, 2023, Walgreens Boots Alliance, Inc. ("WBA"), accounted for approximately 26% of revenue and represented approximately 38% of accounts receivable, net of incentives, as of September 30, 2023. Express Scripts, Inc., the Company's second largest customer in the fiscal year ended September 30, 2023, accounted for approximately 14% of revenue and represented approximately 7% of accounts receivable as of September 30, 2023. The Company generally does not require collateral for trade receivables. The Company evaluates its receivables for risk of loss by grouping its receivables with similar risk characteristics. Expected losses are determined based on a combination of historical loss trends, current economic conditions, and forward-looking risk factors. Changes in these factors, among others, may lead to adjustments in the Company's allowance for credit losses. The calculation of the required allowance requires judgment by Company management as to the impact of those and other factors on the ultimate realization of its trade receivables. The Company performs ongoing credit evaluations of its customers' financial condition and maintains reserves for expected credit losses for specific credit problems when they arise. There were no significant changes to this process during the fiscal years ended September 30, 2023, 2022, and 2021, and bad debt expense was computed in a consistent manner during these periods.

The Company maintains cash, cash equivalents, and restricted cash with several financial institutions. Deposits held with banks may exceed the amount of insurance provided on such deposits. These deposits may be redeemed upon demand and are maintained with financial institutions with reputable credit and, therefore, bear minimal credit risk. The Company seeks to mitigate such risks by monitoring the risk profiles of these counterparties. The Company also seeks to mitigate risk by monitoring the investment strategy of money market accounts in which it is invested, which are classified as cash equivalents.

#### *Contingencies*

*Loss Contingencies:* In the ordinary course of its business, the Company becomes involved in lawsuits, administrative proceedings, government subpoenas, government investigations, stockholder demands, and other disputes, including antitrust, commercial, product liability, intellectual property, regulatory, employment discrimination, and other matters. Significant damages or penalties may be sought from the Company in some matters, and some matters may require years for the Company to resolve. The Company records a liability when it is both probable that a loss has been incurred and the amount can be reasonably estimated. The Company also performs an assessment of the materiality of loss contingencies where a loss is either not probable or it is reasonably possible that a loss could be incurred in excess of amounts accrued. If a loss or an additional loss has at least a reasonable possibility of occurring and the impact on the financial statements would be material, the Company provides disclosure of the loss contingency in the notes to its financial statements. The Company reviews all contingencies at least quarterly to determine whether the likelihood of loss has changed and to assess whether a reasonable estimate of the loss or the range of the loss can be made. Among the loss contingencies that the Company considered in accordance with the foregoing in connection with the preparation of the accompanying financial statements were the opioid matters described in Note 13.

*Gain Contingencies:* The Company records gain contingencies when they are realized. Gains from antitrust litigation settlements are realized upon the receipt of cash and recorded as a reduction to cost of goods sold because they represent a

recovery of amounts historically paid to manufacturers to originally acquire the pharmaceuticals that were the subject of the antitrust litigation settlements (see Note 14).

### ***Derivative Financial Instruments***

The Company utilizes derivative financial instruments to manage exposures to foreign currency. The Company records all derivative financial instruments on the balance sheet at fair value and complies with established criteria for designation and effectiveness of hedging relationships. The Company's policy prohibits it from entering into derivative financial instruments for speculative or trading purposes.

### ***Foreign Currency***

When the functional currency of the Company's foreign operations is the applicable local currency, assets and liabilities are translated into U.S. dollars using the current exchange rates in effect at the balance sheet date, while revenues and expenses are translated at the weighted average exchange rates for the period. The resulting asset and liability translation adjustments are recorded as a component of Accumulated Other Comprehensive Loss within Stockholders' Equity.

During the quarter ended March 31, 2022, Turkey became a highly inflationary economy, as defined under U.S. GAAP. As a result, effective April 1, 2022, and until such time as the applicable economy is no longer considered highly inflationary, Turkish Lira-denominated assets and liabilities are remeasured using the Company's reporting currency in accordance with ASC 830, "Foreign Currency Matters." Turkish Lira denominated monetary assets and liabilities (primarily cash, accounts receivables, and accounts payables) are remeasured at each balance sheet date using the currency exchange rate then in effect, with currency remeasurement gains and losses recognized in Other Income in the Statement of Operations. Turkish Lira-denominated nonmonetary assets and liabilities (primarily inventories, goodwill, and other intangible assets) are translated at the currency exchange rate in effect prior to highly inflation accounting commencement or at the exchange rate in effect at their date of acquisition if subsequent to April 1, 2022. As such, nonmonetary assets and liabilities retain a higher historical basis when currencies are devalued. This higher historical basis results in incremental expense being recognized when nonmonetary assets are consumed (i.e., sale of inventory). During the fiscal years ended September 30, 2023 and 2022, the Company recorded incremental expenses of \$87.0 million and \$40.0 million, respectively, in Cost of Goods Sold related to the consumption of inventory and expenses of \$9.0 million and \$11.9 million, respectively, within Other Income, Net related to the currency remeasurement of monetary assets and liabilities.

### ***Goodwill and Other Intangible Assets***

Goodwill arises from acquisitions or consolidations of specific operating companies and is assigned to the reporting unit in which a particular operating company resides. The Company identifies its reporting units based upon the Company's management reporting structure, beginning with its operating segments. The Company aggregates two or more components within an operating segment that have similar economic characteristics. The Company evaluates whether the components within its operating segments have similar economic characteristics, which include the similarity of long-term gross margins, the nature of the components' products, services, and production processes, the types of customers and the methods by which products or services are delivered to customers, and the components' regulatory environment. As of September 30, 2023, the Company's reporting units include U.S. Pharmaceutical Distribution Services, U.S. Consulting Services, MWI Animal Health, Alliance Healthcare, Innomar, World Courier, PharmaLex, and Profarma.

Goodwill and other intangible assets with indefinite lives, such as certain trademarks and trade names, are not amortized; rather, they are tested for impairment at least annually. For the purpose of these impairment tests, the Company can elect to perform a qualitative assessment to determine if it is more likely than not that the fair values of its reporting units and indefinite-lived intangible assets are less than the respective carrying values of those reporting units and indefinite-lived intangible assets, respectively. Such qualitative factors can include, among others, industry and market conditions, overall financial performance, and relevant entity-specific events. If the Company concludes based on its qualitative assessment that it is more likely than not that the fair value of a reporting unit is less than its carrying value, it performs a quantitative analysis. The Company elected to perform a quantitative impairment assessment of goodwill for its reporting units in fiscal 2023 and 2022 with the exception of its PharmaLex reporting unit, which was recently acquired. The Company elected to perform a qualitative impairment assessment of indefinite-lived intangible assets in fiscal 2023 and a quantitative impairment assessment of indefinite-lived intangible assets in fiscal 2022. The Company elected to perform a qualitative impairment assessment of goodwill and indefinite-lived intangible assets in fiscal 2021, with the exception of its testing of goodwill in the AmerisourceBergen Consulting Services (the sum of U.S. Consulting Service and Innomar reporting units, under the Company's prior reporting structure) and Profarma reporting units.

The quantitative goodwill impairment test requires the Company to compare the carrying value of the reporting unit's net assets to the fair value of the reporting unit. If the fair value exceeds the carrying value, no further evaluation is required, and no impairment loss is recognized. If the carrying amount exceeds the fair value, the difference between the carrying value

and the fair value is recorded as an impairment loss, the amount of which may not exceed the total amount of goodwill allocated to the reporting unit.

When performing a quantitative impairment assessment, the Company utilizes an income approach or a weighted-average of an income and market approach to value its reporting units. The income approach relies on a discounted cash flow analysis, which considers forecasted cash flows discounted at an appropriate discount rate, to determine the fair value of each reporting unit. The Company generally believes that market participants would use a discounted cash flow analysis to determine the fair value of the Company's reporting units in a sale transaction. The annual goodwill impairment test requires the Company to make a number of assumptions and estimates concerning future levels of revenue growth, operating margins, depreciation, amortization, capital expenditures, and working capital requirements, which are based upon the Company's long-range plan. The discount rate is an estimate of the overall after-tax rate of return required by a market participant whose weighted average cost of capital includes both debt and equity, including a risk premium. While the Company uses the best available information to prepare its forecasted cash flows and discount rate assumptions, actual future cash flows and/or market conditions could differ significantly resulting in future impairment charges related to recorded goodwill balances. While there are always changes in assumptions to reflect changing business and market conditions, the Company's overall methodology and the population of assumptions used have remained unchanged.

The quantitative impairment test for indefinite-lived intangibles other than goodwill (certain trademarks and trade names) consists of a comparison of the fair value of the indefinite-lived intangible asset to the carrying value of the asset as of the impairment testing date. The Company estimates the fair value of its indefinite-lived intangibles using the relief from royalty method, which is a widely used valuation technique for such assets. The fair value derived from the relief from royalty method is measured as the discounted cash flow savings realized from owning such indefinite-lived trademarks and trade names and not having to pay a royalty for their use.

The Company completed its required annual impairment tests relating to goodwill and indefinite-lived intangible assets in the fiscal years ended September 30, 2023, 2022, and 2021. The Company recorded goodwill impairments of \$75.9 million and \$6.4 million in its Profarma reporting unit in connection with its fiscal 2022 and 2021 impairment tests (see Note 5), respectively. No goodwill impairments were recorded in the fiscal year ended September 30, 2023, and no indefinite-lived intangible asset impairments were recorded in the fiscal years ended September 30, 2022, or 2021.

Finite-lived intangible assets are amortized using the straight-line method over the estimated useful lives of the assets. The Company performs a recoverability assessment of its long-lived assets when impairment indicators are present.

#### ***Income Taxes***

The Company accounts for income taxes using a method that requires recognition of deferred tax assets and liabilities for expected future tax consequences of temporary differences that currently exist between tax bases and financial reporting bases of the Company's assets and liabilities (commonly known as the asset and liability method). In assessing the need to establish a valuation allowance on deferred tax assets, the Company considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized.

The Company recognizes the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained upon examination by the taxing authorities, including settlements with tax authorities or resolutions of any related appeals or litigation processes, based upon the technical merits of the position. Tax benefits associated with uncertain tax positions that have met the recognition criteria are measured and recorded based upon the highest probable outcome that is more than 50% likely to be realized after full disclosure and resolution of a tax examination.

#### ***Inventories***

Inventories are stated at the lower of cost or market. Cost for approximately 66% of the Company's inventories as of September 30, 2023 and 2022 has been determined using the last-in, first-out ("LIFO") method. If the Company had used the first-in, first-out method of inventory valuation, which approximates current replacement cost, inventories would have been approximately \$1,588.0 million and \$1,383.4 million higher than the amounts reported as of September 30, 2023 and 2022, respectively. The Company recorded LIFO expense of \$204.6 million and \$67.2 million in the fiscal years ended September 30, 2023 and 2022, respectively, and a LIFO credit of \$203.0 million in the fiscal year ended September 30, 2021. The annual LIFO provision is affected by manufacturer pricing practices, which may be impacted by market and other external influences, changes in inventory quantities, and product mix, many of which are difficult to predict. Changes to any of the above factors can have a material impact to the Company's annual LIFO provision.

### ***Investments***

The Company first evaluates its investments in accordance with the variable interest model to determine whether it has a controlling financial interest in an investment. This evaluation is made as of the date on which the Company makes its initial investment, and subsequent evaluations are made if the structure of the investment changes. If it has determined that an investment is a variable interest entity ("VIE"), the Company evaluates whether the VIE is required to be consolidated. When the Company holds rights that give it the power to direct the activities of an entity that most significantly impact the entity's economic performance, combined with the obligation to absorb an entity's losses and the right to receive benefits, the Company consolidates a VIE. If it is determined that an investment is not a VIE, the Company then evaluates its investments under the voting interest model and generally consolidates investments in which it holds an ownership interest of greater than 50%. When the Company consolidates less-than-wholly-owned subsidiaries, it records its noncontrolling interest in its consolidated financial statements.

For equity securities without a readily determinable fair value, the Company uses the fair value measurement alternative and measures the securities at cost less impairment, if any, including adjustments for observable price changes in orderly transactions for an identical or similar investment of the same issuer. For investments in which the Company can exercise significant influence but does not control, it uses the equity method of accounting. The Company's share of earnings and losses of its investments is recorded in Other Income in the Consolidated Statements of Operations. The Company monitors its investments for impairment by considering factors such as the operating performance of the investment and current economic and market conditions.

### ***Leases***

At the inception of an arrangement, the Company determines whether the arrangement is or contains a lease based on the facts and circumstances present. Leases are classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. At the lease commencement date, operating and finance lease liabilities and their corresponding right-of-use ("ROU") assets are recorded based on the present value of lease payments over the expected lease term. The interest rate implicit in lease contracts is typically not readily determinable and, as such, the Company uses its incremental borrowing rate to discount the lease liabilities, which is the rate incurred to borrow on a collateralized basis over a similar term in a similar economic environment. Certain adjustments to the ROU asset may be required for items such as incentives received. The Company does not recognize on the balance sheet leases with terms of one year or less.

The Company has operating leases that are primarily comprised of buildings, office equipment, distribution center equipment, and vehicles. Some of the Company's leases include options to extend or early terminate the lease, which are included in the lease term when it is reasonably certain to exercise and there is a significant economic incentive to exercise that option. Certain lease agreements contain provisions for future rent increases. Lease payments included in the measurement of the lease liability comprise fixed payments. The Company combines lease and non-lease components as a single component. Operating lease cost is recognized over the expected lease term on a straight-line basis and is recorded in Distribution, Selling, and Administrative in the Company's Consolidated Statements of Operations. Variable lease payments, which are primarily comprised of maintenance, taxes, and other payments based on usage, are recognized when the expense is incurred. The Company's leases do not contain residual value guarantees.

### ***Manufacturer Incentives***

The Company considers fees and other incentives received from its suppliers relating to the purchase and distribution of inventory to represent product discounts, and, as a result, they are recognized within cost of goods sold upon the sale of the related inventory.

### ***Property and Equipment***

Property and equipment are stated at cost and depreciated using the straight-line method over the estimated useful lives of the assets, which range from 3 to 40 years for buildings and improvements and from 3 to 10 years for machinery, equipment, and other. The costs of repairs and maintenance are charged to expense as incurred.

The Company capitalizes project costs relating to computer software developed or obtained for internal use when the activities related to the project reach the application development stage. Costs that are associated with preliminary stage activities, training, maintenance, and all other post-implementation stage activities are expensed as they are incurred. Software development costs are depreciated using the straight-line method over the estimated useful lives, which range from 3 to 10 years.

---

The following table summarizes the Company's property and equipment balances for the periods indicated:

| (in thousands)                   | September 30, |              |

### **Revenue Recognition**

The Company's revenues are primarily generated from the distribution of pharmaceutical products. The Company also generates revenues from global commercialization services, which include clinical trial support, post-approval and commercialization support, and global specialty transportation and logistics for the biopharmaceutical industry. See Note 15 for the Company's disaggregated revenue.

The Company recognizes revenue related to the distribution of products at a point in time when title and control transfers to customers and there is no further obligation to provide services related to such products. Service revenue is recognized over the period that services are provided to the customer. The Company is generally the principal in a transaction; therefore, revenue is primarily recorded on a gross basis. When the Company is the principal in a transaction, it has determined that it controls the ability to direct the use of the product or service prior to the transfer to a customer, it is primarily responsible for fulfilling the promise to provide the product or service to its customer, it has discretion in establishing pricing, and it controls the relationship with the customer. Revenue is recognized at the amount of consideration expected to be received. For the distribution business, revenue is primarily generated from a contract related to a confirmed purchase order with a customer in a distribution arrangement and is net of estimated sales returns and allowances, other customer incentives, and sales tax.

When the Company is the agent in a transaction, the fee received from a manufacturer customer is recognized within revenue as the service is performed.

The Company's customer sales return policy generally allows customers to return products only if the products can be resold at full value or returned to suppliers for full credit. The Company records an accrual for estimated customer sales returns at the time of sale to the customer based upon historical return trends. As of September 30, 2023 and 2022, the Company's accrual for estimated customer sales returns was \$1,314.9 million and \$1,532.1 million, respectively.

### **Share-Based Compensation**

The Company accounts for the compensation cost of all share-based payments at fair value. The fair value of restricted stock units and performance stock units is based upon the grant date market price of the Company's common stock.

Share-based compensation expense is recognized over the requisite service period within Distribution, Selling, and Administrative in the Consolidated Statements of Operations to correspond with the same line item as the cash compensation paid to employees. Compensation expense associated with nonvested performance stock units is dependent upon the Company's periodic assessment of the probability of the targets being achieved and its estimate of the number of shares that will ultimately be issued.

The income tax effects of awards are recognized when the awards vest or are settled and are recognized in Income Tax Expense in the Company's Consolidated Statements of Operations.

### **Shipping and Handling Costs**

Shipping and handling costs include all costs to warehouse, pick, pack, and deliver inventory to customers. These costs, which were \$1,200.0 million, \$1,040.8 million, and \$809.3 million for the fiscal years ended September 30, 2023, 2022, and 2021, respectively, are included in Distribution, Selling, and Administrative in the Company's Consolidated Statements of Operations.

---

### **Supplier Reserves**

The Company establishes reserves against amounts due from its suppliers relating to various price and rebate incentives, including deductions or billings taken against payments otherwise due to them from the Company. These reserve estimates are established based upon the judgment of Company management after carefully considering the status of current outstanding claims, historical experience with the suppliers, the specific incentive programs, and any other pertinent information available to the Company. The Company evaluates the amounts due from its suppliers on a continual basis and adjusts the reserve estimates when appropriate based upon changes in factual circumstances. The ultimate outcome of any outstanding claim may be different than the Company's estimate.

### **Note 2. Acquisitions and Equity Method Investment**

#### **PharmaLex Acquisition**

The Company acquired and assumed control of PharmaLex Holding GmbH ("PharmaLex") effective January 1, 2023 for \$1.473 billion, subject to customary adjustments, including a \$29.3 million cash holdback. PharmaLex is a leading provider of specialized services for the life sciences industry. PharmaLex's services include regulatory affairs, development consulting and scientific affairs, pharmacovigilance, and quality management and compliance. PharmaLex is headquartered in Germany and operates in over 30 countries. The acquisition advances the Company's role as a partner of choice for biopharmaceutical partners across the pharmaceutical development and commercialization journey. PharmaLex is a component of the Company's International Healthcare Solutions reportable segment.

The purchase price has been preliminarily allocated to the underlying assets acquired, including \$37.4 million of cash and cash equivalents, and liabilities assumed based upon their estimated fair values as of the date of the acquisition. The preliminary allocation is pending the finalization of the working capital account balances and goodwill.

The purchase price exceeded the current estimated fair value of the net tangible and intangible assets acquired by \$1,023.1 million, which was allocated to goodwill. Goodwill resulting from this acquisition is not deductible for income tax purposes.

The estimated fair value of the intangible assets acquired of \$558.9 million, and the estimated useful lives are as follows:

| <b>(in thousands, except useful lives)</b> | <b>Fair Value</b> | <b>Useful Lives</b> |
|--------------------------------------------|-------------------|---------------------|
| Customer relationships                     | \$ 522,634        | 12                  |
| Trade names                                | 30,931            | 5                   |
| Software technology                        | 5,333             | 6                   |
| Total                                      | <u>\$ 558,898</u> |                     |

The Company established an estimated deferred tax liability of \$146.0 million primarily in connection with the intangible assets acquired.

#### **Investment in OneOncology**

In June 2023, the Company and TPG, a global alternative asset management firm, acquired OneOncology, LLC ("OneOncology"), a network of leading oncology practices. Including all direct transaction costs, the Company invested \$718.4 million (representing 34.9%) in a joint venture formed to acquire OneOncology for approximately \$2.1 billion, and TPG acquired the majority interest in the joint venture. The Company accounts for its interest in the joint venture as an equity method investment, which is included in Other Assets on its Consolidated Balance Sheet.

Beginning on the third anniversary of the closing of the joint venture's acquisition of OneOncology and ending on the day before the fourth anniversary of that closing, TPG will have a put option under which TPG may require the Company to purchase all of the other interests in the joint venture, including TPG's interest, at a price equal to 19 times OneOncology's adjusted earnings before interest, taxes, depreciation and amortization for the most recently ended 12-month period prior to TPG's exercise of the put option, all of which is subject to various other adjustments and qualifications. In addition, on the date that is the third anniversary of the closing and again beginning on the fourth anniversary of the closing and ending on the day before the fifth anniversary of the closing, the Company will have a call option to purchase all of the other interests in the joint venture, including TPG's, also at the price set forth above. The fair value of the net put option, which is a Level 3 measurement, was determined using a Monte Carlo simulation, which relies on assumptions, including cash flow projections, risk-free rates, volatility, and details specific to the put and call options. In September 2023, the Company adjusted the preliminary estimated net fair value of the net put option from \$807.2 million to \$872.9 million, which is recorded within Other Liabilities with a

corresponding offset in Other Assets in the Company's Consolidated Balance Sheet as of September 30, 2023. Given the Company has elected to not mark the net put option to market, the fair value of the net put option will remain on the balance sheet until its final resolution.

Upon the joint venture's acquisition of OneOncology, it was determined that there was a \$625.2 million difference between the carrying value of the Company's investment in OneOncology and its underlying equity in net assets, which has been allocated to intangible assets of \$305.6 million, a related deferred tax liability of \$20.5 million, and goodwill of \$340.0 million. The intangible assets and related deferred tax liability are being amortized over a weighted-average life of 23 years.

***Alliance Healthcare Acquisition***

On June 1, 2021, the Company acquired a majority of Walgreens Boots Alliance, Inc.'s ("WBA") Alliance Healthcare businesses ("Alliance Healthcare") for \$6,662.0 million in cash, \$229.1 million of the Company's common stock (2 million shares at the Company's June 1, 2021 opening stock price of \$114.54 per share), and \$6.1 million of other equity consideration. The net cash payment was \$5,596.7 million, as the Company acquired \$922.0 million of cash and cash equivalents and \$143.3 million of restricted cash. The shares issued were from the Company's treasury stock on a first-in, first-out basis and were originally purchased for \$149.1 million. In the fiscal year ended September 30, 2022, the Company's previous estimate of \$96.9 million of accrued consideration was settled for \$60.0 million, which resulted in a \$36.9 million reduction to Goodwill. The \$60.0 million cash payment is included in the total \$6,662.0 million cash consideration. The Company funded the cash purchase price through a combination of cash on hand and new debt financing. The acquisition expands the Company's reach and solutions in pharmaceutical distribution and adds to the Company's depth and breadth of global manufacturer services.

The Company completed the purchase price allocation as of June 1, 2022 and recorded purchase accounting adjustments that reduced working capital account balances by \$102.7 million, increased the corresponding deferred tax assets by \$63.0 million, and decreased other assets by \$13.3 million, which resulted in a \$53.0 million increase to Goodwill. There were no measurement period adjustments recorded to the previously-reported opening balance sheet that would have had a material impact on the Company's previously-reported results of operations had those adjustments been recorded in the previous reporting periods. The final purchase price has been allocated to the underlying assets acquired and liabilities assumed based upon their estimated fair values at the date of the acquisition in the table that follows:

<sup>1</sup> Tax law changes include 5.7% related to UK Tax Reform and 1.6% related to Swiss Tax Reform in fiscal 2021.

***United Kingdom Tax Reform***

The United Kingdom ("UK") government delivered a Spring Budget in March 2021 that set out a plan to provide continuing support for jobs and businesses as the UK recovers from the COVID-19 pandemic. The UK government Finance Act 2021 includes a provision to increase the corporate tax rate from 19% to 25% beginning on April 1, 2023. As a result, the Company recognized a deferred tax expense of \$127.6 million to increase its deferred tax liabilities for the change in the tax rate in the fiscal year ended September 30, 2021.

**Swiss Tax Reform**

In August 2020, the Canton of Bern enacted tax reforms to comply with requirements imposed by earlier Swiss federal tax reforms, which were retroactively effective as of January 1, 2020. A key provision of the Swiss federal tax reforms was the elimination of cantonal preferential tax regimes, which had the effect of increasing overall tax rates on Swiss income. To phase in the tax rate increase, the canton of Bern granted a tax ruling to the Company that effectively reduces the Company's Swiss tax rate for a period of 10 years.

As a result of the aforementioned Swiss tax law change and ruling, the Company recorded a deferred tax asset in the fiscal year ended September 30, 2020 that is expected to be realized over the following 10 years. As of September 30, 2023, the deferred tax asset of \$425.9 million was reduced by a \$235.9 million valuation allowance for the amount that more likely than not will not be realized.

In November 2020, the Canton of Bern approved its Budget 2021, which called for lowering its corporate income tax rate applicable to the Company's Swiss operations effective October 1, 2020. As a result, the Company recognized a deferred tax expense to reduce its Swiss deferred tax asset for the change in tax rate.

**Deferred Tax Liabilities and Assets**

Deferred income taxes reflect the future tax consequences of differences between the tax bases of assets and liabilities and their financial reporting amounts. Significant components of the Company's deferred tax liabilities (assets) are as follows:

As of September 30, 2023, the Company had \$114.1 million of potential tax benefits from state net operating loss carryforwards and \$322.0 million of potential tax benefits from foreign net operating loss carryforwards, which have varying expiration dates. The Company had \$6.4 million of state tax credit carryforwards and \$3.1 million in foreign alternative minimum tax credit carryforwards.

The Company assesses the available positive and negative evidence to determine whether deferred tax assets are more likely than not to be realized. As a result of this assessment, valuation allowances have been recorded on certain deferred tax assets. For the fiscal year ended September 30, 2023 and 2022, the Company increased the valuation allowance on deferred tax assets by \$20.1 million and \$78.7 million, respectively. The increases in the valuation allowance in the fiscal years ended September 30, 2023 and 2022 were primarily due to the increase in the valuation allowance against foreign net operating loss carryforwards.

In the fiscal years ended September 30, 2023, 2022, and 2021 tax benefits of \$24.6 million, \$13.4 million and \$8.2 million, respectively, related to the exercise of employee stock options and lapses of restricted stock units were recorded in Income Tax Expense in the Company's Consolidated Statements of Operations. The tax benefits recognized in the fiscal years ended September 30, 2023, 2022, and 2021 are not necessarily indicative of amounts that may arise in future periods.

Income tax payments, net of refunds, were \$463.1 million, \$244.4 million, and \$93.5 million in the fiscal years ended September 30, 2023, 2022, and 2021, respectively.

Cumulative undistributed earnings of international subsidiaries were \$3.9 billion as of September 30, 2023, \$2.1 billion of which is considered permanently reinvested. It is not practicable to estimate the taxes that would be due if such earnings were to be repatriated in the future.

The Company and its subsidiaries file income tax returns in the U.S. federal jurisdiction and various states and foreign jurisdictions. The Company is currently undergoing certain state and local income tax audits for various years. With few exceptions, the Company is no longer subject to U.S. federal, state and local, or foreign income tax examinations by tax authorities for years before 2020. The Company believes it has adequate tax reserves to cover potential federal, state or foreign tax exposures.

**Unrecognized Tax Benefits**

As of September 30, 2023 and 2022, the Company had unrecognized tax benefits, defined as the aggregate tax effect of differences between tax return positions and the benefits recognized in the Company's financial statements, of \$551.9 million and \$553.2 million, respectively (\$482.7 million and \$479.6 million, net of federal tax benefit, respectively). If recognized in the fiscal years ended September 30, 2023 and 2022, \$464.4 million and \$461.4 million, respectively, of these benefits would have reduced income tax expense and the effective tax rate. As of September 30, 2023 and 2022, included in the unrecognized tax benefits are \$25.9 million and \$26.7 million of interest and penalties, respectively, which the Company records in Income Tax Expense in the Company's Consolidated Statements of Operations.

A reconciliation of the beginning and ending amount of unrecognized tax benefits, excluding interest and penalties, for the periods indicated is as follows:

| (in thousands)                                        | Fiscal Year Ended September 30, |            |            |

During the next 12 months, it is reasonably possible that tax audit resolutions and the expiration of statutes of limitations could result in a reduction of unrecognized tax benefits by approximately \$9.0 million.

A significant portion of the Company's unrecognized tax benefits as of September 30, 2023 relates to the legal accrual for litigation related to the global opioid settlement, as well as other opioid-related litigation, as disclosed in Note 13. The Company has applied significant judgment in estimating the amount of the opioid settlements that will be deductible for U.S. federal and state purposes. In estimating the amount that would be deductible, the Company considered prior U.S. tax case law, the amount and character of the damages sought in litigation, and other relevant factors.

As a result of a prolonged decline in Profarma's stock price, the Company performed an impairment assessment over the Profarma reporting unit as of June 30, 2022 and recorded a goodwill impairment of \$75.9 million in the fiscal year ended September 30, 2022. The Company determined the fair value of the Profarma reporting unit based upon Profarma's publicly-traded stock price, plus an estimated control premium. This represents a level 2 nonrecurring fair value measurement.

As described in Note 1, the Company changed its name to Cencora, Inc. on August 30, 2023. In connection with the name change and gradual and planned transition away from other tradenames used, the Company reclassified \$651.0 million of trade names from indefinite-lived to finite-lived. The shortened useful lives of these trade names, all of which were acquired through prior acquisitions made by the Company, range from less than one year to three years. The future amortization expense amounts below reflect the impact of the intangible assets' revised useful lives.

Amortization expense for finite-lived intangible assets was \$553.6 million, \$307.3 million, and \$178.3 million in the fiscal years ended September 30, 2023, 2022, and 2021, respectively. Amortization expense for finite-lived intangible assets is estimated to be \$669.1 million in fiscal 2024, \$502.6 million in fiscal 2025, \$348.7 million in fiscal 2026, \$291.5 million in fiscal 2027, \$281.4 million in 2028, and \$2,321.3 million thereafter.

***Multi-Currency Revolving Credit Facility***

The Company has a \$2.4 billion multi-currency senior unsecured revolving credit facility ("Multi-Currency Revolving Credit Facility") with a syndicate of lenders, which was scheduled to expire in October 2027. In October 2023, the Company amended the Multi-Currency Revolving Credit Facility to extend the expiration to October 2028. Interest on borrowings under the Multi-Currency Revolving Credit Facility accrues at specified rates based upon the Company's debt rating and ranges from 80.5 basis points to 122.5 basis points over SOFR/EURIBOR/CDOR/RFR, as applicable (102.5 basis points over CDOR/LIBOR/EURIBOR/Bankers Acceptance Stamping Fee as of September 30, 2023) and from 0 basis points to 22.5 basis points over the alternate base rate and Canadian prime rate, as applicable. The Company pays facility fees to maintain the availability under the Multi-Currency Revolving Credit Facility at specified rates based on its debt rating, ranging from 7 basis points to 15 basis points, annually, of the total commitment (10 basis points as of September 30, 2023). The Company may choose to repay or reduce its commitments under the Multi-Currency Revolving Credit Facility at any time. The Multi-Currency Revolving Credit Facility contains covenants, including compliance with a financial leverage ratio test, as well as others that impose limitations on, among other things, indebtedness of subsidiaries and asset sales, with which the Company was compliant as of September 30, 2023.

***Commercial Paper Program***

The Company has a commercial paper program whereby it may from time to time issue short-term promissory notes in an aggregate amount of up to \$2.4 billion at any one time. Amounts available under the program may be borrowed, repaid, and re-borrowed from time to time. The maturities on the notes will vary, but may not exceed 365 days from the date of issuance. The notes will bear interest, if interest bearing, or will be sold at a discount from their face amounts. The commercial paper program does not increase the Company's borrowing capacity as it is fully backed by the Company's Multi-Currency Revolving Credit Facility. There were no borrowings outstanding under the commercial paper program as of September 30, 2023 and 2022.

### **Receivables Securitization Facility**

The Company has a \$1,450 million receivables securitization facility ("Receivables Securitization Facility"), which is scheduled to expire in October 2025. The Company has available to it an accordion feature whereby the commitment on the Receivables Securitization Facility may be increased by up to \$250 million, subject to lender approval, for seasonal needs during the December and March quarters. Interest rates are based on prevailing market rates for short-term commercial paper or 30-day Term SOFR, plus a program fee. The Company pays a customary unused fee at prevailing market rates, annually, to maintain the availability under the Receivables Securitization Facility.

In connection with the Receivables Securitization Facility, AmerisourceBergen Drug Corporation and a specialty distribution subsidiary sell on a revolving basis certain accounts receivable to Amerisource Receivables Financial Corporation, a wholly-owned special purpose entity, which in turn sells a percentage ownership interest in the receivables to financial institutions and commercial paper conduits sponsored by financial institutions. AmerisourceBergen Drug Corporation is the servicer of the accounts receivable under the Receivables Securitization Facility. As sold receivables are collected, additional receivables may be sold up to the maximum amount available under the facility. The facility is a financing vehicle utilized by the Company because it generally offers an attractive interest rate relative to other financing sources. The Company securitizes its trade accounts, which are generally non-interest bearing, in transactions that are accounted for as borrowings. The Receivables Securitization Facility contains similar covenants to the Multi-Currency Revolving Credit Facility, with which the Company was compliant as of September 30, 2023.

### **Revolving Credit Note, Overdraft Facility, and Money Market Facility**

The Company has an uncommitted, unsecured line of credit available to it pursuant to a revolving credit note ("Revolving Credit Note"). The Revolving Credit Note provides the Company with the ability to request short-term unsecured revolving credit loans from time to time in a principal amount not to exceed \$75 million. The Revolving Credit Note may be decreased or terminated by the bank or the Company at any time without prior notice. The Company also has a £10 million uncommitted U.K. overdraft facility ("Overdraft Facility") to fund short-term normal trading cycle fluctuations related to its MWI Animal Health business, which expires in February 2024. The Company has an uncommitted, unsecured line of credit available to it pursuant to a money market credit agreement ("Money Market Facility"). The Money Market Facility provides the Company with the ability to request short-term unsecured revolving credit loans from time to time in a principal amount not to exceed \$100 million. The Money Market Facility may be decreased or terminated by the bank or the Company at any time without prior notice.

### **Term Loans**

In February 2021, the Company entered into a \$1.0 billion variable-rate term loan ("February 2021 Term Loan"), which was available to be drawn on the closing date of the acquisition of Alliance Healthcare. In April 2021, the Company reduced its commitment under the February 2021 Term Loan to \$500 million. In June 2021, the Company borrowed \$500 million under the February 2021 Term Loan to finance a portion of the June 2021 Alliance Healthcare acquisition. The Company elected to make principal payments of \$250 million in September 2021 and again in March 2022 to repay the loan that was scheduled to mature in 2023.

### **Senior Notes**

In March 2021, the Company issued \$1,525 million of 0.737% senior notes due March 15, 2023 (the "2023 Notes"). The 2023 Notes were sold at 100.00% of the principal amount. Interest on the 2023 Notes was payable semi-annually in arrears and commenced on September 15, 2021. In March 2021, the Company issued \$1,000 million of 2.700% senior notes due March 15, 2031 (the "2031 Notes"). The 2031 Notes were sold at 99.79% of the principal amount and have an effective yield of 2.706%. Interest on the 2031 Notes is payable semi-annually in arrears and commenced on September 15, 2021. The 2023 Notes and 2031 Notes rank pari passu to the Company's other senior notes, the Multi-Currency Revolving Credit Facility, the Revolving Credit Note, the Overdraft Facility, and the Money Market Facility. The Company used the proceeds from the 2023 Notes and the 2031 Notes to finance a portion of the June 2021 Alliance Healthcare acquisition.

In the fiscal year ended September 30, 2022, the Company elected to repay \$850 million of 2023 Notes due in March 2023. In March 2023, the remaining balance of \$675 million on the original \$1.5 billion of 0.737% senior notes matured and was repaid.

The senior notes discussed above and also illustrated in the above debt table are collectively referred to as the "Notes." Interest on the Notes is payable semiannually in arrears. Most of the Notes were sold at small discounts to the principal amounts and, therefore, have effective yields that are greater than the stated interest rates in the table above. Costs incurred in connection with the issuance of the Notes were deferred and are being amortized over the terms of the Notes. The indentures governing the Notes contain restrictions and covenants, which include limitations on additional indebtedness; distributions to stockholders;

---

the repurchase of stock and the making of other restricted payments; issuance of preferred stock; creation of certain liens; transactions with subsidiaries and other affiliates; and certain corporate acts such as mergers, consolidations, and the sale of substantially all assets. An additional covenant requires compliance with a financial leverage ratio test. The Company was compliant with all covenants as of September 30, 2023.

#### ***Alliance Healthcare Debt***

Alliance Healthcare debt is comprised of uncommitted revolving credit facilities in various currencies with various rates. A vast majority of the outstanding borrowings as of September 30, 2023 were held in Turkey. These facilities are used to fund its working capital needs.

#### ***Nonrecourse Debt***

Nonrecourse debt is comprised of short-term and long-term debt belonging to the Brazil subsidiaries and is repaid solely from the Brazil subsidiaries' cash flows and such debt agreements provide that the repayment of the loans (and interest thereon) is secured solely by the capital stock, physical assets, contracts, and cash flows of the Brazil subsidiaries.

#### ***Other Information***

Scheduled future principal payments of debt are \$642.3 million in fiscal 2024, \$535.9 million in fiscal 2025, \$374.6 million in fiscal 2026, \$12.1 million in fiscal 2027, \$753.3 million in fiscal 2028, and \$2,500.0 million thereafter.

Interest paid on the above indebtedness during the fiscal years ended September 30, 2023, 2022, and 2021 was \$271.3 million, \$219.8 million, and \$170.9 million, respectively.

Total amortization of financing fees and the accretion of original issue discounts, which are recorded as components of Interest Expense, Net on the Consolidated Statements of Operations, were \$8.5 million, \$11.9 million, and \$9.7 million, for the fiscal years ended September 30, 2023, 2022, and 2021, respectively.

The Benefits Committee is responsible for the investment options under the Company's savings plans, as well as performance of the investment advisers and plan administrators.

### ***Retirement Benefit Plans***

The Company sponsors the AmerisourceBergen Employee Investment Plan (the "Plan"), which is a defined contribution 401(k) plan covering salaried and certain hourly employees. Eligible participants may contribute to the plan from 1% to 50% of their regular compensation before taxes. The Company contributes \$1.00 for each \$1.00 invested by the participant up to the first 3% of the participant's salary and \$0.50 for each additional \$1.00 invested by the participant up to an additional 2% of salary. An additional discretionary contribution, in an amount not to exceed the limits established by the Internal Revenue Code ("IRC"), may also be made depending upon the Company's performance. Based on the Company's performance in fiscal 2023, 2022, and 2021, the Company recognized expenses for discretionary contributions to the Plan in the fiscal years ended September 30, 2023, 2022, and 2021. All contributions are invested at the direction of the employee in one or more funds. All contributions vest immediately except for the discretionary contributions made by the Company, which vest in full after five years of credited service.

The Company's international businesses sponsor various country-specific retirement plans.

Costs of above retirement benefit plans charged to expense for the fiscal years ended September 30, 2023, 2022, and 2021 were \$89.4 million, \$90.1 million, and \$62.3 million, respectively.

### ***Deferred Compensation Plan***

The Company sponsors the AmerisourceBergen Corporation 2001 Deferred Compensation Plan. This unfunded plan allows eligible officers, directors, and key management employees to defer a portion of their annual compensation. The amount deferred may be allocated by the employee among a selection of mutual funds. The Company's liability relating to its deferred compensation plan as of September 30, 2023 and 2022 was \$39.3 million and \$31.7 million, respectively.

### **Note 10. Share-Based Compensation**

The Company's stockholders approved the AmerisourceBergen Corporation 2022 Omnibus Incentive Plan (the "2022 Plan"). As of September 30, 2023, there were 22.8 million shares available to be granted for employee and non-employee director stock restricted stock units, performance stock units, and stock options under the 2022 Plan.

#### ***Stock Options***

The Company's employee stock option plans provide for the granting of incentive and nonqualified stock options to acquire shares of common stock to employees at a price not less than the fair market value of the common stock on the dates options are granted. Option terms and vesting periods are determined at the date of grant by the Compensation Committee of the Board of Directors. Employee stock options generally vest ratably, in equal amounts, over a four-year service period and expire in seven years. The Company's non-employee director stock option plans provide for the granting of nonqualified stock options to acquire shares of common stock to non-employee directors at the fair market value of the common stock on the date of the grant. Non-employee director options vest ratably, in equal amounts, over a three-year service period and expire in ten years.

The estimated fair value of options granted is expensed on a straight-line basis over the requisite service periods of the awards and are net of estimated forfeitures. The Company estimates the fair values of option grants using a binomial option pricing model. Expected volatilities are based upon the historical volatility of the Company's common stock and other factors, such as implied market volatility. The Company uses historical exercise data, taking into consideration the optionees' ages at grant date, to estimate the terms for which the options are expected to be outstanding. The risk-free rates during the terms of such options are based upon the U.S. Treasury yield curve in effect at the time of grant.

The Company has not granted any stock options to employees since fiscal 2020, and it does not expect to grant any stock options in fiscal 2024.

During the fiscal years ended September 30, 2022 and 2021, the Company recognized stock option expense of \$2.2 million and \$4.6 million, respectively.

The majority of the restricted stock units granted beginning in fiscal 2021 and thereafter vest ratably over a three-year period. The estimated fair value of restricted stock units under the Company's restricted stock unit plans is determined by the product of the number of shares granted and the closing grant date market price of the Company's common stock. The estimated fair value of restricted stock units is expensed on a straight-line basis over the requisite service period, net of estimated forfeitures. During the fiscal years ended September 30, 2023, 2022, and 2021, the Company recognized restricted stock unit expense of \$84.3 million, \$71.3 million, and \$55.8 million, respectively.

**Performance Stock Units**

Performance stock units are granted to certain executive employees under the Plan and represent common stock potentially issuable in the future. Performance stock units vest at the end of a three-year performance period based upon achievement of specific performance goals. Based upon the extent to which the targets are achieved, vested shares may range from 0% to 200% of the target award amount. The fair value of performance stock units is determined by the grant date market price of the Company's common stock. Compensation expense associated with nonvested performance stock units is recognized over the requisite service period and is dependent on the Company's periodic assessment of the probability of the targets being achieved and its estimate of the number of shares that will ultimately be issued. During the fiscal years ended September 30, 2023, 2022, and 2021, the Company recognized performance stock expense of \$40.4 million, \$19.7 million, and \$38.9 million, respectively.

Restructuring and employee severance costs in the fiscal year ended September 30, 2023 primarily included expenses incurred in connection with workforce reductions in both of the Company's reportable segments. Restructuring and employee severance costs in the fiscal year ended September 30, 2022 included costs primarily related to the write down of assets related to the Company's office optimization plan and restructuring activities within certain businesses in the U.S. Healthcare Solutions reportable segment. Restructuring and employee severance costs in the fiscal year ended September 30, 2021 included costs primarily related to the disposal of assets related to the Company's office optimization plan and restructuring activities primarily within one business unit in the International Healthcare Solutions reportable segment.

Business transformation efforts in the fiscal year ended September 30, 2023 included rebranding costs associated with the Company's name change to Cencora and non-recurring expenses related to significant strategic initiatives to improve operational efficiency, including certain technology initiatives. The majority of these costs related to services provided by third-party consultants. Business transformation efforts in the fiscal year ended September 30, 2022 and 2021 primarily related to costs associated with reorganizing the Company to further align the organization to its customers' needs, including certain technology initiatives. The majority of these costs related to services provided by third-party consultants.

In March 2023, one of the Company's foreign business units experienced a cybersecurity event that impacted a standalone legacy information technology platform in one country and the foreign business unit's ability to operate in that country for approximately two weeks. In connection with this isolated event, the Company incurred costs to restore the foreign business unit's operations in that country, which were recorded in Other expenses in the above table. The majority of Other expenses in the fiscal year ended September 30, 2023 related to the cybersecurity event.

### **Note 13. Legal Matters and Contingencies**

In the ordinary course of its business, the Company becomes involved in lawsuits, administrative proceedings, government subpoenas, government investigations, stockholder demands, and other disputes, including antitrust, commercial, product liability, intellectual property, regulatory, employment discrimination, and other matters. Significant damages or penalties may be sought from the Company in some matters, and some matters may require years for the Company to resolve. The Company records a reserve for these matters when it is both probable that a liability has been incurred and the amount of the loss can be reasonably estimated.

For those matters for which the Company has not recognized a liability, the Company cannot predict the outcome of their impact on the Company as uncertainty remains with regard to whether such matters will proceed to trial, whether settlements will be reached, and the amount and terms of any such settlements. Outcomes may include settlements in significant amounts that are not currently estimable, limitations on the Company's conduct, the imposition of corporate integrity agreement obligations, consent decrees, and/or other civil and criminal penalties. From time to time, the Company is also involved in disputes with its customers, which the Company generally seeks to resolve through commercial negotiations. If negotiations are unsuccessful, the parties may litigate the dispute or otherwise attempt to settle the matter.

With respect to the specific legal proceedings and claims described below, unless otherwise noted, the amount or range of possible losses is not reasonably estimable. There can be no assurance that the settlement, resolution, or other outcome of one or more matters, including the matters set forth below, during any subsequent reporting period will not have a material adverse effect on the Company's results of operations or cash flows for that period or on the Company's financial condition.

#### ***Opioid Lawsuits and Investigations***

A significant number of counties, municipalities, and other governmental entities in a majority of U.S. states and Puerto Rico, as well as numerous states and tribes, filed lawsuits in various federal, state and other courts against pharmaceutical wholesale distributors (including the Company and certain subsidiaries, such as AmerisourceBergen Drug Corporation ("ABDC") and H.D. Smith), pharmaceutical manufacturers, retail pharmacy chains, medical practices, and physicians relating to the distribution of prescription opioid pain medications.

Starting in December 2017, more than 2,000 cases were transferred to Multidistrict Litigation ("MDL") proceedings before the United States District Court for the Northern District of Ohio (the "Court"). Since then, several cases filed by government and tribal plaintiffs that were selected as bellwether cases in the MDL have been resolved through trial or settlement. Following trial in two consolidated cases in West Virginia federal court, the court entered judgment in favor of the defendants, including the Company. The plaintiffs filed an appeal of the court's decision on August 2, 2022, which remains pending. The MDL Court is in the process of selecting four cases filed by third-party payors to serve as additional litigation bellwethers.

On July 21, 2021, the Company announced that it and the two other national pharmaceutical distributors had negotiated a Distributor Settlement Agreement that, if all conditions were satisfied, would result in the resolution of a substantial majority of opioid lawsuits filed by state and local governmental entities. The Distributor Settlement Agreement became effective on April 2, 2022, and as of September 30, 2023, it included 48 of 49 eligible states (the "Settling States") as well as 99% by population of the eligible political subdivisions in the Settling States. Pursuant to the Distributor Settlement Agreement and related agreements with Settling States, the Company will pay up to approximately \$6.4 billion over 18 years and comply with other requirements, including establishment of a clearinghouse that will consolidate data from all three national distributors. The exact payment amount will depend on several factors, including the extent to which states take action to foreclose opioid lawsuits by subdivisions (e.g., laws barring opioid lawsuits by subdivisions). West Virginia and its subdivisions and Native American tribes are not a part of the Distributor Settlement Agreement, and the Company has reached separate agreements with those groups. The State of Alabama is not participating in the Distributor Settlement Agreement and has an active case pending against the Company (and another distributor) in Alabama state court, which is scheduled to begin trial on February 26, 2024.

The Company's accrued litigation liability related to the Distributor Settlement Agreement, including an estimate for the State of Alabama and non-participating government subdivisions (with whom the Company has not reached a settlement agreement), as well as other opioid-related litigation for which it has reached settlement agreements, as described above, was \$5.5 billion as of September 30, 2023 and \$6.0 billion as of September 30, 2022. The Company currently estimates that

\$407.5 million will be paid prior to September 30, 2024, which is recorded in Accrued Expenses and Other on the Company's Consolidated Balance Sheet. The remaining long-term liability of \$5.1 billion is recorded in Accrued Litigation Liability on the Company's Consolidated Balance Sheet. While the Company has accrued its estimated liability for opioid litigation, it is unable to estimate the range of possible loss associated with the matters that are not included in the accrual. Because loss contingencies are inherently unpredictable and unfavorable developments or resolutions can occur, the assessment is highly subjective and requires judgments about future events. The Company regularly reviews opioid litigation matters to determine whether its accrual is adequate. The amount of ultimate loss may differ materially from the amount accrued to date. Until such time as otherwise resolved, the Company will continue to litigate and prepare for trial and to vigorously defend itself in all such matters. Since these matters are still developing, the Company is unable to predict the outcome, but the result of these lawsuits could include excessive monetary verdicts and/or injunctive relief that may affect the Company's operations.

Additional lawsuits regarding the distribution of prescription opioid pain medications are ongoing in cases filed by a variety of types of plaintiffs. In Alabama, a jury trial was scheduled to begin on July 24, 2023 in a case that involves up to eight plaintiff hospitals. That case was stayed by order of the Alabama Supreme Court on July 10, 2023, pending further order of that court, so there currently is no trial date. In Maryland, a trial is scheduled for September 16, 2024 in a case filed by the Mayor and City Council of Baltimore. Additional litigation is anticipated in cases filed by subdivisions that are not participating in the Distributor Settlement Agreement, as well as in cases filed by non-governmental or non-political entities, including hospitals, third-party payors, and individuals, among others. The Company is vigorously defending itself in the pending lawsuits and intends to vigorously defend itself against any threatened lawsuits or enforcement proceedings.

Since July 2017, the Company has received subpoenas from several U.S. Attorney's Offices, including grand jury subpoenas from the U.S. Attorney's Office for the District of New Jersey ("USAO-NJ") and the U.S. Attorney's Office for the Eastern District of New York ("USAO-EDNY"). Those subpoenas requested the production of a broad range of documents pertaining to the Company's distribution of controlled substances through its various subsidiaries, including ABDC, and its diversion control programs. The Company produced documents in response to the subpoenas and engaged in discussions with the various U.S. Attorney's Offices, including the Health Care and Government Fraud Unit of the Criminal Division of the USAO-NJ, the U.S. Department of Justice Consumer Protection Branch and the U.S. Drug Enforcement Administration, in an attempt to resolve these matters. On December 29, 2022, the Department of Justice filed a civil Complaint against the Company, ABDC, and Integrated Commercialization Services, LLC ("ICS"), a subsidiary of the Company, alleging violations of the Controlled Substances Act. Specifically, the Complaint alleges that the Company negligently failed to report suspicious orders to the Drug Enforcement Administration. In the Complaint, the Department of Justice seeks civil penalties and injunctive relief. This Complaint relates to the aforementioned and previously-disclosed investigations. On March 30, 2023, the Company filed a motion to dismiss the Complaint in its entirety on behalf of itself, ABDC, and ICS. On November 6, 2023, the United States District Court for the Eastern District of Pennsylvania granted in part and denied in part the motion, dismissing with prejudice all claims for civil penalties for Defendants' alleged violations of the suspicious order reporting requirement prior to October 27, 2018, but otherwise denying the motion. The Company denies the allegations in the Complaint and intends to defend itself vigorously in the litigation.

#### ***Shareholder Securities Litigation***

On October 11, 2019, Teamsters Local 443 Health Services & Insurance Plan, St. Paul Electrical Construction Pension Plan, St. Paul Electrical Construction Workers Supplemental Pension Plan (2014 Restatement), Retirement Medical Funding Plan for the St. Paul Electrical Workers, and San Antonio Fire & Police Pension Fund filed a complaint for a purported derivative action in the Delaware Court of Chancery against the Company and certain of its current and former officers and directors (collectively, "Defendants"). The complaint alleges that the Defendants breached their fiduciary duties by failing to oversee the compliance by certain of the Company's subsidiaries (including the Company's former subsidiary Medical Initiatives, Inc. ("MI")) with federal regulations, allegedly resulting in the payment of fines and penalties in connection with the settlements with the USAO-EDNY in fiscal 2017 and 2018 that resolved claims arising from MI's pre-filled syringe program. In December 2019, Defendants filed a motion to dismiss the complaint. After briefing and oral argument, on August 24, 2020 the Delaware Court of Chancery denied Defendants' motion to dismiss. On September 24, 2020, the Board of Directors of the Company established a Special Litigation Committee to conduct an investigation concerning the plaintiffs' allegations, and on November 10, 2020, the Delaware Court of Chancery granted the Special Litigation Committee's motion to stay the litigation pending its investigation. On September 22, 2021, the Special Litigation Committee filed its report under seal and moved to dismiss the case. On November 17, 2023, the Delaware Court of Chancery granted the Special Litigation Committee's motion to dismiss.

On December 30, 2021, Lebanon County Employees' Retirement Fund and Teamsters Local 443 Health Services & Insurance Plan filed a complaint for a purported derivative action in the Delaware Court of Chancery against the Company and certain of its current officers and directors. The complaint alleges claims for breach of fiduciary duty allegedly arising from the Board's and certain officers' oversight of the Company's controlled substance diversion control programs. The defendants

moved to dismiss the complaint on March 29, 2022. On December 22, 2022, the Court of Chancery granted the motion to dismiss. On January 9, 2023, the Plaintiffs filed a Motion for Relief from Judgment and Order Pursuant to Rule 60(b) from the Chancery Court's judgment. On January 20, 2023, the Plaintiffs also appealed the ruling to the Delaware Supreme Court. On March 21, 2023 the Court of Chancery denied the Plaintiffs' Motion for Relief from Judgment and Order Pursuant to Rule 60(b). On September 20, 2023, the Delaware Supreme Court heard oral argument on the appeal and took the matter under advisement.

#### ***Subpoenas, Ongoing Investigations, and Other Contingencies***

From time to time, the Company receives subpoenas or requests for information from various government agencies relating to the Company's business or to the business of a customer, supplier, or other industry participant. The Company's responses often require time and effort and can result in considerable costs being incurred. Most of these matters are resolved without incident; however, such subpoenas or requests can lead to the assertion of claims or the commencement of civil or criminal legal proceedings against the Company and other members of the healthcare industry, as well as to substantial settlements.

In January 2017, U.S. Bioservices Corporation, a former subsidiary of the Company, received a subpoena for information from the USAO-EDNY relating to its activities in connection with billing for products and making returns of potential overpayments to government payers. A filed qui tam complaint related to the investigation was unsealed in April 2019 and the relator filed an amended complaint under seal in the U.S. District Court for the Eastern District of New York. In December 2019, the government filed a notice that it was declining to intervene. The court ordered that the relator's complaint against the Company and other defendants, including AmerisourceBergen Specialty Group, LLC, be unsealed. The relator's complaint alleged violations of the federal False Claims Act and the false claims acts of various states. The relator filed a second amended complaint, removing one state false claims act count. The Company filed a motion to dismiss the second amended complaint and all briefs on the motion were filed with the court on October 9, 2020. The motion to dismiss was granted on December 22, 2022. The False Claims Act claims were dismissed with prejudice, and the state claims were dismissed without prejudice. On January 24, 2023, the relator filed Motions to Reconsider Dismissal and For Leave to Amend the Complaint. Response briefs on those motions were filed by the Company and all briefing was completed on February 15, 2023.

In December 2019, Reliable Pharmacy, together with other retail pharmacies and North Sunflower Medical Center, filed a civil antitrust complaint against multiple generic drug manufacturers, and also included claims against ABDC and H.D. Smith, and other drug distributors and industry participants. The case is filed as a putative class action and plaintiffs purport to represent a class of drug purchasers including other retail pharmacies and healthcare providers. The case has been consolidated for multidistrict litigation proceedings before the United States District Court for the Eastern District of Pennsylvania. The complaint alleges that ABDC, H.D. Smith, and others in the industry participated in a conspiracy to fix prices, allocate markets and rig bids regarding generic drugs. In March 2020, the plaintiffs filed a further amended complaint. On July 15, 2020, the defendants filed a motion to dismiss the complaint. On May 25, 2022, the Court granted the motion to dismiss without prejudice. On July 1, 2022, the plaintiffs filed an amended complaint, again including claims against ABDC, H.D. Smith, and other drug distributors and industry participants. On August 21, 2022, the Company and other industry participants filed a motion to dismiss the amended complaint. All briefs on the motion were filed with the court on November 22, 2022.

On March 3, 2022, the United States Attorney's Office for the Western District of Virginia notified the Company of the existence of a criminal investigation into MWI Veterinary Supply Co., the Company's animal health subsidiary, in connection with grand jury subpoenas relating to compliance with state and federal regulatory requirements governing wholesale shipments of animal health products to customers. The Company is cooperating with the investigation.

#### **Note 14. Litigation Settlements**

##### ***Antitrust Settlements***

Numerous lawsuits have been filed against certain brand pharmaceutical manufacturers alleging that the manufacturer, by itself or in concert with others, took improper actions to delay or prevent generic drugs from entering the market. These lawsuits are generally brought as class actions. The Company has not been a named a plaintiff in any of these lawsuits, but has been a member of the direct purchasers' class (i.e., those purchasers who purchase directly from these pharmaceutical manufacturers). None of the lawsuits has gone to trial, but some have settled in the past with the Company receiving proceeds from the settlement funds. During the fiscal years ended September 30, 2023, 2022, and 2021, the Company recognized gains relating to these lawsuits of \$239.1 million, \$1.8 million, and \$168.8 million, respectively. These gains, which are net of attorney fees and estimated payments due to other parties, were recorded as reductions to cost of goods sold in the Company's Consolidated Statements of Operations.

## Report of Independent Registered Public Accounting Firm

To the Stockholders and the Board of Directors of Cencora, Inc.

### Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Cencora, Inc. and subsidiaries (the Company) as of September 30, 2024 and 2023, the related consolidated statements of operations, comprehensive income, changes in stockholders' equity and cash flows for each of the three years in the period ended September 30, 2024, and the related notes (collectively referred to as the "consolidated financial statements"). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company at September 30, 2024 and 2023, and the results of its operations and its cash flows for each of the three years in the period ended September 30, 2024, in conformity with U.S. generally accepted accounting principles.

### Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

### Critical Audit Matters

The critical audit matters communicated below are matters arising from the current period audit of the financial statements that were communicated or required to be communicated to the audit committee and that: (1) relate to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing separate opinions on the critical audit matters or on the accounts or disclosure to which they relate.

#### *Legal Matters and Contingencies - Opioid Lawsuits and Investigations*

##### *Description of the Matter*

As discussed in Note 13 of the consolidated financial statements, the Company is involved in a significant number of lawsuits and government investigations relating to the distribution of prescription opioid pain medications and other controlled substances ("opioid litigation and investigations"). The Company recognizes a liability for those legal contingencies for which it is probable that a liability has been incurred at the date of the consolidated financial statements and the amount is reasonably estimable. As discussed in Note 4, in connection with the recognized liabilities for settled opioid lawsuits, the Company recognizes a related income tax benefit, which reflects an unrecognized tax benefit resulting from uncertainty in the amount that is more likely than not to be deductible for U.S. federal and state income tax purposes. The Company used significant judgment in measuring the amount of income tax benefit that may ultimately be deductible for U.S. federal and state purposes.

Auditing management's determination of whether the risk of loss related to opioid litigation and investigations is probable and reasonably estimable, and the related disclosures is highly subjective and requires significant judgment. Auditing management's judgments related to unsettled cases was challenging due to the significant judgment applied in determining the likelihood of resolution of matters through settlement or litigation and the magnitude of the liability. In addition, auditing management's estimate of the amount of income tax benefit related

to the Company's uncertain tax positions is challenging because the evaluation of the technical merits of income tax benefits that qualify for a deduction related to the opioid litigation and investigations requires significant judgment.

*How We Addressed the Matter in Our Audit*

We tested the Company's internal controls that address the risks of material misstatement related to the completeness and presentation and disclosure of the opioid litigation and investigations liability and related uncertain tax position. This included testing controls related to the Company's process for identification, recognition, completeness, and disclosure of the opioid litigation and testing controls related to the Company's process to assess the technical merits of its tax position, including the Company's assessment as to the amount of benefit that is more likely than not to be realized upon ultimate settlement with taxing authorities. For example, we tested controls over management's review of the assessment of the completeness of the opioid litigation and investigations liability and whether a range of possible loss in excess of the amount accrued is reasonably estimable to determine the accuracy of the opioid litigation and investigations liability and the related financial statement disclosures.

To test the Company's opioid litigation and investigations liability, our substantive audit procedures included, among others, testing the completeness of the contingencies subject to evaluation by the Company and evaluating the Company's analysis of its assessment of the probability of outcome for each material legal contingency through inspection of responses to inquiry letters sent to both internal and external legal counsel, discussions with internal general counsel and external legal counsel to confirm our understanding of the allegations and any settlement discussions, inspection of proposed settlement agreements, and obtaining written representations from executives of the Company. We also compared the Company's assessment with its relevant history of similar legal contingencies that have been settled or otherwise resolved to evaluate the consistency of the Company's assessment for unsettled opioid litigation and investigations.

For those legal contingencies for which the Company has determined that a loss is probable and reasonably estimable and is therefore required to be recognized, we evaluated the method of measuring the amounts of the recorded and disclosed contingencies. For those legal contingencies for which the Company has determined that a loss is reasonably possible, and is therefore required to be disclosed, we evaluated the methods for determining whether a range of loss can be estimated and the related disclosures. We assessed the Company's estimate of the amount of the loss, for both contingencies that are probable and reasonably possible, through inspection of responses to inquiry letters sent to both internal and external legal counsel, discussions with internal general counsel and external legal counsel, inspection of proposed settlement agreements and obtaining written representations from executives of the Company. In addition, we evaluated the adequacy of the Company's financial statement disclosures.

To test the uncertain tax position, we involved our tax subject matter professionals in assessing the technical merits and measurement of the Company's tax positions related to the opioid litigation and investigation liability. We examined the Company's analyses and evaluated the underlying facts upon which the tax positions were based. We used our knowledge of historical settlement activity in similar matters involving legal settlements to evaluate the Company's measurement of the uncertain tax position associated with the opioid litigation and investigations. We also evaluated the adequacy of the Company's financial statement disclosures and obtained written representations from executives of the Company related to this income tax matter.

***Goodwill Impairment Evaluation of the PharmaLex Reporting Unit***

*Description of the Matter*

At September 30, 2024, the Company's consolidated goodwill balance was \$9,318 million. As discussed in Note 2 to the consolidated financial statements, the Company's goodwill is tested for impairment at least annually, or whenever events or circumstances indicate that the value of goodwill may be impaired. If goodwill is determined to be impaired, an impairment loss is

measured at the amount by which the reporting unit's carrying amount exceeds its fair value, not to exceed the carrying amount of goodwill. The Company performed a quantitative analysis of the PharmaLex reporting unit as of its annual goodwill impairment assessment date of July 1, 2024. Based on the Company's assessment, the estimated fair value of the reporting unit was determined to be less than its carrying value. As a result, a pre-tax goodwill impairment charge of \$418 million was recognized.

Auditing the Company's goodwill impairment assessment for the PharmaLex reporting unit was complex and highly judgmental due to the significant judgments and estimation required by management in determining the fair value of the reporting unit, which is based on assumptions about future market or economic conditions and company-specific qualitative factors whose outcome is uncertain and will therefore be subject to change over time. In particular, the fair value estimate of the reporting unit involves the use of significant unobservable inputs and is sensitive to changes in significant assumptions, such as the revenue growth rate, discount rate and earnings before interest, taxes, depreciation and amortization ("EBITDA") margin.

*How We  
Addressed the  
Matter in Our  
Audit*

We obtained an understanding, evaluated the design and tested the operating effectiveness of controls over the Company's annual goodwill impairment assessment process, which included the PharmaLex reporting unit. For example, we tested controls over management's review of the fair value of the PharmaLex reporting unit including review of the valuation model, the significant assumptions described above, and the completeness and accuracy of the data used in the valuation.

To test the estimated fair value of the PharmaLex reporting unit, we performed audit procedures that included, among others, assessing the methodologies used to develop the estimated fair value, testing the significant assumptions discussed above, and evaluating the completeness and accuracy of the underlying data used by the Company in its analyses. We compared the significant assumptions used by the Company to forecasted industry and economic trends and peer company information. We performed sensitivity analyses of significant assumptions to evaluate the changes in the fair value of the reporting unit that would result from changes in the assumptions. We also involved valuation specialists to assist in our evaluation of the overall methodologies and significant assumptions used in the fair value estimate, including performing a comparative calculation of the discount rate.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**September 30, 2024**

**Note 1. Summary of Significant Accounting Policies**

Cencora, Inc. and its subsidiaries, including a less-than-wholly-owned subsidiary in which Cencora, Inc. has a controlling financial interest (the "Company"), is one of the largest global pharmaceutical sourcing and distribution services companies, helping both healthcare providers and pharmaceutical and biotech manufacturers improve patient access to products and enhance patient care. The Company delivers innovative programs and services designed to improve the effectiveness and efficiency of the pharmaceutical supply chain in both human and animal health.

***Basis of Presentation***

The accompanying financial statements present the consolidated financial position, results of operations, and cash flows of the Company as of the dates and for the periods indicated. All significant intercompany accounts and transactions have been eliminated in consolidation.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual amounts could differ from these estimated amounts due to uncertainties inherent in such estimates. Management periodically evaluates estimates used in the preparation of the financial statements for continued reasonableness.

***Recently Adopted Accounting Pronouncements***

As of September 30, 2024, there were no recently-adopted accounting standards that had a material impact on the Company's financial position, results of operations, cash flows, or notes to the financial statements upon their adoption.

***Recently Issued Accounting Pronouncements Not Yet Adopted***

In November 2023, the Financial Accounting Standards Board ("FASB") issued ASU No. 2023-07, "Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures ("ASU 2023-07")." ASU 2023-07 requires public entities to disclose significant segment expenses on an annual and interim basis and to provide in interim periods all disclosures about a reportable segment's profit or loss that are currently required annually. ASU 2023-07 is effective for annual periods beginning after December 15, 2023 and interim periods beginning after December 15, 2024. Early adoption is permitted. The guidance should be applied retrospectively to all periods presented in the financial statements. The Company is currently evaluating the impact of adopting this new accounting guidance.

In December 2023, the FASB issued ASU No. 2023-09, "Income Taxes (Topic 740): Improvements to Income Tax Disclosures ("ASU 2023-09")." ASU 2023-09 requires entities to provide additional information in their tax rate reconciliation and additional disclosures about income taxes paid by jurisdiction. ASU 2023-09 is effective for annual reporting periods beginning after December 15, 2024, with early adoption permitted. The guidance should be applied prospectively, but entities have the option to apply it retrospectively for each period presented. The Company is currently evaluating the impact of adopting this new accounting guidance.

***Business Combinations***

The assets acquired and liabilities assumed from an acquired business are recorded at estimated fair value, with the residual of the purchase price recorded as goodwill. The results of operations of an acquired businesses are included in the Company's operating results from the date of acquisition.

***Cash, Cash Equivalents, and Restricted Cash***

The Company considers all highly liquid investments with original maturities of three months or less to be cash equivalents. The carrying value of cash equivalents approximates fair value.

The Company is required to maintain certain cash deposits with banks mainly consisting of deposits restricted under contractual agency agreements and cash restricted by law and other obligations, including opioid-related legal settlements.

**Concentrations of Credit Risk and Allowance for Credit Losses**

The Company has sales to a significant number of customers in the healthcare industry that include institutional and retail healthcare providers. Institutional healthcare providers include acute care hospitals, health systems, mail order pharmacies, long-term care and other alternate care pharmacies and providers of pharmacy services to such facilities, and physician offices. Retail healthcare providers include national and regional retail drugstore chains, independent community pharmacies, pharmacy departments of supermarkets and mass merchandisers, and veterinarians. The financial condition of the Company's customers can be affected by changes in government reimbursement policies as well as by other economic pressures in the healthcare industry.

The Company's trade accounts receivables are exposed to credit risk. Revenue from the various agreements and arrangements with the Company's largest customer in fiscal 2024, Walgreens Boots Alliance, Inc. ("WBA"), accounted for approximately 26% of revenue and represented approximately 37% of accounts receivable, net of incentives, as of September 30, 2024. Evernorth Health Services (formerly Express Scripts, Inc.), the Company's second largest customer in fiscal 2024, accounted for approximately 13% of revenue and represented approximately 5% of accounts receivable as of September 30, 2024. The Company generally does not require collateral for trade receivables. The Company evaluates its receivables for risk of loss by grouping its receivables with similar risk characteristics. Expected losses are determined based on a combination of historical loss trends, current economic conditions, and forward-looking risk factors. Changes in these factors, among others, may lead to adjustments in the Company's allowance for credit losses. The calculation of the required allowance requires judgment by Company management as to the impact of those and other factors on the ultimate realization of its trade receivables. The Company performs ongoing credit evaluations of its customers' financial condition and maintains reserves for expected credit losses for specific credit problems when they arise. There were no significant changes to this process during fiscal 2024, 2023, and 2022, and bad debt expense was computed in a consistent manner during these periods.

The Company maintains cash, cash equivalents, and restricted cash with several financial institutions. Deposits held with banks may exceed the amount of insurance provided on such deposits. These deposits may be redeemed upon demand and are maintained with financial institutions with reputable credit and, therefore, bear minimal credit risk. The Company seeks to mitigate such risks by monitoring the risk profiles of these counterparties. The Company also seeks to mitigate risk by monitoring the investment strategy of money market accounts in which it is invested, which are classified as cash equivalents.

**Contingencies**

*Loss Contingencies:* In the ordinary course of its business, the Company becomes involved in lawsuits, administrative proceedings, government subpoenas, government investigations, stockholder demands, and other disputes, including antitrust, commercial, product liability, intellectual property, regulatory, employment discrimination, and other matters. Significant damages or penalties may be sought from the Company in some matters, and some matters may require years for the Company to resolve. The Company records a liability when it is both probable that a loss has been incurred and the amount can be reasonably estimated. The Company also performs an assessment of the materiality of loss contingencies where a loss is either not probable or it is reasonably possible that a loss could be incurred in excess of amounts accrued. If a loss or an additional loss has at least a reasonable possibility of occurring and the impact on the financial statements would be material, the Company provides disclosure of the loss contingency in the notes to its financial statements. The Company reviews all contingencies at least quarterly to determine whether the likelihood of loss has changed and to assess whether a reasonable estimate of the loss or the range of the loss can be made. Among the loss contingencies that the Company considered in accordance with the foregoing in connection with the preparation of the accompanying financial statements were the opioid matters described in Note 13.

*Gain Contingencies:* The Company records gain contingencies when they are realized. Gains from antitrust litigation settlements are realized upon the receipt of cash and recorded as a reduction to cost of goods sold because they represent a

recovery of amounts historically paid to manufacturers to originally acquire the pharmaceuticals that were the subject of the antitrust litigation settlements (see Note 14).

#### ***Derivative Financial Instruments***

The Company utilizes derivative financial instruments to manage exposures to foreign currency. The Company records all derivative financial instruments on the balance sheet at fair value and complies with established criteria for designation and effectiveness of hedging relationships. The Company's policy prohibits it from entering into derivative financial instruments for speculative or trading purposes.

#### ***Foreign Currency***

When the functional currency of the Company's foreign operations is the applicable local currency, assets and liabilities are translated into U.S. dollars using the current exchange rates in effect at the balance sheet date, while revenues and expenses are translated at the weighted average exchange rates for the period. The resulting asset and liability translation adjustments are recorded as a component of Accumulated Other Comprehensive Loss within Stockholders' Equity.

During the quarter ended March 31, 2022, Turkey became a highly inflationary economy, as defined under U.S. GAAP. As a result, effective April 1, 2022, and until such time as the applicable economy is no longer considered highly inflationary, Turkish Lira-denominated assets and liabilities are remeasured using the Company's reporting currency in accordance with ASC 830, "Foreign Currency Matters." Turkish Lira denominated monetary assets and liabilities (primarily cash, accounts receivables, and accounts payables) are remeasured at each balance sheet date using the currency exchange rate then in effect, with currency remeasurement gains and losses recognized in Other Income in the Statement of Operations. Turkish Lira-denominated nonmonetary assets and liabilities (primarily inventories, goodwill, and other intangible assets) are translated at the currency exchange rate in effect prior to highly inflation accounting commencement or at the exchange rate in effect at their date of acquisition if subsequent to April 1, 2022. As such, nonmonetary assets and liabilities retain a higher historical basis when currencies are devalued. This higher historical basis results in incremental expense being recognized when nonmonetary assets are consumed (i.e., sale of inventory). During fiscal 2024, 2023, and 2022, the Company recorded incremental expenses of \$54.1 million, \$87.0 million, and \$40.0 million, respectively, in Cost of Goods Sold related to the consumption of inventory and expenses of \$1.2 million, \$9.0 million, and \$11.9 million, respectively, within Other Loss (Income), Net related to the currency remeasurement of monetary assets and liabilities.

#### ***Goodwill and Other Intangible Assets***

Goodwill arises from acquisitions or consolidations of specific operating companies and is assigned to the reporting unit in which a particular operating company resides. The Company identifies its reporting units based upon the Company's management reporting structure, beginning with its operating segments. The Company aggregates two or more components within an operating segment that have similar economic characteristics. The Company evaluates whether the components within its operating segments have similar economic characteristics, which include the similarity of long-term gross margins, the nature of the components' products, services, and production processes, the types of customers and the methods by which products or services are delivered to customers, and the components' regulatory environment. As of September 30, 2024, the Company's reporting units include U.S. Pharmaceutical Distribution Services, U.S. Consulting Services, MWI Animal Health, Alliance Healthcare, Innomar, World Courier, PharmaLex, and Profarma.

Goodwill and other intangible assets with indefinite lives, such as certain trademarks and trade names, are not amortized; rather, they are tested for impairment at least annually. For the purpose of these impairment tests, the Company can elect to perform a qualitative assessment to determine if it is more likely than not that the fair values of its reporting units and indefinite-lived intangible assets are less than the respective carrying values of those reporting units and indefinite-lived intangible assets, respectively. Such qualitative factors can include, among others, industry and market conditions, overall financial performance, and relevant entity-specific events. If the Company concludes based on its qualitative assessment that it is more likely than not that the fair value of a reporting unit is less than its carrying value, it performs a quantitative analysis. The Company elected to perform quantitative impairment assessments of goodwill for all its reporting units in fiscal 2024, 2023, and 2022 with the exception of its PharmaLex reporting unit in fiscal 2023 since it was acquired in fiscal 2023. The Company elected to perform qualitative impairment assessments of indefinite-lived intangible assets in fiscal 2024 and fiscal 2023 and a quantitative impairment assessment of indefinite-lived intangible assets in fiscal 2022.

The quantitative goodwill impairment test requires the Company to compare the carrying value of the reporting unit's net assets to the fair value of the reporting unit. If the fair value exceeds the carrying value, no further evaluation is required, and no impairment loss is recognized. If the carrying amount exceeds the fair value, the difference between the carrying value and the fair value is recorded as an impairment loss, the amount of which may not exceed the total amount of goodwill allocated to the reporting unit.

---

When performing a quantitative impairment assessment, the Company utilizes an income approach or a weighted average of an income and market approach to value its reporting units. The income approach relies on a discounted cash flow analysis, which considers forecasted cash flows discounted at an appropriate discount rate, to determine the fair value of each reporting unit. The Company generally believes that market participants would use a discounted cash flow analysis to determine the fair value of the Company's reporting units in a sale transaction. The annual goodwill impairment test requires the Company to make several assumptions and estimates concerning future levels of revenue growth, earnings before interest, taxes, depreciation and amortization ("EBITDA"), EBITDA margins, capital expenditures, and working capital requirements, which are based upon the Company's long-range plan. The discount rate is an estimate of the overall after-tax rate of return required by a market participant whose weighted average cost of capital includes both debt and equity, including a risk premium. While the Company uses the best available information to prepare its forecasted cash flows and discount rate assumptions, actual future cash flows and/or market conditions could differ significantly resulting in future impairment charges related to recorded goodwill balances. While there are always changes in assumptions to reflect changing business and market conditions, the Company's overall methodology and the population of assumptions used have remained unchanged.

The quantitative impairment assessment for indefinite-lived intangibles other than goodwill (certain trademarks and trade names) consists of a comparison of the fair value of the indefinite-lived intangible asset to the carrying value of the asset as of the impairment testing date. The Company estimates the fair value of its indefinite-lived intangibles using the relief from royalty method, which is a widely used valuation technique for such assets. The fair value derived from the relief from royalty method is measured as the discounted cash flow savings realized from owning such indefinite-lived trademarks and trade names and not having to pay a royalty for their use.

The Company completed its required annual impairment assessments relating to goodwill and indefinite-lived intangible assets in fiscal 2024, 2023, and 2022 and, as a result, recorded a \$418.0 million goodwill impairment in its PharmaLex reporting unit in fiscal 2024 (see Note 5) and a \$75.9 million goodwill impairment in its Profarma reporting unit in fiscal 2022. No goodwill impairments were recorded in fiscal 2023 and no indefinite-lived intangible asset impairments were recorded in fiscal 2024, 2023, or 2022.

Finite-lived intangible assets are amortized using the straight-line method over the estimated useful lives of the assets. The Company performs a recoverability assessment of its long-lived assets when impairment indicators are present. The Company performed a recoverability assessment of PharmaLex's long-lived asset group as of July 1, 2024, and it was determined to be recoverable.

#### ***Income Taxes***

The Company accounts for income taxes using a method that requires recognition of deferred tax assets and liabilities for expected future tax consequences of temporary differences that currently exist between tax bases and financial reporting bases of the Company's assets and liabilities (commonly known as the asset and liability method). In assessing the need to establish a valuation allowance on deferred tax assets, the Company considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized.

The Company recognizes the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained upon examination by the taxing authorities, including settlements with tax authorities or resolutions of any related appeals or litigation processes, based upon the technical merits of the position. Tax benefits associated with uncertain tax positions that have met the recognition criteria are measured and recorded based upon the highest probable outcome that is more than 50% likely to be realized after full disclosure and resolution of a tax examination.

#### ***Inventories***

Inventories are stated at the lower of cost or market. Cost for approximately 65% and 66% of the Company's inventories as of September 30, 2024 and 2023, respectively, has been determined using the last-in, first-out ("LIFO") method. If the Company had used the first-in, first-out method of inventory valuation, which approximates current replacement cost, inventories would have been approximately \$1,535.8 million and \$1,588.0 million higher than the amounts reported as of September 30, 2024 and 2023, respectively. The Company recorded a LIFO credit of \$52.2 million in fiscal 2024 and LIFO expense of \$204.6 million and \$67.2 million in fiscal 2023 and 2022, respectively. The annual LIFO provision is affected by manufacturer pricing practices, which may be impacted by market and other external influences, changes in inventory quantities, and product mix, many of which are difficult to predict. Changes to any of the above factors can have a material impact to the Company's annual LIFO provision. Cost for the Company's inventory that is not determined using the LIFO method is stated at the lower of cost or market using the first-in, first-out method or moving average price method.

### ***Investments***

The Company first evaluates its investments in accordance with the variable interest model to determine whether it has a controlling financial interest in an investment. This evaluation is made as of the date on which the Company makes its initial investment, and subsequent evaluations are made if the structure of the investment changes. If it has determined that an investment is a variable interest entity ("VIE"), the Company evaluates whether the VIE is required to be consolidated. When the Company holds rights that give it the power to direct the activities of an entity that most significantly impact the entity's economic performance, combined with the obligation to absorb an entity's losses and the right to receive benefits, the Company consolidates a VIE. If it is determined that an investment is not a VIE, the Company then evaluates its investments under the voting interest model and generally consolidates investments in which it holds an ownership interest of greater than 50%. When the Company consolidates less-than-wholly-owned subsidiaries, it records its noncontrolling interest in its consolidated financial statements.

For equity securities without a readily determinable fair value, the Company uses the fair value measurement alternative and measures the securities at cost less impairment, if any, including adjustments for observable price changes in orderly transactions for an identical or similar investment of the same issuer. For investments in which the Company can exercise significant influence but does not control, it uses the equity method of accounting. The Company's share of earnings and losses of its investments is recorded in Other Income in the Consolidated Statements of Operations. The Company monitors its investments for impairment by considering factors such as the operating performance of the investment and current economic and market conditions.

### ***Leases***

At the inception of an arrangement, the Company determines whether the arrangement is or contains a lease based on the facts and circumstances present. Leases are classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. At the lease commencement date, operating and finance lease liabilities and their corresponding right-of-use ("ROU") assets are recorded based on the present value of lease payments over the expected lease term. The interest rate implicit in lease contracts is typically not readily determinable and, as such, the Company uses its incremental borrowing rate to discount the lease liabilities, which is the rate incurred to borrow on a collateralized basis over a similar term in a similar economic environment. Certain adjustments to the ROU asset may be required for items such as incentives received. The Company does not recognize on the balance sheet leases with terms of one year or less.

The Company has operating leases that are primarily comprised of buildings, office equipment, distribution center equipment, and vehicles. Some of the Company's leases include options to extend or early terminate the lease, which are included in the lease term when it is reasonably certain to exercise and there is a significant economic incentive to exercise that option. Certain lease agreements contain provisions for future rent increases. Lease payments included in the measurement of the lease liability comprise fixed payments. The Company combines lease and non-lease components as a single component. Operating lease cost is recognized over the expected lease term on a straight-line basis and is recorded in Distribution, Selling, and Administrative in the Company's Consolidated Statements of Operations. Variable lease payments, which are primarily comprised of maintenance, taxes, and other payments based on usage, are recognized when the expense is incurred. The Company's leases do not contain residual value guarantees.

### ***Manufacturer Incentives***

The Company considers fees and other incentives received from its suppliers relating to the purchase and distribution of inventory to represent product discounts, and, as a result, they are recognized within cost of goods sold upon the sale of the related inventory.

### ***Property and Equipment***

Property and equipment are stated at cost and depreciated using the straight-line method over the estimated useful lives of the assets, which range from 3 to 40 years for buildings and improvements and from 3 to 10 years for machinery, equipment, and other. The costs of repairs and maintenance are charged to expense as incurred.

The Company capitalizes project costs relating to computer software developed or obtained for internal use when the activities related to the project reach the application development stage. Costs that are associated with preliminary stage activities, training, maintenance, and all other post-implementation stage activities are expensed as they are incurred. Software development costs are depreciated using the straight-line method over the estimated useful lives, which range from 3 to 10 years.

**Revenue Recognition**

The Company's revenues are primarily generated from the distribution of pharmaceutical products. The Company also generates revenues from global commercialization services, which include clinical trial support, post-approval and commercialization support, and global specialty transportation and logistics for the biopharmaceutical industry. See Note 15 for the Company's disaggregated revenue.

The Company recognizes revenue related to the distribution of products at a point in time when title and control transfers to customers and there is no further obligation to provide services related to such products. Service revenue is recognized over the period that services are provided to the customer. The Company is generally the principal in a transaction; therefore, revenue is primarily recorded on a gross basis. When the Company is the principal in a transaction, it has determined that it controls the ability to direct the use of the product or service prior to the transfer to a customer, it is primarily responsible for fulfilling the promise to provide the product or service to its customer, it has discretion in establishing pricing, and it controls the relationship with the customer. Revenue is recognized at the amount of consideration expected to be received. For the distribution business, revenue is primarily generated from a contract related to a confirmed purchase order with a customer in a distribution arrangement and is net of estimated sales returns and allowances, other customer incentives, and sales tax.

When the Company is the agent in a transaction, the fee received from a manufacturer customer is recognized within revenue as the service is performed.

The Company's customer sales return policy generally allows customers to return products only if the products can be resold at full value or returned to suppliers for full credit. The Company records an accrual for estimated customer sales returns at the time of sale to the customer based upon historical return trends. As of September 30, 2024 and 2023, the Company's accrual for estimated customer sales returns was \$1,175.9 million and \$1,314.9 million, respectively.

**Share-Based Compensation**

The Company accounts for the compensation cost of all share-based payments at fair value. The fair value of restricted stock units and performance stock units is based upon the grant date market price of the Company's common stock.

Share-based compensation expense is recognized over the requisite service period within Distribution, Selling, and Administrative in the Consolidated Statements of Operations to correspond with the same line item as the cash compensation paid to employees. Compensation expense associated with nonvested performance stock units is dependent upon the Company's periodic assessment of the probability of the targets being achieved and its estimate of the number of shares that will ultimately be issued.

The income tax effects of awards are recognized when the awards vest or are settled and are recognized in Income Tax Expense in the Company's Consolidated Statements of Operations.

**Shipping and Handling Costs**

Shipping and handling costs include all costs to warehouse, pick, pack, and deliver inventory to customers. These costs, which were \$1,265.7 million, \$1,200.0 million, and \$1,040.8 million for fiscal 2024, 2023, and 2022, respectively, are included in Distribution, Selling, and Administrative in the Company's Consolidated Statements of Operations.

### **Supplier Reserves**

The Company establishes reserves against amounts due from its suppliers relating to various price and rebate incentives, including deductions or billings taken against payments otherwise due to them from the Company. These reserve estimates are established based upon the judgment of Company management after carefully considering the status of current outstanding claims, historical experience with the suppliers, the specific incentive programs, and any other pertinent information available to the Company. The Company evaluates the amounts due from its suppliers on a continual basis and adjusts the reserve estimates when appropriate based upon changes in factual circumstances. The ultimate outcome of any outstanding claim may be different than the Company's estimate.

### **Note 2. Acquisition and Equity Method Investment**

#### **PharmaLex Acquisition**

The Company acquired and assumed control of PharmaLex Holding GmbH ("PharmaLex") effective January 1, 2023 for \$1.473 billion, subject to customary adjustments, including a \$29.3 million cash holdback. PharmaLex is a leading provider of specialized services for the life sciences industry. PharmaLex's services include regulatory affairs, development consulting and scientific affairs, pharmacovigilance, and quality management and compliance. PharmaLex is headquartered in Germany and operates in over 30 countries. The acquisition advances the Company's role as a partner of choice for biopharmaceutical partners across the pharmaceutical development and commercialization journey. PharmaLex is a component of the Company's International Healthcare Solutions reportable segment.

The Company completed the purchase price allocations as of December 31, 2023. The purchase price was allocated to the underlying assets acquired, including \$37.4 million of cash and cash equivalents, and liabilities assumed based upon their estimated fair values as of the date of the acquisition.

The purchase price exceeded the current estimated fair value of the net tangible and intangible assets acquired by \$1,010.2 million, which was allocated to goodwill. Goodwill resulting from this acquisition is not deductible for income tax purposes.

The estimated fair value of the intangible assets acquired of \$558.9 million, and the estimated useful lives are as follows:

| <u>(in thousands, except useful lives)</u> | <u>Fair Value</u> | <u>Useful Lives</u> |
|--------------------------------------------|-------------------|---------------------|
| Customer relationships                     | \$ 522,634        | 12                  |
| Trade names                                | 30,931            | 5                   |
| Software technology                        | 5,333             | 6                   |
| Total                                      | <u>\$ 558,898</u> |                     |

The Company established an estimated deferred tax liability of \$146.0 million primarily in connection with the intangible assets acquired.

#### **Investment in OneOncology**

In June 2023, the Company and TPG, a global alternative asset management firm, acquired OneOncology, LLC ("OneOncology"), a network of leading oncology practices. Including all direct transaction costs, the Company invested \$718.4 million (representing 34.9%) in a joint venture formed to acquire OneOncology for approximately \$2.1 billion, and TPG acquired the majority interest in the joint venture. The Company accounts for its interest in the joint venture as an equity method investment, which is included in Other Assets on its Consolidated Balance Sheet.

Beginning on the third anniversary of the closing of the joint venture's acquisition of OneOncology and ending on the day before the fourth anniversary of that closing, TPG will have a put option under which TPG may require the Company to purchase all of the other interests in the joint venture, including TPG's interest, at a price equal to 19 times OneOncology's adjusted earnings before interest, taxes, depreciation and amortization for the most recently ended 12-month period prior to TPG's exercise of the put option, all of which is subject to various other adjustments and qualifications. In addition, on the date that is the third anniversary of the closing and again beginning on the fourth anniversary of the closing and ending on the day before the fifth anniversary of the closing, the Company will have a call option to purchase all of the other interests in the joint venture, including TPG's, also at the price set forth above. The fair value of the net put option, which is a Level 3 measurement, was determined using a Monte Carlo simulation, which relies on assumptions, including cash flow projections, risk-free rates, volatility, and details specific to the put and call options. The Company recorded the net fair value of the net put option of \$872.9 million, which is recorded within Other Liabilities with a corresponding offset in Other Assets in the Company's

Consolidated Balance Sheets. Given the Company has elected to not mark the net put option to market, the fair value of the net put option at the time of the investment will remain on the balance sheet until its final resolution.

Upon the joint venture's acquisition of OneOncology, it was determined that there was a \$625.2 million difference between the carrying value of the Company's investment in OneOncology and its underlying equity in net assets, which has been allocated to intangible assets of \$305.6 million, a related deferred tax liability of \$20.5 million, and goodwill of \$340.0 million. The intangible assets and related deferred tax liability are being amortized over a weighted-average life of 23 years.

**Note 3. Variable Interest Entity**

The Company has substantial governance rights that allow it to direct the activities that significantly impact Profarma's economic performance. As such, the Company consolidates the operating results of Profarma in its consolidated financial statements. The Company is not obligated to provide future financial support to Profarma.

The following assets and liabilities of Profarma are included in the Company's Consolidated Balance Sheet for the periods indicated:

| (in thousands)              | September 30, |            |

Profarma's assets can only be used to settle its obligations, and its creditors do not have recourse to the general credit of the Company.

**Deferred Tax Liabilities and Assets**

Deferred income taxes reflect the future tax consequences of differences between the tax bases of assets and liabilities and their financial reporting amounts. Significant components of the Company's deferred tax liabilities (assets) are as follows:

| (in thousands)                                  | September 30, |              |

As of September 30, 2024, the Company had \$106.3 million of potential tax benefits from state net operating loss carryforwards and \$443.1 million of potential tax benefits from foreign loss carryforwards, which have varying expiration dates. The Company had \$4.7 million of federal tax credit carryforwards, \$4.6 million of state tax credit carryforwards, and \$3.1 million of foreign alternative minimum tax credit carryforwards.

The Company assesses the available positive and negative evidence to determine whether deferred tax assets are more likely than not to be realized. As a result of this assessment, valuation allowances have been recorded on certain deferred tax assets. For fiscal 2024, the Company decreased the valuation allowance on deferred tax assets by \$35.0 million primarily due to the change in the valuation allowance against tax deductible goodwill. For fiscal 2023, the Company increased the valuation allowance on deferred tax assets by \$20.1 million primarily due to the increase in the valuation allowance against foreign net operating loss carryforwards.

In fiscal 2024, 2023, and 2022, tax benefits of \$15.0 million, \$24.6 million, and \$13.4 million, respectively, related to the exercise of employee stock options and lapses of restricted stock units were recorded in Income Tax Expense in the Company's Consolidated Statements of Operations. The tax benefits recognized in fiscal 2024, 2023, and 2022 are not necessarily indicative of amounts that may arise in future periods.

Income tax payments, net of refunds, were \$603.9 million, \$463.1 million, and \$244.4 million in fiscal 2024, 2023, and 2022, respectively.

Cumulative undistributed earnings of international subsidiaries were \$3.9 billion as of September 30, 2024, \$2.1 billion of which is considered permanently reinvested. It is not practicable to estimate the taxes that would be due if such earnings were to be repatriated in the future.

The Company and its subsidiaries file income tax returns in the U.S. federal jurisdiction and various states and foreign jurisdictions. The Company is currently undergoing certain state and local income tax audits for various years. With few exceptions, the Company is no longer subject to U.S. federal, state and local, or foreign income tax examinations by tax authorities for years before 2020. The Company believes it has adequate tax reserves to cover potential federal, state or foreign tax exposures.

**Unrecognized Tax Benefits**

As of September 30, 2024 and 2023, the Company had unrecognized tax benefits, defined as the aggregate tax effect of differences between tax return positions and the benefits recognized in the Company's financial statements, of \$545.0 million and \$551.9 million, respectively (\$498.0 million and \$482.7 million, net of federal tax benefit, respectively). If recognized in fiscal 2024 and 2023, \$488.1 million and \$464.4 million, respectively, of these benefits would have reduced income tax expense and the effective tax rate. As of September 30, 2024 and 2023, included in the unrecognized tax benefits are \$43.9 million and \$25.9 million of interest and penalties, respectively, which the Company records in Income Tax Expense in the Company's Consolidated Statements of Operations.

A reconciliation of the beginning and ending amount of unrecognized tax benefits, excluding interest and penalties, for the periods indicated is as follows:

| (in thousands)                                        | Fiscal Year Ended September 30, |            |            |

During the next 12 months, it is reasonably possible that tax audit resolutions and the expiration of statutes of limitations could result in a reduction of unrecognized tax benefits by approximately \$13.5 million.

A significant portion of the Company's unrecognized tax benefits as of September 30, 2024 relates to the legal accrual for litigation related to the Distributor Settlement Agreement, as well as other opioid-related litigation, as disclosed in Note 13. The Company has applied significant judgment in estimating the amount of the opioid settlements that will be deductible for U.S. federal and state purposes. In estimating the amount that would be deductible, the Company considered prior U.S. tax case law, the amount and character of the damages sought in litigation, and other relevant factors.

The Company has experienced a weakening in demand for specialized services in the life sciences industry, which has negatively impacted the operating results of PharmaLex. In the fourth quarter of fiscal 2024 and in connection with the Company's annual budgeting process, the Company revised PharmaLex's long-range forecast. In connection with the Company's annual goodwill impairment assessment, it recorded a goodwill impairment of \$418.0 million in the PharmaLex reporting unit. The fair value of the reporting unit was determined based on a weighted average of income and market approaches. The income approach includes the Company's forecasted cash flows in its long-range plan as well as discount rate and income tax rate assumptions. This represents a Level 3 nonrecurring fair value measurement. The Company believes that its assumptions are representative of market participant assumptions; however, the forecasted cash flows used to estimate fair value and measure the related impairment are inherently uncertain and include assumptions that could differ from actual results in future periods.

The carrying values of goodwill as of September 30, 2024 and 2023 are net of the following accumulated impairments:

| (in thousands)                                         | U.S. Healthcare Solutions | International Healthcare Solutions |

The Company performed a recoverability assessment of PharmaLex's long-lived assets as of July 1, 2024 using its revised long-range forecast. The recoverability assessment compared PharmaLex's undiscounted cash flows to the carrying value of the PharmaLex asset group, including goodwill, and it was determined to be recoverable.

Amortization expense for finite-lived intangible assets is estimated to be \$548.9 million in fiscal 2025, \$372.4 million in fiscal 2026, \$314.6 million in fiscal 2027, \$302.8 million in fiscal 2028, \$291.1 million in fiscal 2029, and \$2,154.2 million thereafter.

**Multi-Currency Revolving Credit Facility**

The Company has a \$2.4 billion multi-currency senior unsecured revolving credit facility ("Multi-Currency Revolving Credit Facility") with a syndicate of lenders, which was scheduled to expire in October 2028. In October 2024, the Company amended and restated the Multi-Currency Revolving Credit Facility to extend the expiration to October 2029. Interest on borrowings under the Multi-Currency Revolving Credit Facility accrues at specified rates based upon the Company's debt rating. The Company pays facility fees to maintain the availability under the Multi-Currency Revolving Credit Facility at specified rates based on its debt rating. The Company may choose to repay or reduce its commitments under the Multi-Currency Revolving Credit Facility at any time. The Multi-Currency Revolving Credit Facility contains covenants, including compliance with a financial leverage ratio test, as well as others that impose limitations on, among other things, indebtedness of subsidiaries and asset sales, with which the Company was compliant as of September 30, 2024.

**Commercial Paper Program**

The Company has a commercial paper program whereby it may from time to time issue short-term promissory notes in an aggregate amount of up to \$2.4 billion at any one time. Amounts available under the program may be borrowed, repaid, and re-borrowed from time to time. The maturities on the notes will vary but may not exceed 365 days from the date of issuance. The notes will bear interest, if interest bearing, or will be sold at a discount from their face amounts. The commercial paper program does not increase the Company's borrowing capacity as it is fully backed by the Company's Multi-Currency Revolving Credit Facility. There were no borrowings outstanding under the commercial paper program as of September 30, 2024 and 2023.

### ***Receivables Securitization Facility***

The Company has a \$1,450 million receivables securitization facility ("Receivables Securitization Facility"), which was scheduled to expire in October 2026. In October 2024, the Company amended the Receivables Securitization Facility to extend the expiration to October 2027. The Company has available to it an accordion feature whereby the commitment on the Receivables Securitization Facility may be increased by up to \$250 million, subject to lender approval, for seasonal needs during the December and March quarters. Interest rates are based on prevailing market rates for short-term commercial paper or 30-day Term SOFR, plus a program fee. The Company pays a customary unused fee at prevailing market rates, monthly, to maintain the availability under the Receivables Securitization Facility. The Receivables Securitization Facility contains similar covenants to the Multi-Currency Revolving Credit Facility, with which the Company was compliant as of September 30, 2024.

In connection with the Receivables Securitization Facility, AmerisourceBergen Drug Corporation and a specialty distribution subsidiary sell on a revolving basis certain accounts receivable to Amerisource Receivables Financial Corporation, a wholly-owned special purpose entity, which in turn sells a percentage ownership interest in the receivables to financial institutions and commercial paper conduits sponsored by financial institutions. AmerisourceBergen Drug Corporation is the servicer of the accounts receivable under the Receivables Securitization Facility. As sold receivables are collected, additional receivables may be sold up to the maximum amount available under the facility. The Company uses the facility as a financing vehicle because it generally offers an attractive interest rate relative to other financing sources. The Company securitizes its trade accounts, which are generally non-interest bearing, in transactions that are accounted for as borrowings. The Receivables Securitization Facility contains similar covenants to the Multi-Currency Revolving Credit Facility, with which the Company was compliant as of September 30, 2024.

### ***Revolving Credit Note, Overdraft Facility, and Money Market Facility***

The Company had a \$75 million uncommitted, unsecured line of credit available to it pursuant to a revolving credit note that was terminated in April 2024. The Company also had a £10 million uncommitted U.K. overdraft facility, which expired in February 2024, to fund short-term normal trading cycle fluctuations related to its MW1 Animal Health business. The Company has an uncommitted, unsecured line of credit available to it pursuant to a money market credit agreement ("Money Market Facility"). The Money Market Facility provides the Company with the ability to request short-term, unsecured revolving credit loans from time to time in a principal amount not to exceed \$100 million. The Money Market Facility may be decreased or terminated by the bank or the Company at any time without prior notice.

### ***Senior Notes***

In fiscal 2022, the Company elected to repay \$850 million of its senior notes that were due in March 2023. In fiscal 2023, the remaining balance of \$675 million of these senior notes matured and was repaid.

In February 2024, the Company issued \$500 million of 5.125% senior notes due in February 2034 (the "2034 Notes"). The 2034 Notes were sold at 99.867% of the principal amount with an effective yield of 5.132%. Interest on the 2034 Notes is payable semi-annually in arrears on February 15 and August 15 beginning on August 15, 2024. The Company used the proceeds from the 2034 Notes to repay the \$500 million of 3.400% senior notes that matured in May 2024.

The senior notes discussed above and also illustrated in the above debt table are collectively referred to as the "Notes." Interest on the Notes is payable semiannually in arrears. Most of the Notes were sold at small discounts to the principal amounts and, therefore, have effective yields that are greater than the stated interest rates in the table above. Costs incurred in connection with the issuance of the Notes were deferred and are being amortized over the terms of the Notes. The indentures governing the Notes contain restrictions and covenants, which include limitations on additional indebtedness; distributions to stockholders; the repurchase of stock and the making of other restricted payments; issuance of preferred stock; creation of certain liens; transactions with subsidiaries and other affiliates; and certain corporate acts such as mergers, consolidations, and the sale of substantially all assets. An additional covenant requires compliance with a financial leverage ratio test. The Company was compliant with all covenants as of September 30, 2024.

During fiscal 2024, 2023, and 2022, the Company recognized restricted stock unit expense of \$98.9 million, \$84.3 million, and \$71.3 million, respectively.

A summary of the status of the Company's nonvested restricted stock units as of September 30, 2024 and changes during fiscal 2024 are presented below:

**Performance Stock Units**

Performance stock units are granted to certain executive employees under the Plan and represent common stock potentially issuable in the future. Performance stock units vest at the end of a three-year performance period based upon achievement of specific performance goals. Based upon the extent to which the targets are achieved, vested shares may range from 0% to 230% of the target award amount. The fair value of performance stock units is determined by the grant date market price of the Company's common stock. Compensation expense associated with nonvested performance stock units is recognized over the requisite service period and is dependent on the Company's periodic assessment of the probability of the targets being achieved and its estimate of the number of shares that will ultimately be issued. During fiscal 2024, 2023, and 2022, the Company recognized performance stock expense of \$48.7 million, \$40.4 million, and \$19.7 million, respectively.

### **Note 13. Legal Matters and Contingencies**

In the ordinary course of its business, the Company becomes involved in lawsuits, administrative proceedings, government subpoenas, government investigations, stockholder demands, and other disputes, including antitrust, commercial, product liability, intellectual property, regulatory, data privacy and security, employment discrimination, and other matters. Significant damages or penalties may be sought from the Company in some matters, and some matters may require years for the Company to resolve. The Company records a reserve for these matters when it is both probable that a liability has been incurred and the amount of the loss can be reasonably estimated.

For those matters for which the Company has not recognized a liability, the Company cannot predict the outcome of their impact on the Company as uncertainty remains with regard to whether such matters will proceed to trial, whether settlements will be reached, and the amount and terms of any such settlements. Outcomes may include settlements in significant amounts that are not currently estimable, limitations on the Company's conduct, the imposition of corporate integrity agreement obligations, consent decrees, and/or other civil and criminal penalties. From time to time, the Company is also involved in disputes with its customers, which the Company generally seeks to resolve through commercial negotiations. If negotiations are unsuccessful, the parties may litigate the dispute or otherwise attempt to settle the matter.

With respect to the specific legal proceedings and claims described below, unless otherwise noted, the amount or range of possible losses is not reasonably estimable. There can be no assurance that the settlement, resolution, or other outcome of one or more matters, including the matters set forth below, during any subsequent reporting period will not have a material adverse effect on the Company's results of operations or cash flows for that period or on the Company's financial condition.

#### ***Opioid Lawsuits and Investigations***

A significant number of counties, municipalities, and other governmental entities in a majority of U.S. states and Puerto Rico, as well as numerous states and tribes, filed lawsuits in various federal, state and other courts against pharmaceutical wholesale distributors (including the Company and certain subsidiaries, such as AmerisourceBergen Drug Corporation ("ABDC") and H.D. Smith, LLC ("H.D. Smith")), pharmaceutical manufacturers, retail pharmacy chains, medical practices, and physicians relating to the distribution of prescription opioid pain medications.

Starting in December 2017, more than 2,000 cases were transferred to Multidistrict Litigation ("MDL") proceedings before the United States District Court for the Northern District of Ohio (the "MDL Court"). Since then, several cases filed by government and tribal plaintiffs that were selected as bellwether cases in the MDL have been resolved through trial or settlement. Following trial in two consolidated cases in West Virginia federal court, the court entered judgment in favor of the defendants, including the Company. The plaintiffs filed an appeal of the court's decision on August 2, 2022, which remains pending.

On July 21, 2021, the Company announced that it and the two other national pharmaceutical distributors had negotiated a Distributor Settlement Agreement that, if all conditions were satisfied, would result in the resolution of a substantial majority of opioid lawsuits filed by state and local governmental entities. The Distributor Settlement Agreement became effective on April 2, 2022, and as of September 30, 2024, it included 48 of 49 eligible states (the "Settling States") as well as 99% by population of the eligible political subdivisions in the Settling States. The Distributor Settlement Agreement requires the Company to comply with certain requirements, including the establishment of a clearinghouse that will consolidate data from all three national pharmaceutical distributors. West Virginia and its subdivisions and Native American tribes are not a part of the Distributor Settlement Agreement, and the Company has reached separate agreements with those groups. The State of Alabama also did not participate in the Distributor Settlement Agreement and was pursuing a case against the Company (and another national pharmaceutical distributor) in Alabama state court. On February 28, 2024, the Company and another national distributor executed an agreement with the State of Alabama and all its participating subdivisions to resolve opioid-related claims. Pursuant to the agreement, the two distributors will pay approximately \$245 million, including attorneys' fees and costs, to the State of Alabama and its participating subdivisions, of which the Company's portion is 50%. On July 1, 2024, the Court entered a Final Consent Judgment and Dismissal with Prejudice pursuant to the terms of the settlement agreement. In Maryland, a trial commenced on September 16, 2024 in a case filed by the Mayor and City Council of Baltimore. On November 12, 2024,

the jury returned a verdict finding ABDC (and another national distributor) liable for public nuisance and assessing approximately \$274 million total in compensatory damages, approximately \$74 million of which was assessed against ABDC. A second phase of the trial is scheduled to commence on December 11, 2024 related to the City of Baltimore's request for an abatement remedy, which will proceed as a bench trial. While the judgment is not yet final, the Company is evaluating next steps, including a possible appeal. The \$74 million is a component of the Company's \$4.9 billion litigation liability as of September 30, 2024 as described below.

The MDL Court selected four cases filed by third-party payors to serve as additional litigation bellwethers. On May 31, 2024, the MDL Court severed and stayed these four cases against the Company and the two other national pharmaceutical distributors, pursuant to ongoing settlement discussions to resolve litigation filed by a putative class of third-party payors. On August 29, 2024, the Company and two other national pharmaceutical distributors entered into a proposed class action settlement agreement to resolve the opioid-related claims of a proposed settlement class of third-party payors. Pursuant to the agreement, the Company recorded a \$93.0 million litigation expense accrual in Litigation and Opioid-Related Expenses (Credit), Net in its fiscal 2024 Consolidated Statement of Operations. On September 3, 2024, the MDL Court granted a motion for preliminary approval of the proposed class action settlement. Federal law imposes additional requirements before the class settlement can become final, including notice to class members, a time period for submission of any objections to the settlement or requests to be excluded from the settlement, and a fairness hearing, among other procedural steps, as described in the MDL Court's September 3, 2024 order. The MDL Court has scheduled a fairness hearing for January 13, 2025.

On September 26, 2024, the Company and two other national pharmaceutical distributors entered into a proposed class action settlement agreement to resolve the opioid-related claims of a proposed settlement class of hospitals. The Company recorded a \$120.9 million litigation expense accrual in Litigation and Opioid-Related Expenses (Credit), Net in its fiscal 2024 Consolidated Statement of Operations, representing the Company's expected share of the potential class action settlement. Pursuant to these settlement discussions, a case in Alabama that involved up to eight plaintiff hospitals, and that was scheduled to begin trial on July 8, 2024, has now been severed and stayed as to the Company. On October 30, 2024, the United States District Court for the District of New Mexico granted a motion for preliminary approval of the proposed class action settlement. Federal law imposes additional requirements before the class settlement can become final, including notice to class members, a time period for submission of any objections to the settlement or requests to be excluded from the settlement, and a fairness hearing, among other procedural steps, as described in the Court's October 30, 2024 order. The Court has scheduled a fairness hearing for March 4, 2025.

In January 2024, the Company prepaid the net present value of a future obligation as permitted under its settlement agreements. The discount on the future obligation resulted in a \$0.1 billion reduction of its accrued litigation liability. The Company's accrued litigation liability related to the Distributor Settlement Agreement, including the State of Alabama and an estimate for non-participating government subdivisions (with whom the Company has not reached a settlement agreement), as well as other opioid-related litigation for which it has reached settlement agreements, as described above, was \$4.9 billion as of September 30, 2024 and \$5.5 billion as of September 30, 2023. The \$4.9 billion liability will be paid over 14 years. The Company currently estimates that \$630.2 million will be paid prior to September 30, 2025, which is recorded in Accrued Expenses and Other on the Company's Consolidated Balance Sheet. The remaining long-term liability of \$4.3 billion is recorded in Accrued Litigation Liability on the Company's Consolidated Balance Sheet. While the Company has accrued its estimated liability for opioid litigation, it is unable to estimate the range of possible loss associated with the matters that are not included in the accrual. Because loss contingencies are inherently unpredictable and unfavorable developments or resolutions can occur, the assessment is highly subjective and requires judgments about future events. The Company regularly reviews opioid litigation matters to determine whether its accrual is adequate. The amount of ultimate loss may differ materially from the amount accrued to date. Until such time as otherwise resolved, the Company will continue to litigate and prepare for trial and to vigorously defend itself in all such matters. Since these matters are still developing, the Company is unable to predict the outcome, but the result of these lawsuits could include excessive monetary verdicts and/or injunctive relief that may affect the Company's operations. Additional lawsuits regarding the distribution of prescription opioid pain medications have been filed and may continue to be filed by a variety of types of plaintiffs, including lawsuits filed by non-governmental or non-political entities and individuals, among others. The Company is vigorously defending itself in the pending lawsuits and intends to vigorously defend itself against any threatened lawsuits or enforcement proceedings.

Since July 2017, the Company has received subpoenas from several U.S. Attorney's Offices, including grand jury subpoenas from the U.S. Attorney's Office for the District of New Jersey ("USAO-NJ") and the U.S. Attorney's Office for the Eastern District of New York ("USAO-EDNY"). Those subpoenas requested the production of a broad range of documents pertaining to the Company's distribution of controlled substances through its various subsidiaries, including ABDC, and its diversion control programs. The Company produced documents in response to the subpoenas and engaged in discussions with the various U.S. Attorney's Offices, including the Health Care and Government Fraud Unit of the Criminal Division of the USAO-NJ, the U.S. Department of Justice Consumer Protection Branch and the U.S. Drug Enforcement Administration, in an attempt to resolve these matters. On December 29, 2022, the Department of Justice filed a civil Complaint against the

Company, ABDC, and Integrated Commercialization Services, LLC ("ICS"), a subsidiary of the Company, alleging violations of the Controlled Substances Act. Specifically, the Complaint alleges that the Company negligently failed to report suspicious orders to the Drug Enforcement Administration. In the Complaint, the Department of Justice seeks civil penalties and injunctive relief. This Complaint relates to the aforementioned and previously-disclosed investigations. On March 30, 2023, the Company filed a motion to dismiss the Complaint in its entirety on behalf of itself, ABDC, and ICS. On November 6, 2023, the United States District Court for the Eastern District of Pennsylvania granted in part and denied in part the motion, dismissing with prejudice all claims for civil penalties for Defendants' alleged violations of the suspicious order reporting requirement prior to October 24, 2018, but otherwise denying the motion. On December 18, 2023, the Company, ABDC and ICS filed an Answer and Affirmative Defenses to the Complaint. On January 23, 2024, the Court entered a Scheduling Order setting the fact discovery deadline as January 9, 2026 and the expert discovery deadline as September 18, 2026. The Company denies the allegations in the Complaint and intends to defend itself vigorously in the litigation.

#### ***Shareholder Securities Litigation***

On October 11, 2019, Teamsters Local 443 Health Services & Insurance Plan, St. Paul Electrical Construction Pension Plan, St. Paul Electrical Construction Workers Supplemental Pension Plan (2014 Restatement), Retirement Medical Funding Plan for the St. Paul Electrical Workers, and San Antonio Fire & Police Pension Fund filed a complaint for a purported derivative action in the Delaware Court of Chancery against the Company and certain of its current and former officers and directors (collectively, "Defendants"). The complaint alleges that the Defendants breached their fiduciary duties by failing to oversee the compliance by certain of the Company's subsidiaries (including the Company's former subsidiary Medical Initiatives, Inc. ("MI")) with federal regulations, allegedly resulting in the payment of fines and penalties in connection with the settlements with the USAO-EDNY in fiscal 2017 and 2018 that resolved claims arising from MI's pre-filled syringe program. In December 2019, Defendants filed a motion to dismiss the complaint. After briefing and oral argument, on August 24, 2020 the Delaware Court of Chancery denied Defendants' motion to dismiss. On September 24, 2020, the Company's Board of Directors established a Special Litigation Committee to conduct an investigation concerning the plaintiffs' allegations, and on November 10, 2020, the Delaware Court of Chancery granted the Special Litigation Committee's motion to stay the litigation pending its investigation. On September 22, 2021, the Special Litigation Committee filed its report under seal and moved to dismiss the case. The Delaware Court of Chancery granted the Special Litigation Committee's motion to dismiss on November 17, 2023, and entered an Order and Final Judgement on December 8, 2023. On January 5, 2024, the plaintiffs filed a notice of appeal to the Delaware Supreme Court from the Delaware Court of Chancery's November 17, 2023 decision granting the motion to dismiss and December 8, 2023 Order and Final Judgement. On September 20, 2024, the Delaware Supreme Court affirmed the Court of Chancery's judgment on the basis of and for the reasons stated in the Court of Chancery's November 17, 2023 Memorandum Opinion and there is no further right of appeal.

On December 30, 2021, Lebanon County Employees' Retirement Fund and Teamsters Local 443 Health Services & Insurance Plan filed a complaint for a purported derivative action in the Delaware Court of Chancery against the Company and certain of its current officers and directors. The complaint alleges claims for breach of fiduciary duty allegedly arising from the Board's and certain officers' oversight of the Company's controlled substance diversion control programs. The defendants moved to dismiss the complaint on March 29, 2022. On December 22, 2022, the Delaware Court of Chancery granted the motion to dismiss. On January 9, 2023, the Plaintiffs filed a Motion for Relief from Judgment and Order Pursuant to Rule 60(b) from the Delaware Chancery Court's judgment. On January 20, 2023, the Plaintiffs also appealed the ruling to the Delaware Supreme Court. On March 21, 2023, the Delaware Court of Chancery denied the Plaintiffs' Motion for Relief from Judgement and Order Pursuant to Rule 60(b). On December 18, 2023, the Delaware Supreme Court reversed the dismissal and remanded the case to the Delaware Court of Chancery for further proceedings. On January 12, 2024, the Company's Board of Directors established a Special Litigation Committee ("SLC") and delegated to the SLC the Board's full authority with respect to the litigation. On March 4, 2024, the Delaware Court of Chancery granted the SLC's consented-to motion to stay the action pending its investigation of the allegations of the complaint.

#### ***Subpoenas, Ongoing Investigations, and Other Contingencies***

From time to time, the Company receives subpoenas or requests for information from various government agencies relating to the Company's business or to the business of a customer, supplier, or other industry participant. The Company's responses often require time and effort and can result in considerable costs being incurred. Most of these matters are resolved without incident; however, such subpoenas or requests can lead to the assertion of claims or the commencement of civil or criminal legal proceedings against the Company and other members of the healthcare industry, as well as to substantial settlements.

In January 2017, U.S. Bioservices Corporation, a former subsidiary of the Company, received a subpoena for information from the USAO-EDNY relating to its activities in connection with billing for products and making returns of potential overpayments to government payers. A filed qui tam complaint related to the investigation was unsealed in April 2019 and the relator filed an amended complaint under seal in the U.S. District Court for the Eastern District of New York. In

December 2019, the government filed a notice that it was declining to intervene. The court ordered that the relator's complaint against the Company and other defendants, including AmerisourceBergen Specialty Group, LLC, be unsealed. The relator's complaint alleged violations of the federal False Claims Act and the false claims acts of various states. The relator filed a second amended complaint, removing one state false claims act count. The Company filed a motion to dismiss the second amended complaint and all briefs on the motion were filed with the court on October 9, 2020. The motion to dismiss was granted on December 22, 2022. The False Claims Act claims were dismissed with prejudice, and the state claims were dismissed without prejudice. On January 24, 2023, the relator filed Motions to Reconsider Dismissal and For Leave to Amend the Complaint. Response briefs on those motions were filed by the Company and all briefing was completed on February 15, 2023.

In December 2019, Reliable Pharmacy, together with other retail pharmacies and North Sunflower Medical Center, filed a civil antitrust complaint against multiple generic drug manufacturers, and also included claims against ABDC and H.D. Smith, and other drug distributors and industry participants. The case is filed as a putative class action and plaintiffs purport to represent a class of drug purchasers including other retail pharmacies and healthcare providers. The case has been consolidated for multidistrict litigation proceedings before the United States District Court for the Eastern District of Pennsylvania. The complaint alleges that ABDC, H.D. Smith, and others in the industry participated in a conspiracy to fix prices, allocate markets and rig bids regarding generic drugs. In March 2020, the plaintiffs filed a further amended complaint. On July 15, 2020, the defendants filed a motion to dismiss the complaint. On May 25, 2022, the Court granted the motion to dismiss without prejudice. On July 1, 2022, the plaintiffs filed an amended complaint, again including claims against ABDC, H.D. Smith, and other drug distributors and industry participants. On August 21, 2022, the Company and other industry participants filed a motion to dismiss the amended complaint. All briefs on the motion were filed with the court on November 22, 2022.

On March 3, 2022, the United States Attorney's Office for the Western District of Virginia notified the Company of the existence of a criminal investigation into MWI Veterinary Supply Co. ("MWI"), the Company's animal health subsidiary, in connection with grand jury subpoenas to which MWI previously responded relating to compliance with state and federal regulatory requirements governing wholesale shipments of animal health products to customers. In October 2024, the Company reached an agreement in principle to resolve these claims. Pursuant to the agreement in principle, the Company recorded a \$49.1 million litigation expense accrual in Litigation and Opioid-Related Expenses (Credit), Net in its fiscal 2024 Consolidated Statement of Operations. This liability was recorded in Accrued Expenses and Other on the Company's Consolidated Balance Sheet as of September 30, 2024.

#### **Note 14. Litigation Settlements**

##### *Antitrust Settlements*

Numerous lawsuits have been filed against certain brand pharmaceutical manufacturers alleging that the manufacturer, by itself or in concert with others, took improper actions to delay or prevent generic drugs from entering the market. These lawsuits are generally brought as class actions. The Company has not been named a plaintiff in any of these lawsuits but has been a member of the direct purchasers' class (i.e., those purchasers who purchase directly from these pharmaceutical manufacturers). None of the lawsuits has gone to trial, but some have settled in the past with the Company receiving proceeds from the settlement funds. During fiscal 2024, 2023, and 2022, the Company recognized gains relating to these lawsuits of \$170.9 million, \$239.1 million, and \$1.8 million, respectively. These gains, which are net of attorney fees and estimated payments due to other parties, were recorded as reductions to cost of goods sold in the Company's Consolidated Statements of Operations.

THE STATE OF MICHIGAN PROHIBITS CERTAIN UNFAIR PROVISIONS THAT ARE  
SOMETIMES FOUND IN FRANCHISE DOCUMENTS. IF ANY OF THE FOLLOWING  
PROVISIONS ARE IN THESE FRANCHISE DOCUMENTS, THE PROVISIONS ARE VOID AND  
CANNOT BE ENFORCED AGAINST YOU.**

(A) A prohibition on the right of a franchisee to join an association of franchisees.

(B) A requirement that a franchisee assent to release, assignment, novation, waiver, or estoppel which deprives a franchisee of rights and protections provided in the Michigan Franchise Investment Law. This shall not preclude a franchisee, after entering into a franchise agreement, from settling any and all claims.

(C) A provision that permits a franchisor to terminate a franchise prior to the expiration of its term except for good cause. Good cause shall include the failure of the franchisee to comply with any lawful provision of the franchise agreement and to cure such failure after being given written notice thereof and a reasonable opportunity, which in no event need be more than 30 days, to cure such failure.

(D) A provision that permits a franchisor to refuse to renew a franchise without fairly compensating the franchisee by repurchase or other means for the fair market value at the time of expiration of the franchisee's inventory, supplies, equipment, fixtures, and furnishings. Personalized materials which have no value to the franchisor and inventory, supplies, equipment, fixtures and furnishings not reasonably required in the conduct of the franchise business are not subject to compensation. This subsection applies only if: (1) the term of the franchise is less than 5 years and (2) the franchisee is prohibited by the franchise or other agreement from continuing to conduct substantially the same business under another trademark, service mark, trade name, logotype, advertising, or other commercial symbol in the same area subsequent to the expiration of the franchise or the franchisee does not receive at least 6 months advance notice of the franchisor's intent not to renew the franchise.

(E) A provision that permits the franchisor to refuse to renew a franchise on terms generally available to other franchisees of the same class or type under similar circumstances. This section does not require a renewal provision.

(F) A provision requiring that arbitration or litigation be conducted outside this state. This shall not preclude the franchisee from entering into an agreement, at the time of arbitration, to conduct arbitration at a location outside this state.

(G) A provision which permits a franchisor to refuse to permit a transfer of ownership of a franchise, except for good cause. This subdivision does not prevent a franchisor from exercising a right of first refusal to purchase the franchise. Good cause shall include, but is not limited to:

- (1) the failure of the proposed transferee to meet the franchisor's then current reasonable qualifications or standards.
- (2) the fact that the proposed transferee is a competitor of the franchisor or subfranchisor.
- (3) the unwillingness of the proposed transferee to agree in writing to comply with all lawful obligations.
- (4) the failure of the franchisee or proposed transferee to pay any sums owing to the franchisor or to cure any default in the franchise agreement existing at the time of the proposed transfer.

(H) A provision that requires the franchisee to resell to the franchisor items that are not uniquely identified with the franchisor. This subdivision does not prohibit a provision that grants to a franchisor a right of first refusal to purchase the assets of a franchise on the same terms and conditions as a bona fide third party willing and able to purchase those assets, nor does this subdivision prohibit a provision that grants the franchisor the right to acquire the assets of a franchise for the market or appraised value of such assets if the franchisee has breached the lawful provision of the franchise agreement and has failed to cure the breach in the manner provided in subdivision (C).

(I) A provision which permits the franchisor to directly or indirectly convey, assign, or otherwise transfer its obligations to fulfill contractual obligations to the franchisee unless provision has been made for providing the required contractual services.

**ADDENDUM TO AMERISOURCEBERGEN DRUG CORPORATION  
DISCLOSURE DOCUMENT  
FOR THE STATE OF MINNESOTA**

1. The Commissioner of Commerce for the State of Minnesota requires that certain provisions in franchise documents be amended to be consistent with Minnesota Franchise Act, Minn. Stat. Section 80.01 et seq., and of the Rules and Regulations promulgated under the Act (collectively the "Minnesota Act"). To the extent that the Franchise Agreement and Franchise Disclosure Document have provisions that are inconsistent with the following, such provisions are hereby amended:

- a. The Minnesota Department of Commerce requires that ABDC indemnify Minnesota franchisees against liability to third parties resulting from claims by third parties that a franchisee's use of the Marks infringes trademark rights of the third party. ABDC does not indemnify against the consequences of Customer's use of the Marks except in accordance with the requirements of the Franchise Agreement, and, as a condition to indemnification, Customer must provide notice to ABDC of any such claim within ten (10) days after the earlier of (i) actual notice of the claim or (ii) receipt of written notice of the claim, and must therein tender the defense of the claim to ABDC. If ABDC accepts the tender of defense, ABDC has the right to manage the defense of the claim including the right to compromise, settle or otherwise resolve the claim, and to determine whether to appeal a final determination of the claim. If either the Franchise Agreement or the Franchise Disclosure Document has a provision that is inconsistent with the Minnesota Act, such provision will be superseded by the Minnesota Act's requirements and will have no force or effect.
- b. Minnesota Act, Sec. 80C.14, Subd. 4., requires, except in certain specified cases, that Customer be given written notice of ABDC's intention not to renew 180 days prior to expiration of the franchise and that Customer be given sufficient opportunity to operate the franchise in order to enable Customer the opportunity to recover the fair market value of the franchise as a going concern. If either the Franchise Agreement or the Franchise Disclosure Document has a provision that is inconsistent with the Minnesota Act, such provision will be superseded by the Minnesota Act's requirements and will have no force or effect.
- c. Minnesota Act, Sec. 80C.14, Subd. 3., requires, except in certain specified cases, that Customer be given 90 days' notice of termination (with 60 days to cure). If either the Franchise Agreement or the Franchise Disclosure Document has a provision that is inconsistent with the Minnesota Act, such provision will be superseded by the Minnesota Act's requirements and will have no force or effect.
- d. Minn. Rule 2860.4400(D) prohibits ABDC from requiring Customer to assent to a general release. If either the Franchise Agreement or the Franchise Disclosure Document requires Customer to execute a release of claims or to acknowledge facts that would negate or remove from judicial review any statement, misrepresentation or action that would violate the Franchise Act, such release will exclude claims arising under the Minnesota Act, and such acknowledgments will be void with respect to claims under the Minnesota Act.
- e. Minnesota Statutes, Section 80C.21 and Minn. Rule 2860.4400(J) prohibit ABDC from requiring litigation to be conducted outside Minnesota, requiring waiver of a jury trial or requiring Customer to consent to liquidated damages, termination penalties or judgment notes. In addition, nothing in the Franchise Agreement or the Franchise Disclosure Document can abrogate or reduce Customer's rights under Minnesota Statutes, Chapter 80C or Customer's rights to any procedure, forum or remedies provided for by the laws of the jurisdiction.

No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.

Notwithstanding anything contained in the franchise agreement or area development agreement to the contrary, you do not have to pay us the initial franchise fee until we perform our pre-opening obligations under the franchise agreement and your first franchised business is open. Once we complete this obligation and you are open, you must immediately pay us all initial fees we deferred.

You have whatever rights you may have under applicable law to terminate the GNP Premier Agreement.

No assignment will be made except to an Assignee who, in our opinion, is willing and able to assume our obligations under the GNP Premier Agreement.

**ADDENDUM TO AMERISOURCEBERGEN DRUG CORPORATION  
DISCLOSURE DOCUMENT  
FOR THE STATE OF WASHINGTON**

In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, Chapter 19.100 RCW will prevail.

RCW 19.100.180 may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise. There may also be court decisions which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise.

In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a

franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.

A release or waiver of rights executed by a franchisee may not include rights under the Washington Franchise Investment Protection Act or any rule or order thereunder except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel. Provisions such as those which unreasonably restrict or limit the statute of limitations period for claims under the Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.

Transfer fees are collectable to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.

Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provisions contained in the franchise agreement or elsewhere that conflict with these limitations are void and unenforceable in Washington.

RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington. The undersigned does hereby acknowledge receipt of this addendum.

In lieu of an impound of franchise fees, the Franchisor will not require or accept the payment of any initial franchise fees until the franchisee has (a) received all initial training that it is entitled to under the franchise agreement or offering circular, and (b) is open for business.

No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.
