What You Need To Know About Franchising *Generally*

Continuing responsibility to pay fees. You may have to pay royalties and other fees even if you are losing money.

Business model can change. The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

Supplier restrictions. You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

Operating restrictions. The franchise agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

Competition from franchisor. Even if the franchise agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

Renewal. Your franchise agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

When your franchise ends. The franchise agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

Some States Require Registration

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends the franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use the agency information in Exhibit H.

Your state also may have laws that require special disclosures or amendments be made to your franchise agreement. If so, you should check the State Specific Addenda. See the Table of Contents for the location of the State Specific Addenda.

Special Risks to Consider About *This* Franchise

Certain states require that the following risk(s) be highlighted:

1. **Out-of-State Dispute Resolution.** The franchise agreement requires you to resolve disputes with the franchisor by mediation, arbitration and/or litigation only in Pittsburgh, Pennsylvania. Out-of-state mediation, arbitration, or litigation may force you to accept a less favorable settlement for disputes. It may also cost more to mediate, arbitrate, or litigate with the franchisor in Pennsylvania than in your own state.
2. **Mandatory Minimum Payments.** You must make minimum royalty or advertising fund payments, regardless of your sales levels. Your inability to make the payments may result in termination of your franchise and loss of your investment.
3. **Liquidated Damages.** The franchise agreement requires you to pay us liquidated damages of \$65,000 if the franchise agreement is terminated prior to the end of the term for any reason other than pursuant to section 34(a), 34(b) or 34(c) of the franchise agreement.

Certain states may require other risks to be highlighted. Check the “State Specific Addenda” (if any) to see whether your state requires other risks to be highlighted.

ITEM 1: THE FRANCHISOR AND ANY PARENTS, PREDECESSORS AND AFFILIATES

The Franchisor, Its Parents, Predecessor and Affiliates

ABM Franchising Group, LLC is the franchisor of the Linc Service[®] franchise program this Disclosure Document describes. For simplicity, we refer to ABM Franchising Group, LLC, as “Linc” or by a first person plural pronoun (“we”, “us” or “our”). “You” means the individual or business entity (corporation, limited liability company, partnership, etc.) that buys a franchise. Except for sole proprietorships, “you” does not include a business entity’s owners.

We were organized under Delaware law on November 3, 2003 under the name Linc Franchises, LLC and changed our name to Linc Network, LLC on December 17, 2004. We changed our name to ABM Franchising Group, LLC on November 1, 2012. We maintain our principal business addresses at 501 Technology Drive, Suite 3000, Canonsburg, Pennsylvania 15317 and 1005 Windward Ridge Parkway, Alpharetta, Georgia 30005. We conduct the business described in this Disclosure Document under the Linc[®] and Linc Service[®] names. Exhibit I lists our agents for service of process in the states whose franchise laws require us to name an agent for service.

We have offered Linc Service franchises since acquiring the brand in 2003. Our affiliates operate businesses of the type being offered. We treat the Linc Service businesses operated by our affiliates as “company-owned” outlets for purposes of this Disclosure Document. We also offer TEGG[®] franchises and have offered GreenHomes America[®] and CurrentSAFE[®] franchises.

We are a member of an affiliated group of companies that was organized in November 2003 to acquire the business and assets of The Linc Corporation, a Pennsylvania corporation (“Linc Corporation”) and its affiliates. On December 8, 2003, Linc Corporation transferred the assets of its franchising operations to us, and we assumed its obligations as franchisor. Linc Corporation may be considered our “predecessor” with respect to the Linc Service brand. We have no predecessor within the last 10 years.

Between 1980 and the date we acquired its assets, Linc Corporation offered Linc Service franchises for service businesses engaged in the maintenance, repair and replacement of heating, ventilating and air conditioning systems, equipment and controls, primarily for commercial, industrial, institutional and multifamily residential buildings (“Linc Businesses”). Linc Corporation also owned and operated Linc Businesses indirectly through subsidiaries and other affiliates. Linc Corporation did not offer franchises in any other line of business.

On May 1, 2012, we purchased certain assets and liabilities of TEGG Corporation and CurrentSAFE Corporation, including their franchise business operations. From 1993 until we acquired its assets, TEGG Corporation offered TEGG[®] franchises for service businesses engaged in the maintenance, testing, repair and other related activities of electrical components and systems. It did not own any businesses of the type being offered. We have offered TEGG[®] franchises since acquiring the brand in May 2012. As of October 31, 2025, we had 74 total domestic and international TEGG[®] franchise outlets

From November 2008 until we acquired its assets, CurrentSAFE Corporation offered CurrentSAFE[®] franchises for residential electrical contractors to offer Electrical Hazard Detection services (“EHD”) to homeowners. We offered CurrentSAFE[®] franchises from May 2012 until September 30, 2015, when we sold

the assets of the CurrentSAFE franchise business to CurrentSAFE, LLC, an unaffiliated Ohio limited liability company. As of the date of the asset sale, we had 22 CurrentSAFE® franchises.

On November 1, 2012, through a series of mergers, GreenHomes America, LP (“GreenHomes America”) merged into ABM Franchising Group, LLC and ABM Franchising Group, LLC became the sole member of GreenHomes America, LLC. From 2009 until the mergers in November 2012, GreenHomes America offered GreenHomes America® franchises for the development, operation and improvement of businesses engaged in residential home performance products and services. We offered GreenHomes America® franchises from November 2012 until October 31, 2015. As of October 31, 2015, we had 13 GreenHomes America franchises. On September 8, 2016 we sold the assets of the GreenHomes franchise business to GreenHomes America, LLC, an unaffiliated Connecticut limited liability company.

We have no affiliates or subsidiaries that offer franchises or that provide products or services to our Linc Service franchisees.

Our parent company is ABM Industries Incorporated (“ABM”), a Delaware corporation with its principal place of business at One Liberty Plaza, New York, NY 10006.

Description of the Franchise

We own a distinctive system (the “Linc System”) for the development, operation and improvement of businesses engaged in the repair and maintenance of heating, ventilating, and air conditioning (HVAC) systems, equipment and controls, primarily for commercial, industrial, institutional and multifamily residential business. The Linc System includes methods and techniques for managing, marketing and operating Linc Businesses, for recruiting and training employees, for accounting and data processing, for advertising and promotion, and for quality control. The Linc System is identified by various trade names, service marks, trademarks, logos, emblems, and indicia of origin, including the mark “Linc” and “Linc Service” (the “Proprietary Marks”). The Franchise Agreement grants you the right to use the Proprietary Marks and the Linc System only in connection with your Franchised Business.

We offer franchises primarily to qualified individuals and business entities presently engaged in the repair and maintenance of heating, ventilating, and air conditioning (HVAC) systems. We may also offer franchises to qualified individuals and entities that are not presently engaged in the HVAC business. The franchise entitles you to establish and operate one service establishment that sells, services, maintains and repairs heating, ventilating, air conditioning, energy management and building automation systems, equipment and controls and that designs and installs temperature controls, energy management and building automation systems (a “Franchised Business”). Franchisees offer their products and services primarily to owners or managers of commercial, industrial, institutional and multifamily residential buildings. You may establish your Franchised Business either at your existing business premises or at another location that you select (the “Franchised Location”) within your defined marketing area. Your defined marketing area will be either a “Primary Marketing Area” or “Shared Marketing Area”. In a Shared Marketing Area you may face competition from other Linc Service franchisees. You will know prior to execution of your Franchise Agreement whether or not your marketing area will be a Primary Marketing Area or a Shared Marketing Area.

We have certain proprietary computer software and related information and documentation for accounting and information management and for field work order management of your Franchised Business (known as “ValueBuilder®”). We also have ProposalBuilder™ proposal generating software, PriceBuilder® maintenance pricing software, and SpotBuilder™ extra work quoting software, and we provide you the opportunity to

license salesforce.com customer relationship management software. We refer to ValueBuilder[®], ProposalBuilder[™], PriceBuilder[®], SpotBuilder[™] and salesforce.com collectively as “LincWare.” None of these modules are mandatory for franchisees. If you wish to use them, you must sign the LincWare Software Agreement in Exhibit F to this disclosure document. You also have the option of accessing ValueBuilder[®] along with salesforce.com customer relationship management software in our hosted environment.

We are currently testing a new technology platform for Linc Service Businesses to replace LincWare. We have signed vendor contracts for components of the platform, and pilot testing is underway with selected existing franchisees. We currently expect to complete testing and roll out the new technology platform in the middle of 2026. The new technology platform will be mandatory for new Linc Service franchisees. If you sign a Franchise Agreement with us before the roll-out, you can continue to use your existing system until the roll-out begins, but you will then be required to implement the new platform within a reasonable period of time.

You may not operate the Franchised Business from a location other than the Franchised Location without our prior written consent. We may offer our established Linc Service franchisees Satellite Branch Amendments to establish additional locations (“Satellite Locations”) from which they may conduct the Franchised Business within their Primary or Shared Marketing Area(s). We may also offer our established Linc Service franchisees Remote Branch Amendments to establish remote branches located outside their Primary or Shared Marketing Areas. You may engage in other business enterprises simultaneously with the operation of the Franchised Business. If you do, you must establish a separate entity or division and take such further steps as we may consider necessary to insure the separation of the Franchised Business from other businesses you operate.

The market for the services offered by Linc Service franchises is well developed and competitive. Franchisees offer their services on a contract, as needed, or emergency service basis. You will compete with, among others, mechanical contractors and other independent businesses performing similar services and with local service offices of mechanical equipment manufacturers. You may also compete with our parent companies and affiliates related to the performance of bundled energy solutions, facility management services, and lighting and electrical services in your Primary or Shared Marketing Area.

If you already engage in the HVAC business, we expect you to conduct your Franchised Business from your existing facility or from another location within your Primary Marketing Area or Shared Marketing Area, as applicable. Franchised Locations are typically located in commercial or light industrial areas. Average space requirements are approximately 120 square feet of office space per office person and 100 square feet of warehouse space per \$1,000,000 of annual revenue of the Franchised Business. You will determine the size of your facility at the Franchise Location as well as the size of all your Satellite Branch offices and Remote Branch offices, although our franchisees typically establish their Franchised Business at their existing facility.

Industry-Specific Regulations

In addition to laws and regulations that apply to businesses generally, you must comply with Section 608 of the Federal Clean Air Act Amendments of 1990. Section 608 requires, among other things, that all persons servicing, maintaining, repairing and disposing of air conditioning and refrigeration equipment follow specific procedures, including recordkeeping and technician certifications. There may also be state and local laws in your Primary Marketing Area or Shared Marketing Area, as applicable, pertaining to the operation of businesses such as the Franchised Business. These laws may require you to obtain certain contractor’s licenses and/or permits. It is your responsibility to comply with all applicable laws, and you may wish to contact an attorney to inquire about such laws.

We estimate the ValueBuilder® Initial Fee, which includes your one time computer software license fee, set up and initial computer software training, to be \$42,000 based on 4 Office Users and 16 Field Users. Notes:

- (1) The Initial Franchise Fee for each franchise and certain other initial fees and expenses are discussed in Item 5. The Franchise Fee for each franchise is \$75,000 if you choose the financing option, or \$65,000 if you pay the Franchise Fee in full upon execution of the Franchise Agreement. The Franchise Fee for each Remote Branch is \$30,000 at the time of purchase and \$20,000 when the Remote Branch is converted to a franchise.
- (2) Pre-opening training expenses are discussed in Item 5. There is no tuition fee for initial training, but you will be required to pay the travel and living expenses of your employees attending training at one of our facilities, which will vary depending on the distance traveled and number of your employees who attend initial training.
- (3) We expect that you will already have insurance coverages in place for your existing business that will provide adequate coverages for the Franchised Business. You must purchase and maintain worker’s compensation insurance, employer’s liability insurance and comprehensive general liability insurance, including contractual liability coverage, and automobile liability insurance with a minimum limit of \$2 million. The cost of obtaining and maintaining such insurance varies according to such factors as the size and location of your business, the number of employees and vehicles, and your claims experience. If you already have comparable insurance as part of your existing business, there may be no additional cost.
- (4) We recommend that you make available a sedan or similar vehicle to your General Manager and each Field Sales Representative, and a van or pickup truck for each Field Service Representative. If you already have sufficient vehicles in your existing business, you may not need any additional vehicles. The cost of providing such vehicles is approximately \$45,000 each. These vehicles can be leased from various sources. The cost of leasing a sedan or similar vehicle with a purchase price of \$45,000 is approximately \$850.00 per month for a four (4) year lease. The amount reflected in the schedule is the estimated cost of providing up to three (3) leased vehicles for the three (3) month initial phase of the Franchised Business. Instead of providing a vehicle to management or sales employees, you can pay them a fee per mile for use of their personal vehicle. If they are existing employees, you may already be providing them with the required vehicles or mileage reimbursement.
- (5) We offer different formats by which you may incorporate the Linc identification with your own identification. The cost to incorporate these options ranges from \$30 to \$400 per vehicle. Typically, you will need at least one vehicle for your Linc Business.

- (6) We expect that you will operate the Franchised Business from your existing facility. Therefore, we have not included in this estimate any expenses for real estate. If you do not have an existing facility, typical locations are in commercial or light industrial areas. Average space requirements are approximately 120 square feet of office space per office person and 100 square feet of warehouse space per \$1 million of annual revenue of the Franchised Business.
- (7) Equipment required to operate your Linc Business consists primarily of small tools and test equipment for use by your Field Service Representatives. If you do not own sufficient tools, you must purchase such tools at an approximate cost of \$8,000 per Field Service Representative. Typically, you will have one to twenty Field Service Representatives.
- (8) These estimates assume that you choose to use our computerized accounting and information system software known as ValueBuilder[®] and the salesforce.com customer relationship management software (collectively referred to as “LincWare”) pending roll-out of the required new technology platform described in Item 1. The low end of the range assumes you have sufficient computer capacity for the legacy systems in your existing HVAC business. The high end assumes you will need to purchase computer equipment and third party software for the legacy systems. As of the date of this disclosure document, we do not yet have an estimate of equipment costs for the new technology platform; these costs will depend on the results of pilot testing of equipment and configurations with existing franchisees.
- (9) If you choose to use our ValueBuilder[®] computer software pending roll-out of the required new technology platform, there will be an Initial Fee which covers a one-time license fee, set up fee and initial training. Based upon four (4) Office Users and sixteen (16) Field Users, the Initial Fee would be \$42,000. If you choose to have the ValueBuilder[®] software in a hosted environment, there is a monthly hosting fee of \$90.00 per Office User. The Monthly Software Assurance fee is \$85.00 per Office User and \$60.00 per Field User. If you choose to use salesforce.com customer relationship management software, there is a one-time initial fee of \$1,000 for set up and training and a monthly fee of \$100 per User. As of the date of this disclosure document, we have not yet determined the initial costs and periodic fees for the new technology platform.
- (10) We expect that you will conduct your Linc Service Business from your existing facility in conjunction with your existing business. Therefore, we do not expect you to need additional funds to support ongoing expenses during the initial phase of the Franchised Business, which we estimate to be three (3) months. However, we cannot guarantee that you will not have additional expenses starting your Linc Service Business. Your costs will depend on factors such as: how closely you follow our methods and procedures; your management skill, experience and business acumen; local economic conditions; the local market for the products and services; the prevailing wage rate; competition; and the sales level the business reaches during the first three months.
- (11) These figures are estimates. Although we relied on our more than 40 years of experience in franchising and in the heating, ventilating and air conditioning service and maintenance industry when preparing these figures, we do not guarantee that you will not need additional funds. You should review these figures carefully with a business advisor before making any decision to purchase a Linc Franchise. Costs vary depending upon the number of Field Sales and Service Representatives for your Linc Business and the amount of technical equipment needed for each Field Service Representative. Historically, Linc Businesses have started with 1 to 20 Field Service Representatives.

We do not offer direct or indirect financing for your initial investment other than a portion of the Franchise Fee. All payments to us are nonrefundable; refundability of payments to others depends upon your arrangements with them.

ITEM 8: RESTRICTIONS ON SOURCES OF PRODUCTS AND SERVICES

Except for equipment, uniforms, vehicle marking, computer software, software maintenance and support services, and certain advertising, as described below, we do not require you to purchase or lease any goods, services, supplies, equipment or inventory from us, our designee, an approved supplier or under our specifications.

Vehicles, Equipment, Stationery, Business Cards, Forms, Sales Aids

You may (but are not required to) purchase or lease vehicles, equipment, stationery, business cards, forms and sales aids from us or an approved third party vendor. In the fiscal year ending October 31, 2025, we received \$570,854 in revenue from Linc franchisees' purchases of these items, or 3.3% of our total revenue of \$17,501,240 for the fiscal year. This information is derived from our corporate financial records that our Division Controller maintains.

Uniforms and Vehicle Markings

You must provide each of your Field Service Representatives with uniforms and a vehicle that displays the Linc logo. Although we are not obligated by the Franchise Agreement or any other agreement, we identify suppliers of these items in our COM who have demonstrated to our continuing reasonable satisfaction their ability to meet our standards and specifications. We will also provide to you the benefits of any national or regional purchasing agreements that we may negotiate. We derive no monetary payments from your purchases from these suppliers and we do not charge you a fee for the benefits.

The cost of equipment, vehicle markings and uniforms purchased in establishing your Franchised Business will vary depending upon your current vehicle inventory and the number of Field Service Representatives you retain.

Computer Hardware, Software, Support and Maintenance

As noted in Item 1, we are currently testing a new technology platform that you will be required to implement in your Linc Service Business. We have signed vendor contracts for components of the platform, and pilot testing is underway with selected existing franchisees. We currently expect to complete testing and roll out the new technology platform in the middle of 2026. If you sign a Franchise Agreement with us before the roll-out, you can continue to use your existing system until the roll-out begins, but then you will be required to implement the new platform within a reasonable period of time. See Item 11 for more details.

If you wish to use our ValueBuilder[®] computer software pending roll-out of the new technology platform, you must sign the LincWare Software Agreement in Exhibit F to this Disclosure Document and pay the ValueBuilder[®] Initial Fee as described in Item 7, which includes the cost of the license, set up and initial training. You will have the option of accessing ValueBuilder[®] computer software through our hosted environment or on your own server, but we highly recommend that you use our hosted environment. If you choose our hosted environment, the current monthly hosting fee is \$90 per month per Office User. The current Monthly Software Assurance fee is \$85 per Office User and \$60 per Field User.

If you also choose to use ProposalBuilder[™] pending roll-out of the new technology platform, there is an initial set up fee of \$750 and a monthly fee of \$63 per user. If you choose to use SpotBuilder[™] there is an initial set up fee of \$250 and a monthly fee of \$20 per user. There is no initial fee or monthly fee for you to use PriceBuilder[®] software.

If you also choose to use salesforce.com customer relationship management software pending roll-out of the new technology platform, there is a one-time initial fee of \$1,000 for set up and initial training and a monthly fee of \$100 per user. The price varies based on the number of users.

In the fiscal year ending October 31, 2025, we received \$1,268,077 in revenue from Linc Franchisees for computer software training, support and maintenance fees, or 7.3% of our total revenue of \$17,501,240 for the fiscal year.

Advertising

All advertising, including internet websites, must conform to our requirements and standards as identified in the COM and is subject to our approval. We derive no revenue from your advertising purchases.

We estimate that the cost of items purchased according to our specifications will represent less than 1% of your total purchases and leases in connection with the establishment of your Linc Service business and less than 1% of your total purchases and leases in connection with the continued operation of your Franchised Business.

We do not have any purchasing or distribution cooperatives.

None of our officers owns an interest in any unaffiliated supplier. We do not provide any material benefits (e.g., permitting renewal or granting additional franchises) to franchisees solely because of their use of designated or approved suppliers.

Advertising and Promotion

We may, in our discretion, but are not obligated to, market and advertise Linc Businesses and Linc Services on such terms and conditions as we deem appropriate. You must abide by any requirements and restrictions we impose from time to time. All advertising must conform to our requirements and standards identified in the COM and must be approved by us. We may require you to participate in any such endeavors, including participation with pages on any of our websites, and to execute such agreements as we deem reasonably appropriate in connection therewith. (Franchise Agreement § 13)

We do not require you to participate in an advertising fund. We do not have any local or regional advertising cooperatives.

Site Selection/Start-Up

We expect you to operate your Franchised Business from your existing facility. If you purchase a franchise for a yet-to-be determined location, the site must be within your Primary Marketing Area or Shared Marketing Area, as applicable, and is subject to our approval. If you do not find an acceptable location within one (1) year, or a longer time as we in our discretion may allow, we may terminate your Franchise Agreement. The factors that we consider in accepting locations include the size of the Primary Marketing Area or Shared Marketing Area, as applicable, physical characteristics of the location and your evaluation of your needs. Franchised Locations are typically located in commercial or light industrial areas. Average space requirements are approximately 120 square feet of office space per office person and 100 square feet of warehouse space per \$1 million of annual revenue of the Franchised Business. You will determine the size of your base facility, as well as the size of any Satellite Branch offices and Remote Branch offices.

Franchisees typically open their Franchised Business one or two months after signing their Franchise Agreement. The factors that affect this time are the availability of a General Manager and other personnel for the Franchised Business, the availability of computer equipment and our training schedules.

Computer Hardware and Software

You must maintain computer hardware, software, components and accessories as we specify in the COM or otherwise in writing from time to time for the Linc Business. Currently, the minimum hardware and software

requirements you must provide and maintain to run the required and recommended applications include a standard desktop computer with monitor, processor, modem and other hardware and software as more fully provided in the COM.

As noted in Item 1, we are currently testing a comprehensive new technology platform that you will be required to implement in your Linc Service Business. We expect to complete testing in the middle of 2026, but there is no assurance of when this process will be completed or when roll out of the new technology platform will begin. If you sign a Franchise Agreement with us before the roll-out starts, you can continue to use your existing system until the roll-out begins, but then you will be required to implement the new platform within a reasonable period of time. As of the date of this disclosure document, the initial costs and periodic fees for the new technology platform have not been determined. We expect to provide it to you as a Platform as a service (PaaS), with payment of fees to us that we will pass through to the respective vendors.

If you wish to use our LincWare software pending roll-out of the new technology platform, we estimate that you will spend between \$0 and \$43,000 initially on computer hardware, software, components and accessories, and related set up fees (see Item 7). You may purchase your computer hardware equipment from any supplier so long as the equipment meets our specifications.

The ValueBuilder[®] accounting and information system software and salesforce.com customer relationship management software can be accessed via the internet in our hosted environment. Should you choose to use our hosted applications infrastructure, you may not need to purchase additional hardware, but you will still need to purchase software licenses for LincWare. The ValueBuilder[®] software contains the financial and service management information, including general ledger balances and transactions, customers, vendors, agreements, etc. We will not have independent access to your information or data.

We do not maintain or provide any upgrades to your computer hardware. You may select a vendor of your choice to maintain your computer hardware, and you may need to upgrade your computer hardware from time to time to remain compatible with our proprietary systems.

Provided that you are in full compliance with your obligations under the Franchise Agreement upon your voluntary termination of the Franchise Agreement, or upon expiration of the Franchise Agreement, we may permit you to continue with limited use of our proprietary software for a period of up to ninety (90) days after termination or expiration of your Franchise Agreement to effect a transfer of your accounting and record keeping activities to replacement computer systems.

Confidential Operating Manual (“COM”)

You must operate the Franchised Business under the mandatory standards, methods, policies and procedures specified in the COM, a copy of which is available to you on our website for the term of the Franchise Agreement and any renewals. We may revise the contents of the COM in our sole discretion, and you must comply with each mandatory new or changed standard. If a dispute occurs as to the contents of the COM, the terms of the master copy maintained by us at our home office and on our website will be controlling. The COM consists of the following seven (7) Volumes.

1. General
2. Sales & Marketing
3. Operations
4. Business Systems

5. Personnel
6. Professional Development
7. Energy

A copy of the COM Table of Contents is included in this disclosure document as Exhibit M. The COM currently has 4,279 total pages.

ITEM 12: TERRITORY

You must operate your Franchised Business from a specific location in your Primary Marketing Area or Shared Marketing Area, as applicable, approved in advance by us. This is typically your existing facility. You must purchase a Satellite Branch Amendment to operate your Franchised Business from additional locations within your Primary Marketing Area or Shared Marketing Area, as applicable. You may not relocate your Franchised Business from this location without providing us with prior written notification and obtaining our consent. We will typically approve relocation as long as the new location is within your Primary Marketing Area or Shared Marketing Area, as applicable. Except as otherwise provided below, you may not establish or engage in a Linc Business at or operating from any additional location.

When establishing Primary Marketing Areas and Shared Marketing Areas, we take into consideration standard statistical information published by local, state and federal governments regarding metropolitan areas, city and county populations (actual and projected) and economic impact areas, as well as terrain conditions. You will know prior to execution of your Franchise Agreement whether or not your Territory will be a Primary Marketing Area or Shared Marketing Area. Primary Marketing Areas and Shared Marketing Areas are typically delineated by county boundaries and/or boundary streets or highways. We will provide a map and/or written description of your Primary Marketing Area or Shared Marketing Area before you sign your Franchise Agreement.

While you will receive limited territorial protections as described in this Item, you will not receive an exclusive territory. You may face competition from other Linc Service franchisees, from franchisees that are owned by our affiliates, or from other channels of distribution or competitive brands that we control. In addition, our affiliates that we do not control may perform Bundled Energy Solutions projects, Facilities Services and/or Lighting and Electrical Services within your Primary Marketing Area or Shared Marketing Area, as applicable. Neither we nor our affiliates will have any obligation to compensate you in connection with any such activities.

If you have a Primary Marketing Area, we will neither perform, nor authorize another Linc franchisee to perform, any of the services of a Linc Business using the Proprietary Marks and the Linc System on any building or mechanical system located within your Primary Marketing Area, except or unless: (i) with your written consent; (ii) another Linc franchisee is performing services outside its Primary Marketing Area or Shared Marketing Area under the conditions described below in this Item 12; (iii) when we and/or another Linc franchisee have given you the opportunity to perform services within the Primary Marketing Area and you decline to do so; and (iv) for services performed on residential properties (defined as properties or buildings containing four or fewer residential dwelling units). If you have a Shared Marketing Area you may face competition from other Linc Service franchisees in your Territory. For both Primary Marketing Areas and Shared Marketing Areas, we reserve the right to develop opportunities with customers that operate in two or more territories (“National Accounts”). If we develop a National Account program for a customer, unless a customer does not want you to perform the services, you will have the option to participate in your Primary

Marketing Area or Shared Marketing Area on the same terms and conditions we negotiate with the National Account customer. If you do not elect to service such customer on the same terms and conditions, we or our designee may do so within your Primary Marketing Area or Shared Marketing Area. We will have no obligation to compensate you in connection with any such activities.

You may not solicit customers or perform Linc Service outside your Primary Marketing Area, or, if applicable, your Shared Marketing Area, unless or except: (i) with the permission of another Linc franchisee (except if the other franchisee is in the same Shared Marketing Area, in which case you may perform the Franchised Business in your Shared Marketing Area) if the building or mechanical system is located in the Primary Marketing Area or Shared Marketing Area, as applicable, of such franchisee; or with our permission if the building or mechanical system is not located in another Linc Service franchisee's Primary Marketing Area; (ii) if you have been providing such services within 12 months prior to entering into the Franchise Agreement and so long as you continuously do so; (iii) if you respond to an existing customer's written request for a bid or proposal and the scope of work is specified by the customer; or (iv) if you provide services to a mechanical system that is being installed or has been installed by a construction affiliate or division of your company, you may perform Linc Service on that system for a period not to exceed one year from completion of construction (i.e., during the construction warranty period).

Except as described above with respect to the operation of the Franchised Business in a Primary or Shared Marketing Area, we reserve all other rights with respect to the Proprietary Marks and the Linc System, and we reserve the right to: (i) operate, and grant to others the right to operate, any of the other Linc Businesses at such locations and on such terms and conditions as we deem appropriate; (ii) sell any products or services under the Proprietary Marks or under any other trademarks, service marks or trade dress, through other channels of distribution, inside or outside the Primary Marketing Area or Shared Marketing Area, as applicable; and (iii) operate, and grant to others the right to operate, businesses identified by trademarks, service marks or trade dress, other than the Proprietary Marks, inside or outside the Primary Marketing Area or Shared Marketing Area, as applicable, under such terms and conditions as we deem appropriate. More specifically, we and all of our affiliates retain all rights to engage in, or license others to engage in Linc Businesses such as: (a) business facility management services ("Facility Services"), including integrated facility services, technical operations and maintenance, administrative and office support, performance and energy savings projects (Bundled Energy Solutions"), and (b) lighting and electrical services ("Lighting and Electrical Services") including design, engineering, installation, operation, testing, inspection, maintenance, cleaning, repair, replacement and reconditioning of lighting and electrical systems, each under names, trademarks and service marks which may include some or all of our Proprietary Marks. Facility Services and Bundled Energy Solutions projects may include providing Linc Services which are ancillary to providing Facility Services or Bundled Energy Solutions. We will have no obligation to compensate you in connection with any such activities.

Your Primary Marketing Area does not depend upon the achievement of any certain sales volume, market penetration or other contingency. However, upon renewal of your Franchise Agreement at the end of any Term, we will require you to execute a new Franchise Agreement which, at our discretion, may contain different terms and conditions, including a reduced, increased or shared Primary Marketing Area, and no further renewal rights.

You may at any time, subject to our approval, during the Term of the Franchise Agreement acquire the right to conduct your Franchised Business from additional locations within your Primary Marketing Area or Shared Marketing Area by executing a Satellite Branch Amendment and paying a fee in the amount of \$15,000 for each Satellite Location. The Franchised Business you conduct at a Satellite Branch is subject to all of the

terms and conditions of the Franchise Agreement, including the requirement to pay Royalty Fees. You may determine the size of the premises and staff at each Satellite Branch. A copy of the current form of Satellite Branch Amendment appears in Exhibit B of this disclosure document.

You may at any time during the Term of the Franchise Agreement, also acquire the right to conduct your Franchised Business outside of and contiguous to your Primary Marketing Area or Shared Marketing Area by executing a Remote Branch Amendment and paying \$30,000 for each Remote Branch Location. So long as you maintain the Remote Branch business in a fixed location and employ at least one service technician, we will not establish or franchise another to establish a fixed place of business under the Proprietary Marks or the Linc System within your Remote Branch Area.

The Franchised Business you conduct at the Remote Branch Location is subject to the same terms and conditions of the Franchise Agreement, including territorial rights and limitations. You will, however, not be required to have a General Manager for the Remote Branch Locations as required under the terms of the Franchise Agreement. Gross Revenues generated at Remote Branch Locations are combined with Gross Revenues generated at the Franchised Location for determining your Royalty Fees, until such time as the Remote Branch is converted to a separate franchise. You may determine the size of the premises and staff at each Remote Branch Location. At the earlier of either (i) two-year anniversary from the date you signed the Remote Branch Amendment, or (ii) the date upon which annual Gross Revenues generated at a Remote Branch Location exceed \$500,000, your Remote Branch must be converted to a separate franchise under the terms and conditions of the Remote Branch Amendment. You will be required to pay a fee of \$20,000 at the time your Remote Branch is converted to a separate franchise and you will be required to sign the then-current franchise agreement. A copy of the current form of Remote Branch Amendment appears in Exhibit C. of this disclosure document.

Except as described above, you do not have any options, rights or first refusal or other similar rights to acquire additional Linc franchises within the Primary Marketing Area, Shared Marketing Area or contiguous areas.

If you believe in good faith that another Linc franchisee has breached any of your territorial rights, you must notify us immediately in writing and include detailed facts supporting the claim for the alleged breach. Upon receipt of your written notice, we will, within a reasonable time, review and investigate your complaint and take appropriate action, or if necessary, we will appoint a three-member review committee consisting of two representatives of Linc franchisees (members of the Linc Service Advisory Council, if it is active) and one of our executives to investigate the alleged breach and report to our President or Board of Directors whether they believe the other Linc franchisee has violated its Franchise Agreement, as well as a recommendation of a remedy, if any, including possible termination of the Linc franchisee's Franchise Agreement. We reserve the right to make the final decision in our sole business judgment. No Linc franchisee's representative may serve on a review committee if the Primary or Shared Marketing Area under the franchisee representative's Franchise Agreement is contiguous to the Primary or Shared Marketing Area that is in dispute.

ITEM 13: TRADEMARKS

The principal trademarks that we will license to you are the Linc Service name and the Linc Service logo. The term "principal trademarks" means primary trademarks, service marks, names, logos, and commercial symbols used to identify the franchise. You will operate your franchise under these names and any other name or mark that we designate. You also may use our other current or future marks to identify your Franchised Business, as we designate.

Our parent company, ABM, is the owner of the following marks registered on the Principal Register of the United States Patent and Trademark Office (USPTO):

ABM also uses the following marks and claims common law rights in them, but has not applied for federal registration:

<u>Mark</u>	<u>Application Date</u>	<u>Serial No.</u>
ProposalBuilder™	TBD	TBD
SpotBuilder™	TBD	TBD

We do not have federal registrations for the “ProposalBuilder” and “SpotBuilder” marks. Therefore, these trademarks do not have the same legal benefits and rights as federally registered trademarks. If our right to use one of these trademarks is challenged, you may have to change to an alternative trademark, which may increase your expenses.

There are no currently effective material determinations by the USPTO, the Trademark Trial and Appeal Board, the trademark administrator of any state, or any court, nor is there any pending infringement, opposition or cancellation proceeding, nor any pending material litigation involving the Proprietary Marks that may be relevant to their use in any state. ABM has authorized us to license the principal marks to our Linc Service franchisees. Other than the license from our parent company, no agreements are currently in effect that limit our right to use or license others to use the Proprietary Marks.

You receive a license under the Franchise Agreement to use our Proprietary Marks, which you must use in full compliance with our rules. You must not use any of our Proprietary Marks as part of your entity or business name. You may not use any Proprietary Mark in connection with any operation that is not part of your Franchised Business or in any other manner we do not expressly authorize in writing.

In the event of any infringement of, or challenge to, your use of the Proprietary Marks, you must notify us promptly and cooperate fully with us in defending or settling such claims as we, in our sole discretion, shall determine. We will have sole discretion to take such action as we deem appropriate and will have the right to control exclusively any litigation or Trademark Office proceeding arising out of any infringement, challenge or claim or otherwise relating to the Proprietary Marks. You must sign any and all documents, render such assistance and do such things as may be advisable in our (or our counsel's) opinion to protect our interests in any litigation or Trademark Office proceeding or other administrative proceeding or otherwise to protect our interest in the Proprietary Marks.

If you have notified us in a timely manner of any infringement, challenge, claim or otherwise relating to the Proprietary Marks, and provided that you are in compliance with the Franchise Agreement and all other agreements with us, we will indemnify you against, and reimburse you for, all damages for which you are held liable in any proceeding arising out of your authorized use of any Proprietary Mark under the Franchise Agreement. We, at our sole discretion, are entitled to prosecute, defend and/or settle any proceeding arising out of your use of any Proprietary Mark under the Franchise Agreement, and, if we undertake to prosecute, defend and/or settle any such matter, we have no obligation to indemnify or reimburse you for any fees or disbursements of any legal counsel retained by you.

We can modify or discontinue use of any of the Proprietary Marks and/or use one or more additional or substitute marks. You must implement any changes at your own expense.

You may not contest, directly or indirectly, the validity or our ownership of the Proprietary Marks.

There are no infringing uses actually known to us that could materially affect your use of the Proprietary Marks.

ITEM 14: PATENTS, COPYRIGHTS, AND PROPRIETARY INFORMATION

We do not own any right in or to any patents that are material to the franchise.

We have a copyright registration for our Confidential Operating Manual (“COM”) under Registration TX659-953. We may claim copyright protection for certain other materials, such as our Proprietary Software, advertisements, promotional materials, posters, signs, websites, and mobile applications used in the operation of the Linc Business, but neither we nor our affiliates have registered the copyrights in any materials other than the COM.

No agreements currently in effect limit our rights to use or sublicense the use of the copyrighted material to you. We are not aware of any infringement that could materially affect your use of the copyrighted materials. In the event of any infringement or challenge of your use of any copyrighted material, you must notify us promptly and cooperate fully with us in defending or settling any claim as we may determine.

We also claim proprietary rights in the ValueBuilder[®], PriceBuilder[®], ProposalBuilder[™], and SpotBuilder[™] software, although no patent or copyright has been registered with respect to the software. As previously indicated, we grant franchisees a non-exclusive, non-transferable right, subject to the terms of the LincWare Software Agreement, to permit named users to access and use our software for the purpose of operating your Linc Business while the Franchise Agreement is in effect. We and/or our affiliates retain all right, title and interest in and to the software, its documentation, and any corrections, updates, adaptations, enhancements, or copies.

You must treat the information contained in the COM, in operational directives issued by us and in other materials concerning the Linc System and its operation, as confidential and proprietary. You must use this information only for the operation of the Franchised Business and refrain from copying or reproducing any portion of such information without our prior written consent. You may divulge this confidential information only to your employees or agents who must have access to it in order to operate the Franchised Business. You must require each of those employees and agents to sign a confidentiality agreement when you enter into the Franchise Agreement or when they are hired, whichever is later. A copy of the Employee Confidentiality Agreement is included in this Disclosure Document as Exhibit E.

You must not, during the term of the Franchise Agreement or after termination of the Franchise Agreement, communicate, divulge, or use for the benefit of any other person, partnership, association, or corporation any confidential information or trade secrets concerning the methods of operation of the Franchised Business that may be communicated to you or of which you may learn during your operation of the Franchised Business under the terms of the Franchise Agreement.

ITEM 15: OBLIGATION TO PARTICIPATE IN THE ACTUAL OPERATION OF THE FRANCHISE BUSINESS

We recommend but do not require that the principal owner(s) of the Franchised Business personally participate in the direct operation of the Franchised Business. If the principal owner does not personally manage the Franchised Business, it must be managed by a General Manager who must devote his or her full time to the management and operation of the Franchised Business. The General Manager is appointed by you, but is subject to our consent. Our consent to your General Manager will not be deemed unreasonably withheld if our decision is based upon unsatisfactory results of a background check, inaccurate employment verification, or insufficient skill set or experience level. The General Manager must complete the initial training courses to our satisfaction.

The General Manager does not need to have an ownership interest in the Franchised Business. The General Manager must sign an agreement in the form attached hereto as Exhibit E to maintain confidentiality of proprietary information as described in Item 14 and to conform with the covenants not to compete described in Item 17 of this Disclosure Document.

Each individual who owns a 5% or greater interest in the Franchisee or the Franchised Business must agree to be individually bound by the terms of Sections 17, 18, 22 and 31 of the Franchise Agreement (use of the COM, confidential information, involvement in other business, and transfers). We may require each individual owner of the Franchisee or the Franchised Business to sign a Guarantee in the form attached as Exhibit B to the Franchise Agreement.

ITEM 16: RESTRICTIONS ON WHAT THE FRANCHISEE MAY SELL

You must offer to your customers all of the services we prescribe. We do not otherwise limit the goods or services you may offer for sale, the customers to whom you may sell goods or services, or the prices you may charge. You may not solicit or perform Linc Service outside your Primary Marketing Area or Shared Marketing Area, except as provided in Section 3(b) of your Franchise Agreement and under the terms of a Remote Branch Amendment(s).

We may supplement, improve or modify the Linc System periodically, and there are no contractual limits on our right to make changes. You must comply with all of our requirements in that regard, including offering new or different products or services we specify.

w. Choice of law	Section 39	Subject to state law, Pennsylvania law applies

Please refer to state-specific addenda in Exhibit N for any changes or additional provisions that apply in your state. These and other states may have court decisions which may supersede the Franchise Agreement in your relationship with us, including the areas of termination and renewal of your franchise.

ITEM 18: PUBLIC FIGURES

We do not use any public figures to promote our franchise.

ITEM 19: FINANCIAL PERFORMANCE REPRESENTATIONS

The FTC's Franchise Rule permits a franchisor to provide information about the actual or potential performance of its franchised and/or franchisor-owned outlets, if there is a reasonable basis for the information, and if the information is included in the disclosure document. Financial performance information that differs from that included in Item 19 may be given only if: (1) a franchisor provides the actual records of an existing outlet you are considering buying; or (2) a franchisor supplements the information provided in this Item 19, for example, by providing information about possible performance at a particular location or under particular circumstances.

Below we present certain historical financial information for Linc Service businesses. The explanatory notes following the table are an important part of the information presented.

Statement of Average Gross Profit by Activity Type and by Revenue Tier

Table 1 provides Average Revenue and Average Cost of Sales information for Fiscal Year 2024 (i.e., the period from November 1, 2023 through October 31, 2024) for 76 Linc Service franchises which were in operation in the U.S. and certain foreign countries for the entire 12-month period. FY 2024 was the most current financial data available to us as of the time we prepared this Disclosure Document. FY 2025 financial data for our Linc franchisees was not yet available at that time. Some franchisees use a fiscal year based on the calendar year, and we do not receive their financial data until sometime in the following calendar year. For franchisees using a calendar fiscal year, we draw data from portions of two consecutive fiscal years corresponding to the period of our fiscal year, which ends on October 31. Based on the FY 2025 data available to us at the time we prepared this Disclosure Document and on the historical financial performance of the Linc franchise system, we have no reason to believe that the Fiscal Year 2024 data in Table 1 does not fairly represent recent performance of Linc franchises.

Table 1 excludes the results of the following 28 domestic Linc Service franchises that were in operation during FY 2024:

- 13 franchises that terminated in FY 2024; and
- 15 franchises that did not provide us with their financial statements or equivalent data for FY 2024.

Based on the data available to us at the time we prepared this Disclosure Document, the results of the excluded Linc Service franchises would not have a material adverse effect on the averages included in Table 1.

Table 1 divides the 76 Linc Service franchises into four categories based on ranges of revenue for FY 2024. The categories are: Linc Service franchises with revenue of \$0.0 million to \$3.0 million (14 businesses); Linc Service franchises with revenue of \$3.0 million to \$5.0 million (8 businesses); Linc Service franchises with

revenue of \$5.0 million to \$7.0 million (14 businesses); and Linc Service franchises with revenue over \$7.0 million (40 businesses). The Table also includes a column combining the data for all 76 Linc Service franchises included.

For each group of Linc Service franchises, the Table breaks out Average Revenue and Average Cost of Sales for four specific types of services: Guaranteed Professional Maintenance Agreements (GPM), Customized Professional Maintenance Agreements (CPM), Service Projects (PROJECT), and Repairs and Emergency Service on Time and Materials Basis (SPOT). The Table also includes a row combining the data for all four types of services.

The financial performance representations in Table 1 are historical representations. We obtained the data for Table 1 directly from our franchisees. Neither the raw data nor the figures in Table 1 have been audited. Some adjustments were necessary to eliminate minor discrepancies related to different financial reporting calendars used by our franchisees.

Some outlets have earned this amount. Your individual results may differ. There is no assurance that you'll earn as much.

All costs of the investigation and resolution of the dispute shall be paid by the Franchisees involved in the dispute as allocated by the Board of Directors of FRANCHISOR, in its sole discretion. FRANCHISEE agrees that neither FRANCHISEE nor any officer, director, owner, employee or agent of FRANCHISEE, shall bring any legal action or claim whatsoever (including any claim for slander, libel, or tortious interference), whether by a statement of claim, complaint, counterclaim, cross-claim or otherwise, against FRANCHISOR, any member of the Review Committee, or any other person in connection with the proceedings referenced in this Section 3(d), including, by way of example and not limitation, for statements made in the proceedings or in any recommendations to the Board of Directors. FRANCHISEE shall comply with and implement all security and password protocols implemented by FRANCHISOR for use with the Proprietary Software. FRANCHISEE shall not copy or reproduce, in whole or in part, any portion of the Proprietary Software which is provided in printed form under this Agreement. Additional copies of printed materials may be acquired from the FRANCHISOR. ALL OTHER WARRANTIES, WHETHER EXPRESSED OR IMPLIED, INCLUDING ANY REGARDING THE CORRECTNESS OR APPLICABILITY OF DATA OR ALGORITHMS CONTAINED IN THE PROPRIETARY SOFTWARE, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARISING OUT OF OR IN CONNECTION WITH THE PROPRIETARY SOFTWARE (OR THE DELIVERY, USE OR PERFORMANCE THEREOF) ARE HEREBY EXCLUDED. NO REPRESENTATIONS REGARDING THE PERFORMANCE OF THE PROPRIETARY SOFTWARE SHALL BE BINDING ON FRANCHISOR AND/OR ITS DESIGNEE(S).

FRANCHISEE AGREES TO INDEMNIFY AND HOLD FRANCHISOR AND/OR ITS DESIGNEE(S) HARMLESS FOR ANY AND ALL CLAIMS, LOSSES, OR DAMAGES ARISING OUT OF OR CONNECTED WITH FRANCHISEE'S USE OF THE PROPRIETARY SOFTWARE, INCLUDING WITHOUT LIMITATION THIRD PARTY CLAIMS, LOSSES, OR DAMAGES. FRANCHISEE FURTHER AGREES THAT NEITHER FRANCHISOR NOR ITS DESIGNEE(S) WILL BE LIABLE FOR ANY LOST PROFIT OR REVENUE OF FRANCHISEE OR FOR ANY CLAIM OR DEMAND AGAINST FRANCHISEE BY ANY OTHER PARTY, INCLUDING WITHOUT LIMITATION, ANY CLAIM OR DEMAND AGAINST FRANCHISEE BY A CUSTOMER, CLIENT OR EMPLOYEE OF FRANCHISEE.

FRANCHISOR may, in addition, disclose any information required by law or Court Order. FRANCHISOR shall not be liable for any damages to FRANCHISEE which results from the disclosure of such information unless such disclosure occurs as the result of willful misconduct on the part of FRANCHISOR. Any disclosure by FRANCHISOR shall not constitute cause for termination of this Agreement by FRANCHISEE pursuant to Section 34(c) hereof or otherwise.

IV. OBLIGATIONS OF FRANCHISEE

10. Franchise Fee

FRANCHISEE shall pay to FRANCHISOR an initial Franchise Fee of SEVENTY-FIVE THOUSAND DOLLARS (\$75,000). 11. Royalty Fee

- (a) FRANCHISEE shall pay to FRANCHISOR Royalty Fees on a monthly basis during each Agreement Year, as follows:

Plus 2.5% - On all	Gross Revenues in excess of \$2,800,000		

Royalty Fees are payable within thirty (30) days following the end of each calendar month during each Agreement Year based on the foregoing schedule of Gross Revenues.

- (b) Notwithstanding Section 11(a), FRANCHISEE shall pay, on a monthly basis during each Agreement Year, not less than the annual Minimum Royalty Fee set forth in the following schedule:

- (ii) Renewal Franchise Agreements:

- (c) **“Gross Revenues”** shall be defined as the aggregate amount, determined on an accrual accounting basis, of all sales of services and products of FRANCHISEE; provided, however, that “Gross Revenues” excludes sales taxes and/or other taxes collected from customers by FRANCHISEE and actually transmitted to the appropriate taxing authorities. However, if FRANCHISEE has established a separate division or other segregated profit center (**“Linc Division”**) for its Linc Business pursuant to Section 14 hereof, then Gross Revenue shall exclude sales to other divisions of FRANCHISEE, but will include amounts for sales and services by other divisions of FRANCHISEE and/or affiliated companies for any of the following:
- (i) Work sold by any person regularly employed by FRANCHISEE’S Linc Division; or
 - (ii) All business under the supervision of the Linc Division General Manager beginning in the Franchise Anniversary Year that Linc Business exceeds \$3,500,000; or

- (d) All amounts which FRANCHISEE owes FRANCHISOR or any of its Affiliates shall bear interest after their due date at the highest contract rate of interest permitted by law, not to exceed 1.5% per month. However, FRANCHISEE’S failure to pay all amounts when due constitutes grounds for termination of this Agreement, as provided in Section 35.

- (e) FRANCHISOR may request that all fees and any other payments be affected, at FRANCHISEE'S cost, through electronic debit/credit transfer of funds programs that FRANCHISOR specifies from time to time, and FRANCHISEE agrees to sign such documents (including independent transfer authorizations), pay such fees and costs and do such things as FRANCHISOR deems necessary to facilitate electronic transfers of funds. FRANCHISEE agrees to maintain sufficient funds in the appropriate accounts for such transfers and withdrawals.
- (f) FRANCHISOR may in its sole discretion apply payments by FRANCHISEE to any of its past due indebtedness for fees, purchases of products or supplies or any other past due indebtedness to FRANCHISOR or any of its Affiliates, notwithstanding any contrary designation by FRANCHISEE. All payments hereunder shall be made as and when due without any setoff, deduction or prior demand therefore, and that no restrictive endorsement on any check or in any letter or other communication accompanying any payment shall bind FRANCHISOR, and its acceptance of any such payment shall not constitute an accord and satisfaction or waiver of any of FRANCHISOR'S rights hereunder.

12. Additional Products and Services

During the term of this Agreement, FRANCHISOR may develop additional services and products which may be made available at FRANCHISEE'S option at an additional cost to FRANCHISEE. If any such additional services and products are designated by FRANCHISOR in the Confidential Operating Manual as mandatory, FRANCHISEE shall make them available to its customers and pay all additional costs related thereto.

13. Advertising By FRANCHISEE

All advertising and promotion, including the use of internet sites and electronic and social media by FRANCHISEE, except as to prices to be advertised, shall conform to the requirements and standards set forth in the Confidential Operating Manual and shall be subject to the approval of FRANCHISOR in the manner set forth in the Confidential Operating Manual.

FRANCHISOR may, at its discretion, market and advertise Linc Businesses and Linc Services through the internet and other electronic and social media on such terms and conditions as it deems appropriate. In connection therewith, FRANCHISEE agrees to abide by such reasonable requirements and restrictions as FRANCHISOR may impose from time to time. FRANCHISOR may require FRANCHISEE to participate in any such endeavors, including participation with pages on any of FRANCHISOR'S websites, and to execute such agreements as FRANCHISOR deems reasonably appropriate in connection therewith.

14. Pursuit of Linc Business

FRANCHISEE shall engage in and actively pursue Linc Business and devote its best efforts to the management, operation and promotion of such business. If FRANCHISEE engages materially in businesses in addition to the Linc Business, FRANCHISEE shall establish a separate Linc Division which shall pursue the Linc Business as its principal and predominant activity. FRANCHISEE shall take such further steps as FRANCHISOR may from time to time deem necessary to ensure the separation of the Linc Division from any other business pursued or performed by FRANCHISEE.

FRANCHISEE at all times must proactively promote the sale of Linc Business in accordance with FRANCHISOR'S standards by hiring a sufficient number of sales representatives and assigning Linc Business sales quotas to them within the Primary Marketing Area or Shared Marketing Area, as applicable, in order to fully develop the commercial potential of the Linc Business throughout the Primary Marketing Area or Shared Marketing Area, as applicable.

15. Use of Name and Mark

FRANCHISEE shall use and promote the Proprietary Marks of the FRANCHISOR, at FRANCHISEE'S sole cost and expense, utilizing such Proprietary Marks on stationery, uniforms, service vehicles and other identity media of FRANCHISEE or FRANCHISEE'S Linc Division. All uses of FRANCHISOR'S Proprietary Marks by FRANCHISEE shall be subject to FRANCHISOR'S written approval. FRANCHISEE may, during the initial term of this franchise, continue to utilize its existing service vehicle identification program, provided FRANCHISEE integrates FRANCHISOR'S Proprietary Marks with such existing identification program in a manner approved by FRANCHISOR. FRANCHISOR reserves the right to change or alter any Proprietary Marks at any time and in its sole discretion without incurring any liability to FRANCHISOR. In the event of such change or alteration, FRANCHISEE shall change the marks on its stationery, uniforms, service vehicles and other identity media to match FRANCHISOR'S new proprietary marks at FRANCHISEE'S sole cost.

FRANCHISEE shall not use the Proprietary Marks for any purpose, other than the conduct of its Linc Business, or in any manner not approved in writing by FRANCHISOR. FRANCHISEE shall not use or include any of FRANCHISOR'S Proprietary Marks in or as part of its corporate or other formal business name. FRANCHISEE shall file and maintain any required assumed name or fictitious name registrations and shall execute any documents deemed necessary by FRANCHISOR to obtain protection for FRANCHISOR'S Proprietary Marks or to maintain their continued validity and enforceability.

FRANCHISEE agrees and acknowledges that FRANCHISOR is the owner of all right, title and interest in and to FRANCHISOR'S Proprietary Marks and the goodwill associated with and symbolized by them and that FRANCHISEE'S use of such Proprietary Marks pursuant to this Agreement does not give FRANCHISEE any ownership or other interest in or to FRANCHISOR'S Proprietary Marks, except the nonexclusive license granted herein. FRANCHISEE further agrees that its right to use FRANCHISOR'S Proprietary Marks is limited to such uses as are authorized under this Agreement and that any unauthorized uses thereof shall constitute an infringement of FRANCHISOR'S rights. Any and all goodwill arising from FRANCHISEE'S use of the Proprietary Marks in its operation under the Linc System shall inure solely and exclusively to FRANCHISOR'S benefit and, upon expiration or termination of this Agreement and the franchise

herein granted, no monetary amount shall be assigned as attributable to any goodwill associated with FRANCHISEE'S use of the Linc System or FRANCHISOR'S Proprietary Marks. FRANCHISEE agrees that FRANCHISOR may itself use and grant licenses to others to use the Linc System and FRANCHISOR'S Proprietary Marks and that FRANCHISOR may establish, develop and license other systems, different from the Linc System licensed herein, without offering or providing FRANCHISEE with any rights in, to or under such other systems.

FRANCHISEE agrees that FRANCHISOR'S Proprietary Marks are valid and serve to identify the Linc System and those who are franchised under the Linc System and FRANCHISEE shall not, during the term of this Agreement or after its expiration or termination, directly or indirectly contest the validity or ownership of FRANCHISOR'S Proprietary Marks.

FRANCHISEE must notify FRANCHISOR immediately of any apparent infringement of or challenge to FRANCHISEE'S use of any Proprietary Mark, or any claim by another person of any rights to any Proprietary Mark. FRANCHISEE may not communicate with any person, other than its legal counsel, FRANCHISOR and its legal counsel, in connection with any such infringement, challenge or claim. FRANCHISOR will have sole discretion to take such action as it deems appropriate and will have the right to control exclusively any litigation or U.S. Patent and Trademark Office proceeding arising out of any infringement, challenge or claim or otherwise relating to any Proprietary Mark. FRANCHISEE must sign any and all documents, render such assistance and do such things as may be advisable in the opinion of FRANCHISOR'S counsel to protect its interests in any litigation or U.S. Patent and Trademark Office proceeding or other administrative proceeding or otherwise to protect its interests in the Proprietary Marks.

FRANCHISOR agrees to indemnify FRANCHISEE against, and to reimburse FRANCHISEE for, all damages for which FRANCHISEE is held liable in any proceeding arising out of its authorized use of any Proprietary Mark pursuant to and in compliance with this Agreement and, except as provided herein, for all costs FRANCHISEE reasonably incurs in defending any such claim brought against it, provided FRANCHISEE has timely notified FRANCHISOR of such claim and provided further that FRANCHISEE is in compliance with this Agreement and all other agreements entered into with FRANCHISOR or any of its Affiliates. FRANCHISOR, at its sole discretion, is entitled to prosecute, defend and/or settle any proceeding arising out of FRANCHISEE'S use of any Proprietary Mark pursuant to this Agreement, and, if FRANCHISOR undertakes at any time to prosecute, defend and/or settle any such matter, FRANCHISOR has no obligation to indemnify or reimburse FRANCHISEE for any fees or disbursements of any legal counsel retained at any time by FRANCHISEE.

FRANCHISEE, or FRANCHISEE'S Linc Division, shall be managed by a General Manager who shall devote his/her full time to such management. FRANCHISEE'S appointment of the General Manager shall be subject to FRANCHISOR'S consent. The General Manager shall complete all required training courses provided by FRANCHISOR to the satisfaction of FRANCHISOR.

In the event the designated General Manager shall no longer serve as General Manager for any reason, or in the event the General Manager shall be unable to perform his/her functions for a period of ninety (90) days as a result of illness, disability or other incapacity, FRANCHISEE shall appoint a successor. The appointment of such successor shall be the exclusive responsibility of

FRANCHISEE but shall be subject to the approval of FRANCHISOR. The successor General Manager shall complete all required training to the satisfaction of the FRANCHISOR.

17. Use of Confidential Operating Manual

In order to protect the reputation and goodwill of FRANCHISOR and to maintain uniform standards of operation under FRANCHISOR'S Proprietary Marks, FRANCHISEE agrees to conduct the Linc Business strictly in accordance with the mandatory provisions of the Confidential Operating Manual, which FRANCHISEE acknowledges having received on loan from FRANCHISOR for the term of this Agreement. The term "Confidential Operating Manual" includes all tangible and electronic means of communicating information concerning FRANCHISOR'S standards, specifications and operating procedures relating to the development and operation of a Linc Business to FRANCHISEE that references that the information is part of the Confidential Operating Manual, including without limitation, emails, bulletins, memoranda, correspondence, CDs, DVDs and FRANCHISOR'S website. The Confidential Operating Manual shall at all times remain the sole and exclusive property of FRANCHISOR. FRANCHISOR may from time to time revise the contents of the Confidential Operating Manual, and FRANCHISEE expressly agrees to comply promptly with each new or changed standard that FRANCHISOR designates as mandatory. 25. Independent Contractor

It is understood and agreed that this Agreement does not create a fiduciary relationship between FRANCHISOR and FRANCHISEE, that FRANCHISEE is, and shall remain an independent contractor, and nothing contained in this Agreement or otherwise shall constitute either party as an agent, partner, subsidiary, employee, servant or legal representative of the other for any purpose whatsoever.

FRANCHISEE shall not have authority to incur any obligations or responsibilities on behalf of FRANCHISOR or bind FRANCHISOR by any representation and agrees not to hold itself out as having such authority. differently to FRANCHISEE and one or more other franchisees or FRANCHISOR'S company-owned operations; or (4) FRANCHISOR'S decision or the exercise of its right or discretion is adverse to FRANCHISEE'S interests. In the absence of an applicable statute, FRANCHISOR will have no liability to FRANCHISEE for any such decision or action. FRANCHISOR and FRANCHISEE intend that the exercise of their rights or discretions will not be subject to limitation or review. If applicable law implies a covenant of good faith and fair dealing in this Agreement, FRANCHISOR and FRANCHISEE agree that such covenant shall not imply any rights or obligations that are inconsistent with a fair construction of the terms of this Agreement and that this Agreement grants FRANCHISOR the right to make decisions, take actions and/or refrain from taking actions not inconsistent with FRANCHISEE'S rights and obligations hereunder.

26. Indemnification

FRANCHISEE agrees to indemnify FRANCHISOR, its Affiliates and their respective directors, officers, employees, shareholders, agents, successors and assigns (collectively "indemnitees"), and to hold the indemnitees harmless to the fullest extent permitted by law, from any and all losses and expenses (as defined below) incurred in connection with any acts or omissions or breaches of this Agreement by FRANCHISEE or any litigation claim, or demand (regardless of whether it is reduced to judgment) or any settlement thereof which arises directly or indirectly from, or as a result of, a claim in connection with the development, ownership, operation or closing of FRANCHISEE'S Linc Business, or Linc Division (collectively "event"), and regardless of whether it resulted from any strict or vicarious liability imposed by law on the indemnitees, provided; however, that this indemnity will not apply to any liability arising from a breach of this Agreement by the indemnitees or the gross negligence or willful acts of indemnitees (except to the extent that joint liability is involved, in which event the indemnification provided herein will extend to any finding of comparative or contributory negligence attributable to FRANCHISEE). The term "losses and expenses" includes compensatory, exemplary, and punitive damages; fines and penalties; attorneys' fees; experts' fees; accountants' or consultants' fees; court costs; costs associated with investigating and defending against claims; settlement amounts; judgments; and all other costs associated with any of the foregoing losses and expenses. FRANCHISOR agrees to give FRANCHISEE reasonable notice of any event of which FRANCHISOR becomes aware for which indemnification may be required, and FRANCHISOR may elect (but is not obligated) to direct the defense thereof, provided that the selection of counsel shall be subject to FRANCHISEE'S consent, which consent shall not be unreasonably withheld or delayed. FRANCHISOR may, in its reasonable discretion, take such actions as FRANCHISOR deems necessary and appropriate to investigate, defend, or settle any event or take other remedial or corrective actions with respect thereto as may be necessary for the protection of indemnitees or the Linc franchise network, provided however, that any settlement shall be subject to FRANCHISEE'S consent, which consent shall not be unreasonably withheld or delayed. Further, notwithstanding the foregoing, if the insurer on a policy or policies obtained by FRANCHISEE in compliance with this Agreement agrees to undertake the defense of an event (an "Insured Event"), FRANCHISOR agrees not to exercise its right to select counsel to defend the event if such would cause FRANCHISEE'S insurer to deny coverage. FRANCHISOR reserves the right to retain counsel to represent it with respect to an Insured Event at its sole cost and expense. This Section shall continue in full force and effect subsequent to and notwithstanding the expiration or termination of this Agreement.

27. Guarantee

In the event FRANCHISEE is a business entity, and at FRANCHISOR'S sole discretion, FRANCHISOR may require each individual owner of FRANCHISEE to execute a Guarantee, in the form attached hereto as Exhibit B, whereby the individual owners of FRANCHISEE guarantee to pay FRANCHISOR in accordance with the terms of this Agreement and agree to be personally liable for the breach by FRANCHISEE of any provisions in this Agreement.

V. TERM, RENEWAL, TRANSFER AND TERMINATION

28. Term of Agreement

The term of this Agreement shall start on the Effective Date and shall expire at the end of the Sixth (6th) Agreement Year ("Term").

29. Renewal

FRANCHISEE may renew this franchise, without payment of an additional initial Franchise Fee, for one six (6) year renewal term, provided that at the end of the Term of this Agreement:

- (a) FRANCHISEE and its Affiliates are not in default and have not been in default at any time during the Term hereof, of any provision of this Agreement, any amendment hereto or any other agreement with FRANCHISOR or any of its Affiliates and have substantially complied with all the terms and conditions of such agreements during the term thereof.
- (b) FRANCHISEE executes, before the expiration date, FRANCHISOR'S then-current form of franchise agreement, which agreement shall supersede in all respects this Agreement, upon its expiration, and the terms of which may differ from the terms of this Agreement including, without limitation, a lower or higher percentage royalty fee, a lower or higher minimum royalty fee, a shorter or longer or no renewal period, and a reduced, increased or shared Primary Marketing Area or Shared Marketing Area, as applicable, if any.
- (c) FRANCHISEE executes a General Release, in a form prescribed by FRANCHISOR, releasing FRANCHISOR, its parent companies, subsidiaries and affiliates, and their respective officers, directors, agents and employees, from any and all claims relating to this Agreement.
- (d) FRANCHISEE complies with FRANCHISOR'S then-current qualification and training requirements.
- (e) FRANCHISOR continues to operate as a franchisor, offering franchise agreements and renewals for the Linc Business.

If this franchise is not renewed in accordance with the provisions set forth above, this Agreement shall expire at the end of its Term and FRANCHISEE shall comply with all obligations of FRANCHISEE upon expiration set forth in Section 36 hereof.

FRANCHISOR, in its sole discretion, may elect to waive the expiration of the Term of this Agreement and allow FRANCHISEE to continue to operate under the terms and conditions hereunder until FRANCHISEE and FRANCHISOR agree to renew the Agreement after its expiration. In such event, FRANCHISOR's waiver shall be on a month-to-month basis only, and FRANCHISEE shall pay: (i) the actual Royalty Fees calculated under FRANCHISOR's then-current Royalty Fee schedule; plus (ii) a waiver fee of \$2,500 per month; and (iii) any other charges payable hereunder as invoiced by FRANCHISOR. FRANCHISOR may elect to retract its waiver at any time in its sole discretion.

30. Transfer by FRANCHISOR

FRANCHISOR shall have the right to transfer or assign all or any part of its rights or obligations herein to any person or legal entity at any time.

31. Transfer by FRANCHISEE

The rights and duties set forth in this Agreement are personal to FRANCHISEE and neither FRANCHISEE nor any person, partnership, corporation, or other entity holding a twenty-five percent (25%) or greater direct or indirect legal or equitable interest in FRANCHISEE shall directly or indirectly sell, assign, transfer, mortgage or otherwise encumber or dispose of all or any part of its interest in the Linc Business, the Franchise Agreement or in the FRANCHISEE without the prior written consent of FRANCHISOR. Any purported assignment or transfer, by operation of law or otherwise, requiring the consent of FRANCHISOR and not having such consent shall be null and void and shall constitute a material breach of this Agreement. FRANCHISOR shall not unreasonably withhold its consent and shall grant such consent upon: (a) FRANCHISEE and such transferor executing a general release, in a form prescribed by FRANCHISOR, of any and all claims against FRANCHISOR and its Affiliates, and their respective officers, directors, agents and employees; (b) FRANCHISEE and its Affiliates being in compliance with the provisions of this Agreement and all other agreements with FRANCHISOR or any of its Affiliates; (c) the transferee (or its owners) meets FRANCHISOR'S then-applicable standards for Linc Businesses, and if the transferee is an existing Linc franchisee, such transferee must be in compliance with its agreements with FRANCHISOR and its Affiliates for at least six (6) months prior to the proposed date of transfer; (d) FRANCHISOR receiving adequate assurances that all financial and other obligations of FRANCHISEE relating to the Linc Business will be met and that all other obligations undertaken under this Agreement will be met, and (e) that the proposed transfer will not adversely affect the Linc Business franchised hereunder, FRANCHISOR'S Proprietary Marks, the Linc System, or FRANCHISOR. FRANCHISOR may require that FRANCHISEE and the transferee execute such agreements or other documents as will provide FRANCHISOR with such assurances, including, but not limited to, FRANCHISOR'S then-current franchise agreement. A transfer fee in the amount of \$5,000.00 shall be paid to FRANCHISOR at the time of the transfer. Consent shall not be required, and the transfer fee shall not apply to any transfer or sale of stock or other ownership interest in FRANCHISEE between any of the present owners, officers, directors or employees of FRANCHISEE or transfer to any members of their immediate family.

If FRANCHISEE, or an individual owning twenty-five (25%) or greater interest, directly or indirectly, in a FRANCHISEE that is an entity dies, and if under controlling local law the deceased person's interest in the FRANCHISEE and this Agreement is distributable to heirs or legatees who are members of the deceased person's immediate family, then such assignment shall be permitted

without the necessity of any transfer fee, provided such heirs or legatees accept the conditions imposed on otherwise permitted assignees.

32. Non-Waiver of Claims Following Transfer

FRANCHISOR'S consent to a transfer of any interest in the Linc Franchise granted herein shall not constitute a waiver of any claims it may have against the transferring party, nor shall it be deemed a waiver of FRANCHISOR'S right to demand exact compliance with all of the terms of this Agreement by the transferee.

33. FRANCHISOR'S Right of First Offer

If FRANCHISEE or any of FRANCHISEE'S owners at any time intend or decide to sell, assign or transfer for consideration any interest in this Agreement or an ownership interest in FRANCHISEE, FRANCHISEE or such owner agrees to notify FRANCHISOR in writing before executing any agreement expressing an intention or commitment to sell any interest in this Agreement or an ownership interest in FRANCHISEE to any third party other than FRANCHISOR. Further, if FRANCHISEE or any of FRANCHISEE'S owners receives an unsolicited offer to purchase an interest in this Agreement or an ownership interest in FRANCHISEE from any third party other than FRANCHISOR, FRANCHISEE or such owner(s) agrees to notify FRANCHISOR in writing within thirty (30) days of receiving the offer and to submit to FRANCHISOR a true and complete copy of such offer, which shall include details of the price and payment terms of the proposed sale and the sources and terms of any financing for the proposed purchase price. However, if the offeror proposes to buy any other property or rights from FRANCHISEE or FRANCHISEE'S owners, under a separate, contemporaneous offer, such separate, contemporaneous offer must be disclosed to FRANCHISOR, and the price and terms of the purchase offered to FRANCHISEE, or FRANCHISEE'S owners for the interest in FRANCHISEE or in this Agreement must reflect the bona fide price offered and not reflect any value for any other property or rights.

FRANCHISOR has the right, exercisable by written notice delivered to FRANCHISEE or FRANCHISEE'S selling owner(s) within 30 days from the date of delivery to FRANCHISOR of (1) written notice of FRANCHISEE'S selling owner(s) intent or desire to sell any interest in this Agreement or an ownership interest in FRANCHISEE, or (2) an exact copy of any unsolicited offer received by FRANCHISEE and all other information reasonably requested by FRANCHISOR, to submit an offer to purchase such interest for the price and on the terms and conditions acceptable to FRANCHISOR. Upon receipt of FRANCHISOR'S offer, FRANCHISEE'S selling owner(s) shall have the right to accept or reject FRANCHISOR'S offer or to negotiate a different price and terms of purchase with FRANCHISOR.

FRANCHISOR will have not less than ninety (90) days after submitting an offer to FRANCHISEE'S selling owner(s) to reach an agreement to purchase the interest or interests of any or all of FRANCHISEE'S selling owners. In the event that FRANCHISOR reaches an agreement to purchase the interest(s) of all or any of FRANCHISEE'S selling owner(s), FRANCHISOR will be entitled to receive, and FRANCHISEE and FRANCHISEE'S owners each agree to make, all customary representations and warranties given by the seller of the assets of a business or the capital stock of an incorporated business or other forms of ownership interest, as applicable, including, without limitation to, representations and warranties as to:

- (i) ownership and condition of and title to stock or other forms of ownership interest and/or assets;
- (ii) liens and encumbrances relating to the stock or other ownership interest and/or assets; and
- (iii) validity of contracts and the liabilities, contingent or otherwise, of the corporation whose stock or ownership interest is being purchased.

If FRANCHISOR does not submit an offer within thirty (30) days after receiving written notice from FRANCHISEE, or if FRANCHISOR submits an offer but FRANCHISOR and FRANCHISEE and/or FRANCHISEE'S owners are unable to reach a mutually acceptable agreement to purchase the Linc Business or the interests of FRANCHISEE'S selling owners within ninety (90) days, FRANCHISEE and/or FRANCHISEE'S owners may complete a sale to a third party purchaser(s) pursuant to and on terms acceptable to FRANCHISEE'S selling owner(s), subject to FRANCHISOR'S approval of the transfer and satisfaction of all other conditions in Section 33 of this Agreement. Closing of the sale to the third party must occur within one hundred eighty (180) days after FRANCHISEE'S original notice to FRANCHISOR of intent to sell or receipt of an unsolicited offer under this Section 33. If closing does not occur within the one hundred eighty (180) day period, the third party's offer will be treated as a new unsolicited offer subject to the FRANCHISOR'S right of first offer under this Section.

34. Termination by FRANCHISEE

- (a) FRANCHISEE shall have the right to terminate this Agreement without any reason at all on the third (3rd) anniversary of the Effective Date so long as FRANCHISEE provides written notice to FRANCHISOR of its intent to terminate this Agreement at least ninety (90) days prior to the third (3rd) anniversary of the Effective Date. If FRANCHISEE terminates this Agreement at any other time prior to expiration of the Term, for any reason or in any manner other than as provided in Sections 34(b) and 34(c) below, or fails to provide the required ninety (90) days' advance written notice to FRANCHISOR, then FRANCHISEE shall be required to pay liquidated damages to FRANCHISOR as set forth in Section 36(f) of this Agreement at the time of termination.
- (b) FRANCHISEE shall have the right to terminate this Agreement prior to the expiration hereof and without notice, in the event that FRANCHISOR becomes insolvent, makes a general assignment for the benefit of its creditors, is adjudged bankrupt, or if a receiver of its assets is appointed.
- (c) In the event that FRANCHISOR shall fail to perform any of its material obligations undertaken in this Agreement, FRANCHISEE may give written notice to FRANCHISOR of its intent to terminate this Agreement, promptly after FRANCHISEE first learns of the alleged breach, and which specifies in detail the facts constituting the alleged breach. If FRANCHISOR has not, within thirty (30) days of the receipt by FRANCHISOR of such notice, taken appropriate measures to cure the default in its performance, FRANCHISEE may, upon seven (7) days' additional written notice to FRANCHISOR, terminate this Agreement. Without limiting any other material provision herein, the parties specifically agree this provision is a material provision of this Agreement.

35. Termination by FRANCHISOR

- (a) FRANCHISOR may terminate this Agreement, prior to its expiration and immediately upon written notice to FRANCHISEE, in the event FRANCHISEE becomes insolvent, makes a general assignment for the benefit of its creditors, files a petition in bankruptcy or consents to the filing of such a petition against it, is adjudged bankrupt, if a receiver of its assets is appointed, or if its assets, property or interests are 'blocked' under any law, ordinance or regulation relating to terrorist activities or if it is otherwise in violation of any such law, ordinance or regulation.
- (b) FRANCHISEE shall be deemed to be in default and FRANCHISOR may, at its option, terminate this Agreement, without affording FRANCHISEE any opportunity to cure the default, effective immediately upon giving of notice to FRANCHISEE, upon the occurrence of any of the following events:
 - (i) if FRANCHISEE ceases to operate, actively pursue or otherwise abandons the Franchised Business;
 - (ii) if FRANCHISEE, its General Manager, or a principal officer or person holding a twenty-five percent (25%) or greater interest, directly or indirectly, in FRANCHISEE, is convicted of a felony, or any other crime or offense in connection with the Linc Business that is reasonably likely, in the sole opinion of FRANCHISOR, to adversely affect the Linc System, FRANCHISOR'S Proprietary Marks, the goodwill associated therewith, or FRANCHISOR'S interest therein;
 - (iii) if FRANCHISEE, or any of its owners, or employees purports to transfer any rights or obligations under this Agreement to any third party without FRANCHISOR'S prior written consent contrary to the terms of Section 31 of this Agreement;
 - (iv) if FRANCHISEE, or any of its owners, fails to comply with the provisions of Section 22 hereof;
 - (v) if FRANCHISEE, or any of its owners, discloses or divulges any Trade Secrets or Confidential Information contained in the Confidential Operating Manual or other materials provided to FRANCHISEE by FRANCHISOR contrary to Section 18 hereof; and
 - (vi) if FRANCHISEE is in default as provided in Section 35(c) of this Agreement and has received two (2) or more notices of termination pursuant to that Section for the same, similar or different defaults during any preceding twelve (12) month period.
- (c) Unless otherwise specifically provided for elsewhere in this Section 35, in the event that FRANCHISEE fails to pay or perform any obligation undertaken in this Agreement or any other written agreement with FRANCHISOR or fails to maintain any of the mandatory standards or procedures prescribed herein or in the Confidential Operating Manual, FRANCHISOR may give FRANCHISEE notice of default under this Agreement, and termination will become effective thirty (30) days after the giving

of such notice, or at the end of any longer period required by applicable law, unless FRANCHISEE shall, during such period, cure the default(s) to FRANCHISOR'S reasonable satisfaction, then this Agreement shall not terminate; provided, however, that if FRANCHISOR sends FRANCHISEE two (2) such notices in any twelve (12) month period, then FRANCHISEE shall have no right to cure the default(s) for any subsequent notice of termination provided pursuant to this Section 35(c).

36. Obligations of FRANCHISEE Upon Termination or Expiration

- (a) For purposes of applying the terms of this Section, termination shall mean any termination of this Agreement whether by FRANCHISOR or FRANCHISEE for any reason, including default by FRANCHISOR or FRANCHISEE; and shall also mean any expiration of this Agreement for any reason, whether by its terms, by failure of FRANCHISEE to renew, or by refusal of FRANCHISOR to renew.
- (b) Upon any termination of this Agreement, FRANCHISEE shall immediately pay all Royalty Fees and other charges due FRANCHISOR, shall immediately cease use of FRANCHISOR'S Proprietary Marks and the Linc System, and shall immediately cease holding itself out as a current or former Linc Franchisee, and shall notify in writing each of its customers then party to a maintenance agreement that it is no longer a Linc Franchisee or using the Linc System. FRANCHISEE shall take such action as may be necessary to cancel any assumed name, fictitious name or equivalent registration which contains any of FRANCHISOR'S Proprietary Marks.
- (c) Upon any termination of this Agreement, FRANCHISEE shall immediately cease use of the Linc System, of all confidential methods, procedures, techniques and computer programs associated with the Linc System, and of all forms, stationery, signs, advertising and other materials associated with the Linc System, including removal of all Proprietary Marks from all vehicles and signage. FRANCHISEE shall immediately return to FRANCHISOR all copies of the Confidential Operating Manual in hard copy or electronic media, all computer programs and all Linc forms and materials and all copies in its possession and that it provided or made available to its officers, employees or other persons.
- (d) Upon any termination of this Agreement, FRANCHISEE shall return the computer programs to FRANCHISOR; together with all copies made by FRANCHISEE. FRANCHISOR shall not be liable for any loss of data or business interruption under any legal or equitable theory resulting from the discontinuance of (1) the computer programs, (2) access to any Linc web site, or (3) support, and/or maintenance. Further, an affidavit shall be executed by the Principals, General Manager, Sales Manager, Service Manager, Office Manager, and Controller stating they have conducted a thorough investigation and have taken all necessary steps to assure that all Linc Confidential Information and Trade Secrets and other property of FRANCHISOR have been accumulated and returned to FRANCHISOR, and the use of all Linc forms, FRANCHISOR'S Proprietary Marks and Linc Confidential Information and Trade Secrets has been discontinued. FRANCHISEE further agrees that the provisions set forth in Sections 8 and 18 hereof shall survive expiration or termination of this Agreement. As set forth in Section 8 hereof, FRANCHISEE shall be entitled to use the accounting and information management portion of the LincWare Proprietary

Software for a period not to exceed three (3) months after termination of the Franchise Agreement, and solely to effect a timely and complete transfer of FRANCHISEE's accounting and other record keeping activities to replacement computer systems and software selected by FRANCHISEE. Except for this access to the then-current version of such software and reasonable assistance in the orderly transfer by FRANCHISEE, the FRANCHISOR shall have no obligation to FRANCHISEE whatsoever.

- (e) In the event that FRANCHISEE fails or refuses to comply with the requirements of this Section within ten (10) days following the termination of this Agreement, then it is agreed that FRANCHISOR shall be appointed FRANCHISEE'S attorney-in-fact to enable FRANCHISOR to take the actions required hereunder, and it is further agreed that FRANCHISOR or its agents shall have the right to enter the premises where FRANCHISEE conducted the Linc Business, without being guilty of trespass or any other tort, for the purpose of making or causing to be made such changes as may be required hereunder, at the expense of FRANCHISEE, which expense FRANCHISEE agrees to pay upon demand.
- (f) FRANCHISEE agrees that: (1) by granting FRANCHISEE the rights hereunder, FRANCHISOR has foregone the opportunity to grant a Linc franchise to another party or for FRANCHISOR or its Affiliates to own and operate a Linc Business in this Primary Marketing Area or Shared Marketing Area, as applicable; and (2) if this Agreement is terminated for any reason, other than a failure to renew under Section 29, FRANCHISOR will suffer substantial damages because of the termination, including lost Royalty Fees, lost market penetration, and lost goodwill in the Primary Marketing Area or Shared Marketing Area, as applicable, lost opportunity costs, and the expense of developing another Linc Business in the Primary Marketing Area or Shared Marketing Area, as applicable, which damages are extremely difficult to calculate. Accordingly, if this Agreement is terminated for any reason, except in accordance with Section 34 or a failure to renew under Section 29, then, in addition to FRANCHISOR'S other remedies, FRANCHISEE agrees to pay FRANCHISOR, within thirty (30) days after termination, as liquidated damages and not as a penalty, the amount of SIXTY-FIVE THOUSAND DOLLARS (\$65,000.00), which is a reasonable estimation of the actual damages sustained by FRANCHISOR due to the termination.
- (g) All obligations under this Agreement which expressly or by their nature survive the expiration or termination of this Agreement will continue in full force and effect until they are satisfied in full or by their nature expire.

VI. MISCELLANEOUS

37. Personnel Development

FRANCHISEE knows the value of trained and competent employees and the necessity of having career paths in order to attract such personnel and to provide present employees of Linc Franchisees opportunities to advance. Therefore, FRANCHISOR may, but is not required to, provide consultation and assistance to FRANCHISEE in personnel planning, recruiting, personnel development, assessments, training, performance appraisals and compensation administration in order to develop and maintain a pool of qualified and upwardly mobile employees to meet the expanding personnel requirements of Linc Franchisees. The consultations, referrals, recruiting

advice or services, and other assistance provided by FRANCHISOR shall not be considered an interference with the business or contractual relations of FRANCHISEE. Notwithstanding any advice or services that FRANCHISOR may provide on personnel matters, FRANCHISEE shall be solely responsible for all employment decisions with respect to their employees, including hiring, firing, compensation, training, advancement, demotions, supervision, discipline and all other terms and conditions of employment, and for compliance with all applicable employment laws.

38. Pricing Practice

FRANCHISOR may offer guidance to FRANCHISEE relating to the pricing of Linc Services that in FRANCHISOR'S judgment constitute good business practice. No such guidance shall be deemed to impose on FRANCHISEE any obligation to charge any fixed or minimum price, except as allowable under applicable law. FRANCHISEE will have the sole right to determine the prices to be charged by its Linc Business. FRANCHISEE agrees not to enter into any agreement or arrangement or to engage in any concerted practice with other Linc Businesses or its competitors relating to the prices at which Linc Services (or any other products or services) will be sold.

39. Governing Law

Except to the extent governed by the United States Arbitration Act, this Agreement shall be construed under the laws of the Commonwealth of Pennsylvania, provided the foregoing shall not constitute a waiver of any of FRANCHISEE'S rights under any applicable franchise law of another state. Otherwise, in the event of any conflict of law, Pennsylvania law will prevail, without regard to any conflict of law principles. However, if any provision of this Agreement would not be enforceable under Pennsylvania law, and if the Primary Marketing Area or Shared Marketing Area, as applicable, is located outside of Pennsylvania and such provision would be enforceable under the laws of the state in which the Primary Marketing Area or Shared Marketing Area, as applicable, is predominantly located, then such provision shall be construed under the laws of that state. Nothing in this Section is intended to subject this Agreement to any franchise or similar law, rule or regulation of the Commonwealth of Pennsylvania to which it otherwise would not be subject.

40. Dispute Resolution

Except as provided below, the parties agree that, should any dispute arise between them under, relating to or in connection with this Agreement, either party may, upon ten (10) days' notice to the other party, designate one or more representatives with authority to resolve the dispute to meet face-to-face (or communicate in such other manner as they may agree) in a good faith effort to amicably resolve the dispute. Each party covenants to devote a minimum of three (3) hours to such discussions. In the event that they remain unable to resolve the dispute(s) through such discussions, or if either party refuses to participate in such discussions, then upon ten (10) days' notice either party may submit the dispute(s) to non-binding mediation in Pittsburgh, Pennsylvania where they will continue their attempts in good faith to amicably resolve the dispute under the then-prevailing commercial mediation rules of a recognized dispute resolution service, or proceed with the dispute resolution process provided below.

Subject to Section 41, all controversies, disputes, or claims between FRANCHISOR, any of its Affiliates, or any of their respective officers, directors, agents, employees and attorneys and FRANCHISEE, any of its Affiliates or any of their respective officers, directors, agents, employees and attorneys, arising from or relating to this Agreement that have not been resolved through good

faith discussions or mediation shall on demand of either party be submitted for arbitration to the American Arbitration Association (“AAA”) or other arbitration administrative tribunal acceptable to FRANCHISOR. The arbitration hearing(s) and all other proceedings shall be held in Pittsburgh, Pennsylvania, unless otherwise required by law. The arbitration shall be governed exclusively by the United States Arbitration Act (9 U.S.C. § 1, et seq.), without reference to any state arbitration statutes. The parties agree that, in connection with any such arbitration proceeding, each party shall submit or file any claim which would constitute a compulsory counterclaim (as defined by Rule 13 of the Federal Rules of Civil Procedures) within the same proceeding as the claim to which it relates. Any such claim which is not submitted or filed in such proceeding shall be barred. The arbitration proceedings shall be conducted in accordance with the then-current commercial arbitration rules of the AAA or other arbitration administrative tribunal acceptable to FRANCHISOR, except as modified by this Agreement. The parties shall be entitled to limited discovery at the discretion of the arbitrator(s) who may, but are not required to, allow depositions. The parties agree that the arbitrators’ subpoena power is not subject to geographic limitations. The arbitration proceedings shall be conducted on an individual basis and not on a multi-plaintiff, consolidated or class-wide basis. The arbitrator(s) shall have the right to award the relief which he or she deems proper, consistent with the terms of this Agreement, including compensatory damages (with interest on unpaid amounts from date due), specific performance, injunctive relief, legal fees and costs; provided, however, in no event may the arbitrator(s) modify or change any material provisions of this Agreement. The award and decision of the arbitrator(s) shall be conclusive and binding on all parties, and judgment upon the award may be entered in any court of competent jurisdiction. Any right to contest the validity or enforceability of the award shall be governed exclusively by the United States Arbitration Act. The provisions of this Section 40 shall continue in full force and effect subsequent to and notwithstanding expiration or termination of this Agreement.

41. Injunctive Relief

Either party may seek to obtain in any court of competent jurisdiction any injunctive relief, including temporary restraining orders and preliminary injunctions, against conduct or threatened conduct for which no adequate remedy at law may be available or which may cause such party immediate and irreparable harm. FRANCHISEE agrees that any violation of Section 22 or 36 would result in irreparable injury to FRANCHISOR for which no adequate remedy at law may be available. Accordingly, FRANCHISEE consents to the issuance of an injunction prohibiting any conduct in violation of Section 22 or 36.

42. Costs and Attorneys’ Fees

The party who prevails in any judicial or arbitral proceeding will be awarded its costs and expenses incurred in connection therewith, including reasonable attorneys’ fees incurred in connection with the proceeding.

43. Severability and Substitution of Provisions

If any applicable law requires a greater prior notice of the termination of or refusal to enter into a successor franchise than is required hereunder, a different standard of “good cause,” or the taking of some other action not required hereunder, the prior notice, “good cause” standard and/or other action required by such law shall be substituted for the comparable provisions hereof. If any provision of this Agreement or any specification, standard or operating procedure prescribed by

FRANCHISOR is invalid or unenforceable under applicable law, FRANCHISOR has the right, in its sole discretion, to modify such invalid or unenforceable provision, specification, standard or operating procedure to the extent required to make it valid and enforceable, including the right to delete the provision in its entirety. It is hereby declared the intention of the parties that they would have executed this Agreement as so modified; provided; however, that if FRANCHISOR, in its sole discretion, determines that such modification substantially impairs the value of this Agreement to FRANCHISOR, then FRANCHISOR may terminate this Agreement by written notice to FRANCHISEE.

44. Waiver of Obligations

FRANCHISOR and FRANCHISEE may by written instrument unilaterally waive or reduce any obligation of the other under this Agreement. Any waiver granted by FRANCHISOR shall be without prejudice to any other rights FRANCHISOR may have, will be subject to continuing review by FRANCHISOR and may be revoked, in its sole discretion, at any time and for any reason, effective upon delivery to FRANCHISEE, of ten (10) days' prior notice. FRANCHISEE and FRANCHISOR shall not be deemed to have waived any right reserved by this Agreement by virtue of any custom or practice of the parties at variance with it; any failure, refusal or neglect by FRANCHISEE or FRANCHISOR to exercise any right under this Agreement or to insist upon exact compliance by the other with its obligations hereunder; any waiver, forbearance, delay, failure or omission by FRANCHISOR to exercise any right, whether of the same, similar or different nature, with respect to other Linc Businesses; or the acceptance by FRANCHISOR of any payments due from FRANCHISEE after any breach of this Agreement.

45. Exercise of Rights

Except as otherwise expressly provided, the rights of FRANCHISOR and FRANCHISEE hereunder are cumulative and no exercise or enforcement by FRANCHISOR or FRANCHISEE of any right or remedy hereunder shall preclude the exercise or enforcement by FRANCHISOR or FRANCHISEE of any other right or remedy hereunder which FRANCHISOR or FRANCHISEE is entitled to enforce by law.

46. Construction

The language of this Agreement shall be construed simply according to its fair meaning and not strictly for or against any party. The introduction exhibits and riders (if any) to this Agreement are a part of this Agreement, which constitutes the entire agreement of the parties. Except as otherwise expressly provided herein, there are no other oral or written agreements, understandings, representations or statements relating to the subject matter of this Agreement; other than the franchise disclosure document, that either party may or does rely on or that will have any force or effect. Notwithstanding the foregoing, nothing contained herein or in any related agreement is intended to disclaim FRANCHISOR'S representations made to FRANCHISEE in the franchise disclosure document. Nothing in this Agreement shall be deemed to confer any rights or remedies on any person or legal entity not a party hereto. Except as otherwise expressly provided herein, this Agreement may be modified only by a written agreement signed by both parties.

The headings of articles and sections are for convenience only and do not limit or construe their contents. Capitalized words shall have the meanings defined where such terms occur in quotation marks in this Agreement. All words used in any number or gender shall extend to include any other numbers or gender as the context may require. If any provision of this Agreement is capable of more than one construction, one of which would render the provision void and the other of which would render the provision valid, then the provision shall have the meaning which renders it valid. The word “including” shall be construed to include the words “without limitation.” The term “FRANCHISEE” is applicable to one or more persons, corporation, limited liability company or a partnership and its owners, as the case may be. If two or more persons are at any time FRANCHISEE hereunder, whether as partners, joint venturers or otherwise, their obligations and liabilities to FRANCHISOR shall be joint and several. References to a controlling interest in an entity shall mean the direct or indirect ownership of more than fifty percent (50%) of the equity and voting control of such entity, or the direct or indirect right to control the operation of the Linc Business.

This Agreement may be executed in multiple copies, each of which shall be deemed an original. Time is of the essence in this Agreement. This Agreement is binding on the parties hereto and their respective executors, administrators, heirs, assigns and successors in interest.

47. Approvals and Consents

In all cases where FRANCHISOR’S prior consent or acceptance is required and no other method or timing for obtaining such consent or acceptance is prescribed, FRANCHISEE must request such consent or acceptance in writing, and FRANCHISOR will notify FRANCHISEE of FRANCHISOR’S decision within thirty (30) days after receiving FRANCHISEE’S written request and all supporting documentation. Whenever FRANCHISOR’S consent or acceptance is required hereunder, such consent or acceptance must be in writing. If FRANCHISOR does not respond in writing to FRANCHISEE’S request within such thirty (30) day period, the request shall be deemed denied. FRANCHISOR’S consent to or acceptance of any request by FRANCHISEE shall be effective only to the extent specifically stated and shall not be deemed to waive or render unnecessary FRANCHISOR’S consent or acceptance of any subsequent similar request. Except where this Agreement expressly obligates FRANCHISOR to reasonably accept or consent to (or not to unreasonably withhold our acceptance of or consent to) any action or request by FRANCHISEE, FRANCHISOR has the absolute right for any reason or no reason to withhold FRANCHISOR’S acceptance of or consent to any action by FRANCHISEE.

48. Notices and Payments

All notices, requests and reports permitted or required to be delivered by this Agreement shall be deemed delivered: (a) at the time delivered by hand to the recipient party (or to an officer, General Manager, director or partner of the recipient party); (b) on the same day of the transmission by email; (c) one (1) business day after being placed in the hands of a commercial courier service for guaranteed overnight delivery; or (d) five (5) business days after placement in the United States Mail by Registered or Certified Mail, Return Receipt Requested, postage prepaid and addressed to the party to be notified at its most current principal business address of which the notifying party has been notified in writing. All payments and reports required by this Agreement shall be sent to FRANCHISOR at the address identified in this Agreement unless and until a different address has been designated by written notice.

49. Independent Investigation

FRANCHISEE has conducted an independent investigation of the Linc System and the business to be operated hereunder and recognizes that the business venture contemplated by this Agreement involves business risks and its success will be largely dependent upon the ability of FRANCHISEE as an independent businessman. FRANCHISOR expressly disclaims the making of, and FRANCHISEE has not received, any warranty or guarantee, express or implied, as to the potential volume, profits or success of the business venture contemplated by this Agreement.

FRANCHISEE has received, read and understood this Agreement and that FRANCHISOR has accorded FRANCHISEE ample time and opportunity to consult with advisors of its own choosing about the potential benefits and risks of entering into this Agreement. .

50. Effective Date and Agreement Year

All obligations of either party according to the terms and conditions as set forth in this Agreement shall become effective on the Effective Date and continue thereafter until this Agreement is terminated in accordance with the terms hereof. The term “**Agreement Year**” shall mean each twelve (12) month period starting with the Effective Date, or an anniversary thereof, and expiring the day before the next anniversary of the Effective Date.

LINCWARE SOFTWARE AGREEMENT

This LincWare Software Agreement (the “Agreement”) effective as of the _____ day of _____, 20____, by and between **ABM Franchising Group, LLC**, having its principal place of business for franchising at 501 Technology Drive, Suite 3000, Canonsburg, Pennsylvania 15317 (“LICENSOR”), and _____ (“LICENSEE”), having its principal place of business at _____, concerns the licensing of certain proprietary computer software, information and documentation for the operation of LICENSEE’S Linc® Business, including its accounting and management information systems (collectively referred to herein as “LincWare”). Terms used but not defined herein shall have the same meaning as set forth in the franchise agreement between LICENSOR and LICENSEE effective as of _____, 20____ (the “Franchise Agreement”).

1. GRANT OF LICENSE

Subject to the terms of this Agreement, LICENSOR hereby grants to LICENSEE, the non-exclusive, non-assignable, revocable, limited right to use LincWare for its internal business purposes and as set forth in the respective Franchise Agreement between LICENSOR and LICENSEE. The right granted to LICENSEE hereunder is personal in nature and may not be used by any other third party or entity, other than the LICENSEE as stated herein. LincWare may not be used for any purpose other than as intended by LICENSOR. LICENSEE shall not otherwise copy LincWare or permit any employee, agent, customer or any other person to do the same. This LincWare Software Agreement is collateral to Franchise Agreement between LICENSOR and LICENSEE. LICENSEE acknowledges and agrees that LincWare is proprietary to LICENSOR and its vendors and licensors and that this Agreement grants LICENSEE no title or right of ownership in LincWare. LICENSEE agrees that it shall treat LincWare with the same degree of care it treats like information of its own, which it does not wish to disclose to the public.

LICENSEE shall not directly or indirectly through or with one or more other persons (i) decompile, disassemble, or reverse engineer LincWare to (a) build a competitive product or service, (b) build a product or service using similar ideas, features, functions, or graphics of LincWare, or (c) copy any ideas, features, functions, or graphics of LincWare, (ii) use LincWare or any LICENSEE Confidential Information to develop a competing service, (iii) provide, lease, lend, use for timesharing or service bureau purposes, or otherwise use or allow others to use LincWare for the benefit of any third party, or (iv) remove any copyright, trademark, proprietary rights, disclaimer, or warning notice included on or embedded in any part of LincWare (including any screen displays, etc.). LICENSOR and its vendors and licensors provide services and use software and technology that may be subject to U.S. export controls administered by U.S. agencies. LICENSEE shall not access or use LincWare or otherwise transfer or export or re-export to countries that the United States maintains an embargo (collectively, “Embargoed Countries”), or to or by a national or resident thereof, or any person or entity on the U.S. Department of Treasury’s List of Specially Designated Nationals or the U.S. Department of Commerce’s Table of Denial Orders (collectively, “Designated Nationals”), each of which may change from time to time. By using LincWare, LICENSEE represents and warrants that LICENSEE is not located in, under the control of, or a national or resident of, an Embargoed Country or Designated National.

Except for the limited rights granted in this Section 1, LICENSOR and its vendors and licensors reserve all right, title and interest in and to LincWare, and their respective systems, web applications, tools, and other software, and their respective logos, marks, data, information and other content.

2. SERVICES RENDERED BY LICENSOR

LICENSEE hereby engages the LICENSOR and LICENSOR (or its affiliate or designee) hereby agrees, upon payment of the sum of money required by the Confidential Operating Manual (as defined in the Franchise Agreement), to provide software support services with respect to LincWare. Under this Agreement, LICENSOR shall provide LICENSEE with software updates, modifications, and enhancements which may be developed and made generally available by LICENSOR; and software support in the form of guidance, assistance and advice as reasonably required by LICENSEE to enable LICENSEE to effectively use LincWare. LICENSOR shall provide LICENSEE such assistance as is necessary to correct any material nonconformance discovered by LICENSEE.

Support shall not be provided for other matters as, for example, problems arising out of failure to implement updates as provided herein, failure to follow backup procedures prescribed by LICENSOR, operator negligence or error or causes external to LincWare.

3. RESPONSIBILITY OF LICENSEE

It is understood and agreed that as software updates, modifications and enhancements become available to the LICENSEE that LICENSEE will update its software to the latest revision level distributed by LICENSOR and apply the update to its current version within one (1) month of LICENSEE'S receipt of same. All updates, modifications and enhancements provided hereunder shall be subject to the terms and conditions of this LincWare Software Agreement. LICENSEE shall remain current on all payments to LICENSOR, including but not limited to payments under this Agreement, or any other agreement, either written or oral, for services, products or reimbursements between LICENSOR and LICENSEE.

LICENSEE shall indemnify, defend, and hold harmless LICENSOR and its vendors, licensors, affiliates, and subsidiaries, and their respective officers, directors, employees, representatives, and agents from and against any and all claims, losses, liability, damages, costs, and expenses (including reasonable out-of-pocket expenses and attorneys' fees) arising out of or relating to: (a) LICENSEE'S negligent or reckless act or omission; (b) LICENSEE'S failure to comply with all applicable laws with respect to its use of LincWare; or (c) LICENSEE'S breach of a representation, warranty or covenant contained in this Agreement.

Except for this access to the then-current version of LincWare and reasonable assistance in the orderly transfer by LICENSEE, LICENSOR shall have no obligation to LICENSEE whatsoever.

- b. LICENSOR may terminate this Agreement if LICENSEE fails to cure its breach within ninety (90) days of notice of such breach. Within one (1) month of any termination of this Agreement, LICENSEE shall destroy all copies of LincWare in its possession or control. LICENSOR AND ITS VENDORS AND LICENSORS WILL NOT BE LIABLE FOR ANY SUCH ACTIVITIES OR ANY DAMAGES SUSTAINED BY LICENSEE, NOR WILL SUCH ACTIVITIES CONSTITUTE A BREACH BY LICENSOR OF ITS OBLIGATIONS UNDER THIS AGREEMENT.

LICENSOR'S ENTIRE LIABILITY WITH RESPECT TO LINCWARE SHALL BE AS SET FORTH HEREIN. LICENSOR AND ITS VENDORS AND LICENSORS SHALL NOT BE LIABLE TO LICENSEE OR ANY THIRD PARTY FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES, EXPENSES, OR LOST PROFITS, LOST SAVINGS OR OTHER DAMAGES ARISING OUT OF THE USE OF OR INABILITY TO USE LINCWARE OR THE BREACH OF ANY EXPRESS OR IMPLIED WARRANTY, EVEN IF LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF THOSE DAMAGES. THE TOTAL LIABILITY OF LICENSOR AND ITS VENDORS AND LICENSORS TO LICENSEE OR ANY THIRD PARTY ARISING OUT OF THIS AGREEMENT, REGARDLESS OF WHETHER UNDER A CONTRACT, TORT OR OTHER THEORY OF LIABILITY, FOR ANY AND ALL CLAIMS OR TYPES OF DAMAGES, WILL NOT EXCEED THE TOTAL FEES PAID UNDER THIS AGREEMENT BY LICENSEE TO LICENSOR DURING THE 12 MONTHS IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO LIABILITY.

This Agreement shall be binding upon LICENSOR and inure to its benefit and the benefit of its successors and assigns and shall be binding upon LICENSEE and inure to its benefit. This Agreement shall be transferable by LICENSOR. LICENSEE shall neither (i) assign, whether voluntarily or involuntarily, by merger, consolidation, dissolution, change of control, or otherwise, this Agreement or any of its rights under this Agreement, nor (ii) delegate any performance under this Agreement. Any purported assignment or delegation in violation of this section will be void.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA.

Report of Independent Registered Public Accounting Firm

To the Stockholders and Board of Directors
ABM Industries Incorporated:

Opinion on the Consolidated Financial Statements

We have audited the accompanying consolidated balance sheets of ABM Industries Incorporated and subsidiaries (the Company) as of October 31, 2025 and 2024, the related consolidated statements of comprehensive income, stockholders' equity, and cash flows for each of the years in the three-year period ended October 31, 2025, and the related notes and financial statement schedule II (collectively, the consolidated financial statements). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company as of October 31, 2025 and 2024, and the results of its operations and its cash flows for each of the years in the three-year period ended October 31, 2025, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company's internal control over financial reporting as of October 31, 2025, based on criteria established in *Internal Control – Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission, and our report dated December 19, 2025 expressed an unqualified opinion on the effectiveness of the Company's internal control over financial reporting.

Basis for Opinion

These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matter

The critical audit matter communicated below is a matter arising from the current period audit of the consolidated financial statements that was communicated or required to be communicated to the audit committee and that: (1) relates to accounts or disclosures that are material to the consolidated financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of a critical audit matter does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing a separate opinion on the critical audit matter or on the accounts or disclosures to which it relates.

Valuation of self-insurance liabilities

As discussed in Notes 2 and 11 to the consolidated financial statements, the Company uses a combination of insured and self-insurance programs to cover insurable risks. The balance of casualty program insurance reserves as of October 31,

2025, amounted to \$649.5 million, a portion of which related to workers' compensation and general liability self-insurance liabilities. The Company engages actuaries to estimate its self-insurance liabilities at least annually.

We identified the evaluation of certain workers' compensation and general liability self-insurance liabilities as a critical audit matter because it involves a high degree of judgment and actuarial expertise to assess: (1) the application of actuarial models used and (2) estimated incurred but not reported claims based on application of loss development factors to historical claims experience.

The following are the primary procedures we performed to address this critical audit matter. We evaluated the design and tested the operating effectiveness of certain internal controls over the Company's self-insurance liability process, including controls related to (1) evaluation of claims information sent to the actuary, (2) estimation of incurred but not reported claims based on the application of loss development factors to historical claims experience, and (3) evaluation of the actuarial report and the external actuarial specialist's qualifications and competency. We evaluated the Company's historical ability to estimate self-insurance liabilities by comparing the prior year recorded amounts to the subsequent claim development. We tested a sample of the claims data utilized by the Company's actuaries by comparing it to underlying claims details; and involved an actuarial professional with specialized skills and knowledge who assisted in the:

- assessment of the application of the actuarial models used by the Company for consistency with generally accepted actuarial standards and
- development of an actuarial estimate of self-insurance liabilities based on the Company's underlying historical paid and incurred loss data for comparison with the liabilities recorded by the Company.

We have served as the Company's auditor since 1980.

Report of Independent Registered Public Accounting Firm

To the Stockholders and Board of Directors
ABM Industries Incorporated:

Opinion on Internal Control Over Financial Reporting

We have audited ABM Industries Incorporated and subsidiaries' (the Company) internal control over financial reporting as of October 31, 2025, based on criteria established in *Internal Control – Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission. In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of October 31, 2025, based on criteria established in *Internal Control – Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated balance sheets of the Company as of October 31, 2025 and 2024, the related consolidated statements of comprehensive income, stockholders' equity, and cash flows for each of the years in the three-year period ended October 31, 2025, and the related notes and financial statement schedule II (collectively, the consolidated financial statements), and our report dated December 19, 2025 expressed an unqualified opinion on those consolidated financial statements.

Basis for Opinion

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control Over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

ABM INDUSTRIES INCORPORATED AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. THE COMPANY AND NATURE OF OPERATIONS

ABM is a leading provider of integrated facility services with a mission to **make a difference, every person, every day**. We are organized into four industry groups and one Technical Solutions segment:

Through these groups, we offer janitorial, facilities engineering, parking, and specialized mechanical and electrical technical solutions, on a standalone basis or in combination with other services.

2. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation and Principles of Consolidation

The Financial Statements have been prepared in accordance with United States generally accepted accounting principles (“U.S. GAAP”) and with the rules and regulations of the SEC, specifically Regulation S-X and the instructions to Form 10-K. Unless otherwise indicated, all references to years are to our fiscal year, which ends on October 31.

The Financial Statements include the accounts of ABM and all of our consolidated subsidiaries. We account for ABM’s investments in unconsolidated affiliates under the equity method of accounting. We include the results of acquired businesses in the Consolidated Statements of Comprehensive Income from their respective acquisition dates. All intercompany accounts and transactions have been eliminated in consolidation.

The preparation of consolidated financial statements in accordance with U.S. GAAP requires our management to make certain estimates that affect reported amounts. We base our estimates on historical experience, known or expected trends, independent valuations, and various other assumptions that we believe to be reasonable under the circumstances. As future events and their effects cannot be determined with precision, actual results could differ significantly from these estimates.

We round amounts in the Financial Statements to millions and calculate all percentages and per-share data from the underlying whole-dollar amounts. Thus, certain amounts may not foot, crossfoot, or recalculate based on reported numbers due to rounding.

Cash and Cash Equivalents

We consider all highly liquid securities with an original maturity of three months or less to be cash and cash equivalents. As part of our cash management system, we use “zero balance” accounts to fund our disbursements. Under this system, at the end of each day the bank balance is zero, while the book balance is usually a negative amount due to reconciling items, such as outstanding checks. We report the changes in these book cash overdrafts as cash flows from financing activities.

Trade Accounts Receivable and Costs Incurred in Excess of Amounts Billed

Trade accounts receivable arise from services provided to our clients and are usually due and payable on varying terms from receipt of the invoice to net 60 days, with the exception of certain Technical Solutions project receivables that may have longer collection periods. These receivables are recorded at the invoiced amount and normally do not bear interest. In addition, our trade accounts receivable include unbilled receivables, such as invoices for services that have been provided but are not yet billed.

Costs incurred in excess of amounts billed arise from Technical Solutions project contracts that typically provide for a schedule of billings or invoices to the client based on our performance to date of specific tasks inherent

in the fulfillment of our performance obligation(s). The schedules for such billings usually do not precisely match the schedule on which costs are incurred. As a result, revenues generally differ from amounts that can be billed or invoiced to the client at any point during the contract.

Allowance for Doubtful Accounts

We determine the allowance for doubtful accounts based on historical write-offs, known or expected trends, and the identification of specific balances deemed uncollectible. For the specifically identified balances, we establish the reserve upon the earlier of a client's inability to meet its financial obligations or after a period of 12 months, unless our management believes such amounts will ultimately be collectible.

Sales Allowance

In connection with our service contracts, we periodically issue credit memos to our clients that are recorded as a reduction in revenues and an increase to the allowance for billing adjustments. These credits can result from client vacancy discounts, job cancellations, property damage, and other items. We estimate our potential future losses on these client receivables based on an analysis of the historical rate of sales adjustments (credit memos, net of re-bills) and known or expected trends.

Other Current Assets

At October 31, 2025 and 2024, other current assets primarily consisted of other receivables, short-term insurance recoverables, capitalized commissions and interest rate swaps assets.

Other Investments

At October 31, 2025 and 2024, other investments primarily consisted of preferred equity investments and investments in unconsolidated affiliates and were \$48.6 million and \$30.8 million, respectively. We did not recognize any impairment charges on these investments in 2025, 2024, or 2023.

Property, Plant and Equipment

We record property, plant and equipment at cost. Repairs and maintenance expenditures are expensed as incurred. In contrast, we capitalize major renewals or replacements that substantially extend the useful life of an asset. We determine depreciation for financial reporting purposes using the straight-line method over the following estimated useful lives:

Category	Years
Computer equipment and software	3–7
Machinery and other equipment	3–5
Transportation equipment	1.5–10
Buildings	10–40
Furniture and fixtures	5

In addition, we depreciate assets under finance leases and leasehold improvements over the shorter of their estimated useful lives or the remaining lease term. Upon retirement or sale of an asset, we remove the cost and accumulated depreciation from our Consolidated Balance Sheets. When applicable, we record corresponding gains or losses within the accompanying Consolidated Statements of Comprehensive Income.

Leases

We account for our leases in accordance with ASU 2016-02, *Leases* (Topic 842). Topic 842 requires lessees to recognize substantially all leases on their balance sheet as a right-of-use ("ROU") asset and a lease liability. We made the accounting policy election to not recognize leases with an initial term of 12 months or less on the balance sheet and will expense payments for such leases on a straight-line basis over the lease term. We also elected to not separate lease components from non-lease components.

We enter into various noncancelable lease agreements for office space, parking facilities, warehouses, vehicles, and equipment used in the normal course of business. We determine if an arrangement is a lease at inception and begin recording lease activity at the commencement date. ROU assets and lease liabilities are

recognized based on the present value of lease payments over the lease term with lease expense recognized on a straight-line basis. The present value of future lease payments is determined using our incremental borrowing rate ("IBR") unless the implicit rate in the lease is readily determinable. Our IBR is equal to our rate of interest adjusted for term differences. This IBR is applied to the minimum lease payments within each lease agreement to determine the amounts of our ROU assets and lease liabilities.

Our lease terms range from one to 16 years. Some leases include options to renew or extend. We typically include extension options in a lease term when it is reasonably certain that we will exercise that option and when doing so is at our sole discretion. Certain equipment and vehicle leases may also include options to purchase the leased property. The depreciable life of assets and leasehold improvements are limited by the expected lease term, unless there is a transfer of title or purchase option reasonably certain of exercise. Typically, if we decide to cancel or terminate a lease before the end of its term, then we would owe the lessor the remaining lease payments under the term of such lease. Our lease agreements generally do not contain any material residual value guarantees or material restrictive covenants. We may rent or sublease certain real estate assets that we no longer use to third parties.

Lease agreements may contain rent escalation clauses, rent holidays, or certain landlord incentives, including tenant improvement allowances. ROU assets include amounts for scheduled rent increases and are reduced by lease incentive amounts.

Certain of our lease agreements include variable rent payments consisting primarily of rental payments adjusted periodically for inflation, maintenance, and utilities. These costs are expensed as incurred. Certain of our parking arrangements also contain variable rent payments that are a percentage of parking services revenue based on contractual levels. We record contingent rent as it becomes probable that specified targets will be met. Variable rent lease components are not included in the lease liability.

Service concession arrangements within the scope of ASU No. 2017-10, *Service Concession Arrangements (Topic 853): Determining the Customer of the Operation Services*, are excluded from the scope of Topic 842. Rent expenses associated with these arrangements are recorded as a reduction of revenues. See Note 4, "Revenues," for further discussion.

Goodwill and Other Intangible Assets

Goodwill represents the excess purchase price of acquired businesses over the fair value of the assets acquired and liabilities assumed. We have elected to make the first day of our fourth quarter, August 1, the annual impairment assessment date for goodwill. However, we could be required to evaluate the recoverability of goodwill more often if impairment indicators exist. Goodwill is tested for impairment at a "reporting unit" level by performing either a qualitative evaluation or a quantitative test. The qualitative evaluation is an assessment of factors to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount. We may elect not to perform the qualitative assessment for some or all reporting units and instead perform a quantitative test under which we estimate the fair value using a weighting of fair values derived from an income approach and a market approach. The discounted estimates of future cash flows include significant management assumptions, such as revenue growth rates, operating margins, weighted average cost of capital, and future economic and market conditions.

Other intangible assets primarily consist of acquired customer contracts and relationships that are amortized using the sum-of-the-years'-digits method over their useful lives, consistent with the estimated useful life considerations used in the determination of their fair values. This accelerated method of amortization reflects the pattern in which the economic benefits from the intangible assets of customer contracts and relationships are expected to be realized. We amortize other non-customer acquired intangibles using a straight-line method of amortization. We evaluate other intangible assets, as well as our long-lived assets, for impairment whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. When this occurs, a recoverability test is performed that compares the projected undiscounted cash flows from the use and eventual disposition of an asset or asset group to its carrying amount. If the projected undiscounted cash flows are less than the carrying amount, then we calculate an impairment loss. The impairment loss calculation compares the fair value, which is based on projected discounted cash flows, to the carrying value.

See Note 10, "Goodwill and Other Intangible Assets," for further information on goodwill, other intangible assets, and impairment charges.

Other Noncurrent Assets

At October 31, 2025 and 2024, other noncurrent assets primarily consisted of long-term insurance recoverables, cloud computing arrangements, capitalized commissions, insurance deposits, deferred financing costs related to the Revolver and prepayments to carriers for future insurance claims.

Fair Value of Financial Instruments

Fair value is the price we would receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for identical assets or liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date.

Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our market assumptions. Preference is given to observable inputs. These two types of inputs create the following fair value hierarchy:

Level 1 – Quoted prices for identical instruments in active markets;

Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable; and

Level 3 – Significant inputs to the valuation model are unobservable.

We evaluate assets and liabilities subject to fair value measurements on a recurring and nonrecurring basis to determine the appropriate level at which to classify them for each reporting period. Some nonfinancial assets are measured at fair value on a nonrecurring basis only in certain circumstances, including the event of impairment. See Note 8, “Fair Value of Financial Instruments,” for the fair value hierarchy table and for details on how we measure fair value for our assets and liabilities.

Insurance Reserves

We use a combination of insured and self-insurance programs to cover workers’ compensation, general liability, automobile liability, property damage, and other insurable risks. Insurance claim liabilities represent our estimate of retained risks without regard to insurance coverage. We retain a substantial portion of the risk related to certain workers’ compensation and medical claims. Liabilities associated with these losses include estimates of both filed claims and IBNR Claims.

With the assistance of third-party actuaries, we review our estimate of ultimate losses for actual and IBNR Claims on a quarterly basis and adjust our required self-insurance reserves as appropriate. See Note 11, “Insurance,” for further details on the quarterly review procedures. As part of this evaluation, we review the status of existing and new claim reserves as established by third-party claims administrators. The third-party claims administrators establish the case reserves based upon known factors related to the type and severity of the claims, demographic factors, legislative matters, and case law, as appropriate. We compare actual trends to expected trends and monitor claims developments. The specific case reserves estimated by the third-party administrators are provided to an actuary who assists us in projecting an actuarial estimate of the overall ultimate losses for our self-insured or high deductible programs, which includes the case reserves plus an actuarial estimate of reserves required for additional developments, such as IBNR Claims. We utilize the results of actuarial studies to estimate our insurance rates and insurance reserves for future periods and to adjust reserves, if appropriate, for prior years.

In general, our insurance reserves are recorded on an undiscounted basis. We allocate current-year insurance expense to our operating segments based upon their underlying exposures, while actuarial adjustments related to prior year claims are recorded within Corporate expenses. We classify claims as current or long-term based on the expected settlement date. Estimated insurance recoveries related to recorded liabilities are reflected as assets in our Consolidated Balance Sheets when we believe the receipt of such amounts is probable.

Other Accrued Liabilities

At October 31, 2025 and 2024, other accrued liabilities primarily consisted of employee benefits, contract liabilities, ESPC liabilities, the short-term contingent consideration liability, unclaimed property, dividends payable, and legal fees and settlements.

Other Noncurrent Liabilities

At October 31, 2025 and 2024, other noncurrent liabilities primarily consisted of deferred compensation, long-term finance leases, retirement plan liabilities, and the long-term contingent consideration liability.

Contracts with Customers

We account for a contract when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance, and collectability of consideration is probable. Once a contract is identified, we evaluate whether it is a combined or single contract and whether it should be accounted for as more than one performance obligation. Generally, most of our contracts are cancelable by either party without a substantive penalty, and the majority of our contracts have a notification period of 30 to 90 days. If a contract includes a cancellation clause, the remaining contract term is limited to the required termination notice period.

At contract inception, we assess the services promised to our customers and identify a performance obligation for each promise to transfer to the customer a service, or a bundle of services, that is distinct. To identify the performance obligation, we consider all of our services promised in the contract, regardless of whether they are explicitly stated or are implied by customary business practices.

The majority of our contracts contain multiple promises that represent an integrated bundle of services comprised of activities that may vary over time; however, these activities fulfill a single integrated performance obligation since we perform a continuous service that is substantially the same and has the same pattern of transfer to the customer. Our performance obligations are primarily satisfied over time as we provide the related services. We allocate the contract transaction price to this single performance obligation and recognize revenue as the services are performed, as further described in "Contract Types" below.

Certain arrangements involve variable consideration (primarily per transaction fees, reimbursable expenses, and sales-based royalties). We do not estimate the variable consideration for these arrangements; rather, we recognize these variable fees in the period they are earned. Some of our contracts, often related to Airline Services, may also include performance incentives based on variable performance measures that are ascertained exclusively by future performance and therefore cannot be estimated at contract inception and are recognized as revenue once known and mutually agreed upon. We include estimated amounts in the transaction price to the extent it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is resolved. Our estimates of variable consideration and determination of whether to include estimated amounts in the transaction price are based largely on an assessment of our anticipated performance and all information (historical, current, and forecasted) that is reasonably available to us.

We primarily account for our performance obligations under the series guidance, using the as-invoiced practical expedient when applicable. We apply the as-invoiced practical expedient to record revenue as the services are provided, given the nature of the services provided and the frequency of billing under the customer contracts. Under this practical expedient, we recognize revenue in an amount that corresponds directly with the value to the customer of our performance completed to date and for which we have the right to invoice the customer.

We typically bill customers on a monthly basis and have the right to consideration from customers in an amount that corresponds directly with the performance obligation satisfied to date. The time between completion of the performance obligation and collection of cash is generally 30 to 60 days. Sales-based taxes are excluded from revenue.

Contracts generally can be modified to account for changes in specifications and requirements. We consider contract modifications to exist when the modification either changes the consideration, creates new performance obligations, or changes the existing scope of the contract and related performance obligations. Historically, contract modifications have been for services that are not distinct from the existing contract, since we are providing a bundle of services that are highly interrelated, and are therefore treated as if they were part of that existing contract. Such modifications are generally accounted for retrospectively as part of the existing contract.

Contract Types

We have arrangements under various contract types, as described below.

Monthly Fixed-Price

Monthly fixed-price arrangements are contracts in which the client agrees to pay a fixed fee every month over a specified contract term. We measure progress toward satisfaction of the performance obligation as the services are provided, and revenue is recognized at the agreed-upon contractual amount over time, because the customer simultaneously receives and consumes the benefits of the services as they are performed.

Square-Foot

Square-foot arrangements are contracts in which the client agrees to pay a fixed fee every month based on the actual square footage serviced over a specified contract term. We measure progress toward satisfaction of the performance obligation as the services are provided, and revenue is recognized at the agreed-upon contractual amount over time, because the customer simultaneously receives and consumes the benefits of the services as they are performed.

Cost-Plus

Cost-plus arrangements are contracts in which the clients reimburse us for the agreed-upon amount of wages and benefits, payroll taxes, insurance charges, and other expenses associated with the contracted work, plus a profit margin. We measure progress toward satisfaction of the performance obligation as the services are provided, and revenue is recognized at the agreed-upon contractual amount over time, because the customer simultaneously receives and consumes the benefits of the services as they are performed.

Work Orders

Work orders generally consist of supplemental services requested by clients outside of the standard service specification and include cleanup after tenant moves, construction cleanup, flood cleanup, and snow removal. The nature of these short-term contracts involves performing one-off type services, and revenue is recognized at the agreed-upon contractual amount over time as the services are provided, because the customer simultaneously receives and consumes the benefits of the services as they are performed.

Transaction-Price

Transaction-price contracts are arrangements in which customers are billed a fixed price for each transaction performed on a monthly basis (e.g., wheelchair passengers served, airplane cabins cleaned). We measure progress toward satisfaction of the performance obligation as the services are provided, and revenue is recognized at the agreed-upon contractual amount over time, because the customer simultaneously receives and consumes the benefits of the services as they are performed.

Hourly

Hourly arrangements are contracts in which the client is billed a fixed hourly rate for each labor hour provided. We measure progress toward satisfaction of the performance obligation as the services are provided, and revenue is recognized at the agreed-upon contractual amount over time, because the customer simultaneously receives and consumes the benefits of the services as they are performed.

Management Reimbursement

Under management reimbursement arrangements, we manage a parking facility for a management fee and pass through the revenue and expenses associated with the facility to the owner. We measure progress toward satisfaction of the performance obligation over time as the services are provided. Under these contracts we recognize both revenues and expenses, in equal amounts, that are directly reimbursed from the property owner for operating expenses, as such expenses are incurred. Such revenues do not include gross customer collections at the managed locations, because they belong to the property owners. We have determined we are the principal in these transactions, because the nature of our performance obligation is for us to provide the services on behalf of the customer, and we have control of the promised services before they are transferred to the customer.

Management reimbursement revenue was \$342.1 million, \$318.2 million, and \$302.3 million during 2025, 2024, and 2023, respectively.

Leased Location

Under leased location parking arrangements, we pay a fixed amount of rent, plus a percentage of revenues derived from monthly and transient parkers, to the property owner. We retain all revenues received, and we are responsible for most operating expenses incurred. We measure progress toward satisfaction of the performance obligation as the services are provided, and revenue is recognized over time, because the customer simultaneously receives and consumes the benefits of the services as they are performed.

Rental expense and certain other expenses under contracts that meet the definition of service concession arrangements are recorded as a reduction of revenue.

Allowance

Under allowance parking arrangements, we are paid a fixed amount or hourly rate to provide parking services, and we are responsible for certain operating expenses that are specified in the contract. We measure progress toward satisfaction of the performance obligation as the services are provided, and revenue is recognized at the agreed-upon contractual rate over time, because the customer simultaneously receives and consumes the benefits of the services as they are performed.

Energy Savings Contracts and Fixed-Price Repair and Refurbishment

Under energy savings contracts and fixed-price repair and refurbishment arrangements, we agree to develop, design, engineer, and construct a project. Additionally, as part of bundled energy solutions arrangements, we guarantee the project will satisfy agreed-upon performance standards.

We use the cost-to-cost method, which compares the actual costs incurred to date with the current estimate of total costs to complete, to measure the satisfaction of the performance obligation and recognize revenue as work progresses and we incur costs on our contracts; we believe this method best reflects the transfer of control to the customer. This measurement and comparison process requires updates to the estimate of total costs to complete the contract, and these updates may include subjective assessments and judgments. Equipment purchased for these projects is project-specific and considered a value-added element to our work. Equipment costs are incurred when the title is transferred to us, typically upon delivery to the work site. Revenue for uninstalled equipment is recognized at cost and the associated margin is deferred until installation is substantially complete.

We recognize revenue over time for all of our services as we perform them, because (i) control continuously transfers to the customer as work progresses, or (ii) we have the right to bill the customer as costs are incurred. The customer typically controls the work in process, as evidenced either by contractual termination clauses or by our rights to payment for work performed to date plus a reasonable profit to deliver products or services that do not have an alternative use to us.

Certain project contracts include a schedule of billings or invoices to the customer based on our job-to-date percentage of completion of specific tasks inherent in the fulfillment of our performance obligation(s) or in accordance with a fixed billing schedule. Fixed billing schedules may not precisely match the actual costs incurred. Therefore, revenue recognized may differ from amounts that can be billed or invoiced to the customer at any point during the contract, resulting in balances that are considered revenue recognized in excess of amounts billed or amounts billed in excess of revenue recognized. Advanced payments from our customers generally do not represent a significant financing component as the payments are used to meet working capital demands that can be higher in the early stages of a contract, as well as to protect us from our customer failing to meet its obligations under the contract.

Certain projects include service maintenance agreements under which existing systems are repaired and maintained for a specific period of time. We generally recognize revenue under these arrangements over time. Our service maintenance agreements are generally one-year renewable agreements.

Franchise

We franchise certain engineering services through individual and area franchises under the Linc Service and TEGG brands, which are part of ABM Technical Solutions. Initial franchise fees result from the sale of a franchise license and include the use of the name, trademarks, and proprietary methods. The franchise license is considered symbolic intellectual property, and revenue related to the sale of this right is recognized at the agreed-upon contractual amount over the term of the initial franchise agreement.

Royalty fee revenue consists of sales-based royalties received as part of the consideration for the franchise right, which is calculated as a percentage of the franchisees' revenue. We recognize royalty fee revenue at the agreed-upon contractual rates over time as the customer revenue is generated by the franchisees. A receivable is recognized for an estimate of the unreported royalty fees, which are reported and remitted to us in arrears.

Microgrid Systems and Uninterrupted Power Supply Systems Installation

We provide electrical contracting services for energy related products such as the installation of solar solutions, battery storage, distributed generation, and other specialized electric trades.

We use the cost-to-cost method, which compares the actual costs incurred to date with the current estimate of total costs to complete, to measure the satisfaction of the performance obligation and recognize revenue as work progresses and we incur costs on our contracts; we believe this method best reflects the transfer of control to the customer. This measurement and comparison process requires updates to the estimate of total costs to complete the contract, and these updates may include subjective assessments and judgments.

Certain projects include service maintenance agreements under which existing systems are repaired and maintained for a specific period of time. We generally recognize revenue under these arrangements over time. Our service maintenance agreements are generally one-year renewable agreements.

Costs to Obtain a Contract with a Customer

We capitalize the incremental costs of obtaining a contract with a customer, primarily commissions, as contract assets and recognize the expense on a straight-line basis over a weighted average expected customer relationship period. Capitalized commissions are classified as current or noncurrent based on the timing of when we expect to recognize the expense.

Contract Balances

The timing of revenue recognition, billings, and cash collections results in contract assets and contract liabilities, as further explained below. The timing of revenue recognition may differ from the timing of invoicing to customers. If a contract includes a cancellation clause that allows for the termination of the contract by either party without a substantive penalty, then the contract term is limited to the termination notice period.

Contract assets primarily consist of billed trade receivables, unbilled trade receivables, and costs incurred in excess of amounts billed. Billed and unbilled trade receivables represent amounts from work completed in which we have an unconditional right to bill our customer. Costs incurred in excess of amounts billed typically arise when the revenue recognized on projects exceeds the amount billed to the customer. These amounts are transferred to billed trade receivables when the rights become unconditional. Contract assets also include the capitalization of incremental costs of obtaining a contract with a customer, primarily commissions.

Contract liabilities consist of deferred revenue and advance payments and billings in excess of revenue recognized. We generally classify contract liabilities as current since the related contracts are generally for a period of one year or less. Contract liabilities decrease as we recognize revenue from the satisfaction of the related performance obligation.

Advertising

Advertising costs are expensed as incurred. During 2025, 2024, and 2023, advertising expense was \$11.4 million, \$10.9 million, and \$8.8 million, respectively.

Share-Based Compensation

Our current share-based awards principally consist of restricted stock units ("RSUs") and performance share awards. We recognize compensation costs associated with these awards in selling, general and administrative expenses. For RSUs and performance share awards, the amount of compensation cost is measured based on the grant-date fair value of the equity instruments issued. Since our total shareholder return ("TSR") performance share awards are performance awards with a market condition, the compensation costs associated with these awards are determined using a Monte Carlo simulation valuation model. For RSUs and TSR performance share awards, compensation cost is recognized over the period that an employee provides service in exchange for the award. We recognize compensation cost associated with other performance share awards over the requisite service period based on the probability of achievement of performance criteria.

Taxes Collected from Clients and Remitted to Governmental Agencies

We record taxes on client transactions due to governmental agencies as receivables and liabilities on the Consolidated Balance Sheets.

Net Income Per Common Share

Basic net income per common share is net income divided by the weighted-average number of common shares outstanding during the period. Diluted net income per common share is based on the weighted-average number of common shares outstanding during the period, adjusted to include the potential dilution from the conversion of RSUs, vesting of performance shares, and exercisable stock options.

Contingencies and Litigation

We are a party to a number of lawsuits, claims, and proceedings incident to the operation of our business, including those pertaining to labor and employment, contracts, personal injury, and other matters, some of which allege substantial monetary damages. Some of these actions may be brought as class actions on behalf of a class or purported class of employees. We accrue for loss contingencies when losses become probable and are reasonably estimable. If the reasonable estimate of the loss is a range and no amount within the range is a better estimate, then the minimum amount of the range is recorded as a liability. We recognize legal costs as an expense in the period incurred.

Income Taxes

We account for income taxes using the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to temporary differences between the financial statement carrying amount of existing assets and liabilities and their respective tax bases. We measure deferred tax assets and liabilities using enacted tax rates expected to be applied to taxable income in the years in which those temporary differences are expected to be recovered. Deferred tax assets are reviewed for recoverability on a quarterly basis. A valuation allowance is recorded to reduce the carrying amount of a deferred tax asset to its realizable value unless it is more likely than not that such asset will be realized. We recognize accrued interest and penalties related to unrecognized tax benefits in income tax expense in our Consolidated Statements of Comprehensive Income.

Employee Retention Tax Credit

In 2020, the U.S. government enacted the Coronavirus Aid, Relief, and Security Act (the "CARES Act") to provide certain relief as a result of the COVID-19 Pandemic. The CARES Act provides tax relief, along with other stimulus measures, including a provision for an Employee Retention Credit ("ERC"). ERC is a refundable tax credit for employers who kept employees on their payroll during the COVID-19 Pandemic.

During the years ended October 31, 2025, and October 31, 2023, we received and recorded an employee retention credit totaling \$1.2 million and \$24.0 million, respectively, within the "Selling, general and administrative expenses" on our Consolidated Statements of Comprehensive Income.

Restructuring and Related Expenses

We may periodically engage in various restructuring activities intended to drive long-term profitable growth and increase operational efficiency, which can include streamlining and realigning our overall organizational structure and reallocating resources. These activities may result in restructuring costs related to employee severance, asset impairment charges, and other related costs. Our methodology to record these costs is described below.

Severance

As we do not have a past history of consistently providing severance benefits, we recognize severance costs for employees who do not have formal employment agreements when management has committed to a restructuring plan and communicated those actions to impacted employees, such that the employee is able to determine the type and amount of benefits that they will receive upon termination. For employees with employment agreements, we accrue for these severance liabilities when it is probable that the impacted employee will be entitled to the benefits and the amount can be reasonably estimated.

Noncancelable Leases

When we exit a leased space or enter into a sublease arrangement, we evaluate the ROU asset for impairment in accordance with ASC 360. The ROU asset is considered impaired if the carrying amount exceeds the estimated future cash flows expected to be generated from the asset, including any sublease income. If impairment is indicated, the ROU asset is written down to its fair value, which is typically determined using a discounted cash flow approach. This model incorporates the present value of expected sublease income, remaining lease payments, and any direct costs associated with exiting or subleasing the space.

Other

For other costs associated with exit and disposal activities, we recognize an expense at fair value in the period in which the liability is incurred.

Recently Adopted Accounting Standards

In November 2023, the FASB issued ASU 2023-07, *Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures*. This accounting update improves reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses. This ASU requires disclosure, on an annual and interim basis, of significant segment expenses that are regularly provided to the Chief Operating Decision Maker, and an amount for other segment items by reportable segment, with a description of its composition. This ASU is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024, with early adoption permitted. We adopted this ASU effective October 31, 2025, on a retrospective basis for all prior periods presented in the financial statements, with no impact on the Company's financial position or results of operations, and have updated our segment disclosures to comply with the updated requirements. See Note 18, "Segment and Geographic Information," for the expanded segment reporting disclosures.

In September 2022, the FASB issued ASU 2022-04, *Liabilities — Supplier Finance Programs (Subtopic 405-50): Disclosure of Supplier Finance Program Obligations*, designed to enhance transparency around supplier finance programs by requiring new disclosures that would allow a user of the financial statements to understand the program's nature, activity during the period, changes from period to period, and potential magnitude. This ASU is effective for fiscal years beginning after December 15, 2022, including interim periods within those fiscal years, except for the amendment on rollforward information, which is effective for fiscal years beginning after December 15, 2023, with early adoption permitted. We adopted this standard, effective November 1, 2023, and adopted the rollforward requirement, effective November 1, 2024, on a prospective basis. We do not participate in any material supplier finance programs and, as such, the adoption of this guidance did not have an impact on our disclosures.

Recently Issued Accounting Standards

In September 2025, the FASB issued ASU 2025-06, *Intangibles—Goodwill and Other (Topic 350): Internal-Use Software (Subtopic 350-40): Targeted Improvements to the Accounting for Internal-Use Software*. This accounting update removes all references to prescriptive and sequential software development stages (referred to as "project stages") throughout Subtopic 350-40 and requires the capitalization of software costs to begin when 1) management has authorized and committed to funding the software project and 2) it is probable that the project will be completed and the software will be used to perform the function intended. This guidance is effective for fiscal years and interim periods beginning after December 15, 2027, with early adoption permitted. These requirements should be applied using a prospective, modified transition, or retrospective approach. We are currently evaluating the impact of implementing this guidance on our financial statements.

In November 2024, the FASB issued ASU 2024-03, *Income Statement — Reporting Comprehensive Income — Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses*. This accounting update improves financial reporting by requiring public business entities to disclose additional information about specific expense categories in the notes to the financial statements at interim and annual reporting periods. This ASU is effective for fiscal years beginning after December 15, 2026, and interim periods within fiscal years beginning after December 15, 2027, with early adoption permitted. We are currently evaluating the impact of implementing this guidance on our financial statements.

In December 2023, the FASB issued ASU 2023-09, *Income Taxes (Topic 740): Improvements to Income Tax Disclosure*. This accounting update enhances the transparency and decision usefulness of income tax disclosure. The amendments in this ASU address investor requests for enhanced income tax information primarily

through changes to the rate reconciliation and income taxes paid information. This ASU is effective for fiscal years beginning after December 15, 2024, with early adoption permitted. We are currently evaluating the impact of implementing this guidance on our financial statements.

We do not expect any other recently issued accounting pronouncements to have a material impact on our consolidated financial statements and related disclosures.

3. ACQUISITIONS

Acquisition of LMC FM

Effective June 1, 2025, we acquired LMC FM Limited (“LMC”), a Dublin-based facilities services company with coverage across Ireland, for a purchase price of approximately \$22.5 million in cash plus the potential of \$5.8 million of contingent consideration to be paid in calendar year 2027 upon the retention of the top two customers. The acquisition was accounted for under the acquisition method. Accordingly, the assets acquired and liabilities assumed were recognized on the date of acquisition at their estimated fair values, with the excess of the purchase price recorded as goodwill. The goodwill is not deductible for income tax purposes. As of October 31, 2025, we recorded preliminary goodwill and intangibles of \$14.7 million and \$12.9 million, respectively. The total assets acquired, excluding goodwill and intangibles, and liabilities assumed amounted to \$19.8 million and \$19.0 million, respectively. The purchase price allocation is subject to adjustments within the measurement period not to exceed one year from the acquisition date.

The Consolidated Statements of Comprehensive Income for the year ended October 31, 2025, include revenues of \$23.0 million attributable to LMC, which are included in our Technical Solutions segment.

Acquisition of Quality Uptime

Effective June 21, 2024, we acquired Quality Uptime Services, Inc. (“Quality Uptime”), an UPS installation and maintenance company providing customized preventive and emergency service programs for mission-critical data centers and other facilities, for a net cash purchase price of \$116.3 million. The acquisition was accounted for under the acquisition method. Accordingly, the assets acquired and liabilities assumed were recognized on the date of acquisition at their estimated fair values, with the excess of the purchase price recorded as goodwill. The goodwill is amortizable over 15 years for income tax purposes. During the year ended October 31, 2025, we finalized the purchase price allocation for the Quality Uptime Acquisition, which resulted in immaterial measurement period adjustments to goodwill, and as of October 31, 2025, we recorded goodwill and intangibles of \$77.4 million and \$35.2 million, respectively. The total assets acquired, excluding goodwill and intangibles, and liabilities assumed amounted to \$24.0 million and \$20.3 million, respectively. Quality Uptime’s operations are included within our Technical Solutions segment.

Acquisition of RavenVolt

On September 1, 2022, we completed the acquisition of all of the equity interests of RavenVolt, Inc. (“RavenVolt”), a nationwide provider of advanced turn-key microgrid systems utilized by diversified commercial and industrial customers, national retailers, utilities, and municipalities. RavenVolt’s operations are included within our Technical Solutions segment. The acquisition was accounted for under the acquisition method.

The purchase price for the acquisition was approximately \$170.0 million in cash at closing plus the potential of post-closing contingent consideration of up to \$280.0 million. The estimate of the fair value of the contingent consideration on the date of acquisition was \$59.0 million. The post closing contingent consideration would be payable in cash in calendar years 2024, 2025, and 2026 if RavenVolt’s earnings before interest, taxes, depreciation, and amortization (“EBITDA”), as defined in the RavenVolt merger agreement, meets or exceeds certain defined targets.

In 2024, defined EBITDA targets were not achieved, and as a result, no contingent consideration payment was made in 2024 for calendar year 2023. At October 31, 2024, the estimate of the fair value of the contingent consideration was \$109.1 million. In the third quarter of 2025, we made a \$75.0 million payment for calendar year 2024, of which \$16.0 million was classified as an operating cash outflow.

The maximum contingent consideration that could be payable in 2026 related to the calendar year 2025 target is \$130.0 million. If the EBITDA achieved for calendar years 2023-2025 cumulatively meets the defined EBITDA targets, the entire \$280.0 million would be paid in calendar year 2026, minus the earn-out payment made in 2025.

There was no material change in the fair value of the contingent consideration during the year ended October 31, 2025, and at October 31, 2025, the estimate of the fair value of the remaining contingent consideration is \$32.5 million.

4. REVENUES

Disaggregation of Revenues

We generate revenues under several types of contracts, which are further described in Note 2, "Basis of Presentation and Significant Accounting Policies." Generally, the type of contract is determined by the nature of the services provided by each of our major service lines throughout our reportable segments; therefore, we disaggregate revenues from contracts with customers into major service lines. We have determined that disaggregating revenues into these categories best depicts how the nature, amount, timing, and uncertainty of revenues and cash flows are affected by economic factors. Our reportable segments are B&I, M&D, Education, Aviation, and Technical Solutions, as described in Note 18, "Segment and Geographic Information."

(1) Janitorial arrangements provide a wide range of essential cleaning services for commercial office buildings, airports and other transportation centers, educational institutions, government buildings, health facilities, industrial buildings, retail stores, and stadiums and arenas. These arrangements are often structured as monthly fixed-price, square-foot, cost-plus, and work order contracts.

(2) Aviation Services arrangements support airlines and airports with services such as passenger assistance, catering logistics, and airplane cabin maintenance. These arrangements are often structured as monthly fixed-price, cost-plus, transaction price, and hourly contracts.

(3) Parking and Transportation arrangements provide parking and transportation services for clients at various locations, including airports and other transportation centers, commercial office buildings, educational institutions, health facilities, hotels, and stadiums and arenas. These arrangements are structured as management reimbursement, leased location, and allowance contracts. Certain of these arrangements are considered service concession agreements and are accounted for under the guidance of Topic 853; accordingly, service concession expense related to these arrangements is recorded as a reduction of the related parking service revenues.

- (4) Operations and Maintenance arrangements provide onsite mechanical engineering and technical services and solutions relating to a broad range of facilities and infrastructure systems that are designed to extend the useful life of facility fixed assets, improve equipment operating efficiencies, reduce energy consumption, lower overall operational costs for clients, and enhance the sustainability of client locations. These arrangements are generally structured as monthly fixed-price, cost-plus, and work order contracts.
- (5) Building & Energy Solutions arrangements provide custom energy solutions, including microgrid systems installation, electrical, HVAC, lighting, electric vehicle charging station installation, uninterrupted power supply services, and other general maintenance and repair services for clients in the public and private sectors and are generally structured as Energy Savings, Fixed-Price Repair, and Refurbishment contracts. We also franchise certain operations under franchise agreements relating to our Linc Network and TEGG brands pursuant to franchise contracts.

Remaining Performance Obligations

At October 31, 2025, performance obligations that were unsatisfied or partially unsatisfied for which we expect to recognize revenue totaled \$234.9 million. We expect to recognize revenue on approximately 79% of the remaining performance obligations over the next 12 months, with the remainder recognized thereafter, based on our estimates of project timing.

These amounts exclude variable consideration primarily related to: (i) contracts where we have determined that the contract consists of a series of distinct service periods and revenues are based on future performance that cannot be estimated at contract inception; (ii) parking contracts where we and the customer share the gross revenues or operating profit for the location; and (iii) contracts where transaction prices include performance incentives that are based on future performance and therefore cannot be estimated at contract inception. We apply the practical expedient that permits exclusion of information about the remaining performance obligations with original expected durations of one year or less.

6. RESTRUCTURING AND RELATED COSTS

In the fourth quarter of 2025, we implemented a restructuring program to further streamline our operations and improve the efficiency of our support functions. This initiative is intended to enhance overall organizational effectiveness and ensure alignment between the Company's cost structure and our strategic growth objectives. We recognized \$13.4 million of restructuring charges during the fourth quarter of 2025, which includes employee severance, asset impairment charges, and other related costs. We continue to review our overhead and cost structure for additional efficiency opportunities under this program. We expect these actions to be completed by 2026.

(1) Cash and cash equivalents are stated at nominal value, which equals fair value.

(2) Represents restricted deposits that are used to collateralize our insurance obligations and are stated at nominal value, which equals fair value. These insurance deposits are included in “Other noncurrent assets” on the accompanying Consolidated Balance Sheets. See Note 11, “Insurance,” for further information.

(3) Represents investments held in Rabbi trusts associated with one of our deferred compensation plans, which we include in “Other noncurrent assets” on the accompanying Consolidated Balance Sheets. The fair value of the assets held in the funded deferred compensation plan is based on quoted market prices. See Note 13, “Employee Benefit Plans,” for further information.

(4) Represents gross outstanding borrowings under our Amended Credit Facility. Due to variable interest rates, the carrying value of outstanding borrowings under our line of credit and term loan approximates the fair value. See Note 12, “Credit Facility,” for further information.

(5) Represents interest rate swap derivatives designated as cash flow hedges. The fair values of the interest rate swaps are estimated based on the present value of the difference between expected cash flows calculated at the contracted interest rates and the expected cash flows at current market interest rates using observable benchmarks for the SOFR forward rates at the end of the period. At October 31, 2025 and 2024, our interest rate swap assets and liabilities are included in “Other current assets” and “Other accrued liabilities,” respectively, on the accompanying Consolidated Balance Sheets. See Note 12, “Credit Facility,” for further information. Our interest rate swaps will mature in 2026.

(6) During the three months ended October 31, 2025, we purchased a \$20.0 million call option to acquire an ownership interest in a privately held company, which we include in “Other investments” on the accompanying Consolidated Balance Sheet. Refer to Note 19, “Subsequent Events,” for further information. Our investments do not have a readily determinable fair value; therefore, we account for the investments using the measurement alternative under Topic 321 and measure the investments at initial cost plus or minus fair value adjustments if there are observable prices minus impairment, if any.

(7) Our contingent consideration payable related to the RavenVolt Acquisition is recorded at fair value as a liability on the acquisition date and is remeasured at each reporting date, based on significant inputs not observable in the market. The contingent consideration payment related to calendar year 2024, which was made in May 2025, represented a Level 3 measurement at October 31, 2024, and the amount related to calendar year 2025, payable in calendar year 2026, represents a Level 3 measurement at October 31, 2025, and October 31, 2024, within the fair value hierarchy. After the acquisition date and until the contingency is resolved, the fair value of contingent consideration payable is adjusted each reporting period based primarily on the expected probability of achievement of the contingency targets, which are subject to our estimate. These changes in fair value are recognized within the “Selling, general and administrative expenses” of the Consolidated Statements of Comprehensive Income. See Note 3, “Acquisitions,” for further information.

(8) The balance at October 31, 2025, also includes the contingent consideration payable in calendar year 2027 related to the LMC Acquisition.

There were no transfers to or from Level 3 financial assets or liabilities during 2025 and 2024. At October 31, 2025 and 2024, the Company had no financial assets recorded at fair value using Level 3 inputs.

Non-Financial Assets Measured at Fair Value on a Non-Recurring Basis

In addition to assets and liabilities that are measured at fair value on a recurring basis, we are also required to measure certain items at fair value on a non-recurring basis. These assets can include: goodwill; intangible assets; property, plant and equipment; lease-related ROU assets; and long-lived assets that have been reduced to fair value when they are held for sale. If certain triggering events occur or if an annual impairment test is required, we would evaluate these non-financial assets for impairment. If an impairment were to occur, the asset would be recorded at the estimated fair value, using primarily unobservable Level 3 inputs.

⁽¹⁾ These amounts could vary as acquisitions of additional intangible assets occur in the future and as acquisition accounting is finalized for existing acquisitions.

The estimates of future cash flows used in determining the fair value of goodwill and other intangible assets involve significant management judgment and are based upon assumptions about expected future operating performance, economic conditions, market conditions, and cost of capital. Inherent in estimating the future cash flows are uncertainties beyond our control, such as changes in capital markets. The actual cash flows could differ materially from management's estimates due to changes in business conditions, operating performance, and economic conditions.

11. INSURANCE

We utilize a combination of insured and self-insurance programs to manage risks associated with workers' compensation, general liability, automobile liability, property damage, and other insurable exposures. For most of these programs, we retain the initial \$1.0 million to \$5.0 million of exposure per occurrence through deductibles or self-insured retentions. To protect against losses exceeding the retained deductible or self-insured retention, we carry commercial umbrella insurance providing aggregate coverage of up to \$200.0 million for general liability and automobile liability claims. Our workers' compensation insurance provides coverage to the full extent of statutory requirements. For property damage risks, we maintain policies that provide per-occurrence limits of \$75.0 million above our retained amounts. We are also self-insured for certain employee medical and dental benefits and maintain stop-loss insurance for our self-insured medical plan under which we retain up to \$0.5 million of exposure per participant, per policy year.

We maintain reserves for workers' compensation, general liability, automobile liability, and property damage insurance claims based on known trends, current events, and actuarial estimates of required reserves, as reflected in our most recently completed actuarial reports. These reserves represent our best estimate of potential liabilities for unpaid losses and loss adjustment expenses. The estimate of the ultimate unpaid obligation for such risks includes both case reserves for reported claims and an amount for losses incurred but not yet reported as of the balance sheet date. The results of actuarial reviews are used to estimate our insurance rates and insurance reserves for future periods and to adjust reserves, if appropriate, for prior years.

Insurance Reserve Adjustments

Actuarial Reviews and Updates Performed During 2025

We utilize a combination of third-party insurance and self-insurance mechanisms, including a wholly owned captive insurance subsidiary, to manage potential liabilities associated with automobile liability, general liability, and workers' compensation risks. Claim and claim adjustment expense reserves represent management's estimates of the amounts required to resolve all outstanding claims, including IBNR claims, as of the reporting date.

Reserves are determined using generally accepted actuarial methods applied to historical claims data and adjusted for assumptions regarding loss development patterns, expected loss costs, and trends in claim frequency and severity. Estimates also consider factors such as settlement practices, inflation, and changes in economic, legal, and social environments. Because reserve estimation involves significant judgment and inherent variability, actual results may differ from recorded amounts. Management believes current reserves are reasonable and adequate based on available information and actuarial analyses.

During 2025, we completed comprehensive actuarial reviews of our casualty insurance programs (the "Actuarial Reviews") covering the periods of May 1, 2024, through October 31, 2024, November 1, 2024, through April 30, 2025, and May 1, 2025, through September 30, 2025. The Actuarial Reviews evaluated reserve adequacy based on loss-development patterns, trend assumptions, and underlying expected loss costs. During the second quarter of 2025, we performed interim actuarial update (the "Interim Update") reflecting actual versus expected claim development and payment activity for the respective periods, relying on key assumptions from the Actuarial Reviews.

Based on these analyses, we increased our total reserves related to prior year known claims and estimated IBNR losses during 2025 by \$23.3 million. The adverse development was primarily attributable to higher-than-expected development on workers' compensation claims in California and general liability claims from prior years. In 2024, we increased our total reserves related to prior year claims by \$20.3 million.

⁽¹⁾ At October 31, 2025, and October 31, 2024, the weighted average interest rate on our outstanding borrowings, not including letters of credit and swaps, was 5.84% and 6.68%, respectively.

⁽²⁾ At October 31, 2025, we had borrowing capacity of up to \$577.5 million

⁽³⁾ At October 31, 2025, standby letters of credit amounted to \$23.5 million

On September 1, 2017, we refinanced and replaced our then-existing \$800.0 million credit facility with a new senior, secured five-year syndicated credit facility, consisting of a \$900.0 million revolving line of credit and an \$800.0 million amortizing term loan, both of which were scheduled to mature on September 1, 2022. In accordance with the terms of the Credit Facility, the revolving line of credit was reduced to \$800.0 million on September 1, 2018. The Credit Facility was amended on June 28, 2021, to increase the capacity of the Revolver and term loan to \$1.3 billion and \$650 million, respectively, and to extend the maturity to June 28, 2026. It was further amended on November 1, 2022, to transition the benchmark interest rate from London Interbank Offered Rate (“LIBOR”) to SOFR.

On February 26, 2025, we amended and restated the Credit Facility (the “Amended Credit Facility”), extending the maturity date to February 26, 2030, and increasing the capacity of the revolving credit facility from \$1.3 billion to \$1.6 billion and the then-remaining term loan outstanding from \$528.1 million to \$600.0 million. The Amended Credit Facility provides for the issuance of up to \$250.0 million for standby letters of credit and the issuance of up to \$100.0 million in swingline advances. The obligations under the Amended Credit Facility are guaranteed by the material, domestic wholly owned subsidiaries of ABM and are secured by a pledge of substantially all of the existing and future property and assets of ABM and the guarantors, including a pledge of the capital stock of the wholly owned domestic subsidiaries held by ABM and the guarantors and 65% of the capital stock of the first-tier foreign subsidiaries held by ABM and the guarantors, in each case subject to exceptions. Additionally, we may repay amounts borrowed under the Amended Credit Facility at any time without penalty.

The Amended Credit Facility contains certain covenants, including a maximum total net leverage ratio of 5.00 to 1.00, a maximum secured net leverage ratio of 4.00 to 1.00, and a minimum interest coverage ratio of 1.50 to 1.00, as well as other financial and non-financial covenants. In the event of a material acquisition, as defined in the Amended Credit Facility, we may elect to increase the maximum total net leverage ratio to 5.50 to 1.00 for a total of four fiscal quarters and increase the maximum secured net leverage ratio to 4.50 to 1.00 for a total of four fiscal quarters. Our borrowing capacity is subject to, and limited by, compliance with the covenants described above. At October 31, 2025, we were in compliance with these covenants.

The Amended Credit Facility also includes customary events of default, including: failure to pay principal, interest, or fees when due; failure to comply with covenants; the occurrence of certain material judgments; and a change in control of the Company. If certain events of default occur, including certain cross-defaults, insolvency, change in control, or violation of specific covenants, then the lenders can terminate or suspend our access to the

Amended Credit Facility, declare all amounts outstanding (including all accrued interest and unpaid fees) to be immediately due and payable, and require that we cash collateralize the outstanding standby letters of credit.

We incurred deferred financing costs of \$8.0 million in conjunction with the execution of the Amended Credit Facility and carried over \$2.9 million of unamortized deferred financing from initial execution and previous amendments of the Credit Facility. Total deferred financing costs of \$10.9 million, consisting of \$3.0 million related to the term loan and \$7.9 million related to the Revolver, are being amortized to interest expense over the term of the Amended Credit Facility.

Long-Term Loan Maturities

During 2025, we made principal payments under the term loan of \$23.1 million. As of October 31, 2025, the following principal payments are required under the Amended Credit Facility:

<i>(in millions)</i>	2026	2027	2028	2029	2030
Debt maturities	\$ 30.0	\$ 30.0	\$ 30.0	\$ 30.0	\$ 1,449.0

Interest Rate Swaps

We enter into interest rate swaps to manage the interest rate risk associated with our floating-rate, SOFR-based borrowings. Under these arrangements, we typically pay a fixed interest rate in exchange for SOFR-based variable interest throughout the life of the agreement. We initially report the mark-to-market gain or loss on a derivative as a component of AOCL and subsequently reclassify the gain or loss into earnings when the hedged transactions occur and affect earnings. Interest payables and receivables under the swap agreements are accrued and recorded as adjustments to interest expense. All of our interest rate swaps have been designated and accounted for as cash flow hedges from inception. See Note 8, "Fair Value of Financial Instruments," regarding the valuation of our interest rate swaps.

Notional Amount	Fixed Interest Rate	Effective Date	Maturity Date
\$ 100.0 million	1.72%	February 9, 2022	June 28, 2026
\$ 150.0 million	1.85%	February 25, 2022	June 28, 2026
\$ 100.0 million	2.88%	May 4, 2022	June 28, 2026
\$86.9 million	2.83%	July 7, 2022	June 28, 2026
\$13.1 million	2.79%	July 18, 2022	June 28, 2026
\$ 170.0 million	3.81%	November 1, 2022	June 28, 2026

At October 31, 2025 and 2024, amounts recorded in AOCL for interest rate swaps were a gain of \$2.4 million, net of taxes of \$1.9 million, and a gain of \$9.2 million, net of taxes of \$4.3 million, respectively. At October 31, 2025, the total amount expected to be reclassified from AOCL to earnings during the next 12 months is a gain of \$3.1 million, net of taxes of \$1.1 million.

13. EMPLOYEE BENEFIT PLANS

Defined Benefit Plans

We provide benefits to certain employees under various defined benefit and postretirement benefit plans (collectively, the “Plans”). The Plans were previously amended to preclude new participants. All of the Plans are unfunded with the exception of one, which is underfunded.

Information for the Plans

<i>(in millions)</i>	As of October 31,	
	2025	2024
Net obligations	\$ 6.8	\$ 6.9
Projected benefit obligations ⁽¹⁾	12.3	12.5

⁽¹⁾ At October 31, 2025 and 2024, total projected benefit obligations related to unfunded and underfunded plans were \$12.3 million and \$12.5 million, respectively.

At October 31, 2025, assets of the Plans were fully invested in fixed income. The expected return on assets was \$0.0 million in 2025, \$0.0 million in 2024, and \$0.2 million in 2023. The aggregate net periodic benefit cost for all Plans was \$0.8 million, \$0.8 million, and \$0.6 million for 2025, 2024, and 2023, respectively. Future benefit payments in the aggregate are expected to be \$11.3 million.

Deferred Compensation Plans

We maintain deferred compensation plans that permit eligible employees and directors to defer a portion of their compensation. At October 31, 2025 and 2024, the total liability of all deferred compensation was \$27.4 million and \$26.7 million, respectively, and these amounts are included in “Other accrued liabilities” and “Other noncurrent liabilities” on the accompanying Consolidated Balance Sheets. Under one of our deferred compensation plans, a Rabbi trust was created to fund the obligations, and we are required to contribute a portion of the deferred compensation contributions for eligible participants. The assets held in the Rabbi trust are not available for general corporate purposes. At October 31, 2025 and 2024, the fair value of these assets was \$4.8 million and \$4.4 million, respectively, and these amounts are included in “Other noncurrent assets” on the accompanying Consolidated Balance Sheets. Aggregate expense recognized under these deferred compensation plans was \$0.7 million, \$0.6 million, and \$0.5 million for 2025, 2024, and 2023, respectively.

Defined Contribution Plans

We sponsor three defined contribution plans covering certain employees that are subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 and the Internal Revenue Code (“IRC”). Certain plans permit a company match of a portion of the participant’s contributions or a discretionary contribution after the participant has met the eligibility requirements set forth in the plan. During 2025, 2024, and 2023, we made matching contributions required by the plans of \$32.1 million, \$30.6 million, and \$29.8 million, respectively.

Multiemployer Pension and Postretirement Plans

We participate in various multiemployer pension plans under union and industry-wide agreements that provide defined pension benefits to employees covered by collective bargaining agreements. Because of the nature of multiemployer plans, there are risks associated with participation in these plans that differ from single-employer plans. Assets contributed by an employer to a multiemployer plan are not segregated into a separate account and are not restricted to provide benefits only to employees of that contributing employer. In the event another participating employer in a multiemployer plan no longer contributes to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers, including us. In the event of the termination of a multiemployer pension plan or a withdrawal from a multiemployer pension plan, we could incur material liabilities under applicable law.

- (1) To determine individually significant plans, we evaluated several factors, including our total contributions to the plan, our significance to the plan in terms of participating employees and contributions, and the funded status of the plan.
- (2) The "EIN/PN" column provides the Employer Identification Number and the three-digit plan number assigned to the plan by the IRS.
- (3) The Pension Protection Act Zone Status columns provide the two most recently available Pension Protection Act zone status reports from each plan. The zone status is based on information provided to us and other participating employers and is certified by each plan's actuary. Among other factors, plans in the red zone are generally less than 65% funded, plans in the yellow zone are less than 80% funded, and plans in the green zone are at least 80% funded.
- (4) Indicates whether a Financial Improvement Plan ("FIP") for yellow zone plans or a Rehabilitation Plan ("RP") for red zone plans is pending or implemented.
- (5) Indicates whether our contribution in 2025 included an amount as imposed by a plan in the red zone in addition to the contribution rate specified in the applicable collective bargaining agreement.

Multiemployer Defined Contribution Plans

In addition to contributions noted above, we also make contributions to multiemployer defined contribution plans. During 2025, 2024, and 2023, our contributions to the defined contribution plans were \$59.0 million, \$54.5 million, and \$59.2 million, respectively.

Other Multiemployer Benefit Plans

We also contribute to several multiemployer postretirement health and welfare plans based on obligations arising under collective bargaining agreements covering union-represented employees. These plans may provide medical, pharmacy, dental, vision, mental health, and other benefits to employees as determined by the trustees of each plan. The majority of our contributions benefit active employees and, as such, may not constitute contributions to a postretirement benefit plan. However, since we are unable to separate contribution amounts to postretirement benefit plans from contribution amounts paid to benefit active employees, we categorize all such amounts as contributions to postretirement benefit plans. During 2025, 2024, and 2023, our contributions to such plans were \$446.7 million, \$434.1 million, and \$441.8 million, respectively. There have been no significant changes that affect the comparability of total contributions for any of the periods presented.

14. COMMITMENTS AND CONTINGENCIES

Letters of Credit and Surety Bonds

We use letters of credit and surety bonds to secure certain commitments related to insurance programs and for other purposes. As of October 31, 2025, these letters of credit totaled \$23.5 million, and surety bonds and surety-backed letters of credit totaled \$1,026.6 million.

Guarantees

In some instances, we offer clients guaranteed energy savings under certain energy savings contracts. At October 31, 2025 and 2024, total guarantees were \$214.3 million and \$224.2 million, respectively, and these guarantees extend through 2045 and 2044, respectively. We accrue for the estimated cost of guarantees when it is probable that a liability has been incurred and the amount can be reasonably estimated. Historically, we have not incurred any material losses in connection with these guarantees.

Indemnifications

We are party to a variety of agreements under which we may be obligated to indemnify the other party for certain matters. These agreements are primarily standard indemnification arrangements entered into in our ordinary course of business. Pursuant to these arrangements, we may agree to indemnify, hold harmless, and reimburse the indemnified parties for losses suffered or incurred by the indemnified party, generally our clients, in connection with any claims arising out of the services that we provide. We also incur costs to defend lawsuits or settle claims related to these indemnification arrangements, and in most cases these costs are paid from our insurance program. Although we attempt to place limits on such indemnification arrangements related to the size of the contract, the maximum obligation may not be explicitly stated and, as a result, we are unable to determine the maximum potential amount of future payments we could be required to make under these arrangements.

Our certificate of incorporation and bylaws may require us to indemnify our directors and officers for certain liabilities that were incurred as a result of their status or service to ABM as a director or officer. The amount of these obligations cannot be reasonably estimated.

Legal Matters

We are a party to a number of lawsuits, claims, and proceedings incident to the operation of our business, including those pertaining to labor and employment, contracts, personal injury, and other matters, some of which allege substantial monetary damages. Some of these actions may be brought as class actions on behalf of a class or purported class of employees.

At October 31, 2025, the total amount accrued for probable litigation losses where a reasonable estimate of the loss could be made was \$9.5 million. We do not accrue for contingent losses that, in our judgment, are considered to be reasonably possible but not probable. The estimation of reasonably possible losses also requires the analysis of multiple possible outcomes that often depend on judgments about potential actions by third parties. Our management currently estimates the range of loss for all reasonably possible losses for which a reasonable estimate of the loss can be made is between zero and \$15.2 million. Factors underlying this estimated range of loss may change from time to time, and actual results may vary significantly from this estimate.

Litigation outcomes are difficult to predict and the estimation of probable losses requires the analysis of multiple possible outcomes that often depend on judgments about potential actions by third parties. If one or more matters are resolved in a particular period in an amount in excess of, or in a manner different than, what we anticipated, this could have a material adverse effect on our financial position, results of operations, or cash flows.

In some cases, although a loss is probable or reasonably possible, we cannot reasonably estimate the maximum potential losses for probable matters or the range of losses for reasonably possible matters. Therefore, our accrual for probable losses and our estimated range of loss for reasonably possible losses do not represent our maximum possible exposure.

15. PREFERRED AND COMMON STOCK

Preferred Stock

We are authorized to issue 500,000 shares of preferred stock. None of these preferred shares are issued.

Common Stock

Effective September 3, 2025, our Board of Directors expanded our existing share repurchase program by an additional \$150.0 million of our common stock. Share repurchases may take place on the open market or otherwise, and all or part of the repurchases may be made pursuant to Rule 10b5-1 plans or in privately negotiated transactions. The timing of repurchases is at our discretion and will depend upon several factors, including market and business conditions, future cash flows, share price, share availability, and other factors. Repurchased shares are retired and returned to an authorized but unissued status. The repurchase program may be suspended or discontinued at any time without prior notice.

Repurchase Activity

We repurchased shares under the share repurchase program during the year ended October 31, 2025, as summarized below. At October 31, 2025, authorization for \$183.1 million of repurchases remained under the Share Repurchase Program.

⁽¹⁾ Average price paid per share and total cash paid for share repurchases does not include any excise tax for share repurchases as part of the Inflation Reduction Act of 2022.

16. SHARE-BASED COMPENSATION PLANS

We use various share-based compensation plans to provide incentives for our key employees and non-employee members of our Board of Directors. Currently, these incentives primarily consist of RSUs and performance shares.

On May 2, 2006, our stockholders approved the 2006 Equity Incentive Plan, which was last amended and restated on March 7, 2018 (as amended and restated, the “2006 Equity Plan”). The 2006 Equity Plan is an omnibus plan that provides for a variety of equity and equity-based award vehicles, including stock options, stock appreciation rights, RSUs, performance shares, and other share-based awards. Shares subject to awards that terminate without vesting or exercise are available for future awards under the 2006 Equity Plan. Certain of the awards under the 2006 Equity Plan may qualify as “performance-based” compensation under the IRC.

On March 24, 2021, our stockholders approved the 2021 Equity and Incentive Compensation Plan (the “2021 Equity Plan”). The 2021 Equity Plan is an omnibus plan that provides for a variety of equity and equity-based award vehicles, including stock options, stock appreciation rights, RSUs, performance shares, and other share-based awards. Shares subject to awards that terminate without vesting or exercise are available for future awards under the 2021 Equity Plan. Certain of the awards under the 2021 Equity Plan may qualify as “performance-based” compensation under the IRC.

No further shares are authorized for issuance under the 2006 Equity Plan. As of October 31, 2024, there were 3,975,000 total shares of common stock authorized for issuance under the 2021 Equity Plan. On March 26, 2025, our stockholders approved the 2021 Equity Plan (Amended and Restated February 10, 2025), increasing the number of shares authorized for issuance under the plan by 2,425,000 shares. As amended, there are 6,400,000 total shares of common stock authorized for issuance under the 2021 Equity Plan, and at October 31, 2025, there were 3,296,050 shares of common stock available for grant for future equity-based compensation awards. In

addition, there are certain plans under which we can no longer issue awards, such as the 2006 Equity Plan, although awards outstanding under such plans may still vest and be exercised.

On March 9, 2004, our stockholders approved the 2004 Employee Stock Purchase Plan (the “2004 ESPP”), which was last amended and restated on March 9, 2016. As amended, there are 4,000,000 total shares of common stock authorized for issuance under the 2004 ESPP. Effective May 1, 2006, the 2004 ESPP is no longer considered compensatory and the values of the awards are no longer treated as share-based compensation expense. No further shares are authorized for issuance under the 2004 ESPP.

On March 26, 2025, our stockholders approved the 2025 Employee Stock Purchase Plan (the “2025 ESPP”), replacing the 2004 ESPP. There are 1,500,000 total shares of common stock authorized for issuance under the 2025 ESPP. The plan is considered non-compensatory, and the values of the awards are not treated as share-based compensation expense. The 2025 ESPP allows eligible employees of the Company to purchase shares of the Company’s common stock, through payroll deductions, at a discount to fair market value of 5%, in accordance with the terms and conditions of the 2025 ESPP. Employees may designate up to 10% of their compensation for the purchase of stock, subject to a \$25,000 annual limit. At October 31, 2025, there were 1,438,653 remaining unissued shares under the 2025 ESPP.

RSUs and Dividend Equivalent Rights

We award RSUs to eligible employees and non-employee members of our Board of Directors (each, a “Grantee”) that entitle the Grantee to receive shares of our common stock as the units vest. RSUs granted to eligible employees after 2020 generally vest ratably over three years. RSUs granted to eligible employees prior to 2020 generally vest with respect to 50% of the underlying award on the second and fourth anniversary of the award. Upon the retirement of certain executive employees at age 60 with a minimum of 10 years of service to the Company, pursuant to the terms of their respective employment agreements, RSUs granted to such executive employees that were granted at least one year prior to termination by reason of retirement will continue to be eligible for vesting, exercise, and settlement, as applicable, on the originally scheduled vesting date. RSUs granted to non-employee directors vest on the first anniversary date of the grant date. In general, the receipt of RSUs is subject to the grantee’s continuing employment or service as a non-employee director.

RSUs are credited with dividend equivalent rights that are converted to RSUs at the fair market value of our common stock on the dates the dividend payments are made and are subject to the same terms and conditions as the underlying award.

RSU Activity

	Number of Shares (in millions)	Weighted-Average Grant Date Fair Value per Share

Forfeited	(0.1)	44.86
Outstanding at October 31, 2025	1.1	\$ 43.27

At October 31, 2025, total unrecognized compensation cost, net of estimated forfeitures, related to RSUs was \$21.8 million, which is expected to be recognized ratably over a weighted-average vesting period of 1.8 years.

In 2025, 2024, and 2023, the weighted-average grant date fair value per share of awards granted was \$48.36, \$41.32, and \$44.37, respectively. In 2025, 2024, and 2023, the total grant date fair value of RSUs vested and converted to shares of ABM common stock was \$19.3 million, \$15.7 million, and \$17.1 million, respectively.

Performance Shares, Including TSR Performance Shares

Performance shares consist of a contingent right to receive shares of our common stock based on performance targets adopted by our Compensation Committee. Performance shares are credited with dividend equivalent rights that will be converted to performance shares at the fair market value of our common stock beginning after the performance targets have been satisfied and are subject to the same terms and conditions as the underlying award.

For our performance share awards, the number of performance shares that will vest is based on pre-established internal financial performance targets and typically a three-year service and performance period. Depending on the level of performance achieved, vesting of these awards may range from 0% to 200% of the target number of shares granted.

Certain performance share awards also include a total shareholder return modifier (“TSR-modified awards”). The number of TSR-modified awards that will vest is based on our total shareholder return relative to the S&P 1500 Composite Commercial Services & Supplies Index. As a result of the modifier, vesting of these awards may range from 0% to 240% of the awards originally granted.

At October 31, 2025, total unrecognized compensation cost related to performance share awards was \$19.8 million, which is expected to be recognized ratably over a weighted-average vesting period of 2.3 years. Except for TSR performance shares, these costs are based on estimated achievement of performance targets and estimated costs are periodically reevaluated. For our TSR performance shares, these costs are based on the fair value of awards at the grant date and are recognized on a straight-line basis over the service period of three years.

In 2025, 2024, and 2023, the weighted-average grant date fair value per share of awards granted was \$49.06, \$41.62, and \$46.47, respectively. In 2025, 2024, and 2023, the total grant date fair value of performance shares vested and converted to shares of ABM common stock was \$9.4 million, \$12.3 million, and \$14.6 million, respectively.

In 2025, 2024, and 2023, we used the Monte Carlo simulation valuation technique to estimate the fair value of TSR performance share grants, which used the assumptions in the table below.

Monte Carlo Assumptions

	2025	2024	2023
Expected life ⁽¹⁾	2.81 years	2.81 years	2.81 years
Expected stock price volatility ⁽²⁾	31.7 %	33.0 %	39.9 %
Risk-free interest rate ⁽³⁾	4.3 %	4.1 %	4.0 %
Stock price ⁽⁴⁾	\$ 50.97	\$ 42.13	\$ 46.19

⁽¹⁾ The expected life represents the remaining performance period of the awards.

- (2) The expected volatility for each grant is determined based on the historical volatility of our common stock over a period equal to the remaining term of the performance period from the date of grant for all awards.
- (3) The risk-free interest rate is based on the continuous compounded yield on U.S. Treasury Constant Maturity Rates with varying remaining terms; the yield is determined over a time period commensurate with the performance period from the grant date.
- (4) The stock price is the closing price of our common stock on the valuation date.

Our effective tax rate for 2025 was benefited by a \$3.1 million return to provision adjustment related to our non-U.S. operations. Our effective tax rate for 2024 was negatively impacted by a \$95.7 million non-taxable change to increase the fair value of the contingent consideration related to the RavenVolt Acquisition, partially offset by a \$7.3 million tax benefit for return to provision adjustments related to our non-U.S. operations, and a \$5.5 million benefit related to energy efficiency incentives.

Net Operating Loss Carryforwards and Credits

State net operating loss carryforwards totaling \$56.9 million at October 31, 2025, are being carried forward in several state jurisdictions where we are permitted to use net operating losses from prior periods to reduce future taxable income. These losses will expire between 2026 and 2045. Federal net operating loss carryforwards were fully utilized during 2024. Federal and state tax credit carryforwards totaling \$3.7 million are available to reduce future cash taxes and will expire between 2026 and 2045.

The valuation allowance represents the amount of tax benefits related to state net operating loss carryforwards that are not likely to be realized. We believe the remaining deferred tax assets are more likely than not to be realizable based on estimates of future taxable income.

Unrecognized Tax Benefits

At October 31, 2025, 2024, and 2023, there were \$13.5 million, \$15.5 million, and \$20.7 million, respectively, of unrecognized tax benefits that if recognized in the future would impact our effective tax rate. We estimate that a decrease in unrecognized tax benefits of up to approximately \$3.3 million is reasonably possible over the next 12 months due to lapses of applicable statutes of limitations. At October 31, 2025 and 2024, accrued interest and penalties were \$1.9 million and \$1.3 million, respectively. For interest and penalties, we recognized a \$0.6 million expense, a \$0.1 million benefit, and a \$0.7 million expense in 2025, 2024, and 2023, respectively.

On July 4, 2025, the United States enacted the One Big Beautiful Bill Act (“OBBBA”), which contains a broad range of tax reform provisions affecting businesses. The impact of OBBBA has been reflected in our consolidated financial statements for the year ended October 31, 2025. While the provisions of the legislation are expected to primarily take effect for ABM in fiscal year 2026, we do not anticipate that their adoption will have a material impact on our financial position, results of operations, or cash flows for that period.

The Organisation for Economic Co-operation and Development (“OECD”) Pillar Two Model Rules established a minimum global effective tax rate of 15% on country-by-country profits of large multinational companies. European Union member states along with many other countries have adopted or expect to adopt the OECD Pillar Two Model effective January 1, 2024, or thereafter. The OECD and other countries continue to publish guidelines and legislation that include transition and safe harbor rules. We continue to monitor new legislative changes and assess the global impact of the Pillar Two Model Rules. Based on our initial assessment, Pillar Two does not have a material impact to the Company’s income tax provision.

Jurisdictions

We conduct business in all 50 states, significantly in California, Texas, and New York, as well as in various foreign jurisdictions. Our most significant income tax jurisdiction is the United States. Due to expired statutes and closed audits, our federal income tax returns for years prior to fiscal 2021 are no longer subject to examination by the U.S. Internal Revenue Service. Generally, for the majority of state and foreign jurisdictions where we do business, periods prior to fiscal 2021 are no longer subject to examination. We are currently being examined by Massachusetts and the city of New York City.

18. SEGMENT AND GEOGRAPHIC INFORMATION

B&I also provides vehicle maintenance and other services to rental car providers.
M&D	M&D provides integrated facility services, engineering, janitorial, and other specialized services in different types of manufacturing, distribution, and data center facilities. Manufacturing facilities include traditional motor vehicles, electric vehicles, batteries, pharmaceuticals, steel, semiconductors, chemicals, and many others. Distribution facilities include e-commerce, cold storage, logistics, general warehousing, and others.
Aviation	Aviation supports airlines and airports with services ranging from parking and janitorial to passenger assistance, catering logistics, air cabin maintenance, and transportation.

Technical Solutions	Technical Solutions specializes in facility infrastructure, mechanical and electrical services, including EV power design, installation and maintenance, as well as microgrid systems installations and uninterrupted power supply services. These services can also be leveraged for cross-selling across all of our industry groups, both domestically and internationally.

The accounting policies for our segments are the same as those disclosed within our significant accounting policies in Note 2, "Basis of Presentation and Significant Accounting Policies." Our management evaluates the performance of each reportable segment based on its respective operating profit results, which include the allocation of certain centrally incurred costs. Corporate expenses not allocated to segments include certain CEO and other finance and human resource departmental expenses, certain information technology costs, share-based compensation, certain legal costs and settlements, restructuring and related costs, certain actuarial adjustments to self-insurance reserves, and direct acquisition costs.

As of October 31, 2025, the Company's Chief Operating Decision Makers (the "CODMs"), consisting of the Chief Executive Officer and the Chief Operating Officer, evaluate the performance of ABM's operating segments and allocate resources based on segment operating profit and revenue. These metrics are regularly reviewed as part of ABM's internal reporting package.

Segment operating profits are used to allocate resources, including investment spending, primarily as part of the annual budget process. On a monthly basis, the CODMs review budget-to-actual variances to assess performance, monitor trends, and compare results across segments. Segment performance is also considered in the determination of incentive compensation for segment leadership. Segment asset information is not provided to the CODMs, nor is it used in evaluating segment performance or making resource allocation decisions. Accordingly, segment assets are not disclosed in this note.

In accordance with ASU 2023-07, Segment Reporting (Topic 280), we have disclosed the measure of profit or loss used by the CODMs, along with other significant segment items that are regularly provided and used in managing the business.

We will finance the Acquisition with cash on hand and borrowings under our Amended Credit Facility.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

None.

ITEM 9A. CONTROLS AND PROCEDURES.

a. Disclosure Controls and Procedures.

As of the end of the period covered by this report, our Principal Executive Officer and Principal Financial Officer evaluated our disclosure controls and procedures, as such term is defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act. Based upon that evaluation, our Principal Executive Officer and Principal Financial Officer concluded that as of the end of the period covered by this report, our disclosure controls and procedures were effective to ensure that information required to be disclosed by us in reports we file or submit under the Exchange Act is (1) recorded, processed, summarized, and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission and (2) accumulated and communicated to our management, including our Principal Executive Officer and Principal Financial Officer, to allow timely decisions regarding required disclosure.

b. Management's Report on Internal Control Over Financial Reporting.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act. Under the supervision and with the participation of our management, including our Principal Executive Officer and Principal Financial Officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting based upon the framework in Internal Control – Integrated Framework (2013), issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on that evaluation, our management concluded that our internal control over financial reporting was effective as of October 31, 2025.

Audit Report on Internal Controls Over Financial Reporting of the Registered Public Accounting Firm

KPMG LLP, an independent registered public accounting firm, has audited the consolidated financial statements included in this Annual Report on Form 10-K and, as part of its audit, has issued its report, included herein, on the effectiveness of our internal control over financial reporting.

c. Changes in Internal Control Over Financial Reporting.

To support the growth of our financial shared service capabilities and standardize our financial systems, we continue to update several key platforms, including our HR information systems, enterprise resource planning system, and labor management system. The implementation of several key platforms involves changes in the systems that include internal controls. During the third quarter of 2023 and first quarter of 2025, we had a change in our internal control over financial reporting as a result of our implementation of a new ERP system and key boundary systems for the Education, B&I, and M&D industry groups that has materially affected our internal control over financial reporting. The new ERP system and key boundary systems for these industry groups is replacing our legacy system in which a significant portion of our business transactions originate, are processed, and recorded. The rest of our industry groups will transition to our new ERP system and key boundary systems over the next several years. Our new ERP system and key boundary systems are intended to provide us with enhanced transactional processing and management tools, as compared with our legacy system, and is intended to enhance internal controls over financial reporting. We believe our new ERP system and key boundary systems will facilitate better transactional reporting and oversight, enhance our internal control over financial reporting, and function as an important component of our disclosure controls and procedures. Although some of the transitions have proceeded to date without material adverse effects, the possibility exists that they could adversely affect our internal controls over financial reporting and procedures.

There were no other changes in our internal control over financial reporting during the fiscal year 2025 identified in connection with the evaluation required by Rules 13a-15(d) and 15d-15(d) of the Exchange Act that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

ITEM 9B. OTHER INFORMATION.

The law also prohibits a franchisor from disclaiming or denying (i) representations it, its employees, or its agents make to you, (ii) your ability to rely on any representations it makes to you, or (iii) any violations of the law.

Any sale made must be in compliance with § 683(8) of the Franchise Sale Act (N.Y. Gen. Bus. L. § 680 et seq.), which describes the time period a Franchise Disclosure Document (offering prospectus) must be provided to a prospective franchisee before a sale may be made. New York law requires a franchisor to provide the Franchise Disclosure Document at the earliest of the first personal meeting, ten (10) business days before the execution of the franchise or other agreement, or the payment of any consideration that relates to the franchise relationship.

This provision supersedes any other term of any document executed in connection with the franchise.

COMMONWEALTH OF VIRGINIA

In recognition of the restrictions contained in Section 13.1-564 of the Virginia Retail Franchising Act, the Linc Service Franchise Disclosure Document for use in the Commonwealth of Virginia is amended to add the following:

According to Section 13.1-564 of the Virginia Retail Franchising Act, it is unlawful for a franchisor to cancel a franchise without reasonable cause. Item 22, Additional Disclosure.

No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. EXHIBIT N. 11

WASHINGTON ADDENDUM TO THE LINC SERVICE® FRANCHISE DISCLOSURE DOCUMENT, THE FRANCHISE AGREEMENT, AND ALL RELATED AGREEMENTS

The provisions of this Addendum form an integral part of, are incorporated into, and modify the Franchise Disclosure Document, the franchise agreement, and all related agreements regardless of anything to the contrary contained therein. This Addendum applies if: (a) the offer to sell a franchise is accepted in Washington; (b) the purchaser of the franchise is a resident of Washington; and/or (c) the franchised business that is the subject of the sale is to be located or operated, wholly or partly, in Washington.

1. **Conflict of Laws.** In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, chapter 19.100 RCW will prevail.
2. **Franchisee Bill of Rights.** RCW 19.100.180 may supersede provisions in the franchise agreement or related agreements concerning your relationship with the franchisor, including in the areas of termination and renewal of your franchise. There may also be court decisions that supersede the franchise agreement or related agreements concerning your relationship with the franchisor. Franchise agreement provisions, including those summarized in Item 17 of the Franchise Disclosure Document, are subject to state law.
3. **Site of Arbitration, Mediation, and/or Litigation.** In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.
4. **General Release.** A release or waiver of rights in the franchise agreement or related agreements purporting to bind the franchisee to waive compliance with any provision under the Washington Franchise Investment Protection Act or any rules or orders thereunder is void except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel, in accordance with RCW 19.100.220(2). In addition, any such release or waiver executed in connection with a renewal or transfer of a franchise is likewise void except as provided for in RCW 19.100.220(2).
5. **Statute of Limitations and Waiver of Jury Trial.** Provisions contained in the franchise agreement or related agreements that unreasonably restrict or limit the statute of limitations period for claims under the Washington Franchise Investment Protection Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.
6. **Transfer Fees.** Transfer fees are collectable only to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.

7. **Termination by Franchisee.** The franchisee may terminate the franchise agreement under any grounds permitted under state law.
8. **Certain Buy-Back Provisions.** Provisions in franchise agreements or related agreements that permit the franchisor to repurchase the franchisee's business for any reason during the term of the franchise agreement without the franchisee's consent are unlawful pursuant to RCW 19.100.180(2)(j), unless the franchise is terminated for good cause.
9. **Fair and Reasonable Pricing.** Any provision in the franchise agreement or related agreements that requires the franchisee to purchase or rent any product or service for more than a fair and reasonable price is unlawful under RCW 19.100.180(2)(d).
10. **Waiver of Exemplary & Punitive Damages.** RCW 19.100.190 permits franchisees to seek treble damages under certain circumstances. Accordingly, provisions contained in the franchise agreement or elsewhere requiring franchisees to waive exemplary, punitive, or similar damages are void, except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel, in accordance with RCW 19.100.220(2).
11. **Franchisor's Business Judgement.** Provisions in the franchise agreement or related agreements stating that the franchisor may exercise its discretion on the basis of its reasonable business judgment may be limited or superseded by RCW 19.100.180(1), which requires the parties to deal with each other in good faith.
12. **Indemnification.** Any provision in the franchise agreement or related agreements requiring the franchisee to indemnify, reimburse, defend, or hold harmless the franchisor or other parties is hereby modified such that the franchisee has no obligation to indemnify, reimburse, defend, or hold harmless the franchisor or any other indemnified party for losses or liabilities to the extent that they are caused by the indemnified party's negligence, willful misconduct, strict liability, or fraud.
13. **Attorneys' Fees.** If the franchise agreement or related agreements require a franchisee to reimburse the franchisor for court costs or expenses, including attorneys' fees, such provision applies only if the franchisor is the prevailing party in any judicial or arbitration proceeding.
14. **Noncompetition Covenants.** Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provision contained in the franchise agreement or elsewhere that conflicts with these limitations is void and unenforceable in Washington.

15. **Nonsolicitation Agreements.** RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington.
16. **Questionnaires and Acknowledgments.** No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.
17. **Prohibitions on Communicating with Regulators.** Any provision in the franchise agreement or related agreements that prohibits the franchisee from communicating with or complaining to regulators is inconsistent with the express instructions in the Franchise Disclosure Document and is unlawful under RCW 19.100.180(2)(h).
18. **Advisory Regarding Franchise Brokers.** Under the Washington Franchise Investment Protection Act, a “franchise broker” is defined as a person that engages in the business of the offer or sale of franchises. A franchise broker represents the franchisor and is paid a fee for referring prospects to the franchisor and/or selling the franchise. If a franchisee is working with a franchise broker, franchisees are advised to carefully evaluate any information provided by the franchise broker about a franchise.

EXHIBIT O. 4
INDIANA AMENDMENT TO LINC SERVICE
FRANCHISE AGREEMENT

This Addendum relates to franchises sold in Indiana and is intended to comply with the Indiana statutes and regulations. The parties agree to supplement the Franchise Agreement as follows:

1. Pursuant to Section 23.2-2.7-1 of the Indiana Code, it is unlawful for any franchise agreement entered into between any franchisor and a franchisee who is either a resident of Indiana or a nonresident who will be operating a franchise in Indiana to contain any of the following provisions:

(1) Requiring goods, supplies, inventories, or services to be purchased exclusively from the franchisor or sources designated by the franchisor where such goods, supplies, inventories, or services of comparable quality are available from sources other than those designated by the franchisor. However, the publication by the franchisor of a list of approved suppliers of goods, supplies, inventories, or service or the requirement that such goods, supplies, inventories, or services comply with specifications and standards prescribed by the franchisor does not constitute designation of a source nor does a reasonable right of the franchisor to disapprove a supplier constitute a designation. This subdivision does not apply to the principal goods, supplies, inventories, or services manufactured or trademarked by the franchisor.

(2) Allowing the franchisor to establish a franchisor-owned outlet engaged in a substantially identical business to that of the franchisee within the exclusive territory granted the franchisee by the franchise agreement; or, if no exclusive territory is designated, permitting the franchisor to compete unfairly with the franchisee within a reasonable area.

(3) Allowing substantial modification of the franchise agreement by the franchisor without the consent in writing of the franchisee.

(4) Allowing the franchisor to obtain money, goods, services, or any other benefit from any other person with whom the franchisee does business, on account of, or in relation to, the transaction between the franchisee and the other person, other than for compensation for services rendered by the franchisor, unless the benefit is promptly accounted for, and transmitted to the franchisee.

(5) Requiring the franchisee to prospectively assent to a release, assignment, novation, waiver, or estoppel which purports to relieve any person from liability to be imposed by this chapter or requiring any controversy between the franchisee and the franchisor to be referred to any person, if referral would be binding on the franchisee. This subdivision does not apply to arbitration before an independent arbitrator.

(6) Allowing for an increase in prices of goods provided by the franchisor which the franchisee had ordered for private retail consumers prior to the franchisee's receipt of an

official price increase notification. A sales contract signed by a private retail consumer shall constitute evidence of each order. Price changes applicable to new models of a product at the time of introduction of such new models shall not be considered a price increase. Price increases caused by conformity to a state or federal law, or the revaluation of the United States dollar in the case of foreign-made goods, are not subject to this subdivision.

(7) Permitting unilateral termination of the franchise if such termination is without good cause or in bad faith. Good cause within the meaning of this subdivision includes any material violation of the franchise agreement.

(8) Permitting the franchisor to fail to renew a franchise without good cause or in bad faith. This chapter shall not prohibit a franchise agreement from providing that the agreement is not renewable upon expiration or that the agreement is renewable if the franchisee meets certain conditions specified in the agreement.

(9) Requiring a franchisee to covenant not to compete with the franchisor for a period longer than three (3) years or in an area greater than the exclusive area granted by the franchise agreement or, in absence of such a provision in the agreement, an area of reasonable size, upon termination of or failure to renew the franchise.

(10) Limiting litigation brought for breach of the agreement in any manner whatsoever.

(11) Requiring the franchisee to participate in any:
(A) advertising campaign or contest;
(B) promotional campaign;
(C) promotional materials; or
(D) display decorations or materials;

at an expense to the franchisee that is indeterminate, determined by a third party, or determined by a formula, unless the franchise agreement specifies the maximum percentage of gross monthly sales or the maximum absolute sum that the franchisee may be required to pay.

2. If the Franchise Agreement contains a provision that is inconsistent with the Indiana Code, the provisions of the Indiana Code will supersede the Franchise Agreement.

3. No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.

4. This Addendum will have effect only if the Franchise Agreement and/or the relationship between you and Franchisor satisfy all of the jurisdictional requirements of the Indiana Code, without considering this Addendum. Except as expressly modified by this Addendum, the Franchise Agreement remains unmodified and in full force and effect.

3. Section 29(c) of the Agreement, under the heading “Renewal,” is amended to add the following:

This provision supersedes any other term of any document executed in connection with the franchise.

EXHIBIT O. 10

WASHINGTON ADDENDUM TO THE LINC SERVICE® FRANCHISE DISCLOSURE DOCUMENT, THE FRANCHISE AGREEMENT, AND ALL RELATED AGREEMENTS

The provisions of this Addendum form an integral part of, are incorporated into, and modify the Franchise Disclosure Document, the franchise agreement, and all related agreements regardless of anything to the contrary contained therein. This Addendum applies if: (a) the offer to sell a franchise is accepted in Washington; (b) the purchaser of the franchise is a resident of Washington; and/or (c) the franchised business that is the subject of the sale is to be located or operated, wholly or partly, in Washington.

1. **Conflict of Laws.** In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, chapter 19.100 RCW will prevail.
2. **Franchisee Bill of Rights.** RCW 19.100.180 may supersede provisions in the franchise agreement or related agreements concerning your relationship with the franchisor, including in the areas of termination and renewal of your franchise. There may also be court decisions that supersede the franchise agreement or related agreements concerning your relationship with the franchisor. Franchise agreement provisions, including those summarized in Item 17 of the Franchise Disclosure Document, are subject to state law.
3. **Site of Arbitration, Mediation, and/or Litigation.** In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.
4. **General Release.** A release or waiver of rights in the franchise agreement or related agreements purporting to bind the franchisee to waive compliance with any provision under the Washington Franchise Investment Protection Act or any rules or orders thereunder is void except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel, in accordance with RCW 19.100.220(2). In addition, any such release or waiver executed in connection with a renewal or transfer of a franchise is likewise void except as provided for in RCW 19.100.220(2).
5. **Statute of Limitations and Waiver of Jury Trial.** Provisions contained in the franchise agreement or related agreements that unreasonably restrict or limit the statute of limitations period for claims under the Washington Franchise Investment Protection Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.
6. **Transfer Fees.** Transfer fees are collectable only to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.

7. **Termination by Franchisee.** The franchisee may terminate the franchise agreement under any grounds permitted under state law.
8. **Certain Buy-Back Provisions.** Provisions in franchise agreements or related agreements that permit the franchisor to repurchase the franchisee's business for any reason during the term of the franchise agreement without the franchisee's consent are unlawful pursuant to RCW 19.100.180(2)(j), unless the franchise is terminated for good cause.
9. **Fair and Reasonable Pricing.** Any provision in the franchise agreement or related agreements that requires the franchisee to purchase or rent any product or service for more than a fair and reasonable price is unlawful under RCW 19.100.180(2)(d).
10. **Waiver of Exemplary & Punitive Damages.** RCW 19.100.190 permits franchisees to seek treble damages under certain circumstances. Accordingly, provisions contained in the franchise agreement or elsewhere requiring franchisees to waive exemplary, punitive, or similar damages are void, except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel, in accordance with RCW 19.100.220(2).
11. **Franchisor's Business Judgement.** Provisions in the franchise agreement or related agreements stating that the franchisor may exercise its discretion on the basis of its reasonable business judgment may be limited or superseded by RCW 19.100.180(1), which requires the parties to deal with each other in good faith.
12. **Indemnification.** Any provision in the franchise agreement or related agreements requiring the franchisee to indemnify, reimburse, defend, or hold harmless the franchisor or other parties is hereby modified such that the franchisee has no obligation to indemnify, reimburse, defend, or hold harmless the franchisor or any other indemnified party for losses or liabilities to the extent that they are caused by the indemnified party's negligence, willful misconduct, strict liability, or fraud.
13. **Attorneys' Fees.** If the franchise agreement or related agreements require a franchisee to reimburse the franchisor for court costs or expenses, including attorneys' fees, such provision applies only if the franchisor is the prevailing party in any judicial or arbitration proceeding.
14. **Noncompetition Covenants.** Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provision contained in the franchise agreement or elsewhere that conflicts with these limitations is void and unenforceable in Washington.
15. **Nonsolicitation Agreements.** RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a

franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington.

16. **Questionnaires and Acknowledgments.** No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.
17. **Prohibitions on Communicating with Regulators.** Any provision in the franchise agreement or related agreements that prohibits the franchisee from communicating with or complaining to regulators is inconsistent with the express instructions in the Franchise Disclosure Document and is unlawful under RCW 19.100.180(2)(h).
18. **Advisory Regarding Franchise Brokers.** Under the Washington Franchise Investment Protection Act, a “franchise broker” is defined as a person that engages in the business of the offer or sale of franchises. A franchise broker represents the franchisor and is paid a fee for referring prospects to the franchisor and/or selling the franchise. If a franchisee is working with a franchise broker, franchisees are advised to carefully evaluate any information provided by the franchise broker about a franchise.
